2149

However, omi remembered that he didn't enhance his strength ah.

"Young warrior, I beg you, spare the old man." That old man saw that omi didn't speak, thought that omi still wanted to kill and kowtowed desperately.

omi said, "You didn't have any strength to fight back just now?"

"Young Master, I had eyes and didn't know you were so powerful, please spare my husband."

"I'm asking you something." omi bellowed.

"Yes yes yes, just now I didn't have the strength to fight back at all, it felt like you were like a thousand horses galloping, unstoppable, beating me all the way from that side, to this side, I was fighting and fleeing ah, fortunately I'm still good in terms of speed, otherwise you would have been killed alive."

omi snorted with pride, "Who told you to dare to provoke me, don't you know that I'm now in a hurry to go to the Flower Flower Immortal Kingdom, ah, heck, if I go late and my wife is defiled by your Flower Prince, I'll heck destroy your entire country."

"Ah, that's impossible, even if it's me, give me a hundred guts, I wouldn't dare to touch your woman ah, let alone the rest of the people of my country." The old man was busy saying.

"You know shit, I don't have the time to bullshit with you right now, I'll spare you this time, just pray that nothing happens to my wife, otherwise, the Flower Luo Immortal Kingdom will surely be covered in corpses."

The old man's face turned pale, afraid that omi really dared to do this, busy saying, "Young warrior, I'm not hiding anything, my Flower Rose Immortal Country, but it's covered by the upper philanthropy in the Upper Fei Yan Continent, you can kill me, don't touch my country ah."

"Bullshit cover." omi snorted with disdain, no one in Upper Fei Yan Continent dared to mess with omi, except for those four strong Heavenly Immortals that he had never seen before, and threatened omi, if he didn't have time now, omi would have taught him how to behave in minutes. One second to remember to read the book

omi no longer cared about the old man and quickly rushed to the Flower Flower Immortal Country. omi didn't spare him, but if something happened to Yun Zi, the old man would die anyway.

That old man also quickly followed.

An hour later, omi arrived at the Flowery Luo Immortal Kingdom.

omi stood in the sky above the Flowery Immortal Kingdom's palace and immediately swept his immortal thoughts, and suddenly, omi saw Yun Zhan standing in a large palace in the Flowery Immortal Kingdom.

As for Yun Zi and Yun Meng, there was no sign of them at the moment.

omi heard a man who resembled an emperor in the main hall laugh, "Yun Zhan, from now on, you are a subordinate state of my Flower Luo Immortal Kingdom."

"Yes, I pay my respects to the Emperor of Flowering Luo."

"Hahaha." Emperor Hua Luo gave a loud laugh.

At that moment, Yun Zhan said, "Emperor, I have two daughters, with the beauty of the country, I don't know if I have that honor to get to know the prince of your country."

Emperor Hua Luo smiled, "I'm afraid that my princes are not blessed."

"In that case, alright then." Yun Zhan thought that the Flower Lola King was a bit sorry for refusing.

At that moment, the Flower Rose King said, "Because, I want it."

"Ah."

"Yun Zhan, your two daughters are called Yun Zi and Yun Meng, right."

"Exactly."

"I've heard about their beauty, I've heard before that your one called what's her name, Cloud Violet, is also married to Zhou Mi, right."

"Right."

"That Zhou Mi is really somewhat famous and a genius in the Upper Fey Yan Continent, so I'm quite interested in Zhou Mi's women, to be honest, when I think of Zhou Mi's women becoming my women, I feel a sense of conquest inside, hahaha."

Yun Zhan said, "I'm willing to serve, truth be told, I've already brought my two daughters, I'm waiting for your majesty to summon them."

"Hahaha, good." The Fa Luo King licked his lips as if the food was about to arrive.

sp; "Quick, quick, go and bring them here, if I have fun, I intend to make them Princesses, what do you think?"

"Ah." Yun Zhan was overjoyed and panicked, "I'm very willing."

So, Yun Zhan immediately left the palace and went to bring Yun Zi and Yun Meng.

omi just watched quietly from the sky.

omi didn't go out immediately, and omi was completely relieved inside.

It wasn't late, it was just in time.

If he had been an hour or two late, then his wife would have become someone else's princess.

omi stood in the sky and grunted, "This pervert, I'll make you regret being a man."

Yun Zhan soon arrived in a certain inn.

"Yun Zi, Yun Meng."

"Ah." Seeing Father return, both Yun Zi and Yun Meng were shocked, and Yun Meng was busy saying, "Father, you shouldn't."

"Hahaha." Yun Zhan let out a loud laugh and said, "Yun Zi, Yun Meng, you guys are really lucky, originally my expectation for you was that it would be good to be able to marry a flower loris prince. But I didn't expect that the Flower Rose Emperor would be very interested in you, especially Yun Zi, hahaha."

"Ah, how is this possible, I don't want it." Yun Zi shouted.

Yun Zhan said, "I didn't expect that the Flower Luo King is still quite a perverted person, he fantasizes about Zhou Mi's woman becoming his woman and feels very fulfilled, that's why you have this good life, Yun Zi, otherwise who would want you, a broken flower. Alright, come with me into the palace right now to meet the Flower King."

Yun Zi and Yun Meng looked at each other, it was as if they had discussed it, and suddenly, they wanted to commit suicide.

Yun Zhan said, "Don't dream, I've set a ban on you, and suicide can't be done."

As expected, Yun Zi and Yun Meng failed to commit suicide.

"Give me away." In the next second, Yun Zhan brought up Yun Zi and Yun Meng and rushed towards the palace.

In one fell swoop, they arrived in the palace hall.

King Hua Luo was laughing and waiting.

When he saw Yun Zi and Yun Meng, King Hua Luo smiled even more happily.

"Emperor, I have brought Yun Zi and Yun Meng here."

"Hahaha, they really are beauties, by the way, which one is Yun Zi?"

"This one is Cloud Violet and this one is Cloud Dream."

"Cloud Violet, I like it, hehehehe." The Flower Rose King looked at Cloud Violet and laughed desperately.

Yun Meng immediately said, "King Hua Luo, please let us go, we're forced to do this, please."

Hua Luo King laughed, "Let you go? Ask your father if he agrees."

Yun Zhan said loudly, "Yun Meng, you're crazy, for the sake of the country, you have to agree even if you have to die."

"I don't want it."

"Not by you."

"Sooooo." Yun Zi and Yun Meng cried out.

Hua Luo Wang laughed, "Yun Zhan, from now on, we're family, your two daughters, I'm very satisfied, especially Yun Zi, hehehehe, Zhou Mi, you can't even imagine that the woman you play with leftovers will become my woman, I'm too fulfilled." Hua Luo Wang exclaimed with a smug face. Hua Luo Wang thought that Yun Zi was Zhou Mi's leftover play and unwanted, that's why he boldly accepted, otherwise, Hua Luo Wang wouldn't dare to take it to death, after all, Zhou Mi's reputation, he knew about it, half a month ago, his friend in Upper Feyama told Zhou Mi's matter with Master Luo Ke.

"Sooooo, Husband, sooooo." Yun Zi saw what had happened and cried out.

Just then, a voice came from the doorway, "It's indeed a great achievement, admiration, even I'm willing to bow down."
