Chapter 31: Banknote ability launch

« PrevNext »≡

Back to the live broadcast of the little anchor, she was out of the car panting and ran home.

'You're gone, the little anchor, and the big guy has a new love. '

'Two shots are super hot, and the little anchor sells cute and overturned. '

'All start, the little anchor's lens is low, and then it's {thumb and nosebleeds}. '

'Run, let me run. '

At this moment, Qin Yu re-entered the live broadcast room, causing fans to groan.

"Boss, huh huh, me, I'm home."

The little anchor ran out of breath, and took out a bottle of water from the refrigerator.

'咕咕' filled most of the bottle, and the surging heart calmed down.

'Come on, there are passers-by on the opposite side. 'Wind and rain hurt people at night.

In the hotel room, Qin Yu turned on the computer and found some cards, and he frowned.

But since they are all on, just play a few rounds to kill the time.

Otherwise, it would be more boring to stay alone in the room.

Tian Ye's friend sent an application, and Qin Yu agreed and sent the room number to the other party.

'On the single with a dog, the fourth floor. '

'Poodle, focus on the single father, don't send signals to the other two channels, and you can't see them. '

The field on the fourth floor licked wildly, begging father to pay attention.

'Little anchor, let's see how the same little anchor licks his eldest brother, study hard. '

Wind and rain hurt people at night.

Cheng Xiyu blushed and sat in front of the computer, staring at the ban selection, only when he didn't see the barrage.

But in my heart, I decided to study more.

It doesn't matter if you are a big brother, you mainly love to learn!

'Have you heard the little anchor, learn more! '

'How do the little anchors usually lick, face to face? '

'New people ask the same question! '

'I'm still a kid...Why should I go through this?'

The barrage on the public screen is completely crooked, and the small anchor can only have a strong wave.

'Go on, I'll be jungle! The drizzle is silent.

'The little anchor is going to fight for favor, wait for the show! '

'The doubles wild routine is invincible, this one is stable! {A wave of crazy milk}'

'The poisonous milk is making power, the little anchor needs to be careful. '

The game finally started, the little anchor breathed a sigh of relief and smiled: "This wave of doubles, the opponent must be panicked!"

Today is the king of heaven, Lao Tzu, and don't want to stop her from helping the single boss to take off...

'I think you are going to panic. The anchor next door said: No one can stop him from being a dog for Dad's father. '

'Little anchor, you just live on the road, don't be persuaded! '

'Yes, don't persuade, just follow him. '

'Don't panic the little anchor, the anchor next door is not as fierce as you...'

'Spit up, a bunch of LSPs. '

Cheng Xiyu's teeth squeaked, are these dog spectators all floating?

After reading the article, Qin Yu controlled the weapon master to go on the road.

was followed by a dog and a little mouse.

The Weapon Master stood upright in the middle of the road along the road.

The poodle and the mouse are in a tacit understanding, and they went into the grass with the chicken thief sticking to the wall.

'Sit down and wait for the other side to be stunned! '

'Jianji: I vomited, and Shuangye was buried on the road? '

'I'm full of expectations. '

here, here, it's Jian Ji!

She followed the line of troops.

The opposite Sword Ji fought very steadily, letting the weapon master all kinds of provocations, still unmoved!

Qin Yu didn't persuade him, she just stuck her face and made a strong Q.

Seeing Jian Ji's residual blood, he slowly backed away. Brother Yu could let him run?

The master of the control weapon directly jumped up.

唰!

Sword Princess Level 2, Skill: Block.

The weapon master fainted on the spot, and was caught by Jian Ji and hit a set of counterattack.

The poodle in the grass can't sit still. How can he be a filial son after receiving the benefits?

My father, don't panic, come here, boy!

flew out of the grass, and the poodle went straight to Jian Ji.

Mouse also hurriedly followed...

Jian Ji stood in place, acting fearlessly.

Surround the weapon master to perform a set of true chaotic cloak swordsmanship.

The role is free, and Qin Yu is about to fight back.

The screen is stuck.

.....

.....

5 seconds later.

The three corpses fell to the ground in a pile of Arhats.

Jian Ji's body is not far away.

The mantis with only a trace of blood is dancing proudly on the corpse.

'.....' Poodle.

'.....' Mouse.

They really did their best.

When the two rushed up, the opponent's level 2 praying mantis rushed from the river in time.

So the two decided to help Qin Yu win Jian Ji first.

2...Use the character to go up and consume the mantis desperately.

Finally, Qin Yu's weapon master reaped the harvest.

win a double kill!

What can catch the two of them off guard is that Qin Yu stuck still.

The two of them consumed Jian Ji's blood.

Anxiously chasing and turning around him round and round, while fighting back with the praying mantis.

Seeing the blood loss madly, Jian Ji is about to run away.

Cheng Xiyu could only take the head, and at the same time the poodle was killed.

In the end, Cheng Xiyu, who was unwilling to throw the flashing light away, gave up resistance and ended up drinking hatred.

'Card. '

What can Cheng Xiyu and Tian Ye say about this?

continue to rush with the father on the order!

Dutiful son poodle dedicated himself to his duties, attacked and suffered, looking for opportunities for his father.

can be connected several times, and Qin Yu is stuck and disconnected at the critical moment.

This makes the two of them feel helpless.

'Shuangye is stable?'

'The other side has panicked?'

'Single with a dog, double happiness?'

'2333, I laughed and panted!'

Seeing the head-to-head ratio between the two sides, Qin Yu reluctantly released the mouse.

Since the network is not strong, Yu brother can only use the money ability.

'On order, 200 per head, take the initiative to send it! 'Weapon Master.

"Just kidding?" Wushuang Jian Ji.

'WeChat account...Add me. 'Weapon Master.

The screen lights up, and Qin Yu added a WeChat account remarking 'Jian Ji' and directly sent 200 red envelopes.

'Fuck, I'm here, boss. 'Wu Shuang Jian Ji. UU reading www.uukanshu.com

Wushuang Sword Princess in the Four Gods costume stood on the road, letting the weapon master knock herself to death with a flat A.

'Big brother, are you still coming?' Wushuang Jian Ji.

Qin Yu sent two more red envelopes to welcome Jian Ji's rainbow fart compliment.

Opposite the praying mantis to speak for the first time: 'Big guy, head 150, just brush it! '

150 yuan per person, 10 gifts are enough for half a month's living expenses.

'Big guy, I only need 100. The middle and bottom lanes are gone.

Is there a basket here???

The five people from the opposite side lined up to send it to Brother Yu. They were quickly flattened by the middle road and went straight to the high ground.

At this time, no one wanted to go back home, but ran up the road as best they could.

Before the crystal explodes, if you can give one more, you will earn one.

Shoujia?

A fool keeps the house. Wouldn't it be fragrant to give a few more?

"Won!"

The crystal exploded, Cheng Xiyu stretched her arms and said happily.

'Fuck, so fierce! '

'The little anchor is not small at all. {nosebleed}'

"This anchor is not popular?"

'Little anchor, she's famous! {stimulate}'

"You dog spectators, the housekeeper, have all been castrated!" Cheng Xiyu angrily said.

'The little anchor can dance?' Wind and rain hurts people at night.

"I only know a little bit, I can't dance well." Cheng Xiyu said embarrassingly when he saw that the big guy spoke.

She can dance, but she doesn't cooperate with her hands and feet.

'Then skip rope! 'Wind and rain hurt people at night.

"..." Cheng Xiyu was stupid.

Brother is joking, what the **** is skipping rope?

Just when Cheng Xiyu seriously considered whether to skip rope.

PK appears in the center of the public screen!

Start at the Pinnacle of Life Chapter 32: I'm a fake big brother

« PrevNext »≡

"The hurt man, wait, I'll connect with the young lady on the opposite side!"

Cheng Xiyu agreed.

In fact, only "agree" can be ordered, or how is it called a compulsory PK?

"Today I connected to the young lady in the face value area, Sunny Doll."

"What a cute name."

The screen lights up, and the anchor named 'Sunny Doll' appears.

"Hello Miss Sister, you are so beautiful!"

"Thank you for the compliment, Miss Sister, you are also very beautiful!"

Tiantian dolls are particularly passionate.

"But you are in the game sector. Isn't this just called, you can obviously rely on your appearance, but you can rely on talent?"

'This anchor is a bit interesting, the little anchor is also a good person now? '

'Haha, I'm afraid it's because I saw the brutal brother's super fire. '

'Hey, that's true! '

'Is there a small anchor? {I laughed and turned}'

Cheng Xiyu kept smiling when she saw her fans' complaints.

"Our fans all praise Miss Sister for her good-looking appearance!"

"Sister Drizzle, please don't be polite, our fans are the ones, half of them have gone to you."

Sunny Doll is distressed, and her aggrieved and helpless expression makes people feel distressed.

'The business talk is endless? 'Wind and rain hurt people at night.

'Puff, the little anchor was sprayed by the big brother again. '

'I'm afraid this big brother is a straight man of steel! '

'Big Brother: I folded the steel bars that God of Wealth led to you. '

'The eldest brother is a straight man of steel, and I am a straight man of steel. So... I'm on the same level as Big Brother? '

'You're afraid of eating too much fart, you're poisoned! '

"Miss sister, let's just start!" Cheng Xiyu was speechless.

It is uncomfortable when the eldest brother is there, and even more uncomfortable when the eldest brother is away.

is no longer without gifts, and was ridiculed by fans.

Sometimes the host on the other side will make a few cynical taunts.

is here!

Fans not only laughed more vigorously, but also learned to mock.

, the anchor of the link is very enthusiastic, 'maybe her personality is like this? '

"Big brother, night hurts, good evening, no one in our house."

Seeing the pleasing smile on the screen, the little anchor knew that he was thinking too much.

'Sure enough, it's all for the boss! Cheng Xiyu complained silently.

Cloudy Dolls present the anchor Sunny Dolls Super Rocket, come and watch~

Cloudy Doll presents the anchor Sunny Doll Super Rocket X2, come and watch~

The opposite big brother sent two super fires to his anchor, kicking off the PK prelude!

can run to the drizzle and silent live broadcast room in a blink of an eye.

Cloudy Doll presents the anchor rocket, come and watch~

Cloudy Doll presents the anchor Rocket X2, come and watch~

'Good anchor, good brother hurt. 'A cloudy day doll.

reached out his hand not to hit the smiling man, not to mention that the other party gave him two rockets.

"Hello, cloudy day, thank you, cloudy day." Cheng Xiyu expressed his gratitude to the other party.

'You're welcome. 'A cloudy day doll.

'I'm the only one who hurts me. 'A cloudy day doll.

'Please take care of it, brother, and save some face to the doll! 'A cloudy day doll.

It is also very helpless on a cloudy day. This eldest brother called "Wind, Rain and Night Hurts" is too fierce.

Open the emperor in seconds, ten consecutive recharges!

A daily PK, up to 10 super fire.

Dare to resist...10 more shots.

I didn't see the last time Coco's eldest brother was beaten with 20 shots!

Yintian Wawa doesn't want to go with her eldest brother, but she feels distressed for her own wife.

I don't want her to lose too ugly, so let's come over to show her.

'This eldest brother is so polite, he is very particular about his work! '

'Big brother hurting the other person, let him go. Wawa is a good girl! '

'It's sunny and cloudy, and they are famous for their good temperaments, and the two of them rushed to see each other. '

'Remember, I like live broadcasting on sunny days, but I'll play with her on cloudy days. It's pure play! '

There are fans of the little anchor in the live broadcast room.

also had fans who came from the opposite side following the cloudy doll.

You say, I tell the story of 'sunny sky' and 'cloudy sky'.

'These two have very good tempers, and they are also very kind. Please be gentle!

'Please be gentle, the doll is really good. '

'The doll's house is all dependent on the cloudy day, and there is no one to eat his husband! '

This is all here with the cloudy dolls, fans from the opposite house.

A small anchor in the Yan Value District, open his love affair.

There are hundreds of fans who are willing to explain to her and think for her.

This alone can show how much the two of them are liked!

Cheng Xiyu also wants to speak for the other person, so please let the eldest brother just brush it up.

But she really can't speak, whether the eldest brother brushes it or not.

Cheng Xiyu has no bottom in her heart...

Welcome the emperor to come here~

Wind and rainy nights hurt people and present the anchor Sunny Doll Super Rocket, come and watch~

Wind and rainy nights hurt people, present the anchor Sunny Doll Super Rocket X2, come and watch~

gave the opponent back two super fires, and Qin Yu returned to the live broadcast room of the little anchor.

In the sound of thanks from Sunny Doll, he clicked on the big tiger shark!

Wind and rainy nights hurt people and present the anchor Drizzle and Silent Tiger Shark X1, the treasure of the sea is waiting for you~~

"Thank you for hurting brother." Cheng Xiyu said sweetly.

'Thank you, Brother Hurt, for your face. 'A cloudy day doll.

'You're welcome. 'Wind and rain hurt people at night.

'Congratulations to Drizzle and the doll family for their marriage, I wish the two families a hundred years of marriage, early birth...Ah! '

'The dog food I sprinkled on it died suddenly?'

'Doll, hurry up and learn how your husband hugs thighs! '

'I'm a big brother when it's cloudy, alright! '

The young man in front of the phone smiled bitterly: 'Don't, compared with the hurting brother, I'm a fake brother. '

is also the big brother, but there is also a gap between the big brother and the big brother.

is like the original Dark Night God Emperor, now I am embarrassed to appear in the little rabbit's house~www.mtlnovel.com~ too embarrassing!

Yintianwawa suddenly said: 'Next month's divisional game, wait for the wounding brother to slaughter the Quartet. '

'?????' Qin Yu was dumbfounded, what a divisional match.

'I don't know what hurts brother?' A cloudy doll.

'I don't know, just playing. 'Wind and rain hurt people at night.

This is Qin Yu's second online launch. Prior to this, his knowledge of the anchor industry was limited to hot spots and pop-ups.

'Then let your drizzle anchor tell you, it's hard to type a sentence or two! 'A cloudy day doll.

Cheng Xiyu had planned to find an opportunity to mention to him.

But I didn't even think that Qin Yu could support himself.

After all, Douya, established by the merger of the two live broadcast platforms, almost monopolizes Xia Guo's live broadcast industry.

A divisional game can cost millions at every turn.

Sometimes it takes tens of millions to win the champion of the popular division...

For no reason, let the eldest brother spend hundreds or tens of millions to play PK for himself.

Cheng Xiyu doesn't think she has such a big charm!

"In fact, the big anchors in their respective sectors compete for the first place, and the champion can get a lot of exposure."

"At the same time to increase the influence of the anchor, like to participate in the annual finals, you must get a place in the regional competition!"

Cheng Xiyu has never participated in the divisional competitions, and knows the information from the official website, as well as other anchors.

'Not only that, but the top three in the hottest sector can get a better share and treatment from Douya. 'A cloudy day doll.

When was pursuing Sunny Doll, Yintian Doll also took her to the division championship several times.

It's just that the competition back then was much smaller than it is now.

The divisional competitions endure one million to the top, where it's like now, at every turn, it's several million.

Start at the Pinnacle of Life Chapter 33: System: Permission is being liberated

« PrevNext »≡

'The little anchor is not going to beg me? 'Wind and rain hurt people at night.

Hundreds, tens of millions, is it a problem for Qin Yu?

There are nearly 100 million on the , I don't know how to spend it!

As for brushing himself, Qin Yu felt completely unnecessary.

Since the system rewards virtual currency, it naturally has its truth.

I have to make up my mind even this money, and take it in my own pocket...

He, the protector of the miracle, is too cheap!

'Ding. '

'Congratulations to the host for improving his thoughts and triggering the hidden mission. '

'System permissions are being liberated...'

'The function is fully upgraded, and the title effect is enhanced. '

'Ding. '

'Random reward triggered: Flamingo hedge fund 60%...'

'Identity is being revised...The place where the Flamingo Hedge Fund is registered, Wudu. '

'Continuous renovation...The actual controlling shareholder, Qin Yu. '

'Founder of the company, Jolie Childevsky, relationship...'

'Initiated the second revision...The host holds dark stocks and is the actual controlling shareholder of the Flamingo Hedge Fund. '

'Jolie Childevsky and the host are a life-and-death acquaintance, amending and confirming...'

'The miracle blooms, the law of causality is corrected...'

'The miracle shines, looking for unknown risks...'

'Avoid potential risks in the unknown world at the upper level... release spam inducements, disguise space-time coordinates... cognitive distortion! '

'Ding! '

'All potential risks were fully avoided, and the host successfully acquired shares in the Flamingo hedge fund. '

'Please take care to answer the call from Jolie Childowski. '

In front of Qin Yu, a series of messages flashed quickly like garbled codes.

When all the information disappeared, Qin Yu was thinking about the connection.

Ling Ling...

The phone rang.

"Hello." Qin Yu.

"Hahaha, brother, it's me, your brother Jolie!"

'System prompt: The host and Qiao Lie are friends of life and death, and have saved his life in unknown places, unknown times, and unknown events! '

This explanation, old cowhide!

Unknown location, unknown time, unknown event.

can be understood as, no matter what it is mentioned.

Finally, what is passed into the ears of others will be the correct answer after system correction?

"It turned out to be Brother Qiao Lie, how are you?" Qin Yu played his acting skills. after being selected by the miracle system.

He doesn't think there is anything else worthy of surprise...

"Good brother, Qin Yu, when on earth are you going to come to Barrow to sign?"

Jolie Childevsky complained: "Since I received the money, this is the sixth time I have called you."

"You want to torture me with anxiety, don't you? Right?" Old Joe roared full of anger.

'S natural violent temper, plus he has a good voice.

Qin Yu straightened his right arm holding the phone, and his voice could still be heard far away.

"Brother, I promise to go to Barrow to sign after signing up."

"Are you waiting for me to... wait, are you coming to Barrow?"

"Yes, I will go there after I sign up."

"Haha, good, great."

'My brother is coming to Barrow, and my good brother is coming to Barrow to find me.'

Qiao Lie, who was in the suburban manor of the Barro Kremlin, yelled to his family and friends.

Qin Yu smiled bitterly, this elder brother of life and death is too enthusiastic.

Appoint a good time, hang up the phone under the other side's chatty.

Qin Yu opened the panel to pay attention to the changes in the system.

Host: Qin Yu.

Level: LV3.

Blessing: 1.5/sec.

Capital: 10,295 yuan.

Experience: 1,150,3175/5,000,000.

Sunshine value: 77.

Title: [Old driver max]

Title: [Oath of Deed max]

Features:

Biological scanning system.

Sunlight value increased by 1 point.

[Title] There is more max after it, which means full level!

The specific effect needs to be used to validate, and it seems that there is no change at present.

In addition, the system has more 'biological scanning systems' marked in the 'functional area'.

The rest of Qin Yu didn't notice any difference.

'Look at the function of the scanning system? '

The screen on the phone was transferred to the live broadcast room, and Qin Yu silently said, "Scan!"

Scanning system:

Cheng Xiyu:

Age: 20.

Face value: 95-.

Body: 98-.

Favorability: 75↑.

Mood value: 75↓.

Freshness: 97-.

The profile of the little anchor really changed.

In addition to the three inherent items before (face value, figure, freshness.)

The newly appeared "Friendship Degree" seems to be something!

This means that from now on, Brother Yu is really going to fly.

Try to ask the degree of goodwill that can be checked at any time, and whether to push or not to push is only in one thought.

Is this system deliberately engaging in color?

and 'mood value,' this is a psychological barometer.

What is the weather forecast?

Brother Yu can predict the next second, will you get big ears shaved by your girlfriend, or go into the room and have sex...

Fuck, don't 6, applause!

"From now on, please call me reporter Yu."

As for the symbol after the value, - stands for stability.

↑ means rising, on the contrary ↓ means falling.

The popularity of the little anchor is increasing, but the mood is not beautiful.

According to the introduction of the system, the favorability reached 70.

is already at the stage of a normal lover, able to accept normal skin closeness.

hug, hug, lift high.

When reaches 80, you can take her into Summoner Canyon.

Possessing a character, come to a hearty fierce battle.

reaches 90, that is the real turn of life.

As for the last 100.

The dead man raised by the noble officials in ancient times, get to know!

The mood value is 70, which is an average value.

60 means that the mood is not very good, a little depressed.

50 means a bad mood.

Subtext: It's okay, don't you? Provoke me!

If it falls to 40.

Don't worry about anything, unless the sky is falling.

Otherwise, don't provoke each other.

There is no need to say any more.

is not crazy right away, UU reading www.uukanshu.com is already crazy.

"Thank you, Miss Drizzle, for letting the water out, then I will disconnect it first."

Qin Yu's loose eyes reunited, and the live broadcast picture came into view.

The second game of PK ended, and the little anchor lost with a score of 0VS10000.

No wonder the mood value is declining, it turns out that I lost the game.

But from a numerical point of view, the mentality of the little anchor is okay!

lost the game and can still stay at 75. It seems that she was in a good mood before.

Oh, wrong.

is now 74, so no one likes to lose in this world.

Isn't it good to be a winner?

'Why did the little anchor lose? 'Wind and rain hurt people at night.

"Welcome back to Brother Ye Hurt."

'Big brother, what did you say about the divisional game? '

'Brother Hurt, take the small anchor to the divisional game to meet the world! '

'9494, take her to meet the world! '

'I like the appearance that the little anchor has never seen the world. '

'The little anchors of other people have said not to fight, what are you guys making? '

'Is there no one who cares about who hurt the other guy? '

'I suspect you are racing! '

'Screenshot, I have evidence! '

Cheng Xiyu smiled and said: "Without my big brother, I am a small anchor, of course I can't win."

The magnanimous attitude made Qin Yu a little more fond of her.

Cheng Xiyu would act pitifully, or use a soft nail to provoke him.

Qin Yu will only be disappointed and lose interest in her.

At that time, the most money will be spent on friendly matches, and we will go to different things after dawn!

But now, he decided to let the little anchor experience it once.

What is the money ability!

Start at the Pinnacle of Life Chapter 34: Learn about rope skipping anchor

« PrevNext »≡

'Have the little anchor ever seen the scenery on the top of the mountain?' Wind and rain hurt people at night.

"Big Brother Hurt wants me to go hiking?" Cheng Xiyu asked jokingly.

'Do you want to fall in love? The kind of mountain climbing! '

'I like you, I like climbing mountains, together?'

'I love climbing mountains, do you want to come? '

Cheng Xiyu clicked on the PK consent button: "It's too difficult for fans to bring this year, it's poisonous!"

"Hello, Miss Drizzle, I am Meng Yuan~"

"Hello, Meng Yuan."

Wind and rainy nights hurt people and present the anchor drizzle and silent big tiger shark, the treasure of the sea is waiting for you~~

Wow!

The shadow leaped out of the sea, and a tiger shark full of teeth came oncoming.

Realistic special effects make the tiger shark look lifelike.

Not much to say, let's get a tiger shark first!

'Where's the cloudy day brother?' Wind and rain hurts people at night.

Qin Yugang has decided to bring the small anchor to the "topping" to see the world!

However, he didn't plan to tell Cheng Xiyu now.

The helping hand in despair is even more precious, just give her a surprise!

"Thank you for the big tiger shark who hurt the big brother, the cloudy day big brother went back."

just sent a message on a cloudy day, but didn't wait for him.

thought he had something to do and went back.

No matter how good someone's house looks, it's another person's house.

I still have to go back and guard my home.

When you look at someone's house, others are also looking at your house.

The world is under heaven, etc., all thief!

Since he went back on a cloudy day, Qin Yu didn't plan to look for him again.

These activities are full of tricks and changes.

In the final analysis, the most core thing is one point: brush money!

It's never too late to say it on the day of the event.

Qin Yu turned on the scanning system again.

Cheng Xiyu's mood value rose by 2 consecutive points, reaching 76 points.

It's a pity that the favorability score has not changed, and it is still rising ↑.

seems to have failed to reach the limit of rising value.

Brother Yu is not in a hurry!

If you want to be a mature sea king, patience and stability are the key.

I didn't talk a few words when I met, so I asked if I brought my ID card?

That's a business...

There is no emotional communication battle, empty, boring, and boring!

What's the point?

"Wow, it's cruel to hurt my brother!"

Mengyuan said pitifully, "Our family is going to be beaten miserably today!"

Various small gifts flew up, and a smile appeared on Mengyuan's face.

It doesn't matter whether money is or not, it's mainly a matter of face.

are all anchors, who doesn't want to save face?

"Thank you for your support, Miss Drizzle, do we want to play games?"

Seeing that the other party wants to liven up the atmosphere, he took another bite of "Miss Drizzle." '

Cheng Xiyu is not easy to refuse, "Okay, what are you going to do?"

"Whoever scores low, just perform a show."

The most popular and best-skilled games in the face value zone are those with low scores.

Whoever twists his hips in front of the camera.

To sum up, just a few actions, each with its own advantages and disadvantages.

Lying on the back of the chair and twisting sideways, it can perfectly show the side line of the waist and the advantages of the buttocks.

half squat twist can display the size of the devil's waist and balance ball.

Kneeling on a chair and twisting, if I wear another tights, I pull the neckline from time to time...

LSP is calling the expert!

A famous saying that the anchors in the face value area know: The small waist is twisted well, the big brother is indispensable!

"If I lose, I will expand my chest!" Meng Yuan said.

Breast expansion, one of the three most popular games in the face value area.

"Then if I lose..."

'Jump rope! 'Wind and rain hurt people at night.

The speech on the public screen made Cheng Xiyu choke.

Before she could think of anything to say, the eldest brother had already chosen her for her.

'Boss cowhide! ! !'

'Is skipping rope okay? Haha...'

'Little anchor skips rope. {Nosebleed}'

'The little anchor's mentality has exploded. Big brother is going to **** me? '

'Little anchor: Your own person, don't shoot! '

Cheng Xiyu said with a complicated mood: "It's done skipping rope."

Now if there is a rope, the little anchor just wants to show the live broadcast and hang himself.

The mentality is going to be blown up by the big brother!

I have been doing live broadcast for a while, and I have seen all the requirements.

skipping rope?

I really didn't even think about it.

was thinking about seeing a wave hitting...

Wind and rainy nights hurt people and presented it to the Mengyuan tiger shark, the treasure of the sea is waiting for you~~

"Wow~ the first time I received a big tiger shark, thank you for hurting brother, thank you!"

Mengyuan stood up and took a few steps back, and bowed one after another, covering his collar with his hand.

'S tone became choked, really excited.

To a small anchor like her, he can even receive a big tiger shark.

'666, the dream relationship is so white...so big...Bah bah, so good! '

'You'll burst out with more effort. '

'Tong Yanju... I love it. '

'Super warning: I'll look at it quietly, and if I tell it, do I want to block it? '

'Brother hurts the cowhide, please pay more attention to our family Mengmeng in the future! '

'Mengmeng is going to fall too? 555, Ye Qingjie! '

'Wind, rain and night hurt people: Room number, please come here to suffer the humiliation of being under the crotch. '

At this time, Qin Yu has returned to the live broadcast room of the little anchor.

'Jump! 'Wind and rain hurt people at night.

'Big brother, he wanted to watch the little anchor skipping rope, but he was betrayed. '

'For the little anchor, the eldest brother also took great pains! '

'The little anchor doesn't jump up yet? '

'Big brother betrayed, the water friend calls for the insider! '

'Boss 999. '

Cheng Xiyu is stupid, and there is this kind of operation?

looked around, Cheng Xiyu aggrieved: "But I didn't skip rope here."

'Jump the air. 'Wind and rain hurt people at night.

Jump into the air... Cheng Xiyu was hit twice!

Dare to come to some regular shows, she wants to be a normal anchor.

'Little anchor hurry up, time is running out. '

'Wind, rain and night hurt people: Don't hurry up, believe it or not, go to the opposite side and brush two more? '

'Haha, the little anchor cries dizzy! !'

'It hurts the little anchor for 1 second...Hurry up and jump up for me. UU Reading www.uukanshu.com'

Seeing the passing of time, the little anchor hurriedly got up and pushed away the chair.

Since it is the request of the elder brother, let's jump in the air!

"Then I will start."

Cheng Xiyu clasped her hands on both sides, then turned upwards in a circle, raising her feet off the ground.

Click, click...

'1. '

'2. '

'3. '

Shuiyou Pis counted her in the live broadcast room.

Qin Yu got up and walked to the bathroom.

emptied the water bag and took another bottle of water from the refrigerator.

When Qin Yu came back, the little anchor was flushed and sat in front of the screen, panting slightly.

"Is the hurt brother here? I really can't jump!"

Cheng Xiyu really didn't realize before, skipping rope is so tired.

'I just went to get water, but I didn't look at it! Wind and rain hurt people at night.

'Puff, the eldest brother is deadly with a knife, and he stabbed the little anchor in the heart!'

'The little anchor is crying, the big brother is too difficult!'

Wind and rainy nights hurt people, presented to drizzle and silent big tiger sharks, the treasures of the sea are waiting for you~~

"Thank you Brother Hurt, Brother Hurt is so awesome."

Cheng Xiyu felt that her half-day hard work was not in vain, "Welcome new friends, I am an outdoor, game, and rope skipping anchor."

'Haha, laugh crazy!'

'Fuck, I sprayed a coke on the screen.'

'??? Rope skipping anchor???'

'What the hell, is this new anchor so different?'

The water friend who had just been introduced by the tiger shark was dumbfounded.

watched the live broadcast for more than two years, and never heard of a rope skipping anchor.

Douya opened a new section?

looked at the countdown and won the PK in the last few seconds.

There is no greater ups and downs in life than this.

Cheng Xiyu really realized what it means to be a mixture of sadness and joy.

Shuiyou is right, eldest brother is too difficult...

"Thank you again for the big tiger shark who hurt the big brother, Miss Drizzle, I'm leaving now."

"Okay, goodbye!" Cheng Xiyu.

Mengyuan was happily, and he didn't seem to lose PK at all.

A big tiger shark, plus various small gifts.

This PK made 6,000 yuan, what's the loss?

There are two more missions for the little anchor today, and the minimum requirements will be completed after finishing.

Of course, if you want to continue playing.

Some big anchors with many big brothers often play for several hours in a row, and it is normal to have more than a dozen consecutive victories.

After all, this kind of daily PK can't be played much. It's not a big deal to spend a few thousand yuan on a picture.

However, there is no small anchor who Qin Yu takes care of, so he went to find someone to take the initiative to PK when he was crazy.

'Go on, finish the game. 'Wind and rain hurt people at night.

This will be less than 8 o'clock, and it will be over in half an hour.

"Ok, brother hurt, we are still random!"

Cheng Xiyu has no acquaintance with the anchor, and no union, random is the best way.

'Random? The lesson last time is not enough?'

'Spirituality is random, it's funny if I do it again'

"Impossible, how can there be such a coincidence... Is it Cocoa again?" Cheng Xiyu vomited.

This platform is poisonous!

Everyone is doing things, right?

'Little anchor, have you ever heard of the sky of ape dung?'

'God™ Ape Dung Sky. '

'I'm going to laugh at the top, inherit my borrowing?'

The screen lights up, and the opposite cocoa waved: "Meeting again, drizzle."

"Yeah." Cheng Xiyu was perfunctory.

In Qin Yu's sight, his mood value fell below 70 like a cliff.

finally stabilized at 65↓.

"Big brother hurting is here, big brother is good." Cocoa said coquettishly.

"Oh, how do we play?" Cheng Xiyu asked.

Mood value dropped a little again, to 64↓.

It's not easy to be able to face Coco calmly and stay calm!

What the other party did in the past is a knot of Taoism to her.

At the beginning, she really took care of Xiao Ke Ke as a sister, thinking of her for all good things.

The two are also alone.

is also an anchor and is in the same union.

Cheng Xiyu thought that she and she would become good sisters and work hard together.

Unexpectedly, this good sister stabbed her from behind.

The trade union once again claims that the eldest brother is still there, just for personal support.

The ridiculous reason to take the 'big picture first', let her swallow this breath and continue broadcasting.

The meaning of is that as long as the eldest brother is still in the union, do you have anything to do with me?

That's why Cheng Xiyu left with resentment.

would rather be an unpopular independent anchor than join any union.

It can be said that that incident had a huge impact on her.

even directly changed her choice and future.

Forgive, what forgive me?

"Drizzle, why are you still like this? Those things have passed."

"Go ahead!"

Seeing her cheeky face, Cheng Xiyu didn't want to say a word.

"Oh, there are several big brothers in my family today. I'm afraid the hurt big brother won't be so easy to win."

Xiao Ke Ke has three big brothers here tonight, and I feel very confident.

The big buddies are discussing how much to play.

'He has millions of tiger shark wings, just hit the sky. 'La Lago 996.

'One million is so arrogant, fighting teeth is really getting back. 'I'm really the boss.

'When you brush and clear the horn directly, the environment of the teeth should also be purified. 'Just be happy.

'Coco, tell the other side to brush and roll out his teeth. 'I'm really the boss.

These three big brothers, at least the happy brother also brushed 5 million.

belongs to the top wave of big brothers on the platform.

Like the night hurts, the big brother who came up and made a lot of movement, and disappeared when he swiped his account.

He has seen too much.

Brother Yi was actually bluffed by the other party last time and was scared back. What a drop!

"Oh, drizzle, our eldest brother is a little angry because of what happened last time."

"If you say who has swiped it today, then clear the account and exit the platform."

Little Coco said embarrassingly, but his heart blossomed.

Happy brother and boss brother are veteran elder brothers, and their strengths have passed the test of time.

La Lago is one of the only three super kings who have brushed teeth over the past few years.

She doesn't believe in a hurting brother, who can stand up to three big brothers to shoot together.

Cheng Xiyu said indifferently: "That said, did your brother Yi brush it last time?"

Brother Yi brushed 20 super fires last time, and he went down, according to Xiao Ke Ke.

Isn't he already brushing and pulling!

"I haven't seen you for so long, but you have become sharp-mouthed." Little Coco sneered and mocked.

Qin Yu is watching with gusto, this tea artist's vivid performance is very interesting!

'Ding. '

'A random mission is triggered: The price of betrayal. '

'To combat the arrogance of tea masters and make the little anchor become a believer in miracles. '

'Rewards are settled according to the degree of completion of the task. '

'Failure penalty: Under revision...500 experience points. '

did not show the reward, but instead made Qin Yu interested.

According to the task completion degree, it means that the task settlement reward is more generous!

'Beat her! 'Wind and rain hurt people at night.

With two simple words, Qin Yu fired directly.

Wind and rainy nights hurt people, presented to drizzle and silent big tiger sharks, the treasures of the sea are waiting for you~~

The opposite was also unwilling to show weakness. As soon as Qin Yu picked up, Happy Brother followed.

The tiger shark can brush 10 in a row at a time, not much, but it is 100,000 when clicked.

After a while, Qin Yu ordered 10 rounds of 10 rounds, 100 rounds of big tiger sharks.

also means that he has already brushed out 1 million...

Seeing the reminder to recharge, Qin Yu realized that he was empty.

Before encountering Xiao Keke, he played 3 rounds of Tiger Shark. This will only be more than 90,000, which is not enough for 10 rounds.

Qin Yu clicked the number 9 and sent it out, waiting for the special effects to refresh.

This special effect has just been brushed to 46, and the entire live broadcast room has exploded...

Cheng Xiyu was also excited and couldn't help herself, "Thank you for hurting brother, how much did your brother brush?"

'666's barrage dominates the screen.

This will be the peak of live broadcast, and the popularity of the small anchor's room instantly reaches 10 million.

12 million.

1500 dollars.

18 million...

After the 109 big tiger sharks were all over, the live broadcast of the small anchor exceeded 20 million.

"Brother hurts the cowhide, would you like to see skipping rope?"

Cheng Xiyu said and stood up, "Brother Gang didn't see it, I'll do it again."

'666, really skipping rope anchor?'

'This anchor has something, skipping rope is a good way! '

'109 big tiger sharks, give me a better dance than Erha! '

'I don't need 109, I can jump to dawn with 9 of them. '

'There is one, I'm going to live upside down and eat chicken! '

'...Stand upside down and eat chicken hides. '

'9999. '

Barrage screen crazy screen, PK value 11,164,521VS5,808,524.

Qin Yu contributed 10.9 million honor points alone, and the remaining 200,000 yuan was given by friends.

Opposite Happy Brother has swiped 56 big tiger sharks, and there is no sound. ??

Qin Yu vomited...

"Our eldest brother fills up the money, don't worry, eldest brother hurts~"

Gali gurgling tone made Brother Yu disgusted.

'Little anchor, let the ugly opponent shut up! 'Wind and rain hurt people at night.

Gang Qin Yu scanned the second-small Cocoa data again.

Scanning system:

Freshness: 60.

[Poison warning, this shell is in a state of erosion, please keep the host away from danger and love life!]

I can count as a tea artist before.

Now she is just a ugly demon.

After all, being a tea craftsman must be beautiful, stylish and good at dressing up.

But her only qualified figure now has to fall below 80, what else can she be if she is not ugly?

'Is this big brother so straight? Loved love. '

'Is my brother missing a dog's legs? Professional licking dog! '

'Is the big brother lack of licking dogs? Nothing. '

Cheng Xiyu jumped and watched the barrage, naturally seeing what Qin Yu said.

"Little Coco, the hurt brother told you to shut up!" Cheng Xiyu smiled very happily.

The mood value soared to 78↑, and the favorability score even pulled to 79↑.

It was a surprise to be able to do whatever he wanted!

"Our boss said, your hurting brother had better charge more, don't just have a bad mouth!"

Little Coco embraced her hands, squeezing the two pieces of meat on her chest, sneered and mocked.

'The eldest brother opposite is really wronged. 'Wind and rain hurt people at night.

'I have an appointment with the anchor recently. Go to the hospital and save my brother! 'Wind and rain hurt people at night.

Last time he remembered that the freshness of Cocoa was 63, this time it became 60.

There happened to be three older brothers who helped her fight PK...

Your product, your fine product!

Cheng Xiyu looked weird and covered her mouth with a stern smile.

'Big brother has something in his words, and I understand a little bit deeply. '

'Is your circle so messy? I want to make appointments too...'

'Don't you really know what to hurt, right? '

'Big brother asked to break the news, is it poisonous?'

"Fuck...No way?"

The friends in front of the equipment are stupid.

Big brother brushes hundreds of thousands, thinking about having a good, fresh seafood meal.

I turned around and finished eating, and when I got home, I found that I was screaming!

This Nima...

Shuiyou's smile gradually changed, 'I like to hear it! '

"Just laugh! Sometimes you can't laugh." Little Coco said angrily.

She still doesn't know what's going on, so she just waits for her eldest brother to recharge her money.

thought Cheng Xiyu was laughing at herself proudly.

Who would let her be beaten so helpless to fight back, 'These eldest brothers are too useless!'

took advantage of all the advantages, and said to help her get a better face, but she didn't charge up the money ahead of time.

'Don't think about playing new tricks next time, I have to let him dry for a while.'

'Why is it so itchy down here today?' Coco rubbed on the chair and felt even more itchy.

How could she know that the three eldest brothers are not going to recharge at all.

They are using a trumpet to watch the screen in the opposite live broadcast room.

Happy brother finished the money on the account, suddenly someone in the big brother group posted a series of screenshots.

Happy brother, who is unhappy, clicked on and was ready to go crazy, and was dumbfounded at the content.

The boss brother and Largo also found out here.

The three of them didn't say anything, and they chatted with each other quietly.

Finish!

This is a fart PK, let's figure out what's going on first.

"My hurting brother asked me to remind the opposite brother that it is best to go to the hospital if I have an appointment recently!"

Cheng Xiyu just finished talking here, three golden lights appeared one after another.

Welcome the emperor to come if you are happy.

Welcome to the emperor. I am the boss.

Welcome to Super Emperor Largo 996.

The three of them were just looking at the screen with their trumpets. When Cheng Xiyu said this, the eldest brothers couldn't sit still.

'What do you mean by wind and rain, make it clear! 'La Lago 996.

La Lago 996 is presented to Drizzle Silent Super Rocket, come and watch~

La Lago 996 is presented to Drizzle Silent Super Rocket X1, come and watch~

La Lago 996 is presented to Drizzle Silent Super Rocket X10, come and watch~

La Lago first sent 10 super fires to the little anchor to express kindness, and waited for Qin Yu to speak.

"That...Thank Largo for the super fire, thank Largo."

The little anchor was beaten a little bit dumbfounded, how come all the big brothers on the opposite side came.

"Larago, what are you doing?" Xiao Keke was in a hurry.

Didn't the big buddies go to recharge?

How come back and ran to the opposite live broadcast room, and directly brushed 10 super fire.

Little Coco turned pale when he thought of something.

hurriedly picked up the phone, opened it, and almost passed out in the darkness.

it's over, it's all over!

'Brothers Wind and Rain, if you don't fight, you won't know each other. Just say what you want to know. Brothers will remember. UU Reading www.uukanshu.com'

Happy brother finished saying that 10 shots were super hot again, and Coco fell into a chair completely dumbfounded.

'Thank you Lala and Kaixin for taking care of my little anchor. 'Wind and rain hurt people at night.

Cheng Xiyu smiled shyly when Qin Yu said that he was his little anchor.

, but secretly pleased, as if smeared with honey.

'I don't want to say too much about it, so let's go to the hospital as soon as possible! 'Wind and rain hurt people at night.

'Little cocoa, you TM wait for me. Happy brother went straight down.

'This bitch, I'm never finished with her. "I'm really the boss, too.

In the end, only Largo is left, 'oh, brother, it's a misunderstanding today, this is a mess! '

'Don't say anything else, I'll make up for the little anchor next day, and I'll leave. 'La Lago finished speaking.

He is called a small anchor to watch barrage.

Following this call can not only ease the relationship, but also shorten the distance.

This is so disgusting today!

Although it is still unsure, he is really not feeling well these past two days.

Had it not been mentioned by Qin Yu in the live broadcast room, Brother Yi who used his trumpet to watch the screen happened to see the screenshot again.

The three big brothers never expected that they would get on the same bus.

The three of them were still smug in their hearts, feeling that they had come out on top.

Looking back now...it's so stupid!

'The melon of the century will have headlines tomorrow. '

'Brothers, this wave must be on the hot search, I'll take a barrage first! '

'As a souvenir, the anchor is on hot search with poison! '

'Surprise! The three veteran elder brothers of Douya were brutally murdered. '

'Brother upstairs, come to Blackdu to work tomorrow! '

took advantage of the attention paid to the young anchor.

Little Cocoa broadcasts at the speed of light!

She has no face to stay any longer, and she doesn't have to think about her subsequent live broadcast career.

Even if you continue to broadcast with a cheeky, you can only be a small anchor that no one cares about.

Her reputation in the circle of big brothers has been rotted.

Screenshots of the live room, the reaction of the elder brother, and the appearance of the elder brothers from all walks of life.

The identity of the little cocoa bus lady has been confirmed!

The boss brother who is not angry, even her real name, address, life photos and other information all burst out.

'I won the bid for TM, and I will be treated for 2 months. "The boss showed out his medical certificate in desperation.

Then, the medical certificate spread all the way from the group to a dozen older brother groups.

Later, someone who had a good deed defined this incident as a 'wounding bus incident.'

is one of the most popular incidents caused by the wind, rain and night hurting the big brother.

At this time, in the live broadcast room of the little anchor.

The neat barrage of "Big Brother 666, Little Anchor Take Off" swept across the screen.

The screen in the live broadcast room was once stuck and couldn't move.

'The little anchor really took off this time, with nearly 50 million views!'

'The anchor of the game sector won the first place on the hourly list and the first place on the monthly list by skipping rope.'

'999, rope skipping anchor cowhide!'

'The rope skipping anchor...the strange knowledge has increased again.'

'Mom asked me why I learned to skip rope, and I said to make money... Mom gave us ear scrapers.'

Seeing the little anchor chatting with water friends, Qin Yu opened the system panel.

'Ding, congratulations to the host for completing the task: fighting the arrogance of the tea master.'

'The little anchor Cheng Xiyu's highest mood score is 91 points.'

'Mission evaluation: perfect. '

'Reward:'

'Reward one, the host will receive 1~10 times cash back for consumption of virtual currency. '

'Reward 2: Shopping cashback card 2* . '

'Reward 3: Proficiency in Russian. '

'Whether to withdraw the reward now. '

'Yes. 'Qin Yu.

'Congratulations to the host for getting 6 times the crit. The funds are transferred to the savings card, and the source of funds is the international futures market. '

Qin Yu was a little surprised. The previous critical strikes were full value, and he thought it would continue to be like this.

It seems that after the liberation of system permissions, the changes are not just what was seen on the surface.

Shopping Critical Strike Cashback Card 2*: When the shopping limit is over 50,000, get 1~10 times the cash back crit.

1* card is 1~5 times the cashback of crit, and 2* adds the upper limit of crit, but the lower limit has not changed.

I don't know if the subsequent card upgrade* will only increase the upper limit, while the lower limit remains the same.

But even if it only raises the upper limit, it is still a good thing for him.

is like a virtual cashback of Douya, if the upper limit is only 5 times.

Even if he gets the highest multiple, it is only 5.45 million.

6 times can get 6.54 million, but the difference is more than 1 million.

Congratulations to the host for gaining 'mastery in Russian. '

Qin Yu only felt that there was a long-lasting memory resurrecting in his mind.

About an instant, he has reached the stage of proficiency in Russian.

As long as it does not involve rare technical vocabulary, there is no problem with Russian communication!

In addition, the 1.09 million tiger shark wings that have just been brushed on the teeth have also been 6 times rebated and deposited into the savings card.

There are 6.54 million more on the account, and there are two shopping cashback credit cards, which can be used for a wave of experience.

The popularity of the live broadcast room has declined. After all, most people just come to join in the fun.

After claiming the treasure chest, taking advantage, go back wherever it should be.

The screen is no longer stuck, "Finally no longer stuck, PK for the last time."

'If you want to play the water friends tournament, you can join the fan club with just one sign. "

The little anchor took the opportunity to attract a wave of fans, and a fool would waste such a good opportunity.

This time I connected to a small anchor, and Qin Yu looked at the remaining tiger shark wings.

clicked a super fire, directly crushed!

Cheng Xiyu was also such a small anchor before, and everything changed in just a few days.

For the small anchor, this is really a miracle!

'I don't want to rush today. 'Wind and rain hurt people at night.

"Don't charge up the hurt brother, just live broadcast and play, we have to spend rationally!"

'Big brother won't get hurt, right? '

'It's possible that if you hit millions every day, no one gets hurt! '

Qin Yu smiled at the comment.

Brother do things need you to teach?

With a monthly salary of 2,000, he has a heart of over 100 million.

is really embarrassing for them.

He doesn't have to fight for anything, just ignore it.

Enmity and jealousy are all over the world. The last thing these people lack is time.

Qin Yu doesn't have time to wrestle with them, how good is it to lead the dog to play games?

Cheng Xiyu didn't know that Qin Yu was already down.

Seeing fans talking about Big Brother, they said, "Don't talk about Big Brother casually."

Brush injury?

Others don't know, but Cheng Xiyu knows that this little money is nothing to Qin Yu.

The bar spends more than 100,000 a night and drove a limited number of supercars close to tens of millions.

That is really...

However, Cheng Xiyu felt that Qin Yu was indeed playing too much tonight.

After thinking about it, the little anchor picked up his mobile phone.

Ding.

As soon as Qin Yu turned off the live broadcast, he saw the news from the little anchor.

'Qin Yu, thank you. After the platform settles, I will call you the money. '

'No need, buy more clothes, pack and pack yourself. '

'By the way, buy a few more skipping ropes. '

Settlement and call myself, it is more than 400,000 yuan without tax.

Brother Yu is the one who almost got the money?

Cheng Xiyu shut herself down instantly, 'I'm not a rope skipping anchor, I'm not a rope skipping anchor, I'm not...'

The next day.

Qin Yu woke up early, but was actually woken up by a lazy cat.

"I'm at the hotel, what floor are you on?" The lazy cat was still a little awake.

I was tired from practicing exercises yesterday, but in the evening I was dragged by three little sisters to talk until 3 am.

Thinking of the content of the conversation, the lazy cat's expression became weird and tomato red~www.mtlnovel.com~ You told the staff, Linjiang 304, do you want salmon or beef for breakfast?"

Qin Yu took the breakfast while talking on the phone while choosing, the housekeeper was standing beside him waiting.

"Anything, I'm not picky eaters!"

"Okay, see you later."

hung up the phone, Qin Yu looked at the housekeeper: "The signature **** egg and salmon."

"One muffin, two croissants, two drinks, one vanilla ice cream, watch and add more!"

"Okay, Mr. Qin." After receiving the 50 yuan tip, the housekeeper felt that he was energetic.

'It would be great if every guest was like him. The butler couldn't help but look forward to it.

A few minutes later, someone knocked at the door.

"Go in."

Lan Yue opened the door and looked inward with the probe.

Seeing the neatly dressed Qin Yu, the corners of his tight eyes relaxed, and a slight smile appeared on the corners of his mouth.

"I thought you were sleeping late!" Lazy cat walked in somewhat restrainedly.

"I originally planned to do this, but I was woken up by someone!" Qin Yu greeted her and sat down.

"any drinks?"

"Mineral water."

"Here you are, hawthorn juice, it helps digestion!"

After receiving the hawthorn juice, the lazy cat murmured silently, 'you've decided it all, but what else do you want me to do?'

"Have you thought about the itinerary?" Lazy cat twisted the juice and drank angrily.

"Hengde, go buy something first!" Two cashback cards must be arranged first.

"Oh!" The lazy cat was speechless again.

Knowing that he was going to Hengde for shopping, he slept until noon and got up again.

'Very sleepy! '

Lazy Cat yawned, the door opened again, and the housekeeper walked in with the dining car.

Seeing Lazy Cat again, Qin Yu realized that she underestimated her potential.

95's figure is already one in a million.

There is actually an upward trend, which simply does not give other women a way to live!

This is related to her dance practice. With the improvement of dance skills, she shapes and develops her body.

will make her have a more perfect curve and golden ratio figure...

The only thing lacks is her balance ball, which lacks the necessary ups and downs, resilience and shock absorption.

This requires the care of professionals.

believes that her figure will become more perfect after countless treatments for blood circulation and fever!

may even be close to the small anchor, breaking the record, and catching up from behind.

ahem... This is from a professional perspective.

If you think more, you should face the wall!

69's favorability rating is at the stage of being above AUO and not full of lovers.

Brother Yu can't help but be a little curious, what will the favorability of Li Wanxing, Wen Yaxuan and Jiang Xiaoshan be?

Brother Yu hasn't changed at all, he's still that simple and promising young man.

He thought so out of curiosity.

You must know that the curiosity of young people is the source of creation.

Any teenager should keep enough curiosity to explore this vast world.

In other words, my appearance is getting more and more handsome!

Looking at the face reflected in the translucent lid, Qin Yu smiled satisfied.

"Eggs Benedict, the signature here is early, try it!"

At the table, Qin Yu introduced the style of breakfast to Lan Yue.

Although it is sold now, but it also looks different.

When the butler who left silently faced him and closed the door, he gave a happy smile with his thumbs up.

'This housekeeper is poisonous, and the tip is gone. Qin Yu complained in his heart.

"It looks so delicious!" The beautifully shaped food brought Lan Yue to the spirit.

Beautiful things can always give people strength, and Lan Yue suddenly felt that she was not so sleepy.

took out a few photos with her phone, and Qin Yu helped her pierce the surface of the egg with a spoon.

The egg yolk flows out and covers the salmon slices and ham, giving it a healing warmth.

Click!

"Don't you post something?" Qin Yu was a little curious.

After Lanyue took the photo, she put her mobile phone on the table with her face up.

This little detail reflects her psychology.

When faced with Qin Yu, he subconsciously took off his defenses, and there was nothing to hide in the phone.

Although she didn't even realize it, these small details can best reflect a person's mental state.

You need to know that even if you have 69 favorability, your mobile phone will always be inverted.

Of course, if it's a sea queen, with Yu Ge's appearance, he will have a lot of money and billions.

Favorability is more than 69 as simple as...

So it is very important to observe the details at any time.

"I don't like to post the details of life on the Internet, taking pictures just for souvenirs!"

Lanyue looked left and right at the food, a bit unwilling to start.

This is too pretty!

Her circle of friends has always been very clean, only some school publicity activities.

Occasionally a few landscape photos are also full of poetry!

is like the shadow under the bright sunshine of the maple leaf fluttering, it feels like her.

Reluctantly ate the eggs Benedict, Lan Yue ate another muffin.

Finally, she drank the exotic juice Qin Yu chose for her, and leaned on the sofa contentedly.

"I'm full, it's delicious."

Lanyue touched her belly with her hand, her brows raised a touch of sadness.

Yesterday's exercise was done in vain, 'no, I have to control my mouth and cannot be tempted by him. '

Seeing her lazily and charmingly blanked herself, Qin Yu smiled and said, "You should eat more."

"If you dare to say this in front of Teacher Shen, she will scold you bloody."

Lanyue smiled with white teeth, her smile without miserable slightest pretense looks super beautiful.

"Your dance teacher?" Qin Yu continued to deal with the food in front of him, it is shameful to waste.

"Well... The dance designed by Mr. Shen is the finale performance of the year-end celebration."

"I'm the lead dancer, if you screw up..."

Lanyue looked scared, and put out her tongue mischievously.

Seeing him serious about eating, Lan Yue smiled and said, "Xuan Xuan should have known you sooner."

"It's not too late."

Putting down the empty cup, Qin Yu glanced at the time.

"Can you go now?"

"Well, counting the traffic jam, the time is just right." Lan Yue responded wittily.

The person just arrived at the front entrance of the hotel, and the cleaned and cleaned large parcel just stopped at the door.

The front and rear license plates are already on, and they fit beautifully without any flaws.

"Thank you." Qin Yu opened the door and sat in the cab after tipping the parking boy 50 yuan.

After setting up the navigation, the car disappeared into the corner under the smiling eyes of the parking boy.

By the time Hengde, it was already 10:31.

was originally supposed to be there 30 minutes ago, but was guided into the construction section by navigation.

In the end, it took a detour to arrive.

parked the car on the side of the road, and the two of them walked towards the street shop first.

"What are you going to buy?" Lan Yue asked.

"A suitcase, a gift suitable for middle-aged women, then just take a look."

Brother Yu mainly wanted to bring a gift to his mother. UU reading www.uukanshu.com must show his heart and not be too expensive.

Now is not the time to show off to parents, waiting for him to come back from Old Joe.

It's not too late to have a showdown with your parents, at least there are reasons and facts for questioning.

"The silk scarves and trinkets of Dior's house are good, and the price is not very expensive!"

Lan Yue mentioned her small pendant and showed him: "The price of this four-pointed star is 2,100."

This is a bit expensive for her, but for Qin Yu, there is no problem!

"You can go and have a look later." When he walked to Louis Vuitton while talking, Qin Yu went straight into the store.

"Welcome to Louis Vuitton, how can I help you."

"Are there the latest trolley cases?"

"Yes, sir, miss, please come here with me."

Ink stone pattern layer canvas design, the light color changes between black and gray grids and blue grids.

Ness!

"That's it." Qin Yu looked back and saw that Lan Yue was staring at a bag, and went straight to pick it up.

"Sir, this is our classic old flower round cake bag, exquisite and fashionable, suitable for young people..."

Qin Yu looked at Lan Yue, "Like it?"

Lan Yue smiled embarrassedly: "I don't buy it."

said not to buy, but he was honest in his eyes.

"wrap up."

Then Qin Yu pointed to the classic big handbag next to him, "Wrap this one too."

Lanyue was a little anxious, she stepped forward and pulled his sleeve and whispered, "Qin Yu, I really don't buy it."

"I know, so I am buying, not you."

turned around again and found that there was nothing to want, Qin Yu panicked and paid the bill under Lan Yue's helpless look.

A trolley case, plus two LV women's bags, the total price is just over 50,000.

'Use shopping crit cashback card 2*.'

'Congratulations to the host for getting 8 times the critical strike, and the funds have been transferred to the savings card.'

'The source of funds is the international futures market.'

Qin Yu picked up the phone and looked at it, adding yesterday's "system basic salary."

Total assets successfully broke through the 10 million mark.

So, being young is to toss, otherwise just relying on 'dead wages' savings won't even be enough.

"Don't think about it, this is your hard work!"

Qin Yu handed the two bags to Lan Yue and decisively walked out of the LV door.

"Thank you for coming and look forward to your visit again."

Amidst the sales greetings, Lan Yue carried the LV bag in a complicated mood to keep up.

"Qin Yu, this is too expensive, I can't ask for it." Lan Yue said after catching up with him.

"It's all your hard work, don't you need money to be a tour guide?" Qin Yu asked back.

"....." What tour guide went out for less than 2 hours and made a net profit of more than 20,000?

Lanyue can think of it, she just keeps herself clean and she hasn't been deeply involved in the world.

is not a little girl who knows nothing.

But Qin Yu's attitude is very firm, and his eyes are full of sincerity.

As it was said, buying a bag for her was just a simple thank you.

The attitude is not superior, but it is still so approachable.

Not to mention what the sisters said. After giving the gift, I feel like I am superior and stubborn.

At this time, Lan Yue understood a little bit why Shanshan would say, 'he is different from others.'

Did not walk a few steps forward to reach Dior's house, and Qin Yu walked directly inside.

Amidst the sales greetings, Qin Yu stood in front of the jewelry cabinet, "Look at what is suitable for middle-aged women."

Under the introduction of sales, Qin Yu liked DLUNE earrings.

One is the initials of the CD and the other is heart-shaped, with white crystals inlaid on it.

"This will look great when worn, but the asymmetrical design may be more alternative and youthful..."

Sales said euphemistically that this pair of earrings is not suitable for his target age as gifts.

The sales of luxury jewelry stores, it is natural to understand the charm and use skills of language.

"Take a look." Qin Yu handed the earrings to Lan Yue and asked her to try them on for herself.

Putting on the earrings, Lan Yue raised her temples and asked, "How is it?"

"It looks good, but it's really not suitable."

Hearing what he said, Lan Yue was about to take it down, "Don't pick it, I'll choose another style."

In the end, Qin Yu chose a decent heart-shaped pendant for his mother.

The two add up to less than 10,000 yuan...

This is a bit difficult for Brother Yu, he also has a consumer credit cashback card that is useless!

Brother Yu is planning to pick two new clothes for himself, it looks... ugly.

Dior's men's clothing this fall, Qin Yu has been unable to complain.

I just can't stand it anyway!

"Let's take a look at that skirt, and take a pair of white shoes."

Qin Yu pointed to the white dress in the new product area and said.

Lanyue no longer knows what to do, she is not good at rejecting others' character.

Therefore, I always avoid going out with the opposite sex, so as not to encounter the scene in front of me.

She thought she was just taking Qin Yu around today, maybe she would go to Disneyland.

Eat some special snacks and delicacies, buy a souvenir or two...

The situation is completely different from what she planned!

"Try it, this dress suits you well, and you don't need money to try it on!"

"Yes, miss, you can try it first, this dress must suit you well."

The salesman also persuaded her, and took the initiative to send her to the dressing room for personal service.

She has already seen that the handsome boyfriend came to spend money for her today.

However, this beautiful temperament girl is a bit shy, not willing to make her boyfriend spend money!

asked her to say that this is stupid, and don't want to send it to the door.

Amid Qin Yu's persuasion and enthusiasm for sales, Lan Yue walked into the dressing room.

After a few minutes.

Wearing a white dress, Lan Yue came out with a fluttering air.

is like a fairy, with a hint of shame, just like a pure peony in full bloom.

The little white shoes on the feet bring out the breath of sporty youth.

Looking at herself in the mirror, Lan Yue's eyes are also full of joy, this dress is really beautiful.

"how much is it?"

"The price of this skirt is 48,000 yuan, because it is a new product without discount..."

Sales have already seen small money beckoning to themselves.

"Swipe!"

Brother Yu doesn't want to listen so much, he only knows that Bai Xing's quota is enough.

can not only brush a wave of experience, but also increase the degree of goodwill, and the blood is not lost!

There are 50,600 yuan of skirts and white shoes, and 8,600 yuan for two pieces of accessories.

Using the shopping crit cashback card 1*, Qin Yu was lucky to get 5 times the full value cash back.

spent more than 100,000 before and after, net profit was 550,000.

Who would dare to believe it??

Carrying big bags and small bags, Lan Yue was stupid when she walked out of Dior's house.

Isn't he here to buy gifts for whom?

Why do I have so many things in my hands?

Therefore, the object of buying gifts is actually myself.

Did you fall into the wolf den without knowing it?

"When are you going to stand there?" Qin Yu asked with a smile, seeing her in a daze.

The trolley case was put in the trunk by him, and the things in Lanyue's hand could be easily put down in the back row.

Fortunately, what he bought was Palamela, not a 911 or any supercar.

Otherwise, they will face it now.

The embarrassing situation of how to put everything into the car.

"My business is finished, you can arrange the next itinerary for UU reading www.uukahnsu.com."

Looking at Qin Yu, who was wearing a seat belt, Lan Yue had a stomachache, but she didn't know where to start.

"How about Disney?" Lan Yue said a little bit of self-defeating.

"Okay, I haven't been!" Qin Yu opened the navigation and set the route.

Lanyue bit her lip, "Did you plan it?"

"What?" The route was set, and Brother Yu, who started on the road, said that he didn't understand it.

He is such a good boy, so innocent!

Since he was a kind-hearted boy, he just had a dream to give his little sister a warm home.

What? How many do you ask?

Don't ask, ask is simple.

all the way to Disney, the long queue at the door is a series of nine songs.

"With so many people, it must be too late." Lan Yue said disappointedly.

"Wait for me." Qin Yu asked her to wait where she was and came to the front of the team by herself.

Find the two boys in the front, Qin Yu politely said: "Classmates, my girlfriend and I are from a different city, and we will return to the abandoned city tomorrow.

But she just wants to play in Disney, can we change positions, I will compensate 1,000 yuan per person. "

The boy's eyes lit up: "One person, one thousand?"

"Yes, you have been in line for such a long time, surely you can't make your hard work in vain!"

Qin Yu behaved very politely, speaking with a smile, which made people listen very comfortable.

plus 1,000 yuan in compensation, what else is unwilling.

"Okay, call your girlfriend over!" The two added together.

This 1,000 yuan is not a loss, but it's a big deal to queue for another hour.

Going out to work, what an hour of work can earn 1,000.

"Follow me." Take the initiative to take Lan Yue's hand.

The two came to the forefront of the team and changed positions with the two classmates they had agreed upon.

Qin Yu used his mobile phone to transfer the money to the two of them.

"All right."

"Thank you, your boyfriend is so kind to you."

A free assist was given, and the two of them walked around the back of the team and rearranged.

Lanyue's hand was still being pulled, trying to draw outward.

After finding it was useless, Lan Yue gave up.

With a reddish cheek, followed Qin Yu into the garden.

Where did she know at this time, she couldn't stop again after this walk.

"What do you want to play first?" Qin Yu asked, looking at the introduction to the garden on the phone.

Lan Yue, who was led by him, said 'um'.

Brother Yu actually understood, she said, 'Listen to your arrangements!'

Scanning system:

Lanyue:

Age: 19.

Face value: 96-.

Body: 95↑.

Mood value: 82↑.

Favorability: 71↑.

Freshness: 99. (To the person of cleanliness)

When held hands successfully, Qin Yu knew that his favorability score had exceeded 70.

Next, just figure it out slowly.

you can play games with the little sister!

"Then take pictures first!" The girls who come to Disney can take pictures less.

A group photo of various cartoon characters is indispensable.

Maybe it's near the beginning of school, and there are not too many students and parents in the amusement park.

Brother Yu definitely can't disturb the happiness of other people and the family, looking for single dogs.

There are also good friends!

"Brother, change location for 500 yuan!"

"Come on, you come."

Transferring money with one hand, Qin Yu picked up the phone and pointed it at Lan Yue, adjusted the angle and pressed the shutter.

Click!

"I will pass it to you when I finish playing." Putting away the phone, Qin Yu held Lan Yue's hand by himself.

The five fingers interlocked, and the slightly cool palms are warmed by the big hands.

'His hands look good. Lan Yue of the ostrich stared at his hand all the way.

The five fingers are slender. Although the skin is not particularly white, it looks very sunny.

The knuckles are not too big or too small, giving people a standard like this.

As a girl, Lan Yue is also a little envious.

Her hands are also beautiful, her skin is as white as jade, and she is slender and slender.

However, the knuckles are slightly wider due to the strength of the dance practice.

Actually, in the eyes of others, there is no such thing.

She is completely demanding, which is often attacked by Li Wanxing in the bedroom.

is already so good-looking, but still flawless, will it give others a way to survive?

"What project do you want to play next?"

After finishing the photo in the Princess Castle, Qin Yu took her to the ice cream shop to rest.

"Carousel!" Lan Yue's answer was not surprising at all.

The carousel is poisonous.

Don't say it's a little girl like Lan Yue, even a macho can't escape the law of true fragrance!

"Then the merry-go-round." Holding the ice cream in one hand, Qin Yu went to pull her hand again.

Lan Yue was pulled by him by default, and whispered: "In this way, the ice cream ball will melt."

"The ice cream soup is actually quite delicious, Michelin-level." Qin Yu said solemnly.

"Chuck..." Lan Yue was amused.

Ice cream soup, still Michelin level, how did he come up with it?

Fantasia carousel, there are more adults than children in line.

Brother Yu once again used the ability to raise money, and he went unimpeded!

"You choose first!"

Lanyue saw the pink and purple flying horse at a glance, and trot to sit on it.

Qin Yu looked around, all of them were white and big red flowers.

Is this deliberately embarrassing me Fat Tiger?

Sitting on the white safflower flying horse next door, Qin Yu was confident: "This is what a macho should play."

"It's going to open, your soup." Lan Yue snickered and pointed to the ice cream in his hand.

Qin Yu really picked it up and drank it.

5 cents of popsicles when I was a child, I put it in the bowl and ran to play.

When he comes back and picks up a bowl, he does it all in one go. Does he still do less?

Music sounded, and the Trojan horse slowly accelerated between the ups and downs.

Lanyue spread her arms, cheering and laughing like a child.

'S presumptuous smile was recorded by Qin Yu with his mobile phone.

'Ding. '

'Congratulations to the host for comprehending the true meaning of photography, only sincerity is worth remembering! '

'Trigger Reward 1: Title [Photographer]. '

'Reward 2: One Canon 5DMarkIV, with a full set of red circle head, big three yuan. '

'The reward will be delivered by post in 2 hours. Please choose an address for the host. '

Qin Yu first searched the price with his mobile phone, after seeing the market price of the whole set of red circle lens was 500,000.

Set the address as the hotel decisively!

'I have a gift for my father. Qin Yu decided to give the camera to his father Qin Han.

However, he has to buy a cheaper lens separately.

Canon EF50mm, commonly known as the "small spittoon" lens is very good.

It is highly rated on the Internet and claims to have one hand.

The key is the price concessions, as long as around 600.

The camera can be said to be bought with the money I saved, so both things can be explained.

'I can't wait for a big fanfare when someone gives a gift, I have to find various reasons to explain! '

Brother Yu felt that he was too difficult, and he had to go to Barrow's house when he turned around.

There is old Joe standing in front of him, so he doesn't have to worry about explaining the source of funds.

As for what to say casually?

Pull it down!

Mom is an accountant, and my dad is in a bank. Both of them have rigorous occupations and can't make mistakes.

I will definitely ask him for all kinds of documents when the time comes, and at least there must be a formal contract.

When Qin Yu arrived in front of his parents, he couldn't take the fart out...

The fear of being dominated by seven wolves~www.mtlnovel.com~ is coming soon!

Extremely fast light wheel, flying over the horizon, after playing these two things, it happened to run into a parade of floats.

Qin Yu, who was wearing [Photographer], gave Lan Yue a good click. '

"Have you studied photography?"

Looking at the photos sent by him, Lan Yue found that the carousel is very beautiful afterwards.

As for the previous...

"Well, it's a pity that the phone doesn't work well." Qin Yu said with some regret.

Seeing that it is getting dark soon, if you take Lanyue back to the hotel, use Canon kit to shoot.

The artistic effect must be surprisingly good!

"Qin Yu, there is still drifting we didn't go." Lan Yue pointed to the Leiming Mountain rafting project on the map.

Without knowing it, Master Yu is immersed in the ocean of art at this time, free to imagine...

"Go." Qin Yu, who was interrupted, took her straight to the location of the rafting project.

was pulled all the way by him, and Lan Yue had become accustomed to this way of getting along.

has been biased towards Qin Yu, and tacitly accepts the relationship between the two.

If Qin Yu uses the scanning system again, he will find that Lan Yue's favorability has risen to 80 ↑.

For Lan Yue, who is introverted, gentle and insecure.

Domineering and assertive boys are obviously more attractive.

Just like Qin Yu began to boldly hold her hand.

When queuing to change positions, he protects himself in his arms and declares sovereignty to the outside world.

When he is tired from playing, he does not need to speak, he takes himself to the ice cream shop to rest.

Even the boys who stare at themselves are warned by his eyes.

Lan Yue, who was sitting in the drifting boat, had a sweet heart, and her fingers held the back of his hand.

her ten fingers clasped tightly, her face shyly looked to the other side, but she had already expressed her feelings.
