

## Chapter 911

Goma Star sighed, "Flying ships are really fast, I must get one quickly."

In today's world, those who have reached the Unity Realm Perfection and Great Perfection levels have entered the ranks of the recognized top powerhouses, and flying ships are exactly what top powerhouses can have, but not every top powerhouse is able to have one."

On the flying ship, Omi ate an Emperor Worm, and since it was the second time he ate it, Omi was able to control himself from calling out.

Half an hour later, the Emperor Insect had finished repairing Omi's meridians, of course, Omi had also digested the spiritual energy he had just absorbed from Zhang Guohou, however, Omi's realm did not improve much, it seemed that it was getting harder and harder to rely on the Sucking God's Great Law to improve, Zhang Guohou was at least a Unity Realm Great Success for the first time, but now he had sucked it up and there was actually no change. Omi could only stop.

Omi opened his eyes and said, "It's really not worth it to waste one of my emperor worms in order to kill a meaningless trash, fortunately the meridians didn't shatter this time, otherwise I would have to face two major injuries to the meridians, if there are more times, it's useless to eat emperor worms."

Xiao Meng said, "Brother Omi, that won't be necessary in the future, anyway, your own strength has gradually been brought up, and the role of Life Blood Hidden is getting smaller and smaller."

Omi nodded, "Well, the knock-off version of Life Blood Hidden that I figured out on my own is only as powerful as the third level of the Unity Realm Perfection, it's not bad to use it if I'm still weak, but now that my own strength has reached the Unity Realm Perfection, there's not much difference between using it and not using it."

"Where are we going to the next stop?"

“Next stop ah.” Omi thought about it and said, “Yan Yu, where is that Thousand Mountain Tomb you mentioned? Why don’t we go here at the next stop.”

“Ah, Omi, are you kidding me, Thousand Mountain Tomb, this is a Jedi, not a holy place. Anyone who goes in, not many come out alive, and even if they do, they’ve all gone insane. In this world, no one stronger than you would dare to go, us?”

Omi hesitated for a moment, if it really was a place that would bring about the end of everyone, there was really no need to risk it. Remember the URL . kanshu8. net

Even those at the peak of the Unity Realm Grand Perfection, infinitely close to the Ancestor Realm, didn’t dare to go, how could Omi go there.

“Alright, since that’s the case, I won’t go to this place, although I personally want to go to see how terrifying it is, but next time.” Omi smiled.

“Now then, where do we go next?”

Omi remembered that dean of the Star Ocean Academy, he said he had a treasure that could be opened if he knew how to suck power.

“Hey, why don’t we go find the treasure, I love finding treasures, haha.” Omi said.

“Find the treasure? What treasure?” Everyone looked at Omi in confusion.

Omi said, “Didn’t that Dean of the Star Ocean Academy say there was a treasure?”

“Tzu-Chen, we had a hard time escaping from that dean last time, and now we’re still going? We tricked that dean, he would probably kill us all.”

Omi nodded, “Also, although I’ve stepped into the Complete Unity Realm now, unfortunately, I’m only at the first level of completion, and that dean, who is at the pinnacle of completion, the later we get, the greater the gap between each level, I don’t think we can beat him. Alas, I don’t dare to go to this one, and I don’t dare to go to that one, so where exactly are we going?”

At that moment, Dao said, “Brother Omi, the flying ship received a distress message.”

“A distress message?”

“It’s nearby.”

A distress message from the other flying ships.”

“What does it say?”

“The distress message says that their flying ship is in trouble and is requesting support. Should we pay attention to it, Brother Tzu-Chen?”

Omi said, “Originally, it’s better to pull out a sword on the road, but we don’t know if it’s a trap, so it’s better to be careful. How about this then, Little Fire and I will go and take a look first.”

“Alright.”

Omi pulled open the hatch, and like a cat, Little Fire jumped out of the flying ship, and as soon as he jumped into the sky, Little Fire immediately turned into a giant. Omi leapt out and sat on the back of the fire beast and flew off in a certain direction.

Sitting on Little Fire's back, Omi flew several hundred kilometers and saw a flying ship parked on the ground in a primitive forest, with several strong men helplessly circling around it.

Omi knew that the distress message their flying ship had just received must have been sent from this anchored flying ship.

At this moment, next to this flying ship, a man said loudly to the driver, "Hurry up and fix it for me, damn it, delaying the lady, I want your dog's life."

"Yes yes yes, I will try my best to fix it."

"Damn, the flying ship will also be broken, what quality."

Inside the flying ship, a voice came out, "Is the flying ship repaired yet ah, hurry up ah, if you don't hurry up, Brother Words will have to wait anxiously."

"Miss, it'll be fixed soon, wait a little longer."

After saying that, those strong men outside urged that driver to fix it again.

Watching from the sky, Omi wasn't going to fly down rashly, there was no need to crash into it if it wasn't a good thing.

Not long after, the people on the ground also looked up into the sky and saw Omi in the sky, and the fire demon beast.

“Wow, what kind of animal is that?”

“Who’s the man sitting on the animal’s back?It’s so pulled together.”

“The head looks like a lion, but it’s bigger than a lion and has beautiful hair, what animal?”

Several people looked at the sky and pointed at it.

At this time, the woman sitting inside the flying ship also discovered it, and shouted in surprise, “Yes, it’s the Earth Beast Fire Demon, the legendary king of the underground, wow, the Fire Demon is not even extinct.”

Omi thought for a moment and flew down to the ground.

The most powerful one in the group of people on the ground was the first level of the Unity Realm Perfection, then there were two more Unity Realm Perfection, and a driver with a low realm, it seemed like there was a woman sitting inside the flying ship.

Omi let the Fire Demon Beast land.

“Who are you guys?I only came here because I got your distress signal, and my flying ship is nearby.”Omi got straight to the point and said.

“Hello, this friend, we are from the Famous Sword Villa, our flying ship broke down halfway.”

“Famous Sword Villa? Why haven’t I heard of this place.” Omi muttered.

“Oh, this friend, you’ve never heard of the Famous Sword Villa, so you must have heard of Words of Intent.” That strong man of the Unity Realm Great Perfection smiled.

Omi shook his head and said, “Sorry, I haven’t heard of any Words of Intent either.”

At that moment, a woman came out of the flying ship and said, “No way, you haven’t even heard of Speech Intention, you’re too lonely.”

912

Omi trailed off, “Haven’t you ever heard that if you don’t intend to speak, you must be lonely?”

“Senior, Speechless has been famous in the world for over a decade, ah, if you were a lower class commoner, it’s normal that you haven’t heard of it, but seeing as you’re also a strong member of the Unity Realm, you’re really a bit lonely if you haven’t heard of it.” The woman said, her voice filled with pride.

Omi looked at the woman, she was quite pretty looking, considered a great beauty, her age didn’t seem to be too great, she was in her twenties.

Omi hummed, “Then I’d like to hear what kind of a person is Yangying, such a big name.”

The woman said proudly, “Listen carefully oh, my brother Yan Yi, he is a world-class special genius, a genius who meets the United Nations special standards, ten years ago, my brother was 26 years old, he broke through to the late Unity Realm, those who reached the late Unity Realm before the age of 30, are all sensational world martial world special geniuses, you can’t even know this. I’ll tell you, in the entire world, there are no more than ten super geniuses, my brother is one of them, and now, my

brother has already reached the completion of the Unity Realm, he's only 36 years old. Now you finally know why my brother is famous, don't worship my brother too much oh."

Omi impatiently said, "Alright, I know, then, if there's nothing else, I'll leave first."

"Wait." That Unity Realm Great Perfection man shouted.

"Is there anything else? Since Speechless is so famous, I guess you don't need my help." Omi said.

The man who was at the Unity Realm Perfection smiled apologetically, "I'm sorry, friend, my lady grew up listening to her brother's legendary stories, and since she admires him too much, she might be a bit rude, so I hope that my friend will bear with me. Friend, you have cultivated to the perfection of the Unity Realm, you must not be young in real age, let's not be ordinary with a young girl, she is only twenty years old this year."

Omi inwardly hummed, "Twenty years old, I'm only twenty-one okay, just a year younger than me, how young can it be."

Omi said, "Of course I don't have time to be general knowledgeable with a young girl, besides, her brother, Words of Intent, is indeed a remarkable genius. Alright, what exactly is wrong with your flying ship? I'll have to see if we can help you." A second to remember to read the book

"Here's the thing, we were flying ships that somehow went out during flight, then fell to the ground and restarted the ship, but there was a whole lot of garbled code and no idea what it meant." That strong man said.

Omi nodded, although Omi also didn't understand, but, Xiao Meng should understand, Xiao Meng was a hacker, her talent in this area was thiefly high.

"Okay, then you guys wait for a while, I'll go call my flying ship's people over."

“Okay, thank you, friend, no matter what, you’re a friend of our Famous Sword Villa.”

Omi didn’t say anything and rode away on the Fire Demon Beast.

That little girl looked at Omi’s Fire Demon Beast and said, “How cool, ugh, it would be even cooler if it was my brother riding such a beast.”

Omi returned to the flying ship.

“How was it?” Everyone was busy asking.

Omi said, “It’s true that one of the flying ships is broken, say a whole bunch of garbled code, Moe.”

“Well, it should be the flying ship’s program that’s messed up, just reset the program.”

“Well, then we’ll be right over.”

Not long after, Omi’s flying ship arrived.

&nb

sp; Xiaomeng entered the other party’s flying ship inside, began to give the other party’s flying ship toss, the other party’s flying ship really is programmed to mess up.

The other party's ship is a high-tech product, so the program is messed up on the anchor, this thing the general public will not, even after training pilots, do not understand at all, and Xiao Meng in this area of the computer is a top expert, it is simply a piece of cake. Of course, even though it was a piece of cake, it would take several hours to toss it.

Two hours later, Xiao Meng smiled, "Get it done."

"Thank you, thank you." That Unity Realm Great Perfection strong man on the other side was busy thanking.

"There's no need to be polite, I'll help you guys if brother Omi asks me to, so thank brother Omi if you want."

Omi also said that there was no need to thank, the other party's one: "Did you decide to help us because of my brother's words and intentions?"

Omi didn't bother to bother with this brain-damaged lady, and said with no good feelings, "Yes."

"Wow, I'm getting to admire my brother more and more, I didn't think that my brother didn't have to appear, just relying on a name, going out everyone is so respectful, brother is so great." That brainiac.

Omi was really F\*cking sick of hearing it.

That strong man on the other side of the Unity Realm, "Friend, my name is Black Bar, what's your name?"

"My name is Omi, she called, as for the others, they were all on the flying ship in the sky and didn't come down, only Omi and Xiao Meng came down.

“Thank you again, Brother Tang, Little Meng girl.”

“No need to be polite, since it’s fixed, we’re leaving.”

Black Column suddenly asked, “Right, Miss Xiaomeng, why is our flying ship, which was fine, suddenly broken?”

Dao: “This, it should be caused by a virus.”

“Virus? What virus can even poison a machine?”

“Oh, Uncle Black Column, the virus I’m talking about isn’t one of those viruses that the toxicologists are researching, it’s a computer virus. I just saw from your flying ship’s records that it seems to be a virus that came in from some audio or some other file.”

“What kind of audio files?”

“I didn’t pay attention, I just remember a lot of documents with names like, something like Kawashima Keiko, Tanaka Yoshiko, Aoi something or other.”

At this moment, that other driver’s face was white and he subconsciously turned his head.

Omi also didn’t know what Kawashima, Tanaka, Aoi and so on, and thought it was the name of some virus, which Omi never knew about. That black bar on the other side, as well as that brain-dead lady, also didn’t seem to know, or perhaps, the only one who knew was that driver on the other side. Because, it was him who usually liked to play these movies on the flying ship, because the sound system inside the flying ship was top-notch, and it was really cool to watch these movies on the flying ship.

“Alright, bye.”

Black Bar was busy saying, “Wait a minute, Brother Tang, where are you going?”

“We’re aimless, and we haven’t decided where to go yet.”

“In that case, why don’t we go to our Famous Sword Villa for some fun, and we’ll thank you for your help.”

“This.”

“Brother Tang, don’t be excused, our Famous Sword Villa isn’t very far from here, it’s only a few tens of thousands of kilometers away. Moreover, our Prince Speechless recently got married, so he’s also going to have a wedding feast from our mountain villa.”

913

“In that case, I will respectfully follow your orders.” Omi nodded his head.

That brain-dead lady suddenly stuck out her head and busily said, “Yeah, yeah, you can still meet my brother when you go to our Famous Sword Villa, I’m sure you’re also eager to meet the legendary special genius, hehehe.”

“Go.” Omi didn’t even look at that brain-damaged lady, pulling Xiao Mengton onto the Fire Devil and straight into the sky on a flying ship.

“Brother Omi, what was the meaning of that one just now?” Moe asked.

“A brain-dead lady, don't bother with her.”

“She said we could meet the legendary genius extraordinaire, aren't you the genius extraordinaire?”

“That brain-dead lady's brother's name is Speechless, a brilliant man just like me, his sister worships her brother and thinks we worship her brother too, that's all, such brain-dead, why take care of her.”

“Oh.”

The ground ship had flown into the sky and stayed in front of Omi's ship, then flew straight ahead, Xiaomeng controlling the ship to follow up.

Yi Tianxing asked, “Where are we going?”

“Follow that flying ship ahead, they are from the Famous Sword Villa, since they invited us sincerely, let's go to the Famous Sword Villa for a few days, our purpose is to travel all over the world anyway, the Famous Sword Villa has a special genius, it must be a remarkable place, although it's just a mountain village, I'm afraid it's no weaker than the entire Gomorrah Empire, such a place is worth a visit.” First web site m. kanshu8.net

“Good, then go to the Famous Sword Villa. By the way, you said that the Famous Sword Villa also has extraordinarily talented people.”

“Yes, his name is Speech Intentional, at 26 years old, he stepped into the late stage of the Unity Realm, he is 36 years old this year, he is already a complete Unity Realm, I heard that the realm is the same as mine, it only took him ten years to go from the late stage of the Unity Realm, to the complete Unity Realm, usually an ordinary person would have to spend less than thirty or forty years, or a lifetime, or even a lifetime to step into it, this person is truly a genius of the highest order.”

Liu Yue trailed off, "Alright, Omi, if we were to say that, it would indeed be genius to the extreme, if you were to say that, how does it sound like sarcasm, you, a person who stepped into the Unity Realm Perfection at the age of 21, saying that a person inferior to you is genius, you're either sarcastic or praising yourself in disguise."

Omi chuckled, "On a case-by-case basis, although the speed of my breakthrough, slightly superior to him, it doesn't deny his genius. Forget about him for now, we're just going to the Famous Sword Villa for fun, so why bother with so much."

Omi's flying ship followed behind, arriving at the Famous Sword Villa a few hours later.

The Famous Sword Villa was large and magnificent, with dozens of mountain ranges in a row, it really was a mountain village as good as any empire.

The flying ship in front of Omi stopped at one of the central mountain ranges.

After disembarking from the flying ship, Black Bar came up and said, "Brother Tang, this is our mountain villa, I'll send Miss to meet the villa master first, I'll have someone take you to settle down and rest for a while, I'll come back to you when I'm done, of course, you are free to visit our mountain villa, as long as it's not some forbidden area, you can go there, your flying ship is parked here."

"Okay, thanks."

Black Column immediately ordered a servant to take Omi and the others to the guest room department while Black Column took the brain-dead lady to meet some kind of bank master.

Omi and the others arrived at a luxurious hilltop manor.

“A few distinguished guests, this is the Wuling Manor where Lord Black Bar asked me to arrange for you to stay.

Stay inside, there are special cooks here, servants, you all so.”That servant said to Omi and the others.

Omi asked, “When is the big wedding of your mountain village’s Words of Intent?”

“The day after tomorrow is the day of our Prince’s wedding, and there will be many, many strong people from all over the world coming to see our Prince’s wedding.”

“The whole world?”

“Yes, our Famous Sword Villa is very prestigious, plus our son’s special genius status, there aren’t many powers that don’t give face, those small empires and such kings and such, definitely tend to be vulture.By the way, where did a few of you come from ah?”That servant asked.

Omi said, “The Yanhuang Empire.”

“Yan Huang Empire, if I’m not mistaken, the king of your Yan Huang Empire will definitely come to our prince’s wedding.”

“Oh yeah, such a big face.”

“Hehehe, of course, our prince is a special genius, the entire world is so huge, but there aren’t ten special geniuses, and every single one of them is the most promising to surpass the Unity Realm.On the day of the big wedding the day after tomorrow, I’m sure you guys can meet several Special Grade Geniuses.”

“Uh, several?”

“Yes, our gongzi, as a special grade genius, naturally knows a few other special grade genius friends, and since we are friends, naturally there is no reason not to come to the wedding. You guys are so right to come to our gongzi’s wedding, not only can you meet our gongzi as a super genius, but you can also meet others as well. Extraordinary geniuses, ordinary people can’t see them in their lifetime, you guys, you’ve earned a lot.” That servant said.

Omi’s head was a little too big to hear, even the friends of Omi’s mercenary group couldn’t listen anymore, although they also worshipped the special-grade genius, but the tone of the Famous Sword Villa’s people, even the servants were so proud, it was really unbearable.

“Is there anything else I can help you with, a few seniors? Lord Black Bar has instructed that I can be bothered with anything.” That servant said.

Omi couldn’t stand his tone anymore and was busy saying, “No, thank you.”

“Oh, you’re welcome, then how about I tell you the legend of our Prince.”

“What did you say?” Omi’s eyebrows furrowed.

“The legendary story of our gongzi ah, you must all admire our gongzi, since you are friends of Lord Black Column, I’ll tell you the legendary story of our mountain village’s gongzi Words of Intent, to hear how our gongzi cultivated the martial dao step by step against the sky.” That servant said with an adoring face.

Omi shook his head and said, “No need, thank you.”

“Ah, don’t you want to know the legendary story of our gongzi.” That servant looked a bit startled and thought that Omi and the others would clap their hands and say, “Yes, yes, I love to hear the legendary stories of geniuses. But to his surprise, Omi actually said it wasn’t necessary.

“Oh, well then, I’m sure you guys must be tired and want to rest, so when you’re done resting, if you want to hear the legendary story of Prince Speechless, I’ll tell it to you anytime oh, then you guys rest, I’m leaving.”

That servant just walked away.

Wang Xing said, “Oh shit, finally gone.”

Liu Yue also said: “Legendary story, I pooh, who is interested in listening to his legendary story, we are around Omi, there are still few legendary stories that he witnessed with his own eyes.”

: “If this servant doesn’t leave, honestly, even I’m going to vomit.”

914

For the time being, everyone was staying at this mountain resort called Wuling, the black bar had arranged the best place for Omi and the others to stay, this black bar was interesting enough.

Omi and everyone took a casual tour of the Famous Sword Villa.

In the evening, Black Bar finished handling his business and came to Wuling Manor to look for Omi.

“Brother Tang, I’m sorry, there’s something to deal with with my brother, I didn’t expect to slow you down.” Black Bar said apologetically to Omi.

“Brother Black Column is polite, by the way, who is your big brother?”

“Haha, my big brother is the Master of the Famous Sword Villa, back then, I was just like you, I followed my big brother, set up a mercenary group and ran all over the world.”

Xiao Meng said, “So you’re not a guard ah, I thought you were a guard, thought that a guard of the Famous Sword Villa had reached the Unity Realm Great Perfection, wouldn’t the Famous Sword Villa be incomparably powerful.”

The black bar smiled, “The lady you saw today is my big brother’s granddaughter, her name is Yan Wuyue. Our Famous Sword Villa, although not the strongest, is not weak either, there are currently a total of six Unity Realm Great Perfections in our Famous Sword Villa.”

“Ah, only six ah.”

“Uh, is six considered less? As far as I know, in many empires, there is only one emperor, and our little Famous Sword Villa, with six Unity Realm Grand Perfectionists, is already a very great strength, besides, I’m not going to lie to you, our Old Villa Master is still a peak Unity Realm Grand Perfectionist. In the entire world, there are only thirty who have reached the peak of the Unity Realm Great Perfection, and our Old Villa Master is one of the thirty.” Black Bar proudly said.

“Wow, so it seems that the Famous Sword Villa is truly extraordinary.” Omi praised. Remember the website .kanshu8.net

“That’s right, moreover, our Prince of Words, he’s a special genius, it’s very likely that he’ll become the peak of the Unity Realm Grand Perfection in the future, and at that time, our Famous Sword Villa will be even stronger.”

“Oh, Senior Black Bar, there are only thirty in the world who have reached the peak of the Unity Realm Grand Perfection,” Omi said.

“Yes, our old villa master, only stepped into the peak of the Unity Realm Grand Perfection at the age of one hundred and fifty, and the other twenty-nine Unity Realm Grand Perfections, all of them only stepped into this level at the age of one hundred. These thirty people are the thirty people at the pinnacle of the entire world, and they have an incomparable reputation in the entire world.”

“Mm.” Omi nodded, it seemed that cultivating to the pinnacle of the Unity Realm Grand Perfection was indeed very difficult.

In fact, Omi had felt it right now, before Omi had sucked in the spiritual energy of Zhang Guohou, who was at the first level of the Unity Realm Great Perfection, it was reasonable to say that Omi had sucked in his spiritual energy, at least a little bit of gain, in fact, Omi felt almost no change, it was evident that after Omi had reached the Unity Realm Great Perfection, it was already too difficult to ascend even a small level higher. It was still so difficult for Omi to possess the God Absorbing Great Law, those who didn't have the God Absorbing Great Law and relied entirely on themselves, I really don't know how much more difficult it was.

At this moment, a servant came in outside the door, the same servant who wanted to give Omi the legendary story at noon.

“A few seniors, have you rested?” That servant asked.

Omi frowned, “What for?”

“At noon, I'll tell you the legend of my son, and you want to rest first, so now that you're rested, may I begin?”

Omi's face was black, damn it, if not for Senior Black Bar being here, Omi really wanted to rush up and kick him, when did Omi say that he would listen to his legendary tales after resting.

Senior Black Column just laughed and didn't say anything.

r /> That servant waved to Yan Qiang, Yi Tianxing, and Lang Tianya, "Come, come, you all come over, I'm going to start telling the legendary story of the Extraordinary Genius."

Since the black bar was also here, Omi couldn't say anything like he wasn't interested, so he could only bite his teeth and say nothing.

That servant began to tell, "36 years ago, on a dark and windy moonlit night, in one of the compartments of the Famous Sword Mountain Villa, a baby's cry was suddenly heard, and a maid shouted: it's born, it's born, Madam has given birth, it's a boy. This boy, is our Noble Sword Villa's Mr. Speech Intentional, and it is from this moment that our legendary story begins to be told."

Omi was really F\*cking about to hold his breath, never wanted to kick someone's ass this badly.

At this moment, a maid came in from outside and said, "Is Senior Omi here?"

"I'm in." Omi was busy.

Omi couldn't wait to get out of here now.

"My lady asks you to come over."

"Who is your Miss?"

"My lady is Speechless Moon."

Omi busily nodded, "Okay, I'll follow you there right away."

Although Omi didn't want to go at all, it was better to go see that brain-damaged lady than to listen to the legendary story here.

Omi said to Black Bar, "Big brother Black Bar, then I'll go over first to see what she wants from me."

"Fine, go ahead, I'll accompany these friends of yours to listen to the story."

"Uh, okay." Omi gave a sympathetic glance at the rest of the group, the rest of them were depressed.

The black bar thought that Omi and the others liked to listen to the legendary tales of words and intentions, so they accompanied them, but who knew that Omi and the others were holding back because they were not good at refusing and were afraid of offending others ah.

Omi hurriedly followed that maid and got away, but those siblings of his were helpless to continue listening to the legendary story of Words of Intent.

Omi asked that maid, "What does your lady want with me?"

"I don't know, we, let me make sure I ask you to come over."

"Uh, this brain-dead lady, what the F\*ck."

"Who are you calling brain-dead?"

“Oh, no no, it’s a friend of mine from before.”

Soon, Omi arrived in front of a luxurious house.

“This is where our Miss Speechless Moon lives, go in, our Miss is waiting for you inside.”

Omi walked in and immediately saw a pavilion inside with many delicious foods, there were all kinds of fruits, mountain and sea delicacies, and wine.

Omi secretly said, “This brain-damaged lady is not trying to treat me to dinner, right? I’m not related to her, so why did you invite me to dinner?”

“Omi.” Just then, the brain-dead lady popped up, she had changed her clothes and presumably had a shower, looking much more beautiful again than before, and a real beauty if she wasn’t so brain-dead.

“You looking for me?”

“Omi, I’m a guest from afar, I’d like to invite you for a meal, sit down.”

“Miss Speechless Moon, you’ve made a mistake, I’ve only met you once, what kind of meal are you inviting me to.”

915

“Omi, why are you being so disrespectful, as if you hate me so much, do I disgust you that much? Besides, my brother is a super genius, and if it were anyone else, they would be eager to please me. For example, last year, my Famous Sword Villa held a marriage proposal competition, and countless

young talents came, although I know that most of these people came for my brother's reputation, but there's no denying my attractiveness ah."

"Hahaha." Omi laughed wordlessly, mum, it seems like it was a mistake to come here, facing such a brain-dead lady, it would be better to listen to a legendary story.

"Alright, if you want to buy me dinner, then eat, I haven't eaten dinner yet anyway." Omi didn't bother to toss it and sat down directly in the pavilion.

Yangyue poured a glass of wine for Omi, poured another glass for herself, and said, "Omi, I'll drink a toast to you."

"Thank you." Omi drank it all straight away.

After eating a few bites, Omi stood up and said, "Alright, thank you Miss Speechless Moon for your hospitality, I'm done eating, goodbye."

Omi got up and left.

"Wait."

"Miss Speechless Moon has something else?"

"Don Omi, you seriously can't feel it?"

Omi said, baffled, "And please express what I should feel, Miss?" One second to remember to read the book

“Don Omi, can’t you feel at all that I mean something special to you?”

“Hahaha, Miss Speechless Moon, to be honest, I can’t feel it.”

Speechless Moon stomped her foot and said, “Omi, will you sit down?”

“I’ve already finished eating, what’s the point of sitting down, it’s better not to linger too long if you’re alone.”

“Omi, actually, as soon as I saw you today, I was smitten with you.”

“Hahaha.” Omi laughed out loud, honestly, Omi really didn’t see it at all.

“Joke’s on.”

“Omi, it’s true.”

“Miss Speechless Moon, if I remember correctly, you just said that you already held a marriage proposal contest last year, isn’t it, that your marriage proposal contest wasn’t enough to choose you a young talent with a good name? And actually interested in me, I really can’t understand you.”

Speechless Moon said, “Omi, to tell you the truth, last year’s marriage proposal competition did give me a fiancé, he’s the Young Master of Long Pine Valley, he has good talent, but, I used to think he was okay, but ever since I saw you this morning, I don’t know why, I suddenly feel like I don’t like him very much. I think, I like you.”

Omi said angrily, “Miss, please take care of yourself.”

“Omi, don’t be like this, I can’t help myself, by the way, I even told my grandmother about this this this afternoon, and my grandmother scolded me, scolding me that I shouldn’t be so double-minded, and since I’m already engaged to the Young Valley Master of Chang Song Valley, I should be dedicated. However, I really don’t like him more and more, if I hadn’t thought about it that much before I met you, ever since I met you, I’ve felt that I want to pursue my own happiness and shouldn’t listen to my elders’ arrangements.”

Omi snorted, “Boring.”

Omi turned around and walked out.

However, for some reason, after taking two steps, Omi suddenly felt dizzy and his feet had no strength.

“You, what did you do to me?” Omi looked at Speechless Moon.

Yan Wuyue looked at the sky and said, “I’m sorry, Zang Baiqiu, I didn’t mean to betray you, I just can’t accept it!

You, I will pursue my own love, and you will find a better one than me.”

Omi tried to control himself, but, his medical skills didn’t work, Omi clearly knew that he was poisoned, and the poison was very clever.

Speechless Moon said, “Omi, I’m sorry, don’t blame me, just now in the wine, I’ve put down a poison, called the Three Leaves Love Flower, developed by a fifteen-grade poison master, if you haven’t reached the Unity Realm Great Perfection, you can’t resist this poison.”

“Three Leaves Love Flower?”

“A person who has been poisoned by this poison, he will be infatuated with me. Omi, please don’t blame me, I’m really in love with you, there’s no harm to you at all for us to be together, my Famous Sword Villa is so strong and my brother is a special genius, no matter how you look at it, you’re not at a disadvantage. The only thing I’m worried about now is whether my grandparents and the others will scold me when they find out about this, and whether my fiancé will come to the door to theorize when he finds out. But for my own happiness, I had to be open-minded, love is something you fight for, isn’t it.”

“Brain-dead, love you sister, who has love with you.” Omi raged.

“Omi, am I really that unacceptable? Well, you’re going to love me when we’re raw, and I’m ready for that.”

“What do you mean?”

“Three-leaf love flower, it also has the effect of rutting, tonight, our wedding night, when the raw rice is cooked, my grandparents will be forced to accept the reality even if they know about it.”

Omi didn’t bother to talk to this brain-dead man, although Omi couldn’t cure the poison, Omi could control his actions.

Omi’s arms and legs were weak, but that didn’t mean that Omi didn’t have the slightest ability to resist.

Omi cast a bewitching spell, and in one fell swoop, he charmed the brain-damaged lady.

It was Omi’s bad luck to encounter such a brain-dead lady.

Omi blew a whistle, and soon after, a fiery red lion flew over.

“Little Fire, take me out of here.”

“What’s wrong with you, Chenchen? Aren’t you going to the feast?”

“Don’t say it, that Speechless Moon has poisoned me with love.”

“Love poison?”

“If I didn’t still have Ecstasy, I’d have to have sex with her tonight.”

“Ah, that’s a good thing.” Little Flame looked at Omi in puzzlement.

Omi glared at Little Fire and said in a bad mood, “This kind of slut, and a good thing, send me not even interested, hurry up and leave before more trouble, this is the Famous Sword Villa after all.”

“Good.”

Omi sat on Little Fire’s back.

Omi looked at Speechless Moon, who had fallen to the ground, and thought for a moment, but he still cast a mesmerizing spell to wake her up.

Speechless Moon woke up and saw that Omi was already sitting on Fire Demon’s back.

“Omi, you.”

Omi snorted, "Speechless Moon, please respect yourself and give me the antidote, I can pretend that nothing happened tonight."

"Omi, I really like you, listen to me, as soon as we have cooked the rice, Nagatsugu will definitely come to withdraw from the marriage, my grandparents know about it, even if they are very angry, in the end, they have no choice but to accept this matter, at that time, we can really be together. You trust me, I won't lie to you."

Omi really wanted to explode, feeling like a bull to a bull.
