

King of kings

2253

Just then, Ding Lan suddenly saw that the one in the row of Heavenly Soldiers in front of him, the one on the far side in battle clothes, looked very familiar, and upon further inspection, it was Omi.

Ting Lan was so happy that he suddenly wiped his tears and cried out, "Omi, Omi."

However, the scene was too noisy, and Omi walked through the line of marching soldiers all at once, not seeing Ding Lan.

Dinglan was busy chasing after him, shouting as he did so.

The front line had already left the Chaotian Gate, and the Chaotian Gate was the only way to leave the heavenly realm.

The masses of people who were sent away were not allowed to chase out of the Chaotian Gate, and many of them had to be sent here.

Ting Lan saw Omi getting closer and closer to the Pilgrim Gate, and Omi never heard her cries, and Ting Lan cried out in anxiety.

But so what, the scene was already full of cries.

At the moment, Omi was in a group of celestial soldiers, following the crowd out, and Omi saw so many people bidding farewell, and wondered if he had anyone to see him off.

Omi wanted to turn his head and look both ways, but General Wuhe had just made it a rule that anyone, not allowed to look both ways, could only look and walk forward, even if their loved ones were right next to them. Therefore, Omi could only look without looking away and walk forward step by step, and soon, Omi also walked out of the Chaotian Gate.

Ding Lan was inside the Pilgrim Gate, crying loudly, but the line of heavenly soldiers was still a long way behind. Remember the URL [.kanshu8.net](http://kanshu8.net)

Ding Lan wiped her tears and said, "Omi, I'll wait for you to come back, you must come back."

Soon, the end of the Heavenly Soldiers team had also left the Chaotian Gate, but many of the family members who had bid farewell were still not dispersed, including Ding Lan.

Ding Lan didn't know why she was so sad, it was obvious that Omi and her were a fake couple, and Omi had never treated her as a wife at all.

The celestial troop, marched for a day, and finally, by the next morning, arrived over one of the oceans in the Southern Zhanbu Continent.

At this moment, on the surface of the ocean, there were already hundreds of thousands of demon soldiers standing, seemingly waiting for the celestial soldiers to arrive.

"Damn." Omi was shocked to see so many demon soldiers.

There were only 50,000 of their Heavenly Soldiers, but the Old Demon Heavenly Demon's Demon Soldiers were, to say the least, over 300,000.

Even Omi was frightened and nervous.

However, Omi quickly came up with a sight, the demon soldiers of the Old Heavenly Demon had even Earth Immortals at the lowest level, and the highest level, Dao Immortal, Xuan Immortal, and Tai Immortal, were quite a few.

Although there were fifty thousand Heavenly Soldiers, the weakest ones were all at the Heavenly Immortal level.

"Ohhhhh." Seeing the celestial soldiers coming, the hundreds of thousands of demon soldiers on the sea cried out.

In the group of hundreds of thousands of demon soldiers, a black mass with a huge body slowly rose up.

Immediately afterwards, that black mass of air condensed into the shape of a human, a ghastly looking old man.

"Hahaha, hahaha." That old man let out a loud laugh.

The Three-Eyed War God pointed angrily, "Heavenly Demon, you dare to defy the Immortal Court and even presume to share a seat with the heavens, even more so, you have robbed the Heavenly Kun Divine Grass that should have been offered to the Immortal Mother."

The Wind and Fire War God also said, "Heavenly Devil, I advise you to lay down your weapons and restrain yourself, and we can even plead for your life before the Fairy Mother and spare your life."

"Heavenly Demon, if you remain obstinate, don't blame me for killing your Demon Palace with fifty thousand heavenly soldiers." The dragon bones on the Dragon Bone War God rose up.

The fifty thousand Heavenly Soldiers behind him shouted in unison, "Kill, kill, kill." The sound resounded through the four directions.

Omi, who was in the group of celestial soldiers at this moment, shouted kill just like all the celestial soldiers, bringing deterrence to the demon soldiers of the Old Demon of Heaven from the momentum.

But unfortunately, the hundreds of thousands of demon soldiers on the sea seemed as if dead pigs weren't afraid of boiling water, and also held up all kinds of swords, forks and spears

They all shouted, "Kill them all."

"Charge up to the Immortal Court and kill the old Immortal Emperor."

"Capture the Fairy Mother alive."

"Live wheel the Fairy Mother."

Hearing the arrogance of those demon soldiers, not to mention the Three-Eyed War God, the Dragon Bone War God, and the Wind and Fire War God, even Omi and the other Heavenly Soldiers couldn't listen anymore.

Omi raged, "This group of demon soldiers really needs to be cleaned up."

Omi couldn't resist the urge to start killing them.

However, over 300,000 demon soldiers, ah, although some were very weak, but, 50,000 Heavenly Soldiers, was that really enough? Omi was worried.

Old Heavenly Demon snorted coldly, "Three Eyes, the last time you came to annihilate me, you were beaten to death by me, do you think that this time, by calling for an extra bird and a rotten bone, you will be able to defeat me."

The Three-Eyed War God said, "Heavenly Demon, don't you dare to be rampant, today, I will behead you."

"Hahaha, big mouth, even if you Immortal Emperors come, you wouldn't dare to say such big words, oh right, you Immortal Emperors, just a guy who relies on luck, right, his fighting ability is so bad, if it wasn't for luck, he wouldn't even be worthy to give me shoes."

The Wind and Fire War God shouted, "You shut up, how can the Immortal Emperor be someone you can humiliate, the divine might of the Immortal Emperor, have you seen it before, how can you use a slaughter knife to kill a chicken, the Immortal Emperor just doesn't want to fight you."

"Hahaha, good one doesn't want to fight me, when I capture the Immortal Mother and press her down on my couch to wreak havoc, I'll see if that old man can still move."

The Dragon Bone War God raged, "Liu Heng, stop talking nonsense with him and start the war."

Three Eyes shouted, "All Heavenly Soldiers listen to the order, kill them immediately, kill them all."

"Yes." Fifty thousand celestial soldiers were suddenly swarmed.

Of course, hundreds of thousands of demon soldiers rushed up as well.

As for the Three-Eyed War God, the Wind and Fire War God, and the Dragon Bone War God, the three of them were rushing towards the Old Heavenly Demon, and they had the most massive battle.

All the Heavenly and Demon Soldiers, that was like a small fight, while they, at every turn, thrashed the heavens and earth. It was only a short while ago that the four of them fought to a faraway place.

Right now, Omi and the others were fighting with hundreds of thousands of demon soldiers.

This was a complete bloodbath, a war in this situation, no more strategy, just fight.

"Puchi puchi puchi puchi." In a single instant, Omi cut down dozens of demon soldiers.

Omi felt relaxed, any demon soldier attacked Omi, Omi used Star Shift to transfer to the other side, while Omi used both swords together, like chopping straw in his hands, blood shot everywhere and heads flew.

However, Omi's eyes scanned, only ten minutes into the battle, there were already many celestial soldiers dead.

Omi's eyes hurt, after all, he was a celestial soldier who had come together, but seeing so many dead, his heart was not feeling good.

Now, Omi killed even more fiercely, he killed one more and killed faster, maybe he could save one more Heavenly Soldier.

The brutality of the battlefield could no longer be described with words, no matter if it was a celestial soldier or a demon soldier, heads desperately fell to the surface of the sea, the sea water, only a short while, dozens of miles around were already dyed red.

At this moment, in the heavenly realm, in a certain palace, in the void of that palace, a picture appeared out of nowhere, and in the picture, it was the celestial and demon soldiers fighting together, as if, it was a live broadcast.

In fact, it was a certain Immortal, using his heavenly eye powers, remotely transferring what he saw, back to the Immortal Court.

At this time, in the Great Hall of the Immortal Court, many many Immortals stood in the Great Hall watching that image.

The president of the Immortal Academy, Omi's father-in-law, was also among them, and everyone was silent as they watched the celestial soldiers decrease one by one.
