

## **100 Million 1121**

Chapter 1121 Small, Your Pattern Is Small

1121 Small, Your Pattern Is Small

Ye Feng looked at Lin Zhengde without batting an eyelid. "Uncle Lin, can you tell me how you exploited the company's loopholes?"

Lin Zhengde immediately became alert. "Why are you asking this?"

Ye Feng gave a harmless smile. "After all, this is an investment of 1 billion, I have to mortgage all my assets, I have to ask clearly first to make sure that nothing goes wrong."

"Anyway, this deal has to be completed through Uncle Lin. Even if you tell me the truth, it won't affect you, right?"

Lin Zhengde pondered for a moment and felt that what he said made sense.

He was the head of the Purchasing Department. If he wanted to make this deal, he had to be involved no matter what. He was not afraid that the other party would play some tricks.

After figuring out the details, he immediately turned to look at his son, Lin Jie. "Jie, bring your classmates out for a walk first."

Lin Jie hurriedly leaned over to his father's ear. "Dad, this kid is very naughty, you must be careful."

Lin Zhengde smiled confidently. "I know what to do."

In his opinion, Ye Feng was being controlled by him. Without him, the other party would not be able to earn a single cent. There was no need to be too wary.

Besides, wasn't he just a kid who was still wet behind the ears? He was an old fox who had been in the business world for decades. How could he fall for his trick?

Seeing that his father was so confident, Lin Jie was relieved and brought Fatty Chu, Gao Xufei, and the others out.

Lin Zhengde waited for them to leave before he began to tell them all about his ways to make money. "It's like this. Our company has a partnership with a big company in Japan..."

Ye Feng listened to him and finally understood what was going on.

It turned out that Fengsheng Trading had a partnership with a trading company in Japan. Recently, that company had urgently purchased a large amount of supplies, and the price was very high.

Lin Zhengde bribed the purchasing supervisor and made a contract. The price for the company in Japan was very high, but the price for Fengsheng Trading was very low.

Just like that, the two of them cooperated from the inside and played the trick of buying low and selling high, earning the difference in price and playing the two companies in the palm of their hands.

However, Lin Zhengde's funds were limited and he was still playing on a small scale. He needed a large sum of money to make a fortune.

And Ye Feng brought him a pillow when he was dozing off.

After understanding this information, the smile on Ye Feng's face became even wider. "Uncle Lin probably spent a lot of effort to get through the company's checkpoints, right? I wonder who you have bribed in Fengsheng Trading?"

"Hahaha, this..." When Lin Zhengde heard this, he immediately pretended to be confused.

Ye Feng saw that he was unwilling to say it. He did not ask further. He slowly stood up. "Alright, then it's settled. I'll go back and raise funds first. Wait for my good news."

Lin Zhengde was still a little worried. "Then you have to make good use of your time. Once you miss this opportunity, it will be very difficult to come across it again."

“Haha, definitely, definitely.” Ye Feng immediately sneered.

“Hahaha, Jie has been praising you to me, saying that you’re the most courageous among his classmates. Now that I look at you, you’re indeed a hero from a young age.”

“Xiao Jie is the most outstanding one among his peers that I know. I was just lucky.”

The two of them hypocritically complimented each other as they walked out of the office.

“Uncle Lin, please wait. Don’t arouse suspicion.” Ye Feng stopped him from sending them off.

Lin Zhengde could only stop in his tracks and watch him leave.

Lin Jie happened to return at this time. “Dad, are you really going to cooperate with this little b\*stard?”

Lin Zhengde turned around and walked back to his office. “He has the funds, and I have the resources. We can complement each other. What’s the reason for not cooperating?”

Lin Jie was anxious. “That kid is nothing now, and he’s already riding on my head. If I let him earn a lot of money, will I still be able to stand out?”

“You’re too narrow-minded” Lin Zhengde returned to his seat smugly. “Haven’t you heard of the principle of giving before taking?”

Lin Jie was a little confused. “What do you mean?”

Lin Zhengde sipped his tea. “How could I let that kid get a share of the cake when it’s such a profitable business? Let him pay first. When it’s time to split the money, watch how I play him to death.”

Lin Jie was delighted. “So, you don’t plan to give him any money?”

Lin Zhengde sneered. “How can someone else snatch the meat that has entered my mouth? You underestimate your father too much.”

Lin Jie immediately rubbed his shoulders in a fawning manner. “I knew you were a schemer...”

“Hmm?”

“Uh, no, resourceful. How can that little b\*stard be your match?”

“Hehe, just wait and see how your father will play that kid to death step by step.”

“Alright, alright. I’ll step on that kid’s face and let him see who’s the real boss!”

“Plan, do you understand planning? Don’t always set your sights on a nouveau riche. You have to look at the long term.”

“Understood, understood, understood...”

Chapter 1122 What Kind of Storms Have I Not Seen?

1122 What Kind of Storms Have I Not Seen?

Just as Lin Zhengde and Lin Jie were being ‘fatherly and filial’ to each other, there was another knock on the office door.

Lin Zhengde took his feet off the desk and said calmly, “Enter.”

Then, he saw a person from the Legal Department walk in. “Supervisor Lin, the chairman has informed all the middle and high-level leaders to go to the big conference room for a meeting.”

Lin Zhengde was a little surprised. “Everyone is going? Did something happen?”

“Our company has been acquired. The new boss wants to meet everyone,” the person from the legal department immediately replied.

“What? Acquired? When did this happen? Why didn’t I know?” Lin Zhengde was a little dumbfounded. How could such a big matter be completed so quietly?

“It happened so suddenly. The chairman will explain to everyone later.”

“Oh, I’ll be right there.”

Lin Zhengde waited for that person to leave and immediately frowned as he pondered.

Lin Jie looked at him nervously. “Dad, will something happen?”

Lin Zhengde immediately waved his hand and smiled. “What can happen? What kind of storms have I not seen? It’s a small matter.”

Lin Jie heaved a sigh of relief. “Then you should go quickly. I’ll wait for you to get off work and bring you to the Miss.”

“I heard that there are a few girls from Russia in Lian Chengbi. They have fair skin, beautiful long legs, and can squeeze water with a pinch.”

“Brat, you’re not even serious with your father.” Lin Zhengde punched him and turned to leave.

His voice came from afar. "I want two."

..

"When was the company acquired? Even I, the deputy general manager, haven't heard anything about it."

"Yeah, I didn't hear any news about it before. Why did the boss suddenly change?"

"I've already gone home and was about to spend some time with my wife. Why was I suddenly called back? Isn't this too childish?"

"Who exactly bought our company? Why am I a little confused..."

In the conference room of Fengsheng Trading, all the higher-ups were dumbfounded. They had never heard of the news of the company being acquired. This was too sudden.

Lin Zhengde sat in the middle of the crowd. For some reason, he suddenly had a bad feeling.

Why was everything that happened today so strange?

First, his son was beaten up, and then a sugar daddy suddenly appeared and rushed to give him money.

Now, it was even stranger. The company had suddenly changed bosses.

There must be something strange about this!

Just as he was letting his imagination run wild, someone whispered, "The chairman is here."

Everyone immediately quieted down and looked at the door.

Then, a middle-aged man walked in first. It was the chairman of Fengsheng Trading, Li Yuan.

The person who followed behind him was a young man in his early twenties. His face still had a childish and immature look.

Everyone was stunned. Who was this young man? Could he be the new boss' assistant? The assistant walked in front of the boss? Wasn't this a little against the rules?

But when Lin Zhengde saw this young man, he was so shocked that he almost jumped up from his chair.

Because the person who followed behind Chairman Li Yuan was Ye Feng.

The young man who was plotting with him to take advantage of the company was actually walking with the chairman!

He... Who exactly was he? What was he trying to do?

Lin Zhengde's heart was filled with shock, and his uneasiness grew stronger and stronger.

Feng Jingyi followed behind Ye Feng. The calm and composed aura she gave off was very much in line with a leader's style.

The higher-ups were all guessing. Could it be that this woman had acquired their company?

It seemed like a good choice for the company to have such an outstanding female boss.

Although Feng Jingyi looked calm on the surface, her heart was already in turmoil.

After Ye Feng left Lin Zhengde's office, he brought them to the chairman's office and introduced himself as the person who bought Fengsheng Trading.

When he said that, she was almost scared to death.

This Fengsheng Trading Company seemed to be huge, it was worth at least a few billion, but it was actually bought by Ye Feng just like that?

Although she was very clear about Ye Feng's strength, it was still shocking that he could acquire a company worth billions so easily.

As for Fatty Chu, Gao Xufei, and the others, they were dumbfounded the entire time. They had yet to recover from their shock.

Although they already knew that Ye Feng was very impressive, he could afford to drink a bottle of red wine that cost 200,000 yuan and drive a luxury car that cost 100 million yuan...

However, they did not expect him to be so awesome that he could easily acquire such a big company.

Since he had acquired Fengsheng Trading and became the big boss of this company, why did he go to Lin Jie's father to discuss business?

They had gradually figured out this problem.

Incognito!

It was said that before many leaders took office, they would first go incognito to investigate the local people's feelings, and then the new officials would take charge and kill everyone.

They had only seen these plots on television. They did not expect their classmate to have already mastered such tactics.

Precisely because they thought about this, when they looked at Ye Feng again, their eyes were filled with fear.

This young man who was the same age as them was no longer in the same level as them. They could only look up to him now.

"I'm sure everyone has heard. That's right, our Fengsheng Trading Company has indeed been fully acquired." The chairman of Fengsheng Trading, Li Yuan, walked to the conference table and announced the news to everyone.

Although they had already been informed in advance, when the news came from the chairman's mouth, it still brought a huge shock to everyone.

They did not expect the company to change hands so quietly that they were not prepared at all.

However, what Chairman Li said next shocked them even more.

“This is Mr. Ye Feng Ye, he is the new boss of Fengsheng Trading. Please give him a round of applause.”  
Li Yuan pointed at Ye Feng and started clapping.

Everyone’s gaze gathered on Ye Feng, there was shock, confusion, doubt, fear...

Chapter 1123 I'm Actually a Very Kind Person

1123 I'm Actually a Very Kind Person

Before this, no one would have thought that this seemingly childish young man would actually be the new boss of Fengsheng Trading.

The meeting room was silent for a few seconds before the applause came.

The applause grew louder and louder until it was like thunder. These people wanted to leave a deep impression on the new boss at the first moment.

But there was only one exception, and that was Lin Zhengde.

He did not applaud with the crowd. It was as if he had been struck by lightning, and his eyes were filled with shock and... despair!

Ye Feng was the new boss?

He was the new boss of Fengsheng Trading?

How was this possible?

Didn't he just plot with him to make a fortune?

Was that all a lie?

Could it be that he had been plotting against the 'tiger' all along?

It was over, it was all over now!

It was as if he had suddenly fallen into an endless abyss. He wanted to call for help, but he could not make a sound.

His mind was blank, and he didn't know how to respond.

Ye Feng glanced at him meaningfully, then waved at everyone with a smile. “Hello everyone, I am Ye Feng.”

He had just said a few words when the crowd burst into applause again. He had no choice but to stop and wait.

The applause lasted for more than a minute before it gradually subsided.

He then continued, “Fengsheng Trading is a very high-quality company. I feel very honored to be a part of Fengsheng Trading...”

Hualala...

The applause was even more enthusiastic than before. The higher-ups’ palms were red from clapping.

When the applause died down, Ye Feng finally said the third sentence.

“But no matter how good a company is, it’s inevitable that there will be a few pests. I will reward the beneficial insects. However, I will mercilessly eliminate the pests!”

“Hiss...”

This time, there was no applause. Instead, there was the sound of gasps.

This new boss was really... swift and decisive!

Before his butt had even warmed up, no, he had not even sat down. He had only spoken three sentences when he had already raised his butcher knife.

For a moment, everyone was trembling with fear, not knowing who would be the first target of this new boss.

Plop...

At this moment, Lin Zhengde fell onto the ground, his face ashen!

The two executives sitting next to him hurriedly helped him up.

“Old Lin, are you alright? Mr. Ye isn’t talking about you. What are you afraid of?”

“Old Lin usually abhors evil. He was probably influenced by Mr. Ye’s words and was just excited for a moment.”

“Yes, yes, yes. Old Lin is the person in charge of the Purchasing Department. He has always been honest and hardworking. He’s really a role model for our generation.”

“Old Lin has always been my idol...”

Lin Zhengde’s butt hurt from the fall, and he felt like he was sitting on pins and needles after being patted by the two of them.

Ye Feng looked at this scene and revealed a mocking smile, but he did not flare up immediately.

Seeing that Ye Feng’s few words had frightened these professional elites, Fatty Chu, Gao Xufei, and the others were extremely shocked.

This was a true big shot!

When would they be able to possess such dominance?

As for Wang Yutong and the other girls, they were looking at Ye Feng with an even brighter gaze.

Women had zero resistance to such an all-powerful hero.

Even for a woman like Feng Jingyi who had seen many big scenes, her heart was still beating wildly.

This was her man!

It was f\*cking domineering!

Ye Feng pulled out a chair and sat down. His gaze slowly swept across everyone present. Everyone met his gaze and lowered their heads guiltily.

“I’m actually a very kind person. I don’t want to start a massacre.”

“How about this? I’ll give you a chance. As long as you take the initiative to admit your problem, I can let bygones be bygones.”

When everyone heard his words, they began to look at each other. They did not know if he was telling the truth or if he was deliberately deceiving them.

Ye Feng saw that no one stood up, and he smiled. “What? Is everyone’s butt really that clean? Did I measure a gentleman’s belly with a villain’s heart?”

When everyone heard his mockery, they still lowered their heads. No one was willing to stand out.

Ye Feng's expression darkened. "I will only give you three minutes. If no one admits their mistake, then don't blame me for not showing mercy!"

His voice was filled with killing intent, which immediately frightened everyone present.

Immediately, an executive stood up slowly. "I... I used my work to arrange for one of my nephews to work in the company. I'm asking Mr. Ye to punish him."

Ye Feng smiled again. "I have already said that I will let those who are willing to admit their mistakes off."

"If the person you arranged didn't make any mistakes, you don't have to fire him. Don't do it again."

That person immediately shed tears of gratitude. "Thank you for your magnanimity, Mr. Ye."

After saying that, he sat back down happily.

Everyone saw that Ye Feng was letting bygones be bygones, they also took the initiative to admit their mistakes.

Some took advantage of their positions to hand over the project to their relatives.

Some of them had caused the company to suffer a lot of losses because of their carelessness. Some secretly brought the company supplies home...

The former chairman, Li Yuan, was dumbfounded. He had never known that the company had so many problems.

Ye Feng only gave him three minutes, but because too many people admitted their mistakes, it took them more than ten minutes to confess.

However, Lin Zhengde and a few of the higher-ups had been pretending to be dead and did not stand up.

The meeting room fell into a dead silence. Only the sound of Ye Feng's fingers tapping on the table could be heard. It made people panic.

"No one is confessing?" Ye Feng glanced at Lin Zhengde as if nothing had happened. His smile was filled with killing intent.

Lin Zhengde's eyes kept changing. He wanted to stand up a few times, but he couldn't muster the courage.

This was because his matter was too big. Not only had he embezzled tens of millions, but he had also discussed with the new boss how to poach the company's employees. This was much more serious than the matters of the previous people.

Ye Feng laughed coldly. "Since no one is going to confess, then I will call out names. Don't blame me for being ruthless to those whose names I call out!"

As soon as the word 'ruthless' came out of his mouth, Lin Zhengde immediately shivered and hurriedly stood up.

"I... I confess!"

Chapter 1124 Tell Me, How Should I Punish You?

1124 Tell Me, How Should I Punish You?

The few people who were still hoping to get lucky glared at Lin Zhengde.

However, Lin Zhengde acted as if he did not see it and continued to shout loudly, "I... I deserve to die, I... I confess everything..."

Ye Feng returned to his harmless smile. "That's more like it. Then tell me, what crime did you commit?"

Lin Zhengde gulped. "I... I forged the Yin-Yang contract and handed the company's purchase order to my son, causing the company to lose tens of millions..."

He stammered about how he bribed the Purchasing Department director of the Japanese partner, how he bought low and sold high through the Yin-Yang contract, and how he poached the company... He explained in detail.

The higher-ups of the company who had confessed earlier were all dumbfounded.

They had thought that their crimes were serious enough, but compared to Lin Zhengde, they were as pure as white lotuses.

A small head of the Purchasing Department could actually earn tens of millions.

The former chairman, Li Yuan, almost fainted.

He originally thought that the company had been acquired mainly because the global market was in a slump, but he was actually very capable.

But now, it seemed that the main reason was still on him.

Moreover, he was exposed by the new boss in public. Wouldn't this prove his incompetence?

Pa, pa, pa...

At this time, Ye Feng suddenly started clapping. To the upper echelons, this was like a slap to their faces.

From the looks of it, Fengsheng Trading was really a mess!

“For Supervisor Lin to be able to confess these things, it shows that there’s still medicine that can save him.”

“But I feel that you can’t do this alone. There should be many people who are cooperating with you, right?”

“These people still haven’t come forward. Do they think I’m easy to fool?”

Ye Feng’s gaze was like a knife as he glanced at the few executives who were still pretending to be dead.

They looked at each other and stood up in unison.

“I’m Tong Jiang, the deputy director of the Legal Department. I did receive benefits from Lin Zhengde, and I was the one who helped him make the Yin-Yang contract.”

“I’m Xiao Fei, the deputy director of the Purchasing Department. I helped him bribe the purchasing director from Japan.”

“I’m Niu Wangcai, the vice president of the Finance Department. I was the one who helped him make the fake accounts...”

These people all admitted what they had done, but there was no shame or fear on their faces. It was as if what they had done was not a shameful thing, but a very glorious thing.

The other executives looked at Ye Feng in fear. They did not know how this new boss would deal with these people.

“It’s good that you admit it. Tell me, how should I punish you?” Ye Feng narrowed his eyes and glanced at these people.

Those people immediately said with a smile:

“This is all in the past. I think it’s better to forget about it.”

“Yes, yes, yes. We’ve decided to turn over a new leaf from now on. Let’s let bygones be bygones.”

“Didn’t you say that as long as you admit it, you’ll let bygones be bygones? You’re a big boss. You can’t go back on your word, right?”

“Today is a joyous day. There’s no need to shout and kill. I’ll treat everyone to a meal, haha...”

These people were laughing and chatting. They did not put Ye Feng, the new boss, in their eyes.

Bang!

Ye Feng slammed the table. All the upper echelons were shocked.

“Do you think I’m joking with you?” His expression was a little cold, making people feel intimidated.

The meeting room fell into a dead silence.

At this moment, someone suddenly laughed. It was as if a stone had been thrown into a calm lake. It was especially special.

Ye Feng raised his head and saw that the person who laughed was a man in his forties. He seemed to have introduced himself as the deputy director of the Finance Department, his name was Niu Wangcai. “What are you laughing at?”

Niu Wangcai did not show any fear on his face. He still had a smile on his face/ “I just feel like it.”

Ye Feng stared at him. "What's so funny?"

Niu Wangcai sat back down casually. "Mr. Ye, I know you want to establish your authority now, but it's enough. There's no need to go too far, or you'll easily burn yourself."

Ye Feng sneered. "Are you threatening me?"

Niu Wangcai hurriedly waved his hand. "We wouldn't dare, we wouldn't dare. You're the boss of Fengsheng Trading. How would we dare to threaten you? I'm just giving you a suggestion."

Ye Feng leaned forward slightly. "Oh? Then I'd like to hear what suggestions you have."

Niu Wangcai did not seem to feel his pressure and continued to speak frankly. "Although the nature of this matter is very bad, it was before you acquired Fengsheng Trading. I think it's enough to ask everyone to restrain themselves in the future. There's no need to keep harping on it. Am I right?"

The executives nodded in agreement.

"Right, right, right. Brother Niu is right. It's already in the past. There's no need to be calculative."

“Which company isn’t corrupt? With that salary alone, it’s not even enough to eat and socialize.”

“If the water is too clear, there will be no fish. This kind of thing is inevitable. Just turn a blind eye.”

“Youngsters are too idealistic, but reality is often so uncontrollable...”

These people all excused themselves from playing favoritism.

When Ye Feng heard these people’s weird comments, he immediately sneered. “I don’t care what other companies are like, but I can’t let sand get in my eyes. In my company, I don’t need any worms.”

“If I choose to tolerate you vermin, wouldn’t it be too unfair to those who are conscientious?”

Niu Wangcai had a sneer on his face as he stared straight at him. “Then I would like to ask, how does Mr. Ye plan to deal with this matter?”

Ye Feng stared at these people and said word by word, “Kill them all!”.

“Hiss...”

Everyone gasped. Were they going to fire all of them?

These were all high-level executives with real power. If they were all fired at once, it would definitely have a huge impact on the company's business.

Wasn't this new boss making too much of a commotion?

..

Niu Wangcai was not frightened by Ye Feng's words. Instead, he sneered at him. "You mean, you want to fire all of us? Are you sure?"

The former chairman, Li Yuan, hurriedly tugged at Ye Feng's clothes. "Mr. Ye, don't be rash."

Ye Feng looked at him coldly. "You want to plead for them?"

Li Yuan hurriedly waved his hand. "I'm not pleading for mercy, but... These few are all veterans of the company. Not only do they have great influence in the company, but they also have very strong backgrounds."

"If you really do that, it will cause a big mess."

All the higher-ups present nodded.

“Yeah, this matter involves too many people. Mr. Ye, you must think twice before you act.”

“If we really fire so many high-level executives, the company’s operations will definitely be greatly affected.”

“These people all hold important resources of the company. If they leave, our company will suffer a huge loss.”

“I heard that Mr. Niu has a good relationship with the leaders of the Customs Department. If we offend Mr. Niu, our company will definitely have a hard time in the future.”

“I heard that Mr. Jiao’s lover is the leader of the Transportation Department. We are in the trade business, so we can’t offend such a person...”

Chapter 1125 What a Bunch of Trash!

1125 What a Bunch of Trash!

Ye Feng listened to everyone’s discussion quietly and understood.

To sum up, these people had a deep foundation in the company. If they were fired, the morale of the company would be unstable and they might even suffer a huge loss.

Moreover, these people had a lot of connections. If they offended them, Fengsheng Trading would suffer a lot.

In short, firing these people would do no good.

Feng Jingyi, Fatty Chu, and the others felt a headache for Ye Feng.

He had just taken over the company and was faced with such a difficult problem. They were afraid that he had no other choice but to compromise.

Niu Wangcai and the others became more and more fearless, they clearly felt that Ye Feng would not dare to do anything to them.

As long as he was sane, he should know the consequences of firing them.

“Mr. Ye, are you still going to fire us now? Should we write our resignation papers now? Haha...” Niu Wangcai looked at Ye Feng provocatively.

The others also laughed arrogantly, not putting this young man in their eyes at all.

So what if he was the boss? As long as they were united, they were not afraid of what the other party would do to them.

But their arrogance did not last long, Ye Feng sneered, "Write a resignation letter? I'm afraid you won't have the chance."

"You've caused a huge loss to the company and have already violated the law. If you have anything to say, go and speak to the judge."

As soon as he said this, everyone's expression changed drastically.

They thought that Ye Feng would at most fire these few people. They never expected him to be so ruthless and send these people to prison.

"How dare you!"

Niu Wangcai and the others immediately glared at Ye Feng.

Ye Feng turned to Feng Jingyi and ordered, "Call the Economic Investigation Team. Tell them to come and arrest them."

Feng Jingyi immediately took out her phone.

Bang!

Niu Wangcai slammed the table, "Surnamed Ye, are you trying to kill us all?"

"Good, very good! Since you're heartless, don't blame us for being unjust. Let's see who has the stronger fist today."

After saying that, he took out his phone and started to call his backer.

The other executives followed suit and contacted their backers.

"Everyone, calm down. If there's anything, we can discuss it properly." Li Yuan hurriedly came out to mediate.

However, Niu Wangcai and the others did not give him any face. They were determined to show Ye Feng their might.

Li Yuan couldn't wait any longer. He knew that Lin Zhengde and his gang were secretly harming the company's interests. He just turned a blind eye to it.

He knew that these people had a lot of connections. If he offended them too much, it would cause even greater losses to the company.

But he did not expect that Ye Feng would stir up this hornet's nest the moment he took over. He was extremely anxious.

As for Lin Zhengde, he was secretly delighted.

This kid thought that he could do whatever he wanted after becoming the boss of Fengsheng Trading.

He was still too young and did not know the depth of the martial world!

Let's see how you're going to clean this up.

Not long after Niu Wangcai and the others finished the call, a staff member rushed into the meeting room.

"Chairman, something bad has happened. The Tax Department said that someone has reported us for tax evasion and wants to investigate our company..."

Before she could finish, another staff member barged in. "Chairman, a batch of our goods has been detained by the Customs Department. They said that someone reported us for smuggling prohibited items..."

“Chairman, we were discussing a big deal with Jutian Electric, but the other party suddenly terminated the negotiations...”

The bad news came one after another, causing the expressions of all the higher-ups present to become uglier and uglier.

Niu Wangcai and the others looked at Ye Feng gloatingly. Their expressions seemed to be saying, ‘Brat, you are still too inexperienced to fight with us.’

Feng Jingyi and the rest were worried for Ye Feng. They felt that he was too rash this time. He had stirred up such a huge hornet’s nest.

Everyone was secretly observing Ye Feng. They wanted to see how he would react.

But to their disappointment, Ye Feng did not have any expression on his face. He waited for the news to arrive before he slowly said: “Is that all?”

“Ah?”

Everyone present was stunned. From what he said, it seemed that he did not think this bad news was enough?

Ye Feng stared at Niu Wangcai and the others. His lips curled into a cold smile. "I thought you guys would be able to cause a huge commotion. Just this? What a bunch of trash!"

The moment he said this, the expressions of everyone in the conference room were extremely interesting.

"Others are afraid of trouble, but our Mr. Ye actually thinks that the trouble is too small?"

"Hehe, I think he's pretending to be calm. In fact, he's already panicking inside."

"That's right. With so much trouble coming at us at the same time, it wouldn't have been so easy to resolve it without Niu Wangcai and the others' help."

"I guess he'll have to compromise with Mr. Niu and the others in the end."

"That would be too much of a slap in the face..."

Chapter 1126 Announcement Could Solve the Problem?

1126 Announcement Could Solve the Problem?

Niu Wangcai looked at Ye Feng with a cold smile. "Mr. Ye, don't force yourself. As long as you lower your head and admit your mistake, we'll help you settle these troubles."

The few people beside him also echoed.

“Yes, yes, yes. If you apologize sincerely to us, you won’t lose a hair.”

“As long as you apologize, we’ll forgive you. We’re still very magnanimous.”

“Young man, you are too impulsive. This time, we will treat it as a lesson for you. Haha...”

Ye Feng watched their performance quietly. The smile on his face grew wider and wider. “Very good, I love to accept challenges from others. This is what makes it interesting.”

“I’m going to make an announcement in the name of Fengsheng Trading,” Ye Feng said.

Li Yuan hurriedly nodded in agreement. “Then how should we write the announcement?”

Ye Feng’s expression was calm. “The announcement will be ‘Fengsheng Trading has been wholly purchased by Mr. Ye Feng’.”

Li Yuan was stunned. “That’s all?”

Ye Feng nodded. "This is enough."

Li Yuan was confused. What was Mr. Ye up to?

The company was facing so many difficulties now. He didn't think about how to solve it, but he wanted to issue an irrelevant announcement?

Could such an announcement solve the problem?

Although he was suspicious, he still went down to make arrangements.

Soon, all the official accounts of Fengsheng Trading posted an announcement at the same time, the content of the announcement was only 14 words, [Fengsheng Trading has been fully acquired by Mr. Ye Feng.]

However, the power of these 14 words far exceeded the imagination of the higher-ups of Fengsheng Trading.

A certain big shot from the Customs Department was talking loudly at a drinking party when he suddenly received a message.

[Leader, the new boss of Fengsheng Trading is Ye Feng.]

When he saw this message, he almost fell to the ground.

Just now, Niu Wangcai called him and said that their company had a new boss. He was a little unreasonable and wanted to teach him a lesson.

He had a good relationship with Niu Wangcai and felt that it was just an hour. Without thinking, he had someone detain the cargo ship of Fengsheng Trading.

He never expected that the new boss he was talking about was actually the legendary Mr. Ye.

He had long heard of how terrifying Mr. Ye was.

Offending him would only lead to death.

Thinking of this, he hurriedly picked up his phone and called Niu Wangcai.

..

At the same time, the chairman of Jutian Electric, He Mingyuan, also received the news and was even more frightened.

He was an old classmate of Tong Jiang, the deputy director of Fengsheng Trading's Legal Department. He had just called to say that he wanted to give the new boss a heads-up and ask him to temporarily suspend the cooperation with Fengsheng Trading.

He agreed without hesitation, firstly out of friendship, and secondly, he felt that temporarily halting the negotiations would not cause too much loss to Jutian Electric.

When he found out that the new boss of Fengsheng Trading was Ye Feng, he was almost scared to death.

In fact, Ye Feng had always been very mysterious in Yang Cheng. He rarely showed his face in public and did not participate in any social activities, so many people in the business world did not know much about him.

However, He Mingyuan happened to have worked with Lingyun Real Estate some time ago, so he had a deeper understanding of Mr. Ye.

He didn't know, but he was shocked when he learned.

This Mr. Ye's influence was already so huge. His industries had already involved various fields, and they were still expanding at an astonishing speed. It made people dumbfounded.

From then on, he secretly warned himself not to offend this super big shot.

However, he had never expected that he would accidentally provoke the other party today.

Thinking of the consequences of offending Ye Feng, he was so scared that his face turned pale. He quickly picked up his phone and called Tong Jiang.

..

Not only these two people, but all the people who had caused trouble for Fengsheng Trading were already frightened and called to denounce them.

Niu Wangcai and the others were still feeling smug. They wanted to see how Ye Feng would end things today.

At this moment, their cell phones suddenly rang one after another.

Niu Wangcai picked up the phone in confusion. Before he could speak, he heard the customs boss scolding him.

“Niu Wangcai, even if you f\*cking want to die, don’t drag me along with you...”

“Leader, what’s wrong with me?”

“What !@(% director are you? Don’t you know who you’ve offended?”

“I... I didn’t offend anyone. Isn’t he just a brat who’s still wet behind his ears?”

“Are you still wet behind the ears? That was Mr. Ye! Do you know how powerful Mr. Ye is? What happened to those who offended Mr. Ye? Do you want to kill me?”

“Is it that exaggerated?”

“I don’t want to talk nonsense with you. Think of a way to calm Mr. Ye’s anger immediately.”

“Even if he wants you to kill you, you can’t hesitate.”

“If I can’t settle this, I’ll bring you along with me before I die.”

Pa!

The person on the other end of the line cursed profusely and then hung up the phone.

Niu Wangcai was already extremely shocked.

This backer of his had a huge background. He could be considered a big shot in Yang Cheng, but he was actually so afraid of Ye Feng. This was something that had never happened before.

How terrifying was his new boss?

The situation that the others were facing was almost exactly the same as his. Those big shots were full of vulgarities as soon as they came up, cursing their ancestors for eighteen generations.

In the end, they repeatedly reminded them that no matter what the price was, they had to appease Mr. Ye's anger. Otherwise, not only would they suffer, but their families would also suffer.

Thump, thump, thump...

The few of them fell onto their chairs, looking at Ye Feng with a dazed expression.

They had thought that the other party was young and thought that he was some rich second-generation heir from a big family who had come out to play.

For this kind of embroidered pillow, perhaps the family was very rich, but most of them did not have the ability or courage.

As long as these old foxes united and taught this kid a lesson, they wouldn't dare to do anything to them.

However, they would never have dreamed that he was not an embroidered pillow at all. Instead, he was a super big shot who started from scratch and stepped on the corpses of countless people to rise.

To have such achievements at such a young age, how ruthless must his methods be?

Their eyes were filled with despair!

Chapter 1127 Everyone Has To Pay the Price For Their Stupidity!

1127 Everyone Has To Pay the Price For Their Stupidity!

The other higher-ups in the meeting room were also dumbfounded when they saw the expressions of Niu Wangcai and the others.

Weren't Niu Wangcai and the others very arrogant just now, not putting Ye Feng in their eyes at all?

And Ye Feng did not retaliate, he only made an insignificant announcement.

However, why did Niu Wangcai and the others look like they had lost their parents?

“What exactly happened?”

“I don’t know. Niu Wangcai and the others just answered a phone call and everything became like this.”

“What did they say on the phone? How can you scare them to this extent?”

“This is too strange. Why am I getting more and more confused?”

“Me too...”

Just as these people were discussing animatedly, a few more staff members rushed into the meeting room.

“Chairman, good news. The customs said that they have completed the inspection and confirmed that our goods are not prohibited. They have already let us through...”

“Chairman, the Tax Department said that someone maliciously reported us. There’s no need to investigate us anymore...”

“Chairman, Jutian Electric called. They said that it was a misunderstanding. Not only do they want to resume cooperation, but they also want to increase the order volume...”

For a moment, the wind suddenly changed.

Li Yuan and the higher-ups present were stunned by the good news.

These people had just ganged up to make trouble and had the momentum of a black cloud pressing down on the city.

It had only been a few minutes, and the wind had turned 180 degrees?

This storm came and went quickly, catching people off guard.

What was going on?

Before they could figure it out, Niu Wangcai suddenly stood up and rushed to Ye Feng, crying bitterly.

“Mr. Ye, I was wrong. I’m willing to return ten times the money I embezzled. Please let me live...”

The others also followed suit, they rushed over and knelt in front of Ye Feng.

“Mr. Ye, it was us who looked down on you previously. Please be magnanimous and spare us this once.”

“Mr. Ye, I’m willing to work for you in the future. Please forgive my stupidity.”

“Mr. Ye...”

Lin Zhengde had wanted to watch a good show, but when he saw this scene, he shuddered and hurriedly ran over to kneel.

Li Yuan and the others were even more flabbergasted.

Niu Wangcai and the rest were just ready to fight Ye Feng to the death. Why did they suddenly become a different person?

Wasn’t this all too strange?

The more they looked, the more confused they became. They did not know what had happened.

Ye Feng did not retaliate at all. He only sent out an announcement. Why did it cause such a huge chain reaction?

As for Fatty Chu and the others, they were already dumbfounded.

At the beginning, when they saw so many people attacking Ye Feng, they felt suffocated and started to worry for him.

But then, the direction of the wind suddenly changed inexplicably.

This was not something they could understand. They only felt that Ye Feng was even more mysterious.

Feng Jingyi was probably the only one who understood this point. Ye Feng's indifferent announcement was a huge bomb.

Once it was thrown out, the power it could produce was greater than a thousand words.

After thinking about this, she looked at Ye Feng with even more admiration.

A man who could stir up the storm in Yang Cheng without batting an eyelid was simply too charming.

Ye Feng was the calmest among the crowd. He had a calm expression from the beginning to the end.

He glanced at Niu Wangcai and the others. "Didn't you want me to apologize just now? Didn't you say that you wanted to see whose fist was harder? Why are you scared now?"

Niu Wangcai pulled out a smile that was uglier than crying. "It's all our fault for not recognizing your power. I've received a total of 500,000 yuan in bribes. I'm willing to compensate you ten times more. I only ask that you let us live."

The others also agreed and expressed their willingness to compensate the company ten times the loss.

Everyone else present was stunned by this scene.

They heard from Niu Wangcai and the others that this Mr. Ye seemed to have a terrifying background. Even the backers behind them could not be relied on.

This made them even more bewildered. What kind of background did this have to make so many big shots collectively admit defeat?

Everyone looked at Ye Feng with surprise.

Ye Feng faced Niu Wangcai and the rest's begging, he still had a sneer on his face. "Since you are willing to compensate the company ten times the losses, then I will give you a chance..."

Niu Wangcai and the others immediately heaved a sigh of relief. It seemed that this Mr. Ye still knew his limits. He knew to raise it high and put it down gently.

After all, if so many of their higher-ups were sent to prison, the company would definitely be affected.

Now, everyone was happy.

But before they could cheer up, Ye Feng continued. "Surrender yourselves. This way, you can get a lenient punishment."

Niu Wangcai and the others' expressions changed drastically. "Mr. Ye, didn't you say that you would give us a chance?"

Ye Feng laughed coldly, "That's right, I told you to turn yourselves in instead of asking the people from the Economic Investigation Department to come and arrest you, I'm already giving you a chance. You can at least reduce your sentence by a year and a half."

Niu Wangcai's expression was gloomy. "Mr. Ye, are you really going to kill us all?"

Ye Feng snorted coldly. "I already gave you a chance, but you didn't cherish it. Everyone has to pay the price for their stupidity!"

The expressions of Niu Wangcai and the others kept changing. Clearly, they were still hoping to get lucky and wanted to find a countermeasure.

Ye Feng had already seen through their thoughts. He sneered again. "Of course, you can also bring out your backers. Let's see if their fists or mine are stronger!"

When Niu Wangcai and the others heard this, they immediately trembled.

Their backers were already scared out of their wits by Ye Feng. How would they dare to care about such a trivial matter?

"Yes, we'll turn ourselves in now."

Niu Wangcai and the others knew that in front of such a big shot, any struggle was futile. It might even implicate their families.

In the end, they could only resign themselves to fate and walk out dejectedly.

What awaited them was the punishment of the law.

## Chapter 1128 He Has No Face With Me

### 1128 He Has No Face With Me

The other executives in the meeting room looked at Niu Wangcai and the rest who left. When they looked at Ye Feng, they were all shocked.

This new boss's methods and boldness were truly astonishing.

He had actually sent five or six executives to prison in one go. In the future, whoever wanted to use their power for personal gain and fill their own pockets would have to think twice.

Lin Zhengde did not follow them out immediately. He was still hoping that he would be lucky. He looked at Ye Feng with a fawning expression. "Mr. Ye, you and Xiao Jie are good friends from the same dormitory. Can you let me off on his account?"

Ye Feng looked at him mockingly. "I'm sorry, he has no face here."

Lin Zhengde wanted to continue.

Ye Feng interrupted impatiently, "If you don't turn yourself in, then I can only call the Economic Investigation Department and ask them to come over and arrest you."

“You should understand that surrendering and being caught are two different concepts.”

Lin Zhengde saw that he didn't give him any face at all, so he could only walk out with a dead heart.

Lin Jie had been waiting outside for news. When he saw his father come out, he immediately ran over.  
“Dad, are you done with the meeting? Let's go and find ladies.”

Lin Zhengde raised his head and looked at him. Suddenly, he threw a slap at him.

Pa!

Lin Jie was stunned by the slap. He covered his burning cheek and asked, “Dad, why did you hit me?”

“Hit you? I want to kill you!”

Lin Zhengde suddenly rushed up and started punching and kicking him. As he did so, he scolded, “If you hadn't leaked the secret, would I have gone to jail?”

“If you have a good relationship with Ye Feng, will he not give you any face? If not for you...”

Lin Jie held his head and silently endured his father's punches and kicks. After hearing those words, he was stunned. "Dad, what did you say? Why are you going to jail? What does this have to do with Ye Feng?"

Lin Zhengde was already panting after hitting him a few times. He stopped and told his son what had happened in the meeting room.

Lin Jie was dumbfounded after hearing that.

Ye Feng was the new boss of Fengsheng Trading?

He actually sent five or six executives to prison in one go?

His father's matter was actually exposed and he had to go to jail as well?

These pieces of information were like heavy bombs, exploding him until he was charred on the outside and tender on the inside.

"Dad, don't be anxious. I'll go and beg him now. I believe he'll give me face." He hurriedly comforted his father and turned to rush to the meeting room.

As soon as he walked in, he saw Ye Feng sitting on the boss' chair, lecturing a group of company executives.

He was in a daze for a moment before kneeling in front of Ye Feng with a plop. “Ye Feng, I beg you, please let my father go. I’ll work for you for the rest of my life to repay you...”

He kowtowed as he spoke, and he kowtowed very hard. After a few hits, his forehead became a bloody mess.

Fatty Chu, Gao Xufei, and the others stood at the side, staring blankly at this shocking scene.

In their eyes, Lin Jie was already very powerful.

But now, he had no choice but to kneel in front of Ye Feng and beg.

This huge difference really made people sigh endlessly.

Ye Feng only glanced at him from the corner of his eyes, he said expressionlessly: “It’s useless even if you beg me. You should go and beg the people from the Office of Economic Investigation.”

Lin Jie looked at him with a sad face. “Ye Feng, I know I offended you in the past. I’m not a human, I’m a beast.”

“But we’ve lived in the same dormitory before. Please let us live. I’m begging you...”

Ye Feng looked at him coldly. He immediately shut his mouth and did not dare to say anything else.

“No matter who it is, I will treat everyone equally. Lin Zhengde embezzled a huge amount of money from the company. Unless he can escape to the ends of the earth, his crime is unforgivable!”

Lin Jie’s heart instantly sank.

After dealing with this matter, Ye Feng looked at the others in the meeting room. “Remember this, as long as you do your job well, I will not treat you badly. However, if anyone still wants to play tricks under my nose, don’t blame me for being ruthless.”

The meeting room immediately erupted into a round of applause. After this incident, Ye Feng’s prestige in their hearts had reached its peak.

“I will give another order. Miss Feng Jingyi will be the CEO of Fengsheng Trading. Everyone, welcome.” Ye Feng then threw out another bomb.

It wasn’t just the higher-ups in the meeting room. Even Feng Jingyi herself was dumbfounded.

She was only accompanying Ye Feng to attend the class reunion tonight. How did she suddenly become a general manager?

Wasn't this too childish?

Chapter 1129 Satisfied All My Fantasies About Men!

1129 Satisfied All My Fantasies About Men!

When Ye Feng announced this appointment, everyone in the meeting room looked at Li Yuan with a strange gaze.

Obviously, Mr. Ye didn't trust them, so he arranged for a trusted aide to manage the company.

Li Yuan was also very clear that Mr. Ye had just acquired the company and had already revealed such a big scandal. He would definitely doubt his ability.

Now, he had only inserted a general manager in instead of directly taking his position as chairman. It was already considered lenient.

"I firmly support Mr. Ye's decision. Let's welcome General Manager Feng." Li Yuan immediately applauded.

Hualala...

With him leading the way, the meeting room immediately burst into applause, and the sound grew louder and louder.

“President Feng, why don’t you say a few words to everyone?” Ye Feng looked at Feng Jingyi with an evil smile.

“I...” Feng Jingyi was suddenly promoted from an assistant to the CEO of a trading company worth billions. She couldn’t help but feel nervous. “I don’t know what to say.”

Ye Feng gave her an encouraging look. “It’s alright, just say anything.”

Feng Jingyi also knew that she was representing Ye Feng now. She could not embarrass him.

At the thought of this, she immediately stepped forward. “I know that everyone is not convinced by my sudden appearance as the general manager, but I will use my strength to prove that Mr. Ye’s choice is correct. I’ll arrange the next mission first...”

At first, her voice was still trembling, but the more she spoke, the more confident she became. In the end, she could speak with confidence, and she had the domineering aura of a female hero.

The higher-ups present were indeed dissatisfied with Ye Feng’s arrangement. They felt that this was nepotism.

However, when they heard Feng Jingyi's plan for the company's future development, which was not only orderly but also had many highlights, they were gradually convinced.

It seemed that this Mr. Ye was not fooling around. This President Feng was indeed not simple!

The meeting went on for about half an hour before it was announced to be over.

Ye Feng was about to leave with Feng Jingyi when Li Yuan suddenly received a call. His expression changed.

"Mr. Ye, I have some bad news." He walked toward Ye Feng with a solemn expression.

"Speak." Ye Feng stopped and turned to look at him.

"The trading company in Japan also found out that Lin Zhengde colluded with the head of their Purchasing Department to fill their own pockets. They think that our company has a reputation problem. Therefore, they are prepared to terminate their cooperation with us and blacklist our company, never to cooperate again..."

As soon as Li Yuan said this, the expressions of the higher-ups present changed drastically, and they began to discuss in low voices.

Ye Feng saw their expressions and frowned. "Is this partner very important to Fengsheng Trading?"

Li Yuan hurriedly nodded. "Yes, this Fushan Trading Company is currently our largest partner. It involves a large order of more than 1 billion yuan. If we lose this big client, we will face a huge loss."

Feng Jingyi interjected, "Is there any room for negotiation? We can give them an appropriate discount."

Li Yuan shook his head. "Fushan Trading places great importance on the credibility of their partners. After what happened to us, they definitely won't work with us anymore."

As he said this, he looked at Ye Feng in embarrassment. "Mr. Ye, the main responsibility for this is on me. I can't absolve myself of the blame, I have no face to continue being the chairman. I hereby resign."

Ye Feng did not answer immediately. He pondered for a moment. "I am going to Japan soon, I will talk to them."

"As for you... Continue to take charge of the company and make amends."

With that, he turned around and left with Feng Jingyi and the others.

Li Yuan was extremely grateful. He hurriedly led a group of higher-ups to send Ye Feng and the rest out of the company.

The employees of Fengsheng Trading looked at Ye Feng and his group from afar. Their eyes were filled with surprise.

“Is that our new boss? He looks so young and handsome.”

“He should be a rich second-generation heir, right? Is it reliable for such a person to be our boss?”

“Don’t underestimate this new boss. I heard that the moment this new boss came up, he sent several senior executives to prison.”

“Really? Isn’t this too ruthless?”

“I heard from Secretary Xu just now that Niu Wangcai and Lin Zhengde are suspected of embezzling public funds and have already surrendered to the Economic Investigation Team. They will be imprisoned for at least a few years.”

“Oh my god, this new boss looks young, but I didn’t expect him to be so tough.”

“I think it’s pretty good. Now that so many senior executives have been dismissed, many positions have been vacated. As long as we perform well, we have a chance to be promoted.”

“Wow, the new boss is so charming. He’s so young, handsome, and so strong. He’s fulfilled all my fantasies about men!”

“Stop dreaming. He’s so outstanding. Would he fall for you?”

“Can’t I just fantasize about it?”

For a time, Ye Feng became the topic of conversation for all the employees of Fengsheng Trading.

And the fact that he sent several executives to prison as soon as he came to power became a hot topic for everyone.

They were all shocked by the iron fist of this new boss.

..

On the way back to the hotel, Ye Feng received a call from Cheng Fei’er.

“Ye Feng, Ah Can has sent news, he said that his employer in Japan has contacted him and asked him to leave for Japan in two days. We should leave in the next few days.”

“Then do I need to make any preparations?”

“The procedures have been completed, and we have also arranged for people to go to Japan first to pave the way for us. All we can do now is wait for the higher-ups to inform us of the operation.”

“Yes, I know.”

Ye Feng hung up after saying that.

On the other end of the phone, Cheng Fei'er gritted her teeth in anger. Did this guy have nothing else to say to her other than the mission?

It was too infuriating!

However, when she thought of the upcoming trip to Japan and the opportunity to fight side by side with him, her anger turned into joy.

Hmph, Surnamed Ye, you can't escape from my palm.

Chapter 1130 You're Not Talking About Me, Are You?

1130 You're Not Talking About Me, Are You?

Just as Ye Feng and Feng Jingyi walked out of the parking lot and were about to return to the hotel, they saw a graceful figure standing at the entrance of the hotel.

The girl was wearing a white dress, and her beautiful little face had a little baby fat. She stood there like a fairy who had fallen into the mortal world.

Many people who walked in and out of the hotel couldn't help but slow down when they passed her, wanting to enjoy the 'beautiful scenery'.

Even though they were far away, Ye Feng had good eyesight. He recognized that the girl was Shen Baitian, whom he had not seen for many days.

"Baitian, why are you here?" he immediately asked.

When Shen Baitian heard his voice, her face lit up, but when she saw Feng Jingyi beside him, her smile froze and she stopped in her tracks.

Feng Jingyi was also a smart person. She immediately understood. She turned to Ye Feng and smiled. "I'll go back to my room first."

Then, she nodded at Shen Baitian and went back to the hotel.

Ye Feng quickly walked to Shen Baitian. "Baitian, why didn't you call me before coming to Yang Cheng so I can pick you up?"

Shen Baitian glared at him. "Hmph, Mr. Ye has so many women around him. Do you still have time to answer my call?"

Ye Feng immediately laughed: "We are good friends. No matter how busy I am, I will not neglect you."

"Friends?" When Shen Baitian heard this, her big eyes immediately teared up. "Just friends?"

Ye Feng coughed dryly. "Baitian..."

Before he could say anything, Shen Baitian interrupted him, "Ye Feng, I like you, let's be together?"

"Uh..."

Ye Feng was at a loss. After a long time, he finally spoke: "Baitian, I think, that... It's a little too sudden..."

Shen Baitian stared at him for a long time before she suddenly laughed. "Silly."

With that, she turned around and walked toward a supermarket.

Ye Feng could only follow closely behind.

Shen Baitian bought a lot of canned beer and snacks in the supermarket and then walked to the counter to pay.

Just as the cashier scanned the code, she suddenly took a small box from the shelf in front of the counter and handed it over.

Ye Feng noticed that the logo on the small box was 'Durex'.

The cashier took the box and could not help but look up at Shen Baitian and Ye Feng, before continuing to scan the code.

Shen Baitian's pretty face was flushed. After paying, she carried a big bag of things and walked out quickly.

Ye Feng's mind went blank. He followed behind like a puppet.

The two of them entered the hotel one after another. Shen Baitian went to the front desk to book a room and then went upstairs with the room card.

Ye Feng had already realized what was going to happen next. Although he was no longer an inexperienced young man, his heart was still beating wildly.

Did he have such feelings for Shen Baitian?

It would be a lie to say that he didn't.

Whether it was her appearance or figure, Shen Baitian was a peerless beauty.

As long as he was a normal man, it was impossible for him not to have any improper thoughts.

Now that such a beautiful woman had already booked a room and bought a condom, she was obviously prepared to be his.

He was a little nervous. This... This was not good, right?

He was a decent person!

As his imagination ran wild, he followed Shen Baitian into the room.

The room wasn't big, and the overall color was pink. It was obviously designed to make it convenient for couples to do things.

It was obviously Shen Baitian's first time in a room like this. As soon as she entered, her face was flushed red to the tips of her ears, which complemented the overall color of the room.

She took off her white canvas shoes at the door, revealing a pair of small, sparkling feet. She stepped on the white carpet and walked in.

Ye Feng did not have any weird kinks, but when he saw that pair of small feet that were like a work of art, his heart started beating wildly again. He wanted to hold them in his hands and play with them for a while.

Shen Baitian took out the drinks and snacks she had bought and placed them on the coffee table. Then, she sat on the carpet and looked up at him. "Can you drink with me?"

Ye Feng was already here. What else could he say? He immediately sat down.

Shen Baitian opened a can of beer and handed it to him, then opened one for herself. "I heard that you're doing well in Yang Cheng. Congratulations, Mr. Ye, hehe."

She took the initiative to touch Ye Feng, then raised her head and gulped down two mouthfuls. Because she drank too much, she started coughing violently.

Ye Feng hurriedly patted her back. "If you can't drink, then don't drink."

Shen Baitian pushed him away. "Who said I can't drink? I can hold my liquor."

Ye Feng saw that she was so stubborn and did not say anything more. He could only go along with her.

The two of them chatted for a long time, but it was mainly Shen Baitian who was talking while Ye Feng was listening from the side.

The topic basically revolved around some interesting things that happened to her since she was young. There was no clear topic.

Ye Feng could tell that she was trying to find something to talk about, or rather, she was trying to ease the fear in her heart.

She had drunk five cans of beer, and her pretty face was already red. Her eyes were also a little drunk.

"Ye Feng, do you know? I've never met anyone I like since I was young."

"In the past, many boys pursued me, but I didn't like them because they were too childish."

“They were just lucky to be born into a good family. They’re not capable at all...”

“Later, I met a very special boy. His family was not rich and he was often laughed at.”

“However, he did not blame himself. Instead, he continued to prove his strength and value through his own efforts...”

“At first, I didn’t realize that I liked him. Until one day, he went to another city. We didn’t see each other for a long time. I thought I would slowly forget him.”

“But I was wrong, very wrong! His importance in my heart didn’t fade with the passage of time. Instead, it became heavier and heavier. It was only then that I realized how important he was to me...”

As she spoke, she suddenly raised her misty eyes and looked at him. “Do you know who I’m talking about?”

Ye Feng coughed dryly. “Are you talking about me?”

Shen Baitian stared at him for a long time before she suddenly took the initiative to kiss him.

“Wu...”

Ye Feng’s eyes widened.

Was he ambushed?
