

## 10 Trillion 521

### Chapter 521: Yelena's Phone Call

After listening to Madison's story, Connor realized that she wasn't actually a lesbian; she simply had a strong dislike for men.

As she finished sharing her story with him, she felt a sense of emotional release that had been pent up inside her.

Without saying much, she picked up her bag and walked away.

Connor watched Madison's figure, filled with infinite regret.

Because he truly believed that women like Madison would be a loss for the male population if she were a lesbian.

After she left, he also walked out of the private room.

However, when he stepped out of the room, he noticed that the people who had been waiting to watch the commotion had already left, and Rachel was nowhere to be found.

Inside the restaurant, only Dominic and Spencer remained, having ordered beverages and sitting in the lobby, waiting for Connor.

"Connor, what were you doing with that girl in the private room? Why did it take you so long to come out?" Dominic hurriedly approached Connor, asking with a puzzled tone.

"Nothing much, we just talked about Rachel. She wanted me to leave her!" Connor replied casually.

"What did you say then?" Dominic continued to ask.

“What else could I say? At first, I said it was impossible for me to leave Rachel, considering I still have to study at Porthampton University. But later, I had no choice but to admit that Rachel didn’t actually like me, she was just lying. Madison believed my words and let me go!” Connor replied indifferently.

“She just let you go that easily?” Dominic exclaimed with a hint of disappointment in his voice.

“What could she do to me? Beat me up in the private room?” Connor said helplessly.

“Then why did I hear someone crying in the private room just now?” Dominic blinked and softly asked Connor.

“Uh...” Connor felt a hint of awkwardness in his eyes upon hearing Dominic’s words. He quickly explained, “Maybe you misheard?”

“It’s not possible. I really heard someone crying in there...” Dominic said firmly.

“Alright, you must have misheard. You two have been waiting outside for so long, I’m sure you’re both hungry. How about we have a meal here?” Connor didn’t want to continue discussing this topic with Dominic, so he suggested having a meal at the western restaurant they were in.

“Have you gone crazy? The expenses at this restaurant are very high. The three of us having a meal here would cost at least two thousand dollars!” Spencer stood up and said to Connor.

“Yeah, we just ordered two glasses of juice earlier, and it already cost us a hundred dollars!” Dominic added.

“It’s alright, I’m not short of money. Let’s eat here!” Due to the incident with Madison, Connor had no interest in continuing the ordeal. He directly waved to a nearby waiter and softly said, “Waiter, we want to order!”

“Sure!” The waiter smiled and agreed, then brought a menu over to Connor.

Dominic and Spencer didn't try to stop him anymore and found a seat to sit down.

After a while, Connor finished ordering the food and began chatting with them.

However, Connor's mind was filled with the scene that had just happened with Madison in the private room, so he had no mood to chat with Dominic and Spencer. He kept staring at the scenery outside the restaurant.

There weren't many people inside the restaurant, so shortly after he placed the order, the waiter started serving the dishes.

Although Dominic and Spencer came from relatively well-off families, it was their first time dining at such a high-end Western restaurant.

When they saw the exquisite dishes being served one by one, their eyes lit up.

"Come on, you two, start eating. There are still several dishes yet to be served!" Connor smiled and said to the two.

"Connor, why did you order so many dishes? How much is this going to cost?" Spencer furrowed his brow and seemed to feel sorry for Connor.

"It's fine. I earned over 20,000 dollars during the summer break. That's enough for us to have a good meal!" Connor replied casually, then picked up his chopsticks and started eating heartily.

Seeing that Connor had already started enjoying the food, Dominic and Spencer naturally followed suit, eating and drinking to their heart's content. "Ring!"

Less than five minutes into their meal, Connor's phone rang.

He paused for a moment upon hearing the ringing, then took out his phone and glanced at it. To his surprise, the caller was Yelena!

Today was the first day of the new semester at Porthampton University, and she must have also gone to the school.

However, he had no idea why she was calling him, and he had a bad feeling that it couldn't be anything good.

So after hesitating for a moment, he chose to hang up.

But just as Connor ended the call, Yelena called again.

He was well aware of her personality. If he kept ignoring the call, she would definitely keep calling. So in the end, he reluctantly answered the phone.

"Hello." Connor answered the call and said softly.

"Connor, what are you doing? Why didn't you answer my call just now!" she sounded displeased upon hearing his voice.

"I'm having dinner with my roommates. Do you need something?" he asked helplessly.

"What could I have to talk to you about? Today is the first day of school, and I specially rushed back from the set. We haven't seen each other for such a long time. Don't you miss me? Why don't you treat me to a meal as well?" Yelena said with a smile.

"Stop teasing me, okay? There are so many people at our school who would want to treat you to a meal. Why did you specifically come looking for me?" He always felt that she had some issues in her

mind. He couldn't figure out what she wanted to do, so he believed it was better to keep some distance from her.

“Little Connor, what do you mean by that? Don’t you want to meet with me?” she sounded somewhat agitated.

“I don’t want to!” Connor replied directly, then hung up the phone.

Although he knew that his actions might seem heartless, he believed it was better to keep some distance from Yelena.

This woman was just too eccentric. He already had enough women around him, and there was no benefit for him to get too close to her..

Chapter 522: Famous On All Over Tiktok

Porthampton University entrance.

A provocatively dressed, sexy beauty was sitting inside a Maserati at the entrance, looking at her phone with an extremely angry expression on her face.

And this beauty was none other than Yelena, who had just finished talking to Connor on the phone!

“How dare you hang up on my call? It’s been a whole summer, and you’ve become quite audacious, haven’t you? Do you know how many people are eager to have a meal with me? I don’t give them that chance, but you, even when I take the initiative to invite you for a meal, you still don’t appreciate it!”

Yelena gritted her teeth and cursed, then picked up her phone to continue dialing Connor’s number.

But after a moment’s thought, she decided not to call him again because she knew that even if she called, he probably wouldn’t answer.

“Connor, do you think that by hanging up the phone, I won’t be able to find you?”

Yelena sneered, took out her phone, opened Tiktok, turned on the camera, and made sure she looked perfect in every way. She pressed the record button and spoke in her seductive voice, “Darlings, I want

you to help me find someone. This person's name is Connor, a junior at Porthampton University. If anyone can tell me where he is right now, there will be a reward!"

After recording the video, she carefully checked it for any issues and then sent it out.

Yelena was a popular influencer on Tiktok with five million followers!

All her followers came from all over the country, and almost all the male students at Porthampton University follow her.

Within less than five minutes of Yelena posting the video, she received thousands of replies.

Moreover, many students witnessed Connor when Madison and Rachel confessed their feelings for him, and they also heard Rachel saying that she liked Connor. Naturally, they had a deep impression of Connor.

So they left comments under the video, telling Yelena where Connor was currently located.

A proud smile appeared on her face after reading each comments and was certain that he was at a Western restaurant near Porthampton University.

"Little Connor, you can't escape from me!"

She sneered, then started her car directly and drove towards the restaurant where Connor was.

At this time, Connor had no idea that he had become popular on Tiktok. It had been less than a day since the start of the new semester, and he had already become a prominent figure at Porthampton University!

He had been at u university for three years, and most people only knew him because he often delivered takeout outside the school.

But today, it was not because of Connor's poverty that they paid attention to him; it was because of two beauties!

When Rachel confessed her feelings for Connor in the restaurant earlier, it had already caused quite a stir.

Not to mention whether Rachel truly liked Connor or not, it was already a remarkable thing to be able to have rumors with a beauty like Rachel. Many people couldn't find such an opportunity even if they tried!

And before the matter with Rachel had settled, another beauty, Yelena, posted a video on her Tiktok account, searching for Connor on the entire internet!

Both Yelena and Rachel were famous beauties at Porthampton University!

One was a sexy and enchanting female teacher, and the other was the school's number one beauty.

Being favored by both of these beauties at the same time was such an honorable thing!

Inside the Porthampton University's online forum, people have even started posting threads discussing who Connor really was. Many fans of Yelena and Rachel were extremely envious of Connor!

But Connor himself was in great distress because only he knows how painful it was to be pursued by these two women at the same time!

These two beauties have indeed caused quite a bit of trouble for him!

Originally, he intended to quietly spend his college life and then study management with Thomas.

However, the actions of Rachel and Yelena today had made it impossible for Connor to keep a low profile.

Even if these people don't know that he was a trillionaire, just based on Yelena and Rachel's behavior, they could guess that he was definitely not an ordinary person.

Inside a Western restaurant.

Connor, Dominic, and Spencer were still unaware of what had happened outside.

"Connor, who was the person that called you just now?"

After finishing his meal, Dominic asked Connor with a smile.

"A friend of mine!"

Connor replied indifferently.

Upon hearing Connor's answer, Dominic couldn't help but chuckle and grinned, "Is it a boyfriend or a girlfriend?"

"Do you even need to ask? I already heard it just now. The person who called Connor is a girl!"

Spencer chimed in.

"We're just ordinary friends, so you two shouldn't misunderstand!"

Connor explained helplessly.

"Even if she's your girlfriend, we won't say anything. After all, it's been a long time since you broke up with Mandy, so it's normal to find a girlfriend. If you can't find one yourself, I can introduce a few to you..."

Dominic said with a smile.

“You better focus on your own matters. How are things going with that Cindy?”

Actually, Connor had always wanted to remind Dominic that Cindy was not a good person.

But he didn’t know how to bring it up. After all, it wouldn’t be appropriate for an outsider like him to say too much about certain things.

“What else can I do? Cindy has always been indifferent towards me. To put it bluntly, it’s because I’m not wealthy enough. If I had as much money as Brandon, she would have been with me a long time ago!”

Dominic’s eyes flashed with a hint of helplessness as he casually replied to Connor.

“If a girl is with you just because of money, then I don’t think she’s worthy of being loved!”

Connor said indifferently.

“I think Connor is right. That Cindy is not a good person. You should stay away from her!” Spencer’s words were even more straightforward than Connor’s.

Dominic looked at the two of them, sighed softly, and then spoke with a somewhat helpless expression, “I know what kind of person Cindy is in my heart, but I can’t help it. I just like her, I can’t forget about her. What can I do?”

“Heh, I’ve already said what needs to be said. If you don’t listen, then there’s nothing I can do!”

Spencer laughed helplessly, didn’t say much more, and picked up his phone to play with it.

Seeing that Spencer didn't seem interested in discussing the matter further, Connor didn't say much either.

But at this moment, Spencer suddenly looked up and stared at Connor with an incredibly surprised expression.

"What's wrong?"

Seeing his unusual expression, Connor quickly asked in a low voice.

"When did you meet Yelena?"

Spencer shouted at him with an excited expression..

Chapter 523: She's Connor's Girlfriend! "How did you know that | know Yelena?"

Connor had a puzzled expression upon hearing Spencer's question. After all, it seemed like nobody else knew about the relationship between him and Yelena. So how did he find out?

"How would I know? Yelena is currently posting videos on Tiktok looking for you!"

While speaking, Spencer handed his phone to him.

On the phone, there was a video playing, which happened to be the short video Yelena had just recorded.

Dominic, looking at the video on the phone, was completely dumbfounded, staring at Connor with an incredulous expression. Connor himself felt overwhelmed and muttered, "What on earth does Yelena want to do?"

"Tell me the truth. What is your relationship with Yelena?"

Spencer asked him with curiosity. After all, Yelena was quite famous at Porthampton University, and many male students secretly admired her. In the eyes of Spencer, Dominic, and others, knowing someone like Yelena, who was considered a goddess, was already a remarkable achievement, let alone being featured in a video posted by her that had become viral.

“We are just ordinary friends.” Connor explained in a low voice, then picked up his phone to call Yelena.

After all, he didn’t want to expose his identity at the moment. With Yelena’s actions, it was likely that the entire Porthampton University would recognize him. While it might not affect her much, he would face a lot of trouble.

Therefore, he needed her to delete that video immediately to prevent its further spread. But just as he was about to pick up his phone, he suddenly saw a black Maserati parking at the entrance of the restaurant.

Yelena emerged from the Maserati in a formidable manner!

Connor hesitated for two seconds in his seat. He could sense that she must be very angry right now, and if he were to meet her, who knew what she might do?

Thinking quickly, he hurriedly said to Dominic, “Dom, I need to use the restroom!”

“Alright!”

Dominic nodded.

Without hesitation, he turned around and ran towards the restroom.

Just as he had left, Yelena strode over to Spencer and Dominic.

“Were you two having a meal with Connor just now?”

She asked them in a domineering manner.

Upon hearing her question, they simultaneously turned their heads to look at her.

When they saw the stunningly dressed and sexy beauty standing before them, both of them were dumbfounded. Spencer looked at Yelena and then lowered his head to his phone. He stammered as he asked, "You... are you Yelena?" "Yes, I am Yelena. Was Connor here with you two just now?"

Yelena replied with a touch of impatience.

Spencer hesitated for a moment in his seat, then quickly stood up and said to Yelena, "Hello, Yelena. I'm your fan. I've been following your Tiktok for a long time and always give your videos likes. Can you give me an autograph?" "Enough with the nonsense. I'm asking you, was Connor here just now?"

She questioned him and her tone became impatient.

"Yes..."

Spencer was completely overwhelmed by Yelena and nodded without hesitation. "Where is Connor?" she continued to ask.

"He... he went to the restroom!"

He pointed to the direction of the restroom.

After she heard this, she did not hesitate at all and ran straight to the bathroom.

However, she suddenly stopped after two steps because she knew that he should be going to the men's toilet. It was not convenient for a girl like her to go in.

"Go to the toilet and call Connor out now!"

She pointed at Spencer and ordered domineeringly.

“Alright...Good!”

He quickly agreed and ran towards the men’s toilet.

She sat on the chair and waited for Spencer to come out.

Dominic glanced up and down at Yelena , and she also turned her head to give him a brief look. “Hello!”

Dominic smiled awkwardly at Yelena .

“What is your relationship with Connor?”

she asked him softly.

“We're... friends. We are just friends!”

Upon hearing his words, she gave him a faint glance and didn’t say much. “You seem even more attractive than in the videos!”

After she didn’t respond, he continued to talk.

“It's okay,” she replied indifferently.

“Well... can I ask you a question? What is your relationship with Connor?” He couldn't contain his curiosity and asked her with a smile.

“What is my relationship with Connor?”

She couldn't help but pause for a moment upon hearing the question. Then she replied with a pensive expression, ‘If I'm so eager to find him, what do you think our relationship could be?’

“Are you Connor's girlfriend?” Dominic exclaimed with widened eyes. Yelena smiled faintly, neither confirming nor denying it.

He sat in shock, feeling as if he were in a dream. Even if Sione beat

him no he wouldn't be able to believe that Connor could actually be Yelena's boyfriend!

At that moment, Spencer rushed back in panic and gasped for breath as he said to Yelena, “Connor is gone. He's not in the restroom!”

“Gone?”

She stood up abruptly upon hearing this, then turned her head to look outside the restaurant.

Sure enough, Connor had already run out from the back door of the restaurant and just got into a taxi! “Damn it, Connor! Let's see how long you can hide!”

she shouted angrily and, in a seductive manner with high heels, ran towards the outside of the restaurant. Soon, she rushed out of the restaurant and got into her own Maserati, disappearing on the streets. Spencer and Dominic watched Yelena's vanishing figure and had expressions of great astonishment on their faces. “No, what's going on? Why does Yelena want to find Connor? Did Connor owe her money?”

Spencer muttered in confusion.

“Well, I hope you won't be shocked when I tell you...”

Dominic replied calmly.

“What? What do you mean, ‘don’t be shocked’?”

Spencer turned to give Dominic a puzzled look and asked.

“Just now, Yelena told me that she is Connor’s girlfriend,” Dominic whispered.

Upon hearing this, Spencer froze as he was in disbelief, and he Jocke#uat Domini sayings" Vote not joking With Ine, right? Yelena is actually Connor's girlfriend?"

“Why would I lie to you? She told me herself!” Dominic answered helplessly.

Chapter 524: Harlem’s Gold

After leaving the restaurant, Connor directly hailed a taxi and got into the car.

“Young man, where are you going?” the taxi driver turned his head and asked with a smile.

“To Royal Villas...” Connor replied in a hurried tone.

The taxi driver visibly paused when he heard Connor mention Royal Villa After all, it was very famous in Porthampton, and anyone who could stay there was worth billions.

However, the young man in front of him was dressed very casually and didn’t look like someone who could stay in such a place.

“Young man, do you have relatives living there?” the taxi driver asked softly while starting the car.

“Sort of!” Connor absentmindedly replied. He just wanted to quickly get away from Yelena, that crazy woman, and had no interest in talking to the taxi driver.

“If you have relatives living there, your family must be quite wealthy,” the driver seemed very interested in him and continued talking while driving.

Meanwhile, Connor stared fixedly at the back of the car, fearing that Yelena would catch up.

After a few minutes, he realized that she hadn’t caught up, and he finally breathed a sigh of relief.

He took out his phone and glanced briefly. He found more than a dozen missed calls, all from his classmates.

Clearly, everyone who knew him must have heard about him being wanted by Yelena throughout the entire network.

“Why does Yelena keep causing trouble for me!” Connor turned off his phone directly and sighed helplessly.

Originally, he had always wanted to keep a low profile, but now he couldn’t stay low-key anymore!

“Ring!”

Just then, his phone suddenly rang. He initially thought it was Yelena calling and instinctively wanted to hang up. But when he saw that the caller ID wasn’t Yelena’s, he couldn’t help but pause for a moment. Then he pressed the answer button and asked in a low voice, “Who is this?”

“Mr. Connor, hello, I am Luke Phillips, the owner of the Harlem’s Gold!” the other party said respectfully to Connor.

“Oh, the owner of Harlem’s Gold!” Connor replied indifferently.

“Yes, Mr. Connor, we have already taken care of the matter you entrusted to us. The person is now at Harlem’s Gold. What do you plan to do with this person?” Luke asked politely.

Upon hearing Luke's words, Mandy's image appeared in Connor's mind, and he couldn't help but sigh softly, "It's time to put an end to this woman!"

"So, Mr. Connor, do you want me to take care of this matter for you?" Luke asked hurriedly.

"No, I will come over later!" Connor quickly replied.

"Okay, I'll be waiting for you!"

"Alright!"

After agreeing, Connor hung up the phone directly and said to the taxi driver, "Sir, don't go to Royal Villa. Go directly to Harlem's Gold!"

"Alright!"

The taxi driver seemed even more curious about Connor's identity now. Both Harlem's Gold and Royal Villa were not places that ordinary people could go to.

The taxi driver seemed to want to continue chatting with Connor and inquire about his identity. However, when he saw Connor closing his eyes to rest, he didn't continue talking.

On the other side, inside of Harlem's Gold.

It was almost 8 PM, and the guests were entering the casino one after another.

One had to know that casinos were very popular in Horton and Masonville.

But in reality, casinos were very rare in the country gambling was illegal.

However, Harlem's Gold was able to operate and attracts a large number of customers every day, which proves how strong the connections were behind the owner of this casino!

It was said that the owner of the Harlem's Gold was surnamed Phillips, named Luke. He was a very famous entrepreneur in Porthampton. He made his fortune through gambling when he was young. Later, he established a casino called 'Harlem's Gold' by leveraging his connections in Porthampton.

Although the name of the Harlem's Gold suggests that it was a club, it was actually a casino. It was named as such to avoid being easily discovered.

After all, no one can openly operate a casino in the country!

The scale of the Harlem's Gold was very large. One building can accommodate nearly a thousand people and the size of the gambling depend on the amount of chips. The level of service one receive also varies accordingly.

On the first floor, most of the players were tourists or students. The gambling here was very simple, such as slot machines, where the wins and losses were not significant. It mainly serves as entertainment and can easily deceive people during inspections.

Anyone can enter the first floor without any requirements.

However, the second floor was different. To enter the second floor, one must have more than 50,000 dollars worth of chips in their hand. The gambling options were diverse and basically include everything one could find in a casino.

The standards for the third floor were millionaires. These customers usually had their own private rooms, so the environment was very comfortable, and there were dedicated personnel to serve them. Mandy lost her money on the third floor.

As for the fourth floor, it was even more exclusive. Customers who can go up to the fourth floor are generally billionaires, and they must have tens of millions or more chips in hand.

For ordinary people, it was already a great privilege to play on the third floor. The fourth floor was simply beyond their reach.

Because on the fourth floor, one can lose tens of millions or even billions in just one night. Such high stakes were simply unaffordable for ordinary people.

The fifth floor of the Harlem's Gold was the office for the staff. Both the managers and the general managers work here.

The Harlem's Gold can be said to be the largest and most famous casino in the Davenport. This place has always been very safe. No one comes here to cause trouble, and no one dares to cheat.

After all, the entire building of the Harlem's Gold was under surveillance, even the restrooms were monitored. If anyone dared to cheat here, they will have a dead end!

There are nearly a hundred security guards in the casino and they were professionally trained, and many of them were former special forces. If a cheater was caught by the security, the consequences will be extremely dire.

It was said that there was a person who cheated in the Harlem's Gold before and was directly beaten to death by the security. After that incident, no one dared to cheat here anymore. After all, no one was willing to risk their own life for gambling!

Of course, there was also a special situation in the Harlem's Gold, which is when the people from the casino themselves cheat. No one can discover such a situation, and no one will investigate it.. After all, it's their own territory!

Chapter 525: Mandy in Despair

At Harlem's Gold, inside an office.

Mandy and Lily sat on the sofa, their faces filled with tension as if walking on thin ice.

The deadline for Mandy to pay Zill had arrived, but she couldn't come up with the 20 million.

So, this time, Zill had someone bring her directly to Harlem's Gold.

Since Lily was Mandy's roommate, Zill was worried that she might call the police, so he had her brought along as well.

"Zill, I beg you, can you give me a few more days? I will definitely repay you this money!" Mandy pleaded in a humble tone to Zill.

"Give you more time?" Upon hearing Mandy's words, he couldn't help but burst into laughter, then said calmly, "Mandy, how many days have I already given you? Where is the money? Even if you can repay half of it now, it would be fine. But so far, I haven't seen a single penny. How can I give you more time?"

"Zill, my boyfriend is really wealthy. I'm sure I can get this money from him!" At this point, Mandy had placed all her hopes on Connor because she knew deep down that only he could come up with that money and help her.

"Do you think I will still believe you? Just wait here quietly! The boss of our casino will be here soon, and then we'll see how he deals with you!"

He impatiently said to her.

"Wait?" She was puzzled when she heard his words, then asked with a hint of confusion, "What do you want me to wait for?"

"What else can you wait for? Our casino's boss will be here soon, and then we'll see how he handles both of you. It's not up to me to decide," replied Zill indifferently.

Upon hearing his words, a look of nervousness appeared on her face.

She had heard about the boss of Harlem's Gold before. She knew that if he came, she would have no good outcome. The lightest punishment could be being sold to a wealthy person as a lover, and the heaviest could be her life being taken away.

"Zill, please, I'm begging you, can you give me two more days? I promise I can repay you this money!" Mandy said and kneeled on the ground as her expression pitiful as she shouted at Zill.

However, he didn't even spare a glance at her because he knew he had no say in how to deal with her at this point.

"Zill, I... I didn't owe you any money. Can you just let me go? I promise I won't say anything after I leave..." Lily, who had started to get nervous as well, stammered as she spoke to Zill.

"Shut the hell up! I've already said it. The boss of our Harlem's Gold will be here soon, and how he handle the two of you will not be up to me. It depends on what our boss says!" Zill shouted impatiently.

Seeing his attitude, Mandy knew that she was definitely in trouble today. She slumped to the ground, her face extremely pale.

"Mandy, think of a solution quickly! These people won't let us go..." Lily's expression became even more nervous as she urged Mandy.

"What solution can I come up with now? Should I call Connor? He would never help me!" Mandy exclaimed in an agitated tone.

Upon hearing the name Connor, Zill glanced at Mandy indifferently without saying a word.

"You should try again. You've been together with Connor for two whole years. I believe he won't abandon you in times of need!" Lily exclaimed.

After hesitating for a moment, Mandy looked up at Zill and whispered, "Zill, can I make a phone call to my boyfriend?"

He glanced at her hesitating for two seconds, then signaled to the bodyguard beside him.

The bodyguard immediately took out her phone and handed it to her.

After receiving the phone, she quickly found Connor's number and dialed it.

"Ring... Ring..."

After two rings, Connor unexpectedly answered the call.

"Hello."

Connor's voice came through.

Upon hearing his voice, she became excited and hastily shouted, "Connor, is that you?"

"It's me. What's the matter?" he replied calmly.

"Connor, do you remember what I told you last time? I've been caught by the people from Harlem's Gold. I'm begging you, please, just consider it for the sake of the two years we've been together. Can you help me repay this money? I'm willing to do anything you ask..." Mandy rambled on incoherently.

"Mandy, do you remember what you said to me when we broke up?" He calmly interrupted her words.

Mandy stood frozen in place.

"I remember you told me that someone like me is not worthy of being with you. An orphan like me, with no money, no power, no background. Even if I spent my whole life delivering takeout, I still wouldn't compare to a single hair of Brandon's!"

“Back then, I was so disgraceful and subservient in your eyes. And now you come to me, begging. Don’t you think you have no shame? Now you realize that we’ve been together for two years. But when you humiliated me in front of so many people, did you ever consider my feelings?”

The two sentences from Connor left Mandy speechless.

She stood there holding the phone, her expression blank, unsure how to answer his questions.

“Furthermore, when you took away ten million from my hands, didn’t you say you would never come to me again? So why are you seeking me out now?”

Upon seeing her silence, he continued his cold questioning.

“Connor , I... I was wrong back then...” she stuttered.

“Since you know you were wrong back then, now you should bear the consequences of your past actions!” he coldly replied to her, then without any hesitation, he hung up the phone.

“Connor , please listen to me. I truly regret it now. I can make it up to you...” Mandy tried to explain, but Connor had already ended the call, leaving only the sound of the dial tone on the phone.

“Clang!”

The phone slipped from her hand.

Despair filled her expression.. Only now did she realize what a foolish decision it was to break up with Connor back then!

Chapter 526: Give Me Another Chance

On the other side.

After Connor hung up the phone with Mandy, he called a car and went straight to Harlem's Gold.

At this moment, at the entrance of Harlem's Gold, a young man who had been waiting for a long time saw Connor appear and quickly ran to his side. Then, he asked Connor in a very respectful tone, "You must be Mr. McDonald?" "Yes!"

Connor nodded lightly.

Walt made an inviting gesture to Connor and said very politely, "I'm Mr. Phillips's assistant, Walt. Mr. Phillips has been waiting for you for a long time. Please follow me!"

"Alright!"

Connor nodded gently and followed Walt into the casino.

At this moment, Walt was still a little shocked because he did not expect this so-called Mr. McDonald to be so low-key. If he hadn't seen Connor's photo before, he wouldn't have believed that this ordinary young man in front of him was an existence that could make countless big shots in Porthampton bow down to him.

Connor didn't notice that when he followed Walt into the casino, a black Maserati stopped at the entrance of the casino.

Yelena Allen, who was dressed in a rather revealing manner, walked out of the Maserati in her high heels. Then, she looked up at the Harlem's Gold in front of her with a puzzled expression.

Yelena was also from Porthampton, so she naturally knew what kind of place the Harlem's Gold in Porthampton was.

"What is Connor doing here?"

Yelena could not help but mutter softly, then continued, "Could Connor have come here to gamble? Where did he get the money?"

With such doubts in mind, Yelena walked into the casino in her high heels.

However, after entering the casino, Yelena searched around the first floor but did not find any trace of Connor, so she prepared to go to the second floor to take a look.

It was Yelena's first time at Harlem's Gold, so she didn't know the rules of the casino at all. Before she could go up to the second floor, she was stopped by the security guard at the door.

"Hello, Miss. Please show me your chips!"

The security guard saw that Yelena was dressed very beautifully, so he was very polite when he spoke to her. After all, most of the fair, rich, and beautiful women who came here to play were rich heirs or mistresses of rich people. The security guard obviously thought that Yelena was the latter!

"A bargaining chip?"

When Yelena heard the security guard's words, she was stunned for a moment. Then, she frowned and said, "What chips?"

"Miss, is this your first time coming to our casino?" The security guard asked with a smile.

"That's right, I'm here to look for someone!"

Yelena nodded.

"If you're here to look for someone, you can call your friend now and ask him to come down and bring you up. Otherwise, according to our casino's rules, customers who enter the second floor must have chips worth more than 50,000 dollars in their hands," the security guard said.

” More than 50,000 dollars’ worth of chips?”

When Yelena heard this, she could not help but open her mouth wide. She was not surprised by the 50,000 dollars. After all, as one of the top internet celebrities in Tiktok, 50,000 dollars was nothing to Yelena.

She was just surprised that Connor could take out 50,000 dollars!

In Yelena’s impression, Connor had always been very poor!

The security guard saw that Yelena did not speak and asked her softly, “Miss, do you want to call your friend or exchange your chips?”

“I don’t gamble, why would I exchange so many chips?” Yelena frowned and replied, then continued, “Do we have to use this passage to get to the second floor?”

“That’s right, you have to go through this passage!”

The security guard nodded.

“Alright then, I’ll wait here. I don’t believe that Connor won’t come out yet!”

Yelena pouted and snorted coldly. Then, she actually moved a chair and sat at the entrance of the passage. She played with her phone while waiting for Connor to come out.

The security guard saw that since Yelena was not causing trouble or violating any rules, he ignored Yelena and continued to stand by the side of the passageway on duty.

On the other side, in the casino office.

After Mandy called Connor, she was in despair—her last hope was gone just like that. She sat on the ground, her face extremely pale.

Lily stood there foolishly. She was very confused because she couldn't figure out what Connor wanted to do.

“Do you still want to make a call?”

Zill walked in front of Mandy and asked her expressionlessly.

“I won't fight anymore...”

Mandy looked up at Zill and shook her head in despair.

Zill picked up Mandy's phone and sat on the sofa, waiting quietly.

About ten minutes later, the office door was pushed open.

A white-haired old man in a white tunic suit walked into the office with two bodyguards.

This old man was none other than the real boss of Harlem's Gold, Luke Phillips!

When Zill and the others saw Luke, they all stood up and called out respectfully, “Hello, boss!”

Luke waved his hand at Zill and the others and said with a smile, “There are no outsiders here. There is no need to be so polite...”

“Alright, boss!”

Zill replied with a smile, then walked to Luke's side and said softly to Luke, "Boss, this person is Mandy Hines, who owes our casino 20 million dollars..."

After hearing this, Luke turned to look at Mandy and said lightly, "You owe me so much money at such a young age. That's no small feat!"

"Mr. Phillips, I'm begging you. Give me another chance. I'll definitely think of a way to return the money!"

Mandy shouted excitedly at Luke.

"Haha..."

Luke smiled faintly when he heard Mandy's words.

Zill took out a chair and placed it behind Luke, after which Luke sat on the chair in an orderly manner. He looked at Mandy up and down and whispered to her, "Miss, I've investigated your family background. Your parents are ordinary workers, and you're just a university student. Although you're not bad looking, if you rely on just your looks, it'll probably be difficult for you to earn 20 million in your lifetime..."

"Mr. Phillips, even if I have to work like a cow or a horse for the rest of my life, I will return this money to you..."

Mandy shouted excitedly.

"Forget it, I'll just treat this money as lost. I don't want it!"

Luke replied expressionlessly.

"You don't want this money?"

Mandy looked at the expression on Luke's face in shock!

Chapter 527: On One Condition!

Hearing Luke's words, Mandy was stunned on the spot, and her face was filled with unspeakable surprise.

"Mr. Phillips, thank you so much!"

Mandy was so excited that she didn't know what to do. She knelt on the ground and kept kowtowing to Luke.

Never in her wildest dreams did she expect that this matter would be resolved so easily. This was simply a great thing for her! "Thank me?" Luke looked at Mandy with a faint smile, then said with a playful expression, "Why are you thanking me?"

"Mr. Phillips, didn't you just say that you don't want me to return the money?"

Mandy was stunned for a moment. She felt that there was something wrong with Luke's expression.

"I don't intend to let you return the money because I know you won't be able to pay it back in your lifetime. However, not letting you return the money doesn't mean that I'll let you off just like that," Luke said lightly.

"There are conditions?"

Mandy took a deep breath and said with a disappointed expression, "That's true. It's normal for you to not want me to pay you back for so much money. Mr. Phillips, if you have any conditions, just say it. As long as it's within my ability, I'll definitely do my best!"

"Don't worry, my condition is very simple. You can definitely do it!" Luke replied softly.

Mandy looked at Luke with a nervous expression and couldn't help but think in her heart, could it be that Luke has taken a fancy to me and wants to keep me as a mistress?

Although Mandy was willing to be Connor's lover for the 20 million dollars, it did not mean that she would be willing to be the other party's lover for the 20 million dollars!

Connor was very good-looking and young. The most important thing was that he was very rich. Mandy felt that she would not suffer a loss even if she was Connor's mistress.

However, Luke was different. Luke was old enough to be Mandy's grandfather. Besides, Mandy felt that she would not get any benefits from being with such a man, so she was still very resistant to this matter.

"Mr. Phillips, what are your conditions?" Mandy asked Luke softly after hesitating for a while.

"My condition is very simple. According to the rules of Harlem's Gold, 20 million is enough to buy your life, but I see that you're still young, so I plan to give you a chance to start over. How about this? I'll get someone to cut off both of your hands, and the 20 million you owe me will be written off."

Luke said this without any emotion, as if it was normal for him to cut off other people's hands.

Mandy couldn't accept this fact for a moment, so she shouted at Luke while trembling, "M-Mr. Phillips, if you really cut off my hands, won't I become a cripple?"

Lily, who was standing beside Mandy, was also completely dumbfounded. She never thought that Luke would actually want to cut off Mandy's hands.

"It's only right to pay back a debt, no? Before you borrowed money, you should have thought of this outcome. Now that you can't pay, I can only take something else from your body!" Luke replied coldly.

"Mr. Phillips, I... I'm begging you. I really know my mistake. It's my fault. I shouldn't have borrowed so much money from you! But can you give me another chance? Don't cut off my hand, okay?"

Mandy originally thought that Luke would let her go, but she never thought that Luke would be so ruthless and ready to cut off her hands.

If her hands were really cut off, Mandy may as well be dead!

“You have no right to bargain with me now.”

Luke didn't want to waste his breath on Mandy, so he turned his head and shouted at Zill. “Yes, boss!”

Zill nodded his head lightly and then led his bodyguards towards Mandy's position. “No,-n-no! Don't...”

Mandy shouted in horror when she saw Zill walking towards her with his bodyguards. However, Zill and the others acted as if they did not hear Mandy's words at all. They walked straight to Mandy.

“Mr. Phillips, | beg you, please give me another chance. | will definitely return this money to you!”

Mandy knelt on the ground and cried as she shouted at Luke.

“Return the money?”

Luke couldn't help but sneer when he heard that. Then, he said lightly, “How are you going to pay me back?”

“I'll really pay you back. Please let me go!”

Mandy shouted excitedly at Luke.

Luke glanced at Mandy and did not say anything, because he was not in the mood to talk nonsense with someone like Mandy. “Hold her down!”

Zill shouted at the bodyguards behind him expressionlessly.

When the bodyguards heard Zill's words, they rushed in front of Mandy and pressed her to the ground.

Mandy seemed to have gone crazy. She kept struggling and shouting. The expression on her face was filled with despair, but no one paid attention to her!

Lily was completely scared out of her wits. Her eyes were dull as she stood on the spot. Her legs were slightly trembling. She did not know what she should do, nor did she know if these people would attack her. There was only endless fear in her heart.

Although Mandy had been struggling, she was only a girl after all, and her strength was limited.

The bodyguards pressed Mandy to the ground without any effort. Two of the bodyguards held her body down, while the other two held her hands down.

Mandy's entire body was pinned to the floor. Her body was in a big position, like a fish on a chopping board, waiting to be slaughtered!

Luke sat on the chair expressionlessly and looked at Mandy coldly. "No, Mr. Zonah, I beg you, let me go..."

Even now, Mandy still did not give up begging for mercy.

However, it was obviously ineffective.

Zill took out a machete from somewhere. This machete was specially used to deal with those gamblers who didn't pay their debts!

Mandy looked at the white machete, and a trace of fear flashed in her eyes.

“I hope you can remember this!”

Zill looked at Mandy. Then, he raised his machete and slashed at Mandy's right hand. “Bang!”

With a loud bang, the machete fell steadily..

Wanna gift the story? Try one.

When Mandy saw that Zill really made a move, she

am screamed. the machete could land on her arm, Mandy had already fainted.

Lily, who was standing not far away, did not dare to look at this scene. She covered her eyes tightly. When she heard the loud bang, her entire body trembled and she sat on the ground in shock. When Lily opened her eyes again, she was dumbfounded.

She was surprised to find that Zill's machete did not land on Mandy's hand, but instead landed on the floor, leaving a deep knife mark on the floor.

“This... What's going on?”

Lily looked up at Zill and asked in disbelief.

The knife mark on the floor was still a long way from Mandy's arm.

Even if Zill had missed, there was no way he'd miss by so much!

Zill ignored Lily and turned to Luke with a smile, “Mr. Phillips, I acted well just now, right?” “It's alright...” Luke nodded slightly.

Zill also showed a puzzled expression and whispered to Luke, "But Boss, | don't u gestagdevhiy Mr.

Donateiwants b O put on such a show. If he wanted to deal with this woman, he could have let us do it directly. Why did Mr. McDonald want us to scare her?"

"You have never experienced the fear of death, so you don't know how terrifying this feelingiç.) think Menondu@sked us to do this because he wants this girl to remember how terrifying that feeling was!"

Luke explained with his eyes narrowed.

Although there were many rumors about Connor outside, saying that Connor did not have any talent at all and was just lucky enough to inherit Steven Lee's pronertv!

Chapter 528: Connor Arrives

"Bang!"

Zill raised his machete and slashed at Mandy.

"All!"

When Mandy saw that Zill really made a move, she instinctively screamed. Perhaps it was because of fear, but before the machete could land on her arm, Mandy had already fainted.

Lily, who was standing not far away, did not dare to look at this scene. She covered her eyes tightly.

When she heard the loud bang, her entire body trembled and she sat on the ground in shock.

When Lily opened her eyes again, she was dumbfounded.

She was surprised to find that Zill's machete did not land on Mandy's hand, but instead landed on the floor, leaving a deep knife mark on the floor.

"This... What's going on?"

Lily looked up at Zill and asked in disbelief.

The knife mark on the floor was still a long way from Mandy's arm.

Even if Zill had missed, there was no way he'd miss by so much!

Zill ignored Lily and turned to Luke with a smile, "Mr. Phillips, I acted well just now, right?"

"It's alright..." Luke nodded slightly.

Zill also showed a puzzled expression and whispered to Luke, "But Boss, I don't understand why Mr. McDonald wants us to put on such a show. If he wanted to deal with this woman, he could have let us do it directly. Why did Mr. McDonald want us to scare her?"

"You have never experienced the fear of death, so you don't know how terrifying this feeling is. I think Mr. McDonald asked us to do this because he wants this girl to remember how terrifying that feeling was!"

Luke explained with his eyes narrowed.

Although there were many rumors about Connor outside, saying that Connor did not have any talent at all and was just lucky enough to inherit Steven Lee's property!

However, Luke felt that the rumors outside were not true. At the very least, he felt that Connor was very smart.

The fact that Connor could think of such a way to deal with Mandy proved that he was much smarter than the average person.

Connor didn't want anyone to kill Mandy, nor did he want to hurt her, because no matter what, Mandy had been with Connor before.

But under such circumstances, Connor was worried that Mandy would keep using their relationship to threaten him. In this case, she might become a problem that Connor could not solve!

Therefore, Connor felt that the only way to solve this was by making Mandy really afraid of him, so much so that every time she saw him, she would think of the terrifying fear just now. Otherwise, Mandy would definitely keep asking for money from him.

After Connor gave Mandy 10 million dollars, he went straight to Lily and asked her to bring Mandy to Harlem's Gold.

Connor had something on Lily, so she naturally did not dare to reject his request. She brought Mandy to Harlem's Gold according to his instructions.

Then, Connor asked Kyle Hayes to negotiate with the people of Harlem's Gold. His plan was very simple, and that was to let Mandy fall to this point step by step.

Although Luke Phillips was not Connor's employee, he had heard about Connor. In addition, Kyle Hayes had a good relationship with Connor, so Luke needed to give Connor some leeway.

Therefore, from the moment Mandy stepped into the casino, she was under surveillance.

Not only that, but the people from Harlem's Gold had also cheated on purpose. They let her win a few rounds, then baited her into losing.

Mandy, of course, couldn't accept such ups and downs. After losing money, she naturally wanted to win it back. However, winning money required capital, so she could only borrow money from Harlem's Gold!

In less than two months, Mandy had experienced the ups and downs that she had never experienced before. First, she went from an ordinary university student to a multimillionaire, and then from a multimillionaire to a gambler with a debt of 20 million dollars.

In order to avoid the people in the casino, Mandy had no choice but to hide and live a life worse than death every day.

In the end, Connor began to pull in the net, deliberately letting Luke and Zill put on a show.

In this way, Mandy would understand what true fear was!

Luke felt that Connor being able to set up such a big trap over a long period of time was definitely not something that ordinary people could do.

Most importantly, Connor had never appeared in this plan. This was also his most powerful aspect.

That was why Luke felt that Connor was not useless. He was much more powerful than the outside world thought.

“Creak!”

At this moment, the office door was suddenly pushed open from the outside.

Connor walked into the office!

“Mr. McDonald!”

“Mr. McDonald!”

Zill and Luke hurriedly stood up and greeted Connor.

Lily looked at Connor who walked into the office in a daze. Now she finally understood what was going on.

It turned out that she was just a chess piece in Connor's plan!

"How is Mandy?"

Connor asked expressionlessly.

"Mr. McDonald, Mandy Hines just fainted. She must have been too frightened!" Luke replied.

"Wake her up. I have something to say to her..."

Connor replied lightly and then sat on the chair that Luke had sat on before.

Zill and the rest did not dare to be negligent. They hurriedly ran to the bathroom to get a large basin of cold water and splashed it directly on Mandy's face!

"All!"

Mandy screamed and instantly woke up.

"My hand..."

Mandy thought that her hands had been chopped off by Zill, so the first thing she did after waking up was to check her body.

But what Mandy did not expect was that her body was actually unharmed, and both her hands were still intact.

“This... What’s going on?”

Mandy muttered in disbelief. Then, she suddenly looked up and found an extremely familiar face.

At this moment, Connor was squinting at Mandy.

“Connor, you...Why are you here?”

Mandy stuttered as she asked Connor. The expression on her face was very shocked!

“Why do you think I’m here?” Connor smiled faintly.

“You’re here to save me, right?”

Mandy shouted excitedly.

“Save you?”

Connor sneered, then shook his head and said, “Mandy, you’re really naive!”

“Mandy, Connor is in cahoots with these people...”

Lily could not help but remind Mandy softly.

“Together?”

Mandy felt that her brain was not enough.

She sat on the ground and hesitated for two seconds.. Then, she shouted excitedly, “Connor, you colluded with these people to harm me, right?”

Chapter 529: Get Lost!

“I colluded with these people to harm you?”

After hearing Mandy’s words, Connor couldn’t help but laugh. Then, he said expressionlessly, “You asked to come to the casino, and you owe me the money. What does it have to do with me? Did I force you to borrow money from the casino?”

“You...”

Mandy was so angry that her eyes turned red. After hesitating for two seconds, she said in a low voice, “No wonder you were willing to lend me money back then. It turns out that all of this was planned by you. What exactly do you want?”

“I don’t want anything. This is between you and Harlem’s Gold. I’m just here to watch the show!”

Connor said with a smile.

After Mandy heard Connor’s words, a trace of fear flashed across her eyes.

She quickly crawled to Connor’s side and hugged Connor’s thigh tightly as she shouted, “Connor, I know that you are in cahoots with these people. If you speak up for me, they will definitely listen to you. So, quickly speak up for me and ask these people to let me go. I really know my mistake...”

“Mandy, do you remember what I told you when you took the ten million dollars from me?”

Connor asked Mandy softly.

“What did you tell me?”

Mandy looked at Connor and was stunned for a moment. A trace of confusion flashed in her eyes.

“Looks like you have forgotten...” Connor couldn’t help but sigh. Then, he said with a playful expression, “I told you before that you can’t do whatever you want in this society just because you have money. There are many things that you can’t solve with money!”

In fact, Connor was still very qualified to say this. After all, he was already very rich now. It was not an exaggeration to say that he was the richest man in the world.

However, he still had a lot of troubles. Some things could be solved with money, but some things couldn’t.

“I don’t understand what you said, but my problem can be solved with money. As long as I pay the money back, Mr. Phillips will let me go!”

Mandy shouted at Connor with an excited expression.

“Then can you return it?”

Connor asked Mandy softly.

“I can’t pay it back, but you can help me pay it back!”

Mandy hurriedly replied.

“Haha...”

Connor couldn’t help but laugh when he heard this. Then, he said in a playful tone, “Do I have money to spend? Why should I help you pay back this money?” H H

Mandy looked at Connor in front of her and was instantly dumbfounded. She shouted at Connor with an excited expression, "Connor, I know that you came here today to help me. Otherwise, you wouldn't have come. Just tell me what you want from me!"

Mandy was a very smart woman. She felt that Connor was definitely not just here to watch the show today.

Connor didn't want to continue talking nonsense with Mandy and said directly, "Alright, then I'll be clear with you. I can indeed help you this time, but I won't help you repay this money..."

"Then what do you want?"

Mandy looked at Connor and asked in confusion.

"Although I won't help you pay back the money, I can ask Mr. Phillips not to ask you for the money for the time being..."

Connor whispered to Mandy.

"You won't ask me for money for the time being? What does that mean?" Mandy was stunned for a moment and asked Connor with a frown.

"What I mean is very simple: from today onwards, I don't want to see you anymore. As long as I don't see you, Mr. Phillips won't ask you for this money. However, if I see you again, or if you use my fiancée to blackmail me again, I won't care about the matter between Mr. Phillips and you..." Connor said calmly to Mandy.

Mandy was almost driven crazy by Luke, Zill, and the others. Connor's offer was simply too tempting compared to the torture of Zill and the others.

Therefore, Mandy did not hesitate at all and shouted at Connor, "Alright, I agree to your condition. As long as these people don't come looking for me anymore, I won't look for you anymore. I'll drop out of

school and leave Porthampton immediately. I promise that I won't appear in your life again..." Connor narrowed his eyes and asked softly, "Are you sure you can do it?" In fact, Connor had gone around in

such a big circle with the purpose of making Mandy disappear completely from his life. The last time Mandy asked Connor for money, it was also a wake-up call. He felt that if Mandy didn't disappear, his life would never be peaceful.

If Mandy still used the same method to threaten him, would Connor give money? Although this money was nothing to Connor, human desires were endless. Who could guarantee what Mandy would do in the future?

Therefore, Connor had made up his mind at that time. He had to make Mandy disappear, no matter what.

Mandy was different from Brandon Guthrie—she was a very shameless woman, and Connor didn't have anything on her.

When Connor dealt with Brandon, he could use his father to pressure him. However, Mandy herself was an ordinary person. Her family did not have any businesses. She was simply shameless, unreasonable, and had nothing to lose! It was impossible for Connor to make Mandy disappear using normal methods. If he had killed Mandy directly, things would have been much simpler.

However, Connor did not want to use such a method because he knew Mandy, and he himself was averse to killing people.

That was why Connor thought up this plan!

"Connor, don't worry. As long as these people don't come to me for money, I definitely won't come to you again. I can definitely do this!" Mandy shouted at Connor very seriously.

"Alright, since you've said so, I won't make things difficult for you anymore. But remember, if you dare to appear in my life again or contact me, then I won't interfere in the matter between you and Mr. Phillips."

Connor asked Mandy coldly.

Mandy nodded without thinking.

“Then get lost!” Connor shouted with an expressionless face.

When Mandy heard Connor’s words, she felt as if she had escaped death. She hurriedly stood up and ran out of the office..

Chapter 530: A Favor Worth 29 Million Dollars

However, just as Mandy was about to run out of the office.

Mandy suddenly stopped in her tracks and turned to look at Connor. “Is there anything else?”

Connor asked Mandy softly.

Mandy stood in place and hesitated for two seconds. Then, she stared at Connor with her big, watery eyes and asked, “Connor, who are you?”

In fact, Mandy had always been curious about this question. After all, when they were together, he was just a poor loser who delivered food. But now, Connor had turned into an existence that even the boss of Harlem's Gold had to fear.

Mandy really could not understand what kind of change had happened to Connor. “Who am I?”

When Connor heard this, he smiled playfully and then said indifferently, “I don’t know who I am either. Why don’t you help me answer it, Mr. Phillips?”

Luke looked at Connor for a moment, then said with a very serious expression, “Mr. McDonald, I don’t know much about your background, but I know that you have the final say in the entire Porthampton now. The Empire World Corporation under your banner has already spread across all walks of life in

Porthampton. You exist in both the legal and illegal industries. It's not an exaggeration to say that you're the number one young master of Porthampton."

After hearing Luke's words, Mandy was instantly dumbfounded. The expression on her face was extremely shocked.

Originally, Mandy thought that Connor was just a rich heir. However, she never expected Connor's background to be so terrifying!

Luke was a well-known figure in Porthampton. Mandy knew that Luke would not lie. "Of course, this is only your influence in Porthampton. As for your influence in other cities, I don't know!"

Luke turned his head to look at Mandy as he spoke, and then said lightly, "Young lady, you were able to be together with Mr. McDonald back then. That was a blessing that you had cultivated for eight lifetimes, but you didn't know how to cherish it. You might not know how many young ladies in Porthampton City wished to have such an opportunity, but they didn't have your luck!"

Mandy stood rooted to the ground, her expression unusually regretful.

She felt that abandoning Connor and choosing to be with Brandon Guthrie was simply the stupidest thing in the world! It felt like she'd lost a hundred million dollars for a hundred dollars!

Unfortunately, there was no medicine for regret in this world. It was too late for Mandy to regret now.

Lily, who was standing at the side, looked even more incredulous. She now had a new understanding of Connor's identity. "Is there anything else you want to ask?"

Connor turned his head and looked at Mandy indifferently. He asked Mandy coldly.

"No... There's nothing else..."

Mandy stuttered as she replied. Then, she walked out of the office with an extremely uneasy mood.

“Connor, |...Can I leave now?”

Lily hesitated for a moment before asking Connor.

HH

Connor turned to look at Lily and said softly, “You know too much. I don’t want to see you again. Tomorrow, you and Mandy will go through the withdrawal procedures and leave Porthampton...”

“Alright...Alright, I’ll go through the withdrawal procedures tomorrow!” Lily hurriedly agreed. She did not dare to go against Connor’s wishes now. Hii

Connor stood where he was and hesitated for two seconds. He felt that Lily did not have any blood feud with him. Back then, she had only verbally humiliated Connor a few times.

However, Connor would not make her drop out of school for no reason just because of this. Connor suddenly changed his mind.

“Forget it. I’ll get the principal to help you with the transfer procedures tomorrow. When the time comes, you can transfer to another school. That way, your studies won’t be affected!”

After Lily heard Connor’s words, her expression was very excited. She hurriedly shouted, “Connor, thank you, thank you!” “Mr. Phillips, get your men to prepare 100,000 dollars in cash for her. Just treat it as compensation!”

Connor ignored Lily and turned to Luke.

“Mr. McDonald, you really have a good heart!”

Luke sighed and turned to look at Zill. Of course, Zill knew what Luke meant, so he hurried to Lily’s side and said softly to her, “Miss, come with me to get the money!”

Lily's expression was very excited because she never dreamed that Connor would not take revenge on her, instead handling the transfer procedures for her and giving her 100,000 dollars. This was simply a great thing for her! "Connor, thank you. Thank you so much!"

Lily thanked Connor as she followed Zill out of the office.

"Wait!" But at this moment, Connor suddenly shouted.

When Lily heard this, she hurriedly stopped and looked at Connor's position. She felt that Connor might have changed his mind. "Give her 200,000 dollars and 100,000 dollars to Mandy!" Connor said softly.

"Alright...!"

Lily answered in surprise and then walked out of the office.

After Mandy, Lily, and the others left, Connor heaved a sigh of relief. This big problem was finally solved.

Connor turned to look at Luke and said sincerely, "Mr. Phillips, thank you for this!"

"Mr. McDonald, this is just a small matter. There's no need to hankyme. It's my ngntabe Bolero elp you, Me McDonald..." Luke hurriedly replied.

After all, Luke didn't spend much effort on Mandy's matter, and he didn't lose anything. Why not let Connor owe him a favor?

After saying this, Luke quickly took out a bank card and handed it t Connor. Then hesa}a €Océnor with alflatter\ d face, "Mr. McDonald, the 20 million that Mandy lost in our casino..."

"Keep it, just treat it as compensation for Zill and the others!"

Connor said lightly.

After all, he did not lack the 20 million dollars.

“Mr. McDonald, we can’t accept this money. After all, it’s your money!” Luke handed the bank card to Connor as he spoke.

Connor also knew what Luke meant. If he accepted this bank card now, it would mean that he owed Euke a favor. If Connor did not accept this bank card, then he would not owe him a favor.

One was Connor’s favor, and the other was 20 million dollars.. Luke was clearly aware of which one was worth more!
