"Joy, you."

"I just believe in him."

"Huanhuan, you're really silly, it's not a matter of whether you believe him or not, it's a matter of whether or not it's possible, no matter how ungodly he is, Omi is too far from Dao Xian."

"Mother, Omi he has done too many ungodly things along the way, he has never failed, this time since he dares to agree, it means that he is half sure, if not completely sure."

"Just let him be, no matter if he loses or wins anyway, that Dao Immortal's mentor wouldn't dare to kill him. Even if he kills him, I'll go out and stop him at the first opportunity."

"Mm."

Omi's duel with the Dao Immortal spread rapidly, and within half a month, almost everyone knew about it.

It was even in some mysterious place, the dean's residence.

"Dean, there's a news, I don't know if you want to hear it."

"What kind of news, is it something big?"

"Not a big deal, just a student, dueling with a mentor." Remember to read the book in a second

"Uh, a student dueling with a mentor? Which student can beat a mentor. Mentors are all Dao Immortals at the very least, and students, after reaching the late Heavenly Immortal stage, most of them close down and leave."

"Hehe, this student, is still only in the early Heavenly Immortal stage."

"Nonsense, this is not a duel, this is clearly a death-defying, itching to fight, right, are they done with the duel?"

"Not yet, there's still half a month left, it's pretty hot, looks like it's a bit promising."

At this moment, Omi was cultivating the second level of the Star Shift Great Law.

"Mum, this is too difficult, it's been almost half a month since I've been practicing, I'm f\*ck ing stunned and still haven't found a single clue, damn it." Omi cursed, after all, it was the first time he had encountered such a difficult technique.

"I must calm down, otherwise I won't have a clue in another half a year."

Omi thought of calming down, and suddenly thought of the spatial tablet he was wearing.

“Hey, I can enter the spatial tablet to cultivate ah, the spatial tablet should allow me to enter the best state of cultivation.”

Thus, Omi immediately took out the spatial stele.

Sure enough, entering the spatial tablet, Omi had a feeling that everything was gone and everything was empty, this was the highest state of cultivation ah, cultivating in this state, not only is it more effective with half the effort, it's simply a hundred times more effective with half the effort ah.

Omi immediately began refining the second layer of the Star Shift Law.

He hadn't had a clue about it for half a month before, but in the spatial tablet, within half a day, Omi had a clue.

“So that's it.”

After Omi found a clue, he immediately started refining.

Three days later, Omi opened his eyes wide.

“Haha, the second layer of the Star Shift Great Law, I have refined it.”

Omi immediately started the third layer.

“I hope that within ten days, I'll be even more confident if I refine the third layer again.”

Unfortunately, the third layer was too difficult to refine, and after ten days, Omi couldn't even find the head of the third layer.

In the Spatial Tablet, he couldn't even find a head start, let alone in any other place, which showed the difficulty.

No wonder the Immortal Academy had less than ten people trained in its history, it really was difficult.

Omi had to exit the spatial stele.

“Refined to the second level, I think it's almost enough, alright, time's up.”

Omi immediately went to the Five Immortal Lake.

At this moment, at the Five Immortal Lake, many people had already gathered.

Of course, the duel between Omi and Chang Tu Jiu hadn't arrived yet, and it wouldn't be until tomorrow that the appointed day would arrive.

But it was rare for the Academy of Immortals to have such a big event, and many people were more than happy to come and join the fun.

Omi came directly to Tang Huan's dormitory.

“Huanhuan.”

“Omi, are you done with your retreat, the day doesn't arrive until tomorrow ah.”

"I think there should be no problem."

"Husband, there will definitely be a lot of people coming to see you duel with Chang Tu Qiu tomorrow, you really?"

"Don't worry, I was confident a month ago, let alone now."

"My mother suspected you before, but I didn't tell my mother that you had practiced the Star Shift Great Law."

"Everyone will know tomorrow, and I've already practiced the second level of the Star Shifting Great Law."

"Wow, Husband you're really great, if everyone finds out tomorrow that you've practiced the Star Shift Great Law, they'll be very shocked, after all, only ten people have practiced it in the history of the Immortal Academy. Now those ten people, none of them have become a great power in the heavenly realm."

"Hahaha, you should know best whether or not your husband is good at it." Omi laughed with a thieving eyebrow.

"Er, what do you mean?"

"You understand."

When Tang Huan saw Omi's bitchy face, she suddenly understood, blushed, and said angrily, "You're so bad, Husband and Gentleman."

Omi went up and hugged Tang Huan, "Sister sister I want to take you love."

The next day, Omi came to the Five Immortals Lake early in the morning.

Omi didn't have to show up at the noon hour like some people who loved to pretend.

Omi went there early in the morning and, after going to the Five Immortals Lake, Omi showed up and stood in the sky, receiving everyone's attention.

"Wow, that's Omi, huh?"

"What courage, I thought he wasn't really brave enough to come, but he came early in the morning."

"Admirable."

At this moment, Omi stood in the sky and took out a blade and a sword on his own, then swooshed in the sky and tried to refine them.

"Wow."

"Everyone, look."

"He he he, but the Sun and Moon Divine Sword and the Shura Divine Saber are being performed at the same time."

"Oh my god, how is this possible."

Seeing this scene, everyone was dumbfounded.

At this time, a student of the Sun Moon Divine Sword said, "Did you all see, even if Omi cast one at the same time with both hands, he actually, actually cast it so perfectly."

"Tsk tsk, it really is perfect."

Everyone cast a look of worship and admiration at Omi.

At this moment, in a corner, Long Tuqiu snorted, "You think that being able to perform an Air Tearing Technique with both hands at the same time is enough to defeat me? You're thinking too beautifully, I am a Dao Immortal, no matter how great your prowess is, you are no match for me, I can't resist even a random move from you."

Unfortunately, Chang Tu Qiu didn't know that Omi was currently in midair, merely warming up, who warmed up would put out their full strength.

The number of people in the Five Immortal Lakes was increasing, and by noon, hundreds of thousands of people had already come.

It could be said that at least half of Immortal Academy's people had come.

That was enough, the other half, who were presumably closed all year round, were normal not to know.

Omi looked at the sun in the sky and shouted, "Mentor Long Tu Qiu, it's almost time, hurry up and come out."

"Hmph." From the crowd, an angry grunt came out, followed by a mentor rushing out.

Omi said, "Mentor Long Tu Qiu, come on, no need to be polite."
