Chapter 61: Shao Qin, the underside of your seat is dirty

Settings

It was almost noon, everyone had a good time running on the track!

Among them, the 911R has the highest appearance rate, and one of them is counted as one, and I haven't let it go!

Xu Hao is also guaranteeing to learn like Yang Chengjun and get permission after he doesn't do any pornography!

"This guy has so many honey operations, I'm really afraid that something will happen to him."

Li Xiao explained to him why the requirements for Xu Hao are extremely high.

It's really that this guy has too many sorrows, and it's hard to guard against.

Just like last time, I watched a commercial and learned how to drift backwards as a professional driver.

good!

One direction, 咚...it fell off the ditch.

This kid bought a ticket that night and ran away, for fear that he would break his leg late.

After spending half a month outside, he was willing to go home.

Actually, if the credit card hadn't been stopped, he felt that he could still spend another half a month.

Fortunately, he didn't engage in any sorrows this time, and he ran a lap honestly.

gave Qin Yu the key back with a sad expression.

Not fun!

The feeling of being unable to get in or out is too uncomfortable...

"It's almost time, withdraw?" Li Xiao glanced at the time, and the time for the charter was about to come.

"Pujiang Mansion, pick up the dust for Brother Yu!"

Yang Chengjun said decisively, he has already arranged it here.

"Shao Qin, should I call Wanxing too?" Li Xiao suddenly mentioned before getting into the car.

Brother Yu Yu's heart shook, and his expression calmly said: "Okay!"

Don't panic facing your uncle, just come!

Brother Yu is on the line, sitting upright.

A promising young man with all around the world, afraid that a girl won't make a movie?

After a while, Li Xiao hung up the phone and said regretfully: "Wanxing has a big class in the afternoon and can't come."

Qin Yu raised the corner of his mouth, and said regretfully: "It's a pity..."

"Are you going to eat?" The co-pilot and the little anchor were adjusting their collars.

The button broke, and the heart became a V-neck, and I didn't tidy it up... it's too white.

"Ok?"

"You men have dinner, I won't go there, I will broadcast it in the afternoon!"

The little anchor didn't want to disturb the men's gathering, and heard him personally admit that he was a girlfriend.

has been enough for the small anchor to be happy for a whole year.

As for where they go to play after eating, men go out to socialize and socialize, that is not the usual thing?

Besides, the little anchor is very confident in himself.

She had herself waiting at home, she didn't believe that Qin Yu would go out to hunt for wild food.

"Okay, I'll take you back."

Qin Yu called Xu Hao. Everyone had exchanged numbers before.

"Mouse, I'll take my girlfriend home and go there again, and change the car by the way."

"Okay, Brother Yu, I will send you the location." Xu Hao expressed his understanding, although super running is cool.

But the daily posture experience is not so good.

Not to mention the "cut corners," mechanical monsters like the 911R that have no comfort at all.

Seaview One, the little anchor came in and unbuttoned his jacket, revealing a fascinating waist, "It's so hot!"

With his feet cushioned, the soft devil's waist leaned back slightly.

The little anchor smiled and said, "Big brother, I bought a lot of clothes online."

"Uniform, cheongsam, black silk covering the hips... and a small apron!"

The little anchor slid his fingers on both sides of his crotch, "No matter what you want, you can do it!"

"You goblin!" Qin Yu spit out amusedly.

Had it not been for Yu Ge to be young and promising, he had already called by now.

"Leave 911 for you, the live broadcast will be better, and you will perform well."

waved a big hand, slap...

Brother Yu was bounced back in an exaggerated manner.

leaned forward and back together while the little anchor smiled, and left in the farewell that was straight up.

went downstairs to the parking lot, the elevator door opened, "Mr. Hu, please be respectful."

"Miss Wang, it is very hard to live alone in Hudu, I think you know it."

"In this way, I will give you 200,000 per month..."

"I don't need your money, please leave."

Hearing that the other party was talking about business, Qin Yu didn't want to be nosy, and planned to drive away.

But he suddenly realized that the voice seemed a bit familiar, "Sister Wang?"

went around the pillar and looked forward, it was not Wang Hong who was entangled.

"Shao Qin." Seeing Qin Yu, Wang Hong quickly got rid of his greasy bald head and ran over.

"Why went underground to talk about business?" Qin Yu said jokingly.

Wang Hong's cheeks were reddish, and he glanced at it white, "The client asked me to get the information..."

Mr. Hu was her former client, and told her that there was something wrong with the information, so she took it back to the company for inspection.

When Wang Hong arrived at the garage, he knew where there was no information.

The other party asked her to take a hot red soldering iron...

What happened next, Qin Yu had already heard.

"Young man, do you live here too?" Mr. Hu walked over with a smile.

His words are very polite, but his actions are very vulgar.

"Old gentleman, the pick-up girl is not like you, deduction and search, can the girl agree?"

Qin Yu took out his bank card and drew his wrist back.

"Sister Wang, buy yourself a house, I will live in when I have time, and try your craft."

Wang Hong's eyes lit up, and with a shy young girl, he took the bank card with two fingers.

"Qin Shao, they are not only good at craftsmanship, but also good at technology!"

噗...

Brother Yu vomited.

I save you from fire and water, will you add fuel to my fire?

The fire aroused by the little anchor just now became even more prosperous.

"Get in the car." When the car lights came on, the bald and greasy man looked at the five nines hanging in front of the car.

backed silently, nodded to the two of them, and left calmly~www.mtlnovel.com~Young people, don't talk about martial arts!

A man at this age is the most realistic. It is irrational to make enemies for a woman.

Especially like Qin Yu.

Lived at Seaview One and drove five 9 Palamela GTS young people.

It was when I was young and vigorous, I could do everything.

A woman who didn't get it, it's not a good deal...

As long as you have money, are you afraid of not finding a woman?

Although there are not many women like Wang Hong who have good body, looks and temperament, they can still be found.

"Shao Qin, thank you." Wang Hong returned the card to him, knowing that.

Qin Yu took the bank card, turned around to take the bag, and found that his leg sank.

"Qin Shao, the underside of your driver's seat seems to be dirty. I'll clean it up for you."

looked at Wang Hong, who put his head under the driver's seat and carefully cleaned up.

Qin Yuxin said, 'It's really hard work.'

Pujiang Mansion, Qin Yu drove to the Yingbin area with a big par.

"Sir, welcome to Pujiang Mansion!" The car stopped in front of the mansion, and the white gloves opened the door.

Wang Hong, who had just finished cleaning, sat upright before the car door opened.

The white glove expression was startled, and he trot quickly around the front of the car and pulled the car door, "Sorry, ma'am."

"It's okay, wait for me." Wang Hong opened the makeup mirror and carefully patched up the lipstick that he wiped off.

then jumped out of the car and walked outside the mansion, "Qin Shao, when you need to clean, remember to find me."

Looking at Wang Hong waving his hand to the distance, with a lovely smile, Qin Yu was deeply moved for a while.

So, if someone is handsome, how active is Miss Sister?

The answer is ready to come out.

walked towards the box under the guidance of Miss Yingbin.

The white gloves outside the door, still looking at the back of the exit, his mood was so complex that he couldn't speak.

can't figure out how, what exactly does the goddess picture?

.....

Wangjiang Pavilion.

Qin Yu walked into the box, and everyone was seated.

"Brother Yu, here." Xu Hao said, pointing to the position close to the left of the first place.

"So polite?" Qin Yu joked.

"Today you are the protagonist, and the army will give you a banquet."

Li Xiao, who was sitting at the main seat, said, and ordered the waiter to serve the food.

"My girlfriend sent home?" Li Xiao asked.

"Well, she has something to do this afternoon!" Brother Yu sits firmly on the mountain, the enemy does not move, I do not move.

asked, just simple, don't understand!

"If I want to have a girlfriend like that, I have to take it with me wherever I go!"

Ge Qing whipped up the wine, "Qin Shao, I welcome you on behalf of Hudu."

Ge Qing is upset, what can I do if I just drive better?

As for Brother Yu, is Brother Yu called?

唰!

The atmosphere of the whole venue instantly solidified, and Li Xiao's face sank.

"I don't dare to let Hudu welcome you, just ordinary citizens."

On the contrary, it was Qin Yu, who replied with a smile.

The other party is looking for fault, a foreigner, and in less than half a day, he will get along with his friends in the circle.

No one feels comfortable, especially Ge Qing, who feels that he is marginalized.

However, even if I feel uncomfortable, I shouldn't have made everyone's face.

Today's venue is organized by Li Xiao, and Yang Chengjun placed the table. Aren't you hitting them in the face?

"Ge Qingtou, who made you represent Hudu? Are you not the same as the international style, trendy men?"

Han Hu smiled and interrupted, pulling Ge Qing to sit down again.

Ge Qingtou deserves to be Leng Qingtou, there is nothing to say in private, what kind of prestige is playing here.

Brother's platoon, the army's place.

Do you represent... a basket?

"Let him say, I want to pick up the wind from Brother Yu, do you have any comments?"

Yang Chengjun looked at Ge Qing blankly. He admired Qin Yu's driving well.

how?

If you are not convinced, you can skip this meal. What kind of wild you are here?

"What can I mean!" Ge Qing mumbled unconvincedly.

Facing Yang Chengjun, he really didn't dare to scream.

The big fist of the casserole, have you survived?

"Cough."

Li Xiao cleared his throat and got up with the wine glass in his hand and said, "Come on, let's welcome Shao Qin together."

"Welcome to Shao Qin (Brother Yu)."

A glass of wine blocked everyone's mouth, sat down again, and the dishes came up.

"Pujiang Mansion's dishes are not inferior to the state banquet, try it!"

In order to avoid another moth, Li Xiao brought the topic to the dishes.

"Come on, move the chopsticks together!" Qin Yu greeted with a smile while holding up the chopsticks.

Placed in front of him is the Dao Crystal Shrimp, which looks crystal clear and very beautiful.

picked up a shrimp and put it in his mouth, Qin Yu praised: "It's delicious!"

"Just like your appetite, try this Eight Treasure Duck and White Chicken, these are all famous Hudu dishes!"

Under Li Xiao's enthusiastic greeting, everyone forgot their previous unhappiness.

Qin Yu also heard the system prompt:

'Ding.'

'A pleasant mood will always bring surprises. Congratulations to the host for experiencing a delicious meal.'

'Trigger Reward: Gourmet Critical Strike Cashback Card 2*.'

'Gourmet Critical Strike Cashback Card 2*:

After spending over 100,000 yuan, enjoy the crit rebate that is 1-10 times the satisfaction of the gourmet experimenter.'

'Reminder: The host can invite more than 5 people, taste street food, and ask him to rate the food.'

It must be street food, and you have to score?

There are so many tricks in the system.

But, there is a lot of money, Brother Yu likes...

The surprise brought by the 'happy mood' was far beyond Qin Yu's expectations.

It seems that the influence of mood on rewards is extremely critical.

Qin Yu can still feel the pleasure that directly acts on the brain nerves at this moment.

How to describe this feeling...

The whole person is light and fluttering, and I think everything is very beautiful.

became extraordinarily broad and cheerful.

is probably the case!

"The taste here is really good, but most of the food is still hidden in the streets."

Qin Yu thought of the fake restaurant, "The fake restaurant behind Sister Wanxing's school is pretty good!"

Li Xiao agreed after listening: "I have eaten at that restaurant too, it's really good!"

"Wanxing took you there?"

Li Xiao smiled and said, "It seems that your relationship is unusual?"

As far as he knows, his sister has not taken a man to the store.

is basically the little sisters gathering together, so I choose that shop.

Don't look down on it, things are cheap and simple.

But the simpler things are, the more only those close to them can know.

Just like now Yang Chengjun invites Qin Yu to dinner, it will only be placed in a tall place like Pujiang Mansion.

Is it possible to ask him to go to the house for a home-cooked meal?

Anyone who is not related to a certain degree will only let the other person see the bright side.

On the other hand, it is reserved for my own people.

"Fortunately... Lan Yue is my girlfriend." Qin Yu didn't want to hide it.

It can't keep things like the key, but the more you try to conceal it, the worse the final outcome!

When Li Xiao and Li Wanxing meet, they have to wear help if they don't have a word.

might as well just take the initiative to point out!

are all men, young people, who has no dreams yet?

"Young man, your path is wider!" Li Xiao opened his mouth and gave a complicated thumbs up.

"Nothing else, just a heart that wants to take care of my little sister." Qin Yu responded calmly.

"Brother Yu, ask for a driver's license!" Xu Hao, who eavesdropped next to him, couldn't help but looked at him eagerly.

The child is hungry!

These years are really dying due to drought, and dying due to waterlogging.

is nothing for people...

"Actually, I am quite curious."

Yang Chengjun, sitting on the right hand side of Li Xiao, started the car in a serious manner.

Li Xiao sits with his eyes on his nose and his nose on the heart.

The ears seem to stand up...

"In fact, attracting girls is very simple. UU reading www.uukanshu.com" Qin Yu looked at several people sincerely.

"Just two characters, handsome."

Xu Hao pointed at him in shock, his fingers trembling, listen...

come here to listen, is this what people say?

我TM...

Yang Cheng soldiers are all hard, and the action of reaching out with chopsticks to pick up vegetables is like a robot.

Li Xiao just vomited, and you said he was alone, why did he open his mouth?

"Don't want to hit my sister, your kid, pay attention!" Li Xiao was angry.

Qin Yu took a look, this is not good!

"Big..." The mouth was bald and almost called the wrong one.

Brother Yu is the kind of person who stares at his brothers and sisters?

cant.

...Don't worry about this brother!

"Well, don't worry, brother, it's not a joke!"

"In fact, it just needs to be different."

Seeing that his expression is serious, not like a joke, several people pricked their ears again.

Even the trendy boy Ge Qing, who was unhappy before, quietly turned his head to Qin Yu's side.

A bachelor at a table waits for the car **** to pass on his experience.

Of course there is no shortage of women, but they can only play warm-up games or regular seasons.

Talking about friends seriously... They are all out to play, talk about feelings, hurt money!

"For example, when a girl sends a selfie, you leave a message below: is it you?"

"Sister sent a travel photo, you leave a message below: this is it?"

"Sister won the game, you leave a message: Leveling?"

"Sister lost the game, leave a message: rubbish?"

looked at a table of stunned men.

Qin Yu shook his head, full of emotion: "You said this sense of difference, in a bunch of licking dogs, wouldn't it stand up?"

"Brother Yu, please be your own person!"

Xu Hao folded his hands together and bowed to him with a painful face.

He is here to get the truth, not to be exquisite.

Yang Chengjun's expression stiffly suffocated three words: "Improper."

Li Xiao picked up the tea cup angrily, and drank it dry, "I think it is necessary to talk to Wanxing."

The joke is a joke, everyone is still full of envy for Qin Yu.

Double happiness, why don't you have it?

For Diosi, spending money to find happiness is real happiness.

The more money you spend, the more happiness.

If it is doubled, it is N times happy!

For Li Xiao and others, the happiness in exchange for money, status, and status has changed!

Unobtainable is always in commotion...

The throbbing of love is truly happy!

I just can't experience it myself.

Are you irritating or not?

"This chicken...suddenly no longer fragrant." Liu Xing put down the white chicken he was holding in a gloomy mood.

Suddenly the table was full of delicious food, and it became dull.

"Evening arrangements?" Xu Hao looked at Li Xiao angrily.

I was so shocked by Qin Yu that I didn't want to go to the night party at night.

Li Xiao shook his head and said, "I'll talk about it another day, I just want to be quiet tonight!"

"and many more."

Qin Yu suddenly said, "Can I ask, is Jingjing an adjective or a verb?"

.....

"Can you still eat this rice?" The little brother vomited.

Believe it or not, I lifted the table and made you all hungry?

"Xiaoyu, is your car brand registered?" After the joke, Li Xiao remembered that his 911R hadn't been listed yet.

"I just bought it, I didn't have time." Qin Yu responded.

"Don't be busy, I'll give you a sign."

Looking at Li Xiao, Brother Yu felt full of malice.

"Of course it is conditional... Don't put the target on Wanxing."

Li Xiao has already seen that this kid is poisonous.

If you really attack Wanxing, she may not be able to resist her simple and simple character.

Don't look at my sisters being fierce all day long, but take good care of the little sisters around me.

In fact, emotionally, it's just a silly.

Li Xiao was really scared, she was missed by Qin Yu.

There is only one girl in their family, and the others are all light gourds.

The whole family is not good for Li Wanxing's darling, so they warned Qin Yu in advance that it was also for his benefit.

Otherwise, it hurts Wan Xing's heart, this kid is waiting to be visited one by one by the Lao Li family!

They don't have many families, they are close relatives and distant relatives, the three generations add up...

About a hundred mouthfuls, really not many!

"Brother, you are a big prejudice to me!"

Qin Yu shook his head and smiled: "I really don't have that idea. If you don't believe me, ask Sister Wanxing."

"If you don't believe me, you won't believe me if you ask." Li Xiao has seen him through. This is a wolf in sheep's clothing.

Hungry wolf!

"I promise not to take the initiative to do anything to Sister Wanxing!" Qin Yu said very sincerely.

The sincere look made Li Xiao relieved a lot, "Tomorrow, I will have the license plate delivered?"

"I live in Waldorf."

"Send to Waldorf, you arrange it yourself."

Li Xiao didn't understand Qin Yu's policy of being a good man.

From the beginning, he didn't intend to take the initiative to attack.

To be like Cheng Yu, a promising young man with pure thinking, we must keep in mind the three core elements.

Nine-Character Mantra: Don't take the initiative, don't refuse, don't promise.

This is Sea King...

Cough, come over!

These are the three core elements of a good man, just like the Dinghai Shenzhen in the Dragon Palace.

As long as you hold onto the three cores...all the world will rise!

"Brother, you are not talking about your own AZ brand, are you?" Ge Qingtuo asked unexpectedly.

"Yes, even though it's an old brand, it's actually the same. People can't always hold the past to nostalgia!"

"What old brand?" Qin Yu didn't understand.

"Shen AZ, the first batch of licenses for Hudu, more than 30 years ago, a brand cost 150,000, can you believe it?"

Li Xiao waved his hand and said, "It's not that exaggerated, it's just a normal license plate now."

"How can it be ordinary, Hudu has a face and a face, I don't know..."

Ge Qing's head and neck crossed and he was about to say something, but Li Xiao's eyes pressed him back.

What does he want to do, there is no need for others to teach!

After eating a meal for more than two hours, everyone left with plenty of food and drink.

"Get here first today, let's get together another day!"

A group of people waited at the door for the white gloves to drive the car.

Li Xiao also made an appointment with Qin Yu to give him the sign.

was talking about running super cars over, and the most dazzling thing is naturally Liu Xing's Koenigsegg.

There is also the Ferrari 488 with Ge Qing head.

Although it is an 18-year old model, it relies on Ferrari's name, sharp lines and explosive red. is a beautiful landscape wherever you go.

In contrast, Qin Yu's Big Par GRS is too low-key!

Until someone saw the sign hanging on the front of the car, "Fuck, Brother Yu, fuck..."

Xu Hao was shocked, "Five nines, nine-fives, really have this kind of brand?"

"Shin A, really..."

Li Xiao was also shocked. I have never seen such a great brand in Hudu for so many years.

sounds a bit taboo, what family is this?

This kind of card can also be obtained, awesome!

Don't blame the little brother for his fragrant mouth, I was really surprised.

Other people, especially Ge Qingtou, looked at Qin Yu's eyes incorrectly.

originally thought it was the image of the earth leopard from the small northwestern place, instantly became tall and mysterious.

Shen AZ is awesome, that is the ancestor... the older generation of cattle, which means that the family has the foundation.

But in fact, I don't know how many companies have fallen apart.

I saw a gold cup last time, UU reading www. AZ is also hung on uukanshu.com, so I can only talk about the past on the wine table.

But even when I was in the family, I didn't see anyone who could get this brand.

"This one?"

Qin Yu glanced indifferently, and said casually: "It's just an ordinary license plate."

"Brother Yu, you are really poisonous!" Xu Hao couldn't help but vomit.

normal family...

ordinary citizen...

Ordinary brand...

What university did you attend here, the old Versailles general university, right?

"Go first, girlfriend has an appointment!" Qin Yu shook his phone and got in the car and left.

drove to the Shanghai Opera, Qin Yu did not see Lan Yue, so he drove into the school directly.

This time the security didn't ask, but he stood up and took a look and let him go.

"I'm downstairs in the dance studio, where are you?" Qin Yu released the voice button.

"Wait, I'll be fine soon."

After a while, there was a chattering noise from upstairs.

A group of jackets and white body stockings danced off.

Standing on the stairs at the top of the stairs, twos and threes held hands and looked at the big pajama in front of him.

To be correct, it should be Qin Yu looking at the big pari, whispering about something.

From time to time, someone laughed like a silver bell, as if they were talking about something interesting.

Qin Yu pulled the car door, waved and smiled at the ladies and sisters freely and said: "Hello ladies, has Lan Yue come down?"

"Why, miss your Lan Yue?" The girl with a bright smile on the face of Qin Yu asked.

"Yes, not seeing you in a day, like three autumns, it's too hard!"

Looking at Lan Yue who walked out of the crowd, Qin Yu strode forward and hugged her in the screams of everyone.

Looking at Lan Yue, who was held in her arms by Qin Yu, smiled like a child, with a pure and happy face.

Say you don't envy?

Who do you lie to?

185cm Qin Yu is tall, handsome, and has a good eye for clothes.

The car is a Porsche, young, handsome, and rich.

This kind of standard diamond man is as rare for girls as the 95+ ladies of 'Measurements'!

Therefore, naturally there are also self-consciously complaining in my heart.

Why didn't I meet him first?

has never considered that there are so many rich second generations who come to collect honey in the Shanghai drama of 'recruiting bees and attracting butterflies'.

Why has no one asked her, would you like it?

"Kiss one, kiss one."

Xu Tian, who marked the face of melon seeds, shouted first, and everyone followed suit.

Lan Yue shyly shyly shyly shyly shyly shyly shyly shyly shyly shyly shyly shyly shyly shyly shy away from him.

"That's it, please, ladies and sisters let go of my lazy cat, please have dinner another day!"

Xu Tian said again: "Don't go next time, just today!"

"Yes, yes, I don't have a boyfriend's warm embrace, it's okay to have delicious food!"

"Then I have to ask what my lazy cat means." Qin Yu looked at Lan Yue in his arms, with eyes full of liking.

met his affectionate eyes, where Lan Yue still has the ability to think, only instinctively nodded.

"Okay, let's go to the 18th on the Bund?"

Although the last teppanyaki overturned, the sushi was still good.

"Oh!" The girls cheered happily.

Although there is no rich and gentle boyfriend like Lan Yue, it's not bad to get a meal!

"Ah, what are you doing around here?" The cold voice was like a basin of cold water to extinguish enthusiasm.

The young ladies in the atmosphere group were so excited just now, they will all become good girls next door.

"Ms. Shen."

"Hello, Teacher Shen."

"Teacher Shen..."

gave up a passage, the beautiful witch Shen Bing appeared in her sight, a pair of cold beautiful eyes shot at Qin Yu.

"Why are you here again?" Shen Bing looked away from him in a weird tone.

Her inexplicably accelerated heartbeat made her feel at a loss!

"Hello, Teacher Shen, I'll take Lan Yue to dinner..."

looked at the lazy cat in his arms with regret, Qin Yu said: "I am too weak, I will feel distressed."

"Wow..." Someone whispered in envy.

This is too sweet too!

Then remembering that Teacher Shen was still there, he hurriedly covered his mouth with his hand, and looked at her timidly.

"Although she is thin, she has physical fitness and strength, let alone any dancer who is not thin."

Qin Yu glanced up and down at the beautiful witch, knitted short jacket, bloomers, and flat shoes.

"I think it's like Teacher Shen, the plump body looks better."

.....

This person is gone!

Xu Tian opened her big eyes to the largest extent and said, 'This is too bold. The Ice Witch dare to molested too?'

Because of the high demands, the attitude is always cold, and the students who make mistakes are always punished.

They all called her "Ice Witch" in private.

"Speech," Shen Bing said coldly.

Qin Yu didn't seem to hear it. He looked at her and asked, "It just happened to ask the senior sisters to join me, so come Teacher Shen!"

Xu Tian opened her mouth, wanted to say but didn't dare to say.

Going to dinner with "Ice Witch", who would dare to go?

It's better to go back to the bedroom and eat the fragrance of instant noodles.

"Don't go." Shen Bing refused.

Hearing her refusal, the students were excited again, and they could go with Diamond Man.

I don't know if there are any handsome, young, and golden friends around him.

It happens that Lanyue is very close to Shen Bing because of Wen Yaxuan.

Compared to other students, she is more willing to have dinner with Teacher Shen.

So, Lan Yuepao stepped forward and pulled her to coquettishly said: "Mr. Shen, let's go together!"

Xu Tian also persuaded: "Yes, teacher, let's go together!"

When others saw it, they could only agree with them, "Teacher (go back) go, (go back) go!"

I was entangled by Lan Yue, so Shen Bing had to ask: "Where are you going?"

"No. 18 on the Bund, there is a good sushi restaurant!" Qin Yu responded.

"Too far, don't go." Shen Bing's cold temperament seemed to have hatred with him.

"Then go to the Maocai shop in the back."

Lanyue looked at Qin Yu as she spoke, clearly asking for his opinion.

"Okay, it's better to call sister Wanxing together." Qin Yu said with a smile.

"Okay, okay, I'll call Xuan Xuan together." Lan Yue took out the phone and dialed.

Li Wanxing didn't pick up, the big class shouldn't be over yet.

Wen Yaxuan and Jiang Xiaoshan have time, and they have an appointment with Lan Yue and will see you at the cai restaurant.

Shen Bing originally wanted to refuse, but when Lan Yue said that her daughter would also go, she immediately changed her mind.

She has to stare at her daughter, stay away from this bad boy.

Woman, no matter how shrewd.

As soon as it gets emotional, my brain immediately becomes a paste, completely irrational at all.

She can't watch her daughter jump into the fire pit, this kid...a bad guy.

At this time, the dancers were crying in their hearts.

The top sushi at No.18 on the Bund has turned into dozens of spicy mao dishes on the side of the road.

The gap between front and back is too big, right?

A few girls just found a reason and shied away from leaving.

They don't want to eat some food, let alone go with the "Ice Witch".

The other people looked at them and found reasons to reject Lan Yue and Qin Yu's kindness.

In the end, only Xu Tian and a girl named Mengmeng stayed ~www.mtlnovel.com~The number of people was just enough to sit down. "Qin Yu said, preparing to get in the car.

"What kind of car, I passed through the teaching building and it was very tiring to walk?" Shen Bing came up and said at him.

After talking, she took Lan Yue and walked forward, without giving him a chance to speak.

Lanyue looked back at him pitifully, unable to resist Shen's dominance.

Qin Yu smiled, closed the car door and followed.

Wen Yaxuan and Jiang Xiaoshan have arrived at the Maocai shop.

Seeing Shen Bing and Lan Yue coming together, Wen Yaxuan said in surprise: "Mom, why are you here?"

"Well, Yueyue wants to treat her to dinner, I can't hold her back."

Seeing that Shen Bing never mentioned Qin Yu, Lan Yue hurriedly said: "It's not me, it's Qin Yu."

"Qin Yu is here?" Jiang Xiaoshan's eyes lit up, and Wen Yaxuan also smiled.

quickly became cautious again, and looked at his mother Shen Bing cautiously.

found that her mother was staring at herself, her eyes turned flustered, and her head bowed with a guilty conscience.

"Xuan Xuan, Shanshan, hello." Qin Yu walked into the store and greeted with a natural smile.

"Hello," Wen Yaxuan said nervously.

Jiang Xiaoshan smiled elegantly: "It's been a long time since I saw you, you might as well move your family to the Shanghai Opera."

"It's possible." Qin Yu said pointedly.

At this time, Shen Bing was observing her daughter, her guilty conscience and nervousness, lowering her head and stirring her fingers.

There is also the red that the earlobe is slightly hot from shyness.

These performances all show that her worry is not unnecessary.

There is also that Shanshan, who is also interesting to that bad boy...

They don't know, is Qin Yu the boyfriend of his roommate?

"Find a place to sit by yourself."

Qin Yu greeted the lazy cat and said: "Lazy cat, you come to greet!"

"Great."

Lanyue looked at her table and said, "Mengmeng, you can sit next to Xuanxuan."

"Sister Sweet, let's sit together!"

They chose a round table, and Lan Yue had two vacancies on the right, just enough for Qin Yu and Xu Tian.

"Let your boyfriend sit next to you!" Xu Tian jokingly said, she was about to sit down next to Teacher Shen.

"it's OK."

Lanyue pulled her to her side and whispered: "Let him sit with Teacher Shen so that we can understand each other more."

There seems to be some misunderstanding between Qin Yu and Teacher Shen.

Lanyue believes that letting them sit together and understand and communicate more will help eliminate misunderstandings.

"Okay!" Since she said so, Xu Tian couldn't refuse.

At the front desk, Qin Yu is talking with the boss.

The other person's eyes looked at him still with indescribable depth.

with a frivolous tone and a full smile, "Young man, it's time for a date again."

"So many people... can you handle it?"

"Cough." Brother Yu was almost choked to death.

"All girlfriends' classmates...and dance teachers." Qin Yu explained.

"How good is the dance teacher!" The lady boss nodded cheerfully, showing an expression of 'I like you well.'

"Do you need me to choose for you?"

"I'll do it myself."

"Do you remember all their tastes?"

Without waiting for Qin Yu's answer, the proprietress was always pleased and nodded to herself.

"No wonder... wherever there is a will, it will happen."

picked up the basket, Qin Yu turned around and left.

This lady boss is absolutely poisonous...

It's okay to keep staring at yourself, why don't you need to do such a good business?

With meat and vegetables, five different dishes were selected according to different tastes.

When Qin Yu came back, the girls were chatting happily.

"Teacher Shen, I think Lan Yue is ready. She is too demanding of herself."

The girl named Mengmeng smiled and said, "Like a boyfriend."

"Excellent?"

Shen Bing, who had wanted to agree, heard her mention Qin Yu, and immediately changed.

"Why don't I think good, sometimes people will lose their eyes?"

Hidden needles can be heard by anyone.

Qin Yu sat down next to her and said with a smile: "Does Teacher Shen have any opinion on me?"

"If something is not done right, Teacher Shen will just criticize!" Qin Yu put on an humbly teaching attitude.

"You..." Shen Bing opened his mouth and realized that he was speechless.

say what?

My daughter and Jiang Xiaoshan are interesting to him?

But what does it matter to him, is it wrong to be attractive?

'Bah, the bad guy, there's no charm...'

The chaotic thoughts in his mind caused Shen Bing to fall into conflict.

The others looked at her in surprise.

Teacher Shen's performance looks so strange, is she okay?

"Maocai is coming!" The proprietress put Maocai on the table herself.

Before leaving, his eyes flickered between Qin Yu and Teacher Shen.

Look at you, brother!

.....

"Mom, this restaurant is delicious." Wen Yaxuan pleased Shen Bing with some dishes.

got a warning look, 'I will ask you to settle the account when I go home!'

Wen Yaxuan grinned and ate the food in the bowl with her head down.

The other people at the dinner table are the same.

The atmosphere in the Mingming shop is particularly lively, but there is a cold transparent film around the round table.

isolates the round table in a cold and silent world.

"Ahem, ahem... Sorry."

"I, cough cough..."

Li Mengmeng covered her mouth with her hand, don't go too far.

She was choked by chili flakes.

"Hurry up and drink some water, cute!" Wen Yaxuan hurriedly handed her the water.

After drinking half a bottle, Li Mengmeng came back to life with a sigh.

"Be careful when you eat." Shen Bing still looks like a thousand miles away.

clearly wanted to express concern, but it looked like preaching.

It's no wonder that the students keep her far away...

"Mom."

Wen Yaxuan angrily said, "Mengmeng has been choked with tears."

"It's okay, I was not careful." Xu Mengmeng replied unfailingly.

She was still a little scared of Teacher Shen. If Xu Tian hadn't insisted, she had just ran away just now.

"The taste of this shop is really good, I didn't know it before."

Xu Tian smiled slightly and diverted the attention from Li Mengmeng.

"Well, we only found out after Wan Xing introduced it." Lan Yue said softly.

As the topic opened, the round table finally had a lively atmosphere.

Only Qin Yu kept his head down and feasted, sweating profusely.

That soft little foot rubbed repeatedly between his bare ankle and calf.

The soft and thin silk is imaginative.

Taking advantage of the gap between Jiakai, Qin Yu glanced at Xu Tian beside him.

This girl is looking at Lan Yue sincerely, communicating with her dance skills.

The frequency and movements under the table did not mean to be disrupted at all.

Qin Yu moved to the right, and accidentally bumped into Shen Bing, greeted with a glare.

'Deng the disciple.'

Helplessly wipe off the sweat from his nose, Brother Yu is wronged!

"Qin Yu, how is your dormitory?" Lan Yue suddenly turned the topic to him.

"I didn't have time to report, I went to see the house yesterday."

"The house?"

Several exquisite big eyes all cast at him, wanting to ask for some understanding.

"Well, my family arranged a house on the riverside of the Pujiang River, and I just knew it too."

Hearing what he said, Xu Tian joked: "Are you trying to form a happy nest with Yueyue?"

"No!" The cold voice interrupted the conversation.

Shen Bing knew that he was going to suffer as soon as he opened his mouth, and greeted everyone's inquiring eyes.

'S twinkling eyes suddenly settled, and his tone was calm and said: "Lan Yue must maintain his best condition in the near future."

"Oh~" The prolonged teasing voice made Lazy Cat Xiu blush.

murmured timidly: "Why don't you talk nonsense!"

"We didn't say anything." Jiang Xiaoshan roared and gave Qin Yu a sideways glance.

Brother Yu looked at him calmly, 'what does it matter to me if you guys tease each other?'

'It's not your fault!'

'Woman, are you afraid that you need treatment?'

As if she understood what he meant, Jiang Xiaoshan looked away, and slapped her hair with her fingers.

This maocai...so hot!

"There will be a bell ringing at 7 o'clock every day on the riverside, so there is nothing good to live there."

Shen interjected coldly, picked up the lotus root slice, and put it into his mouth with small mouthfuls.

The pinkness between the lips, dyed with hot red pepper, looks very attractive.

"Mr. Shen, is it still to taste?"

When Qin Yu spoke, his finger pointed downward vaguely, making Shen Bing's expression startled.

"It's okay." He replied casually, and Shen Bing drew back from the table.

Out of the corner of my eyes, I just saw the stretched white silk soles...

Angrily, Shen Bing wanted to slap the table and started, "What are the girls thinking now?"

Before she could move, put a hand on her leg, making her freeze in place instantly.

I saw Qin Yu listening to the girls' conversation with a smile, and shook his head calmly.

then retracted his left hand hiding under the table, everything looked normal.

Only, the legs under the table are tilted to the right as a whole to avoid the friction of the white silk.

The breathable and thin fabric can't stop the transmission of body temperature at all.

The originally cold legs seem to be attached to the warm baby, making people reluctant to leave.

Instead, I can't help but want to get close and close!

.....

After eating, Shen Bing took his daughter and left.

looked in a hurry, staggered, as if something urgent happened!

"Ms. Shen is okay?" Lan Yue said with some worry.

"When I was eating, Teacher Shen was a little absent-minded. Could something be wrong?"

"Let me ask." Jiang Xiaoshan picked up the phone and said.

After a while, Wen Yaxuan's news came back.

'I don't know, mom doesn't say anything. '

'I have already returned to the dorm! '

"Xuan Xuan said it's okay, she has already returned to the dormitory!"

Jiang Xiaoshan put away the phone, glanced at Qin Yu and said.

Although she didn't see anything happening, she just felt it.

Teacher Shen's inconsistent attitude has a lot to do with Qin Yu...

just don't know, what is it?

Only Xu Tian's face showed a thoughtful look.

"Let's go first, thank you for your dinner, handsome guy!" Holding her friend Mengmeng, Xu Tian waved goodbye.

"Where to go next?" In front of the Maocai shop, only Qin Yu, Jiang Xiaoshan and Lan Yue were left.

"Look around here, how about you?" Qin Yu replied.

"Then I will accompany you!" Although the lazy cat was tired for a day, she still wanted to accompany him more.

Although it's just disappeared overnight, but for the lazy cat in love.

That night was a long experience she had never had before!

"Then we will be together."

Jiang Xiaoshan held Lan Yue with a smile, without the consciousness of being an electric light bulb at all.

Walking straight along the street, Qin Yu stopped in front of the apartment building from time to time.

"Are you looking at the house?"

Jiang Xiaoshan asked jokingly, Lan Yue also looked at him curiously.

Qin Yu's purpose is too obvious, but after thinking about it, I find it impossible.

This is the most expensive area in Hudu.

The average price starts at 100,000, and a small apartment can cost several million.

"Which community is that?"

Qin Yu did not answer directly, pointing to a brand new tall building not far away and asked.

"It seems to be Dongfang Garden, you can see it when you go through here."

Jiang Xiaoshan pointed to the curved fork on the right and said.

"Go and see."

Qin Yu does plan to buy a house, first for the convenience of Lan Yue...

Others in the dormitory can also come to live occasionally.

Secondly, he has tens of millions in Kari now, and there is no big expense.

just rewarded a 'Consumption Discount Card 1*.'

Isn't it beautiful to use the experience of buying a house?

what?

Brother Yu?

Brother Yu of course lives here and there.

Who makes him have so many...It's really distressing to be a rich man!

Oriental Royal Garden, 5-10 minutes away from the Shanghai Opera Campus.

The traffic facilities and supporting facilities at the gate are very complete, and these information can be found online.

In the information age, a mobile phone can know the world.

I just don't know what to say when something happens, I'm afraid the internet hasn't gotten through...

After reading the information, Qin Yu was basically satisfied.

The only downside is that there are no new houses in the community.

"Go, go to the property to see."

Qin Yu took the two into the community, and the guard didn't let the registration.

I don't know if it's the same at night, but the management is a bit poor.

As everyone knows, the guard is purely for beauty, if Qin Yu comes alone.

Is this going to be inaccessible, or two things...

The difference between the sexes, sometimes I really don't understand who is strong and who is weak.

"Hello, what do you need?" the service staff of the property asked casually.

"I want to ask, are there any new houses for sale in our community? It's best if they are well decorated and unoccupied."

Hudu's house is an excellent choice for investment, and real estate speculation is indispensable in any community.

"Do you want to buy a house?" The property raised his head and glanced at the three people's clothes.

smiled eagerly, "It's a coincidence, there really are owners asking us to sell."

"Area, decoration... It's best to see it on the spot." Qin Yu never mentioned the price.

The property likes his attitude.

A young man like this full of famous brands, with two big beauties around him.

There is no doubt about the spending power, just wait on it.

"You can see, the key is here!" Pulling the drawer open, the other party took out a bunch of keys.

"What size do you want to see?"

"Two rooms, about a hundred square meters, the best hardcover, you can move in directly."

Don't want to waste time, Qin Yu explained: "The hardcover I'm talking about is a simple and fashionable type!"

"Understand, the current owners like to streamline, no one likes the expensive and earthy ones before."

The other party said to remove the two keys, "The 2601 in the 3rd building and the 2503 in the 5th building are good.

"Look at it then."

As Qin Yu spoke, Jiang Xiaoshan and Lan Yue were whispering.

"Lazy cat, doesn't he want to buy you a house, right?"

"No."

"Should I really buy it for you?"

"surely not."

Lan Yue answered very simply, and didn't even think about that in my heart~www.mtlnovel.com~
Maybe Qin Yu just took a look, what reference!

Even if you want to buy it, it is to make it easier for two people to date.

can be used as an investment by the way...

Thinking of living with Qin Yu in the future, Lan Yue's cheeks were red and hot.

The first thing I looked at was Room 2601 in Building 3.

covers an area of 101 square meters, and the decoration in the room is mainly white, which makes the room look very bright.

The lighting is all bells and whistles, looks very beautiful, it is not like that when used.

"Look at that set again!"

Qin Yu doesn't like the decoration of this room, but the house is pretty good.

If you are not in a hurry, you can knock down and reload.

But that would be too much trouble. Neither he nor the lazy cat had time to worry about these things.

Room 2503, Building 5.

The apartment size is a bit smaller than the previous one, 91 square meters.

The main color is also white, but the lighting and the living room have been adjusted differently.

The top storage cabinet and shoe changing area at the door are bright and simple.

The background wall of the living room is sky blue, adding a sense of color.

Various built-in storage cabinets, simple and practical without taking up space.

The cloakroom separated by the partition cabinet in the room is particularly dazzling.

The area of the set before Mingming was bigger, but it was Qin Yu.

or Lan Yue or Jiang Xiaoshan, both feel that the space utilization rate of this set is higher and larger.

So, decoration is really a technical job!

"How much is this set?" Qin Yu asked, looking at the property.

"This set? Bring everything. The total price is 11.26 million. It can be installed in installments."

When I asked the price, the property became more energetic.

If this can be sold, it will benefit both the company and the individual.

11 million, paid in one lump sum.

This is the price given by Qin Yu. The property said that he could not be the master, so he had to make a call.

After a phone call, I changed the conversation with him to the property manager.

"Qin Shao, 11 million is a bit less, the landlord meant 11.1 million, which is his reserve price!"

With a young face and a vertical part, He Tao in a suit and leather shoes said with a smile.

Concession price of 150,000, sounds like a lot.

Compared with the total price, it is not enough.

"11 million is the highest price I can give."

He is indeed in this house, but the price is this price.

Brother Yu is not bad for these two days' wages, but he decides whether to spend the money or not.

This is not talking with an intermediary or a developer, and the other party wishes him the most installment.

charge an extra fee!

Tens of millions of payments are paid in one go, even if they are placed in the Hudu of the benefactors everywhere, it is also rare.

The owner who is worth more than 100 million yuan, he may not take it out.

You must know that value and assets are basically two different things.

"Okay, then I will communicate with the host." He Tao said and went out to call.

went out, the hand holding the phone naturally dropped.

11 million, which happens to be the landlord's reserve price.

It can be sold, but the key is to sell it like this. Where can I get my own benefits?

The landlord said that he would give a thank you fee of 10,000...

What does that little money do?

"Manager, shall we sell it?"

"Sell, but first collect the deposit, and then..."

He Tao decided to play a little trick to make a fortune from the customer.

"Congratulations, Shao Qin, the landlord agreed. You will pay a deposit of 200,000 yuan first, and the landlord will come over tomorrow."

"no problem."

Qin Yu went to the property office with each other.

Before the transfer, I emphasized again: "Are you sure the landlord agrees to the 11 million transaction?"

"Of course I am sure, otherwise I can charge you a deposit?" He Tao said confidently.

"Then let's say it, 11 million."

"Yes, 11 million, I guarantee it's okay." He Tao just beat his chest to make sure.

After paying, Qin Yu took the receipt signed with He Tao's name and stamped with the official seal of the property and left.

The two parties have agreed to see you at the property at 10 tomorrow morning.

"Did you really buy it?" Jiang Xiaoshan was still in shock when she exited the gate of the community.

11 million house, buy it as you say it, or pay it all in one go.

The financial strength Qin Yu showed was even more exaggerated than she expected.

"Yes, I bought it."

Qin Yu looked at Lan Yue and stretched out his hand and said, "Give me your ID card."

"What are you doing?" Lan Yue clutched her small satchel tightly, her eyes showing the lustre of prayer.

Jiang Xiaoshan exclaimed: "Qin Yu, aren't you?"

This will ask a lazy cat for an ID card, what else can you do besides buying a house?

"Be obedient, or I'll take it myself." Rubbed the lazy cat's head.

Lan Yue, who had just returned a pair of blown hairs, was always ready to run away, and instantly became well-behaved and docile.

Without resisting, Qin Yu took his ID card, took a photo with his mobile phone, and then returned it to her.

"Wait to become a rich little woman!" Seeing that Lan Yue wanted to pay back, Qin Yu resorted to the Dafa of licking cats again.

Lanyue: (* ~ *), meow...

sent the two back to the bedroom, Qin Yu drove back to Seaview One.

"Xu Hao, please do something..."

"Hey, this little thing covers me, you will send me the photo when you turn back, and the transaction will be completed immediately!"

"Thank you, I will arrange for another day!"

"Then the relationship is good, I like to eat big family..."

Xu Hao hung up the phone with a smile, and Li Xiao sitting next to him curiously asked, "Bought a house?"

"Yes, I bought it for a girl, just Wanxing's roommate."

"The Oriental Royal Garden, 11 million, a big deal!"

Without waiting for Li Xiao to ask again, he had already explained what he had learned.

"It seems that we have to make a right decision, don't check the other party's bottom, let's go slowly first!"

"Friends, have a heart-to-heart." said Yang Chengjun, who was sitting aside drinking tea.

They are in this circle.

Li Xiao, Xu Hao, and Yang Chengjun are the most recent, and they are also the core of the circle.

"The old place tonight?"

"Would you like to call Shao Qin?"

"Come on! Tens of millions have been spent, so I can't do my best tonight, just die?"

.....

In fact, Qin Yu is really not so dedicated.

This time he is in the mansion, playing games online with the little anchor.

This fairy bought bunny girl skin while he was away.

As the spokesperson of the Holy Light, the protector of miracles.

How can Brother Yu be easily fooled, walking A is just a basic exercise.

Flowers bloomed outside the window, and the battle inside the window was fierce.

Brother Yu, a set of operations are as smooth as water...

The power of the Holy Light is omnipresent!

In the end, countless glittering lights penetrated the bunny girl's body, causing the little anchor to fall to the ground bitterly.

"Come again..."

The little anchor was very unconvinced and changed his clothes.

"Do you like good cops? Or bad cops?"

Pool party, **** leather city.

"Want to send it again?"

Picheng drew a circle with his feet, and smiled lightly.

Who can stand this?

was so provoked, Brother Yu couldn't bear it.

Controlling the Holy Light Ranger, he just dived straight.

A beautiful flashing position, attack... from behind...

Two wins in three rounds, and only Brother Yu can stand in the end.

"Little anchor, you have to practice harder!" Qin Yu took a bottle of water from the refrigerator and handed it to her.

"Hmm."

The little anchor retorted while drinking, "When my new skin arrives, I will definitely defeat you."

"Have an ideal, cheers!" Brother Yu praised her ideal.

'Ding. '

'Congratulations to the host for winning a hearty battle and triggering random rewards. '

'Miracle Kidney Power: A kidney power, UU reading [www. uukanshu.com](http://www.uukanshu.com) is full of strength. '

Qin Yu noticed that his pocket was a little bulging, and stretched out his hand.

A board of capsules appeared in front of him.

There is no word except for the smooth and opaque outer packaging.

Standard three no products!

"Are you sick?" Seeing him holding the medicine in his hand, the little anchor asked with concern.

"No." Putting the medicine away, Qin Yu stopped explaining.

The best explanation for is not to explain, so that it will naturally not be dismantled because of loopholes.

"Will it be broadcast tonight?"

"It's not broadcast anymore, so tired!"

"Then take a break soon." Qin Yu snapped a capsule and threw it into his mouth.

then hugged the anchor and walked to the bathroom.

Mom said, a good boy has to wash for nothing before going to bed...

The next day.

The bell rang for the first time, and Qin Yu opened his eyes.

The little anchor was still asleep and didn't hear the bell ringing at all.

got up and went to the living room, Qin Yu felt full of energy.

Last night, the effect of kidney motility was surprisingly good.

Lying on the bed after taking a shower, Brother Yu is not sleepy, so he sleeps after playing games for half the night.

This meeting is up, still full of energy.

"Go to the clubhouse to see?"

Thinking of the swimming pool and gym in the clubhouse, Qin Yu put on the newly bought long sleeves.

put up a coat and left a note for the little anchor, and then went downstairs to the clubhouse.

The gate was quiet, and only the security guard stood at the door.

Seeing Qin Yu, although the other party was curious, he took the initiative to pull the door to salute.

"Is the gym open now?" Qin Yu asked.

"The clubhouse is open 24 hours a day."

This will be a shift, it is open, but there is no one to provide service!

Private gym, except that it is quieter and cleaner, it is no different from an ordinary gym.

Of course, it has to be much smaller.

Because it was morning, there was no one at all.

Qin Yu now runs on the treadmill for 10 minutes, and then warms up with equipment.

Finally, this came to the dumbbell area.

Squat, bench press.

The two most common and effective actions.

a group of 30, after finishing rowing, holding hands.

After doing three sets in a row, Qin Yu put the dumbbells back on the shelf and walked towards the swimming pool.

A staff member finally appeared on the road and asked Qin Yu what he needed.

"Are there swimming trunks?"

Although it was not 8 o'clock in the morning and the sea breeze was slightly cool, Qin Yu still planned to swim twice.

The exercise just now made him feel like a fire was burning in his body.

"Yes, sir, please follow me!"

came to the consumer area, swimming trunks 80, hey...

In front of the swimming pool, Qin Yu plunged down a fierce son.

Boom, the fish pond is exploded!

If the Philippine coach sees it, he will definitely jump and applaud. This is a great jump.

The effect of 'kidney power' is not only to add to the fun of the game.

In short, he now feels like he has endless energy.

After tossing in the pool for an unknown period of time, Qin Yu went ashore and lay on a sun lounger with his eyes closed to rest.

"Hello." A voice came.

Qin Yu opened his eyes, his straight white and tender legs came into view.

Looking up, the white one-piece V-shaped peach heart-neck swimsuit is very eye-catching.

"Hello." Qin Yu smiled.

Brother Yu originally planned to return to ‘yes’, but thought of his dog’s swimming style...

"That's okay." The other side turned and left after speaking.

Waiting for his back to disappear behind the door, Qin Yu returned to his senses.

I seem to be a little gaffe in my own performance.

Recalling the performance just now, Brother Yu felt that he was no longer innocent.

"How is it possible, it must be the fault of kidney power!"

Yu believes that he has been affected by ‘drugs’ and has lost his heart.

can't do it!

I have to swim two more laps, and I must calm my instincts.

Waited for him to leave the clubhouse, and returned home less than 9 o'clock.

The little anchor was still lying on the bed and didn't mean to wake up.

changed clothes and took a shower.

changed the previous note to ‘get out if something happens, see you tonight!’

Empty-handed, Qin Yu drove to Lixin College.

"Hey, look, another rich second generation is here."

The senpai at the door has red lights in her eyes. Sisters, they are all ready for business and come to work!

"The new school brother, which department do you belong to, the school sister can take you there."

swarmed forward, [Goddess Stalker] had no response.

"Finance, I know how to get there, thank you, senior sister!"

Qin Yu showed a polite smile, staggered away and continued to walk forward.

"School brother, didn't you bring your luggage?"

"I live not far away."

"Which direction does the student focus on?"

"CFA."

"Wow~ I'm so good at school!"

Listening to the chasing in his ear, if Yu Ge didn't have any counts in his heart, he was afraid it would have been floating.

The enthusiasm of the elder sisters, Qin Yu will report first.

"Are you staying?"

"Live."

When asked, it was a must to live.

can't help but how to contact the counselor and get closer.

As for whether to live in the dormitory, that is Qin Yu's own business.

In these years, going to bed is a process.

Establishing a good relationship with the counselor saves you the process.

Brother Yu went to live in the dormitory when he was crazy, and returned to his large mansion of more than 500 square meters.

was online with the small anchor, and occasionally asked Wang Hong to clean up and do the cleaning!

Clubhouse fitness, swimming...

Isn't it fragrant?

Besides, like this kind of old campus, the facilities are not even a little bit poor. How can I live without air conditioning?

what? Afraid of not having air conditioning if you have money?

Ha ha!

Brother Yu asked someone to install the air conditioner today, and tomorrow the whole school will have to make trouble.

These days, no one can afford to install an air conditioner.

If only to give him a separate approval, the situation is even worse.

Within two days, he had to be put online and accepted sanctions from Jianxian and the defender...

Brother, in 2021, since the media era...

The old hen's eggs are all on the live broadcast, wake up!

I don't have the ability to master public opinion these years, don't realize how awesome you are...

Otherwise, Niutou will give you a crooked shot!

The procedures were completed, and the counselor's number and WeChat account were added.

Qin Yu sent 200 red envelopes to the instructor.

"Instructor, the elder sisters outside are also very hard. I would like to ask the instructor to buy water for everyone, a little bit of heart!"

The instructor glanced at Qin Yu, smiled deeply and said: "I'm interested, Classmate Qin."

This classmate will come, and the reason for finding it is justified.

Seeing the elder sisters working hard and being forced to take in guests, they feel pity and pity.

Take out 200 yuan and buy some water for the elder sisters, who has an opinion?

200 yuan, say more is not too much, say less is a lot.

The key makes people feel comfortable, so I really have a heart.

"The instructor is polite, then I'll go first."

once again left the school gate, Qin Yu was surrounded by a group of fairies again.

"School brother, do you have a girlfriend?"

"School brother~www.mtlnovel.com~ don't you stay?"

"Boy, you are so efficient, it's over so soon."

"Yes, brother, you are so fast!"

Qin Yu stopped, who, who said fast, come, stand up and try.

"I said it."

"Should you give me a try?"

"I'll come, I'll come..."

Fuck, the fairies are fierce.

got in the car and locked the door, Yu Ge felt safe now.

It's really dangerous for a boy to go out alone...

The call was made by He Tao from the Oriental Garden.

"Mr. Qin, I'm really sorry."

"I just received a call from the landlord and the other party changed his mind."

"Tell me more in detail."

"I did not say yes yesterday, the total price was 11 million, and the landlord agreed."

"Well, what about now?"

"He disagrees again, saying that the family members have different opinions."

"Then how much does he want?"

"1110, still the original number."

Hearing no answer on the phone, He Tao explained with a wry smile.

"Mr. Qin, I have persuaded the landlord, but they don't listen to me."

"Let's see if you can add more, so I can reply to the landlord."

"You have 15 minutes. When I arrive, either sign or refund."

No longer listening to the other party, Qin Yu directly hung up.

Whether it's the return of the landlord or the property trolling...

Anyway, this is the agreed price yesterday.

Either of them, I'm afraid they don't understand the cost of 'breach'.

Chapter 69: Sad He Tao

Settings

Oriental Royal Garden, property office.

Putting down the phone, He Tao rubbed his chin and rolled his eyes.

Listening to...

This Kuo Shao is not to be taken advantage of.

It seems that if you want to make a fortune, you have to think of ways from the landlord.

However, now he has to stabilize Kuo Shao first and let the other party give him some time.

By the way, drag him again to see if the other party is bluffing.

If yes, I can knock another three to five thousand.

When Qin Yu arrived, He Tao was ready to come out to welcome him.

The two touched face to face.

"Shao Qin, welcome." He Tao stretched out his hands and leaned forward to greet him.

"Manager He."

hitting the other's hand, Qin Yu said, "How do you say?"

"Let's talk inside, please inside!"

First, he invited people to the office, and He Tao asked him to make tea. Then he talked about the house.

"That's right, I just talked to the landlord again and asked him to persuade the family."

"This landlord has an old relationship with me, but he is actually quite embarrassed."

"You said to sell a house, if it makes the house not harmonious, it's not a joke!"

Qin Yu nodded in agreement, and then took the receipt.

"Take the bar and transfer the money to my card."

He Tao was a little dazed when he suddenly appeared like this.

Brother, am I trying to help you get things done? Are you making trouble with me?

"No, Shao Qin." He Tao pushed the note to him with a smile.

"I just happened to tell him that we must be honest in life, and we must not break our promise when we say good things."

"That's a deal?" Qin Yu raised his brows.

"not yet..."

Seeing that he was going to get the slip again, He Tao hurriedly said: "But I'm working hard, working hard."

"So, Shao Qin... Give me one day."

"If it fails at this time tomorrow, I will personally apologize to you."

"Manager He, backtracking, unbelief is what annoys me the most."

Qin Yu leaned back, tilted Erlang's legs and said sternly: "Do I care about that little money?"

"May care, may not care."

"But if you agree, you must do it. If you can't do it, don't promise!"

He Tao wiped the sweat from his forehead.

'The tone and posture of Kuo Shao's speech is a bit scary.'

"Yes, yes, you are right, I promise to talk to him, and I will give you a satisfactory answer tomorrow."

"Manager He, make promises that you can't do, but you will suffer."

Qin Yu glanced at him deeply, picked up the note and left.

"Huh..."

He Tao took a long breath and said, 'what's the origin of this?'

As for Qin Yu's "suffering," he didn't even think about it.

The body relaxes and leans back, and a sense of weightlessness follows.

Click, 咚...

The hydraulic rod fell off, the back of the chair broke, and the back of He Tao's head directly hit the metal cabinet.

His vision went black, and he fainted.

"Manager, Manager He... Ah, it's bleeding, come here, Manager He is dead..."

Qin Yu, who opened the door and was about to leave, couldn't help but confuse his tongue when he heard this.

The punishment of the system is really cruel, but...

I like.

.....

The dead man is not dead. He Tao just hit the protruding iron tip in the corner of the cabinet.

made a 5 cm hole in the back of his head and stitched more than 30 stitches.

wrapped in gauze and had to walk out of the hospital like a San.

He Tao touched the back of his head with his hand, "His...it hurts!"

It's really **** mildew, who bought the broken chair, hurry up...

He Tao pulled the car door and got into the cab to start the car.

A colleague previously said that he would take him home to rest, but He Tao refused.

In the afternoon he made an appointment with an old girl, too many people are inappropriate!

The upper head is injured, not the lower head.

It took him half a month to hang up this old girl.

During the period of I don't know how much thought was spent, so it's not good to give up halfway.

Maybe, the injury can also trigger the motherhood of the other party.

Automation is not impossible!

drove all the way to the hotel...

Xinwei got the code, and the young woman in the rest area walked to the elevator.

.....

20 minutes later, accompanied by a scream.

He Tao, wearing a nightgown, was helped out of the hotel by his sister with a painful face.

"What are you doing, driving!"

When he came to the parking lot, his eyes all the way were like stinging arrows.

He Tao can't wait to find a seam to get in.

"I, I won't!" The girl said aggrievedly.

On weekdays, there are always old public cars, taking her to get off work and going out.

He Tao's vision went black and almost passed out.

There are still people who can't drive these days, it's a **** of a life.

Why is I so unlucky today?

In desperation, He Tao could only support his about to break waist.

With the help of the sister, he got into the cab with difficulty.

When waited for someone to go up, the whole clothes were soaked.

hurts~

drove all the way to the hospital, convulsing the wound on the back of his head with the piercing pain in his waist.

Seeing that the hospital is close at hand, He Tao used his right foot to increase the accelerator!

hum!

The car rushed forward, slamming into the stone pier in the middle of the road.

Before passed out, He Tao had only one thought in his head.

'I'm unlucky today? ? ?'

.....

Qin Yu didn't know what happened to He Tao.

But judging from the accident that happened when he left.

He Tao's next life will be accompanied by sad reminders, 'Brother, hold on!'

Brother Yu is still that kind-hearted and innocent boy, and silently sends blessings to him.

Dialed Lan Yue's number, but no one answered.

You don't have to guess~www.mtlnovel.com~ She must be in the dance studio, and she left the phone in the bedroom.

was about to hang up, when the phone was connected suddenly: "Hey, Xiao Ershi, cough..."

"Stars? Your voice...sick?"

Li Wanxing's voice was hoarse, with heavy nasal sounds.

I knew I was sick as soon as I heard it!

"Well, you look for Lazy Cat, she went to dance." Li Wanxing said a little uncomfortably.

"Who is taking care of you in the dormitory?" Qin Yu said, turning the direction, and opened to the back door of the Shanghai Opera.

"No one, I'm the only one." The poor voice was nothing like her usual.

"...Have you taken medicine?"

Knowing that there is medicine in the dormitory, she has already taken it.

is uncomfortable, "I want to have soup, hot soup!"

"Wait, don't run around." Qin Yu said.

"I just want to run, and I don't have the strength!" Li Wanxing smiled sadly.

"Wait obediently, hang up!" After hanging up the phone, Qin Yu searched for the nearest Cantonese restaurant.

I found a restaurant with the highest praise, and Qin Yu ordered more than a dozen soups in a row.

As long as they are available in the store, he ordered them all.

then dialed the number of the restaurant, "Hello, I am the customer who just ordered all the soup."

"Hello, what are the taboos?"

"No, but the soup is for the patient, and the taste is best in the list!"

"No problem... We can provide **** soup and Sydney juice, do you need it?"

"Yes."

After communicating with the other party, Qin Yu ordered two more mushroom soup orders.

After all this is done, the car has already entered the Shanghai Opera campus.

lowered the car window and raised his hand to the smiling security guard, "Master, how can I get to the old building in the female dormitory?"

The winding path leads to a quiet, swaying weeping willow.

Walking along the poetic path to the end, an old brick building comes into view.

As soon as he entered the hall, Qin Yu was spotted by the aunt.

"Which department are you...?" The aunt has a dark skin and a fierce face. She has a violent temper at first glance.

"Sister, I'm looking for someone." Qin Yu smiled.

Auntie with hands on hips, frowning: "What are you screaming, do I miss your sister's generation?"

"..."

Brother Yu is speechless, this aunt is a bit difficult.

"Auntie, I came to find someone."

"Who are you looking for? Let her come down..." Hei Likui said with eyebrows and eyes.

"People are sick, let me see."

Qin Yu took out the rectangular envelope folded with paper and handed it to Black Likui.

"I want to keep you here..."

Hei Li Kui gave his hand a shot, and the gloom on his face was dissipated by a smile.

This degree of thinness, at least four to five hundred, the young man has a future.

opened the drawer and threw things in.

Black Li Kui smiled and said, "What bedroom?"

"The one who sleeps at 206, Li Wanxing."

Seeing that the other party is so proficient, Qin Yu said, 'I'm old, professional...'

"The young man has a good eye, I'll give you half an hour, don't run around!"

Half an hour, it should be enough to watch people talk.

If it's time out...

Then give him another half an hour.

"No, I will definitely not run around."

With permission, Qin Yu walked to the second floor.

"Sister, I..." A brother at the door, following Qin Yu's routine, walked towards Hei Li Kui with all his cheeks.

"Sister, sister, girls are not allowed to enter the dormitory!"

"Yes..." Vinono's glasses brother pointed to the stairs.

"What can you do, believe it or not, I ask your guide to lead the person?"

Hei Li Kui is angry, anyone dare to stab her?

"No, no, I will leave now."

The glasses brother gave a grumpy smile, and left behind.

Today, the 402th day of thinking about the goddess...

Mingming is only separated by a wall, but it is like a galaxy, out of reach.

'Huh, it's like that, and I don't have any eyesight. I deserve to be single.'

Hei Li Kui sneered and sneered, opened the drawer and put the envelope into his handbag.

is another day full of rewards!

.....

There are not many people in the dormitory building. Either there are classes or they just go out. or stay in the bedroom, with the door closed...

I don't know what to do.

After just such a short while, 2 red dots have jumped out on the mini map of [Goddess Stalker].

'It's worthy of being a Shanghai opera with beautiful women like clouds! Qin Yu walked along the corridor.

Walking and looking at the house number, 201, 202...

The direction is right.

walked to 204, the bedroom door was wide open.

Qin Yu glanced in habitually, wearing cotton shorts, the long-haired girl sitting on the bed.

was bending over and pushing her feet in front of her.

咻咻~

her nose fluttered, and the girl smiled and raised her head.

Inside and outside the door, her eyes met, and the girl's smile was frozen on her face.

Two big characters seem to be written in his beautiful big eyes: death!

"Sorry, I'm bothering you." Qin Yu nodded slightly, and walked to the front of door 206.

reached out and twisted, the door was unlocked.

Qin Yu flashed in quickly and closed the door gently.

"Ah~"

The screams of ghosts, cries, and howling wolves, accompanied by the sound of the 'clang' of the bed board.

It is really sad for the listener, and tears for the listener.

"Qin Yu?"

Li Wanxing, who was confused on the bed, opened his eyes and curiously asked: "What's wrong outside?"

"It's okay, there seems to be a madman."

Qin Yu came to the bed, bent over and touched her forehead.

is a bit hot, but not particularly hot.

"Is the fever gone?"

Fever, this kind of thing, can be big or small, 99% of them are fine.

But if the temperature persists, you must go to the hospital.

"37.8, 2 degrees lower than before, just uncomfortable." Li Wanxing said dry voice.

"Does your body hurt?"

"It won't hurt anymore."

When she called just now, she still felt terribly painful all over.

But when I see Qin Yu, it won't hurt too much.

'It should be the reason why the condition has slowed down after sleeping for a while! Li Wanxing thought to herself.

held her neck with her hand and asked her to lean on and sit up.

Qin Yu found the basin under the bed, added some warm water and asked, "Is there any alcohol?"

"Yes, in the bathroom." Li Wanxing pointed to the left hand.

The square bathroom of about 2 square meters is very clean.

The cabinets on the wall and the suction hanging rods make full use of the space.

is that there are a lot of feminine products. Whose lace...

black, white, purple, pink, one with two, three or four...

are all hung on the suction rod, the colorful flashes are dazzling...

"Where is the alcohol? I didn't find it."

"Behind the mirror, you pull out."

opened the wash mirror, the built-in storage compartment contained a variety of bottles and cans.

Qin Yu knew the same thing, facial cleanser and alcohol.

Successfully found the alcohol and added water according to the proportion. Qin Yu picked up the towel and said, "Open your arms."

"What are you doing?" Li Wanxing was confused and sober.

Is he going to wipe himself with warm water mixed with alcohol?

The little seducer wants to take advantage of herself, and she also finds an upright reason.

Is he crazy, or does he think he is crazy? ?

"Otherwise you come by yourself." Qin Yu twisted the towel and placed it on her hand.

If it weren't for seeing her sick, I'm so troublesome?

It doesn't matter who comes, it's mainly for curing diseases!

"I do not."

Li Wanxing's brain twitched, and he didn't even think about what to say.

"Then I will come." Qin Yu said that he wanted to lift the quilt.

"and many more..."

Li Wanxing hurriedly grabbed and was lifted up~www.mtlnovel.com~ I didn't look at him nervously before.

"You, I...lazy cat, you..." Li Wanxing felt that her brain was burned out.

Now, someone dares to run wild in front of him?

"Who is coming?" Qin Yu glanced at the towel, "It will get cold after grinding."

"I will do it myself."

Li Wanxing grabbed the towel tightly and twisted and said, "You turn it over first."

"Just your small body, where does the confidence come from?" Qin Yu vomited.

Brother Yu is a post-95 anchor, who has played online, will you be a post-90s?

Besides, he sticks to the three core policies.

"You, I think you are not only a little girl, but also an onmyoji."

Li Wan talked in a loud voice, her shyness was also suppressed by her anger.

"Thanks for the compliment." Qin Yu responded with a smile.

whisper~

"The towel is cold!" Li Wanxing said, covering the quilt.

Qin Yu was silent, turned around and lowered his head to twist the towel, then passed it to her and turned around.

repeated several times, and Li Wanxing said it was all right.

"I'm going to pour water." Qin Yu picked up the basin and walked to the bathroom.

Looking at him seriously, Li Wanxing ghostly said: "Actually, I am not young."

"Xuan Xuan only has B+, mine is bigger than her."

Brother Yu said expressionlessly, walked into the bathroom and closed the door.

leaned against the wall suddenly, calling out 'good fellow, direct good fellow...'
