

## Chapter 12

Do I Need To Report To You When I Come Here?

World City.

In the Cartier flagship store.

Lin Jie was bringing a girl to choose accessories.

The girl's name was Xu Man, and she was also a first-year student at Zhonghai University.

Xu Man's figure was graceful and her face score was around 85 points. She was the prettiest girl in the Chinese Department.

The first time he saw Xu Man, Lin Jie was deeply attracted to her and swore that he would get her.

In the beginning, Xu Man did not care about him, but he did not give up and continued to give her all sorts of gifts.

In the end, Xu Man agreed to go on a date with him under the temptation of money.

Today, he brought Xu Man to World City and bought her luxury items in hopes of taking things further with her...

Gradually, Lin Jie's gaze on Xu Man turned lecherous.

Xu Man was a little unhappy when she noticed it.

If it was not for Lin Jie's generosity, she would not have bothered with him at all with his 1.7-meter height and ordinary looks.

It was impossible for him to get closer to her, but...

If there were benefits to be reaped, she would not be soft-hearted.

Xu Man extended her slender wrist and asked Lin Jie, "Lin Jie, is it nice?"

She was wearing the latest bracelet from Cartier.

Lin Jie looked at Xu Man's mesmerizing smile and immediately nodded. "It looks good, it looks good. Man Man, you look good in anything."

"Really?"

"Of course it's true." Lin Jie nodded and then turned to call the staff. "Wrap this bangle up."

"Alright!" The staff member quickly nodded.

The smile on Xu Man's face widened.

After a while, the staff member packed the bracelet and smiled at Lin Jie.  
“Hello, Sir. The total is 65,000...”

“How much?” Lin Jie asked in disbelief.

The staff member still had a polite smile on his face. “65,000 dollars.”

Upon hearing that, Lin Jie’s smile froze.

It was actually so expensive!

He had thought that this bangle would be worth at most 10,000 yuan.

The staff member could see that Lin Jie’s expression was not good, so he quickly explained with a smile, “Sir, this bangle is the latest model from Cartier, it uses...”

Lin Jie did not listen to the staff. He just smiled at Xu Man and said, “Man Man, I don’t think this bracelet suits you very well. Why don’t you pick another style?”

His monthly pocket money was only 10,000 yuan.

It was not worth it to spend half a year of his pocket money on a woman.

Most importantly, he didn’t have any pocket money left every month, so he couldn’t afford such an expensive bracelet.

Xu Man’s face was filled with grievance. “But I just want this.”

“Lin Jie, don’t tell me you don’t want to buy it for me?”

“No, no!” Lin Jie saw that Xu Man’s expression was turning ugly, so he quickly shook his head.

He really did like Xu Man.

He had spent a lot of money to pursue Xu Man. It would not be worth it if his relationship with Xu Man worsened because of this.

But he really didn't have the money to buy it...

What to do?

Just as Lin Jie was in a dilemma, a familiar figure appeared.

It was him?

Lin Jie's pupils constricted in surprise.

What was he doing here?

But soon after, he was overjoyed. He had finally found a way out.

“Man Man, I just saw an acquaintance. Let’s go and say hello.”

After he finished speaking, Lin Jie had already lifted his legs and walked out of the shop.

Xu Man frowned.

She felt that this was Lin Jie’s excuse for not wanting to buy her a bracelet.

However, since Lin Jie had left, there was no point for her to stay here. Furthermore, without Lin Jie, her life would not be so comfortable...

After weighing the pros and cons, Xu Man still followed Lin Jie.

...

“Ye Feng!”

A voice came from behind.

Ye Feng stopped in his tracks. He did not even need to turn around to know who it was. The owner of this voice was too annoying.

He turned around.

As expected, he saw Lin Jie walking toward him with his hands in his pockets.

Behind Lin Jie, there was still this pure and innocent girl.

When Lin Jie looked at Ye Feng, his eyes were filled with undisguisable contempt.

Xu Man, on the other hand, was staring at Ye Feng's face in surprise.

He was so handsome!

But when she saw Ye Feng's ordinary clothes, her gaze turned cold again.

Ye Feng did not expect to meet Lin Jie here.

Previously, the little fatty had told him that Lin Jie had gone to pick up girls, but he did not expect to meet him so soon. What bad luck.

He was too lazy to pretend, so he just asked coldly, "Why are you calling me? What's the matter?"

"I'm fine. I just saw an old acquaintance, so I came over to say hello."

"We're close?"

"We're from the same dormitory. How can we not be familiar with each other?"

"By the way, Ye Feng, why are you here?" Lin Jie knew that Ye Feng did not like him, and he did not want to bother with Ye Feng, but he was really curious about the reason why Ye Feng was here.

Hearing this, Ye Feng smiled, “Is this your family’s property? Do I need to report to you when I come here?”

“ ... ”

Seeing that Lin Jie was defeated, Ye Feng was too lazy to argue with him, he turned around and left immediately.

Lin Jie’s expression was a little ugly.

He was a rich second-generation heir, and he took the initiative to greet Ye Feng because he thought highly of him, but he didn’t even give him any face.

This was too much!

Seeing Ye Feng walking towards a luxury clothing store, Lin Jie was even more curious.

With his understanding of Ye Feng’s family background, he knew that Ye Feng would never be able to afford the items in that shop.

Could it be that Ye Feng was looking for a part-time job?
