

Chapter 10

D*mn It, I Also Want This Kind of Treatment

Many passers-by who noticed the commotion here were also quite surprised.

They naturally knew Elder Tan.

They had heard of Elder Tan's style.

However, Elder Tan had actually lost his composure this time?

What was going on?

Was there anything special about that young man?

Everyone's gazes were focused on Ye Feng.

...

Next to the man-made lake, Lin Junjun immediately began her introduction after coming to her senses.

"Elder Tan, this is Mr. Ye Feng, the one who picked up the ring."

"Mr. Ye, this is Tan Bohong, Elder Tan!"

Hearing this, Ye Feng finally understood why he felt that this old man looked so familiar.

Tan Bohong!

How could he not be familiar?

Among the young people in Dragon Kingdom, there were few who had not heard of Tan Bohong.

Tan Bohong, the chairman of Qianda Plaza, was a giant in the retail and supermarket industry in the entire South China Region. He was also the boss of Zhonghai City's high-end shopping mall, 'World City'.

His history of making a fortune could be said to be legendary.

He didn't expect that the person who lost the ring was actually him!

When Tan Bohong found out that Ye Feng was the owner of Villa No. 1, he was also a little surprised.

However, he was here today for the ring, so he didn't bother to find out more.

"Mr. Xiao Ye, can you show me the ring?"

Normally, he wouldn't be so impolite, but this time, the ring was too important to him.

By the time he reacted and wanted to apologize, Ye Feng had already passed the ring to him.

Seeing that Ye Feng did not seem to be angry, Tan Bohong was relieved. He immediately checked the ring.

After a while, Tan Bohong looked at Ye Feng with excitement.

"It's this, it's this! This is the wedding ring that I lost!"

"Mr. Xiao Ye, thank you!"

Tan Bohong carefully put away the ring and then took the initiative to extend his hands.

After shaking Ye Feng's hand, he said seriously, "This ring has an extraordinary meaning to me."

“Thank you!”

After thanking him again, Elder Tan seemed to have thought of something and took out a check from his arms.

There was nothing written on the check.

In other words, Ye Feng could fill in the amount himself!

“Mr. Xiao Ye, this is a small gift.”

But Ye Feng shook his head and refused.

Lin Junjun was also stunned by this sight.

He actually rejected a check that he could fill in any amount he wanted?

Tan Bohong was stunned when Ye Feng rejected him, but he soon realized that he had been too rude.

Ye Feng could even buy Villa No. 1. Would he be short of money?

Thus, Tan Bohong kept the check and took out a Black Gold Card and a simple business card. He passed it to Ye Feng solemnly.

“You’ve helped me so much. You must accept this.”

“If you need anything in the future, just call me!”

“Thank you.” Ye Feng smiled. “Elder Tan, you are too polite.”

“This is what I should do!” As Elder Tan spoke, after giving the things to Ye Feng, he took out his phone and walked to the side to call his wife, telling her not to worry.

Seeing this, Ye Feng did not waste any more time. He bid farewell to Elder Tan and left.

At the lakeside, Lin Junjun and the others were staring at his back with eyes that were about to turn red from envy.

A limited edition Black Gold Card from World City, plus Elder Tan's personal name card!

In the entire World City, there were only ten Black Gold Cards. With a Black Gold Card, in addition to being able to buy things at a discount, one could also enjoy the most distinguished treatment in World City.

And now, in the entire Zhonghai City, there were only two people who had this card.

Ye Feng was the third one!

As for Elder Tan's personal business card, there was no need to even mention it!

Tan Bohong usually wouldn't give such a business card to others easily. Now that he gave it to Ye Feng, it showed that he approved of Ye Feng.

Even if Ye Feng was just an ordinary person, these two things alone were enough to make him famous in Zhonghai City!

Many people couldn't help but sigh.

"I can't live anymore!"

"Those who are more outstanding than me are luckier than me!"

"Don't be fooled by my appearance of envy. In fact, I'm really envious!"
