### Chapter 71: This sound... really white

Calm down a little, Brother Yu has found the innocent nature of his youth again.

went out of the bathroom and saw Li Wanxing still lying there groggy.

did not notice that the quilt has fallen down...

Look at this bowl, it is big and round.

Qin Yu didn't want to open it, but the sudden knock on the door made him have no choice.

"Sister Wanxing, your quilt fell off." Qin Yu said to the door of the room.

静!

Then the bed board banged, Qin Yu looked back.

Li Wanxing covered her head in the quilt, and she shrank into a ball of shrimps.

I can still hear the sound of shame, 'ah, ah~'

The sound...It's really white.

opened the bedroom door, the ponytail girl looked at him in surprise, and said, 'How come you are a man?'

"Anything?" Qin Yu asked.

The girl was a little curious and said: "How did you come up?"

"I'm here to visit relatives, my sister is sick!" Qin Yu opened his mouth.

The girl said 'oh' like a smile, and the long tail was full of laughter.

"Your sister's takeaway is here, go down and get it!"

After the girl walked towards the end of the corridor, she still muttered, 'Visiting relatives, ghosts will believe.'

"Cough."

Qin Yu pretended not to hear, "Sister Wanxing, I will go down to get the takeaway. It will take a while."

went out and closed the door, Qin Yu stood at the door for two or three minutes.

Feeling that there is almost enough time for her to change clothes, she went downstairs to pick up the takeaway.

When passing by bedroom 204, he glanced thoughtfully, and the door was closed.

The scene of a happy girl holding her feet and sniffing lightly struck again.

Don't say it, it's interesting...

"It's over?"

Black Likui saw Qin Yu come down, thinking he was going to leave, and said in his heart, 'little young man moves very fast.'

"I'll take takeaway and drink some soup to make up for it!"

"That line..."

Black Likui hesitated for a few seconds, and added: "Move faster."

Although this is the site of Hei Li Kui, it is inevitable that there will be rumors when people see it.

The face project is still to be done.

swiftly carrying two large pockets of good soup, Qin Yu went upstairs 'punk'.

Naturally, it feels like going back to my own home.

stepped onto the last step, facing a girl blocking the way.

"Sorry, I..." Tang Jiaxian instinctively apologized when someone found someone.

Suddenly saw Qin Yu's appearance clearly, and ran downstairs quickly when he said "It's you".

'? ? ?'

What the hell.

Qin Yu was thinking about 'big and round,' the lyrics are really good.

I didn't pay attention to who the other party was at all. How could seeing myself be like seeing a ghost.

Seeing the soup in his hand, Qin Yu no longer struggled, and walked towards the 206 bedroom.

knocked on the door before entering, and when he heard Li Wanxing's voice, he pushed the door open.

"Sister Wanxing, this is the soup for you." Qin Yu went straight to the table under the window sill.

put the soup on it, "There are various flavors, you choose the one you like."

found that she was still hiding herself in the quilt, Qin Yu asked: "How is your body feeling?"

"I'm fine, you go quickly." Li Wanxing's impatient voice came from the quilt.

Just, how does it sound a bit like acting like a baby?

"Then I'll go first." This will stay, which will only embarrass Li Wanxing.

Big brother hasn't accepted the fact that her status is shaken, give her some time to think carefully.

The rest... I'll talk about it later.

.....

Farewell to Li Wanxing, Qin Yu came to the dance studio.

"Classmate, what's the matter?" A strange face opened the door.

"I remember Teacher Shen was here?" Qin Yu asked.

"You said Mr. Shen Bing, she took the students out."

The other party closed the door with a cold expression.

is not the indifferent nature of the beautiful witch, but a deliberately contrived attitude.

It seems that he is a fellow friend again!

It's not that the rehearsal is tense during this period, so Qin Yu is a little curious about how to go out.

"Xuan Xuan." Dialing Wen Yaxuan's number, Qin Yu got Teacher Shen's number from her mouth.

beep, beep...

"Hey."

"Teacher Shen, this is Qin Yu."

"Why do you have my number?" Shen Bing questioned.

"I asked Xuan Xuan, is Lan Yue there?" Qin Yu smiled naturally.

Shen Bing said indifferently: "We are practicing dance!"

"I'm in the dance studio, I haven't seen you." Qin Yu said that he couldn't understand what the other party meant.

"Art Building."

"Hey, I'm here."

Hearing the short short tone of the phone hanging up, Qin Yu put away the phone amusedly.

How grown up, and still behaved like a child?

Art building, when Qin Yu arrived, the rehearsal just ended.

"Wow, my boyfriend is here to send warmth again, and it's sour."

"Handsome guy, are you too tight to guard, right?"

"9494, your family Yueyue is not accessible to anyone... Don't be afraid!"

The dancing ladies are lonely!

is not dancing every day, or licking dogs in front of a group of dicks.

Is there?

have you eaten?

What do you eat?

have you slept?

go to bed early!

Drink more hot water!

The baby doesn't cry...

You TM is actually a little bit practical, say Jill through your mouth through the signal? ?

Thinking of those dicks, my little sister can be \*\*\*\* to death.

Looking at my boyfriend again, I drove a big parcel every day and ran to hush cold and warm, caring as much as...

deserve to be a single dog, learn a little bit!

"Let's go first." The ladies left with lemons in their arms.

Before leaving, still haven't figured out what I'm almost doing?

This is really something to realize by yourself.

is like the action the ladies need, the focus is not on other things, but 'driving the big handkerchief.

understand?

circled for the test.

At the end, UU Reading [www.uukanshu.com](http://www.uukanshu.com) Lanyue and Xu Tian walked out of the classroom arm in arm.

"Why did you change places today?" Qin Yu gestured to Xu Tian's head, rubbing Lazy Cat's head with his hands.

tilted his head and enjoyed his caress comfortably, the lazy cat's eyes narrowed into a crescent moon.

"Mr. Shen wants to see the stage effect." Lazy Cat said glutinously.

His hands are so comfortable!

If he lay in his arms, he would be able to sleep well.

The lazy cat at this time is still naive.

As everyone knows, if this is the case, Brother Yu must give her an injection first.

Then... the online game started all night.

Good sleep?

nonexistent...

"You two will do well, there is still a big man here." Xu Tian was helpless to complain.

"Take you to dinner, what do you want to eat?" Qin Yu asked without answering.

"I want to go back to the bedroom to see Sister Wanxing, do you know that she is sick?"

"I know."

Seeing Lan Yue's questioning eyes, Qin Yu smiled and said, "Your phone is in the bedroom."

Lanyue just remembered that she put her mobile phone in the bedroom.

put out her tongue cutely, Lan Yue responded: "Xuan Xuan and Shanshan have something to go out, so I have to take care of Sister Wanxing, so I won't go out with you."

"It's okay, I will take care of her for you."

Xu Tian laughed at herself: "Anyway, I'm alone, so I happen to be a partner!"

"Look...the problem is solved!"

"Why don't we go to the cafeteria to eat." The lazy cat was still a little worried and didn't want to run too far.

"Then go to the cafeteria together, you can help Wanxing choose her favorite food, so I can bring it to her."

Xu Tian pulled Lan Yue and ran forward after she finished speaking, and smiled charmingly when she looked back at Qin Yu.

Miss, your road is widening! !

## **Chapter 72: Who grows the lemon? It's so sour**

In the bedroom, I don't know how long has passed.

The feeling of suffocation made Li Wanxing unable to hold on, and put her head out of the quilt.

Seeing that the bedroom is empty, he sighed.

didn't know whether it was irritated or relaxed, and suddenly lifted the quilt.

peach pink tube top, loose cotton shorts, youthful and beautiful.

was a little vacant in his heart, just like this dormitory that no one cares about.

"Look at what Xiao Se Rin has prepared?" Li Wanxing opened the bag and opened the lunch boxes one by one.

soup, various soups.

There is also a bowl of fragrant \*\*\*\* cola...

She caught a cold when she was a child, and someone at home would cook it for her.

"Kengkeng... Wanxing, are you there?"

"Ah...I'm here." As soon as Li Wanxing spoke, her throat was hot and sore.

picked up \*\*\*\* cola and sipped it.

As soon as Xu Tian, who was carrying a box lunch, pushed the door, she smelled the aroma of the whole room.

"Wow, who will give you so many delicious foods?"

Xu Tian stepped forward to look, and said in surprise: "It's all soup?"

"Yeah." Li Wanxing leaned against the wall, her eyes happily drinking \*\*\*\* cola from the bowl. really sweet!

"Here, the man gave it to you?" Xu Tian said with a weird smile, "Tsk tut, it's really intentional."

"Where is the person? You hid the bathroom?" Xu Tian joked.

"Go, a little scorpion." Li Wanxing murmured.

"You're not talking about Qin Yu, are you?" Xu Tian looked at her pretending to be surprised.

Actually, as early as when I saw these soups.

Xu Tian already thinks of Qin Yu, and the smile that naturally rises when he mentions that Li Wanxing is ill.

"No... Oh, don't worry, you see which one you like to drink, it won't taste good when it's cold."

Li Wanxing turned off the topic with a guilty conscience, and remembered the embarrassing scene again.

My innocence and majesty...

Looking at Li Wanxing who was not alive, Xu Tian smiled strangely.

It turns out that Lan Yue is not the only one who has ideas, but Lan Yue is the biggest threat.

is lurking beside her...

And she didn't know anything about it, it was so interesting.

If Xu Tian knows more than one truth, I'm afraid her expression will be wonderful.

Σ(O\_O;)

.....

In the school cafeteria, Qin Yu and Lan Yue are spreading dog food in public.

"Open your mouth, ah~"

Qin Yu dug a spoonful of fried rice and gently brought it to Lazy Cat's mouth.

Lan Yue, whose eyes narrowed into crescents, opened her white teeth, and exuded a breath of happiness all over her body.

The male is handsome, the female is pretty.

is tall and sturdy, looks more handsome under the background of a famous brand.

Not to mention that they only look at each other.

The sour smell of love reverberates and ferments in the air.

Damn, forget it.

"Is it tasty?"

"Hmm."

The lazy cat nodded slightly, Xiaojiabiyu's clever appearance, a kind of senior and junior.

woo...

The goddess is also degenerate, and the rich can't be rats.

Senior sisters, they are much more reserved.

The handsome guys have seen a lot of them, but they are handsome, but they can't be eaten.

Ling Ling~

The sudden ringtone interrupted the sweetness of the two.

Seeing the number on the screen, Qin Yu pressed mute and put the phone aside.

"No answer?" Lazy Cat asked curiously.

"No hurry." Qin Yu responded with a smile.

The taste of fried rice in the Shanghai Opera Canteen is still good.

Ling Ling.

The phone rang again, but Qin Yu remained silent.

It wasn't until the third time that Qin Yu picked up the phone unhurriedly.

"Hey!"

"Mr. Qin, it's me, He Tao, Xiao Tao."

Wrapped in gauze, He Tao in the wheelchair grinned hard.

There is no pain in his whole body now. When he moves the corner of his mouth, the wounds all over his body seem to be twitched.

"Manager He has good news?" Qin Yu asked.

"Yes, Mr. Qin, the landlord agrees to sell at the agreed price and go through the formalities tomorrow morning!"

He Tao forced to endure the pain and said to please, he was afraid and uneasy in his heart.

Is he a little suspicious, how could there be such a mysterious thing?

But when he thought of what happened to him today, Qin Yu smiled strangely when he left.

He Tao couldn't help but feel shocked in his heart.

Thinking back carefully, everything happened after he left.

What a coincidence to say that it has nothing to do with him?

"Oh?"

Qin Yu changed his words and said: "Why did you sell it again? Couldn't it be Manager He who did something?"

"What I should do is what I should do." He Tao laughed repeatedly.

"But suddenly I don't want to buy it anymore."

Without waiting for He Tao to speak, Qin Yu suddenly said: "I heard that Manager He had a wonderful experience today!"

He Tao's heart trembled suddenly, and his heartbeat missed a beat.

The huge fear caused him to suffocate, making a weird hoarse sound of "ho ho".

"Qin, Mr. Qin, huh..." After a sudden gasp, He Tao cried, "It's all my fault."

"Mr. Qin, what do you say, I will do it!"

"What did Manager He say, why can't I understand?"

Qin Yu paused for a few seconds and said: "For the house, I will pay 10 million and trade tomorrow morning."

"This time, Manager He shouldn't break his promise."

"No, I will do it well." He Tao gritted his teeth and responded.

No matter what, he can only agree now.

If this continues, it will be a question of whether his life can be saved.

Compared with fate, what does money count?

But if you are wrong, don't you lose 1 million in vain?

He Tao, holding the phone, fell into entanglement again.

was thinking that the wheelchair suddenly moved on its own, and hit the wall with He Tao's panic scream~www.mtlnovel.com~Boom.

He Tao fainted happily again.

When he woke up again, he learned that the buckle and wheels of the wheelchair were malfunctioning inexplicably.

He Tao never dared to think otherwise.

This money must be spent...

.....

Shanghai Opera Canteen.

Qin Yu was talking to Lazy Cat about the house, "I will sign tomorrow morning, and I will pick you up at 9:40."

"But I want to dance." Lan Yue hesitated.

She still thinks this is not good, it is a house worth more than ten million.

under your own name?

Lazy cat didn't even think about it before, that he would have such a day.

may one day rely on hard work and struggle, and there will be such a day in the future.

But that is also decades later.

Now, too suddenly.

Qin Yu's dedication made her feel worried about gains and losses.

is nothing like my former self.

"That's our love nest, don't you like it?"

Brother Yu opened his mouth to define the topic from value to meaning.

What money is not money, vulgar, true vulgar!

Love is priceless. Compared with it, what is a house?

"At that time, I hope you can arrange the house as you like and make it feel more at home."

"I like to stay at home, and I prefer to have you in this home."

Qin Yu held Lazy Cat's hand, looked at her affectionately and said.

In an instant, water mist filled the lazy cat's eyes.

What hesitation, worry.

After being left behind by her, Qin Yu gave her not only a house, but a home that belonged to them.

'S words made her fall completely, and she could no longer resist.

### **Chapter 73: Our Cao Jiajun...**

When Lan Yue returned to reality from the touch.

immediately noticed that the atmosphere in the cafeteria was not right.

Senior sisters and school girls who are proud of themselves on weekdays.

was staring at Qin Yu with 'cannibalistic' eyes at this time.

is like a hunter who keeps his eyes on his prey, full of aggression and hidden greed.

Lanyue grabbed his palm anxiously, and stared back at the bad women fiercely.

Don't share it with you, go away, ahh~

The elder sisters did not care about her, scratching her head and changing her posture.

With the thighs crossed sideways, the willow waist is slightly tilted, showing a delicate and proud figure.

shakes his head while moving his long hair, revealing a charming and charming smile.

silly white sweet, 10 million houses still hesitate!

If you change to be yourself, don't let him make a few villas.

There are a lot of rich second generations in Shanghai opera, but that only represents a minority.

The whole family smashed the pot and sold iron for reading is also a small number.

Most families are ordinary people who are inferior to the top and surplus to the bottom.

And what they came into contact with was another psychedelic world of colorful, brilliant and colorful.

So, no wonder some people are dazzled.

The girls who are pregnant with ghosts have already begun to take action.

"Brother, can I add you to WeChat?"

Miss Jk with light makeup squeezed her throat and smiled, her fingers tightly holding the phone.

This detail control is definitely the director's department.

"There is no internet at home, and the WeChat account has been deleted!" Qin Yu kept looking at Lan Yue while speaking.

Who knows Miss Sister still doesn't want to give up.

squatted and twisted his body, and said coquettishly: "Then we exchange numbers."

Snapped!

The phone was reversed, and Qin Yu raised his head and smirked: "The phone is in arrears. Would you like to pay me a call?"

At this time, the mind must not be shaken.

Besides, as far as the freshness of her 75 is, where is the confidence to strike up a conversation?

Cut the male, just cut the male, don't switch to playing rare collections.

The collection is expensive, you don't have enough capital...

got up and hugged the well-behaved lazy cat, Qin Yu talked about the details of the soft outfit.

For example, he likes those small and delicate dolls, just like those on the head of Lan Yue's bed.

There are also handmade flower pots and microcosms, which all look so beautiful.

In short, he likes everything Lan Yue has.

Follow the central idea, it must be right!

asked my sister to watch a movie, and had a fight at the door over what to watch.

It seems that you really want to watch a movie...

Why do you have to date a girl?

The lazy cat caught in his arms, walking lightly at this moment.

Sure enough, I have the best vision.

Hum~

How can you glamorous women compare to my fairy dormitory.

I was supported by someone, ah, hehe~

(.?'ω')

Lazy Cat has completely forgotten how he was confused at first.

I gave myself away...

strolling around the campus, turning a blind eye to the envy of the past.

The two talked until it was time for the class, and Qin Yu sent her back to the art building.

The beautiful witch gave him a free roll of eyes as usual, which is glamorous and cold, with a unique flavor...

drove back to No.1 Seaview, the 911R in the garage was nowhere to be seen.

Turn on the tooth, the little anchor is actually broadcasting.

At this time, she was driving the street, walking the streets to find those unknown flavors.

Although I am a native of Hudu, I dare not say that I have visited every delicious restaurant.

is like a small anchor. After a year of outdoor food exploration, he can still find surprises on the streets.

"That shop looks good, like a neon izakaya, let's go and check it out."

The little anchor took off the phone stuck above the rear mirror, only to find that Qin Yu was also in the live broadcast room.

The water friends on the public screen are eager to brush, it is difficult not to see it.

"Welcome the boss home, it's hard work!" The little anchor bowed weirdly, and laughed foolishly, covering his mouth.

'I said that the little anchor is gone, and the boss is called.'

'Good wife and good mother? I'm interested in this.'

'Sexy wife...I've already paid attention.'

'We, Cao's army, hereby come to ask for help!'

'Wife Cao He Zai, return quickly.'

'I'm here.'

'coming.'

'The Captain of the Cao Jiajun Tackling Squad is here to report.'

The bullet screen brushed the screen, and the little anchor said with a delicate face: "Boiling, the dog can't spit out ivory."

'Our dog minions swear allegiance to the mistress...'

'Our dog minions swear allegiance to the mistress...'

'Our dog minions swear allegiance to the mistress...'

The neat barrage was swiped again, and the water friends became addicted to playing.

The little anchor ignored him, and went straight to the Flies Pavilion on the side of the street.

A narrow aisle, with the operating room and bar on the left hand, and several high stools in front.

This is the simplest izakaya. There are two or three people dining in the shop.

The boss is a neon person, but he can also speak the language here, so communication is no problem.

The little anchor found an empty corner, sat down and talked quietly with the boss.

learned that she was an outdoor host of gourmet food, the boss enthusiastically gave her an aperitif and said that she would shoot casually.

In these years, everyone knows how much traffic the anchors and internet celebrities bring.

"Does the boss want to appear on the camera? Say hello to Xia Guo's friends?"

The little anchor sees that the boss is very kind and kind, and wants to ask him to appear on the camera to divert attention.

The power of the Cao family's army is difficult to handle, this will still be the mistress and mistress's screaming.

The boss happily agreed that the diners who ate should be acquaintances, and they all agreed with his appearance.

"This...is it okay?" The boss pointed to the simple clothes and the apron with the store's name on him.

'S expression is a bit shy, although he is a little old, he looks like a cute person.

"No problem, come and say hello to everyone!" The little anchor turned the camera to the boss.

'We, Cao's family, represent mistress and welcome international friends.'

'We, Cao's family, represent mistress and welcome international friends.'

'We, Cao's family, represent mistress and welcome international friends.'

.....

Qin Yu, who had just returned home, sat on the sofa and laughed at this scene: "I'm still addicted to playing!"

Look at the poor hundreds of tiger shark wings in the account and open the recharge interface.

In the next half a month, it's time to play the divisional game. When is it charging?

Point your finger and the live broadcast room will instantly explode...

Congratulations that the windbreaker also hurts the emperor in the drizzle and silent live broadcast room.

Congratulations that the windbreaker also hurts the renewal of Emperor X1 in the drizzle and silent live broadcast room.

Congratulations that the windbreaker also hurts the renewal of Emperor X2 in the drizzle and silent live broadcast room.

.....

Congratulations that the windbreaker also hurts the renewal of the Emperor X50 in the drizzle and silent live broadcast.

.....

Congratulations that the windbreaker also hurts the renewal of the Emperor X100 in the drizzle and silent live broadcast.

The renewal news floated for 2 minutes before it ended, and the live broadcast room was completely crazy.

What Cao Jiajun, all dumbfounded...

Charge 10 million in 2 minutes, is this the world of the boss?

'We Cao's army, swear allegiance to the lord.'

Shuiyou Teubi immediately rebelled, and began to brush neatly, 'our Cao's army, swearing allegiance to the lord.'

Then I don't know who sent the sentence, 'We oppose Cao's dog legs and swear to defend the lord and mother.'

The screen began to collapse, and the barrage was broken.

"The boss is amazing, thank you boss!" Cheng Xiyu said insincerely.

was both moved and helpless in his heart. He was already his own. Isn't this a waste of money?

Wind and rainy night hurts people and presents a drizzle and silent super rocket, come and watch~

50 super rockets, so that the popularity of the live broadcast room soared to 6.5 million, and it continues to rise.

'Do the show well, good! 'Wind and rain hurt people at night.

Ambiguous tone, the performance and demeanor of the little anchor.

made the water friends uproarious again, completely forgetting that today's theme is exploring food.

Friends of the water are full of food, Brother Yu is not sure.

The little anchor is already using WeChat to ask him what he wants to eat at night, anyway he has something to eat.

Seeing that the owner of the izakaya is making sushi, Brother Yu suddenly thought of a famous dish...

What kind of banquet is coming, those words are so difficult to understand...

returned a message to the little anchor, and saw her pretty face flushed slightly in the live broadcast room.

Hundreds of charming eyes stared at the video, causing the water friends to call 'good guys...'

'Brother hurt, is this free? WeChat chat about the last time? 'La Lago 996.

'Row. 'Wind and rain hurt people at night.

Cut out the live broadcast room, Qin Yu pulled down to find the big brother group, and found that there was a lot of information.

Since I have the system, my life is rich and colorful.

There are arrangements every day from morning to night. Where can I go to see Wechat at any time.

Actually, Brother Yu has subconsciously studied time management.

So far, the daily schedule is full~[www.mtlnovel.com](http://www.mtlnovel.com)~ In time, you will surely be able to start a sect and become a time management master respected by everyone.

'Hello, brothers. 'Wind and rain hurt people at night.

Someone immediately responded: 'Big Brother Wounding finally appeared. {Thumbs up}' just renewed the screenshot of 10 million yuan, you can see it by scrolling up a few pages.

What's the new big brother on the platform, what's going on with the big brother, the news in the big brother group is the most informed.

Because maybe sometime, I have to face up with a certain elder brother.

Knowing oneself and the enemy is the only way to survive in every battle.

Keeping the big brother forced is not...

Big brother must not do anything that loses shares.

If you accidentally just got on, let's disconnect the internet and pretend to be dead. This is the next best thing!

'Hurt people, I'll pull the group!' La Lago.

There was no news in the group immediately, everyone knew what it meant.

are all adults, so there is nothing uncomfortable.

Largo invites you to join the group chat.'

The name of the group is written 'Trade Union Shareholder Group,' which is simple and clear.

A total of 19 older brothers came in, plus Qin Yu exactly 20 people.

'Everyone is here, let's talk!' La Lago.

'Good for hurting brother. "Brother Yi.

This is Brother Yi who initially supported Xiao Ke Ke and fought with Qin Yu.

Qin Yu had seen him in the big brother group before, but he had never spoken.

I didn't expect that he would follow along this time.

Since he is his own, face must be given.

'Hello, Brother Yi, we don't know each other if we don't fight. 'Wind and rain hurts people at night.

Some words have to be clarified in advance, so that we will not leave hidden dangers when we work together.

I have a stubborn heart, how can I make the effort together?

#### **Chapter 74: What kind of banquet is coming?**

'Yes, the demeanor of the hurting brother, I saw it today. "Brother Yi.

{Hand Kuo Le to the big guy} Brother Yi.

'Brother Yi is polite, just play around. 'Wind and rain hurt people at night.

'I said that hurting brothers don't mind, how can a man be as stingy as a woman.' La Lago.

'It's fate to be able to get together. The union has been established and must be arranged offline! Happy brother.

'I'll arrange it, small point!' La Lago.

'Largo don't \*\*\*\* me this time, let's go to Hudu, I will arrange it. 'Wind and rain hurt people at night.

Qin Yu said so, no one else would argue.

As the principal, it is more appropriate for him to arrange the first gathering!

'Let me talk about the situation first, the establishment of a union is not only for making money, but mainly for the small business of my woman. '

'So, the small anchor must occupy a lot of resources in the union, and it is also an irreplaceable sister. '

'Of course, if you want to do it, you must do your best. This is a little bit of my personal habit. '

'Now small anchors can barely reach the top. '

'I will spend another 108 million to play the division, the year-end celebration, and strive to be the first of the year. '

After Qin Yu finished speaking, no one in the group spoke for a long time.

108 million, do you call this a small business?

This strength has been locked in the annual festival, and it is recommended to send the championship... and strive to???

Are you afraid that you have a misunderstanding of the word "strive".

Brother, being humble does not take such a blow.

Are you poisonous?

'Is what the hurt brother said true? La Lago was also shocked.

is always the name of brother, and becomes the hurt brother.

'Larago is not good enough, just ask me to hurt people. As for what I said is naturally true. 'Wind and rain hurt people at night.

'It's too hard! {Crying smiley}' Happy brother.

They only thought it was a small mess before, and everyone took out several million.

Then bring the small anchors he supports to the union, so that he can play, but also protect his money!

I want to make money naturally, but at first no one thought that the plate would be so big.

'Is there any problem with the small anchor who wants to get top treatment? 'Wind and rain hurt people at night.

'What's the problem, it's okay. 'Larago spoke on behalf of the other eighteen eldest brothers.

From this point of view, people are trying to put their own women on top.

They can count as a boat rider at best, and they may be able to cultivate one or two cash cows.

I made money while playing...

Any opinion on such a good thing, who has an opinion?

'In this case, let's talk about their respective capital contributions. 'Wind and rain hurt people at night.

'It's all in Largo, you send it directly to Brother Wounding. Happy brother.

Adults need to be more sensible and more realistic.

Knowing that Qin Yu can come up with 100 million just playing around, who would be embarrassed to call him a brother?

Largo sent him a list of capital contributions, including dozens or millions of them.

This money is the start-up fund of the union, and personal rewards are not counted in it.

I have already said that the big brothers are still playing their own ways, and they will not be affiliated with the union marketing account.

Individual rewards for union anchors are counted as normal consumption and settled in accordance with the preferential treatment given by the union.

However, when playing activities and competitions, there are hundreds or tens of millions of moves, and the anchors can't get them.

Except for platform pumping and taxes, the rest will be returned to the big brother.

This is also an unspoken rule between the union and the eldest brother.

In the final calculation, Qin Yu got 90% of the trade union's shares.

The remaining 10% belonged to the 19 eldest brothers.

This is still the result of Qin Yu's voluntary retreat. After all, the small anchor was paid too much.

The trade union basically makes no money. Since everyone gives him this face, he has to show it.

Respect is mutual, there is no benefit, you are the richest man in the world and I have a half-money relationship?

'Then it's decided, when will I sign? 'Wind and rain hurt people at night.

'How about next Wednesday, see you in Shanghai. 'La Lago.

Wednesday, the first day of school.

Brother Yu doesn't know the arrangement of the military training yet, so I think he won't be directly military training on the first day.

'Okay, see you on Wednesday. 'Wind and rain hurt people at night.

Communicate well with Largo here, so that everyone can maintain their calibre.

Qin Yu dialed Director Xiao's number again, this time they had to have a good talk.

.....

Izakaya.

Cheng Xiyu, who ate four special appetizers, refused the staple food provided by the boss.

"I want sashimi and sushi, can I take it away?"

"Raw food and sushi, I see."

The boss selects suitable fresh ingredients in the fish tank in the bar.

During the production of , Cheng Xiyu was broadcast live.

is a thank you to the boss for his warm hospitality, I hope his business is prosperous.

For this international friend who came to Xia for 40 years and has rooted here.

Cheng Xiyu, including the friends in the live broadcast room, are very welcome.

Many people are still asking in the live broadcast room if they can transfer the money to the anchor for on-site reservations.

Cheng Xiyu refused on the spot.

Do these LSPs want to book a meal time?

That is obviously doing their own WeChat account, the dogs are not honest at all.

The boss finished the raw food and sushi, and put a few boxes of wasabi soy sauce as a gift.

after carefully packing for her, she insisted on giving her a 20% discount.

Finally, Cheng Xiyu was a little embarrassed.

not only gave her all kinds of appetizers and drinks when eating.

There is also a bonus for packing, and a 20% discount at the end.

Why does it seem that she is here to take advantage?

So, before leaving, she pressed 200 yuan on the material table.

She ate this meal very happily, and the price is not expensive at all.

Everyone sits in front of the bar and talks about customs, culture and food experience together.

is clearly a stranger, but he has a particularly relaxed feeling.

Maybe it's because of a stranger!

In short, the atmosphere is really good.

"The mission is completed, and a good shop is found!"

Cheng Xiyu pointed the camera at the name of the shop and introduced the detailed location of the shop.

"Finally, I want to tell everyone."

"If you are alone and occasionally lonely, come here!"

"It will make you feel a touch of warmth on the night of Shanghai crossing~"

"Today's live broadcast is here, good night~"

Waved goodbye, Cheng Xiyu put away the live broadcast equipment.

happily got in the car and returned home.

When the car entered the basement, Cheng Xiyu saw her boss's big handkerchief at a glance.

Snapped.

Closed the door, Cheng Xiyu ran into the elevator.

happy~

"Boss, I'm back!"

The elevator opened, and Cheng Xiyu threw off his shoes and rushed to the living room.

The happy smile on       's face can't hide it!

rushed into the living room and found that Qin Yu was not there.

The little anchor started a room, and went to find a room.

Waiting on the rooftop, I saw Qin Yu bathing in the infinity pool!

leaned against the pool, leaned back and lifted his arms up.

The bubbles in the swimming pool are rising up.

What is it if it is not a bath?

"Boss, I'm back!"

Cheng Xiyu smiled and rushed forward, trying to scare Qin Yu with his eyes closed.

But as soon as she rushed forward, she grabbed her wrist with one hand.

Cheng Xiyu, who was crawling on the steps, screamed and fell into the water.

When she had her head again, she almost choked with breath.

Bad boss.

I almost couldn't breathe as soon as I came back.

Knowing that she has a shallow voice, she is not good at holding her breath...

"How was the live broadcast today?"

Punishing the little anchor who wanted to tease him, Qin Yu asked her to come and float together.

Using the infinity pool as a bathtub is the unpretentious side of the rich, right?

stretched out a pair of Bai Zhi's long legs, and the little anchor kicked the water playfully.

"As usual, the atmosphere in that shop is good."

"If we have the opportunity, shall we go together?" The little anchor looked at him a little expectantly.

"Okay." Qin Yu agreed.

"What's the matter with the mistress? When did Cao's army pop up?"

Hearing Qin Yu's question, the little anchor blushed and said, "I don't know, it's all the water friends making a fuss."

"You have become a mistress, then what am I?" Qin Yu joked.

"Of course it's the lord." The little anchor glanced with raised eyebrows, and a seductive air rushed over his face.

"Lord, let the slaves come and dress you."

\*\*\*\* and suck~

When I came out of the pool, a cold wind blew.

Brother Yu shivered inadvertently, looking up at the starry sky.

"There are so many stars!"

Back home, the little anchor ran to the bathroom: "Master, which one is better for raw food, milk or red wine?"

"Naturally we are together." Qin Yu responded as expected.

choose?

No, no, Yu has always hated choice.

Milk paired with sushi, red wine paired with raw food, and some wasabi soy sauce...

hiss~

Tonight, Brother Yu wants to enjoy a gluttonous feast alone.

.....

The next day.

The bell rang, and Qin Yu opened his eyes on time.

The overworked little anchor is still sleeping.

To prepare a gluttonous feast for Brother Yu last night, it was really hard for her.

Cooking is not a simple task, especially like the special delicacies she prepares.

not only has high requirements for wrist strength and arm strength.

The swing-out style is also a test of skill.

Flowering on all sides, Golden Rooster Independent, Longji Bridge, Cardamom Yaotai...

I have to say ~www.mtlnovel.com~ The little anchor still puts a lot of effort into cooking.

After getting dressed, Qin Yu went out to the clubhouse.

This time he remembered to bring swimming trunks.

is the security guard of yesterday, and it is not strange to see him again.

No one greeted, Qin Yu greeted himself.

Actually, this makes him feel more natural.

he always hugs and hugs wherever he goes, others don't know.

But he felt awkward just thinking about it.

took off his jacket, Qin Yu began to warm up, pushing the iron.

When I was about to leave, I saw myself in the mirror.

Qin Yu suddenly realized that he seemed to have signs of growing abdominal muscles.

Although it is only a faint texture at present.

But if you hold your breath hard, you can still see obvious abdominal muscle mass.

"The effect of this drug is great, right?"

Touching the "kidney power" in his pocket, Qin Yu himself felt incredible.

He just practiced for two days in a row, and then he got his abdominal muscles?

If you let the fitness expert who insists on practicing for four or five years, and crazy exercises know.

How can they have the face to live?

What... is it a gangbang?

oh~

That's all right.

'Ding, congratulations to the host for continuing to maintain good habits, sunshine value +1.'

The pleasant sound of the system came.

Facing the mirror, Qin Yu smiled sternly, "This kid is so handsome!"

As a penchant, shouldn't it be the longer the more handsome?

So, the life of hanging force is so simple and simple.

took a cold shower and put on swimming trunks Qin Yu came to the swimming pool.

Wow~ Wow~

Someone is practicing breaststroke in the swimming pool, but they came earlier than you?

But, think about it again.

Teacher Ma doesn't even like money.

Some people don't like him, it doesn't seem to be surprising.

When Qin Yu came in, Shaman also noticed him.

The lustful eyes yesterday gave her a bad first impression.

See you again, but Shaman realizes that he is different from before.

looks more sunny and healthy...

The muscles are tight and stylish, and the abdominal muscle lines on the waist are clearly visible.

The overall body line is strong and tough.

I don't know if it's an illusion, Sharen actually thinks he has become handsome.

Seeing that the opponent chooses another lane, he also adopts the beginner breaststroke posture.

Shaman's impression of him improved slightly.

is limited to not disgusting, and communication is forever.

In fact, Qin Yu was completely unreasonable.

Before he moved in, it was only used by Sharen in the morning.

I thought that no one would choose to swim at this time, so Qin Yu appeared.

So, the attitude towards him yesterday.

is not only Qin Yu's distraction, but also Shaman's uncomfortable feeling that her private space has been violated.

One lane per person.

Each tour has its own, without interfering with each other!

Seeing the clock hanging on the wall, the hour hand moved towards 8:30, and Qin Yu left the swimming pool with both hands.

I rinsed briefly, took a good shower when I got home, and changed into clean clothes.

The sleeping anchor kissed on the forehead, and Qin Yu went out with the car key.

He has to pick up the lazy cat first, and then go to the Oriental Garden with her to complete the formalities.

Think of He Tao.

Brother Yu is really curious about his current situation.

also don't know how serious the punishment of the system is, so that he is willing to post millions.

However, this manager He is also an individual!

can actually think of something related to him from a sentence before he left.

When        was approaching the Shanghai Opera, Qin Yu pulled over and stopped.

bought a few huazi and a stack of red envelopes in the smoke hotel.

Qin Yu threw Huazi at the feet of the co-pilot, and the red envelope was put into the glove box.

then ordered two breakfasts at the roadside stall.

Nothing special, pancake fruit + soy milk.

At the back door of the Shanghai Opera, Qin Yu lowered the car window and said to the security guard, "Master, you have worked hard."

Seeing the Huazi in his hand, the security guard said cheerfully, "Is this not so good?"

"You are welcome, I will trouble you more in the future."

With a polite sentence, the security guard took Huazi over.

Qin Yu also drove into the Shanghai Opera campus under the other's eyes.

brought two breakfasts to the old building of Nvsu, Qin Yu gave one of them to Hei Likui.

"Auntie, I brought you breakfast, I went up."

"Oh, you child is really interested."

Hei Li Kui looked at the breakfast on the table and smiled incredulously.

Qin Yu also brought the red envelope, but he was not going to give it.

If you come once and give it once, Hei Likui will become a wolf who can't feed her sooner or later.

may even feel that this red envelope is the income she deserves.

So, it's enough to understand.

Dou Mien, Sheng Mi Qiu, you know...

quickly walked up the stairs, Qin Yuxin said, 'very enthusiastic, with a fierce face?'

If this is heard by a Shanghai Opera boy, he must fight him to death.

Black Likui has a warm heart?

Brother, you are afraid that you are very sick!

The doors of the bedroom along the way are closed this time, and there is no one in the corridor.

"Kengkeng, lazy cat." Qin Yu knocked on the door.

"coming."

The door opened, and Lazy Cat was wearing the skirt Qin Yu bought for her that day, smiling with a fairy air.

"Breakfast." Qin Yu mentioned breakfast.

"Eating on the road." Lazy cat took his arm and walked downstairs.

Passing in front of Black Likui, the lazy cat yelled softly, 'Hello Aunt Li.'

This is confusing for Hei Li Kui!

If I remember correctly, this girl is Lan Yue, not Li Wanxing.

Do young people nowadays know how to play like this?

All the way to the Oriental Imperial Garden, Qin Yu and Lan Yue each ate half a pancake fruit.

Sharing a cup of soy milk, but there is a kind of ignorant innocence in school.

At the property office, Qin Yu learned that He Tao was still in the hospital.

flashed his waist first, and hit the car again on the way to the hospital.

His wife received a call from the hospital and rushed to find that he was messing around outside and was making a lot of noise in the hospital.

"When Manager He called in the morning, the young woman's husband seemed to have found..."

The staff who received them snickered gleefully.

In short, Manager He's life this day.

Wonderful~

"Manager He asked me to pass it on to you."

"Wait, it will be transferred directly to the landlord."

Qin Yu didn't pick up, and walked towards the reception room.

The landlord has arrived, he is dressed casually, and his accent is from the Yaodu side.

The procedures went through very smoothly.

The landlord's authorization letter has been transacted. With this subsequent transfer, he does not need to come forward.

standard transaction contract.

After confirming that there was no problem, Qin Yu asked Lazy Cat to sign the name.

The final step is to transfer money to the landlord's account.

and handed him the bank card in the hands of the property staff.

Seeing that the transfer information is correct, I checked the amount in the card again.

The landlord smiled and stretched out his hand: "If you need this in the future, you can contact me."

Qin Yu put on the other's hand and said: "Definitely."

The landlord is a real estate speculator, and the two parties exchanged numbers.

As for whether it will be used in the future, I will talk about it later.

sent away the landlord, Qin Yu looked at the transfer record in the phone.

11 million house, paid 8 million actually.

He doesn't know if the landlord makes any money, but he does it anyway.

If you buy and sell, you make 6 million.

What you save is also earn...

"wait for me."

called Xu Hao and told him that the procedures were all done.

"You just send me the original photo."

Xu Hao was still wondering when he would call.

An expenditure of tens of millions is not a small sum for anyone.

Who ever thought he would do it the next day...

After receiving the photo from the other party, Xu Hao sent the thing to the person in charge.

20 minutes, the record information has been replaced.

A few days later, Qin Yu stayed in the Oriental Imperial Garden during the day.

As long as he is free, the lazy cat will come back and get tired of him.

then hurried back to accept the rehearsal.

In addition to playing online games, the two did everything they could do.

The game time was postponed in order not to affect her dancing state.

Bingshan Beauty Witch is full of anger, Lazy Cat doesn't want to be seen by her.

Doesn't it mean that you hit the muzzle by yourself.

Lan Yue did not tell the other sisters about the purchase of the house by the two.

However, Jiang Xiaoshan knows it.

"Kengkeng, Qin Yu, open the door."

Qin Yu couldn't help but smile when he heard Jiang Xiaoshan's voice.

No, the ones here are more diligent than the lazy cat.

Someone who didn't know thought that she was the new tenant who moved in.

opened the door, Qin Yu spit out casually: "Why are you here again?"

Jiang Xiaoshan put on slippers, her delicate feet exposed in the air. UU reading

Her feet are beautiful, slender and slender, with protruding bare feet.

The complexion is pale to glowing, which is curious.

Is the skin color of other parts of her body the same?

I was at the Maocai restaurant that day, if Xu Tian is replaced by Jiang Xiaoshan...

Brother Yu is afraid that he can't stand it.

"I am helping the lazy cat to stare at you."

Hearing what she said, Brother Yu almost vomited.

"Stare at me? Stare into your own bowl?"

What Jiang Xiaoshan is making, both of them know well.

If you find this excuse for the happiness of your sisters, won't your conscience hurt?

Jiang Xiaoshan, who was walking into the house, stopped.

looked straight into his eyes and suddenly said, "If yes, what do you think?"

how to think.....

Of course I don't want to.

"Does the lazy cat come back today?"

took the takeaway from her, Qin Yu asked casually.

"I went to see her when I came here, Teacher Shen was getting angry, I'm afraid I can't come back today."

Jiang Xiaoshan sat beside him, her shoulders tilted.

leaned half of his body in his arms, "I don't dispute anything."

At this moment, Brother Yu wants to say, 'I'm too difficult. '

In today's society, I want to be a simple boy.

Why is it so difficult?

## **Chapter 76: 5 kills in the first battle**

took out the pills in his pocket, there are 4 more pills.

Brother Yu pulled out a pill and threw it in his mouth.

PVP, medicine still has to be taken.

Jiang Xiaoshan seems to be in a good mood, humming and playing in the river.

The Paladins sneaked into the grass, and the two spears merged.

At this time, a butterfly fell on Qin Girl.

And she is cleaning the wings of the butterfly, her movements are gentle and delicate.

Yu Yu made a decisive decision to let her understand the sinister society.

'Cold pursuit...Launch. '

'The Holy Lance Baptism. '

'Play with enthusiasm. '

'Transparent Holy Light. '

'Holy Light Silver Bullet' triggers and hits the target.

...FIRSTBLOOD

I don't know what Jiang Xiaoshan thinks, so she chose a crispy skin like Qin Girl.

Brother Yu hasn't done much yet, he can get it with a single blood.

Below...

Of course, the battle continued.

.....

The game lasted for 2 hours and ended with the five-kill streak of the Holy Gun Ranger.

Leaning against his arms, Jiang Xiaoshan whispered: "Do you think I am very frivolous...?"

"No."

Qin Yu scraped the bridge of her nose and said with a smile: "Otherwise, how could it be your first fight today."

Jiang Xiaoshan smiled elegantly and said: "Then how do I behave?"

"Your... dancing and dancing is impressive."

Qin Yu said seriously, Jiang Xiaoshan's operation really left a deep impression on him.

These feet... are beautiful.

"I actually don't worship gold."

Jiang Xiaoshan looked back and talked about her past dreamily.

She has a wealthy family since she was a child, and her father was a well-known businessman in Hudu.

The mother is kind and gentle, and the family lives happily.

Until the appearance of a woman, her father seemed to have changed.

My mother was hit hard, drinking heavily every day.

And that woman, Jiang Xiaoshan doesn't know how to describe it...

She is very good to her father, very good to her mother, and very good to herself.

After his father left, the woman took him home.

The scene that day was chaotic, Jiang Xiaoshan only remembered that there was blood, who was injured.

Then she came again and talked with her mother for a long time, but broke up.

But she will always come after that, bring some gifts, and give her mother some money for living expenses.

Take yourself to buy clothes, eat...

From the initial hatred, to the later complexity, to...

I don't know when she started, she wanted to become that woman.

Rather than being like a mother, she loves herself and complains and curses every day.

Living like a bitter woman with drunkenness...

"I love her and feel worthless for her, pitiful, but sometimes..."

"I hate her again. If I leave the man, I can't cheer myself up and live my own life?"

"She has a daughter and a family."

"Why do you just drink, and not even care about your daughter's life or death!"

Jiang Xiaoshan lay on his chest, crying.

She didn't want to live like a mother, but she was afraid that she would become like that...

"I never worry that your father will leave me, because I only live for myself!"

She remembered this sentence for eight years, and it also changed her life.

She has no way of knowing the future, not even what will happen tomorrow.

But at this moment, the peace of mind that has come back makes her fascinated.

Maybe something is destined by heaven.

Even though she tried her best to change, deep down she was still like her mother.

From the beginning, I have good illusions about love.

Mom made the wrong choice!

And her choice, is it right or wrong?

'Qin Yu, will you be my Big Big Wolf?'

With many questions, Jiang Xiaoshan fell asleep in his arms.

.....

At night, the sound of the kitchen made Jiang Xiaoshan wake up.

Seeing the dark window, he quickly picked up the phone.

There is no phone, Jiang Xiaoshan opens the WeChat account.

I saw the message that "I" sent to Lazy Cat three hours ago.

'I'm staying here tonight and will not go back. It was sent by Qin Yu in her name.

relieved, Jiang Xiaoshan leaned against the bed and stayed.

After the impulsive passion, calm reason once again occupied the high ground.

Jiang Xiaoshan does not regret her choice, but it is inevitable that she will be anxious.

'Go and see what he is doing?'

White and tender red soles stepped on the floor, Jiang Xiaoshan quietly looked out the door.

The smell of rice floated, making her unconsciously quicken her pace.

"Are you awake?" Qin Yu turned her head when she heard the movement, just in time to see Jiang Xiaoshan rubbing her hands and feet.

"Well, it smells good." Jiang Xiaoshan had only food in his eyes at this time.

An overworked body is in urgent need of nourishment.

What tangle and hesitation is not as important as filling your stomach.

"Shrimp King Dumplings, Chicken Claypot, and a Chicken Soup."

"How do you know that I like chicken?" Jiang Xiaoshan asked unexpectedly.

She is a girl from the south of the Yangtze River, but she especially likes spicy food.

Chicken Claypot is her favorite.

"I know a lot more, hurry up and eat."

put the disassembled rice in front of her, Qin Yu took a can of Coke from the refrigerator.

Happy, just drink happy water.

Ding, dingding~

Qin Yu picked up the phone, it was a message from the little anchor.

opened it and took a look, "噗~"

Brother Yu sprayed Coke all over the floor, Jiang Xiaoshan quickly got up to get the mop.

"Cough cough~" After coughing for a while, Qin Yu came over.

"Is it... a lazy cat?" Sitting down again, Jiang Xiaoshan looked at him worriedly.

How would she react if the lazy cat knew about it?

Will he lose this sister because of this?

Jiang Xiaoshan is caught in the entanglement of gains and losses.

"No, it's... work."

Clicked on the WeChat account again, the photos inside made Qin Yu dumbfounded.

This fairy dared to seduce himself with JK.

Is she going to gather all the skins for the game?

Do you know how much this will make Qin Yu...

like it.

JK, white silk, little lady, the color combination is in place.

also wears a white silk veil for speeding up the attack. It seems that in order to win the game, the little anchor is also fighting.

'Wait for me to go back and clean up you.' Qin Yu.

'Master, I'm so scared~' Cheng Xiyu.

'Hey, fairy, take my grandson a stick!' Qin Yu.

'Where's the stick? {Gluttonous face}' Cheng Xiyu.

Qin Yu turned off the phone directly, the fox has become a spirit.

It seems that it is difficult to surrender just by mouth.

He still needs to mount a gun and use his guns to suppress it.

Knowing that it was not Lan Yue, Jiang Xiaoshan settled down.

There was a feeling in her heart that told her that it was a woman who had just sent him a message.

But she restrained her curiosity.

As a qualified lover, you must know what you can do and what you can't!

What should I ask and what should not be asked...

He has a few women who have nothing to do with him.

Jiang Xiaoshan only needs to be the one that is most favored...

Except Lan Yue.

After eating overnight, Qin Yu was driven out of the house by Jiang Xiaoshan.

"I don't want a lazy cat to find out." Jiang Xiaoshan said while blocking the door.

"She won't come so late," Qin Yu said.

It's almost early in the morning, the lazy cat would have fallen asleep long ago.

"That won't work either. A qualified lover must be crisis-conscious."

Jiang Xiaoshan laughed and said: "You must have a place to live, don't try to lie to me."

.....

Being kicked out of the house for the first time, Qin Yu felt strange.

Also, when did I say it.

Is she a mistress?

It seems that the shadow of childhood has caused great harm to her.

"I would rather be a favored junior, rather than marry a beloved one...it's interesting!"

Since she was so conscious, Brother Yu could only reluctantly return to Seaview One.

There is another fairy waiting for himself to surrender.

I'm afraid that this small anchor will be unexpected, and he will kill her with a carbine.

Biu~

Driving back on the way~[www.mtnovel.com](http://www.mtnovel.com)~Qin Yu called up the panel.

'Ding, the host won the five kills achievement in the first battle, triggering the reward.'

'Reward 1: Sunshine value +1.'

'Reward 2: Strike left and right.'

'Reward 3: Drinking and drinking crit cashback card 2\*.'

'Reminder: Left and right strokes are passive triggering skills.'

'Trigger condition: Two opposite sexes with a favorable impression degree greater than 80 are required.'

'Reminder: With a thought-disrupting effect, it will fall into a state of confusion.'

"If this goes on, doesn't brother want to become a handsome man?" Qin Yu said with satisfaction, rubbing his chin.

As for 'stroke left and right,' this is very spiritual.

Qin Yu just wanted to say that the system won my heart.

The big par drove into the basement, Yu Ge turned the car key in his hand and walked into the elevator.

Fairy~

Eat me a great!

Look at my great mighty dragon, the great cannon of the holy light.

.....

The next day.

Qin Yu opened his eyes on the big bed full of JK fragments.

The battle last night was fierce, and the fight lasted a long time.

In the end, Brother Yu was still a foot high and forced to suppress the monster.

"I have to personally suppress such confidantes as troubles!"

Looking at the little anchor in his sleep, Brother Yu was moved by his greatness.

If it weren't for him, these monsters would surely do harm to the world.

This merit is immeasurable!

After washing and dressing, Qin Yu went out with swimming trunks.

The early morning exercise every day is already his daily routine.

Shaman can still be seen in the swimming pool, and the two also uphold the tacit understanding that the well water does not violate the river water.

Until today, because Qin Yu had to leave half an hour before the class started.

## **Chapter 77: Photographers**

"How to leave ahead of time?" Shaman was purely curious.

Qin Yu walks at 8:30 every day, no more than 5 minutes before and after.

Today is 50 minutes earlier than usual...

Don't get me wrong, Shaman didn't pay attention.

There are only two of them in the swimming pool every day, and the clock is hung on the wall. It is difficult for Charman not to pay attention.

'Are you a chaotic and unconstrained guy again?'

Shaman, who had just changed his senses, was a little disappointed.

"Are you asking me?" Qin Yu asked back.

It's been a few days, except for the first meeting, the two have not exchanged a word.

Why did she suddenly change her mind again?

"Go to school to report!" Qin Yu said casually and walked to the shower room.

If there is any delay, the time will be too late.

After returning home, Qin Yu went out with the key.

There are still five nine-handed grandpas.

It's just that the 911R parked next to it has an extra brand.

Application: AZ8515.

This is when Xu Hao asked him to give him the Oriental Royal Garden room book.

For this reason, Qin Yu made a special trip to Da...

Cough, I called my brother to express my gratitude.

This mouth.

Why do you slip away when you want to talk!

.....

On the way to school, Qin Yu glanced at the WeChat group.

There has been movement in this group, and those who are not in Hudu have already set off.

'Report the landing time to Largo, here is a unified arrangement! 'Night hurts.

Qin Yu booked three Waldorf Astoria luxury suites this time, which are specially used to receive big buddies.

Since he is going to be the host, he has to do everything.

'Roger that. Happy brother.

'Roger that. "Brother Yi.

'Roger that. 'Cat Lord.

.....

This group is poisonous, retired, retired.

After confirming the pick-up service with the hotel, the big pag also drove into the main street of Lixin Qianmen.

Parked the car in the opposite public parking lot, Qin Yu took a look at the charging standards!

5 yuan an hour.

Brother Yu locked the car door and said silently "1, 2, 3." '

over 1 yuan...

7,200 per hour, understand?

Opened the WeChat account and Qin Yu clicked on the new student group with 99+ messages.

This was the day before yesterday's guide pulled him in.

There are classroom arrangements in the group, and the arrival of the school and the notification of the new students...

first sent a private message to the instructor, and Qin Yu came to the dormitory.

The instructor was busy sorting out the information, and saw that he smiled and said: "What? I want to send warmth to the seniors again?"

"Am I that kind of person?" Qin Yu joked.

The instructor looked at him with a smile, clearly saying 'you are...'

"This is a souvenir brought to you by the instructor."

Qin Yu took out the Huazi sandwiched in his jacket, and put the two Huazi on the instructor's desk.

"You kid..." The instructor pointed at him, and closed it without saying a word.

This kid didn't come to learn at first sight, but he had a good way of being a man.

bold enough.

I dared to make false excuses on the first day and give myself benefits.

His mother is a talent!

"Being a mentor, taking care of a group of bear children is also very hard."

"My name is to respect the teacher and respect the Tao!" Qin Yu said very sincerely.

"Let's talk, what's the matter?"

Instructor picked up his double happiness from the table and snapped out two of them.

Qin Yu took one, tapped it but didn't draw it.

The old people pay attention to smoking cigarettes, whether it is or not.

People respect, you have to take the smashing couple, this is face...

Today's young people naturally don't care about this, but Qin Yu still understands the truth.

Take it over and click on it, giving it a lot of face.

It's easy to handle when I have something to ask for in the future, isn't it?

"During my studies, there may be a lot of things, so I ask for leave..."

"A month and two weeks, is that enough?"

The instructor is also a veteran, but he also has his own conditions.

"Every test must be passed, and you can't drop the course, otherwise it will be difficult for me to explain."

"Thank you mentor, then."

"Do you participate in military training?"

"Can I not participate?"

Qin Yu thought it was mandatory. In fact, he has been busy recently.

After the trade union is busy, I have to go abroad.

Uncle brother also has to arrange a game here, and the people are giving cards and helping.

Get the courtesy!

"...A photography meeting?" the instructor frowned and asked.

If you don't have any special skills, you can only consider sick leave.

But sick leave is very troublesome. Nine out of ten leave.

"I am a photography lover." Qin Yu responded.

"This will be easier."

The instructor approved Zhang Tiaozi and said: "You go to add a photography agency, they happen to have activities recently."

"what activity?"

"I worked as an assistant for a few foreign photographers, and acted."

He was relieved when the instructor said that.

Since it's just doing it, it's definitely not a waste of time.

"By the way, you haven't reported to the dormitory yet?" the instructor asked.

"Just going." Qin Yu responded.

"No matter whether you live or not, you must have a mattress!"

.....

Qin Yu assigned the bedroom 20402, bedroom 02 on the 4th floor of building 20.

He was going to go to the dormitory when the new student ceremony was over.

As the instructor said, I bought the necessities for the bed.

"We Lixin, in the financial accounting industry, also have a good reputation."

"Many former alumni have now reached the position of executives, and many have entered the DPRK as officials. Their today is your future..."

"Of course, some classmates must have come here with the purpose of messing around and falling in love."

"But what I want to say is, if you don't even have the ability to support a family, which girl can see you?"

The principal's speech was quite funny, 40 minutes passed without knowing it.

Many classmates also recorded jokes on their mobile phones and posted them on notes.

I believe it can cause a sensation again!

After the event is over, all majors go to designated classrooms.

"I am your professional teacher, my last name is Che, and my single name is Xuan."

"First of all, I would like to say that I am very happy that you have chosen the Department of Finance."

"Do you think that the finance department is so tall that you can enter the financial field in the future and live a life of drunken money?"

"Teacher, I want to be that wolf too!"

The \*\*\*\* man raised his hand and replied, immediately causing a roar of laughter.

"Do you want to be?"

Che Xuan smiled and said: "I want to be too, but you have to be prepared to bear the consequences..."

"The national conditions are different and the markets are different. It is true that everyone should calm down first and learn the knowledge."

"Okay, that's all for the gossip."

"Next, please come on stage to introduce yourself, starting with this student."

Che Xuan pointed to the girl in the first row sitting against the wall at the door.

came on stage generously, and the girl pushed her glasses and smiled: "Hello everyone, my name is Chen Hong, I am 19 years old this year, and I come from Yaodu..."

"My name is Hao Ren, because I am a good person."

"If you have any questions during your studies, you can come to me..."

"Hello everyone, my name is Wang Yue, I come from the water town..."

The simple introduction progressed very quickly, and it was already halfway through by Qin Yu.

"Hello everyone, I am Qin Yu, from the abandoned city."

After the brief and straightforward introduction, Qin Yu walked directly off the stage.

There are not a few brief introductions like him, no one thinks it is strange!

Those gazes following him back to the seat.

are all face dogs.

was seduced by Yu Ge's appearance and taste.

greedy...

When the black guy came on stage, there was sparse applause in the classroom~www.mtnovel.com~ After all, this is a ruthless person who wants to be a little plum.

"Dear future bosses, financial giants, talented traders..."

"Little brother Yan Er, Yan Wang's Yan, Xiao Er's second."

"From Dadonglu...our sister from Donglu, everyone knows it!"

"There are so many introductions, I just want the big guys to become more prosperous in the future, remember to bring the younger brother."

Yan Er clasped his fists and bowed, and said, "My little brother is grateful!"

This is a living treasure.

made the girls in the class laugh from ear to ear.

looked at him with a somewhat strange gaze, it seems that the black guy is going to be lucky.

1.89 meters tall, thick eyebrows and big eyes, strong body.

Although the skin is a bit dark, it gives a sense of security at first glance.

A humorous and humorous man of Donglu who is full of boyfriends.

Boys like him are very popular in college.

There are already girls thinking in their hearts, do you want to start first?

If this kind of scarce resource is robbed by another class.

The little sisters of their finance department still don't want face?

and that Qin Yu.

White and clean, the clothes and looks are all right.

also have to focus on!

"Thank you all for your wonderful introduction, especially Yan Er."

"Your introduction is as impressive as your name!" Che Xuan clapped and walked onto the stage.

After the sparse applause, the scene of the selection committee was staged.

There are many volunteers.

Hei was successfully elected to the sports committee. I believe that during the four years of college career, sports activities will be very interesting.

After all this is over, it's finally time to disband.

## **Chapter 78: Bedroom**

"Teacher Che, I want to participate in the activities of the photography agency, this is the proof issued by the instructor!"

Before leaving, Qin Yu handed the note that the instructor had opened to Che Xuan.

"I see." Che Xuan said nothing.

are already adults, with their own opinions and judgments.

It is impossible for the teacher to be like when he was a child, and the supervisor told him everything.

.....

"Classmate, which dormitory do you belong to."

Downstairs in the 20 dormitory, the \*\*\*\* man Yan Er looked at Qin Yu curiously.

He is already familiar with this building, he has never seen this buddy!

"402, how about you?" Qin Yu asked rhetorically.

Yan Er's expression was weird and said: "You are the buddy who hasn't come yet... Yan Er, we are roommates."

This...what a coincidence!

"Something happened two days ago, so I was late." Qin Yu said with a smile.

"The three of us are still talking about whether the school made a mistake!"

Yan Erbian led him to the bedroom and asked: "The lower bunk is gone, you are the upper bunk like me."

"The other two brothers in the dormitory, Hou Kun wears glasses, but Shen Dong is the one who loves stinky beauty."

Before reaching the dormitory, Qin Yu already had an in-depth understanding of his roommate.

So, after seeing the two, I didn't feel unfamiliar at all.

"Qin Yu, the last brother in our dormitory, the four great talents are all together."

The four great talents, this title was forcibly added by Yan Er, all three of them didn't hear it.

"Hello, Hou Kun." said Hou Kun, who was wearing glasses and looking shy.

"Hello." Qin Yu shook hands with the other party and smiled.

"Shen Dong, do your brothers have a girlfriend?" Shen Dong is much more cheerful.

"Yes, do you want to be a Yue Lao?" Qin Yu joked.

"No, I want to be a \*\*\*\* of wealth."

Shen Dong pointed at him and said, "You are not cheap!"

"It's the brand ringing." Qin Yu said modestly.

Shen Dong looked at Yan Er and said, "Listen, can anyone say it?"

"I didn't hear anything." Yan Er smiled nonchalantly.

"Qin Yu, how old are you this year?" Yan Er asked.

"18, how about you?"

"19." Shen Dong.

"I'm the same as Shen Dong." Hou Kun reluctantly smiled.

He seems to be very uncomfortable with the crowded environment, and always has a cautious expression.

"20, it seems that I am destined to be the boss of 402." Yan Er smiled triumphantly.

"Old man, what's so proud of?" Shen Dong vomited.

"Go, go, old men will have a taste, what do children know!"

Yan Er waved his hand and looked at Qin Yu and said, "Fourth, where's your luggage?"

"I'm planning to buy it." Qin Yu responded.

"Go, I'll take you, the school supermarket stuff is very cost-effective." Shen Dong said familiarly.

"I'll help!"

Yan Er raised his arms, showing his muscles and said, "Nothing else, a lot of strength."

"I will not go, I will come to the dormitory sanitation." Hou Kun smiled embarrassedly.

looked at Qin Yu with envy.

As soon as the other party came here, he blended into the bedroom environment, and he looked like an outsider, so embarrassing!

"Walk around, first help the fourth child to get things back." Shen Dongfeng walked out fiercely.

Qin Yu and Yan Er also followed.

went out and went downstairs. The supermarket was not far from the dormitory building. It was only 5 minutes away.

There are a lot of classmates in , and some parents are choosing daily necessities for their children.

'S best-selling toiletries are toothbrushes, washbasins, and towels.

The mattress should be prepared. I bought it two days ago.

Of course, there are also girls' personal items.

There is a wall of shelves full of shelves, there are so many brands...

"Fourth old man, see which one you like, it's all here." Yan Er asked, pointing to the shelf.

Qin Yu chose a duvet and two more cotton-lined mattresses.

Down is not down, and he doesn't understand it!

Anyway, the material says it's down, just treat it as it is.

In short, he is unlikely to stay overnight in the dormitory.

"That's it!"

Seeing that he chooses it, there are exactly three bags.

Three of them went to checkout one by one.

"A total of 865, just give 800." The boss happily touched the fraction.

One duvet, two sets of pure cotton mattresses, a total of 860 yuan.

The price is very fair, and Qin Yu happily swipes the card to pay.

"The consumption level of the fourth child is okay!" Shen Dong jokingly said on the way.

"Go, your down duvet is not cheap, don't sneer!" Yan Er stunned him back.

"Eiderdown, rich man." Brother Yu gave him a thumbs up.

"You two...I vomited." Shen Dong was unable to vomit.

Both of them were dressed in brand-name clothing, and a T-shirt covered their food for several months.

One is driving a BMW, so low-key is not enough.

Will you say that you are rich?

is sour...

"Hou Kun, what's the situation?" Qin Yu suddenly changed the subject.

This roommate looks weird and behaves very kindly, but it makes people feel weird.

"Hey, what else... Xueba!" Shen Dong spit out casually.

I wanted to say that I was nerdy, but I held back.

"The second child is a bit introverted. They are brothers in the same dormitory, so they should be accommodated appropriately."

More accommodating such remarks, Yan Er didn't say it.

In these years, no one has to accommodate others except for his parents.

Wherever you want.

I didn't come anywhere, I smiled when I met.

Either they don't know each other and don't interfere with each other.

I'm not a father, I'm not used to you...

Back to the bedroom, Hou Kun was mopping the floor seriously.

The bedroom is full of water stains inside and outside, and it's almost ready to raise fish...

"My Nick." Shen Dong yelled and threw himself on the bed.

opened the sheets and took out a shoe box from under the bed.

The bottom of the shoe box is all wet.

Shen Dong opened it quickly and took out his shoes to take a look.

The surface that was close to the ground was covered with water stains, and his eyes distressedly took out the towel and tried the upper of the shoe.

Holding the mop, Hou Kun stood in place and blushed.

I want to say something, but I don't know how to say it.

"Co-branded money, isn't it cheap?" Qin Yu threw the quilt on the bed and asked.

"No, it's tens of thousands, but I bought it after working hard for more than half a year."

Shen Dong looked at Hou Kun and complained: "You don't need to get so much water when you mop the floor!"

"I...I'm sorry, I'll accompany you for breaking it!" Hou Kun muttered, lowering his head.

"It's so bad that it doesn't break, it just hurts, I haven't worn it yet!" Shen Dong's tone also softened.

There is no big contradiction, just a little misunderstanding.

Shen Dong saved up money for half a year, and the new shoes he bought got dirty without wearing them.

must be upset in my heart...

Besides mopping the floor, mop the floor, why do you have to do so much water.

I don't know that they think their bedroom is flooded!

Hou Kun felt that he kindly cleaned the bedroom and wanted to make it cleaner.

There is nothing wrong with , but I was accused of...

Besides, it's just a pair of shoes.

Tens of thousands of sneakers, are they so exaggerated?

"The second child is not on purpose, the third child, don't worry about it too much, I will wash it for you if it is dirty!"

Seeing that the two have eased, Yan Er interjected with a smile.

"It's okay, I'm just a little nervous, tens of thousands of dollars, it hurts to think about it!"

Shen Dong held his shoes and said like a miser.

Hou Kun took the mop into the toilet, and after a while, when he came out, the mop was already wrung out.

哐哐哐哐哐哐哐 drew the water on the ground dry.

"Are you free in the evening? My treat, UU reading [www.uukahnsu.com](http://www.uukahnsu.com), let's gather together?" Yan Er wanted to ease the atmosphere.

Who knows that Qin Yu said first: "I won't go tonight, I will make it up the next day!"

"Fourth old, aren't you?" Yan Er smiled bitterly.

Seeing that he had some misunderstandings, Qin Yu explained: "I have something to do. I made an appointment half a month ago."

"Tomorrow night, the bar will arrange."

Qin Yu thought that the money in his card was not much, and his salary was less than 3 million.

It's also time to brush up a wave of assets, or it's not easy to go out.

Seeing that he didn't seem to be false, Yan Er was sure that he was really ill.

"Okay, then tomorrow." Yan Er said happily.

"Fourth old, really go to the bar?"

Shen Dong looked like a naive person, and smiled extremely sensually, "My Nicks are useful."

"It is said that Hudu Bar is full of beauties. Whether you can get started depends on your performance."

are all men, Qin Yu can't understand his thoughts.

It seems that he is another poor child who was forced to work hard in high school. Tomorrow Brother Yu will take you to open the meat.

"Old... Brother Yu, you are my brother, you must find a beautiful woman."

Shen Dong is so anxious!

I can't wait to turn my finger on the dial, and it's tomorrow night.

Instead, it was Hou Kun, burying his head in mopping the floor.

"Second brother, together tomorrow." Qin Yu asked with a smile.

"I don't like that kind of place very much, or I won't go." Hou Kun raised his head and looked at him apologetically.

"It's okay, one will be born again, the second will be cooked, wait for me to arrange."

Seeing that the time is almost up, Qin Yu didn't delay anymore, and left the dormitory after talking to a few brothers.

He has to rush to the hotel to greet the big buddies from all over the world.

## **Chapter 79: Still too young**

The Bund, Waldorf Astoria Hotel.

As Qin Yu drove into the hotel, butler Yao rushed to the door as quickly as possible.

The big parcel stopped in the welcoming area. Butler Yao opened the door and smiled and leaned in greeting: "Mr. Qin."

"Are all my guests here?" Qin Yu handed the car key to the parking boy.

"It's all here, according to your instructions, the hotel communicates with the Pujiang Hall.

The other team of chefs are preparing, and lunch is arranged in the hotel's Chinese restaurant, Weijing Pavilion..."

Butler Yao appropriately mentioned: "Mr. Qin, Waldorf has the best team of chefs."

"Okay, try it next time."

Qin Yu has never tried Chinese food at Waldorf Astoria, but Pujiang Guild Hall has tasted it himself.  
So, just to be safe.

Qin Yu asked the hotel and Pujiang Club to communicate in advance and arranged the luncheon.  
Any five-star hotel will provide similar services.

"It will be an honor for all the staff of the hotel and Weijing Pavilion!"

Yao Butler's polite remarks made people feel comfortable.

not only achieves their own goals, but also does not make customers feel uncomfortable to be forced to guide.

What is this called?

This is called a profession.

came to the Weijing Pavilion banquet hall, the long table against the wall was already full of people.

"Wounding boss?" Brother Yi, who was sitting aside, got up and asked.

Seeing Qin Yu's eyes full of surprise, this is too young.

"It's me, good brothers." Qin Yu looked at everyone present.

does not seem to be old in appearance, and is in an ambitious year.

Age is a magical question.

As long as you are willing to spend money these days, online and offline are becoming a mystery...

Do not ask.

ask is to have a good face, with strong capital.

, the beer belly is very uniform. Is this a specialty?

"Shall we introduce ourselves first?"

"My surname is Qin, my single name is Yu, the platform name, wind and rain hurt people at night."

Glancing around, Qin Yu asked, "Who is La Lago, let's start with him."

He Sheng, who was wearing a straight suit in the seat, with his hairline shifted back, stood up and said, "I am."

"He Sheng, platform name, Largo 996."

"Jin Miao, the name of the platform, just be happy." Gentle and gentle, like a scholar Jin Miao.

"Wei Xian, platform name, sage time."

Wei Xian joked: "Say okay first, don't add loyalty...20cm, refuse to accept to fight."

"Haha, old Wei, you can pull it down!"

Chen Wei, who is tall and thin, with strong arms, stood up.

"When is it good to fight a bayonet on the bed? I remember you were not like this before!"

"Go on rolling, I'm talking about a friendly competition, who wants to fight with you with a bayonet."

Wei Xian grinned and scolded: "You can't talk about you anymore, go back and practice piling skills more."

The people who listened to Brother Yu were stupid.

It turned out that the two were disciples of Zuichong.

Disrespect and disrespect!

Chen Wei smiled and didn't refute, but looked at Qin Yu and said, "Chen Wei, the name of the platform, Zhunyin Tu."

The introduction is proceeding in an orderly manner.

What impressed Qin Yu was Cao Fei, who wore gold glasses and looked frail.

Whether it is temperament, dress up...

looks like a underworld.

The name of the platform, Garfield, is the one who was called the cat master before 'I'm the boss.'

.....

Feng Yi was the last to introduce himself.

Platform name... Brother Yi.

"Let's not mention the previous names."

Feng Yi picked up the wine and smiled bitterly: "Whoever changes his guardian's name in the future is a dog."

Now thinking about his previous name, Feng Yi is about to vomit.

What a lifelong love, it's a poisonous shell who has mistaken me...

The 19 eldest brothers present were all introduced, and Qin Yu first ordered Butler Yao to serve.

"Qin Shao, this is the Romani Conti you want."

"This wine is a white wine produced in the Monthachet Grand Park, with an annual output of 3,000 cases."

"Because of the complex and mellow taste, it is very popular in the market, and it is often difficult to find a bottle."

"Look, do you open it now?" After a brief introduction, butler Yao dragged the bottle with both hands and looked at him.

Although they are both Romani Conti, the categories and differences are quite different.

Kantizhuang has eight special-grade fields, and the quantity, type and taste of the output are also different.

Of course, the price is also very different.

The cheap tens of thousands yuan, the more expensive tens to 200,000 yuan.

Today, this white wine from the Monthachet Grand Cru is priced at RMB 50,888 on the market.

"Open."

Good wine and good dishes, Brother Yu also counted on them to give them a five-star praise after eating.

"Shao Qin, your specifications are flattering!"

La Lago looked at everyone and said, "Let's respect Qin Shao first!"

"Come, come and serve up the wine. This bite is worth thousands of dollars."

"Brothers show your love, cheers." Qin Yu smiled.

"Cheers!"

Mao Ye seems to be a knowledgeable person, first sniffed, then rolled his tongue lightly.

is like shaking a cup on TV, in order to judge the quality of wine by hanging the cup.

In addition, the oxidation (decantation) is accelerated, so that the aroma of the wine is better emitted, and the taste is better.

Of course, more to pretend to be X.

But not all wines can do this, just like this Kande white wine.

Shaking the cup will only make the taste worse, destroying the original complex and delicate mellow taste.

"Well, that's good." The cat said with a smile.

Others have also learned the same way, and they will say okay after drinking...

Regardless of whether it is true or false, in short, the arrangement is in place and just give a high score.

The dishes are the signature dishes of Pujiang Mansion, and the special dishes that I ate last time are also included.

"Shao Qin, what did the platform say specifically."

The wine was in the middle of the day, Happy Brother brought up business.

Qin Yu put down his chopsticks and began to talk about the results of his negotiations with the platform.

I called Director Xiao last time, and the other party saw the photo of the list taken by Qin Yu.

People are stupid on the spot.

Such a big matter, he, a supervisor, can't make up his mind at all.

did not expect that Qin Yu would have such great power.

Finally, Director Xiao said that he needed to report.

is a vice president with the same surname Xiao, who called Qin Yu back.

"One brother, one sister, eighty-two divided into two positions, special events."

"Like anniversaries and year-end ceremonies, trade union battles can be temporarily adjusted to ninety-one."

"Ordinary anchors get 37 points, and there will be no messy tax items."

Platforms, or the electronics industry, all those who pay taxes and fees on their behalf will be different every year.

The actual paid amount is basically different from your deducted amount.

asked, there are other expenses.

asks too much, that is nothing to look for.

In fact, there is not much money, and the average anchors add up to a few hundred to thousands of dollars throughout the year.

As for the kind of anchor that earns several thousand yuan a month, it doesn't even cost a thousand yuan.

Compared to the income, the deduction is naturally nothing.

can't stand up to a large base...

The entire platform adds up to not a small number.

The same is true for a union with 20 official anchors...

"So, do we only have to pay a 10% tax for the anchor?" Maoye asked overjoyed.

"Old cat, what does it mean to use only?"

Happy brother looked at him and corrected: "That was originally only a 10% payment."

"Hey, there are so many different platforms!" Largo shook his glass with emotion~[www.mtnovel.com](http://www.mtnovel.com)~ and drank his head up.

The sense of sight of the boss came immediately.

profession!

"This is only to be said at this table, and I won't mention it later, as long as everyone knows what's going on."

Qin Yu pressed his hand, this is the face that Vice President Xiao gave him.

can be regarded as a kind of compensation.

In order to make up for the unhappiness that Director Xiao had made with him last time, I hope everyone can forget the blame.

Actually, Vice President Xiao also wanted to come today.

It's just that Qin Yu refused.

Big buddies are together, chatting about the union and the anchor, how happily eating, drinking and drinking?

Get an outsider to kick in, isn't it ruining the atmosphere!

What does he want? After the union is formally established, he will go to talk to Largo.

"Shao Qin, what is our union's name?" When La Lago mentioned this, the discussion at the dinner table became lively.

What the Emperor's Pavilion, Zhenlongxuan.

Sword Tower, Sun Palace, all the messy names came out.

Zhunyintu even smiled and said, "I think it's better to call Woxinge?"

When everyone heard it, everyone smiled meaningfully.

Brother Yi asked stupidly: "What's wrong, this name feels rather boring."

"Hey!"

The old driver smiled dumbly, and when he saw Qin Yu smiling without saying a word, he asked: "Qin Shao, you can explain it."

"Speaking of the king of Yue Goujian, what would Shanwu pay for?" Qin Yu slid his finger on the table.

"Who doesn't know..." Brother Yi's expression was startled, and it suddenly dawned on him.

clasped his fists in both hands and said to the big brothers: "I am too young. I will apologize to you big brothers."

"I lost it!" Brother Yi bowed dubiously.

## **Chapter 80: Company death**

Wo Xin Ge, it was useless in the end.

Fengyulou has been unanimously approved by everyone.

Rain or shine, climbing high and looking into the distance.

After wind and rain, I won't fall.

is the auspicious meaning of the picture...

For Qin Yu, wind and rain also represents the honor of wind and rain that hurts people at night.

There is also a small anchor, the meaning of drizzle and silent in it.

In short, it's very Nice.

"La Lago, is the contract ready?" Qin Yu wiped his hands and stopped his chopsticks.

"Ready, watch now?" Largo also put down his chopsticks.

"You should all bring lawyers, let them meet and talk!"

Qin Yu's proposal was approved, everyone is actually quite busy.

can finalize the cooperation quickly, so they can go back as soon as possible.

This year, it's not easy!

"Butler Yao, you can arrange it."

Qin Yu confessed to the butler Yao who was waiting on the side, and the rest will naturally be arranged.

During his stay, butler Yao was his personal butler.

Qin Yu's lawyer is Li Xiao, an acquaintance recommended by the younger brother.

This time, I must make arrangements for my elder brother.

The big buddies push cups on the dining table, chat and laugh, and burst out interesting things in the live broadcast circle from time to time.

"By the way, how is Xiao Keke now?" Qin Yu, who was drinking, raised his mouth curiously.

He is really curious, not everyone can drive a bus.

As a driver's little Coco, he has excellent ability!

"Bah."

La Lago spit out the shrimp skin in his mouth on the table, and said, "Shao Qin, are you a Hongmen Banquet?"

Happy brother took a sip of wine suddenly and smiled bitterly.

The name , when you mention it, it makes your heart feel...

I want to vomit!

uncomfortable, too TM uncomfortable.

As the old saying goes, all those who drown in the river know water.

If it's really just choking on a few saliva, it's not a problem.

I see a lot of winds and waves.

The key, her mother was poisoned in the water...

"Shao Qin, please be your own person and stop mentioning this name." Happy brother smiled wryly with his hands folded.

"Yes, I will punish myself for a cup!"

Brother Yu picked up the cup and drank it, but his curiosity was not satisfied.

"Shao Qin, that woman has died socially."

Feng Yi whispered quickly: "Her things are spreading in her hometown."

"It is said that all ten miles and eight villages know that there is a bus out of their house."

"The old bachelor in the village, squatting at the entrance of the village and waiting every day, I heard that I want to double test drive."

"The mother and daughter were so scared that they ran away all night, and her mother is not a good person."

"so."

"Xiao Ke Ke was taught by her words and deeds, and the two of them had no face to go back anyway."

"Now?" Qin Yu listened with gusto.

Sure enough, eating melon is one of the essence of human beings.

"Where I live now, the corridors and corridors are also covered with small advertisements."

Feng Yi thought of those photos and said with a smile: "What kind of flower is that stunning, one hundred and eighty night..."

Feng Yi couldn't talk anymore, he leaned forward and closed with a smile, and kept clapping the table.

"Brother Yi is crazy, come here, take it away."

"No, I'm not crazy, ha... I, I'm choking."

"Hey, I said, brothers, when will your anchor be in place?"

Qin Yu stretched out his hand and pressed it down, letting the topic return to the right path again.

It's easy to get into trouble if you drive toward the side road like this!

"Qin Shao, I think so."

La Lago glanced at the eldest brothers and said, "What about you, I definitely don't want to be separated from the anchor Drizzle."

"As for me, my main business is in Yaodu, so I must take care of that side, so how about the company being there?"

"Yes." Qin Yu nodded and agreed.

He didn't intend to manage this business from the beginning.

According to his idea, he is an advocate, and he has to come to Largo for specific matters.

The company is located in Yaodu, so it is good for him to manage it.

As for whether you believe in each other, this is mutual, you have to wait to see when you work together in the future.

is at least trusted now.

From the beginning of the cooperation, they would have the idea of mutual suspicion.

also talked about a fart cooperation, quickly pull it down!

"Qin Shao is happy."

La Lago was about to toast when he picked up the cup, but the housekeeper Yao stepped forward and bowed: "Qin Shao, what do you want to drink?"

The two bottles of Kande have been emptied.

Qin Yu said casually: "Open two more bottles!"

"Shao Qin, you must go to the demon city someday, let me please return it." Largo said nothing else.

He took down this affection, and there is no need to say more about the others.

It costs him three to five million, a small amount of money!

Or he would not be on the platform, ranking one of the three super kings.

That's a real money suck.

Super King on the marketing account...

This kind of show operation, mentally retarded dare not think so.

That's not slap the eldest brother in the face anymore, it is rubbing the eldest brother's IQ on the concrete floor...

The brains are all flattened.

"There must be a chance, the service of the demon city...is desirable."

"Wait for you to come, arrange."

La Lago wondered whether he would recruit more anchors when he went back.

It's okay to train, and when Qin Yu arrives, give him a two-pronged approach.

As for the outside...

La Lago is a little scared.

Seeing the atmosphere is similar, everyone put down their chopsticks.

'Use gourmet crit cashback card 2\*.'

'The Gourmet Critical Strike Cashback Card has been used to get 7 times the critical strike.'

Qin Yu looked at everyone, smiled and said, "I invited the chef from Pujiang Mansion to cook this meal."

"Everyone give me a score, and if I need it next time, I will be able to know it well."

Hearing what he said, everyone came in awe.

It's all about having fun and helping the dinner.

The cat is the first to come, "I will give 9 points for this white chicken, the taste is a bit worse than what I remember."

"Matsujiang Perch can score 9.5 points."

"The taste of borscht is a little worse. It should be because the ingredients are not handled well enough. I give it 8 points."

La Lago pointed in front of him and said: "This youth league, I want to give 10 points."

The cat nodded in agreement: "It tastes really good, 10 points are correct."

Other people also followed, but the scores were basically 9 points.

"If you want me, you can only give 5.5 points."

Happy brother nodded and said: "Indeed, the taste is too bad, I will give it 6 points."

"is it?"

Qin Yu picked up the chopsticks and put a piece of duck meat in front of him and looked at it.

The meat looks delicious and tender, right?

"Next night life?" Qin Yu asked, putting away the contract.

"No, I have to hurry back tomorrow morning. There is a business to discuss."

La Lago smiled and refused.

Maoye, Zhunyintu and others also refused.

La Lago said enviously: "Qin Shao's luck, how come I don't have that kind of life?"

Qin Yu glanced at the top of his head, and said, "Then you can't go for a hair transplant first?"
