

100 Million 111

Chapter 111 - 111 Don't Worry, Keep Digging

111 Don't Worry, Keep Digging

On the other side, after Ye Feng started the car, he brought Zhou Shuyao to the Real Estate Department of Silver Brilliance Building.

He also announced that she would be in charge of the building's financial affairs from now on.

As soon as these words came out, Tang Youde, the former head of the Real Estate Department of Silver Brilliance Building, turned pale on the spot.

He knew very well that Ye Feng still did not trust him, that was why he had sent his trusted aide over.

However, he didn't dare to show any dissatisfaction with this arrangement.

After all, he understood that every emperor had his own courtiers.

And the other people in the Real Estate Department were even more in awe of Ye Feng.

They had thought that Ye Feng was easy to fool since he was so young.

They didn't expect him to be such a tough guy.

He had quietly taken away the financial power of the Real Estate Department.

Many female employees in the Real Estate Department, when they looked at Zhou Shuyao, their eyes were full of jealousy.

In their eyes, this woman had obviously climbed into Boss Ye's bed and was entrusted with such an important task.

Zhou Shuyao naturally knew what they were thinking.

However, she had no way of explaining this kind of thing.

Although she had not climbed into Ye Feng's bed yet, it was indeed because of his support that she could have what she had today.

Otherwise, with her age and ability, how could she have obtained the management rights of Bingshan Apartments and the Silver Brilliance Building so quickly?

After she finished the handover, she followed Ye Feng out of the Silver Brilliance Building.

“Where are we going now?”

Zhou Shuyao held a thick stack of documents and turned to look at Ye Feng.

Ye Feng was about to reply.

At this moment, a system notification suddenly rang in his ear.

[New treasure-hunting navigation detected – mysterious treasure map fragment.]

[System navigation activated. Please proceed along the current road and turn left after 50 meters...]

Ye Feng looked at Zhou Shuyao calmly. “I still have some things to deal with. You should go back and familiarize yourself with the financial situation of the Silver Brilliance Building.”

Zhou Shuyao naturally had no objections and immediately agreed.

Ye Feng did not say anything more. He drove away.

The journey this time was much longer than before.

He followed the instructions.

They arrived at the suburbs after 40 minutes.

Moreover, the system's navigation continued to guide him.

Ye Feng had been here before. He knew that there was an ancient city nearby that was said to have a history of over a thousand years.

Looking at the direction pointed by the system, he should be going there.

And the truth was as Ye Feng expected.

Following the system's guidance, the car soon arrived at the ruins of an ancient city.

Due to years of disrepair, this place looked extremely desolate.

However, to Ye Feng's surprise, just outside the ruins of the ancient city, there was a film crew filming.

Just as he was hesitating whether he should get out of the car, he suddenly saw a familiar face.

It was Xia Qiu's manager, Sister Wang.

Ye Feng laughed in his heart. So it was the crew that Xia Qiu was in.

"Mr. Ye?"

Before he could say anything, Sister Wang had already seen him from afar and immediately shouted in the direction of the crew.

"Xia Qiu, Xia Qiu, Mr. Ye is here."

Xia Qiu, who was in the middle of filming, heard this and hurriedly stopped the filming and rushed over.

The director was angry but didn't dare to say anything.

Firstly, Xia Qiu was a big star and was not someone a small director like him could command.

Secondly, after the experience at the hot spring resort, he knew that Ye Feng had a strong background.

He could not afford to offend the two ancestors.

Therefore, he could only order the crew to rest for a while.

Xia Qiu jogged over, her face red. "You... are you here to see me? How did you know we were filming here?"

Ye Feng was a little embarrassed by her question.

How could he have known that he would meet Xia Qiu in the wilderness?

"Would you believe me if I said it was just a coincidence?"

"Hmph, only a ghost would believe you." Xia Qiu could not hide the joy on her face.

Obviously, she thought that Ye Feng was here to visit her.

Ye Feng did not know how to explain. He could only look at the ruins as if nothing had happened.

"I heard from my friend that there's treasure buried here. I wonder if it's true?"

Xia Qiu felt that his words were a little too childish and immediately teased him.

"You actually believe this kind of nonsense? If there really was a treasure, it would have been dug up long ago. Why would it be your turn to dig it up?"

Ye Feng touched his nose. "That might not be the case. My luck has always been very good."

Xia Qiu continued, "Then I'll make a bet with you. If you can find a treasure here, I'll agree to any of your requests."

Ye Feng raised his eyebrows. "You said it."

Xia Qiu raised her face, unwilling to admit defeat. "A gentleman's word can't be taken back."

Ye Feng did not say anything more. He immediately walked toward the ruins of the ancient city.

When the crew members saw this, they all followed curiously.

Ye Feng followed the system's instructions and soon arrived at a corner of the ruins.

[You have arrived at your destination. Navigation over.]

He immediately stopped when he heard the system notification.

Then, he pretended to be a feng shui master and counted with his fingers.

After that, Ye Feng picked up a wooden stick from the ground and drew a circle where he was standing.

"I'm guessing that the treasure is here."

"What if there isn't?" Xia Qiu immediately provoked.

"If not, I'll treat your entire crew to some skewers," Ye Feng replied with confidence.

“Everyone heard him. If we can’t dig out the treasure, he’ll treat us all to barbecue. Hurry up and come help him dig.”

Xia Qiu immediately turned around to mobilize the crew.

When the crew members heard this, they all cheered.

Immediately, a few strong martial artists ran over and started to dig with shovels.

..

Dust and dirt flew everywhere as a few strong-looking warriors dug for half an hour.

At that time, the pit had already been dug more than a meter deep, but there was still no sign of any treasure.

Xia Qiu immediately looked at Ye Feng smugly. “How is it, Master Ye? I told you there wasn’t any!”

Ye Feng’s expression was still the same. “Don’t be anxious, continue digging.”

Chapter 112 - 112 What Kind of Request Is This?

112 What Kind of Request Is This?

Hearing Ye Feng's orders, the few martial artists could only continue to dig deeper.

No one present believed his words.

However, due to his status, he did not dare to mock him openly.

Anyway, the filming work of the crew was a little boring, so they just took it as looking for some fun.

However, just as everyone was disagreeing with him...

Suddenly, they heard one of the Wu Xing exclaiming, "What is this?"

Hearing his exclamation, everyone rushed forward, wanting to see what was going on.

Then, he saw a corner of a green metallic material appear in the pit.

Ye Feng immediately pushed away the few martial artists and jumped down, using his hands to dig carefully.

After a short while, he dug out an ancient bronze pot.

Seeing this, everyone's mouth was wide open in shock.

There was really a treasure?

Xia Qiu was even more dumbfounded.

When Ye Feng said that there was a treasure here, she thought he was just talking nonsense.

She didn't expect that he would really find a treasure here.

This was simply too unbelievable.

However, this was not the end.

Ye Feng continued to dig deeper. One by one, antiques were dug out from the soil.

Bronze incense burner, bronze chamber pot, bronze knife coin...

He had dug out six or seven bronze items.

Every single one of them was worth a city.

When the crew saw this, they were both envious and jealous.

Look at him. He dug out wealth that they could not earn in their entire lives in minutes.

It was really infuriating to compare people.

Ye Feng continued to dig for a while.

He didn't stop until he had dug out all the objects inside.

Then, with the help of a few martial arts students, he easily jumped to the ground and looked at Xia Qiu proudly.

“How is it? Didn’t I say that there’s treasure here?”

“This... How was this possible? How did you know there was treasure here?” Xia Qiu was still in disbelief.

Even if there were treasures under the ruins, how did Ye Feng know about them?

Furthermore, he had calculated the location so accurately. It was almost exactly the same.

This made her puzzled.

“You don’t have to worry about it. You won’t be unconvinced, right?”

Of course, Ye Feng would not tell her that this was all thanks to the system.

“I... I’m convinced.”

Xia Qiu admitted defeat helplessly.

“Who was the one who said that if I really dig out a treasure from here, you have to agree to any of my requests?”

Ye Feng stared at her with an evil smile.

Xia Qiu’s face turned red. “I said it. What do you want me to do?”

Ye Feng immediately revealed a lecherous expression. He sized her up. “I want you to...”

“You... don’t go too far.”

Xia Qiu’s pretty face turned redder and redder as she hurriedly glanced at the staff around her.

If Ye Feng made any excessive requests, how could she continue to work in the crew in the future?

“I want you to... Invite the brothers in the crew to have skewers for me.”

Ye Feng stated his request.

“Ah?”

Xia Qiu was stunned.

What kind of request is this?

“What’s wrong? No way? Should I change to another one?” Ye Feng had a smirk on his face.

“Alright, I’ll treat everyone to some skewers later.” Xia Qiu was afraid that he would ask for more, so she quickly nodded.

“Alright, you guys continue with your work. I’ll be leaving first.”

Ye Feng took off his coat and wrapped the green-copper items.

Then, he returned to his sports car, waved at Xia Qiu, and drove away.

Xia Qiu only came back to her senses when his car disappeared from sight.

Then, she turned to look at the other members of the crew.

“No one is allowed to tell anyone about what happened today. If anyone dares to say a word, I guarantee that they won’t be able to survive in this industry.”

She was no longer as shy and cute as she was when she was facing Ye Feng.

Instead, she exuded a domineering aura that a queen should have.

The crew members immediately kept quiet out of fear and promised not to reveal a word.

Xia Qiu was finally satisfied and immediately put on a smile.

“Alright, I promised Mr. Ye that I’d treat you guys to skewers. I’ll keep my word. Let’s wrap up early today and go back to eat skewers together.”

The crew members cheered.

Sister Wang looked at this scene from a distance, her heart filled with emotions.

This little girl was becoming more and more like a big sister.

If she added Mr. Ye's connections and resources...

Her future would be limitless.

..

Ye Feng drove the car far away before stopping at the side of the road.

Then, he took out the bronze items and looked at them carefully.

Soon, Ye Feng found a palm-sized sheepskin scroll from the bronze incense burner.

He opened his hands and saw a map drawn on the sheepskin scroll.

Even though it was a long time ago, the handwriting and the route on it were still very clear.

Unfortunately, this sheepskin scroll was incomplete.

It should only be a corner of the entire map.

Ye Feng observed for a long time, but he could not find any clues. He could only keep the sheepskin scroll.

Then, he drove back to the Zhongtian Lake-View Villa.

..

After returning to the Zhongtian Lake-View Villa, Ye Feng did not have the time to wash off the dirt on his body when he hurriedly turned on his computer and searched for information on the sheepskin scroll.

However, he didn't know if it was because he was searching in the wrong way or for other reasons.

In short, he searched until dark and still did not find any clues.

Ye Feng could not help but scratch his head.

This sheepskin scroll was found under the guidance of the system, so it was definitely not an ordinary treasure.

However, he didn't know how to use it.

This was a little awkward.

And just as Ye Feng was having a headache over this, his eyes suddenly lit up...

Although he didn't know it, someone else should know it.

As he thought of this, Ye Feng immediately made a video call to Chen Qiushan.

"Younger Brother Ye, why did you think of looking for me today?"

As soon as the video call was connected, Chen Qiushan asked with a face full of surprise.

"Brother Chen, I just got a sheepskin scroll, but I don't know what it is. Can you help me take a look?"

Ye Feng immediately explained his intention.

"Send it to me, I'll take a look for you."

Chen Qiushan immediately nodded in agreement.

Ye Feng did not say anything more. He took a picture of the treasure map and sent it to him.

Chen Qiushan, who was initially full of smiles, immediately became serious when he saw the picture.

“Hiss... Could this be...”

Chapter 113 - 113 King Xiang's Secret Treasure, Treasure Map Fragment

113 King Xiang's Secret Treasure, Treasure Map Fragment

“What’s wrong, Big Brother Chen? Is there a problem?”

Ye Feng saw that Chen Qiushan’s expression was a little off and quickly asked.

“Younger Brother Ye, this treasure map might have something... I’m not sure, give me a moment,” Chen Qiushan quickly replied.

He quickly pulled in a few more people and started a multi-person video call.

These people were not young, and each of them had the appearance of a sage.

Chen Qiushan only gave Ye Feng a brief introduction.

They were either the president of an antique association or the dean of an archeological research institute. Either way, they had a big title.

After the introduction, Chen Qiushan immediately started explaining to the few of them.

“Seniors, this little brother of mine has just obtained a sheepskin scroll. I’m not sure, so please help me take a look.”

And those few people also immediately took over the conversation. “Mr. Chen, you must be joking. You’re the general manager of the Sotheby’s Auction House. Do you think there’s anything you can’t be sure of?”

“That’s right. If even you can’t be sure, we old guys wouldn’t dare to embarrass ourselves.”

“I’m a little curious. What could it be? Even Brother Chen can’t be sure?”

Chen Qiushan immediately sent the picture of the sheepskin scroll to the group.

“Everyone, please take a look.”

Seeing this, the old men hurriedly put on their presbyopic glasses or magnifying glasses to study it carefully.

After a while, an old man with a head full of white hair was the first to exclaim.

“Could this be...”

“You also think so?”

“It seems that everyone thinks so.”

“That should be it...”

Ye Feng was even more confused as he listened to these old fellows speaking in riddles.

“What is it? Just say it!”

At this moment, an old man with white hair and a ruddy complexion slowly said, "If I'm not wrong, this should be the treasure map of King Xiang's secret treasure."

The others also nodded in agreement.

"That's right, it's the treasure map of King Xiang's secret treasure."

"I've seen one when I was young. I didn't expect to see another one in my lifetime."

"This thing... It's a little strange!"

The more Ye Feng listened, the more confused he became, and he hurriedly interrupted them: "What is King Xiang's secret treasure?"

Chen Qiushan explained on his behalf.

"According to the legend, when Xiang Yu conquered the world, he collected countless gold and silver treasures and hid them in a secret place."

"Originally, he was prepared to use it to reorganize the economy and restore the people's lives after he seized the world."

“However, man proposes, god disposes. In the end, he committed suicide by committing suicide in the Wu River...”

When Ye Feng heard that the sheepskin scroll was related to Xiang Yu, he was dumbfounded.

The Great Conqueror Xiang Yu’s name was probably well-known to every Chinese person.

He didn’t expect that this thing would actually be related to him.

Chen Qiushan paused for a moment before he continued to explain.

“Back then, just in case, Xiang Yu drew a treasure map of this place and divided it into six parts. He gave them to his six confidants, but none of them knew about each other’s existence. With Xiang Yu’s death, these six people immediately scattered all over the world, and no one knows where the treasure was...”

When Ye Feng heard this, he lost all interest. “It has been over 2,000 years, I guess most of these six pieces of the treasure map have been completely destroyed?”

Chen Qiushan’s expression was also slightly serious.

“Although the treasure map of King Xiang’s secret treasure contains a great amount of wealth, it’s as difficult as ascending to the heavens to collect all six pieces of the map. It’s been more than 2,000 years, and no one has ever collected all six pieces.”

Ye Feng lost interest completely, and he was about to hang up the video call.

Chen Qiushan hesitated for a moment before he spoke again.

“According to the rules, I shouldn’t disclose the customer’s information, but Brother Ye is not an outsider, so I’ll disclose some information to you. Sotheby’s is holding a private auction, and all the participants are our Gold members. I wonder if you’re interested in attending?”

“I still have classes to attend, and I’m not a Gold member. I’m afraid it’s not very convenient for me to do so, right?” Ye Feng was not interested in this auction. He just wanted to find an excuse to get past it.

Chen Qiushan continued, “As far as I know, someone also sent a treasure map of King Xiang’s secret treasure during this auction...”

When Ye Feng heard this, his eyes lit up immediately. “Really?”

Chen Qiushan could not help but laugh. “Why would I lie to you?”

Ye Feng hesitated for a moment and immediately nodded in agreement. "Then I would like to go and see it."

Chen Qiushan was overjoyed. "Welcome, welcome. I'll send you the invitation later."

Ye Feng chatted with him for a while more before hanging up the video call.

At the same time, a system notification sounded in his ear.

[Congratulations to the host for completing the treasure-hunting navigation! System reward: Perfect physique. The host's physical fitness will reach the most perfect human level...]

The system's voice ended.

Ye Feng only felt a vast energy surging out from his dantian.

It was like blowing a balloon, causing his entire body to swell up.

An indescribable pain spread to his brain, and he almost fainted.

Fortunately, he gritted his teeth and persevered.

This transformation lasted for more than half an hour before it ended.

Ye Feng's entire body was exhausted. He lay on the ground and panted heavily.

There was a thick layer of black dirt on the surface of his skin, giving off a nauseating stench.

He resisted the urge to vomit and staggered into the bathroom.

After another half an hour, he finally washed away all the dirt on his body.

Then, he felt his entire body become much lighter.

Everything his eyes could see, his ears could hear, his nose could smell, and his body could feel was countless times more sensitive than usual.

It was as if a whole new world had been opened up.

Everything looked brand new.

Chapter 114 - 114 Which One Do You Want To See First?

114 Which One Do You Want To See First?

The next morning, Ye Feng woke up.

Or rather, he didn't sleep much last night.

Ever since his body had been modified by the system, he felt full of energy, as if he had endless strength.

Although he didn't sleep much all night, he didn't feel sleepy at all. He did more than 200 push-ups on the ground.

If it was in the past, he would have been a pile of mud.

But today, his face was not red, his heart was not beating fast, and he did not feel anything at all.

Just as he was in a state of shock, he suddenly received a call from Lin Junjun.

"Ye Feng, are you free today?" Lin Junjun asked as soon as the call connected.

“Yes, why?”

Ye Feng held the phone between his ears and continued to admire his perfect muscles in the mirror.

“There’s a client who wants to see the house today, but I’m out of town and can’t make it back in time. I’ll get the other property management staff to take care of her. You can accompany the client around,” Lin Junjun worriedly instructed.

“Renting a place? Is it a male or female?”

Ye Feng put on his coat and found that his entire temperament had changed with the changes in his body.

“Female. What’s wrong? Do you still want to have any other thoughts about her?”

There was a hint of jealousy in Lin Junjun’s words.

“That’s not it. Women are all too dawdling. Can I not go? Just ask your property management staff to take her to see it,” Ye Feng casually replied.

“Don’t worry, that girl is quite forthright. She already transferred the deposit to me yesterday. She even said that if she doesn’t like it, we don’t need to return the deposit.”

Lin Junjun hurriedly explained, afraid that he would back down.

“Oh, really? That’s good. When will she arrive?”

“She should be here soon. You can go to the Property Management Office and wait for her.”

“Alright, I’m hanging up.”

Ye Feng hung up the phone and changed into a set of casual clothes.

Then, he walked unhurriedly to the Property Management Office.

“Mr. Ye, my name is Jiang Qi. Manager Lin asked me to wait for you here.”

As soon as he arrived at the entrance of the Property Management Department, a very delicate-looking girl immediately came up to him.

Ye Feng nodded at the girl and asked casually, "Hello, is the client not here yet?"

"We just spoke on the phone. She should be here soon."

Jiang Qi's breathing was a little rushed when she spoke to him, and she didn't even know where to place her hands.

She was very clear about Ye Feng's financial resources. Just the Zhongtian Lake-View Villa area alone had more than 20 suites, not to mention the others.

This was definitely a rich man.

Most girls would not have much resistance to young and rich men like him.

Moreover, she had a strange illusion.

In the past, although Ye Feng was very rich, he inevitably had the temperament of a nouveau riche.

But today, for some reason, his every movement exuded a very special temperament.

This kind of temperament was difficult to describe in words, but in short, it made people very comfortable.

However, how could something like temperament change overnight?

Could it really be an illusion?

Just as Jiang Qi was still trying to figure it out, she suddenly heard the roar of an engine.

Immediately after, they saw a red McLaren 720S driving towards them at high speed.

Screech—

The tires screeched against the road, and the sports car stopped in front of the two.

Then, the car door opened, and an extremely beautiful girl slowly got out.

When Ye Feng saw her, he opened his mouth wide.

“Shen Baitian?”

The person was none other than Shen Baitian, whom he had not seen for many days.

When Shen Baitian saw him, she was a little surprised. "The landlord that Manager Lin was talking about, you're him?"

Ye Feng could not help but find it funny. "Don't you know that I live here?"

Shen Baitian quickly nodded. "I know, but I didn't know you were the landlord."

Ye Feng could not help but laugh.

Jiang Qi was a little dumbfounded. "Mr. Ye, Miss Shen, you two know each other?"

Shen Baitian covered her mouth and laughed. "Not only do I know him, we're from the same school. I'm even his senior."

Ye Feng immediately nodded. "Not only is she my senior sister, she is also my rumored girlfriend."

Shen Baitian was immediately displeased. "Who's your rumored girlfriend?"

Ye Feng showed an innocent expression. "Everyone in Zhonghai University knows that you are my girlfriend. I really can't clear my name even if I jump into the yellow river."

Shen Baitian pretended to hit him. "What? Is it embarrassing for you to be mistaken as my boyfriend?"

Ye Feng quickly dodged. "You said it, I didn't say it."

Jiang Qi hurriedly said, "You two, let's go and take a look at the house first."

Only then did Shen Baitian stop and snorted. "I have an important matter to attend to today. I'll let you off for now. Lead the way."

Ye Feng didn't say anything more and directly brought Shen Baitian to his Mansion No. 1.

Although it was Shen Baitian's first time at the Zhongtian Lake-View Villa.

However, from the location of the villa and the degree of luxury, she could roughly estimate the price of the house.

It must be the most expensive house in the Zhongtian Lake-View Villa area.

“Hey, what did you bring me here for? I can’t afford to rent such a house,” Shen Baitian immediately protested to Ye Feng.

“I know you can’t afford it, but I just wanted to tell you that I live here. You can drop by when you have time and help me clean up.”

Ye Feng did not hide the proud expression on his face.

Shen Baitian gritted her teeth, her eyes flashing with anger.

“Can you take me to see the house now?”

“Of course you can. Oh right, do you have a number you like?”

“What do you mean by that?”

“I have a lot of houses in this villa area. Which one do you want to see first?”

Ye Feng said as he took out a bunch of keys from behind him.

Hualala...

The large bunch of keys looked particularly dazzling under the sunlight.

Chapter 115 - 115 Don't Tell Me You Went To Korea For Plastic Surgery?

115 Don't Tell Me You Went To Korea For Plastic Surgery?

Shen Baitian looked at the large bunch of keys with a dazed expression.

“What did you just say? These villas are all yours?”

She obviously didn't believe it.

At this time, Jiang Qi, who was standing at the side, explained, “Mr. Ye has more than 20 villas in our Zhongtian Lake-Villa area. However, a few of them have already been rented out.”

When she said this, her expression was very proud, as if she was also honored.

When Shen Baitian heard this, she looked at Ye Feng in a daze, unable to speak.

Even though she knew that Ye Feng was rich, she did not expect Ye Feng to be so rich.

As far as she knew, the Zhongtian Lake-View Villa was very expensive.

One set would cost at least tens of millions.

It was already very extravagant to be able to buy a villa here.

And this guy actually bought more than 20 buildings in one go, and then rented them out one by one to collect rent?

Was he a fool with too much money? Or were rich people stupid?

“If you don’t have any objections, I’ll help you pick. Let’s pick Villa No. 3.”

Seeing that she didn’t answer, Ye Feng decided to help her pick a set.

“Why did you pick No. 3?”

Shen Baitian was a little puzzled.

“Because it’s close to me. We can visit each other when we’re free. It’s also convenient for you to come over occasionally to help me clean up and throw away the garbage.”

Ye Feng gave an explanation.

“Who wants to visit you, help you clean up, throw away your trash, or something?”

Shen Baitian glared at him, but she did not refuse.

Ye Feng then brought her to Villa No. 3 to have a look.

It could be seen that Shen Baitian was quite satisfied with this place and immediately agreed to rent it.

Jiang Qi didn’t expect her to make such a decision so quickly, so she ran to the Property Management Office to get the contract.

Ye Feng finally found a chance to ask, “Why did you suddenly want to rent a house? Did your grandfather kick you out of the house?”

Shen Baitian glared at him. "You're the one who's been kicked out of the house."

Ye Feng pouted, "Then why? Isn't your house more spacious than this?"

Shen Baitian sighed softly, "Aren't I graduating next year? That's why I want to come out and live independently as soon as possible, and at the same time, train myself."

After hearing her explanation, Ye Feng was still a little confused. "Nothing else?"

Shen Baitian couldn't help but laugh at him. "Then what else do you think it is? Could it be because of you?"

Ye Feng smiled, "That's hard to say. I'm so handsome and rich, there are many women who want to get close to me."

Shen Baitian wished she could kick him away.

However, she quickly sized him up in surprise. "I wouldn't have noticed if you didn't mention it. You seem to have changed a lot in the time we haven't seen each other."

Ye Feng asked despite knowing the answer, "Did I? What has changed?"

Shen Baitian looked puzzled. "I can't tell. I just feel like something is different. Did you go to Korea for plastic surgery these few days?"

Ye Feng rolled his eyes. "I'm a natural beauty. Do I need plastic surgery?"

"Now I know where you've changed."

"Where?"

"You're getting more and more thick-skinned!"

"Cough, cough..."

While the two of them were bickering, Jiang Qi had already printed the contract and returned.

When Shen Baitian saw the contract, she immediately signed it without a second word.

Then, she turned to Ye Feng. "Are you free at noon? Let's have a meal together?"

Ye Feng touched his nose. "What do you want to eat?"

Shen Baitian spread her hands. "What do you want to eat?"

Ye Feng waved the bunch of keys in front of her. "What do you think I should eat to be worthy of me with my current status?"

Shen Baitian nodded her head solemnly. "Understood."

Then, she took the lead and left.

Ye Feng followed her and got into her sports car.

McLaren left behind a red shadow as it disappeared from Zhongtian Lake-View Villa.

Twenty minutes later, McLaren reappeared in a dirty and messy street.

As soon as they entered the street, they could smell the stench of the sewers.

At the same time, it was accompanied by noisy shouting, noise, and cursing...

Ye Feng had already forgotten how long it had been since he had been to such a harsh place, and he immediately looked at Shen Baitian in a daze.

“What did you bring me here for?”

“Qiaofan!”

As Shen Baitian spoke, she parked the sports car in front of a food stall.

The luxurious supercar seemed out of place in the dirty and messy neighborhood.

Everyone around them looked at the two of them as if they were monsters.

One of them was handsome and the other was extremely beautiful.

They were simply a golden couple.

In addition, the two of them were extremely extraordinary in both their clothes and temperament.

How could such a person appear in such a place?

This meal made Ye Feng feel very awkward.

Everyone on the street was staring at them like they were monsters.

Anyone would feel awkward.

After swallowing a few mouthfuls, he hurriedly pulled Shen Baitian away.

“Hahaha...”

The car had already driven far away, but Shen Baitian was still laughing.

“What’s so funny? Are you that happy to see me make a fool of myself?” Ye Feng glared at her unhappily.

“I think your current status is very suitable for the food stall. What do you think, Mr. Landlord?”

As Shen Bai spoke, she felt like laughing.

“If you keep laughing, I’ll increase your rent!” Ye Feng gritted his teeth and threatened.

“Alright, let’s stop joking around. There’s a stadium up ahead. Let’s go for a walk.”

Shen Baitian did not wait for Ye Feng’s consent and drove the car into the stadium.

The stadium wasn’t big, but it had all the essentials.

It had a football field, basketball court, and running track.

At that moment, there were a few boys playing basketball, their backs drenched in sweat.

Due to the hot weather, the few of them fought until they were weak.

However, when they saw Shen Baitian, it was as if they were suddenly injected with chicken blood, and all of them were invigorated.

All kinds of dazzling techniques were used.

Shen Baitian looked at Ye Feng smugly.

She seemed to be saying, 'Do you see my charm?'

Chapter 116 - 116 Don't Worry, We'll Definitely Let You Have Your Way

116 Don't Worry, We'll Definitely Let You Have Your Way

Anyone who had played basketball before would know...

When a girl suddenly appeared on the basketball court, especially a goddess-level girl, what kind of chemical reaction would it cause?

It was like dropping a drop of water into a pot of boiling oil.

That effect would definitely cause an uproar on the spot.

Therefore, when Shen Baitian and Ye Feng appeared at the edge of the basketball court together, the boys immediately gave their all and played with all their might in order to show off in front of Shen Baitian.

However, these people did not have a good attitude toward Ye Feng who was beside their goddess. When they were playing, they would show off their muscles to him from time to time.

There was a strong sense of threat in this!

Just then, one of the boys was called away by his girlfriend.

The boy looked back at Shen Baitian every three steps, but in the end, he still left reluctantly.

As one person left the team, a tall and handsome boy on the court finally walked toward Ye Feng after a moment of consideration.

“Do you know how to play basketball? We’re short of one person here. Why don’t you make up for it?” When he spoke, he didn’t hide the provocation on his face.

“I’m sorry, I don’t know how to play.” Ye Feng immediately shook his head and refused.

Although he could see the other party’s provocation, he really didn’t know how to play and didn’t want to argue with these people.

In the past, he had been focused on his studies and rarely participated in sports. He had always kept a respectful distance from intense sports like basketball. He really did not know how to play it at all.

When the boy heard his answer, he immediately showed a disdainful expression. "It's okay if you don't know. We'll go easy on you. Come on."

At this time, the other people on the court also gathered around. "Yeah, we're just having fun. Come on."

"How can a man say that he can't do it? Are you a man?"

"That's right. You're such a sissy. Don't make us look down on you."

Ye Feng saw that the few of them were trying to goad him into action, and a smile immediately appeared on his face.

"If that's the case, then I'll accept your invitation."

"Forget it, Ye Feng. Let's just go. We're just going to walk around and eat." Shen Baitian could already tell that the boys were up to no good, so she quickly stopped him.

"It's fine, I'll just play with them." Ye Feng gave her a reassuring look.

“Then be careful.” Seeing that he was insistent, Shen Baitian could only let him be.

Ye Feng immediately turned around and walked toward the court, smiling kindly at the boys.

“I really don’t know how to play, so you guys have to give in to me, okay?”

“Don’t worry, we’ll definitely let you have your way.”

The boys quickly nodded.

But at the same time, they sneaked glances at each other, clearly wanting to teach him a lesson.

After the system’s modification, Ye Feng’s perception ability was very terrifying. He immediately saw all the small movements of the boys.

However, he only smiled faintly and did not make a sound.

The boys were playing 3v3 just now.

Ye Feng was automatically assigned to the team with only two people left.

After passing through rock, paper, scissors, the other team got the ball.

Ye Feng was in charge of defense.

Bang! Bang! Bang!

The tall boy who had invited him just now dribbled the basketball rhythmically and slowly walked to him.

Swish...

He took a wrong step and turned into a shadow as he flashed past Ye Feng.

The basketball passed through Ye Feng's crotch.

Even if Ye Feng did not know how to play, he also knew that this action was extremely humiliating.

A cold glint flashed in his eyes.

However, the boy did not notice it at all. After breaking through Ye Feng's defense, he entered a no-man's land.

As for the other two people in Ye Feng's team, they did not stop him.

Bang!

The boy dunked the ball violently and his entire body hung on the basket.

It was extremely domineering!

"Zhao Yu, you're awesome!"

The few people on the field immediately cheered.

The boy called 'Zhao Yu' jumped down from the basket and roared at Ye Feng. His expression was extremely arrogant.

After the confrontation just now, they could see that Ye Feng was indeed a basketball idiot. He did not even know the most basic defensive moves.

Therefore, in their eyes, they could already bully noobs with peace of mind.

Soon, the second round began.

Zhao Yu continued to hold the ball and walked toward Ye Feng.

That satisfied look did not seem like he was here for a battle. It was more like he was here for a walk. He clearly did not put Ye Feng in his eyes.

Bang! Bang! Bang!

Zhao Yu walked to a distance of one step away from Ye Feng, and their eyes met.

“Kid, learn a little.”

As soon as he finished speaking, he did the same thing again, trying to do another crotch-piercing action.

However, his plan failed this time.

When he passed by Ye Feng again and tried to catch the ball, he missed.

He turned around and looked.

He saw Ye Feng holding a basketball and smiling at him.

Zhao Yu was shocked and immediately turned around to snatch it.

At this time, Ye Feng took a step back, then slowly raised his hands above his head and threw the basketball lightly.

Ye Feng's shooting action was not considered standard. It could even be said to be extremely awkward.

Moreover, he was currently standing one step away from the three-point line.

At this distance, even many basketball veterans did not dare to say that they could hit the basket.

Therefore, the few people present were not too concerned.

However, the next scene made everyone's jaws drop.

The basketball drew a not-so-beautiful arc in the air.

Swish!

It actually fell into the basket.

The entire basketball court fell into a dead silence.

Bang! Bang! Bang...

There was only the sound of the basketball falling to the ground.

They didn't know how long had passed.

Shen Baitian was the first to regain her senses and immediately cheered, "You've made it, you've made it! Ye Feng, you're amazing!"

The boys also reacted.

They all looked at Ye Feng in disbelief.

Didn't this guy say that he had never played basketball before?

How was it possible to steal from Zhao Yu and make a three-point shot?

Could it be that he was pretending to be weak?

Ye Feng was also a little dumbfounded.

It was indeed his first time playing basketball.

It was just that when the basketball was in his hand, he suddenly had a very mysterious feeling.

He threw it out naturally and easily.

He didn't expect it to work so well.

Could it be that he was a basketball genius that had been buried?

Chapter 117 - 117 A Rising Superstar

117 A Rising Superstar

“Zhao Yu, what do we do now? This kid is playing the pig to eat the tiger!”

On the other side, the boys who were planning to use Ye Feng as a stepping stone immediately came together and started to discuss countermeasures.

“Hmph, it’s just a blind cat running into a dead mouse.” Zhao Yu’s expression was full of disdain.

Although Ye Feng had scored a three-pointer, and he was very surprised, at the same time, he could also see that Ye Feng’s shooting posture was very awkward.

It was obvious that he had not undergone any systematic training.

Therefore, he reckoned that the ball just now was also thrown in by luck.

“Everyone, keep your spirits up. Just be serious later. Let’s teach this kid a lesson.”

Zhao Yu glanced at Shen Baitian, who was cheering for Ye Feng, and his heart was filled with jealousy. He immediately instructed the others.

The few of them immediately understood. They looked at Ye Feng with ill intentions.

“Continue!”

The third round began.

This time, it was Ye Feng’s turn to hold the ball, while Zhao Yu was in charge of defense.

“Kid, I was too careless last time. Watch how I’ll deal with you this time.”

When Zhao Yu and Ye Feng’s eyes met, his expression was extremely arrogant.

“Oh, really? Then you have to look carefully.”

The moment Ye Feng finished speaking, he suddenly accelerated forward.

Zhao Yu immediately closed in to defend, not giving him any chance to shoot.

“Brat, if you want to break through from me, wait for your next life...”

“Who said I’m going to break through?”

At this time, a sneer appeared on Ye Feng’s face.

Then, he shot up into the sky.

“Small tricks!”

Zhao Yu laughed coldly and followed suit, leaping high into the air and preparing to block the path.

However, what happened next left him dumbfounded.

Ye Feng, who had jumped up first, did not shoot immediately, but suddenly seemed to have entered slow motion.

It was like a slow-motion scene in a movie as it continued to rise.

At this moment, Zhao Yu's body had already started to fall.

As for Ye Feng, he was still maintaining his slow speed. He was still in the process of ascending, until both of Zhao Yu's feet touched the ground.

Only then did he unhurriedly throw the basketball.

Swish!

The basketball drew a beautiful arc in the air and fell into the net.

Bang!

Only now did Ye Feng slowly land on the ground.

The basketball court fell silent again.

Everyone, including Zhao Yu, looked at him as if they had seen a ghost.

They had never heard of such a terrifying jumping ability.

Even the legendary basketball god, Jordan, and the current top players in the NBA did not have such an exaggerated jumping ability!

Even though they did not accurately calculate Ye Feng's jump height and the time he stayed in the air...

However, they also knew that the time Ye Feng stayed in the air and the height he jumped was definitely higher than any NBA player they had seen before!

Was he still human?

Zhao Yu and the others immediately broke out in cold sweat.

Shen Baitian, who was watching from the sidelines, cheered again, "Ye Feng, you're really too handsome! You're so handsome!"

She also did not know what Ye Feng's terrifying jumping ability meant.

She was happy as long as he scored points.

“Continue! I don’t believe in heresy!”

Zhao Yu gritted his teeth and threw the basketball back to Ye Feng.

He had a strong personality. The stronger Ye Feng’s performance was, the more it would stimulate his bloodlust.

Ye Feng took the basketball, and without saying anything, he rushed forward again.

Seeing this, Zhao Yu immediately went up to greet him.

However, before he could get ready, he felt a chill down his spine.

The basketball had already passed through his crotch.

As for Ye Feng, he had already turned into an afterimage and disappeared from his sight.

When he turned around, he only saw Ye Feng’s handsome back as he made a three-step layup.

Swish!

The basketball fell into the basket again.

This was called giving him a taste of his own medicine.

He had used such an extremely insulting move to humiliate Ye Feng.

And now, the other party had returned it to him without moving.

It was as if he had been slapped in the face.

“Again!”

Zhao Yu’s eyes were bloodshot as he stared at Ye Feng.

Ye Feng took the basketball.

This time, he didn't even bother to make any extra movements. He directly pulled green onion from the dry land and jumped high.

Just as Zhao Yu jumped up to block the attack...

His entire body suddenly floated backward without any warning.

And, just as his body started to fall, the basketball was shot again.

Swish!

Without any surprises, it entered the basket again.

Bang!

Zhao Yu only felt his legs go soft, almost falling to the ground.

This time, Ye Feng used a standard fadeaway shot, and it was shot from two steps away from the three-point line.

One could imagine the difficulty.

This was not something a basketball noob could do.

Even many professional players might not be able to do it.

The other party was definitely hiding his strength!

He had been pretending to be weak.

However, Zhao Yu's eyes were already red from the killing, and he couldn't care so much.

"Again!"

He gritted his teeth as he said this.

He had always thought that he had superhuman talent in basketball.

But now, he was beaten to a pulp by a guy who was about the same age as him.

He was unwilling to accept this!

“You’re just asking to be humiliated.”

Ye Feng bounced the basketball and gave him a contemptuous look – just like how he looked at Ye Feng at the beginning.

“If you can still get in this time, I’ll never play basketball again.”

The veins on Zhao Yu’s neck were protruding, as if he was an angry beast.

“It doesn’t matter to me whether you play or not, but if I want to score, no one can stop me.”

After Ye Feng finished speaking, he once again charged forward with the ball.

Zhao Yu immediately pounced forward and blocked his path with his body.

And this time, Ye Feng did not use any techniques. He simply charged forward while carrying his body.

The two of them quickly arrived under the basket.

“Kid, don’t even think about scoring this time!”

Zhao Yu used all his strength to block Ye Feng’s attack.

He would not give the other party any chance to attack.

“Hmph, you’re overestimating yourself!”

Ye Feng snorted coldly. His body suddenly burst out with a power that could topple mountains and overturn seas.

Zhao Yu only felt as if his body was swept away by a torrent, and he was directly sent flying backward.

Then, he watched as Ye Feng soared into the sky like a dragon emerging from the sea.

20 cm.

50 cm.

80 cm...

It was as if Ye Feng was free from the Earth's gravity, and his body continued to rise.

Everyone on the field was stunned.

They stared blankly at the man who seemed to be soaring in the sky.

It was as if they were looking at a rising star.

Chapter 118 - 118 Do I Look Like An Idiot To You?

118 Do I Look Like An Idiot To You?

Boom!

Crack!

First, there was a loud slam dunk.

Immediately after that, the sound of the basket breaking was heard.

After that, Ye Feng grabbed the basket and landed on the ground.

The few people on the basketball court felt their legs go soft, and they all fell to the ground.

It was a complete submission that came from the bottom of their heart.

Ye Feng's jump just now was 1.2 meters?

Still 1.3 meters?

Or 1.4 meters?

They didn't know the exact number.

However, this was no longer important.

They knew that the other team had definitely surpassed the current record of all NBA players.

Even the legendary basketball players who had shocked the world with their skills could not reach such a terrifying number.

At this moment, they had just witnessed such a shocking slam dunk in an amateur basketball court.

That kind of shocking power was unparalleled!

Ye Feng was the only one left standing on the basketball court.

He was like a king.

He looked down on all living beings!

“...This basket isn’t strong enough. Do I have to pay for it?”

He looked at the basket in his hand awkwardly and asked a very inappropriate question.

At this time, Shen Baitian had already rushed over excitedly. “Ye Feng, that ball of yours just now was really too cool, it was simply too cool! How did you do it?”

When Ye Feng heard her praise, he was a little unhappy. "That ball? Am I not handsome?"

Shen Baitian was speechless.

If she said he was fat, would he gasp for air?

At this time, Zhao Yu also got up from the ground with a dejected face. "Didn't you say that you don't know how to play basketball?"

Ye Feng nodded seriously. "Yes, this is my first time playing basketball."

Zhao Yu was speechless. "Do I look like an idiot to you? This is your first time playing basketball and you're able to play at this level?"

At this moment, the other people in the arena also gathered around.

"Exactly! To reach your level, without ten to twenty years of hard work, it's impossible."

"And it has to be the kind with extraordinary talent. Ordinary people can't reach this level even if they practice for their entire lives."

“At your level, you can go straight to the professional league. You might even get into the NBA.”

“Bro, you’re too mean. Even if you’re pretending to be a pig to eat a tiger, this isn’t how you should act.”

“That’s right, isn’t it bullying if you fight us with your level of skill?”

The few of them started to complain.

Ye Feng could not explain himself now.

It was really his first time playing basketball.

Because his body had been modified by the system, his physical fitness and reaction speed were far superior to others.

However, there was no way to explain this kind of thing, and he disdained to explain it to these people.

Zhao Yu heaved a deep sigh.

"I thought my basketball talent was already very good, but I didn't expect that there would be someone better than me. I was too overconfident. I just said that if you score again, I won't play for the rest of my life. I will keep my word."

Ye Feng smiled. He did not reply.

As for Zhao Yu, he was obviously a little embarrassed and lonely. Seeing this, he couldn't say anything more. He carried the ball in a sorry state and quickly left with a few friends.

Seeing this, Shen Baitian immediately laughed, "That guy is really pitiful. Although his talent has surpassed most people, his character is really bad."

"Otherwise, he wouldn't have been beaten so badly by you, and he wouldn't have ended his basketball career."

Ye Feng smiled but did not say anything. After looking at her, he walked out of the stadium.

..

After walking out of the stadium, Shen Baitian seemed to be a little curious and kept looking at Ye Feng with a strange gaze.

“Why do you keep looking at me?” Ye Feng was a little scared by her stare, and he immediately glared at her.

“Is this really your first time playing basketball?” Shen Baitian raised the question in her heart.

“Do I still need to lie to you?” Ye Feng was speechless when he heard her question.

“You’re really talented to be able to play so well on your first try. Why don’t you consider becoming a professional athlete?” Shen Baitian suggested out of goodwill.

“I’m not interested,” Ye Feng rejected firmly.

“Why? You have a talent for sports, don’t you?”

Shen Baitian was a little curious.

“Do you have to be an athlete just because you have sports talent? If you’re so stupid, why don’t you become a pig?” Ye Feng criticized her mercilessly.

“You... go to h*ll!” When Shen Baitian heard that he dared to call her a pig, she immediately chased after him in exasperation.

Ye Feng dodged while continuing to provoke.

Just as the two of them were fooling around, they suddenly saw that the other side of the road was completely surrounded.

There seemed to be something lively going on.

“Alright, stop fooling around. Let’s go over and take a look.”

Ye Feng hurriedly grabbed her wrist and pouted his lips.

Shen Baitian struggled for a while and finally gave up completely, letting him hold on to her.

The two of them crossed the road and squeezed into the crowd.

Then, she saw a few cosplayers in strange clothes standing in the middle of the crowd.

When Ye Feng saw the cosplayers, he was stunned for a moment, then he laughed.

He actually knew two of the cosplayers.

One of them was Lu Xiaoya, whom he had not seen for a long time.

The other one also looked a little familiar.

It turned out to be the big-breasted F-cup woman that Gao Jinxi had arranged for him to stay in the room when he had gone to Stars Hotel to collect rent the other day.

He did not expect to meet...

This d*mn fate!

Chapter 119 - 119 Oh, Men!

119 Oh, Men!

At that moment, in that event, Lu Xiaoya and the big-breasted woman had completely different styles.

Lu Xiaoya had a cute style. She was wearing a pink, short dress, looking very cute.

The big-breasted woman, on the other hand, walked in a s*xy style.

She wore a black strapless dress that outlined her perfect figure vividly.

Ye Feng did not know which character they were cosplaying in, but he felt that it was pleasing to the eye.

Seeing this, Shen Baitian was obviously a little jealous. She hurriedly tugged on his sleeve and said, "What's there to see here? Let's go."

Before Ye Feng could reply...

Lu Xiaoya had already seen him and was surprised. "Ye Feng? What are you doing here?"

Ye Feng could only smile and explain, "I was just passing by, I didn't expect to meet you here."

The big-breasted F-cup woman also recognized him, and her expression immediately became nervous.

Shen Baitian heard their conversation and was a little surprised. "You two know each other?"

Ye Feng could only introduce her, "Her name is Lu Xiaoya, she's my friend."

Then, he turned to look at Lu Xiaoya. "Her name is Shen Baitian."

Lu Xiaoya took the initiative to shake hands with Shen Baitian, then turned to Ye Feng. "Your girlfriend?"

Ye Feng waved his hands hurriedly. "I'm her landlord."

When Shen Baitian heard his explanation, she immediately glared at him.

Why did it sound like he was in a hurry to draw a clear line between them?

Although this was the truth, it was inevitable that people would feel a little hurt, especially for her, who was the school's most popular beauty.

Lu Xiaoya's reaction was the complete opposite. She immediately smiled.

"You're also a rental company? Where is your house? I've been thinking of renting a house recently."

Ye Feng was about to reply when he suddenly felt a pain in his waist.

It was actually Shen Baitian who was secretly pinching him.

The meaning of the threat was self-evident.

He could only swallow the words that were about to come out of his mouth. "I'm sorry, I've already rented out my house. I don't have any empty rooms for the time being."

Lu Xiaoya was a little disappointed. "If there's an empty room, remember to save one for me."

Ye Feng quickly nodded. "Definitely, definitely."

Only then did Shen Baitian's face reveal a smile.

"Ye Feng, I suddenly remembered that I have to go back to school to settle some things. Do you want to come with me?"

Ye Feng shook his head and refused, "If you have something to do, you can leave first. I will just take a taxi back later."

Shen Baitian was a little disappointed, but she nodded in the end. "I'll take my leave then."

Then, she looked at Lu Xiaoya with a guarded look.

Looking at her back as she left, Lu Xiaoya said faintly, "This Sister Shen seems to... Not like me."

Ye Feng didn't know how to reply, so he just laughed it off, "Why would she? She's actually quite easy to get along with."

Lu Xiaoya turned to look at him. "Are you saying that I'm not easy to get along with?"

Ye Feng immediately coughed dryly, "I didn't say that, you two are both very easy to get along with, you are both very understanding."

Lu Xiaoya did not give up. "Then, between the two of us, who do you think is easier to get along with?"

Ye Feng felt a headache. "How can you compete?"

Lu Xiaoya raised her face stubbornly. "Why can't I compete? According to your true thoughts, who is easier to get along with between the two of us?"

Ye Feng smiled. "I think you two are very difficult to get along with. I can live three years less if I talk to you two more. Goodbye!"

After he finished speaking, he waved at her and left.

Lu Xiaoya covered her mouth and laughed as she watched him leave.

At this moment, the big-breasted woman walked over. "Xiaoya, are you very close to this Mr. Ye?"

Lu Xiaoya nodded. "He saved my life before."

The big-breasted woman's mouth was wide open in shock. "There's such a thing?"

Lu Xiaoya looked at her strangely. "Yu Xue, why do I feel like you're a little afraid of him? Do you know him?"

The girl called Yu Xue turned pale and shook her head. "How would I know him? I don't know him, I really don't."

Lu Xiaoya was relieved. "That's good. I thought you liked him too."

Yu Xue raised her head in surprise. "Too? You mean, you like him?"

Lu Xiaoya panicked. "Who likes him? Don't spout nonsense."

Yu Xue still wanted to ask.

Lu Xiaoya quickly walked away with a guilty conscience. "That's enough. Come back and continue our performance."

Yu Xue turned back and forgot the direction Ye Feng left in.

He probably didn't recognize her, right?

..

Ye Feng was not in a hurry to go home. He took a taxi and wandered around for the whole afternoon.

It was already past 8 o'clock in the evening when he got home.

He had just taken a shower and was preparing to read a book.

At this moment, he suddenly received a WeChat message from Shen Baitian.

[Are you with that Sister Lu of yours?]

Ye Feng saw the message and felt a headache.

[Don't talk nonsense. She and I are just ordinary friends.]

[Hehehe, really?]

[Do I need to lie to you?]

[Then what kind of friend are we? Are we just ordinary friends?]

[I'm your landlord.]

[There's no other relationship?]

[And I'm the rumored boyfriend.]

[Then, do you want to remove the word ‘rumored’?]

[...]

[Why aren’t you saying anything?]

[I can’t respond to that.]

[...]

Ye Feng chatted with her for a while. He thought that he could finally have some peace and quiet.

At this moment, Lu Xiaoya also sent a message.

[What are you doing? You’re not chatting with that Big Sister Shen, are you?]

[How did you know?]

Ye Feng subconsciously replied, he wanted to recall it but it was too late.

[As expected? It seems that you have a good relationship with this Big Sister Shen.]

[Is there something you need from me?]

[Can't I talk to you if I don't need anything?]

[Of course you can, but I'm a little sleepy now and want to sleep.]

[You're full of energy when you talk to her, but you're sleepy when you talk to me?]

[...]

[Why aren't you saying anything? Are you too lazy to reply to me?]

[...]

[Ha, men!]

[...]

Chapter 120 - 120 I'll Give This Newbie a Standard Demonstration

120 I'll Give This Newbie a Standard Demonstration

Ye Feng was bombarded with messages from Shen Baitian and Lu Xiaoya until late at night.

In addition, he did not sleep the entire night.

Therefore, he fell asleep unknowingly.

When he woke up, it was already the next morning.

There were also many unread messages from the two girls in WeChat.

Ye Feng glanced at them briefly. He was too lazy to reply to them one by one.

Women were troublesome.

Two women would be more trouble than trouble.

Just leave them hanging for a while.

When he thought of this, Ye Feng threw down his phone and went to the bathroom to wash his face.

Looking at the perfect muscle lines in the mirror, he clicked his tongue in wonder.

In the past, because he had devoted himself to his studies, he had rarely exercised.

Therefore, his body had always been in a sub-healthy state, not to mention his figure, which was simply too horrible to look at.

Now, after the system's transformation, his body could be said to be perfect.

In addition to the intense confrontation at the basketball court yesterday, he had a preliminary understanding of his current physical strength.

However, what was the limit of this body?

He still didn't have a clear understanding.

It seemed that he should find a gym to challenge himself, or to understand the limits of his body.

Thinking of this, Ye Feng no longer hesitated.

He immediately changed into a set of casual clothes and walked out.

He remembered that there was a high-end fitness club not far from the Zhongtian Lake-View Villa.

Thinking of a fitness club that was not far from here, Ye Feng was too lazy to drive. He walked there.

..

By the time he arrived at the gym, there were already many people working out in it, sweating profusely.

The huge gym was filled with the smell of hormones.

Among them, there were many beautiful women with good looks and temperament who were wearing fitness clothes.

However, what made Ye Feng feel embarrassed was that he wanted to apply for a fitness card, but he realized that no one was paying attention to him.

He looked around.

Only then did Ye Feng realize that all the coaches of the fitness club were surrounding a woman, trying to win her favor.

The woman looked to be in her thirties and was very good-looking.

Although there was still a slight gap between her and top beauties like Xia Qiu and Shen Baitian, the mature charm on her body was something that young girls did not have.

She was a beautiful young woman.

Moreover, the most eye-catching thing about her was her figure.

She had a curvy figure and was almost perfect.

She was wearing an army green sports tank top and a pair of shorts of the same color.

In the middle, a fair waist was revealed, and the waistline was clearly visible.

It was no wonder that the group of male trainers had stopped working and were all surrounding her to please her.

Ye Feng had no choice but to shout, "Is anyone there? I want to get a card!"

The coaches turned around and glanced at him, then pushed the duty to each other.

In the end, a younger coach walked over unwillingly with a long face to help him handle it.

Ye Feng took advantage of the time when he was applying for the card and asked, "Who is that woman? You guys seem to care a lot about her."

The coach looked up at the beautiful young woman, his eyes full of infatuation. "That's Gu Lin. She's the goddess of our club. Who wouldn't be moved by her? Unless he's not a man."

When Ye Feng heard this, he could only nod in agreement.

After applying for the card, he went straight to a machine.

After familiarizing himself with how to use the machine, he took off his coat and lay on the training bench, starting to push the barbell.

Since it was his first time using the machine, he only pushed the empty lever a few times.

After he felt that there was no problem, he began to increase the weight on the barbell.

To be on the safe side, he first added 10 kilograms of weight.

Then, he bench-pushed a few times and felt that it was no different from an empty pole.

He decided to increase it to 50 kilograms in one go, and then he began to bench press.

One set.

Ten sets.

Twenty...

Although the weight had increased to 50 kilograms, it was still light for him.

Moreover, after the system's transformation, his body was close to perfection.

Although it wasn't the kind of explosive muscles, it gave people a feeling of just the right amount of strength.

In addition, with such an easy bench press of 50 kilograms, it was hard not to attract people.

Gu Lin, who was surrounded by a group of male trainers, noticed the situation and could not help but take a few more glances.

She interrupted a male coach who was cracking jokes and asked curiously, "Is that gentleman a new member of the club? How come I've never seen him before?"

Hearing this, the male trainers immediately turned to look at Ye Feng.

Their eyes were filled with hostility.

They fawned over Gu Lin every day, but she never looked them in the eye.

As for Ye Feng, he had only arrived for a short while and he had already successfully attracted her attention.

This made them very unhappy.

“Oh, yes, he’s a newcomer.”

The male coach who helped Ye Feng apply for the membership card just now answered perfunctorily.

Gu Lin looked at Ye Feng with interest. “He’s so good. I think his barbell is at least 50 kilograms, right? He can actually do it so easily.”

The male trainers were even more upset when they heard her praise.

A muscular coach with blonde hair laughed in disdain. “Hehe, what’s 50 kilograms? If a man can’t even lift this little weight, that would be too embarrassing.”

After he finished speaking, he walked to Ye Feng arrogantly.

“Bro, your movements aren’t very standard. Let me push a few times as a model. You can follow and learn from me.”

“Alright,” he said. Ye Feng slowly stood up and handed over the machine.

“You two, come over and help me out. Add another 50 kilograms. I’ll do a standard demonstration for this newcomer.” The yellow-haired coach said as he waved to the other two coaches.

As he spoke, he did not forget to give Gu Lin a smile that he thought was very handsome.

The two coaches heard him and immediately came up to help him increase his weight.

The yellow-haired coach slowly lay down on the training stool, grabbed the barbell with both hands, and pushed it up with force.

“Oh...”

His face immediately turned red, and the hand holding the barbell began to tremble.

Wasn’t this too f*cking heavy?

Didn’t Ye Feng look quite relaxed just now?

The f*ck?
