Chapter 1011 It Seems Not Only Blind, But A Little Deaf -

1011 It Seems Not Only Blind, But A Little Deaf

“Don’t misunderstand. I’m not looking down on you. It’s just that there are still many customers waiting in line. The two of you can discuss whether to buy it or not first. When you’ve decided, I’ll make it for you first, okay?”

The boss could tell that this man was not to be trifled with, so his tone softened a lot.

“What?” He had said it very tactfully, but the man still felt that it was harsh. He immediately said angrily, “Would it kill them to wait a little longer?”

“Aren’t you just afraid of delaying your business? Do you think I can’t afford a few lousy egg tarts? Who are you looking down on?”

As he shouted, he glanced at the girl beside him.

The boss was a knowledgeable person and knew that this guy was taking the opportunity to show off in front of the girl.

At this time, no matter what he said, the other party would retort back, so he simply did not say a word.

The man was even angrier when he saw that he didn’t say anything. He didn’t give him a chance to show off. He immediately slammed the window. “What do you mean by not saying anything? Do you think I’m unreasonable? Alright, don’t say that I didn’t give you a chance.”

As he spoke, he took out a bank card from his pocket and slammed it on the counter. “Tell me, how much is one egg tart?”

“1 yuan for one.” The boss could only answer helplessly.

“Alright, give me a million and pack them up for me now!” the man immediately shouted at the top of his lungs, afraid that no one could hear him.

“Hiss...”

Everyone present sucked in a breath of cold air. This guy was really rich.

1 million? That was 1 million yuan.

The boss immediately pulled a long face. “Aren’t you making things difficult for me?”

“Even the biggest egg tart shop in Gambling City can’t produce so many egg tarts at once, let alone a small shop like ours.”

When the man heard this, his eyes widened in anger again. “Cut the crap. Didn’t you say that I didn’t buy it? I’ve decided to buy it now, and you’re saying that you can’t take it out? Do you believe that I will smash your shop?”

The boss was speechless. He had never met such a strange customer before.

Either he won’t buy it, or if he wants to buy it, it will cost him a million. Even if he was given a year, he wouldn’t be able to make so many.

The customers in line couldn’t stand it anymore and began to reprimand him.

“Why is this person like this? Isn’t that too uncultured?”

“Yeah, so what if you’re rich? Do you think you can play tricks on others just because you have money?”

“This is the first time I’ve seen such a person. He was the one who did the wrong thing. He even said that the boss looked down on him.”

“The image of mainland tourists is all tarnished by such people...”

The man heard everyone’s discussion and immediately turned his head and shouted, “Who was that just now? If you have the guts, come out and say it. Don’t hide in the crowd and pretend to be ignorant.”

When everyone saw how domineering he was, they were so scared that they did not dare to speak anymore.

Some guests were afraid of getting into trouble, so they quickly left.

The man’s mighty display of power frightened everyone present into submission. He was instantly very pleased with himself and turned to look at the woman.

“Mingjie, don’t worry. Even though this is Gambling City, we can still do whatever we want. As long as I’m here, no one will dare to bully you.”

The woman’s eyes sparkled. “Brother Kun, you were so cool just now, especially when you slapped the bank card there. It was so powerful.”

When the man heard her praise, he became even more smug. “Hehe, there are still many things about me that are powerful. You’ll find out slowly.”

When the woman heard his frivolous words, she immediately pretended to be shy. “You’re so bad...”

The two of them were no longer conflicted about eating the egg tarts and began to flirt again.

Ye Feng had already tolerated these two for a long time, but seeing that they were still flirting, he could not help but say: “I say, can you two get lost and be lovey-dovey elsewhere? Are you blind? Can’t you see that there’s still a queue behind?”

The moment he said this, everyone present felt their scalps go numb.

Especially the customers who were queuing up. They all looked at him in disbelief.

That man looked so scary just now. No one present dared to provoke him.

And this young man actually dared to reprimand him in such a tone?

Although they felt that Ye Feng's words were very satisfying, they could not help but worry for him.

The man did not expect that someone would dare to provoke him. He was simply tired of living!

When he turned around, he first noticed Cheng Fei'er in a wine-red dress, and his eyes immediately widened.

He had been so focused on pleasing the Goddess Mingjie that he hadn't noticed such a beauty standing behind him.

He originally thought that Goddess Mingjie's appearance was already very good. No matter where she went, she would stand out from the crowd.

However, compared to this beauty in front of him, it was like glass compared to jade, a pheasant compared to a phoenix. There was no comparison at all.

The valiant and heroic bearing on Cheng Fei'er's body especially evoked the desire to conquer in his heart.

He did not expect that there would be such a breathtaking beauty in the world. For a moment, he was stunned.

When Goddess Mingjie saw Cheng Fei'er, she felt endless jealousy.

Although she had always been proud of her beauty, she could not help but feel ashamed of herself at this moment.

The woman in front of her was too perfect. Compared to her, she was not even comparable to a servant girl.

Especially when she noticed the way the man looked at Cheng Fei'er, the jealousy in her heart intensified. "Stop looking. She's already taken. What's the use of your eyeballs popping out?"

The man was originally immersed in Cheng Fei'er's beauty and could not extricate himself. Hearing her reminder, he finally reacted.

That's right, such a good cabbage was actually eaten by a pig. It was simply a waste of God's gift!

Thinking of this, he looked at Ye Feng with an unfriendly gaze.

"Little b*stard, what did you just say? Say that again if you have the guts?"

Ye Feng did not care about his threat, he mocked again: "It seems like you are not only blind, you are also a little deaf."

"Then I'll say it again. Please get lost and don't waste our time..."

Before he could finish speaking, the man had already swung his fist at him.

"Oh..."

The crowd immediately exclaimed.

Chapter 1012 Looks Like He Kicked An Iron Plate Again? -

1012 Looks Like He Kicked An Iron Plate Again?

No one present had expected that this man would be so violent and attack without a word.

For a moment, they were all stunned by his actions.

In fact, the reason why that man was so angry was not because Ye Feng was rude to him, it was more because he was jealous.

He thought that his family background, looks, and temperament were all one in a million, but he had never met such a beautiful girl.

Even for someone at the level of Goddess Mingjie, he had to be a bootlicker and coax her carefully.

But this b*stard in front of him, what right did he have to have such a goddess-level woman?

He was jealous!

He was so jealous that he went crazy!

So when he heard Ye Feng speak rudely to him again, the jealousy in his heart turned into anger. He wanted to press this bastard to the ground and rub him a hundred times.

He wanted to show this goddess the scene of her boyfriend kneeling and begging for mercy in front of her.

However, his imagination was beautiful, but reality was cruel.

When he threw his punch, it did not go as he had imagined. The man in front of him was not beaten until his face was covered in flowers until he knelt down to beg for mercy.

The other party only tilted his head slightly and easily dodged his punch.

Before he could react, his throat was grabbed by the other party.

Then, he felt his body fly into the air before he was thrown back down heavily.

Bang!

The man's back slammed heavily onto the ground, and a mouthful of blood spurted out from his mouth. He felt as if his internal organs had been turned upside down.

"Ah..."

A shrill scream immediately resounded through the entire street.

Even the passersby stopped and looked over.

The customers in the queue also covered their mouths in disbelief, trying not to make a sound.

In comparison, Ye Feng was slightly shorter than that man, plus he was slightly thinner, while that man was more muscular.

At first glance, he seemed to be a size smaller than the man.

Because of this, when he flipped the man who was 'one size bigger' than him to the ground, the visual effect was even more shocking.

"Wow, that little brother is so handsome!"

“Did you see how he attacked just now? I didn’t even see clearly before that big guy was flipped to the ground by him.”

“Mom, he’s vomiting blood. This is too... is it too violent?”

“Hmph, he deserves it! For such a tyrannical person, there has to be such a person to come out and punish him.”

“That’s right. This guy blocked the front and delayed everyone for so long. Not only did he not repent, but he also cursed at us. He deserved to be beaten up!”

“This is called drawing a knife to help when he sees injustice. In ancient times, he would be a hero.”

“Well done. We have to teach this kind of person a lesson...”

Everyone had been holding back their anger. Ye Feng had undoubtedly helped them vent their anger. They applauded and cheered.

Cheng Fei’er couldn’t help but hold her forehead and shake her head. This guy felt uncomfortable every minute he didn’t cause trouble!

However, she also felt that Ye Feng was good at playing, and it depended on who he was playing with.

For this kind of thing that destroyed public order and bullied others, he should teach him a lesson.

As for Goddess Mingjie, she was already trembling in fear.

When Ye Feng looked over, she immediately took two steps back in fear. “Don’t hit me, it has nothing to do with me. He was the one who insisted on cutting the queue...”

Ye Feng shook his head and smiled. “Don’t worry, under normal circumstances, I don’t hit women.”

Cheng Fei'er couldn't help but secretly purse her lips. If he didn't fight under normal circumstances, it meant that he would fight if it wasn't under normal circumstances.

Based on her understanding of this guy, if you really offended him, he wouldn't care if you were a man or a woman. He would kill you without mercy.

When the woman heard Ye Feng's words, she felt relieved. She secretly sized him up, and her heart thumped wildly.

This man was so handsome, and his skills were so good. If he was more capable in that aspect, he would be the perfect boyfriend.

If Cheng Fei'er was not standing at the side, she would have stuffed the room card into Ye Feng's hand.

At this time, the man finally got up and looked at Ye Feng angrily. "Brat, you dare to hit me? Let me tell you, you're dead meat today!"

"What's wrong? You still want to spar with me?" Ye Feng said as he slowly raised his hand.

The man subconsciously held his head in embarrassment, but he realized that Ye Feng was only scratching his head. He did not have any intention of attacking.

Everyone around him was amused by his 'frightened bird' look.

The man was even angrier now. His eyes were about to spit fire. "Brat, don't leave if you have the guts. If I don't kill you today, I, Liu Tianci, will write the three words backward."

Then, he walked to the side to call someone.

Ye Feng could not be bothered with this kind of trash. He pulled Cheng Fei'er to the window. "Boss, give me ten egg tarts."

The owner witnessed the entire process of Ye Feng teaching that man a lesson, and his eyes were filled with gratitude. "Thank you for helping me out. I don't need your money for this egg tart, just treat it as my treat."

As he spoke, he filled the bag with more than 20 egg tarts.

But Ye Feng rejected his good intentions and gave him a twenty-yuan note in the end.

Just as the two of them finished buying the egg tarts and had walked some distance away, the man named Liu Tianci caught up with them again.

"Who the f*ck let you go? After beating me up, you want to run away? How can there be such a good thing?"

Everyone saw that he was still unwilling to let him off. They all helped Ye Feng out.

"Why are you like this? You were in the wrong to begin with. Why are you still unwilling to let go?"

"That's right. You were the one who attacked first. It was only self-defense. Why are you still pestering them?"

"There are so many of us watching. This young man did the right thing. You were the one who was unreasonable."

"Little brother, don't be afraid of him. We support you..."

Liu Tianci turned around and looked at the crowd. "Oh, from what you're saying, you want to advance and retreat with him, right?"

"Okay, I just called Brother Hua of Karan Street. He will bring people over immediately. If any of you want to be buried with this kid, just come forward."

Those people who were originally filled with righteous indignation revealed terrified expressions when they heard the name 'Brother Hua of Karan Street'.

A few people who wanted to stand up for Ye Feng also hurriedly retracted their feet.

Ye Feng noticed these details and revealed a playful expression.

It seemed that he had kicked an iron plate again?

He just didn't know if this 'iron plate' was hard enough.

..

"Brat, weren't you very arrogant just now? If you have the guts, just wait here. I'll let you know the price of acting tough."

Liu Tianci stared at Ye Feng fiercely. He was afraid that Ye Feng would suddenly run away and blocked his path.

Ye Feng looked at him as if he was an idiot. "Don't blame me for not reminding you, you are courting death."

"If you let me leave now, you will at most lose some face. However, if you continue to pester me, you'll have to pay a price."

Chapter 1013 Don't Blame Me For Not Reminding You, You're Courting Death -

1013 Don't Blame Me For Not Reminding You, You're Courting Death

Liu Tianci looked as if he had just heard the funniest joke in the world. He immediately raised his head and laughed loudly. "Kid, you're about to die, and you're still trying to act cool in front of me?"

“I’ll make sure you won’t be able to cry later.”

The surrounding customers also tried to persuade Ye Feng.

“Young man, I think you should apologize to him. There’s no need to cause trouble for yourself.”

“Yeah, Brother Hua of Karan Street is not to be trifled with. I heard that he has dozens of subordinates.”

“We can’t afford to offend that kind of person. You’d better hurry up and apologize to him.”

“Don’t pretend to be a hero at a time like this. Your life is more important...”

They were obviously shocked by the ‘Brother Hua’ that Liu Tianci mentioned. Hearing Ye Feng’s words, he obviously did not know the immensity of heaven and earth.

If it wasn’t for the fact that he had helped out just now, they wouldn’t have bothered to remind him.

Probably only Cheng Fei’er knew that Ye Feng was not provoking him recklessly.

As the big boss of Golden Broth Security, the current Ye Feng could be considered a big shot in Gambling City.

Even the heads of the Hong and Xiao families were trembling in fear in front of him.

It was no exaggeration to say that whoever he wanted to kill in Gambling City would definitely die.

Liu Tianci’s best option now was to let them go. That way, he could still settle the matter peacefully.

But this fellow did not have the resolve to do so. He continued to provoke Ye Feng.

Ye Feng was too lazy to say anything else. He looked down at his watch. "Alright, then I will wait here for ten minutes. That should be enough, right?"

After saying that, he pulled Cheng Fei'er to a chair at the side and sat down. He took out an egg tart from the bag and 'dotingly' brought it to her mouth.

Cheng Fei'er looked shy, but she still took a small bite.

Ye Feng did not mind. He put the other half into his mouth, causing Cheng Fei'er's face to turn even redder.

Just like that, the two of them 'flirted' as if no one else was around, leaving everyone present dumbfounded.

"Sigh, why doesn't this young man listen to advice? When Tang Huarong and the others come, they won't be able to leave even if they want to."

"That girl too. She knew her boyfriend was in danger, but she didn't try to persuade him."

"Young people don't know how to weigh the pros and cons. This is a matter of life and death, yet they don't even take it seriously."

"Anyway, we've already reminded them. If they don't listen to others, they'll be at a disadvantage. They'll regret it later."

"It will be too late for regrets when the time comes..."

As for Liu Tianci, he was both happy and resentful.

What he hated was that when he saw Ye Feng and Cheng Fei'er showing off their affection, he was so jealous that his eyes were about to turn green.

The good thing was that this guy knew that Brother Hua was coming, but he was still waiting for death here.

He had already decided that when Brother Hua brought people over later, he would humiliate this kid in front of his girlfriend.

Then, he would take the opportunity to snatch his girlfriend away.

He had never tried such a beautiful woman before.

The more he looked at Cheng Fei'er's beautiful face, the more impatient he became.

It had been so long, why hadn't Brother Hua and the others come yet?

The customers who bought the egg tarts were not in a hurry to leave. They wanted to see the outcome of the matter, or rather, to see how badly the young man would be beaten up.

After a few minutes, they finally saw two black vans speeding toward them.

Liu Tianci's eyes lit up. He was here!

The two vans stopped by the roadside one after another. Then, the doors opened, and a group of men holding sticks got out of the cars. Just this fierce aura was enough to scare people.

The people who stayed behind to watch the show retreated one after another, afraid that they would be implicated.

Liu Tianci quickly walked up to a man with dyed blond hair. "Cousin, you're finally here. If you hadn't come, your brother would have been beaten to death."

The blood at the corner of his mouth was deliberately not wiped away, and he looked a little miserable.

The blond's expression darkened when he saw him like this.

His mother had come from the mainland back then, and she had a younger brother in the mainland, who was his uncle.

Liu Tianci was his uncle's only son, his cousin.

This time, when Liu Tianci came to Gambling City to play, his uncle repeatedly reminded him that his cousin liked to cause trouble and that he must take care of him.

In the end, his cousin was beaten up in his own territory. If he did not avenge him today, he would not have the face to see his uncle.

"Tianci, don't worry. Cousin will definitely get back at you. No matter who he is, if he dares to touch you, it's like slapping my face. You can watch from the side later and see how Cousin will help you vent your anger." The blond immediately patted his chest and promised Liu Tianci.

Liu Tianci was so touched that he almost burst into tears. "Cousin, I knew you were the best to me. You must teach that kid a lesson."

"I've already reported your name, but that kid still doesn't care. He doesn't even put you in his eyes."

When Tang Huarong heard this, a sinister smile immediately appeared on his face. "Then I'll let him know who I am today."

"Tell me, which kid hit you?"

Liu Tianci immediately pointed at Ye Feng who was sitting on the chair and chatting with Cheng Fei'er.

As the two of them had their backs facing them, and the sky was already a little dark. They could not see their faces clearly.

Tang Huarong didn't waste any more words and immediately walked over. His subordinates also immediately followed.

The crowd retreated into the distance again, looking at this group of people in panic.

Looking at these people's fiendish looks, today's matter would probably not be resolved.

That kid... It was going to be bad.

They looked at Ye Feng with sympathy and resentment.

They had reminded him time and time again just now, but this kid just wouldn't listen. Now that Tang Huarong was here, he couldn't leave even if he wanted to.

"Brat, I heard that you are very arrogant... Ah..."

Tang Huarong's eyes widened as he spoke halfway.

Oh my god, what a ghost!

Chapter 1014 When I Saw You, I Felt a Sense of Familiarity As If I Had Seen My Own father. -

1014 When I Saw You, I Felt a Sense of Familiarity As If I Had Seen My Own father.

Tang Huarong had been having nightmares for the past few days.

He kept dreaming of countless glass shards flying toward him. He wanted to dodge, but he couldn't...

This nightmare was completely derived from the real scene from a few days ago.

That day, he and his two accomplices had taken a bag of fake antiques and tricked a tourist from the mainland.

They had done this countless times and were already familiar with it.

Those tourists from the mainland were unfamiliar with the place and could only be scammed every time.

They had also made a lot of money from this business and pulled together a group of brothers. They could be considered famous people in the nearby streets.

But that day, they met a tough guy who beat the three of them up until they found their teeth on the ground.

After that, they called over dozens of their brothers. They thought that they would be able to get back at them with their numbers.

However, they witnessed a scene that they would never forget for the rest of their lives.

The glass shards that filled the sky attacked like raindrops, but they were 'raindrops' that urged him to die.

Dozens of them were instantly injured...

He had been afraid of running into that killing god again these few days, so he had been hiding at home and did not dare to go out.

If it wasn't for his cousin being beaten up today, he wouldn't have come out rashly.

He originally thought that he was just a little brat who didn't know the immensity of heaven and earth. He just wanted to take care of him and help his cousin vent his anger.

However, when the other party slowly turned around and looked at him calmly, he felt a chill run up from the soles of his feet to the back of his head, and he suddenly shivered.

The man in front of him was very handsome, and his face still had a childlike innocence. He looked like an ordinary university student.

However, this gentle man had appeared in his nightmares countless times.

“Ah... Ah...”

It was as if he had suddenly become mute. He pointed at Ye Feng with trembling fingers but could not say a word.

Everyone thought that he would get his lackeys to attack without a word.

However, at this moment, he suddenly looked as if he was possessed. His face revealed an extremely terrified expression, and his entire body kept trembling...

What was going on?

Everyone looked at each other in confusion.

Could it be that this young man knew evil arts? Was he possessed just by looking at him?

Wasn't this too strange?

“Cousin, are you alright?” Liu Tianci also looked at Tang Huarong in bewilderment. He didn't know what was wrong with his cousin.

However, he called him several times in a row, but his cousin did not respond.

He could only pat his shoulder. "Cousin, you..."

Before he could say anything, Tang Hua Rong suddenly shivered, and his crotch was wet.

Peed?

He peed his pants?

Liu Tianci was shocked. His cousin had been a ruthless person since he was young. When he was a teenager, he dared to carry a machete and cut people on the streets.

He had only patted him once, and he had peed his pants?

Surely not?

As for the surrounding onlookers, their expressions were even more interesting.

"Am I seeing things? Tang Huarong was so scared that he peed his pants? This... This..."

"What kind of big scene hasn't Brother Hua seen on Karan Street? He actually peed his pants?"

"Heavens, is this something we can watch? Will we be silenced?"

"My god, is that young man that scary? He can actually scare people into peeing their pants?"

Everyone was talking in low voices. They wanted to laugh but did not dare to. It was very painful to hold it in.

However, the next scene made them unable to laugh.

Tang Huarong bent his legs and knelt on the ground. "Spare me..."

Everyone, including Liu Tianci, was dumbfounded.

"Ah, this... Brother Hua actually knelt down to someone? Who can tell me what's going on?"

"Hero? That young man is a hero? Is this a martial arts TV series?"

"Oh my god, Karan Street's Brother Hua actually knelt down to someone? Who is this young man?"

"Could it be someone from the Hong family or the Xiao family? Otherwise, why would Brother Hua be so scared..."

Everyone looked at Ye Feng in shock. They were guessing his identity.

Up until now, Ye Feng had not said a single word. Tang Huarong had already gone through the process of being stunned, peeing, and kneeling. It could be seen how deeply traumatized Ye Feng had made him.

"This Gambling City is really small. I didn't expect us to meet again." When Ye Feng saw Tang Huarong, he was stunned at first, but he soon revealed a strange smile.

Cheng Fei'er could not help but cover her mouth and laugh. This blond's luck was really bad. He had just been taught a lesson by Ye Feng two days ago. She did not expect to bump into him again today.

Tang Huarong heard Ye Feng's teasing and gave a smile that was uglier than crying. "I did not expect to meet you here, otherwise, I would not have come."

Ye Feng rubbed his nose innocently. "Do you hate me that much? You don't even want to see me?"

Tang Huarong almost burst into tears. "Don't joke around. How would I dare to hate you? I'm just afraid."

The smile on Ye Feng's face grew wider. "Am I that scary? I won't eat you."

Tang Huarong thought to herself, 'You might as well eat me in one bite so that I won't have to suffer again.' However, his mouth seemed to be smeared with honey.

"Yes, yes, yes. You're not scary at all. You're amiable and approachable. When I see you, I feel as if I'm seeing my biological father..."

Ye Feng's face twitched twice. If he wanted to suck up to him, then so be it. Why did he still acknowledge him as his father?

Cheng Fei'er couldn't help but laugh out loud. This blond was really a talent.

As for the others present, they couldn't laugh anymore. They only felt a chill run down their spines.

This Tang Huarong had always had a fierce reputation, and entering the Office of Personnel had become a common occurrence.

It was always others who had to bow down to him. When had they ever heard of him kneeling and licking someone else's boots?

But now, they had heard him say such disgusting words.

Was this still the bully they remembered?

Bully, oh bully, why don't you stand up!

As for Liu Tianci, he was even more shocked.

His cousin was actually kneeling down and sucking up to this young man? Wasn't this too embarrassing?

Who was this young man?

Could it be that he had accidentally kicked an iron plate?

Who was the 'iron plate'?

Ye Feng stared at Tang Huarong for a moment. The smile on his face suddenly disappeared, replaced by a bone-chilling coldness.

"Aren't you here to avenge your cousin? What are you waiting for? Do it."

Tang Huarong shivered again and waved his hand hurriedly. "My cousin just came from the mainland and hasn't seen much of the world. Please don't lower yourself to his level."

Ye Feng sneered: "I am also from the mainland. You mean, I have not seen much of the world?"

Tang Huarong felt like dying. How could he forget that this hero was also from the mainland? Wasn't this pointing at mulberry and scolding locust?

"How can he compare to you? You must have seen the world. You definitely won't be calculative with people like him. Just treat him as a fart and let him go..."

Liu Tianci was displeased when he heard his cousin say that and even called him a fart.

And now, in front of Goddess Mingjie and that beautiful woman, this made him lose face.

“Cousin, I...”

“Shut up. If you dare to talk nonsense again, I won’t care about your mess.”

Tang Huarong was submissive when facing Ye Feng, but when facing this cousin, he started to attack.

Chapter 1015 Chopping Off Two of His Fingers Isn't Too Much, Right?

1015 Chopping Off Two of His Fingers Isn't Too Much, Right?

Although Liu Tianci was unhappy, he could only shut his mouth.

Tang Huarong continued to look at Ye Feng. He regained his pitiful look. “Hero, I apologize on behalf of my cousin. I hope you can be magnanimous and spare him this time. I thank you on behalf of him.”

Ye Feng looked down at the tip of his shoes and did not say anything.

Tang Huarong misunderstood. He hurriedly knelt down and used his sleeves to wipe Ye Feng’s shoes. “Please do me a favor. If you have any orders in the future, just ask someone to pass a message to me. I will definitely do it for you.”

In his opinion, even though Ye Feng was strong, he was not familiar with the people and the place in the Gambling City.

Some things were inconvenient to do, so he definitely needed the local boss to help him settle them.

If he knew that Ye Feng was now on par with the Hong family and Xiao family in Gambling City, what would he think?

Ye Feng glanced at him without batting an eyelid. "Brother Hua is from the underworld, you should know the rules of the underworld right?"

"Your cousin provoked me and delayed my time for so long. Do you want to brush it off with a few words? Isn't that too easy on him?"

Tang Huarong also knew that he didn't have that much face. It was impossible for him to settle this matter just because of one sentence from him. "How do you want to solve it?"

Ye Feng glanced at Liu Tianci. Seeing that he still had an unyielding expression on his face, he was clearly not convinced. "Chopping off two of his fingers, it's not too much, right?"

"Hiss..."

When the surrounding people heard this, they all gasped.

This young man was too ruthless. He casually wanted to chop off someone's fingers and even said that it was not too much?

If this wasn't considered excessive, then what was?

Could he just chop off his head?

Tang Huarong lowered his head. He knew that Ye Feng was right.

According to the rules, his cousin had provoked the other party, and chopping off two fingers was already a very light punishment.

However, this was his uncle's only child. If he lost two fingers after playing in Gambling City for two days, how would he explain it to his uncle?

After weighing the pros and cons, he finally gritted his teeth. "My cousin has caused trouble. As his cousin, I am also responsible. I am willing to take the punishment for him..."

Liu Tianci panicked when he heard that. "Cousin, why should we chop off our fingers?"

"There are so many of us. Why should we be afraid of him? Let's attack together and kill this kid..."

Before he could finish, Tang Huarong had already slapped him.

Pa...

This slap was very loud, and everyone present was so frightened that they trembled.

Tang Huarong hurriedly turned around and apologized to Ye Feng: "My cousin's brain isn't very good, please don't be calculative with him. I will chop off the fingers right now."

With that, he took out a dagger and slowly extended it to his left index finger and middle finger.

The ten fingers were connected to the heart. If he really had to chop off two of his own fingers, it would be really difficult for him to make this decision.

However, he also knew that if he did not chop off his fingers, it would be difficult to settle today's matter.

After hesitating for a while, he closed his eyes and gritted his teeth. He was about to make a move.

"Alright," At this time, Ye Feng suddenly spoke: "I was just casually saying."

"Seeing that you are so protective of your cousin, I'll let him off today."

Tang Huarong's tense nerves immediately relaxed, and he let out a long sigh of relief. "Thank you, hero, thank you..."

As he spoke, he hurriedly tugged at his cousin's clothes. "Hurry up and thank the hero for not killing you!"

Although Liu Tianci resisted in his heart, when he saw his cousin begging for mercy for him, he could only say unwillingly to Ye Feng, "Thank you."

As he spoke, he couldn't help but look at Cheng Fei'er, who was beside him.

Cheng Fei'er was disgusted by his gaze and glared at him fiercely.

However, her action made Liu Tianci even more excited. Even her glare was so beautiful. It was simply unreasonable.

Tang Huarong saw that his cousin dared to stare at the woman of the 'hero', and he still remembered the strength that Cheng Fei'er had displayed that day. She was simply a beautiful snake.

In fear, he hurriedly kicked his cousin to make him restrain himself.

Liu Tianci was getting more and more unhappy. He did not understand why his cousin was so afraid of Ye Feng.

No matter how powerful he was, he was only one person. There were so many of them. What was there to be afraid of?

The more respectful cousin was to Ye Feng, the more jealous he was. Wasn't this giving this kid a chance to act tough?

As expected, when he looked at his 'Goddess Mingjie', he saw that she was staring at Ye Feng. Her eyes were filled with infatuation.

Without a doubt, if Ye Feng nodded now, she would climb onto his bed without hesitation.

'B*tch!'

'I've been pursuing you for so long, and I can't even hold your hand. Now, you're actually flirting with this kid?'

He was so jealous that he was about to go crazy!

His 'Goddess Mingjie' had never looked at him like this before. Now, she was actually smitten by a man she had met for less than twenty minutes and had never spoken a word to.

'No, I have to teach this kid a lesson today.'

Since his cousin was useless, then he would find someone useful to help him vent his anger!

Chapter 1016 In This Day and Age, Was There Anything That Money Couldn't Settle?

1016 In This Day and Age, Was There Anything That Money Couldn't Settle?

"I'll let you off this time. If you bump into me again, it won't be so easy. Do you understand?"

Ye Feng pulled Cheng Fei'er and stood up slowly, looking down at Tang Huarong and Liu Tianci.

Liu Tianci was still a little unconvinced, but Tang Huarong quickly nodded. "I understand, I understand. Don't worry, we promise that we won't bump into you again."

"Otherwise, you don't have to do it yourself. I'll chop off both my hands myself to apologize to you."

"Remember your words."

Ye Feng patted his shoulder and pulled Cheng Fei'er away leisurely.

The surrounding people watched the two of them leave with admiration in their eyes, especially many women who were infatuated.

A man who could make Tang Huarong kneel and lick him, and he was so young and handsome, which woman would not be tempted?

Tang Huarong saw all of this, and a trace of viciousness flashed in his eyes.

The prestige that he had painstakingly built up in this area was completely swept away today.

In the future, if others mentioned his name again, they would definitely laugh their heads off.

However, he had no choice but to lower his head under the eaves.

“Sigh... Let’s go home.” He sighed and patted his cousin’s shoulder.

“Cousin, I don’t understand. There are so many of us. What are you afraid of? Why don’t you dare to beat that kid up?” Liu Tianci was really depressed.

He had been strictly disciplined by his father in the mainland. He thought that he could use his cousin’s power to show off in Gambling City. He did not expect him to still be so aggrieved.

Tang Huarong sighed. "Some things are not as simple as you think. That kid is a tough nut to crack. I'll explain it to you when I get back."

As he spoke, he was about to pull his cousin's arm.

However, Liu Tianci did not appreciate his kindness and flung his hand away. "Don't touch me! Kneeling in front of others like a dog, don't say that I know you in the future. I can't afford to lose that face."

After saying that, he was about to leave.

Tang Huarong was also burning with rage, but now that he was being complained about, he immediately burst out and grabbed his collar.

"You think I'm embarrassing? Do you f*cking know that if I didn't kneel down and lick his boots, you would be beaten to a pulp right now?"

"Do you know that he alone defeated dozens of us?"

"I have a few underlings who are still f*cking lying in the hospital. Do you want to go to the hospital and lie down too..."

He vented all the depression in his heart in one breath, but Liu Tianci was confused.

“Cousin, you... Are you kidding me? One person against dozens? How is this possible? Do you think you’re shooting a martial arts movie?”

Liu Tianci was frightened by his cousin’s appearance, but he still did not quite believe his words. How could someone fight dozens of people alone?

Tang Huarong sneered and pointed at his subordinates. “You don’t believe me? If you don’t believe me, you can ask them. If you still don’t believe me, I’ll take you to the hospital.”

Liu Tianci turned to look at Tang Huarong’s subordinates. When they saw Ye Feng, they acted as if they had seen a ghost. They did not even dare to say a word.

Seeing him look over, everyone nodded.

“Brother Hua is telling the truth. That kid is really too fierce. I’ve never seen such a powerful person before.”

“That’s true. We surrounded him with dozens of people that day, but he killed all of us in one move.”

“Yes, you didn’t hear wrongly. It was an instant kill. I can’t forget that scene even now.”

“I have nightmares every day about glass shards. It’s so beautiful and cruel...”

Everyone seemed to recall the scene from that day, and their faces were filled with fear.

They had never seen such a powerful person before...

One move, one kill...

Glass shards filled the sky...

Although Liu Tianci found it unbelievable, so many people said so in unison, so it should be true.

Was that kid really that powerful?

Thinking of this, he could not help but shiver.

If that were really the case, then he really had to thank his cousin. If it wasn’t for his humble begging, he might have had a very miserable day.

And after 'Goddess Mingjie' heard of Ye Feng's brilliant battle results, her eyes shone even brighter. She looked in the direction he left in, unable to regain her senses for a long time.

Only a man like him was worthy of her!

When Liu Tianci saw this scene, the jealousy in his heart rose again. "Cousin, are we just going to swallow this anger?"

Tang Huarong frowned and looked at him. "We only have these few people. We can't beat him. What else can we do if we don't swallow it?"

Liu Tianci's face flashed with viciousness. "Who said we have to do it ourselves? We can use someone else's blade to kill him."

Tang Huarong was a little confused. "Whose blade?"

Liu Tianci had already thought it through. He smiled confidently. "Didn't you introduce me to Brother Bao when you took me to Gambling City two days ago?"

Tang Huarong was stunned. "You mean Crazy Leopard?"

Crazy Leopard's name was Cao Dabao. He had two to three hundred men under him and was the well-deserved leader of this area.

Liu Tianci quickly nodded. "That's right. Didn't you say that this Brother Bao has a lot of power in this area? He can even speak to the Xiao family, right?"

"Of course. Crazy Leopard used to mingle with Xiao Changqing, the head of the Xiao family, in his early years. Although he came out on his own later, his relationship with the Xiao family was not broken. It's precisely because of the Xiao family's protection that he can do well."

When Tang Huarong mentioned 'Crazy Leopard', his face was full of admiration, especially for his luck.

If he had the support of a major force like the Xiao family, he might not be worse off than Crazy Leopard.

"Then do you think Crazy Leopard can take care of that kid?" Liu Tianci continued to ask.

"Nonsense. If Crazy Leopard were to attack, he would definitely be able to finish off that brat..."

When Tang Huarong said this, he hesitated. "Crazy Panther and I are only acquaintances. He might not help me with this."

Liu Tianci laughed. "Cousin, is there anything that money can't settle these days?"

Chapter 1017 Why Is It So Difficult To Spare Your Life?

1017 Why Is It So Difficult To Spare Your Life?

Tang Huarong was still a little hesitant when he heard his cousin say this. "Crazy Leopard is very greedy. If I want him to take action, I estimate that it will cost at least seven figures..."

Liu Tianci patted him on the shoulder. "Cousin, just contact him. Leave the money to me."

Tang Huarong knew that this cousin of his was very rich, otherwise he wouldn't have tried so hard to protect him.

With his cousin's family background, taking out 1 million yuan was simply like pouring water.

Moreover, he was filled with hatred toward Ye Feng. If he could use Crazy Leopard to vent his anger, it would be the best.

"Okay, I'll call him now."

He gritted his teeth and finally nodded in agreement. He walked to the side to give Crazy Leopard a call. He completely forgot about Ye Feng's warning before he left.

Liu Tianci had a sinister smile on his face. When he thought about how Ye Feng would kneel in front of him and cry, he felt a sense of satisfaction in his heart.

'Kid, we're not done yet!'

..

"Why are you so easy to talk to today? This isn't like you."

Cheng Fei'er followed Ye Feng on the streets while looking at him curiously.

Ye Feng letting those two off so easily, she was somewhat surprised.

"You make me sound like a cold-blooded and cruel person? I've always been so benevolent. Did you just realize that?" Ye Feng glared at her unhappily.

Cheng Fei'er chuckled. "If you're considered benevolent, then the whole world is a living Bodhisattva."

It had only been two days since the bloodbath of the Han family. Had this fellow forgotten about it so quickly?

Ye Feng revealed a desolate expression. “You don’t understand me.”

Cheng Fei’er rolled her eyes. “Hmph, I really don’t understand you. If I did, I would never have come to Gambling City with you.”

According to her original plan, she wanted to keep a low profile this time. However, the development of the situation was far beyond her control.

Not only did they cause a ruckus at the Hong family’s place, but they also won against the Gambling King, Hong Jiajun.

He even barged into the hospital and forced Xiao Changqing to appear.

He also bought Golden Broth Security and massacred the Han family.

He even participated in the Gambling King Tournament and staged a ‘Three Armies’ encirclement and suppression of the King of Thieves, Ah Can...

It could be said that Gambling City was in chaos.

She didn’t even know how to report this to her superiors.

She only hoped that nothing unexpected would happen next. After interrogating Ah Can smoothly, the two of them could return to Yang Cheng.

However, in this world, things were often contrary to one's wishes.

She had just finished praying in secret when she saw a group of people walking over. There were at least two to three hundred people.

These people were all holding knives, axes, and sticks in their hands. They rushed over as if no one was around.

The pedestrians on the street looked as if they had seen a pack of wolves. They all dodged in all directions, their faces filled with fear.

The one walking in front was a burly man.

He was wearing a flowery shirt, a pair of jeans, and a pair of flip-flops.

He looked unkempt and gave off a dirty feeling.

There were two people following behind this person, and Cheng Fei'er immediately recognized them.

They were Tang Huarong and Liu Tianci who were released by Ye Feng earlier.

She immediately understood that these two people were probably unwilling and called for revenge.

She could not help but sigh in her heart. It seemed that their trip to Gambling City would not end peacefully.

When she turned around to look at Ye Feng, she saw that he was calmly looking at the group of people walking toward them. The smile on his face grew wider.

The two of them had been in contact for some time. Based on Cheng Fei'er's understanding of him, when he revealed such a smile, it often meant that he was about to start a massacre.

The last time he charged at the Han family, he also revealed this kind of smile, which made people's hair stand on end.

Hualala...

The group of people surrounded the two of them like a tidal wave. Everyone had a valiant aura on their faces, making people fear them.

There were many passersby watching from afar, including those who had been queuing outside the egg tart shop just now. They were all stunned by this scene.

“Oh my god! Tang Huarong actually called Crazy Leopard’s men over. I’m afraid this young man is doomed.”

“This Tang Huarong is too much. He just let him go, and now he’s bringing people to take revenge on him.”

“That’s right. He even knelt down in front of them and begged for mercy. I didn’t expect him to be so ruthless. This kind of person is too terrifying.”

“Does anyone know what happened? Who was that young man? How did he offend Crazy Leopard?”

There were also people who didn’t know the truth and asked around. When they found out what happened, they all cursed at Tang Huarong.

He was kind enough to let him off, but he turned around and brought people to look for the debt. He was too despicable.

In the middle of the crowd, the dirty man stared at Ye Feng for a while. While picking his nose, he turned to look at Tang Huarong.

“Are you talking about this kid?”

When Tang Hua Rong faced Ye Feng again, he was somewhat uneasy. He nodded perfunctorily. “Yes...”

The man was a little unhappy. “Is it true or not? Tell me straight up. You’re so slow like a woman.”

Liu Tianci answered for his cousin, “Brother Bao, that’s right. This b*stard hit me and made my cousin kneel. You must help us vent our anger!”

As he spoke, he stared at Ye Feng with hatred. “Brat, you are dead today!”

Ye Feng revealed a cold smile. “Why is it so difficult to spare your life?”

Liu Tianci laughed sinisterly. “You’re about to die, yet you’re still so stubborn. You’ll be crying later.”

That dirty man pushed him to the back and slowly walked toward Ye Feng. “Kid, I don’t care what kind of grudge you have with them. They spent a lot of money to buy your life. Are you going to do it yourself? Or should I help you?”

Ye Feng glanced at him indifferently. "This is between me and them. You better not get involved. This is for your own good."

Liu Tianci jumped out again. "Brother Bao, he actually dared to speak to you in such a tone. He doesn't take you seriously. Why are you still talking to him? Hurry up and do it!"

Crazy Leopard ignored him. He just stared at Ye Feng, a smile appeared on his face.

"Arrogant enough, I like it. However, arrogance requires capital. May I ask which path this brother is in?"

Hearing Crazy Leopard's words, Ye Feng was somewhat surprised.

It seemed that this person wasn't a brainless fool. He didn't make a move right away, but first investigated his background.

To be able to make a name for themselves in a place like Gambling City, there was no one who was truly stupid.

Before he could answer, Liu Tianci, who was at the side, spoke up, "Brother Bao, don't worry."

"This kid is from the mainland. He just came to Gambling City a few days ago. He doesn't have any background here. Let our brothers do it without worry."

Crazy Leopard couldn't be bothered with him. He turned to look at Tang Huarong. "Take care of this cousin of yours. If you continue to talk nonsense, I'll deal with him first."

Tang Huarong could only turn her head and reprimand him. "Shut up, who are you to speak here?"

Liu Tianci had no choice but to shut his mouth. He was already cursing in his heart.

This Crazy Leopard was also a coward. Why did he have so much nonsense?

Wouldn't it be over if he just made a move? What was the big deal?

Chapter 1018 Listening to Your Words, It Seems Like You Have Quite a Strong Origin

1018 Listening to Your Words, It Seems Like You Have Quite a Strong Origin

Crazy Leopard turned to look at Ye Feng. "Friend, I accept people's money to help. I must make you bleed today."

"How about this? I don't want your life either. Chop off one of your hands and I'll give them an explanation. What do you think?"

Liu Tianci immediately disagreed. "Brother Bao, we agreed to take his life. How can you let him off so easily? I spent 2 million..."

Before he could finish speaking, Crazy Leopard slapped him.

Pa!

This slap was very loud, causing Liu Tianci to spin on the spot. He was completely dumbfounded.

“You talk too much. So what if it’s 2 million? Do you think you are a master just because you spent 2 million yuan? If you don’t want to die, shut the f*ck up.” Crazy Leopard stared at him fiercely like a real madman.

Liu Tianci hurriedly shut his mouth, not daring to say another word.

After all, he grew up in the mainland, and the underground forces were not so rampant. Usually, he would settle everything with money, thinking that he was rich.

But now, it seemed that this rule did not apply in Gambling City.

Crazy Leopard turned to look at Ye Feng again. “Friend, let’s not waste each other’s time.”

“If you can’t do it yourself, I can help you.”

“After we’re done, I’ll get someone to send you to the hospital. How about that?”

Ye Feng revealed a faint smile. “If you didn’t say that, you would not have been able to walk out of this street today. Seeing that you still have some humanity, I can let you live.”

As soon as he said this, everyone looked at him in disbelief.

“Kid, you’re a f*cking idiot. How dare you say such things to Brother Bao? You’re simply courting death!”
Liu Tianci jumped the most happily and immediately cursed.

Crazy Leopard’s subordinates were also furious.

“Isn’t this kid too arrogant? Why is Big Brother still talking to him? Why don’t you just let us go up and kill this kid?”

“In the entire Gambling City, I’m afraid there aren’t many people who dare to talk to Big Brother like this, right?”

“I remember that the person who threatened Big Brother last time was chopped up and thrown into the sea to feed the fish, right?”

“Does this kid think he’s Mr. Xiao? Do you really think you’re the godfather of Las Vegas?”

“Big Brother, stop talking nonsense with him. Let us take action...”

Not only them, even those who had sympathy for Ye Feng felt that it was unbelievable.

“This fellow is simply crazy. He actually dares to go crazy... and say that to Brother Bao? What is he thinking?”

“This young man looks like he comes from a good family. He probably hasn’t been beaten up by society and doesn’t know the dangers of the martial world!”

“No matter how good his family background is, in a place like Gambling City, if he dares to provoke Brother Bao, I’m afraid he won’t have a good ending.”

“Originally, Brother Bao only wanted to cut off one of his hands. Just based on his words, I’m afraid he will lose half his life.”

“Ugh, there must be something hateful about a pitiful person...”

Everyone started to criticize Ye Feng at the same time. They felt that he was too ungrateful.

Crazy Leopard raised his hand, and the surroundings instantly fell silent.

He stared straight at Ye Feng. "From your tone, you seem to have a powerful background."

Ye Feng smiled at him. "Can I make a call?"

Crazy Leopard nodded. "Go ahead."

Ye Feng did not say anything else. He walked to the side to make a call.

Liu Tianci panicked and hurried to Crazy Leopard's side. "Brother Bao, don't listen to this kid's bragging. He's just scaring you."

"He's from the mainland. Who can he know in Gambling City?"

Crazy Leopard ignored him. He stared at Ye Feng with doubt.

Although he was nicknamed 'Crazy Leopard,' that only meant that he fought without regard for his life. It did not mean that he was brainless.

On the contrary, the fact that he could survive until today without being hacked to death on the streets proved that his brain was very good, better than most people.

The young man in front of him was surrounded by two to three hundred people with sharp weapons, but he was still able to maintain his composure.

Generally speaking, those who could have such determination were either very good at disguising themselves or they really had something to rely on.

Based on his observations, the other party did not seem to be pretending. Perhaps he really had a backer.

Taking a step back, so what if the other party was bluffing?

With so many people surrounding him, was he afraid that he would run away?

Ye Feng quickly finished the call and came back. "Give me five minutes. My people will be here soon."

Crazy Leopard stared at him for a long time and felt that this young man was strange. He could only nod. "Alright, I'll give you five minutes. If your people aren't here in five minutes, don't blame me for being rude."

When Liu Tianci heard this, he cursed in his heart.

This Crazy Leopard accepted his money, but he dilly-dallied with this kid and refused to make a move.

If he had known earlier, he would have bought two real leopards.

“Kid, I advise you not to waste your efforts. Brother Bao is the God in Gambling City. You’re harming him by letting your friend come over. I think you’d better do as Brother Bao says. Chop off one of your hands and let your girlfriend play with me for two days, and I’ll spare your life...”

Liu Tianci felt that he could not waste his 2 million. He immediately mocked Ye Feng. In fact, he was mainly here for Cheng Fei’er.

Ye Feng had a big smile on his face. Dance, dance to your heart’s content. You will not have the chance to dance later.

Cheng Fei’er looked at him with pity.

This guy probably didn’t know what would happen to him next, right?

Chapter 1019 Wearing a Bathrobe to the Rescue

Just as Liu Tianci was provoking Ye Feng, Tang Huarong suddenly had a bad feeling.

Logically speaking, a normal person being surrounded by so many people would at least have some emotional fluctuations.

But this guy was too calm, so calm that it was a little strange.

Something abnormal must be a demon. He knew this very well.

Thinking of the terrifying strength of the other party...

He couldn't help but secretly regret. Why did things have to come to this?

The other party had clearly let them off and could settle the matter peacefully.

But he couldn't stand his cousin's instigation and called Crazy Leopard over. Wasn't this looking for trouble?

"Brother Bao, I... I think, how about... Forget it. Let's go." He hurriedly walked to the side of Crazy Leopard and whispered.

Before Crazy Leopard could speak, Liu Tianci, who was at the side, was unhappy. "Why? This b*stard hit me and humiliated you, Cousin. How can I let it go like this?"

"Besides, we spent 2 million. If we don't get back at them, won't the money be wasted?"

Tang Huarong really wanted to curse. This b*stard was still thinking about money at a time like this.

It was already a blessing that they could live in peace now.

"Brother Bao, don't listen to him. Just take the money as a token of respect for you. Let's forget about it today. We'll leave first." After Tang Huarong finished speaking, he wanted to take his cousin and run away.

However, Crazy Leopard pulled him back. "What the f*ck do you mean? You spent 2 million to call me out, and now you want me to go back without doing anything? Do you f*cking think you're walking a dog?"

Tang Huarong's face was bitter. "We don't want anything, alright? Please let us go."

Crazy Leopard glared at him. "No, I, Crazy Leopard, am not the kind of person who doesn't do anything for money. I have to end this today."

"Brother Bao..."

Just as the two of them were tugging at each other, they suddenly heard the sound of a horn from outside the crowd.

Crazy Leopard's subordinates immediately scattered like a tide. Then, they saw a black Lincoln limousine slowly driving in.

When Crazy Leopard saw the car, his expression froze and he could not help but shiver. "Xiao... Xiao..."

Before he could say anything, the door of the Lincoln was pushed open from the inside.

Then, he saw the head of the Xiao family, Xiao Changqing, quickly get out of the car. He was not wearing a formal suit, but a bathrobe.

It looked like he was taking a bath just now. He didn't even change his clothes and rushed over.

After he got off the car, he did not stop and immediately ran toward Ye Feng.

When he passed by Crazy Leopard, he glared at him hatefully. "You're f*cking dead."

When Crazy Leopard heard this, he immediately felt as if he had been struck by lightning!

Could it be that the young man's phone call was... a call to Mr. Xiao?

Moreover, Mr. Xiao had come to the rescue in a bathrobe. From this, it could be seen that this young man's identity was probably extraordinary.

Thinking of this, he could not help but shiver.

When Tang Huarong saw Xiao Changqing, his legs went limp and he couldn't hold on any longer. He fell to the ground.

A small character like him was not qualified to know Xiao Changqing, but he was no stranger to the godfather of the underground forces in Gambling City.

At this moment, Xiao Changqing had personally rushed over. The impact on him was simply incomparable. He felt waves of despair in his heart.

'It's over, it's over, it's really over this time!'

Everyone else present was also terrified.

Gambling City wasn't big. Although everyone didn't know what Xiao Changqing did, they knew that he was a big shot.

Thus, everyone felt incredulous when they saw him arrive.

"Oh my god, Mr. Xiao actually rushed over? Isn't this matter too big?"

"Mr. Xiao came in a bathrobe? It can be seen how much importance he takes this matter."

"Who is that young man? It actually alarmed a big shot like Mr. Xiao?"

"I have a feeling that today's incident will cause a huge sensation. It will become big news in Gambling City tomorrow."

"Nonsense. Mr. Xiao is here, and he's wearing a bathrobe. How can it not cause a stir?"

"..."

Everyone present was shocked by Xiao Changqing's arrival, thus they became even more curious about Ye Feng's identity.

Who exactly was it that could disturb Mr. Xiao's grand presence?

And he rushed over in a bathrobe?

Liu Tianci was probably the only one who did not think much of it. He came from the mainland and did not know Mr. Xiao at all.

Although Xiao Changqing's car was not bad, he was not as surprised as others because his family also had a luxury car of this level.

Xiao Changqing quickly ran to Ye Feng. He first looked at him carefully. Seeing that he was not injured, he heaved a sigh of relief. "Mr. Ye, it's good that you are fine."

When he spoke to Ye Feng, he was very respectful.

Coupled with the fact that he had not moved for too long, he was a little out of breath after running two steps, making him look like a... a pug.

Everyone felt their scalps go numb.

They were secretly guessing Ye Feng's identity, some of them thought that he was a junior of Xiao Changqing's family or a junior of a friend's family.

The reason he could rush over was probably out of love for his juniors.

But when they saw Xiao Changqing's attitude toward Ye Feng, their guesses were immediately overturned.

To be able to make Xiao Changqing treat him so respectfully, this young man's background was probably much more terrifying!

He was from the mainland, and he was able to make Xiao Changqing fear him. Moreover, his every move revealed his aristocratic bearing...

With all these factors added together, an identity seemed to be revealed.

Third generation!

It was very likely that he was a third-generation heir with a very high level. Otherwise, he would not be able to make Xiao Changqing, a big shot in Gambling City, so respectful.

When everyone thought of this possibility, they broke out in cold sweat.

If that were really the case, then Tang Huarong, Li Tianci, and even Crazy Leopard's group would probably die today!

If they could think of this, Tang Huarong naturally also thought of it. His body suddenly trembled, and his crotch became wet again.

This was already the second time he had peed his pants today. His pants were wet and dry, and he might soon become a dried corpse!

As for Crazy Leopard, he was already scared out of his wits.

It was over. It seemed that he had really provoked someone he shouldn't have.

Even Mr. Xiao was so respectful to this young man. If he wanted to deal with him, it would be as easy as crushing an ant.

This time, he was really killed by that b*stard Tang Huarong.

His heart was filled with despair!

Chapter 1020 Do You Want To End Up Like the Han Family?

1020 Do You Want To End Up Like the Han Family?

No matter how stupid Liu Tianci was, he could sense that something was wrong.

Everyone present, including his cousin and Crazy Leopard, was so scared that their faces turned ashen.

Could it be that he had really kicked an iron plate this time?

If that were really the case, then it was really a little unlucky.

However, he was not too worried. In the past, if he got into trouble, he would just pay some money.

If he threw out a few million yuan, that kid would probably kneel down and meet his father.

Ye Feng looked at Xiao Changqing's attire. He did not know whether to laugh or cry. "Old Xiao, do you have to come here dressed like this?"

Xiao Changqing smiled bitterly. "I heard that you were surrounded and wanted to fly over. How could I have time to change your clothes?"

Ye Feng was very touched. He could tell that Xiao Changqing really valued him. "I could have mobilized Golden Soup Security to deal with them directly. But on second thought, there might be someone you know here, so I'll let you handle it."

“How is it? Can you settle it?”

Xiao Changqing nodded heavily. “Don’t worry, I will give you a satisfactory explanation today.”

After saying that, he turned to look at Crazy Leopard. His expression changed, and the respect he had when he faced Ye Feng was gone. It was replaced by a domineering aura.

“Get over here!”

Crazy Leopard hurriedly walked over and bowed. He said in a trembling voice, “Mr. Xiao, I... I...”

Pa!

Before he could say anything, Xiao Changqing had already slapped him, making him see stars.

The crowd immediately exclaimed.

Crazy Leopard had always been infamous. The people in Gambling City were all terrified when they mentioned this name. Now, he was actually slapped in public. This was really something that they never expected to see while they were alive.

However, when they thought of Xiao Changqing's identity, everyone immediately understood.

As the head of the second-largest family in Gambling City, he was indeed qualified.

However, Crazy Leopard was overjoyed at this moment and almost cried out of joy.

If Xiao Changqing didn't hit him, scold him, or even show any emotion, then he would really be finished today.

However, now that he had hit him, he felt much more at ease. At least his life was saved.

"B*stard, you dare to offend Mr. Ye? Did you eat the guts of a bear or a leopard?"

Xiao Changqing pointed at his nose and cursed. If it wasn't for the fact that this b*stard had been at his beck and call in his early years, he would have gotten someone to chop him to death right now.

"Mr. Xiao, I... I didn't know Mr. Ye before. Otherwise, even if I had a hundred guts, I wouldn't dare to provoke him," Crazy Leopard immediately cried.

Xiao Changqing grabbed his collar and whispered in his ear, "Do you want to end up like the Han family?"

“If you don’t want to, go beg Mr. Ye. Do whatever he asks you to do. Don’t hesitate.”

Crazy Leopard shuddered when he heard that.

The news of the Han family being exterminated had already spread throughout Gambling City.

Many people knew that this was done by Golden Soup Security, but not many people knew about the big boss behind the scenes.

He did not expect that it was actually this young man in front of him!

He was so young, yet his methods were so ruthless. It was simply hair-raising.

What he didn’t expect was that he actually offended this God of Killing and even wanted to chop off one of his hands.

Thinking of this, he knelt in front of Ye Feng with a plop. “Ye... Mr. Ye, I know I was wrong. I was blind. Please let me live...”

His kneeling shocked everyone present.

Crazy Leopard was not a hooligan like Tang Huarong. This was a ruthless person who had made a name for himself in the underworld.

And the reason why he was nicknamed 'Crazy Leopard' was because he was not afraid of anything.

He had once charged into his enemy's birthday party with a knife and personally killed his enemy.

As for himself, he had been slashed more than 40 times and almost couldn't be saved.

A living King of Hell like him actually had times when he was afraid?

Liu Tianci finally knew that something was wrong. He turned around and wanted to escape.

However, Crazy Leopard's subordinates were all smart people. How could they let the real 'culprit' escape? They all blocked the way.

Liu Tianci had nowhere to run. He could only stand there in fear, not knowing what to do.

Ye Feng first glanced at Xiao Changqing. He knew that the other party was indirectly pleading for Crazy Leopard.

“As I said before, I can spare your life on account that you still have a trace of humanity...” He spoke very slowly, but everyone present heard him clearly.

“Thank you...”

Crazy Leopard was delighted. He was about to continue speaking when he was interrupted by Ye Feng. “The death penalty can be avoided, but the punishment cannot be avoided...”

As he spoke, he glanced at Tang Huarong and Liu Tianci. “Among the three of you, I want one of you to be carried away with two hands and three legs.”

“As for how to distribute it, you guys can discuss it yourselves.”

Crazy Leopard hurriedly nodded. “Mr. Ye, I understand. I will definitely give you a satisfactory explanation.”

With that, he stood up and looked at Tang Huarong and Liu Tianci with a cruel look in his eyes.

“Did you two b*stards hear what Mr. Ye said? One person will be carried away, two hands, and three legs. The two of you will divide them.”

Anyway, Mr. Ye didn't specify who he wanted, so these few targets naturally fell on these two b*stards.

His hatred toward these two people was even stronger than Ye Feng's.

If he hadn't been bewitched by them, how could he have offended Mr. Ye?

Even if Ye Feng did not order him, he would make these two b*stards pay the price.

When Tang Huarong heard this, he was so frightened that he kowtowed repeatedly. "Brother Bao, please spare me, please spare me..."

Liu Tianci was also scared out of his wits. He had always been pampered and had never seen such a scene before. He could only kneel down and kowtow with his cousin. "Spare me..."

Crazy Leopard interrupted unhappily, "Alright, stop talking nonsense. Mr. Ye's order is an imperial edict. Hurry up and allocate the spots. Otherwise, I'll make the decision myself."

Tang Huarong knew that he couldn't escape and was the first to speak. "I choose a leg."

Liu Tianci panicked when he heard that.

Then wouldn't he lose his life, two arms, and two legs?

This was simply comparable to being torn apart by five horses!
