41 The Fifth Day! The First Carpenter!

Zhou Zhou and Zhao Changshou arrived at the second monster ranch in no time.

This monster ranch was beside the Desert Fog Lizard Monster Ranch.

It was exactly the same as the monster ranch beside it, be it in terms of the architectural style or size.

The only difference was...

This monster range held Black-Tailed Fog Scorpions!

“Thank you both for your hard work.”

Zhou Zhou was very satisfied.

“It’s nothing.”

“Special buildings are hard to come by.”

“I’m more than happy to be able to preside over the construction of a special building even after I retire.”

Zhao Changshou looked at the building in front of him with a smile.

He had presided over the construction of countless buildings of all sizes in the Aurora Kingdom throughout his life!

However, very few of them were special buildings.

From this, it could be seen how rare and precious special buildings were.

Then, he thought of something and turned to Zhou Zhou.

“By the way, my Lord.”

“The first tailor shop in our territory was also built just over an hour ago.”

Zhou Zhou’s eyes lit up.

Bao Xiu’er’s face appeared in his mind immediately.

Speaking of which, he had been too busy recently and had not seen her much.

However, from what others said...

During this period of time, Bao Xiu’er often repaired the soldiers’ clothes. She was so busy that she could not be seen sometimes.

It would indeed be difficult to find her unless she took the initiative to appear.

“Let’s go take a look.”

Zhou Zhou said.

“Yes, my Lord.”

Zhao Changshou said respectfully.

A moment later.

In front of the tailor shop.

Zhou Zhou stood at the door and peered inside.

The tailor shop had been tidied up.

Not far away...

Bao Xiu'er was mending a coat seriously under a candle lamp.

Her originally delicate and good-looking face looked even better under the candlelight.

He opened her attribute panel.

He realized that Bao Xiu'er had advanced from a Black Iron-Tier Advance Grade Tailor to a Green Bronze-Tier Elementary Grade Tailor.

Zhou Zhou was not surprised at all.

She was already talented...

And yet she was still so hardworking...

It would be unreasonable for her Life Profession Level not to advance.

He wanted to go over and greet her.

However, looking at how focused she was...

He quietly dismissed this plan.

"Let's return."

Zhou Zhou said.

"Aren't you going in to talk to her?"

"She often nags about you, my Lord, whenever I meet her."

Zhao Changshou stroked his beard and smiled.

"What does she nag about?"

Zhou Zhou was curious.

"She would be wondering why aren't my Lord's clothes torn yet."

Zhou Zhou was speechless. "... Can't she say something good about me?"

"This little girl might just want to get closer to you, my Lord."

Zhao Changshou said respectfully.

Zhou Zhou shook his head.

He did not reply.

Then, the two of them turned around and left without saying anything.

Along the way...

Zhou Zhou suddenly turned to look at the tailor shop.

The candlelight there was still warm and gentle.

It made his heart calm down.

Zhou Zhou suddenly seemed to understand something.

Maybe...

Protecting such a heartwarming place in this chaotic world...

Was also one of the reasons why Lords like them existed.

...

The next morning.

The lord's wooden house.

In the master bedroom.

Zhou Zhou woke up in a daze.

And then...

He realized that he was 'trapped' by the bed and could not get up.

Zhou Zhou was 'helpless' and could only open the world channel, planning to dive in it for a while.

Then, his gaze was immediately attracted by the blood-red countdown at the top of the channel.

[Countdown: 73 hours: 26 minutes: 25 seconds!]

"It's the fifth day already."

“Time flies.”

“The novice lord test will be here in another two days.”

Zhou Zhou sighed.

He looked at the Lords’ comments.

He realized that the other Lords were also discussing the novice lord test.

“It’s over. There are only two days left before the novice lord test! I’m so flustered. What should I do?”

“Are you as anxious as me? I only have 10 soldiers under me now. The strongest amongst them is only a Black Iron-Tier Intermediate Grade Spearman.”

“Bro, you actually have 10 soldiers. I’m envious!”

“Envy +1!”

“Envy +2!”

“Envy +10,086!”

“At least you have soldiers. The subjects I summoned from the Gate of Summoning are either jobless subjects or trashy life professionals. Not a single soldier has appeared. I haven’t dared to leave the novice lord’s protective barrier for the past five days. I’ve been relying on exchanging the products of life professionals in the Marketplace for food to survive.”

“Not a single soldier? What luck...”

“Life professionals are useful in the later stages. They are really not very useful in the early stages.”

“I’m already prepared to give up my territory. A friend of mine, who has already given up his territory, told me that I will automatically become an adventurer and will also have professional strength as long as I give up my status as a Lord for more than a day. However, I wouldn’t be able to rely on soldiers to kill monsters to increase my strength like a Lord. I have to kill monsters myself to increase my strength.”

“It doesn’t sound bad. I’m a little tempted...”

“All of you can become adventurers. I will definitely pass the novice lord test!”

...

“Adventurer?”

Zhou Zhou raised his eyebrows.

It turned out that one could give up his status as a Lord and would automatically become an adventurer.

It sounded pretty good.

They would not have to worry about the novice lord test then.

“A large group of Lords will probably give up their status.”

Zhou Zhou pondered.

As for him who had mastered three Lord Talents, he would not do too badly in the future. Naturally, he would not give up his status as a Lord.

He was not in the mood to continue sleeping.

He simply got up and walked out of the lord’s wooden house. He went to the Gate of Summoning and summoned his subjects for the day.

[Prompt: Do you want to summon immediately?]

“Yes!”

Zhou Zhou said.

The next second.

The Gate of Summoning suddenly lit up with white light, and 12 people walked out.

“Greetings, My Lord!” x12

The 12 of them said respectfully.

“Hello, everyone.”

“From today onwards, you are the subjects of Blazing Sun City!”

Zhou Zhou said.

Then, he looked at the 12 people.

There were a total of 10 men and two women among these 12 people.

Nine of them were unemployed subjects without any profession.

As for the other three Professionals...

One of them was a middle-aged man with a Black Iron-Tier Intermediate Grade Life Professional!

The other person was a little younger. He was a young man in his twenties and was a Black Iron-Tier Elementary Grade carpenter!

This was also the first carpenter in his territory.

The last person was a Black Iron-Tier Advance Grade doctor, a white-haired female elder.

Zhou Zhou opened the interface information of the Black Iron-Tier Elementary Grade carpenter.

[Subject: Zhu Yinglun]

[Territory: Blazing Sun City]

[Life Profession: Carpenter]

[Profession Class: Black Iron-Tier Intermediate Grade]

[Ability Overview: From the Aurora Kingdom's Canal Village. He has inherited carpentry skills from his elders since he was young. He is meticulous and patient. He knows how to make some simple and common furniture and daily necessities and yearns for life in the outside world.]

[Skills: Woodworking Skill – Simple Furniture (Black Iron-Tier Elementary Grade), Woodworking Skill – Simple Farming Tool (Black Iron-Tier Elementary Grade), Woodworking Skill – Small Wooden Cart (Black Iron-Tier Elementary Grade), Woodworking Skill – Water Cart (Black Iron-Tier Intermediate Grade – Incomplete)]

[Loyalty: 75]

[Potential: White Silver-Tier Advance Grade]

Zhou Zhou nodded.

He was quite satisfied.

Even though his potential was average...

The carpentry skills he learned were very practical.

Especially the craftsmanship of making furniture and small wooden carts!

The newly built residences needed furniture!

His loot transport team also needed small wooden carts.

With this young man around...

In the future, he would not have to buy these things at the Marketplace.

As for the remaining nine people...

Zhou Zhou thought for a moment.

He did not arrange for them to change their profession to military professions.

Instead, he arranged for them to be assigned to Zhao Changshou to increase the number of builders so that they could build houses faster.

There were only six new residences in his territory...

However, there were already more than a thousand residents.

It could be said that Zhao Changshou and Elder Zhao lacked the most hands.

As for the army...

10 more or 10 less people would not make much difference anyway.

It was better to leave these people to Zhao Changshou and Elder Zhao.

After arranging everything...

He took Nezario to the Monster Ranch.

In front of the monster ranch...

Mu Gu immediately emerged to welcome Zhou Zhou.

He looked around and realized that the two monster ranches were already filled with Desert Fog Lizards and Black-tailed Fog Scorpions.

“My Lord.”

“I nurtured a total of 500 Desert Fog Lizards and 500 Black-tailed Fog Scorpions in these two monster ranches through the night.”

“Among them are 244 Black Iron-Tier Elementary Grade Desert Fog Lizards, 235 Black Iron-Tier Intermediate Grade Desert Fog Lizards, and 21 Elite Black Iron-Tier Advance Grade Desert Fog Lizards!”

“There are also 186 Black Iron-Tier Elementary Grade, 308 Black Iron-Tier Intermediate Grade, and 6 Elite Black Iron-Tier Advance Grade Black-Tailed Fog Scorpions!”

Mu Gu only realized that his Lord had not brought Bai Yi and the others along this time after he spoke.

He froze.

However, he believed that the Lord had his own intentions, so he did not ask further.

That was indeed the case.

“Today, I plan to use the monsters in these monster ranches to upgrade my pet.” Zhou Zhou continued.

“Just release them in batches as usual.”

According to the information Bai Yi and the others had obtained...

The regional Scarlet Lord was at White Silver-Tier Elementary Grade!

Zhou Zhou was confident that his Nezario should be able to win against this White Silver-Tier Elementary Grade Scarlet Lord.

However, he felt that he could still increase the odds.

For example, if his Nezario could advance to White Silver-Tier Grade...

Wouldn't it trash that White Silver-Tier Elementary Grade Scarlet Lord?

That was why he did not bring Bai Yi and the others to the monster ranch this time...

He planned to let Nezario monopolize the advancement energy of these two monster ranches today!

Mu Gu nodded respectfully when he heard Zhou Zhou's words. Then, he began to release the first batch of 10 Black Iron-Tier Elementary Grade Desert Fog Lizards.

"Go on."

"Remember not to burn the bodies."

"Your master still has to retrieve the loot."

"When you advance to White Silver-Tier Grade..."

"I'll reward you with 100 Black Iron-Tier Mist Cores!"

Zhou Zhou looked at Nezario beside him.

At this moment, Nezario was already as tall as an adult.

Its growth speed was astonishing.

It immediately cried out excitedly when it heard Zhou Zhou's words.

Then, it flew in front of the 10 Desert Fog Lizards and looked down at them excitedly.

The next second!

It pounced forward and fought the 10 Desert Fog Lizards head-on.

Nezario remembered its master's words.

Don't destroy the corpses of these fog monsters.

Therefore, it did not use its Magma Dragon Breath. Instead, it relied purely on its physical strength to deal with these fog monsters.

How terrifying was the physical body of a pure-blooded dragon?

Even if Nezario was only a young dragon...

Desert Fog Lizards would still be injured and die if they came into contact with its body.

When Zhou Zhou saw this, he nodded secretly.

At this moment...

A gentle energy suddenly enveloped in his heart. Then, it instantly surged into his limbs, bones, and soul, greatly strengthening them.

Zhou Zhou was stunned.

“I broke through?”

He reacted and immediately opened his lord’s personal information.

That was indeed the case.

In the strength class column...

His strength had already risen from Black Iron-Tier Advance Grade to Green Bronze-Tier Elementary Grade!

“I’ve finally broken through!”

Zhou Zhou heaved a sigh of relief.

He did not know if it was because his status as a Lord was special and needed more advancement energy...

Bai Yi and the others had long broken through to the Green Bronze-Tier Elementary Grade...

While he remained at that same grade.

It was hard enough to watch others advance when he did not.

Fortunately, he still broke through in the end.

After that, Zhou Zhou collected the loot while watching Nezario destroy the Desert Fog Lizards.

When it killed about 70 to 80 Desert Fog Lizards...

Nezario suddenly let out an impatient dragon roar and rushed past Mu Gu into the Desert Fog Lizard’s monster ranch.

When the surrounding 400 Desert Fog Lizards saw this monster they had never seen before charge in, they immediately prepared to attack Nezario with ferocious expressions.

The next second.

“ROAR!”

A young but domineering dragon roar sounded.

Dragon Might instantly erupted.

All of the Desert Fog Lizards immediately stood on the spot in fear, unable to move.

Nezario sneezed proudly when it saw this scene. Then, it began to kill these helpless Desert Fog Lizards like a wolf entering a flock of sheep.

When Zhou Zhou, who was originally a little worried, saw this scene, a smile immediately appeared on his face.

“This Dragon Might effect is a little ridiculous.”

“I underestimated it when I asked Mu Gu to release them in batches of 10.”

He was no longer worried. He sat down again and continued to retrieve the loot.

A moment later.

Nezario, which had just slaughtered the entire Desert Fog Lizard Monster Ranch, suddenly raised its head and roared.

Its voice was like the roar of a heavenly dragon, resounding through the world!

Zhou Zhou seemed to have sensed something and immediately stood up.

Wisps of blood-red hot fire elements condensed into an elemental flow that appeared out of thin air around Nezario, making it look like a Dragon God in flames!

Then, a portion of the elemental flow seemed to have been summoned and fused into Nezario's body.

Another portion formed a ferocious armor made of lava on the surface of its body.

During the integration process...

Nezario's body also began to increase at a visible speed.

Two meters... three meters... four meters... six meters!

Nezario's body only slowly stopped growing after it grew to more than six meters tall.

Then, the advancement phenomenon around it slowly disappeared.

At the same time...

A series of text notifications appeared in front of Zhou Zhou.

[Congratulations, your pet, the Lava Dragon, has broken through to White Silver-Tier Elementary Grade!]

[The Magma Dragon Breath of the Lava Dragon has been strengthened!]

[The Lava Dragon's Dragon Might has been strengthened!]

[The Lava Dragon has comprehended the growth-type Draconic Spell, Elementary Fire Elemental Control, from Draconic Magic Mastery!]

[The Lava Dragon has awakened the Lava Armor from the Inheritance of the Dragons!]

[The Lava Dragon's Epic-Tier Elemental Immunity and Epic-Tier Physical Immunity Awakening Rate has increased from 1% to 3%!]

Zhou Zhou was also extremely surprised.

Nezario actually obtained so many benefits from just a breakthrough to White Silver-Tier Grade?!

As expected of a pure-blooded dragon!

The next second.

He saw Nezario turn and look at him eagerly.

Zhou Zhou was stunned.

Then, he reacted and happily took out 100 Black Iron-Tier Mist Cores from his Spatial Ring. Then, he thought for a moment and took out another 900 Black Iron-Tier Mist Cores.

Nezario's eyes lit up.

It stared at the 1,000 Black Iron-Tier Mist Cores.

Elementary Fire Elemental Control!

Whoosh!

The 1,000 Black Iron-Tier Mist Cores suddenly ignited with flames out of thin air. Then, they melted into wisps of fiery red energy and flew into its mouth.

It smacked its lips, looking extremely satisfied.

“Normally speaking...”

“I should have fed you with White Silver-Tier Mist Cores after you broke through to the White Silver-Tier Elementary Grade.”

“But I don’t see any White Silver-Tier monsters now.”

“So I’m compensating you with more Black Iron-Tier Mist Cores.”

Zhou Zhou said.

Nezario nodded like a human and flew straight to the territory of the Black-tailed Fog Scorpion.

“ROAR!”

It looked down at these monsters and growled.

The White Silver-Tier Dragon Might instantly swept through the entire monster ranch.

More than half of the 500 Black-tailed Fog Scorpions were directly knocked out.

The remaining Black-tailed Fog Scorpions were even more ridiculous. They died and fell to the ground.

“My good boy...”

Zhou Zhou clicked his tongue.

So this is the strength of a pure-blooded dragon after breaking through?

Global Lord: 100% Drop Rate #Chapter 43 - 43 White Platinum-Tier Elementary Grade Hidden Mission! - Read Global Lord: 100% Drop Rate Chapter 43 - 43 White Platinum-Tier Elementary Grade Hidden Mission!

Nezario’s speed of dealing with the Black-tailed Fog Scorpion was clearly faster after it was promoted to White Silver-Tier Elementary Grade.

In less than a moment...

All 500 Black-tailed Fog Scorpions died under its sharp claws.

Then, it immediately flew in front of Zhou Zhou and looked at him with a proud expression.

“Well done.”

After Zhou Zhou praised it, he subconsciously wanted to hug it like before.

However, he gave up on this idea in the end and looked regretfully at its six-meter-tall body.

Emmm...

No wonder people often say that children are no longer cute when they grow up...

In the time that followed...

Zhou Zhou began to extract the loot from the bodies of these fog monsters.

During this period...

Bai Yi also left Blazing Sun City with 20 members of the reconnaissance team to monitor the territory of the unfamiliar human lord.

Wu Tu led the remaining 30 members of the reconnaissance team and a Green Bronze-Tier Elementary Grade Sword Shield Soldier to explore the surrounding environment of the Blazing Sun Desert.

Under Zhou Zhou's orders, Zhang Cang left 100 soldiers to help Zhao Changshou build houses, a carpenter workshop, warehouses, and other buildings.

Then, he led the remaining 900 odd people to clean up the remaining monsters in the Blazing Sun Desert according to the map he had created yesterday.

Everything was proceeding in an orderly manner.

More than an hour later.

All 1,000 loot were extracted from the monster corpses.

He obtained a total of 3,245 Black Iron-Tier Mist Cores!

33,020 units of flesh (Black Iron-Tier Elementary, Intermediate and Advance Grade)!

1,159kg water bags!

500 portions of the Black-tailed Fog Scorpion's poison sacs! (Black Iron-Tier Elementary, Intermediate and Advance Grade)

500 bottles of antidotes! (Black Iron-Tier Elementary, Intermediate and Advance Grade)

521 Sword Shield Soldier Class Change Certificates! 256 Sword Shield Soldier Recruitment Books!

506 Poison Crossbowmen Class Change Certificates! 314 Poison Crossbowmen Recruitment Books!

21 Black Iron-Tier Advance Grade Sand Stealth Techniques!

6 Black Scorpion Poison Crossbows!

6 Black Iron-Tier Advance Grade Antidote formulas!

Zhou Zhou was very satisfied looking at the loots.

Having a stable 'income' every day was very comfortable.

Moreover, as the monster ranch was gradually upgraded...

It was foreseeable....

That his stable 'income' would increase!

Then, Zhou Zhou brought 256 Sword Shield Soldier Recruitment Books and 314 Poison Crossbow Soldier Recruitment Books to the Gate of Summoning and threw them all in.

The next second.

Sword Shield Soldiers and Poison Crossbow Soldiers walked out one after another. After bowing respectfully to Zhou Zhou, they silently came behind him and began to line up.

A moment later.

A total of 570 soldiers stood neatly behind Zhou Zhou.

He turned around and looked at the 570 people in front of him, feeling a little emotional.

Actually, logically speaking, as a White Silver-Tier Lord Talent the Monster Ranch would not have played such a ridiculous role.

Even if the other Lords could obtain this Lord Talent...

They would have an exclusive leveling spot that belonged to his faction at the very best.

Or it could be used to try to specially drop a certain loot.

Other than that.

It was not very useful.

However, his 100% drop rate had developed this ordinary White Silver-Tier Lord Talent to a level close to a Diamond-Tier Lord Talent!

It had to be said...

That his Legendary-Tier Lord Talent was quite useful and compatible with everything.

He stopped thinking about it.

Zhou Zhou looked at the 570 people and wondered if he should attack the Sandman Lord.

Now, the total number of soldiers under his command has reached 1,678!

Coupled with Nezario, which had already advanced to the White Silver-Tier Elementary Grade...

If they took the initiative to attack, it was very likely that they could defeat the regional Scarlet Lord faction.

At that time, he would be able to deal with the enemy suspected to be a human Lord.

Then he could officially control the entire Blazing Sun Desert!

This was naturally very tempting to Lord Zhou Zhou.

However, he entertained the thought for only a moment and then temporarily suppressed it.

“I have to fortify my forces.”

“If we act so rashly now, there will probably be relatively large casualties even if we win.”

“When the number of soldiers breaks through to 2,000, my military strength will be twice that of the monster subjects under the Sandman Lord!”

“Adding my White Silver-Tier Elementary Grade Nezario!”

“I should be able to take down them with the least casualties at that time!”

Zhou Zhou thought.

After thinking it through...

He asked the 570 soldiers to help Elder Zhao build a house while he returned to the lord's wooden house.

More than an hour later.

Ling'er sent a message saying that the medicinal herbs had been nurtured.

Thus, Zhou Zhou used 350 Sword Shield Soldier Class Change Certificates to trade for 800 sets of Life Potion materials, 800 sets of Energy Potion materials, 800 sets of Golden Corpse Water Potion materials, 800 sets of Blood Eye Potion materials, and 300 sets of Antidote raw materials.

After the transaction, Ling'er even said that she had already begun to use the Divine Herb Garden to nurture the medicinal herbs needed for the Blood Cleansing Pill.

However, it would take two days to cultivate the medicinal herbs needed for the Blood Cleansing Pill since most of them were Green Bronze-Tier medicinal herbs.

Zhou Zhou could tell at this moment...

That she was specially nurturing the medicinal herbs he wanted.

But he didn't mind.

If she could really satisfy his medicinal herbs needs, he wouldn't have to buy them from the exchange every day. That would save him the trouble.

Moreover, she had such a strong Lord Talent.

He also wanted to help her grow as much as possible.

This way, he could repay her in the future.

Zhou Zhou could not help but ask how many refugees had arrived at her place today to become her subjects.

Ling'er happily said that 53 refugees had come.

Zhou Zhou had mixed feelings.

This Ling'er...

She could add dozens of subjects every day just by accepting refugees from local forces and summoning subjects from the Gate of Summoning.

As expected, the Lord Talent could not decide everything.

It would only give the Lord a good starting point.

Luck, opportunities!

They are all factors to determine the strength of a Lord!

Lords who did not have Lord Talents might still be able to rise to become powerful Lords in the end.

At this moment...

She sent a message.

[Spiritual Medicine Lord: Big Brother Blazing Sun, do you have a tailor?]

[Lord of The Blazing Sun: Yes, why?]

[Spiritual Medicine Lord: Can I ask the tailor in Big Brother's territory to help me mend a teddy bear? The clothes on Ling'er's teddy bear are a little tattered.]

[Spiritual Medicine Lord: Ling'er can pay you. I won't let that tailor work for nothing!]

Zhou Zhou could not help but laugh.

It is such a small matter.

She is still a child indeed.

[Lord of The Blazing Sun: Give it to me. There's no need for the remuneration. It's just a teddy bear. It's nothing.]

[Spiritual Medicine Lord: Thank you Big Brother Blazing Sun!]

She then sent a transaction request. After Zhou Zhou agreed, a slightly tattered brown teddy bear appeared in his hand.

Zhou Zhou took a look and realized that the fabric on its chest was torn.

He went straight to the tailor shop to look for Bao Xiu'er.

At the tailor shop.

“The fabric on this bear has become a little brittle over time.”

“In addition, it has been held very often so it’s damaged.”

“It’s easy to mend.”

“But it’s better to change the fabric.”

Bao Xiu’er said.

Zhou Zhou asked for Ling’er’s opinion. He asked Bao Xiu’er to change the fabric after receiving confirmation.

It took half an hour...

Before Bao Xiu’er handed the brand new teddy bear to Zhou Zhou.

After he returned it to Ling’er, she seemed to be very happy.

[Spiritual Medicine Lord: Wow, that tailor has such deft hands. The teddy looks exactly the same as when Mom and Dad gave it to Ling’er.]

[Spiritual Medicine Lord: Thank you Big Brother Blazing Sun!]

[Spiritual Medicine Lord: This little bear is the only thing I still have from my parents when I came to this world. It’s also my most precious treasure. I feel that my parents are still by my side with it.]

[Spiritual Medicine Lord: I’ll bring the little bear to look for Mom and Dad when Ling’er becomes a very powerful Lord in the future!]

Zhou Zhou was stunned when he saw this.

So this teddy meant so much to her.

He silently retracted his words that she was still a child.

[Lord of The Blazing Sun: You will definitely find your parents.]

[Spiritual Medicine Lord: Thank you, Big Brother!]

At this moment...

“Is that teddy bear the Lord’s child?”

Bao Xiu'er asked curiously.

"It's not."

Zhou Zhou was speechless.

Bao Xiu'er's smile became even brighter.

"How does it feel here?"

Zhou Zhou asked casually.

"It's pretty good."

"There are a lot of tools and fabrics."

"It'll be much easier to make clothes in the future."

Bao Xiu'er replied.

Zhou Zhou nodded.

This was the magical thing about blueprint buildings.

The corresponding tools would automatically appear inside as long as it was completed.

The tailor shop was one of such buildings.

The medical center, blacksmith shop, carpenter shop, and other buildings were also the same.

When the building upgrades in the future...

The tools inside would also be upgraded and increased.

There would even be some special building effects.

A building built without blueprints would be like an empty house. He would have to buy all kinds of tools and buy them himself. There would not even be any construction effects.

This was the difference between self-built buildings and blueprint buildings.

"If only my teacher was here."

"She's gonna love this place."

“I wonder how is Teacher is doing now?”

Bao Xiu'er missed her teacher.

Suddenly...

She looked at Zhou Zhou and hesitated for a moment before saying:

“My Lord.”

“If we go to Fish Spring Town in the future, can I bring my Teacher here too?”

“Teacher is a White Platinum-Tier Elementary Grade tailor. She's much better than me.”

As soon as she finished speaking...

A mission interface appeared in front of Zhou Zhou.

[Your subject, Bao Xiu'er, has issued you a request mission.]

[Mission Name: Master and Disciple Reunion]

[Mission Quality: White Platinum-Tier Elementary Grade – Obscure]

[Mission Description: Bao Xiu'er has missed her teacher for a long time and wants to reunite with her Teacher. It's said that her Teacher, Zhang Li, is in Fish Spring Town. Why don't you take a look when you have time?]

[Mission Reward: A White Platinum-Tier Elementary Grade Tailor becomes a subject of the territory. Bao Xiu'er's loyalty to increase to the level of a dead loyal subject. 100 White Platinum-Tier Mist Cores.]

[Hidden Mission Activation Requirement: 1-Bao Xiu'er's Loyalty Level is above 90. 2-Bao Xiu'er owns her own tailor shop. 3-The Entrustee of the mission is a trustworthy person in Bao Xiu'er's heart.]

Zhou Zhou was stunned.

There are even missions in the High Continent?

**Global Lord: 100% Drop Rate #Chapter 44 - 44

Lord: 100% Drop Rate Chapter 44 - 44 Collecting
Aurora Crystals! Human Lord!**

“It’s a hidden mission?”

Zhou Zhou clicked his tongue in wonder.

In other words, were there ordinary missions too?

Moreover, the rewards for this White Platinum-Tier Elementary Grade hidden mission were rich enough.

Zhou Zhou was a little envious.

“Fish Spring Town...”

“That name sounds familiar.”

Zhou Zhou pondered.

A moment later.

He suddenly reacted.

He remembered seeing this Fish Spring Town in Wu Tu’s skill list. He had also drawn a regional map of Fish Spring Town.

“Wu Tu might know where the Fish Spring Town is!”

“I can ask him when he comes back.”

Zhou Zhou thought.

In the time that followed...

Zhou Zhou was not idle.

He began to try to obtain missions from his other subjects after knowing the existence of the mission.

In the end, he only received an ordinary mission after busying himself for the entire morning.

Everyone needed his help in some way but they could not trigger an official mission.

The only other ordinary mission was obtained from Zhao Changshou and Elder Zhao.

[Mission Name: Collect Aurora Crystals]

[Mission Quality: Green Bronze-Tier Advance Grade – Normal]

[Mission Description: Zhao Changshou found out about the predicament in two days and suggested to you to build a Green Bronze-Tier Elementary Grade Aurora Tower. Gather 10 units of Aurora Crystals and build the first kingdom-level building in the first layer of the Blazing Sun!]

[Mission Reward: One Green Bronze-Tier Advance Grade Aurora Tower, 50 Green Bronze-Tier Mist Cores and Zhao Changshou's loyalty will increase to 90 points.]

Zhou Zhou looked at this ordinary mission thoughtfully.

It was still the Aurora Crystal.

Actually, he had been trying to collect Aurora Crystals in the exchange for a long time.

However, this material was really rare.

After so long, he had yet to receive a single unit of Aurora Crystal.

However, not all was lost.

A Lord took the initiative to look for Zhou Zhou through the exchange and proposed to trade 20 units of Black Iron-Tier Elementary Grade Desert Fog Lizard meat for information on the Aurora Crystal.

After Zhou Zhou agreed, he learned the source of the Aurora Crystal from the other party.

It turned out that these Aurora Crystals were not natural ores like iron ore, copper ore, and mithril ore.

It was born in the body of the Aurora Race.

It was an important energy core equivalent to the Mist Core!

Only people of the Aurora Race at the Green Bronze-Tier and above could give birth to Aurora Crystals after death.

Therefore, in the Aurora Kingdom, Aurora Crystals were an important resource that the upper echelons of the kingdom regarded as a strategic resource. Commoners were explicitly forbidden from trading them.

Therefore, there were very few Aurora Crystals that could be circulated!

This was also why Zhou Zhou had never been able to obtain Aurora Crystals.

“Whether it’s collecting Aurora Crystals...”

“Or completing Bao Xiu’er’s hidden mission...”

“Both require me to make a trip to the Aurora Kingdom myself.”

Zhou Zhou thought.

However, this was a little risky.

He had to be prepared before he could go.

At this moment...

Ling’er sent a message.

[Spiritual Medicine Lord: Big Brother Blazing Sun, the world channel seems to be discussing you. It seems that a Lord has been captured by your subordinates and is crying for help on the world channel.]

Zhou Zhou was stunned.

Then, he immediately opened the world channel.

That was indeed the case.

The world channel was filled with discussions about him and the captured Lord.

This Lord was called Lord Mighty.

He said that he and the soldiers had gone out to look for monsters, but they were captured alive by a group of soldiers riding strange alchemy birds.

When he read the information of this group of soldiers, he realized that these soldiers were the soldiers of the famous Lord of The Blazing Sun.

This Lord Mighty was crazily begging the other Lords to think of a way to get him out of this dangerous situation.

The other Lords also expressed their opinions.

“I suggest that you surrender directly, give up your status as a Lord, and take the initiative to become a subject of Big Boss Blazing Sun. This way, he might let you live on account that we are of the same race.”

“Actually, to be honest, since the two of you are connected by geography, the two of you will fight sooner or later unless neither of you wants to expand your territory.”

“There’s no luck in the battle for the Overlord.”

“I thought Big Boss Blazing Sun had the same non-human combat power as the Dragon Lady. I didn’t expect him to be developing alchemy technology. Can alchemy technology allow the human race to be so fierce?”

“I didn’t expect Big Boss Blazing Sun to rise to power with human soldiers. I’m a fan of Big Boss Blazing Sun just based on this alone!”

“We’re all from the Cerulean Planet. Why must we fight? What does Lord of The Blazing Sun mean by capturing Lord Mighty? Is he going to kill his fellow countryman?”

“Maybe. I think the Lord of The Blazing Sun is a person who will do anything to develop his own power. Just look at his profiteering behavior previously. Lord Mighty is probably going to suffer.”

“If the Lord of The Blazing Sun really does this, I’ll blacklist him for the rest of my life!”

“Why do I meet such saintly b*tches everywhere?!”

“Lord Mighty: But I don’t want to die! I don’t want to lose my status as a Lord either. I’ve never done anything bad. Why do I encounter such a thing!”

“Tsk tsk, I’ve long since stopped wanting to be a Lord who could lose his head at any time. If I were you, I would directly give up my status as a Lord and cozy up to the Lord of The Blazing Sun!”

“I think so too. It’s too dangerous to be a Lord. It might as well be a subject of a powerful Lord.”

...

It seemed that Bai Yi and the others had really captured that human lord.

Moreover, it was really a Lord of their Cerulean Planet.

Zhou Zhou pondered after reading it.

He had long expected the opinions expressed by these Lords.

Therefore, he did not let Bai Yi and the others kill them directly. Instead, he chose to capture them.

He did not expect...

That it actually caused a commotion among the Lords of the Cerulean Planet.

Zhou Zhou did not panic.

With his current strength, he was not afraid at all unless hundreds of Lords jointly attacked him.

“But we still have to prepare early.”

Zhou Zhou thought.

Half an hour later.

Bai Yi and the others were back with eight soldiers who were taken prisoner but they stood outside the novice lord’s protective barrier and protected them for the time being.

That was because the captives could not be brought through the novice lord’s protective barrier.

After Zhou Zhou found out, he first turned on the world channel’s recording function before going out to see them.

“My Lord, I didn’t disappoint you!”

Bai Yi said respectfully.

“Well done.”

Zhou Zhou praised. Then, his gaze swept across the eight captives and quickly found Lord Mighty.

This Lord Mighty was about 20 years old. He looked ordinary and was wearing archery equipment. However, his bows and arrows had already been taken away.

At this moment, he was looking at Zhou Zhou in silence, a look of unwillingness flashing across the depths of his eyes.

The mission panel information appeared in front of him.

[Lord Title: Mighty Lord]

[Territory: World City]

[Soldier Type: Archer]

[Strength Level: Black Iron-Tier Intermediate Grade]

[Ability Overview: A human lord from the Cerulean Planet who was lucky enough to obtain an Archer Class Change Certificate and became an archer. He yearns for the legendary position of the Overlord!]

[Loots: Four Black Iron-Tier Mist Cores (Drop Rate: 100%), one gradeless Archer Class Change Certificate (Drop Rate: 0.1%), six Black Iron-Tier Lord Talent Crystal Fragments (Drop Rate: 0%)]

Zhou Zhou narrowed his eyes slightly.

Originally, his idea was that he could spare his life if his attitude was good and was willing to become his subject...

But now, he saw that he yearned for the legendary position of the Overlord in his Ability Overview.

Coupled with what he said on the world channel...

He suddenly realized something.

This person would probably not be so willing to give up his status as a Lord and become his subject.

Zhou Zhou thought for a moment and quickly had an idea.

45 Lord Mighty's True Colors! Personally Killed!

"Big Boss Blazing Sun."

"We're from the same Cerulean Planet after all."

"Can you let me go?"

"I promise I won't come over and provoke you for the rest of my life."

Zheng Huaiba, who was Lord Mighty, endured the humiliation and said.

"Our territories are in the Blazing Sun Desert."

"We will collide sooner or later if we continue to develop like this. At that time, there will be a battle."

"How can I let you go?"

Zhou Zhou said calmly.

“I can give up my territory, my status as a Lord, and become your subject. Is that okay?”

When Zheng Huaiba heard Zhou Zhou’s words, he immediately panicked and said hurriedly.

Zhou Zhou looked at him deeply.

“Not everyone can join my territory.”

“You can join my territory if you want, but I have to see if your nature is good or bad before I can judge if you can join my territory or not.”

“How about this?”

“Take us to your territory.”

“Call the people in your territory out and let me ask them how you did in your territory.”

“If you satisfy me, I can let you join my territory and be protected by me.”

“If your performance is average, or even poor.”

“Then you’re on your own.”

He said calmly.

His territory did not need bad seeds.

Zhou Zhou did not mind letting him off if the other party was really a good person.

He also wanted to see how a Lord turned into an adventurer.

“This...”

Panic flashed across Zheng Huaiba’s eyes, but he gritted his teeth and nodded in the end.

Half an hour later.

Outside World City.

Zhou Zhou looked at the few ordinary buildings in the novice lord’s protective barrier and asked Zheng Huaiba to call for help.

Zheng Huaiba wanted to run back to his territory immediately, but his gut feeling told him that if he dared to run, he would definitely die faster than he could run.

He could only stand 40 to 50 meters outside the novice lord's protective barrier and shout for all his subjects to come out.

A moment later.

The 18 subjects walked out of World City and looked fearfully at the people on the mechanostrider and their previous Lord, Lord Mighty.

They were thin and weak, their faces pale, and their lips trembling...

They looked malnourished.

"I've captured your Lord who wants to become a subject of my Blazing Sun City."

"But not everyone can be my subject."

"Now, tell me, what does your Lord Mighty usually do? What good deeds has he done? What bad deeds has he committed?"

"These will determine whether he becomes my subject or my prisoner."

"Don't lie."

"I have a way to be sure if you're telling the truth."

"If you dare to lie, know that I won't show mercy!"

Zhou Zhou glared at these subjects...

But the fierceness in his eyes faded a little when he glanced at a timid six or seven-year-old girl.

"Yeah, tell him about it, about how I usually treat you."

"I'm usually very good to you, right?"

Lord Mighty looked at the 18 subjects and smiled.

Towards the end, a ferocious glint suddenly appeared in his eyes, but disappeared in an instant.

However, the 18 subjects who saw this scene still trembled slightly.

"Sir, our Lord is usually very good to us."

A middle-aged man stood up and said fawningly.

"Sir, our Lord has done no bad deeds. He's very beloved by us."

A woman also stood up.

"Sir, please let our Lord become your subject."

“That’s right, Sir.”

...

At that time...

More than 10 subjects stood up and said.

Zheng Huaiba heaved a sigh of relief when he saw this.

Zhou Zhou, who was behind him, looked at these people calmly. Then, he suddenly noticed an old man in the corner.

He hugged his grandson tightly and looked at this scene with a bitter expression.

His grandson also looked at this scene in confusion.

“Old man.”

“Come and tell me about it.”

Zhou Zhou suddenly said to the old man.

The old man was stunned. Then, he trembled and walked out. He looked at everyone before looking at Lord Mighty.

“Our Lord... Is very good.”

The old man lowered his head.

“Good in what way?”

Zhou Zhou asked.

The old man opened his mouth and was stunned for a moment.

“He’s a bad guy!”

“He’s a big bad guy!”

At this moment...

His grandson beside the old man suddenly pointed at Lord Mighty with red eyes and shouted.

“He took my elder sister away!”

“And she never came back.”

“The same happened to two other girls.”

“They were all taken away by this bad guy and a few soldiers!”

“And then they never came back.”

“Grandpa said that they will never come back!”

The child shouted with red eyes.

“The child is insensible. He’s spouting nonsense.”

“Big Boss Blazing Sun, don’t listen to his nonsense!”

Zheng Huaiba explained with a pale face.

BANG!

The old man beside his grandson suddenly knelt on the ground and wailed weakly.

The other subjects looked at him with complicated expressions.

“You’re saying he’s spouting nonsense? Then I’ll check.”

Zhou Zhou looked at him coldly.

His eyes suddenly lit up.

Mental Manipulation!

The next second.

Lord Mighty stood rooted to the ground in confusion.

“Let me ask you.”

“Is what the child said true?”

“How are the three girls now?”

Zhou Zhou asked coldly.

“What he said... is true.”

“We’ve already killed those three girls.”

Zheng Huaiba said in a daze.

With that...

The faces of the seven soldiers pressed down behind Zhou Zhou suddenly turned pale.

“I’ll kill you!!!”

The old man ran towards Zheng Huaiba in a craze and punched and kicked him.

Zhou Zhou got someone to pull him away when he ran out of strength. Then, he asked, "Who else did these evil deeds with you?"

Zheng Huaiba raised his hand and pointed at the seven soldiers behind Zhou Zhou.

When the seven soldiers saw this, they immediately knelt down with pale faces.

"My Lord, please spare our lives!"

"We are willing to serve the Lord until we die!"

"My Lord! Don't kill me! I can help my Lord kill the fog monsters. I'm very valuable!"

The seven of them knelt and begged for mercy.

"These b*stards..."

"Kill them."

Zhou Zhou asked coldly.

"Yes!"

As soon as he finished speaking.

The seven Sword Shield Soldiers raised their swords and slashed down, turning these seven people into headless corpses.

At this moment, Zheng Huaiba had already been removed from the Mental Manipulation and woke up.

He panicked when he saw this.

"You can't kill me. I'm a Cerulean Planet Lord and your fellow countryman. Aren't you afraid that the Lords of the World Channel will poke your backbone if you kill me for these natives of the High Continent?!"

"Are you worthy?"

Zhou Zhou looked at him coldly.

Zheng Huaiba immediately turned around and ran in the direction of the novice lord's protective barrier, seeing the situation sour.

The light of hope in his eyes became brighter and brighter seeing that he was getting closer and closer to the novice protective barrier.

At this moment...

Puff!

Zheng Huaiba suddenly froze on the spot. Then, he lowered his head and looked at the arrowhead that had pierced through his chest in disbelief.

The wisp of black poison luster was especially eye-catching on the crossbow.

Zheng Huaiba fell to the ground weakly.

Not far behind him.

Zhou Zhou put away the Black Scorpion Poison Crossbow calmly.

[You have killed a Cerulean Planet's Human Race – Lord Mighty. Promotion energy +2! Loots condensed!]

[World City has become ownerless. The novice lord's protective barrier has disappeared. You can plunder or occupy this territory!]

At the same time...

The Lords who were paying attention to this matter on the World Channel suddenly realized that the name of Lord Mighty in their friend list had suddenly dimmed.

After discovering this, the Lords on the world channel immediately exploded.
