Chapter 1061 Don't Argue. What Exactly Happened?

1061 Don't Argue. What Exactly Happened?

Gao Hu was hugging a celebrity he had just hooked up with and exercising. At the critical moment, he was suddenly shocked by the urgent ringtone of his phone.

“++!”

He was furious. He grabbed his phone and saw that it was a call from one of his subordinates.

After the call connected, he immediately scolded, “Calling in the middle of the night? Are you f*cking looking for death?”

There was a pause on the other end, and then an anxious voice came from the other end. “Boss, there’s a large group of people outside...”

Gao Hu was shocked and his expression turned serious. “Who is it? Is it Shunyi or Zhongyi Hall?”

Due to Gao Junming’s sudden death some time ago, the other two major forces in Yang Cheng, Shunyi Hall and Zhongyi Hall, were a little dishonest. They had already had a few small-scale conflicts with the Chaoxin Gang.

Could it be that these two families had attacked in the middle of the night?

Did they have such guts?

“Neither, it’s... it’s a group of people from the real estate industry. They said they want to talk to you about some business matters,” the subordinate hurriedly explained.

“F*ck, can’t you f*cking finish your sentence in one go? You scared me.” Gao Hu heaved a sigh of relief when he heard that it wasn’t his enemy.

However, he immediately became curious. Why would someone from the real estate industry come looking for him in the middle of the night?

During this period of time, he had been trying to enter the real estate industry for the sake of the transformation of the Chaoxin Gang. He had gone to many real estate companies and wanted to work with them.

However, when these people saw that it was him, they were all polite on the surface, but in the end, they politely declined.

After all, they did not want to have too much to do with an organization like the Chaoxin Gang.

Today, this group of people actually came uninvited?

“Take them to the living room first. I’ll be right there.”

Gao Junming hung up the phone, hurriedly put on his clothes, and walked out quickly.

The house he was living in now was one of Gao Junming’s former villas. Now that Gao Junming was gone, everything naturally belonged to him.

When he arrived at the living room, he saw at least a dozen of Yang Cheng real estate tycoons sitting inside. Including their assistants and bodyguards, there were at least fifty to sixty people in total. The living room was packed.

Gao Hu was shocked. He thought that there would only be a few people, but he did not expect so many.

Many of them had rejected him before.

What urgent matter did these people have to look for him for?

“Good evening, everyone.” Although he couldn’t figure it out, he still walked in quickly and greeted everyone.

The dozen or so big shots in the real estate industry stood up one after another and returned the greeting politely. "Hello, Mr. Gao."

Gao Hu could clearly feel that these people's attitudes toward him had changed significantly.

Previously, when he went to look for this group of people to discuss cooperation, although they were all polite, it was obvious that they had the intention of prevaricating.

But now, they were all very respectful and even had the intention of currying favor. This made him even more puzzled.

"I wonder why everyone is looking for me so late at night?" He asked everyone to sit down and then gestured for his subordinates to serve tea for everyone before asking.

Everyone looked at each other. One of the most respected elders stood out. "It's already so late. Let's not beat around the bush. We heard that Mr. Gao has bought many houses in Bamboo Island Village?"

Gao Hu was stunned. He didn't know why they were asking this. "Yes, is there a problem?"

The old man coughed dryly. "I wonder if Mr. Gao is willing to sell these houses? I'm willing to buy it at 500,000 yuan per set."

After saying that, he even revealed a look of shame on his face, as if he felt that this price was a little insulting.

“How much?” Gao Hu shouted loudly. “500,000?”

The old man thought that he did not agree. He hurriedly added, “If you think it’s too little, we can still negotiate the price. 600,000 is not impossible...”

Before he could finish, the others immediately exploded.

“Boss Qin, you’re too stingy. Every inch of land in Bamboo Island Village is worth an inch of gold now, and you’re only offering 600,000? I’ll pay 700,000.”

“There’s a new subway station that’s about to be built. Its future potential is limitless. You want to buy it for 700,000 yuan? I bid 800,000!”

“I’m willing to pay 900,000 for one set. I’ll take as many as you have.”

“I’ll pay 1 million...”

These usually elegant real estate industry big shots were like aunties in the market at this moment. Their eyes were red from fighting.

Gao Hu couldn't sit still anymore. He looked at everyone in a daze. "Stop arguing. What exactly happened?"

He didn't have the habit of watching the news, so he didn't know about the Transportation Department's plans.

He was a little puzzled when he saw these people arguing over the dilapidated farmer's houses that he had just bought.

This time, it was everyone's turn to be puzzled. "Haven't you received any news?"

Gao Hu scratched his head. "What news?"

When everyone heard this, they almost fell to the ground.

The old man finally calmed down. "If you didn't get the news, why did you buy houses in Bamboo Island Village on a large scale?"

Gao Hu smiled embarrassedly. "I saw Mr. Ye collecting them at that time and happened to help him do a small thing. Mr. Ye instructed me and asked me to collect them together."

“It doesn’t cost much anyway, so I followed along to join in the fun...”

When everyone heard this explanation, they were both envious and shocked.

They were envious that this guy could hug Mr. Ye’s thigh. It was no different from hugging a god of wealth.

What shocked them was Ye Feng’s terrifying strength. He could give such a huge fortune to others with just a few words of advice.

One had to know that Gao Hu was based on 100,000 yuan... No, he bought more than forty sets at the price of 90,000 yuan each.

Now, the price had risen to more than 1 million yuan. In one night, it had increased by more than ten times.

This was simply comparable to turning stone into gold.

They were filled with envy and jealousy in their hearts. Why couldn’t they cling onto Mr. Ye’s thigh?

Chapter 1062 What's Wrong With Being Mr. Ye's Dog?

1062 What’s Wrong With Being Mr. Ye’s Dog?

“It’s already reported on the news today that a subway station is about to open in Bamboo Island Village. It’s expected to open before May next year...”

Immediately, someone explained the cause and effect of the matter to Gao Hu.

Even if Gao Hu did not understand business, he had already realized the huge benefits.

He was stunned.

Actually, he didn’t have much hope when he bought those houses. He only calculated in his heart that it wouldn’t cost much anyway. It would be good to take the opportunity to get closer to Mr. Ye.

He had never expected that this unintentional move would actually bring him such great benefits.

He bought 42 houses this time and spent less than 4 million yuan.

However, someone had already bid more than 1 million just now, which was more than ten times the price.

In other words, as long as he was willing, he could get more than 40 million.

The money seemed to have fallen from the sky, making him feel unreal.

In the past, the Chaoxin Gang had always been involved in a bloody business. Not only was it dangerous, but they also did not earn much money in the end.

He had never thought that money could be earned so easily.

“Mr. Gao? Mr. Gao?”

Seeing that he was standing there in a daze, the real estate bosses hurriedly reminded him.

Only then did Gao Hu come back to his senses. “Oh, you came to look for me today to buy my houses, right?”

“That’s right. We’re here with great sincerity. If Mr. Gao thinks the price is low, you can quote it yourself.”

“The price is negotiable. As long as you’re willing to sell, we guarantee that we’ll transfer the money immediately.”

“As long as you nod your head, we can transfer the money to you in advance.”

“I’ll transfer the money to you now...”

Everyone was impatient. Some even wanted to transfer the money in advance without signing the contract.

Gao Hu gradually calmed down when he saw them arguing until their faces turned red.

He had been thinking about how to help the Chaoxin Gang change its style. This time, it might be a godsend opportunity.

“You don’t have to fight. I won’t sell the house.”

He suddenly interrupted the quarrel and changed the topic. “But we can develop it together.”

“I’ll find one or a few of you to cooperate with. We can earn money together.”

When everyone heard this, their enthusiasm immediately dropped.

How could cooperation be more profitable than eating alone?

However, from Gao Hu's intentions, it was obvious that he would not sell these houses easily.

This was within their expectations. After all, the potential of Bamboo Island Village was too great. Whoever had a house there now was like holding a treasure bowl. Who would give it up so easily?

So be it. No matter how small a fly was, it was still meat.

Almost all the real estate companies expressed their willingness to cooperate with the Chaoxin Gang to jointly develop the project in Bamboo Island Village.

Gao Hu himself was not good at wrangling. As for the specific negotiation matters, there were naturally people who were specially assigned to handle them.

The matter that had been weighing on his heart for so long had finally been resolved, he was filled with gratitude toward Ye Feng.

It seemed that he had made a wise choice to board Mr. Ye's warship.

If a big shot like him casually revealed something, they would be able to make their mouths full of oil.

When he thought of Ye Feng, he immediately thought of something else. He looked up at the real estate developers. "Oh right, Mr. Ye has bought more houses than me, and his location is better than mine. Why don't you go look for him?"

When the real estate developers heard his question, they all looked a little embarrassed.

In the end, it was an honest real estate agent who told the truth. "There are more people going to Mr. Ye's side. The strength of our people, haha..."

Although he didn't finish his sentence, Gao Hu understood what he meant.

To put it bluntly, those who were able to negotiate with Ye Feng were at least top-notch real estate developers.

These people were not qualified enough, so they took a step back and came to him.

However, he wasn't angry because he was 'discriminated against'. He was already very satisfied with the current result.

It seemed that he would have to cozy up to Mr. Ye in the future. He believed that under his leadership, the Chaoxin Gang would reach a height that Gao Junming had never reached.

Although there would be people who would question whether it would be too embarrassing for the number one underground force in Yang Cheng to be a dog for a young man, hehe, that would depend on who the dog was. Some people's dogs were much more expensive than humans.

What was wrong with being Mr. Ye's dog?

..

When Chen Xuan arrived at the company the next morning, she found that there were many luxury cars parked downstairs.

Zhang Youting had been waiting downstairs for a long time. When she saw her arrival, she hurriedly came up to her. "Sister Xuan, many big shots from the real estate industry have come. They came last night. I tried to persuade them several times, but they refused to leave."

Chen Xuan was not surprised by this and only smiled.

In fact, these people had been to her neighborhood last night, but the security in her neighborhood was tight, so these people could not enter at all.

There were even many people who called her, but Ye Feng did not let her answer.

He even said that these people were all b*stards. He had given them such a good opportunity previously, but they didn't want it. Now, they were begging her instead. He would let them hang out for a while.

Although she felt that it was a little inappropriate to do so, she could only do as he said and ignore these people.

When she and Zhang Youting entered the office, they saw many people lying on the floor and on the conference table. They were all the top big shots in the real estate industry in Yang Cheng.

This group of people were used to living like kings. Now, they were actually sleeping on the floor of Lingyun Real Estate. This was really a new experience.

Zhang Youting coughed dryly. "Our President Chen is here."

Her voice wasn't loud, but these people's reactions were extremely sharp. They all stood up with a whoosh. They probably hadn't slept well yet.

"President Chen, you're finally here. We've been waiting for you."

"That's right. I, Old Lu, have not suffered this kind of pain for many years. It really isn't easy..."

“President Chen, our Board of Directors has agreed to the Bamboo Island Village project that you called me yesterday...”

“President Chen, our other projects have been suspended. Now, we are ready to devote ourselves to the Bamboo Island Village project...”

“President Chen, we have enough funds. We can buy this project now...”

Chen Xuan heard everyone talking at once, but she still had a faint smile on her face.

But she was sneering in her heart, Ye Feng was right about these people, they were all b*stards.

She had taken the initiative to call these people yesterday, but they had used all sorts of reasons to brush her off.

In the end, when the news came out that night, they were anxious. Now, they turned around and begged her.

“Everyone, please take a seat.”

She first greeted everyone, then turned to Zhang Youting and instructed, “Youting, go buy some breakfast for these CEOs.”

Zhang Youting immediately left.

However, these CEOs weren't here to freeload. If this matter wasn't finalized, they wouldn't be able to enjoy anything.

"President Chen, let's talk about the Bamboo Island Village project first."

"Yeah, we went to Bamboo Island Village yesterday and found out that the houses there have been bought by Lingyun Real Estate."

"President Chen is really a genius. She actually predicted that there would be a subway station there. I'm impressed."

"That's President Chen's information channel... How can we compare?"

Everyone flattered Chen Xuan.

Chapter 1063 Crazy Auction

1063 Crazy Auction

However, Chen Xuan remained unmoved. She maintained a polite smile and said, "I'm very touched that everyone can wait here for a night."

“Lingyun Real Estate has been fully booked for the next few years. We are indeed interested in selling the project in Bamboo Island Village...”

When everyone heard her say this, they immediately became excited.

They were afraid that Chen Xuan would stop selling the project after seeing the news. Now, it seemed that these worries were unnecessary.

“However... There are so many of you here. No matter which company I sell the project to, I will offend others.” Chen Xuan continued. “So... It’s better for you to quote your own price. The highest bidder wins.”

As soon as she said this, someone immediately raised their hand. “Sanjiang Real Estate is willing to purchase all the farmer’s houses in your hands at a price of 1 million yuan.”

After the person finished speaking, a confident smile appeared on his face.

He felt that this price was already very sincere. After all, the other party had charged at an average price of 100,000 yuan. It had increased tenfold overnight. This kind of business was already very rare.

However, he clearly underestimated the importance of this project.

“Hehe, 1 million for a set? Are you dreaming? Green Water Real Estate is willing to buy it for 1.5 million.”

“You’re driving up prices.”

“Don’t talk nonsense. If you have money, then talk with it. If you don’t have money, then quit. Why are you talking so much nonsense?”

“Who said I don’t have money? I’ll pay 1.6 million for one set. I’ll take as many as you have.”

“1.6 million? This is too petty. Honghua Real Estate is willing to pay 2 million yuan for a set.”

“Hengshan Real Estate is willing to pay 2.2 million...”

Everyone immediately started arguing, and the price they quoted rose steadily.

Soon, someone called out the price of “3 million.”

At this moment, the number of people bidding immediately decreased by a lot.

Lingyun Real Estate had bought more than 140 houses this time. If each house was sold for 3 million yuan, that would be more than 400 million yuan.

The project of Bamboo Island Village had not been officially issued yet, so there were still variables in it.

If the Transportation Department suddenly changed their mind in the end, they would be in trouble.

As the price went higher and higher, more and more people left regretfully.

At this moment, there were only two companies left in the arena. They were the two companies that Chen Xuan had called to inform last night.

One of them was called Honghua Real Estate, and the boss was called Guo Kaishan. He was considered the strongest among them.

The other was Swift Wind Real Estate. The boss was called Qi Li, a female boss who was about 50 years old this year.

“Honghua Real Estate is willing to buy them at a price of 4 million per set. Boss Qi, are you sure you want to continue bidding?” Guo Kaishan stared at Qi Li with a threatening gaze.

According to the price of 4 million yuan, it would cost at least 560 million yuan to buy more than 140 houses.

This was only the money used to purchase these houses. If the subsequent renovation and expansion were added, it would be at least 1 billion yuan.

No matter how strong Honghua Real Estate was, it was still a little difficult to invest so much in one project.

However, Qi Li seemed to be deliberately going against him. "President Guo, Swift Wind Real Estate doesn't want to miss out on such a high-quality project. We'll pay 4.2 million for each set."

"Hiss..."

Everyone present was shocked by her generosity. She directly raised the unit price of each set by 200,000 yuan. This was too rich and overbearing.

This time, the pressure returned to Guo Kaishan. "President Qi, are you really going to fight me to the end?"

Qi Li smiled faintly. "President Guo, we're friends. If it's anything else, I'll give it to you. But for business matters, let's rely on our own abilities."

A hint of ruthlessness flashed across Guo Kaishan's face. "Alright, let's see who can last until the end. Honghua Real Estate will pay 4.3 million."

With that, the total value of the houses that Lingyun Real Estate had purchased soared to 600 million.

Chen Xuan was secretly shocked. Yesterday, Ye Feng said that this project would be sold for at least 600 million. At that time, she thought he was dreaming.

She did not expect that this seemingly unrealistic wish would be achieved so quickly.

However, the competition was not over yet.

Qi Li's expression started to turn serious. "Director Guo, how about we both take a step back?"

Guo Kaishan stared at her. "How?"

Qi Li pondered for a moment. "How about this? We'll buy it at 4.3 million. You and I will buy half each."

Guo Kaishan immediately sneered. "I'm sorry, but Honghua Real Estate is determined to get this project. We will never share it with anyone."

Qi Li's expression darkened. "In that case, Swift Wind Real Estate has nothing to say. 4.4 million!"

Guo Kaishan's old face twitched when she reported the price.

According to the price Qi Li quoted, the total value of these houses had already exceeded 600 million.

When Chen Xuan called him last night and offered him 600 million, he thought she was joking.

But now, it seemed that he was the one who was joking.

If only he had agreed at that time!

Chapter 1064 I'll Bid 700 million. Is There Anyone Who's Higher Than Me?

1064 I'll Bid 700 million. Is There Anyone Who's Higher Than Me?

This time, Guo Kaishan thought for a long time and did not speak for a long time.

Qi Li smiled smugly and turned to look at Chen Xuan. "President Chen, since President Guo doesn't intend to bid again, then this Bamboo Island Village project belongs to Swift Wind Real Estate."

Chen Xuan smiled and was about to speak.

At this moment, Guo Kaishan slammed the table. “Who said I’m not bidding? I’ll bid 4.6 million. If you have the guts, continue to call. Let’s see who’s the first to admit defeat.”

His slap on the table shocked everyone present.

They could tell that he was a little anxious and looked like he wanted to eat her up.

Qi Li was also shocked. The main reason was that the other party’s bid was too ruthless, directly adding 200,000.

Don’t underestimate this 200,000 yuan. The 140 houses added up to nearly 30 million yuan.

She immediately started to back out.

Her company had made an estimation overnight yesterday. The highest price for the acquisition of these houses should be set at 600 million. Any more and there wouldn’t be much profit.

Just now, 4.4 million was already her bottom line. If she increased the price, the gains would not make up for the losses.

“President Qi, do you still want to follow?” Guo Kaishan looked at her smugly.

“Sigh, since President Guo is determined to get this project, then our Swift Wind Real Estate will fulfill his wish and give it to you.” Qi Li sighed helplessly.

Guo Kaishan immediately beamed and extended his hand. “I hope this competition won’t affect our friendship.”

However, he was filled with hatred in his heart. Because of this old woman, he had spent so much money for nothing. Just thinking about it made his heart ache.

Qi Li smiled and shook his hand. “Congratulations, President Guo.”

However, she was cursing in her heart. Spending so much money to acquire this project was really a fool. She hoped that he would lose everything.

The two of them exchanged a few words with each other, but the atmosphere on the surface seemed very harmonious.

“President Chen, since President Qi has withdrawn, this project will be mine.” Guo Kaishan got his favorite project and immediately smiled.

Chen Xuan also smiled and congratulated him. “Congratulations, President Guo. I have a lot of faith in Honghua Real Estate’s strength. I believe that this project will definitely become a benchmark in the real estate industry of Yang Cheng in your hands.”

Although Guo Kaishan was smiling on the surface, he was crying in his heart.

Chen Xuan had called him last night and only asked for 600 million yuan, but he had spent another 40 million yuan.

He wanted to bang his head against the wall in regret.

“Then... President Chen, shall we sign the contract now?” He was afraid that something would go wrong in the middle, so he urged impatiently.

“Okay.” Chen Xuan nodded and turned to her assistant. “Print two copies of the contract.”

The assistant replied and was about to turn around and leave.

At this moment, a man’s voice suddenly sounded from behind the crowd. “Wait a minute.”

Everyone turned around when they heard the voice.

They saw a man sitting in the corner. He was about 30 years old and looked gentle. Coupled with the black suit he was wearing, he looked very capable.

He had been sitting there the entire time and did not participate in the competition. They did not know why he had opened his mouth at this time.

“Hello, President Chen. I’m the chairman of Glory Real Estate. My name is Wei Guanghui.” The man walked in front of Chen Xuan and reached out his hand.

Chen Xuan only shook his hand politely. “Hello, Mr. Wei. What’s the matter?”

Wei Guanghui gave a smile that he thought was charming. “I’m also very interested in the Bamboo Island Village project, so I want to participate in the bidding.”

Guo Kaishan frowned. “Young man, I’ve already bid 4.6 million for one set. Are you sure you want to participate in the bidding?”

Wei Guanghui curled his lips and smiled. “Only 4.6 million? I think this project should at least be worth... 5 million for a set.”

As soon as he said this, everyone’s eyes widened.

“Young man, are you joking? 5 million for a set, that’s 700 million.”

“Our company has repeatedly calculated that 600 million is already a very high price. 700 million is probably a loss.”

“Where did this person come from? Are you here to cause trouble? Have you heard of Glory Real Estate?”

“I’ve never heard of it. It’s probably a small company that has just been established, right?”

“A newly established company can take out 700 million yuan? Are you kidding me?”

Everyone immediately started discussing. Clearly, they did not quite believe this young man.

Wei Guanghui turned his head and looked at them. “It’s true that Glory Real Estate has just been established, but it’s not a big problem to take out a mere 700 million yuan.”

A few people immediately started mocking him.

“Keep bragging. It’s already good enough for a newly established small company to come up with 70 million yuan. A mere 700 million yuan?”

“That’s right. Sanjiang Real Estate has been established for more than ten years, but we don’t dare to say that we can take out such a large amount of money at once.”

“Is this kid trying to get something for nothing?”

“I think so. President Chen, don’t believe his nonsense...”

Before Chen Xuan could speak, Wei Guanghui had already laughed out loud. “You can choose not to believe me, but you should believe Wei Changfeng, right?”

“Wei Changfeng?”

When everyone heard Wei Changfeng’s name, they were stunned and looked at Chen Xuan.

Before Ye Feng came to Yang Cheng, Wei Changfeng was definitely one of the best in the real estate industry. He had the backing of Yang Cheng’s Ye family, and everyone had to give him face.

But ever since he was taught a lesson by Ye Feng, Wei Changfeng had almost disappeared from everyone’s sight. He had not appeared for a long time.

Even so, he was still a big shot in the real estate industry that could not be ignored.

“What’s your relationship with Wei Changfeng?” Guo Kaishan looked at him with some fear.

“Wei Changfeng is my cousin.” Wei Guanghui looked proud.

As soon as he said this, it immediately caused a thousand ripples.

Those who had scoffed at this young man just now also became serious.

If he was Wei Changfeng’s cousin, then it would be a different story.

He was probably here on Wei Changfeng’s orders, right? He was too embarrassed to come to Lingyun Real Estate, so he sent his cousin as the spokesperson.

Wei Guanghui’s smile widened when he saw everyone’s expressions.

“I bid 700 million. Is there anyone who is higher than me?”

Chapter 1065 Should I Tell Mr. Ye About This?

1065 Should I Tell Mr. Ye About This?

Faced with Wei Guanghui’s question, everyone present remained silent.

The price of 700 million had far exceeded their expectations for this project.

In addition, the other party was Wei Changfeng's cousin, so they had to be even more cautious.

A starving camel was still bigger than a horse. Even though Wei Changfeng was defeated by Ye Feng, and his strength was not as strong as before, however, it was not something that they could provoke.

Guo Kaishan was the same. Although he was unwilling, he didn't say anything else in the end.

Wei Guanghui was very satisfied with the results. The expression on his face became more and more smug. He turned to look at Chen Xuan. "President Chen, we can sign the contract now."

As he spoke, his eyes were still sizing her up, not hiding his frivolous intentions at all.

Although Chen Xuan was disgusted by his gaze, he was still her client. She could only temporarily suppress the anger in her heart.

The assistant quickly printed the contract and sent it over.

Chen Xuan took the contract and checked it to make sure that there were no loopholes. Then, she handed it to Wei Guanghui. "Mr. Wei, do you have anything to add?"

After Wei Guanghui took the contract, he didn't even look at it and signed it directly. Then, he looked at Chen Xuan with a smile. "President Chen is so beautiful. I believe you won't lie to me."

Chen Xuan felt that he was too unprofessional, so she reminded him, "I have to remind Mr. Wei that according to the contract, you must transfer 700 million yuan to Lingyun Real Estate within 24 hours."

"If you don't pay within the time limit, the contract will automatically be voided. Moreover, we will pursue the responsibility for your breach of contract..."

"Don't worry. I promise to transfer the money to you before tonight."

Wei Guanghui interrupted impatiently and then smiled frivolously. "I want to treat President Chen to a meal to celebrate the success of our cooperation. I wonder if you're willing to do me the honor?"

Chen Xuan tried her best to maintain her politeness on the surface. "I'm sorry. I have a date at noon today. I can ask the vice president of the company to accompany you."

Wei Guanghui stared at her. "You have a date? Is it a man or a woman?"

Chen Xuan frowned and her expression turned cold. "He's my boyfriend."

Wei Guanghui looked disappointed. "So President Chen has a boyfriend? I suddenly feel like I've fallen out of love."

When everyone present heard his words, their faces revealed a look of shock.

Was this guy crazy?

Did he not know that Chen Xuan was Ye Feng's woman?

If he knew, would he still dare to say such words?

Was he courting death? Or was it Wei Changfeng who instructed him to do this?

Could it be that Yang Cheng, which had finally been peaceful for a few days, was going to be bathed in blood again?

Countless questions popped up in everyone's minds.

They were all secretly weighing the risks and opportunities inside.

Chen Xuan's expression also turned ugly. "Mr. Wei, please watch your words."

Wei Guanghui was still smiling cheekily. "President Chen, don't be angry. It was just a joke."

"If I have the chance, I really want to meet your boyfriend and see how outstanding a man is to be worthy of a woman like President Chen. Hahaha."

As he spoke, he walked out of the meeting room.

It could be said that he was very arrogant.

Chen Xuan suppressed the anger in her heart and looked up at the others. "I've bought breakfast. Shall we leave after eating?"

Everyone could tell that she didn't look too good. How could they be so blind to stay for breakfast? They cupped their hands and bade farewell.

After sending these people away, Zhang Youting walked back angrily. "Sister Xuan, that Wei Guanghui is too arrogant."

“Does he really think that with Wei Changfeng backing him up, no one can cure him? Should we tell Mr. Ye about this?”

“No!” Chen Xuan suddenly interrupted, “Don’t tell him. Otherwise, with his temper, he’ll inevitably make a big fuss again.”

Zhang Youting didn’t say anything more.

However, she didn’t think so in her heart. She clearly had such a powerful boyfriend, so why should she tolerate it?

If it were her, she would definitely become the most arrogant woman in Yang Cheng.

Of course, she could only fantasize about this in her heart.

..

When Chen Xuan returned home at night, she told Ye Feng about what happened in the morning, but she deliberately hid the part where Wei Guanghui was disrespectful to her.

“Hahaha, you didn’t see it. The scene of those big bosses who are usually pampered sleeping on the floor of the conference room is too funny.” She couldn’t help but laugh when she thought of the scene she saw in the morning.

Ye Feng smiled and hugged her waist. "How is it? Your man has good taste, right?"

Chen Xuan looked up at him. "Yes, they all say that Mr. Ye is far-sighted and far-sighted. They admire you very much."

Ye Feng lifted her delicate chin. "They admire me, don't you?"

Chen Xuan used a tone that sounded like she was coaxing a child. "Yes, yes, yes. This little girl doesn't just admire you. I'm simply prostrating myself in admiration."

Ye Feng's lips curled into a wicked smile. "Prostrate? I haven't tried this position before. Do you want to try it?"

Chen Xuan realized the danger and turned around to escape.

However, she was pressed onto the ground by Ye Feng and prostrated herself on the ground...

This was destined to be another sleepless night.

..

When Chen Xuan woke up the next day, she still felt weak.

Thinking about what happened last night, she still had lingering fears.

She felt more and more powerless in this aspect. This guy seemed to have endless strength.

There was even a moment last night when she suddenly had the thought of finding someone to help her share the burden.

The moment this thought appeared, Zhang Youting's face flashed across her mind.

This thought gave her a fright and she quickly dispelled this unrealistic thought.

She even secretly blamed herself for having such an evil thought.

She must have been with this guy for a long time and was influenced by his dirty thoughts.

Just as she was staring at the sleeping Ye Feng, she was engrossed in it, a bell suddenly rang.

She picked up her phone and saw that it was Zhang Youting.

She really got what she wanted.

She picked up the phone guiltily. "Hello, Youting, what's the matter?"

"Sister Xuan, Glory Real Estate hasn't sent the money over yet..."

Chapter 1066 Do I Have a Guilty Conscience? Obviously Not

1066 Do I Have a Guilty Conscience? Obviously Not

Hearing Zhang Youting's words, Chen Xuan immediately frowned. "Didn't he say yesterday that he would transfer the money over last night? Did you call their company to ask?"

"I've already called them," Zhang Youting replied hurriedly. "But I couldn't get through to their company."

Chen Xuan frowned even more. "I'll give them a try."

After hanging up Zhang Youting's call, she immediately dialed the contact number of Glory Real Estate.

However, no one picked up after several calls.

She immediately realized that something was wrong.

What was Wei Guanghui trying to do? Could it be that he wanted to renege on his debt?

What kind of joke was this? Was a project worth hundreds of millions something that he could turn down just because he wanted to?

At this time, Ye Feng rubbed his sleepy eyes and looked at her. "You're awake so early? Why don't you sleep for a while?"

Chen Xuan hurriedly told him what had happened just now. "That Wei Guanghui said that he would transfer the money over tonight, but it hasn't been transferred yet. What is he trying to do?"

Ye Feng smiled disdainfully. "Even if Wei Changfeng had more guts, he would not dare to play tricks with me."

He only mentioned Wei Changfeng. As for Wei Guanghui, he didn't care about him.

Chen Xuan thought about it and agreed. "Maybe something delayed him? Anyway, it's not even twenty-four hours yet. Let's wait a little longer."

Ye Feng's hands started to move again. "Then what should we do during this period of time?"

Chen Xuan was shocked. "Please spare me. I really can't take it anymore."

After saying that, she rushed into the bathroom in a panic.

Ye Feng helplessly leaned against the headboard. Chen Xuan was good in everything, but she was not on good terms with him in this aspect.

He missed Feng Jianwu and Feng Jingyi a little. He was excited when he thought about the scene of the dragon battling the two phoenixes.

It seemed that he had to find an opportunity to call these two little girls together again and have an in-depth exchange of experience.

With this thought in mind, he did not pester Chen Xuan anymore. He got up, washed up, and ate normally.

Because the two of them woke up late, it was already past ten in the morning after dinner.

Chen Xuan looked at the time and called Zhang Youting to ask. She learned that the money from Glory Real Estate had not been transferred yet.

“The time has passed. The money hasn’t been transferred yet.” She turned to look at Ye Feng.

Ye Feng also revealed a cold smile. “Looks like Wei Changfeng is jumping again. Does he think I am too merciful?”

Chen Xuan hurriedly grabbed his hand. “This matter might have been done by Wei Guanghui in Wei Changfeng’s name. Wei Changfeng might not know about it.”

“I’ll go to Glory Real Estate first to see what’s going on. Don’t act rashly.”

Ever since Ye Feng came to Yang Cheng, he had caused quite a few bloody storms. She really did not want to see him make a big fuss again.

“I’ll go with you.” Ye Feng returned to his calm appearance. He did not show any anger.

“Alright then.” Chen Xuan could only nod in agreement.

..

On the way to Glory Real Estate, Ye Feng received a call from Lin Qianqian.

“Hello, Qianqian. What’s the matter?” He picked up the phone as he drove.

“Can’t I call you if there’s nothing?” Lin Qianqian’s words carried a hint of teasing.

“Ahem, I’m driving. If you have anything to say, just say it.” Ye Feng noticed that Chen Xuan was eavesdropping with a vigilant expression. He wanted to laugh.

“Oh, is there another woman beside you? I understand. Let’s get down to business. I do have something to talk to you about. Can we have lunch together?” Lin Qianqian was smart and immediately understood.

“What’s the matter? Can’t we talk over the phone?”

“No, I can’t explain it clearly in one or two sentences. I have to meet you.”

“Then... Alright then. I have something to deal with now. I’ll look for you after I’m done.”

“Okay, I’ll send you the address. Just contact me when you’re done.”

“Alright...”

“Is it Manager Lin?” Ye Feng had just hung up the phone when he heard Chen Xuan suddenly ask.

“Yes, Lin Qianqian. Isn’t she in charge of Maple Leaf Pavilion now? She probably has something to report to me about at work, right?” Ye Feng explained seriously.

“Since it’s about work, why are you panicking? Do you have a guilty conscience?” Chen Xuan stared at him with her beautiful eyes.

“What? Haha, are you kidding me? Do I have a guilty conscience? Obviously not. You’re thinking too much, really...”

Three black lines appeared on Ye Feng’s forehead.

“I was just joking, and you actually took it seriously. Of course, I believe you 100%.” Chen Xuan immediately revealed a sweet smile.

“She and I are innocent. Of course you should believe me.” Ye Feng heaved a sigh of relief. He pretended to be relaxed and smiled.

“If you’re innocent with her, then who are you not innocent with?”

Screech—

When the car screeched to a stop, it almost caught up with the car in front.

Fortunately, they arrived at Glory Real Estate safely.

It was obvious that this was a new company that had just been established. As soon as they walked in, there was a strange smell that had just been renovated.

The receptionist was playing with her phone with her head lowered. When she saw the two of them enter, she stood up while playing with her phone. “Who are you looking for?”

Chen Xuan walked over first. “I’m Chen Xuan from Lingyun Real Estate. I have something to discuss with President Wei. Please inform him.”

The receptionist was still smiling, but when she heard the words ‘Lingyun Real Estate,’ her smile froze. “I’m sorry, President Wei is not in the office.”

Chen Xuan frowned. “Where did he go?”

The front desk lady spread her hands. "Why would the big boss tell us where he's going?"

Chen Xuan gritted her teeth. "Then who's in charge of your company now?"

The receptionist shook her head again. "I'm new here too. I don't know much about the company's leadership. I don't know who's in charge now."

After saying that, she sat back down and started scrolling through her phone again.

These words were obviously meant to brush them off. Chen Xuan was instantly furious. "Then I have something urgent to do now. Who should I look for?"

The receptionist was amused by the contents of the phone. She giggled and said perfunctorily, "That's none of my business. You can look for whoever you want."

Chen Xuan couldn't hold it in any longer and slammed the table. "What kind of attitude is this?"

Some of the staff members who passed by were shocked and turned around to look.

The receptionist was also furious. "What are slamming the table for? Do you have any manners?"

Chen Xuan glared at her. "I've been talking to you nicely, but you've been patronizing me. Do you have any manners?"

The receptionist rolled her eyes. "Didn't I already tell you? President Wei is not here now. You don't understand human language, and you still blame me? Who do you think you are?"

After saying that, he continued to swipe his phone.

This time, before Chen Xuan could speak, Ye Feng suddenly walked over and snatched her phone.

"What are you doing? Give me back my phone..." The woman panicked and immediately rushed out of the front desk, trying to get her phone back.

"Who did you say didn't understand human language?" Ye Feng stared at her coldly.

Chapter 1067 Of Course, He Hit Her Because She Was Asking For It.

1067 Of Course, He Hit Her Because She Was Asking For It.

The woman felt her hair stand on end under Ye Feng's stare, but when she saw so many colleagues around her, she became more courageous. "I said she doesn't understand human language, what's wrong? I already told her that President Wei isn't here, but she still wants to dawdle. Can you blame me? Give me back my phone..."

As she spoke, she was about to rush forward to snatch it.

Ye Feng laughed coldly. He suddenly exerted strength in his hand. With a 'kacha' sound, the phone was crushed by him.

The surrounding colleagues of Glory Real Estate were so shocked that their jaws almost dropped.

Although the phone wasn't a hard object, it was too exaggerated to be crushed by one hand.

"Ah! B*stard, how dare you break my phone? I'll fight it out with you..."

That woman did not realize how terrifying the strength of a person who could crush a phone with one hand was. She was already blinded by anger. She actually clawed at Ye Feng's face.

Ye Feng really did not want to fight the woman. He turned his body slightly and dodged her attack.

But this woman had already lost her mind. She did not grab Ye Feng, so she suddenly turned around and grabbed Chen Xuan who was standing at the side.

Chen Xuan was very close to her, and she was not on guard at all. She was immediately stunned on the spot.

The woman's nails were very sharp, and she had specially manicured them. It looked as if she had practiced the Nine Yin White Bone Claw.

Once she was caught, Chen Xuan would most likely be disfigured.

Ye Feng was immediately enraged. He did not care if the other party was a woman or not. He directly kicked her.

Although he was far away from the woman and attacked later than her, he kicked her left hip bone before she could grab Chen Xuan's face.

Bang...

The woman flew two to three meters in the air. After she fell to the ground, she slid for a few meters and finally knocked over a few desks before stopping.

From this, one could see how much strength Ye Feng used.

Of course, this was under the condition that he was lenient. If he had used all his strength, with this woman's ability to withstand blows, she would probably have died on the spot.

However, this had already shocked everyone present.

“D*mn, isn’t this too ruthless? Kick her so far away?”

“Why is this person like this? A grown man actually hit a woman? And he’s so ruthless?”

“Any man who hits a woman is not a good person.”

“You can’t say that, right? I think Lili scratched that woman’s face first.”

“So what? If this man hadn’t broken her phone, would Lili have hit her?”

“Hurry up and take a look at Lili. Don’t get hurt...”

Everyone condemned Ye Feng’s violent actions while running over to check on the woman’s injuries.

The receptionist called ‘Lili’ looked at everyone with a dull expression.

She wasn’t seriously injured. She was just scared silly.

After a long time, she came back to her senses and immediately cried, "Ah... Someone hit someone. Call security quickly. Someone hit someone..."

There was no need for her to say anything, someone had already gone out to call security, and there were also a few male colleagues blocking the door to prevent Ye Feng and Chen Xuan from escaping.

Just as the scene was in chaos, a woman in a white office lady outfit suddenly rushed over. "What happened?"

When everyone saw this woman, they all surrounded her and told her what had happened just now.

After all, they were from the same company, so their words naturally leaned toward Lili.

They casually mentioned the matter of her attacking Chen Xuan, but repeatedly emphasized the fact that Ye Feng had attacked her.

After that woman heard that, she immediately looked at Ye Feng and Chen Xuan. "Hello, I am the general manager's secretary, Li Wen. Why did you hit our people?"

Ye Feng laughed coldly. "Of course I hit her because she wants to be hit, why else?"

Although Chen Xuan was very supportive of his actions, she still walked out quickly. "Hello, Secretary Li. I'm Chen Xuan, the general manager of Lingyun Real Estate. Although this lady provoked us first, we

really shouldn't have made a move. On behalf of my boyfriend, I apologize to this lady. If she is injured, we will bear the medical expenses."

After saying that, she added, "I want to see your President Wei."

Li Wen saw that she was decisive in her words and actions. She was definitely not a simple person, so she immediately became more serious. "Sorry, our President Wei is not in the company now."

When Chen Xuan heard this again, she frowned again. "Then who's in charge of your company now?"

Li Wen thought for a moment. "You can look for Director Bao from the Finance Department."

Chen Xuan thought that she would continue to give them excuses, but she did not expect her to point them in the right direction. "How do I get to the Finance Department?"

"I'll take you there." After Li Wen finished speaking, she did not look at the receptionist and walked straight in.

Ye Feng and Chen Xuan immediately followed.

The employees of Glory Real Estate were very dissatisfied with Secretary Li's indifferent attitude.

At the very least, she should make those two apologize to Lili and compensate her for her medical expenses, right? Were they going to fight for nothing?

At this time, Ye Feng suddenly turned around and walked back.

Lili was so scared that she took two steps back. "You... What are you doing? Do you still want to hit me? I'm warning you..."

Before she could finish, Ye Feng suddenly took out a stack of cash from his bag and threw it over. "Compensate your phone and medical fees. Don't be so mean next time."

With that, he turned around and followed.

Lili looked at the stack of cash. There was at least 10,000 yuan. Her eyes lit up.

It seemed that having a cheap mouth had its benefits!

The others were envious and wished that they were the ones who had been beaten up just now.

To be able to earn 10,000 yuan just by taking a kick, wasn't this man too rich?

Chapter 1068 This Little Brother Is Really Bold!

1068 This Little Brother Is Really Bold!

Li Wen brought Ye Feng and Chen Xuan to the office of the Finance Director and knocked on the door. “President Bao, President Chen of Lingyun Real Estate is here.”

It was quiet inside and there was no response.

Li Wen had no choice but to knock twice again. “President Bao...”

“I heard it. Why are you rushing me? Are you urging me to die?”

After a moment, an unhappy voice came from inside.

The office door was pushed open and a female employee came out with her head lowered. “Secretary Li.”

With that, she left quickly.

Then, a middle-aged man with a big belly walked out. His pants were unzipped.

As for what the two of them were doing inside just now, it was obvious.

Li Wen frowned. She was obviously very disdainful of Director Bao's behavior.

"I've brought them here. You can talk to them." After she finished speaking, she was about to leave.

"Hey, Secretary Li, are you free tonight? I know a restaurant that just opened nearby. The food is pretty good. Can I treat you?" Director Bao had a greasy smile on his face.

"Sorry, I have something to do tonight," Li Wen said and turned to leave.

"F*ck, do you really think you can become a phoenix just because you're the general manager's secretary? Sooner or later, you'll be my plaything." In front of the two of them, Director Bao did not have any scruples.

Ye Feng and Chen Xuan looked at each other. From the front desk lady and the Finance Director, they could roughly tell how unreliable Glory Real Estate was.

It would be strange if such a company could be run well.

Only then did Bao Ruian turn his head to look at the two of them, especially at Chen Xuan. "Come in."

After saying that, he walked in first.

Although Ye Feng and Chen Xuan looked down on this man, he was the only person who had a say in this company. They could only pinch their noses and walk in.

“Who let you in?” Bao Ruian turned around and saw that Ye Feng had also followed him in. He was a little unhappy.

“Why can’t he come in?” Chen Xuan immediately retorted.

“President Chen, don’t you know the rules? It’s inevitable that the two of us will be a little... If you don’t want outsiders to know, how can we talk if you let your subordinates in?”

He obviously treated Ye Feng as Chen Xuan’s subordinate. After all, Ye Feng was too young and did not look like a leader.

Chen Xuan immediately sneered. “I’m here to discuss business with you. What’s there to hide?”

Bao Ruian was helpless. “Alright, if you’re willing to let him listen, then let him listen.”

As he spoke, he sat down on the executive chair and placed his feet on the desk.

Ye Feng and Chen Xuan did not sit down either. Thinking about what happened here, they felt a little disgusted.

“Director Bao, since your President Wei is not here, then I’ll ask you. Your President Wei signed a contract with us yesterday and agreed to transfer 700 million yuan to our account before tonight. Why hasn’t it arrived yet?”

Chen Xuan did not beat around the bush and asked directly.

Bao Ruian unhurriedly lit a cigarette and blew out a smoke ring. “President Chen, you should understand us. 700 million is not a small amount. After all, we are a new company that has just started. How can we take it out all at once?”

Chen Xuan’s face immediately darkened. “According to the contract, you must transfer the money within 24 hours. Otherwise, the contract will be void and you will have to pay the penalty for breaching the contract...”

Before she could finish speaking, Bao Ruian suddenly raised his hand and interrupted her. “President Chen, contracts are dead, but people are alive.”

“If I’m not wrong, you’re not the big boss of your company, right?”

Chen Xuan looked at him coldly. “Why are you asking this?”

A smirk appeared on Bao Ruian's face. "You're busy here and there, but aren't you still working for others? You've suffered all the hardships and others have earned all the money. Is it worth it?"

Chen Xuan was a little impatient. "What are you trying to say? Can't you just say it?"

Bao Ruian put out his cigarette and slowly leaned over. "Then I'll be frank. We didn't intend to pay this money anyway."

"As long as you cooperate with us, we'll deduct the 700 million yuan and split it in half. Isn't that good?"

Chen Xuan and Ye Feng looked at each other. They could see an expression of disbelief on each other's faces.

"You want me to cooperate with you to falsify the accounts?" Chen Xuan thought that she had misunderstood and asked again.

"Yes!" Bao Ruian nodded without hiding anything. "As long as you're willing to cooperate, I'll give you 300 million after the matter is done. If you're not satisfied, we can discuss it again."

Chen Xuan was immediately amused by his strange idea. "Then do you know that I'll go to jail for doing this?"

Bao Ruian waved his hand. "I'm afraid you don't know that the major shareholder behind Glory Real Estate is Mr. Wei Changfeng."

"With Mr. Wei protecting you, even if your big boss finds out about this, he can only suffer in silence."

Chen Xuan turned around and looked at Ye Feng, and a strange smile appeared on her face. "Our big boss is quite powerful. If he knows about this, he will not let me off."

Bao Ruian sneered. "Can't you just come to our company directly when the time comes? No matter how powerful your big boss is, can he be better than Mr. Wei? He dares to be Mr. Wei's enemy? Won't he die from fright?"

Before Chen Xuan could reply, Ye Feng spoke first. "President Chen, I think Director Bao's suggestion is very good. You can consider it."

Bao Ruian immediately gave him a thumbs-up. "This little brother is really bold! I like it."

"I'll give you a share of the money when the time comes. If you jump ship with President Chen and come to Glory Real Estate, I'll promote you well."

Ye Feng immediately revealed a flattered smile. "Then I will thank Director Bao for your help."

Bao Ruian looked at Chen Xuan with a smile. "President Chen, look at this little brother. He's so bold. What else is there to hesitate about?"

Chen Xuan nodded in agreement. "Of course he's more courageous than me. Otherwise, how could he be the big boss of Lingyun Real Estate? Don't you think so?"

The smile on Bao Ruian's face instantly froze. "Big boss? What big boss?"

The smile on Chen Xuan's face disappeared. "Let me introduce you. This is the biggest shareholder of Lingyun Real Estate, Boss Ye!"

The room immediately fell silent.

..

Bao Ruian's expression was as awkward as it could get.

He was still discussing with Chen Xuan about how to take the money, but he didn't expect the big boss of Lingyun Real Estate to be standing beside him.

Wasn't this scolding a bald man in front of a monk?

“President Chen, are you kidding me?” He immediately flew into a rage out of humiliation and pushed the responsibility to Chen Xuan.

Chen Xuan shrugged. “I didn’t know you wanted to talk to me about this. If I had known, I wouldn’t have brought him here.”

As she said that, her face revealed a regretful expression. It was as if she regretted not being able to embezzle the few hundred million yuan.

Ye Feng also had a mischievous smile on his face. “Director Bao, continue, what other ways do you have to earn money?”

“If there’s a chance, I can help you guys.”

Chapter 1069 You Gussed It Right, This Is Daylight Robbery!

1069 You Gussed It Right, This Is Daylight Robbery!

Even if Bao Ruian was a fool, he could hear the sarcasm in his words and immediately smiled awkwardly. “Boss Ye, right? I... I was just joking with President Chen. How could Glory Real Estate do something like that?”

Ye Feng smiled lightly. “Since you don’t intend to renege on the payment, then let’s settle the bill?”

Bao Ruian coughed dryly. "This... After all, I'm just a small financial director. I can't make such a big decision. President Wei has to give the order personally."

Ye Feng picked up a 'thinker' ornament from his table and lightly squeezed it. The plaster statue was immediately crushed into pieces. "Then call your President Wei and ask him to come over immediately, otherwise..."

He didn't finish his sentence, but his threat was obvious.

Bao Ruian immediately shivered and looked at him in horror.

How hard was this plaster statue? It was actually easily crushed into powder by the other party. Wasn't the strength of his hand too great?

If he was not pinching a cast but his arm... Just thinking about that feeling made him feel sour.

"Okay, okay. I'll call President Wei now." He hurriedly took out his phone and dialed Wei Guanghui's number, muttering a few words in a low voice.

Ye Feng and Chen Xuan could vaguely hear that the person on the other end of the phone seemed to be cursing something.

They didn't have to wait for long. After about ten minutes, the office door was pushed open.

Then, Wei Guanghui walked in with a gloomy expression and questioned Chen Xuan as soon as he came up, "President Chen, what do you mean by this?"

"You hit my people and threatened my Finance Director. Aren't you going too far?"

When Chen Xuan heard that he was the one who complained first, she was so angry that she laughed. "President Wei, you finally appeared. If you had come out earlier, would there be so many things?"

Wei Guanghui glanced at Ye Feng beside him and said unhappily, "I just owe you some money, right? Is there a need to rush me? Are you afraid that I'll go back on my word?"

Chen Xuan's face darkened. "According to the contract we signed, you must transfer the money within 24 hours. It's already been more than 24 hours. Where's the money?"

Wei Guanghui looked at her speechlessly. "President Chen, I thought you were quite bold. I didn't expect you to be so short-sighted."

"It's just this little money. Do you have to make a big fuss?"

Chen Xuan sneered. "A little money? Since it's just a little money, please transfer the money now."

“As for the overtime compensation, I won’t argue with you.”

Wei Guanghui was immediately speechless. He slowly sat down on the sofa. “Of course I will pay.”

“But our company is facing some cash flow problems now. Can you give me a few more days?”

Chen Xuan glanced at him. “How many days do you want to extend?”

Wei Guanghui spread his hands. “I can’t say for sure how many days it will be. Maybe three to five days? Or maybe half a month? Or even a few months? This depends on the company’s turnover.”

Chen Xuan immediately sneered. “Sorry, we don’t have that much time to waste with you.”

“Since you don’t want to pay, I’m officially informing you that the contract we signed before is invalid. Moreover, you have indirectly caused us losses. We reserve the right to pursue compensation,” she said firmly and was about to leave with Ye Feng.

“Stop!”

At this moment, Wei Guanghui suddenly said coldly, “President Chen, you have to think carefully. Are you sure you want to terminate the cooperation with us?”

Chen Xuan turned around and looked at him. "It's you who can't come up with the funds. For the sake of Lingyun Real Estate, I have to terminate the cooperation. Is there any doubt?"

Wei Guanghui immediately grinned hideously. "That's not up to you. Since this project is already in my hands, don't even think about taking it back."

Chen Xuan's face darkened. "What? Are you still planning to rob me?"

Wei Guanghui slowly stood up, his gaze sharper than before. "You're right. This is daylight robbery."

Chen Xuan was already shocked by this guy's brain circuit. "President Wei, I'm afraid you don't know about the law, right?"

"According to the contract, if you don't pay up within 24 hours, this contract will automatically be void and the project will return to Lingyun Real Estate..."

"What bullsh*t law?" Wei Guanghui immediately interrupted her. "In Yang Cheng, the Wei family is the law. Why don't you ask about my cousin Wei Changfeng's strength?"

"You dare to go against me with your small Lingyun Real Estate?"

Ye Feng did not say anything, but at this moment, he could not help but laugh. "Did Wei Changfeng instruct you to do this?"

Wei Guanghui looked at him defiantly. "Yes, that's what my cousin wants. So, are you scared now?"

Ye Feng had a strange smile on his face. "Then did your cousin say what would happen if we don't cooperate?"

Wei Guanghui looked at the two of them proudly. "My cousin said that if you're obedient, you'll hand over the project to us. When we earn money, we will naturally return the 700 million to you."

"But if you don't know what's good for you, not only will the project not be returned to you, but Lingyun Real Estate will also have to get out of Yang Cheng."

The smile on Ye Feng's face grew even wider. "I guess you made this up yourself? Wei Changfeng would never say something like that."

Wei Guanghui immediately sneered. "Do you know my cousin better than I do? What right do you have to say that he won't say these words?"

Ye Feng's lips curled up. "Because, even if he had a hundred guts, he would not dare to have any designs on me."

Although he said it casually, there was a strong confidence in him.

Wei Guanghui and Bao Ruian both shivered subconsciously.

Chapter 1070 Make Him Appear in Front of Me Within Ten Minutes

1070 Make Him Appear in Front of Me Within Ten Minutes

Wei Guanghui did not know Ye Feng.

In fact, he had just returned from abroad not long ago, so he did not know much about the local power structure in Yang Cheng.

However, he was very confident in his own ability. He felt that it would be easy for him to compete with these country bumpkins since he had graduated from the Arice-Grain Institute of Higher Education.

Therefore, as soon as he came back, he started this real estate company without stopping.

However, reality gave him a hard slap. These country bumpkins in China were too cunning.

The things he learned in school not only had no use, but he had also been scammed several times.

After two months, it could be said that he had achieved nothing.

Wei Changfeng only invested a sum of money in him in advance and left him alone.

Just as he was in a dilemma, he suddenly heard that a company called Lingyun Real Estate had somehow gotten lucky and actually bought the project in Bamboo Island Village in advance.

He asked his subordinates to do some simple inquiries and found out that Lingyun Real Estate was a real estate company in Zhonghai. It had just established a branch in Yang Cheng not long ago.

This immediately made him think of getting something for nothing.

A foreign company that had yet to establish a stable foothold in Yang Cheng suddenly got such a big piece of fat meat. This was simply the best sucker.

As long as he used Wei Changfeng's name, even if these people knew that they had been tricked, they probably wouldn't dare to fart.

However, what he didn't expect was that not only did Chen Xuan come to his company to cause a ruckus, but this major shareholder of Lingyun Real Estate also dared to speak rudely to Wei Changfeng.

“Kid, do you know what you just said? How dare you disrespect my cousin? You’re courting death!” He was just about to find a reason to flare up, but he did not expect the other party to give him a reason to talk.

Ye Feng did not care about his threat. He pulled Chen Xuan to sit on the sofa. “Since you said that it was your cousin who ordered it, then call him and let him come and talk to me personally.”

“Haha!” Wei Guanghui looked as if he had just heard the funniest joke in the world. “Are you worthy of meeting my cousin?”

“My cousin has a bad temper. If he sees you, you won’t have a good ending.”

In fact, he was mainly afraid because he had indeed done this behind Wei Changfeng’s back.

Ye Feng sneered. He turned around and said to Chen Xuan: “Call Wei Changfeng. Tell him to appear in front of me within ten minutes. I will not wait for him.”

Wei Guanghui was bewildered.

Looking at this kid’s tone, could it be that he really knew his cousin?

Chen Xuan was still a little hesitant. “I think this matter might not have anything to do with Wei Changfeng...”

She did not want Ye Feng to make a big fuss, but in Wei Guanghui's eyes, this was proof that they were bluffing.

"Hahaha, you two continue acting. You even called my cousin? Who are you trying to scare?"

"Even if my cousin comes, do you think he's helping you? Or help me? Call him if you have the guts. Don't tell me you don't have his number? Do you want me to give you my number?"

Chen Xuan was still a little hesitant at first, but when she saw his arrogant look, she immediately changed her mind and took out her phone to call Wei Changfeng.

..

Wei Changfeng was watering the flowers in the courtyard at this time, while his wife, Lei Chunfang, was squatting on the ground to loosen the soil for the flowers.

Ever since he was beaten up by Ye Feng, he had been keeping a low profile recently. He handed over the company's matters to others while he stayed at home to read books and grow flowers, living an early retirement.

He no longer had such great ambitions. He only hoped that he could be safe and sound.

At this moment, the phone in his pocket suddenly rang.

He stopped watering the flowers and took out his phone to look at the caller ID. His expression instantly changed.

“Who called?” Lei Chunfang saw her husband’s strange expression and immediately asked.

“Chen Xuan? Why did she call me?” Wei Changfeng only muttered and hurriedly picked up the phone. His attitude immediately became respectful and even a little flattering. “President Chen, why are you calling me?”

When Lei Chunfang saw her husband’s expression, she felt a little disdainful.

He was once a formidable figure in Yang Cheng, but now he was actually so humble to a woman.

Of course, she also knew that he was not flattering Chen Xuan, but the man behind her.

“Mr. Wei, Ye Feng and I are at Glory Real Estate now. He wants you to appear in front of him within ten minutes. He won’t wait for you.” Chen Xuan’s voice immediately sounded.

Swoosh...

Wei Changfeng suddenly shivered. The watering can in his hand tilted and directly poured water on Lei Chunfang.

Glory Real Estate?

If Chen Xuan hadn't mentioned it now, he would have forgotten about it.

Two months ago, his cousin, Wei Guanghui, came back from abroad and begged him to invest in his real estate company.

Although the two of them were cousins in name, to be precise, their great-grandfathers were biological brothers. After a few generations, the kinship between them had become very thin.

However, he could not resist his shameless pleas that even brought out his uncle from the same family to plead for mercy.

In the end, he couldn't bear to lose face, so he invested 20 million yuan as a way to get rid of a beggar. Later, he forgot about this matter.

Now that Chen Xuan suddenly mentioned it, he immediately realized that something was wrong.

Moreover, even Ye Feng was alerted. That was even more troublesome.

“Chen... President Chen, what exactly happened?” He tried to calm himself down and asked in a low voice.

Chen Xuan was silent for a moment before she said something that almost scared him half to death. “Your cousin bought the project of our Bamboo Island Village, but now he wants to renege on the debt.”

Wei Changfeng felt a chill rise from the soles of his feet and rush directly to the back of his head, making him shiver uncontrollably.

‘It’s over. I’m afraid I’ll be killed by this b*stard this time!’

Then, he thought about what Chen Xuan said earlier, she wanted him to appear in front of Ye Feng within ten minutes and would not wait for him.

He hurriedly threw the watering can down and turned to run out.

“Old Wei, you...”

Lei Chunfang looked at her husband’s anxious look, and her heart immediately rose to her throat.

It had only been two days of peace. Were they going to be afraid again?

Heavens, you're too cruel!
