

# King of kings

2365

omi said, "Senior, you've really got the wrong person."

"omi, don't get involved with me, my patience has a limit."

"Senior, the reason why the Immortal Emperor can't sense me is because, I was killed before and my flesh body was shattered, however, I happened to pick up a divine weapon, the Turning Mirror, which saved me, we entered the Three Nothingness Space, in the Three Nothingness Space, I met the former owner of the Turning Mirror, he fused the shattered Mirror with my flesh body, so the Immortal Emperor can't sense me anymore."

"Ah, no way."The Blue Emperor turned pale and panicked, pouncing on omi's head and holding it down.

After a few seconds, the Blue Emperor's face went white.

"Oh my god, it's really not you, I, I've been tricked.Qin Zhong, you son of a bitch, you tricked me, ahhh."

The Blue Emperor suddenly went crazy and disappeared in an instant.

omi found himself in the auditorium again.

The Ten Thousand Violet Great Sage and the Divine Nun were both standing in the auditorium, only, the Divine Nun's clothes were no longer red bridal attire, and the clothes on omi's body had changed back to the previous ones.

The Ten Thousand Violet Great Sage was busy saying, "Brother Tang, what's going on?All of a sudden it's back, where's senior Blue Emperor?"

Don doesn't know what's going on. A second to remember to read the book

It felt like this Blue Emperor, who had been tricked into saying that omi was the one with the Exquisite Heart, wasn't.

The person who truly possessed the Exquisite Heart was Nian Shi.

However, what the Exquisite Heart was, omi didn't know, nor did he know what use it had, but it must be something especially precious, something more precious than even the Immortal Emperor's Hong Meng Heart, or, something no worse than the Hong Meng Heart.

"Brother Tang, speak up, where did the Blue Emperor go?"The Ten Thousand Violet Great Sage was busy asking.

omi looked at the Ten Thousand Violet Great Sage and the Divine Nun.

Originally, omi was coerced by the Ten Thousand Violet Great Sage to assist him in seizing the heavens.

But suddenly a Blue Emperor popped up and interrupted this matter.

Now that the Blue Emperor had disappeared, omi must make good use of the Blue Emperor so that the Ten Thousand Violet Great Sage would not dare to hit him.

omi said to the Ten Thousand Violet Great Sage, "The Blue Emperor has left."

"Gone?Why did you leave without even saying hello?"

omi said, "What kind of status does the Blue Emperor have, how could he greet you."

"Eww."The Ten Thousand Violet Great Sage thought about it.

omi said, "Of course, when the Blue Emperor left, he did greet me."

The Divine Nun asked with a cold face, "What did the Blue Emperor trade with you?"

omi smiled, "An important thing to him, he used you, a beautiful woman, to trade with me.From now on, you'll be my wife."

"You're dreaming."The divine nun was furious, and only now that the Blue Emperor wasn't here did she dare to get angry.

omi smiled, "Anger is useless, Blue Emperor he will come back for me again, then you can talk to Blue Emperor yourself."

"You."At the mention of the Blue Emperor, it also seemed as if the divine Nun's temper had suddenly closed, only to be unwilling inside.

The Ten Thousand Violet Great Sage was currently depressed, but he wanted to seize the heavens ah.

The Ten Thousand Violet Great Sage asked in a low voice, "Brother Tang, since the Blue Emperor is gone, let's not discuss him, let's continue that matter from before."

omi said knowingly, "Er, which matter?"

"You assisted me in this matter of seizing the heavens."

"Oh, Great Sage, I'm so sorry, I just made a deal with the Blue Emperor, and he said that I'm his friend now, and he also said that he wants you to assist me in taking the heavens in the future."

"What."The Ten Thousand Violet Sage shouted.

"It's true, I didn't expect it myself, but Blue Emperor would say that it would allow the

You assisted me in taking the words of heaven in the future."

"You."The Ten Thousand Violet Great Sage was annoyed within.

omi wasn't afraid of the Ten Thousand Violet Great Sage's anger at the moment, after all, the two words Blue Emperor were sufficient.

"Great Sage, I'm sorry ah, we all have dreams, if I didn't have a choice, I would definitely be assisting you. But now, I have a choice, I certainly choose myself. Don't worry, you assist me in taking the heavens in the future, and once you succeed, you will be one man below and ten thousand above in the future."

"You shut up, I don't want it." The Ten Thousand Violet Great Sage roared.

omi comforted, "Great Sage, I know you're feeling bad inside, but you have to understand. Now that Divine Nee is my daughter-in-law, why don't you discuss it with my daughter-in-law."

The divine nun looked at omi gritting his teeth, seemingly in pain and torn.

The Ten Thousand Violet Great Sage roared and the roar shook the four directions.

After the roar, the Ten Thousand Violet Great Sage said with red eyes, "omi, I will not help you."

"That doesn't matter, in any case, I don't wish to make a grudge against you, I have the Blue Emperor to help me, the probability of me seizing the heavens in the future is far greater than you. Great Sage, if I make Heaven, I'll definitely make you the Great General of the Town."

"Scram, I don't care." After saying that, the Ten Thousand Violet Great Sage flew away with a reluctant heart.

No one was sure if omi's words were true or not.

omi smiled inwardly, this Blue Emperor was simply here specifically to defuse a crisis for him.

omi looked at the divine nun and smiled, "Lady."

"If you dare to call me that again, I'll cut out your tongue." The divine nun was depressed.

omi looked at the divine nun, her face was really beautiful, although she was wearing a grey nun's uniform and a dirt-cheap nun's hat on her head, but it couldn't hide her beautiful face, and her stunning figure.

"Gulp." omi swallowed his saliva, perhaps, the thought of the divine nun, whose strength was comparable to the Ten Thousand Violet Saints, made him particularly eager to conquer.

"Lady, it's time for us to go to the bridal chamber." omi said.

"Scram." In the next second, omi's body was suddenly lifted out of thin air by an invisible force.

Shenny looked like he wanted to kill omi.

"Lady, are you really going to kill me? Then think about it, the deal between the Blue Emperor and me isn't completely done, are you sure?"

"Bang." omi was put down.

The divine nun flung his sleeve and said, "omi, remember, I'm not your wife, I advise you to die of this."

After saying that, the divine nun also disappeared from the spot.

With her strength, omi couldn't even find her, and it seemed that this daughter-in-law, for the time being, was unavailable.

However, omi had at least relieved this crisis of the Ten Thousand Violet Saints, and although the divine nun couldn't get it for the time being, the divine nun didn't dare to really do anything to omi.

As soon as the divine nun left, Mu Qianji and the others busily ran out.

"omi, is everything alright."

"Brother Chen, what happened, how can we not understand."

Everyone is saying one thing to each other.

omi said, "Now that I'm no longer in crisis, the Great Sage doesn't dare ask me to help him seize the heavens anymore."

"What you just said, trading with the Blue Emperor, is it true?"

This was the territory of the Ten Thousand Violet Great Sage, of course omi wouldn't say no.

"Yes, it's just a pity that the Ten Thousand Violet Great Sage doesn't seem to be willing to help me, but that's fine, later on when the Blue Emperor comes, let him speak to the Great Sage himself, I don't think the Great Sage would dare to turn away the Blue Emperor." omi said this because he was afraid that the Great Sage was watching him at the moment.

As expected, omi's feeling was right, the Great Sage of Ten Thousand Violet was really spying on him, and was frustrated to hear omi say so at the moment.
