

## 10 Trillion 401

### Chapter 401: I Can Bear Your Children

“You’re dreaming! Even if I die, I won’t help you bear a child!”

Stephanie looked at Connor and shook her head abruptly, speaking with a resolute tone.

“Miss Stephanie, do you think you have the qualification to negotiate with me?”

He looked her, a faintly smiled appeared on his face and continued, “There are only two options in front of you now. The first is to murder Yannick, and the second is to give birth to a child for me. Otherwise, you will never leave this place!”

“Why?”

She shouted at him, then asked in an puzzled tone, “Why do you insist on forcing me to have your child? What’s the connection between these two things?”

“The reason is simple. Because you are a member of the Lee family. Although you are the half-sister of Yannick, you still carry the blood of the Lee family. I can’t fully trust you. What if one day you betray me? So you must show me your loyalty!”

Connor looked at her and explained lightly, then continued, “Either you go and get rid of Yannick now, then I can trust your loyalty because once the Lee family knows about this, they won’t spare you. Or you have sex with me and give birth to my child. In that case, I will be the father of your child. Even if you are ruthless, you probably won’t easily harm me for the sake of the child. Moreover, if the Lee family knows that you have given birth to a child for me, they probably won’t trust you anymore!”

She stared at him with a horrified gaze. After two seconds of silence, she whispered, “Are you trying to cut off with the Lee family?”

“Yes, you can understand it that way. After all, once you give birth to a child for me, you can only wholeheartedly follow me. I don’t have to worry about you betraying me!” He looked at her and said straightforwardly.

Upon hearing his words, her expression darkened, and she gritted her teeth and said, “What if I don’t choose either of these options?”

“If you don’t choose, then don’t blame me for being ruthless!”

A coldness flashed in his eyes.

Although he didn’t actually want to kill her at this moment, he had to say it like that because only in this way would she feel fear.

Stephanie stared at Connor with widened eyes. At this moment, her gaze towards him had undergone a tremendous change compared to when she saw him in the Phillips Estate. She originally thought that he was just a pathetic loser who happened to inherit Steven’s inheritance due to luck.

But now she realized that he was not as weak as she had imagined. Not only was he meticulous in his thinking, but his methods were also extremely cruel.

Both of these options were extremely lethal for her.

Stephanie had initially thought that she could pretend to agree to Connor first, then, after leaving this place, she could give some false information to Connor and help Yannick regain the inheritance.

But now, she felt that her idea was too naive and too simplistic.

In other words, she underestimated him.

“Miss Stephanie, I know these two options must be difficult for you to choose. So I will give you five minutes to consider. After five minutes, I’ll come back to you!”

After saying this, Connor stood up and left the room, leaving her sitting on the floor with a dazed look.

When he walked out of the room, Thomas hurriedly approached him and asked in a low voice, "Mr. Connor, how is the situation with Miss Stephanie?"

"I gave her five minutes to consider. I think she will agree to my request!" Connor replied expressionlessly.

"That's good!"

After hearing his words, Thomas let out a long sigh of relief. As long as Stephanie stood on his side, it was equivalent to planting a spy within the Lee family. In that case, the threat of the Lee family to Connor would be minimal.

"Tick tock..."

Time passed by, and the living room of the villa was very quiet.

Connor sat on the sofa, absent-mindedly staring at the garden outside the villa, contemplating the actions he had taken today.

If it were the previous Connor, he wouldn't dare to do such things!

But after experiencing the series of things from Yannick, he was no longer the same person. He understood very well how terrifying the struggles in the upper-class society could be. Even if he didn't want to, he had to force himself to adapt to this environment.

Because if he didn't adapt, he would end up dying in a very miserable way sooner or later!

The five minutes quickly passed. Thomas turned his head and glanced at Connor, then whispered, "Mr. Connor, the time is up!"

Connor took a deep breath, then got up and walked towards the room where Stephanie was.

Thomas hesitated for two seconds but ultimately chose not to go in. He believed that Connor could handle the situation well.

“Squeak!”

Upon hearing the sound of the door opening, Stephanie suddenly looked up and glanced at Connor who entered.

“Miss Stephanie, the five minutes are up. Have you made your decision?” He stood at the door and calmly asked her.

She hesitated for two seconds while sitting on the floor, then suddenly raised her head and looked at him. She spoke in a low voice, “I can become your woman and give birth to your child!”

Upon hearing her words, Connor stood frozen in place, his face expressing an indescribable shock.

He never expected that things would go so smoothly today.. Stephanie actually agreed to give birth to his child, and she agreed so readily!

Chapter 402: Are You Incapable?

“Are you serious?” Connor asked Stephanie excitedly.

“Of course!”

She nodded at him and said, “I can have a child for you, but you have to agree to two conditions.”

“Tell me,” he said calmly.

“First, you must guarantee my personal safety, and this matter should only be known to the two of us, no one else should find out,” she said seriously.

“No problem!” He nodded gently.

“The second condition is that the child must belong to me. In case one day I am discovered by the Lee family, you must arrange for me to go abroad and provide me with five hundred million in cash to ensure our future lives!” she continued, looking at him.

“Agreed!” He nodded again.

Seeing him readily agreeing, she was momentarily stunned. She then stood up slowly and walked to his side, whispering, “As long as you agree to these two conditions, we can go to bed now!”

“Now? We can go to bed now?”

When Connor heard her words, he was instantly dumbfounded. He looked at her with a puzzled expression. He hadn’t expected that she would be so direct, and that she wanted to sleep with him right away.

This situation left him unsure of how to respond.

Stephanie stared at him with a calm expression.

In fact, she had already thought it through. She believed that having a child with Connor might not be a bad thing. After all, he was now the heir of Steven, with an abundance of money. If she could have a child with him, it would provide some security for her lifetime.

If she continued to stay in the Lee family, there was no guarantee of a good outcome. Either she would be taken by Yannick, as she was aware of his intentions towards her. If it weren’t because of Horace, Yannick would have done that a long time ago.

Or she would be married off to some rich heir chosen by Horace. After all, her status in the Lee family was low, and she had no right to choose.

Stephanie knew that whether she married a rich heir or became Yannick's possession, in the end, she would become a plaything in someone else's hands. When these people got tired of her and she became old, she would be discarded.

Therefore, she felt that if she could have a child with Connor, it would not only solve the current problem but also provide a good guarantee for her future.

"Are you sure you want to have a child with me?"

At this moment, Connor couldn't help but ask her again.

He couldn't understand how just a few minutes ago, she had been unwilling to comply, but now she seemed like a completely different person.

"What's the matter? Are you afraid now?" Stephanie sneered.

"I... I have nothing to be afraid of. I just want to make sure that you're not deceiving me..." he stuttered.

"Why would I deceive you? Come on!"

She replied firmly and reached out to unbutton her clothes, as if she was preparing to undress.

"Wait a moment..."

When he saw she about to undress, he quickly reached out to stop her and said helplessly, "Um, let's not rush into bed. We can take it slowly..."

"I just finished my period last week, and these days happen to be my ovulation period. If you're physically fine, the chances of getting pregnant are very high. Besides, I haven't been home for a long time, and if we keep delaying, I'm afraid Yannick will start suspecting me. So let's make good use of our time!"

Stephanie, who was now acting completely differently, said very assertively to Connor.

Upon hearing her words, he was instantly speechless, his expression filled with helplessness.

He never expected her to become so proactive, urging to sleep with him as if it was not him who wanted her to have his child, but the other way around.

"Are you incapable or something? Didn't you just make yourself clear earlier?"

Stephanie couldn't help but show a teasing smile when she saw him standing there dumbfoundedly.

Seeing the teasing smile on her face, he clenched his teeth and whispered, "Why would I be incapable? I just didn't expect you to agree so quickly, and even if I wanted to sleep with you, it wouldn't be in this place..."

"Then where do you want to go? A hotel?"

She glanced at him with her beautiful eyes, her tone full of disdain.

He seemed to sense the disdain in her tone, hesitated for a couple of seconds, and then whispered, "Fine, let's go to a hotel!"

"Great!"

She nodded gently, buttoned up her clothes, and turned directly towards the door.

He watched her figure, his eyes filled with helplessness.

He never expected that Stephanie would agree so readily and want to sleep with him right away. Her behavior was driving him to the edge of insanity.

He was not mentally prepared to sleep with her right now!

Thomas saw Stephanie leaving the room and quickly ran to Connor's side, asking in a low voice, "Mr. Connor, what's going on?"

"Stephanie agreed to have a child with me!" he replied helplessly.

"Really? She actually agreed?"

Thomas' eyes also flashed with doubt because he didn't expect her to agree so readily.

"Really!" Connor nodded.

"Connor, aren't you going to the hotel with me? Why are you still standing there?"

Stephanie turned her head to look at him, her tone provocatively addressing him.

He took a deep breath and walked out of the room with determined steps.

"Sorry for the trouble these couple of days."

After stepping out of the room, Connor said softly to the driver, Joey.

"You're too kind, Mr. Connor..."

Joey replied with a smile, then glanced at Stephanie, who had already reached the door, and whispered, "Mr. Connor, are you planning to take this woman with you?"

"Yes!"

Connor nodded gently and walked directly to Stephanie's side, reaching out to open the door..

Chapter 403: Go to Panaroma Hotel

Whether it was Stephanie's figure or appearance, it can be described as the epitome of perfection.

Even though Connor has met many beautiful women, he still can't resist her temptation. After all, conquering a woman like her is an achievement for any man!

Moreover, Connor believed he wouldn't be disadvantaged if he slept with her. It was just that the whole situation happened too suddenly, and her agreement was too straightforward, which made it difficult for him to accept.

After leaving the villa, Connor and the rest went straight to the Bentley parked nearby.

He hesitated for a moment, then reached out and opened the door of the Bentley and directly sat inside.

At this moment, Stephanie had no intention of running away and naturally sat beside him.

As for Thomas, he chose to sit in the passenger seat.

"Mr. Connor, where are we going now?" The driver, seeing Connor getting into the car, asked softly.

"To the Panaroma Hotel!"

Before Connor could speak, Stephanie spoke first, then looked at Connor and added, "I'm not comfortable staying in other hotels..."

"Then let's go to the Panaroma," he said casually.

"Alright!"

The driver nodded and started the car directly.

After the car started, Connor looked at the scenery outside the window, feeling very conflicted. He was unsure whether he should really have a relationship with Stephanie.

Initially, he thought she wouldn't sleep with him so quickly even if she agreed to his request. But he never expected her to be so eager. He was not mentally prepared for this.

On the other hand, Stephanie sat beside Connor with a calm expression. She thought that sleeping with him might not be a bad thing. At least it would be much better than becoming Yannick's plaything. Moreover, if she gave birth to a child with Connor, her child would likely become his heir in the future, which would be good for her. That was why she was in such a hurry to sleep with him.

Thomas turned his head and glanced at Connor behind him, his expression somewhat complicated because he could sense that Connor was in a dilemma.

Half an hour later, the car slowly stopped in front of the Panaroma Hotel.

The Panaroma Hotel was considered a top-tier hotel in Porthampton. It was a five-star hotel under Aprico Corporation that was listed in the top 500 hotels in the world. Connor had only heard of this place but had never stayed here before.

After the car stopped, Stephanie pushed open the car door and stepped out without hesitation. She strode towards the lobby of Panaroma Hotel in her heels.

Connor hesitated for a moment, then got out of the car and walked towards the hotel lobby.

Thomas and the driver didn't get out of the car but sat quietly, watching Connor and Stephanie walking in.

At this moment, Thomas' gaze was very complicated because he also felt something was wrong with Stephanie's behavior.

"Mr. Thomas, Mr. Connor just went with that woman. Do you think there's any danger?"

The driver hesitated for a moment and whispered to Thomas.

"No, there won't be any."

Thomas shook his head gently and said lightly, "Stephanie knows the two of us are still here. She probably won't dare to do anything to AAr. Connor..."

"Then what are you worried about, Mr. Thomas?"

The driver hesitated for a moment and asked softly.

"I just feel that Stephanie's reaction today is somewhat unusual," Thomas said lightly.

"Unusual?" The driver couldn't help but pause for a moment upon hearing this, then chuckled and said, "Do you think she agreed too readily to have a child with Mr. Connor?"

"Yes." Thomas nodded lightly.

“Hehe, maybe she has already figured it out. It’s her honor to have a relationship with someone like Mr. Connor!” The driver chuckled.

“Things are not as simple as you think.” Thomas sighed and then looked at the driver, asking, “Have you prepared the things I asked for?”

“Yes, they’re ready.” The driver nodded, then hesitated for a moment before saying, “But I don’t think we’ll need those things, right?”

“Not necessarily.” Thomas shook his head gently, squinted his eyes and closed them to rest.

On the other side, Connor followed Stephanie into the lobby of the Panaroma Hotel.

She walked directly to the front desk and exchanged a few words with the receptionist. Then she turned her head and said to Connor, “I’m a member of this hotel. I’ve already booked a room. Let’s go up!”

Upon hearing her words, he was once again stunned. He had encountered proactive women before but had never seen someone as forward as Stephanie!

She had actually already booked the room, making it seem like it wasn’t him who wanted to sleep with her, but rather Stephanie who wanted to sleep with him!

Connor followed her towards the elevator.

As the two walked through the lobby, Stephanie’s beautiful face and attractive figure instantly caught the attention of countless men. They looked at Connor with envy, as having a room with such a seductive beauty was worth envying.

A few minutes later, Connor entered the elevator with Stephanie.

Once inside the elevator, he measured her up and down, then asked softly, “Are you really sure about this?”

She sneered at his question and replied indifferently, "Connor, you've asked me several times already. Why are you so indecisive?"

He took a deep breath and remained silent.

After a moment, they stepped out of the elevator, and Stephanie quickly found their room.

Since she was already a member of the Panaroma Hotel, the Presidential Suite was not open to the public. Only she could stay there.

Upon seeing her entering the room, he hesitated for two seconds, then followed her inside.

The room was extravagantly decorated, and his excitement surged upon seeing it.

Meanwhile, Stephanie walked slowly to the edge of the bed, seductively sat down, and gently kicked off her high heels. Her slender and fair legs were fully exposed in front of him.

"Connor, aren't you supposed to sleep with me? Why are you just standing there? Could it be that you can't handle it?" She looked up at him standing at the doorway, her expression full of disdain as she shouted at him..

Chapter 404: An Irresistible Temptation!

At Panaroma Hotel, Presidential Suite.

Stephanie sat on the bed, gazing at Connor with a bewildered look.

It seemed as if she wasn't forced to come here with him, but rather it was her own initiative.

She then took off her coat and tossed it aside.

After removing her coat, her enticing collarbone became visible. She was only wearing a black low-cut camisole, and her fair skin appeared even more alluring against the black straps. It must be said that Stephanie had a remarkable figure.

“Connor, why are you still standing there?” she provocatively asked him.

Connor looked at her without saying a word.

“Are you afraid now? Don’t make me look down on you!” she sneered.

At this moment, he seemed as though he hadn’t heard anything, squinting his eyes and gazing at the scenery outside the window.

The location of Panaroma Hotel was excellent, and the Presidential Suite was located on the top floor, offering a panoramic view of the entire city at night.

Meanwhile, Connor was contemplating a question in his mind whether he should really sleep with Stephanie or not.

He was not prepared at all to have a physical relationship with her, and he hadn’t expected things to escalate so quickly.

However, when Stephanie saw that Connor still didn’t speak, she directly reached out and removed her camisole, instantly exposing her tempting figure to him.

Connor involuntarily looked towards her position. When he saw her seductive and delicate body, he was frozen in place.

For a virgin, such a scene was indeed overly stimulating.

Connor couldn't help but swallow hard, as if Stephanie's body had some sort of magic that made it difficult for him to take his eyes off.

When she saw his reaction, a smug expression appeared on her face because she knew that he had been captivated by her figure!

Stephanie was always confident about her body. Now that she had voluntarily removed her clothes, it was merely to seduce him. She knew that no man could resist the temptation of her alluring body.

If Connor remained unmoved, it would only mean that he wasn't a real man.

He gazed blankly at her alluring figure, and in his mind, he couldn't help but recall the words Freya had said to him!

"What do you really want?" At this moment, Connor also asked himself in his heart.

Perhaps he himself didn't even know what he truly desired!

When Stephanie saw that he remained motionless, she walked barefoot to him and teasingly asked, "Connor, didn't you want me to be your woman? Didn't you want me to have your child? Now, I'm standing here completely exposed in front of you. What else do you want me to do?"

Upon hearing her words, his body trembled slightly. He bit his tongue to try and stay clear-headed and whispered, "Why did you suddenly change your mind?"

"Suddenly change my mind?"

Hearing his words, she faintly smiled and softly said, "I just came to a realization. A woman like me has been a tool in the hands of others since the moment I was born. Yannick is constantly thinking about how to own me, and countless wealthy young men are also thinking about how to make me their plaything in bed. I don't have the right to choose my own man, so no matter who I end up with, it's all the same. So why shouldn't I find someone wealthier? And now, my fate is in your hands. As long as I

can sleep with you today and you can successfully make me pregnant, I will be able to survive. Isn't it a simple question?"

When she spoke these words, her expression on her face was calm, but Connor could sense a hint of sadness from her tone.

"In fact, as long as you sincerely help me deal with Yannick, I can let you go now. After you help me get rid of the Lee family, I can give you wealth and let you live a life of glory and prosperity!" Connor hesitated for a moment and said in a low voice.

"You'll let me go?"

Upon hearing these words, Stephanie couldn't help but sneer, then said expressionlessly, "Even if you can let me go, can Thomas outside the hotel let me go? I understand what kind of person he is. He will do anything to achieve his goals..."

Connor was stunned when he heard her words.

"Perhaps this is my fate. I'm different from you. You can choose the life you want, but I haven't had the right to choose since the moment I was born!"

After she finished speaking, she directly reached out her hands to hug his neck, and lowered her head to kiss him.

Connor remained frozen in place.

Stephanie stood on her tiptoes as she kissed him with a little awkwardness in her movement.

When she saw that he didn't resist, a trace of satisfaction flashed across her face because she knew that her scheme had succeeded. She wanted to see him take the bait.

Whether she did it intentionally or not, she lightly breathed near his ear.

Finally, Connor couldn't control his emotions any longer and let out a furious roar. He then grabbed Stephanie and headed towards the bed, throwing her onto it.

Her eyes were filled with satisfaction. She knew that no matter what kind of man he was, he couldn't resist her temptation.

And Connor was no exception!

However, at this moment, he had no idea that he had fallen into her trap.

The reason Stephanie took such an initiative was to seize a handle on Connor. As long as he dared to touch her today, she would have a firm grip on his biggest weakness, and she could use this incident to threaten him.

Making Stephanie bear his child might seem like a disadvantage for her, but in reality, she could use this situation to control him in return!

Even Thomas probably hadn't anticipated this.

Looking at the seductive woman in front of him, Connor had no way to control his emotions!

Chapter 405: What Exactly Do You Want?

Stephanie seductively lay on the bed, looking at Connor, who was already fascinated by her, with a proud expression on her face.

Because his current appearance was exactly what she wanted to see!

Her proactive seduction was not without reason. She knew that there were many wealthy young men around her, and any one of them was worth billions.

However, if she were to be with these men, her fate would only be reduced to being their plaything.

Men like Yannick were completely beyond her control!

But Connor was different. In her eyes, he was just an ordinary person. Without Thomas' help, he would not even have the qualifications to stand before Yannick.

So she believed that Connor would be easier for her to control. That's why she suddenly changed her mind and was so eager to get into bed with him.

Her current mindset was very simple. Since she couldn't control Yannick, she could control Connor.

After all, he was currently the heir to the chairman position, not Yannick.

At this moment, Connor had no idea what she was thinking as desire took over his brain.

At the same time.

Inside the Bentley car outside the hotel.

Thomas slowly opened his eyes and asked the driver in a low voice, "How long has Mr. Connor been upstairs?"

Upon hearing this question, the driver quickly glanced at his phone and said softly, "Mr. Thomas, Mr. Connor has been upstairs for half an hour. Should we continue to wait?"

Thomas was stunned for a moment after hearing the driver's words, then sighed lightly and said in a low voice, "Let's wait a little longer."

"Heroes have always had a hard time resisting the charms of beautiful women. Miss Stephanie is so beautiful and has a great figure. It's normal for Mr.

Connor to lose control!" The driver said with a smile to Thomas.

Thomas glanced at the driver coldly and said expressionlessly, "I'm not worried that Mr. Connor won't be able to resist, I'm worried that he will resist!"

"Why?" The driver asked, looking puzzled.

Thomas took a deep breath and didn't answer the driver's question.

On the other hand, in the presidential suite.

Stephanie took off all of Connor's clothes, then took the initiative to embrace his neck, slightly opened her alluring lips, and softly said to Connor, "Come on, didn't you want me to have your baby?"

Upon hearing her words, he instinctively paused, then suddenly stopped his actions and looked at the enchanting face in front of him with some panic.

After seeing Connor stop his actions, a trace of confusion flashed through her eyes. She asked with an puzzled expression, "Connor, what's wrong with you?"

He remained silent.

But in his mind, Freya's words kept repeating!

"Connor, think carefully about what you really want!"

These words were like a spell, constantly echoing in his mind.

"Was this really what he wanted?" he wondered.

He couldn't understand why he had decided to sleep with Stephanie today!

He knew that there must be a reason behind Stephanie's unusual behavior today.

"What was her purpose in doing all this?" he pondered.

This series of questions kept echoing in his mind.

"Connor, what's wrong with you? Continue!"

At this moment, Stephanie's voice rang out again, filled with temptation.

He took a deep breath, then reached out and grabbed her delicate chin, gritting his teeth as he asked in a low voice, "Are you trying to seduce me?"

Upon hearing his words, Stephanie instinctively paused for a moment, then stuttered, "Connor, what are you talking about? Wasn't it you who wanted to sleep with me?"

"I'm asking you, are you currently trying to seduce me?"

He fiercely grabbed her chin, his expression angry as he shouted.

"You... Weren't you the one who said you wanted to sleep with me?" she shouted with wide eyes.

"You want to use me, don't you?"

He gritted his teeth and spoke in a low voice.

“Use you?”

Although she knew that he had seen through her plan, she still pretended to be clueless, looking innocent as she said, “Connor, what are you talking about? When did I use you?”

“Stephanie, I advise you not to play tricks with me, otherwise, I’ll make sure you have a terrible end!”

His gaze turned fierce as he shouted at her.

“Connor, what are you talking about? You were the one who said you wanted to sleep with me before. Why are you saying these now?”

She pushed him away, feigning anger and embarrassment as she yelled at him in an agitated tone.

“You know very well what I mean. You know what you want, and I’ll hand you over to Thomas. You better pray that he will go easy on you!”

As Connor spoke, he picked up his clothes from the ground and put them on.

“No, Connor, what do you mean?”

Stephanie rushed towards him like she had gone mad, her expression filled with anger as she yelled at him.

“I already made myself clear just now. You know very well what I mean!”

He replied with a cold expression, pushing her aside and turning to walk out of the room.

Stephanie stared blankly at Connor’s back, her eyes filled with confusion. She couldn’t understand how he had discovered her plan to use him!

“How is it possible? How could he know that I was using him?”

She stood in a daze, her face expressing extreme disbelief.

After leaving the room, Connor couldn't help but take a deep breath, trying to calm his emotions.

He knew very well that there must be a reason why she had been so proactive today. If he really slept with her, she could likely use this opportunity to threaten him.

After all, if Freya found out about this, he might never be able to inherit the inheritance in his lifetime!

Chapter 406: The Red Pill

After a while, Connor walked out of the hotel.

When Thomas saw him walking out alone, a trace of surprise flashed across his eyes.

However, he quickly calmed down and hurriedly pushed open the car door. Then, he quickly walked toward Connor.

“Mr. McDonald, what's the situation on your side?”

Thomas knew very well that Connor probably didn't do anything to Stephanie. Otherwise, he wouldn't have come out so quickly.

“Stephanie is still in the room. I'll leave that woman to you!”

Connor replied to Thomas expressionlessly.

“Mr. McDonald, what is going on?” Thomas asked in a low voice.

Connor looked at Thomas and said, "This woman is very vicious. She wants to use this matter to threaten me. I don't want her to have anything on me, so you should help me deal with her!"

"She wants to use you?"

After Thomas heard Connor's words, a trace of confusion flashed across his eyes.

"Yes, I think she took the initiative to seduce me. Then, when I really have sex with her, she will use that to blackmail me!"

Connor lightly nodded.

"So it's like this..."

Thomas looked at Connor and nodded thoughtfully. Thomas did not expect Connor to be able to remain calm and think about these things when faced with the temptation of a beautiful woman like Stephanie.

If it were any other man, he would probably have lost control long ago.

"I'll leave the rest to you!"

Connor looked at Thomas and softly instructed him, then directly walked toward the street.

Thomas stood there and hesitated for two seconds. He sighed softly and waved at the driver in the Bentley. After the driver understood what Thomas meant, he pushed open the door and got out of the car.

"Have you brought everything I asked you to prepare?"

Thomas asked the driver softly.

“President Morgan, don’t worry. I’ve already brought everything!”

The driver nodded.

“Good!”

Thomas replied lightly, then walked straight to the Panorama Hotel.

After entering the hotel, Thomas had a simple conversation with the receptionist at the front desk and asked for Stephanie’s room number. Then, he brought the driver upstairs.

A few minutes later, Thomas gently pushed open the door to Stephanie’s room.

At this moment, Stephanie was already neatly dressed and sitting quietly on the sofa.

Until now, she still could not understand why Connor would suddenly react. She also could not understand why she had missed.

However, Stephanie knew that Thomas’s men were waiting outside the hotel, so she didn’t choose to run away. After all, the entirety of Porthampton was Thomas’s territory; without Yannick’s help, Stephanie would never be able to leave Porthampton City.

After Thomas entered the room, he whispered to Stephanie, “Miss Lee, I didn’t expect you to fail!”

“President Morgan, what do you mean?”

Stephanie looked up at Thomas and replied with an indifferent expression.

Thomas walked up to Stephanie and sized her up. He said softly, "I don't mean anything. I originally wanted you to give birth to a child for Mr. McDonald and help him deal with the Lee family. However, I didn't expect you to plan to beat me at my own game and use this to threaten Mr. McDonald. However, what I didn't expect the most was that Mr. McDonald could actually see through your scheme..."

"Hehe, you and I have underestimated Connor. He's not as simple as we think!" Stephanie replied with a smile. Then, she looked up at Thomas and asked him softly, "Since my scheme has been seen through by you, how do you plan to deal with me now? Are you going to kill me or let me go?"

"I feel that it's a pity to kill you, but I also don't really want to let you go just like that. So, I thought of a way just now. It can help you and Mr. McDonald, and at the same time, make you admit your defeat wholeheartedly..."

After Thomas said this, he turned his head and gave the driver a look.

When the driver saw Thomas's gaze, he walked straight to Stephanie and whispered to her, "Miss Lee, excuse me!"

"You... What are you doing?"

When Stephanie heard the driver's words, a trace of fear flashed across her eyes. She quickly stood up and shouted at the driver with an excited expression.

The driver did not answer Stephanie's question. Instead, he reached into his clothes and took out a red pill.

"What is this? What are you planning? Thomas, let me tell you, I'm a member of the Lee family. If you dare to kill me, the Lee family will definitely not let you off!"

At this moment, Stephanie seemed to have gone crazy as she shouted at Thomas with an unusually excited expression.

"Miss Lee, I've already told you just now. It would be a pity if I killed you!"

A sinister smile appeared on Thomas's face, and he shouted at the driver coldly, "Do it!"

After hearing Thomas's words, the driver did not hesitate at all. He immediately grabbed Stephanie's chin and threw the red pill he was holding into Stephanie's mouth.

Mmph...!"

The driver covered Stephanie's mouth and then shook her head frantically.

The pill slowly slid down Stephanie's throat and finally entered her stomach.

Thomas stared at Stephanie without blinking. There was no expression on his face.

After the driver saw Stephanie swallow the pill, he let go of her chin and turned back to Thomas's side.

"You... What did you feed me just now? What are you going to do?"

Stephanie sat on the ground and shouted at Thomas with an unusually desperate expression.

Thomas narrowed his eyes and said coldly to Stephanie, "Originally, if you could bear a child for Mr. McDonald, this matter would be over. However, you didn't cherish this opportunity. I'm different from Mr. McDonald—he might be a little soft-hearted towards you, but I've always been unscrupulous in doing things..."

"Thomas Morgan, what did you feed me just now? What do you want?"

Stephanie shouted at Thomas again.

"You'll know what I want to do in a while!"

Thomas replied indifferently, then walked to the sofa and slowly sat down..

Chapter 407: Becoming Mr. McDonald's Servant

Stephanie gritted her teeth as she looked at Thomas, who was sitting on the sofa. Then, she got up and prepared to leave the suite.

“Ah!”

However, before she could reach the door, an unprecedented pain engulfed Stephanie's entire body. She screamed and fell to the ground.

Thomas narrowed his eyes and looked at Stephanie, who was lying on the ground. His expression was still very calm.

“Thomas Morgan, you...What did you feed me just now?”

Stephanie said to Thomas as she lay on the ground with a pale face. At this moment, she felt as if there were countless ants crawling inside her body. These ants kept eating away at her internal organs. This feeling was simply worse than death.

However, Stephanie did not have the slightest strength to resist. She could only let this feeling eat away at her body.

For most people, death was not scary. What was scary was the fear when facing death. That was the real fear!

At this moment, Stephanie was in such a state. In the beginning, she did not feel afraid, but later on, Stephanie realized that she was in so much pain that she could not speak. The fear in her heart began to slowly rise.

“Stephanie, the pill I gave you just now is called the Erosion Pill. I asked someone to bring it back from the southern border, but I never had the chance to use it. It’s said that people who eat the Erosion Pill will have a relapse every other week. When the relapse occurs, it’s as if countless ants are gnawing at your body. Although this feeling won’t cause any substantial harm to your body, it can make you crave the sweet release of death. This feeling will always torture you. Each episode will last for nearly half an hour!”

Thomas sat on the sofa and explained to Stephanie in a very vicious tone.

The driver standing behind Thomas was also very surprised because it was the first time he had heard of the Erosion Pill.

Thomas’s tone was very calm just now, but after Stephanie heard Thomas’s words, her body began to tremble uncontrollably, and her face turned abnormally pale.

She had never thought that Thomas would be so ruthless as to use such a vicious method to deal with her!

“Thomas, you’re really too vicious. You’re simply a demon!”

Stephanie shouted as if she had gone crazy.

At this moment, Stephanie had completely lost her mind. She could no longer maintain her calm facade. Although she had experienced many things that ordinary people had never experienced since she was young, she still exposed her true nature at this time. To put it bluntly, Stephanie was just an ordinary woman at this moment.

“Thomas, you’ll die a horrible death. I... I will definitely...”

Stephanie looked at Thomas and scolded him fiercely. However, before she could finish her sentence, an intense pain swept through her entire body.

“Ah...”

Stephanie let out a miserable cry. Then, she fell to the ground and struggled.

At this moment, she felt that her entire body was covered in ants. These ants were crazily gnawing at her body, her internal organs, and her bone marrow. If one hadn't experienced this feeling personally, they wouldn't be able to understand how much pain Stephanie was in.

She felt like she was being torn apart.

"I... I beg you, kill me, quickly kill me..."

Stephanie shouted at Thomas who was sitting on the sofa.

At this moment, there was only one thought in her mind, and that was to end herself quickly because she did not want to endure such torture anymore!

Thomas looked at Stephanie on the ground expressionlessly. He did not say a word and just watched quietly.

"Ah...Ah..."

Stephanie's scream echoed in the room. At this moment, her beautiful face had become ferocious. Her eyes were bloodshot and her veins were bulging. She looked like a demon. She had long lost the flirtatious charm she had when she seduced Connor.

"Thomas, I beg you, please lull me quickly, please..."

Stephanie knelt on the ground and begged Thomas for mercy.

"Miss Lee, I've already made it very clear to you just now. I won't kill you so easily!" Thomas said lightly.

“Then what exactly do you want me to do?”

Stephanie shouted, hysterical.

Thomas turned his head and gave the driver a look. The driver immediately understood what Thomas meant. He hurriedly took out a white pill from his pocket and walked in front of Stephanie. He said softly to Stephanie, “If you don’t want to be tortured to death, then eat this antidote!”

After Stephanie heard this, she did not hesitate at all. She quickly reached out and snatched the antidote, then threw it into her mouth!

After taking the antidote, Stephanie could clearly feel that the pain in her body had lessened by a lot. The feeling of eating away at her body seemed to have slowly disappeared.

A few minutes later, Stephanie had turned back into the sexy and enchanting woman from before. However, there was a hint of fatigue in her eyes and her hair was very disheveled.

However, no one knew what Stephanie had experienced in just those few minutes.

“Miss Lee, the poison is still lingering in your body. Moreover, there is no permanent antidote for this poison. Every other week, you will experience the feeling of your bones being eaten away. The only way for you to be free is to die...”

Thomas said to Stephanie expressionlessly.

“Thomas Morgan, what are you trying to do? You’re a demon!”

After hearing Thomas’s words, Stephanie’s delicate body trembled slightly, and her expression darkened.

“Miss Lee, don’t worry. I still have an antidote in my hands. As long as you take this antidote on time every week, the poison of the Erosion Pill will not take effect in your body. So, from now on, you just

have to listen to me. I will send someone to deliver the antidote to you every week. But if you don't listen to me, don't blame me for being rude..."

Thomas continued to threaten Stephanie.

When Stephanie heard this, she could not help but be stunned for a moment. Then, she shouted excitedly at Thomas, "What exactly do you want? Why are you torturing me like this?"

"I want you to be Mr. McDonald's servant for the rest of your life. From today onwards, he is your master. Do you understand?"

Thomas's eyes flashed with a hint of ruthlessness as he said to Stephanie coldly.

"Be Mr. McDonald's servant?"

When Stephanie heard this, she could not help but be stunned..

Chapter 408: What Will You Choose?

"Be Mr. McDonald's servant?"

After hearing Thomas's words, a trace of despair flashed across Stephanie's face.

Only now did she understand what Thomas's purpose was.

"I originally wanted you to give birth to a child for Mr. McDonald so that we could control you. However, I didn't expect you to have evil intentions towards Mr. McDonald and want to use this matter to threaten him."

Thomas said calmly to Stephanie.

When Stephanie heard this, a trace of despair flashed across her beautiful eyes.

At this moment, she finally realized why Thomas said that she did not cherish this opportunity.

Because now it seemed that being able to give birth to Connor's child was also a good thing!

"You only have two choices now: the first choice is to be tortured to death by the Erosion Pill. The second choice is to be a servant of Mr. McDonald obediently and do whatever he asks you to do. I will get someone to deliver the medicine to you every week. In this way, I can guarantee that you will never experience the pain like before again."

Thomas whispered to Stephanie.

"When will the poison of the Erosion Pill completely disappear from my body?"

Stephanie hesitated for a moment before asking Thomas in a low voice.

"In ten years!" Thomas replied indifferently.

"Ten years!"

Stephanie's eyes flashed with despair when she heard this. She gritted her teeth and shouted, "Thomas Morgan, you're really vicious! You're actually prepared to use this thing to torture me for ten years..."

"I'm vicious?"

When Thomas heard Stephanie's words, he could not help but sneer. Then, he said softly, "If you hadn't framed Mr. McDonald, and if you didn't realize your mistake today and try to blackmail him, would I have used this method to deal with you today?"

"You..."

Stephanie stared at Thomas, unable to say a word. She knew that she had brought this upon herself.

“I don’t have time to talk nonsense with you now. What do you want to choose?”

Thomas asked Stephanie expressionlessly.

“I... I’m willing to be Mr. McDonald’s servant. Mr. McDonald will be my master from now on. I’ll do whatever Mr. McDonald asks me to do!”

Although Stephanie wanted to do anything else but this, in order to protect her life, she could only choose to submit at this moment.

“From now on, on the first of every month, I will get someone to send you the antidote. As long as you take the antidote before your illness acts up, nothing will happen to you,” Thomas said.

“Understood...”

Stephanie nodded lightly.

After Thomas heard Stephanie’s answer, he did not continue to waste his breath on her. He stood up and walked out of the room.

The chauffeur glanced at Stephanie with a complicated look in his eyes. He turned around and left with Thomas.

A few minutes later, Thomas and the driver returned to the Bentley.

After getting into the car, the driver turned to look at Thomas and said softly, “President Morgan, didn’t that woman just take the antidote? Wasn’t there no more poison from the Erosion Pill in her body?”

H H

After Thomas heard the driver's words, he looked up at the driver and said expressionlessly, "If I tell Stephanie now that she has already taken the antidote, do you think she will still be so obedient?"

"So that's what's going on!"

The driver sighed softly and then asked with a puzzled expression, "Then, President Morgan, what if Stephanie finds out?"

"That won't happen..." Thomas shook his head gently and said in a low voice, "The pain of the Erosion Pill is not something that ordinary people can withstand. As long as Stephanie has experienced it once, she will never forget it for the rest of her life. Therefore, she won't have the guts to not take the antidote..."

"That's true. President Morgan, you're very cunning!" the driver said with a smile.

Thomas looked at the scenery outside the window and hesitated for a moment. Then, he sighed softly and said, "Mr. McDonald has just come into contact with these things. There are some things that he can't bear to do, so only I can do it for him. Don't tell Mr. McDonald about this today."

"Good!"

The driver nodded and started the car.

On the other hand, after Connor left the Panorama Hotel, he had no idea what Thomas had done to Stephanie, nor did he know what had happened in the presidential suite just now.

Of course, Connor did not care about these things; at this moment, he was still thinking about Freya, so he could not do anything to let her down.

Connor hailed a taxi and went straight to the Empire World Building.

At first, Connor thought that he might lose the qualification to get the inheritance, so he wanted to squander the property in his hands and finally experience the life of a rich person. Therefore, he bought a limited edition Ferrari sports car at the 4S showroom.

However, because of the conversation with Thomas yesterday, Connor's plans were disrupted. In addition, Connor was in the habit of walking around everywhere, so when he went home last night, he'd actually forgotten that he had a sports car in the parking lot of the Empire World Building.

When he left the Panorama Hotel, Connor suddenly remembered that he still had a sports car, so he planned to get it first before looking for Chloe.

Back then, Connor had promised Chloe that as long as he could regain his status as a rich man, he would buy all the remaining houses in their real estate.

Now that he had regained his identity as the heir, he had to fulfill his promise to her.

Connor had never had a good impression of Chloe before because he felt that she was very materialistic. He'd thought that the reason why she was so good to him was that she wanted to get some benefits from him.

However, when Chloe knew that Connor might become a pauper, she could still clearly say that she would be friends with Connor. It really touched him deeply.

Connor felt that Chloe might not be as unbearable as he thought.

After arriving at the parking lot, Connor briefly recalled where he had parked his car, and then began to look for it in the parking lot.

However, not long after Connor left, he suddenly found a large group of people surrounding his sports car and discussing something in low voices.

Most importantly, there was a little girl crying beside the sports car.

When Connor saw this scene, he couldn't help but be stunned for a moment.

Then, he walked towards the crowd..

Chapter 409: Chance Meeting with Melissa Sachs

In the parking lot of the Empire World Building.

Connor originally thought that his Ferrari was too cool, which was why it attracted so many people to watch.

However, when Connor walked in to take a look, he realized that something was wrong.

The rear of his sports car was severely deformed, and there was a pink BMW Mini parked behind the Ferrari.

The BMW Mini's hood also had very obvious collision marks!

It was obvious that Connor's Ferrari had been hit by this BMW Mini, and from the degree of distortion of the rear of the sports car, it could be seen that the impact was no light tap!

After Connor saw this scene, the expression on his face was abnormally helpless. He had only bought this Ferrari for a few days, yet it was already damaged by someone. Connor really did not know if he was lucky or unlucky!

"Little girl) hurry up and call your parents. Don't cry here..11

"That's right, young lady. I heard that this car is a limited-edition Ferrari. It costs at least tens of millions. If you crash into someone else's car like this, the owner will definitely come after you later..."

"With such a crash, the repair fee should be at least one or Two million!"

The onlookers surrounding the sports car began to persuade the girl who was squatting on the ground.

After the girl heard everyone's words, she cried even harder.

Seeing this scene, Connor instantly understood that the person who hit his sports car was probably the girl who was crying on the ground.

Because the girl had been hiding her head between her legs and crying, Connor could not see the girl's face clearly.

However, just by looking at her figure, this girl was not bad.

She was wearing a light blue strapless top and a black leather miniskirt. The miniskirt was wrapped tightly around her slender legs, and her fair legs were covered with black stockings. She was wearing a pair of high heels, and her exquisite face was paired with her jet-black curly hair. She looked very beautiful.

"I just don't know what this girl looks like!"

Connor could not help but sigh softly in his heart. Then, he secretly made a decision in his heart. If the other party was a beautiful woman, then he would forget about today's matter.

Perhaps this Ferrari might be a priceless existence in the eyes of others, but in Connor's eyes, it was nothing at all. Even if he smashed this sports car, Connor wouldn't even blink.

Therefore, Connor directly walked up to the girl and said softly, "Hello, I m..."

When the girl heard Connor's words, she instinctively thought that the owner of the sports car had arrived, so she slowly raised her head.

When the girl saw Connor, she was stunned on the spot.

When Connor saw the woman, he was also dumbfounded.

What Connor saw was a breathtakingly beautiful face and seemed to be about the same age as Connor. Her jet-black hair was casually draped over her shoulders, and her chest was rather ample, as if it could break free from the shackles of her clothes at any time.

The woman in front of him could be said to be the best of the best. Her figure and appearance were not much inferior to those celebrities who relied on their looks to make a living on television!

Perhaps it was because the girl had just cried, but her eyes were red and swollen. Her big, watery eyes looked very teary, giving people a pitiful feeling.

Any normal man, upon seeing a girl like this, would not help but want to pull her into his arms and take good care of her.

“Connor, why is it you?”

At this moment, the girl suddenly shouted at Connor.

After Connor heard the girl’s words, a hint of helplessness flashed across his eyes, and his expression shifted into one of tiredness.

He had never expected to meet this girl here!

When Connor first came to Porthampton University to study, the school required everyone to join a club. Connor didn’t have any hobbies at that time, so he randomly chose to join the Zither club.

At this time, the girl who hit Connor’s car was none other than the president of the zither Club of the Porthampton University, Melissa Sachs!

Although Connor had joined the zither club, he rarely took part in the club's activities because he had to deliver food and would often ask Melissa for leave. After a few times, they got to know each other.

In Connor's impression, Melissa was a pretty good girl. Not only was she beautiful, but she was also very kind. At the very least, she was much better than the average rich girl. Her personality was very approachable.

Melissa knew that Connor's conditions were not very good, so every time Connor came to ask for leave, Melissa would agree very quickly. Moreover, she would usually take the initiative to introduce some part-time jobs to Connor.

The most important thing was that Melissa had never asked Connor for the club fees. The Zither Club needed to pay a large sum of money every year to maintain the maintenance and upkeep of the zithers they played, and this cost was spread across equally by the members.

Melissa knew that Connor's family was not well off, so she had never asked Connor for the money.

Connor looked helplessly at Melissa and stuttered, "Miss Sachs, why are you here?"

At this moment, Connor was still very devastated. If the person who hit his car was a stranger, then Connor could completely expose his identity and let her leave.

But what Connor never expected was that the person who hit his car was actually Melissa!

Although Freya already knew Connor's identity, he still did not want too many people in school to know about him.

As the saying goes, if you're poor in the city, no one will care about you, but if you're wealthy in the mountains, everyone will try to become your family member.

If others knew that he was rich, it would definitely bring some unnecessary trouble.

Therefore, when Connor looked at Melissa, he didn't know what to do.

"President Sachs, what's going on?"

Connor frowned and asked Melissa.

"What else could it be? When I was reversing my car just now, 1 accidentally hit this sports car. I'm waiting for the owner to come over now. I heard that this sports car seems to be quite expensive..."  
Melissa said pitifully to Connor.

Connor stood there and hesitated for two seconds, then said in a low voice, "Well, President Sachs, why don't you leave first? Leave this matter to me!" "Leave it to you?"

After Melissa heard Connor's words, she was stunned on the spot. Her expression was one of surprise..

Chapter 410: Are You Trying to Run?

"Leave it to you?"

Melissa, who was sobbing on the ground, was stunned when she heard Connor's words. Her face was filled with disbelief because she didn't know what Connor meant!

"That's right, Miss Sachs. Drive away now. Leave the rest to me!" Connor repeated.

Connor didn't want to expose his identity in front of Melissa, so he could only get her to leave first. After she left, he would drive the sports car out.

"But 1 hit this sports car. How are you going to explain it to the owner?" Melissa asked Connor in confusion.

When the passersby around Melissa heard Connor's words, they all revealed disdainful expressions.

“Young man, now is not the time for you to be a hero. Do you know how much this sports car is worth?”

A middle-aged man in a suit stood up and shouted at Connor.

“Yeah, I heard that this sports car seems to be a limited edition Ferrari. It costs at least 10 million dollars. Now that this girl has crashed into someone else’s car, and it’s so serious, she’ll have to pay at least one or two million dollars. Do you have that much money to help her pay?” a middle-aged woman also shouted.

“Young people these days really don’t know the immensity of heaven and earth. In order to show off in front of girls, they don’t even know their own worth. They actually dare to boast shamelessly that they can solve anything.”

Everyone saw Connor, who looked like a loser, and this coupled with the fact that the Ferrari was indeed very expensive and that the maintenance cost was not something that ordinary people could afford, they all felt that Connor could not afford the maintenance cost of this car at all, and they all began to mock him.

After Connor heard everyone’s mockery, he turned his head and looked at these people indifferently, but did not argue with them.

Instead, he turned to Melissa and said, “Miss Sachs, you’d better leave quickly. I’ll definitely be able to help you settle the rest of the matter...”

“Connor, I’m really grateful that you stood up to help me at this time, but I know that this car is very expensive and the maintenance cost is very high. This money is not something you can afford, so you’d better leave quickly...”

Melissa thought for a moment and rejected Connor.

Melissa felt that since Connor could stand up and say these words at this time, it meant that Connor definitely did not realize how serious this matter was.

In Melissa's eyes, Connor was just a poor student. It was normal for a poor student to not know how expensive this sports car was.

After Connor heard Melissa's words, he was instantly speechless. He didn't know how to explain, but he knew that Melissa rejected him at this time because she didn't want to implicate him.

"Miss Sachs, I can really resolve this matter. Please leave quickly!"

Connor didn't waste any time talking nonsense and directly reached out to grab Melissa, who was squatting on the ground, and pulled her up.

"Connor, what are you doing? Quickly let go of me..."

Melissa saw Connor grab her arm and struggled with all her might.

Connor didn't bother with Melissa. Even if he explained it to her, she probably wouldn't believe him.

Therefore, he could only ask Melissa to leave as soon as possible and then drive the sports car away.

Connor dragged Melissa to the side of the BMW, then reached out and pulled open the door of the BMW, pushing Melissa into the BMW.

"Connor, what are you doing? I've already told you that this matter isn't something you can solve. Why are you showing off? Do you know how much this car is worth? In a while, the driver will come over and ask you for money. What are you going to give him?"

Melissa sat in the BMW and shouted excitedly at Connor.

After Connor heard Melissa's words, he couldn't help but hesitate for a moment. Then, he whispered, "Miss Sachs, let me tell you the truth. This sports car belongs to my friend. If he comes over later and finds out that you hit his car, he will definitely make you pay for it. You know how expensive this sports car is. You definitely can't afford the repair fees, so you should hurry up and drive away..."

“If I leave, what will happen to you?”

Melissa was stunned for a moment and asked Connor with a puzzled expression.

“When my friend comes later, I’ll tell him that his car was hit. My friend also knows that I don’t have money, so he definitely won’t hold it against me. If you don’t want to lose everything because of this matter, then you should leave quickly...”

Connor said to Melissa with a serious expression.

Melissa finally understood what Connor meant. She asked in a low voice, “Connor, if I leave now, you’ll really be fine, right?”

“Miss Sachs, why would I lie to you? I don’t have any money on hand to pay for the repair of this sports car. My friend also knows my situation, so he definitely won’t ask me for this money. At most, he will scold me!”

Connor replied with a smile and then continued, “Do you think it’s more appropriate for me to be scolded or for you to compensate my friend until you go bankrupt?”

Melissa looked at Connor in front of her, and her expression was indescribably touched. She hesitated for a moment before saying softly, “Connor, thank you so much for today’s matter...”

Miss Sachs, why are you being so polite with me? Hurry up and drive away...”

Connor looked at Melissa with a faint smile, then reached out and closed the car door.

The innocent Melissa felt that what Connor said just now was true. If this sports car really belonged to Connor’s friend, then he really had a way to solve this problem.

Melissa definitely couldn't afford the repair fee of one or two million dollars, so she hesitated for a moment and thanked Connor again before starting the car.

After Connor saw Melissa start the car, he finally let out a sigh of relief. No matter what, as long as Melissa was taken away, the rest of the matter would be easy to solve.

"Hey! What are you two doing? Are you trying to run?"

However, before Melissa drove away, two men in security uniforms rushed towards Melissa and Connor.

When Connor saw the security guard coming over, he shouted in his heart, "Miss Sachs, hurry up and drive away. What are you waiting for?"

"Stop right there! Neither of you can leave today!"

After the security guard heard Connor's words, he hurriedly shouted at the top of his voice..
