

Chapter 383

Seeing Suzi Galia immediately rushed forward, she said excitedly: "Suzi, where did you go on a business trip this week, you didn't tell me, causing me to come down and have dinner with you a few days ago. The result came down. At first glance, you have all gone on a business trip, eh, which city have you been to?"

Did you bring me a small gift? "

Galia's innocent and sincere smile impressed Suzi very much.

Suzi looked at Galia apologetically: "Sorry, I forgot..."

"Oh, oh, it's okay. Suzi, I was joking with you. You just came to work in the company and haven't paid yet. Where is the money..." Galia said with a grin.

"Suzi has no money, I have money!" At this moment, Lenny suddenly interrupted: "Suzi forgot to bring you a small gift on business trips these days, right? Then, I will make up this small gift for you. How about I invite you and Suzi to dinner tonight?"

"Okay!" Galia agreed without thinking.

Master Jun, please have dinner.

The women in this entire company are looking forward to it. Well, Galia usually doesn't even dare to think about it. She never dreamt about it, but she never thought that Young Master would invite her.

Of course, Galia could see that the person Mr. Jun really wanted to invite was actually Suzi.

Galia looked at Suzi with bright eyes.

Suzi opened his mouth, and refused very simply: "I'm sorry, I'm not free."

Galia: "..."

Lenny: "..."

Including colleagues in the design department who have not yet joined the company: "..."

After Suzi refused, he said to the design director: "Director, can I go with you to get the money? I can leave with the money."

"Hey, good..." At this time, the design director especially wanted to keep Suzi. Suzi is an individual talent and a good design talent with very practical experience. She naturally wants to keep it.

"Why did you take the money? Why did you take the money and leave, Suzi, didn't you say you were ready to work in this company? Don't you want to see me? If you don't want to see me, I can not show up in front of you, you Why not this job?"

Lenny's exit was envious of the group of women behind him.

How did Mr. Jun catch up with Pakistan to please Suzi?

Suzi didn't care: "Well, I didn't want to do it. I was expelled from the company."

"Who dares to fire you! Who dares to fire you, I will let her go right now!" Lenny said.

Suzi: "..."

"You go up first, I'll get the car right, and I'll take care of your business immediately." After saying that, Lenny immediately got in the car and drove to the parking lot.

The design director here is secretly happy: "Suzi, stay."

Suzi is not a hypocritical person. If it is appropriate to wait for the meeting, she will stay.

After all, finding a job is not so easy. What if various situations arise again? No one can tell.

She only said to the director: "Go up first and talk about it."

After speaking, they walked into the elevator with Galia.

Galia grabbed Suzi excitedly: "Suzi, Shao Jun is so handsome, why don't you open your eyes without looking at him."

"Such a man with a dead skinny face, handsome? Isn't it trivial?" Suzi said.

Galia: "..."

Well, Suzi, if you talk like this, you will be beaten to death by all the women in the company?

Chapter 384

"What's wrong?" Suzi didn't understand why Galia was stunned.

Galia shook his head and smiled: "It's nothing, Suzi, the whole company just turned Rayna into the army, and was the first person to refuse Mr. Jun, but Mr. Jun was also the first time to hire a company girl in the company. The staff ate, but he did not expect that he would encounter Waterloo for the first time.

Suzi, you look quite honest, not like a person who can do these things. "

Galia and Suzi are very close friends.

The first time she saw Suzi, she liked her very much. She felt that this girl was clean, had a duty, had few words, and was not enchanting.

Suzi also liked Galia.

She has no friends. Since she was released from prison six years ago, she has been fighting with others. No one has ever opened up to her like this.

Galia was the first.

Therefore, Suzi is very sincere to Galia: "I just want to work hard and have a stable income. If I don't push Rayna's chair to her, it will be me who is injured.?"

Galia nodded: "Yes."

After a pause, she asked again: "By the way, Suzi, don't you really go to dinner with Young Master Jun?"

The two spoke and got out of the elevator.

Suzi calmly said: "What's delicious? I don't want to be friends with him, and I don't even want to marry him. I have to attract countless enemies to eat a meal with him. I'm free."

Galia was amused by Suzi's words: "Yes, then I won't go if you don't go! The goddess must be reserved by the goddess!"

After she finished speaking, she said in a low voice: "I wish I could catch Young Master Jun in my arms. Although Young Master Jun is not as wealthy as a certain tycoon in Nancheng, he can marry Young Master Jun. It's also a matter of honoring the ancestors. Galia has had such a dream in private."

"Puff..." Suzi was frustrated by Galia, and she also whispered to Galia, "I wish you hug Mr. Jun under your pomegranate skirt."

"It must be!"

The two entered the front desk talking and laughing. When they were separated, Galia said to Suzi: "Suzi, if the director keeps you, you should stay. I want to be a colleague with you."

"I will consider it. After all, it is not easy to find a job. The salary for my job is not bad." Suzi said the truth.

She is not afraid of what people say, as long as she can continue to work, what kind of working environment does not matter to her.

After separating from Galia, Suzi came to the director's office.

"Suzi, come, sit..." The design director has changed a lot from the morning, and his attitude has changed a lot from the previous few days: "What about you, I just came a few days ago, I was thinking about it. Let you adapt to the environment before arranging work for you. I didn't expect that Rayna..."

"It's okay director. I just wanted to ask, my 100,000 yuan?" Suzi asked straightforwardly.

She is very short of money, and until now, she can't go back to her hometown to take a look at her mother's grave.

It's because there is no money.

Besides, she didn't think she was obligated to wipe Linda's A55.

The director is also a sensible person. She immediately said: "Do you think this will work Suzi? As long as you stay and work, I will let Linda deduct 8,000 yuan from her salary for you every month. A year, 100,000 yuan. I'll give you all the pieces. Can you?"

Suzi asked calmly: "The director really wants me to stay and work?"

"Of course." The director said enthusiastically: "I can see your ability. Not only do you draw good artwork, but I also saw your ability to handle mere affairs. I want a talent like you. Wouldn't I be stupid if I didn't leave you?"

Suzi, I will not treat you badly if you stay, so your salary will increase by another 5,000. "
