So, the power of the Sun and Moon Shura was no longer ordinary.

Omi's gaze chilled as he looked at the hundred or so savages in front of him, Omi held his sword in both hands.

"Wow."

More than twenty of them died in one fell swoop.

"Wow."

More than twenty more.

In five moves, Omi slashed all of the more than a hundred, and time, it was only thirty seconds.

Before, it was impossible to kill them in a minute, but now, when the Sun and Moon Divine Sword and Shura Divine Blade were evolved into Sun and Moon Shura, it was 30 seconds.

Omi smiled heedlessly.

Omi didn't run either, because his strength had increased and he wasn't afraid of the savage resurrection at all.

However, what Omi didn't expect was that after a minute, the savage didn't resurrect. First URL

Only then did Omi realize that as long as they killed all the savages within a minute, they wouldn't resurrect, and if they didn't kill all of them, they would keep resurrecting, and they would all be in a full-blooded state after resurrection.

At this moment, in the distance, on top of the tree, the woman said, "Who is this man, so powerful, he seems to have trained his Air Tearing Technique to a higher level, doing it in just a short period of time by entering deep space."

That man, seeing Omi so powerful, but he was not very comfortable inside.

Originally, here, there were only the two of them to assess, a man and a woman, but now another man had come, two men and a woman, and the man who had just arrived seemed to be very strong, so, uncomfortable.

Unfortunately, the woman was wrong, Omi wasn't practicing the Air Tearing Technique at a higher level at all, but, rather, a complete qualitative upgrade.

At a glance, Omi saw in the distance, a man and a woman standing on top of a tree.

Omi recalled that when he came in, the Three-Eyed War God said that there was already a man and a woman being assessed here.

Omi immediately flew up.

"Hello, you guys are the two that the Three-Eyed War God said were being assessed here, right?" Omi took the initiative to ask.

The man and the woman, the man was about 1.7 meters, his skin was a bit dark, his hair was a bit curly, and his lips were red, in short, they belonged to the uglier ones, while the woman, with a beautiful face and a beautiful body, was surprisingly a complete beauty, and had a special attractiveness about her.

That woman said, "Yes, my name is Cheng Yu."

"Cheng Yu?" Omi felt as if he had heard that name somewhere.

"What? You know me." That woman smiled somewhat proudly, after all, she did have a bit of a reputation, one of the top ten genius beauties of the Immortal Realm.

However, in the next moment, Omi shook his head and said, "Never heard of it."

"Oh." That Cheng Yu pursed his lips.

The ugly man standing behind Cheng Yu snorted, "Cheng Yu is one of the top ten genius beauties of the Immortal Realm, but you've never heard of it, I think you're just pretending."

"Pretend? Why do I have to pretend, my Omi Immortal Realm's first genius beautiful boy hasn't even said anything."

"Ah, the first genius beautiful boy of the Immortal Realm? How come I've never heard of it."

These two people, the woman was also a mid Dao Immortal, but the man, was a late Dao Immortal.

Omi said, "No kidding, my name is Omi, I hope the two of you will take care of me:"

Cheng Yu said, "You're welcome, by the way, but did you just practice the Sun and Moon Divine Sword and the Shura Divine Blade?"

"Exactly, are you too?" Omi asked.

"That's not true, what I practice is the Great Luo Galaxy Spell."

Omi was shocked, the Great Luo Galaxy Spell, this was a more powerful spell than the Star Shifting Great Law, or even the Star Hidden Great Law.

Unfortunately, such powerful spells were usually

It was not outwardly transmitted.

"Omi, you're amazing, you've just entered Deep Space more than ten times in a row, and you've also, in all that time, trained the Shura Divine Blade and the Sun and Moon Divine Sword in dozens of layers."

"Hehe." Omi didn't bother to explain.

Omi asked, "Can you tell me what's going on in the Sacred Ancient World?"

"It's just an assessment place ah, the battle you just experienced is just the first level, then there's the second level, the third level, and it's tougher than ever. For example, for the second level, you need to kill two hundred savages in one minute; for the third level, you need to kill three hundred in one minute; for the fourth level, five hundred in one minute. After that, there's five hundred in ten seconds, a thousand a second, and so on and so forth, harder and harder again and again. And we either improve in one kill, or die."

"I see." Omi ordered, killing five hundred and one thousand a second, that's not even close to powerful.

It seemed that after Omi, there were many, many areas of strength to be improved, or else he would definitely not be able to pass the assessment.

Cheng Yu added, "If you can reach Xuan Xian as fast as you can, then you only need to pass an ultimate difficulty, and you'll be considered to have passed the assessment. I don't know how difficult the ultimate difficulty will be. Those of us who haven't reached Xuanxian yet can only improve over and over again with one kill."

"Thank you for informing me, I already understand, until the next time, how long is it?" Omi asked.

Cheng Yu said, "Actually, you don't have to ask me, you can look at your palm yourself."

Omi was busy looking at his palm, and at some point, a line of small characters appeared in his palm.

It said, 'First level, pass.'

"What does it mean?"

"Oh, you just killed over a hundred savages in a minute, that's your first level, the first level is usually just an appetizer; the second level is to kill two hundred savages a minute. If you think you have the strength, you can go through the second or even the third level right away. If you think you don't have the strength yet, don't be impulsive, study your strength and improve your strength before going."

"Oh, I see, dare I ask, how many levels are you all on now?"

Cheng Yu said, "I'm on the fourth level."

"Wow, one minute, killing five hundred of the same level savages?"

"Yes." Sunggyu nodded.

"Wow damn, so awesome." Omi was greatly impressed, Omi could now, based on the combat power of the first level just now, kill over two hundred a minute.

It didn't seem like a big difference.

Cheng Yu said, "This big brother Usui beside me, he's gotten through five levels."

"Oh."

Omi said, "Then where do I go to get through the second level now that I'm confident that I've passed the second level?"

“Follow me.”

Omi followed that Cheng Yu to a short distance ahead, there was another tribe of savages over there.

“There’s the second level there, two hundred savages, killing them all in one minute is considered getting through the second level.”

“Hehe, I’m going then.”

“Aren’t you going to take a break?”

“No need, I have faith.”

Omi immediately charged up.

After that, Omi cast Sun and Moon Shura, one slash was over twenty, and a minute later, exactly, Omi had killed off two hundred savages.

Omi looked at his palm again, showing a few words, the second level passed, and Omi smiled hehehe.

At this moment, in the main hall outside, the Three-Eyed War God was slightly shocked, “Did I miss it? Judging from Omi’s destiny, it’s not extremely outstanding, so how did he get through the second level in such a short time?”
