Tian Xiang said, "Although it's really powerful, you lost the promise you just made, you'll have to give all the Immortal Pills you have to Star Luo."

omi took out the Immortal Pill and shoved it into Xing Luo's hand, "I'm willing to bet."

After saying that, omi hugged Tianxiang's waist, turned around and left.

Star Luo's eyebrows locked, she already knew that omi had lost to her on purpose.

At this moment, but inside, Star Luo felt guilty because Star Luo thought that the reason omi made this bet with her was to take advantage of her. But as it turned out, omi was only looking for this opportunity to give her the Immortal Pill.

"Hey, wait." Star Luo shouted.

"What for?" Donomi turned back.

"Donomi, why?" Star Luo asked.

"What why, a loss is a loss, do you think I can't afford to lose, it's only six Immortal Pills."

Star Luo said, "omi, don't pretend, you could have defeated me in half a second just now, why did you have to resort to the redundant way of attacking? Causing more than a second?"

"There is? Why I don't know." Remember to read the book in one second

"Do you think I can't understand, omi, take your immortal pills back, I don't need alms from you."

"Nuts, you're not my wife, why would I give you alms, Tianxiang, let's go, we're going back."

"Oh, good."

Star Luo shouted, "omi, don't leave yet, stay for a bit, okay?"

omi had no choice but to say to Tianxiang, "You go back first."

Tian Xiang nodded and bit her lip, so she had to go first.

"Go ahead."

"Why did you intentionally lose to me?" Starro asked.

"Isn't it obvious? I love you." Don said bluntly.

"Ah." Xing Luo's body trembled, not expecting omi to be so thick-skinned, so direct.

"You." omi was so direct, Xing Luo didn't know what to say.

"Just say what you want to say, like, I'm not good enough for you or something like that."

"I didn't mean that, what I meant was, you, you can't do that to me in front of Tian Xiang."

"Did I kiss you? Did I hug you? Did you take your clothes off? None of it, what's not to get in Tenka's face."

"I'm so speechless at you." Star Luo glared at omi.

It had to be said that omi's straightforward statement of I love you was very effective, Star Luo was still beating fast right now and felt sweet inside.

"Regardless of whether I did it on purpose or accidentally, in short, I lost, and these six Immortal Pills are yours."

"That's not fair."

"That's nagging."

"Then, then I can only take one." Star Luo said.

"One is of no use at all, I'll take them all, I'm strong enough to spike you now, so why don't you hurry up and get strong? Do you want to become a woman who is not worthy of me?"

"Well, I wouldn't be good enough for you, you're not good enough for me." Star Luo pursed her lips and said.

omi said, "If I became an Upper Immortal and you were still a Mortal Immortal, do you think you'd still be worthy of me? If I go to Immortal and become a fifth-grade Immortal Pill Master at the same time, do you think you're still worthy of me?"

"You, you can't be that good, at least not for a short period of time."

"Alright, miracles are meant to happen, not talk with your mouth, I'm going back first."

"Wait, won't Tian Xiang be angry if you give me all the fairy pills?"

"No."

"Why?"

"Because I still have hundreds of millions to give her tonight."

p; "What do you mean?"

"You'll understand later, if you really want to know that much, just ask Tian Xiang tomorrow." After saying that, omi smiled evilly at the corners of his mouth, then turned around and walked away.

Star Luo watched omi's back until omi was invisible and still standing there.

In the end, Star Luo silently said inside, "I love you too."

omi returned home.

Not a single Immortal Pill was left on his body.

Originally, omi was going to share it with Maku Qianji and the others, but six of them were too few to share, so he simply gave them all to Star Luo. omi would definitely still have fourth-grade Immortal Pills in the future, and it would be fine to share them with Qianji and the others when he had them.

There were no words for the night.

The next day, the Green King came again.

"Ah, you." The Green King was shocked to see that omi had stepped into Mortal Immortality.

"Disciple, you've upgraded to Pre-Mortal Immortal just by which Immortal Pills you took yesterday?"

"Yes, Master."

"How did it work so fast? It's reasonably impossible, you've only just become a late stage Human Immortal before." The Green King couldn't figure it out, this upgrade was too fast.

"Uh, I don't know about that, perhaps, my Immortal Fate is very deep, I now feel that as long as there are enough Immortal Pills and Herbs, I can keep upgrading."

"Hahaha, omi's apprentice, it seems that you are a genius of the ages, someone who was destined to become strong since birth." The Green King laughed.

"Thank you, Master."

"Disciple, don't worry, within a month, I'll get you another five hundred immortal grasses."

"Ah, that much."

"Hahaha, after so many years of becoming a rank four Immortal Pill Master, I have a bit of savings, but I hid it, it will take me a month to get it, and I don't dare to put it on my body, because if I put more of it on my body, it will be a disaster."

"Disciple understands."

Master Green King handed one to omi, "This is my years of alchemy insights, take a look at it, it's top secret, not even Tian Xiang has seen it."

"Ew, such a precious thing."

"Alright, this month, you stay at home and study my insights, don't go anywhere, after a month, I'll bring you five hundred Billion Year Immortal Grasses."

"Thank you, Master."

"Then I'll leave first."

The Green King laughed and left, originally the Green King wanted to let omi digest the Immortal Pill he made yesterday for a few more years, but seeing how quickly omi digested it, he decided to fetch it right away.

However, taking this fortune was risky and the Green King needed to be careful, after all, five hundred billion-year-old Immortal Grasses would be tempting even for the Upper Immortals.

omi immediately contacted the Nine Daoist Devils.

"omi, what is it again."

"Senior Demon King, I am."

"Hey, you've become a Mortal Immortal, you've caught up with Star Luo so quickly."The Devil King was also shocked.

"Senior, it's nothing to be surprised about, that, do me a favor, my master Green King, he's going to get five hundred immortal grasses, I'm afraid someone will miss him, you help me see if anyone's immortal sense is sweeping him."

A few seconds later, the Devil King said, "Yes, there are more than five people whose Immortal Sense is sweeping him at the moment."

"Ah, no."omi was shocked.

"Do you need my help to shield it?"The devil asked.

"Of course, begging for Master's help."

"Well, don't worry, I'll take care of him for you."

"Thank you, Senior."

"You're welcome, if the Green King helps you, he helps me, and the stronger you are, the better for me."

"Must."
