

King of kings

Chapter 2211

"Then why a month later?"

"The reason why it's a month later, it's because, I can't just finish quietly, I'm pretty confident in myself, so I chose a Five Immortal Lake in the middle of the Spell Department and the Air Tear Department, I must make good use of this as a prelude to opening up a world for me in the Spell Department."

"Things are beautiful, but if I lose, even my career in the Air Tearing Department will be ruined."

"Success is always a risk, alright, I'm going back for a meeting."

Omi returned to the cave where the guidance class was, and all of his men, as well as the hundred geniuses who had won first place in the Tang competition, came.

"Everyone, you all must have seen and heard what just happened. That's right, in a month's time, at the Five Immortal Lake, I will be fighting against the pre-Dao Immortal, Chang Tu Qiu. I chose Five Immortal Lake because it's close to the Spell Department, and I hope that, when I duel with Chang Tu Jiu, the Spell Department will have many people come to watch. We've already become the biggest and strongest guidance shop in the Air Tear Department, the next step is the Spell Department, if the Spell Department also succeeds in becoming the biggest and strongest, then we, Tang's Guidance, will be the number one brand of the Immortal Academy." Omi said to the crowd.

However, everyone looked at Omi with suspicion, and, their eyes looked like they were looking at a fool.

Fatty said, "Brother ah, wake up."

"That's right, Omi, forgive me for offending you, I feel that you've gone a bit off the rails, isn't your heart too eager for your guidance class to become the strongest in the spell department as well ah? That's right, if you really defeat Dao Immortal, indeed, it will blow up the entire Spell Department, at that time, opening a chain in the Spell Department can indeed be very beneficial, but, the ideal is plump, the reality is bone-headed."

Everyone said one sentence from you and one sentence from me, in short, no one believed in Omi, except for Tang Huan who was determined to believe in him internally, after all, Tang Huan knew best, Omi had created an unknown number of miracles along the way.

Omi swept a glance at everyone and said in his heart, "Is it possible that I have to tell everyone that I've practiced the Star Shifting Great Law?" Remember the URL [.kanshu8.net](http://kanshu8.net)

Omi smiled, "Everyone, there's no need for you to worry about whether or not I can beat the Daoist Immortal, you just need to help me go to the Spell Department and properly publicize this matter to create momentum for us to start a training course in the Spell Department. The Empty Tearing Department won't need much publicity, I'm sure many students have just heard about it, it will spread since, even if it doesn't, it doesn't matter, we've become the strongest in the Empty Tearing Department."

"What if we lose?" Shiho Xiang asked.

"I have some confidence in myself, and will never allow myself to lose."

"I really don't know who gave you that confidence, Omi, I originally admired you, but today, seeing how arrogant and cocky you are, to be honest, I'm a bit disgusted. Sorry, I'm not going to promote you." After saying that, Shi Haoxiang walked out of the cave.

Omi said, "Don't mind him, I promise, he'll regret it, alright, let's go to work, only one month, it's tight."

Everyone immediately went to promote the spell department, although they had no confidence in Omi at all, we were all friends.

Omi said to Tang Huan, "Huan Huan, you also go to the Spell Department to propagandize, this month, I want to practice by myself and think about the strategies against the enemy."

"Well, then you're busy."

"Good."

Omi went to a secret place by himself and started practicing the Sun and Moon Divine Sword and the Shura Divine Blade.

After all these years, Omi once again combined the swords, one hand Shura, one hand Sun and Moon.

This was not at all unfamiliar to Omi, he had long been rotten in the mortal realm, so now

In a casual try, Omi got his senses back.

"Swoosh."

"Boom boom." The power of the overturning sea was endless.

"Hahaha, good, very good. The combined power of the sword is more than ten times more powerful."

In terms of swordsmanship, Omi no longer had any doubts, the only thing he needed to worry about was that the Dao Immortal was so much stronger than the Heavenly Immortal, how the gap from the realm was going to be bridged, and how to best raise his strengths and avoid his weaknesses.

After practicing for a day with the Blades and Swords, there was no need for Omi to practice anymore, so Omi began to practice the Star Shifting Great Law.

Previously, Omi had refined the Star Shift Great Law to the first level.

The spell department's library only had the third level at most.

Omi then practiced the second layer, regarding the second and third layer of the method, Omi had already memorized it, and although it was a thick book, Omi still memorized it perfectly.

At this moment, in the Department of Spells, a news was rapidly spreading.

In one of the classrooms in the Department of Spells, Hua Mingxin was reading a spell class note when a group of students not far from her were discussing.

"Heard about it? One month later, at the Five Immortals Lake, there will be a duel between the Heaven Immortals and the Dao Immortals."

"What kind of joke is this, Heaven Immortal versus Dao Immortal?"

"Fooled you yes, both of them are air torn faculties."

"True or false."

"Nonsense, I also know that the two people who fought against each other were named Long Earth Fur, Omi, and by the way, that Omi, is still the first genius of the Air Tearing Department to do a training course."

"No way."

At this moment, Hua Mingxin was shocked when she heard.

"Omi? Isn't he the one my best friend Cloud likes, man?"

News like this quickly spread through the Spell Department.

The Spell Department was different from the Air Torn Department, the Spell Department often had many people out and about, unlike the previous Air Torn Department where everyone was alone in the cave.

Of course, such news had reached the ears of many instructors in the Spell Department as well.

"A student of a Heavenly Immortal is dueling with a Dao Immortal tutor? Who said that?"

"Everyone outside is spreading ah, it's a sensation throughout the spell department, no, the entire Immortal Academy ah."

"Hmph, bulls*it." At a certain teacher's residence, several teachers gathered to talk about it.

"Bang bang." Tang Huan's room was suddenly knocked hard.

Tang Huan opened the door and saw it was her mother.

"Mother, how come it's you."

Tang Huan thought her mother was busy, "Huan Huan, I just heard some instructors say that a Omi from the Air Tearing Department is going to duel with a Dao Immortal teacher, is this true?"

Tang Huan was startled, "No way, it's only the first day it reached your ears, the spread is so fast?" Tang Huan was still very surprised, he thought that one month was not enough time for publicity, but he didn't expect that it had only spread on the first day.

Ding Lan said urgently, "Huan Huan, tell me, is it true?"

Tang Huan nodded, "Well, it's true."

"Oh my god, that Omi is looking for death. Huanhuan, why don't you stop him?" Donnie's mother was depressed.

"I, I, I believe him." Tang Huan said with a bite.
