Chapter 271: Shouting in the air, I'm afraid I'm afraid!

Promise Tongtong to take him to the playground tomorrow.

Qin Yu and Jiang Hongsheng had a face-to-face meeting and left. There was no interest in staying any longer.

Besides, he has made an appointment with Xuan Xuan, and see you at the Imperial Court tonight.

Since coming back, he hasn't communicated deeply with Lazy Cat.

I don't know if this girl's combat effectiveness has improved, if it is still as weak as before.

Brother Yu has to educate her well!

This little Nizi, who is not growing up, has a fancy fighting style.

Just toughness is not good!

Find an opportunity to let her practice more patience, to understand all-round and multi-faceted development.

There is no soul in a single development!

...

After Qin Yu left, Jiang Hongsheng sat in the position he had previously sat in: "How's the talk?"

Yalan had another pot of wine: "Yes, I may have to wait for time."

Seeing her holding a glass of juice, Jiang Hongsheng held a hip flask and asked, "Drink something?"

He glanced at the hip flask, then looked down at the juice in his hand.

Yalan smiled and shook his head: "No, I just drink this."

Seeing her daughter's deep-hearted smile.

Jiang Hongsheng's heart sank, and he looked in the direction of the door thoughtfully.

Yalan's strange performance is not because of that kid, right?

...

Driving into the basement, Qin Yu parked the car into an empty space.

Humming out of the elevator, he opened the door.

Qin Yu heard the fierce conversation between Lazy Cat and Xuan Xuan, "He is not as handsome as Qin Yu!"

"9494, Qin Yu's figure is much better than him."

"What are you talking about?" Qin Yu changed his shoes and walked inside, wanting to see what the two of them were talking about.

Hearing the sound, the lazy cat holding the phone ran over immediately.

Leaning next to him, he raised his phone and said, "Look, you see, this is it."

Sa~

The little anchor in **** costumes dances and shakes his head around the pillars with eight-pack abs.

As the hair swept across the chest, the eye-catching eyes were centered on the heart.

"Qin Yu, do you know her?"

"Yes, the anchor of Douya, I have watched her live broadcast."

Brother Yu responded with a natural expression, stretched out his hand and rubbed her head.

"Ah~"

The raised arms dropped, and the lazy cat yawned.

Sleepy!

Wen Yaxuan rushed over and lifted his clothes without saying a word.

Brother Yu's heart jumped.

Holding his breath and refreshing, the muscles on his body suddenly tightened.

"Wow, it's so hard!" Wen Yaxuan pressed her hand, grabbed the phone and placed it in front of his abdomen to compare.

"Lazy cat, I said Qin Yu has a better figure, look..."

The lazy cat nestled in his arms squinted and nodded.

She didn't care what Xuan Xuan was saying.

She just wants to hug Qin Yu and get a good night's sleep, so sleepy!

Seeing her drowsy expression, Wen Yaxuan knew that she was playing the piano to Niu... for nothing.

Pop~

Following Qin Yu's habit, he waved her hand to the rear axle loudly.

"what!"

The lazy cat, who was almost asleep, held his back bridge and opened his eyes wide, looking back and forth helplessly.

Wen Yaxuan couldn't resist that stupid expression, let alone a man.

That's it, to test the cadres, which one can not make mistakes?

"Xuan Xuan." Looking at her grievously, Lazy Cat Nuonuo said: "If you want to shoot, tell him yourself!"

"I haven't, don't talk nonsense, it's not me."

Wen Yaxuan denied that Sanlian used a familiar road, and she didn't want to learn from that fairy.

Look at her twisted figure, seductive expression, coquettish posture.

Don't don't...

Wen Yaxuan's big eyes twinkled, they were as bright as stars.

"Want to shoot? Like if you don't show your face in the video, that's okay!" Brother Yu definitely couldn't persuade him at this time.

Don't look at the lazy cat being confused all day long, it's like a mirror in his heart.

Tonight, it is clearly a killer plate!

She would be encouraging Wen Yaxuan or testing her attitude.

Qin Yu is really unstable!

No matter what, counseling can't be counseled.

What does the video made by the little anchor have anything to do with him?

Than just compare!

It just so happened that he licked the last 'kidney power' today. '

Tomorrow, the figure will only be better than today, it is so unreasonable.

The world is so lonely as snow!

"Then, why don't you just take a shot?" Wen Yaxuan was actually moved.

Brother Yu felt a little sway, his expression calm as before, "Okay, is it the same as in the video?"

Qin Yu looked around, "It seems that I forgot to bring my shirt, what should I do?"

As if by magic, Wen Yaxuan pulled out a black shirt from behind.

In the little anchor's video, the 'Taizhu' is dressed in white, but she has prepared a black one.

What do you mean, at a glance.

This is to scream from the air, who is more powerful?

I'm afraid I'm afraid!

Change into a black shirt with sharp edges and no wrinkles.

Qin Yu pinched the collar and looked back and forth, "Who did it?"

"She (her)." The two raised their fingers to each other at the same time.

Pressing his two small heads, Brother Yu had a beastly hair.

Humph, dare to set a feast for the grand banquet and kill pigs?

Today, I have to let the two small cabbages understand what it's like to be confessed!

...

The problem of shooting short videos came to an end because of an emergency.

Qin Yu thought it would just pass.

Never thought of waiting for him to go for a run the next day, when he came back with breakfast.

Lazy cat and Wen Yaxuan have set up their equipment!

Backlight bracket, mobile phone, bel canto microphone...

It's kind of alive.

"Qin Yu, look, you are all ready."

Being dragged forward by the lazy cat, Qin Yu secretly said, "Calm down, calm down, what does the video made by Brother Wounding have to do with me, Qin Yu? "

"Are you two going to post-production?" Qin Yu asked casually.

Wen Yaxuan raised her hand, jumping and saying, "I will, I will."

Qin Yu glared, "You know a basket, how do you know so much?" "

Xiao Nizi lowered her head and felt wronged!

"Xuan Xuan, come on, I'm all ready."

Help Qin Yu pose, Lazy Cat is standing on the side of the phone, with her finger on the 'red dot'.

Wen Yaxuan immediately forgot the warning just now, "Okay, okay!"

She is really heartless.

This is basically the case in this life.

Helplessly standing in place as a pillar, Qin Yu silently complained in his heart, 'This is a lot of fun. '

...

After two hours of continuous shooting, it was finally over.

The two girls sat on the ground, watching short videos on the computer, and muttering to each other.

Stuck points, music, editing, and post-production special effects, all of which have to be added.

Anyway, it's better than that shot by the anchor.

Qin Yu was too lazy to bother, sitting at the table and eating his own breakfast.

Wen Yaxuan, who was concentrating on making the video, her nose shrugged unnaturally.

The wafting fragrance made her body walk to the dining table without the control of her brain, and looked at the lazy cat without moving her head: "I think it's better to listen to the music just now, or would you listen to it twice?"

Watching her move straight to the restaurant, Lazy Cat understood her meaning: You listen twice, and I will be full.

With the laptop buttoned up, the lazy cat will not sit in front of the computer and listen to songs silly.

The sky is big, the belly is the biggest, eat breakfast first!

I stayed at home for most of the day and ordered takeout at noon.

The two plunged into the video and finally finished it.

"How?" Wen Yaxuan turned the screen to him like offering a treasure, wanting to hear his opinion.

To be fair, the effect is indeed better than that of the small anchor.

But want to catch up with the video popularity of the small anchor... It's difficult!

I really don't just look at the value of my face when I want to get hot these days.

The traffic of the little anchor is not for nothing, so she is also a sign of Douya now.

Although most of them are from the top elder brother, but that is also her top elder brother, isn't it?

Originally, Qin Yu was very sure about this, but he just didn't expect the possibility of show operations.

When Wen Yaxuan posted the video, she drizzled silently with hot abdominal muscles.

The parties, the heat, the hot words, all have.

Ding Ding Ding~

From the first like, the news in the background never stopped.

Finally the two directly plug in the charger.

Put the phone on the sofa and listen to the string of 'ding ding' tones as music.

Not to mention, this is a small rhythm of fast and slow.

Quite interesting!

When I was free, Qin Yu turned on the recording and put the phone next to him.

The TV is transferred to the court 1, and I plan to watch current affairs news.

As a promising young man in the new era, he must always pay attention to national affairs and care about society.

This is the attitude a qualified successor should have.

As for Lazy Cat and Wen Yaxuan, the two are getting together and using Lazy Cat's mobile phone to read notes.

From time to time, she made a strange aunt's laugh.

He raised his head and glanced at Qin Yu, lowered his head and continued to laugh endlessly!

Chapter 272: There is nothing wrong with being an ostrich

Before getting up early in the morning, Cheng Xiyu, who was sleeping, felt a wave of shaking.

The peaceful world around seems to be collapsing, and there is nothing under your feet...

"Help!" Sitting up suddenly from the bed, Cheng Xiyu looked around blankly.

This wall, this lamp, this bed, this...

"Sister Hong?" Cheng Xiyu walked backwards like a dead body, what's the situation?

"Sister Xiao Yu, you are on the note." Wang Hong said softly while holding the phone, motioning her to get up quickly.

"Just chant, there are so many people every day." Cheng Xiyu turned over indifferently, and wanted to go to sleep.

Only at 2 o'clock noon every day can she be completely awake and unable to move!

Seeing that she didn't care, Wang Hong pushed her twice, "This is different, you'd better get up and take a look."

Sitting up weakly, Cheng Xiyu asked, "What?"

Wang Hong walked around to the other side of the bed and clicked on the video!

5 minutes later, Cheng Xiyu grabbed the phone and asked with a spirited face: "Who is this?"

Wang Hong shook his head, "I don't know, the video was posted last night, I just saw it this morning."

As an assistant, she handles all the small things like this.

However, the focus of the two of them recently has been on the video series "Xia Guo on the Bite of the Tongue".

It is inevitable to ignore the notes and other platforms!

What's more, there are so many young anchors every day, and all of them want to keep the heat up.

It is impossible for them to look through them one by one.

If it weren't for a private message from a fan backstage, I would like to remind you.

Wang Hong will not pay attention to this video.

All the content is almost copied and imitated, but the music and characters are different!

But this is the musical note. Can artistic matters be called plagiarism?

That has to be for reference.

Wang Hong is not worried about this, she is worried about the pillars inside.

The background wall of Male 1 is more impactful and seductive than the small anchor video.

Moreover, the two backgrounds look so similar.

So much so that the fans are fried, and a big battle is set off on the Internet, and they are bound to find out who this 'Putian counterfeit' is.

Who doesn't know, Putian represents excellent quality and strength.

Not all netizens joked: If you wear it once, you will be off-line, open the glue, or cut off the root.

Congratulations, you must have bought a genuine product.

If it doesn't go bad for ten years, it must be Putian.

Although it is a ridicule, it also reflects the true thoughts of netizens from the side.

The quality and strength of Putian are better than genuine products.

Substituting into the two works, it is natural to say that "counterfeit" is better than Cheng Xiyu's "genuine".

The little anchor himself doesn't care about this.

She doesn't mind if someone is in charge, they are hot, and there are a few nice and polite little sisters in the notes.

She doesn't mind as long as she writes a private message in advance to learn from her work.

See the good and funny.

Cheng Xiyu will also take the initiative to watch fans.

But this time is different. The other party is not trying to rub her heat, or even stepping on her.

Is this going to step on your own boss? ? ?

Can tolerate everything, just this Cheng Xiyu can't bear it.

"Have someone watched the video?" The expression became serious, and Cheng Xiyu lifted the quilt and got off the bed.

"I found it, the other party said there is no problem!" Wang Hong nodded in response: "Should we talk to Qin Shao first?"

Cheng Xiyu, who was walking outwards, stopped and nodded thoughtfully: "Well, let's talk to the boss first."

"Forget it, let me say it myself, by the way, see if he has time."

The battle was on the verge, and Cheng Xiyu accepted the opponent's provocation.

She wanted to see if her own boss was stronger, or the counterfeit was even worse!

...

When receiving the call from the little anchor, Qin Yu was celebrating with Lazy Cat and Wen Yaxuan.

the reason?

Naturally, the short music note video exploded overnight, with more than 1.5 million views and more than 200,000 fans.

This kind of achievement is for the little net celebrities who have been struggling with notes and have not paid off for many years of hard work.

Almost vented out of anger and congested the brain.

Why? Why!

A video has more than 1 million likes and more than 200,000 fans.

Who is this!

Isn't it the same for the daughters of musical notes?

"Well, I see... Go back and talk about it!" Qin Yu calmly hung up the phone, cursing her mother.

The little anchor wanted to challenge, and said that the other party stepped on his own face.

He had to fight back, and act so coquettishly that he had to cooperate and take another new one.

Can Qin Yu not agree?

Naturally, I agreed, but when I am competing with myself, when is the leader?

Today is better than your body. When you can't match your body, should you show your face?

No, this sign must be curbed.

"Another invitation for cooperation, so many people!" Wen Yaxuan swiped the backstage private message and raised her phone with excitement, "Look, Qin Yu, it's all of them."

Qin Yu glanced faintly, "For this kind of invitation, 90% of them are liars, and the remaining 10% are real."

"Ah~" Wen Yaxuan was a little dumbfounded, how could this be done.

The scammers are so rampant now, have they all developed into an industrial chain?

"This is not the key." Qin Yu took her to sit on the sofa and said seriously: "Do you really want to develop on the path of internet celebrity?"

Wen Yaxuan was asked, and shook her head hesitantly: "I don't know."

She is only 20 years old this year, and the future has unlimited possibilities.

Even if you try an Internet celebrity, it seems there is nothing wrong with it?

"Can Teacher Shen agree?"

A pair of 4s appeared on the opposite side, Brother Yu~Wang Fried!

Wen Yaxuan was directly silly.

To be an internet celebrity, can my mother agree?

You don't need to ask, she doesn't agree.

When I wanted to practice dancing, Shen Bing refused.

Asking her the reason without saying, it just means 'no.'

Wen Yaxuan cried angrily.

Shen Bing didn't comfort him, sitting next to him and wiping tears!

Since then, Wen Yaxuan has never mentioned dancing.

During the college entrance examination, she wanted to report to the acting department and be an actor!

Never wanted to be strongly rejected by Shen Bing again.

No, no, no reason.

The scene in childhood happened again, Wen Yaxuan cried, Shen Bing lowered her head and wiped her tears.

Ask her why, but don't say it.

After that, Wen Yaxuan understood that her mother didn't want to see herself in public.

Regardless of the purpose, this matter was not discussed anyway.

Qin Yu didn't know this, but he was able to detect it in previous conversations.

Shen Bing was unwilling to let her daughter show her face.

Otherwise, she would not resolutely prevent her from reporting to the acting department.

How strong is this persistence?

After Wen Yaxuan said in a hurry that she would insist on reporting to the acting department.

Shen Bing actually said, 'even if you ask for help, your quota will be cancelled'.

Wen Yaxuan was shocked at that time.

Because since childhood, the mother in her memory has never asked anyone.

No matter what the situation!

No matter how hard it is, she clenches her teeth alone and never complains.

But that time, she actually used the word 'seeking' to prevent her daughter from applying for the acting department.

The previous excitement and excitement completely subsided, and Wen Yaxuan looked at herself in the video.

Becomes fidgeting!

If this video were seen by her mother, would she be angry?

Thinking of the countless days and nights spent by the mother and daughter for so many years.

Wen Yaxuan deleted the video decisively!

In an instant, all the glory and glory disappeared.

"Xuan Xuan, you..." Lazy Cat almost jumped up in surprise.

Immediately, the astonishment solidified on his face, suddenly turning into loss and relief.

Teacher Shen...

"Just deleted it?" Qin Yu was also shocked, but didn't show it.

Is there any complicated reason why Mr. Shen is so resolute, or is he simply not happy?

Qin Yu thought it was the first one.

If it's just a simple dislike, it shouldn't be so ruthless.

Not to let Wen Yaxuan do this, she just deleted the video because she was worried about Shen Bing's reaction. You know that this video can create for her, but it's not just attention and boring private messages.

It also represents at least six figures of interest and unlimited potential.

In this era when traffic is king, traffic represents interests and the future.

However, anyhow it is to solve an upset.

Without the object, the little anchor should also stop there, right?

The fact is just as Qin Yu imagined, the little anchor did stop there.

But she also confirmed a fact in her heart.

The previous short video that only existed for a short day was probably related to my boss.

It's just that if the boss doesn't say this, Cheng Xiyu won't take the initiative to bring it up.

Sometimes, there is nothing wrong with being an ostrich!

Chapter 273: Brother, mom apologized

The style of Yalan and his father Jiang Hongsheng are very similar, and they act vigorously and resolutely!

He said he was going to vacate an office in Luheng Group, and it was arranged the next day.

Lamborghini carried Qin Yu and Yan Xue to Luheng Group.

The towering buildings are filled with elite white-collar workers.

The look in people's eyes is full of indifference, but they can't hide the condescending arrogance of the heart.

Being able to work in a Fortune 500 company naturally feels superior to others!

Came to the front desk, after a simple registration.

Yalan himself appeared in the lobby soon and took the two to the office in person.

The face-slapped dog blood plot did not appear, and some people must be very disappointed!

About 12 square meters, the room is equipped with a full set of office supplies.

"Everything is new, you need to set it up yourself, and the line has been re-routed."

Since we want to give favors, we must give them thoroughly.

Yalan will not ignore this detail, and will not put the other party in an embarrassing situation.

"I'm interested." Qin Yu accepted the favor.

In this way, Yalan's heart is not in vain, putting the employee card on the table, "When someone comes to record your personal information, you can use this card to come and go freely in the future."

Qin Yu joked: "Only in this office."

Arranged the two and Ya Lan left.

Now it's working hours, she still has a lot of things waiting to be dealt with.

After walking around in the office, Qin Yu looked at Yan Xue: "How do you feel?"

Yan Xue nodded immediately and said, "It's much better than I thought."

She originally thought that the so-called office was a small apartment located in a residential area.

Or maybe it's a small apartment in a single room in a community!

Who would have thought that he would also become a member of 'Green Heng'.

On the work permit, the four large letters of Luheng Group are clearly written.

...

Arranged for Yan Xue to go to work, Qin Yu was not in a hurry to leave Lu Heng.

He promised Tongtong today that he would take him to the playground.

Now wait for Yalan to finish, and pick up Tongtong with him.

Qin Yu once again considered whether to buy a car for Li Wanxing.

Lamborghini, it's pretty good to play cool tricks on weekdays.

But if it is used in daily life, it is really troublesome!

Like now...

Qin Yu was not allowed to wait for too long. 45 minutes later, Yalan finished her work and found him.

"Let's go, Tongtong has called several times."

Yalan at work is luxurious and elegant, confident and proud, just like a white lotus.

Khaki small high heels, cold light white trousers.

The inner wear is a high-necked sweater, and the outer wear is a long trench coat.

It was rusty and cold, walking with wind.

Probably speaking of a white-collar female beauty like her...

Luheng employees who met on the road saw her with a little fear in their eyes.

Is this the rhythm of the workplace dominatrix? ? ?

Seeing Qin Yu's car in the parking lot, Ya Lan frowned and said, "Did you drive this car?"

Qin Yu said helplessly: "Palamella has borrowed, and this is the only one."

Yalan smiled relievedly: "I will change my car when I get home."

On the way back, Yalan suggested that he should buy a sedan that fits the status.

The first one is Rolls Royce, nothing else, just these four words represent everything.

There are too many stories that happened to Rolls-Royce.

Its brand has been deeply rooted in the hearts of the people.

Not limited to one party, but in the world, mention the four words Rolls Royce.

The first reaction in a person's heart will be: How!

"Rolls-Royce is pretty good, but I'm still young and don't want to take a driver around."

It's okay to drive by yourself!

But have you seen a few people who buy labor, is the boss driving by himself?

Except lazy cat...

Yalan thinks about what he said, "Then Mercedes-Benz, if you like a wide view, choose the X series, and if you like comfort, choose the S series."

"Otherwise, BMW is also very good, sporty and stylish."

In Yalan's mind, BBA is still very exclusive.

From daily use of cars to high-end business, luxury self-driving, it can be said to have everything.

Of course, there must be a lever to compare entry-level and supercars.

Then she has nothing to say.

"Wait for the new model and look at it, now I'm not in a hurry." Qin Yu is naturally not in a hurry to change his car.

It was already arranged for Li Wanxing in my heart.

This car must be bought!

Jiang Hongsheng lives in a garden house.

From the old iron gate at the door, to the old trees, flower beds, and masonry floors in the yard.

The paths made of gravel and concrete are full of the taste of the past.

"Dad likes to do everything by himself. There is only one aunt who cooks at home, so the yard looks a little deserted!"

Seeing his doubts, Yalan spoke softly and opened the door.

jingle.

The brass bell attached to the edge of the door rang.

Thump thump~

After a hurried trot, Tongtong's voice came to her ears: "Is the elder brother here, mom, is my elder brother here?"

Yalan laughed and said, "Yes, run slowly."

As soon as the voice fell, Tongtong's figure appeared in the corridor.

Continually rushing to the door, Ya Lan opened her hands, ready to welcome her son's hug.

A dexterous short body, Tong Tong ruthlessly passed by Ya Lan.

He rushed to Qin Yu, holding his thigh and looking up, "Brother, hurry up!"

"..." Yalan.

If you have milk, you are a mother. Tongtong had been broken two years earlier.

Ya Lan talked to the cooking aunt and went out to the garage.

The black Porsche Cayenne parked inside, started.

Qin Yu sat in the co-pilot and Ya Lan drove.

Tongtong sat in the back with a seat belt honestly.

The bear child was quite honest in the car. Watching him wink his eyebrows, he didn't dare to worry about his expression.

I believe I've been beaten up in the car!

Disney.

"Let's go buy tickets first."

There have been too many visits, and Yalan has already been counted as a Disney pass.

When I came to the VIP window, I asked if there were not enough people.

"Just got into the first team, we might have to wait a while to get enough people to join the park."

Ya Lan looked at Tongtong helplessly, "Wait a little longer!"

The little guy is also a frequent visitor and naturally knows the rules.

Although he was very anxious, he nodded patiently and agreed.

"Don't wait, come with me." Qin Yu led the two to the line.

I found two girls who looked like students and came forward to talk with each other politely.

After a while, the two sides scanned their phones.

Yalan was curious, what is he doing?

Is it just hitting up a conversation??

But think about it, Qin Yu doesn't look like such an unreliable person, he shouldn't take them here on a special trip, just to strike up a conversation for himself!

It's really like that, he'll just be alone.

Why have to do this in front of yourself...

"Yalan, come here!" beckoned to her, the two girls walked out of the team and gave them their positions.

"What did you do?" Yalan questioned.

Qin Yu whispered in her ear, deliberately avoiding Tongtong.

After learning that he had spent 1,000 yuan to buy the positions of the two, Yalan was not good.

Is there such an operation? ? ?

"Will it be so good?"

Yalan looked at Tongtong and whispered softly: "Tongtong knows that it will establish bad values for him."

Qin Yu looked at her in amazement, "I thought you understood."

"Understand what?" Yalan didn't understand what he was referring to.

"Values, fairness does not exist."

Qin Yu said calmly: "Parents always emphasize fairness, when the fairness he firmly believes is broken by reality."

"Don't you think this is a cruel injury to the child?"

Yalan was stunned for a while, trying to refute but didn't know how to speak.

Qin Yu is sophistry, but it expresses the cruelty and helplessness of reality.

Is it wrong to emphasize fairness?

That's right.

Does it really exist?

...

After entering the kindergarten through security check, Tongtong looked up at his mother curiously, and then at his brother.

I think they are a little strange, are they angry?

Tongtong pulled her mother's hand, "Mom, can you not annoy your brother? Tongtong wants his brother to come and play with me often."

"My brother is angry with his mother, so he won't come to Tongtong."

Puff~

Stabbed in the back by his son!

Ya Lan couldn't hold back the upwelling blood quickly patted her chest with her palm to let her breath go smoothly.

"Mom didn't annoy my brother, mom was just thinking about things."

Hearing her explanation, Tongtong shook Qin Yu's hand, "Brother, brother, mother is apologizing."

"???" Yalan had a horrible expression on her face.

What did you do, why should you apologize?

Can this child take it anymore?

Or, find someone to practice a trumpet together, this number is good for giving it away!

A ghostly messenger, Ya Lan turned her gaze to Qin Yu unconsciously.

At this moment, Qin Yu also looked at her.

Facing each other!

Yalan quickly moved her eyes away, speeding up her footsteps: "We have to hurry, or we won't be able to catch up with the performance for a while."

Chapter 274: Don't be too greedy

Because they were too late, there was not much time left for them.

After jogging all the way to the project he most wanted to play, Qin Yu repeated the old tricks.

600 yuan, two locations!

Hurry up and play all the items Tongtong wanted to play.

After that, take part in the parade, take photos, take photos, and watch the performance!

Time flies so fast, it's early morning in the blink of an eye.

After running all afternoon, the exhausted Tongtong tilted his head and fell into Qin Yu's arms. This would sleep Zhengxiang.

Today he is really playing crazy, if it weren't for Qin Yu's pull, Yalan might not be able to look at him.

Seeing Qin Yu holding Tongtong, walking forward gently.

Whenever it is crowded, Tongtong's head is carefully guarded, that care...

Ya Lan calculated her heart, her eyes were red!

"Thank you, Qin Yu." She lowered her head and wiped the corner of her eyes, and Ya Lan smiled brightly: "Tongtong hasn't been so happy for a long time."

"It's okay, I really like this kid." Tilted his head and glanced at Tongtong, Qin Yu said amusedly: "Just like when I was a kid, I don't worry."

Yalan's face blushed slightly, and she held back what she wanted to say.

Some things are better not to be said.

Unexpectedly, I would have a day of suffering.

...

Jiang Hongsheng is still waiting to send the bear child home.

Taking the child from Qin Yu's arms and handing it to his aunt, Jiang Hongsheng looked at the two and asked, "Where is this, so late?"

"Take Tongtong to Disney." Ya Lan replied, looking at Qin Yu and said: "Today I trouble Mr. Qin and waste a day."

Qin Yu waved his hand and smiled: "I said you're welcome, I promised him."

Jiang Hongsheng nodded and smiled and looked at Yalan: "Go back tonight?"

"Well, trouble Mr. Qin to send it to me?" Ya Lan looked at Qin Yu.

Qin Yu said: "Okay, President Jiang, we will meet again someday."

"Well, go slowly!" He personally took the two to the door.

Jiang Hongsheng did not move until the car left.

The nanny walked out and put a sweater coat on him, "Sir, let's go back!"

Jiang Hongsheng was silent for a moment, "You said, is Ya Lan..."

Although he didn't finish, the nanny still understood what he meant.

The host's affairs should not be left to her as an outsider.

It's just that the nanny has also worked in Jiang's house for more than ten years.

There is also affection, "Miss is not young anymore, I must have her own ideas!"

"Huh!" Jiang Hongsheng sneered: "She has an idea, but she doesn't look at men well."

"People in our hometown always say that people can only want the same, not everything. The young lady is already good enough."

Hearing what she said, Jiang Hongsheng was angry and laughed. He is good in his career and character, so he has to be emotionally hurt? "

The babysitter didn't speak, but she could tell from her expression.

She insisted on her opinion.

The night was deep, Jiang Hongsheng looked into the distance and sighed: "Yes, you can't be a human being for everything..."

...

The car drove into the basement and turned off!

The atmosphere in the car was a little silent, "Would you like to go up and sit?" Yalan asked actively.

Qin Yu nodded and was about to speak when the phone rang.

"Brother Yu, the boss was called, we were at the barbecue stall in the backstreet of the school..."

The voice on the phone was messy, and the girl's cry and Yan Er's roar could be heard.

"Don't panic, stop the second brother and don't suffer!" Qin Yu started the ignition, "There is something wrong with the dormitory brother, I have to go and see."

"Then don't wait, let's go!" Yalan said, "I'll be with you."

...

Time is pushed forward by 15 minutes.

Yan Er invited Dongzi to eat at the barbecue stall in Houjie, and Yang Youyou and Xia Bai were with them.

The person came out by Xia Bai's appointment, but he couldn't hold back Yan Er, so he had to try to match Dongzi and Yangyouyou.

Xia Bai asked, and Yang Youyou agreed indifferently.

So, the group of people got together.

The atmosphere was pretty good, and Yang Youyou and Dongzi seemed to have some signs.

As a matchmaker, Yan Er was proud of himself and waited for the two to invite him to drink a wine of thanks.

I was thinking of a quarrel coming from the store.

Xia Bai rushed out with embarrassment, pointed to the store and said, "Someone touched my ass." rub!

Yan Er's brain was congested, and he stood up blushing, grabbed the bottle and walked inside.

Looking at his posture, Xia Bai was a little scared.

Hugging his arms and not letting him go, "Forget it, they just drank too much, let's not cause trouble."

Yan Er couldn't swallow this breath.

Drinking some wine has the courage, and feels that I can do it.

The girlfriend was taken advantage of and touched her ass.

If you can still swallow your anger, wouldn't it be a tortoise?

Being pulled by Xia Bai before breaking free, two drunken figures walked directly towards them.

"Little sister, don't run, follow, go and have fun with brother, brother makes you cool, cool, slap..."

A full beer bottle hit his head.

The person didn't even react, fell to the ground baldly, and passed out after taking a couple of breaths.

Beer and glass ballast splashed everywhere.

The diners around got up and walked out, for fear of getting angry.

"Shuangfantian, how upset is your mother?" Yan Er shouted grimly with the mouth of the broken beer bottle.

MD, take a step back and take a step back, forbearance becomes more and more angry for a while.

Netizens do not deceive me!

Seeing his companion fall to the ground, bleeding on his head.

The drunk man next to him woke up most of the time, "Hey, someone turned the fat dog upside down."

Wow~

The roadside was full of big men's tables, and a group of people stood up.

Seeing more than a dozen people rushing over, Yan Er hurriedly protected Xia Bai behind him.

Dongzi followed suit, stood in front of the two girls, took advantage of the trend and copied a bottle of wine from the table to be bold!

"Cao Nima who did it." Seeing the companion who fell on the ground, the other party pointedly bluffed.

"What are you talking about, **** him!"

A group of people rushed directly to Yan Er, and immediately surrounded him.

Picking up the wine bottle, Yan Er waved forward without looking.

The man in front of me fell to the ground like a skinned dead snake...

But there was only so much he could do. A group of people surrounded him and beat and kicked.

Yan Er didn't protect himself, and even if he fought back, he couldn't hold back the crowd.

Dongzi wanted to help too, learning Yan Er to wave the bottle forward.

But before he hit someone, he was kicked in the stomach and fell to the ground.

"Fuck him." A group of people squeezed forward, and Yan Er was covered with a big man and couldn't get rid of it.

His body and face were also blue and swollen.

The corners of the mouth are cracking and bleeding!

"Don't fight, don't fight." Xia Bai wanted to slap them away, crying in a hurry.

I didn't know where to slap her and drew her to the ground.

Dongzi, who was supported by Yang Youyou, took out the phone and dialed Qin Yu's number: "Brother Yu..."

After saying a few words, Dongzi saw Yan Er fell on the ground and was kicked!

The phone threw the phone to the ground, picked up the bottle, and rushed up with red eyes.

When Qin Yu arrived, the other party had already stopped!

Yan Er and Dongzi fell to the ground with blood all over their faces, their bodies covered in footprints, and their clothes became tattered.

A group of people dangling cigarettes, jogging and showing off their achievements.

"Lao Tzu kicked him as soon as he flew, didn't you see..."

"This kid is very strong, if I hadn't given him a head, your kid would have been overturned."

"Okay, don't blow it so hard, who is the one who rushed up, this kid kicks it so painful..."

The more you talk, the more angry, the other party will kick again.

Suddenly his neck was locked from behind, his eyes widened, and he was thrown down the steps, panting for "hoho".

"Fuck, you..." The stool next to Qin Yu was about to freak out, shouting directly on his face.

boom!

Without saying anything, the person fell to the ground.

Move the chair to the other's head, and the beam of the chair is directly stuck on the neck.

Qin Yu just sat on it, looking at the people who were being suppressed, and asked, "Are you all involved?"

After a fight, the wine sobered up a lot.

This will naturally lose the previous impulse and blood, and begin to consider gains and losses.

Don't look at the show off one by one. In fact, many people are beginning to feel guilty.

People are beaten like this, what should I do later?

Seeing Qin Yu appear sitting on the ground and unable to rush in, Xia Bai, who was crying into tears, ran over.

Quickly rushed to Qin Yu's side, and fell to the ground with a soft foot, "Brother Yu, you can save the second brother!"

Reached out to support her, and then looked at Yang Youyou who was sobbing at the back.

Qin Yu said solemnly, "Send people to the hospital first, and leave it to me!"

Yalan had stopped two rental cars on the roadside and ran over to help put people in the car.

Yan Er's eyes were swollen, and he opened a gap and barely wanted to laugh: "Brother Yu."

"Don't tell me, go to the hospital first." Qin Yu took out his mobile phone and took pictures continuously.

Including those who beat people!

"What did you TM take?"

"Fuck, looking for death..."

Qin Yu sank under his **** and shouted, "Who will try?"

Chapter 275: So happy

"Ho ho..." The little man stuck under the chair rolled his eyes.

Holding the crossbeam with both hands, both legs kicked indiscriminately.

He can't breathe!

Seeing that he was about to die, everyone's hearts trembled again.

The situation is deadlocked.

At this moment, the man who was previously thrown off the steps by Qin Yu was holding the empty wine bottle and quietly approaching him.

Seeing that the person was already standing behind Qin Yu, he raised the bottle in his hand and waved it forward.

Boom.

The back of the head was hit hard, and a black man in front of him fainted again.

Hearing the movement, Qin Yu looked back.

Yalan stood where she was holding a stick she had found from nowhere, and her face was nervous and uneasy.

The man who wanted to sneak attack on Qin Yu before fainted at her feet.

"He wants to attack you." Yalan tightened the stick in her hand and looked at the beaters.

The expression clearly said, "Don't come here!"

"Thank you."

The deadlock was accidentally broken, and the other party stood up like the leader: "My brother was also beaten. No matter who is right or wrong in this matter today, that's it!"

Qin Yu raised an eyebrow: "That's it?"

Looking at the phone, Qin Yu said calmly: "Don't worry, the catch should be coming soon."

"Fuck, do you call the police?" The other party exploded.

Looking at the battles and skills of the opponent, I thought it was a fellow man.

Who knows that the other party backhands will find the yamen and report the crime.

Young man, you don't speak martial ethics!

"It was a Lixin student who was beaten just now. It was a hooligan, assaulted a student at school and caused serious injuries. Let's take it slowly."

One of those present today counts as one, so don't even think about running.

"There are so many of us, afraid of you?"

The other party put on an arrogant attitude, "Besides, when so many people are watching, it is your classmate's first hand."

Serious injury or not, is it your student who has the final say?

"The arrest is coming soon, I'll see who he believes."

Knowing that the other party is some students, the other party is really not afraid.

Isn't it just a group of students who don't know anything about the world, don't understand the fart!

Thought it would be useful to report a crime, naive?

Go back and scare, and then give some money casually, this matter will not be over.

These students have never been out of society.

Why are they divided into black and white, kids, go home and have milk!

"Really?" Qin Yu looked up and smiled.

...

Three minutes later, a group of people were arrested with dumbfounded faces and quickly turned into the car.

"Master catching up is their first move. We are self-defense, we are self-defense!"

The leading hunk guy put his head out the window, struggling and yelling.

Catching quickly reached out and stuffed his head back into the car, "Be honest, and then call you."

The previous arrests have already looked at the surveillance in the store.

The girl is walking back after going to the bathroom.

The two stood in the aisle, and when the girl passed by, they reached out and grabbed their ass.

Don't Bilian!

Like this kind of land ruffian, the hunters are also the most disgusted.

You say that he doesn't commit any major deeds a day, that is, making trouble all day long and disturbing the neighbours in the neighborhood.

Every day like a street slaughter, wandering around in the street.

It's okay to tease the daughter of this family, tease the young woman of that family.

Frighten the honest people.

There are all kinds of complaints every day, I don't know how much energy was wasted by the yamen.

It is necessary to reassure the people, but also to be responsible for mediation.

Because according to the law, there is really no way to measure this kind of thing.

You encourage the victim to go to lawsuit and prosecute!

On the contrary, the other party is afraid of retaliation afterwards, and would rather be aggrieved by himself and settle the matter.

The arresters are also helpless about this.

In the end, we can only deal with the mud, and try to focus on mediation to meet the reasonable needs of the victim.

Warn the offender again...

In fact, even catching him knows it in his heart.

This warning is useless, and the other party will only become more arrogant when going out.

The whole area was panicked, but he was helpless!

In the end, the people complained that the arrests were quick and ineffective, and they could only arrest and release them.

Wasting time on useless work all day.

It's not a human being inside and out, and there is nowhere to say the grievances in my heart!

This time, unlike the past, all the gang participated in the fight, and it was the students who were beaten.

Moreover, the energy behind the opponent is not small.

The above has already greeted him, and he must file a lawsuit against his gang on the basis of indecent assault and serious injury.

The penalty for serious injury ranges from three to ten years.

But this time is different, starting in ten years.

This was what they said personally, "Catch all the people back to me, let me run one, I will break your legs, and all start for ten years, no one can run."

Why is there so many catches? ? ?

They all came to work overtime spontaneously after receiving news on the road.

The purpose is to apprehend this group of people and send them to the detention center personally.

When the time comes, watching them walk into the prison, it will be very happy.

There are not a few yamen arrested who live in this area, although in the past few people were harassed at home.

Unless which one is not eye-opening!

But the neighbors in the neighborhood talk about these things every day, can the women in the family feel at ease?

Today, these scumbags were all arrested.

The two who were thrown over by the wine bottle let the two catchers grabbed and threw them into the ambulance like dead bodies.

Such small injuries are commonplace for street slips like them.

If you can't die, you'll suffer a bit of skin trauma at most!

The catchers are not soft-hearted, just let him take more.

Just as helping the neighbours who were bullied in the past, collect some interest!

"Shao Qin, I am the head Yan catching in our area, are you not injured?"

The commander arrested all the people and brought them to justice. Only then did Yan Catou find the right person, and stepped forward to curry favor.

Although it was just doing some ruffians, there was no big earth-shattering action.

But just because it was just doing some local ruffians, the boss gave the order directly.

Who exactly is it, the catch quickly doesn't even have the qualifications to know.

Anyway, it's a big person that you couldn't reach in the past...

This is enough to explain many problems.

If you don't know that you come up to cheat, the errand will be done.

"Yan catches his head, it's hard work!" Qin Yu also deliberately made friends with the other party.

The county magistrate is not as good as the current one, since the head of Yan is the head of Lixin's area.

There may be some use in the future.

You can't use a sledge knife to kill flies every time you encounter a small matter.

It takes time and effort, not to mention, the main reason is that the debts are too difficult to pay.

Fortunately, this time he was looking for Xu Hao, and the other party asked an elder who was good at home!

As Xu Hao's right to speak in the family gradually increased, these officials made good friends with the Xu family.

Naturally, take a high look at him.

Deal with some local ruffians, this kind of thing can be solved in one sentence.

They are also happy to help!

"Shao Qin, look at what's next..." Yan Catou blinked suggestively, seeing that the other party didn't respond.

I thought that this kind of noble son must have no idea about the channels below.

Since this is the case, Yan catches his head and decided to take a gamble, "There are several kinds of people who are locked in."

"One is to send in safely, and the other is to greet him and give him a long memory!"

"Look?" This is straightforward enough.

Yan Catou looked at him with eyes wide open, waiting for his reaction.

If this young man is upright, he will have to be reprimanded if he can't say he can't.

But if the bet is right, the other party will mention his name a little bit in front of the big man.

In the future, his career path, will it not be broader?

"Understood, what does Yan catch his head mean?" Qin Yu nodded suddenly, but did not directly express his position.

On the contrary, he looked at him with a smile, as if waiting for his active performance.

Anyway, it was just a reprimand, and Yan Catou boldly said: "Why don't you ask them to have a good meal?"

The smile on his face turned into a satisfied appreciation, "Yan Catou is really a smart person, then do what you want."

Such things as foxes and tigers will naturally be understood thoroughly by the people below!

Qin Yu didn't know what to do, and didn't understand.

Anyway, this kind of thing has nothing to do with him.

But if there is a chance, Qin Yu doesn't mind helping the other party with a few words.

After all, someone like him, who is both measured and smart, is put in the area as a catcher.

Qucai!

Everyone was squeezed into the car and tortured away The street was calm again.

Only the messy barbecue stall and the crying boss were left, the other side looked at Qin Yu, and wanted to step forward with a little fear.

"Come on, check out!" Qin Yu called the waiter over to settle the account.

He has a lot of points for how much Yan Er has eaten at this table.

As for broken things and rotten tables and chairs, Qin Yu wouldn't give a word.

The boss winked at the waiter frequently, but in desperation, the other party could only tentatively asked; "Brother, look at this broken thing."

"My brother was seriously injured here for at least 20 minutes in between. Did the store call the police?"

Qin Yu said a word, and the choking waiter was speechless.

Seeing the terrible expression on his calm face, the waiter shook his head in fear.

Turning his gaze to the boss, Qin Yu is not embarrassed to work, "Today, you better pray that our brothers are okay, otherwise, you won't have to open the stall.

Chapter 276: A blessing in disguise

The owner of the barbecue stall is not wronged, wronged!

Is it related to Brother Yu?

Irrelevant.

Whenever a conflict occurs, he calls the police.

Things didn't go out of control, and Yan Er and Dongzi were beaten like ghosts.

I can check out for him because Qin Yu understands that one yard goes to one yard!

Give money for meals, it's justified!

But this is the responsibility of the store...

As long as there is nothing serious about the two of them, and Yan Er and Dongzi don't hold them accountable, that's fine.

But if the two have some sequelae.

Don't even think about opening this stall here, because Brother Yu said it himself.

...

Yalan kept staring at him on the way to the hospital.

The more the big boy touches, the more he can't stop it.

Seeing his composure when dealing with problems left a deep mark on Yalan's heart!

Going up is the first to win, and then to calm down the opponent.

There is no ostentation and threats, instead, we should seize the time to send people to the hospital.

The priority is very light, indicating that he is extraordinarily calm.

Then he delayed the other party with words, and paralyzed the other party as a student.

Finally, when the catch is coming, everyone will be swept away.

Did he think about it the way he came, or did he use it temporarily based on the situation on the spot?

Thinking back to the details of every scene that happened before, looking at Qin Yu's profile.

Yalan feels more handsome as she looks at it!

Finding that Yalan had been staring at herself in a daze, Qin Yu asked curiously, "What do you think?"

The mouth is not controlled by the brain, and instinctively touches up and down: "I miss you."

...

"Sister Yalan, it's hard for me to say it so directly!" Qin Yu smiled jokingly, "Then shall we go to the hospital or the hotel now?"

"Bah!" Yalan blushed and said: "Who wants to go to the hotel with you?"

"Oh, it turned out to be just pure liking." Qin Yu said sternly: "Plato, I misunderstood."

After being molested by him again and again, Ya Lan just wanted to get started.

But her temperament and the tutoring she had received since childhood did not allow her to do so.

In the end, she could only squeak her teeth like a little girl with her cheeks bulging, and put her hands around her chest, don't turn her head and look out the window.

Ignore him in anger!

The urban beauty of the past, put on such a posture of a little daughter's home.

Silly...

Because it was night and there were not many cars coming and going, Qin Yu directly parked the car to the side.

Get off the car and go straight to the emergency room, "I just sent two young people, Yan Er and Shen Dong."

The nurse turned over the record sheet, "Yan Er has been transferred to the emergency general ward, and Shen Dong is still undergoing an examination."

Follow the direction of the nurse's finger and find the emergency general ward!

The two saw Yan Er lying on the bed, wrapped up like a zongzi.

"Puff~" Seeing his miserable look, he was still comforting Xia Bai who was sobbing on the bed.

Qin Yu couldn't help but laughed out loud.

"One pot, you don't pass the knife!" Yan Er's mouth was twitched at this meeting, and his words were straightforward.

When Xia Bai heard the sound, she wiped away her tears and raised her head shyly, "Brother Yu, sister, thank you."

It was Yalan who helped her put Yan Er in the car before, so Xia Bai will naturally not forget!

"Sit down, don't be so polite, the second brother is my brother." Qin Yu said, sitting on the side of the bed, "If you want to say that our relationship is closer than you, don't you think?"

Feeling Qin Yu's hand on his thigh, Yan Er nodded reluctantly.

The body was so strong that he nodded like a puppet machine.

Full of sluggish funniness!

Now let alone Qin Yu, even Xia Bai laughed.

Looking at the unscrupulous roommates beside the bed, and the ruined girlfriend and beautiful sister.

Yan Erqi rolled his eyes and closed them decisively.

Invisible and quiet: invisible, invisible!

Knowing that there is nothing wrong with him, all skin injuries, just rest.

Qin Yu asked about Shen Dong's situation: "How is Dongzi?"

Xia Bai, who was just still smiling, darkened, and tears were about to come out, "The doctor said that Shen Dong's condition is more serious, and he...this will be still undergoing an examination, and Yuyou is waiting outside."

"Ya Lan, you stay here first, I'll go take a look." Qin Yu turned and walked out.

After asking about the location of the examination room, Qin Yu turned to the corridor and saw Yang Youyou sitting on the bench by the wall.

"Youyou!" Qin Yu cried out as he looked down at the other party in a daze, "Has anyone come out?"

"Brother Yu!" Seeing the incoming person, Yang Youyou stood up and shook his head and said: "Not yet, I said it is necessary for further inspection."

"Why did Dongzi make it so serious?" He also saw the appearance of the two at the time.

Ordinarily, it should be Yan Er, who looks more miserable, and is more serious.

Why did it happen for a long time, but it's Dongzi?

"His body is weaker than the second brother, but he has to be strong, and he went up to help the second brother with a lot of feet!"

Thinking of the situation at the time, Yang Youyou drew tears in her heart with lingering fears.

After Yan Er was overthrown, Shen Dong rushed in with his anger.

But before he could move, he was kicked by a group of people.

This kid is also hard-spirited, seeing Yan Er being beaten so badly, his whole body is hurt.

He just hugged him and lay there motionless.

In the end, it was really unable to hold it, and was kicked down.

"He was beaten for several minutes. Xiaobai and I wanted to go in and help, but we couldn't get in anyhow!"

"Xiaobai is still injured, is she okay?"

Listening to Yang Youyou saying that Xia Bai was injured, Qin Yu was taken aback: "How about not seeing her? Then, you go back and have a look, I'm here to guard."

Yang Youyou returned to the ward and saw Xia Bai sitting on the side of the bed as if nothing had happened, "Xiaobai, have your wounds taken care of?"

When he stepped forward to pull her up, Xia Bai's face suddenly paled, and he made a 'his' in his mouth.

Cold sweat on my forehead!

Looking at the outer side of her right knee, the plaster wound was huge.

Yan Eryi suddenly sat up when she heard that she was injured.

The wound was so painful that he grinned, but he just sat up straight.

"Xiao Bai, are you beautiful, right?"

"You are so beautiful! Don't talk, lie down on you."

Xia Bai took a cold breath and pressed him back to lie down on the bed. Then he said to Yang Youyou, "I'm fine. I'll be disinfected later."

"How can it be okay!"

Seeing she stubbornly shook her head, Yang Youyou was anxious and angry.

The girl's leg is the second face. If there are scars, how can I wear a beautiful dress in the future?

"Xiaobai, you should know first, I am beautiful." Yan Erji's eyes rolled around and kept urging her.

Seeing her cold sweat, Yang Youyou ran out of the ward directly.

Call the nurse, and this is the end of the dispute between the two!

At the same time, Qin Yu in front of the examination room saw the doctor, "Doctor, how is my classmate?"

"The preliminary judgment is that the situation is not very serious, there is a slight concussion, but it should not have an impact, and the specific situation will not be judged until follow-up observation!"

Knowing that Shen Dong was in no danger, Qin Yu finally let go of his heart: "Thank you, doctor, for your hard work!"

After thanking the other party, Shen Dong was also pushed out.

Lying in the hospital bed, he was no better than Yan Er, and he was also tightly packed.

Speaking very neatly, and in the mood to play tricks, "Brother Yu, brother didn't shame you, right?"

"Nothing to become a hero..." Qin Yu said with a smile, holding his hand, "Brother, loyal enough!"

Surrounded by more than a dozen people, Shen Dong not only did not flinch.

Instead, he deliberately protects Yan Er, fearing that he will be injured too much, and completely disregarding himself.

On this basis, his brother Yu confirmed it.

"The patient needs to rest. Go to the ward to talk if you have anything." The nurse interrupted the conversation between the two.

"Yes, let's go back to the ward!" Qin Yu helped push him back to the ward, and Yang Youyou immediately surrounded him: "Shen Dong, are you okay?"

Shen Dong said with a smile on his face: "It's okay, I'm healthy, what can I have...Ouch!"

The wound on his face was pulled by the expression, and the hero instantly turned into a bear!

But the bear is just a bear!

Seeing that Yang Youyou surrounded him, hushing coldly and asking warmly, a heart is obviously hanging on his body.

Looking at Shen Dong's proud little eyes, UU reading www.uukanshu.com is afraid that this kid is going to be a blessing in disguise?

The nurse here also handled Xia Bai's wounds, and her body was trembling with pain during the disinfection, and she would sit on the chair next to the bed with a pale face.

"Remember to handle with care, never touch the water, daily disinfection is definitely necessary."

Yalan grabbed Xia Bai's hand and asked worriedly, "Will there be scars?"

"Whether leaving scars depends on her own physique and recovery. This is not true." The nurse shook her head, packed her things and pushed the car away.

As a woman, she naturally understands what it means to a girl.

The little girl is so beautiful, if there is a big scar on her leg, how will she wear a skirt when she goes out.

But this kind of thing has already happened, and it's useless to worry.

It really leaves scars, and it's better to have the conditions to go to the doctor.

Now that the technology is so advanced, there is always a way to solve it.

Chapter 277: Don't want to work hard

Lying on the bed, Yan Zongzi said proudly: "Xiaobai's life, I have contracted."

Xia Bai angrily said: "Who wants you to contract, that's it, I have a lot of people who want it, believe it or not?"

"Thank you, you are the one who contracted me!" Yan Er laughed at himself: "It's better like me, I'm afraid no one will want it."

"Who said that." Xia Bai immediately responded: "No one wants me to."

"Enough of you two." Brother Yu couldn't stand it anymore, so he sprinkled dog food.

Doctor, extubate it!

Several young people are talking and laughing, and they are energetic, which will inevitably affect other patients.

It is inconvenient to have a room.

Qin Yu found the nurse's desk: "Is there a private room? I want to transfer two friends over, and it's best to be able to accompany the bed."

Both Yan Er and Shen Dong had to stay in the hospital for a few more days due to their injuries.

The injury should not affect the lives of the two of them.

Brother Yu also broke his heart for them...

The quadruple room is gone, there is another triple room, and the rest are double rooms.

With a separate bathroom, a small TV, and a small sofa for people to sit on.

"This treatment is also very good." Shen Dong, who was transferred to the single ward, was quite beautiful, as if he were on vacation.

Yang Youyou is helping bring things here, like washbasins, towels, urinals...

"Cough!" Yan Er coughed unnaturally, and looked up at Qin Yu: "That, Brother Yu, or you and Sister Yalan go back first!"

"It's dawn, it's okay." Yan Er glanced outside, and the sky was indeed clear.

There were Xia Bai and Yangyou pomelo guarding, Qin Yu did not insist, "Okay, I just asked, the restaurant is open at 5:30, what to eat is very convenient, come back to see you.

"Brother Yu, remember to bring delicious food when you come." Shen Dong yelled, not forgetting to eat after a concussion.

Yang Youyou also patted him angrily: "Eat, eat, eat after everything is like this?"

"Oh, it hurts!" Shen Dong gasped pretentively.

Yang Youyou lowered her head worriedly and wanted to blow to him: "I'm useless, I'm going to see a nurse."

Seeing that she was really anxious, Shen Dong laughed and said, "I lied to you!"

"Shen Dong, you die for me~"

Qin Yu and Xia Bai greeted each other as if they were happy with each other.

Walk out of the room side by side with Yalan!

Xia Bai wanted to send them off, but was stopped by Qin Yu.

She has exhausted her legs to walk, and she is half wounded.

No matter how much tossing, I have to send it back to her in a while!

After getting in the car, Qin Yu looked at Yalan, who was looking tired, and asked, "Where to go?"

"Go home, it's not early, I have to go to the company after changing my clothes."

Hearing what Yalan said, hey, happiness is gone.

Qin Yu did not follow when sending people to the community.

If you don't have enough time, let's go home and wash and sleep!

Fortunately, Brother Yu also has a family here, but it is a pity that Shanshan is not there.

When Qin Yu was not here, Jiang Xiaoshan lived in the dormitory most of the time.

Occasionally I go to the Imperial Garden to accompany a lazy cat, and rarely come to live.

However, the room was very clean.

Didn't sleep all night, Qin Yu didn't feel sleepy either.

After running two laps, I took a shower before putting on clean clothes and going out.

Go to school first and report the situation of Yan Er and Shen Dong to the guide!

"How are the people? Is the problem serious?" Students at school fighting outside, this kind of thing can be big or small.

It depends on how the school is qualitative.

However, generally involved in this kind of thing, there is no way to get out of it.

At least I have to give a warning about criticism, which is light!

"If there is nothing serious about people, don't report to the department, just ask for a long vacation!"

Qin Yu also understands this kind of thing, as long as it is pricked into the ear of the leader, it will be fine.

As long as the holidays can be approved, they can handle other things themselves.

The assailant last night will not be able to get out every ten years.

Just thinking about Qin Yu's WeChat account, I received a message from Yan Catou, picture X26.

All the photos are close-ups, and everyone eats 'face, round waist and fat!'

The brawny man in the lead was given special attention.

It seems that there is no slight injury on the surface, but a few close-up photos of 'arranged to eat'.

Let Qin Yu understand that things are not that simple.

Sure enough, snakes have snake paths, and rats have rat paths.

Hades is so annoying, but the little devil is hard to deal with.

"Leave it to me to arrange this, so that they can heal their wounds at ease!" The instructor thought for a while and then said: "When I go to see them in the evening, you give me the address."

Qin Yu said a few words politely, and watched the instructor insisted that he did not dissuade him.

Just when I left, it seemed that the red envelope was accidentally dropped on the table...

Holding the red envelope and rubbing it, Shen Wanqian grinned and put the red envelope into his pocket.

Going to see the patient tonight, it seems that you have to buy something good.

After the matter is over, I can go to Xiaocui for a chat, saying that I haven't taken care of her business for a long time.

To say that this classmate Qin is really sensible, knowing that the tigress in the family is strictly controlled.

Instructor, I have a tight hand, hehe...

However, thinking of Yan Er and Shen Dong, the instructor was still a little scared!

If Qin Yu had to insist on poking it into the ears of school leaders.

One is counted as one, and none of them can be pleased!

Even his instructor has to be severely criticized.

"No, I have to go and have a look early, I hope it really does what he said."

The instructor was still a little worried, and the situation should be as good as Qin Yu said.

I was afraid that he deliberately concealed it. If the injury was too serious, Shen Wanqian would not be able to bear the responsibility.

Even if you are approved, you have to report to the department, find out in time, and solve it as soon as possible!

After Shen Wanqian thought carefully, Qin Yu naturally didn't know.

Qin Yu will just arrive at the dormitory now, ready to help Yan Er and Shen Dong pack up some things and take them to the hospital for use.

"Brother Yu."

After pushing the door, Hou Kun, who hadn't seen him for a long time, was in the dormitory.

LV jacket, Hermès belt, Gucci's white shoes, this suit is fancy.

Qin Yu nodded with a smile, and found that there was nothing to talk about for a while.

Hou Kun is the same, wanting to open his mouth and say something.

But I found that the strangeness between each other was so heavy that it was impossible to speak.

Seeing Qin Yu pull out the suitcase and pack Yan Er and Shen Dong's things, Hou Kun finally found the topic: "Brother Yu, I'll help."

"Yeah." Qin Yu didn't refuse either.

"What's wrong with you packing the things of your second brother and Dongzi?" Hou Kun asked curiously.

Qin Yu explained what happened last night in a simple and clear way, and Hou Kun immediately changed his expression: "Have you been arrested? Second brother and Dongzi are okay?"

"It's nothing serious, it's all skin wounds, but it looks pretty miserable!"

It has already happened, and there is no need to publicize and sell miseries everywhere.

Besides, fighting such a thing really doesn't make a face.

In today's society, only those with no brains make their fists, and those with brains are making money.

Who would run to punch his fist, it's ridiculous!

Yan Er felt this way, and he deliberately explained to him when he left. Don't tell anyone that he was in a fight and was hospitalized.

I can't hold it on my face when I say it!

If you don't believe me, just find someone to hold on and ask, now you're still holding your fist and prestigious.

How many are enviable?

On the surface, 'haha,' behind the 'mentally retarded'.

"I'll follow you to have a look too?" Qin Yu was stunned when Hou Kun said this.

What does it mean, "Go and see?'

Go if you want to go, don't go if you don't want to go, is it necessary to be so empty-headed?

Frowning, Brother Yu didn't say anything on the surface, and said lightly, "You can figure it out by yourself. If you are too busy, you don't need it. I have to send things over first."

"Okay, Brother Yu, go slowly, I will go to the hospital to see Brother Yu when I find time." Hou Kun smiled and sent him out.

Snapped!

Hearing the sound of the bedroom door closing, Qin Yu dragged the trolley box and shook his head before leaving again.

Just in his heart, he has crossed out Hou Kun's position.

This kind of person is not worthy of a deep friendship to waste time.

This is true for Yan Er and Shen Dong today, and it will be the same for others tomorrow.

Judging from his outfit it should be a rich woman.

To be honest, Hou Kun looks good, a little bit obedient and obedient.

It is the type that the rich lady likes.

but.....

Judging from the experiences and changes he talks about, is it going from one extreme to the other?

"Why do you want to do so much, what do you do with me?" Brother Yu laughed at himself, put his luggage into the co-pilot and left.

Turning around and about to leave the school gate.

Qin Yu saw a Maserati parked across the street, and the aunt in the cab was graceful and decent...tons.

Hou Kun ran out of the school gate with a smile on his face, sat in the co-pilot and offered a kiss.

The aunt patted his little white face with satisfaction, and stepped on the accelerator to leave.

Brother Yu was dumbfounded: "Auntie, skilled in business!"

Chapter 278: The little anchor is going to show off

When I arrived at the hospital, both Yangyou and Xia Bai were not there.

Looking at the distressed brothers on the bed, Qin Yu asked amusedly: "Are you two abandoned?"

"Xiaobai and Yuyou have gone for a meal, and will be back later." Shen Dong said.

Yan Er vomited: "Brother Yu, are you jealous? Are you jealous?"

"Just tell me, Xu Xixi is still waiting!"

Qin Yu put his suitcase against the wall and responded: "Envy, you are afraid that you don't understand Brother's loneliness."

Brother's loneliness means that there is no time for loneliness.

It's packed full every day.

Yan Erzhang was dumbfounded and threw up!

Do you want to be like this, can you still be friends?

Thinking of the scene he saw at school earlier, Qin Yu felt it was better to say hello to the two of them in advance.

"Monkeys have their own ideas, what will happen in the future, you two figure it out by yourself!"

Hearing what he said, Shen Dongji said, "What's so easy to figure out, I don't know it anyway."

It's nothing to eat soft rice, these days, laughing at the poor and not at the prostitution!

But my brother is hurt like this, you don't even look at it, what else can you say?

From now on, I don't know each other, I don't know if I nod and smile when I meet, and I just go straight.

Yan Er was full of disgust and didn't say a word. Judging from his appearance, it would be a pain all over his body if it wasn't for him.

Must spit fiercely on the ground.

He despised this kind of little white face that relies on women for food.

Shadows of the past.

Don't ask, ask is machismo!

"Brother Yu." It was Xia Bai and Yang Youyou who returned from dinner, and the three of them stopped mentioning the word Hou Kun.

Knowing that Qin Yu is coming to give things away, Xia Bai will buy food for him as well.

Qin Yu refused: "Farewell, I have an appointment now, time is in a hurry!"

Pulling open the sleeve bowl and pointing to the watch, Qin Yu walked out jokingly.

"Brother Yu, when can you divide the time?" Xia Bai also responded jokingly, wanting to probe his tone.

Xu Xixi, the hopeless little Nizi, knew that he was in love with a sea king.

Just about to plunge in, hit the south wall without looking back.

"Have time!"

When going out, Qin Yu happened to meet the instructor Shen Wanqian.

Then he took the other person to the door of the ward, and Qin Yu drove home.

...

One Sea View.

The little anchor is preparing for the evening live broadcast, but today is the highlight.

The annual peak race is only three days away from the end.

So far, other anchors have been very popular.

Only the small anchors are not tepid, only a group of their own fans paddling, standing in the sun, and salting fish.

This is quite in line with her previous style, the same Buddha style salted fish!

Cao Jiajun's barrage is unparalleled, but if it is replaced by cash...

Come, come, brush a wave of free gifts, the original underground line.

The two met in the garage. Today, Brother Yu will be a guest of mysterious guests.

The shooting location is also different from the past!

Yaju Villa, Yalan's private property.

"In the wealthy and wealthy old Hudu district of Hudu, it occupies such a large yard and built it into a private elegant garden."

"Anyway, I have been limited by poverty, and everyone has the ability to continue to play..."

"Today, I still want to thank our mysterious guest."

"Otherwise we won't even be able to get in!"

The two wooden doors opened inward, and the old courtyard was exposed in front of the camera.

The camera zooms in from far away, and finally passes through the ancient wall and wooden door and enters the small courtyard.

The emerald green pine wood stands in the center of the Bieyuan, with a grainy outline on the surface.

Suddenly, he is telling the world that it belongs exclusively to the romance and glory of Lao Hudu.

The grass is faint, and the ethereal guzheng sound seems to come from outside the sky.

A small courtyard, a world!

"This is really beautiful!" The little anchor was completely immersed in the historical atmosphere of the ancient building.

The same goes for the audience in front of the live broadcast room!

It wasn't until the little anchor sighed from the bottom of his heart that he swept the screen frantically: "Fuck, what kind of fairyland is this? "

'If I had such a yard, I would stand in the yard for bathing! '

'This is too beautiful, isn't it? Who saw the koi under the bridge? '

'Fuck, the brass bell under the eaves is so flavorful, it's so pretty! '

"Now let's go to the box first!"

There is no private box that Yalan likes the most and has the best view.

But at a 45° angle, diagonally opposite the scenery number two box.

Opened half of the sliding door facing the yard, a small wooden table with low legs, burning stones in the copper stove, and antique-colored hip flasks placed on it, and the two sat cross-legged on soft cushions.

"Do you think that wearing a set of ancient costumes, we seem to travel back to ancient times through time and space?"

Wang Hong zoomed out and aimed at the two people drinking in the room.

It's a pity that Qin Yu's figure is behind half of the closed door, and fans can only see his gesture of reaching out.

'It's so beautiful, I really want to go! '

'The taste of the anchor is getting better and better, and the circle is getting bigger and bigger. '

'I have a monthly salary of 3000, why do I have to bear this? '

'The road ahead is long, **** it. '

'I have a wish, can I tell it? '

'Xiaoqiao Bieyuan, the beauty is by the side, I and Chongzhi, 800 per hour, so wet and so wet! '

'Chong Chong Chong! '

'The Cao's Army Pioneer reports, the Charge horn blows, slaps. '

Seeing that the building became more and more crooked, the little anchor used a bamboo clamp to pour the wine in a jug, "Let's try the warm rice wine here first!"

"Drinking rice wine and eating crabs in autumn and winter are also a major feature in Hudu!"

"However, it is said that in the last century, crabs were only eaten by poor people, and those fishermen who could not afford to eat, refugees would go to the river to fish for crabs."

"Soak it in the pot with sea water, boil the whole stick and bring it to the stomach, every day, some people are vomiting!"

After hearing the funny stories from the little anchor, the fans brushed '666' neatly

'I can't afford to be eaten by crabs, I'm not as good as a refugee? ? ?'

'Not as good as a refugee +1. '

'Not as good as refugees +2. '

The neat barrage was brushed up, and suddenly someone disrupted the formation.

'Ask what watch the male **** brings? pretty. '

As soon as the barrage came out, 'Understand the Emperor' immediately began to popularize science.

'Patek Philippe's black starry sky, a new generation of watch king, 6002G, there should be only such a piece in China. '

'Rich? '

'How much money is the same? '

'What the boss said is correct, I'll talk about the price, it's probably a house in Hudu! '

'Fuck, I'm so cracked. '

'I was humiliated at work, humiliated at eating, and now I'm still humiliated by watching the live broadcast? Can it work? '

'It's very hurtful and very insulting! '

'Little anchor, let the boss say a few words. '

'Male god, male god, please live broadcast of male god. '

'Ghosts have to watch some small anchors, we want male gods. '

'I'm going to listen to the **** voice of a male god... I'm getting wet when I think about it! '

The little anchor directly ignored him, trying to seduce his boss.

Don't look at how many cannies you are. If you are beautiful, have a good body, and work well, can you act like a baby?

Carry it clearly, OK?

"Boss... Well, our mysterious guest, do you have any recommendations?"

'666, is it okay to cover your ears and steal the bell? '

'My hurt brother is not worthy to appear, the little anchor flies up. '

The atmosphere in the live broadcast room was good, and Qin Yu asked the waiter to recommend it according to today's menu.

Have been here a few times and the dishes that go with alcohol here are very good!

The plate is exquisite, the taste is unique, and it is eye-catching.

The focus of the live broadcast room is still food. As soon as the side dishes came up, the little anchor focused on the dishes Mixed cold crabs, this dish with rice wine is a must!

When the anchor is on the right track, the storm is on the line again.

Welcome to the emperor of wind and rain to the live broadcast room!

As soon as I entered the live broadcast room, the barrage had not yet come out.

The super fire of the full screen is directly brushed up.

...

Wind and rain nights hurt people and present the anchor Drizzle Silent Super Rocket X100.

The starting point is 100 shots.

200,000.

Slap~ no more!

Wind and rain hurts people at night: 100 super hot warming scenes, welcome everyone to the live broadcast room, and support our little anchor!

The little anchor glanced at Qin Yu and smiled sweetly: "Thank you, our boss, the boss is so handsome!"

The two wanted to conceal their love.

Let the fans in front of the screen fill their mouths with dog food.

Can't swallow, can't vomit.

Don't mention how uncomfortable!

'200,000 warm up, I'm so sick! '

'Brother, are you new here? We are all used to vomiting. '

'This is not a basic exercise for eldest brother? ? No six, sit all! '

'Brother Hurt has finally come, I thought the little anchor was cold! '

'Cool, I want to fart! Waiting will explode all the way and go straight to the first place. '

'Chong Chong, hurt my brother!'

'Wait for the little anchor to explode all the way, I really want to see the current expression of the anchor on the list.'

'Thanks for the invitation, the person's face has turned blue in the Albino Shark live broadcast room!'

The little anchor rushes, the boss is mighty!

Chapter 279: break the record

In the Albino Shark live broadcast room, this would have been vomiting and could not stop.

"One hundred super hot, I really vomit!" The albino shark frantically complained to the screen.

This year, with the protection of the trade union, the albino shark has also given out several million.

He also greeted the other anchors and wanted to be re-elected as the top ten, and completely settled his position as the first brother in the division!

Originally, the most worried thing about the albino shark was the silent drizzle.

But after the war started to find that she had been quiet, the Albino Shark was quite puzzled, "Could it be that I had a fallout with Big Brother?"

This is a good thing for him, the albino shark was quite proud of it.

Unexpectedly, watching the event is about to end, other anchors, including the baby, said that they would not compete with him for the top spot.

Suddenly, the wild brother came.

"Brothers, let me tell you that this year's number one is set, and I will tell the union."

This will be vain in your heart, and you can't show weakness in face!

Your anchor takes the initiative to admit counsel, and fans just want to support it, but they don't have the enthusiasm.

Whose money is not money?

Although it is approaching the end of the year, many people have settled the final payment and made a big deal!

But someone has to take the lead to stimulate consumption.

Albino Shark is now discussing with the union operator, what should we do next?

Brother Operation Hao said: "Don't mess around, let's take a look at the situation!"

The eldest brother who blew himself up to the sky went to the sea, and there were a few who could survive to the end.

The other party hasn't even touched the side of the top ten anchors now, and the albino shark panicked first. What is this called?

"Let him enter the game first!" Brother Hao made a final decision.

When the small anchor breaks into the top ten anchors, let's talk about how to deal with this matter.

With what Brother Hao said, the albino shark was really relieved.

"Okay, then let's..."

Before the words were finished, the special effects banners were convulsed one after another.

A full 500 banners floated by, and the platform was stuck in a freeze state.

The live broadcast room of the small anchor, this meeting is about to be overwhelmed.

With 160 million popularity, the small anchor will be directly recommended on the homepage.

Entering Douya, the picture that pops up is directly the small anchor, a drizzle and silent live broadcast room.

There is no one in this set of noodles!

500 rounds of fidelity tiger shark, this is the actual 5 million.

The little anchor was particularly calm in the live broadcast room. In addition to thanking the boss, he introduced the gourmet scenery of Yaju House.

The small anchor did not point out the specific address deliberately because it was inconvenient to disclose.

But there are many fans, according to the driving route and the surrounding environment, the building layout.

Calculate the approximate location!

I have to say that there are still a lot of great gods on the Internet, that is, there are too many talkatives.

Confused, and ruined the reputation of netizens!

"Small friends, don't just get the gifts, don't just get them, you can't let the big brother go alone, right?"

The little anchor also began to mobilize the emotions of fans, and all kinds of small gifts filled the screen!

Seeing that the heat value began to fall, Qin Yu felt that the time was almost the same.

In the group chatted with Zhuzi brother, ready to do another wave!

If you want to top the top ten anchors of the year, 5 million is not enough.

This year's major sectors have basically continued to last year's list, why the big changes.

But the competition is much fiercer than last year.

After all, Douya hadn't formally merged back then.

Today's Douya can be said to be a dominant player in the live broadcast industry, with a single platform.

It accounts for 75% of the traffic in the entire live broadcast industry, with a staggering 120 million users.

Daily activity remains above 5 million.

This data must be mixed with water, but even if it is mixed with water.

Its user scale and daily activity are also enough to impress the industry and attract countless investments.

Nowadays, when we talk about live broadcasting, the first two words that come to mind in people's minds are 'fight teeth!'

Although there are still many platforms alive, they are actually the same as dead.

The rules of the entire industry and top customers are all in the hands of Douya, not a monopoly, but in fact it is already in a monopoly position.

Not to mention that this is within the live broadcast industry, even outsiders can see it.

Therefore, the gold content of the top ten anchors of Douya is different from the past!

As the first annual selection of the top ten anchors, its particularity cannot be compared in the future.

Except for their own salted fish, the anchors who want to compete are in the best condition.

This year's top ten anchors, the last one is currently 97 million.

With the small anchor's less than 60 million heat, I haven't even touched one side!

Brother Zhuzi meant that the first place must be contested.

Qin Yu Haikou praised, no matter who it is or how much he wants, Cheng Xiyu must be the first one.

However, the rhythm must be properly controlled.

In order to maximize the benefits of publicity, the card owner must have several time periods when the number of people on the line is the largest.

It starts at 7:45 and ends at 8 o'clock, 9 o'clock, and 10 o'clock, the whole hour.

It is the time when the number of people on the line is the largest.

Especially at 10 o'clock, it can be said that it is the peak moment of the number of people on the Douya platform.

Qin Yu said that 100 super hot warm-ups were not exaggerated at all.

The show has just begun.

At 8:55 in the evening, neat banners floated again.

The fighting tooth platform started to appear stuck again, but this time it was quickly repaired.

The technicians who came home from get off work were called back to the company.

The next thing they need to do is to make every effort to ensure the network stability of the platform.

And give priority to ensuring the status of the live broadcast room of the drizzle silent anchor!

Wind and rain nights hurt people and present the anchor Drizzle and Silent Tiger Shark X1, the treasure of the sea is waiting for you~~

Wind and rain nights hurt people and present the anchor Drizzle and Silent Tiger Shark X1000, the treasure of the sea is waiting for you~~

It took more than half an hour just to wait for the banner to float!

The entire platform, whether it is the anchor or the fan audience, is all dumbfounded!

Is this on and off?

Is there such a spender?

Brother, if you have a lot of money, you might as well give me some charity.

What's the point of rewarding the anchor, she will do it all.

She won't, as long as the elder brother thinks, I can also...

It's a pity The hurting brother only loves the small anchor.

With the end of 1000 Tiger Sharks, the ranking of small anchors directly entered the top five of the top ten anchors of the year.

It happens to be in fourth place!

Among the top three, the first is the albino shark with 210 million heat.

The second is the baby, with a fever of 180 million.

The third is the cold face girl, the big anchor who has the best looks in the area.

There are more than 20 big brothers on the list with 170 million popularity.

The popularity of the small anchor is very close to her, and it has reached an astonishing 160 million.

In the live broadcast room, the barrage is stuck and cannot be displayed normally.

According to Wang Hong's prediction, the number of real active users in the live broadcast room is at least 15 million.

With the addition of robots and water injection, the popularity of the live broadcast of the small anchor has exceeded 200 million.

It broke the 170 million heat record created by the baby, and also broke the record of the highest number of online people in the entire live broadcast industry.

Regardless of what happens in the future, it is just a record of the largest number of live online.

It can make the little anchor popular for two or three years!

Don't underestimate these two or three years, you can make at least a few nine figures if you do well!

It's not a matter of small goals or something.

Luxury cars, luxury houses!

Higher-end circles and better connections and opportunities will all come oncoming.

At this time, I don't know how many anchors are completely jealous.

I can't wait to crawl out along the network cable and choke the little anchor to replace it.

If this were my own words, it would be so good. After tonight, I don't have to worry about eating my money for the rest of my life!

Chapter 280: Hot discussion across the network

Fight teeth!

There is only one topic that is hotly discussed on the whole network: silent drizzle and wind and rain hurt people at night.

The most discussion about the little anchor is naturally her salted fish time!

Various backgrounds are popular, and the history of desolation before the highlight.

Pulled out by all walks of life to repeatedly spur others, including fans.

There are also many trade unions concocting a pot of delicious chicken soup based on the personal experience of the small anchor!

It is specially used to brainwash young girls who have just entered the industry.

It's said to be pretty easy to use...

I hold in my heart: The next drizzle is silent, my eldest brother joins the ranks of Internet celebrities with a mindset of liking the new and hating the old!

Yes, eldest brother loves the new and dislikes the old.

But you don't take a pee and look in the mirror. Is your virtue worthy of it?

Living in high-tech photo tricks all day, people are ruined!

In the live broadcast room of the small anchor, the number of tourists far exceeds that of fans.

I can't stop the noise, 'I'm here to see Big Brother, keep going!'

'This is not fourth, don't stop, keep going!'

'Is this big brother from a union? Is anyone really stupid enough to charge so much money?'

'Big brother's happiness, you know what a fart, I'm willing to trade 10 years of life for 1 night!'

'Who wants this fate? Anyway, I don't want it anymore. Just let me be the eldest brother for one night.'

The forest grew, and all kinds of weird birds appeared.

The hostility in the live broadcast room gradually increased, and the three super pipes hiding in the room began to mute and title.

The little anchor is a beautiful girl tonight!

The sensation and influence caused is not limited to the Douya platform, you can see it by looking at the background data.

At present, the number of online active users on the Douya platform has reached an astonishing 3000+.

This number directly refreshes the real online record of Douya.

It is naturally incomparable with water injection. The official daily active number of Douya officially announced is 50 million+.

This can also deceive fools and laymen!

Let alone peers and investors, even the internal employees of Douya don't believe in themselves!

It's just that it doesn't matter whether they believe it or not.

As long as the leeks believe it.

In the end, it's still to make money and cut leeks!

Everything else is secondary.

With 30 million+ real data this time, the report at the end of the year must be revised.

The highest number of daily active people exceeded 80 million...

It sounds like that's the case, why don't you add more, 90 million? ? ?

"Big brother said, let's go on and be number one tonight." The little anchor finished speaking to the camera, and turned his gaze to the opposite side again.

In Wang Hong's lens, only her beautiful profile can be recorded.

A few strands of falling hair add a hazy beauty to her, coupled with the surrounding scenery and the melodious guzheng.

Absolutely!

Many tourists who just came in thought they were crossing.

This anchor, this sentiment, this scene, this person.

The oncoming antique charm gives people a sense of impact from watching the Warring States blockbuster.

'What does the anchor broadcast? Why can't I understand? '

The new visitors really didn't understand, so Douya is now entering the film and television industry, ready to make a blockbuster?

'Gourmet, the little anchor is an outdoor gourmet anchor, a foodie! '

'My Gan, is this a food anchor? '

'I'm lost, this is the outdoors? '

'I'm sorry, are all outdoor foods so tall now? '

'I have a monthly salary of 2500, how can He De get this live broadcast. '

'Don't pretend the ones upstairs, this is not the homepage, just click in? '

'Upstairs: Oh oh, forgot, I made a scene! '

'I'm not worthy {cover my mouth desperately so I can't cry}'

'I do not deserve! '

'I do not deserve! '

'I do not deserve! '

Without the hostile speeches, a group of people began to paddling neatly again, and the atmosphere was particularly good.

The two of them each made 10 shots of super fire, which is considered to have done their best!

The little anchor is envious of the couple who have moved from the Internet to reality and live only live broadcasts of their own happiness every day.

Their fans are also very good.

Not much consumption, but they are all very friendly and smart.

Most of them are mature and financially independent adults.

The two couples have held fan meetings several times, and they all get together to eat, sing and sing.

From the anchor and the fans, they become friends.

Particularly interesting!

Unlike some fans, the mad dog mode is turned on with a 'key to'.

Just throw up!

'This anchor is so realistic that he will lick it when he sees the traffic. They are all dogs?'

A new visitor found that the other party was also an anchor, and began to mock the doll couple to rub the traffic.

He can't speak well, just like eating Xiang Xiang.

'I'm a husband and wife, and broadcasting the live broadcast is purely a hobby. I'm good friends with the little anchor. Don't spit it if you don't understand!'

'Killing, MD has a headache looking at it, go home and show superiority with your parents.'

'Then you can't be flanked by left and right, mixed sex?'

'Sorry, it's my son up there, I didn't teach it well, I'll take him back to fight with his mother now!'

'I'm a godfather, give me a few more shots.'

'The **** is here, and I have to wash my mouth with the toilet.'

I thought I licked the anchor's G spot, but it was actually a clown!

In a blink of an eye, I was slapped in the face by the old fan of the little anchor, and...

Jian Xian looked happy, is this someone trying to provoke himself?

I picked up the keyboard and was about to play a song of 'the Eighth King's chanting,' the interface displayed 'your account has been banned!'

...

"Thank you, Mr. and Mrs. Wawa, our boss said, I will return the gift later!" For such a small episode, the little anchor just didn't see it.

I don't know how many such farces will happen every day, but the best result is to ignore it.

Naturally, there will be super-managers, house managers and fans to deal with, she just needs to stay outside and make good content.

Yintian doll: "No need, no need, our husband and wife are just talking about our feelings, brother will be the main force tonight!'

The cloudy baby doesn't want to be used to the rhetoric of traffic.

Their husband and wife are salting fish tonight, and the little anchor is so hot again, and the relationship between the two parties is good.

Then I came to the ward round to have some fun for the fans. I really didn't intend to get too hot.

If you want to rub, Yuntian Wawa and the baby know each other in private.

The relationship is pretty good!

Before the little anchor is out, he can find the baby to take the rhythm and make his wife become popular!

As for having to wait until the little anchor is on fire, do you come to rub her traffic?

Wind and rain hurts people: 'I'll play the ranking first, and I'll talk later!'

Cloudy Baby: 'Okay, I'll take care of my eldest brother first, look up to my eldest brother to take off the list!'

Sunny Baby: 'Brother hurt, come on, the drizzle is about to take off.'

Qin Yu smiled when he saw the barrage, and opened the list to check the popularity of the above few people.

Xu is because the little anchor rushed too hard, and all three of them felt a sense of crisis.

The popularity of the cold-faced girl has reached 180 million.

The baby is the most innocent, shouting in the live broadcast room: 'Don't fight, let's not fight, the ranking is arbitrary!'

The fans and the eldest brother on the list were stunned to disagree, and directly drove him 200 million enthusiasm.

The baby was helpless, "You guys are doing this, you want to fight me! Then fight!"

Now, he can't fight if he doesn't.

The fans are so enthusiastic, you have to keep pouring cold water, how can you support them in the future?

"Say okay first, everyone don't rush, brush the free gifts, I will fight it myself!"

Fans are asking how much he is planning to use.

If you are ready to paddle casually, fans will not agree.

The yellow robe is added, the baby is also domineering, bluntly put out 10 million to fight I took 10 million out~ Ouch, I feel so distressed, how long will I have to broadcast to earn this money. "

"I tell you, don't dare to let your sister-in-law know, otherwise you have to worry about me!"

The baby was held up by fans.

Albino Shark is actively finding a union and must be able to get it.

After planning for more than half a year, a big brother can't suddenly appear and just give up.

Wasn't all the money spent before that was spent?

The first and second are only one difference, but the effect is worlds apart!

"Brother Hao, I am definitely going to go, how much can the union support me." The albino shark had the experience of being pitted once, and this time he will definitely not make any mistakes again.

"Let's talk about it first, there are as many as there are, let's not make a fuss!"

Seeing that the albino shark said so straightforwardly, Brother Hao didn't play a cover here: "The union can spend up to 5 million. You know the situation."

The trade union has just eased relations with the albino shark, and it is when he has a strong ability to attract gold.

Naturally, I didn't want to fall out, and both sides showed the utmost sincerity and tried to keep the first place.

That's right, just fight for it!

Judging from the previous performance of the wind, rain and night hurting people, the other party is really fierce, and it is true.

15 million that means throw it away, without even hesitating.

Damn, who said the wild brother was short and soft before.

This will stand up, say it again, let me listen?
