Chapter 91: See how active the handsome goddess is

Yan Er and Shen Dong are looking here.

Discovering Qin Yu's movements, the two ran back.

"Sa Sha, Brother Yu has a girlfriend, you have no fun."

Yan Er sat down beside Li Sha grimly and picked up a cup.

shot at Li Sha and said: "Come on, I will accompany you to drink another one."

"Is there any drama? Just let the master say it."

Li Sha raised her eyes and leaned her body into a charming posture.

Scanning system:

Li Sha:

Age: 20.

Yan value: 89↓.

Body: 85↑.

Mood value: 77-.

Favorability: 90↑.

Freshness: 82-.

A number like Li Sha, for a girl at this stage.

is not really a bad girl.

The decline in face value should be the reason for staying up late and using cosmetics.

As his body rises, all Qin Yu can think of is exercise and diet control.

In a good mood, after all, today is her birthday.

There are so many people celebrating her birthday again.

may have been in an ascending state before, and was frustrated when he was raised.

This will become tentative (-).

Favorability reached 90, which is still rising.

This point must be attributed to Yan Er and Shen Dong. It seems that the two of them have spoken good things about him.

As for freshness, who hasn't talked with a few friends at this age.

tentatively, it means that she has been in the idle period for some time.

Single lady, I want a handsome, young and golden brother.

Nothing wrong!

After a wave of analysis, it was confirmed that it was not the green tea that came to fish.

"I am not only demanding, but also very dedicated."

Brother Yu looked at her with a particularly sincere look and said.

is only tempted by young ladies born in the 90s (+), isn't this called single-mindedness?

"What do you think of our old Yan?"

Qin Yu pointed at Yan Er, and he also stood up in cooperation.

"With thick eyebrows, big eyes, and a burly figure, standing next to him definitely feels safe."

"Don't you girls all like this kind of boyfriend who is so powerful?"

Yan Er raised his arms triumphantly, doing the movements of a bodybuilder.

Biceps bulge, showing off his masculine charm.

then turned sideways, exerting strength on the backs of both hands, and the inverted deltoid muscle print confirmed the extraordinary power.

Just like him, he will be able to eat full with this body in the future.

, while playing tricks, cast a grateful look at Qin Yu.

Don't look at Yan Erwu's big and rough, in fact, it's a funny comparison inside.

Being a boyfriend is definitely a humorous man at home.

My own and family conditions are good, but I don't know who has this blessing?

"He is pretty good!"

Li Sha nodded seriously, and her conversation suddenly changed.

"But isn't there a better choice in front of me?"

"Boss, can you touch your abs."

Li Sha licked her tongue like a slut, and said with glowing eyes.

???

what's the situation?

"Hee hee, I am your fan, big brother."

Li Sha covers her mouth and snickers, like a little fox who succeeds in a conspiracy.

"Brother Yu!" Yan two were stupid.

How did this suddenly become his fan, is Qin Yu still a star?

"My fan?" Qin Yu was also foggy.

I am neither a star nor live broadcast.

Where are the fans from?

"Last night, did you take your clothes off in the living room?"

Seeing that he really didn't understand, Li Sha smiled and explained.

learned that he took off his shirt in the living room and was recorded in the live broadcast.

Harvested a wave of female fans, Qin Yu was also dumbfounded.

90+ favorability degree, that's how it turned out.

"Just a few seconds, can this be recognized?"

"Of course not... Isn't there a Drizzle anchor here?"

Li Sha pointed in the direction of the exit, smiling very proudly.

Who can think of a birthday and a surprise.

A screenshot of the recording of 10 seconds last night.

was made into wallpaper and sold online for 10 yuan per second.

But she bought it all for 100 yuan.

found the seller and spent another 500 yuan to buy a 10-second recorded video.

There are also big guys who have done focus processing, which blurs other pictures.

specially highlights the movements and figure of Qin Yu behind...

呲呲!

Li Sha licked her lips and drank half a glass of wine in one gulp.

Dry throat gets moisturized.

Yan Er and Shen Dong lowered their heads listlessly, with no hope in their hearts.

Li Sha's goal is obviously locked on Yu Ge.

The two of them are out of play.

Fortunately, there are a lot of young ladies in the deck next door, and they will all come together one after another.

The protagonist's birthday star is gone, what are they doing in the deck?

"Sasha, what's the situation?"

The girl with long legs and black hair shawl pushed her jokingly: "Seeing a handsome guy who can't walk?"

"Handsome guy, hello, introduce yourself, one one, one two three four one."

"Qin Yu." Reached out and placed his hand on the opponent's palm, and stopped with a light touch.

Qin Yu pointed to the empty seat of the deck and said, "Sit down."

"Akun, don't say hello."

He wanted Hou Kun to join in, what's the point of sitting alone drinking alcohol.

"Oh..."

Hou Kun nodded a little boredly, held up a smile and said: "Everyone find a place to sit casually, I..."

"I will pour you wine!"

As he said, he got up to pour everyone a drink, alive nightclub brother.

Qin Yu patted his forehead and said in his heart, 'this child is not saved. '

I set up a stage for you to be your elder brother, you have to jump off the stage to be an honest person.

Forget it, let's adjust it slowly later!

Although a little bookish, but the person is still good.

is the lack of social training and training, if you can have a few relationships.

If you get scammed once or twice again, you will surely get enough growth.

There is a saying that is particularly good: love is the best catalyst for a man's growth.

"Xiao Li, have all the wine open." People on both sides got together.

made the originally empty deck immediately become lively.

Li Sha waved a big hand, and said to Xiao Li: "Handsome man, bring us all the wine over there."

There are a lot of things on the 001 card, and the ace of spades is naturally indispensable.

Champagne, foreign wines have everything.

But there are too many people, and the speed of drinking has doubled.

Especially after Yan Er suggested to play the game, the wine drank faster.

"Boss." It was the little anchor who came back.

It took only 20 minutes before and after she went out, why was the deck full?

"Come and sit down."

Qin Yu moved aside, and patted the space between him and Li Sha.

"Where do so many beauties come from?"

The little anchor asked in a soft tone with her eyes flowing.

She felt threats from women, especially the girl with a birthday hat around her.

Don't think that women can make friends when they meet.

Most male strangers, the first time they meet are either insensible or kind.

Women are different, and it's blazing at the first sight.

The first thing is always vigilance and hostility.

Throughout the ages, women have been the most difficult to make women feel.

Countless times in history have proved the truth of same-sex repulsion on women.

"The deck next door, it's more fun to play together!"

Qin Yu raised his chin in the direction of Yan Er, this time he was surrounded by beautiful women.

A successful life winner!

"Hello, Li Sha."

Li Sha took the initiative to greet Cheng Xiyu: "I have watched your live broadcast."

'Little internet celebrity~www.mtlnovel.com~ is ridiculous.'

"Cheng Xiyu, sister is so beautiful." Cheng Xiyu smirked.

'Sister, old women like you are useless.'

When the two clinked glasses, their eyes were facing each other, and there seemed to be a flash of electric light in the air.

"Little Li, find someone to collect the empty bottles on the table."

Qin Yu pointed to the big **** and said, "This, two more sets."

"Okay, brother, I'll make arrangements for us."

Xiao Li bowed with a big smile, and hurriedly went to find someone to close the stage.

Here, I placed an order and swiped the card, 200,000 yuan, and the leader gave a box of tissues.

This business is done...

The atmosphere group prepared in the back came with a sense of ceremony.

The eyes are full of long legs, with the roar of MC and the cheers of the crowd.

feels good!

No wonder so many people are addicted to bars...

is really poisonous!

I saw the little anchor angle the device and put it on the table.

Qin Yu asked curiously: "Just leave it like this and don't worry about it?"

Cheng Xiyu replied helplessly and amusingly: "You don't know what they are doing."

The fans and water friends in the live broadcast room actually broadcast live online.

As soon as the little anchor went out, the whole live broadcast room exploded.

'What about music? I was jumping for high, and I went back quickly.'

'I'm drinking while shaking! Why did it come out?'

'ended? Shake is a bit addictive, will you play for a while?'

'I've just been beaten by my mother, I'm going to have another one, continue.'

'The little anchor, hurry back, where's the music?'

'857, 857...'

'8 farts! It's 2021, can you keep up with the times?'

Chapter 92: Giant Tongue Tam is forced to go online

was bombarded by fans and friends, can Cheng Xiyu not submit?

That must be... can't.

"If you want to listen to music, first swipe the free gifts and let me see your sincerity."

Timely interaction is the most important thing, she must really listen to the barrage.

Go back without saying a word.

The popularity will at least drop by more than half, how can it be maintained at 13 million like it is now.

Most people are just a novelty.

However, some people are really bored.

put the mobile phone next to him, as if he was listening to the free version of the electronic music scene.

"Welcome bosses, handsome guys and beauties to visit TAXX."

"Our carnival today is about to begin..."

"Please show your enthusiasm, and prepare to join our DJ-Soda, let's go through the audience!!"

The DJ on the stage has changed, and the red dot on the map in front of Yu also overlaps the stage.

When I first arrived at TAXX, [Goddess Stalker] had a reaction.

Brother Yu has become accustomed to this.

Today is to accompany the small anchor to create a live broadcast effect.

By the way, bring my brothers happy.

Woman, when hasn't it been?

The little anchor has stood up at this meeting and aimed the camera at the stage.

12 o'clock is approaching, and the carnival has just begun.

"I'll go to the bathroom."

said in the ear of the little anchor, Qin Yu walked towards the bathroom.

No one noticed, Li Sha, who was sitting next to Cheng Xiyu, disappeared.

The corridor was empty, everyone ran to see the beautiful DJ.

The air also became a little clearer.

Smoothly drain excess water from the body.

squeak~

Someone came in again.

Brother Yu didn't pay attention at first, but then he heard the sound of 'pop' locking the door.

turned around and took a look...

The canyon map has been loaded, and Big Tongue Tam is forcibly loaded online.

Characters are affected by chemistry, and their skills mutate.

Passive trigger: forced winding.

'Fancy tongue-twisting. '

'Large tongue swallows. '

'Suck strongly. '

DaDaDa, 啱嗲啱嗲...

The atmosphere on the scene was so high that the DJ was shaking the bouncy ball on the stage.

The hormonal index in the air soars and explodes.

When Brother Yu came back, the opening was over.

The swaying paper towels spread the floor of the bar white.

"Why do you go so long?"

asked the little anchor with blushing cheeks, the atmosphere just now was really hilarious.

In the live broadcast room, the barrage also started to appear.

The gifts are one after another.

Many water friends said that if you have the opportunity, you must come and experience it yourself.

is the sentence that follows, "Is this DJ resident?" '

makes the problem less serious.

"I met an acquaintance and said hello!"

Qin Yu smiled faintly, lifted up the wine and moistened his throat.

Aside, Li Sha sat down with her skirt hem with both hands.

Good sisters excitedly shouted to her one by one: "Sasha, you just missed the most exciting performance."

"It's okay, I had a great time today." Li Sha responded loudly to her.

He Yiyi frowned and asked, "Did you chew betel nuts?"

The betel nut in her mouth is very strong, and it seems to have some seafood smell.

"You didn't rush to vomit, did you come back after eating?"

Seeing the ridiculous eyes of the little sister, Li Sha smiled helplessly: "I can't hide anything from you."

"You are too useless."

He Yi laughed and announced to the sisters: "Sisters, Sasha is vomiting."

"Oh~"

There was a cry of ghosts and wolves, and I didn't know what they were excited about.

Only Li Sha remained calm and looked to the right with the champagne glass.

There, Qin Yu was whispering about something with the little anchor.

.....

When left the bar, it was already three in the morning.

All the wine on the table was emptied, and as a result, Yan Er was holding one in one hand.

Shen Dong hugged a girl named Guaiguai, taking one step back three steps.

Mission reappears in the rivers and lakes step by step.

As for Hou Kun...

啧啧, I have to say that Guaizi is quite popular.

This will be supported by two young ladies, staggering towards the next door.

Be at home tonight, come home with peace of mind.

"What do you say?" Qin Yu looked at Yan Er and asked.

There is no need for Shen Dong to ask, just asking like that is just for nothing.

"Brother Yu, leave it to me, no problem."

Yan Er winked at him, indicating that he could deal with it next.

"Watch them both."

Shen Dong swayed from left to right, making people just want to laugh.

"Don't worry, you and your sister-in-law will go first, and your brother won't give it away."

Yan Er looked at the one on the left first, then the one on the right.

smiles melancholy like a bear stealing honey.

looked at the two of them also went to Rujia to settle down together.

Qin Yu took the little anchor to the side of the road.

She basically didn't drink much tonight, but Wang Zi drank a lot.

"Beauty, do you need someone to send it?"

"Get off."

Here is about to call Daijia, and Qin Yu heard Li Sha's voice.

Looking back, two black skins were spinning around her.

This woman has a good drinker and is not drunk yet.

At this time, he took out his cell phone and threatened: "If you don't go away, believe it or not, I call the police?"

Hei Pi didn't look at it, so he could only leave in anguish.

"Would you like to give her off?"

The little anchor looked at Li Sha, whose footsteps were a little vacill, and felt a little conflicted.

Although she doesn't like her, as a woman, she doesn't want to see her being picked up.

Disgusting things, from all ages.

No matter how the times progress, the filth hidden in the sewers will not decrease.

"Send it off!" Qin Yu stepped forward.

is also the first heroine to disarm him by means of a sneak attack.

Besides, her Tam is really slippery.

I spit out lotus flowers, my smallpox trembled.

is amazing!

"Sa Sa."

reached out his hand to support Li Sha, who was a little vacant, Qin Yu asked her where she lived.

"It's dizzy and uncomfortable."

Li Sha staggered into his arms, leaving only an unconscious grunt.

The little anchor wanted to smash the phone on her **** face.

just now yelled to call the police.

I'm drunk and unconscious now, right?

The handsome guy pours a glass, and the ugly guy drinks the sky.

Dare to be more realistic?

"How to do?"

Qin Yu looked at the little anchor and asked.

"Let's throw it away by the road."

The little anchor said bulgingly, and opened the door of the co-pilot.

put the person in the car and fasten the seat belt.

During the period of , Qin Yu's hand strokes across the abdomen several times, Qin Yu only regarded it as accidental after drinking too much.

The small anchor is picking a driving agent.

On this street at night, the on-demand drivers are all crowded together.

As long as the bar business doesn't fail, they don't worry about business at all.

"Master, you are the only one."

Cheng Xiyu chose a pleasing driver, and the car drove slowly towards Lujiazui.

.....

咚.

Throwing Li Sha on the bed, Qin Yu looked around.

then walked out of the room and closed the door.

Downstairs of the hotel, the front desk saw the handsome guy who had just brought the beauty up.

came down alone, his eyes filled with curiosity involuntarily.

This.....

is over in 3 minutes?

.....

The next day.

Li Sha held her hair blankly and sat up, where is she?

Recalling what happened last night, in the end, he seemed to get in the car of the goddess.

"Qin Yu?" Li Sha immediately came out of bed with a smile on her face.

went around in the room, not even letting go of the toilet and closet.

Li Sha was dumbfounded.

Male god, this is to throw himself in the hotel, and go?

"Ah~" clutching his hair in embarrassment.

Li Shaxin said, 'what the hell, does my old lady never eat it when I bring it to the door?'

The old lady spent 600 yuan looking for a group of two to play, but didn't get anything.

Isn't it a loss?

.....

At this time, Qin Yu is swimming in the clubhouse swimming pool.

There is nothing wrong with him this morning. UU reading [www. uukanshu. com](http://www.uukanshu.com)

She still has cultural classes in the morning.

In addition to an extra skill called 'Swimming Specialization', the suffix is 'Water Affinity.'

The rest has not changed much.

Chapter 93: Duang Duang

"Try it?"

Qin Yu pushed his hands together, turned his body and sat on the shore.

got up and came to the diving platform.

Qin Yu stood on position 1, staring at the lane ahead.

The experience of various swimming styles in my mind, the details emerged.

The body bends naturally, and his eyes become sharp and firm.

'Beep!'

rang with the ringing in my mind.

Qin Yu flew forward like a swordfish.

Stars and water splashes, and people have already dived into the water.

The legs swing back and forth like fish fins, and the body follows the frequency forward.

The fluctuations and subtle changes between the water flows clearly come to mind.

When Qin Yu jumped out of the water for the first time, he waved his right hand forward and placed it on the shore.

The clubhouse swimming pool is a standard 50-meter length.

In other words, he swam 50 meters in one breath from departure to the end of arrival.

"How can it be?"

Sha Man, who was paddling with both hands, looked at Qin Yu with a dull expression.

What happened just now, she saw clearly.

The distance from the diving platform to the surface of the water by Qin Yu is no more than 3 meters.

Just when she was curious about what the other party wanted to do, her eyes were still searching for his shadow.

Qin Yu's head has emerged from the other end of the pool.

How long did take?

10 seconds?

20 seconds?

Shaman could not judge, because it was in her consciousness.

Time seems to be only a moment in the past, and he has already arrived.

If she remembers correctly, the world record for freestyle is within 21 seconds? ?

In other words, Qin Yu's strength is world-class?

'Can he win the world championship?'

Shaman was taken aback by her own thoughts.

impossible.

I must be so surprised that I have made errors in my judgment of time.

Shaman, who was upset, suddenly felt her bare feet tingling.

The tingling sensation followed, and the body instantly lost its buoyancy and sank.

"Ah, save..."

Gululu!

There is a layer of air bubbles on the surface of the water.

The tingling sensation of her bare feet is like someone picking up her skin and pulling the tendons outward.

Shaman was trembling with pain, she was lost.

'Why doesn't he come to save me, is there anyone?'

Just then, a powerful arm swept across her chest and grabbed her shoulders.

Her body suddenly moved upward, and Shaman's hands were inwardly hooked into her arms.

'Good muscles.'

The throbbing in his heart flashed past, and Shaman noticed the existence of air again.

"Huh, huh, huh..."

sent people ashore, Qin Yu looked at her still shaking and asked, "Have you cramps?"

Shaman tremblingly responded: "Yes."

"Where?" Qin Yu bent down and squatted down.

"Feet, ankle... Can you help me get a towel."

The shock just now made her weak, and her body felt cold at the moment.

"Trouble."

looked at his back silently, and Shaman's brows frowned again.

it hurts!

put the towel on her body, Qin Yu knelt down and held her toes.

Shaman's toes are very thin, and her skin is as smooth as a baby.

Slender toes reminded Qin Yu of Jiang Xiaoshan.

The feet of both of them are very white, and their delicate soles have light lines.

If it weren't like him, it would be very close, and I would only see nothing.

pinched the soles of her feet and raised her eyes.

Qin Yu whispered: "Knees curled up, raising your legs."

Shaman said embarrassingly: "Wait a moment."

put the bath towel on her body, and then she lay down and raised her left leg.

The calf was parallel to the knee, and Qin Yu pinched the sole of her foot and pressed her back slightly.

Turn clockwise, then turn counterclockwise.

just helped her move for a few minutes, and Shaman's expression was no longer painful.

"It doesn't seem to hurt anymore."

Hearing her say this, Qin Yu put down her feet.

reached out and pulled her up.

I don't know if it is due to inertia, or Sha Man is not standing still.

Her body slammed forward and slammed into Qin Yu's arms.

Duangduang~

Under the protection of the high-quality balance ball, the rebounding force is cancelled out.

"Gudong."

The sound of swallowing saliva was very clear in the silent swimming pool.

Shaman quickly backed away, lowered her head, and said with her arms around her: "I'm leaving now."

"Did the ball and hit someone, don't you apologize?"

, with a smiling tone, made her steps quicker again.

ran straight in the direction of the locker room.

'Ah~~ Going crazy, why is his figure so good?'

Hiding in the unmanned locker room, Shaman gasped with red face and ears.

Perfect, perfect, perfect.

Except for this word, she didn't know what to describe.

That body is like a seductive poison.

The touch is already addictive, and it makes people unable to extricate themselves.

kept reminiscing about the previous scenes in his mind, with his palms on his chest.

The hot, strong, and elastic touch from .

"It's really dying!"

suddenly buried his head on his chest, a weird sound of 'uuuuu' came from the room.

.....

Qin Yu is still unclear about the 'toxicity' of his body.

He only knows with the assistance of 'kidney power'.

owns a beautiful inverted triangle mermaid line, and his back becomes firm and compact.

looks more comfortable and full of power.

reached out and touched the line of the abdomen, not that kind of very exaggerated.

is like a curve carefully carved by a master, beautiful and full of power.

This is very nice!

"Mr. Qin?"

Qin Yu, who had just stepped into the locker room door, stepped back.

"Sister Wang, what a coincidence."

Seeing that it was Wang Hong, Qin Yu said hello with a smile.

"Yes..."

Wang Hong's smile was a little reluctant, as if he had made up his mind while pondering.

"Actually, I am here specifically for you."

"Oh? Is there anything I can help?"

Brother Yu is a promising young man who is enthusiastic and helpful. If he can help, he will definitely help.

"I heard that you are recruiting a nanny, I want to try."

Wang Hong's request surprised him.

Good high-end sales elites don't do it, they come to their own house to be a nanny.

Sister, do you want to do so many tricks?

Wang Hong, this is clearly a drunkard who does not intend to drink.

found her eyes constantly sweeping to her abdomen.

Qin Yuxin said, 'Sure enough, it's a greedy person again.'

"Mr. Qin, don't get me wrong."

Wang Hong also found his expression and quickly explained: "Actually, I wanted to quit before."

"The plate of Seaview One, the company has finished."

"The next plate is in Yaodu, I personally don't want to go that far."

"Just like this?" Qin Yu asked while looking at her.

is just such a reason, but not very convincing.

"Also, the new supervisor from the company...always harass me."

When it comes to this matter, Wang Hong feels nothing wronged or shy.

are adults, this kind of thing is normal in the workplace.

is not a young girl who just entered the society, who is it for?

"You didn't report to the company?" Qin Yu asked rhetorically.

"The new supervisor is the brother-in-law of the vice president of the headquarters."

explained in one sentence why she didn't reflect upward.

Or if it reflects, no one will pay any attention to it.

"Do you really want to be a nanny?"

The reason Qin Yu is a hundred unbelieving women like Wang Hong.

would be willing to give in and be a nanny in someone else's house?

Although her hygiene is good, the salary of the small anchor is also very optimistic.

But she still can't be tempted~www.mtlnovel.com~ You have seen a woman who is knowledgeable, educated, capable, and beautiful.

ran to work as a babysitter for someone's house?

There is, and that's what I want to do.

Nanny, what are you kidding?

Wang Hong glanced at him, knowing that it would be impossible not to tell the truth.

"Actually, I watched the live broadcast of Miss Process."

"I want to get close and see if I am suitable."

Hearing what she said, Qin Yu thought it was reasonable.

So, she wants to switch careers to be an anchor.

"How much do you know about the anchor industry?"

After Qin Yu finished speaking, there were more people in the corridor.

"In this way, wait for me and talk to another place!"

He still only wears swimming trunks, so he doesn't want to be surrounded by a group of nympho.

took a shower and changed clothes.

Qin Yu and Wang Hong were in the lobby of the clubhouse and chatted face to face.

She still knows something about the anchor industry.

There are also a few young friends who are doing it, but they just listened before.

No real contact.

The one that feels the most is chaos, all kinds of intrigue.

The money is coming soon...

"Mr. Qin, I would like to ask your union, is there any mandatory offline requirement?"

This is what Wang Hong cares most about.

She knows that some companies will force the anchor to be offline...

The company doesn't care how much it earns.

That is your own hard money, the company cares about how many big brothers it can keep.

As long as Huan is done offline, the big brother on the list changes quickly.

These are all she heard from friends, the true or false is still unknown.

One more question, it is good after all.

Chapter 94: There are fish and shrimps

"Are there offline activities? Of course."

Seeing her face change, her eyes raised alertly.

Qin Yu said funny: "Miss Sister, your thoughts are not right."

The holding of offline events is inevitable for a major anchor.

The reality of reality cannot be replaced by the Internet.

When has reached a certain stage, I want to take it to the next level.

There are bound to be various offline fan activities.

However, these activities are all carefully prepared by Drizzle House.

Zhenger Bajing fan meeting, thank you party, dinner and other activities.

Rather than as she thought, the eldest brothers were all entertained.

Or one-on-one contact with the eldest brother.

On the contrary, this is expressly prohibited in the Drizzle House.

Any anchor who does this kind of thing will be punished.

a fine is imposed, the resource recommendation is cancelled, and the refrigeration is for a period of time.

will terminate the contract and demand compensation for the losses caused to the company.

Whether it is Qin Yu, Largo, or other big brothers.

think that the reputation of Drizzle House is more important than money.

Actually, most people have the mentality of playing tickets.

It doesn't matter if you can't make money, it's better to make money.

The most important thing for everyone is to play, and by the way, hold a few anchors.

Isn't it more fun to play with the anchor that I held up?

In this case, is reputation important or money important.

Still need to ask?

"In this way, I will give you a short appointment first and follow the little anchor to do it."

"The little anchor is Cheng Xiyu, I am used to calling her that."

Wang Hong nodded to express his understanding and listened carefully to every word he said.

"The guaranteed minimum salary will be issued every month, and you can cook while you study."

"Will you cook?"

Wang Hong nodded and said: "Yes."

"If you can cover cooking, you get double pay."

Cleaning can be contracted to hourly workers, once a day.

It's a bit of a hassle to provide part-time workers for cooking.

Before the daily meals are over, people must stay at home.

Qin Yu doesn't like having strangers at home.

Unless she is born in the 90s.

Like Li Sha, he lost the hotel by vomiting lotus flowers.

"No problem." Wang Hong agreed.

is just how difficult it is to cook, when I live alone.

She also cooks for herself every day.

I have too much food outside, but I still cook it myself.

Besides, there is still a salary.

is just the anchor's guaranteed salary, 5,000 a month.

Wang Hong is really worried.

The cost of living in Hudu cannot be covered by 5,000 yuan.

"Well, can I ask how much is the salary?"

"The anchor's basic salary is 5000, and if you are cooking, it is 8,000 upwards."

"How much you can get depends on whether the food you cook is good or not."

The salary of a normal cooking auntie is about 5,000.

If the cooking is delicious and the work is diligent, there are some who get more than 10,000.

Qin Yu gave 8,000, even for Wang Hong, it was not a small amount.

This still depends on the added value of her eye-catching.

After all, there is still a big difference between the cooking lady and the cooking beauty.

"I will come to work tomorrow!"

The minimum monthly salary is 13,000 yuan, which is better than her current salary.

"Great."

After the two negotiated, Qin Yu went home alone.

The little anchor got up early today, and he is squeezing juice in the kitchen.

bread, omelette, and a glass of freshly squeezed juice.

Live for breakfast.

Tell her about finding a nanny and Wang Hong to be an anchor.

The little anchor asked curiously: "She looks pretty, isn't she?"

"It's okay, not as pretty as you."

Hearing Qin Yu's words, Cheng Xiyu took a sip of juice.

So sweet!

"The person is handed over to you, how to create the personality and what style to follow."

"You are discussing with Largo."

"I have something to do this afternoon, I will come back to accompany you in the evening."

Cheng Xiyu nodded obediently and said: "Then I will wait for you to come back."

What is Qin Yu doing outside?

She never asks.

Why are people happiest when they are young?

Because, the more you know, the more trouble you get.

After eating breakfast, Qin Yu drove out.

He plans to go to the Oriental Imperial Garden first, but I don't know how Mr. Shen is going.

On the way, Qin Yu went to the supermarket first and spent half an hour shopping.

Finally, a supermarket employee gave it to the cart.

All kinds of supplements in the three major shopping carts, this kind of personal big customer hasn't seen it for several years.

filled the trunk, Qin Yu set off again.

"Hey."

"Xuan Xuan, are you up?"

"Ok."

"Have you eaten at noon? Do you want me to bring some?"

"Where are you?"

"It's almost downstairs."

"Then come directly, Shanshan and I are cooking!"

Ending the conversation with Wen Yaxuan, the car has reached the gate of the community.

The security guard saw him all the way and opened the door with a smile.

kept beckoning to him, 'drive in, drive in.'

The hospitality is hard to be confided, and Brother Yu no longer refuses.

lowered the car window, Yu Ge took out Tiaohuazi and handed it to the security guard.

"Oh, no, no need, Mr. Qin."

"We should serve the owners."

Qin Yu pushed forward and said, "Just hold it for you."

"When I see a girl at home in the future, it's convenient to help me."

The security guard looked confused and took Huazi with a smile.

"It will definitely happen, don't worry."

"The little girl came back from shopping last night and I brought it up."

Seeing him look proud and proud, Brother Yu felt that this Huazi was not in vain.

"Thank you, I just need to help."

"You park your car... I'll be here."

went back to the security room and stuffed Huazi into the cabinet.

came out again and found that Qin Yu hadn't left yet, "Get in the car."

"Mr. Qin, I just walk over."

The security guard said cautiously.

"Let you go on as you go, whatever way you go if you have a car."

sat on the co-pilot, just a few hundred meters, and the security guards were on pins and needles.

He has never ridden in a luxury car like this, for fear of breaking it.

"Luxury cars are different and comfortable."

"This is the truth."

In some ways, you get what you pay for.

This is true.

drove the car downstairs to Building 25, just beside the Huatai, he could park.

opened the trunk and looked at the various supplements piled up inside.

The security guard screamed 'good fellow.'

This is how much money it took to buy supplements. It's really rich.

Carrying large and small bags, the two took the elevator upstairs together.

"Just let it go, thank you."

"You are too polite, just ask me Zhang if you have anything."

Ask the security guard to put everything at the door and wait for him to get on the elevator.

Qin Yu just pressed the doorbell.

Ding Dong.

People are awesome.

Lives in a large and two small children, it is better to pay attention to it.

It was Jiang Xiaoshan who opened the door, wearing an apron.

The style is a yellow bear pattern, very cute.

is a bit too much material, not as cool as the little host's cook.

"Come on in."

Jiang Xiaoshan squatted down and put the slippers at his feet.

Young and tender, high in a bun.

The young wife squatted in front of the door, preparing slippers for the returning husband.

This scene caused Qin Yu to think again and again, and countless different pictures and characters appeared alternately.

"Shanshan, come and help!"

The sense of the picture was instantly broken, and there was a flurry of jumps in the kitchen.

Jiang Xiaoshan smiled helplessly~www.mtlnovel.com~ turned around and walked quickly towards the kitchen.

It seems that she is the chef!

In other words, does this woman know a lot?

"Xiao Qin is here." Shen Bing also came out of the room.

was wearing loose home clothes, and his complexion was much better than before.

"Mr. Shen, I brought you something."

Qin Yu stood at the door, carrying pieces of tonic into the room.

"These things...too many."

"Not much, Dr. Bai said that you need supplementary nutrition."

Shen Bing looked at him, his eyes were complicated but he didn't know what to say.

These supplements add up to at least tens of thousands of yuan.

The more you owe, the more you owe, when is your head?

"Xiao Qin, what do you want?"

While there was no one in the living room, Shen Bing looked at him and said softly, "I can't afford it."

"There is nothing to pay back, it's not worth a few dollars."

"The body is the most important thing, Teacher Shen, you think too much."

Qin Yu put the things together, put on slippers and walked into the house.

Watching him pass by, Shen Bing wanted to persuade him to 'be a good man.'

I could talk to my lips, but I couldn't say anything.

Xiao Qin bought so many gifts to see him, did he do something wrong?

"Eh!"

sighed, Shen Bing folded back and returned to the room.

I can't see my mind, take one step is one step!

The scent of vegetables was accompanied by a faint burnt, Qin Yu joked: "Is this made salt and pepper mushrooms?"

Wen Yaxuan blushed and said nothing.

Jiang Xiaoshan said elegantly: "There are no salt and pepper mushrooms, but a scorched black fish."

"Not bad."

Qin Yu saw there were shrimps on the table, "There are fish and shrimps, life is perfect."

Chapter 95: broad daylight

"It's so smokey, don't stay here, go to the living room and watch TV!"

Jiang Xiaoshan is thinking about how to treat the scorched fish to be delicious.

"It's okay, I'll just watch."

The way Jiang Xiaoshan cooks is really beautiful.

The more I understand, the more I think she is a treasure girl.

is that the shadows when she was a child were too heavy, which made her thinking go wrong.

If it weren't for this, how could one easily get her?

"Don't be here anymore, go and talk to your mother, hurry up and go!"

Wen Yaxuan blushed and pushed him out of the kitchen. Her cooking was bad enough.

Qin Yu staying here will only make her more wrong.

was ruthlessly driven out of the kitchen, Qin Yu sat on the sofa and clicked on WeChat.

There is no message yet for the reply.

Open the Fengyulou guild group.

'Larago, how was the live broadcast yesterday?'

'you guess?' La Lago.

Hey, why is this still on the skin?

This is the brainwashed by the little anchor's online Bengdi last night. Did you drink hi? shouldn't be!

On the way home last night, Qin Yu also saw him frying fish ponds in the Yan value area.

One by one, the new anchors were excited by the Rockets.

Take a bite, pull my big brother, big brother, you are so handsome!

called a sweet, and almost vomited.

.....

'The flow of water is 2.43 million.' Larago.

'Excluding your own net income, you can never think of how much!' La Lago.

'How much, don't sell Larago. Happy brother.

Peeping dives also jumped out, discussing the live broadcast last night.

It was a good start on the first day, a good sign!

'Drizzle's personal net income, 1,215,680 yuan.' La Lago.

'Fuck! Happy brother

'Fuck +1.' Cat Lord.

'Fuck +1000.' Quasi Yin Tu.

'I take a look.' Brother Yi.

'Who allowed you to watch it? Happy brother.

'Always watch?' Cat Lord.

'I'm blind! 'Quasi Yin Tu.

'Drag it out and die. 'La Lago.

A group of people found the target of the bully and pressed it to Brother Yi.

More people started asking about other anchors, and the results were pretty good.

The worst is also kept at a thousand yuan income.

is definitely a dream start for pure newcomers.

This is just one night's income.

However, there can be such a situation.

also thanks to the traffic attracted by the big buddies brushing gifts.

Can it continue to be maintained next, and open the situation.

It depends on the real skills of the anchors.

No matter how fry it is not red, it is still battered.

It's not that we haven't seen it.

2021, what new things do you not know?

'It's a good start, so let's just play around and wait for the division match.'

Wind and rain hurt people at night.

'Just wait for Qin Shao to perform. Happy brother.

'Just wait for Qin Shao to perform. 'Quasi Yin Tu.

'Just wait for Qin Shao to perform. 'La Lago.

"My big brother cowhide~" Brother Yi.

'.....' Cat Lord.

'This guy was dragged out, why hasn't he been shot dead?' La Lago.

'It's too short to play. 'Quasi Yin Tu.

'It's too soft to catch. Happy brother.

'Too small to find. 'Cat Lord.

'Too wilted to touch. 'Sage.

'Please be merciful to your eldest brothers, and the younger ones rely on their expertise to eat.
"Brother Yi.

'I vomited. 'Wind and rain hurt people at night.

'I also vomited.' La Lago.

'Don't worry, brother, I'll get a basin for elder brother.' Brother Yi.

There is such a **** in the group, and the atmosphere is hard to be inactive.

'Brother Yi, teach the anchors a little bit more about your skills, and make sure that all of them are popular.'

Wind and rain hurt people at night.

'What's the skill?' Brother Yi.

'Shameless life and death.' La Lago.

'It's dinner, you guys talk, see you in the division.' Wind and rain hurt people at night.

Quit the group chat, Qin Yu noticed that there was more information.

Going up, the old man actually replied.

'Boy, my wife and I agreed.' Grandpa Liao.

'Then I will push your WeChat to her and talk about it yourself.' Qin Yu.

'Okay, I'm sorry to trouble you.' Grandpa Liao.

'It's no trouble, you can wait a moment.' Qin Yu.

closed the WeChat account, and Qin Yu opened the blacklist.

The lone number in is Zhang Han's.

Hey~

From yesterday to today, the number of interceptions is 99+

is really persevering.

After releasing the number, Qin Yu took the initiative to dial it back.

"Qin Yu, why did you black me out?"

It smells full of gunpowder as soon as it is switched on.

"Do you still want the photos?"

Qin Yu asked back, he is the one who has the initiative now.

"The old man agreed? Really, really?"

Zhang Han's voice immediately became pleasant to the ear, jumping with excitement.

She is happy for Li Man.

In this case, she has works that can be exhibited.

The theme of this time was originally about discovery.

Therefore, it is not necessarily required to be my own work.

Besides, Qin Yu is her assistant. They belong to the same team.

As long as his name is signed, I have no opinion.

"If you agree or disagree, it depends on your attitude!"

Woman, changing her face in a second is really realistic.

There was a brief silence on the other end of the phone, "What do you want?"

"Someone seemed to be very dissatisfied just now, who is it?"

At this time, Qin Yu perfectly showed what it means to be a villain.

"Then... I invite you to dinner, is this always okay?"

Zhang Han said unwillingly.

"The photos are not for you, so why are you inviting me to dinner?"

Qin Yu's rhetorical question choked her.

After talking in peace for a long time, the whole thing has nothing to do with me, right?

"Qin Yu, after the game, I will invite you to dinner."

The call was taken by Li Man.

"Mr. Li, I was having fun with my senior sister."

"That's it, what do you say about the photo?"

Li Man said without refusal.

"Grandpa Liao has agreed, but he wants to talk to you in person."

"Okay, do you have WeChat account?"

"No."

"I let Zhang Han... forget it, 133..."

"This is my number, you can add me directly."

"Okay." Add Li Man's WeChat account after closing the line.

Qin Yu pushed the old man's WeChat business card to her, and then sent a cheering expression.

'Thank you. 'Li Man.

"Qin Yu, come to eat." Wen Yaxuan said and walked into the room.

"Mom, I have dinner."

"Ok."

Jiang Xiaoshan prepared six dishes and a soup of pork feet.

"So rich?" Qin Yu said and sat down.

"Mr. Shen needs more nutrition."

Jiang Xiaoshan sat opposite him, serving soup for everyone in a small bowl.

Wen Yaxuan and Shen Bing also came out.

Qin Yu got up and pulled the chair beside him.

'Xuan Xuan' was not blurted, Shen Bing had already sat down.

Wen Yaxuan gave him a helpless look and sat opposite her mother.

opened his mouth, Yu Ge actually had nothing to say.

"Mr. Shen, taste the soup is not to your taste!"

Jiang Xiaoshan put on a posture that it doesn't matter to herself, and hangs up high.

Like she said, when there are other people around.

I am a transparent person.

Qin Yu doesn't need to care about her feelings, and try not to stay close to her.

In private, hehehe...

Think carefully, after winning the first five kills.

Until today, I have never had a chance to connect with Jiang Xiaoshan again.

It was she who needed a rest two days ago.

Then I have to accompany this and that.

Then something happened to Shen Bing~www.mtlnovel.com~ until now.

"taste good."

Shen Bing took a sip of the soup, put down the bowl and smiled gracefully.

then returned to his cold expression, "Let's eat!"

The meal was a little depressing, and the four of them had their own thoughts.

Only the collision of chopsticks and dishes can be heard on the dinner table.

Until something picks up the hem of Brother Yu's shirt.

Some cool toes stick to his mermaid line, hiss~

took a breath, Yu Ge silently apologized in his heart.

Sorry, I have contributed to global warming.

I'm guilty!

But he can't be blamed for this.

The little lady dared to attack in broad daylight.

At this moment, he can only endure passively, unable to load the map.

Activate the Holy Light and become a Ranger.

This is embarrassing.

He said before that Jiang Xiaoshan's toes are slender and slender.

Smooth and delicate, white glow.

If she is willing to make a foot model, she must start at least 3000.

Fans can set up a separate group for her to communicate.

Now, Brother Yu wants to add one more point.

dexterity.

If there is a system, it must be [dexterous and specialized].

This is the second proficient young lady he met.

One is spitting lotus.

One is **** to dig a well.

Each possesses unique skills, and each possesses unique skills.

Who can stand this?

Seeing that the well water is about to be punched through, Brother Yu put down the dishes calmly.

Take out the Sanwu product from the pocket.

Miracle Kidney Power.

Snapped a pill and threw it in his mouth, and swallowed it.

Long legs are amazing, right?

Brother took medicine.

Chapter 96: Buy buy buy

"How did you take the medicine? Are you feeling well?"

Wen Yaxuan just saw him throwing the medicine into her mouth, and asked suspiciously.

"Vitamins, protein supplements."

Qin Yu pulled it casually, and picked up the bowl and chopsticks again.

"Shan Shan, your water spinach is so delicious."

picked chopsticks and spinach, Qin Yu gave her a warning look.

"The water spinach is delicious because it is empty."

"So, the soup can seep into it."

Jiang Xiaoshan picked up a vegetable stick, put one end in her mouth, and put the other end outside.

Take a light breath.

suck~

Qin Yu is stupid.

Xu was aware of the weird atmosphere between the two.

a pointed tone and weird look.

Shen Bing's eyes turned, and his body naturally slid downward.

Then Qin Yu felt it.

There is something cold and smooth, pushing up against his knee.

was frightened by digging a well, and instantly retracted his two fingers.

眶当.

Knocked her knees on the railing of the dining table, Jiang Xiaoshan couldn't help frowning.

"Shanshan, are you okay?"

Wen Yaxuan lowered her head quickly, trying to open the tablecloth to look.

Jiang Xiaoshan held her shoulders and smiled: "It's okay, eat quickly!"

"Oh!"

Wen Yaxuan looked suspiciously at Jiang Xiaoshan and Qin Yu.

finally turned his gaze to Shen Bing.

Why does she think that the atmosphere at the dinner table is a bit weird?

It seems that something weird is happening.

Only oneself knows nothing about it!

.....

After lunch, Qin Yu found an excuse to leave.

The situation in the room is a bit complicated, so it's better to flash first.

Parked the car in the Shanghai Theater, Qin Yu came to the old dormitory building.

"Auntie, you look so good today."

The woven bag in his hand was placed on the floor against the leg of the table.

Qin Yu went on to boast: "This woman, her complexion becomes obsessed with age."

"Why don't I call your sister from now on?"

Hei Li Kui's face was squeezed into a ball, and the smiling person felt frustrated.

If you take a photo and hang it on the head of the bed, it won't be invaded by evil.

"You kid, you really can talk."

glanced towards the woven bag, Black Likui smiled and asked, "I'm looking for a girlfriend again."

"Well, take her to buy something, it will be cold soon."

"I understand, it hurts people, not bad!"

Hei Li Kui looked at him more pleasingly: "Go, go, don't run around."

"Oh, thank you."

Qin Yu walked towards the stairs, and Hei Likui lifted the woven bag into his arms.

took a look, it was a box of beautifying bird's nest.

"This kid is so caring, he deserves to have more girlfriends."

grinning and muttering, Hei Likui stuffed things under the table.

Tonight, she also tasted the taste of bird's nest!

.....

There were a lot of people in the dormitory today, and Qin Yu just appeared.

drew a flutter.

The young ladies and sisters in cool dresses lie at the door and by the window one by one.

stared at him with bright eyes.

"Brother, are you in love?"

"Brother, do you want to come in and sit? Our bedroom is very cool."

"Handsome guy, add a WeChat account!"

"Thank you, I am looking for a girlfriend." Qin Yu responded with a smile.

"Who is it? Can we have a nice girl in our bedroom?"

"Sleep 206, Lan Yue."

The excitement on the faces of the ladies disappeared as soon as was spoken.

he curled his lips with excitement, and muttered: "It's gone."

"These flowers can't compare with each other, I am autistic."

The short-haired girl with a 204-sleeping bed pointed at her roommate.

said in a tone of hatred that iron cannot become steel: "Look at you, but you are a bit promising."

"Are we all lying here?"

"Pick your feet, and still pick your feet, are you picking your feet?"

"Ah~"

The final voice is somewhat familiar.

Qin Yu leaned back and looked sideways, she was indeed a happy girl.

The moon-like eyes are clear and clear.

Long hair is soft and soft, cheeks are pink and tender.

With a natural baby fat, she looks so cute with her beating mouth.

"What are you looking at, close the door."

Tang Jiaqian also saw him, and said with a flustered expression.

"excuse me."

Qin Yu smiled slightly and knocked on the door of bed 206.

There was a noise in the next room.

"Okay, Cici."

"Say, what is your relationship with the handsome guy?"

"I don't know him, really..."

"Not honest yet, sisters, rub her for me."

"Spare me, help!"

The miserable cry made the tears in Yu Ge's mouth accelerate.

The current young lady is so cruel.

"The door is unlocked, come in."

pushed the door and entered, Lan Yue was sitting on the bed reading a book.

A pair of little feet dangled on the edge of the bed.

Li Wanxing put on make-up at the table, with a touch of powder on her face.

is raising her eyebrows, making her look more offensive.

"Are you trying to bend someone?"

Qin Yu stepped forward, looked at her super makeup look through the mirror and asked.

"Are you interested in being a sister?"

Li Wanxing is still angry about what happened last night.

This little scorpion knows to bully himself.

It's obvious that he treats others so tenderly, isn't it worth it?

"No need to bend, we can try it now!"

Qin Yu said, spreading his hands and going forward to hug her.

"Ah, you little scumbag, go away."

Li Wanxing jumped up in embarrassment.

"Next time you stun someone, figure out your own strength first."

Qin Yu laughed mockingly, and came to the bed and hugged Lan Yue's feet.

opened her coat and put her little feet in her arms, "Isn't it cold?"

Lan Yue shook her head shyly, not daring to see Li Wanxing lowered her head.

You don't need to look at it to know, she must be going crazy this way.

Qi return to Qi.

Li Wanxing is also used to this.

Anyway, it's not worth being alone in the bedroom.

The others are all little fairies, only oneself is the big devil.

Who makes herself a king!

"We will leave when we are ready, it's late."

Qin Yu raised his wrist, looked at his watch and said.

"What are you going to buy again?"

Li Wanxing sat in front of the mirror again, and stroked her eyebrows faster.

"Buy some thick clothes."

"You should be able to guess the current weather in the Kremlin."

Although it hasn't snowed yet, the daytime temperature is only 13 or 4 degrees.

Not to mention the evening.

If you don't bring a few thick clothes, everyone can be stupid.

"I'm ready."

briefly filled the corners of her eyebrows, Li Wanxing put on lipstick and said.

"Let's go then!"

picked up Lan Yue and got a burst of dynamic small punches.

"Let me down quickly, I haven't put on shoes yet!"

"Isn't it good to walk with you?"

"no kidding."

Lazy Cat's eyes flashed and said.

was always held like a princess, which really made her heart.

But considering that this is a school, Li Wanxing is still watching.

can only regret to give up this idea.

put on cute little yellow duck socks and clean white shoes.

The three left the dormitory side by side.

When passing by Hei Likui, she also raised her right arm and pulled it down.

'Come on.'

Brother Yu is full of black lines, are these people poisonous?

Brother do things need you to teach?

drove straight to Plaza 66, Qin Yu parked the car in front of LV's house.

"Mr. Qin." I still remember him from the last shopping guide.

"Look at the new autumn and winter."

"this way please."

The shopping guide led them inside.

"Look at women's wear, too."

With Qin Yu's order, look at the two beauties next to him.

The shopping guide knows it.

called two colleagues to help.

The two took Li Wanxing and Lan Yue to choose autumn clothes.

"My clothes are enough to wear~www.mtlnovel.com~ Lan Yue is still a bit stubborn.

Li Wanxing has pulled her, and walked to the second floor with the shopping guide.

"If you don't spend, there will be other women's flowers."

"Just to make him feel bad, to know how precious you are, silly girl!"

Li Wanxing teaches Lazy Cat while walking.

And she only has to listen.

Brother Yu who heard this must have to say, Li Wanxing said something reasonable.

Expensive may not be the best, but there is always something worthy of her.

and so.

No matter when, don't make yourself cheap.

It's not worth licking the dog world...

"Mr. Qin, this is our new style."

"This year's main short style..."

Looking at the new down jacket in front of me, what should I say?

In short, it's hard to say.

"Forget the clothes, look at the shoes and the inner outfit."

Two white round neck cashmere sweaters, the material feels super soft.

The price is not expensive, less than 10,000.

LOUISVUITTON's hoodies, two pieces.

Unit price: 11,800 yuan, do you dare to believe it?

Three belts of different colors, put them on first for emergencies.

MONOGRAMTAPESTRY's windproof jacket.

unit price: 22,000 yuan.

CHRISTOPHER small backpack.

Qin Yu just lacked a bag for personal toiletries.

The price is only more than 20,000 yuan, which is cheap!

all together.

more than ninety thousand.

"That's it, go upstairs and have a look."

Li Wanxing and Lan Yue haven't come down upstairs yet, and they don't know how they chose.

Chapter 97: Gao Lengfan

Looking at LV's new autumn and winter products, Li Wanxing looked complicated.

Their family was jokingly called the donkey card. Did the designer's brain also get kicked by the donkey?

Is this kind of clothes surely for people?

Pick and pick, and finally choose BOMDIA's flat sandals.

unit price: 8,650 yuan.

"The material is cashmere."

"Although the feet are bare, it is very warm and comfortable."

"Take a double pair."

Li Wanxing asked with a weird look: "Give it to me?"

"I won't give it to you, should I wear it myself?"

"I don't dare to ask for it, it's nameless."

Li Wanxing said so, but she was a little bit happy in her heart.

"Then give it to Xuan Xuan or Shan Shan, depending on who likes it."

Hearing what he said, Li Wanxing immediately grabbed it.

"No, this is mine."

glared at him with teeth, Li Wanxing was very angry.

Xiao Se Rin is not cute at all now.

is not like when she first met, she would confuse herself.

"Swipe the card!" Qin Yu took out the card and handed it to the shopping guide.

'Use shopping crit cashback card 2*.'

'Congratulations to the host for getting 9 times crit. The cash back comes from the Flamingo Hedge Fund.'

was accounted for 450,000, and netted 340,000 after throwing away expenses.

carry on!

"Go to Xiangmao to see."

Women's world, how can there be no fragrant grandma.

As soon as he entered the door, Li Wanxing was planted by the wide electroplated short boots placed at the door.

Seeing her look of joy, she couldn't put it down, the shopping guide immediately stepped forward to introduce it.

What new material, hot style of the year.

It is perfect to match a lady with a temperament like you.

If Li Wanxing did not carry LV's shopping bag.

This enthusiasm has to be discounted by at least one half.

"Give her a pair of suitable sizes."

There is no need for Li Wanxing to speak, Qin Yu has already decided for her.

"Ok..."

"Madam, what color do you like?"

"Gray and white." Li Wan replied happily.

It doesn't matter if things are not things, Qin Yu's attitude makes her happy.

Xiao Se Ria also knows how to feel sorry for herself?

"Does it look good?"

Li Wanxing showed it in front of him after putting it on.

The off-white upper feet are very nice, and it matches her skin tone very well.

"It looks good, wrap it up."

Lanyue fell in love with their white distressed snow boots.

"This model has been sold out. It is our best sales this year."

In the shopping guide's mouth, everything that you can see is a hit.

I believe in your ghost.

asked about the size of the lazy cat, there happened to be the last pair.

Qin Yu's answer is naturally, 'wrap it up.'

"Our high-end ready-to-wear garments have new arrivals."

"Look," Qin Yu said.

When it comes to the high-definition ready-to-wear of Xiang Granny's house, there is no one word to go around.

Twill is soft.

was first used to describe wear-resistant wool knitting.

Later, under the designer's imagination, various golden and precious materials were added.

gradually evolves into the cornerstone of Fragrant Granny's high-end garments.

Golden expensive, it also represents fragility.

That's why there is.

'Our clothes are only worn in the season and we never consider washing them.'

Such remarks appeared.

Of course, Grandma Xiang is also very real.

Like bba, it never pits the poor.

However, nowadays bba is in the celebrity circle.

has become synonymous with 'Diaosi'.

So how should the definition of 'poor' be divided?

is unpredictable!

Li Wanxing chose a blue tone jacket with lurex.

Lan Yue chooses graceful and graceful white.

Waiting for the two of them to walk out of the locker room, their brilliance seemed to illuminate the entire store.

"The temperaments of the two ladies are really good."

"These two new products are worn on two people, just like they are on a model."

"Sir, what do you think?" The shopping guide turned his attention to the funder.

There is a bit of envy and impulsiveness under his eyes.

Young, more golden, handsome-looking and well-dressed little brother.

attracts attention wherever he goes.

"Swipe!"

It doesn't matter whether it's expensive or not, it's mainly like it.

Li Wanxing and Lan Yue have unique visions.

The hue chosen is just right for you.

With the newly selected shoes, it is beautiful!

"Wait." Lan Yue took off his clothes and handed them to the shopping guide.

came to Qin Yu's ear canal: "It costs 54,000 yuan, so expensive!"

"You just choose, leave the money to me."

Qin Yu's guide nodded.

Seeing his actions, the shopping guide cleared the ticket and swiped the card.

Li Wanxing's one is more expensive than the one chosen by Lan Yue.

unit price: 98,000 yuan.

"Or forget it!" Li Wanxing was a little embarrassed.

Lan Yue is a real girlfriend, only 55,000 in a piece of clothing.

What's your identity?

Small one hundred thousand.

I must be grabbed by my sisters when I go back, don't I want face?

"Invoice!"

Brother Yu is the one who cares about a hundred thousand people?

The price is quite luxurious, and it is already quite a half-day salary of Brother Yu.

The basic annual salary is 0.6 small goals. Understand?

The shopping guide is in the process of getting back after the ticket is issued and letting people pack it up.

asked casually: "Do the two ladies want to see the bag?"

"Just say I forgot something." Brother Yu forgot the bag.

Can women lose their bags?

is of course indispensable, but the bag can cure all diseases!

Gabrielle-CF series of small stray bags, Lan Yue immediately matched.

unit price: 38,700 yuan.

She has begun to accept new consumer concepts at this meeting.

54,000 for a piece of clothing.

There are more than 30,000 bags, if less than 40,000, it doesn't seem to be very expensive?

Lan Yue can't laugh or cry at the thought of these.

Are you a bit lost?

Seeing that Li Wanxing is still choosing, Qin Yu asked, "Is there a suitable one?"

"I don't like it very much."

Although there are good choices, it really didn't make her heart.

"Then go shopping."

took the two of them and left the store under the enthusiastic bow of the shopping guide.

Dior's house is two steps away.

"Let's just take a look."

The shopping guide took a look at the LV and Chanel's shopping bags on the other side.

immediately realized the weight of the phrase "just go around".

It's not that I can't afford it.

It depends on whether you have anything worth buying.

"Sir, two ladies, please here."

"Our classic and new models are all available. Do you want to look at clothes, accessories or bags first?"

"Look at the bag first." Qin Yu responded.

is also not very big, in a cylindrical room with a height of about five meters.

All kinds of bags are full of shelves.

"That...is the Princess Dai limited edition?"

Just when Lan Yue was dazzled, Li Wanxing had already picked the best.

"Miss, your vision is really good."

The shopping guide moved the ladder to the front of the container and took down the style she had chosen.

"Daifei woolen with gold edging is very rare in the market."

"It will take six to eight months for a normal reservation."

"The customer of this package will stay here because of some problems with the payment."

"Sell it?" Li Wanxing asked decisively.

"Of course, if it is not sold, it will not be placed here."

"Lazy cat, come here."

Li Wanxing called Lan Yue to her side and snatched her stray bag.

The black and white gradation of Princess Dai's limited edition handed her: "Try it."

"Sister Wanxing, I already have one." Lan Yue said.

"But this is a limited edition, and it's the hardest high-cold model."

"It's a lot easier to go out with this one on your back."

Seeing her little face blank, Li Wanxing smiled and said: "Without a millionaire, UU reading www.uukanshu.com dare not ask you to talk to you."

"Then...this is expensive?" Lan Yue straddled the bag on his arm and looked sideways in the mirror.

The monotonous and opposite colors and the handmade woolen material on the surface.

makes it look extraordinarily elegant and cold.

slung on his arm, expressionless.

naturally exudes a high-cold breath that is thousands of miles away.

"The price of this bag is 9,8,000 yuan."

In order to show its preciousness and rarity, the shopping guide believes that it is necessary to explain its price.

"In the second-hand market, 9.5% of new bags can be sold at the original price."

"If you meet a customer you like, the transaction price will even be higher than the counter price."

Li Wanxing nodded and looked at Qin Yu, clearly asking him what he meant.

"Billing." The action of taking out the card is still refreshing and unrestrained.

Lazy Cat looked at Li Wanxing embarrassingly: "But you didn't buy it."

"I have more than half of the bags here."

rubbed her head, Li Wanxing looked at Dai Feibao with a trace of dismay.

As she said, she has all the bags she likes.

But the limited edition is different.

is not only a price issue, but also rarity and queuing system.

Therefore, it is not easy to be able to buy.

This limited edition woolen gold trim, she also likes it very much.

Ke Li Wanxing knows more clearly that he can't overpower the guests.

Lan Yue is his real girlfriend.

Just now at Grandma Xiang's house, she was already a little overwhelmed.

Now if you choose this bag again, it doesn't matter what other sisters think of her.

The important thing is, what will Lan Yue think and how do you think of her?

Chapter 98: Six thousand and two G-10

A trip to Hengde cost more than 410,000.

made a small profit of 30,000.

The trunk was filled with large bags and small bags, and it took another half of the back seat to be put down.

"What to eat?"

It's getting late, and Qin Yu plans to take the two out for a meal.

"I'm so tired, I don't want to move."

After strolling for almost 4 hours on this trip, Lazy Cat collapsed in the co-pilot Nuonuo said.

"I know there is a isinglass store near the school."

Li Wanxing took out her mobile phone and searched for the address.

My friend took her to the store last time, and it tasted good.

"What is isinglass?" Qin Yu asked.

"It's dried fish bubble, don't you like it?"

Lanyue also agreed: "Okay, okay, let's eat isinglass."

"Send me the address."

After setting up the address, Qin Yu found that it was not far behind the community.

drove to the door of the store, Lazy Cat asked: "Should I call Mrs. Shen and them?"

"At this point, they have already eaten it."

Li Wanxing said casually, and Lan Yue didn't mention it again.

The fact is that both of them cherish their time alone with Qin Yu.

Besides, she has finally seen Teacher Shen.

"Hello, how many of you have dinner?"

"Three."

"this way please."

The entrance to the hallway leading to the box is the bar in the store.

There is a table behind the bar, on which are placed sealed glass jars of various sizes.

There is yellow isinglass in the jar.

is also called Huajiao.

is fish bubble, fish maw, and dried.

is called differently in different places, and things are the same.

When choosing isinglass, the price difference is amazing.

The cheapest one is 300 yuan, which is about the length of the middle finger.

half the size of an adult's palm.

White flower gum is the most expensive, 3,680 yuan per piece.

is the fish bladder taken out of the wild yellow croaker and dried in the sun.

One slice is the weight of one person.

"White Maw for three people." Eat it if you want.

I heard from the shop assistant that the wild fish glue is full of collagen.

Nourishes blood and promotes blood circulation, which is especially good for women.

Yu Xin said, 'I'll just go back and buy some home to help the women.'

Oriental Royal Garden and Seaview One have to buy some.

If Mr. Shen and Wen Yaxuan move back to live.

I have to put some over there too, just to make up for Teacher Shen.

Her expression in these two days is much different from when she first met.

is to make up for it.

After drinking tea, the box is also ready.

A three-person private room with an area of about 25 square meters.

is a round table in the middle, and on the left is a cabinet and a tea table.

There are also small disinfection cabinets, refrigerators and sinks against the wall.

The large floor-to-ceiling bay windows in the room allow plenty of light to fill every corner.

Potted plants add green and vitality to the room.

A full-time waiter was waiting in the box, and the environment and service were nothing.

"Show me two ladies, what do you like to eat?"

asked the waiter to give the menu to the two ladies.

Qin Yu went to get a hand first, and asked when he came back: "Would you like some wine?"

"You will have to drive later, don't drink."

Lanyue flipped through the menu and said: "We want a fresh mango juice."

Appetizer ordered fried rice before dinner.

Exquisite side dishes:

Marble yam, hawthorn foie gras, barbecued pork in honey, matsutake chicken soup, East China sea snails.

The main course is sea urchin sauce baked tiger prawn **** and tiger strips.

Finally, it is the main signature of the hotel.

Flower maw scallop casserole porridge.

Fresh Mango Juice was the first to arrive, along with it is the mobile dining cart and the fried rice chef.

Native egg and egg yolk paired with Baya Titian rice.

Pour in chicken fat, chicken broth, and ham juice, stir fry, add char siu, scallops and shrimps.

The waiter will remind him before he does each procedure.

Let customers know clearly what ingredients are in the fried rice they eat.

"Have you heard it?"

Seeing Lan Yue listening carefully, Qin Yu couldn't help but want to tease her.

"Seems to understand!" Lan Yue nodded sincerely.

"Do it for me next time at home?" Qin Yu asked.

His cheeks reddened slightly, and the lazy cat arched his head on his shoulders irresponsibly.

One person, one spoonful of fried rice, and the side dishes are also put on the table.

I haven't tasted it, but every dish is very beautiful.

Especially that marble yam, instantly captured the girl's heart.

"Give you."

clipped a piece of yam for the lazy cat, and Qin Yu clipped another piece of yam for Li Wanxing.

The two raised their heads almost at the same time and looked at each other.

stared at each other, instantly lowered his head and continued to eat the yam on his plate.

Mung bean cake-sized yam puree, two people can eat for several minutes.

Qin Yu tasted the dishes on the table one by one.

The yam paste is delicate and sweet, and the taste of hawthorn and foie gras is very strange.

Eat the foie gras first, and then eat the hawthorn peel on the outside.

can suppress the aftertaste of the foie gras and have the effect of relieving greasiness.

Honey Barbecued Pork is best for his appetite. The caramel on the outside forms a crispy crust.

is wrapped in tender and delicious char siu, which is delicious.

Matsutake chicken soup, stewed in water for six hours, is placed in a classic dish of dry ice cold mist.

The lingering smoke surged outwards, slowly covering the tabletop.

The waiter poured three bowls of chicken soup accurately in the mist, and put them in front of everyone.

Fresh!

The following dishes are all based on fresh food.

Before the casserole porridge with flower maw and scallops came up, the waiter prepared water.

is convenient for them to taste the store's signature after clearing their mouths.

The steaming casserole was served.

opened the lid, the aroma came with the hot steam.

Three slices of isinglass, one slice per person.

Covered with porridge, shelled prawns and scallops.

Steaming, delicious and attractive.

'Ding.'

'Congratulations to the host for an ultimate taste bud explosion experience, triggering random rewards.'

'The Patek Philippe Super Complication Timepiece Series 6002G-010.'

'Official price: 7,942,586.'

'The prize has arrived at the Patek Philippe store on the Bund, please pick it up in time for the host.'

put the last piece of isinglass in the mouth.

Smooth and tender Q-bomb, accompanied by a bite of very fresh rice porridge.

is really delicious.

Put down the spoon, Qin Yu wiped his mouth and picked up the phone.

First, let's take a look at the house just rewarded by the system.

What does it look like, 'it's better to be waterproof. '

black infill and cloisonné enamel dial, 18K gold dial, double-sided design.

On the front is a perpetual calendar with week, date and month.

On the back of are sidereal time, sky map, moon phases and moon track.

The case is made of platinum, with a sapphire crystal cover, which is moisture-proof and dust-proof.

The tourbillon tells the time three times.

Seeing the (non-waterproof) prompt above, Brother Yu was a little helpless.

System, you changed your mind.

is no longer the caring dog before, this watch...

So lovely.

"Have you eaten?"

Seeing that they both put down their chopsticks, Qin Yu asked.

"All right."

"Pay the bill."

This meal cost him 12,652 yuan and it was very comfortable!

"Send you back to the dormitory, or to the Imperial Garden?"

Four eyes met, and the two said in unison: "The Imperial Garden (go home)."

Send the two downstairs, Li Wanxing is about to drive him away.

"Don't go up, or you will have to delay it for a long time."

"It's not like going to the airport early tomorrow morning."

Lanyue nodded in agreement, took his hand and said, "Be careful on the road."

"Don't worry, I am going to work, not to fight."

Qin Yu said with a smile.

Although the Kremlin folks are simple, he just goes to sign.

Stop by for sightseeing and look around.

What can be dangerous.

Tourists are pretty safe over there.

Watching the two walk into the elevator, Qin Yu folded back into the car.

.....

Ding~www.mtlnovel.com~ The elevator door opens, carrying a large and small shopping bag.

Standing at the door, Li Wanxing and Lan Yue looked at each other.

"You come knock on the door." Li Wanxing said to her.

Lazy Cat took a step back, shook his head and said: "Sister Wanxing, come on."

Just want to show off the mind, this will become a guilty conscience.

A piece of clothing is 100,000 small, and a bag is 100,000 small.

Is it really appropriate for them to bring these things in?

"Oh, this is your home, what are you afraid of?"

Li Wanxing pressed the doorbell as if he was going to be angry with someone.

immediately pulled Lan Yue, who had relaxed his vigilance, to his side, blocking the door of the room.

"Sister Wanxing, I..." Lazy Cat was shocked.

Click.

Jiang Xiaoshan opened the door and looked at the shopping bags in their hands.

looked as usual and said: "Lazy cat, Teacher Shen just mentioned you!"

.....

The Bund, Patek Philippe head office.

At this time, the shop was about to close, and someone parked the car at the door.

Everyone stopped their work and looked at Qin Yu walking towards the store.

"Hello."

"Hello, this is Qin Yu."

"Hello, Mr. Qin, this is Lu Hao who spoke with you on the phone before."

Make phone call?

Qin Yu's mind turned, knowing that it was the arrangement made by the system again.

No wonder I didn't receive any calls.

"I am the manager of our shop, please follow me."

Seeing Qin Yu's questioning, Lu Hao once again explained his identity.

He only regarded the other party as too busy and forgot about himself.

In his memory, he clearly remembers the conversation with the other party yesterday.
However, he didn't expect the other party to come at this time.

Chapter 99: No one can fight

"Mr. Qin, this is the 6002G-010 watch you ordered."

"The technique of escapement of the tourbillon, the minute repeater tells the time."

"The new generation of Patek Philippe watch king..."

"Let's listen to the sound?"

Lu Hao, wearing white gloves, held the watch with his palm and introduced him.

"Ok."

The sound of telling the time is as crisp as a huang warbler, and it is pleasant to the ears.

"Take a look."

"Great."

Qin Yu pulled up the cufflinks and took off his Hublot MP-05.

"It seems that Mr. Qin is also a watch lover. There are not many MP-05s."

Can buy MP-05, not necessarily very rich.

But there must be a lot of energy and connections.

However, compared to its own new generation of watch king.

6002G, Hublot MP-05 can only be regarded as a younger brother.

This is once again proved from the side.

This very young Mr. Qin has so much energy.

We need to know several watch masters on the other side of Gangjiang.

Although I also bought my own watch king, the 6002G series.

But none of them were officially assigned, but were obtained through personal connections.

The entire Hudu 6002G sold through official channels, this is the third piece.

010 on the black filigree dial is the only piece.

The first two pieces are blue dials, who is the owner, Lu Hao has not seen anyone.

The other party sent the housekeeper to pick it up, and the transaction was arranged by the headquarters from beginning to end.

He is just a middleman!

I thought it was the same this time, but I didn't expect to see the true god.

Young, too young.

"It's just a coincidence."

This is a low-key, humble, and energetic young man.

Lu Hao fastened the watch for him, smiled and said, "Look at it."

The pride in the tone of comes from the recognition and self-confidence of the own brand.

No one can resist the charm of Patek Philippe.

"Yes, help me wrap this watch."

Qin Yu put it on directly, and wrapped the MP-05 first.

"Mr. Qin, you are Patek Philippe's most distinguished customer."

"No matter if you have any watch needs in the future, you can call for consultation."

"In addition, this is a gift from my representative in the store."

"The automatic watch box can just store your Hublot."

6002G is manually wound, so it is natural that you don't need a turntable box.

However, the operation of this manager Lu is a bit irritating.

uses a revolving watch box with a large Patek Philippe logo to store Hublot watches.

knows how to play!

Qin Yu took two beautifully packaged shopping bags, "Thank you."

Lu Hao walked outside the door with him, and said as he walked:

"Patek Philippe is your friend forever."

"Mr. Qin, if you have the intention to change hands one day."

"Any time..."

"Please send it to the top auction house, I believe the price will not disappoint you."

The first 6002G blue dial just auctioned last month was sold for 11.76 million.

This is the net income after all handling fees and taxes are discarded.

This rarer black filigree dial in Qin Yu's hands.

With time and brand heritage, the price sent to the auction house will only be higher.

must describe the performance of Patek Philippe in the past ten years.

probably means: 'Meet the kings, Patek Philippe the Great looks down upon the heroes.

Negative hand: All of you here are younger brothers, and none of them can fight. '

"Ok."

Qin Yu didn't say anything like 'There will be no such day'.

The other party also specifically mentioned this out of kindness.

"Mr. Qin, please go slowly."

Looking at Qin Yu driving away, Lu Hao stopped there for a long time.

The one who came to fetch the watch was not as casual as Qin Yu.

I didn't say hello in advance, and I drove up.

I'm still stuck at the end of get off work.

It feels to Lu Hao like...

On the way home from get off work, I went to the vegetable market and bought vegetables as casually.

Shen: The license plate of A55555 made him feel a lot of emotion and was totally lost.

Hudu is indeed the imperial city of Zhili, and the people of Crouching Tiger, Hidden Dragon do not know where they are.

.....

When I got home, the little anchor just finished the connection with Yaodu.

"Boss, what did you buy again?"

Seeing the bag in his hand, the little anchor happily took it.

Qin Yu shook his wrist and asked, "Does it look good?"

"Wow, Patek Philippe's new watch king, can you buy this too?"

The little anchor looked at him worriedly, "What the **** does your family do?"

"Ordinary families are very simple." Qin Yu responded earnestly.

"You bad guy, believe in your ghost."

The little anchor didn't believe what he said.

Ordinary families take a set of luxury houses as toys.

What is you, a very poor household?

"Did you have the watch before? I'll put it up for you."

"In it, take it with you if you like."

One of Qin Yu's thoughts is that it's better to use it when left.

Something is placed at home, for offering, reluctant to use it.

Why did you buy it, just look at it?

It may be that Brother Yu's realm is not enough, and it is still a bit difficult to understand.

"Shao Qin is back."

Wang Hong in a white shirt and workplace skirt appeared in the corridor.

She looks good, with a beaming smile on her face.

The dress up at this time is to prepare for the live broadcast.

The two buttons on the shirt were open, revealing a touch of white valley.

Not bad!

"Do you want me to prepare a midnight snack?" Wang Hong asked.

"No, you are busy with you."

"Okay, I will prepare first."

Wang Hong walked to the spot where the little anchor had been broadcasting.

"I moved the equipment to the second floor and will broadcast live on it from now on."

"I just had a video conference with Largo and said that someone wanted to invite an advertisement."

"Please?"

"Yes, I don't want to pick it up. It's troublesome to shoot commercials."

The little anchor took his arm and said coquettishly, she was actually afraid of the entertainment industry.

Now, her live broadcast career has just taken off.

Various trivial matters have been brought to the Internet for public discussion.

Sesame-sized things can be deciphered in several articles.

When they were in school, if they had this kind of ability.

The liberal arts champion is not easy?

"Then don't pick it up."

Qin Yu nodded in agreement, the entertainment industry is a place of right and wrong.

There is too much mess.

It's better for girls to avoid touching...

"Do you have any plans for live broadcast content, or do you focus on food?"

"Correct."

The little anchor nodded and said, "I want to use the camera to record the folklore scenery and delicacies of Xia Country."

"Then make it into a short film and put it on the Internet."

"Sounds interesting, what does La Lago think?" Qin Yu asked.

"La Lago means that it takes too long and the initial investment is not a small amount."

The little anchor glanced at him, and whispered: "He said it depends on what you mean."

"Do you really want to do it?"

Seeing her careful thinking, Qin Yu took a picture on her back bridge.

"Not honest at all."

"Then you do not support it, I promise I will do it with my heart."

The little anchor put his arms around his neck and promised: "Also, I want to do it myself."

"I don't have to be affiliated with the trade union, I pay for it myself."

This is not impossible, and you don't have to worry about other people's thoughts.

"Larago agrees?"

"Of course, they are not interested in this kind of thing."

The thoughts of those big buddies are all on the anchor.

Besides, they are not optimistic about Cheng Xiyu's thoughts either.

Largo himself is somewhat interested, but he should also take care of the feelings of others.

"Where is the team? Where can I find it?"

traveled all over the country, digging out unknown folklore scenery and delicacies.

This is not a simple task.

"I'm also worried about this, does the boss have a way?"

It is necessary to consider the professionalism and have a general understanding of each area.

It is best to be a team that has been to many places and has unique insights into each place.

Suddenly, Qin Yu couldn't think of the right person.

"When I come back, I will talk about it. Let's take a day off today~www.mtlnovel.com~ Qin Yu said that he hugged her and walked upstairs.

"I haven't asked for leave yet!" The little anchor blushed and said.

Don't forget, there are more than two of them at home now.

There is also Wang Hong live streaming downstairs.

"Go and change now."

came to the entertainment room and saw her lying at the table changing the name of the room.

Brother Yu felt the strong call of the Holy Light.

The canyon map is forcibly loaded, and the Light Ranger is online...

'Cold pursuit, rush~'

.....

The successive fights lasted until midnight.

Brother Yu won a full victory with his superb positioning skills.

The biological clock reports on time.

When Qin Yu got up, Wang Hong was preparing breakfast in the kitchen.

"Shao Qin."

Hearing the footsteps coming from the stairs, Wang Hong turned his head and looked at him.

"So early?"

"Ms. Cheng has explained that you have to prepare breakfast in advance when you get up early."

"Well, breakfast is simpler, is the juice squeezed?"

Looking at Wang Hong's busy back, Brother Yu felt relieved for his decision.

It's really important to have a seductive chef.

I have appetite just by looking at it, can I have a bad appetite?

"All right."

Drinking juice, Qin Yu is not going to exercise this morning.

After breakfast, he has to drive to the airport.

The 9:45 flight, it's too late to return from the clubhouse.

"Mr. Qin, I want to give you a present."

brought breakfast, Wang Hong handed him the mobile phone in the pocket of his apron.

is Xia Wei's new mobile phone.

"Ms. Cheng said that you know how to photograph."

"I would like to ask you to take a look at the photos of my life taken by myself!"

Chapter 100: This brother has settled

Parked the car in the airport parking lot.

The registration process went unimpeded, and Qin Yu lay on his seat.

took out the mobile phone that Wang Hong gave him before.

The phone is brand new, and there is no card yet.

In addition to the photos in the album, there is only random software.

clicked on the photo album, and all kinds of busts came into view.

High slit cheongsam, only the side part of the thigh is patted.

Overlooking the black silk, the picture quality is hazy.

JK uniform, lower waist twisting and pressing the shutter in front of the mirror.

"Sir, is there anything you need?"

The flight attendant's inquiry interrupted Qin Yu's examination of art.

"Give me a drink, just clean water."

Seeing the number of phone albums 300+, Qin Yu put the phone away.

After tasting, it is better to look at it when it is quiet.

.....

When going to Barrow's house this time, Qin Yu took the HNA International Line.

The appearance of the flight attendant is better than what I have seen before.

Unfortunately, Brother Yu's standards are getting higher and higher.

didn't take a look at all.

got off the plane and put the two small pieces of paper in his pocket into the trash can.

Then I went to pick up the luggage and left the gate.

"Qin Yu, my brother."

just arrived at the door.

With a green cotton cap and a big jacket, Old Joe opened his arms.

Laughing to save Qin Yu, it was just a slap.

"Ahem, old Joe, it's dying to shoot again."

Qin Yu coughed when he was photographed, and said jokingly.

"My brother Xia Guo, you are not that vulnerable!"

Old Joe shook his foot and snatched the suitcase from him.

"Put things in the car, let's go home first."

Old Qiao put his arms around his shoulders and took him out without refusal.

If there is no system for 'endorsement,' Brother Yu would have thought it was kidnapped!

Two big Gs stopped at the door.

Looking at the size and the front and rear covers, you know that it has been explosively changed.

"I prepared barbecue and wine, and I will entertain you at home."

"Old Joe, we still speak Russian, I almost can't understand your accent."

"You should teach me more."

Old Joe laughed and said, "My daughter, Talisa wants to learn too."

Brother Yu said 'Reject,' and let him swallow it back.

"Learning one more foreign language is a good thing. I will teach you when I take the time."

"It really is my good brother, let's go."

One black, one white, and two big Gs drove to the outskirts of the Kremlin.

After driving for nearly 2 hours, a manor located in the woods was brought into view.

Old Joe doesn't like fences and the like.

So there are no such obstacles in the surrounding area.

It seems that anyone can drive the car to his door.

Actually, on the way here.

Old Joe pointed out the window more than once and said, "There are snipers watching us."

In the information instilled in the system, Old Qiao has a military background.

How awesome is ?

There are not only snipers lurking in the woods to protect the safety of his home.

On the way to , two main battle tanks were firing in the forest.

"It's my brothers and nephews, they are playing games."

Old Qiao's serious explanation opened his eyes to Brother Yu.

It turns out that the game of the Teddy Bear family is playing with a tank and a cannon?

Brother Yu was quite nervous at first.

has been sniper-targeted more often.

The shock brought by the roar of the shelling gradually adapted, and Qin Yu got used to it.

Anyway, his head hung around his neck when he got out of the car.

The wooden and stone structure of the manor looks very beautiful.

The front wall is all made of glass, which is bright and spacious.

The room was glowing red by the bonfire burning in the fireplace in the living room.

"Dad~"

The tall woman who couldn't hide her down jacket pushed out the door and rushed into Old Joe's arms.

The moment I saw her, Brother Yu knew...

Old Joe, the brother, he agreed.

"Haha, my baby~"

hugged his daughter, Lao Qiao introduced to her: "Quickly, call it Uncle Qin Yu."

Look at the exotic style of being similar to my own age, maybe a few years older than myself.

Luo Luo yelled 'Uncle Qin' generously,' Brother Yu was stupid.

Why suddenly became an "uncle".

Let's go, let's uncle uncle!

"Uncle, you are from Xia Country, isn't it beautiful there?"

Talisa took his arm, her big oozing eyes filled with curiosity.

"Yes, you can check it out if you have a chance."

Qin Yu responded with a smile.

"I always wanted to go, but my father always worried about my safety."

Talisa looked at him helplessly, her eyes rolling.

"Do you know what my father does?"

"I know, financial tycoon."

Hearing his answer, Talisa laughed blankly, as if she had heard something funny.

"I know he is the founder of the Flamingo Fund."

"You only need to know so much, understand?"

Qin Yu doesn't need anyone to help him popularize science, how awesome is Old Qiao.

All he knows is what he wants.

Those who don't know or hide are things he doesn't need to know.

"You look more interesting than your father's other friends."

Natasha's eyes became dangerous and deadly.

licked her red lips with a sharp tongue, and murmured, "I hope we will become friends."

"No, not a friend."

Qin Yu shook his head and said seriously: "It's uncle, this is what your father said."

"Okay!" Talitha converged on her true self.

became harmless to humans and animals again, turning back and smiling lightly: "Uncle Qin, I'm going to the sauna."

"Do you want to come together?"

A big hand was placed on Qin Yu's shoulder, it was Old Qiao.

"Brother, come on, it will be fun."

Old Qiao put his arm around his shoulder, almost leading him to the forest.

There is a thin white mist floating on the lake, 20 meters away from the lake.

A self-built sauna room is located there.

The hoarfrost on the lake is caused by the heat from the sauna room.

"The dressing room is here."

Old Joe took him to the dressing room, took him off and wrapped it in a bath towel.

Looking at Qin Yu again, Old Qiao was a little dumbfounded.

"Old Joe, you can easily be misunderstood like this."

Brother Yu grabbed the towel head around his waist and said jokingly.

"I can deal with four women at once."

"Your figure is very similar to me when I was young, you deserve to be my old Joe's brother."

Old Qiao said in a sour tone, turning his head away and not looking at him.

"Let's go, let's enjoy the sauna."

urged him to come to the sauna, the room he had prepared in advance was already warm.

After the old Qiao came in, he kept pouring water on the stone before sitting down.

‘What's the use of a good figure, let you see what a real man is.’

The steam surged, and the temperature instantly soared to the point of burning his face.

Just when the sight was blurred by the steam.

The door of the sauna room was opened, and Talitha wrapped in a bath towel walked in.

"Dad, you should take better care of your guests."

Talisa picked it up and placed it in the corner, and handed it to him with a whip made of oak branches.

"Brother, turn around."

"Don't... I don't need it."

Qin Yu saw on the Internet that Mao Xiong used this whip to beat each other.

thinks that this can get rid of the pain, and enjoy it.

"You should be a real man."

Old Qiao curled his lips and handed the ‘whip’ to Qin Yu proudly.

turned his back to him, Old Joe patted his back with his palm and said, "Come on, hard."

"..." Brother Yu almost vomited.

Such a strange request, he heard it for the first time. UU reading [www. uukanshu.com](http://www.uukanshu.com)

Shaking the oak whip in his hand, Qin Yu suddenly raised his hand and waved forward.

Snapped!

A red seal was left on Old Joe's back.

See him silent, then another whip.

‘This old Joe is okay, let alone, it’s so cool to smoke.’

Qin Yu is whip after whip, facing Talitha's old Qiao grinning.

was thinking, ‘I’m going to add a few more barrels of vodka tonight, hello my brother.’

Seeing that old Qiao’s back is full of red prints, there is nothing good about it.

Qin Yu stopped and asked: "This should be fine."

Natasha got up and took the whip, smiled and said, "I'll help you."

"Yes, let Natasha help you, her technique is very good."

Old Qiao slowly sat on the wooden slatted chair, his expression looked a bit painful.

"Like just now?"

Qin Yu pointed at Old Qiao, and asked with a face of rejection.

"It doesn't really need to be so hard."

Natasha slapped her body with an oak branch.

"that's it."

Seeing where she slapped, there was no mark left.

Qin Yu tilted his head and lay down on the chair in peace.

There is a 'rustle' sound from the beating of branches and leaves on the back.

There was a dangling white piece in front of her eyes, with crystal drops of water still hanging.

Natasha is at least 175cm+
