Chapter 161: Master tricks

After going around, it is still a 'tax' issue after all.

If Lao Qiao returned the money directly, the three would have to pay 40%.

You only need to pay 10% to go to the company, and the primary school students know how to calculate this bill.

"Can you hide it?" Qin Yu couldn't hide it from the two adults without realizing it.

"Of course I can't hide it, but at least the money is in my own hands. I have the final say on how to spend it."

Doing business with friends made some money, and Li Xiao didn't intend to conceal this kind of thing.

Besides, he didn't intend to hide it from the beginning.

If Qin Yu's news is reliable and his income is stable, he will be able to bridge the gap between him and his family in the future.

As long as the family can make money, it serves as the link between the two.

Li Xiao's status in the family is naturally rising.

Xu Hao is the same, besides, this is exactly what Qin Yu wants.

Mutual benefit and entanglement of interests can make the relationship get closer and closer. Isn't it long lasting?

"Okay, I'll arrange it!" Qin Yu responded.

Although Li Xiao's thinking is not comprehensive, his direction is right.

This cooperation is just the beginning, and Qin Yu is using facts to prove his ability.

You have to prove that you are capable and you can play with this circle.

Who is this proof for?

Give it to Li Xiao? To Xu Hao or Yang Chengjun? ?

Everyone is smart, and there are some things that don't have to be said one, two, three, four.

What Qin Yu can be sure of is that they will come back next time and want to invest.

The money invested will definitely be much more than this time.

Li Xiao pointed to the empty wine glass in front of him and looked at Xiao Li who was pouring the wine: "Pour Qin Shao first, I have to toast him."

Qin Yu didn't answer, and picked up the full wine, and the two of them touched and drank dry.

"Shao Li, who drinks XO?" Xiao Li asked Martell XO, who hadn't opened yet.

"Xu Shao, all four bottles belong to him." Li Xiao pointed at Xu Hao.

"Brother, are you asking me to die?" Xu Hao, who was lying down, sat up instantly, his eyes cleared a little.

"You don't love to die, you have to get drunk."

Li Xiao pointed to the XO on the table, "Satisfying you, not enough, I bought them all today."

"Brother Jun, let's drink!" Xu Hao really wants to drink, he is irritated!

Yang Chengjun didn't say a word, and directly picked up the cup.

Upon seeing this, Xiao Li quickly filled him up, and then gave Xu Hao full again.

boom.

Deep feelings, boring.

The empty wine glass was on the table, and Xiao Li poured it again.

Seeing that they didn't plan to drink any more, he put down the wine and prepared to leave.

"Xiao Li, don't leave, drink with Xu Shao!"

Since Xu Hao wants to get drunk, give him drunk, and it's okay for Xiao Li to overwhelm him.

"Xu Shao?" Xiao Li looked at Xu Hao and asked for his opinion.

All of you present here are eldest brothers. It is not his turn to take the initiative, so you have to ask eldest brother what he meant.

"Yes, you drink with me, just because you can drink." Xu Hao sat up straight and patted his side: "Sit here, the three of us drink."

With these words, Xiao Li feels relieved and stays to accompany him!

"Where is the girl?" After seeing no one for so long, Li Xiao patted Xiao Li and asked.

"It should be here soon. I'm calling for foreign aid to ensure your satisfaction."

After Xiao Li got up and looked towards the entrance, he happened to see a few girls walking down the stairs.

Qin Yu also looked back, who was not curious anymore.

Seeing him like this, He patted him one by one: "Why? It's not enough to have me, and I want to have two wings?"

"When have you seen a wing that can take off?" Qin Yu asked rhetorically.

"...It seems to be the same." He curled his lips and stopped talking, and he ate the watermelon in the fruit plate one by one.

She didn't know if it was a psychological effect. Every time she went to entertainment venues, she felt that the watermelon was particularly delicious.

Go to the supermarket to buy a whole and hug home, put it in that bite and don't want to eat it...

People are really strange enough.

"Brother, where is the little brother who occupied the parking space at the door?"

Qin Yu thought that the other party would come over when the car stopped, and wanted to drink with him.

"I'm back, busy to show affection with my girlfriend!"

"Everyday show?"

"Seven days a week, every day is different, can't you show it every day?"

Looking at He Yiyi, Li Xiao covered his hands and said, "That kid has a hobby with Liu Xing."

Fuck, it turned out to be a tauren.

This way is not alone!

The girls entered, and Xiao Li helped arrange seats.

The arrangement for Qin Shao is naturally the best, even if other seniors and youngsters have opinions, he has to do so.

He can know several young and old, and have them take care of the business.

That all took up Qin Shao's light, and this should not be forgotten at any time.

Shao Li also had to accompany two beautiful people around him. In other words, he was also a big brother. Naturally, he had to use them first.

Young Shao, the inside is hot and the outside is cold, so I have to arrange a meeting to let it go.

Xu Shao's side...

If it is usual, it must be arranged to play.

But today, a discerning person knows that he is no longer in shape.

Feelings are frustrated. What you need most is to talk and comfort.

I saw Ya-Ya who was standing at the door, looking youthful and quiet, "Ya-Ya, you sit and accompany Shao Xu."

Xu Hao was enjoying the drink and raised his head when he heard someone calling himself.

Yes, my eyes are straight.

Sure enough, long live true love...

Xiao Li's vision is vicious, and he does things beautifully.

Of the six girls here, three have a face value of over 90.

The four who are over 90 have freshness above 85...transparent!

No, the little brother was holding a wine to drink with him, but it was broken for Xiao Li Le.

If Li Shao drank with himself, that was recognition of him.

This makes Xiao Li happy more than giving him money.

After all, tipping can't cover the consumption of big buddies.

As long as the eldest brother remembers his own good, he will spend more times.

The house, the car, the household registration...there are no more.

"Xu Shao, my name is Yaya." Sitting on the sofa with her legs close together and slanting on one side, with her hands on her knees, Xu Hao was so nice and quiet on the spot.

But after all, he is also a veteran on the battlefield, and he has seen a lot of tea masters who can pretend.

Who knows that this one in front of me is real, and it's a real pretense.

Xu Hao decided to talk first before talking, and after the talk was over...

Continue to talk again, he just wants to find someone to talk to, no other meaning.

Looking at Yang Chengjun again, this will have already played a game with the two beauties around him.

The two especially let go. Seeing that he didn't take the initiative, they took the initiative to play with him, which was also interesting.

Li Xiao!

The old driver, one in each hand, was leaning on the sofa and pretending to be deep.

After a while, the one on the left brings the wine to the mouth, while the one on the right brings the fruit to the mouth.

Gee...

"Why are you alone today? What about Li Sha?" With nothing to do, Qin Yu also chatted with He Yi one by one.

"She? She was stuck with her fiancé recently, and they are inseparable." He Yiyi said.

"She is engaged?"

"That's right!" Qin Yu was a little surprised, and He Yiyi played with it: "Why, don't you see our salsa?"

"What should I do if I really like it?" Qin Yu joked.

"that....."

He one by one squeezed the watermelon and wiped the juice from his mouth with his little finger: "Why don't I ask her to come, let's get her drunk at your mercy?"

Qin Yu is stupid.

Plastic sister flower, is it so real?

"Why? Don't you dare?" He Yi looked at him provocatively.

"Don't dare, it's okay to change it to you." Qin Yu looked at her ironically with a corner.

"Come on, who is afraid of who!" He Yi raised his glass and started to do it with him.

The girl sitting on Qin Yu's right hand was almost vomiting, 'elder brother, can you pay attention to me first?'

As if hearing her voice, Qin Yu turned his head and asked, "What is your name?"

"Shao Qin, my name is Linlin." Linlin lowered her head slightly and showed a sweet smile.

"Well, come and drink with her." Qin Yu hooked the back of his head with both hands and leaned back.

Looking at each other, the two of them were dumbfounded.

Qin Yu made it clear that they wanted them to kill each other so that they could reap the benefits of the fisherman.

However, when He Yiyi met him today, he had already decided to send a wave.

I really thought she didn't know what happened between Li Sha and Qin Yu?

An adult understands the smell in her mouth when she comes back from the toilet.

She just didn't want to expose Li Sha and make her ugly on the spot.

After going back for some compelling questioning, Li Sha really obediently confessed.

After listening to what she said, He Yiyi was tickled.

How can you miss the rich, handsome, explosive, and capable male god?

Especially for her figure, Li Sha's description made her think again and again.

In Li Sha's original words, "His figure is that kind, you want to lick the screen when you see it, his cheeks are sour, and the saliva is frantic... a male god, an absolute male god."

He Yi glanced down, his cheeks began to sore involuntarily.

'Gudong. 'Today this wine, how light makes people drool.

"Roll the dice!" Facing He Yiyi's steadfast pressing, Linlin was also unwilling to show weakness.

She had inquired about before coming today, this Qin Shao was worth at least over 100 million.

Xiao Li promised that the 6002G he was wearing was absolutely true.

There are also luxury cars parked outside. Xiao Li said that he drove a Palamela GTS before.

The car is nothing. Linlin's rich second-generation chasing her can afford more.

The key is the license plate, application A: 99999.

What kind of gods can get this, absolutely arrogant.

Luxury cars are much more high-profile than supercars.

After working hard in Hudu for so many years, Linlin still understands something very well.

Money is on the one hand, and energy is on the other.

According to what Xiao Li said, the Qin Shao sitting next to him was rich and energetic.

There is another key point, age~www.mtlnovel.com~welfare] Pay attention to the public.. [Book Friends Base Camp], read books every day and get cash/points!

Not a bald old man, he couldn't even bite his teeth and wanted to steal fishy.

He is not a greasy uncle, his face is wretched, and he wants to move his feet when he sees a woman, which is disgusting.

On the contrary, he is very handsome, sunny, and clean, which meets the standards of a girl in choosing a mate.

The body... looks thin and tall, but it doesn't look like a fragile one that falls down~www.mtlnovel.com~ Not to mention the beer belly, there is no trace at all.

Such a high-quality diamond bachelor is simply rare in a century.

If she just missed it today...

Linlin can give her two big mouths and smash this idiot to death!

"Okay, how to play?"

He picked up the dice cup one by one, and flicked the dice in the dice cup with a flick of his wrist.

This is a master.

Linlin on the opposite side was not afraid at all, she also waved her wrist, 'clam clam...'

Seeing this scene, Qin Yu became more interested.

This is the rumored master's trick. Isn't the next trick fatal?

Does he have to walk away so as not to hurt the innocent?

Chapter 162: 20 billion can't be more than

Seeing Qin Yu walk away alone, leaving the two girls to fight for wine.

"What's the situation?" Li Xiao was a little dazed.

This is...Is it so sharp when I get myself drunk and send it actively?

"All the fairies who greet my body, let's talk about the true love of mice."

It's good to listen to gossip and pass the time.

Moreover, he was also curious about the girl called "True Love" that would make Xu Hao reluctant to forget.

"It just sells houses and sells boutique products. It looks pretty, but it's not so good."

Li Xiao really didn't realize there was anything good about that girl.

Yes, she looks like a good girl.

She is beautiful, loves to laugh, and has a generous personality and is easy to get along with.

But what's so special about it, aside from looks and figure, there are so many characters.

Isn't it just an ordinary girl?

"It's not ordinary for him." Seeing Xu Hao pulling Yaya to confide in his love, he looked bitter.

Kind of fun!

"This kid is possessed." Li Xiao said.

"Emotions don't make sense." Yang Chengjun came over with a wine glass.

"Don't tell me, cheers!" The three men raised their heads and drank.

"Eh, I didn't even take me to drink, so it's full, come over again..."

Xu Hao squeezed over, with a wine bottle in one hand and a wine glass in the other, making it clear that he was going to get drunk.

...

The next day.

Qin Yu opened his eyes just before noon and walked towards the bathroom with a sullen air.

After taking a bath, Qin Yu sat in the living room and played with her mobile phone.

I played too late last night, Jiang Xiaoshan was already asleep when he left.

In addition, the three of Li Xiao drank too much, and Qin Yu could only send them all to the hotel.

Keng Keng~

"Brother Yu, Brother Yu~" is Xu Hao's voice.

Opening the door, holding two panda eyes, hunched over, his hands drooping naturally, Xu Hao jumped into the room like a gibbon.

"Are you squeezing people out?" Qin Yu asked amusedly.

"Don't mention it." Xu Hao collapsed on the sofa with a weeping face: "It's a hell."

"Mouse~" Li Xiao was looking for him in the corridor.

Qin Yu was about to talk when someone slammed his arm, and Xu Hao made a silent gesture with a pleading expression on his face.

"Shhh!" Seeing his guilty conscience, Qin Yu was really curious.

Did nothing happen last night?

It was almost dawn after drinking in TAXX, and the three of Li Xiao drank too much.

Qin Yu could only arrange for them all to go to a nearby hotel, and he would rest here sooner than later.

Xu Hao watched Yaya help back to the room with his own eyes, and found nothing else.

Or... the seemingly gentle girl is a cute girl?

"Shao Li, then I'll go back first." The aggrieved voice was crying.

"Okay, if I find someone, I will let him contact you." Li Xiao.

Within a few minutes, Li Xiao opened the door and walked in.

"You kid can." Kicking Xu Hao's leg, Li Xiao motioned him to move a little bit aside.

"I don't want to, just come up and talk to me about feelings... can't stand it!"

Xu Hao was also helpless. As soon as he opened his eyes in the morning, his head was still humming.

Opening his eyes made Yaya sitting on the bed startled.

Looking at him with a big smile on his chin, Xu Hao's expression of "I am so happy" was overwhelmed by Xu Hao.

Then there is a whole set of processes!

What's the first time like this, I haven't talked about love a few times, he is so handsome and likes to stay with him.

It's just one meaning, 'I want to fall in love with you.'

How does this make Xu Hao parry?

Finding a reason to sneak out, Qin Yu ran away without even taking the phone.

"You don't just want to be in love, just right." Qin Yu said.

"Brother Yu, stop joking." Xu Hao smiled bitterly and shook his head.

Yaya is very high-end, not everyone follows.

But if you say she is an innocent girl, she came to the nightclub to find true love~www.mtlnovel.com~Welfare] Follow the public.. No. [Book Friends Base Camp], read books every day and get cash/points!

Are you talking nonsense here?

They are all professional gamers, what kind of sheep do they pretend?

"It will take a few days for the money to arrive in the account. The process is very troublesome, and I will have someone pay the tax together for you."

Like Li Xiao and the others, the process that should be followed must be completed.

Don't use any convenient channels if you can.

Naturally, the tax must be paid in full, and the remaining money will be directly credited to their account by the company.

With regard to the company, Qin Yu asked Liang Chuyu for help.

After so many years of accounting, I still have some connections and energy in this regard.

Just in time for the busy period of the third quarter.

Everyone is busy, and things are done a bit slower. He has to wait another two days.

"Thanks, Xiaoyu." Li Xiao patted him on the shoulder.

"Thank you Brother Yu." Xu Hao also looked at him gratefully, and the entanglement on his face was gone.

"I have to get a Mustang and drive when the money arrives." Xu Hao had already planned it.

When the money is available, he will immediately realize it, and it will be difficult for anyone to come by then.

As for his principal, it is his ability to accumulate, don't want to touch anyone.

"Mouse, call Brother Jun to come over, let's talk." Qin Yu intends to discuss something serious with the three of them.

When Xu Hao brought Yang Chengjun to the room, he closed the door.

Qin Yu also explained to the three that the operation this time was about the New Zealand currency.

"I think you all guessed it too." During this period of time, the New Zealand currency was making a lot of noise, and the myth of wealth and wealth that had already risen and fallen for a long time was shattered.

Each item is a pastime for people after a meal, but everyone with ears can hear it.

"I guessed it, you are trading abroad?" Now that the words are open, Li Xiao naturally wants to understand more thoroughly.

When he needs cooperation later, he has a good heart.

How much Qin Yu can eat here, and how much confidence and energy he has.

"I'm a bit related in Barrow, it's not easy to tell the specific situation."

Qin Yu opened up what he could say, and he wouldn't mention more if he shouldn't.

Li Xiao, Xu Hao, what's the situation in Yang Chengjun's family?

What are the official residences, and where can they be used? He didn't ask him the same.

Just know what's going on, there is no need to break the casserole and ask to the end.

Who has no secrets yet.

"Xiaoyu, I have to ask something you don't mean to you." Li Xiao said sternly.

"Brother, tell me straight, let's not engage in those imaginary things." Qin Yu nodded in response.

"Okay, I like your refreshment."

Li Xiao smiled and said in a serious tone: "How big can you eat?"

Qin Yu didn't answer immediately. He thought about it and said, "One or two billion is still okay. I have to think about it any more."

Hearing what he said, Li Xiao was instantly dumbfounded.

Brother, what you said is really the end, you know?

"Brother Yu." Xu Hao looked like he was about to vomit, "I beg you to be a man!"

One or two billion? More?

Li Xiao was also dumbfounded: "Don't bring such a blow."

"If I have hundreds of millions, do I still need to worry about buying a Mustang?" Xu Hao continued to complain.

Yang Chengjun sat in the same position as the old god, watching his nose, his nose watching the heart.

People are already autistic.

"Come on! Don't pretend to be poor in my place. Outside, you can't wait to give you half of the family property."

What Qin Yu said was true, as long as they were willing to speak.

The people sending money outside can line up in a long line, with two black suitcases in their hands.

Enter the door, put down the box and leave without hesitation.

It's just that Li Xiao knows whether the money can be taken, whether it's hot or not.

For families like them, sometimes too much money may not be a good thing.

"Today I saw the gap with Brother Yu. I want to fight a local tyrant."

"You still want to divide the land! Billowing~" Qin Yu responded in an angry voice.

"Haha~"

It was a joke, and all of them had a judgment on Qin Yu's energy in their hearts.

The next step is to see how they operate each, whether they can use this line to mutually benefit each other.

"By the way, isn't your new car unlicensed yet?" Li Xiao thought of his new Lamborghini, which still had a temporary license on it.

"Well, the car just arrived yesterday." Qin Yu said.

"I'll take care of it, where will the sign be delivered to you?"

Brother Yu didn't know where to send it, there are so many of him, who knows where it will be by then.

"contacting via phone."

"Okay, do you have any favorite numbers?"

"Auspicious ones are fine...QY, numbers 10 and 4 are fine too."

Qin Yu's birthday is June 3, and he uses his birthday as the license plate number.

The cliché is a bit cliché, but this can be regarded as the characteristic of Xia Guo. We have to respect the tradition, don't we?

"Birthday number?" Seeing Qin Yu nodded, Li Xiao knew what to do.

After going out and making a call, Li Xiao came back and said, "I can do it tomorrow, and I will let him call you."

"Okay, I'll take it for breakfast today." Qin Yu said with a smile.

"Someone asked me to eat more." Xu Hao rubbed his stomach, which was still overwhelming.

Drinking too much in the past two days is really hurting.

...

In the hotel restaurant, four people sitting in a circle were talking and laughing while eating breakfast.

As soon as Xu Hao looked up, he stood up.

"What's the matter?" Several people followed up and looked in the direction he was looking.

A girl in a big flowered dress followed an old man into it.

The two talked and laughed, and they seemed to have just gotten up to eat.

Seeing the girl's appearance clearly, Li Xiao's expression became particularly strange.

Winking at Qin Yu, as if to suggest something.

"Brother, don't wink your eyes, huh...that's the girl I like." Xu Hao sat back blankly.

'Fuck.'

Qin Yu really vomited, shouldn't it be such a coincidence?

Looking at Xu Hao's desperate look, Qin Yu silently called the system.

Scanning analysis system:

Xia Ke:

Age: 22.

Height: 172cm.

Weight: 51.3kg.

...

Freshness: 93.

...

Seeing the data displayed in front of him, Qin Yu immediately said: "Mouse, I don't look at them as if something is going on, go up and say hello?"

"It's a man who asked her face to face~www.mtlnovel.com~ Yang Chengjun said coldly.

Li Xiao agreed, "Just as if you met a friend, say hello!"

Seeing how many people said so, Xu Hao decided to step forward to find out.

Watching him walk to the other side's table and say something to the girl, then his attitude became soft and enthusiastic.

When I came back again, that face smiled like a chrysanthemum.

"That's her boss. She lived here last night. She came to send information."

Hearing what Xu Hao said, Li Xiao suddenly felt that the man was a little familiar, "Does this Xia Ke you know work for Luheng Group?"

"Yes, her boss is Luheng's Jiang Hongsheng." When Xu Hao said so, Li Xiao remembered everything.

That old man with eyes, personable, and scrolly temperament is not just the Lu Heng Jiang Hongsheng.

Chapter 163: Hiss~ It hurts a bit

Jiang Hongsheng's background is not small, and his own experience is even more legendary.

The Lvheng Group, built by one hand, has taken the top spot in the domestic real estate industry in just 20 to 30 years.

"Would you like to hear what our families say about him?" Li Xiao said with interest: "He is kind and cruel."

"A troubled world!" Yang Chengjun was shocked.

"Pretend to be a cultural person?" Xu Hao said with a disgusting expression on his face: "Our old man said very simple, don't look at his handsome appearance, he is actually a ruthless person."

"If you want to work hard to his level in the market, how can you not be ruthless?" Qin Yu responded.

"Cough~" A soft cough came from behind, and Jiang Hongsheng brought his assistant Xia Ke over.

"Uncle Jiang." Li Xiao stood up and smiled, greeting respectfully.

"Uncle Jiang." Xu Hao and Yang Chengjun are the same.

Qin Yu also stood up, and looked at the legend curiously: "Hello, Mr. Jiang."

"Shao Qin, isn't it?" Jiang Hongsheng smiled and pointed at him, a kind of gentleman.

"Yes, have we met?" Not only Qin Yu was curious, but Li Xiao and the others were also curious about him knowing Qin Yu.

"I haven't seen it, but we have dealt with." Jiang Hongsheng said: "Why, don't you ask me to sit down?"

"Uncle Jiang, sit down." Xu Hao stepped out of his seat and walked quickly to the side of Jiang Hongsheng.

Turning to stand beside Xia Ke, he pulled the chair in front of her: "Coco, you sit down."

Xia Ke glared at him, 'the boss didn't sit down, just let me sit. You want to see me lose my job, right?'

Pushing Xu Hao away, Xia Ke leaned on the chair and smiled and said, "Mr. Jiang, you sit here."

Jiang Hongsheng was not polite at all, and just sat down.

Xu Hao has no temper on this, who makes him like Xia Ke!

Pi Dian Pi Dian pulled her another chair and waited for Xia Ke to sit down before returning to her position.

Sitting again, Jiang Hongsheng continued the topic just now and said: "Seaview One was developed by Luheng."

"The house where you live, but an old friend called me personally and specifically told me."

Jiang Hongsheng came to say hello for this reason.

His old friend is in a high position. Although he has no real power, his influence in the economic field is not small.

Being able to let him speak in person, and be entrusted by others, the other side's background can be imagined.

Therefore, Jiang Hongsheng was a little curious about what Qin Yu's family did.

He had to find someone to find out, instead of digging deeply, he just checked some information that he could find.

But when he got the information, he felt that the truth was hidden under the information above.

However, digging further down will surely alarm the opponent.

This kind of inquiring about the background and origin of people without authorization is very taboo.

A careless person may have a bad relationship with the other party.

How could an old fox like Jiang Hongsheng offend people for no reason?

"It turns out that Seaview One is the industry of Luheng." Qin Yu really didn't pay attention to this information.

It's not Lu Heng's name that Haijing No. 1 puts on the outside. It's okay who will investigate this specifically.

"We did the project, and the name was given to them. This is normal in the real estate industry."

"I don't know much about real estate."

Qin Yu knows only one house, who will buy it, who will live in, and what number is in the row.

Appreciation potential and other factors are incidental. The important thing is to have a home wherever you go.

Qin Yu is a lover of family and is not used to living outside!

"Uncle Jiang, I heard that you Lu Heng took the land again?" Xu Hao asked the family for help.

In addition to eating, drinking, and having fun, Xu Hao also has a part-time job, responsible for buying houses and buying fixed assets for his family.

"Yes, in Qingpu, the future plan for that piece of land is good!" When it comes to business, Jiang Hongsheng is very energetic.

"I'll go and see if I have a chance, you have to give me an internal price, Uncle Jiang!"

"No problem, Xia Ke, you can write down Xiaohao's number, and let him contact you later."

"Mr. Jiang." Xia Ke is in a hurry, isn't this looking for something for her to do?

"What?" Jiang Hongsheng raised his brows, not angering himself.

"It's okay, I have his number." Xia Ke was afraid to speak.

She is the boss, she is just an assistant.

The boss ordered, what can she say?

"Thank you Uncle Jiang." Xu Hao was immediately excited when he heard that Xia Ke received him.

He was sure of the house, and he couldn't stop anyone from coming.

When Jiang Hongsheng took Xia Ke to leave, Qin Yu saw the excited Xu Hao and couldn't bear to hit him.

"Mouse, you are gone." Li Xiao took a sip of coffee, if pointed.

"What's missing?" Xu Hao was completely immersed in excitement, and didn't even hear it.

Reluctantly shook his head, Li Xiao decided not to hit him again.

Feelings still have to be touched slowly by yourself. If it hurts, you will understand naturally.

Seeing that Li Xiao didn't say anything, Qin Yu didn't have much trouble either.

After all, feelings are a matter of two people, and it's really hard to interrupt yourself as an outsider.

...

On weekends, Qin Yu got up and went to the club to exercise as usual.

Whenever he returns to Seaview One for the night, he will definitely go for morning exercises. This has become a habit.

Walking into the gym, Shaman was already there.

"It's so early again?" Qin Yu sat next door to her and came to the crew to warm up first.

"It's not the same with you."

Shaman stopped, letting her breath return to a steady rhythm, "I have nothing to do anyway."

"For a wealthy daughter like you, isn't the daily work of eating, drinking and having fun, plus buying and buying?"

Although she doesn't know her specific situation, she can live in Seaview One.

She keeps fit every day, and I haven't seen why she has been so busy. She must be from a wealthy family.

"You are a typical hatred of the rich, don't forget that you live in a mansion on the top floor."

"I'm not idle at all, I have a lot of work every day."

Qin Yu can be said to be working day and night, saying that his calculation of time per second is a bit exaggerated.

But it is definitely calculated on the basis of minutes, [Time Management Apprentice] is not for nothing.

"Don't look down on people, I also have a studio." Sha Man didn't bother to expose him.

Just him?

Tired? ?

Every day I can't decide where to fool around, surrounded by a group of little vixens, huh~

"I met a rich woman?" Qin Yu joked: "Now, should I ask for support?"

"It's okay to raise you!" Sha Man rolled her eyes and smirked, "I will raise you if I smash your fox den."

Qin Yu just pretended not to understand, got up and pointed to the floor and said: "Come and lie down, let's continue practicing."

Sha Man's cheeks were slightly red, and she muttered: "Come on, who is afraid of whom?"

"Well, ah~ tap it~"

Looking at the man who was kneeling under him, pressing his thighs with both hands and pushing **** both sides, Sha Man's painful tears rolled in his eyes.

"Then I'll be gentle, what about this?"

"Well, it's better."

"how about this?"

"His, it hurts!"

Knowing about her softness, Qin Yu let go of her hands and let her take a break.

Looking at the M-shaped legs, Shaman is lying on the base of the legs that keeps kneading with her hands.

Qin Yu pulled her up and sat down amusedly: "If you want to stretch your muscles, it will definitely hurt. How can you stretch it if it doesn't hurt?"

"But you can't do it all at once!" Sha Man glared at him, feeling that he was deliberate.

"Okay, next time I'll be gentle."

If she hadn't made up her mind, Qin Yu really wanted to persuade her not to suffer this crime.

As far as the strengths she has mastered now are quite good, the softness of the waist and the frequency of swinging are beyond the reach of ordinary people.

Compared with ordinary dancers who are more professional, why bother to practice legs.

"Just like no one would dislike having a lot of money, who would dislike himself as being good enough?" Shaman's reason was very convincing.

"How is your recovery, do you want to go to the swimming pool?" Qin Yu looked at his watch, he had to hurry up.

"Go, I'll go to Piaohui." Sha Man planned to go to the swimming pool to lie down.

Being close to the water will inspire her and enable her to better complete her paintings.

After swimming a few laps, Qin Yu said hello to Sha Man and left.

Today is the class's group activity day, the instructor and Che Xuan are all there, it's not nice to be late.

Driving the gray big par to the school gate, just when the team was assembled.

"Guide, Teacher Che." Qin Yu parked the car on the side of the road and got out of the car with the camera.

"Come on, the area we are responsible for is not too far away, everyone decided to walk over." The instructor glanced behind him and confirmed that it was a car he couldn't afford.

"Wait for me." Qin Yu parked the car in the opposite parking lot, came back and followed the team and set off.

The distance is really not too far, just two blocks away from the school.

"From this area to the third traffic light in front, all must be cleaned up."

"Clean up stop signs, billboards, and trash cans."

"On the ground, pay special attention to cigarette butts and dead ends."

After distributing various tools, the team slowly dispersed.

Squad leader Li Hong is responsible for arranging people, who is responsible for which one, and everything needs to be paid attention to.

Qin Yu's job is easy and easy, so he doesn't need to clean up with his classmates.

Just stop and go and take some pictures back and forth.

But it was about two or three miles back and forth, and it was very hard to run a few times.

"Instructor, more than our class are here today?" Qin Yu obviously found that the number of people was wrong.

"Yes, they all offered to help." The instructor was a little proud, and the cold wind in the morning poured into the neckline, causing him to retract the neck that had just been stretched out.

The students who were cleaning were also shivered by the wind, and it was getting colder and colder this day.

The cold of Hudu is not the dry cold of the north, but the gloomy cold accompanied by sea breeze and humidity.

That is, the physique enhanced by kidney power makes him feel nothing right now.

If it were placed before this, Qin Yu would have to shrink his neck and shiver.

"It's so cold...Guide, I'll pay for everyone to drink, how about milk tea?"

Qin Yu saw that there was a milk tea shop not far away~www.mtlnovel.com~ It happened that there would be no one.

"This is not so good!" The instructor looked at Che Xuan, obviously taking into account the presence of outsiders.

The two are old friends, and Qin Yu understands everything with one look.

"What's wrong with this, I voluntarily invite everyone to drink milk tea at my own expense, what's the problem!"

To exchange good books, follow the vx public account. [Book Friends Base Camp]. Pay attention now and receive cash red envelopes!

"But I still have to take pictures, so..."

Qin Yu took out his mobile phone and directly transferred 1,000 yuan to the guide.

"You have to trouble the instructor to count the number of people. The milk tea shop is there. I have to take pictures first."

Qin Yu said that he raised the camera and walked back. The instructor seemed to be a little helpless and shook his head: "Qin Yu, everything is good, just too enthusiastic."

Che Xuan was stupid the whole time. Seeing the two skilled operations and tacit understanding, he always felt a little weird.

Chapter 164: bad boy

Qin Yu is responsible for paying the money, and the instructor does the actual operation.

This is not the first time the two have worked together, and there is naturally a tacit understanding.

"That who~"

The instructor pointed to the labor commissioner who was directing the 'working people': "Go and call the squad leader."

Everyone who participated in the event today reported to Li Hong.

The people on the list plus the instructor himself and Che Xuan are the total number of people present today.

Qin Yu had already passed the first traffic light with his camera, and walked towards the other end of the bridge.

"Ah, a child fell into the water!"

A large crowd of people gathered around the bridge railing, pointed at the river, looking around and yelling, 'I'm falling into the water, someone is falling into the water!'

As soon as he heard the sound, Qin Yu had already taken off the camera on his chest.

Quickly unfastened the strap and put everything on the floor of the bridge railing. People were already standing on the bridge railing.

"Woo~ Damn!" The old aunt covered her mouth with her hand and let out a cry of surprise.

噗咚.

A fierce boy plunged into the water, and Qin Yu didn't see his head in a few seconds. This is even more incredible.

"The boy who saved the lives is gone~" The old aunt's voice is really OK.

The onlookers were bluffing, but none of them knew water.

There are a few who have learned to swim, but they can only flop around in the swimming pool.

But a few young people who were calling for help ran from a distance quickly, **** as they ran.

Under the water at this time, Qin Yu was like a swordfish flying fast and swept in the direction of memory.

If someone can see underwater scenes, they will doubt their eyes.

As his body was swaying up and down, the water flow pushed him forward as if it were being separated, almost unbelievably fast.

When Qin Yu emerged, he was already seventy or eighty meters away from the initial sinking point.

The child who fell into the water was not far away from him, still beating wildly to survive.

It's just that the frequency of tapping water is obviously getting slower and slower.

Flicking his arms, Qin Yu's body arched forward, and he was behind the child in the blink of an eye.

Stretching his right arm through his armpit, he lifted him up.

"Tongtong, my Tongtong, Tongtong~" A woman's choked cry came from the shore, and the child's mother found it.

"Kids don't move around, brother will take you up." Soothing the child who was in a panic and wanted to struggle, Qin Yu swam to the shore at a slow speed.

Perceiving the struggling motion on his arm, Qin Yu is glad that he hugged him from behind~www.mtlnovel.com~Get the red envelope] Follow the public.. Public number [Book Friends Base Camp~www.mtlnovel.com~ draw up to 888 cash red envelopes !

Otherwise, this would have no idea how many feet he had suffered.

"Tong Tong." Seeing the young woman who was being pulled by the shore, reaching out to pick up the child.

Qin Yu lifted the child up to let her hold on, and then let go.

"Young man, come up quickly, the water is so cold." The warm-hearted old aunt and a few onlookers pulled Qin Yu up.

Shaking the water on his body, Qin Yu found that it was useless at all.

"Young man, take off your clothes soon, this is for you." The old aunt took off her woolen coat.

This will wear wet clothes, and if the cold wind blows again, people must be sick.

"Auntie, it's okay." Qin Yu took off his coat, twisted the water, and put it back on.

The cold is a bit cold, but I feel very happy in my heart.

Saving a child is equivalent to saving a family. No matter how you look at it, you will earn blood!

Rejecting the repeated push of the enthusiastic old aunt, Qin Yu ran back to the bridge rail.

"Handsome man, you are so brave." Several young ladies were standing at the place where he was diving, holding their mobile phones and admiringly said.

"Things are here, let's show you!" A girl stepped away, revealing the camera and watch behind her.

"Thank you." Qin Yu picked up something and said politely: "Are you recording a video?"

"Yes, handsome boy, have you learned to swim?"

"Learned a little bit."

Qin Yu drew the drops of water from her hair, and the girl closest to him was flushed and her ears turned red, and she fell backwards, covering her heart with her hand.

'...It's over, it's over! Qin Yu was speechless.

"Can I see the video you recorded?" When Qin Yu wanted to watch it, the two girls holding the mobile phone immediately handed it to him without any hesitation.

Open the album and delete the video.

Slide to the recycle bin, open it, and delete it again {cloud hit √}.

carry out.

"Thank you, I have something to do, goodbye." Qin Yu returned the phone to the two of them, and Qin Yu ran away without looking back.

The little sister holding the mobile phone looked at his away back with idiots all over her face, and the ignorance of beauty and impulse like first love rose again in her heart.

I believe that after they discover the truth, their inner beauty will be instantly broken.

On the bridge, a young woman with mixed feelings in her heart, anxious, angry and frightened, is leading her child to find a benefactor.

The child's clothes had been changed, his mouth was sobbing and his eyes were red with tears.

His hydrated PP was caressed by his mother just now, and he is still in pain!

If it weren't for the sudden thought of the savior, Tongtong's mother could fight for a few more rounds.

This bear kid can't be a weapon if he doesn't fight, and he must be taught a lesson this time.

But Tongtong's mother also cried secretly in her heart, and blamed herself for not staring at him all the time.

If there was no that young man today, she would not dare to imagine the consequences.

"Little brother went over there."

"Thank you."

Following the direction of the finger, the girl who was deprived of the fun of 'licking the screen' smiled in a flashy smile.

...

Not far from Qiaotou, Aixia store.

Qin Yu is holding a new mobile phone and boarding the WeChat account to pay in the store.

The phone is at a reasonable price of 7,888 yuan.

Listening to the sales introduction in the store, the new mobile phone opened the 'clone' very quickly.

I walked out of the store with my mobile phone and ran into Tongtong's mother who I found.

"Sir, I finally found you."

Yalan took Tongtong, lowered her head and said to him: "Tongtong, thank you brother quickly."

"Thank you, Guo Guo, hoo hoo~" Tong Tong sniffed and said grievously.

Little PP is still in pain, and Tongtong is unhappy.

"Ok."

Qin Yu was not polite, and looked at Ke Lan with an indifferent expression: "It is better to be a parent, not every time you have good luck."

Ke Lan was said to be blushing, and while shy, a trace of irritation was unavoidable, but it disappeared in an instant.

The other party didn't know her situation, not to mention that she was really negligent.

Forget how courage a child of this age is.

"I was negligent, and I still don't know how to call you." Ke Lan wanted to thank the other person.

"Qin Yu." Qin Yu was a little surprised when the other party admitted his mistake so frankly.

Seeing her outstanding dress and conversation, her family must be pretty good!

Now there is a question, do you want to click the red dot that flashes wildly in front of you?

Seeing the new phone in his hand, "Mr. Qin, your phone was broken to save Tongtong, and I should pay for it!"

"no need."

"Then I'll buy you new clothes, you see it's still wet."

"Really don't... be optimistic about the child." After rubbing Tongtong's head, Qin Yu planned to leave.

"Mr. Qin, wait."

Ke Lan caught up and insisted: "Please make me thank you for your life-saving grace to Tongtong, if it weren't for you..."

The eyes were red, and tears were already rolling in the eyes.

"But I really don't need anything." Qin Yu was also a little embarrassed.

You said that you took your child and talked about why you are not thankful. It is the business to take the child home.

"Then I will invite you to dinner." Ke Lan said immediately.

"Okay!" Qin Yu and the other party added a WeChat account if she couldn't help her.

"How about tomorrow, I know a very authentic Tujia cuisine." Ke Lan looked at him with a bit of eagerness, as if he was afraid that he would run away as soon as he turned around.

Qin Yu thought for a while, and there is nothing particularly important tomorrow, and he nodded and agreed.

...

Seeing Qin Yu coming wet all over, the instructor hurriedly asked what had happened.

He led the team in this event, and he couldn't run away if anything happened.

"It's okay, I accidentally stepped on the empty space, I have to go back and change my clothes." Qin Yu didn't mention saving people.

"Go, don't get sick again!" The instructor looked at the camera in his hand and said, "Have you taken the picture?"

"Take some shots, it should be enough."

"Then don't come, go back and take a bath and rest."

Seeing him hesitate, the instructor went on to say: "In the afternoon, I will mainly supervise the guard, and it's fine."

"Okay, then I'll go first." Since the instructor said there was nothing wrong, Qin Yu didn't insist anymore.

He must have no interest in taking turns to stand guard this kind of thing.

Wetly drove the car back to Binjiang No.1, when Qin Yu opened the door and found Jiang Xiaoshan at home.

"Why come at this time, have you eaten?" Jiang Xiaoshan stepped forward to hug him.

"Don't, you're wet." Qin Yu stepped back and put the camera on the shoe cabinet.

Hearing his mention Jiang Xiaoshan only realized that he was all wet: "How did this happen?"

Going to the bathroom to get a towel, Qin Yu took off the wet clothes and handed them to her.

"A child fell into the water and went down to save someone."

Jiang Xiaoshan's expression tightened, "Is the child okay?"

"It's okay, but I was a little scared." Qin Yu grinned and cursed: "Bear boy."

"This should be the responsibility of being a parent, how can you not be optimistic about your children when you go out!"

Jiang Xiaoshan suddenly realized after speaking, "How old is the child?"

If you are a teenager, you are really a bear kid.

"Eight or nine years old?" Qin Yu was not sure, he really didn't care about it.

"Have you been beaten?"

"It looks like it's not too much."

Hearing what he said, Jiang Xiaoshan breathed a sigh of relief, and finally felt relieved.

"Hurry up and take a shower, the water is already running." Jiang Xiaoshan was going to wash her wet clothes.

"What's the hurry~www.mtnovel.com~ Qin Yu lazily picked her up and walked to the bathroom with a smirk: "Where do you want to go? "

Jiang Xiaoshan's cold white face showed a touch of shame: "The sky is still bright!"

Before the words were over, the man had been taken into the bathroom.

Next...

Hum ha ha, use the nunchakus, ha ha ha ha~

Listening to the music in his ear, Qin Yu lay on the sofa with his feet on the coffee table.

Jiang Xiaoshan, who is surrounded by Xiaoniaoyiren, has a plate of grapes beside her.

Peel and remove the seeds!

Then put the grapes into Qin Yu's mouth personally, Yu Ge is as cool as an old rich man in the old society!

This day...I really don't change it to a god.

Chapter 164: Macho

In his spare time, Qin Yu finally remembered to check the previous rewards.

'Ding. '

'Fuck your clothes after the incident, and hide your merits and fame deeply. The host's noble character is admired by everyone!'

'Trigger random reward: Silver Futures Predictive Card.'

'Silver Futures Prediction Card: After use, you can predict the trend of silver futures in the next fifteen days.'

When the doze comes, someone will pass the pillow, this wave of operation is very beautiful!

Qin Yu was not in a hurry to disclose the news, and found a time to mention Li Xiao so that he could prepare first.

How much money they can provide this time is also related to whether Qin Yu attaches importance to this cooperation in the future.

It doesn't need to be much, just don't be like this time.

Li Xiao and Xu Hao can only use their own funds.

Lingling~

The train of thought was interrupted, it was an unfamiliar number.

"Hey, is it Shao Qin? I'm Xiaohuo. Brother asked me to send the license plate~"

Li Xiao moved quickly, saying that today is today.

When he went downstairs to the gate of the community, Xiao Huo was already waiting by the roadside.

"Shao Qin, this is the license plate." Little torch handed him the photo held in plastic paper.

Take a look at it, Shen A: QY104.

It just happened to be the number Qin Yu wanted, "Help me say thank you to the little brother, you have a hard time running."

Xiao Huo even said, 'No.'

"Helping Little Brother and Qin Shao is my job."

The small fire can be clear, who depends on who eats.

Not to mention anything else, the projects that Li Xiao manages leave a few corners every year, which is enough for their family to eat.

That is my own God of Wealth!

Xiao Huo didn't have a long time with Li Xiao, but they also tasted the real sweetness.

The younger brother really takes good care of his own people.

No, last year I was assigned a project with good oil and water.

He was happy and rewarded him with the magical device for picking up girls, the BMW Z4.

With pocket money of one hundred and eighty thousand per month, the little days are free.

Since then, Xiao Huo has understood a truth.

As long as Li Xiao is comfortable, he will be comfortable.

When he feels comfortable, his own little life will have a good time.

"Okay, then I won't keep you, I will let my little brother be the host and have dinner together."

"Thank you, Shao Qin, I will definitely prepare a few bottles of good wine by then!"

He said a few beautiful words politely, and Xiao Huo drove away.

On the way back, Qin Yu dialed Li Xiao's number and thanked him personally.

Whether it's a relative, friend, ally or work partner, stay close and close.

Relationships require careful and friendly maintenance.

Otherwise, even a loved one will have a day when the sentiment is exhausted.

"In addition, there may be actions after a while, if you are interested, I will let you know."

"There must be interest, old rules?"

"Well, I will contact you if I have specific information."

"Okay...what's the matter with you and Wanxing?"

After a big turn, Qin Yu didn't know how to answer Li Xiao's question.

"Nothing, just a good friend."

"Really good, friend?" Li Xiao deliberately emphasized the pronunciation of the word 'good'.

"Well, especially 'good' friends." Qin Yu replied with the accent.

"Anyway, in the generation of Lao Li's family, there is such a baby princess, you can figure it out."

Hearing the busy tone on the phone, Qin Yu must say: This person does not speak martial arts!

Qin Yu caught the ball from Li Xiao and kicked it back.

Thinking about how to play next, Li Xiao ran off the field with a big shot, saying that he would not play anymore.

Good guy, Brother Yu calls the insider!

Back upstairs, Jiang Xiaoshan asked curiously what he was doing.

"The license plate of the new car was just delivered."

"Have you bought a new car?"

"Ok."

Jiang Xiaoshan took the license plate and opened it, thinking about it and saying, "Name plus birthday?"

"Yes." Qin Yu said with a smile: "What are the arrangements?"

On October 4th, his birthday is approaching.

"What arrangements can I have." Jiang Xiaoshan smiled calmly: "I'm afraid you won't be too busy that day."

Hearing what she said, Brother Yu was stupid.

This problem is really possible.

Lan Yue is definitely going to spend his life with him, the little anchor may already be preparing with Wang Hong.

Li Wanxing and Wen Yaxuan didn't know if they would come up with a moth.

Jiang Xiaoshan... It's easy to solve it on her side.

There is another problem that causes Qin Yu the most headache, Lu Qing.

If she wants to surprise herself too, if she comes to Hudu from the abandoned city.

Boom!

It exploded in place.

"You didn't expect it, did you?" Jiang Xiaoshan pursed her lips and smirked, it's not easy to watch him eat.

See her gloating over misfortune, waiting to see the lively smile of joy.

Qin Yu rushed forward viciously, bent over and carried her on his shoulders and walked to the kitchen.

How dare you look at your own jokes and decided.

Dinner will consist of 'Lengguang Milk Tower' and 'Oyster Sashimi.'

...

Lixin, 402 bed.

Shen Dong, who was playing in the group, breathed out fragrance and used the most sincere language to send blessings to the immediate family members of his teammates.

Yan Er played with dumbbells, the skin exposed outside the vest was soaked with sweat.

Under the reflection of the light, it emits a bright bronze color like gold.

Hou Kun was lying on the bed with a book, turning a page from time to time.

I don't know how he can still read the book in this environment.

When Qin Yu opened the door, what he saw was exactly the scene in front of him.

"Brother Yu, what good things did you bring?" Yan Er put the dumbbells underground and kicked them under the bed.

"Spicy crayfish, barbecue!"

Qin Yu put the bag on the table, "There are also two cases of beer downstairs for express delivery."

"I'm going to get it." Yan Eryu ran out.

"Stop fighting, a group of food dogs." Shen Dong threw the mouse aside and came to help.

"Even to kneel?" Hou Kun also got up.

"16 even kneeling, I have never seen such an evil one."

Speaking of sad things, Shen Dong's mentality instantly collapsed.

There are too many dogs to bring along!

Standing in front of the computer, Qin Yu, who was about to look at Shen Dong's record, was full of weird faces when he heard the conversation between the two.

The bookworm Hou Kun and Shen Dong talked and laughed about the game?

This kid... was stimulated? ?

The record data is opened, and the interface is red. If the stock market can make the leeks crazy.

After finding Shen Dong's character name, his eyes moved back...

Brother Yu's brain is buzzing.

0-12-5, the lord of the shadow stream, you show of the orphans!

Continue to look down, 1-8-0 Haifeng Jianhao.

Um~

The kindergarten Yasuo and Orphan Jie are a good match.

Teleport + ignited egg girl, this is the boss.

Look at the record, 0-7-2.

hiss.....

The ball girl who teleports + sprints, this mobility, this support.

Gaze right...

2-10-0 record.

Um~

This must be stream of consciousness support.

Turning off the record, Yu brother can't stand it anymore.

He can only say about this: the bronze king is terrifying.

Scared scared...

"Brother Yu, I took it." Yan Er walked in with a courier box under his arm in one hand.

Pack the whole box of cold beer in a courier box and affix the order number.

If he didn't know what's in it in advance, he would really think that the courier that Qin Yu bought had arrived.

"Eating barbecue without cold beer, there is no soul~www.mtlnovel.com~Collect cash] Follow vx public. Public number [[Book Friends Base Camp~www.mtlnovel.com](http://www.mtlnovel.com)~ can also get cash!

Open the box, take the chopsticks and pry open the bottle cap.

One bottle for one person, hold it and drink it!

Drinking crayfish, eating barbecue, and a cold beer.

Ah~

Cool.

"You guys, what's the gossip lately?" Qin Yu picked up a garlic oyster and poured it into his mouth.

"Ask him." Shen Dong and Hou Kun pointed to Yan Er together.

The **** smiled honestly, as if he couldn't understand what the two were talking about.

"Brother Yu, let me tell you, don't believe the honest look of this black cow."

Shen Dong took a sip of beer angrily.

"Yes." Hou Kun nodded in agreement.

"What are you talking about, what are you talking about?" Yan Er stopped pretending, what is a bellyache.

His muscles are filled with feelings and poetry, and a single dog knows a fart.

Under the heartbroken accusations of Shen Dong and Hou Kun, Qin Yu finally figured out what was going on.

"Brother Yu, you should really see how irritable his car is."

BMW 530, changed to M5.

The carbon fiber rear wing, front and rear lip, exhaust in all directions on both sides.

In short, the changes in appearance must be in place, Miss Sister, regardless of your practicality.

It's over if you are handsome or not.

"The most important thing is the color..."

Shen Dong racked his brains, blushing with suffocation, before he came to the sentence, 'MD is absolutely extinct.'

"It's really pompous." Hou Kun nodded in agreement.

"I really want to see what you said, do you have a photo?" Qin Yu's curiosity was enough.

"Yes." Shen Dong wiped his hands casually with paper, took out his phone and opened the album.

Damn~

Sakura powder with yellow embellishment, Sao, this is real Sao.

Look at the side view again, the big red calipers in the 20-inch wheels...

"You are this." Qin Yu gave Yan Er a thumbs up.

Yan Er was embarrassed when he was said, scratching his head and said: "This is the appearance of King Kong, the girl's heart. Miss sister likes this."

The three of them turned their heads and threw up wildly. They had never seen such a shame.

"A macho, it must be a macho." Qin Yu continued to boast after vomiting, and must blow him up.

Without mentioning anything else, Yan Er's courage to drive on the road is absolutely incredible!

Seeing such a cute modified M5 on the road, the little brother came down on a whistle and lowered the car window to whistle.

Tilting his head and looking inward with a wicked smile, what a **** macho...

Puff~

"Ha, ha ha~" The image that emerged in my mind was almost laughable.

Yan Er was particularly calm: "My girlfriend is from the Conservatory."

"Hiccup~" Shen Dong and Hou Kun couldn't laugh anymore, blushing like a chicken whose neck was pinched suddenly.

Yan Er has a girlfriend? Or the conservatory?

Qin Yu asked curiously: "How did you catch up~www.mtlnovel.com~ okay!"

When he found that he wanted to speak, Shen Dong already wanted to stop it.

Unfortunately, it was still a step too late.

Faced with Yan Er's proud gaze, Shen Dong and Hou Kun were desperate.

They have guessed what will happen next.

"Actually, I didn't do anything. I just parked the car at the school gate to do something."

"She was taking pictures of the car when she came back, and that's how she met."

Yan Er took out his mobile phone, opened the WeChat Moments, and showed him pictures of his girlfriend.

The expression on his face was very simple and honest, and he didn't mean to show off at all.

The angle of holding the phone is just enough to allow Shen Dong and Hou Kun to see the pictures sliding on the screen.

Chapter 165: Contributions from single dogs

This scene is not very harmful and extremely insulting.

Shen Dong and Hou Kun, who suffered from the critical strike, ate the barbecue with their heads down.

The steaming crayfish in front of you, smelling of aroma, this won't be fragrant anymore!

What's wrong with single dogs, single dogs deserve no human rights?

Single dogs just...wow crying.

"Ahem." Seeing the uncomfortable expressions of the two having eaten flies, Yan Erjue was almost on fire.

"I told Yanyan, this weekend we will have a friendship, our dormitory and their dormitory."

"The boss is big!" Shen Dong blushed and stood up with a thick neck.

"Second elder brother is righteous, second elder brother eats meat." Seeing Hou Kun's fawning face, he peeled shrimp and sandwiched meat to Yan Er.

Qin Yu patted his forehead, yes, this child has been taken astray.

"Brother Yu, together this weekend?" Yan Er didn't know if he had time.

"I will definitely go if I have time." Qin Yu didn't directly refuse. The conservatory is not important, and the main thing is to participate in the collective.

He has to make arrangements for time, and may not be free on weekends.

"Brother Yu, are you asking for leave again this time?" Shen Dong heard his implication.

"Well, I have to go back!"

This time I went back and said it was to go through the company formalities, but it was actually to appease Lu Qing.

The day after tomorrow is his birthday, and it is better for him to have surprises or something.

"All right, if you can come back, Yanyan's roommate is very curious about you."

Why is it curious? It must be because of what Yan Er said.

Besides, Shen Dong and Hou Kun, knowing that the girls are all curious about Brother Yu, they didn't realize there was anything.

4V4...No, it's 3V3.

Although Brother Yu is attractive, it's not good to eat alone, right?

...

The next day, the abandoned city airport.

Qin Yu, who had just got off the plane, stopped the car and went straight to Xitong University.

'Where are you?' Qin Yu.

'I'm going to eat in the cafeteria.' Lu Qing.

A photo of a path full of trees along both sides was attached to the back.

'There is a surprise at the north gate of the school. {Tragic laugh}' Qin Yu.

'What a surprise, I'll be there soon.' Lu Qing.

Seeing her recovery, Qin Yu, who was holding flowers, looked towards the door.

Two minutes later, Lu Qing ran out of the gate.

At a glance, he saw Qin Yu holding a large bouquet of roses in both hands, and surprises appeared on his face.

Throwing into his arms, Lu Qing raised his head and asked gently, "Why are you back?"

"I celebrate my birthday with my girlfriend, isn't it?" Qin Yuyi's righteous answer made Lu Qing very happy.

"The flowers are so fragrant!" Taking the flowers and sniffing them, the happiness on Lu Qing's face was even stronger.

"Qingqing." The roommate who rushed over was standing at the door, looking at Qin Yu curiously.

"This handsome guy is the boyfriend Lu Qing mentioned before, right? '

'So handsome!'

The two heard Lu Qing mention him, but this was the first time they met.

"They are my roommates, Jiang Jiahui, Fang Mei."

Lu Qing said with her arms wrapped around him, holding flowers in her hand.

It's not so much an introduction, it's better to say it's a bit of ostentation.

With a boyfriend like Yu Ge, it is understandable to want to show off loudly to the world.

A woman's vanity has nothing to do with her age or character.

Even with a personality like Shen Bing, he occasionally does some super difficult moves in front of students.

Whenever it caused an exclamation, there was always a smile flashing in the end of the peach petal-like eyes.

"Hello, my name is Qin Yu, Qingqing's boyfriend."

"I've heard Qingqing say you countless times a long time ago." Jiang Jiahui responded with a smile.

"is it?"

Glancing at Lu Qing with a gentle gaze, Qin Yu continued: "I and Qingqing are going to eat, why not be together?"

Jiang Jiahui and Fang Mei looked at each other, but still shook their heads if they wanted to go.

"We are not going to make light bulbs." Qin Yu went to school in Hudu, they knew this.

If this is agreed, it looks like nothing on the surface, but Lu Qing will definitely be upset.

The two-person world that has been waiting for so long is disturbed, and I must hate each other to become myself.

What's more, Lu Qing didn't mean to keep him from beginning to end.

Looking at the background of the two going away, tears were secreted in the mouth at an accelerated rate.

Sure enough, boyfriend is still the fragrance of other people's homes!

...

Across the street from the north gate of the school, there is an Italian style restaurant.

In my ears are the soothing Italian folk tunes, and in front of me is the delicate food.

The weight is probably enough for Qin Yu to stuff his teeth.

What you eat is actually not important, what is important is the warmth brought by the romantic atmosphere.

"Why are there French dishes in the current Italian restaurant?"

Lu Qing picked out the meat while pinching the snail shell with his index finger and thumb, and sent it into Qin Yu's mouth.

The taste of snail beef is not bad, a little bit Q-bomb.

But it's not particularly delicious. It's a bit exaggerated to be the top of the four foods.

It can only be said that the foreigner's recipe is still too single.

Like the recipes of Xia Guo cuisine, there are hundreds of main lines and branches.

Those who swim in the water, those who run on the ground, and those who fly in the sky haven't eaten anything, so they don't like French snails that much.

"Italy has very few dishes, and their daily diet is very monotonous."

As Lu Qing said, he put another piece of snail beef into his mouth, with happy smiles in his eyes.

Just watching him eat like this, Lu Qing felt very satisfied.

Qin Yu agreed with her saying that the Italian recipes were monotonous.

When I ordered the food just now, all the fancy names were followed by the word 'spaghetti'.

Qin Yu thought that he was not in a western restaurant.

Instead, they came to eat noodles at a noodle shop, but they ate noodles made in Italy.

Adding a few shrimps is called 'refreshing prawn spaghetti,' replacing it with seafood is 'seafood spaghetti.'

Pour in the sauce and it becomes 'pastry seafood pasta,' come with tomato sauce, 'classic tomato pasta.'

With beef sauce, spaghetti with tomato meat sauce...

He can't control what others think, anyway, Qin Yu won't come to any Italian restaurant.

Made mentally retarded!

what? Is that why he didn't go to the top Italian restaurant?

Perhaps!

But in Qin Yu's view, the so-called top restaurants are just playing tricks in their shapes.

The ingredients used are the most precious and rare.

Replace with home-made sauces, and pair them with one or two of the "unrecognizable" local dishes that have been improved from the hometown.

Named the country.

In fact, from the ingredients to the dishes, to the final table, they are all similar.

Why do western restaurants always focus on changes in various desserts in recent years?

It's not that the dishes should be unchangeable, and the chef's conscience will be overwhelmed if it continues to be changed.

Therefore, we can only look for new gimmicks elsewhere.

Like Mobat Rogo, who had a small fire two years ago, there was nothing to improve on the dishes, so he grabbed the special pots and blew a wave.

The method is like this, layer by layer the favorite dishes, and fill in the condiments in the middle.

Add a little water and cover with a high cap.

Stew, stew all in a mess...

Boiling.

Well, it smells so good!

The dishes cooked in this kind of pot, even the Michelin three-star chef eats it.

There is nothing special in the method. Choose the dishes, make the order, and the stew is over.

#送888移动红包#Follow vx. public account [Book Friends Base Camp], watch popular masterpieces, draw 888 cash red envelopes!

Control the duration according to taste and ingredients.

The key is to use this pot, which is particularly important.

It is different from other pots, it can lock the moisture and fully achieve the purpose of simmering vegetables and stewing fragrant...

At that time, watching a bowl of 'stewed stew,' eating with a happy face.

Chef Mobat Rogo put his hands around his chest, his face full of pride and confidence.

Really, Brother Yu was stupid at the time!

This is simply putting his IQ on the ground and rubbing wildly. After the work, he asked you very enthusiastically if you were comfortable? ? ?

"Ah~ Open your mouth!" Qin Yu opened his mouth instinctively, but something was wrong with what he ate.

Seeing the petals in his mouth, his eyes were blank.

Lu Qing quickly pressed the shutter button, click~

"Haha, I want to post it to the circle of friends."

"How dare you feed me petals...Stop and watch me feed you grass."

"No, I don't want to eat grass, haha..."

Chasing all the way to the bar, Lu Qing was caught.

"Don't make trouble, I haven't bought the order yet!"

Seeing Qin Yu still eating grass for himself, Lu Qing pushed him away with blushing cheeks.

"Don't eat, then tonight {jiligulu}." Qin Yu whispered in his ear.

Lu Qing glanced at the girl in the bar with shame and worry, and raised his hand to hit him.

'Bad guy, want to do strange things by himself.'

The wrist was grasped by the big hand, and the body was pulled into the arms following the inertia, "If you don't speak, it will be your default."

"Sir, you spent a total of 2,098 yuan." The cashier said in a strange tone.

Even if you sprinkle dog food, you can also sprinkle tons of it out at once.

I have never seen such a person who does not speak martial arts.

'Ding.'

'Congratulations to the host for experiencing a sweet meal.'

'This behavior caused X1000 mental damage to singles in the area, the number of targets: 6.'

'Trigger random rewards, sweet crit.'

'Sweet Crit: This consumption will give you a crit rebate of the number of targets X damage multiples.'

The cashier's envy, jealousy and innocent expression turned all the negative emotions that Qin Yu had previously dissatisfied with the dishes into a relaxed sense of pleasure.

'Your consumption has been 6,000 times crit, and the source of funds is the Flamingo Fund, which has been transferred to...'

Refreshingly scan the code to pay, and leave the restaurant with the pleasant reminder in my mind.

...

The evening's online theme has been arranged, but some warm-up activities have to be added.

Going straight to the subject is the most beautiful behavior, and it will only make girls resist the fun activity of playing games.

Even disgusted!

So, fun is indispensable at any time.

Driving to the city center, Qin Yu took Lu Qing's hand and strolled on the street

~www.mtlnovel.com~Balloons, I want it. "Lu Qing said, pointing to the girl selling balloons in front.

"Wait." Qin Yu walked forward quickly.

Not knowing what was said between the two, the girl was particularly surprised to point her phone at him.

Then Qin Yu returned with a handful of balloons.

"Why did you buy them all back?" Lu Qing naturally saw the girl's elation.

The balloons that were originally planned to be sold out in a few days were rounded up at once. How could you be upset?

"I don't know which one you like, so I bought them all."

Pulling the balloon in front of her, Qin Yu smiled and said, "Now, they are all yours."

Doing multiple choice questions is the most embarrassing.

As his woman, how could there be embarrassment?

Chapter 166: Xitong Dawu Association, Wang Ke!

Lu Qing slept very lightly, so it was almost when Qin Yu got up.

She was passively awakened!

"Don't sleep anymore?" Seeing her rubbing her eyes and laughing, Qin Yu leaned in front of her and wanted to kiss her.

"Go away, I haven't brushed my teeth yet!" Lu Qing lowered his head and dodged, crossing his hands in front of his forehead.

"It doesn't matter, I don't mind." Qin Yu deliberately wanted to tease her.

"I mind, go away, haha, don't make trouble~"

Lu Qing escaped his demon and ran into the bathroom quickly.

Wow~

When she came out again, she had already put on makeup on her face.

The delicate fragrance of perfume pounced on her face, and Lu Qing took the initiative to send a scented kiss, "Are you satisfied now?"

"Not very satisfied, unless there is another one." Qin Yu reached out and clicked on his lips.

Seeing his rogue face, Lu Qing stretched out his hand and patted his chest, raised his head and closed his eyes.

...

Five minutes later, a rapid inhalation sounded, sounding like a drowning person resurfaced.

Leaning weakly in his arms, Lu Qing seemed to be drained.

"Dad wants to invite you to lunch, thank you in person." Lu Guohui did not forget about the New Zealand currency.

Had it not been for Qin Yu, this crisis would cost him at least ten to twenty million.

Although it won't hurt the bones, but it was also uncomfortable enough for him.

【Book Friends Welfare~www.mtlnovel.com~ you can get cash or points, and iPhone12 and Switch are waiting for you! Follow the vx public account [Book Friends Base Camp] to get it!

"Should I invite Uncle to stay at the last hotel?"

The food, environment, and service of that store are all good, so there is no need to change another store deliberately.

"Okay, can Uncle Qin and Auntie Qin come?"

"Let me ask."

I called Liang Chuyu, she seemed to be busy, and the voices around her were very noisy.

"You can go with Qingqing, your dad and I won't go, he must not be free."

Liang Chuyu didn't say anything about his son's running back and forth.

Lu Qing is the daughter-in-law she identified, and Qin Yu has always been independent and independent since she was a child.

Now that he is so old, he has a girlfriend and career.

His plan for the future must have a direction, as long as he can get his diploma.

The rest will be arranged by him.

What Liang Chuyu and Qin Han can do is to make him understand.

No matter when it is beautiful or down, there is a home here that opens the door to him.

This bed at home will always be reserved for him.

"Go, take you to school." drove Lu Qing to the school, Qin Yu followed and locked the door.

"You won't go back?" Lu Qing asked in surprise as if he was going to be with him.

"I came back to accompany you, so I can mix with you for two classes with Professor Xitong University."

Hearing Qin Yu's words, Lu Qing was about to bubbling happily.

Trotting around from the front of the car, he took his arm without shy.

Lu Qing's major is business administration, which is also linked to financial economy.

Xitong University's business administration discipline ranks first in the country, and there is no doubt about its strength.

However, the overall teaching quality and environment are still somewhat different from those of universities in Shangdu and Hudu.

Most employers now look at the rankings of the colleges they graduated from. Whether you are a prestigious school or not is the most important point, rather than caring about your college ranking.

However, these have nothing to do with Lu Qing.

She is not going to work, she will enter the family business directly after graduation.

What major and what school did you go to?

These will not affect her future company and family property that will inherit Lao Lu.

If she still needs to worry about this, what has Lao Lu been tossing about all these years?

"Qin Yu, let's sit back." When they walked into the classroom together, the two immediately attracted everyone's attention.

Lu Qing is also a goddess in school, and the management department doesn't know how many animals tried to strike up a conversation.

Most of them fell before her Porsche 911.

The others who thought they were in good condition, only got a smile and the sentence "I already have a boyfriend, childhood sweetheart."

It doesn't matter if you have a boyfriend. What you're afraid of is the four words 'childhood sweetheart'.

Why do you think you can be worth the other person's 20 years of feelings and memories in a few words?

There are naturally some who do not believe in evil.

As long as the skill is good, you don't believe in a goddess who can't lick it.

To deal with this kind of person, Lu Qing basically ignores it directly, if the other party is still unwilling to give up.

Give him a slap in the face.

"Don't do this again next time, I'm afraid I might hurt your hand."

Qin Yu looked at her with a smile, "Leave me with this kind of rough work."

"Dude, can you do it?" An unfamiliar voice came from behind his ears.

Lu Qing looked back and said with an unhappy expression: "Wang Ke, what does it matter to you when we talk?"

"It's just that it's not my business to speak. It's very uncomfortable to hear someone speak out."

Wearing short sleeves and exposing arms about the thickness of an ordinary person's thighs, Wang Ke stretched out his hand to Qin Yu who turned his head and said, "Xitong Dawuxie, Bajiquan, Wang Ke."

The Xitong University Student Wushu Association has a long history and has been established for more than a hundred years.

Initially, there were only four divisions: traditional style of play, Sanda, Taekwondo and Nunchaku.

After reorganization in recent years, Xia Guo's characteristics have been integrated into twelve different training departments.

Bajiquan is one of them.

Lu Qing looked at Qin Yu with some worry, for fear that he would make an irrational decision on impulse.

Although the current martial arts are all fancy, mainly performances.

But with Wang Ke's physical fitness and skills, the usual five or six people are really not his opponents.

Unexpectedly, Qin Yu just glanced at each other faintly, "Qin Yu, Lu Qing's boyfriend."

puff!

The sharp blade pierced his heart, and Wang Ke's expression immediately sank.

"Hey, hey..." Lu Qing covered her mouth with her hand, and her shoulders shrugged.

If it weren't in the classroom, she would have to roll around laughing.

puff.

Lu Qing made a second stunt, which made Wang Ke's expression even more embarrassing.

"Friends, you can only speak quickly, but not a man." Wang Ke endured the impulse in his heart, leaning over and saying in his ear.

Qin Yu suddenly flashed to the side, pulling away from him.

"Just talk, don't stay so close...I'm allergic to muscles, and I like women."

Lu Qing couldn't stop laughing, looking at Qin Yu, "Why are you so bad? I really like it. '

Looking at the tenderness in her eyes, Wang Ke was about to explode with anger.

"Coward." Wang Ke sneered coldly.

"Rugged man." Qin Yu responded with a smile.

"you....."

"You are already an adult, so learn to mature."

"I..." Wang Ke's eyes widened, his fists clenched and glared forward.

"The classmates behind, yes, it's you..." The professor on the podium pointed to Wang Ke, "Please stand up."

Wang Ke, who was still in anger, stood up abruptly, raised his two bull's eyes and looked straight at the podium, his fist clenched and turned pale in estrus.

"Excuse me, what do you think of my class? Use this... painful expression to express your anger."

Seeing his clenched fist, the professor's face stiffened: "I even clenched my fist. It seems that he is really angry, and he wants to hit someone if he is angry."

"...???" The professor's words made him calm down, blinked, and looked down.

Damn it!

Seeing the blue veins exploding on his forearm and his fist clenched to the white, Wang Ke's face instantly turned pale.

This is a big misunderstanding.

"Professor..." Wang Ke hurriedly wanted to explain.

"and many more."

The professor raised his hand to stop him from speaking, "Wait outside and we will go to the office to talk after class."

"But, teach me..."

"I'll speak out." The old professor couldn't control his violent temper.

Wang Ke's eyes widened again, and then he suddenly lowered his head and walked out of the classroom weakly.

He is a bit reckless, but not stupid!

The old professor is a treasure of Xitong University, so he can only ask for trouble.

"Qin Yu." Whispering the name, Wang Ke couldn't wait to smash his head with a punch.

Squeak~

The classroom door was pushed open again, and Wang Ke's eyes were full of doubts when he saw Qin Yu walking out.

However, since he brought it to the door himself, he didn't need to be polite.

"Aren't you very good at talking just now?" Seeing the other party looking back and forth, clearly showing his composure, Wang Ke squeezed his fist and walked forward grimly.

"It seems that there is no camera." Qin Yu, who was pretending to be calm, looked forward and looked at his expression with a bit of teasing sneer.

"What?" Wang Ke stunned, not understanding what the other party meant.

"Ah~ boom."

The sharp pain from the knee of his right leg caused Wang Ke to kneel to the ground uncontrollably.

The neck was suddenly locked by an arm, and a sharply sharpened pencil pressed against his right eye.

Wang Ke's eyeballs can even perceive the sharpness of the pen lead, so he can pierce his pupils and penetrate his brain effortlessly...

"In this way, do you still feel that you are omnipotent?" Cruel irony came into your ears, causing Wang Ke's body to tremble uncontrollably.

...

Lingling~

After trotting out of the classroom, Lu Qing saw Qin Yu who was facing him with his back leaning on the wall and smiling.

Tilting his head to look at Wang Ke, he found that he was standing honestly next to the classroom door.

The head is drooping, the shoulders are slumped forward...

It looked like a prisoner waiting to be rushed to the execution ground, and his whole body exuded a breath of despair.

"He didn't do anything to you, right?" Standing by his side, Lu Qing looked at Wang Ke with a strange and puzzled expression.

"Do you think I have something to do?" Qin Yu took a few steps forward~www.mtlnovel.com~ and raised his hands to let her see clearly.

Lu Qing really seriously circled him around him and nodded after confirming that he was okay.

"Fortunately...Let's go!" Lu Qing didn't want to see him face the impudent man.

"Don't worry." Qin Yu took her, looked at Wang Ke and said, "I think Wang Ke has something to tell you."

The strong body shivered, Wang Ke slowly raised his head.

Squeezing a twisted smile that is more ugly than crying, "Student Lu Qing, I was wrong for the harassment of you before, and I promise I will never bother you again, sorry."

Huh.

With five fingers close together on both sides of the thigh, the upper body suddenly bowed down at 60 degrees.

Because the movement was too violent, the wind it brought up had already blown onto Lu Qing's face.

Hell looking at Wang Ke, who had a 360-degree turn, and then at his boyfriend with a gentle smile, Lu Qing's brain went down.

Chapter 167: South Lake Manor

"What happened before you?" On the way to the parking lot, Lu Qing kept asking her what happened before she came out.

I was really curious.

"Don't ask, anyway, if there is such a thing in the future, let me solve it!"

Qin Yu's lotus majia technique is called 'the strongest killing technique,' which is not for nothing.

Qin Yu might not be Wang Ke's opponent if it were pure power competition before.

But when it comes to understanding the human body's weaknesses, weaknesses and dead spots, he and Qin Yu are tens of stories behind.

This is not just a question of strength and skill, but a different starting point.

The starting point of Lotus Maga is to kill the enemy at the least cost.

All deadly parts can be used as targets.

The yin legs can be used as long as they can be used, absolutely without hesitation.

What rules, face, martial ethics, lotus majia technique does not emphasize these at all.

The Bajiquan that Wang Ke learned was castrated and deleted and used only for performances.

The basic power and skill knowledge are still there, and all dangerous killer moves are erased.

One is for murder and the other is for performance.

[Reading books to receive cash] Follow vx public. Public account [Book Friends Base Camp], reading books can also receive cash!

Fundamentally, there is a qualitative difference, not to mention the psychological contest between the two.

Any ordinary person, no matter strong or weak.

A madman who wields a knife and hacks on the street will instinctively be afraid, not to mention that Wang Ke was just put a pencil to his eyeball by Qin Yu.

Just press down half an inch more, and his eyes may be blind.

Not afraid? Who says not to be afraid?

Let him try and say whether he is afraid.

Anyway, this Wang Ke, who will be told in the office, has already made up his mind.

In the future, I will definitely stay far away from Lu Qing and that lunatic...Can't you not provoke me to hide?

...

"Don't tell me?" When the car stopped, the two had already arrived at the restaurant, and Lu Qing was still a little unwilling.

"Woman, say one more word, all night tonight!" Qin Yu sneered horizontally.

"Oh~" Lu Qing was behaved in an instant.

overnight?

She couldn't stand it for 40 minutes. Wouldn't it be necessary to be made to death all night.

The next day I'm afraid I won't even be able to pant, and I just ascend to heaven!

Online games are very tiring.

'But he looks so manly angry! Lu Qing cupped his cheeks with both hands, his thoughts fell into a cloud of mud.

"Qingqing." Lu Guohui arrived with his Q7.

"Dad." Lu Qing asked curiously when he found him alone in the car, "Where's mom?"

"Your mother made an appointment to play cards, so she won't come." After Lu Guohui got out of the car, he turned his eyes to Qin Yu.

"Xiaoyu, uncle really wants to thank you this time."

Holding his shoulders towards the restaurant, Lu Guohui said boldly, "Say, what do you want?"

"Uncle Lu, my own person." Qin Yu replied, dumbfounded.

Lu Guohui's expression was stunned, then he turned his head and glanced at his daughter Lu Qing.

"Yes, what you said is right, I am the one who wants to be wrong." Lu Guohui smiled happily.

"I really don't understand the taste of you young people."

"Dad, you are not old yet!" Lu Qing grabbed his arm and shook it.

"Yes, I am not old, and I can give you a few years of hard work." Lu Guohui looked at his daughter with emotion.

A few years before she was born, Lu Guohui's career had just started, and the family's conditions were not very good.

I have to take care of the company, busy with entertainment, and I have to take care of my family, young and old.

At that time, it was really like years, and sometimes I wanted to ask myself, why have to have children?

But in the blink of an eye, the daughter has grown up and found her boyfriend.

...

When the dishes were on the table, Lu Guohui insisted on having a drink with Qin Yu, to express his gratitude!

"This is the Flying Moutai, which I have hidden for many years, uncle. It is specially sealed with mud."

Lu Guohui knocked off the mud on the bottle cap with a small hammer, and then washed away the dirt with water.

"Then I was exposed today, I have to taste it!" Qin Yu said, handing over the car keys to Lu Qing, and let her drive.

"Xiaoyu, even though my uncle has already said it, I still have to say it again. If you have anything you want, just mention it!" Lu Guohui held the wine glass and looked at him sincerely.

"Uh....."

Qin Yu thought for a while and said, "Uncle Lu, I really don't need anything, but I want to show my parents a house this time."

"On the Nanhu area, the price is not a problem, mainly because the house has to satisfy them."

Lu Guohui is a real estate agent, and he lives in the villa area in Nanhu.

I definitely know more about Nanhu's community, public security, environment and services than Qin Yu.

Lu Guohui certainly hopes that Qin Han and Liang Chuyu can move to Nanhu, and they happen to be company.

It's okay to find Qin and Han to kill two rounds of chess, fishing or something, isn't it beautiful!

However, what he said 'price is not a problem,' is it a bit too exaggerated.

"To say that the most attention is currently being paid to the impression of Nanhu, a well-known designer, a big brand, and the praise of the top ten luxury homes in China, which is a bit biased."

Nanhu Impression is located on the South Third Ring Road, although it is also the third ring road.

However, Nanhu originally had imperfect living facilities, mainly creating a high-end ecological environment and privacy.

Going to the third ring road, it will be inconvenient to visit the mall in the future.

"I have looked at this project, it is indeed a little far away." Qin Yu agreed with him, and it was a little far away.

Seeing his serious expression, Lu Guohui said jokingly: "If you don't really talk about the price, then Nanhu Manor is the most suitable."

Occupying an excellent landscape by the South Lake, the project covers a total area of more than 30 acres.

But only nine super-spec luxury manors have been built.

The smallest is more than 2 acres, and the largest building king occupies more than 4 acres.

"The materials and designs inside are all top-notch. The facilities in the house are everything you can think of, and they are equipped with independent water filtration equipment and backup generators."

"What about the price?" Qin Yu felt a little bit interesting.

"Do you really want to buy?"

Lu Guohui only thought he was curious: "The smallest set of 180 million has now been sold 5 sets, and the rest are large areas."

"Uncle Lu, how much is the biggest set?" Qin Yu became more interested when he heard the price was hundreds of millions.

Who doesn't have the dream of an Ivanhoé mansion yet, if it works this time, Qin Yu intends to realize it directly.

"320 million, there will definitely be a discount, but it's not much worse." Lu Guohui was right.

For people who can afford a 300 million mansion, is it a matter of three to five million cheaper?

"What do you think?" After listening to him, Qin Yu approached Lu Qing and asked her opinion.

"How about what?" Lu Qing didn't understand, mainly because he didn't dare to think.

Does Qin Yu really want to buy a mansion worth several hundred million yuan, and is still seeking his own opinions?

"In this way, let's go and take a look after dinner." Qin Yu said to himself, and looked up at Lu Guohui again: "Uncle Lu, will I be able to see this house later?"

"You can see it, you can see it at any time." Lu Guohui said as he reacted, it seemed something was wrong.

Look at Qin Yu's serious expression again, "Xiaoyu, don't you really want to buy it?"

"I have an idea, but I have to read it later." Qin Yu replied.

It's easy to see the house, first go to see the actual effect, and then let your parents come and see if you think it's good.

Finally, let's talk about whether to buy or not!

At that time, your own money should also be credited, and it will be fine to buy it.

"This..." Lu Guohui would be dumbfounded compared to Qin Yu's consideration.

what's the situation?

He knew the situation of the old Qin family.

Both Qin Han and Liang Chuyu have good jobs, and can earn 20,000 to 30,000 a month.

There is also Liang Chuyu's private work in some companies, and it can be counted as 50,000 or 60,000.

Coupled with the year-end awards of the two, it looks like a maximum of 700,000 to 800,000 in a year, it is impossible to have more.

This is still in recent years, and the wages in previous years have not been so high.

Liang Chuyu was not well-known, and was invited by the company to do private work to earn extra income.

This information flashes through my mind, and it doesn't need to be calculated.

Just know that the distance from the unit of '100 million' is not a hundred million points...

"You really want to buy it?" Although Lu Qing was also frightened, but fortunately, when he saw Qin Yu's watch king before, he was at least a little bit prepared.

"Well, buy it if it's suitable. After all, I want to live in it."

Seeing her strange expression, Qin Yu smirked and said, "Besides, in the future, the old Qin's house will be opened up, how can it be done without a big house?"

Lu Qing gave him a shameful look, only as if he was hinting at himself.

After looking back, think again, with Qin Yu's ability, it is really possible that the old Qin family will become famous in the future.

Lu Qing couldn't help feeling a little nervous when she thought of this, and she was alone.

Can you take on the important task of opening up the branches and leaves for the old Qin family and letting its children and grandchildren be full?

...

When I arrived at Nanhu Manor in a stable and mature Q7, Lu Qing was driving the car.

Lu Guohui asked the driver to drive her Porsche 911 back.

There is more than one driver in the company, but Lu Guohui prefers to drive by himself when he is in private time.

"How about 666 Nanhu Road?" Lu Guohui said after getting off the car, pointing to the number plate next to the gate.

"It's auspicious." In any case, the boss who develops here must have a deep background.

Otherwise, it is impossible to win this piece of feng shui treasure.

The main entrance is a red lacquered double-leaf antique door. Standing at the door, there is a sense of seeing you want to walk into the mansion.

"Mr. Lu." The sales manager arrived.

Lu Guohui was too eager to say, he was already here at the fastest speed.

"Manager Liu, don't worry about UU reading www.uukanshu.com, take a breath first." Lu Guohui smiled kindly, "Today I mainly brought the children at home to see."

Lu Guohui did not mention the identities of the two, nor said that Qin Yu intended to buy it.

The purpose of coming today is to look at the house, that is, really want to buy, not to talk to him, he can't be the master either.

The house in Nanhu Manor really sells, and the boss will sell it himself.

For a mansion of hundreds of millions, you should be buying cabbage.

The strength of the preferential discount and the follow-up service guarantee must be counted only when the boss personally approves.

"Okay, let's please inside." Manager Liu invited a few people to advance, and then followed them into the hospital.

The model room was left behind, and it is said that the decoration and layout inside it reached hundreds of millions.

If something is lost, the company loses a lot.

However, it is necessary to take people to see the house with professionals, and Manager Liu is here for this.

Chapter 168: tough battle

The process of viewing the house went smoothly. Manager Liu took the three of them around from top to bottom.

This villa...No, it should be said that it is a courtyard manor on the ground and three floors underground.

Pool, courtyard, private landscape area, cinema, music room, sauna room, recreation room, children's playroom...

I really have everything I can think of, especially the courtyard outside the large bay window.

is very able to satisfy Xia Guoren's inner perseverance of 'a house and a hospital'.

"All the materials used in the room are top-notch, like the wood used in the corridor at the entrance, all imported from abroad, old trees over a hundred years old..."

Upon hearing Manager Liu's exaggerated introduction, Qin Yu casually said: "Why not use domestic ones."

Manager Liu gave a speech and explained: "Our domestic regulations and requirements on this aspect must be high."

Seeing that he didn't mean to delve into it, Manager Liu changed the subject and continued to explain.

"I can't cut it, I dare not cut it." Lu Guohui, who was walking with him, explained his question.

It's not that there are no old trees in China, nor is it that they don't want to use it.

Mainly in recent years, the management of logging has been strengthened, and the requirements are particularly high.

The price that can meet the standard is high, the procedures are many, and it is particularly cumbersome to handle.

Those that are easily available, but do not meet the requirements.

Count and calculate, the final price is actually more expensive than importing from abroad...

"I think this is a kind of progress. It's not that Old Sam can rob global resources and treat his own resources as emergency reserves." Lu Qing said.

"A good thing is a good thing, that is, the change is too sudden, and it is difficult to adapt to it for a while." Lu Guohui was stunned, but did not refute his daughter's opinion.

Looking at this from Lu Qing's perspective is indeed a good thing that can benefit future generations.

After all, the logging problem should be rectified.

It took an afternoon to watch the entire manor, and it was already 6 pm when I left.

"Manager Liu, would you like to have a meal together?" Lu Guohui said politely.

"No, Mr. Lu, I have to rush back to the company for a meeting. I will invite you next time."

Manager Liu tactfully refused, and both parties left with joy.

"Dad, the key." In the parking lot, Lu Qing returned the car key to Lu Guohui.

The driver has already driven her car back. She and Qin Yu can just drive 911.

"What arrangements do you have for the two nights?" Lu Guohui asked habitually.

I knew that I shouldn't ask as soon as I finished speaking, and now I'm not alone with my daughter.

Young people, there must be many arrangements for staying together at night.

Who hasn't come here from a young age.

"Ah, Xiaoyu, come here." Lu Guohui called Qin Yu to the other side of the car.

The two murmured something. After he came back, Lu Guohui drove away.

"What did my dad tell you?" Lu Qing asked curiously as he looked at Q7 going away.

Shucang net shucang.cc 忒忒. "It's the topic my parents talked about that day... Between men and women, safety is the most important thing."

.....

"Ah~" With a breath of heat, Lu Qing leaned back on the sofa relaxedly.

She held a glass of warmed banana milk in her hand, took a big sip, and her body warmed up.

"The temperature has dropped too fast."

Looking at the light rain floating outside the window, Lu Qing realized that it was already winter.

"do not move."

Qin Yu reached out to wipe off the milk stains on the corners of her mouth, and said amusedly:
"Why do you drink like a child?"

"Isn't it okay to be an innocent and romantic child in front of you?" Lu Qing blinked his eyes as if pointedly.

"Then you have to change your mouth tonight, call it." Qin Yu smirked.

"I hate it, I know you are thinking about nasty things." Lu Qing said ashamed.

"How can this be called nasty, the saint said: Food **** is also!"

"The food color in the saint refers to beautiful things, which is not what you mean."

"That's right! It's beautiful things, beautiful scenery, beautiful photos, beautiful women, beautiful legs..."

"You, Qin Yu, you did it on purpose."

got up and chased after him who was escaping, Lu Qing seemed to regain the innocence of his childhood.

squeak~

'The canyon map has been loaded, and the Paladins is online...'

'Today's limited time mode: Deathmatch. '

'Only when the only team falls can the winner be decided and the battle can be ended. '

'The enemy has arrived on the battlefield, and the death fight begins! '

.....

Maybe it's because Qin Yu will return to Hudu today.

Last night's death fight, Lu Qing was particularly wild.

not only shows a strong sense of combat, but also shows the development of specialties to the extreme.

In short, it is very nice!

"No need to see me off, I'll take a taxi to the airport."

Seeing Lu Qing bracing her body exhaustedly and trying to get up, Qin Yu supported her shoulders, let her lie back on the bed, and kissed her on the forehead.

"Well, then give me a message when you arrive." Lu Qing did not reluctantly this time.

The extraordinary performance last night almost squeezed her stamina and potential, and now she is falling apart.

In the next few days, she will have to make an appointment for a full-body SPA+ treatment to recover well.

Farewell to Lu Qing, after arriving at the airport to board the plane, Qin Yu decisively asked for a nap in the blindfold.

After going back, what awaited him was a few tough battles. He had to prepare in advance and regain enough energy.

fingers touched the long strip box in his pocket, thinking of the present Lu Qing had given him.

A smile appeared at the corner of Qin Yu's mouth, 'She's a drunkard, not drinking!'

The gift Lv Qing gave him was a pair of glasses with no prescription. The real intention was to "seal" the appearance of Brother Yu.

reminded him not to hook up outside.

But she seems to have forgotten that a handsome person will only add points no matter what she wears.

What's more, what she chose for Qin Yu was a pair of stylish flat mirrors.

Wearing glasses will only make him more elegant and calm and charming, which is unstoppable!

Qin Yu asked Lu Guohui to take care of the house, and he left it to him to take Qin Han and Liang Chuyu to the house.

Lv Qing would also accompany him, giving Qin Yu the real situation feedback.

He was afraid that after parents knew the price of the house, they would subconsciously deny the value of the house.

This worry is not because he has to worry about it, but it is bound to happen.

So, do you like it or not, are you satisfied?

asked Lu Qing, the 'daughter-in-law' to make a judgment, and Qin Yu was quite satisfied.

Although the price is a bit expensive, it almost satisfies Qin Yu's positioning of luxury houses.

This money, he thinks it is worth spending.

The company procedures have been completed, Liang Chuyu took photos of all the procedures and sent them to him.

had all the originals in her hands, and Qin Yu didn't have to run to pick them up in person.

There is no office location, and the registration states an office temporarily 'lent' by the agency company.

To put it simply, the current "Hitachi Investment" is a leather bag company with nothing.

Qin Yu's plan is to find a few capable staff first, and then decide on other issues such as office work.

At present, as long as the company is real, it is enough.

The \$300 million in Flamingo's income has been credited to the account, and after deducting the handling fee taken by the black banker, 280 million has actually been credited to the account.

允尔. Lao Qiao and Qin Yu mean the same, take out 100 million dollars as a dividend, and put the rest in the foundation to continue operations.

According to the proportion of shares, Qin Yu can get a dividend of 60 million dollars.

This will definitely be directly credited to the account of "Lixin Investment", as well as the principal and income of Li Xiao and others.

After getting off the plane, Qin Yu first called Lan Yue.

"Are you back?" Lan Yue only knew that he needed a business trip because of work.

"I'll be back as soon as the matter is resolved, are you at home?"

Yunxuan Pavilion yunxuange.org 允尔. "Well, they are here too." Lan Yue replied in a low voice.

"Oh, they? Now we are all outsiders." Li Wanxing's voice came from the microphone.

"Sure enough, there are newcomers and forget the old, and they are bitter~" is Jiang Xiaoshan's weird tone. It seems that she has a very high nature today.

Qin Yu wondered if he could play some new tricks at night.

For example, spinning, jumping and the like!

"No, oh..."

Lanyue is unspeakable, Qin Yu can already imagine her cheeks are tender red, shy and helpless and seductive...cough, pitiful.

.....

After hearing that the other side was hanging up, Lan Yue put away the phone and looked at her sisters grievously.

"You know bullying me, and you will look good when Qin Yu comes back." Lan Yue's courage has grown a lot, she didn't dare to speak like that before.

"Hey~ I don't believe what little scorpion can do to me."

Li Wanxing smiled disdainfully, raised his hands and scratched the air: "It's you, Concubine, no one can save you."

"Ah, don't come over." Lan Yue was so frightened that she quickly hid behind Wen Yaxuan.

Wen Yaxuan who was blowing a balloon raised her head, her eyes a little dazed: "Is it enough?"

From the morning to now, she was going crazy by these balloons.

This is all to blame Wanxing sister~www.mtlnovel.com~ It is obvious that she was asked to wear an air pump, but she actually forgot.

I actually believed stupidly that blowing these balloons would not be too difficult.

If time could be turned back, Wen Yaxuan would never believe Li Wanxing's nonsense.

woo woo~

My cheeks are sour, muttering.

"Wanxing, lazy cat, stop making trouble, these ribbons haven't hung yet!" Jiang Xiaoshan carried the ribbons and walked to the door.

The room has been refurbished. The banner hanging on the living room reads 'Congratulations, Mr. Qin is one year old, this time blessing the consumption of 998, please scan the QR code to pay!'

You don't need to ask to know that the banner must have been set by Li Wanxing, and only she can do such a thing.

On the wall between the two doors, there is a vertical group photo enlarged in the same proportion.

Qin Yu hugged the lazy cat, and she nestled her head on the other's chest, smiling, her eyes like moon.

When I first came in and saw the photos, Li Wanxing was about to throw up sour.

This is a birthday, obviously it is a fancy dog abuse.

Wall skirts, tables and tables are filled with scented candles, as well as various photos of Qin Yu and Lazy Cat.

Seriously, Li Wanxing who saw these was really jealous and a little crazy.

If it hadn't been delayed that day, it should be mine now.

However, this sentiment was quickly dissipated.

Looking at the happy look of Lazy Cat, Li Wanxing can only sigh helplessly.

It doesn't matter who it is for a long time, anyway, from the beginning, the little girl didn't have any good ideas.

Now, it's up to you who succumbed first!

Looking at Jiang Xiaoshan, who stepped on the chair and hung the ribbon, a little suspicion rose in her eyes again.

Is there anything wrong between the two of them?

Chapter 170: Wanxing asks for help

[« PrevNext »](#) [≡ Table of Contents](#)

bang, bang bang!

Holding fireworks sprayed upwards, the colored paper fluttered down.

"Happy Birthday~" From left to right, look at Li Wanxing, Jiang Xiaoshan, Lan Yue and Wen Yaxuan in turn.

Each has its own unique posture, sincere smiles and blessings, and the smiling faces leaning forward are full of joy.

This kind of picture Qin Yu has only seen in the second dimension.

盍尔. If I change clothes again, huh...

"Thank you." She lowered her head and asked Lan Yue to put on herself a 'birthday crown,' Qin Yu picked her up and kissed in public.

"Oh~" Li Wanxing and the others pushed him in, booingly.

"look up."

looked up, Qin Yu couldn't help but laughed out: "It must be your idea, how to pay?"

Li Wanxing arrogantly took out his mobile phone, "Scan the QR code to pay, thank you boss for patronage."

"Taking my money is a price," Qin Yu said.

Seeing the flame jumping in his eyes, Li Wanxing quickly retracted her hand.

"Huh, I think it's cheap for you this time." Pretending to be aside, Li Wanxing said, 'It's a good risk, it's almost gone. '

"Blow the candles." Lan Yue has already lit all the candles.

Wen Yaxuan ran to turn off the lights, and the room immediately became dim and warm.

The yellow halo of the candlelight sets off the beauty of several girls. Such a scene must be remembered.

"Wait for me." Qin Yu put the camera on the table and adjusted the angle.

"Okay, get ready." Running back to the center C position, Qin Yu spread both hands and naturally hugged them into his arms.

"Say, eggplant!"

"eggplant."

A sound like mosquito chirping, click~

The picture freezes, and this beautiful scene is preserved forever.

The air fell into silence, and the "stroke left and right" started...

My thoughts are drowsy, and the aroma of the candle seems to have a peculiar effect.

The temperature in the room keeps rising, making people feel annoying, and the heartbeat is banging.

"Oh, it's time to blow the candle." With Qin Yu's light cough, the girls fled back in a panic, and distanced each other.

'S open arms tightened again when Lan Yue and Jiang Xiaoshan were about to escape, "Everyone, come together."

held the shoulders of the two men and leaned forward, Jiang Xiaoshan on the left was obviously resisting.

The palms holding her shoulders pressed hard, as if saying, 'obedient.'

Jiang Xiaoshan's body stiffened, and obediently bent down with him, "Hoo..."

Let go of the two, Qin Yu smiled like nothing happened: "Happy birthday to me and open champagne."

Wen Yaxuan ran to turn on the light, Lan Yue put the champagne in his hand.

Snapped.

The light of the day lights up the room.

People, laughter, lights, and the layout of the room have not changed.

Everything seems to be the same as before, but something seems to break out of my heart.

破~

White foam was sprayed on his body, Qin Yu smirked and pressed the bottle mouth with his thumb, shaking it up and down vigorously.

"Ah, you little seducer..." Li Wanxing first noticed his actions, panicked and wanted to run away.

The mouth of the bottle turned to face her face, puff~

The white foam was sprayed onto her forehead in a columnar shape, and flowed down her cheeks.

"I don't want it, help!"

"Lazy cat, hug him."

"Ah... Wen Yaxuan, I'm fighting with you."

Jiang Xiaoshan is not calm, she is being blocked by Xuan Xuan as a shield, blocking the spraying foam.

"Little Sesame, I killed you... Ah, I was wrong, don't, grunt." The mouth of the bottle with no air pressure just fits into her mouth.

Li Wanxing drank half full without eating the cake.

Lanyue smiled like a little fox, lying on Qin Yu's back and following him to the north and south.

Dingdingxiaoshuo.com 忞忞. 'Hmph, let you bully me again, I have a backer now, meow~'

Lazy cat akimbo.

After half an hour, Qin Yu took a shower in the bathroom.

The madness just now made everyone's clothes wet, and it was his turn after a few girls had washed them.

'I don't know what they are doing outside? Qin Yu, who was taking a shower, was a little curious.

.....

In the living room, Li Wanxing, Lan Yue, Jiang Xiaoshan and Wen Yaxuan are playing cards.

"After finally having time to get together, why do you feel that it is getting busier now?" Li Wanxing vomited.

"Sister Wanxing, what have you been up to lately?" Wen Yaxuan asked curiously, "I always can't see you in the dormitory."

"My good friend has something...something. He has been with her recently." Li Wanxing's expression was dim.

Seeing the change in her expression, Lan Yue said with concern: "Sister Wanxing, are you okay?"

"It's okay." Li Wanxing shook her head.

"If you have something to say, everyone will help you." Jiang Xiaoshan gently moved her temples to break her hair.

"..." Li Wanxing hesitated.

"Well, sister Wanxing." Lan Yue put down the card in her hand, and smiled coquettishly in her arms.

"Okay, let me say." Li Wanxing looked at her helplessly, slowly telling the change of her friend's house.

"Ah~ his father really jumped off the building?"

Wen Yaxuan opened her mouth wide, pressed her small hand on it and looked at Li Wanxing in disbelief.

"Ok."

Li Wanxing nodded helplessly in disgust: "That man is not a strong person, but an old dude."

"There are too many debts owed this time, and the family refuses to pay him back, which is tantamount to sealing all his outlets."

Li Wanxing can roughly guess his thoughts at that time, and then bid farewell to the life of fine clothes and jade food, and also to bear a huge debt.

For a man in his fifties who has never worked in any labor force and does not even understand what work is, it is tantamount to killing him.

To be able to persist until he goes home and then die is already an extravagant hope for him!

This is what Li Wanxing hates. Why can't he die outside? He has to let his wife and daughter experience another desperate pain.

"Scum!" Li Wanxing said through gritted teeth.

"Who is the scum?" Qin Yu, who was wiping her hair, stood behind her.

"Huh." Li Wanxing turned to look away.

"It's a friend of Sister Wanxing. His father owes a lot of money for speculating on New Zealand dollars... and committed suicide by jumping off the building." Lan Yue buried her head in his arms with some sadness.

"Do I know?" Qin Yu touched Lanyue's head to comfort her, and asked Li Wanxing with his eyes.

"You saw it when you ate last time, Yan Xue."

Qin Yu had her fashionable and graceful dress in her mind, and she seemed to behave like ladies during the meal.

A well-protected girl who grew up in a greenhouse.

"Does the Yan family care about it?"

"After raising for more than 50 years, he has made no contribution to the family. From time to time, I have to pay him back and clean up the mess!"

When she said that, Qin Yu understood that the Yan family was also affected in this crisis.

I'm afraid that life is not going well now. Useless waste like this is naturally to be discarded.

Not to mention raising him, helping him wipe his **** for fifty years.

No matter how deep the flesh and blood is, it will be the end of it.

"I can't stand the gap, it's normal."

Qin Yu didn't touch this, he should bear the consequences of the decision he made.

People in their fifties have never done any work.

允尔. The physics is too strong.

"He died easily~www.mtlnovel.com~ leaving Xuexue and Auntie to bear the debt."

When Li Wanxing talked about this, the anger was staring at Venus, and Qiqiao was angry.

"People who push debts now come to harass you every day, just to make you feel uneasy."

"Are you going to pay her back?" Seeing how she felt the same way, Qin Yu was sure that the relationship between the two must be very good.

"Where did I get so much money."

Li Wanxing rolled her eyes and said, "I only paid back 500,000 yuan for her, which is a relief to her urgent need. I borrowed the money from my brother."

"How much do you owe?" Qin Yu then asked.

"Xuexue and I have roughly calculated it over the past two days. We still owe more than 10 million yuan when we sold our small western-style building."

"Huh?" The girls were surprised at the huge number, and even more shocked that this was after selling the foreign mansion.

"So... not only is he speculating on New Zealand dollars, he is also investing a lot of money in the stock market."

Li Wanxing held her head with her hand, and she started to have a headache again.

"Xiao Yang Lou?" Qin Yu said.

"Yes." Li Wanxing said.

Hearing that it was Xiaoyang Tower, it was true that Qin Yu's inner surprise gradually disappeared.

If it is an old house with a garden, it will still owe more than ten million when sold, it is really big enough for fun.

The price of small houses in Hudu is not very high, even in a prosperous area.

If there is no historical background, it would be ten to twenty million.

is actually a 'Western house,' a single-family house in its name, which is far from a real bungalow.

"Is there no one to help her?" They are all in the same circle, even if they are down.

For the sake of Lao Yan's family or the friendship in the past, it passed by when he reached out his hand to support it.

"How do you say Xuexue's temperament,
