Chapter 19: Miss sister also loves to play watches?

In front of the New Star Hotel, Cheng Xiyu slowly pulled over.

"Boss, do you want to drive in?"

"Stop at the door, I will stay at the hotel tonight!"

Cheng Xiyu: ? ? ?

In the hotel lobby, Cheng Xiyu stared at Qin Yu who was checking in with vigilant eyes.

In fact, my heart is both nervous and anxious!

It's impossible to say that you don't feel at all for him.

But I want her to accept it now and have some intimate behavior.

Cheng Xiyu is also unacceptable!

Besides, she knows almost nothing about Qin Yu.

There are only two things he knows. He is very rich and lives in the community inside.

...Oh, right.

and his name is Qin Yu, no more.

"It's done, let's go!"

Entering the elevator, Qin Yu took the room card and said, "What number do you live?"

"803."

"Same floor, but I live in 815."

Ding, the elevator door opens.

The two walked forward together, Qin Yu followed the signs and stopped in front of Gate 815.

Looking back, 803...

"Such a coincidence?"

Cheng Xiyu shook her lower lip, "Did you deliberately?"

"It's really not there, it's getting late, take a break early!"

Qin Yu swiped his card to open the door, and planned to enter the room to rest.

"Qin Yu...Why are you staying at the hotel today?"

If you don't ask, the little anchor will have insomnia again tonight.

"Telled my parents to go out for a few days, and booked a flight ticket to Hudu tomorrow morning, good night!"

.....

Without words all night, Qin Yu woke up early.

Wash your face and brush your teeth.

smiled at the mirror, "This kid is so handsome!"

dialed the front desk phone and asked people to bring the washed clothes up.

Qin Yu put on another set and went out for breakfast.

The plane is 10:45, too late.

When I came back from breakfast, the washed clothes were neatly laid out on the bed.

The room was also cleaned. Qin Yu went out carrying his clothes, thinking, 'I'll buy a suitcase next time.'

Shortly after left, the opposite side opened.

Looking at the open door of 815, Cheng Xiyu's heart is mixed.

.....

Parked the car in the airport underground parking garage and passed the security check.

Qin Yu came to the VIP room, and the staff took him to the rest area after picking up the tickets.

"Mr. Qin, please take a break, and we will notify you in advance!"

"Thank you."

"What do you need to drink? We also have a self-service counter"

After saying that he didn't need it, the ground rider asked him if he needed a blanket and blindfold, so he could take a nap.

It's only half an hour before boarding, so naturally I don't need it.

But the service is really one day, one place.

Boarded the plane early, and Qin Yu found out that it was the same in first class!

is nothing more than a little more space, a little more refined service, and more choices.

As for the beautiful flight attendant...

It's not that my sister is not good enough, I only blame Brother Yu for being demanding.

The hatch is closed, the stewardess comes to ask what to drink!

"A glass of water!"

"Red wine." A clear voice came from my ear.

Qin Yu turned to look, with thick black hair and sunglasses.

is exuding the breath that no strangers should enter.

Scanning system:

"Hello, what's the matter?"

Seeing Qin Yu staring at herself, Li Wanxing frowned.

"Qin Yu, hello."

Qin Yu stretched out his hand and smiled openly.

saw his clear eyes and a clean smile.

Li Wanxing's impression of him slightly changed: "Hello, Li Wanxing."

"Miss sister is going to school?"

"Yes, how about you?"

"Hudu Lixin, a new student this year."

"Shanghai Opera, sophomore...student!" Li Wanxing smiled slyly.

"Hey, I knew that there was a senior in the Shanghai Opera, so I worked hard during the college entrance examination."

"Hey.. Your score is enough to enter the Shanghai Opera."

"Isn't you not able to see the senior sister in advance?"

"Are you so sweet every time you see a beautiful girl?"

"How is it possible, I'm still a child."

Li Wanxing looked at him in surprise, 'I've never seen such a brazen guy! '

The more open Qin Yu showed, the more comfortable Li Wanxing felt.

The two chatted like old friends, and they still had some meaning until the plane landed.

"Go, I will take you to Hengde first."

stopped a taxi, and Li Wanxing said to take him to the place first.

"I won't refuse, Sister, you have to protect me."

"Gluck..."

Seeing him look like a 'young student is scared', Li Wanxing laughed forward and closed.

This little boy is too funny, even though he doesn't look handsome.

Li Wanxing is a student of Shanghai opera, so what kind of handsome guys and beauties can't be seen in the school?

is much better than him.

But being with him, that kind of relaxed and comfortable feeling.

Never before...

"Don't worry, sister doesn't eat people."

Li Wanxing deliberately curled her lips and said: "Just your looks, it's a thousand miles away from my sister's request."

"Sister is the standard face value party."

"Wow~ Sister, do you want to hit people like this?"

"Who do you call the old sister?"

Li Wanxing's eyebrows twitched, "Where am I getting old, do you have? Is there?"

"Sister, Xiaosheng is wrong."

Qin Yu folded his hands together, and said with a serious expression: "You are not old, not only are you not old, but you are also a little bit small... It should be because of insufficient nutrition, you have to make up!"

Li Wanxing was still smug, but after listening to it, she found something was wrong.

followed his gaze and looked down, almost vomiting blood.

"Qin Yu, your kid is dead."

As a heroic northern girl, Li Wanxing said that she would never beep when she could do it.

"It's dropped, senpai, it's wrong."

Qin Yu, who was pulling his ears, couldn't laugh, UU reading www.uukanshu.com, this girl is really sturdy.

His ears are all red.

"I really know that I was wrong?" Li Wanxing asked triumphantly.

"Really, more real than pearls." Qin Yu nodded repeatedly.

"Huh, this is pretty much the same."

Released his finger, Li Wanxing embraced her hands, thinking of what Qin Yu said just now.

put down his hands unnaturally, and said angrily: "I'm kind of sending you to you because of my sister."

"Yes, it's not for the younger brother. I will hold a dinner for my sister to make amends later."

"Sister is the one who sent you that meal?"

"It's not bad, it's a silly face, I especially ask my sister to appreciate it!"

Seeing that he rubs his ears again, and smiles wryly.

Li Wanxing can't help but say: "Huh, count you acquainted!"

"By the way, you go to Hengde to buy things?"

"Well, I have a watch here, let me get it."

"What watch?"

"Hublot MP, do you know how to watch?"

"MP series?"

Li Wanxing looked at this elementary school brother who had just met in surprise.

directly call people not to look at their faces.

This series of watches is not cheap.

After learning the model he ordered, Li Wanxing said on the spot that he would go with him.

"My brother has always wanted to buy this watch, but the manufacturer said it has stopped production."

Li Wanxing's eyes sparkled with curiosity, "How did you get it?"

"A little trick, of course, there is also a bank card balance!"

Look at his calm and calm look.

Li Wanxing hummed: "Don't forget it, but I have to see with my own eyes, this watch is so handsome."

"Senior sister also likes to play watches?"

Girls don't look at their looks, they like mechanical watches. This is really rare!
