

Mistaking the CEO for a Gigolo Chapter 1201

Davin pondered, "I think there are three reasons. Firstly, I heard that she holds a grudge against our family, and she wants revenge! Secondly, she thinks that this is a golden opportunity since your daddy is not around. Thirdly, she surely is capable and has done all the preparation. Otherwise, she wouldn't have done this for nothing!"

"Seems like you're not that dull-witted after all!"

"Of course. If your daddy is not around, I would be the smartest one and also the head of the Seet family."

Kyle stared at him coldly, "Well, in that case, the Seet Group would definitely be led into the lion's den. Before we know it, the family and everything else would be utterly destroyed."

"..."

Davin raised an eyebrow. You're still so young Kyle, how can you say such a thing?

"Kai, I know you have a sharp tongue and I don't have time to argue with you. If you don't ask your Daddy to come back, then you'll be held accountable for saving Grandma, Nina and Maya. In addition, you will also be responsible for Monica holding Seet Group hostage. Any problems with that?" Before Kyle could answer, Davin further exclaimed, "Don't tell me you are all words and no action. Are you just all talk?"

Kyle looked seemingly confident, "I will show you my true abilities."

"Alright then, we shall wait and see. I will be watching you. If you can resolve this crisis, I will gift you with a limited edition super sports!"

"Who cares about that!"

Having said that, Kyle turned around and left the president's office.

Staring as he left, Davin became unsettled. He wasn't sure if Kyle was really capable. If he were just good at talking and wasn't able to solve the matter on hand, Seet Group could really be in grave danger then.

Ah... Kyle, even though both of us don't see eye to eye and we're always arguing, I really wish you could help save the Seet family during this difficult time.

If we could survive the storm and end up alright, I will definitely praise you by giving you a big fat thumbs up after that!

Kyle left Seet Group and went to meet Jonathan at the Seet Residence.

If Monica was resentful towards the Seet family and wanted to seek revenge, he really needed to know what had actually happened in the past.

Jonathan was surprised to see Kyle.

"Kai? When did you come back?"

Kyle looked at his wristwatch and answered accordingly, "Grandpa, it takes less than three hours for me to return to Y City."

Jonathan looked worried. Seet family is facing a crisis right now and Kyle came back during this time. Could it be that he's also dragged into this mess?

"Kai, when do you return to school?"

“Grandpa, I’ve completed the secret base challenge. I took a leave of absence two years in advance and have already graduated. I don’t need to go back!”

“I see,” Jonathan replied solemnly. Kyle then proceeded frankly, “Grandpa, I want to know the grudge between Monica and the Seets. Please tell me everything!”

“You knew about Monica?”

“Yes, Grandpa, my Daddy and Mommy are on a holiday and they’ll only return after a few months. I will settle this matter in regards to Monica!”

Evan’s not coming back?

Jonathan started thinking suddenly as he turned around and looked at Kyle. He’s not even sixteen yet, will he be able to handle a huge problem like this?

“Grandpa, please have faith in me!”

Jonathan hesitated. Well then, Kyle was indeed his grandson. It wouldn’t differ much if he were to tell either him or Evan.

“Take a seat. This is quite a complicated matter and it might take some time to explain.”

Kyle nodded and he sat down. He stared at Jonathan eagerly while waiting for him to reveal everything that had happened in the past.

Jonathan sat across him. He picked up his cup of tea and took a sip. Either he was lubricating his voice or it was to calm his emotions down. After a while, he finally let out.

“The story’s like this. During that time, your Great-grandpa was in charge of the Seet Group. Day in, day out, he was stressed at work and it took a toll on his health. He was then hospitalized. Meanwhile, I was temporarily in charge of the Seet Group.”

“The Seet Group back then wasn’t as big compared to where we are now. When the business was just about to expand exponentially, luck wasn’t on our side. The company that was under my management faced some problems suddenly...”
