Captain Ming Cheng said, "My lord, it's already obvious, two people with no karmic implication, without any intersection, are even connected, if it wasn't done maliciously, I wouldn't believe it. Moreover, Omi and Shen Medicine, have a grudge from when they were in the barracks, things couldn't be more obvious."

Uncle Oil immediately waved his hand and tied up Shen Medicine.

"Uncle Oil, I didn't."

"Shen Medicine, thanks to me trusting you so much to let you watch over it for a while, I didn't expect that you would dare to tamper with it, do you know that a small mistake could cause the entire system to collapse, if the entire system collapses, the consequences would be the destruction of countless living beings in the slightest, or the rebuilding of the heavens and the earth, but can you afford the responsibility?"

"Uncle Oil, they wronged me, I really didn't."

Shen Medicine still wanted to argue.

At this time, that oil uncle passed a voice to him: "Shen Medicine, don't struggle, now in front of them, I have to calm down, when they leave, I'll release you, now be good."

After that, Shen Dao did not yell anymore.

Omi and Ming Cheng both thought that Shen Medicine had really been arrested and held accountable.

That oil lord said to Omi, "I'll help you rectify this."

Quickly, Omi and Ding Lan's line was reconnected, breaking the line between Ding Lan and that Gao Xiaofei. First URL m.kanshu8.net

At this moment, Ding Lan, who was in the Ding's Immortal Mansion, felt a sudden relaxation in her body.

"Wow, it's so comfortable, as if the puppet strings that were suddenly forced onto my body were broken. Husband, I'm sorry, I really didn't want to get to know that Gao Xiaofei inwardly." Ting Lan was filled with guilt, and she vowed to make it up to Omi when he returned.

At the Heavenly Emotions Divine Palace, Omi and Ming Cheng left.

Omi said, "That trash, Shen Medicine, really did something to me, fortunately I found it in time, or else it would really be a big mistake."

"Alright, it's fine now, but even if we hadn't come today, I think that Lord Oil, would have gone to correct it right away, after all, it's impossible for the Heavenly Emotion Shrine to allow such a mistake to spread, it would ruin the entire Emotion System. For such a serious matter, I'm sure that Shen Medicine will be punished."

"Next, I just want to see if Shen Medicine will be killed by his entire family." Omi said.

Ming Cheng said, "It is unlikely that the whole family will be killed by the head, after all, the Immortal Court is very dark, at most, Shen Pill alone will be killed by the head."

"Forget it, it is fine for Shen Medicine to be killed by his head alone, my request is not excessive, just kill him." Omi's heart flowed freely, this trash Shen Yao was finally going to die.

At this moment, in a certain palace.

"Shen Medicine ah, you're really crazy."

"Uncle Oil, I'm sorry, I didn't do it on purpose, I hate that Omi too much, Omi that trash, I really want to kill him."

"Alright, you know what, if this is traced down, you'll kill your head."

"Uncle Oil, will it be alright now then?"

"Don't worry, I was able to hold this down, and, now that it's been corrected, I've pretty much cleaned up the evidence that can prove that it's been tampered with, even if that Omi sticks it up there, he won't find any evidence, and your father is from the Judicial Shrine. Alright, to show your punishment, you don't need to enter here from now on, go guard the gate."

Omi returned home.

Ting Lan had already returned to his former self.

"

Husband, I'm sorry, you chastise me." Ding Lan knelt in front of Omi.

"Alright, you can't be blamed for this, all the creatures in the three realms are bound by the heaven and earth kneeling in restraint, between you and me, if we follow the normal rules, we would become husband and wife and love each other lovingly forever. However, someone took advantage of their position to modify the relationship between you and me, and that's why we are gradually separating. It wasn't your fault, it was that Shen medicine that set it up. However, that Shen Pill will definitely be killed in the head as well, so it's revenge."

"Thank you for understanding, but I still can't forgive myself, now that I think about it, I can't figure it out anyway, I actually ate with that restaurant owner named Gao Xiaofei twice, that trash is not even worthy of a single hair of mine ah." Ding Lan said reproachfully to herself.

"Oh, it's okay."

"Husband, could it be that the world is really so magical that when that Heavenly Emotion Shrine's emotional threads are modified, we'll send out changes accordingly, pulling people who aren't even connected together?"

"Yes, because that is the rule of heaven and earth, and as long as everything that lives under this heaven and earth, even Immortal Emperors, are bound by that rule. If they are not bound by the rules of heaven and earth, what is it if I want the mountain to be less high and it is not so high; if I want the earth to be less big and it is not so big; if I want the gods and demons to crawl at my feet, they will crawl at my feet? This is simply becoming a creator."

"Well, I see, Husband, let me make it up to you."

"Uh, what are you doing."

"Will you close your eyes and let me make it up to you?"

"Oh." Omi closed his eyes, and after a moment, Omi laughed, "Lan'er, you're so dirty, but I like it, hahaha."

Omi and Ding Lan this then recovered as before.

Omi played at home for half a month.

After half a month, Omi internally said, "It's been half a month, I'm sure that Shen Medicine has already killed his head. I'll go make some inquiries."

Omi immediately went to the Heavenly Emotion Shrine to see if Shen Medicine was dead.

However, as soon as Omi arrived at the Heavenly Emotions Divine Palace, he saw Shen Medicine sitting at the gate, looking like he was helping guard the gate. Shen Medicine was no longer able to enter the core now, having been relegated by Lord Oil to guard the gate.

"Shen Pill, you, why aren't you dead yet." Omi asked angrily.

"Hey, if it isn't Omi, hahaha."

"Shen Medicine, answer me, why aren't you dead yet."

"Don't dumbass, you've been dead for countless years, but I'm still alive." Shen Pill let out a loud laugh.

"Shen Pill, you modified my emotional line without permission, it's reasonable that the whole family should kill the head, I thought that even if you didn't have the whole family to kill the head, at least your head must be killed, I didn't expect that you're fine as a person."

"Tang dumbass, you're f*cking naive ah, who do you think you are ah, and kill the whole family, I go you."

"Shen Pill, you maliciously destroyed the emotional system of living creatures, you wait, I will report it to the police, I don't believe that there is no king's law in this immortal world anymore, you can be allowed to be wild."

Shen Medicine sneered, "Idiot, go, hurry up, my father is Shen Gang, a fourth-ranked immortal official of the Immortal Court Judicial Divine Palace, you go, hahaha, what an idiot."

Shen Medicine mocked to his heart's content.

Omi left in anger.

The reason why Shen Yao dared to be so arrogant was that he was confident that any report from Omi would turn into a slander made out of nothing, moreover, his father, Shen Gang, was the Xian Court Judicial Divine Palace, even if this was reported to the Judicial Divine Palace, it would still be reported to the Judicial Divine Palace.
