### Chapter 121: Specific reward

"Qin Shao, Shao Li talked to the boss, please come here to swipe your card."

A high ice glass floating flower bracelet with a price of 880,000, sold for 80,000.

Not a lot of points, a lot of points.

'Use shopping crit cashback card 2\*.'

'Confirm?'

'Confirm.'

'Congratulations to the host for getting 10 times cashback...'

80,000 yuan of bracelet, net profit of 420,000, not bad!

'The miracle blooms, the host's filial piety makes the parents moved and happy, triggering specific rewards.'

The blessing of 'filial son': a long life.'

'Long Lives a Hundred Years Old: Those who receive blessings are free from illness and disaster, and Fu Lu lives forever.'

Qin Yu shook his fist at the air, if the system had an entity.

He has to hug a few kisses!

So far, there is no reward that excites him more than this.

Who doesn't want parents to be disease-free and disaster-free, and live a long life.

It's just that this kind of thing cannot be solved by humans.

But for the hanger, everything is not a problem!

.....

The next day.

The biological clock tells the time on time, and Qin Yu wakes up to wash in vigor.

dressed neatly and walked out of the room, hitting the face with the newly-woke mother.

"Get up so early?" Liang Chuyu asked in surprise.

This is not like his usual work and rest, something?

"Well, I'm used to it, I'll go out for a run."

found that the bracelet on her wrist was gone, Qin Yu curiously asked: "Mom, where are your bracelets?"

"I'm so busy at work, what should I do if I break my 80,000 things?"

Liang Chuyu gave him a blank look, and said angrily: "Just like you, no matter how much money you have, you will lose."

She was either angry with her son, or she couldn't accept it for a while.

The consumption concept of buying a bracelet for 80,000 yuan.

This is still a discount. How expensive is the original price?

Such an expensive thing.

Liang Chuyu felt that it would be better to put it away and give it to his daughter-in-law in the future.

"Mom."

Qin Yu laughed and laughed and retorted: "I wear things when I buy them, and they all say that Dai Yu raises people."

"I'm so old, I will put things away first."

"When you turn back, you get married, and give it to your daughter-in-law to wear."

got it!

When my mother mentioned getting married, Brother Yu lost on the spot.

This is not in line with his image positioning and future plans.

As a promising young man who has dreamed since childhood, how could he waste time on such trivial matters?

"Will you be back?" Liang Chuyu asked as he was about to go out.

"I will come back after running a few laps around the community." Qin Yu replied.

"Bring breakfast for me and your dad."

Hearing her say this, Qin Yu instinctively turned around and stretched out his hand: "Money."

"???" Liang Chuyu was full of question marks.

"???" Qin Yu replied with a question mark.

.....

The pleasure of getting pocket money from parents.

Snap, no more!

It's not a good idea, his money belongs to him.

Shouldn't you give pocket money and buy breakfast?

"I'm so miserable!" Qin Yu, who was running at a constant speed, said helplessly.

"Qin Yu?"

Someone stopped him, and looked back, Qin Yu saw a familiar but unfamiliar face.

Adi sweatshirt with a hood on his head and earphones in his ears.

Below is a pair of tight yoga pants and white running shoes.

"Lu Qing?" Qin Yu's tone was full of uncertainty.

"I thought you had forgotten me!" Lu Qing responded with a smile.

"You have changed a lot from before, at that time you were still..."

Qin Yu pointed with his hand on his mouth, and Lu Qing laughed and said, "Steel braces."

"Yes, I'm always teased by Gangtooth girl, do you remember!"

"Of course, I still remember that you helped me out and shut them up."

Lu Qing's eyes are sweet with reminiscences, five years have passed unconsciously.

"You are not abroad anymore, now are you?"

Qin Yu knew that their family had sent Lu Qing abroad, and wanted her to broaden her horizons and exercise her courage.

This girl has been a crying boy since she was a child, and she always likes to cry.

Now, it looks a bit sporty and cheerful.

"I'm back, and I am now at the Xitong Dajinhua Campus."

"Amazing!"

can be admitted to the abandoned city of Xitong University, it is also considered a proper student master.

"How about you?"

Qin Yu raised his hand to check the time, and said, "Walking and saying, I have to buy breakfast for my parents."

"Okay, how are Uncle Qin and Aunt Liang?" Lu Qing walked out of the community side by side with him.

"As before, I am busy at work."

Qin Yu asked, "Where is Uncle Lu?"

"In addition to busy making money, what else can you do?" Lu Qing responded jokingly.

"Isn't that for you princess?"

The parents of the two families are old acquaintances. He has known Lu Qing since he was very young.

was admitted to the same middle school when he was in junior high school, and did not disconnect until Lu Qing went abroad.

Seriously, the two can be regarded as childhood sweethearts.

The strangeness that I hadn't seen for a long time soon disappeared in the memories and laughter of the past.

After buying breakfast, it is late.

"I have to go back, and I have to give them breakfast. I will be late anyway."

Qin Yu raised the breakfast in his hand and said.

"It's time for me to go to school, let's leave a contact information?" Lu Qing said initiatively.

"Forget it when you get excited, I'll add you."

Qin Yu patted her forehead and quickly took out her mobile phone and scanned her QR code.

"contacting via phone."

"contacting via phone."

Saying goodbye to Lu Qing, Qin Yu returns home with breakfast.

Qin Han and Liang Chuyu have changed their clothes and are about to go out.

"How many laps did you run?"

For so long, Liang Chuyu thought he had forgotten what he explained.

"I didn't run, I met an acquaintance." Qin Yu smiled mysteriously.

"Who? Your classmate?" Liang Chuyu didn't remember that he had classmates living here.

"That's true, junior high school classmates, you also know each other."

When Qin Yu said this, Liang Chuyu was even more puzzled.

Qin Han suddenly thought of something, "You mean Lu Qing, right?"

"Dad, how did you know that Uncle Lu told you?"

"Qingqing is back?" Liang Chuyu smiled with joy.

She especially liked Lu Qing's girl. When she was a child, she said, "It will be fine if our stinky boy can marry Qingqing in the future."

I don't know how many times I have said it over and over again.

When Lu Qing went abroad, Liang Chuyu personally went to the airport to see her off.

"Well, I'm back, now at Xitong University." Qin Han responded.

"This girl... she doesn't come to sit at home after she comes back."

Liang Chuyu took the breakfast from Qin Yu and muttered.

"Son, you have to take care of the parking space. I will transfer the money back to you?"

"No, I have money." Qin Yu was originally looking for an excuse to let her accept the money.

"That's okay, mom saves you to marry a wife!"

Hearing her coming again, Qin Yu smiled bitterly: "Don't bother you, you'll be late if you don't leave."

"Really, Lao Qin, hurry up."

Hearing Liang Chuyu's urging, Qin Han responded: "I take the key."

Put the G63 key into his pocket, Qin Han smiled and said, "I put the old car key there, you have to take it by yourself."

"Okay, I see." Qin Yu nodded.

"Old Qin." Liang Chuyu at the door urged again.

"Come here." Qin Han chased after smiling bitterly.

"Find a time these two days to ask the old Lu family to come out and gather together."

"What to gather?"

"Hey, I said if you are a deadhead, of course it is Lu Qing's girl, I will tell you..."

The elevator door closed, and the mumbling of my mother disappeared.

Only Qin Yu is standing at the door with a black line~www.mtlnovel.com~Mom, don't you want to repeat the old thing, right? '

.....

Lying at home comfortably, Qin Yu took out his phone and clicked on WeChat.

Xinyan and Jinxuan's daily bombing is as usual.

Take a casual glance.

Jinxuan's last message is, 'The ticket is ready, Qin Shao waits for me.'

Out of curiosity, Qin Yu clicked on her circle of friends.

'Let's go and leave for an encounter, abandoned city, wait for me!'

With pictures: blue sky, white clouds.

The large bay windows of the terminal building and the planes outside are naturally indispensable.

There is also a back view of the standard ladies' scissor hands, which is a professional team at first glance.

OK, come on!

Closed the circle of friends, Qin Yu clicked on the high school group again.

is quiet inside, the last message is two days ago.

"Blow up a group?"

Just do it, a dozen or so red envelopes that are 200 fast.

‘咻咻’ to the outside.

The chat group in a pool of stagnant water instantly became active.

‘Yu brother is great!’

‘Boss 666.’

‘This month’s food expenses are available, Brother Yu is really good.’

‘Thank you Qin Yu for the red envelope. ‘Old class.

what!

The old class also came out to grab the red envelope.

Upon closer inspection, the squad leader silently grabbed three of them.

As expected, the dog that bites doesn't bark.

It was righteous to criticize him for showing off his wealth last time. He grabbed the red envelope very quickly.

This hand speed has started at least 10 years...

‘Brother Yu, what new good things did you buy recently?’ Tang He.

Seeing that it was a bun, Qin Yu picked up the Patek Philippe that had just been picked off the table.

Click!

took two high-definition photos, click send.

## **Chapter 122: Can I touch it?**

‘Fuck, shocked!’

'I was also surprised. {link}'

'The new Patek Philippe watch king, is it true that more than 10 million yuan? '

'What do you think? '

'Yu brother Niubi! 'Tang He.

'Niu approves Plath. 'Gao Bo.

Qin Yu was about to reply, and a few more messages appeared.

'It's a high copy at first sight, don't pretend it. 'Wang Hao.

'The car is borrowed, what to install? 'Li Xiaoli.

Ha ha, the two seem to hook up again?

'Bitch, stop talking. 'Tang He.

'Brother, are you happy to pick up the broken shoes? 'Gao Bo.

'CNM, you TM say it again! 'Wang Hao.

'The Tattered King became angry from embarrassment. 'Qin Yu.

'Ha ha! 'Qin Yu.

Brother Yu is acting?

That is true.

But there is no need for outsiders to worry about this kind of thing.

People in two worlds, it would be a waste to say more.

咻咻~

is another wave of red envelope rain.

Qin Yu closed the group chat and clicked on the small group of three of him, Tang He and Gao Bo.

"How are you doing, have you caught my sister?" Qin Yu released the voice button.

"I don't have time, I was busy at the beginning of school, how about you, Brother Yu?" Gao Bo took the lead to reply.

"Are you busy?" Qin Yu.

"I'm in the abandoned city, I just arrived yesterday." Qin Yu.

"How come back to the abandoned city, your school is so cool?" Gao Bo.

"You don't understand the realm of brother!" Qin Yu.

"I vomit. Brother Yu, my own person." Gao Bo.

Did not see Tang He speak for a long time, Qin Yu asked curiously.

"Bun, have you run away?" Qin Yu.

"Hey~ I have something to do!" Baozi's laughter was full of lewdness.

"Frankly explain, is there a situation?" Gao Bo.

"Hey...who remember Xu Ya?" Tang He couldn't stop laughing.

"Fuck, isn't it?" Gao Bo was shocked.

Qin Yu was also shocked, won't these two really go together?

From junior high to high school, Baozi had a crush on each other for six years without daring to speak.

As soon as the university reported, the people got acquainted?

"She seems to be in the mountain mansion, don't say you two got together?" Gao Bo.

"What do you mean by doing a piece, can you talk?" Tang He.

"We are free love." Tang He.

"Love, do you understand great love?" Tang He.

"Should I call 666 directly or go through the wave program?" Qin Yu.

He is quite happy for his good brother, and he has cultivated unrequited love for six years.

is that I always feel a little unreliable!

"Tell me, how did you do it?" Gao Bo was also full of curiosity.

"Go back and meet again, this matter is too complicated." Tang He.

"Okay, get the money ready for the holidays, and you will eat it." Gao Bo.

"The buns must be treated as a treat and wait for arrangements."

Qin Yu roared and said, this is a happy event for Baozi.

must treat!

"No problem, wait for me to go back and make arrangements." Tang He.

"The standard of Brother Yu is definitely not up to, so don't expect too much." Tang He.

"Put the skewers, just enough cold beer tubes." Qin Yu.

The ridicule is over, Qin Yu clicks on the bun's circle of friends.

Hu~

Good fellow, the full dog food almost choked on Brother Yu.

Standard Jiugongge selfie with sweet copywriting.

The photos are all taken together.

I don't know if Xu Ya looks better than before, or if her beauty is too strong.

then scrolled down, only two have been posted today.

Looking at the time again, it was not past 9 o'clock, Brother Yu called out 'good fellow.'

Look at yesterday's, one at 9:12 in the morning and one at 11:01.

12 to 2 noon, three.

one line at 5:20 pm, one line at 5:35, one line at 6:45, one line at 8:30...

Qin Yu withdrew from the WeChat account with the word "service in capital" on his face.

But he followed and clicked on Tang He's circle of friends again, zooming in on the photo of the two.

Scan Analysis System:

Xu Ya:

Freshness: 87.

Seeing the last item, Qin Yu was relieved.

It's good not to be an honest person.

Xu Ya in his impression is an introverted, intelligent, and independent girl.

It should be said that she has a very low sense of existence.

If it wasn't for Tang He who liked her back then, someone would take her to play with.

Qin Yu wondered if he would remember that there was also a girl named Xu Ya in the class.

This kind of character usually doesn't raise fish, 'it seems that Baozi has found true love.'

casually swiped upwards, and the high school class group bounced out.

Qin Yu happened to see Wang Hao taking his red envelope.

Li Xiaoli also grabbed one.

These two are really good enough to do nothing to delay receiving the red envelope.

At 8:50, Qin Yu took his father's old Prada key and went out.

strolled to the agency, the time was just right.

The owner of the other party has arrived and is chatting with the agent.

After a few words of greeting, the two parties happily concluded the transaction.

200,000 yuan parking space fee, 2 intermediary points, 4,000 yuan.

After all the contract procedures are completed, the title certificate will be issued within two weeks.

I left Qin Han's number, and the intermediary will deliver the card to the door.

"Mr. Qin, happy cooperation!"

"Thank you."

went around where Dad often parked.

successfully found his old Prada, Qin Yu drove the car into the underground garage.

I bought a parking space in a good location.

It is very convenient to get in and out of the car, or to go home.

The license plate number on the hang tag is still from the previous owner.

If you need to change it, you have to go to the property to handle it.

It depends on Qin and Han.

Does he want to transfer the brand of the old car to the G63, or go for a new one.

He has to decide which one to go after.

asked Qin Yu to say that this old Prada is still a good seller.

Liang Chuyu doesn't know how to drive, and Qin and Han pick up and drop off her on weekdays.

If there is no time, the company will send her back by car.

I have been an accountant for 15 years without any problems with the accounts.

Based on this, the company has to provide Liang Chuyu with a special car, or she thinks it is inappropriate.

took the initiative to refuse!

So, when I leave, the extra car won't be used at all.

"Come back and talk to Old Qin."

Qin Yu muttered to himself, the car glass was suddenly knocked.

Qin Yu, who was thinking about something, was taken aback.

tilted his head and looked out.

"Qin Yu." Lu Qing bends against the glass, gently waved and smiled.

Qin Yu is surprised: Would you like to be so coincidental?

"Didn't you go to school?" Qin Yu lowered the car window and asked curiously.

"I'm back, I have a class this morning."

Lu Qing asked curiously: "Where are you going?"

"Go out and buy some personal items." Qin Yu responded.

"Take me one?" Lu Qing smiled and said, "I want to buy something too."

"Okay, come up!"

Sitting in the co-pilot, Lu Qing asked casually: "Uncle Qin didn't drive today?"

"It's open, I bought a new car at home, it doesn't happen to me."

"Oh, where are you going?" Lu Qing fastened his seat belt and asked.

"How about SKP?" Qin Yu asked rhetorically.

Lu Qing looked at him in surprise, "Is it so expensive?"

As a gathering of top luxury brands at home and abroad.

The hottest emerging high-end shopping mall in China.

It has only one pronoun: expensive!

Everything is expensive, and everything is expensive, and I'm talking about SKP.

"I'm famous, I want to see it." Qin Yu responded.

"Fine!"

On the way to the mall, Lu Qing asked about his recent situation again.

"The most important thing is definitely schoolwork, and I do a little business with a few friends."

"University entrepreneurship, a knowing choice."

Lu Qing said with admiration, UU reading [www. uukanshu.com](http://www.uukanshu.com) "However, you seem to be much more handsome than before."

"Have it?"

Seeing her eyes, Brother Yu understood everything.

is another face dog!

Qin Yu's sunshine value is only 78.

But it is set off by body shape, height, temperament and outfit.

At least 10-15 points should be added to this value.

For both men and women, dressing is very important.

Okay, suitable to wear.

is no less than a radical change from head to toe.

Lu Qing said and started.

first squeezed his arm, then pressed his chest muscles.

The mouth opens into an 'O' shape.

"You don't have abdominal muscles, do you?" Lu Qing's eyes were already shiny.

"Is it normal to have abdominal muscles?" Qin Yu asked back.

"How could it be normal?"

Lu Qing had excited eyes, and said a little excitedly: "Can I touch it?"

"..." Woman, is there something wrong with you?

"Will you be responsible if you touch it?" Qin Yu asked jokingly.

Before he finished his words, a slightly cool hand burrowed into his clothes.

"Responsible, absolutely responsible!" Lu Qing responded with a snicker.

"Wow, your muscles are so strong, I knew it."

"Surely there are many young ladies who come to talk to you?"

Lu Qing retracted his hand and asked with a weird smile.

"Yes, the number of friends on WeChat and WeChat will be full." Qin Yu spit out casually.

"I knew it."

Lu Qing pouted his lips and said, "Sure enough, having capital is willfulness!"

Look at her angrily.

Qin Yu asked casually: "Why? Want to enter my fish pond? Then you have to line up."

### **Chapter 123: What is the figure of ninety-eight**

That's why Qin Yu has no thoughts about her.

is the relationship between their two families.

nothing really needs to happen.

Now the two have announced their love affair, saying they want to be together.

Two adults can sit at the same dinner table tonight.

talked and laughed and arranged the future of the two clearly.

Looking at the "Map", the red dots have been flashing non-stop since the morning.

Qin Yuxin said, 'Let's take a look.'

Scan Analysis System:

Lu Qing:

Age: 20.

Height: 177cm.

Weight: 58kg.

Specialty: Golden ratio, nine-headed body, clock legs, snake waist.

Face value: 94↑.

Body: 98-.

Mood value: 71↑.

Favorability: 70-.

Freshness: 95-.

Analysis of data: small body, great strength.

**【To be developed.....】**

The freshness of 95 is something Qin Yu didn't expect.

There is also a figure of 98...

System, are you sure you are not kidding?

Qin Yu glanced to the right uncontrollably.

From the outside, I can't see the exact size.

The white groove on the neckline...

said as if someone couldn't squeeze it out?

As for the final reminder, Qin Yu no longer wants to complain.

'This system is not serious at all, I just want to make color every day.'

If it has a style, it must be the same as the minion.

Yellow body!

"Didn't you talk about boyfriends abroad?" Qin Yu asked.

Lv Qing bitterly laughed at herself: "There are no men. Where is the boyfriend from."

"I want to bring a foreigner back, my dad has to remove my legs, Old Antique."

Hearing her whispering, Qin Yu smiled and said, "A beauty like you has to be digested internally."

"Don't make a cheap foreigner, we Daxia 30 million bachelors let you choose."

"Puff~" Lv Qing laughed forward and back together.

"Then am I going to send a cloud-piercing arrow?"

"It's not impossible, I'm afraid that if I get up tomorrow morning, I will be blocked by single dogs."

"When did you become so poor?" Lu Qing looked at him funny.

"Don't talk nonsense, this is an interesting soul." Qin Yu retorted.

"Yes."

Lu Qing replied perfunctorily, his eyes rolled and said, "What about you?"

"What?" Qin Yu didn't react.

"My cloud-piercing arrow, can you recruit you as a single dog?"

What the hell?

Are you insulting my brother Yu?

Where do you tell that I am a single dog?

Qin Yu opened his mouth to refute, flashing a few numbers in his mind.

177...58...

94...98...95...

"Princess Qingqing summoned, who would dare not follow!"

The three views follow the five senses, and it seems that there is nothing wrong with it.

Although the relationship between the two is very close.

But if she has to rush, she has such a small body.

is definitely unstoppable, right?

It doesn't matter what the 98 figure is, the golden ratio, or the clock leg.

is mainly too simple to refuse.

"Gudong."

Saliva secreted a little bit quickly, 'must be too much water in the morning.'

"Don't pretend, Aquaman." Lu Qing pointed at him from top to bottom and smiled.

just like him, handsome looks and drooling figure.

said he was a single dog, Lu Qing didn't believe it ten thousand.

The more I grow up, the more I understand that being white and rich is not easy.

The circle is small and the requirements are high.

refers not only to my own requirements, but also to the requirements of my family.

, at least you have to find someone right.

But there are only so many people in this circle, and even fewer people of the right age.

These boys have an unusual family background. Which one is not calling the wind and the rain outside?

was served as an uncle.

want them to lower their stance to pursue girls, dreaming?

is like, 'Master, what kind of woman I've never seen before, and only someone else licks me. Want to let my master be a dog lick? hetui~'

The reserved and upbringing of the girl, the fantasies about love and the vanity that he wants to be sought after.

is also unlikely to lower his posture and actively pursue it.

So Bai Fumei in the circle ended up mostly married to two kinds of people.

is either a family friend whom I have known since I was a child, or I was introduced to my family at my age.

As for ordinary people, both parties are not people living in the same world.

There will be no connection, so what is impossible to talk about?

A simple example, professional players and ordinary players.

Everyone is playing the same game.

How do your professional players interact with ordinary players?

is not at the same level at all, does not exist.

But occasionally there will be that kind of acquaintance, and then lick it wildly.

The licking king who licks the girl.

Life and death is to be with each other, to marry in love.

is very rare in the whole circle, but it can't be said that there is no such thing.

Silly Baitian doesn't matter whether he has money or not.

"Qing Qing."

"Huh?" Lu Qing wakes up from conjecture.

looked up and found that they had arrived.

.....

SKP, there are very few luxury cars in the underground parking garage.

glanced, there was no supercar.

Sure enough, the rich are very low-key.

entered the mall, and the two wandered around aimlessly.

I saw a store that I was interested in, so I went in and took a look.

"Qin Yu, do you think this dirty clothes basket looks good?"

Lu Qing saw a full cowhide laundry basket in a daily necessities store.

Ask the price, more than 20,000.

"It feels okay."

The style is just a rectangular basket, nothing special.

mainly because the craftsmanship and materials are more expensive.

"Help me wrap it up." Lu Qing made a decisive move and bought it directly.

"The things here are good, let's take a look."

Lu Qing, who bought a dirty clothes basket, came to his spirits.

"Does your family lack these?" Qin Yu asked.

"My parents moved to Nanhu, and I live alone here."

"Everything is too old."

Hearing her explanation, Qin Yu was speechless.

Rich woman is wayward!

A plate of more than 20,000, all hand-painted, I bought it.

More than 10,000 pillows, super fluffy, I bought it.

"Bring me two too."

Seeing that the good Qin Yu also took two, it made Lu Qing a little surprised.

"Bought it for my parents." Qin Yu explained with a smile.

"You have filial piety, have you made a fortune?" Lu Qing joked after hitting him with a shoulder.

"It's okay, make a little money, it can't be compared with a rich woman like you."

Hearing him say this, Lu Qing joked: "What? Little brother doesn't want to work hard anymore?"

"You still have to work hard. Miss sister must not be a stumbling block to success."

I see Qin Yu compares herself to "a stumbling block to success." 'Lu Qing flared his teeth and claws. raised the pillow in his hand and patted him.

After a fight, the two went to checkout separately.

Things are stored in the store first, and someone will deliver them to the car when they leave.

"What else to buy?" Lu Qing asked eagerly.

"You are getting more energetic as you go shopping?" Qin Yu said amusedly.

"Of course, don't you know that women are born to be shopaholics?"

Passing by the Rolex counter, the watch in the closet attracted her attention.

"Do you like Rolex?" Qin Yu asked.

"I want to buy a piece for my dad, it's almost his birthday."

Lu Qing looked back at his wrist and said, "Look, you also brought a watch, what brand?"

Qin Yu pulled the cufflinks of his coat and placed his wrist in front of her.

Lu Qing's eyes first changed from uncertainty to surprise.

Then to suspicion, shock, puzzle...

"6002G, genuine?" Lu Qing asked when he looked at him.

Qin Yu nodded and responded: "Well, it happens to be in stock."

"It happens to be in stock?"

Lu Qing vomited.

Listen to this Versailles copywriting, it is something that people can do.

Is there any product that is the point?

"Sure enough, there is nothing a man can believe!"

His business is really small~www.mtlnovel.com~ The money he makes is only enough to buy the king of watches.

Small, so small.

"I didn't say there is only one business?" Qin Yu retorted.

"Qin Yu, you have changed, you are not at all like when you were a kid."

Lu Qing looked at him with a grimace, tears poured into his eyes instantly, tears dripping.

'S pitiful appearance, people can't wait to put her in their arms and play hard...

Cough, comfort, comfort.

"You haven't changed much, just come as you say."

I found the men and women passing by pointing at them, as if they were saying, 'Look, scumbag.'

Qin Yu is one head and two big.

rubbed his forehead and said, "Okay, what do you think?"

"Invite me to dinner, and... I'm going to Bengdi tonight, you explain to my dad."

looked at Lu Qing who took her arm, her tears converged, and smiled like a fox.

Qin Yu is stupid.

Let me explain to Uncle Lu, how can I explain?

'Uncle, Lu Qing is here with me tonight, not going back, don't you worry? ? ?'

If Uncle Lu doesn't agree, it's okay, at best, he is embarrassed.

But if there is a saying, "Don't make trouble..."

Qin Yu: ? ? ?

"Hey, what bad idea do you think?" Lu Qing stretched out his finger and flicked on his forehead.

"I'm thinking how to explain to Uncle Lu." Qin Yu responded casually.

was hugged by Lu Qing's arms, only then did he understand what the golden ratio is.

is not a simple size.

is the perfect proportion that looks like a close-fitting, as well as the amazing elasticity of firmness.

How can she be like a child, and she only wears a sling for the bottom?

So, Lu Qing is a liberator who yearns for freedom?

## Chapter 124: It's not shaking M

After strolling around, Qin Yu bought a few more underwear.

Zimmerli's underwear is very easy to wear, although the price is more expensive.

But his output weapon is protected.

Seven in and seven out, all rely on it, this money can't be saved!

"What do you want to eat tonight?"

All the things they bought were loaded into the car, and the two of them discussed where to eat in the car.

"Hot pot, what I want most is hot pot."

Lu Qing swallowed his cigarette greedily, and looked at him flatteringly.

She still counts on Qin Yu to take herself to the waves at night.

Hard when it should be hard, and soft when it should be soft.

as soft as possible.

"There happens to be a sea fisher at the small south gate in front."

drove straight to the destination. When the two arrived, they were not full.

"Duck tongue, blood clot, squid whisker, cuttlefish baby, yellow throat, duck intestines..."

"Tender beef, prawns, tribute vegetables, green bamboo shoots..."

"Hmm~"

Ordered more than a dozen dishes in a row, Lu Qing thought with his hand on his head.

"Can you finish the meal?" Qin Yu didn't realize that she had such an appetite.

"Isn't there you?" Lu Qing said without raising his head.

"Okay, that's all there is to it." The iPad was handed over to the waiter, and the two waited quietly for the food.

Within 5 minutes, the bottom of the pot and the dishes were served.

"Qin Yu, I beg you for the dip."

Lu Qing put his hands together and said pitifully, "It must be delicious."

"Then you won't do it yourself?" Qin Yu retorted.

This girl is dependent on herself.

"I haven't eaten it for too long, I'm afraid I won't make it tasty."

Staring at the bottom of the boiling pot, Lu Qing said impatiently.

In a foreign country, this is what she wants most.

adjusted two dips, and Lu Qing immediately started.

Although she drooled in anxious manner before, she was very quiet when she was eating.

Small mouth, small bite bite.

My mouth was closed tightly when I chewed, and I could hardly hear any sound.

Seeing her eating can really be described as pleasing to the eye.

Beautiful and delicious...but that's it.

After eating the last tribute dish, Lu Qing wiped his mouth and sighed with satisfaction.

"Sure enough, hot pot is the best to my appetite."

touched his stomach, it was clearly the same as before.

But she said a little worried: "Eat too much."

"There are desserts."

Qin Yu put the golden piggy in the box in front of her.

Looked at the cute look of the piglet, with the attractive golden color.

Lu Qing gave him a fiercely unconvinced look, "You did it on purpose."

"What?" Qin Yu pricked up his ears pretending to not understand.

"I won't be fooled." Lu Qing turned his head away with his arms around him.

The surface of the clothes seems to have cute bunny prints.

"Really don't eat?" Qin Yu coughed lightly and moved his focus away from the tutu.

"Don't eat." Lu Qing said with spine.

The next second he grabbed the box in his hand, "I want to take it away and go home to eat."

Hmm~ It's pretty good.

paid the bill, and the two ate more than 400 in total.

'Ding.'

'Congratulations to the host for a delicious dining experience with color, fragrance and taste, and random rewards are triggered.'

'Reward 1: Drinking Critical Rebate Card 2\*.'

'Reward 2: Gourmet Critical Strike Cashback Card 2\*.'

'Reward 3: Miracle Kidney Power.'

Two 2\* cards, 1 kidney power, which exactly corresponds to 'color, fragrance, taste'?

"You can really eat." On the way to drive, Lu Qing laughed strangely.

"Who ordered it?" Qin Yu looked at her viciously, "It is shameful to waste food."

"Slightly~" Lu Qing stuck out his tongue and ran forward.

"Hey~" Qin Yu grinned, "Don't be caught by me."

ran all the way to the parking lot and stood beside the Highlander's co-pilot.

Lu Qing raised his hands and laughed: "Surrender, I surrender."

"Just surrender?"

Qin Yu moved his wrist and said: "If I don't teach you a lesson, can you remember it?"

pulled her wrist abruptly, and the body moved along the arm.

faces the car door.

slap~

Realizing the shock absorption effect after the rear axle impact, Lu Qing's heart trembled.

The cheeks are red, and the heart is like a deer.

but there is a sense of expectation that can't be stopped~

'Ah~ what the hell, Lu Qing, you are not shaking M!'

When she came back to her senses, Qin Yu was already sitting in the driver's cab: "What are you waiting for?"

"Oh!" Lu Qing wanted to get angry, but looking at his face became shy and unbearable.

"Give me Uncle Lu's number, and I will call him."

Qin Yu shook the direction with one hand and gave her his mobile phone.

"Oh!" Lv Qing is like a little daughter-in-law who just passed the door.

Click on the phone, the first thing you see is the WeChat and WeChat messages on the screen.

'Qin Shao, people are waiting for you in the hotel!' Xuan Xuan.

'Bah, shameless. Lu Qing cursed inwardly and swiped the screen to unlock.

Click.

The screen turned on, he didn't even set a password?

This surprised Lu Qing, and he was a little bit happy.

Enter the number and return the phone to him.

Lu Qing said unintentionally: "Someone sent you a message saying that he was waiting for you in the hotel."

"Don't worry about her."

Qin Yu did not explain, and directly dialed Uncle Lu's number.

"Hey~" came the calm male voice.

"Uncle Lu, this is Qin Yu." Qin Yu said with a light smile, "Hello, uncle."

"Haha, it's Xiaoyu!"

"I heard your dad say you are back, when will you come to uncle's place to sit down?"

Lu Guohui let out a hearty laugh.

Lu Qing curled her lips when she heard the sound. When she came back, she didn't see her father so happy.

Who is his own?

"I was thinking about going to Cengfan these two days!"

After a few greetings, Qin Yu brought up the matter: "Uncle, I am with Lu Qing now."

"Yes, we happened to ran into each other... well, I plan to go to the bar to have a party at night."

"The two of us, and a few friends of Sister Qing, yes, the little sisters have a party."

"Well... you are right, I will watch it."

Qin Yu smiled as he talked, that smile seemed to Lu Qing's stranger face.

"Xiaoyu, you flower protector must take care of her."

"I know, uncle, don't worry!"

"I can come back as soon as I can. I really can't come back...Be careful."

Hearing the entanglement in Lu Guohui's tone, Qin Yu didn't know how to answer for a while.

"That's it, you young people have fun."

Lu Guohui hangs up here.

Before he could put down the phone, he hit his wife on the arm.

"What is not coming back? What is paying attention to safety?"

"What are you talking about?" Mother Lu slapped her husband on the arm unwillingly.

"Oh, my wife, you don't want to go to the bar this evening, how many can you come back?"

Lu Guohui sat down and hugged his wife: "This is not Xiaoyu, I just said that."

"It's Xiao Yu that shouldn't say that, the children are all grown up." Mother Lu retorted.

"It's alright, alright, I was wrong."

"You are not quite satisfied with Xiaoyu, Qingqing is not too young..."

"You die old man, are you going to sell your daughter?"

"What is selling, I am not thinking about my daughter."

"There are so many pigs outside staring at our little cabbage~www.mtlnovel.com~ I can't give her a pretty..."

"That's true, Chu Yu called me today and said he was going to get together..."

.....

"It's done?" Lu Qing watched him put away the phone, not believing it would be that simple.

Is my father crazy, knowing that he and the man are going out.

Still so relieved?

"Well, Uncle Lu said, if you can't go back, pay attention to safety."

Qin Yu deliberately bit the words 'deliberately safe'.

Raised his hand and patted his arm, Lu Qing cheeks red and bit his lip.

"I dare not delay you, there are still people waiting for you in the hotel!"

Lu Qing has a little temperament, and his heart is up and down.

"Then I will take you to the place and leave."

Qin Yu looked towards the front with a flat face, his right foot used a little harder.

The speed of the car was obviously mentioned, and Lu Qing was unhappy.

"No, my dad just said, let you be the flower protector, you agreed."

"You are a dog ear, can you hear all of this?"

Lu Qing bit her lower lip in a bulging way, her eyes sinking, her introverted charm is fully visible in front of her eyes.

"You are the puppy...or Teddy."

"What's wrong with Teddy?"

Qin Yu responded with a smile: "It is courage to dare to fight against any enemy."

"Bah, for what you said." Lu Qing was angry and wanted to laugh for a while.

Why didn't I realize when I was a child, that he still has the potential to be an onmyoji?

"What's the next arrangement?"

Seeing that she didn't speak, Qin Yu said to herself: "Then I will look at the arrangement. How many people are on your side."

"Three."

Lv Qing bit his lower lip lightly, searching in his mind for a list that does not exist.

## **Chapter 125: Then I can start**

Miami, park the car on the side of the road.

Qin Yu and Lu Qing got off the old Highlander.

Xiaojie, who was waiting on the side of the road, saw them at a glance.

"Shao Qin." Xiaojie ran over attentively, without seeing the old Highlander.

In fact, Qin Han maintained the car very well, it looks at least 80% new.

But Highlander is Highlander.

It won't become a Porsche even after maintenance.

"Has the deck arranged?" Qin Yu let Lu Qing walk towards the bar under his arm.

"The old positions are all arranged." Xiaojie led the way.

It doesn't matter what car the eldest brother drives, as long as the consumption can keep up.

"There are three beauties waiting to come, look for Miss Lu."

"Okay, let me give an order to the door."

Entering the store, he clearly felt a different atmosphere from TAXX.

There is more commercialization, making it more difficult for people to integrate.

Except for the invited guests and the zero-point opening ceremony, the atmosphere is really hilarious.

Miami is different, as soon as you come in, you can smell 'the smell of fireworks in the world.'

There are drunken gold fans everywhere and spectacles of demons dancing.

I can really feel the real breath of life!

"Spades?"

Seeing Qin Yu handing the list to Lu Qing, Xiaojie knew who to listen to tonight.

"A set of spades, and some soft drinks."

Lu Qing glanced casually, and dropped the list on the table.

"When everyone arrives, don't forget the ceremony."

"Understood, sister, Qin Shao is in the safekeeping and arranged for you."

Xiaojie wisely exits the deck, planning to pick up people at the door.

"Little Jie."

Qin Yu stopped him and looked at Lu Qing: "How can one drink enough? Two sets of big dragons."

As long as one set, how to use his 'Critical Strike Cashback Card'.

There are only 600,000 to 700,000 left on him, which makes people feel insecure.

I hope the crit tonight can be more powerful.

Waiting for Xiaojie to leave, Lu Qing kept staring at him with playful eyes.

"What?" Qin Yu asked, turning his head.

"How do I feel that you are plotting wrongdoing?"

"Are you trying to get me drunk?"

Looking at the big red lips close at hand, Qin Yu asked back: "Do you need it?"

"Hey!" Lu Qing slapped him angrily and annoyed.

There is no difference between force and tickling, it's quite comfortable.

It's not his style to be beaten and not fight back. Did Lu Qing forget his lesson in the parking lot?

was about to impress her a little bit, when the fragrant wind came.

"Qing Qing."

Two slender, big white legs flashed in front of him and rushed straight to Lu Qing and hugged her.

"Mianmian."

Lu Qing hugged Yang Mianmian happily.

She is her best friend, and she keeps communicating after she goes abroad.

"Qing Qing."

There is also a girl with short hair who walked up close and hugged the two together.

"day by day."

Li Tiantian, at the same table in junior high school, they had a good relationship back then.

The last big wave joined, dressed in casual workplace attire.

Beige white office pants, white lace top with a bow on the chest.

There is a short slim suit that is also beige.

"Sister Linda." Lu Qing's smile was a little more unfamiliar.

"Qingqing." The other party hugged her lightly and looked sideways at Qin Yu.

"Is this handsome boy your boyfriend? Good vision."

Lu Qing stood there and did not refute, as if to see Qin Yu's reaction.

At this time he has stood up: "A handsome guy is a handsome guy, why add a small print?"

"Ouch!"

Linda's charming glance: "Sure enough, men care about size."

"Little Jie."

handed the card to him, and the following arrangements followed immediately.

The searchlight hit the deck, and the DJ raised his finger to the sky: "Congratulations to the lady of the V16 card, and I would like to mention two sets of big dragons."

"Wow~ I hear your screams~"

There were screams and whistles from the stand, and V16 became the most beautiful boy in the audience.

Even the three little sisters who had just arrived by Lu Qing looked at Qin Yu with different eyes.

Two sets of big dragons are 140,000.

Who is my little brother? Is such a rich man?

"Linda," Linda said generously.

"Hi, I am Li Tiantian." Li Tiantian stood in place and waved.

"I am Mianmian, Qingqing's best sister."

Yang Mianmian held Lu Qing in one hand and leaned forward and shouted loudly.

"Qin Yu, run errands for Princess Qingqing, everyone just sit down."

After receiving the POS machine and inputting the password, Qin Yu said silently, "Use the Beverage Critical Cashback Card 2\*."

'use or not.....'

'Confirm.'

'Congratulations to the host for getting 98 times the cash back crit. The cash back amount has been remitted to the 5898 account of China Construction Development Bank.'

The mobile phone placed on the table vibrates synchronously, and a real-time message pops up.

"Your 5898 savings account has a total of 9,800,000 yuan, and the balance: 9,868,437 yuan. [C&D Bank]"

"Shao Qin, what do you think?" Xiaojie put away the POS machine and waited for his instructions.

"Open a set first." Qin Yu sat down and buckled the phone upside down.

Linda sat on his left side calmly, and she could see the text message just now.

The huge waves that set off in her heart could not find any traces on her face.

Accounting close to ten million at a time, what kind of family is this handsome boy?

"Sister, why are you sitting so far?"

found Linda sitting next door, Li Tiantian looked at her suspiciously.

"It's more spacious here!" Linda responded naturally with a smile.

The three of them squeezed to the right, but Qin Yu's left was empty.

It is not wrong to say that it is spacious.

Xiaojie has already opened the wine at this meeting, and even opened the drinks for a few girls intimately.

put in the straws and put them in front of each other.

"Shao Qin, then I will go out first." Xiaojie pointed to the outside of the deck.

"Well, don't let anyone in today."

All the young ladies were present, so naturally there is no need for Xiaojie to set off the atmosphere.

"Understand, Shao Qin, young ladies play slowly, just call Xiaojie if you have something to do."

Watching Xiaojie leave happily, Linda leaned sideways on the sofa, propped her head with her hands: "It seems that Shao Qin is a frequent visitor here?"

"Occasionally." Qin Yu leaned forward and picked up two glasses of wine.

Linda instinctively wanted to pick it up, and found that he passed the wine directly to Lu Qing on the right.

"Five cups?" Qin Yu looked at Lu Qing.

"Who do you look down on?" Lu Qing glared at him angrily.

"Six cups, no more." Qin Yu insisted.

"It's better to compare the two of us to see who has the better drink."

Lu Qing looked at him provocatively: "I dare to say that I can drink better than you."

"Save it, I don't want to leave with a dead pig on my back." Qin Yu said with disgust.

The two seem to be complaining to each other.

In the eyes of Yang Mianmian and Li Tiantian, it is naked and wildly spreading dog food.

I thought it was a gathering of little sisters, but I didn't expect it was to trick the dog into killing it again?

Lemon essence, essence, online.

"Okay, Qingqing." Yang Mianmian hugged her nonchalantly, "Say, where are you two?"

"No." Seeing that she believed it to be true, Lu Qing took a flustered sip of wine in her eyes.

"I have a guilty conscience." Li Tiantian pointed at her and said, "Dare to say no, hurry up and honestly explain."

Lu Qing is caught between two good friends, and has no ability to resist~[www.mtlnovel.com](http://www.mtlnovel.com)~ You ask him. "The misfortune drew in the east, Lu Qing suddenly stretched out his hand to Qin Yu.

Li Tiantian and Yang Mianmian face each other, and they can turn their spearheads.

Yang Mianmian turned to look at him, and Li Tiantian ran to sit with Linda.

The situation in the deck instantly becomes 2:1:2.

Qin Yu sat in the middle, with two women of good shape and good looks sitting on the left and right sides.

The red dot flashes on the semi-transparent map, like a warning of danger!

"Handsome guy, tell me how you met?"

Li Tiantian was lying on Linda, his two big eyes were full of gossip.

"I have known each other since I was a child." Qin Yu just finished speaking.

Several people made the weird cry of "Wow" at the same time.

"It turned out to be a childhood sweetheart!"

Being watched by several people at the same time, Lu Qing somewhat wanted to escape.

Mingming is only joking, but why is she inexplicably guilty.

What is going on with hot cheeks, fast heartbeat, and inexplicable sweetness and shame?

Yang Mianmian hugged Lu Qing who wanted to escape, "Don't actually recruit?"

No, I can't keep on making trouble like this.

"I was joking with you, I just came back, where did my boyfriend come from."

Lu Qing looked at Qin Yu: "Our two are family friends, we have known each other since we were young."

"I don't believe it!" Yang Mianmian refused to give up and looked at her.

Until Lu Qing denied it repeatedly, then did she let go of her dubiously.

"You are really good, and you don't feel tempted to have such a handsome little brother by your side."

Yang Mianmian vomited speechlessly, and then his eyes rolled around: "Then, it's okay if I start, right?"

Lu Qing's heart tightened, and his expression naturally said: "If there can be any problems, as long as he looks at you."

### **Chapter 126: 1 to 4**

"Who do you look down on?"

Yang Mianmian pretended to be angry and made a move of rolling up his sleeves.

"My lady is going to go on a horse, that's not enough to catch me, do you pretend to be my 34C cheating?"

arrogantly straightened his chest, Yang Mianmian put on an arrogant posture of "the world is the biggest".

Qin Yu tilted his head and glanced, decisively to open the red dot.

This is unbearable...

The amount of information is a bit big.

It can't be married, right?

As for the favorability of 82 ↑, or she found something.

Qin Yu now understands a little bit why Liu Xing was so impatient last time.

However, his data is completely incomparable with Li Chunhua.

'Li Chunhua, no wonder she is calling herself Linda...'

This name is placed on people in their forties and fifty years old, and it can be normal.

A stylish dress, white and beautiful.

The young woman with all kinds of amorous feelings is called "Li Chunhua," the contrast is too funny.

The favorability rating as high as 99- clearly comes from the previous receipt text message.

The adult world is less hypocritical and fanciful.

There is more helplessness towards reality, like the compromise and sanity of life.

So, it's not surprising that Linda has a 99- rating.

Li Tiantian's data is much simpler.

The average score is 83, the favorability is 75↑, and the specialty: mediocre.

"Let us welcome Qingqing back together, cheers!"

A few women have closed, and some people want to come and strike up a conversation.

Qin Yu's dragging behavior seriously stimulated their self-esteem.

Besides, they still have wine in their hands.

Isn't there a saying: "Jiu Zhuang is courageous!"

Unfortunately, as soon as the person arrived at the door of the deck, he was stopped by Xiaojie who was there.

"Little handsome guy, we two have a drink?"

Seeing three girls huddled together, they chatted and laughed.

Linda finally found a chance to be alone with him.

"Drink directly?" Qin Yu raised his glass and looked at her.

"Why, what game do you want to play?"

Linda raised her hand and raised her long hair on her chest, showing no stage fright.

"Be simple, shake the sieve!"

Qin Yu has already thought about it, and no one is allowed to leave until the two sets are finished today.

Once upon a time, he always thought that everyone needed to be responsible.

I can get a different experience in Wang Hong, and my mother mentions marriage again.

Qin Yu suddenly wanted to drive.

As long as the car is in good condition, there is nothing wrong with occasional test drive.

After all, don't you want to marry her?

can experience the extreme enjoyment of adeptness without worrying about logistics and maintenance.

Where can I find such a good thing?

"Okay, just shake the dice."

picked up the dice on the table, Linda played tricks skillfully.

Qin Yu buckled the dice cup on the table and shook it left and right.

"Are you sure?" Linda looked at him playfully.

"My luck has always been good." Qin Yu smiled lightly.

铿.

The dice cup was buckled on the table, and Linda opened it first.

556, this point is already very high.

"It seems that you are going to have a drink first in this game."

Linda smiled confidently and raised her glass: "I'll accompany you."

Qin Yu shook his head, picked up the dice cup and raised it up.

666, Leopard 6, just pressed her two ends.

Picking up the wine glass, Gentleman Qin Yu said: "May I accompany you?"

Linda ate the champagne in the glass, still looking at his dice incredulously.

"Come again." Linda waved the dice cup unwillingly.

She doesn't believe that the other party has such good luck every time.

He has the ability to just...

I saw Qin Yu buckle the dice cup on the dice and shook it left and right.

Seeing this scene to Linda from the letter, his eyes became erratic: "Open you first."

Qin Yu indifferently picked up the dice cup, 666, Leopard 6.

"..." Linda was stupid.

Is this luck? My mother is going to throw up.

Brother, are you the legendary old man?

Finished a glass of wine again, Linda yelled, 'come again.'

This time, she didn't play any more fancy tricks.

stared at Qin Yu's hand without blinking, trying to see his every movement.

picked up the dice cup and clasped it on the dice.

Around, Ding!

"Open." Linda couldn't wait to grab his dice cup.

556, it's not Leopard 6?

"Huh~" With a sigh of relief in her heart, Linda opened her dice cup.

Then, people almost exploded on the spot.

456, just a little bit smaller than the opponent's 556.

Is it such a coincidence?

Linda's eyes became abnormal when he saw him. This person is absolutely poisonous!

a dozen in a row, the situation is roughly the same.

Qin Yu's points can always overwhelm her.

Only once, it was Linda's Leopard 6 who won.

often talk about business, Linda's drink volume is still good.

No matter how good the amount of alcohol is, I can't stand it.

People who could drink 1 catty.

If you let him fill three cups in a row, it won't work right away.

"What are you playing?"

Lu Qing had pink cheeks and blurred eyes, lying on Qin Yu's back and looking forward.

I don't know how many cups she has drunk this time!

and two good sisters recalled the past, unknowingly the two bottles of wine were already empty.

is not drunk, just in a slightly drunk state.

"Playing a game, do you want to come?"

Looking back, Lu Qing, who was drunk and bewildered, had white cheeks rosy, as crystal clear as fine jade.

Sexy red lips are pink and attractive, like ripe peaches.

people can't wait to pounce on it, biting and not letting go.

greedily suck...

"Okay, add me."

leaned against Qin Yu and squeezed forward, drawing his body into his arms.

Lu Qing moved the back bridge, and his cheeks became even redder.

"It's still bigger than the size."

Qin Yu remained sitting and looked at Linda calmly.

This will definitely not move, it will change.

It is impolite to stand the flag on the spot!

"No...change bragging."

Linda quickly changed the game, and she really couldn't drink it anymore.

"I want to play too."

"I want it too, I want it too..."

Yang Mianmian and Li Tiantian yelled to join.

Qin Yu took two more sets of dice: "Then come together!"

As there are more people, the game becomes more variable.

may be due to the prosperity of the Yin and the decline of the Yang, Qin Yu blew it several times in succession.

He almost drank a bottle of wine, "Go on ~[www.mtlnovel.com](http://www.mtlnovel.com)~ to see his face unchanged.

Several women are also ignited to win and lose, and they decide to fight to the end.

.....

At 3 o'clock in the morning, all 12 bottles of ace of spades were emptied.

There are empty bottles, tissues and garbage everywhere in the deck.

Li Tiantian and Lu Qing slumped on the sofa, sleeping soundly.

Lu Qing who is asleep is very quiet.

Li Tiantian is different.

waved his arms from time to time, screaming 'come again, come again...'

Linda was also drunk, but she was able to stay awake.

Yang Mianmian, who seemed to be unable to drink, stood at the end instead.

"Handsome guy, can you handle two by yourself?"

Yang Mianmian smiled and pointed to Lu Qing and Li Tiantian on the sofa.

"No problem, the hotel is next door!"

Qin Yu squatted down first, carrying Li Tiantian on his back.

held her back bridge with one hand to prevent it from falling and loosing.

then put his right arm through Lu Qing's armpit and lifted her directly against her arms.

"Wow, this is too manly!"

Yang Mianmian covered her mouth with her hands, and shouted in surprise.

"Hold on Linda."

Qin Yu looked at Linda behind her, shaking and worrying.

"Sister Linda."

Hugging Linda's arm, the few people left the bar under Xiaojie's delivery.

only left the legend of one dragging four, and countless jealous eyes.

Miami bar next door, boutique express hotel.

The little girl at the counter cashier was looking at a man and four women in front of her with strange eyes.

'This man has a very good physique.'

The physical strength shown by Qin Yu made the little girl amazed.

But taking four women this time is a bit too much?

## **Chapter 127: Timing is the most important**

"Two rooms, is there a problem?"

Qin Yu looked at the strange handprint girl in her eyes and asked.

"No, sir, please show your credentials."

Go through the formalities and take a few people upstairs.

In the elevator, Yang Mianmian has put his head on his arms.

"How do you divide the two rooms?" Her voice was lazy and dragging after alcohol paralysis.

The nasal sound is very heavy, and it sounds like a show of weakness.

After that, lure the enemy to go deeper.

"Two people in a room." Qin Yu answered simply.

"What about you?" Linda, who was helped by Yang Mianmian, raised her head and looked at him drunkenly.

"What do you mean?" I know what's going on now.

came to the 14th floor, the two rooms are opposite the door.

First arrange Lu Qing and Li Tiantian together.

Put on the bed and cover the quilt.

Qin Yu went out again to open another room.

Yang Mianmian and Linda, who had just regained consciousness, were hanging on his body at this time.

The road can't go straight anymore.

Women, you really deserve to be born actors.

.....

Sometimes, Brother Yu is curious why women are so deeply hostile to the same sex. '

Competitive and competitive, facing the same sex.

Especially when the same \*\*\*\* is excellent, the performance is particularly strong.

But it cannot be compared with Linda in terms of technique.

Yang Mianmian, regardless of physical exertion, frequently uses 'Facial Cleanser' with A, trying to equalize the score.

Finally, due to exhaustion, he had to leave the field prematurely.

Although Qin Yu gave her a high degree of affirmation and praise for her hard work.

and asked her to taste the natural and pollution-free fresh cream cake...

But Yang Mianmian still fell asleep in regret.

The drooping corners of her mouth and frowning brows all represent her unwillingness.

'Why can't I fight that old woman by myself, bleat~'

However, for the sake of my own benefit.

Qin Yu still put away this irrelevant curiosity.

Chewing the second pill, Qin Yu walked into the bathroom vigorously.

Yang Mianmian has fallen asleep peacefully in the bed at this time.

And Linda will continue to challenge the authority of the Holy Light.

She was unwilling to become a prisoner.

wants to use the 'power of water' to keep himself awake and recover to the best condition.

uses her nirvana at the most unexpected time.

Take away the holy gun ranger set...

The auxiliary props in the bathroom, she has found the correct way to use it.

The narrow battlefield in front of the red magic window will enhance her 'kill' attack.

With the help of the reflection of the mirror and the sensory stimulation brought by vision, she won the final victory.

A wise man will worry about it, and he must lose.

Linda would never think of it.

Qin Yu is not only a gangster, but also shamelessly taking drugs.

.....

The sky was bright, Yang Mianmian dragged his sore body against the head of the bed.

looked at the messy room, his head was dizzy.

What happened last night? ? ?

She only remembered that before entering the door, she still remained awake for the last time.

After Qin Yu walked into the room with her arms around.

The stamina of alcohol seemed to rush to the brain.

Her consciousness fell into a drowsy, but her spirit was extremely excited.

When Qin Yu made it clear that he would leave.

Sister Linda and himself took the initiative to charge him, announcing the beginning of the battle.

The two of them felt like they had lost their minds, and they completely lost their rationality.

Recalling the madness last night, Yang Mianmian patted the forehead.

"It's crazy, are they tearing down the house?"

found his own in the clothes kneaded on the ground.

Yang Mianmian found that only himself and Linda were left in the room.

"Slag man."

Turned on the phone and ignored the missed call reminder of more than 20 notes of 'Big Trotter'.

Yang Mianmian found Qin Yu in the WeChat account and tapped the screen quickly with his two fingers.

.....

Ding Ding!

A series of reminders stopped Qin Yu who was working out.

At this time, he was consuming the excess energy in his body at the gym outside his house.

licked two 'kidney power' last night, because he overestimated Linda's combat effectiveness.

so much so that until now, the energy seems to be beaten up.

Last night's battle was not only about conquest and enjoyment.

also won honors and practical rewards for him.

Sunshine value successfully broke through the 80 mark.

reached 81 points.

But, talking about Linda's nirvana.

Qin Yu admires from the bottom of my heart, and now I think about it...

Itchy nose.

its must kills include multiple special effects attacks such as scratching, rubbing, sucking, shaking, and rotating.

wave after wave, not giving the enemy the slightest chance to breathe.

is about to win the battle in one fell swoop.

Order the enemy to surrender and surrender.

Both the tactics and the control are top-notch.

If it weren't for Brother Yu, who has been well-versed and experienced.

The legend that every battle must win, I am afraid that it will really fall into her hands.

'Scumbag, you just ran away like this?' Mianmian.

thinks back to her 'being a sheep in disguise.'

The stubborn and pitiful appearance when the balancer was shook frantically, the corners of his mouth rose involuntarily.

Ding.

is another new message, sent by Linda.

'Is there any chance to see you again?' Linda.

Compared to a little girl like Yang Mianmian, Linda, who has been in society for many years, is obviously more realistic.

There is no need to worry about what has happened.

Everyone, you love me, have fun!

The important thing is whether there is still a chance to meet in the future.

Can you get some tangible and intangible benefits from him?

'Have the opportunity.' Qin Yu.

After replying to Linda, Qin Yu put Yang Mianmian to the side.

Turn off the phone and continue training.

The equipment in this gym is a bit outdated and it has been opened for a long time.

When Qin Yu passed by for a run, he found that the store was just engaging in experience activities.

40 yuan to apply for a card, experience four days.

happened to meet his schedule, so Qin Yu applied for an experience card.

As soon as entered the door, people were surrounded by sales.

Various marketing methods, publicity.

It's noisy like a vegetable market about paid lessons and coaches' self-promotion.

looked at the coach's team, all of them were thin gentlemen.

Bad luck!

Decisively rejected the sales and coach's self-recommendations, Qin Yu practiced on his own.

He doesn't know how other members feel.

But from Qin Yu's point of view, his body is dry and thin.

A coach who is like a bamboo pole with no power at all, is unconvincing for people who really want to exercise.

I dare to recommend myself, is it poisonous?

teaches him professional theories and skills, is it not fragrant with free APP tutorials?

plunged into his own rhythm again.

Qin Yu didn't realize that he had become the focus.

Members here, either for the convenience of the plan, choose the nearest one.

Or just rush to the cheap price.

There are more than 600 annual cards, and you can't find any cheaper than this.

There are requirements for facilities, venues and professionalism.

would never choose to come to such a place.

So the members here can only be considered fitness enthusiasts.

It's rare to be able to persevere. .

Not to mention the professionals who practiced vest line and male dog waist.

Qin Yu has no intention of revealing his perfect body in sports.

is exactly their ultimate dream.

When sweat soaks the short sleeves, it reflects the perfect muscle lines.

The cashier girl who has forgotten her responsibilities uttered a weird whisper like a fan.

The combination of sweat stains and muscles, plus that handsome face.

The impact on the girl is like Cupid's arrow of the \*\*\*\* of love.

咻~

hit the bullseye.

The girls couldn't help but clamp their legs and screamed with vibrato.

"Handsome guy~www.mtlnovel.com~ can I add a WeChat account?"

A girl who couldn't stand the temptation mustered up the courage and approached him to talk to him.

"Sorry, I have a girlfriend."

Seeing Qin Yu's polite smile, the girl didn't feel sad at all.

The heartbeat sound became stronger and stronger, bringing the original desire impulse.

"I can wait, male god, as long as you and I are willing to do anything."

???

Little girl, you have a problem with your thinking.

Quietly leaving the equipment area, Qin Yu came to the corner to lift the iron.

A group of people 'wow' chased.

stood in front of the barbell area and looked around, whispering to each other from time to time.

Qin Yu, who was bench pressing, vomited.

This gym is so toxic, it slipped away.

put down the barbell, and left without taking a shower.

Qin Yu trot all the way towards home, but was stopped halfway.

"Brother, add a WeChat?" Innocent and cute jk girl.

The average score is 88, which is at least at the school level.

The freshness is 89, and it is self-cleaning.

If I didn't meet Lu Qing when I came back this time, nothing happened last night.

Qin Yu may have agreed to her request.

It's a pity, now he is in a short sage time.

The Holy Lance is also in the process of dormant charging...

So, the timing of meeting people is really important.

Whether it is meeting the right person at the wrong time, or meeting the wrong person at the right time.

will only bring regret and hurt in the end.

Only when you meet the right person at the right time can you get the so-called happiness.

This probability...

is probably more than five million, so it's hard to lose it!

## **Chapter 128: Dog's Happiness (Happy New Year)**

Five p.m.

Qin Yu staying at home received a WeChat account from his parents.

Both of them can't come back, the unit has to work overtime.

Qin Yu has long been used to such things.

Every year starting in September, the two are getting busy every day.

Until the busiest December.

Qin Yu has not seen Qin Han for two weeks.

Audit, entertainment, audit, debt collection...

There are also various titles, and there are never-ending meetings.

directly closed Dad's chat box, and replied 'received {pen core} to my mom.'

Qin Yu continued to work on his computer.

He just finished with Largo...

It's not right, it should be said that it was a connection with Brother Zhuzi.

This LSP is holding two girls, singing in KTV.

At seven o'clock tonight, the year-end divisional game is just starting.

Qin Yu didn't have much preparation, just ventilating with Zhuzi.

The union has already finalized a candidate.

There are three places, one woman and two men.

The position of the first sister of the trade union does not need to be entangled, the Feng Yu Lou had been decided before it was established.

As long as Qin Yu is there, no one can shake the status of the little anchor.

Another female anchor launched by        is a stand-in for the small anchor.

is also one of the main anchors of the union.

After all, a trade union cannot be supported by one sister and one brother.

There still needs to be some layout below to attract enough traffic.

The situation of two male anchors is going to be more intense.

Now the place of Fengyulou No.1 is still vacant.

This time the two were launched at the same time to fight, not only to compete with other anchors on the platform for resources.

There was also a battle between the two.

Which of the two of them performed better in the year-end ceremony, who is the future brother of Fengyulou.

Simply put: Whoever makes more money will pay.

These two male anchors are both in the game zone, and they are actively looking for them.

One is the Alliance anchor and the other is the Peace anchor.

Although they are all competitive games, there is no direct conflict in content.

Alliance anchor is still Qin Yu's acquaintance, Tian Ye.

His bush poodle.

The anchor of Heping is a raw face, and Qin Yu hasn't seen it much.

only knows that the name is 'Zu Chongzhi,' which sounds like an old comrade.

This little anchor is putting on makeup at home, making final preparations for the live broadcast tonight.

Today is still a day to find good food.

Since the traffic started, the small anchor's exploration of food has attracted a large number of foodies.

The consumption of these fans is limited, and there are almost no big brothers.

is very sticky and highly loyal, with a large number of people.

In the absence of special support from Fengyulou.

Nowadays, the daily PK task of the small anchor has an 80% winning rate.

Unless you encounter the kind of big anchor with the big brother on the list, you will regret to lose.

But precisely because of this, she still has no threat in the eyes of the anchor.

Wind, rain and night hurting people has not been online for many days.

The small anchor can only rely on the small gifts of the water friends to barely support the noodles.

In the eyes of the major broadcasters, Cheng Xiyu is just a short-lived topic.

Anchor like every once in a while, there will be one or two.

detonated public opinion, the scenery is one or two months.

then withered, drowned in the ranks of the online celebrity live broadcast army.

can't make any waves anymore.

.....

opened the Douya platform and found that the small anchor hadn't been online yet.

Qin Yu found Tian Ye's live broadcast room and clicked in.

'Welcome the emperor to the live broadcast room.'

The field that was blowing water with the water friends immediately stood up and bowed to the camera.

"Welcome my eldest brother home."

quickly pulled the stool and sat down, Tian Ye smiled and put the big plate in front of the video head.

"My eldest brother hasn't been online recently, why did he come today?"

As the anchor of the Fengyulou Trade Union, Tian Ye didn't know that he was the big boss of his trade union.

This was decided after Qin Yu discussed with Brother Zhuzi.

Zhuzi brother's super king has been reduced to a marketing account, and its influence and appeal on the platform have been affected.

Qin Yu's account: Wind and rain hurts people.

It is clear that it is the next super king.

If he is there, he can make up for the loss of Zhuzi's "waste".

single-handedly held the small anchor Cheng Xiyu, and can bring a huge topic of public opinion for him and Cheng Xiyu.

Cheng Xiyu is a sister of the Fengyulou Trade Union, and other anchors of the trade union can naturally take advantage of this enthusiasm.

Isn't that how the traffic comes from?

'busy. 'Wind and rain hurt people at night.

"Brother must be busy, then."

Tian Ye would especially want to keep his eldest brother, but he also knows that the chances are small.

The opponent will be stuck today, and the time when the divisional game opens.

clearly came with a purpose.

If you guessed correctly, it must be for your own sister.

'Tsk, it's a fate, no wonder the union has designated her as a sister!'

Tian Ye was envious in his heart, and his mind about leaving the night hurting brother was weakened.

Can not be kept, but gifts can be kept.

"Big brother, do you want to play two games, I recently practiced poodle, stealing people!"

Hearing Tian Ye say this, the public screen immediately became lively.

'Who stole?'

'President next door?'

'The traffic police ahead closed the road, please be lenient with the anchor.'

'Good at stealing a wife? Not for humanity!'

'Do you start a live broadcast when you steal someone? A rocket at the scene.'

'I have a heart, I need to call you. 'Wind and rain hurt people at night.

Wind and rainy nights hurt people and give a field super rocket, come and watch~

Wind, rain and night hurts people and presents Field Super Rocket X1, come and watch~

.....

Wind and rainy nights hurt people and present Field Super Rocket X5, come and watch~

.....

Wind, rain and night hurts people and presents Field Super Rocket X10, come and watch~

.....

Wind, rain and night hurts people and presents Field Super Rocket X20, come and watch~

brushed 20 rounds, Qin Yu clicked the attention and exited the live broadcast room.

The online reminder over there, the small anchor Drizzle Silent has been online.

Tian Ye was still jumping up and down in the live broadcast room at this time, thanking elder brother, and he was incoherent with joy.

'Big brother, this is to remember yourself. If you can give yourself a wave of support, you don't need too much. When you brush your sister, you can easily leak a little bit between your fingers. It's enough to be a brother by yourself.'

Until someone reminded him that the eldest brother had run away.

Tian Ye came back to his senses, and the appointed sighed: "Old irons, only hate unborn daughters!"

.....

In the live studio with drizzle and silent.

The little anchor has just launched and is in the car preparing to set off.

"Today we continue to explore food, and there is a surprise to tell everyone."

The camera turned to point at the co-pilot, Wang Hong wearing professional attire and gold glasses, and Wang Hong with dignified demeanor entered the picture.

"Dangdang, let me introduce my sister Hong, who will be my full-time assistant from today."

"Hello everyone."

Wang Hong straightened up and smiled gracefully, showing his white teeth.

With her clothes and manners, the intimacy instantly hits her face.

'I'm in love, I'm in love, where can the little anchor find an assistant, I want it too.'

'The people upstairs are thinking about P to eat, don't you know how many catties are in your mind?'

'I announced that my assistant sister in the live broadcast must come out every time in the future, otherwise it will be cleared.'

'Tongqiu~www.mtlnovel.com~Tongqiu +1, every time you show your face for 4 hours, otherwise you can check it.'

'How can 4 hours be enough? 24 hours is almost the same. '

'real time monitoring? Boy, your thoughts are a bit...showy! '

'24 hours is okay? {Laughing over}'

'Come on, give Xiu'er a seat, don't tire Xiu'er. '

"You dog minions, are you floating?"

"Sister Hong, let me tell you, these are LSPs, you have to be careful."

The voice of the little anchor smiled and yin came into the live broadcast room, and the public screen immediately exploded.

'The little anchor is really floating, and he's no longer the little anchor he used to be. '

'Brothers, what should I do? Take a wave. '

'Necessary, let the little anchor understand the sinister society! '

'Get off and off. '

Seeing the barrage on the public screen, the little anchor who wants to talk about something changed.

"Although they are all LSPs, they are all handsome and kind-hearted friends."

"Sister Hong, you have nothing to do with them. Don't worry, they are all good people."

Wang Hong, who was sitting in the co-pilot, watched Cheng Xiyu understate the direction of public opinion in the live broadcast room.

While envying her heart, she also feels gratified for her decision.

It seems that she is not for the anchor's bowl of rice.

Since Cheng Xiyu asked herself to be her assistant, she was given a good salary.

Then I should do this job myself.

Besides, she is not only such an income.

The monthly salary Qin Shao said of 8,000 yuan is just a guarantee.

Wang Hong is still very confident about his recent performance.

There are so many special skins in the room, when her money is spent for nothing?

## **Chapter 129: Divisional**

'Welcome the emperor to the live broadcast room. '

Qin Yu received a warm welcome as soon as he entered the live broadcast room.

"Cao Jiajun welcomes the lord..."

"Cao Jiajun welcomes the lord..."

"Cao Jiajun welcomes the lord..."

"Cao Jiajun welcomes the lord..."

The neat barrage floated by, and the appearance of the little anchor was covered.

Wind, rainy night hurts people and presents drizzle and silent big tiger shark, the treasure of the sea is waiting for you~~

A big tiger shark explores the way!

After the special effects are over, the barrage is really much less.

'Give us seats for the soldiers and wait for the widows to perform! 'Wind and rain hurt people at night.

'The first outdoor division is for the small anchor. 'Wind and rain hurt people at night.

The two sentences ended, and the barrage immediately went crazy again.

'Big Brother 666. '

'Big brother talks like nipples, brush your hair! '

'I'm top, is the big brother so strong? '

'The little anchor took off in place, is this going to play the year-end game? '

'There's a hurting brother, don't you fight? '

'The little anchor should sign up for the Yan Value Zone to see what demons and ghosts are now! '  
'stand by! '

'Support +1. '

'When you hit the face value area, be a face value sister, I will love you! '

唰唰~

A few rockets drifted past, all of which were for the little anchor to hit the face value area.

"Thank you, everyone, the registration is closed."

"Besides, there are so many beautiful girls in the beauty area, I don't dare to challenge."

Cheng Xiyu smiled and drove towards today's destination.

Would she not listen to fans booing and playing in the face value area?

The two most popular platforms are games and beauty.

These two popular areas have the most anchors and the strongest.

There are more than a dozen major anchors alone.

Of course, it has received the highest degree of attention and exposure.

In this case, the battle is naturally the most intense.

Cheng Xiyu doesn't even want to play outdoors.

Had Qin Yu not founded the Fengyulou Trade Union, she would not have planned to participate in the year-end ceremony.

She is an anchor to make money, not to be famous.

Asking her own man to post money to promote herself on the Internet is something Cheng Xiyu doesn't do.

It's a pity, she can't beat Qin Yu at all.

Therefore, Cheng Xiyu also showed a serious attitude towards this event.

not only before the start of the activity, but also frequent communication with Zhuzi.

thoroughly studied every detail of the event.

is to change the mentality of salted fish paddling before and take this game seriously.

The thoughts flashed in his mind, and Cheng Xiyu's mouth didn't stop.

"Today we are going to a private restaurant, the boss is two young people."

"Yes, it's a couple, they met from university."

"After I saved enough money after graduation, I opened this shop and kept running it with my heart."

"Spoiler in advance: the lady boss is a big beauty!"

The LSPs in the live broadcast room were excited when they heard that there were beauties.

The sparse barrage immediately increased, and the number of people in the live broadcast room continued to increase.

.....

Qin Yu, who was sitting in front of the computer, also noticed the change of the little anchor.

Compared to the previous Buddha-line salted fish.

Today's live broadcast, she obviously controls the overall rhythm.

However, when did Wang Hong become her full-time assistant? ? ?

Qin Yu decided to wait until he went back.

The divisional game has started.

Gifts flying across the screen have caused the entire live broadcast platform to become stuck.

Qin Yu is not in a hurry to give gifts!

After 5 minutes, the platform network regained stability.

At this time, Qin Yu took the lead to open the list, and the rankings of each district also had a ranking.

First look at the outdoor area, and Mumu Outdoor won the first place.

5 points\*\* to get more than 200,000 rewards.

Looking at the game area again, the top of the list is the baby, who was also the annual peak championship last year.

In just a few minutes, more than 1.4 million gifts have been received.

is firmly on the top of the list.

The distance between the second place and him is one 1.

The gap of 1 million was opened as soon as the game started, and the top spot in the game zone was locked first.

The competition in the face value zone is no more relaxed than in the game zone.

also received more than 600,000 gifts.

You chase the people below, and Qin Yu clicked them one by one.

The data is all okay, nothing particularly bad.

The worst freshness is also '82个.'

is definitely 'the goddess of other people's houses.'

There is only one female anchor who has left a deep impression on Qin Yu, the female anchor who only stayed at the tenth place in the ranking for a few seconds.

Jiang Feier.

Wait for Qin Yu to close the list and return to the live broadcast room of the little anchor.

Fans are talking about it, why isn't Brother Hurting?

What he said just now, the outdoor list is the small anchor.

Wind, rainy night hurts people and presents drizzle and silent big tiger shark, the treasure of the sea is waiting for you~~

Wind and rainy nights hurt people, give away drizzle and silent big tiger shark X1, the treasure of the sea is waiting for you~~

.....

Wind and rainy nights hurt people, give away drizzle and silent big tiger shark X10, the treasure of the sea is waiting for you~~

.....

Wind and rainy nights hurt people, give away drizzle and silent big tiger shark X20, the treasure of the sea is waiting for you~~

.....

'Did you see that, this is the eldest brother, I just said that the eldest brother came out and was beaten.'

'Big brother hurting is really ho, MD is so envious!'

'It's also a human being, but the gap... Let's just cry.'

'Just cry.'

'I'm crying, my brother is laughing.'

'I'm crying together after having a fight.'

.....

Wind and rainy nights hurt people, give away drizzle and silent big tiger shark X50, the treasure of the sea is waiting for you~~

Seeing that the special effects are not over yet, the crying is even worse.

A full 100 rounds of big tiger sharks.

1 million happiness, here comes~

"Thank you for the reward from my boss, the boss has spent money." Cheng Xiyu smiled and held the live broadcast and walked to the roadside community.

'How does the little anchor plan to reward the boss?'

'It's an old rule!'

'Why don't I know the rules?'

'Between you and your eldest brother, there is only a billion points.'

'Big brother's happiness, you can't think of it.'

'Brother hurt, remember to be gentle. {Cover your mouth and cry}'

Wind, rain and night hurt people: 'Are you teaching me to do things?'

'Big Brother: I need you to teach me to do things?'

Cheng Xiyu also smiled and said, "You dare to teach the boss when he does things. You only have to listen."

The number of people pouring into the live broadcast room began to increase.

Piaofei's gift banner is not over yet, attracting more traffic to the small anchor.

walked into the private house, warm, fashionable and interesting soft outfits attracted the attention of fans.

The little anchor also met with the shop owner smoothly.

The beautiful and intellectual proprietress immediately became the focus of the topic.

Yan value is the quick way to success.

Having a good appearance will undoubtedly make success twice the result with half the effort.

But appearance is not the only indicator.

Because there are so many beautiful women nowadays.

From the eyes of ordinary people, it is impossible to distinguish the inner good from bad.

is tender, juicy and fresh.

still looks glamorous, but inside has deteriorated.

Only Yu brother can distinguish the true and false in the premium packaging.

The number of the proprietress is not bad.

only has a freshness of 75, which makes Qin Yu understand that her experience in her youth is quite rich.

Open the list and watch the little anchor sit first.

The gap between the second and her is more than 600,000.

It seemed that there was no danger for the time being, Qin Yu decisively ran to the face value area.

Click on the hot spot, and Qin Yu found out that it was his own.

Brother Zhuzi is blowing water with fans, talking about the actual combat experience of Demon Douhua.

I saw the prompt of wind, rain and night hurting people to enter the live broadcast room.

Brother Zhuzi immediately typed: "Big guy is here~www.mtlnovel.com~Xiaoyu hug your thigh."

Xiaoyu doesn't eat cats, the second sister Fengyulou wants to support.

"Good for hurting big brother, I'm a cat who wants to eat fish... No way, it's a small fish who doesn't eat cats, good brother."

The pure-looking fish is a bit natural and cute.

The incoherent performance of        amused Qin Yu.

Since I'm here, I must show my face to Brother Zhuzi.

20 shots were overwhelmed, and the wind and rain hurt people and said, 'I have a master, I slipped away.'

The second sister whom the trade union favors is from Yaodu, who came from Zhuzige and lives in the same place with her.

What's the situation between the two of you, just know.

jumped out of the live broadcast room, Qin Yu continued to turn the page down.

What's expecting a ray of light.'

'A woman who wants to be a big brother.'

'The cutie waiting for the big brother to claim it.'

"I want big brother to hug" there are so many names for rooms.

Qin Yu couldn't help but sigh, she deserves to be the area of beauty.

'Jiang Feier's live broadcast room.'

Seeing this name, Qin Yu decisively clicked in.

"Thank you, Brother Shui, for your super fire, thank you for your gifts, we have few villains in our family and we can only rely on ourselves. It's really miserable!"

Jiang Feier seemed to be smiling, but no one understood the depression in her heart.

She has a union, and the union is also very strong.

She herself is the first sister of the union, and she is highly valued by the union.

It is reasonable to say that a sister like her can get a place in the top competition without any help.

But the problem was just a few months ago when the union suddenly decided not to focus on fighting teeth.

Instead, they went to other platforms to open up new territory.

This is a bitter sister, Jiang Feier, who has become single and weak in fighting teeth, and has become a bitter child that no one wants.

### **Chapter 130: I only listen to the live version of the song**

'Little Feifei, let's do our best.'

It was Jiang Feier's second eldest brother who was talking, and he was totally different.

Feier Jiang said a few weeks ago that he wanted to play the year-end peak game by himself.

She wants to stay in Douya instead of hopping with the union.

She has already negotiated with the trade union.

is still affiliated with the labor union, and the division will make corresponding adjustments.

She can get 20% more, but the union will no longer provide support.

Like various activities on the platform, Jiang Feier can only do it by himself.

In this year-end peak match, Jiang Feier's position is very embarrassing.

is a second-tier anchor in fame, only under the big anchor.

But she had quit other platforms before, and she just came back this year.

So the popularity has naturally been lost, coupled with the changes in the union.

If you want to stabilize her fame and status, you must get a good place in the summit.

I don't want to be in the top ten, but at least I have to be in the top 20.

But judging from the situation today, it is very difficult.

"I know, face brother, let's do what we can!"

Jiang Feier felt a bit of confession in her heart, this time she seemed to be planted.

Several elder brothers had already passed their qi with her before, and the most could contribute 100,000, and the least 20,000 or 30,000.

and the big anchor are in the millions, which is naturally incomparable.

With this support alone, she was far from the goal she wanted.

But it is already the biggest support for her.

After all, she didn't have a plane to land.

Thank you for yourself, don't you?

Jiang Feier has two options.

Transfer to the platform with the union, or get the money by yourself.

With the support of the union a few years ago, she also made a lot of money.

There are still two or three million.

Whether to take out all the activities, Jiang Feier herself is also very hesitant.

If        does not fight, the reputation will decline in the next year, and the situation will only get worse in the coming year.

If you hit        , it would be nice to be able to go to the top 20.

If you didn't go up, then you would really lose your wife and break the army.

If I can hurt people like wind, rain and night, then the considerate elder brother will take care of it.

'Welcome the emperor to the live broadcast room.'

Jiang Feier, who was struggling, suddenly saw the noble reminder.

"Welcome to my eldest brother who hurts people by storm and night."

Jiang Feier pulled down his clothes, and the frog seeds on his chest immediately swelled.

"Big Brother, want to listen to songs?" Jiang Feier never mentioned the rules of ordering songs from a brand.

The rules are for the dick!

Big brother like Wind, Rain and Night hurts others, don't you just want to listen?

'I like to listen to the live version. 'Wind and rain also hurt people.

Seeing the elder brother say so, Jiang Feier was embarrassed.

What should I do if Brother likes to listen to the live version, or turn on a sound effect?

"Big Brother Hurt likes to listen to the live effect, I will set it up."

It's not that Jiang Feier doesn't understand the elder brother's suggestion, but in front of the fans, she can only pretend not to understand.

'Wind, rain and night hurts people and presents anchor Jiang Feier's super rocket, come and watch everyone~'

No nonsense, ten super fire first.

'I have an itch. 'Wind and rain hurt people at night.

"Thank you for the rocket that hurt, itching? No problem..." Jiang Feier went to find music immediately without saying a word.

As soon as she starts singing, fans in the live broadcast room will have benefits.

The gesture of scratching the head and the charming tone make the listener feel numb.

is singing to emotion...

'Wind, rain and night hurts people as a gift for the active little demon to buy super rockets, come and watch everyone~'

Ten shots are super hot again, Jiang Feier is stupid.

Big brother brushes ten super fire songs here.

turned around and ran into another live broadcast room to see my sister, what's the trouble?

'I vomited, is this the happiness of big brother?'

'I'm here to choose a concubine in the fish pond, brother?'

'This fish pond in the Yan Value District is going to be fried!'

'Anchor Harvester? Disc him.'

'I'm vomiting, can I still play with small fish and shrimp?'

'What kind of toad are you?'

Seeing the fans' complaints, Jiang Feier felt even more uncomfortable.

So, Brother didn't come to see him at all.

Is it simply to fry a fish pond? ?

The hope that had just ignited fell to the bottom in an instant.

Jiang Feier couldn't help thinking: If I had just agreed to the live version, what would happen now?

.....

How did Qin Yu know that his momentary actions would make Jiang Feier think again and again.

He simply supports his own anchor.

Ten shots per person were super hot, and by the way, I chose a few pleasing fisheyes.

Although it's a bit of a deception, but no one is like this these days.

As long as they don't pierce that layer of window paper, someone will always be a fool!

went back to the live broadcast room of the little anchor.

She is chatting with the boss.

talked about their love affair, their entrepreneurship and the origin of the restaurant.

唰唰~

Wind and rainy nights hurt people and present the anchor drizzle and silent big tiger shark, the treasure of the sea is waiting for you.

Ten big tiger sharks stabilized the situation, then withdrew to continue the wave.

Jiang Feier's singing ended hastily, and his face was obviously embarrassed.

gives people hope, and it is the cruelest to usher in disappointment.

She thought she had a chance, she only blamed her for thinking too much.

'Welcome to the emperor.'

噗~

Jiang Feier is about to throw up.

Is this big brother poisonous?

Just as he adjusted his mind, he jumped out again.

'It's still beautiful after a round. 'Wind and rain hurt people at night.

Seeing what he said, Jiang Feier didn't know whether to laugh or cry.

"Thank you brother, brother is so handsome!"

Tucao return to Tucao, Jiang Feier smiled like a flower.

'The ones who listen to the song and only listen to the live version are very cool! 'Wind and rain hurt people at night.

'He's vomiting, this big brother is inhuman! '

'I think Xiao Feifei is about to finish, the eldest brother's routine is too deep. '

'Simply, play the anchor between the palms of your hands, big brother! '

"Big Brother, want to add WeChat?"

Some things still have to be said privately, Jiang Feier decided to add a WeChat account with her eldest brother.

There was another spit on the public screen.

In the hearts of fans, Jiang Feier is gone.

92 freshness, do you want to add it?

Don't ask, ask is the first hand of the mobile phone.

Mobile phone avatar, Xinxinwei.

The photos taken earlier have been used, and the application of "Little Feifei" has been passed.

Jiang Feier first left the live broadcast screen and sent a greeting voice to her elder brother.

Use the most gentle voice I can think of.

"Brother Lian, sorry, just thinking about something!"

Jiang Feier explained to her elder brother in the live broadcast room, still thinking about the live version.
