

GETTING \$10 TRILLION OUT OF NOWHERE

Chapter 44: The Customer Is The Priority

Looking at this sexy beauty before him, Connor could not help but feel like laughing.

Perhaps she did not know that standing before her at this moment was an influential person that was Connor.

Buying the entire property here was a child's play to Connor, much less a villa.

"Mr. McDonald, I'm really sorry. Why don't we go outside?"

Lily Schmidt stood next to Connor and said to him with an apologetic expression.

Lily, too, felt that the properties here were not something a person like Connor could afford.

The kind-hearted Lily could not bear to watch Connor being humiliated by her manager, so she wanted to get Connor to leave as soon as possible.

Hearing Lily's words, Connor turned to look at her and said softly, "Go? Why should we go? I happen to want to buy a house. Why shouldn't I look at the properties you have here..."

"What are you still pretending for, sc*mbag? Did you not understand what Ms. Lawson said just now? The properties we have here are not something that poor people like you can afford. Get lost!"

One of the male employees of the showroom shouted at Connor.

Lily's expression was one of helplessness now. She really could not understand. Connor clearly could not afford to buy any properties here. Why did he stay just to be humiliated?

At this moment, Lily began to regret her action. She should not have brought Connor in just now.

"You are the manager of this showroom, right?"

Connor ignored the male employee. Instead, he walked up to the sexy and beautiful female manager as he asked coldly.

“Yes, I am the manager of this showroom!”

The female manager raised her head arrogantly.

“Then, show me some of your properties!”

Connor said slowly.

When the female manager heard what Connor said, she could not help but frown.

Perhaps it was because she was good-looking; even though she was frowning, she was still so sexy and charming.

“Do you not understand human language? Didn’t I tell you earlier that people like you cannot afford the properties here? You better get out of here, or I will call the security guards to kick you out!”

The female manager pointed at the entrance of the showroom as she shouted.

“Mr. McDonald, let’s go!”

Lily could not help but reach out to pull Connor away.

Connor sized up the female manager and could not help but shake his head. He felt very helpless.

Connor had initially wanted to buy a house anyway. It was by chance he came to this showroom today. He really wanted to know more about the properties here.

However, the attitude of the manager of the showroom was too harsh and unacceptable, so Connor hesitated for a moment before turning around to leave.

“Ms. Lawson, what’s going on?”

At this moment, a middle-aged man spoke up from somewhere further in the showroom.

When everyone heard that, they turned their heads to look.

They saw a middle-aged man in a black suit walking out of the showroom.

“Mr. Carter, why did you come outside?”

When Ms. Lawson saw the middle-aged man coming out of the showroom, her expression instantly changed, and she spoke with a charming smile.

“I heard you guys outside just now, speaking so loudly about chasing a customer out? What’s going on?” The middle-aged man frowned and questioned.

“Mr. Carter, so what happened here is that this brat has come to our showroom to cause trouble. I am about to ask the security guards to chase him out!”

Ms. Lawson hurriedly explained.

“He came to the showroom to cause trouble?”

When Mr. Carter heard this, he couldn’t help but frown.

Then, he went up to Connor and asked carefully, “Sir, what exactly happened?”

“I came here to look at houses, but the manager of your showroom didn’t like me and even wanted to kick me out.”

Connor replied indifferently.

When Lily heard what Connor said, she immediately became nervous.

Lily knew that this middle-aged man was Ms. Lawson’s immediate supervisor. Connor was undoubtedly tattling on Ms. Lawson.

If Ms. Lawson were given disciplinary action, she would definitely not have it any better either!

Hearing what Connor said, the middle-aged man turned and glared at Ms. Lawson. Then, he smiled and said to Connor, “Sir, regarding the negligence of our showroom’s staff, I sincerely apologize to you. I am the person-in-charge of this showroom, Yannick Carter. I will arrange for someone to serve you now. Please wait for a moment!”

When Connor noticed a positive change in attitude toward him from the middle-aged man, he stopped having thoughts of leaving. Instead, he said politely, “Alright then...”

“Chloe Lawson, what are you still standing there for? Hurry up and introduce the new property to our customer!”

Yannick turned and shouted at Ms. Lawson.

“Mr. Carter, do you think this kid is here to buy a house? Introducing the property to him is a waste of time. He must be here to cause trouble!”

Chloe grumbled unhappily.

“Chloe Lawson, how many times have I told you, the customer is our first priority!”

“As long as he walks into the showroom, he is our customer. Whether the customer can afford a house or not, you should treat them well. This is the most basic professional quality of a sales staff. Don’t you know that?”

Yannick admonished without hesitation.

In fact, from the first encounter, it was obvious to Yannick that Connor would definitely not be able to afford the properties they had to sell.

However, Yannick felt that if he were to really make Connor leave with such a bad taste in his mouth, it would have a very negative impact on the showroom. That was why he insisted on having Chloe serve Connor.

Chloe hesitated for a moment before walking up to Connor and speaking in a very arrogant tone, “Follow me, I will show you around!”
