

Getting \$10 Trillion Out Of Nowhere - Chapter 41 - Chapter 41: Being a Toyboy

Hearing Connor McDonald's words, Freya Phillips could not help but feel stunned.

She never thought Connor to be so brilliant. He reacted instantly.

"Connor, I know your situation. You are short on money right now, right?"

"As long as you agree to three of my conditions, I will give you 10,000 dollars per month for your living expenses as compensation!"

Freya said softly to Connor.

"Are you planning to keep me as a toyboy?" Connor asked with a playful smile.

"Think whatever you want!"

Freya replied disdainfully, then, she continued, "With your current financial situation, 10,000 dollars per month won't be a small amount for you. You can sleep on it. As long as you agree to these three conditions, we can go to collect the marriage certificate any time!"

After listening to what Freya had to say, Connor seemed to realize something.

The three conditions that Freya had proposed were very unreasonable.

Even if Connor agreed to marry Freya, he would be no different from being a celibate.

Freya was definitely out of Connor's league, but Connor couldn't do anything about the situation. Moreover, even if Freya was looking for an extramarital companion, Connor didn't have the right to intervene.

This was obviously a humiliating experience for Connor. No man would agree to such conditions!

Moreover, Freya planned to provide Connor with 10,000 dollars every month.

It was even more undignified for a man to receive money from a woman for his living expenses.

'Freya must have been forced to go on a blind date with this broke chap. Now, she is deliberately humiliating Connor so that he will back off!

'The three conditions that Freya raised earlier were so over-the-top. Connor will definitely not agree with them. Freya is so brilliant!'

Maya Phillips, standing nearby, could not help but praise Freya silently.

"I think 10,000 dollars a month is too little, isn't it?"

Right then, Connor's voice suddenly interrupted Maya's thoughts.

'What? This bastard agreed? Is he so shameless?

'Not only did he agree, but he also claimed that 10,000 dollars a month are too little? What kind of person is Connor?'

Maya stared at Connor in disbelief.

At this moment, Maya despised Connor to the core. She had thought that Connor was just a little shameless.

But now, she felt that Connor was very shameless and didn't have a shred of dignity at all.

"If you think 10,000 dollars are too little, what do you think about 20,000 dollars?"

Freya didn't think that Connor would agree to her unreasonable requests either. She couldn't help but feel stunned for a moment before asking softly.

"Alright, 20,000 dollars per month it is. I agree to your conditions!"

Connor replied casually.

"You... you are agreeing for real?"

Freya asked in disbelief when Connor so readily agreed.

“Yeah, 20,000 dollars a month is not a small amount! How many takeouts do I have to deliver to earn 20,000 dollars?”

Connor replied with a smile.

“You don’t mind if I sleep with other men?” Freya continued.

“I don’t mind. Besides, you will be giving me 20,000 dollars every month for my living expenses anyway. So, you can do whatever you want...” Connor teased.

Looking at Connor’s shameless grin, Freya was rendered speechless and was thoroughly disappointed.

She simply couldn’t understand how a man could go so low.

At this moment, Connor’s thought was straightforward. Since Freya didn’t like him that way, there was no need to force Freya to marry him.

Although Freya had a great figure and was very good-looking, it won’t make things sweet if he were to force it.

Connor agreed to marry Freya only to fulfill the requirements of the will, and Freya wanted to marry Connor only to save the Phillips family.

Both parties took what they needed and played along.

Connor only pretended to be like a gold digger earlier to hide his identity.

When Freya and Maya saw Connor agreeing to those three conditions, the contempt toward Connor grew stronger.

At this moment, Connor was a complete loser in their eyes. Why else would Connor agree to such a request?

“This is my business card. You can find my contact information on it. I will transfer to you your living allowance every month after you share your bank account number with me!”

After a short moment of hesitation, Freya took out her business card from her bag and handed it to Connor.

“Okay, thank you, Boss!”

Connor accepted the business card and replied with a smile.

“How can you be so shameless? Do you think it is appropriate for a man to spend a woman’s money?”

Watching the two, Maya couldn’t bear it anymore. She stood up and shouted at Connor.

“I managed to get my living expenses covered by a rich woman based on my capabilities. Do you think anyone would take care of your living expenses just like that even if you wanted to?”

Connor turned to look at Maya and said disdainfully.

“You... you are the most shameless man I have ever met!”

Hearing Connor’s words, Maya was so angry that her face turned red.

“Alright, Maya, get a grip!”

Freya frowned and scolded. Then, she looked at Connor and said, “Do you have anything else to add?”

“Can I ask you a question?”

Connor hesitated for a moment before asking calmly.

“What is it?”

“Do you not want to marry me because I have no money or because you simply don’t like me?” Connor asked softly.

When Freya heard Connor’s question, a hint of confusion flashed across her eyes. She replied softly, “Isn’t that the same thing?”

“No...”

Connor shook his head gently.

“Then, it is because I don’t like you!”

Freya replied firmly, then stood up and said, “As for the wedding date, I will inform you soon!”

“Alright!”

Connor nodded in agreement.

Freya picked up her bag, turned around, and walked out of the room.

Maya glared at Connor and ran out of the room.

After leaving the room, Maya asked Freya, confused, “Freya, are you really going to marry a broke chap like Connor? If you marry him, your life will be ruined, do you get that?”

“Phillips Corporation is facing financial difficulties. I can only solve the problem by marrying Connor!” Freya replied softly.

“But Freya, you’re such an amazing person. How can you marry such a loser? That’s not fair!” Maya said agitatedly.

“As long as he agrees to my three conditions, what does it matter if I marry him?”

“That’s true. Connor is really useless. He agreed to such unreasonable conditions. He even thought the amount of money you offered him was too little. I’ve never met such a shameless person in my entire life!” Maya uttered in disdain.

“Both of us are taking what we need. When Phillips Corporation’s funds are ready, I will divorce Connor. As long as Connor does not touch me, I won’t lose anything!” Freya replied softly.

“Freya, you’re so clever. Connor is such a fool. He even agreed to such conditions!”

When it all suddenly dawned on Maya, she instantly burst out laughing in glee..

Freya Phillips and Maya Phillips left the private room.

New Century Restaurant's manager, Andrew Sullivan, entered the private room where Connor McDonald was.

"Mr. McDonald, I was unaware of who I was dealing with earlier and have offended you. Please don't fire me! I didn't do it on purpose..."

After entering the private room, Andrew seemed nervous as he loudly begged Connor.

When Connor heard Andrew, he slowly raised his head and glanced at him. Then, he said indifferently, "What happened today has nothing to do with you. Don't worry; I won't fire you!"

"Thank you, Mr. McDonald. Thank you, Mr. McDonald!"

Andrew said, unusually agitated.

"Have you told anyone else about my identity?"

Connor knocked on the table and asked.

"No! Earlier, you specifically told me not to expose your identity. I'm the only one in the restaurant who knows about it. No one else knows about it!"

Andrew replied respectfully.

"Good."

Connor nodded slightly and continued, "Oh right, are the two people who mocked me earlier also members of your restaurant?"

"Those two aren't. They came in with their friend!"

Andrew thought for a moment and replied.

"Then, chase them out and cancel their friend's membership while you're at it. But do not expose my identity. Do you understand what I'm saying?"

Connor said indifferently.

Mr. McDonald, don't worry. Leave it to me!"

Andrew said as if he was treading on thin ice.

Connor nodded in satisfaction. He turned around and walked out of the private room without saying anything else.

After seeing Connor leave, Andrew immediately felt relieved and sighed heavily.

Then, he took out his walkie-talkie and shouted into it, "Security, go to private room No. 8 now and chase all the guests out!"

"Roger that!"

After the head of security heard Andrew's order, he hurriedly responded affirmatively.

Andrew already held a grudge against Brandon Guthrie and Mandy Hines. If the two hadn't stepped forward to testify, how could Andrew have offended Connor?

Now that Connor had spoken up, Andrew won't be nice to the two.

Soon after, the security guards chased Brandon, Mandy, and the others who were eating.

"What right do you have to kick us out? Do you know who I am? I am a Platinum Member of your restaurant. Where is your manager? Get him to come out and see me!"

After Brandon's friend was kicked out of the private room by the security guards, he felt very embarrassed and shouted agitatedly.

"I am the manager of the restaurant. You can tell me if you have anything to say!"

Andrew strolled out of the crowd.

"Mr. Sullivan, you came just in time! What's wrong with your security guards? My friends and I were having dinner in the private room. Why did you suddenly kick us out? Are you worried that I can't pay you or something?" Brandon screamed, his eyes bulging.

"Mr. Collins, you should ask your two friends why you are kicked out of the restaurant!"

Andrew turned to look at Brandon and Mandy.

“Why are you asking us?”

Brandon frowned and asked.

Hearing this, Andrew couldn't help but sneer, then he said expressionlessly, “Earlier, you slandered other customers in the restaurant and had made a negative impression on the other customers. That's why I asked the security to kick you out!”

Upon hearing this, Brandon couldn't help but feel stunned for a moment. Then, he realized that it was because of Connor.

“Moreover, you have also implicated Mr. Collins due to this matter. Our restaurant has revoked his membership, so now he has no right to eat here!” Andrew continued.

“Mr. Sullivan, what did you say? My membership has been revoked?”

When Mr. Collins heard what Andrew said, his facial expression immediately turned ugly.

After all, it wasn't easy to obtain a membership card at New Century Restaurant. Mr. Collins had to obtain a membership card through his connection with several relatives. Now, it was suddenly being revoked. Mr. Collins could not accept this.

“Mr. Collins, I'm sorry. The higher-ups ordered this. It has nothing to do with me!”

Andrew replied expressionlessly.

When Brandon heard what Andrew said, his expression instantly darkened.

Brandon knew how important this membership card was to Mr. Collins, and he knew how important Mr. Collins was to him as well.

Today, Brandon came to Mr. Collins' birthday party mainly to curry favor with him.

After all, Mr. Collins' family had a huge bidding project, and Brandon's father's company was also ready to bid.

Earlier in the private room, Brandon had already discussed it with Mr. Collins, and Mr. Collins readily agreed.

But now, because Brandon and Mandy had slandered Connor, Mr. Collins' membership was instantly revoked.

Brandon didn't know how to explain it to him!

"Mr. Collins, you don't have the right to enter the restaurant now. I hope you will cooperate!" Andrew said to Mr. Collins.

"Brandon, who the f*ck did you offend? If you are going to offend someone, don't get me implicated!"

Mr. Collins scolded Brandon angrily.

"Mr. Collins, let me explain!"

Brandon said quickly.

"Explain? My f*cking membership is already gone. Why do you still bother to explain to me? Get out of here now, and don't let me see you again!"

Mr. Collins' membership at the restaurant was unexpectedly revoked, so he was feeling very depressed. After cursing loudly, he turned around and left.

"About the bidding..." Brandon hurriedly shouted after him.

"To hell with that! My luck sucks when I see you!"

Mr Collins scolded him mercilessly.

Brandon was stunned to the spot. He seemed desperate.

He had put so much effort into this for so long, but a single sentence completely ruined him. He wanted just to die now.

"What kind of influence does Connor have? Even if we slandered him earlier, Andrew wouldn't have made such a big fuss out of it, right?" Mandy commented with a frown.

"Connor must have offered Andrew something. These two are clearly in cahoots!"

Brandon gritted his teeth and replied in a low voice before he continued, "I have underestimated Connor before. When I return to school, I will definitely teach him a good lesson!"

Brandon realized that his luck had made a turn for the worst ever since he got together with Mandy. His luck was especially rotten when he encountered Connor.

Therefore, Brandon now hoped to find an opportunity to vent all the anger pent up inside of him in the next few days.

"My darling, so what should we do now? Should we go somewhere else to grab a bite?" Mandy hesitated for a moment before asking Brandon softly.

"F*ck, my cooperation with Mr. Collins has been ruined, and you still have the appetite to eat? Are you a pig?"

Brandon looked at Mandy beside him and scolded her unhappily.

Right now, Brandon's mind was filled with thoughts on how he should explain this to his father when he got home.

After Brandon scolded Mandy, she quickly shut her mouth and didn't dare to say more..

After leaving New Century Restaurant, Connor McDonald had no idea what was happening in there.

He didn't care because he knew that Andrew Sullivan would definitely be able to handle the rest after he left.

"I didn't expect my fiancée to be such a beauty. It's a pity that she doesn't like me at all!"

Connor couldn't help but sigh softly.

Although Freya was very beautiful, it wouldn't be an exaggeration to say that she was stunning.

However, it wasn't nice to force it. Connor understood this much.

Either way, Connor only needed to fulfill the requirements in the will to get the inheritance without hiccups.

Moreover, Connor felt that the status of his relationship with Freya suited him well anyway. They got what they wanted. She could look for a man she liked, and Connor could also look for a woman he liked.

Connor was no longer the same person he was before. Naturally, he could not be without a woman by his side.

"Hi, sir. We have new property available here. Would you like to come in and take a look?"

At this moment, a delicate and pretty young woman in a white one-piece dress with a ponytail approached Connor and spoke with a smile.

When Connor heard this, he could not help scanning the young woman before him. Although she dressed very ordinarily, she looked charming. At the very least, she was prettier than Mandy Hines, May Young, and the others.

Her large, shiny eyes were bright and lively. Her long and fair legs were exposed, making him want to touch her.

"I'm sorry, I have something to do later!"

At this moment, Connor was thinking about what Freya had told him, so he was not in the mood to look at the property.

After saying that, Connor turned around and was about to leave.

"Sir, please come in and take a look. Just treat it as doing me a favor!"

The beautiful young woman saw that Connor was about to leave, so she hurriedly called out in a low voice.

"A favor?"

Connor could not help but feel stunned for a moment, then he asked in puzzlement, "How do you want me to help you?"

"I'm a student of Porthampton University. My name is Lily Schmidt!"

The young beauty said softly to Connor.

“So?” Connor asked.

“Every weekend, I work part-time at the property showroom to distribute flyers. But we have some key performance indicators to hit when we distribute flyers. Every day, we have to get ten customers to go to the showroom to look at the properties. Only then can we get paid for today’s work.

“I have only gotten nine customers since this morning without taking any breaks. Now it’s almost time to get off my shift. Can you help me with this?” Lily explained anxiously.

Connor hesitated for a moment when he heard what Lily said.

Connor considered whether he should purchase a house last night, anyway.

Coincidentally, he bumped into Lily today. It was indeed not an easy feat for such a young lady to hand out flyers here, so he nodded and said, “Alright then, I’ll go in with you to take a look!”

“Thank you. You’re a good person!”

Lily replied happily after Connor agreed.

“No need to thank me!”

Connor replied with a smile.

“Follow me...”

Lily hurriedly led Connor to the showroom.

Not long after, Connor reached the showroom with Lily’s lead.

But just as he was about to walk into the showroom, Connor heard a woman’s angry shout, “Lily Schmidt, what are you doing? Why do you bring every Tom, Dick, and Harry to the showroom? What is wrong with this person?”

When Connor heard that, he raised his head and looked over.

He saw a sexy uniformed beauty walking out of the showroom in a pair of high heels.

The uniformed beauty was around 25 years old and looked extremely charming. Especially her pair of seductive eyes, it was as if they could bore into one's soul and seduce them.

Her beautiful figure was tightly wrapped in a black uniform. Her collar revealed a glimpse of snow-white skin, and her bosom was almost bursting out of her blouse.

Looking down further, he saw a pair of slender, fair legs in tight black stockings, unreservedly exposed.

This woman gave Connor the feeling of a seductress, unusually sexy and charming.

"Ms. Lawson, he's a customer I just got!" Lily explained to that woman, a little fearful.

"Customer?"

After the female manager heard this, she looked at Connor with disdain.

Then, she pouted, sneered, and said, "Oh Lily, my dear Lily. Say, is there something wrong with your brain? Do you think this person can afford to buy a property? He probably can't even afford a toilet. Even if I have expectations for you, you can't just randomly find a scrap collector to fill the bill, right?"

After Lily heard what was said, she looked at Connor awkwardly. It was indeed so; Connor did not seem dressed like someone who could afford a property today.

"Lily, this person doesn't count. There are only ten minutes left before wrap-up. Hurry up now and find me another customer!"

The female manager shouted at Lily impatiently.

"Yes, Ms. Lawson!"

Lily replied nervously, then turned around and walked out of the showroom.

But Connor reached out and pulled Lily back. Then, he looked at the female manager playfully and asked, "How do you determine who is a worthy customer?"

“How do I determine who is a worthy customer?”

When the female manager heard this, she couldn't help but laugh coldly. Then, she narrowed her eyes and said, “Of course, it's someone who can afford to buy a house!”

“So, how can you be so sure that I cannot afford to buy a house?”

Connor looked at the female manager and asked with an extremely calm tone.

When the female manager heard what Connor said, she couldn't help but feel stunned for a moment. Then, she carefully looked at Connor and immediately covered her mouth and laughed coquettishly.

As for the other employees in the showroom, when they heard what Connor said, they, too, laughed out loud. They looked at Connor with disdain.

“Kid, I don't know if other people can afford it, but you definitely can't! Do you know how much the properties here cost per square foot? Do you know how much the properties here are worth?”

The female manager walked up to Connor in her high heels and asked provocatively.

“I don't...”

Connor looked at the female manager and shook his head gently.

“Let me tell you, the cheapest villa here costs close to ten million dollars. Do you think you can afford that? Can you even enter such a place?”

The female manager looked at Connor and continued.

“Ten million dollars? That expensive?”

Connor pretended to be shocked as he exclaimed.

“Now you know!” The female manager couldn't help but sneer, then she continued, “I advise you to be a little self-aware. A loser like you wouldn't be able to afford a mere toilet here even if you were to not eat or drink for the rest of your life.. I advise you to stop wasting time and get out of here!”

Looking at this sexy beauty before him, Connor could not help but feel like laughing.

Perhaps she did not know that standing before her at this moment was an influential person that was Connor.

Buying the entire property here was a child's play to Connor, much less a villa.

"Mr. McDonald, I'm really sorry. Why don't we go outside?"

Lily Schmidt stood next to Connor and said to him with an apologetic expression.

Lily, too, felt that the properties here were not something a person like Connor could afford.

The kind-hearted Lily could not bear to watch Connor being humiliated by her manager, so she wanted to get Connor to leave as soon as possible.

Hearing Lily's words, Connor turned to look at her and said softly, "Go? Why should we go? I happen to want to buy a house. Why shouldn't I look at the properties you have here..."

"What are you still pretending for, sc*mbag? Did you not understand what Ms. Lawson said just now? The properties we have here are not something that poor people like you can afford. Get lost!"

One of the male employees of the showroom shouted at Connor.

Lily's expression was one of helplessness now. She really could not understand. Connor clearly could not afford to buy any properties here. Why did he stay just to be humiliated?

At this moment, Lily began to regret her action. She should not have brought Connor in just now.

"You are the manager of this showroom, right?"

Connor ignored the male employee. Instead, he walked up to the sexy and beautiful female manager as he asked coldly.

“Yes, I am the manager of this showroom!”

The female manager raised her head arrogantly.

“Then, show me some of your properties!”

Connor said slowly.

When the female manager heard what Connor said, she could not help but frown.

Perhaps it was because she was good-looking; even though she was frowning, she was still so sexy and charming.

“Do you not understand human language? Didn’t I tell you earlier that people like you cannot afford the properties here? You better get out of here, or I will call the security guards to kick you out!”

The female manager pointed at the entrance of the showroom as she shouted.

“Mr. McDonald, let’s go!”

Lily could not help but reach out to pull Connor away.

Connor sized up the female manager and could not help but shake his head. He felt very helpless.

Connor had initially wanted to buy a house anyway. It was by chance he came to this showroom today. He really wanted to know more about the properties here.

However, the attitude of the manager of the showroom was too harsh and unacceptable, so Connor hesitated for a moment before turning around to leave.

“Ms. Lawson, what’s going on?”

At this moment, a middle-aged man spoke up from somewhere further in the showroom.

When everyone heard that, they turned their heads to look.

They saw a middle-aged man in a black suit walking out of the showroom.

“Mr. Carter, why did you come outside?”

When Ms. Lawson saw the middle-aged man coming out of the showroom, her expression instantly changed, and she spoke with a charming smile.

“I heard you guys outside just now, speaking so loudly about chasing a customer out? What’s going on?” The middle-aged man frowned and questioned.

“Mr. Carter, so what happened here is that this brat has come to our showroom to cause trouble. I am about to ask the security guards to chase him out!”

Ms. Lawson hurriedly explained.

“He came to the showroom to cause trouble?”

When Mr. Carter heard this, he couldn’t help but frown.

Then, he went up to Connor and asked carefully, “Sir, what exactly happened?”

“I came here to look at houses, but the manager of your showroom didn’t like me and even wanted to kick me out.”

Connor replied indifferently.

When Lily heard what Connor said, she immediately became nervous.

Lily knew that this middle-aged man was Ms. Lawson’s immediate supervisor. Connor was undoubtedly tattling on Ms. Lawson.

If Ms. Lawson were given disciplinary action, she would definitely not have it any better either!

Hearing what Connor said, the middle-aged man turned and glared at Ms. Lawson. Then, he smiled and said to Connor, “Sir, regarding the negligence of our showroom’s staff, I sincerely apologize to you. I am the person-in-charge

of this showroom, Yannick Carter. I will arrange for someone to serve you now. Please wait for a moment!”

When Connor noticed a positive change in attitude toward him from the middle-aged man, he stopped having thoughts of leaving. Instead, he said politely, “Alright then...”

“Chloe Lawson, what are you still standing there for? Hurry up and introduce the new property to our customer!”

Yannick turned and shouted at Ms. Lawson.

“Mr. Carter, do you think this kid is here to buy a house? Introducing the property to him is a waste of time. He must be here to cause trouble!”

Chloe grumbled unhappily.

“Chloe Lawson, how many times have I told you, the customer is our first priority!

“As long as he walks into the showroom, he is our customer. Whether the customer can afford a house or not, you should treat them well. This is the most basic professional quality of a sales staff. Don’t you know that?”

Yannick admonished without hesitation.

In fact, from the first encounter, it was obvious to Yannick that Connor would definitely not be able to afford the properties they had to sell.

However, Yannick felt that if he were to really make Connor leave with such a bad taste in his mouth, it would have a very negative impact on the showroom. That was why he insisted on having Chloe serve Connor.

Chloe hesitated for a moment before walking up to Connor and speaking in a very arrogant tone, “Follow me, I will show you around!”

Although Chloe Lawson was not happy about the situation, she didn't dare to go against Yannick Carter's order. She could only bring Connor to the showroom's sand table model.

Yannick knew that Connor definitely couldn't afford the villa here, so he didn't stay too long and immediately left the showroom.

At this moment, Lily Schmidt stood rooted to the spot, nervous as her eyes were filled with helplessness.

She knew she had offended Chloe by bringing Connor here today. Once Connor left, Chloe would fire her for sure.

So right now, Lily was at a loss. She could only lower her head and fidget with the hem of her clothes.

Chloe led Connor to the sand table model and pointed at a villa in the corner, snappily saying, "This is the last villa we have. It covers an area of 400 square feet and comes with a garden. The price of one square meter is 20,000 dollars. Including the handling fees, taxes, and other fees, the total cost is eight million dollars!"

"Eight million dollars?"

Connor could not help but feel stunned when he heard the number.

"That's right. This villa is located in an obscure corner, so it is cheaper. As for the other villas, one square foot would cost at least 40,000 dollars or more."

Chloe replied indifferently. Then, she sized Connor up and continued, "However, I guess you can't afford even the cheapest villa, right?"

Hearing this, Connor glanced at Chloe but said nothing.

"Alright, drop the act. After all, how can a loser like you have the money to buy a villa?"

"I don't want you to waste your time either. Move along now. I won't hold what happened before against you!"

After Yannick left, Chloe started sounding sarcastic again.

At this moment, Connor and Chloe were standing very close to each other so that Connor could smell the faint perfume on Chloe.

Putting aside Chloe's personality, she had quite a great figure. She could be considered a beauty among beauties.

Especially her pair of full breasts under the white blouse.

"How sure are you that I can't afford this villa?"

Connor raised his head and glanced at Chloe. His tone was cold as he spoke.

"Whether you can afford it, you should know that yourself.

"Let's not mention eight million dollars. I would consider you impressive if you can even come up with eighty thousand dollars today!"

Chloe rolled her eyes and said to Connor disdainfully.

"Hah!"

After Connor heard what Chloe said, he sneered and didn't say anything more. He turned around and was about to leave.

"Poor loser! I knew you couldn't afford it. What a waste of time!"

Seeing that Connor was about to leave, Chloe couldn't help but mutter disdainfully.

Connor wasn't in the mood to continue paying attention to Chloe. Instead, he turned around and walked out of the showroom.

It wasn't that Connor couldn't afford this villa. Connor only felt that the location of this villa wasn't great.

After all, he had inherited ten trillion dollars in inheritance. If he really wanted to buy a house, he would definitely have to buy the best villa in the best location.

On the surface, everyone there thought Connor did not have the money and was not worthy of this villa.

Little did they know, this villa was not worthy of Connor's current status.

“Lily Schmidt, what are you still standing there for? You can leave now!”

Chloe saw Connor leaving and rolled her eyes at Lily.

“Ms. Lawson, is... Is it time to get off work?”

Lily was surprised when she heard what Chloe said. She bit her lip and asked in a low voice.

“Get off work?”

Chloe sneered and then said sarcastically, “That’s right, you can get off work now. And it’s permanent. You don’t have to come back anymore!”

Lily led Connor into the showroom, which had caused Chloe to be scolded by Yannick.

Chloe was very upset by that, so she was going to vent her anger on Lily.

When Lily finally realized what Chloe had said, she was stunned and looked aggrieved.

“Ms. Lawson, I...”

Lily opened her mouth, wanting to explain.

“Ms. Lawson, 1,1,1... !! Can’t you understand human language or something? I said you’ve been fired. Get lost now!”

Chloe shouted coldly.

Lily stood where she was and hesitated, tears welling up in her eyes.

Lily’s family situation was not good to begin with. A few years ago, Lily’s father fell seriously ill, which had run the family’s finances dry.

Lily’s university tuition fees were paid by her mother’s hard-earned money.

As Lily attended university, she worked part-time too. One reason was that she had to pay her tuition fees, and the other was to support the family expenses.

Therefore, this job was critical to Lily.

When he heard what happened behind him, Connor turned to look at Lily.

When he found Lily crying, he couldn't help but ask softly, "What happened? Are you okay?"

"No... nothing..."

Lily reached out to wipe the tears from the corner of her eyes and turned around to leave with Connor.

Connor hesitated before stopping in his track. He turned around to look at Chloe, asking softly, "Why did you fire her?"

"I'm the manager of this showroom. I can fire whoever I want. What does that have to do with you?" Chloe replied with disdain.

"Mr. McDonald, just stop. Let's go!"

Lily reached out and tugged at Connor as she said softly.

Connor glanced at Lily sympathetically. He had no intention of leaving at all.

Instead, he walked up to Chloe and said grudgingly, "Lily didn't do anything wrong today. Why did you fire her?"

"Who do you think you are? Why did I fire her? Do I owe you an explanation for that?"

Chloe spat, disgusted.

"You don't need to explain to me, but you should give Lily an explanation. Otherwise, I will go to the person-in-charge of your showroom right now!" Connor glared at Chloe and threatened.

"You want an explanation, right?"

Chloe sneered and continued, "Then, I will give you one. I fired her because she was not good at her job. She does not have foresight. She brought everyone and anyone into our showroom. This will affect the image of our showroom.

"You have to understand that the properties we sell here are all worth tens of millions. If our customers see a loser like you come in to look at the

properties, wouldn't that make us a joke? Why do you think I should let this kind of employee stay?"

"You think she doesn't have foresight?"

Connor asked softly.

"That's right. She even brought a loser like you into the showroom. Does that not show that she lacks foresight and..."

"I'll buy the villa you showed me earlier!"

Before Chloe could finish her sentence, Connor interrupted her.

"What... What did you say?"

Chloe's eyes widened as she asked Connor in shock.

"I said, I will buy the villa you showed me earlier!"

Connor repeated calmly..

"You want to buy that villa?"

When Chloe Lawson heard what Connor McDonald said, she could not help but feel stunned for a moment. Then, she started laughing hysterically.

The other showroom staff also started laughing as if they had heard the funniest joke in the world.

"Mr... Mr. McDonald, I'm fine. I'll just look for another job. Let's go now!"

Lily Schmidt was very touched when Connor stood up for her.

But she knew; where would Connor get eight million dollars to buy that villa?

So at this moment, Connor's words were nothing more than a joke to her.

“Are you done laughing?”

At this moment, Connor suddenly interrupted everyone’s laughter.

Chloe stopped laughing and scanned Connor up and down, then she said disdainfully, “You just said that you want to buy this villa, right? This specific villa is being sold at a special price. We don’t accept loans for it. It can only be paid in full. The deposit is five million dollars. The remaining three million dollars must be paid within a month. If you want to buy it, just pay up then!”

“The deposit is five million dollars?”

Connor couldn’t help but feel stunned when he heard that.

“What? You don’t have the money?” Chloe laughed mockingly.

“No, I don’t think there’s a need to go through so much trouble. I’ll give you eight million dollars at a go!”

Connor said casually.

Seeing Connor’s appearance, surprise flashed in Chloe’s eyes because she vaguely felt that Connor wasn’t joking with her.

“Could this guy be a rich man’s son?”

A bold guess suddenly came to Chloe, but she quickly dismissed the idea. After all, which rich man’s son would dress like this?

“Mr. McDonald, let’s go quickly!”

Lily tugged at the corner of Connor’s shirt, wanting to drag him away.

After all, from what she could see, Connor was just standing up for her. Where was he going to get the money to buy the villa?

“I haven’t bought the villa yet. Why are you in such a hurry to leave?”

Connor replied indifferently, then looked at Chloe and said, “Why are you still daydreaming? Hurry up and prepare the contract!”

“Do you really have the money to buy this villa?”

Chloe looked at Connor and asked, surprised.

“Pfft!”

Connor took out the black gold card Thomas Morgan had given him and tossed it onto the table. Then, he said indifferently, “Eight million dollars, swipe the card!”

Hearing Connor’s order, the staff and customers of the showroom were now all focused on him, their faces filled with confusion.

Who would have thought that a loser like Connor McDonald could buy a villa worth eight million dollars in a lump sum?

Those who came here to look at the properties were the richest of Porthampton. But even they wouldn’t be able to take out eight million dollars so readily.

“Is this a bank card? How come I’ve never seen it before?”

Chloe looked at the Amex Black Card and asked scornfully.

There were less than ten people in all of Oprana who could own an Amex Black Card. Moreover, all of them were big shots with powerful backgrounds.

Therefore, ordinary people didn’t know the existence of the Amex Black Card at all.

Not to mention Chloe, even the other rich kids present didn’t know the actual value of this bank card.

“Won’t you know whether this is a bank card after swiping it?”

Connor plopped down on the sofa and casually replied.

Thomas had told Connor that this card didn’t have a limit. It didn’t matter how much money Connor spent; it would be accepted as long as it didn’t exceed ten trillion dollars.

However, Connor had never had the opportunity to use this card because he still had one billion dollars in his bank card, enough for his daily expenses.

That was why Connor wanted to try out this black premium card.

Hearing what Connor said, Chloe was stunned and hesitated. Then, wanting just to try it out, she asked her staff to bring the POS machine over.

Chloe then entered the shocking figure of eight million dollars into the POS machine. Then, she said to Connor, "Now, enter the password!"

Connor took the POS machine and entered the password.

At this moment, everyone in the showroom was holding their breath as they looked at Connor.

Time seemed to have come to a standstill at this moment. Everyone was waiting for the outcome from swiping the card.

Lily was also looking at Connor. She seemed a little doubtful.

It was now Lily started to feel that what Connor claimed earlier might just be true!

"Beep!"

"Transaction is successful!"

As the POS machine's notification sounded, the entire showroom was dumbfounded!

Everyone was stunned, their eyes filled with shock.

Who would have thought that this seemingly broke young man would actually spend eight million dollars to buy that villa!

Moreover, this man looked very young, probably only a little over twenty years old, but he was actually so carefree with the money, it was simply terrifying!

However, the most shocking thing was that Connor had not uttered a single nonsensical word from the start. He did not even ask more about the villa before swiping his card.

If it were anyone else, they would have tried to find out more about the villa, right?

Somehow, they would at least go to the villa to take a look first, right?

However, Connor actually did none of those things. Instead, he chose just to swipe his card.

Everyone's perception of Connor changed immediately, especially some of the sales ladies. At this moment, it was as if they wanted to take off their clothes and throw themselves into Connor's embrace.

After all, selling a villa worth eight million dollars, just the commission alone would at least be 500,000 dollars!

However, at this moment, the ones who were the most shocked were Lily and Chloe.

Lily stared blankly at Connor.

She had never expected that the person she had casually pulled from the streets would be such a rich kid!

At this moment, Chloe's face was also filled with shock. However, other than shock, there was also a hint of embarrassment.

She had undoubtedly shot herself in her foot with the things she said to Connor earlier.

At this moment, her perception of Connor had also changed.

She now realized that the young man standing before her was actually such a rich kid!

"This money has been transferred, right?"

Connor suddenly broke the ice and asked Chloe.

"It... It's in!"

Chloe replied with a trembling voice. She no longer had the courage to look Connor in the eyes. Her mind was constantly replaying the incident earlier, and her face had turned even redder.

"Mr... Mr. McDonald, I... I'll go prepare the contract for you!"

Chloe stammered as she spoke to Connor.

“Okay.”

Connor replied indifferently.

After Chloe heard this, she hurriedly turned around and left.

On the other hand, Connor crossed his legs on the sofa, waiting quietly.

Everyone was looking at Connor with a strange gaze. The men were all envious and jealous, while the women’s eyes were filled with admiration as they constantly threw flirtatious glances at Connor.

It seemed as though if Connor were to say the word, they would immediately get in bed with him. They felt less guarded now.

Lily was the only one who had not recovered from what had just happened. She felt that everything that had happened today was all a dream..
