

Chapter 14

You Even Know Such a Rich Classmate?

Ye Feng shook his head. "It's fine. Just pay the bill!"

"Alright, this way please!" The shop assistant was very excited. She quickly brought Ye Feng to the cashier.

Not far away, Lin Jie and Xu Man were dumbstruck.

Looking at Ye Feng's back, Lin Jie's eyes were filled with doubt.

Xu Man's eyes were glowing.

Even if she didn't know much about watches, she knew that the Bulgari watch was a top luxury watch.

Even the cheapest one would cost more than a hundred thousand.

But Ye Feng only took two looks and decided to buy it. This was too generous.

"Lin Jie, you know such a rich classmate?" Xu Man asked Lin Jie after she regained her senses.

Lin Jie felt that there was something wrong with Xu Man's gaze. However, he shook his head when he did not see anything unusual.

"We live in the same dormitory, so how could I not know him? How could he have any money? His parents are ordinary workers, and their monthly living expenses are only one or two thousand."

He was also very puzzled.

With Ye Feng's financial ability, it was impossible for him to spend here.

But Ye Feng seemed to be very confident...

Was Ye Feng crazy?

Or did he win the lotto?

Lin Jie could not figure it out, so he decided to follow them to take a look.

Xu Man also wanted to see if Ye Feng was really rich, so she walked toward the cash register with Lin Jie.

...

In front of the cashier.

"Hello, Sir. The total is 7.65 million yuan."

“Do you have a membership card? If you have a membership card, you can get a 10% discount,” the store manager said to Ye Feng with a smile.

Normally, the manager didn't need to personally be the cashier for such a small matter.

But Ye Feng was too generous.

In less than 20 minutes, he had placed an order of more than 7 million yuan.

For such a god-like customer, the store manager had to show her respect to Ye Feng.

“No...”

Ye Feng was about to shake his head when he suddenly remembered that he had a Black Gold Card for World City.

So, he took out his Black Gold Card and handed it to the store manager.

When the store manager saw the Black Gold Card, she was first stunned, then her eyes widened, and her face was full of disbelief.

“Could this be...”

She naturally recognized the Black Gold Card from World City.

However, she knew about the two who had the Black Gold Card, but she had never heard of them giving it away.

Or was Ye Feng the third person?

The manager did not dare to ask this question. She could only return the Black Gold Card to Ye Feng.

“Mr. Ye, I’m very sorry. With my authority, I can’t help you settle the bill. Can you wait here for a moment?”

When she said this, the store manager was very nervous, afraid that she would offend Ye Feng.

Ye Feng saw that it was still early, so he nodded in agreement.

“Thank you,” the store manager said, relieved.

After asking the shop assistant to take good care of Ye Feng, the store manager quickly called the secretary of the top management of World City.

...

On the top floor of World City.

In a luxurious office.

Tan Yun, the person in charge of World City, was looking through last month's financial statements.

Knock, knock, knock!

There was a sudden knock on the door.

“Come in!” Tan Yun shouted without even looking up.

The next moment, Secretary Xiao Yue pushed the door open and entered.

“President Tan!”

“What is it?”

“Someone came to our World City with a Black Gold Card...” the secretary reported.

Tan Yun’s eyes widened in disbelief when she heard that it was related to the Black Gold Card.

All the Black Gold Cards in World City were in Tan Bohong's hands.

To be able to make Tan Bohong give them a Black Gold Card, the other party's identity must not be ordinary. Even she did not dare to offend such a person.

"Let's go and take a look!"

After that, Tan Yun stood up and walked out of the office.

Her secretary, Xiao Yue, followed closely behind.

Very quickly, the two of them rushed to the luxury store.

When the manager saw Tan Yun, she quickly greeted her respectfully,
"President Tan!"

"Where is he?" Tan Yun asked as she searched the store.

After looking around, she focused her eyes on a young man in the rest area.

At the same time, the shop assistant's voice was heard. "The one sitting in the rest area is Mr. Ye."

Tan Yun nodded and walked to the rest area.

Ye Feng noticed that someone was approaching, he raised his head and saw the store manager and two women walking toward him.

The woman in the front looked to be in her late twenties. She had short hair and was wearing a suit. Her aura was similar to Lin Junjun's, but they were different.

Lin Junjun gave off the impression of a powerful big bear, while the woman in front of him was equally capable and experienced, but she was gentler.

The other woman was about 80 points in looks and was thin...

She was not the type that Ye Feng liked.

So, he only took one look and then looked away.

At this time, Tan Yun also came to Ye Feng. She smiled and stretched out her hand. "Hello Mr. Ye, I'm Tan Yun, the person in charge of World City."

"Hello, President Tan!" Ye Feng smiled and shook hands with Tan Yun.

"Mr. Ye, can I see your Black Gold Card?"

"Of course!"

After that, Ye Feng passed the Black Gold Card to Tan Yun.

Tan Yun took it with a smile.

A moment later, her eyes suddenly focused.

She was very familiar with the Black Gold Card. There were several symbols on it that could not be forged, so this card was real.

Immediately, Tan Yun returned the card to Ye Feng and apologized, “Mr. Ye, I apologize for my suspicion just now...”
