

Birthday

{Anna's P.O.V}

"Anna..."

"Wake up baby girl..."

I groan, pulling the blankets up higher over my head. "Anna, wake up hun it's your birthday."

What?

I pull the covers down, looking up at bubba, "it can't be my birthday." He looks at me confused, "it was my birthday last year." I frowned as he chuckled.

It's not funny.

"You're so silly, little girl,"

Says the one that thinks it's my birthday today.

"Birthdays come every year; it celebrates another year you're alive." He smiles.

"But bubba," I sit up, rubbing my eyes, "You and the boys do that every day already,"

He smiles so ly at me, kissing me on the cheek. "well, today is different. Let's get dressed, okay?"

I yawn, nodding my head. Bubba picks me up and brings me to the bathroom to give me a quick bath.

Lately, I do not hate bath time as much. Well, I only like it when Joshy and bubba bath me,

Tyty gets shampoo in my eyes, Alex talks a lot when bathing me, oli takes too long because he's afraid of "hurting" Noah and me...

Just like Tyty says, Noah's a different breed.

After bath time, bubba wraps me in a towel and brings me back to my room. I'm still a bit tired because I have to wake up every day for school; I have to wake up so early that I'm pretty sure it's against the law.

"Happy birthday Anna!"

My eyes lit up as I saw Hanna sitting on my bed with a big smile.

"HANNA!!!" I squirmed out of bubbas' hold, and he puts me down. I jump onto Hanna, giving her a big hug.

I felt a cold breeze, and that's when I realized my towel had fallen off. I quickly grabbed my towel feeling embarrassed.

"Here, I bought you something." she takes out a present bag that I didn't even notice she had. I open the bag to see a set of clothes.

"here, I'll help you put it on."

Hanna helps me put on the cute yellow sweater and jean skirt from what she told me it was called. She even bought me a matching bow!

I put on my shoes and socks because I'm a big girl now.

Bubba didn't wash my hair because they did it last night. If you wash your hair too much, it becomes really hard to take care of.

Alex takes a lot of time taking care of my hair.

Hanna brushed out my hair then put the bow on, which was a headband too.

"SO CUTE!!" she squealed, taking a picture of me.

I like taking pictures; it makes me feel famous, like bubba and Joshua, and Noah. When I'm out with them, sometimes people take pictures of them or ask them weird questions.

But they always ignore them, and I tell them it's rude to ignore people, but they say that I'll understand when I'm older.

But it's whatever; at least I know my manners.

Bubs had already gone downstairs to make breakfast.

Once Hanna and I went downstairs, everyone was in the kitchen and yelled, happy birthday.

It scared me at first, but they don't need to know that.

If they keep doing that, then ima have to punish them, and then they can't have any cake.

Only me and Hanna.

They sang happy birthday, and we had pancakes; I also got to pour the batter! After that, we all went to school; since today was my birthday, I was allowed to dress down.

"Happy birthday, anna!" one of my best friends, Karol, says while hugging me. "Happy birthday!" Jayla says, handing me a gift bag; I opened it to find a rainbow dash figure toy with a matching pinky pie.

"THANK YOU, THANK YOU!!" I squealed, squeezing her tightly.

"Happy birthday Anna," Dani says, handing the cookie the pretty frosting with the name anna on it.

"it's so pretty!! I don't even want to eat it."

"Well, you have to, if not it will go bad!" she scolds me.

Then I got a great idea; I split the cookie in half, then split my half and gave them to my friends.

"now we all get to enjoy the yummy cookie!" I smiled then ate the cookie, which tasted amazing!

"You shouldn't be eating that much sugar in the morning," a high-pitched voice says behind me. "it's only gonna make gosh fatter."

Emily.

I frown, "but I like my cinnamon rolls; they make me feel unique." oh! I get it now; she's mean because she wants cinnamon rolls too.

"It's okay Emmy, once you eat lots and lots more, you can have cinnamon rolls too, and we roll buddies!"

"Don't call me Emmy! Only my friends can call me that!" she stomps away, her face red in anger.

I thought we were friends.

Oh well.

"I do not like that girl," Karol grumbles, still looking in the direction Emily went.

"same, she's so bossy and means." Dani agrees.

"And she always picks on me for no reason!" Jayla, she exclaimed sadly.

I felt bad for Emily; I think she's just lonely. "I think she just needs a friend." I smiled, "she may just be sad and lonely, and Noah says when people are mean, they are usually sad and lonely."

It was finally lunchtime, and apparently, the whole school had lunch simultaneously, so everyone was either outside or inside 1 out of 2 cafeterias.

I've never been in the cafeteria in the high school area.

I heard it's really scary.

"Anna, sweetheart, someone is here for you." Mrs. White says, calling me over.

I packed my lunch up and grabbed my bag from the cubbies from the classroom. I said bye to my friends then went with the teacher.

"Alex!!" he never picks me up; it's the first time in a year! "Hi baby girl, let's not waste time; we have to pick up your other brothers."

We head towards the high school building and enter the big gym.

Tyty and oli eat lunch here. I couldn't find them because they were a lot of people and I couldn't see them.

Alex had gone to the office to check them out while I went to get them.

Oh! I know, I climbed up the stage, and I was able to see the whole gym.

So this is what it feels like to be tall.

There they are!

"TYTY, OLI, GET YOUR BOOTIES MOVING; WE ARE LEAVING!!!!"

The room went quiet. Whoops.

"I'm sorry for erupting your meal," I say politely.

"it's interrupting you, brat."

I look down to see tyty standing in front of me with a mean look on his face. I jump off, and he catches me.

"Do you like my outfit? Hanna got it for me." I smiled, really happy that I was given a gift from her.

"you look beautiful, princess," Oli says, taking me from tyty. Oli asked me about the school, and I told him about everything I learned and a new game I played.

When we got home, I noticed there was another car in the driveway.

"who's here?" I asked Alex, but he shrugged his shoulders as he took off my seat belt.

"We're home!" Oli yells, walking inside, "Come in the living room." We make our way there, and as soon as I see who's there, I freeze.

All the memories I had with this person came flooding back.

"Miss Jenny?"
