Chapter 1141: gentlemen

In front of the Fenglin campus, watching Jia Jingsi sitting on the poison, the expressions of several girls were full of consternation.

How could she, how dare she? ? ?

So, it is true that she said she has a boyfriend, and she is still such a bigwig.

"Quickly, look up what kind of car it is."

"What else to check, hurry up and follow up!"

The girl with little high heels rushed to the side of the road, beckoned to stop a taxi, and the three girls squeezed into the back row together.

"Master, keep up with the car in front, the one that is the most handsome."

"You mean that poison?"

"Poison, is that car called poison?"

Listening to the girl's question, through the rearview mirror, he secretly sighed, "It's great to have money", the driver is excited.

Such a good opportunity to show off, just give a few beautiful women popular science.

"Yes, hardtop poison, half a billion super luxury car."

"Generally rich people can't even buy a wheel. After all, you need to keep a car after you buy it. A good car is hard to keep."

"It takes thousands of fuel to run this car."

"Also, only four of this car are produced in the world!"

"Wow~" Seeing the girls covering their mouths and screaming, their eyes widened.

The driver's master smiled triumphantly: "You know it's amazing! You can't buy it if you have money, you can buy this car..."

"Anyway, don't talk about ordinary people. I am afraid that no one in the Republic will dare to provoke them. What are you?"

I heard the driver say that, the three of you look at me and I look at you.

Finally, Qiao An sitting in the middle said: "Um, master, we know, the owner of the car is our roommate and boyfriend, and he went to dinner with him."

"Then you made it."

The driver said enviously: "The good thing about this room with you, it may be a network of people who change their lives against the sky."

A few people looked at each other again, with regret, helplessness, stubbornness, jealousy in their expressions...

Only there is no such happiness and joy as the driver thinks!

People?

Only those who have a good relationship are called contacts, they are...

Jia Jingsi is already thankful for not treating them as enemies.

"Hey, step aside, beauty, is this right?" the driver asked, looking at the buffet on the side of the road.

"Yes, thank you, master." Several people thanked each other and rushed to pay the bill.

After a while, Qin Yu and Jia Jingsi, who were waiting for the car in front, closed the car door and entered the cafeteria.

Then I paid, and got out of the car one by one.

"These little girls, they are kind." The driver's brother smiled and picked up the passenger in front of him and set off again.

"Do you want to go in?" In front of the cafeteria, Qiao Ann looked at his two girlfriends.

My head was hot just now, and I followed without even thinking about it.

What should we do now?

"Of course I went in, this is a restaurant, can't we come to eat?"

Qiao An felt reasonable when he heard his girlfriend say so.

Yes, this is a cafeteria, what are you afraid of?

Jia Jingsi can come here for dinner, can't they come?

entered the restaurant and bought a ticket!

The three of them entered the restaurant arm in arm, and their eyes began to glance everywhere.

Eat, who is here to eat.

They want to see who they are with Jia Jingsi.

"Hey, over there." Qiao An found the positions of the two.

"true!"

"Wow, that man is so handsome, fucking, what the hell?"

"Damn, it's irrational, why does she take up all the good things!"

"9494, but that man is really handsome, even more handsome than my brother..."

"What man, that's my husband."

"Go away, little bitch, you are a slut."

"The old lady is just a mouthful, and the whole body is imported with original packaging, and it hasn't been opened!"

"Hehe~" Qiao Ann almost vomited with a sneer.

original imported?

did not open the package?

Do you dare to be shameless anymore? Dare you?

"Go, find a place to sit down." Qiao An urged.

eyes rolled, and the two immediately found a suitable position.

At the back right corner, you can see the opponent without being easily noticed. It is the perfect ideal spot to stalk.

sits in the position, supporting his chin with his hands.

Qiao Ann tilted his head and stared at the man, thinking again and again in his heart.

1 second, sweet love!

2 seconds, a grand wedding! !

3 seconds, Qin Se and Ming! ! !

4 seconds, get pregnant and give birth! ! ! !

11 seconds, Qiao Ann has already thought about their lives.

Happiness, many children and grandchildren, old age...

She even chose the location of the cemetery.

must be a joint funeral!

"Hey, Joan, Joan." After hitting her with an elbow, Qiaoan recovered and found that his girlfriend had already eaten a lot.

"Aren't you going to get something to eat?" asked my girlfriend.

Qiao An said disgustingly: "No, I'm not hungry!"

What to eat, are you here to eat?

Such a perfect man must be mine...

made up his mind, Qiao An just saw Jia Jingsi in the seat get up and leave, hurriedly trotting towards the other side.

"Hi, handsome guy!" Sitting beside Qin Yu, which belonged to Jia Jingsi, Qiao An took out his mobile phone leaning on his shoulder.

finally couldn't help it, Qin Yu sneered in his heart.

"no problem!"

Perceiving the softness of his arm, Qin Yu rubbed his arm very cooperatively and gave the other party a positive response.

Scanning the business card, Qiao Ann gave him another look of 'I'm yours tonight'.

Before Jia Jingsi came back, he returned to his position.

"How is it, how is it?" The girlfriends hurriedly asked: "Are you got it?"

Qiao Ann shook the phone and said proudly, "What do you mean?"

"As expected, it is Joan, that's amazing."

"Just say that no one can escape his palm."

Qiao Ann didn't speak, but everyone could see the complacency on his face.

Have a great hunt tonight!

"Have a good hunt tonight." Qin Yu put down the phone and saw Jia Jingsi's worried look.

"Uncle, what are you talking about?"

She only heard the uncle and the person on the phone mentioning chicken heads, and her roommate.

is inevitably worried, what is this going to do?

"Leave it to me, let's eat, this is delicious."

Qin Yu pinched the food and brought it to Jia Jingsi's mouth with a smile on his face: "Ah, open your mouth!"

"Ah~" Jia Jingsi couldn't see her happy eyes anymore.

She likes the feeling of being pampered by the uncle and completely surrounded by his love.

"More." Jia Jingsi opened his mouth and smiled sweetly.

"what."

"Ah~"

You take one bite for two of you, I take one bite, sweet outsiders can't stand it.

We paid for the buffet, not for dog food.

Please, be yourself!

Feeding little JK, Qin Yu also put down the phone.

It's all arranged for the evening, and then it's up to Xiao Li's.

"Let's go, it's time to go to the hotel." Pulling the little JK, the poison restarts.

At the same time, the three of Qiao An on the other side also took a taxi and left.

"The handsome guy really gave you news?" In the car, my girlfriend kept asking for details.

looked at Qiao An, full of admiration and jealousy.

Such a handsome man, she got used to it like this.

'Bitch, really is a scumbag, the handsome guy's eyes are blind. 'My best friend swears in her heart, but she smiles like a flower on the surface.

Qiao Ann couldn't be more clear about the thoughts of his girlfriends.

She is a top tea artist herself, how could it be unclear.

It's just that it doesn't matter at all now.

Qiao Ann only cares about one thing now, and that is how to make the handsome guy give up on himself.

It's best to turn "fantasy" into reality...

Waldorf Astoria, Qin Yu said to the old Yao who came to greet him: "Old Yao, it's been a common sight these days."

"Yes, thank Qin Shao for taking care of the business." Old Yao responded with a smile.

"How many times have you been here?" Hearing what the two said, little JK asked with a smirk while holding his arm.

"Well, this question is a bit esoteric, so it needs to be studied carefully."

Qin Yu rubbed his chin seriously, and said, "Or, let's go to the room to discuss it."

Jia Jingsi lowered her head shyly and whispered: "Who wants to discuss with you."

On the other side, Qiao Ann threw off two oil bottles and came to TAXX alone.

glanced at the phone again, the number marked on it made her feel emotional.

TAXX, she is not here for the first time.

can at most be mixed in the middle area, like the position next to the stage and the DJ station, she has never sat down once.

"Is it Ms. Joan?"

Qiao Ann's expression was taken aback, and he saw the man in front of him, who was wearing bar work clothes: "Yes, you are?"

"This is Xiao Li, the staff member of the bar, waiting for you here."

Qiao Ann raised his head, acting very proud.

Especially those who are queuing to look at her gaze, so that her vanity is greatly satisfied.

Sister is still a elder sister, little sisters, step aside!

"Miss Qiao An, please follow me."

followed Xiao Li straight into the bar, and the restless music made Qiao An's cells live.

stepped on the drums on his toes, passed the outer platform, the deck, and came to the middle.

The expected person did not appear, instead, a few well-dressed men were sitting in the deck.

"Is that made a mistake?" Qiao An looked at Xiao Li in surprise.

"Yes, Shao Qin will be there soon, these are his friends." Xiao Li said respectfully, nodding.

Hearing his explanation, Qiao An's heart also let go.

Since is a friend, he must also be a wealthy man.

In other words, can I eat more?

Qiao'an's heart became active, and his expression became charming when he looked at the men in the deck.

"Hey, someone is here." When Qiao An walked into the deck, all the men in the room stood up.

Each one was polite and very gentleman.

is even more caring for Qiao Ann, constantly touting her makeup and looks.

like that-it's licking the dog.

was surrounded by a group of 'second generation', and each one tried his best to please himself.

Qiao'an's sanity has long since drifted out of the sky, and he just forgot the 'handsome guy' without realizing it.

Talking and laughing and drinking and chatting with the gentlemen.

This drink lasted more than two hours, and Qiao Ann was already drunk.

In her confusion, several gentlemen helped her out of the bar.

came to the door and got into a black nanny car.

Qiao'an was hot, twisting and asking: "Where are you going, where are you taking me."

By the desolate road in the outer suburbs, the black nanny car pulled over and the automatic door slid back to open.

Chapter 1142: Marinate

"Ah~"

Holding his head that was about to explode, Qiao Ann sat up with a blank expression.

where is this? What's wrong with myself?

The cold wind was bleak, and Qiao'an's dizzy brain regained a sense of sanity.

looked around and found himself in a business car.

And, the door is wide open...

"Huh? Awake?"

The gentlemen of last night appeared on the side of the road, staring at her maliciously through the car door and laughing.

That smile—Qiao An unconsciously hugged herself tightly.

*

*

With the company of the uncle, time flies so fast.

Two days and one night, as if passing by in the blink of an eye, Jia Jingsi couldn't notice the passage of time at all.

"Uncle, are you really leaving?"

Jia Jingsi, wearing a graffiti hoodie, sat cross-legged on the sofa, dangling his wrists back and forth pitifully.

Qin Yu said helplessly and funny: "I will accompany you next time. Also, don't you have to go to class?"

"Ah~"

Jia Jingsi yelled and jumped up, "God, I forgot."

There is no need for Qin Yu to remind him, this will drag him out instead.

"Uncle, hurry up, hurry up!"

"It's dead, it's really dead this time, ah~"

sent Jia Jingsi to the school gate and watched her run to the campus in a panic.

Qin Yu shouted out the window: "Slow down, be careful of falling."

"I see, uncle, I will miss you~"

waved his hand without looking back, Jia Jingsi ran all the way to the large classroom, panting and sitting down.

"Huh~ I'm exhausted, but luckily I'm not late."

but~

Yesterday's class didn't take place, so the old demon wouldn't be able to roll his name, right?

Jia Jingsi was frightened and waiting for the verdict of fate.

If you were a bit famous yesterday, you must be called out and criticized today.

"God bless, God bless!"

"As the class time approached, Jia Jingsi folded his hands and prayed for God's blessing.

咚.

The sudden movement around him shocked Jia Jingsi.

Seeing who the person is, Jia Jingsi couldn't help but exhale and spit out: "Joan, frighten me."

The next second, the other party held her hand tightly.

Jia Jingsi felt pain with the strength he used, frowning and asked: "What are you doing?"

"Sisi, I was wrong. It was all my fault before. Will you forgive me?"

Joe held her hand firmly, his face was panicked, and his eyes were scared and said: "You forgive me, forgive me!"

"I will never do that again in the future. I will treat you well... No, I will stay away from you and never disturb you again."

"???" Jia Jingsi's face was full of question marks, and he didn't even respond to being pinched by the other party.

She, what are you doing?

"It's alright, I forgive you." Jia Jingsi said indifferently.

Anyway, I don't want to talk to her at all, if I can keep her away from me, that would be great.

"real?"

"Really, I forgive you."

Anyway, let yourself be open before you talk, it really hurts!

This woman is usually delicate and tender, and she has to scream when she opens a bottle...

How could there be such a great strength, really.

"Thank you, thank you." Qiao An wept with joy.

cried and laughed, as if Jia Jingsi's "forgiveness" saved her life.

Seeing her running out of the classroom crying and laughing like this, Jia Jingsi was even more speechless: "What is it, crazy, right?"

Thoughts turned, Jia Jingsi suddenly thought of what Qin Yu said to the phone two days ago.

"Should it be, is it really related to this?" Jia Jingsi was unsure.

No, I have to call and ask the uncle.

*

*

55 Anting Road, in front of the Garden House.

Qin Yu stood on the spot carrying a large bag and a small bag, quietly listening to Jia Jingsi's vivid description.

"Oh, I see."

"No...maybe it was her own conscience that discovered it!"

"How come, is uncle that kind of person?"

"Okay, study obediently, and work for the uncle after you learn, haha..."

After Jia Jingsi's angry complaints, Qin Yu took things and walked into the garden path.

"Mr. Shen, I'm here."

Shen Bing, who was sitting in the living room, stood up as soon as he heard his voice.

lifted his hair with a slightly flustered expression, and quickly walked to the mirror to take a photo.

Then he ran back to the sofa and sat down, pulling away the broken hair from his ear, and changing his sitting posture several times, feeling wrong.

Qin Yu's footsteps are close at hand: "Mr. Shen."

"Here." Shen Bing stood up and took the initiative to greet him.

"Mr. Shen, she's beautiful again."

Qin Yu walked into the living room carrying things and praised Shen Bing's radiant face.

took large and small bags from him and piled them on the corner of the wall.

Shen Bing turned around and said softly, "I didn't say everything, let you not bring anything."

"You alone?" Qin Yu didn't answer.

"Well, Xuan Xuan went to work just after the new year, saying that she would keep her small vault."

Hearing what she said, Qin Yu knew that Wen Yaxuan had given her private money to the company.

What a fool!

She is not afraid of the company's bankruptcy or the boss's donation to run away. How can she serve food in the future?

There is no other way except to sell himself to Brother Yu.

was so angry and funny, Qin Yu touched his stomach and said, "I'm hungry, do you have anything to eat?"

"Yes, I will give you a bowl of noodles?" Shen Bing turned and walked towards the kitchen.

"Is there any bitter? I want to eat bitter noodles." Qin Yu followed up with a smile, and squeezed his front and back feet into the kitchen.

A bowl of delicious marinated noodles, marinade is the key.

It took three hours to make a delicious braised noodle.

After eating up two bowls, Qin Yu wiped his mouth and said with satisfaction: "Sure enough, it's most comfortable to eat."

"Noodle soup?"

Shen Bing, who put on his home clothes, was wiping his wet hair with a towel on the other side.

"Okay, the soup becomes the original food." Qin Yu smiled.

While drinking the noodle soup, Qin Yu looked around at will, and said: "A person is a little deserted, let's keep a pet!"

"No need." Shen Bing refused.

felt that it was not good to refuse directly, and explained: "I don't know how to keep small pets."

"Raise a cat, and the short tail will be very beautiful."

Qin Yu said to himself, he had already grasped Shen Bing's temperament.

This woman, herself and Xuan Xuan are all she has.

If you want her to accept things outside the 'world', you must use a strong attitude.

can't ask her opinion, you want 'Duang' to put things in front of her like this.

Let her experience and adapt.

"It's not too late, let me ask." Qin Yu took out the phone.

didn't call the little brother, but directly found Lao Yao.

If you want to raise it, raise a beautiful, purebred British short.

Brother Yu intends to find one directly from abroad, so that people don't know what to do.

Money, you can spend more.

But I couldn't spend money, and I was played by someone as a fool.

He remembers that Yao once mentioned that he owns a cat.

also knows the breed habits of cats very well. It seems that he is asking for help this time.

With the channels of the Waldorf Astoria, it's not difficult for them to make English short.

Knowing that Qin Yu wants to raise a cat, butler Yao asked the owner about the situation in detail.

For example, if you are a novice, you still have experience in raising cats.

How is your personality, do you have patience?

What is the living environment? Is there enough space for pets to move around?

Then, he recommended Persian and British short blue cats to Qin Yu.

"These two cats are the most gentle and adaptable to the environment."

"However, Persian cats have very short nasal cavities, and improper care is prone to respiratory diseases."

"Because it is a long-haired cat, the hair needs to be taken care of frequently, so hair loss is certain."

"Compared with short blue, it is more skin-skinned, easier to raise, and easier to clean."

"It's the short blue you said." Qin Yu decisively helped Shen Bing make a decision.

The precious owner of Persian cats still waits for Shen Bing to raise them, and decides whether to have another one.

Now, let's find a companion to relieve her boredom first.

lest she isolate herself in her own world, her temper is getting colder and colder.

Although, this cold and proud temperament is quite tempting to him.

Qin Yu still hopes that she can open up her heart appropriately and have more joy and smile in her life.

Just so that the matter was finalized, Old Yao promised him that he would give him a reply within three days at most.

"No accident, there will be pets with you in three days."

Shen Bing still looks like Gujing Bubo, but a trace of resistance flashes through his eyes: "They say I can't take care of pets."

"Find an aunt." Qin Yu repeated the old saying.

Hiring an aunt for the family is something he has been talking about.

But every time, Shen Bing refused on the grounds that he was not used to having outsiders at home.

This time, Qin Yu intends to change his routine: "Part-time job, cleaning and cleaning at a fixed time every day."

"You can make your own meals, and leave the things you don't like to make to your aunt, such as bathing the kittens, sweeping and mopping the floor..."

"Auntie still do this?" Shen Bing curiously asked.

"Do, of course do."

Qin Yu nodded affirmatively, and said, "As long as the money is in place, I will do everything."

The first reaction in Shen Bing's mind was to ask him, 'Why are you so experienced, how many beautiful aunts have been hired at home?'

In the next second, reason will reoccupy the high ground of IQ.

Shen Bing murmured in his heart, "They were all damaged by him. UU reading www.uukánshu.com"

"Teacher Shen, you haven't said why you called me to come home?"

Seeing that she was absent-minded, Qin Yu proactively asked Shen Bing's motive.

Purely for eating?

Of course he is happy, but the probability is basically zero.

Facing other women, Qin Yu would not feel this way, but Shen Bing was the only one.

Sometimes, Qin Yu feels that she knows her better than Shen Bing.

Her personality is never the kind of person who will actively send out invitations.

Even if I desire it in my heart, I will not say it.

I'm stretched, I won't say anything, just waiting for you to find out...

Thinking about it makes people a headache, but sometimes change the angle, change the scene and think again.

Hey, pretty cute!

"that..."

Shen Bing's expression was tangled, his eyes turned in a trance, and he bit her tender lower lip unconsciously.

slightly nodded, his arms stretched straight in front of him, and his hands clenching the towel were placed on his knees.

Zizi~

The sound of the friction between the chair and the floor awakened Shen Bing. He looked up and saw him put his arm on the dining table.

Strong wave, click~

The bowl on the table was swept to the ground, and it broke into several pieces with a crisp sound.

"Ah~"

Shen Bing let out a scream, and all his butts jumped up from the chair.

Then, a hot sniff came oncoming, and consciousness was chaotic...

Chapter 1143: Terminal sale

"Brother, everything is done according to your instructions. I saw the photos deleted with my own eyes, including the cloud backup."

in the nightclub bathroom.

Xiao Li bowed his body, holding the mobile phone in one hand with respect to his ear, and covering his mouth with the other hand and whispered.

When Qin Shao asked him for a phone call, Xiao Li was stupid.

Brother, you are a high-end celebrity and Internet celebrity.

Want to change your taste, some wild ones?

Who knows, people turn around and send themselves a batch of wild horses.

Xiao Li was frightened, afraid that he would be involved in some trouble.

only found out at the end that it turned out to be a lesson for the other party.

I thought of the destroyed art photos, and the chicken heads mentioned it, and looked scared after laughing.

Xiao Li was a little curious, what happened after taking the person away that night?

However, everything that the young and old told me has been done by myself, and the money is also in my hands.

It's better to ask less about social matters.

Qin Yu, lying in the hammock, lit a cigarette and swallowed clouds and fog into the dark night sky.

Fortunately, he was more mindful and sent a bodyguard to follow the chicken heads.

Or, the fake scene should be done.

It's not that she feels sorry for that woman, she deserves it even if she was really done.

But that has to be ordered by Brother Yu himself.

At first glance, he refreshed and lifted his pants.

said it was his order, what about death?

Thinking of the chicken head thrown into the hospital by the broken leg, Brother Yu felt that he was still lightly beaten.

As for that Qiao Ann, I hope she can remember the lesson this time.

Next time, Qin Yu will have no patience.

"Who called?" An idiotic whisper came from my ear.

Qin Yu lowered his head, looked at the matte and translucent skin under the moonlight, and chuckled softly: "A little personal matter, go to sleep!"

March 24, Sunday.

The personal terminal advertised by Miracle Company was officially listed.

All sales channels are full of people.

At 6:35 in the morning, a pre-sale announcement was placed at the door.

The real-name system is implemented in this pre-sale, and one person can only purchase one (general).

The official pre-sale time is 8:00.

The limit of the number of people entering the store at a time: 6 people.

Please follow the on-site arrangement. If you don't obey the arrangement, those who jump in the queue will lose the eligibility to purchase.

"Have you made a mistake, why is the purchase restricted?" Zhang Meng's eyes widened when he lined up all night.

This is not funny, but he promised to help carry two at the same time.

"It's time to limit the purchase, or let the scalpers buy it, how can we get us in turn?"

"That's what I said, now the scalpers must not cry to death."

Hearing the conversation of several people, lined up behind with glasses, the gentle young man said: "There are no scalpers at all. Didn't you read the official website?"

"What's wrong, what did the official website say?" Everyone was curious.

"Personal terminals must be activated on site, and each citizen can only hold one."

"Hey, what's the matter with this, the scalpers have to do more."

"I don't think it is possible, but it requires fingerprint and voice dual recognition to turn it on."

"Hope, otherwise the price will make the scalper stir up the sky again."

"Just buying offline is too much trouble, my legs are numb."

The little girl knocked her leg and said with a tired face.

She has been standing here for more than three hours. I thought she was early enough at 3 o'clock in the morning.

But when I came, I realized that more than a dozen had already been sent.

Someone has set up a tent, he's old professional!

Talking and laughing, the time finally arrived at eight o'clock.

Seeing the clerk behind the glass door was about to open the door, everyone's mood also became excited.

"Hey, what is the foreigner doing?"

Zhang Meng, who was waiting to open the door and move forward, pointed to the foreigner who swaggered past and asked.

"Maybe someone from the shop?" Someone hesitated to guess.

"There is a passage for employees at the back, so people in the store will not go through the front door."

"Hey, what are you doing, jump in the line?"

A group of foreigners stood at the door, looking like they could not understand Mandarin, playing with their mobile phones leisurely.

The next moment, the store door opened.

The person in front immediately walked in, and the foreigner lifted the sedan chair to cross the isolation belt and also entered, pressing his chest with one hand.

"Sorry, sir, please line up at the back."

The foreigner took off his earphones, speaking in his mother tongue with confusion and anger, indicating that he could not understand Mandarin.

He is here to buy things, you can't treat your distinguished guests like this.

I am a foreign friend, don't touch me, be careful I sue you.

The other side's whispering whispers angered the customers who were honestly waiting in line.

Before they could condemn in unison, the clerk told him in fluent English that if he was no longer physically minded, he would be removed from the blacklist.

"That's right, go in line later, honestly."

"There are still such people now, do you think you have privileges here?"

"Why not, there are so many black dogs, you just didn't see it."

"I met him before, but it made me sick and slapped her twice on the spot."

Whispering to each other, the foreigners are getting more and more excited and louder.

On the screen outside the store, a screenshot of him suddenly appeared.

drew a big red cross on the photo, which means that this person is forbidden to enter.

At the same time, the two robots standing in the store turned to face the door and walked out step by step.

"Is that an assaulter? Looks super handsome."

"Beauty, don't talk nonsense, the assaulter is armed with weapons, and the creator without weapons, engineers."

"These two models are not the same thing, okay? The materials are different."

"It doesn't matter whether it's the same, it will be done if it is handsome."

"Ha, the foreigner is on the blacklist."

"Grass, it's time to be comfortable."

Seeing the foreigner being pushed back by the robot, he accidentally fell to the ground.

The corners of his mouth rose sharply, and he was almost grinning as if he was laughing: "As Libang, I should express sympathy for his experience and give him a hand.

Kete, why is this mouth out of control, and want to work? "

slap~

There was thunderous applause at the scene, "Fuck it, it's infected, this hand does its own work."

"That's right, the hand moves first."

The editor in the line hurriedly took out his mobile phone and took this video: There was a human-to-human transmission incident on the sales site, and the situation was extremely 'serious.'

The cover is a screenshot of a foreigner falling back on the ground and Zhang Meng's mouth rising strangely.

Don't say, his smile reminds people of radiation distortion, and the number of views skyrocketed in an instant.

Looking at the screen full of curses below, the editor happily closed his mouth from ear to ear.

Not only is the money to buy the equipment enough, but there is surplus...

Earn this wave of blood!

Although there was a delay of dozens of minutes, the sales atmosphere on site was exceptionally harmonious.

You are humble and I let me make you feel like a family.

also makes the whole sales process as smooth as silk, one after another, the activation and departure are completed.

"Ah, it's so beautiful." He took his personal terminal and left the point of sale.

Zhang Meng stroked the silver-colored dial-shaped terminal with his hand, and whispered: "Terminal."

"Hello, personal terminal assistant is for you, please give correct instructions."

"Open the Smart Assistant Mall." Zhang Meng has studied these for a long time, and commands are effortless.

Open the mall, and a translucent mall projection appears in front of him.

is a thumb-sized figure, rice, Anadi, Guna, Zhang Zi, goddess, goddess, goddess...

I wanted each one, Zhang Meng decided to start one and try it out: "Buy the image of Lin Rune."

"Lin Rune's intelligent assistant image, the monthly fee is 88 yuan, the customized version is 888 yuan. The annual fee is 999 yuan for the regular version, and the customized version is 9999 yuan."

"The difference is so big?" Zhang Meng slapped his lips and asked, "What is the difference between the regular version and the customized version?"

"The customized version can freely switch between different personalities, tone, performance and image fine-tuning."

"so....."

Thinking of the goddess' face full of shyness and chatting face-to-face with him in a whispering tone, Zhang Meng was instantly excited.

"Just launch a customized version...single month." Zhang Meng gritted his teeth.

ruthlessly, complete payment verification through voice and facial recognition.

"payment successful!"

"Your smart assistant is back online..."

The next moment, Run'e, the size of a thumb, appeared in front of her eyes.

is wearing a beautiful sequined mermaid evening dress, and dances in circles with one foot behind her...

There is an innocent smile on his happy face.

A few seconds later, the character stopped, folded his hands together, and looked up at Zhang Meng with admiring eyes: "Ouba, thank you for choosing Run'e, please give me your advice in the future!"

a sweet voice, a cute blinking motion with his head tilted.

Zhang backed away a few steps, with an exaggerated expression of intoxication, covering his chest with his hands: "Ah, the goddess kills me."

Around the square, the same scene happens from time to time.

The girls looked at the male characters in the mall in astonishment, covering their mouths and screaming, "Ahhhhh, which trainee is this, I'm dead!"

"From today, I unilaterally declare that this is my husband."

Stick the terminal on the wrist to the position of the heart, let it feel its own warmth.

The girl saw someone sticking her tongue out at the projection on the terminal, her expression was instantly frantic: "Ah, let go of my husband, you rotten girl..."

Chapter 1144: MIH

"Guanghe, leading the times, the creator of personal smart terminals..."

In front of the big screen in the square, Qin Yu stopped to watch the advertisement on it.

The cute and intelligent images that appeared alternately one after another, aroused the cheers and discussion of passers-by.

The most environmentally popular Thumbelina has launched a vigorous vote on the Internet.

Fans start another competition for their idols.

The idols were involved in this strange competition without knowing and passively.

However, there are people who care about it.

such as rice, Anadi, Guna, Song Tie, Jin Xi...

Mildew, Beauty, Rune...

Four little ones, each other secretly made up their minds!

Let other women see how much influence they have in the Asian market.

After the list comes out, Qin Yu and Ouba will see it too, right?

Then he will know how lucky it is to have oneself, he must be treated specially, he must...

At this time, Qin Yu, who left the square on a motorcycle, was even less likely to know that he was involved in this vote.

In order to get more love, women secretly compete with each other.

also makes the online rankings become confusing!

"Boss, Guanghe's personal terminal is selling well. At present, all survivors have basically sold out."

"...As of now, the regular version has sold 2.16 million units and the platinum version has sold 1.19 million units..."

"The users who turn on the smart image of the thumb account for 79.3%..."

"The monthly users of the regular version accounted for 52%, and the annual subscription users accounted for 11.1%.

The monthly users of the customized version account for 34%, and the monthly users account for 2.9%..."

The purchase of the smart image of the terminal thumb alone brought in revenue of 1988,768,203 yuan for the company.

There are still 86% of users who choose to pay in a single month.

The current purchase ratio is only 79.3%.

According to the calculations of the Big Data Analysis Department, as the sales of Guanghe continues to increase, the revenue of this segment alone can reach tens of billions in the future.

It is even possible to break through 100 billion...

However, this requires a long wait.

At present, the revenue figure of 235.6 billion for the "Guanghe Platinum Edition" is more intuitive.

The regular version also has a gross profit of 40.8 billion!

This year, these two alone have increased the company's revenue by 276.4 billion, which is a good start for the new year.

Another piece of good news followed, and the British capital made a final concession.

If the deal can be successfully concluded, they can help Miracle Company match up with the South African newspaper industry.

Facilitate the intention of both parties to deal with Penguin shares...

"Well, that's interesting." Qin Yu hadn't thought of this before.

However, the stock in the opponent's hands does not seem to have any voting rights and can only pay dividends.

But sometimes, not having the right to vote does not mean that you have no rights.

At least, there is nothing wrong with joining the board of directors!

Sometimes power does not lie in what is in the hands, but in who is in the hands.

Just one reason, let the miracle put his hand in.

Regardless of whether the penguin wants it or not, he can only lie down and enjoy it, let it be ravaged!

"Promise him, but only if the other party expresses sincerity first, it's not okay to say nothing."

"Okay, boss, strike while the iron is hot, hehe..."

In Su Shu's treacherous laughter, Qin Yu made a phone call and said in his heart, 'I'm back this time, it's time to mention his position.'

At the same time, Demon Capital Penguin Island also received relevant news.

The South African newspaper industry intends to sell some of its shares and has the intention to contact the Miracle Company delegation.

This news is like a bomb falling to them.

boom~

He lost his ears and eyes, and the whole person was dumbfounded!

It would be a nightmare to let the other party get the shares of Penguin.

"No, we must stop him and propose a repurchase to MIH. We have to get back the shares first."

"Yes, I will call now."

"I will ask the secretary to book a plane ticket and fly to South Africa tonight."

"Wait, everyone calm down."

The horse in a suit leaning at the desk calmly said: "If the opponent hasn't acted, I will be in a mess first."

"We've been here for so many years, a miracle, I'm really afraid that he won't make it?"

"Brother, you are not afraid, I am afraid!"

"Actually, we really don't need to be so scared. It's just a dividend stock, just give it to him."

"Dividend? Putting it in MIH's hands is a dividend. Putting it in his hands, you think it can only be a dividend."

"Then what else can he do, listen to the financial report, check the account... can he still fly?"

"But what if he wants to make trouble and disrupt the normal operation of the company?"

"This...what good is it for him, it's not necessary!"

"You don't think it is necessary, but how can you be sure that he is the same?"

"If he really doesn't intend to make money from shares, just looking for trouble will really make us feel bad."

Day and night protection is hard to guard against house thieves.

In the case of checking accounts, checking once a year makes the company go crazy.

Let's talk about whose company, there is no marginalizing in finance.

Tax evasion is not a problem, but some things are not illegal, and it does not mean that it is righteous.

Law is only the bottom line of morality.

To abide by the law and discipline, he may not be a good person, there is nothing to be proud of.

Once it was exposed, it was condemned by public opinion from various quarters, and the company's image was repeated again and again.

The stock price fell, if the other party took the opportunity to spread rumors and attack the stock price...

, one after another, even if they can handle it, it will be in a rush and be overwhelmed.

When the time comes, what kind of business are you still engaged in, what goals are you aiming for, what are you talking about expansion and development, and enjoying life?

I didn't have the original intention of making money!

"Contact MIH first to explore the wind, and ask the people we are inside, the specific situation."

The horse in a suit turned to face the window, and said calmly, "I will think about how to do it."

On the side of the foreign building, Qin Yu parked the locomotive next to the blue Cayenne, took off his helmet and placed it on the hood.

Walking along the path home, I saw Shen Bing sitting on the swing in the garden.

On the grass in front of her, a short-legged blue cat is lying on its side and licking its paws.

Xu heard the sound of Qin Yu's footsteps approaching, and the blue cat stood up brushingly, his hair exploded.

"What's the matter?" Shen Bing turned his head to look, bending over to hug the blue cat.

gently stroked its neck and said, "Hey, it's okay, it's okay."

"Why come back so early?" After calming the blue cat, Shen Bing took care of him.

walked forward funny, scratched the blue cat's neck, and his tight body instantly softened.

"I came back early, and I have to go out later."

"Where to go?"

She didn't know how to ask before the change, but she has been able to rely on her in her heart after getting along day and night.

"Jinling."

Shen Bing leaned the cat and suddenly said, "Lazy cat will perform tonight?"

"Yes." Qin Yu nodded.

Thinking of waiting for the lazy cat to come back, and seeing this short basket called the blue cat, will he pout his mouth full of anger.

Just thinking of that cute expression, Qin Yu's idea of setting off became even more urgent.

Chapter 1145: Hard work after the front desk

simply packed two clothes, and borrowed two more clothes from Shen Bing's closet.

Silver fish scale tailless tube top evening dress.

Three-piece hollowed out crystal transparent one-piece sling.

"Yueyue doesn't wear this kind of thing." Shen Bing frowned, his eyes filled with helplessness.

The pure white snow is also dyed with jet black ink.

completely broken!

"Would you like dinner?" Shen Bing asked, hugging the blue cat.

Looking at the blue cat in her arms who never let go, Qin Yu laughed and shook his head.

Some people are like this, they clearly say, 'I hate pets.'

Once you get entangled with small things, you will become another person.

Hum, the mouth is upright!

"No, I'll be there in ten minutes, and eat over there." Qin Yu slung the bag behind his shoulder, and walked towards the path without turning his head back.

Looking at the back of him leaving, Shen Bing's heart was a little bit sad.

so wronged~

嚶! ?

呸呸呸, I am a successful independent woman, how could it be ridiculous...

*

*

Jinling, Sujiang Grand Theater.

is the largest modern theater in the Central District, and the largest theater complex in the Republic and even in Asia.

invested 2.7 billion and was completed in 14 years. It is affectionately called the "Little Bird's Nest" by the Sujiang people, and it is also a proud landmark building for the general public.

has a total area of 196,000 square meters and a total construction area of 271,000 square meters. The multi-functional complex meets various needs.

This time, the Royal Opera and Dance Theatre will perform in the opera hall inside the Grand Theatre.

2037 seats, 16 meters underground and 47 meters above the ground, underground space is reserved for the lifting stage.

The auditorium is a three-layer curved horseshoe-shaped pool seat, which is designed to have a natural sound amplification effect to ensure that the audience can hear clearly even in the original sound state.

When Qin Yu arrived, the ticket check had just started on the spot.

But instead of queuing with him, he took out a work card from the inner pocket of his jacket and hung it on his chest.

"Dance theater staff?" In front of the employee's passage, the inspector looked at his face and then looked at the field affairs written on the certificate.

"Handsome man, it's a pity for you to do field work like this. If you have an idea, I can introduce you to the entertainment industry."

The other party looked up and down Qin Yu's figure and appearance, and affirmed: "On your terms, it's easy to earn more than 100 million a year!"

"Thank you." Qin Yu responded politely.

Seeing his performance of Furui Bubo, there is no reaction.

The other party thought he hadn't figured out what he meant.

"What I said is true. My aunt's cousin's sister is in wireless media. You know that it's a big company, right?"

"If you are willing to let me be an agent, I can help you get a B-level contract, and I won't lose you."

"Also what I just said, making an annual income of over 100 million is just the beginning..."

looked at him seriously again, the little aunt tilted her head, and said shyly: "One year, as long as one year, you will definitely be the top-tier, earning hundreds of millions a year..."

Seeing the other party talking endlessly, the smile on Qin Yu's face gradually disappeared.

"Ahem."

Lightly coughing to interrupt the other party, Qin Yu said with a cold face: "It's still waiting for me to start work inside!"

"Hey, are you really unmoved? How about a billion a year?" The little aunt was shocked, but she looked at his eyes more admiringly.

Qin Yu shook his head coldly: "Sorry, there is no such worldly desire!"

Watched by the little aunt who doubted his life, Qin Yu strode towards the end of the passage with a bag on his back.

was delayed a lot of time by the staff at the door. When he found Lan Yue's locker room in the background, he was ready to take the stage.

"Husband." Lan Yue rushed towards him excitedly, putting his hands on his shoulders and kissing.

Qin Yu quickly hid back and said, "Don't, the makeup on the face."

"Ah... forgot."

Lan Yue paused with lingering fear, and took a picture in the mirror worriedly.

Seeing her look confused, Qin Yu really wanted to rua her head twice.

But the heavy bun and the mallet on it, "If it gets messed up, the lazy cat will cry anxiously, right?"

Thinking of this, Qin Yu suppressed his restless hand.

手: I want to rua.

Mind: No, you don't want to, let me crawl!

Seeing Qin Yu's tangled expression, he wanted to touch and restrained.

Lazy Cat pursed her mouth shyly and smirked, and said timidly: "Wait for the meeting to be over, people...everything is up to you."

Qin Yu's eyes lit up and said, "Listen to everything?"

"Hmm~" Meow.

waited half an hour in the locker room with Lazy Cat, and finally it was her turn to appear.

"Teacher Lan Yue, please here." The staff looked at Qin Yu curiously.

It's just that he has already put on a mask this time.

squeezed her little hand, Qin Yu smiled lightly: "I'll go ahead and see you later."

"Yeah." At the moment when he nodded obediently, and let go of his hands, Lan Yue felt a little bit reluctant.

When she turned to face the stage channel, her expression immediately became mature and steady.

The next moment is strange, tender, pitiful, restless, ecstatic...

Different emotions surfaced on her face one by one, as if she had experienced the various states of life in an instant.

came to the reserved place at the front desk, Qin Yu saw Chief Tang's father and mother again.

"Uncle, Aunt~"

Nodded to the two of them, Qin Yu pulled down the mask.

"Oh, it's Xiao Qin!" Aunt Tang patted his arm excitedly.

This young man is still so energetic, tall and handsome...great.

"Little Qin, come to see Girl Lan." Uncle Tang smiled.

"Yes, I haven't seen him for a long time, my boyfriend will be incompetent if I don't come again."

The second elder nodded in relief, and looked at him more satisfied.

He said, 'If this were my son-in-law, how nice it would be!'

At this moment, Qin Yu was thinking, 'When is the right time to go home with Tangtang for a showdown and change his name to father-in-law and mother-in-law?'

After experiencing Song Yuqiao's affairs, Qin Yu decided not to escape.

No matter how you hide, this kind of thing is impossible to hide...

It's better to take the initiative to attack and break one by one!

Otherwise, if they were towed together and crashed, it would be really dying.

Talk a few words, the above performance is about to begin, and everyone is quiet.

Today, Lan Yue has two projects, one is the group dance "Flying Sky" and the other is the solo dance "Water Moon".

The two dances have extremely high requirements for flexibility, and both have more leg movements.

Seeing her and the other dancers fixed on the stage, dancing lightly, with joy on her face.

Others are admiring the beauty of the dance, but Qin Yu is distressed by the body of his lazy cat.

The burden of those movements on the legs and body is enormous...

There is also the main dancer in the middle, Tangtang!

Fortunately, Yu brother's heart is big enough, even if he hurts two at a time, he is busy.

, Tang's father and Tang's mother are all smiles. Today, her daughter is in very good condition, and she frequently interacts with their two elders during dancing.

will cast his eyes from time to time, making the two elders complain and be full of joy at the same time.

When my daughter is older, she is more and more distressed.

It didn't take long for Lan Yue's second project to start performing.

Watching her performance, Tang's mother, who has been a professional audience for many years, patted Qin Yu's hand and whispered softly: "This kid Lan Yue is really talented. He was born to eat this bowl of rice."

"I feel bad for her body. They jump like this, it's too wasteful of their bodies." Qin Yu said with a bit of pain.

Tang's mother was startled, and sighed: "Huh~"

Qin Yu's words reminded her of her own Tangtang, and her injuries have never been broken for so many years.

is an occupational disease, except for daily basic health care, and regular visits to the hospital for various examinations and physical therapy.

Outsiders only see her scenery, but they don't know how much they have paid for it!

'Should I find an opportunity to tell her about retirement? "Mother Tang's thoughts of being broken once again arisen in her heart.

Now that there is girl Lan Yue picking up her class, she should rest assured.

"My wife~"

Tang's mother ran into her old man, and the two got together and whispered about their daughter's future life.

Her dream has been achieved. Before she completely collapses, should she consider her future life?

No matter how high the achievement is, how many applause and flowers you get!

In the hearts of parents, happiness...

It is the most important thing to see children get their own happiness.

This is the most sincere and sincere wish and expectation of every parent, far beyond everything in the world.

"Uncle, aunt, I'm going backstage first."

The performance on the stage ended, and after the lazy cat bowed, Qin Yu couldn't wait to follow.

"Okay, go, go!"

"Oh, it's so nice to be young, my Tangtang lacks a boyfriend like Xiao Qin."

looked at his distant back with all eyes and kindness, the second elder really wanted to turn into another good son-in-law like Qin Yu in front of him.

Hope that when the truth emerges, they will still be able to change their original intentions.

Backstage, Qin Yu knocked on the door of the locker room.

The door of the room opened from the inside, and Lan Yue, dressed in drama costumes, appeared in front of her.

looked shy, nodded and lowered his eyebrows to hold his fingers, and slowly backed him into the room.

"Is this clothes expensive?"

"Take it lightly, it's okay..."

"Wait for Tangtang to come?"

"...Bad guy, kill you, wow!"

The answer is self-evident.

Click!

The door was locked from inside, and the sound stopped suddenly.

Two hours later, the whole performance is over, and the staff in the corridor will come and go.

"Where's Teacher Lan Yue?"

"Should take a rest in the locker room!"

"Let me see if I am asleep."

The assistant came to the door of the locker room, knocked on the door leaning forward, and said softly: "Teacher Lan Yue, teacher..."

"Ah, I'm here." Lan Yue's voice was a little hurried.

"Teacher, the performance is over, everyone is going to celebrate."

"I, um...I will not go, I am not feeling well, I will go back to the hotel to rest first, you don't have to worry about me."

Hearing the teacher's 'gentle' voice, the other party thought for a while and said: "Okay, do you want someone to stay with you?"

"Cough!"

"I'll stay with her, you guys go!"

The assistant looked at him for a moment, and said unsure: "Is it Teacher Tang?"

"Well, go, don't worry, we are. UU reading www.uukanshu.com"

somewhat strangely, the assistant scratched his head and walked forward.

Miracle, the voices of the two teachers sounded abnormal.

Such a heavy nasal sound, wouldn't it be a cold?

"How about, have you found someone?"

"Teacher Tang seems to be gone."

"Hurry up and look for it."

Hearing the anxious voice of a colleague, the assistant hurriedly explained: "No need to find, Teacher Tang and Teacher Lan Yue are together, let us celebrate by ourselves."

"Ah, are the two teachers okay?"

"It sounds like I'm too tired, the nasal sound is a bit heavy, I suspect it's a cold."

"Then I will buy some cold medicine on the way."

"I'm going to buy it, I know there is one on the opposite street, I saw it when I came..."

"Hey, did you see the performance of Teacher Lan Yue today? She is really beautiful."

"You said, I heard that Teacher Lan Yue is the hardest one in training..."

"Wow, people who are better than you are working hard, and waste like me can only lie flat."

"Okay, Teacher Lan Yue is not comparable to people like you and me, so think about what you will eat later!"

"Dry rice, dry rice, what can't you do, at least I can do it."

"Ha ha..."

During the laughter and discussion, several people left with each other, leaving only the theater staff to carry equipment and clean up at the front desk.

Chapter 1146: Magical hands

Xinjiakou, Sheepskin Alley.

This narrow alley opposite to Dayang Department Store is always crowded with young people in the afternoon.

The aroma of various gourmet snacks makes the passengers passing by the alley look back and stop.

Liangpi, pot stickers, grilled cold noodles.

Have another cup of purple rice dew, and the three of them trot to the sashimi shop.

Small shop, the place is not very big.

The bar was full of celebrities and beauties. Qin Yu asked for a partition and sat cross-legged at the table with Lazy Cat and Shi Shi.

The interior of the store is pure neon style, and the walls are covered with posters and posters.

There are colorful porcelain statues of singers on the high partition, and the music played is the ending song of a popular anime.

put the bought snacks on the table, Shishi glanced at the lady glasses sister who was waiting to order.

quietly said in Qin Yu's ear: "We bought so many snacks, can we still eat it?"

"You can eat it."

Working in the background for a long time, he can consume a lot of physical energy.

This snack is not enough to stuff your teeth!

"We want a beef sukiyaki pot, grilled beef tongue, foie gras sushi, eel rice."

"I will also have wasabi octopus and signature sushi, and finally a salmon sashimi."

"Handsome guys, we have a set menu. Look at it. It's very similar to the one you ordered. Group buying is more cost-effective."

"Really?" Brother Yu opened a group and saw that it was true.

Except that salmon sashimi is replaced with grilled salmon steak, everything else is the same.

"Thank you, I want this."

Group buy meal for four, order one salmon sashimi.

Qin Yu ordered a pot of soju again, a small clay pot with a big fist, and a pinch of flames burning in it.

The clay pot 'Lulu' on top is boiled with a light fragrance of rice.

The lazy cat is a bit greedy, staring at the clay pot with a vague look, and licking his lips with the tip of his tongue.

"Are you ready?" Lazy Cat asked expectantly, holding his chin in both hands.

Qin Yu lifted the clay pot, and the handle wrapped with thread was somewhat warm.

pour each of them a full glass, and said, "Drink slowly."

The taste of rice wine is mellow, sweet and waxy, and it tastes like it has no degree.

can also be intoxicating, especially after warming up.

One inadvertently drank too much.

Put out three fingers in each hand to support the sides of the cup, and put his chin on the table.

"Hiss~" The lazy cat took a little bit and tasted it.

'S eyes turned into crescent moons, and he smiled and said, "It's delicious!"

Shishi nodded quietly, expressing agreement.

Good girl seldom drinks alcohol, but she does not drink less with Qin Yu.

Thinking about it carefully, she has drunk more times than she had drunk in the previous twenty years.

The little milk rabbit was also taken away!

Anyone who has seen her wonderful performance on stage will feel that Tang Shi is a person with rich emotions, delicate and good expression.

But in fact, she in private is like a fairy who doesn't eat fireworks.

Quiet and without a sense of presence.

If Qin Yu or Lazy Cat don't take the initiative to talk to her, Tang Shi can keep listening to them.

Except for the statue on the stage, there is no more competent listener than her.

"Shishi, are your legs okay?"

Qin Yu moved aside and motioned for her to come and sit down.

Support the ground with both hands, lift the body upwards, the front and back lines are in place.

stretched his right leg straight from under the table in front of him-look!

Being skilled is self-willedness. Brother Yu smiled helplessly and pulled up the trouser legs covering the calf.

Spots covered with bruises and bruises made Qin Yu heartbroken.

"Don't try so hard in the future, look at the bruises on your legs, what are they like?"

'S stern tone made Shishi shrink back in fear, trying to withdraw her feet.

She knew that the bruises on her legs were unsightly, and she even felt inferior.

There are also toes. Years of skill training have caused the toes to be deformed and bent inward.

So she never wears shoes that leak toes, and rarely exposes her legs.

Even if you are wearing a skirt, it is either a long skirt that covers your instep, or you can use it as a primer.

Even in the dormitory, he would wrap his legs tightly.

Everyone has the heart to love beauty, how could Tang poetry not care.

It's just that she chose this way.

is willing to pay the price for the dream, but also feel disappointed and sad because of the price.

Which dancer persisted to the end, and didn't hold his legs and cried secretly in the dance studio.

Tang poetry, tears have been drained for this.

In the next second, Qin Yu grabbed her ankle and gently covered it with his palm.

"Don't move." The drooping eyes lit up with a dark red luster.

Hold down the palm of the bruise, as if it was the next rain of lead dust.

The palm is the sky, and the legs are the ground.

At this moment, a hole leaked in the sky, and the black lead dust pouring onto the earth formed a flowing sky column.

Hundreds of millions of nanoworms penetrate deep into the pores.

Form a mighty army in hordes to clean up the remaining harmful substances.

'Opening a beauty salon will surely have an endless stream of customers.'

Slide the palm of your hand to cover the bruised areas one by one.

When he moved his palm, his skin returned to its original color.

At this moment, Tang Shi only felt that the place covered by him was numb.

There was also an itchy feeling that made her straighten her legs and bit her lower lip.

This performance looks silly, lazy cat, curiously leaned forward to look at the opposite side: "Sister, the scar on your leg is gone!"

Those hands seem to have magical powers, creating miracles!

Tang Shi trembled and looked at Qin Yu with wide eyes.

"The secret recipe from the ancestors will not be leaked..."

Qin Yu's pretentious face, a stubborn and stubborn look of a world-famous man, teasing a lazy cat.

supported the ground and moved to Qin Yu's side, holding his arm and happily said: "I want it too, I want it too."

"Okay, I'll check it for you later in the evening." Qin Yu said with a smirk.

Lazy Cat made a big blush by his tone.

squeezed, his calves fluttered, and he moved back with his hands.

"Bastard."

pursed his lips with red cheeks, expressing dissatisfaction with him.

I don't know how much temptation he is for men.

The bruises on the calves were cleaned up, and the food was put on the table.

"First finish eating and wait until we return to the hotel before continuing." Qin Yu said to the excited Tang poetry.

"Hmm." The little milk rabbit nodded vigorously, with a happy face.

"Can your secret recipe slim your legs?"

"Can that turn white?"

"Can you clean up dead skin?"

"Can all diseases be cured?"

The queen and the princess dance well, become curious about three thousand questions, and catch him and keep asking.

Qin Yu's forehead was full of black lines, and his heart said, 'the heart said this is using me as a universal house.'

Seemingly simple problems are not so easy to deal with.

Nanoworms can do this, provided that Qin Yu keeps enough of them in their bodies.

replace those cell structures and tissues that are 'swallowed' away.

But it is difficult to do this, unless the two stay with him.

This is not like his previous defense mechanism that stayed between women's hair and was in a dormant state.

Quantity is a problem, and a steady stream of energy is needed to keep the nanoworms active.

Otherwise, nanoworms that have been dormant are just 'dead things.'

also couldn't do what the two asked for.

And once it leaves his body, Nanoworm's ability to absorb free energy will gradually disappear.

This was discovered through experimentation, as recorded in Jing Yuan's report: They are degenerating from perfection, and the reason is unknown!

Chapter 1147: Change face

Most Internet celebrities check in, which will disappoint.

The price is expensive, the portion is small, and the taste is bad. It seems to have become the label of "net celebrity check-in" food.

Only, this time it was completely different.

fatty beef sukiyaki on top of snowflakes, grilled beef tongue and eel rice, bring a satisfying experience to Qin Yu.

'Ding, congratulations on tasting the explosion of taste buds and trigger random rewards!'

'Title Advanced Card: Any title can be made to advance!'

even let the system that hasn't been moving for a long time, give out random rewards.

Your taste—identification.

The taste of foie gras sushi and signature sushi is also good, and the salmon sashimi is quite satisfactory.

There is nothing amazing.

But compared to the salmon in the general sushi restaurant, it tastes richer and the meat is fresher.

"It's delicious...and drink it!"

The lazy cat with its bulging cheeks held up the cup and shouted, "One more cup, just one cup."

hilariously and helplessly said: "a cup?"

"Hmmm~" Lazy Cat nodded his head with bright eyes and tilted his head docilely.

"Where are you?" His eyes turned to Tang poetry.

Big eyes narrowed slightly, Tang Shi nodded with flushed cheeks, watching him raise his chin, grinning silly 'hehe'.

Today, let them relax and indulge once.

thought in his heart, Qin Yu filled the cup in front of her.

shook the clay pot and found it almost bottomed out.

Looking at the table again, there are already three empty bottles, "Waiter, please give me another bottle here."

drank five bottles in a row. When they left, the two of them looked like fools, grinning 'hey' and just smirking.

The Tang poetry is okay, squeezed into Qin Yu's arms, quiet and quiet, as usual.

Lazy Cat kept pulling his head, revealing small tiger teeth, as if to bite.

"Bad guy, big bad guy."

"Hug...Hug, hey."

"Well, it smells good...husband, I really like you."

"Woo~husband, when practicing dancing, it hurts to fall down!"

"If...you're here, you'll definitely help me out, that's it."

"In the future, I will give you so many children, okay?"

"Hey, give birth to a football team, let you have no time...no time to go, bother."

Facing the weird gaze of the lady cashier sister, Qin Yu rubbed her head and held her in his arms.

Tang poetry on the left, lazy cat on the right.

At this moment, Miss Sister's expression is even more strange: "Your room card, please keep it."

"Thank you." Received the room card.

Qin Yu walked to the elevator one by one, and put Tang poetry on the bed when he came to the room.

looked down at the lazy cat who hugged herself and didn't want to let go.

I cried and laughed along the way, venting all the grievances and worries that I had held in my heart in the past.

Ling Yu's heart is mixed, not a taste!

sat leaning against the head of the bed, hugged her horizontally, and put her feet on the bed.

Qin Yu pulled the quilt, covered her belly, and quietly looked at the pretty face sleeping peacefully in front of her chest.

A ray of sunlight shone on his face, and the sleeping lazy cat regained consciousness.

rubbed his eyes, rolled his face with a smile, his arm was blocked by something hard.

opened his eyes and saw that it was a pair of legs.

turned his head and looked to the other side, a helpless and tired face came into view.

"You won't just sit all night like this?"

sat down on the bed obediently, clenched his hands in front of his knees, leaning forward and looking at Qin Yu.

"What do you mean?"

squeezed her face, Qin Yu stood up and moved her body.

did not activate the Nanoworms, just relying on his own hard defense, even in terms of Qin Yu's physique, it was a test.

This night is really bearable...

Tang Shi, who was sleeping on the right, also woke up in the sound of their conversation.

rubbed his eyes in a daze and asked, "What time is it?"

"It's still early, 8:20." Lazy cat glanced at the phone, and was sleepy again when he heard Tang Shi's yawn.

In the next moment, his gaze swept across Qin Yu's Tang poems, and the spirit became clear.

"Is there any treatment at the latest?" Tang Shi pulled up his trouser legs.

"You have to ask Yueyue."

Qin Yu can't help looking at the lazy cat, clearly saying, "It's all her responsibility."

"Sister, don't worry, there is still a whole day."

Lanyue jumped out of bed, took her to say something quietly, and went into the bathroom together.

The bitterness of lovesickness made her unaware of being shy.

The pure white paper is dyed in color after all.

But only by adding color can you make a perfect painting!

removes surface bruises and dullness for Tang poetry.

Then, Lanyue enjoyed more comprehensive, high-standard, and high-quality nursing services.

In fact, she knew in her heart that she had already received the same treatment.

There used to be a mark from a bump, and every time I see him, he will quickly disappear.

At that time, Lan Yue didn't think about it, only when it was time, it disappeared naturally.

I want to come now, he did it quietly!

2 hours...

patted her face in the mirror.

Lazy Cat turned around happily, hugged Qin Yu and kissed him.

"It actually works!"

looked at the Tang Poetry, who was also looking in the mirror, leaned forward and stared at her and said, "Sister, your acne is gone!"

"It's amazing." After taking pictures in the mirror, Tang Shi dare not believe it is true.

It's amazing, it's incredible.

How did he do it, and what's the secret in his body?

"Qin Yu."

found some fine lines under the eyes, Tang Shi's complexion flushed softly and asked, "Can you do it again for me?"

How could Brother Yu refuse such a sincere request from the little milk rabbit?

*

*

In the afternoon, Tang Shi and Lan Yue, with their faces full of collagen and skin moist and shiny, boarded the bus prepared by the dance troupe arm in arm.

After each performance, only half of the day is used to rest and relax.

The members can spend this time walking around and strolling around.

Take a look at the beautiful local photos, take photos, and taste local food.

Or sleep in a hotel arranged by the group for a day, all as supplementary sleep.

Then, gather at the designated place at the time notified in the group.

Take the bus and go to the airport together.

8:11 tonight is the day when they return to Shangdu.

Next, I will rehearse and train for the next performance.

This year, the dance troupe will present gifts to mothers all over the world on Mother's Day. It will be in Central, Barrow, Belarus, Seoul, Neon...

Live broadcast in the five major areas at the same time, this time the task is very heavy.

The specific list of participants has not yet been determined, and it should be announced after I go back this time.

Found that there was no one in the car, Lazy Cat asked softly: "Sister, do you think I can choose one this time?"

Tang Shi first took out the small mirror and took a picture of himself.

Seeing that the hydrated and glowing apple muscle is really still there, he said, "Don't worry, you can definitely choose it."

"Come on, I want to sit in front."

"I'm going to be by the window this time, no one will fight with me."

"Who wants to shoot you, haha, let me first!"

"Yeah~"

Several girls ran into the car noisily and looked up.

Tang Shi and Lazy Cat sat in the second row, looking at them blankly.

"Chief Tang...Lan Yue second seat..." The girls fell silent for a moment.

To the chief of Tang Shi, the members are in awe.

Don't think she is always quiet, she doesn't even say a few words in daily life, and her personality is gentle and docile.

But when it comes to dancing, Tang poetry can be called paranoid.

During daily training, the small mistakes Zhou Xue occasionally overlooked couldn't escape her gaze.

A glance passed, and the body of the member who made the mistake was as straight as an electric shock.

No matter how tired or sleepy it is, I immediately get up to 120,000 points of energy.

I was afraid of being caught by her, and another 'killing eye' came over, making people scared to numb the scalp.

She won't say you, she won't scold you, or ridicule you...

I can't do these Tang poems.

She will only demonstrate the correct movements and force skills for you after the training is over.

Then personally accompany you, practice again and again, practice until exhaustion, no more mistakes.

The opponent is completely crushed with strength, even if they want to find a reason, they can't escape.

And, once caught by her.

The standard of 'qualified' will become what Tang Shi himself requires of himself.

If everyone can reach her level, wouldn't everyone be the chief?

If things go on like this for a long time, it will result in her majesty in the dance troupe.

Let's talk about Lan Yue's second seat...

When I first came, I thought she was easy to get along with.

has a cheerful, well-behaved personality, can act coquettishly, and act cute.

, who doesn't like such a soft girl?

After a few group trainings, they knew that this one was absolutely unattainable.

is exactly the enhanced version of Tang poetry, an enhanced version...

is not only highly valued by Teacher Zhou, but also has an extraordinary talent.

even worked hard until the Tang poetry began to practice.

Otherwise, I will feel guilty.

It seems that he is regressing due to laziness, but Lan Yue's progress is too fast.

Raise the training standards and length of the dance troupe by oneself, so that everyone becomes a genius of hard work.

The feeling of desperation and oppression caused by someone chasing after him desperately is stronger than the pressure brought by Tang poetry.

She is like a crazy little white rabbit with red eyes, running around behind everyone.

Once someone stops, she will be overtaken by her!

became a second-line substitute, even eliminated...

Pervert, pervert! !

Facing the panic of his companion, Tang Shi nodded slightly and said softly: "Be quiet."

"I'm sorry, Chief Tang."

bowed and apologized, and a few people quietly found a place to sit down. U U Reading
www.uukanshu.com

However, several people still looked back at them frequently, as if they had discovered some new world.

"What's wrong?"

Tang Shi touched his face and said, "What is strange on my face?"

"No...No."

A girl turned around, leaning her back and curiously said: "Chief, are you going to take care of the second seat?"

"This skin is as tender as you can squeeze out water... it's almost like a person."

"Yes, it looks like it can shine, Chief, what kind of care did you do?"

"Chief, tell us what it is? I want to do it too."

"I want to go too, this effect is amazing."

The girls are chatting and discussing, wanting to get answers.

In private, the chief is still very gentle.

It's just that I usually have more time for training and performances, I'm already used to it!

Now, it's about the 'beauty' that women care about the most, and I don't care about the fear in my heart.

This effect-there is skin care, it's just a change of face.

Seeing the excited companions, Tang Shi's cheeks are red, and even the ears are dyed pink.

"This master is very difficult to invite, only to be an acquaintance... I went with Yueyue."

Lan Yue's expression was full of error when she heard the sister throw the pot to herself: Huh? ? ?

Chapter 1148: Good news from penguin

sent away Tang Shi and Lazy Cat, Qin Yu once again returned to Liancheng on the east coast.

It's just that I didn't go to the forest villa this time.

滴~

As soon as he opened the door, Qin Yu heard the rush of running.

are two, 'is it family?'

The next moment, he saw Xu Wanwan running towards him and Dai Dai following behind.

turned out to be her, and thought it would be Xu Wanwan's family.

Brother Yu is mentally prepared for the showdown, hastily, hastily...

"Thanks for your hard work, give it to me!"

took out the slippers, squatted on the ground to change his shoes, and then bent over the leather bag in his hand.

"Boss, meet again."

Standing on the spot, Dai Dai leaned forward slightly and waved, greeting him with a bright smile.

"Well, come to Wanwan to play?" Qin Yu smiled lightly.

When passed by her, he naturally raised his hand and touched her hair.

Yeah!

Dai Dai secretly compares V, he just touched his head.

This is to mean-does he have himself in his heart?

Dai Dai is not sure, but I hope it is true...

During this period, I ran to Wanwan's house every day, for today?

The days of singing and shooting on the street are far worse than Wanwan's current "rich and noble ladies".

arranging scripts, buying announcements, creating topics, and arranging group performances and atmosphere groups to highlight the screen effects.

In addition to these, channels, platforms, distribution...

Anyone can shake her face with herself, always want her to sing to accompany the wine...

If you want to, will you have them? ? ?

But, I really want to thank the greasy uncles for their persecution.

Otherwise, I wouldn't take Wanwan to a yacht party, and I wouldn't have a chance to meet the big guys.

My girlfriends will not become the canaries of the big brothers, and take a shortcut to the end for themselves.

'If it's the same as Wanwan, it's fine to live here. '

Dai Dai thought so, and did so.

As soon as Qin Yu took a seat on the sofa, she leaned to pour some tea with the front end, and asked for warmth.

Wanwan is still attentive, and people who don't know think she is the hostess of this place.

Wanwan just smiled when she saw her best friend behaving like this.

turned around and walked to the kitchen to prepare lunch.

Here, just leave it to her.

is just what she wants, it is destined to be nothing.

This is not Wanwan's malicious guess, jealous of his girlfriend to compete with him.

is what the boss once said himself: 'game, occasionally change the taste, take it home and grow it, but it loses its essence! '

Dai Dai, that's the game...

"Is the job okay?"

"It's so hard, and all I make are hard money."

Qin Yu was amused by her words, and the current position of 'hard work' is too broad and cheap.

"It's better to work hard, the money you make is meaningful."

Hearing what he said, Dai Dai smiled and leaned his body into his arms, and said coquettishly: "I hate it~"

Buzzing!

The wrist vibrates, and there is news from the personal terminal.

opened the sleeve bowl and found that the prompt message came from 'Xu Meixin,' Qin Yu got up and walked to the terrace.

"This call is too good to pick the time." Dai Daixin curled his lips unwillingly.

I couldn't finish watching him for a while, and ran to the kitchen to help Wanwan prepare lunch together.

"Wanwan, you won't be angry with me, will you?"

carefully observed the face of his girlfriend, Dai Dai was afraid that her recklessness might cause her misunderstanding.

"will not."

Wanwan raised his head and smiled slightly: "In the beginning, if you hadn't taken me with you, I wouldn't have the current life, I remember all of these!"

Dai Dai's expression changed slightly, and she could hear the words with a gun and a stick.

So, she is still angry?

"Don't say that, it's your luck."

Dai Dai endured his unhappiness, and said kindly: "Look at you now, who doesn't envy?"

Wanwan smiled in silence, unable to see what she was thinking.

was a little discouraged, Dai Daijue felt aggrieved.

Once upon a time, I needed to look at her face wherever I needed to, cautiously, bowed down to please her Xu Wanwan.

now.....

As expected, Feng Shui turns around, so I'm too memorable!

Terrace, Qin Yu is surprised by the news just received.

Suit Ma actually called Secretary Xu in person, expressing his desire to talk about cooperation with the company.

The other party wants to delay time and disturb the possibility of trading in South Africa.

Still recognize the reality and really intend to cooperate?

Qin Yu was unsure for a while, and asked Xu Meixin for advice: "What do other bosses say?"

"Mr Xu meant that, no matter whether he was real or not, he would take the shares first."

"At the same time, send someone to contact the penguin to see the other party's plan and sincerity."

"The other bosses mean the same thing. If the other party really intends to cooperate, then there is no difference between buying and not buying shares in South Africa for him."

"This is also true."

Qin Yu rubbed his chin, thought for a few seconds and said, "Just do it, let Mr. Xu go there in person, to show the sincerity of the company."

Cooperation should have an attitude of cooperation. Since the other party takes the initiative to show weakness, the company must naturally show its due sincerity.

Let Xu Hao go in person, and make a decision that is beneficial to the company according to the situation with his authority or adapt to the circumstances.

If you can really reach a cooperation with Penguin, this is really something to celebrate.

Brother Yu sincerely admires Penguin's ability to make money.

If these people can be dug into the company to work for the miracle.

Brother Yu felt that the company's profits would be okay if it increased at least forty to fifty percent.

If you swallow Penguin's instant messaging, all the teams and teams that the Guanghe terminal lacks will be available.

Open the barrier between Guanghe and instant messaging users, and fully connect development, channels and applications attached to the industrial chain under Penguin, and immediately create huge industrial value for Guanghe.

By then, it's not the penguin who should have a headache.

is the global mobile phone manufacturers, as well as the suppliers, foundries and profiteers attached to this industry chain.

In addition, the cooperation with Penguin has another advantage.

Open up the global instant messaging industry's boycott and blockade of Guanghe, make it more perfect, and occupy more market share.

Nowadays, the role of Guanghe is only to communicate and exchange information.

is like the old machine of the last century.

Want to enter the 'intelligence age', relying on miracles to fight alone is tantamount to overthrowing the entire electronics industry chain.

Kirin can do this, and the result will only be a complete economic collapse.

Countless people went bankrupt, unemployed, and displaced.

It is against Guanghe, not just big companies or enterprises.

Rather, a total blockade is led by state institutions.

In the mature field, the progress of science and technology must be gradual.

One step faster is a genius, two steps are evildoers.

Three or four steps, either to be intolated by the times, or to become a dead person.

Neither Qin Yu wants to choose, so he only needs to be an evildoer.

Like Tesla, there are only gods who can be praised after death.

It's better to leave it to others.

Chapter 1149: Mine Girl

Dai Dai still didn't get what he wanted, and the boss obviously treated himself as a takeaway.

Eat when you are hungry, and throw it away!

Fortunately, the big shot is generous, not only for meals and tips.

Even the cost of lost work has not been reduced...

After swallowing hard, Dai Daixin said, "This throat, don't even think about speaking for at least half a month."

In the room, I was smiling and silent for Qin Yu's tea-making Wanwan.

"You look very proud?"

Hearing this question, Wanwan whispered: "It's not proud, or it's funny."

"Talk about it." Qin Yu also wanted to hear what makes her interesting.

"There are so many people chasing her outside, and many of them are men who are wealthy and have extraordinary backgrounds who regard her as a goddess."

She glanced at Qin Yu with her eyelids, teased and smirked: "But she wants the boss with a single mind."

"Why, your boss is not worth it?"

Qin Yu leaned forward, looking directly at her aggressively.

"worth!"

Wanwan nodded earnestly and snickered: "It's not the best choice, according to common sense."

Qin Yu fell silent, leaning back on the sofa and lay down.

This is true. From the standpoint of a bystander, Dai Dai clearly has a better choice.

Is it not fragrant to be regarded as a goddess and held in the palm of your hand?

Don't look at her envy of Wanwan, there are ready-made choices around her if she thinks about it.

Keep her clothes comfortable and moisturized.

But people are cheap!

I always turn a blind eye to the people around me, and I just want to catch the mirage in the distance.

The best is what you can't get, and it's the same for everyone.

The more Qin Yu hung her appetite, the more active she was wearing Dai, and the more aggressive she was.

Looking at the women around him, except for her, Shen Chuxia and Xu Yue are the most proactive.

Why?

Naturally there are other factors, but his erratic attitude is also the key.

The two of them put it bluntly, the most important job every day is to deal with Miracle Company.

Serve the company's needs well and maintain friendly and cooperative relations.

Do your best to strive for more performance!

Whoever does a good job will rise fast, and you will have a great time chasing me.

This is doomed, the daily theme of the two people's thoughts is: Qin Yu.

When you mention the company, you think of him.

And then think of 'what is he doing?' 'Why haven't you contacted yourself for so long, have you forgotten me?'

'What does he think in his heart?' 'How can I satisfy him?'

Then it will lead to self-association, and even the future...

The more you think, the more mental and emotional investment.

Just like stocks that are locked up, there will be some gains from time to time.

People are reluctant to let go, and can't hold it.

Worrying about the gains and losses day and night, the deeper and deeper, the whole heart is locked.

Even if you know that there is no result in the end, you can't see or hear.

What's more, waiting is suffering!

Occasionally there are gains, but it is the double pleasure of mind and body.

Including spiritual and material satisfaction.

All kinds of factors add up to make people want to stop!

Otherwise, licking the dog can't turn over.

The mundane world is prosperous and dazzling, how can you care about the pugs that are spinning around you?

"How about the game?"

The game cabin sent by someone last time was placed in the evacuated guest bedroom.

"I'm still getting used to it, I've died many times." Wanwan fiddled with the broken hair on the sideburns, looking embarrassed.

She has just been addicted to "Ghost" after playing for a while.

She is in the early stages of being addicted to food and vegetables, and she was affectionately called "Girl in the Mine" by fans. '

It also makes people aware of her wealth!

I just went online, not long after I walked out of the refuge, I kept feeling how real the picture is and how beautiful the scenery is.

Seeing a red-eyed rabbit jumping out, the next moment people were gone.

The fans exploded on the spot, 'what's playing games, is it to give rations to the devil rabbit? '

'Retire, let's see Jill for the anchor of such a dish? '

"Prepare for 4 hours, live broadcast 1 minute, 2333~"

Is joking, ready to leave the live broadcast room.

In the next second, Wanwan was alive.

But it can't prevent the loss of the number of people. The number of viewers in the live broadcast room has dropped by hundreds or hundreds.

Consuming the whole can only measure the stick, just die for it!

This kind of operation is quite rare, but it's not that no one has ever done it.

Presumably this newcomer's live broadcast was impulsive, and I did it without even thinking about it.

Now, I can't figure out what it's like to regret in my heart.

After all, an energy bar is 20,000.

Unless there is a mine at home, who doesn't feel bad about it?

Fun is fun, and it can't change the fact that she is picking her feet.

Sure enough, it died shortly after it was launched.

This time, I didn't even know how to die, and my eyes went dark, and the prompt 'you're dead' popped up.

Simple and straightforward!

At this time, even the old fans couldn't stand it, and they swiped on the public screen, "Let's not go, it's good to chat. '

'This game is not for you, find a factory to work! '

'I've never seen anything like this in my life! '

Everyone complained, saying, 'It's gone, I don't have to watch it. '

The old fan also plans to jump back to the ordinary live broadcast room and wait for Wanwan to chat online.

Next moment, eh~

I live again.

'Fuck, are you so stiff? '

'Forty thousand yuan, I've lost half a year's salary. '

'Hey, is this a rich woman? I am your long-lost adopted son! '

Fans who just said they are going to leave, this will not go anymore.

One by one stared at the screen, planning to see how many times she was going to die.

You die twice in a row, this is a card bug, have you even swiped unlimited 'Resurrection Coins'?

Energy bars, also known as 'resurrection coins. '

It's just that the whole platform can't find a few that really use it as a 'resurrection coin'.

After all, the basic effect of energy bars is to increase the duration of the game.

The correct way to use it is to add an energy bar to keep it online for 120 hours.

A chance to die once, offsetting the 50 hours of game time, is painful enough.

Bring it to resurrection, "Grass, come again???"

Seeing Wanwan in the live studio resurrected for the third time, the water friends were shocked.

The old fan even called out: "I didn't expect you to be such an anchor."

"No wonder it's pure chat, there isn't even a fan base, is there a mine at home?"

"The rich woman is by my side?"

"What kind of rich woman, call her mother."

"Mom, is there still a son in our family?"

What's the secret of the live broadcast platform? The news spread in a few minutes.

A large number of water friends poured into the live broadcast room, wanting to see what the beautiful and rich women look like.

Not to mention, neither the beauty nor the wealth has disappointed the water friends...

For a live broadcast, a whole box is used up-12 can only measure sticks.

In addition to the 3 purchased in the game cabin, there are 15 measuring sticks in total.

The total value is 300,000, which is enough to pay a set of down payment in second-tier cities.

This is a game, I suspect that we are not playing the same game.

However, some people spit out strangely: "Which union is responsible for setting up people, and will start bringing goods to make money in a few days, right?"

"I beg you, anchor, please don't let people jump?"

"The union uses bad routines, and there is a fool's letter #* ¥ @# ¥ &@"

Believe that Wanwan Shuiyou said that the anchors have always been Buddhists, and they only chat before playing games, and they don't even have a fan base.

It's impossible, as they said, people are just boring, and live broadcasts pass the time.

The two sides quarreled in the live broadcast room.

"Believe it or not, I crawled along the network cable and hacked you to death."

Wanwan was also overwhelmed by this situation, and happened to see a water friend asking: "Did the anchor stock a warehouse of energy bars?"

So, Wanwan, who was about to change the subject, raised the equipment and said openly, "Take a look at it."

In front of the guest room, Wanwan pulls the door outward.

The whole room is filled with special black explosion-proof boxes used by Miracle Company to hold energy bars.

This picture-refresh the live broadcast record.

There is a strong analysis of the big guy: "From the picture, there are 10 boxes in a stack, and 7 rows to the left.

Because of the height problem, we can't see how many columns there are, but based on the normal room area, there are definitely 5 columns. "

"So the lowest value of this house energy bar is 84 million."

"I'm talking about the least, the specific number may be more than this, and it is possible to exceed 100 million."

"It's no longer whether there is a mine at home, at least there are two gold mines to dare to play like this."

Wanwan is also known as the "Mine Girl". It is said that her family has several mines abroad, including rare and gold mines.

Some say it is a diamond mine, and some say that her family is engaged in rare earths.

In short, Wanwan suddenly became angry.

Although the fire is inexplicable, it is still a money-losing prodigal.

But the flow is there!

Later, we will see how she retains more water friends and realizes the flow smoothly.

Chapter 1150: Zhou family come and let go

Regarding the realization of this matter, Wanwan apparently did not care at all.

For this reason, he carefully tested his tone: "Boss, if I can't make money, will you dislike me?"

"make money?"

Qin Yu amusedly took a picture on her plump rear bridge: "I'm afraid you are boring if you have nothing to do. When do you need to make money?"

Wanwan happily jumped into his arms, and wrapped his arms around his neck.

ua~

"Thank you boss." Wanwan said happily after sending a fragrant kiss.

"Are you happy to be Mi insects?" Qin Yu looked at her amused.

If she really wants to be a rice bug, Yu Ge himself has no objection.

"Yeah~" Wanwan nodded happily and said, "I will also find something to do, but people don't want to work so hard."

"understood!"

People have their own ambitions, some want to be rich and noble, some want to be wealthy and settle down.

Someone is willing to take control of their own destiny and achieve a career!

Others are willing to depend on others and enjoy life as a worm that eats together and waits to die.

Xu Wanwan said that he didn't want to work hard anymore.

An Anxin is a big boss of rice bugs, what are the reasons for living so hard?

"You like it yourself." Qin Yu didn't think about her achievements from the beginning.

Otherwise, she won't give her the secondary card to use.

"If you want to buy it by yourself, there is no need to save money deliberately."

"That..." Wanwan muttered, lowering his head, kicking his legs, "Can I buy a car?"

"I should buy a car, I forgot."

When Xu Wanwan mentioned this, Qin Yu remembered that she hadn't provided her with a car.

She should be equipped with a daily family car for her own use. Occasionally, when family members come, we can drive them around.

Besides, when going home during the Chinese New Year, there must always be a trolley supporting the scene.

So that her relatives and friends knew that she was too early to be in Hudu.

"Is there a car you want to buy?"

Qin Yu took out her phone and opened the APP to help her choose a car.

"Aeolus is good, what do you think of red?"

Wanwan already has promising models, although it is not the first choice.

But making rice worms requires the consciousness of being rice worms, enough is enough.

Buying such an expensive car, what if the boss feels that he is too prodigal and hates himself?

"Fengshen?" Qin Yu's expression was startled.

Look at Xu Wanwan looking up at herself, her eyes tense.

I immediately guessed her thoughts. Is this because she is worried about spending too much money and being rejected by herself?

Funny and distressingly squeezed her cheek, Qin Yu said softly, "Reassure and boldly choose, what is the car I want most in my heart?"

"Yes, okay?" Wanwan was cautious, as if testing her owner's patience, cute pet.

"Yes." Brother Yu responded in a gentle voice.

Xu Wanwan's face was reddened, and she leaned her head on his chest embarrassedly.

"X6, BMW X6, I like it since the first time I knew it."

"That's it."

With a palm of his hand on the sofa, Brother Yu said decisively: "Go, let's go now."

*

*

In the garden house, Qin Yu still failed to watch the car with Wanwan.

Ask her to use the secondary card to swipe one of them, and people will come to Shen Bing.

Last week, there are people here!

That's right, it was the Zhou family from Zhou Xue and Shen Bing.

Before, Shen Bing invited him to eat at home for this.

When the Zhou family asked Zhou Xue, she felt that she was light-hearted, even if she mentioned it to Qin Yu, it was useless.

So, after tossing around to find Shen Bing, he said something to her.

I thought she would disagree, but she didn't expect that Shen Bing would just think about it for a few minutes before agreeing.

"I will try, don't hope too much."

After hearing Zhou Xue's message, the Zhou family had no hope in their hearts.

At the beginning, Shen Bing was abandoned for the benefit of the family.

Who would have thought that one day in the future, he would beg on her.

Never thought, just when everyone didn't report hope.

The other party had the same opinion, and it was in the western-style building he bought for Shen Bing.

So, the Zhou family came.

It was not the head of the house, but the leader of the third generation. By all accounts, Shen Bing should have called his cousin.

"Should I call you Shen Bing now, or..."

Seeing his cousin's appearance that has not changed for many years, Zhou Haocun has complicated eyes and is full of emotion.

"Shen Bing." Teacher Shen looked cold.

Perceiving her rejection of others thousands of miles away, Zhou Haocun smiled bitterly and shook his head.

Made a big mistake, it's too late to say anything!

This will talk about the past again, and it will only make people disdain.

Suppressing the turbulent emotions, Zhou Haocun looked at Qin Yu.

"Mr. Qin, what does my Zhou family need to pay to get the quota!"

Zhou Haocun came this time precisely for the training camp quota.

"unnecessary."

Qin Yu waved his hand with a smile, and said under the incomprehensible gaze of the other party: "Ten places are the same as other families."

After listening to what he said, Zhou Haocun was stupid.

Under what circumstances, the precious quota is just obtained?

Then he deliberately stuck on the Zhou family's quota before, and why!

Just because someone came to beg for mercy, let out a sigh of relief?

But the other party neither uttered humiliation, nor took the opportunity to vent their dissatisfaction, and confided all their inner grievances.

Just one sentence, no more!

Zhou Haocun really didn't understand. Before he came, he was prepared to be scolded.

It was Shen Bing who slapped him a few times, and even the other side humiliated him to get out.

He thought about how to deal with it, but now...

Zhou Haocun was stunned.

"that's all?"

Looking at Zhou Haoran who was at a loss, Qin Yu tapped his finger on the tabletop and said: "Yes, that's it."

Without waiting for the other person to speak, he continued: "According to what I mean, it is absolutely impossible for the Zhou family to get a spot!"

"But Teacher Shen said that when she went to Hudu, she was unaccompanied. It was Elder Zhou who called her old friend to make arrangements."

"For these years, I have been taken care of. Although I am not rich, I have no worries about food and clothing!"

"She remembers this love, and so does the Zhou family's grace."

"This time I begged me to return the quota to the Zhou family, and the points were returned."

"From now on, Shen Bing and the Zhou family will not owe each other."

As Qin Yu looked at Shen Bing's expression while speaking, Zhou Haocun looked at everything.

The words are full of tenderness, full of care and pity from the heart.

The relationship between these two people is not simple!

But as soon as this discovery appeared, it was forgotten by Zhou Haocun.

Jane is not simple, it has nothing to do with him.

On the contrary, what Qin Yu said earlier made him sigh secretly.

The family's calculations are probably going to be frustrated.

To say that the two owe nothing to each other, but in fact they are saying, "There is nothing more to do."

From today onwards, Shen Bing is Shen Bing, Zhou's family is Zhou's family, and Zhou Bing is long gone.

"Xiaobing, what happened back then..."

"Needless to say, at that time."

Shen Bing's cold expression softened slightly, "Everyone is still young, let the past pass!"

"From now on, if you visit as a cousin, you will definitely have a pair of chopsticks on the table."

"Others, forget it."

Hearing what she said, Zhou Hao had slight regrets, but he felt reasonable.

The entanglement in my heart is also relaxed.

"Well, I'll take the children here as a guest when I have time." Zhou Haocun said with a smile.

"Yeah." Shen Bing nodded lightly, responding.

"Then... I'll go first."

Today is not a good day to leave the past.

Besides, he was a man, he just wanted to talk to Shen Bing, and he didn't know where to start.

So, it's better to bring your wife and children together another day, and it's not too late to talk about the old days.

Shen Bing got up and saw him off, although he didn't say anything, he also showed his attitude.

This is still treating him as a family member, and what I mentioned earlier is not just talking about it.

So Zhou Haocun left with a smile.

This time, not only completed the task assigned by the family, but also re-acquainted with the cousin.

For Zhou Haocun himself, it is already full of rewards!

As for the other ideas in the family, whoever wants to let him do it himself, Zhou Haocun himself didn't plan to say more anyway.

Shen Bing didn't drive him out of the house, and invited her to be a guest in the future.

It was already to give him enough face, Zhou Haocun himself felt that the other party had acted too much.

"You really give him face." In the room, Qin Yu felt the same way.

According to him, Zhou's family didn't even have to come forward.

Qin Yu would never see him, let alone any training camp qualifications.

As for why the Zhou family did not have a quota, it was naturally Qin Yu's greeting...

Although Shen Bing has never complained, he has kept everything in his heart since he heard Zhou Xue say what happened back then.

When the training camp is established and the quota is released.

Qin Yu specifically confessed that all the Zhou family quotas were deducted and none were given.

Whatever the reason, just do it.

Which boss makes a decision, but also to explain the cause and effect to the subordinates.

But as the person involved, Shen Bing personally interceded with him, and Qin Yu had to take it seriously.

Besides, she also found a good reason!

In any case, the Zhou family has the grace to nurture her.

Furthermore, even though Elder Zhou didn't try to protect her from staying, he was still powerless.

Finally, they secretly called an old friend, please take care of him!

This allowed Shen Bing to work in Shanghai opera and settle down.

"This kindness is always to be paid back." Shen Bing said.

Therefore, Qin Yu agreed to return the quota to the Zhou family, but asked the other party to pick it up in person.

Not to humiliate and laugh at each other in person.

Qin Yu is not too young to do such naive things.

He just wanted to speak clearly and let the other party understand what was going on.

The quota is deducted by oneself, in order to feel comfortable!

It was returned by Shen Bing, in order to repay the kindness.

It's just such a thing. How to do it depends on the Zhou family's own choice...

As a relative, whoever Shen Bing is willing to walk with, that is her freedom!

But if he has other unnecessary thoughts, Brother Yu persuades him to dismiss the thoughts as soon as possible.

For Zhou Haocun, who came today, he had a good impression.

Know how to measure, know how to advance and retreat!

There is no pretentiousness, less talk about what should be said, and no more talk about what should not be said.

More importantly, he could see that he was sympathetic to Shen Bing's experience back then, but he was slight and could not say much.

Said it was to weigh the pros and cons, and thought it should not be said...

But as long as there is no fall, just like Shen Bing said, let the past pass!

After some things are put down, others are not bypassed.

But myself...

Shen Bing was very satisfied with his current life, and no longer wanted to hold on to the past.

From now on, here is my root!
