2282

Omi said, "Bai Palace Master, Oil Liang Ben is not at fault, if he honestly explains how Shen Medicine's father, how he paid a bribe, allowing him to bend the law, I can consider not pursuing it."

"Oil Liang, you heard me, don't hurry up and give an account." Bai Palace Master said to Oil Liang.

"Yes."

Oil Liang also gave a full account of how Shen Medicine's father had found him and asked him to help Shen Medicine erase the evidence, as well as transferring Shen Medicine back from the gatekeeper and such.

Palace Master Si stood up and tied Shen Pill up at once.

"Go, Shen Pill, come with me to the Law Enforcement Divine Palace and await execution."

"No." Shen Medicine shrieked and looked at Omi and begged for mercy, "Omi, please spare me, I won't dare again."

Omi grunted, "Go to hell, you still have the nerve to beg me for mercy, you're breaking the rules of heaven."

Palace Master Si grabbed Shen Pill and walked away.

As for that Oil Liang, Palace Master Si was also giving face to Palace Master Bai, how to deal with it, let Palace Master Bai see for himself.

Along the way, Shen Pill cried out for his father and mother. The first website [m.kanshu8.net](http://m.kanshu8.net)

Omi said, "Palace Master Si, are we going to grab Shen Pill and return to the Law Enforcement Divine Palace now?"

"No, go along to the Shen family and arrest his father Shen Gang along with him before returning to the Law Enforcement Divine Palace."

"Yay, Palace Master Si is so crisp in his work."

"Brother Tang is overpraised, since the princess has commanded me, I naturally can't do anything hastily."

Shen Pill cried out, "Omi, you will die a horrible death."

Omi snorted, "At this time, still talking tough, I'll see who will not die a good death. Palace Master Si, Shen Yao and Shen Gang, violating the rules of heaven, what should be done?"

"Of course, there's no need to say that, it's a straightforward death sentence. However, the procedure must go a bit, before returning to the Law Enforcement Divine Palace, you must go to the Judicial Divine Palace for approval before you can execute the death sentence."

"Okay, by the way, that Shen Gang, he's from the Judicial Divine Palace."

"Hmph, it's just a little judge from the Judicial Divine Palace." The Judicial Divine Palace Master trailed off.

Soon, he arrived at Shen's house, but Shen Gang wasn't at home, and only when asked did he realize that Shen Gang had gone to work, which meant that Shen Gang was at the Judicial Divine Shrine.

This was even better, going directly to the Judicial Divine Palace to arrest someone.

In a certain office hall of the Judicial Shrine, the Division Palace Master arrested Shen Gang on the spot.

That Shen Gang actually still didn't know what had happened.

"What are you arresting me for? Do you want to rebel?" Shen Gang yells in anger.

After grabbing Shen Gang out of the gate and seeing his son, Shen Medicine, outside, Shen Gang realizes that something big is wrong.

The palace master of the Death Law God Palace, also appeared.

He personally acts as the judge and holds a trial on the spot.

Then, he brought Shen Medicine and his son up.

"Shen Pill, Shen Gang, do you know the crime?"

"Innocent."

"Well, it's good that you know the crime."

"Presiding Judge, we're really innocent."

"Fine, since you guys are so cooperative, I won't be long-winded, let's pronounce the sentence now." That presiding judge completely answered the question, not caring at all what Shen Medicine and his son said.

"Presiding Judge, do you have to bow to the evil forces as well? I'm begging you." Shen Gang yelled.

But that presiding judge said, "Shen Gang, I now sentence you, death sentence, to be carried out tomorrow at noon on the Chaoyang Gate Celestial Execution Terrace. Do you have any objections?"

"I'm not convinced, Judge, I'm not convinced."

"Well, very well, you have no objection.

Then sign and draw."

"Ahhhh, Inquisitor, did you hear what I said exactly?" Shen Gang yelled in anger.

The presiding judge said, "You're not comfortable signing it, so fine, I'll sign it for you. Next, Shen Medicine, given that you have committed a really serious crime, I also sentence you to death."

Shen Medicine yelled, "I'll go you?"

The judge said, "You know you're wrong! That's good, and saves me from having to interrogate you again. You tell me yourself, which kind of death you want."

Shen Medicine gritted his teeth and said, "You will be punished."

The Judge said, "You don't know which way of death is better? Requesting out-of-court support? Well, I'll let the people outside the courtroom tell you which death suits you. Do any of you have a good suggestion?"

Omi said, "Judge, forget it, punish him with a five thunderbolts, let him die a quick and less painful death." Omi originally thought of executing him in the early hours of the morning, or slowly torturing him to death, but after thinking about it, he had to be spared, so he suggested giving a five thunderbolts and dying in one second, this was the best way to die without any pain.

The Inquisitor said, "In that case, I'll do as you say, five thunderbolts."

Shen Medicine looked at Omi and gritted his teeth, "Omi, I will not let you go even if I were a ghost."

Omi said, "Shen Medicine, you brought everything on yourself."

The presiding judge shouted, "The trial is over, adjourn the court."

When the court was adjourned, the order was immediately given to hand over to the Law Enforcement Divine Palace, after which the two criminals were handed over to the Law Enforcement Divine Palace, and the executions after that would be the responsibility of the Law Enforcement Divine Palace. Of course, if the Law Enforcement Divine Palace raised objections, then a retrial would be required, but unfortunately, the Law Enforcement Divine Palace had no objections to the Judicial Divine Palace's verdict, so it would wait for tomorrow's execution.

Omi sighed in his heart, finally, making Shen Medicine pay the price.

The next day at noon, Omi arrived at Xingtai outside the Chaotian Gate.

Starting very early, there was a crowd of onlookers here.

At around noon, Shen Medicine and Shen Gang were escorted here.

A night without seeing, Shen Yao is emaciated, Shen Gang is also full of death, two dying people, really pitiful.

Omi looked at them and also sighed.

However, Omi couldn't let them go, besides, things had come to this point, it wasn't something that Omi could just let go, to this point, they had to be killed, otherwise, others would say that the Heavenly Emotions Divine Palace, the Judicial Divine Palace, and the Law Enforcement Divine Palace were all favoring the law, there was no more room for them.

"The noon hour has arrived."

First, Shen Gang was taken to the stage, and was executed by the executioner with the Death Sword, beheading his head as well as his primordial spirit in one stroke.

"Father." Shen Medicine hissed, at this moment, Shen Medicine actually regretted incomparably inside, really didn't expect that Omi would have such a deep backstage and actually make the Judicial and Law Enforcement Divine Palace completely favor him.

Next, it was Shen Yao.

Huge thunder the size of a house in the sky blew down, and it was five thunderbolts, one after the other, and by the time the five thunderbolts came down, Shen Medicine was already ashes and smoke.

Just like that, the execution was complete.

Omi left Xingtai in silence, saying in his heart, "Shen Medicine, I hope you don't blame me, you were the one who first provoked me."

Omi returned to the barracks, and it was time for Omi to find the Three-Eyed War God next.

Omi wanted to use his ability to get into the Wolf Battle Team, it was not sure if it would be difficult, Omi could only try his best.

However, as soon as Omi arrived at the barracks, a beautiful woman came looking for him.

"Er, Mingyue, what are you doing here, weren't you sent out to the Heavenly Division Shrine?"

"Omi, I came back specifically to find you." Akatsuki said.
