

10 Trillion 331

Chapter 331: Apologize to My Girlfriend!

After Caleb left, everyone started discussing Connor's identity.

Alvin also realized that something was wrong. He felt that Caleb, in charge of Lume, was also one of Titus's capable subordinates.

He wouldn't even be so polite to a rich young kid like him, but he was so attentive to Connor.

This meant that Connor's identity was not as simple as he thought!

"Did Hailey lie to me?" Alvin could not help but wonder.

"If you apologize to my girlfriend now, I might spare your life!" Connor walked up to Alvin and said to him coldly.

The meaning behind Connor's words was self-explanatory. If Alvin had apologized directly, Connor might not have hit him. However, no matter whether Alvin apologized or not, Connor would still hit him. Connor might have hit him a little more gently if it was just an apology.

At this moment, the entire private room fell silent.

Connor's tone had a trace of coldness that made people tremble.

Freya, Maya, and Priscilla looked at Connor in shock. They didn't seem to recognize him.

Alvin looked at Connor with a trace of fear in his eyes. He felt Connor must have something to rely on to dare say such words.

However, with so many people watching, Alvin definitely wouldn't apologize to Freya in front of them.

If he apologized today, how could he walk with his head up in Phillips Estate in the future?

"I didn't do anything. Why should I apologize to her?" Alvin widened his eyes and shouted at Connor timidly.

"Why? You can't beat me now!" Connor smiled coldly. He didn't want to continue talking nonsense and walked toward Alvin.

Connor only had one thought in his mind. Since Alvin did not want to apologize, he would beat him until he apologized.

Sometimes, Connor found that strength was more useful than money.

"What... What are you doing?"

When Alvin saw Connor approaching him with a murderous aura, he hurriedly took two steps back and shouted at Connor with a frightened expression.

This time, Connor didn't choose to waste his breath on Alvin. He raised his fist and punched Alvin's stomach.

Although Connor was not a martial artist, he had learned how to punch from his father since he was young. His physical fitness was naturally not something that ordinary people could compare to.

Moreover, Connor had been doing physical labor since he became an adult. Although he looked thin and weak, Connor's physical fitness was not something a playboy like Alvin could compare to.

After Connor's punch, Alvin's entire body arched like shrimp.

A heart-wrenching pain instantly engulfed Alvin's head.

"Poof!"

Alvin could not help but spit out a mouthful of blood.

When everyone saw this, they all inhaled sharply and could not help but tremble.

How powerful was that punch just now? It made Alvin vomit blood.

"Connor, you..." Alvin opened his mouth and was about to speak.

However, Connor did not give Alvin any chance to speak. He raised his fist and smashed it on Alvin's head.

"Buzz!"

Alvin suddenly felt his vision go black, and a buzzing sound filled his ears. He staggered back two steps and almost fell to the ground.

At this moment, Alvin was in a very sorry state. Blood slowly flowed down his nose, and his entire body swayed back and forth as if he was drunk.

"Crack!"

Connor made another move and kicked Alvin's knee.

"Thud!"

Alvin's knees suddenly bent, and he kneeled on the ground.

At this moment, Alvin was kneeling in the direction where Freya and the others were standing.

Freya, Maya, and the other girls subconsciously took two steps back. Their eyes widened as they looked at Alvin in disbelief.

Alvin was completely stunned by Connor's attack.

"Thud!"

Connor stepped on Alvin's shoulder and said to him expressionlessly, "Apologize to my girlfriend!"

When Alvin heard Connor's words, he could not help but tremble.

He was really scared of Connor now because he knew that if he didn't apologize now, Connor might do anything.

By then, if he were beaten up, it would not be worth it.

"I'm sorry..."

Alvin kneeled and hesitated. Then, he gritted his teeth and said to Freya.

"Louder, weren't you so arrogant just now?" Connor ordered expressionlessly.

"Ms. Phillips, I'm sorry. It was my fault just now. I shouldn't have hit you!"

Alvin shouted in an unusually sincere tone.

Seeing this scene, the rich young kids in the private room sighed.

No one had expected Alvin to apologize to Freya, and he even kneeled to apologize!

“Connor, let him go!”

Freya was worried that Connor would blow up the matter if he continued to make a scene, so she hurriedly urged Connor.

Connor looked at Alvin indifferently and kicked him away. Then, he said coldly, “I know you must be very unconvinced now. If you want to take revenge on me, I can accompany you at any time, but if you dare to touch my girlfriend, I’ll make the Stewart Family suffer!”

When Alvin heard this, he turned and looked at Connor. Then, he gritted his teeth and said, “Alright, kid, you have guts. Just you wait. I’ll call someone over now!”

“Go on, then!” Connor replied in an unusually disdainful tone.

“Just you wait!” Alvin shouted. Then, he got up and ran to the private room door. He took out his phone and made a call.

“Hailey, get someone to beat up some people. It’s Freya, Connor, and the others. Quickly send some people over now!” Alvin shouted agitatedly as he held his phone.

“Alright, I’ll go over now!” After Hailey heard Alvin’s words, she quickly agreed and hung up the phone.

“Just you wait!” Alvin stood at the door and looked at Connor, Freya, and the others angrily.

At this moment, he did not intend to leave this place. He wanted to regain all the reputation he had lost just now.

“Connor, you’re so handsome today. I’ll give you a ‘Like’!” Maya quickly ran to Connor’s side and shouted at him excitedly.

“Maya, can you stop making a ruckus here!” Freya chided softly before looking at Connor. “Connor, you were really too impulsive just now. Alvin, he...”

“Freya, is your face alright?” Before Freya could finish her sentence, Connor asked gently.

“I... I’m fine!” A hint of gratitude flashed in her eyes when Freya heard Connor’s words. She swallowed back the words that she wanted to say to Connor..

Chapter 332: A Mad Dog

“Connor, you were too impulsive just now. Why did you hit Alvin? Do you know how terrifying the Stewart Family is?”

Freya hesitated, but she still couldn’t help but ask Connor.

“No matter how terrifying the Stewart Family is, as long as someone dares to bully you, I’ll make him pay the price!” Connor turned to look at her and replied in an unusually calm tone.

When Freya heard Connor’s words, she was stunned. She was indescribably touched.

She had never thought that Connor would be able to show such a domineering side for her.

Maya, Priscilla, and the others seemed to be used to the useless Connor, so they were more or less shocked when they saw Connor like this.

Only now did the three of them understand that it wasn’t that Connor was a coward but that there were some things that Connor didn’t care about.

Freya looked at Connor and felt very touched. However, at the same time, she was also a little worried. All sorts of emotions were mixed. She did not know how to express her current feelings. She could only look at Connor silently and enjoy the sense of security that Connor gave her.

“Freya, what are you guys still standing here for? Hurry up and leave. If you don’t leave now, you might not be able to leave later!”

At this moment, Amy hurriedly ran to Freya, Connor, and the others and urged.

“Why won’t 1 be able to leave?” Freya was stunned for a moment and asked in confusion.

“I heard Alvin calling someone over just now. You know how Alvin is. He’s always vengeful. Your boyfriend beat him real bad, so he definitely won’t let it go!” Amy quickly said.

“Isn’t it just Alvin? What else can he do to us?” Maya replied disdainfully with a pout.

“Maya, I know you’re not afraid of Alvin, but that doesn’t mean your cousin-in-law isn’t afraid. Moreover, you’re not usually in Phillips Estate. There’s no need to continue pestering people like Alvin. You’ve taken advantage of him today. If you’re really blocked by Alvin’s people later, it won’t be worth it if anything happens!” Amy advised earnestly.

The reason Amy was in such a hurry to get Freya and the others to leave was not entirely because she was worried about their safety. She did not want to see this blow up. After all, she was the one celebrating her birthday today. If this really blew up, she would also be responsible.

“I think Amy is right. Anyway, Alvin has already apologized to me just now. There’s no need for us to continue wasting time with him. Let’s hurry up and leave!”

Freya hesitated before calling out softly.

“Okay!” Connor nodded. He had no intention of staying here anyway.

“That’s great. I’ll walk you out now!” Amy saw that Freya and Connor had agreed to leave, so she chirped and hurried toward the restaurant’s entrance.

When Maya saw that Connor and the others were about to leave, she was a little unhappy because she felt it would be embarrassing to leave now.

However, Freya and the others had already agreed to leave. She dared not refute and could only pout as she followed Freya toward the restaurant entrance.

After a while.

Everyone came to the restaurant’s entrance, but Alvin blocked them before Connor and the others could walk out.

“Alvin, what are you doing?” Amy wanted to send Freya and the others away. Seeing Alvin blocking the door, she was very unhappy.

“What am I doing? This kid beat me until I vomited blood and even made me kneel to apologize to Freya. Now that I’ve apologized and been beaten, they want to leave?” Alvin shouted with bloodshot eyes.

“Alvin, I know you’re very upset now, but today is my birthday. If you have any issues, you can look for them to resolve them later,” Amy said to Alvin helplessly.

“Respect you?”

When Alvin heard this, he could not help but laugh hideously. Then, he shouted at the top of his lungs, “I respected you, but who the f*ck respected me? Why didn’t you stand up for me when I was beaten up just now? Now you know how to ask me for respect. Let me tell you; this isn’t over yet. No one can leave. You have to wait here!”

“Alvin, you...”

Amy looked at Alvin and was speechless. She didn't know what to say.

Connor suddenly walked up to Alvin.

When Alvin saw Connor, he instinctively took two steps back because he was worried that Connor would hit him!

"What... What are you doing?" Alvin took two steps back and stammered at Connor.

"Get lost!" Connor said calmly to Alvin.

"I'm standing here. What can you do to me?" Alvin widened his eyes and shouted.

You haven't been beaten enough, right? I advise you to get out of my way. Otherwise, I don't mind hitting you again, understand?" Connor said coldly to Alvin.

"Connor, let me tell you, don't be too arrogant! My people are coming over soon. I won't move aside no matter what. Kill me if you can!"

Alvin was determined to keep Connor here, so he claimed he would rather die than submit and blocked the restaurant's entrance.

If Alvin let Connor leave today, he wouldn't be able to stay in Phillips Estate anymore. Therefore, he had to take advantage of those people present just now to fix his reputation.

Connor looked at Alvin and smiled helplessly. He wasn't in the mood to continue arguing with Alvin. He had hit Alvin just now because he wanted Alvin to apologize to Freya.

However, Connor had no reason to make a move now. Moreover, Connor knew that even if he made a move, Alvin might not give way. Therefore, Connor was in a dilemma.

“Connor, weren’t you very arrogant just now? Come on, hit me! If you dare to touch me now, I’ll return it to you a hundredfold later!” Alvin continued to provoke aggressively when he saw that Connor did not speak.

“Do you really think I won’t dare to hit you?” Connor replied indifferently.

“Hehe, then you can try!” Alvin took a step forward and said like a mad dog.

At the same time, there was a roar on the street outside Lume.

A motorcade led by a Lamborghini drove toward Lume grandly..

Chapter 333: An Unexpected Guest

At the entrance of Lume.

Alvin blocked the path of Connor, Freya, and the others, refusing to let them leave.

Connor stood there and hesitated, then walked straight to Alvin.

Alvin seemed to think that Connor wanted to attack him, so he instinctively took two steps back and kept a certain distance from Connor. Then, he stuttered, “Connor, I... I’m telling you, my people are about to arrive. You better watch yourself!”

Connor looked at Alvin indifferently, then smiled playfully and said, “Didn’t you say you wanted me to try? Why are you scared now?”

H j n

Alvin looked at Connor with a conflicted expression. He wanted to stop Connor, but he was afraid that Connor would attack him, so he was in a dilemma.

“Freya, Maya, let’s go. If this Alvin dares to stop you, I’ll break his legs!” Connor was obviously trying to scare Alvin.

However, it worked. When Alvin heard Connor’s words, he was so scared that he stood rooted to the ground and did not dare to move. He was worried that Connor would break his legs.

“Why don’t you stop us? Didn’t you say that even if you were beaten to death by Connor, you wouldn’t let us go?” Maya mocked Alvin smugly.

Alvin gritted his teeth and stood rooted to the ground. His expression was hideous.

At this moment, the people in the restaurant also cast disdainful gazes at Alvin.

No one had expected that Alvin, who had always been a tyrant in Phillips Estate would actually be subdued by Connor.

“Maya, stop fooling around. Let’s go!” Freya was worried that Alvin’s men would really come over later. By then, they wouldn’t be able to leave even if they wanted to, so she hurriedly urged him.

“Got it, Freya!”

Maya gave Alvin the middle finger and followed Connor and the others out of the restaurant.

“Stop right there!” Seeing Connor and the others were about to leave, Alvin quickly shouted at the top of his lungs. Then, he took out his phone and was about to make a call.

However, just as Alvin took out his phone, a call came in.

When Alvin heard his phone’s ringtone, he could not help but be stunned for a moment. Then, he picked up the phone and said anxiously, “Hailey, where are your people? Connor and the others are already at the door...”

“That’s good. We’re at the entrance of the restaurant now!” Hailey replied lightly and hung up the phone.

“Great, Hailey’s people are finally here. I want to see how you’ll walk out of this restaurant today!”

After Alvin put down his phone, he shouted excitedly and ran toward the restaurant entrance.

When the people in the private room heard Alvin’s words, they knew that a good show would be coming up, so they ran out of the private room without caring about Amy being in the way.

On the other side, Connor, Freya, Maya, and Priscilla left the private room and headed straight for the restaurant entrance.

“Connor, you’re really handsome today. I didn’t expect you to have such a manly side!” Maya followed Connor and said to him excitedly.

Maya felt it was cool for Connor to be daring to hit Alvin today. Her impression of Connor instantly improved.

Connor looked at Maya and smiled without saying anything.

Connor acted so impulsively today because he had seen Freya beaten up. If it were the usual, he would not be so impulsive.

“Seeing that you stood up for Freya today, this young lady will reluctantly agree to you being together with Freya!” Maya said after seeing that Connor did not say anything.

“Maya, what nonsense are you spouting here? What does it have to do with you whether I’m with Connor or not?” When Freya heard this, her face turned red, and she glared at Maya.

“All, Freya, don’t pretend to be innocent here. I heard everything you said last night. Aren’t you already prepared to agree...”

“Maya, don’t spout nonsense!” Seeing that Maya was about to reveal her secret, she quickly berated her.

Maya immediately shut her mouth when she heard that. Then, she smiled awkwardly at Connor and whispered, “Connor, I was just spewing nonsense. You didn’t hear anything. Do you understand?”

“Haha...”

Connor smiled. Just as he was about to ask Freya what she said last night, a blinding light suddenly shot toward Connor and the others.

Freya, Maya, and the other girls instinctively raised their arms to block their eyes.

Following closely behind were Alvin and the people in the private room. All of them rushed out from behind Connor and the others.

Alvin was unusually excited. When the others saw the situation outside the restaurant, they were all dumbfounded. They stood rooted to the ground with their mouths agape. The expression on their faces was an indescribable shock.

Freya, Maya, and Priscilla slowly put down their arms. Then, they saw an extremely shocking scene.

A massive fleet of cars drove directly toward the restaurant’s entrance, and the one driving at the front was a Lamborghini!

This Lamborghini was worth tens of millions of dollars. There were only forty of them in the world, and every single one was extremely collectible. Moreover, the value of these cars could not be measured by money.

No more than ten people in Oprana could afford a Lamborghini like this!

And behind the Lamborghini were more than a dozen Hummers. This shocked everyone present.

“Who is this? They drove a convoy over?”

“A Lamborghini Venero? Isn’t this awesome?”

“Yeah, since when did Phillips Estate have such a rich man who can afford to drive a Lamborghini Venero?”

“Isn’t this car really cool? Are the Stewart Family here?”

When everyone saw the Lamborghini, they discussed it in low voices.

Alvin thought that his sister, Hailey, had brought people over. He was extremely excited. However, when he saw the Lamborghini, he was stunned. A trace of doubt flashed in his eyes.

Alvin was a member of the Stewart Family, so he naturally knew the financial strength of his family. Hailey would never drive such a car over, and the Stewart Family did not have the money to buy such a car.

Since it wasn’t Hailey, could Connor have called someone over?

Thinking of this, Alvin could not help but turn to look at Connor. A trace of fear flashed in his eyes.

“Whoosh, whoosh, whoosh!”

At this moment, the doors of the off-road car opened almost at the same time.

Everyone turned their attention to the Lamborghini.. They wanted to see who could afford to drive such a car!

Chapter 334: Howard Duncan Is Here!

Dozens of luxury cars were parked neatly at the entrance of Lume. The scene was extremely spectacular.

Although Phillips Estate had been developing very quickly in recent years, be it the surrounding facilities or the prosperity of the urban area, it could already be compared to a big city like Porthampton.

Moreover, there were quite a few rich people in Phillips Estate. However, today's scene was still very shocking to the people of Phillips Estate.

One had to know that even in the entire Davenport, no one could gather such a convoy!

The Lamborghini Veneno led the way, followed by Hummer SUVs. These Hummer SUVs were all worth more than a million!

This scene not only stunned the rich heirs who came to attend the birthday party but also Alvin.

He knew the Stewart Family's standing. He felt that even if Mr. Stewart Sr. came personally, he couldn't cause such a huge commotion, right?

Therefore, Alvin could not help but wonder if these people were reinforcements Connor had called over!

If Connor was the one who called the convoy over, then Alvin felt that he might have gotten into big trouble today, so the expression on his face was much more nervous.

"Whoosh, whoosh, whoosh!"

At this moment, the car door opened almost at the same time.

Dozens of muscular, fierce-looking men in black rushed out of the car. These men were at least 1.9 meters tall, and their shoulders were as wide as mountains. Their loose suits could not hide their muscles. They walked like tigers descending from the mountain.

Seeing this group of men in black, everyone present shuddered.

Some young ladies who wanted to watch the show turned around and ran back into the restaurant. They looked at these people through the window. They were worried they would be implicated if the two sides fought.

“What... What’s going on?”

When Maya saw these men in black, a trace of fear flashed across her face as she stammered to Connor.

It was obvious that Maya, who had always been fearless, was also a little flustered. After all, who wouldn’t be afraid of such a large group of black-clothed men?

“It’s okay, don’t be afraid!”

Connor remained calm as he turned to look at Maya.

As Connor saw that Alvin was also standing there dumbfounded, Connor suspected that these people were not reinforcements that Alvin had called over.

“What do you want? Do you know what kind of place this is? How dare you come here to cause trouble?”

Caleb Woods, the manager of Lume, mustered up his courage and ran to the men in black, shouting angrily.

No matter what, Caleb had worked under Titus for many years. He had seen all kinds of big shots.

Therefore, Caleb wasn't so scared that he couldn't say a word!

"Mr. Woods, it's been a few years since we last met. Don't tell me you've forgotten about me?"

However, at this moment, a burly middle-aged man walked out of the crowd. Although the middle-aged man looked ordinary, his aura made people shudder. Moreover, there was a hint of coldness in his eyes. One would never forget such a person once they saw him.

After hearing that, Caleb suddenly looked up at the middle-aged man. Then, he froze on the spot with a look of disbelief.

"Mr.... Mr. Duncan?"

Caleb's eyes widened as he exclaimed in shock.

"Hehe, looks like Mr. Woods still remembers me!"

Howard smiled faintly, then turned and glanced at everyone present. He said expressionlessly, "I thought that everyone had forgotten that I was still in Porthampton after so many years!"

After Howard said that, everyone fell silent.

At this moment, the air seemed to have frozen!

Although most of the people present were young, they were still very familiar with the name Howard Duncan.

Howard was the only other gangster in Porthampton who was as famous as Kyle!

More than ten years ago, two influential figures appeared in Porthampton. One of them was the current number one figure in Porthampton, Kyle Hayes.

The other one was Howard, who was standing in front of them.

At that time, Howard and Kyle were equally strong. Some people thought Howard was stronger, while others thought Kyle was stronger.

Anyway, there was a period when people often argued about who was the number one person in Porthampton between Howard and Kyle.

However, because of Thomas's appearance, Porthampton was completely reshuffled.

This reshuffle also created the current situation in Porthampton.

In terms of business, no one could shake the business empire that Thomas managed.

Howard and Thomas were not in the same camp in the grey area, but Thomas was on Kyle's side, so Kyle naturally sat in first place.

Howard knew he couldn't afford to offend someone like Thomas, so he gradually retired and rarely appeared in public.

This gave people the feeling that Kyle was the only one in Porthampton.

If one were to ask who the number one person in Porthampton was now, there was no doubt that Kyle was the one. This was something that everyone recognized.

But was Howard afraid of Kyle?

Howard wasn't afraid of Kyle. He was afraid of Thomas, who was behind Kyle!

Howard knew that the richest man in the world backed Thomas!

And now, the richest man in the world was Connor!

However, in many cases, the contest between the two sides did not mean that whoever was stronger would have the upper hand. There were also many benefits involved.

Even though Howard hadn't appeared in Porthampton for a long time, many people in Porthampton had heard of his name and about him. Therefore, they still felt an inexplicable fear when Howard stood before them.

Connor narrowed his eyes and looked at Howard. Although he didn't know about the past between Howard and Kyle, he could still feel pressure.

Alvin himself was dumbfounded. He had called Hailey to ask her to find someone to teach Connor a lesson. However, he did not expect to get someone like Howard here!

If Howard were really called over by Hailey, it would be fine!

However, Alvin was most worried that if Connor called over Howard, things would be a little troublesome!

Chapter 335: Stephanie Lee Of The Lee Family

"Why would Howard come to our Phillips Estate?11

"Yeah, I heard that Howard has retired. Why did he appear again?"

"Is Howard the reinforcement that Alvin called over? When did the Stewart Family become so powerful? How could they know such a big shot like Howard Duncan?"

After the onlookers at the restaurant entrance discovered Howard's identity, they began discussing in low voices.

Caleb was also perplexed. He couldn't figure out why Howard would suddenly appear here.

"Mr. Duncan, what brings you here today? Are you here for dinner?" Caleb took a deep breath, then walked to Howard and asked nervously.

"I came here today to deal with some matters. I hope Mr. Woods can give me space and not meddle in other people's business. Otherwise, don't blame me for being ruthless!" Howard replied coldly.

Caleb's heart skipped a beat when he heard Howard's words. He knew what Howard meant!

Howard was not here for dinner or to look for someone. He was here to cause trouble!

"Mr. Duncan, what exactly do you want?" Caleb asked Howard nervously.

Howard didn't answer Caleb's question. Instead, he walked to the Lamborghini at the front and gently opened the door.

When everyone saw this scene, they turned their attention to the Lamborghini again. They were curious about what kind of big shot could make Howard open the car door.

The car door slowly opened.

A pair of slender and fair legs slowly stretched out of the car.

When the men present saw the pair of beautiful legs, they couldn't help but inhale sharply. They were abnormally excited. Even if they didn't look at the face, just looking at these beautiful legs was already the cream of the crop.

No one expected that the person sitting in the Lamborghini was a woman.

Not only was she a woman, but she was also a goddess.

A moment later, a beautiful woman walked out of the Lamborghini. Her aura instantly shocked everyone present.

The woman had a good figure. She was wearing a tight leather jacket and a pair of hot pants. Her slender and fair legs were exceptionally attractive. She was wearing a pair of black boots. She looked extremely noble and unapproachable. Her entire being emitted an aura that kept people a thousand miles away.

This woman was like a queen in a movie, especially when paired with such a cool appearance. She made people feel that she was a woman of a head gangster.

In an instant, everyone's attention was focused on this woman.

At the same time, a girl came out of the front passenger seat of the Lamborghini, although this girl's appearance and aura were not as good as the previous girl's, she was still almost as attractive, so she instantly attracted the attention of many people.

This girl was Alvin's biological sister, Hailey, who had a conflict with Priscilla and Freya at Collective Strokes!

Hailey's appearance could only prove one thing!

Hailey had summoned Howard and the others. Otherwise, why would Hailey appear in the Lamborghini?

When Alvin saw Hailey, he immediately became excited and ran toward Hailey.

"Hailey, did you call these people over?" Alvin asked Hailey excitedly.

“That’s right. These blind people dared to bully my brother. Today, I must make them pay the price!” Hailey replied with a domineering expression. Then, she walked to the girl’s side and said softly, “Ms. Lee, this is my brother, Alvin!”

After Stephanie Lee heard this, she turned and looked at Alvin indifferently without saying anything.

“Alvin, this is Stephanie Lee!” Hailey quickly said to Alvin.

“Hel... Hello, Ms. Lee!” Alvin greeted Stephanie nervously.

Stephanie wasn’t interested in Alvin at all. She only nodded slightly and then focused her attention on Connor.

In fact, be it Hailey or Alvin, they were just pawns to Stephanie!

Stephanie was Yannick’s half-sister. She only had one purpose for coming here: to expose Connor’s identity in front of Freya.

If Connor exposed his identity to Freya, then Yannick could get the inheritance from Connor!

Stephanie discovered Connor’s biggest weakness was that emotions easily swayed him. That was why she took the initiative to look for Hailey and used Alvin to anger Connor. In the end, she would appear and resolve these matters.

Based on the current situation, Stephanie had achieved her goal. Hailey and Alvin were no longer of any use to her.

“Who beat you up like this?”

Stephanie couldn’t expose her identity now because she knew Connor would be on guard if she knew about her relationship with Yannick. By then, it wouldn’t be easy for Connor to expose her identity.

Therefore, Stephanie had to continue to pretend.

Alvin was stunned for a moment after hearing Stephanie's words. Then, he quickly turned to look at Connor. He pointed at Connor and said, "Ms. Lee, this is the person who hit me!"

Stephanie smiled faintly when she heard this. Then, she walked toward Connor. Howard followed behind Stephanie.

When everyone saw Stephanie and the others walking over, they took two steps back and took the initiative to make way for them.

Only Connor, Freya, and Maya were left standing there alone.

At this moment, Connor might not know that he had fallen into someone else's trap!

Everyone looked at Connor and the others pitifully.

As they felt that Connor would not have a good ending today.

"Who is this woman? She made a big shot like Howard listen to her orders!"

"When did Hailey get to know such a big shot?"

"To make Howard follow her obediently, this woman's background must be extraordinary!"

The rich heirs present watched the commotion and discussed softly.

"Con... Connor, what should we do now?" Maya saw Stephanie and the others approaching step by step and asked Connor, unusually nervous.

“Don’t worry. This today has nothing to do with you. If there’s anything, I’ll bear it alone!” Connor replied calmly.

“But...”

Maya opened her mouth and was about to speak.

But at this time, Stephanie and the others were already standing before Connor.. Stephanie sized up Connor and asked in an unusually domineering tone, “You were the one who hit him just now, right?”

Chapter 336: I’ll Give You Three Options

Stephanie walked up to Connor and looked at him with disdain.

She really couldn’t understand why someone like Connor would be favored by the old chairman and become the heir to his ten trillion dollar fortune.

However, she also knew that now was not the time to think about these things.

Right now, there was a more important thing waiting for her to do, which was to expose Connor’s identity in front of Freya.

In order to make sure that she had not found the wrong person, Stephanie looked at Connor and continued to ask, “What’s your name?”

“Connor!”

Connor didn’t have the slightest fear on his face at this moment. His tone was very calm as he said.

“Connor?”

The smile on Stephanie's face seemed to become even more disdainful. She turned her head and glanced at Howard indifferently.

When Howard saw the look in her eyes, he instantly understood what was going on. He immediately muttered to the bodyguard beside him.

Soon, the bodyguard brought a chair out of the restaurant and placed it behind Stephanie.

Stephanie sat elegantly on the chair and naturally crossed her slender and fair legs. At this moment, Stephanie looked like a queen who had walked out of a movie. Her aura was very shocking, and everyone present could not help but reveal a trace of awe.

Alvin, Hailey, and Howard stood side by side behind Stephanie, quietly waiting for her next instructions.

They knew that as long as Stephanie spoke, Connor and the others would have a tragic ending.

However, Stephanie did not come here today to avenge Alvin. Her ultimate goal was to make Connor expose his true identity in front of Freya.

"You hit Alvin just now. Shouldn't you give me an explanation for this matter, boy?"

Stephanie looked at Connor with a playful expression.

"What explanation do you want? Alvin was the one who hit my cousin first..."

Maya mustered her courage and shouted at Stephanie.

When Stephanie heard Maya's words, she couldn't help but turn her head to look at Maya. Then, she said in an unusually cold tone, "Little girl, I advise you to shut your mouth quickly. Otherwise, I'll get someone to cut off your tongue right now!"

Maya was frightened by Stephanie's aura. She quickly took two steps back and stared at Stephanie's position with her big eyes, not daring to say a word.

Connor was probably the only person who could remain calm at this moment. He asked Stephanie expressionlessly, "What explanation do you want?"

"It's very simple. Since you've beaten up my people, you have to come with me. However, before you leave, I'll allow you to call your family. After all, you might never see them again in the future. The three women behind you have good figures and looks. I'm going to sell the three of them overseas. As for you..."

Stephanie paused for a moment, then said lightly, "I'm going to hand you over to Alvin. As for how he wants to deal with you, that's not up to me. It depends on what he does. You got it?"

It was obvious that Stephanie was deliberately using Freya, Maya, and the others to provoke Connor.

Because in the previous investigation, Stephanie found that Connor seemed to care a lot about Freya. Freya was also Connor's biggest weakness.

When Freya, Maya and Priscilla heard Stephanie's words, a trace of fear flashed across their eyes, and they were extremely nervous.

The rich kids around them looked at Stephanie in a daze. Their eyes could not help but show a trace of fear.

They couldn't understand who Stephanie was to say such things in front of so many people. Was there really no law in Stephanie's eyes?

"This kid was so arrogant just now. Now, he must be dumbfounded!"

"That's right. This kid is simply courting death. He even dares to offend someone like Alvin!"

“I don’t know when Alvin got to know such a big shot. He even called Howard Duncan over!”

Everyone looked at Connor and the others and began to discuss in low voices.

Connor looked at Stephanie expressionlessly, and a trace of doubt suddenly flashed across his eyes.

He could not understand. Didn’t he just beat Alvin up? Did this woman have to make such a big fuss?

In fact, Connor was not the only one having such doubts in his heart, even Alvin himself did not expect things to turn out like this.

He called Hailey to ask her to call people over because he wanted to teach Connor and the others a lesson. However, now that they were about to die, Alvin was starting to feel a little nervous.

“Miss Lee, isn’t this a little inappropriate? I don’t actually hate them. You can just teach them a lesson...”

Alvin was worried that if the matter blew up, he would not be able to get away with it, so he quickly stepped forward and whispered to Stephanie.

When Stephanie heard Alvin’s words, she couldn’t help but turn around and look at him. Then, she said calmly, “Alright, since you’ve said so, I’ll give them a chance. As long as the few of you kneel down and apologize, and then have that woman be with you for a night, I won’t hold it against you!”

Stephanie pointed at Freya as she spoke.

At this moment, Stephanie was still using Freya to provoke Connor.

“Miss Lee, I think that your suggestion is a good one!”

After hearing Stephanie's words, Alvin was instantly delighted. If Connor and the rest could kneel down and apologize to him, he would naturally regain his dignity. Moreover, he would not have to kill anyone. Most importantly, he could have Freya accompany him for a night.

Freya was the famous ice queen of the Phillips Family. Alvin would probably wake up laughing in his dreams if he could sleep with such a woman.

Connor looked at Stephanie with a hint of anger in his eyes.

"How do you plan to choose now?"

Stephanie asked Connor softly.

"What if I don't choose either of these options?"

Connor gritted his teeth and replied in a low voice.

"None?"

Stephanie sneered and narrowed her eyes at Connor. "If you don't choose either of them, then I actually have a third option. Moreover, I'm also very inclined toward this option. Just now, you hit Alvin because your girlfriend was bullied by him, right? Then I'll let Alvin scratch your girlfriend's face in front of you.

As long as you can tolerate your girlfriend becoming an ugly monster, I'll let all of you go. What do you think?"

Connor stood rooted to the ground, and he became even more furious.

The onlookers also revealed terrified expressions.

“I think this option should be the best for you. After all, you only have to sacrifice your girlfriend, and it can be exchanged for the safety of all of you. What do you think?”

Stephanie was like a devil as she continued to ask with a cold smile..

Chapter 337: A Difficult Decision

No one had expected Stephanie to say something like this. She actually planned to disfigure Freya in front of so many people.

However, these people didn't know that Stephanie was only doing this to provoke Connor into revealing his true identity.

Stephanie had given Connor two options just now, but he still did not react in any way. Stephanie felt that perhaps it was because her words just now did not really agitate Connor so she proposed the idea of disfiguring Freya.

Very clearly, the current Connor was already on the verge of rage and could erupt at anytime.

Stephanie also felt the anger in Connor's eyes. She felt that if she provoked him a little more, he would definitely go berserk and reveal his own identity.

“Howard, I don't want to talk nonsense with these people anymore.”

At this moment, Stephanie suddenly shouted.

“Alright, Miss Lee!”

Howard obviously understood what Stephanie wanted to do. He immediately took out a small knife from his clothes and rushed toward Freya.

“Freya, be careful!”

Maya shouted instinctively when she saw Howard rushing over.

Freya was so frightened that she hurriedly took two steps back. Perhaps because she was too nervous, she lost her balance and fell to the ground.

Howard approached Freya step by step.

The surrounding spectators all ran off into the distance. No one was willing to step forward to help Freya.

Howard held a small knife in his hand, a sinister smile on his face as he slowly walked up to Freya.

“I’m sorry!”

At this moment, Howard suddenly shouted at Freya. Then, he raised the knife in his hand and slashed at Freya’s face.

“Ah...”

Freya screamed out of fear and closed her eyes.

In the next second, blood spurted out.

However, Howard’s knife did not cut Freya’s face. Instead, it stabbed into Connor’s back.

Just as Howard was about to attack, Connor suddenly rushed over and hugged Freya, using his back to shield her.

“Ugh...”

When Connor felt the pain coming from his back, he could not help but gasp.

Meanwhile, Freya stared at Connor with an incredulous expression. She never thought that Connor would save her at such a critical moment!

“Connor, are... are you alright? Are you stupid?”

Freya’s eyes instantly became moist as she exclaimed.

Connor raised his head and glanced at Freya. He forced out a smile and said in a low voice, “If this knife were to cut your face, how could I bear to...”

When Freya heard Connor’s words, she froze on the spot. Tears could not help but fall from her eyes. She was really touched by his action.

When Stephanie saw this scene, the corners of her mouth curled up slightly, revealing a smug smile.

Because she knew that her goal had been achieved. At this moment, Connor must have been completely angered by her.

Connor endured the pain on his back and slowly got up to look at Stephanie. He asked with an unusually sinister expression, “Do you know how stupid your actions are now?”

“Stupid? Is it really?”

Stephanie looked at Connor with a disdainful smile.

“Do you know what will happen if you anger me?”

Connor continued coldly.

“I don’t know what will happen if I anger you, but I know that you know Kyle Hayes and Thomas Morgan. I’m in a good mood today, so I’ll give you a chance to call them and ask them to get someone to help you!”

Stephanie replied lightly, then took out a phone and threw it in front of Connor.

Connor looked down at the phone on the ground. At this moment, he finally understood why Stephanie did this!

Stephanie wanted Connor to call Kyle and Thomas so that he would have to expose his identity in front of Freya.

“Stephanie Lee and Yannick Lee! ”

Connor shook his head and smiled bitterly. Then, he said indifferently, “Looks like you guys really put in a lot of effort this time!”

||1 ||

When Stephanie heard Connor’s words, she could not help but be stunned for a moment. Then, she sneered.

Then, she stood up and walked in front of Connor. She used a voice that only Connor could hear and said, “Connor, since you’ve already found out, I’ll tell you the truth. Everything that happened today was actually planned by me. My real goal is to expose your identity in front of Freya and make you lose the right to inherit the inheritance.”

“Are you so sure that I will expose my identity in front of Freya?”

Connor gritted his teeth and replied in a low voice.

“I’m not, but you only have two options now. The first is to watch your fiancée get disfigured, but you still have the right to inherit the old chairman’s inheritance. The second is to use all the power you have to protect her, but you have to expose your identity in front of Freya.”

“On one side is your beloved woman, and on the other side is ten trillion in wealth. I’m also very curious what you’ll choose!”

Stephanie looked at Connor with a faint smile, then sat back down on the chair and looked at Connor with a playful expression.

Connor stood there expressionlessly, gritting his teeth and not saying a word.

Stephanie was right. There were only two paths in front of Connor. One was the path to Freya, and the other was the path to ten trillion.

At this moment, Connor had to make a choice. Between money and woman, he had to give up one!

No matter who was in front of this multiple-choice question, it would be a difficult decision to make.

No one knew how to choose.

What was the most important thing between a woman he loved and a huge amount of wealth?

Freya, Maya, Priscilla, and the others looked at Connor with puzzled expressions. They didn’t know what Stephanie had just said to Connor, nor did they know what Connor was thinking.

“Connor, I’m not in the mood to waste time with you. My patience is limited, so I’ll give you three minutes to consider. If you still haven’t made a choice after three minutes, then don’t blame me for what’s about to happen next!”

At this moment, Stephanie shouted at Connor again..

Chapter 338: I'll Play With You

After hearing Stephanie's words, everyone present focused their attention on Connor.

Although they did not know what Stephanie's true goal was, they knew that she was waiting for Connor to make a decision.

Stephanie narrowed her eyes at Connor. Her face was calm, but she was very nervous.

Stephanie was worried that if Connor really chose to give up on Freya, then all her plans for today would be ruined.

Money and love.

It was an extremely difficult decision to make for anyone, and Connor was no exception.

He had just inherited the inheritance for less than a year. All this while, Connor had experienced the life of a rich person and knew how much money would bring about changes in his life.

If he really wanted Connor to give up everything now, he would definitely be very unwilling.

However, if he did not give up, what awaited Freya would be disfigurement!

Freya had nothing to do with this. She didn't even know why Stephanie was treating Connor like this.

To put it bluntly, Freya was just an innocent bystander. Connor felt that it would be too unfair for an innocent woman to be injured because of his selfishness.

Furthermore, this woman was the person that Connor loved the most.

“You have one minute left. Connor, have you thought about what to choose?”

At this moment, Stephanie suddenly asked Connor.

Connor took a deep breath and slowly squatted down.

When Stephanie saw Connor squat down, a smug smile appeared on her face. She knew that her plan had succeeded.

Freya, Maya, and the others naturally did not know what kind of choice Connor was facing, nor did they know what Connor was thinking about just now. However, they could feel that when Connor squatted down, he seemed to be very conflicted and very unwilling.

However, in the end, Connor still reached out and picked up the phone in front of him. Then, he gritted his teeth and stood up.

“It seems that heroes can’t resist when it comes to love!”

Stephanie smiled faintly when she saw Connor pick up the phone. She was unusually happy.

“Since you want to play with me so badly, I’ll play along with you. I want you to know how stupid your actions today are!”

Connor gritted his teeth and shouted at Stephanie coldly.

“Make the call!”

Stephanie looked at Connor and replied calmly.

Connor held the phone and hesitated for two seconds. He knew that this might be the last time he would use the old chairman's resources. After today, he might have to return to being a poor loser who delivered food.

However, as long as he could ensure Freya's safety, he did not regret it.

After hesitating for a moment, Connor dialed a number on the phone.

Ring... Ring...

The phone rang for a while before the other party picked up.

"Mr. McDonald, do you need something?"

Thomas Morgan's voice sounded.

"Meet me at Lume at the Phillips Estate in ten minutes!"

Connor said expressionlessly.

H 11

When Thomas heard Connor's words, he couldn't help but be stunned for a moment. Then, he asked in a puzzled tone, "Mr. McDonald, did something happen?"

"In ten minutes, bring your men to Lume to meet me. Do you understand me?"

At this moment, Connor was not in the mood to explain too much to Thomas. His tone was abnormally cold as he repeated himself.

“Alright, I’ll go over now!”

Thomas had never heard Connor speak to him in such a serious tone. He knew that Connor was being very serious now, so he must have encountered something urgent.

Connor then hung up the phone and dialed Kyle Hayes’s number.

“Hello?”

Kyle quickly picked up the phone.

“In ten minutes, bring all the bodyguards and anyone who can fight from your company to meet me at Lume in the Phillips Estate!”

Connor told Kyle the exact same thing he told Thomas. Even his tone had not changed.

“Alright, I’ll go over now!”

Kyle agreed without any hesitation.

Connor hung up the phone again. After hesitating for a moment, he dialed the third number.

The third call was to Carlos Lane!

In order to protect Connor, Thomas had specially hired three bodyguards for him. They were Carlos, Bruno Lawson, and the Diana Murphy!

However, nothing major had happened to Connor, so he had never used the three of them. Connor felt that since today was the last time he would enjoy such treatment, he might as well use all the connections he could use.

Since Stephanie wanted to play with him, then he would play with her till the end.

“Mr. McDonald!”

Soon, Carlos answered the call.

“Come to Lume in ten minutes. Call everyone you can, understand?” Connor gritted his teeth and said in a low voice.

“Mr. McDonald, what is going on?”

Carlos could not help but ask softly when he sensed that something was wrong with Connor’s tone.

H H

When Connor heard this, he slowly raised his head and looked at Stephanie.

Then, he said coldly, “I want to kill someone!”

When Stephanie heard Connor’s words, a strange look flashed across her eyes. She did not expect Connor to be so angry at this time!

Alvin Jacob and Hailey Jacob were near Connor, so they heard what he said very clearly.

When the two of them heard Connor’s words, they were also shocked.

“Okay, Mr. McDonald, I understand!”

Carlos answered quickly and hung up the phone.

“Stephanie, didn’t you want to play with me? Then, I’ll play with you today...”

Connor slowly put down his phone and said to Stephanie expressionlessly.

Stephanie revealed a disdainful smile and said lightly, “Connor, do you really think that you can kill me just because you called Thomas Morgan and Kyle Hayes over? Do you think I’m that easy to deal with?”

H 11

Connor looked at Stephanie coldly and did not say anything. He narrowed his eyes and looked at the opposite street.

“Connor, what’s going on?”

Freya saw that Connor had made three calls and suddenly felt that something was wrong. She hurriedly ran to Connor’s side and asked him anxiously.

Connor turned his head and glanced at Freya before saying calmly, “It’s okay. You’ll know what’s going on later!”

Not long after he said this, the roar of an engine suddenly sounded on the street opposite Lume.

Everyone turned to look.

They saw a mighty convoy rushing toward Connor!

Chapter 339: Mr. McDonald, I’m Sorry I’m Late!

When everyone saw this mighty convoy, their faces revealed puzzled expressions.

“Why are there even more people now?”

“That’s right. When did so many luxury cars come to the Phillips Estate?”

“Could these people be reinforcements that Connor called over?”

“How is that possible? Look at him. How could he know these people?”

When the crowd saw the convoy drive over, they began to discuss in low voices.

A moment later, the convoy slowly stopped at the entrance of Lume.

However, compared to Stephanie’s previous fleet, this fleet was obviously more inferior. Most of them were common BMW and Mercedes-Benz cars.

When Freya saw these cars, she instantly reacted. This was because the people who came were not the reinforcements that Connor had called over. They were people from the Phillips Family!

When John Phillips, Sean Phillips, and the others heard that Connor, Freya, and the others were trapped in Lume, they immediately mobilized their entire family to save them.

After all, in their eyes, Connor was no longer the Connor from before, so John was still very worried about his safety.

“Grandpa and the others are here!”

Maya shouted excitedly when she saw John running out of the car.

“That’s right, we’re saved now...”

Priscilla replied innocently.

Soon, the Phillips family members ran to Connor and the others in a grandiose manner.

John looked at Stephanie, Howard Duncan, and the others and was stunned for a moment. Then, he asked in a puzzled tone, "Connor Freya, what... what's going on?"

"Grandpa, Alvin Jacob asked them to come. They even wanted to disfigure Freya's face!"

Maya shouted first.

"Alvin Jacob?"

John was stunned for a moment. Then, he turned his head to look at Alvin, who was behind Stephanie. He widened his eyes and shouted, "Alvin, the Phillips Family and the Jacob Family have always minded our own business. Why are you doing this to my granddaughter? Why are you asking people to trap my family members here?"

Alvin was stunned when he heard John's words. Then, he said helplessly, "Grandpa John, today's matter has nothing to do with me. Moreover, this matter is not up to me to decide. You'd better tell Miss Lee yourself!"

"Miss Lee?"

John was stunned for a moment, then turned his attention to Stephanie.

"May I know who you are, Miss Lee? Why are you holding our family members here?"

At this moment, John did not know who Stephanie was, so he asked her politely.

“Nothing. I just want to disfigure that woman’s face!”

Stephanie pointed at Freya and said viciously.

“Who... Who exactly are you? How can you bully my family just because you want to?”

John shouted with his eyes wide open.

“John, if I remember correctly, we haven’t seen each other for ten years. Do you still remember who I am?”

At this moment, Howard said with a faint smile.

John turned to look at Howard. When he saw Howard’s face, he was stunned. His face was filled with disbelief.

“Howard Duncan?”

John stammered.

“Since you still know me, today’s matter will be easy to handle...”

Howard looked at John with a faint smile and said softly, “John, today’s matter is not something you can interfere in. Therefore, I advise you to stand at the side and wait. Otherwise, I’ll make everyone in your family suffer...”

John looked at Howard and was completely dumbfounded. Although he didn’t know who Stephanie was, he knew who Howard was!

Since Howard had already said so, it meant that Connor, Freya, and the others must have offended some powerful figure with an astonishing background. Moreover, with the current strength of the Phillips Family, there was indeed no way they could go against someone like Howard.

“Connor, what... what’s going on?” John hesitated for a moment before turning his head and asking Connor in a low voice.

“Just stand aside and wait!”

Connor was not in the mood to explain these things to John. He replied very calmly.

John looked at Connor and hesitated for a moment. He could feel that today’s matter might not be as simple as he had imagined, so he did not dare to say anything more. He walked directly to Freya and the others and began to ask what had happened today.

Vroom!

Just as John turned around and left, the roar of an engine came from the street opposite Lume again.

“Someone else is here!”

“Yeah, who is it this time?”

When everyone heard this sound, they all turned their heads to look.

Stephanie also turned her head to take a look and immediately revealed a very satisfied smile.

Because she saw the Rolls-Royce Phantom at the front. The license plate number was L88888!

In Porthampton, almost everyone knew what this license plate number represented!

Other than Thomas Morgan, the richest man in Porthampton, who else was qualified to use this license plate number?

The size and momentum of Thomas's motorcade were not inferior to Stephanie's motorcade in the slightest.

"It's Thomas Morgan's motorcade!"

Someone in the crowd recognized Thomas's license plate number and shouted at the top of his voice.

"Oh my God, what's going on here? There are actually so many big shots who have come personally!"

"Yeah, could it be that Thomas Morgan is the reinforcement that Connor called over?"

"How is that possible? How could someone like Connor know Thomas Morgan? I think Thomas Morgan must be here for that woman..."

"If Thomas Morgan was really called over by that woman, that's too awesome, right? What kind of big shot could invite people like Thomas Morgan and Howard Duncan?"

The onlookers who were standing at the side and watching the show began to discuss softly at this moment. They were very excited.

A moment later, a Rolls-Royce Phantom and five Mercedes-Benz GMs were parked neatly at the entrance of Lume.

Thomas pushed open the car door and got out.

When Stephanie saw him, the smile on her face became even brighter. She knew that Thomas's appearance meant that her plan had succeeded.

Under everyone's gaze, Thomas walked directly to Connor and made an unexpected move!

Thomas bowed deeply to Connor, then respectfully shouted, "Mr. McDonald, I'm sorry I'm late!"

Everyone was in an uproar.

Thomas was actually called over by Connor!

Chapter 340: Don't Even Think About Leaving!

Actually, when Thomas saw Stephanie, Howard, and the others, he had already guessed what had happened.

However, he also knew that since Connor dared to call him, it meant that Connor was ready to expose his identity.

That was why Thomas ignored Freya and the others and respectfully addressed Connor as Mr. McDonald.

This was the first time Thomas addressed Connor like this in front of so many people, but he also knew that this might be the last time.

To put it bluntly, Connor was just a poor student. Back then, he was only lucky enough to inherit the old chairman's legacy.

However, in terms of schemes, Connor was no match for Stephanie and Yannick Lee.

After all, children who grew up in big families were destined to be more scheming and shrewder than ordinary people.

When everyone heard Thomas call him Mr. McDonald, they were all dumbfounded.

Almost everyone in Davenport knew who Thomas was and what his status was.

However, Thomas was actually treating Connor so respectfully. Even a fool could see that Connor's identity and background were definitely not something they could imagine.

Of course, the people who were the most shocked were probably those from the Phillips Family.

Although John had already guessed that Connor's background might not be simple, he never dreamed that Connor's background would be so terrifying!

Meanwhile, Freya looked at Connor in shock. After all, Freya thought that the relationship between Connor and Thomas existed only because Connor had saved Thomas and that Thomas was grateful to him.

However, their relationship with each other was not as simple as that!

"Is Connor really a rich heir? Has he been lying to me all this time?"

Freya looked at Connor in disbelief, her heart filled with shock and doubt.

For a moment, the entire restaurant entrance fell silent. Everyone stared at Connor and Thomas with their mouths agape.

"Mr. McDonald, how do you plan to deal with today's matter?"

Thomas asked Connor softly.

"Not everyone has arrived. Let's wait a little longer!"

Connor replied indifferently.

“Alright!”

Thomas nodded and went to stand behind Connor.

Thomas’s bodyguards also stood behind Connor. Their imposing manner was not inferior to Stephanie, Howard, and the others.

Stephanie looked at Connor with a smile and said lightly, “Connor, do you think it’s necessary to wait any longer? You’ve already lost...”

“I did lose, but I don’t want to lose too badly. I’m still the heir to the old chairman, and I still have the right to deal with you. Since you want to play, I’ll let you know what the consequences are for offending me!”

Connor replied expressionlessly.

When Stephanie heard Connor’s words, a hint of nervousness flashed across her eyes. Then, she suddenly stood up and shouted at him, “Connor, what do you want to do?”

“You’ll know in a while!”

Connor said lightly.

Stephanie’s plan today was very simple. She wanted to use Freya to anger Connor and make him get Thomas to come over.

In this way, Connor’s identity would be made public, and he would lose the right to inherit the inheritance.

However, Stephanie had no intention of fighting Connor to the death.

“Since Mr. Thomas has already personally come forward, I still have to give you face. Let’s forget about this matter today. I’m not in the mood to continue playing with you!”

Stephanie was afraid that Connor would do something crazy, so she quickly found a way out for herself.

She had already achieved her goal today. There was no need for her to continue staying here and wasting time with Connor.

Therefore, after Stephanie said this, she turned around and planned to leave.

“Why are you in such a hurry to leave? It isn’t over yet!”

Connor shouted expressionlessly.

Anyway, Connor had already exposed his identity, which meant that he had lost the right to inherit the inheritance. Of course, he would not let Stephanie and the others leave so easily.

“Connor, what do you mean?”

Stephanie slowly turned to look at Connor and asked angrily.

“It’s very simple. None of you can leave today. Do you understand me?”

Connor replied coldly.

“Connor, don’t forget that you’re about to lose the right to inherit the inheritance. By then, you’re just an ordinary person. It’s easier for me to kill you than to kill an ant. So, you’d better leave some leeway for yourself. I’m sure you don’t want to lose both the inheritance and your life!”

Stephanie gritted her teeth and shouted at Connor coldly.

According to Stephanie's previous plan, she was prepared to use Freya to threaten Connor, then get him to call Thomas and the others over, and finally force him to expose his identity in front of Freya.

What she wanted had come true.

After all, based on Stephanie's previous investigation, Connor was not a tough person. She figured that once Connor had ensured Freya's safety, he would not cause her any trouble.

However, Connor's actions were completely out of her expectations. He actually did not intend to end this matter so easily.

Therefore, Stephanie wanted to threaten Connor so that he understood what kind of situation he was in.

"Lose my life?"

Connor looked at Stephanie and sneered, then said indifferently, "You're right. If I don't have this inheritance, I might just be an ordinary person, or even worse than an ordinary person. However, I'm still the heir of the inheritance. You set me up and made me lose everything."

Stephanie looked at Connor in front of her and smiled disdainfully. She said coldly, "So what if you're still the heir? If I want to leave, do you think you can stop me?"

At this time, Thomas had brought less than 20 bodyguards, but Howard had brought 30 bodyguards, and all of them were Howard's elites. If the two sides fought, Connor would not have any advantage.

"Let's go!"

Stephanie called out with an expressionless face, then turned around and walked away.

However, the moment Stephanie turned around, the roar of an engine came from across the street again.

“If Mr. McDonald doesn’t allow someone to leave, that person can never leave!”

Kyle Hayes shouted expressionlessly and then walked out of the Land Rover with 50 bodyguards. The scene was extremely shocking..
