

Chapter 997

“I don’t know, it’s really anxious to see him like this, it’s heartbreaking for him, I don’t even know what’s wrong with him.”

“Miss, why are you distressed about him, it can’t be that you are interested in Zhang San, right?”

“Nonsense, he’s my family now, it’s only right for me to feel sorry for my own family, didn’t my grandfather say that I should take care of him a little more.” Zi Yue blushed and said.

“Oh.” The maid nodded half-heartedly.

Omi drove the carriage to the bottom of the mountain, consigned it to a professional stable, and then went up the mountain.

Omi didn’t know what he was getting mixed up in and was full of confusion.

In the evening, Zi Yue takes Omi and meets a boy, named Ding Shan, and at night, Omi stays in the dormitory of this boy named Ding Shan, but unfortunately, this Ding Shan has a girlfriend who sneaks in at midnight and makes a lot of noise to keep Omi awake.

The next day, Ziyue checked Omi in, in the same class as Ziyue.

Class two of the fourth grade.

Omi sat in the classroom, always feeling, somewhat similar to back then at Baiyun Middle School, in a trance, Omi seemed to turn back time, back to Baiyun Middle School.

“Hey, that student, why are you languishing?” At this time, a teacher shouted. First URL m. kanshu8.net

Don Omi raised his head.

“That’s you, are you new here? Why are you so listless? Go out and carry a big rock on your back and fly around the mountain a hundred times.” That teacher said that this teacher was a great completion of the Unity Realm.

Omi was a little surprised that an ordinary teacher was so powerful.

Zi Yue busily stood up, “Teacher Wolf, he’s sick, please don’t chastise him.”

The students in the class were surprised to see that Zi Yue was helping the newcomer.

One of them, a boy in the class who was a little jealous stood up and asked, “Ziyue, who is he? Why are you defending him? Quickly tell me who he is.”

This somewhat jealous boy was in the second class of the Ding grade, the most talented, called Green Hua, and was at the first level of the Early Unity Realm.

Zi Yue didn’t even listen to what he said, too busy pleading with the teacher not to chastise Omi.

Lvwatun shouted, “Zi Yue, say it, what’s your relationship with him.”

This yell startled the whole class, and everyone looked at him.

Ziyue said, “Zhang San is my boyfriend.”

“What? No way.” Green China’s body trembled.

“Impossible, what does it have to do with you.”

“Ahhhh.” Green China rushed to Omi and yelled at him, “Say, what’s your relationship with Ziyue?”

Omi’s gaze was dumbfounded as he looked up at Green China, and in this instant, it was as if Omi had seen the guy called Zhao Ritian from Baiyun High School once, huh?

“Say, what’s your relationship with Zi Yue.”

The whole class was looking at the new Omi, a newcomer to Green China, as if they felt that the newcomer was in trouble.

Just then, to no one’s surprise, the new Omi, without saying a word, raised his slap.

“Slap.” Giving Midoriwa a loud slap, Midoriwa was instantly slapped to the ground.

“Wow.” The whole class was collectively surprised, even the teacher was shocked, this newcomer, fierce enough to hit even the first genius of the class, this first genius of the class, but someone on the genius list of Laoshan Academy, even though it was only the bottom of the genius list.

lv Hua himself was also silly, he never expected that this silly looking, newcomer, would beat him without saying anything, also too cultured.

r /> “I’ll kill you.” Green China soared to the ground and threw a punch at Omi.

Everyone thought that Omi was going to be beaten to the point where he didn't even know his father, when it was discovered again that Omi had grabbed Lv Hua's fist.

Green Hua's fist was caught in Omi's palm, unable to move, unable to advance half a point, and unable to pull out.

Omi's eyes looked at the grasping fellow with impassive eyes, remembering in his mind a guy named Jin Hu from White Cloud High School back then.

"Ahhhh, let go of me." After trying for a long time, Green China could never get rid of Omi's hand and could only threaten Omi to let him go.

Zi Yue came up and said, "Zhang San, stop it, let go of him."

Omi looked at Zi Yue and said, "This Jin Hu, isn't it, Lv Hua, does he usually bully you?"

"Bullying isn't really there, it's just a little annoying."

The next second.

"Ka-chow." Omi directly battled off Green China's arm.

"Ah." Green China shouted.

Omi habitually stomped Green China's head on the ground and said, "Don't ever harass my sister again, do you hear me?"

The crowd was already stunned at this moment.

And Ziyue heard Omi say his sister, but her heart was lost, was she not pretty enough?

“Let go of me.” Green Hua yelled unwillingly, perhaps he was usually used to being respected, it was really a shame to suddenly be stepped on like this. Moreover, the entire Laoshan Academy hadn’t had such a violent person, most of those experts on the genius list were from famous families with good upbringing, even for the sake of the family reputation, they couldn’t be as violent as Omi, so Omi’s violent scene had really stunned the crowd.

It wasn’t that Omi was uneducated, but rather, habitual, in the past, in Baiyun High School, those evil young maniacs, weren’t they all like this.

“You F*cking let go of me.” Midori Hua yelled with a red face.

“Bang.” Omi kicked the ungrateful Green China out of the classroom.

“Wow, how rough.”

“Hehe, so manly.” A few girls looked at Omi with infatuated eyes, feeling that Omi was so rough, very carrying and wild, and had even conquered many girls at once.

Zi Yue was also dumbfounded as she looked at Omi, feeling that Zhang San was so handsome.

The teacher came down and said, “Zhang San, what strength do you have?”

Omi looked at the teacher, this teacher was at the first level of the Unity Realm Great Perfection, Omi could second him.

However, Omi didn't like to pretend to compare, after all, his real age wasn't 17 years old.

“There's no strength, alright, take your class, just pretend I don't exist, I'm just here to muddle through.”

“Oh.”The teacher laughed, and said in his heart, what a madman, Laoshan Academy, even the first genius, did not have such a madman's tone ah, every genius, all from famous families, which one of them was not polite, very qualified and cultured, like Omi, such a rough behavior, and such an arrogant tone, really never seen before.

The class quieted down, and the one called Green China, who was so wildly beaten by Omi, was very ashamed, and didn't dare to return to the class at all.

However, someone so violent was born in the Laoshan Academy, it would definitely cause a huge stir, Omi's style was so violent, he was destined to become an alternative to the Laoshan Academy, and there was no telling what waves would roll up.

However, with Omi's strength, any storm and waves would be like fart, Omi didn't want to play with the people here at all, Omi rejected this world inside, he was at a loss and just wanted to leave.

Omi's violent beating of Green China spread in one morning in the Laoshan Academy.

Many people came to Ding Year 2 to see how this Omi was.

“Hey, which one is the legendary Zhang San who violently beat up Lv Hua ah?”

“Shh, that’s the one that’s sleeping on the table.”

“Ah, sleeping on the table?Is this something a student can do?”

“Shh, what is this, he was very rough when he hit Greenwald, not only did he have no manners, he even stomped Greenwald’s head on the ground after the beating.”

“Holy crap, no way, how in the world can there be such a rude person?Oh my God, what is it with that famous family?It’s so cultured, isn’t he afraid of disgracing his family?”

“Shh, used to be a groom.”

“No wonder.”

Throughout the morning, people kept coming to Ding Year 2 to see Omi, and everyone was stunned by Omi’s rude behavior.

Although Omi knew that many people came to watch him, Omi didn’t react and kept lying down to sleep. Remember the website . kanshu8. net

School is out at noon.

Ziyue invited Omi to go to lunch with her.

Omi nodded his head, he didn’t know where the cafeteria was.

Soon, arriving at a cafeteria-like place, many people saw Omi enter the cafeteria and were pointing and discussing about Omi.

With Zi Yue's help, Omi bought his food.

Omi was not in a good mood when he saw so many people pointing at him in the cafeteria, and was originally in an extremely unhappy mood because he was trapped in this memory stone.

"Zhang San, let's go sit over there." Zi Yue pointed to an empty spot in a corner of the cafeteria, the better seats had already been occupied by those who came first.

However, Omi wasn't aggravating himself, he was already depressed enough already, but aggravating himself to sit in the corner and eat?

Omi went straight to a table in a window seat and said to the student who was eating at that table, "Get out of here."

"Wow." Many people were originally watching Omi in silence, but when they suddenly saw Omi grabbing someone else's seat with such impoliteness, many of them wowed as if it was the first time they had seen such a thing.

The two boys who were eating at the window seat looked at Omi for no apparent reason.

"Classmate, what are you doing?"

Omi was a little impatient with a yell, "Get out of my way, my place."

"Classmate, you."

“Bang.” Omi slapped the two ungrateful classmates out of the window in full view of everyone.

“Wow damn, how rough.” The entire cafeteria was stunned, how could there be a student who was so unreasonable and so rude?

Zi Yue was extremely depressed, she didn’t even dare to go over to sit and eat with Omi, this was too humiliating, how could Zhang San be so overbearing and unreasonable.

In the end, Zi Yue still didn’t dare to go up to sit and eat with Omi, she was an educated person, this kind of behavior she couldn’t do, and it could even be said that all the students in the entire Laoshan Academy couldn’t do it, even if they did, they wouldn’t dare to do it openly, only in the back.

Omi dominated two seats by himself, and even put one foot on the stool, then ate his food.

Omi looked a bit like the people of this world owed him.

Omi’s rude behavior finally drew the displeasure of some students.

A student named Yang Late seemed to be unable to endure it any longer, slapped his chopsticks and stood up.

p;The students in the cafeteria were delighted to see Central Late standing up in anger.

“Central Late can’t see it anymore, haha, great.”

“Central Late is the first genius of the eighth class of Ding grade, ranked ahead of Green China in the genius list, I hope he punishes this rude guy severely.”

“Central Late, go up and teach him a lesson.”

Everyone looked at Central Late.

Central Late furiously walked towards Omi.

Omi was still eating with one foot on the stool, the food was delicious, but it couldn't offset the depressing feeling of being trapped in this world.

At this time, Central Late came up, stood in front of Omi, and said, “This student, do you know that you are very rude, and your behavior seriously contradicts the moral program.”

Central Late didn't immediately make a move on Omi, but first in a lecturing tone.

Without looking, Omi said, “I'm in a bad mood, don't provoke me, get out of my way.”

“You.” Central Chi saw that Omi not only didn't listen, but also called Laozi such a name in front of him, it's really a despicable person.

“Classmate, if you continue this kind of rudderless attitude, don't blame me, Central Late, I will definitely seek justice for those two classmates just now.”

Omi snorted, “Don't look for death.”

“You.” Central Chi was that angry, and the surrounding students were also very angry.

“It seems that talking to someone like you who has no connotation is a complete waste of energy, just as well, then don’t blame me Central Late.” After saying that, Central Late struck Omi with a palm.

Omi flew away with a kick.

“Boom.” Central Late flew right out of the door of the cafeteria.

Omi was almost done eating, stood up and grunted to everyone, “Fellow students of Laoshan Academy, I just want to hang out here in peace and quiet, so I’ll bother you all not to disturb me, otherwise, don’t blame me for being rude.”

Omi said and turned around to walk out of the cafeteria.

Zi Yue saw this and followed out of the cafeteria with her head lowered.

Zi Yue chased after Omi and caught up with him on a small path.

“Zhang San.”

“What for.”

“Why are you like this.”

“How?”

“Hitting someone and being so rough, can’t you be civil, you have a really bad image and now you’re almost famous throughout the academy.”

“Sorry, I’m not in the mood to be civil, besides, did I actively mess with anyone? I’m not even interested in playing with you people in this place.”

“Just now in the cafeteria, you didn’t just take someone else’s seat.”

Omi snorted, “Damn, it’s depressing enough that I’m stuck here, do I have to hide in a corner for a meal? Why should I aggravate myself, grass grass grass grass.” Omi was furious at the mention of it, grassing n times in a row, and he also kicked a stone on the ground in exasperation, how unhappy was Omi, it seemed that being trapped here made Omi very unhappy.

Zi Yue looked at Omi with extreme depression, she really wished that Omi was more refined and humble, so that with his genius, he would be very popular in the academy, but Omi was a rude person, so that no matter how talented he was, he wouldn’t be welcomed by everyone.

Ziyue’s inner words were fortunately not known by Omi, otherwise Omi would have to sneer, popular? I don’t want to leave here anytime soon. Who the hell wants to be welcomed here?

Just then, a man flew in the distance, and that man roared in mid-air, “Who just kicked a big rock? Did you smash the roof of my dorm? Who is it, come out here and admit it.”
