

100 Million 191

Chapter 191 - 191 A First-Year Student With a Net Worth of Tens of Billions?

191 A First-Year Student With a Net Worth of Tens of Billions?

[Student Ye Feng is definitely the most talented businessman I've ever seen. If he's willing to transfer to the business school of Zhonghai University, I'll definitely do my best to train him.]

Just as everyone in the broadcast room was discussing the share transfer papers and Wen Qixian's apology, Professor Jiao Yan suddenly posted a top comment.

In the comments, she did not hide her admiration for Ye Feng.

Mao Qianqian, who was at the scene, felt a little sour in her heart when she saw Jiao Yan's words.

She used to be the top genius of the business school and Professor Jiao Yan's favorite student.

But now, because of Ye Feng's appearance, her teacher had 'changed her love'.

However, when she thought of Ye Feng's achievements, she could no longer be angry.

After all, just from that stack of share transfer papers, Ye Feng's talent in business was already unquestionable.

Not to mention Zhonghai University, even among the university students in the country, how many of them could achieve such an achievement?

Following Jiao Yan's comment...

Dean Pang Guangnian's top comments also followed one after another.

[A young talent like Ye Feng should be a role model for Zhonghai University students. I'll suggest to the school to set Ye Feng as a benchmark and let us learn from him!]

Seeing these two comments appear one after the other, the live broadcast room of 'Bizarre Student Awards' fell into chaos again.

[Professor Jiao Yan actually extended an olive branch to Ye Feng? I'm not dreaming, right?]

[That's right. Ye Feng must be very outstanding to be invited by a professor like Professor Jiao Yan.]

[Senior Mao Qianqian is trembling.]

[If Ye Feng is here, her title as the top genius of the business school will be replaced.]

[Ye Feng, please don't come to the business school! I'm afraid that even our Senior Sister Mao can't resist his charm.]

[She's the only beauty in our business school. Just leave her to us.]

[Dean Pang's comments are even scarier. He actually wants to set Ye Feng as a benchmark and let us all learn from him?]

[What's wrong with that? Ye Feng has such achievements at such a young age, isn't he worth learning from?]

[Hahaha, I'm dying of laughter, upstairs. I f*cking want to learn, but can I?]

[What can't you learn? Ye Feng is a human, we are also human. If he can do it, we can definitely do it too! Nothing is impossible in this world, only those with a heart are afraid of it.]

[You've read too many chicken soup for the soul, right? Even though we are all humans, the difference between humans is sometimes even greater than the difference between humans and gods. People can have a net worth of tens of billions at the age of 20. It'll be good enough if you can earn a few million in your life.]

[What you said makes sense, I'm actually speechless!]

[I already understand why Shen Baitian and that girl are so infatuated with Ye Feng. What woman wouldn't love a man like him?]

[An outstanding man is a scarce resource. Of course, people will fight for him. I think Shen Baitian did the right thing!]

[It's a pity that I'm not as pretty as Shen Baitian. Ye Feng probably won't be interested in me.]

[Be more confident and remove the 'should be'. He definitely won't like you.]

[...]

It wasn't just in the live broadcast room of 'Bizarre Student Awards'.

Everyone, including those in the program venue, felt a little emotional.

Ye Feng had such a huge family fortune at such a young age.

If he were to be set as the benchmark for the students of Zhonghai University...

Then, he would become a legendary figure in Zhonghai University. He would be worshipped by countless junior brothers and sisters – just thinking about it made them envious!

However, everyone was also very clear.

There were some things that could not be envied.

True geniuses made people unable to even feel jealous.

This was because they were no longer on the same level.

After Zhang Chunhong was done with her thoughts, she hurriedly summarized everything in front of the camera.

“Alright, that’s all the programs for today’s ‘Bizarre Student Awards’. Now, let’s summarize today’s gains...”

“We first found a piece of Emperor Jade in Ye Feng’s house. We’ll price it at 600 million yuan.”

“We also found a lot of property ownership certificates. Due to time constraints, we can’t give a specific valuation, so we’ll calculate it at 3 billion for now.”

“As for these share transfer documents, due to the trade secrets involved, it is inconvenient for us to disclose the specific share ratio. However, the total value should be around 6 or 7 billion...”

Just as she was concluding Ye Feng’s assets...

On the side of Zhonghai University, Pang Guangnian and Jiao Yan had already arrived at the principal’s office.

At that time, Principal Hu Donghai was working at his desk.

Hu Donghai was surprised to see the two of them come in together.

“The two of you are usually elusive, and it’s difficult to even see one of you. Today, you two actually appeared at the same time. Did the sun rise from the west?”

Pang Guangnian and Jiao Yan looked at each other and smiled when they heard Principal Hu Donghai’s teasing.

“Principal, we’re here today to report something to you.” Pang Guangnian impatiently opened his mouth.

“Oh? What could have alarmed the two of you?”

Hu Donghai could not help but feel curious.

“Dean Pang and I were just watching ‘Bizarre Student Awards’, and we discovered an extremely outstanding student.”

Jiao Yan, who was at the side, answered first.

“‘Bizarre Student Awards’? Oh, it’s the live broadcast program that our school’s Journalism Department is doing, right?”

Hu Donghai immediately lost interest in listening to what they had to say.

He knew about that program. It was a program created by a group of students to explore the wondrous life of college students.

When the program started broadcasting, he had also gone to take a look.

Although this program was a little creative, it didn't have any practical value. At most, it was just to pass the students' boring time.

However, although this program had no benefits or disadvantages, Hu Donghai let it be.

In his opinion, how could an ordinary exploration program find any valuable students?

Pang Guangnian saw that he was unconcerned and hurriedly continued to explain.

"This student is really something. He's only a freshman and already has a net worth of 10 billion..."

"What?"

When Hu Donghai heard this, he immediately jumped up from his chair.

A freshman?

A net worth of 10 billion?

Wait, let him take a break.

Chapter 192 - 192 What's the Name of This Student?

192 What's the Name of This Student?

After a while, Hu Donghai could no longer sit still. "What's the situation?"

Pang Guangnian and Jiao Yan saw that the principal was so anxious, but they were not anxious.

They sat on the sofa unhurriedly and sipped their tea slowly.

Hu Donghai walked over impatiently. "Why don't you guys tell me what's going on?"

Jiao Yan was also afraid of making the old principal anxious, so she had to explain.

"Today, the 'Bizarre Student Awards' section team went to explore a student's residence. As soon as they entered, they found a piece of raw jade stone..."

Hu Donghai was a little confused. "What's so special about the raw jade stone?"

Jiao Yan nodded in agreement. "If it's just an ordinary raw jade stone, of course it's not rare. But this raw stone is no small matter..."

"What's so special about it?"

"Principal, don't always interrupt me!"

"Alright, alright, alright. I won't interrupt you. Hurry up and tell me!"

Jiao Yan adjusted her sitting position. "That's a piece of Emperor Jade Green raw stone. It's dozens of kilograms..."

"What?"

Hu Donghai's eyes immediately widened and he looked at her in disbelief. "Are you sure it's the best Emperor Jade? And it's a few dozen kilograms?"

He didn't know much about jade, but he knew that the Emperor Jade Green was the highest grade of jade.

It was commonly known as an emerald.

Even if it was only the size of a fingernail, it was already very valuable.

Not to mention that it weighed tens of kilograms.

How much would that be worth?

Jiao Yan nodded with certainty. "I've done some research on jade. I'm sure of it."

Hu Donghai had some understanding of this.

Jiao Yan was not only a little knowledgeable about jade, but she had also done a lot of research.

She was even invited by many jewelry companies to be a consultant.

Since she said it was true, it must be true.

"A few dozen kilograms of Emperor Jade Green? How much would that be worth?"

Hu Donghai couldn't help but sigh.

“I have a friend in the jewelry business who wants to buy it for 580 million...”

Jiao Yan threw out another important piece of information.

“580 million?” Hu Donghai was so shocked that his eyes were wide open.

What kind of godly student was this?

A piece of raw jade in his house was worth 580 million yuan?

“However, not long after I made my bid, someone in the ‘Bizarre Student Awards’ live broadcast room made a bid of 600 million,” Jiao Yan said helplessly.

“Wait a moment, let me take a break.” Hu Donghai sat down slowly and poured himself a glass of water.

“What happened after that?”

“In the end, the student rejected the offer of 600 million yuan. He didn’t lack that little bit of money at all.”

“Pfft...” Hu Donghai spat out the water in his mouth.

This was not 6,000.

It wasn't 60,000.

That was 600 million yuan!

This was called 'that little bit of money'?

“What happened after that?”

“After that, the Jiangling Group went into another storeroom and found a property ownership certificate. The house on the property ownership certificate was worth 100 million yuan...”

Ms. Jiao Yan continued her report.

“A house worth 100 million yuan? What kind of mansion is it?”

Principal Hu couldn't even imagine what the house looked like. Poverty had also limited his imagination.

"That's nothing. When the Jiangling Group pulled open the drawer at the student's desk, it was full of property ownership certificates."

"A drawer full of property ownership certificates?"

Principal Hu's eyes were wide open in disbelief.

This was the first time he had heard that the property ownership certificate could be described as 'a drawer full.'

"At that time, I had the same expression as the principal. We both felt that it was unbelievable. Later on, they found a box of property ownership certificates in a cardboard box. A conservative estimate would be that there were thousands of them..."

"A box of property ownership certificates?"

Principal Hu hurriedly covered his heart.

He felt that he couldn't listen to this any longer, or he would have a heart attack.

Moreover, if the person who spoke was not Jiao Yan, he would have thought that she was talking in her sleep.

Property ownership certificate... Could this thing still be described as 'a drawer' or 'a box'?

However, Hu Donghai also knew that Jiao Yan was a professor at Zhonghai University's business school. She was strict in her studies and never spoke nonsense.

That was why he found it difficult to accept.

There were thousands of property ownership certificates.

This was simply unbelievable!

However, this was not the end.

Pang Guangnian also took the opportunity to speak.

"That was when I entered the livestream room. Then, I saw the most shocking scene I've ever seen in my life."

Hu Donghai looked at him doubtfully. "Could there be something even more shocking?"

"Compared to what's going to happen next, the previous scenes are nothing."

"Pfft... This is nothing?"

"Next, the Jiangling Group of 'Bizarre Student Awards' came to a nanny room and found a shoebox. Inside the box was a share transfer letter for Yuanfang Wenchuang Real Estate..."

"Share transfer agreement?"

Hu Donghai was a little stunned. There was actually a share transfer agreement?

"That's right. According to the agreement, the student will own 60% of the shares of Yuanfang Wenchuang Real Estate, which is worth at least 600 million yuan."

"This... It can't be fake, right?"

Hu Donghai felt that it was a little outrageous.

A first-year student could own 60% of the shares of a real estate company?

Wasn't this too ridiculous?

"I'm acquainted with President Huang from Yuanfang Wenchuang Real Estate, so I called him personally to confirm that the share transfer agreement is real," Jiao Yan explained.

Principal Hu was a little dumbfounded.

He felt that his brain wasn't enough.

Pang Guangnian continued, "I originally thought that the show would end here. However, they soon found a shoebox with several shares transfer papers in it..."

"Several?"

Hu Donghai stared at him blankly.

"That's right. There's Lingyun Real Estate, Silver Brilliance Building, Tian He Hotel, Taigu Shopping Center, and many other high-quality enterprises. They're worth at least seven to 8 billion yuan in total!

When Hu Donghai heard this, he felt his scalp go numb.

The Emperor Jade Green and the property certificate were already shocking enough.

However, compared to these transfer of shares, it was slightly inferior.

It was hard for him to imagine that a first-year student could have so many company shares.

He had just entered the school and had already become a big boss in the business world.

He was definitely a genius that had never been seen since the establishment of Zhonghai University.

As the principal of Zhonghai University, he had never heard of this student.

This made him extremely ashamed.

“What’s the name of this student?”

He quickly turned to look at Pang Guangnian and Jiao Yan.

“Ye Feng.”

“Ye... Ye Feng?”

Principal Hu was dumbstruck.

Chapter 193 - 193 The Whole School Is Shocked! The Wind Has Changed Direction!

193 The Whole School Is Shocked! The Wind Has Changed Direction!

After a long time, Hu Donghai burst into laughter.

“I didn’t expect it to be this little fellow.”

Pang Guangnian and Jiao Yan looked at each other, both somewhat astonished.

“Principal, do you know Ye Feng?”

Hu Donghai immediately nodded.

“Of course I do. I was sending my wife to the hospital a while ago, but my car broke down halfway.”

“I asked the passing cars for help, but no one helped me.”

“At this time, it was Student Ye Feng who happened to pass by and sent me and my wife to the hospital...”

When Pang Guangnian and Jiao Yan finished listening to Hu Donghai’s story, they were filled with deep respect for Ye Feng.

“I didn’t expect this Student Ye Feng to not only be a business genius, but also a good kid who acts bravely for a just cause.”

“Compared to his talent in business, I value his character more. Such an excellent student should be a role model for all of us!”

“Principal, I suggest that we set Ye Feng as a role model and let all the students of Zhonghai University learn from him.”

“I agree. If we don’t focus on nurturing a good seedling like Ye Feng, who is excellent in both character and studies, it would be too unreasonable.”

After listening to their suggestions, Hu Donghai frowned and pondered for a moment.

“I agree with your suggestion in principle, but I hope this matter can be put on hold.”

“Why?”

Pang Guangnian and Jiao Yan were both puzzled.

They really liked Ye Feng too much.

They wanted to announce to the whole school that they were learning from Ye Feng.

“Because of today’s live broadcast, Ye Feng has been pushed to the forefront of the storm. If we were to announce that we’re setting him up as a role model for everyone to learn from, we’ll only be harming him instead. The tallest tree in the forest will be destroyed by the wind. We have to protect this good seedling!”

Hu Donghai voiced out his inner thoughts.

Pang Guangnian and Jiao Yan also nodded in agreement.

They didn't expect Principal Hu to think so highly of Ye Feng.

It could be said that he had good intentions!

Indeed, after today's live broadcast, Ye Feng could be said to be in the limelight.

If they were to take him as a role model at this time...

This was no different from overpraising.

They could only wait for the storm to subside a little before pushing this matter forward.

..

On the other side, in Zhongtian Lake-View Villa No. 1.

"Thank you, students, for watching this episode of 'Bizarre Student Awards'. Our program for this episode ends here. Goodbye!"

Zhang Chunhong only heaved a sigh of relief after she finished her closing remarks.

Today's live broadcast was more tiring than any previous episode.

At the same time, her gains were huge.

The highest number of people online at the same time in the live broadcast room had reached more than 30,000.

It was a miracle that a live broadcast program on campus could reach such a number.

They had received nearly 1 million yuan in gifts alone.

This was something that they had never dreamed of.

"Everyone has worked hard. Let's have a meal together tonight as a celebration," Zhang Chunhong announced to everyone with a smile.

The crowd cheered.

At that moment, Mao Qianqian suddenly suggested, "Then should we call Ye Feng along? Although he didn't appear on camera today, he's the biggest contributor to this show. We should be thanking him the most!"

"That's right, we really have to thank Ye Feng this time. Without him, our show wouldn't have been so successful." Zhang Chunhong also nodded in agreement.

Mao Qianqian's face was filled with curiosity. "To be honest, I'm really quite curious right now. I really want to meet this Junior Brother Ye."

Hearing her words... Shen Baitian, who was standing at the side, suddenly became alert.

Not only was this Senior Mao beautiful, but she also had an excellent talent for business.

If she was really interested in Ye Feng, she would be a strong competitor!

Zhang Chunhong turned to look at her. "Baitian, call Ye Feng and ask if he's free tonight. Let's have a meal together."

Shen Baitian was extremely unwilling.

But now that everyone was looking at her with anticipation, she couldn't refuse.

She had no choice but to take out her phone and call Ye Feng.

“Hey, Ye Feng, where are you now?”

“I’m talking to a friend. Is the live broadcast over?”

“Yes, it just ended. Did you watch the live broadcast?”

“I didn’t. Are there a lot of people scolding me?”

“On the contrary, many people regard you as their idol now. Some people even call you ‘God Feng’. You’re completely on fire now.”

“That’s not good. I’m Ye Feng, a wood life. It’s not good to encounter fire.”

“Pfft... Seriously, we want to have dinner tonight, are you free? Everyone wants to see you.”

“See me? There’s no need for this, right? I’m not familiar with them.”

“I... I know.”

Shen Baitian immediately hung up the phone.

Then, she turned to look at Zhang Chunhong, Mao Qianqian, and the rest. “I’m sorry, Ye Feng can’t make it.”

Upon hearing her words, a look of disappointment flashed across Mao Qianqian’s face.

As a talented girl from the business school of Zhonghai University, she had always been proud of her business talent.

Today, however, she had met a genius who was younger than her and more talented in business than her. Naturally, she wanted to meet him in person.

But now, he was busy and couldn’t come, so she couldn’t help but feel a little regretful.

..

At the same time.

The direction of the campus forum of Zhonghai University suddenly changed.

The originally one-sided battle against Ye Feng had a 180-degree change.

They began to brainlessly flatter him.

[God Feng, I was wrong. I posted something to scold you before. I take back those comments and give you my sincerest apology!]

[I've decided. God Feng will be my idol from now on. If anyone dares to disrespect my idol again, I'll fight them to the death!]

[I'm making a bold prediction. The God Feng's future is limitless. His name will definitely be on the Huran Rich List.]

[Stupid c*nt above, what kind of bold prediction is that? With his current wealth, it's enough for him to be listed on the top of the Huran Rich List. It all depends on whether he's willing to do it.]

[A billionaire at the age of 20. I'm afraid there's no one like him in the past or in the future.]

[I used to think that Ye Feng wasn't good enough for Campus Belle Shen, but now I suddenly feel that it's actually Campus Belle Shen who isn't good enough for Ye Feng.]

[I guess Shen Baitian also understands this. That's why she's willing to share him with other girls.]

[If I were a woman, I'd be willing too. So the question is, is it too late to go to Thailand now?]

[The one upstairs, shall we go together?]

[Alright, I'll go buy the plane tickets now!]

[God Feng, wait for us to come back...]

Chapter 194 - 194 Are You Trying To Seduce Me?

194 Are You Trying To Seduce Me?

On the other side, at Ye Feng's side.

"By the way, where were we just now?"

After Ye Feng finished reading some messages, he put down his phone and looked up at Zhou Shuyao.

“We were talking about going home for the Mid-Autumn Festival,” Zhou Shuyao immediately reminded him.

“Yes, you said you had something to ask me for help? What’s the matter?”

Ye Feng picked up the cup on the table and took a sip.

“My parents said... They want me to go back for a blind date during the Mid-Autumn Festival...”

Zhou Shuyao’s expression was somewhat depressed.

“So, you want me to help you check?”

Ye Feng had a teasing smile on his face.

“No, I just want you to help me... Mess up this matter.”

Zhou Shuyao had a pleading expression.

“This... That’s not good, right? If your parents find out, they’ll beat me to death, right?”

Ye Feng was in a difficult position.

“Please, you have to help me. I really have no other way.”

Zhou Shuyao hurriedly grabbed his big hand, as if she was holding onto a life-saving straw.

“Then how do you want me to help you?”

Ye Feng could not bear to see her begging expression.

“You... can you pretend to be my boyfriend?”

Zhou Shuyao’s expression was a little unnatural, as if she also felt that this request was a little too much.

“That simple? If I pretend to be your boyfriend, won’t your parents force you to go on blind dates?”

Ye Feng was a little suspicious.

“My parents want me to marry a rich man, and you...”

“And I happen to be quite rich?”

Ye Feng gave the answer for her.

“You’re not just rich, you’re extremely rich. If my parents know about this, they will definitely agree.”

Zhou Shuyao’s grip on his hand tightened.

At the same time, she used the tip of her little finger to scratch his palm.

“Is this a honey trap?”

Ye Feng’s heart was itching from her teasing action.

“Then did you fall for it?”

Zhou Shuyao's beautiful eyes stared at him.

It had to be said that she was quite lethal like this.

She was already very beautiful, and she had specially dressed up when she went out today.

Right now, her entire person was exuding a shocking charm.

Ye Feng took the opportunity to hold her small hands. "It's not impossible for me to help you. But I've never made a losing deal. How are you going to thank me?"

Zhou Shuyao's eyes flashed with a trace of panic, and she immediately wanted to pull her hand back.

However, Ye Feng's grip was very tight and she couldn't move at all.

She immediately put on a pitiful expression. "How do you want me to thank you, then?"

Ye Feng's eyes sized her up without any restraint. "Then you..."

Zhou Shuyao was a little nervous. "I'll say this first. If it's too much, I won't agree to it."

Ye Feng's lips curled up slightly. "You're thinking too much. I just wanted to say, you should pay for today."

After he finished speaking, he stood up and left.

Zhou Shuyao looked at his back in a daze.

She didn't know why.

Ye Feng did not make any excessive requests.

Instead, she was a little disappointed.

Could it be that he didn't have anything he wanted on her?

How sad!

..

Ye Feng was driving his Lykan supercar toward Zhongtian Lake-View Villa.

He quickly noticed it.

There was a car behind him. It had been following him since he left the restaurant.

However, the other party was well hidden. There were a few cars between them.

If he wasn't more alert, he might not have noticed.

Thinking of this, he immediately changed his driving route.

He was going to lead the car to a remote area and then force the other party to tell him where he came from.

However, the person in the car was also very alert.

After following for a while, they realized that something was wrong and immediately turned around to leave.

Ye Feng looked at the direction of the car and cursed in his heart.

You ran fast!

..

The car that was following Ye Feng had driven far away, but the other party did not catch up.

The bald man in the driver's seat heaved a sigh of relief.

He didn't expect that kid to be so smart. He almost got caught like a turtle in a jar.

After calming down, he quickly took out his phone and made a call.

"Mr. Mo, I'm sorry. That kid is too smart. I've been exposed..."

At the same time.

In a mansion in Zhonghai City.

Mo Chaosheng hung up the call and immediately fell into deep thought.

Seeing this, Mo Cong hurriedly asked with concern, "What's wrong, Dad?"

Mo Chaosheng then regained his senses. "The person I sent to follow Ye Feng has been exposed."

Mo Cong was taken aback. "This little b*stard is so vigilant? Even the people you sent were exposed?"

Mo Chaosheng nodded his head solemnly. "This kid is more difficult to deal with than I thought. It seems like we have to change our strategy."

"What do you want to do?" Mo Cong asked anxiously.

Mo Chaosheng touched his chin. "Let's not provoke him for the time being. Let's think of a way to get King Xiang's secret treasure map fragment from Shen Guanlin first. Then, we'll find a chance to figure out this kid's background..."

Mo Cong immediately became anxious. "Dad, are you going to let this little b*stard off? How could that be? He still has evidence of me in his hands, and he could take my life at any time..."

“B*stard!”

Mo Chaosheng immediately shouted, “We came to Zhonghai to help Mr. Niu get the fragment of King Xiang’s secret treasure map. If we can’t complete this task, we will all die.”

When Mo Cong heard the name ‘Mr. Niu’, his face immediately turned pale.

He didn’t dare to say anything more.

Mo Chaosheng sighed and patted his shoulder.

“Don’t worry, Cong’er. I’ll let that kid run around for a few more days. When we successfully obtain the fragment of King Xiang’s secret treasure map, I will definitely help you get rid of that brat.”

Mo Cong nodded heavily, and a fierce expression appeared on his face.

“I want to personally tear him into a thousand pieces!”

Chapter 195 - 195 Beauty, You're Going To Be Rich, You Know That?

195 Beauty, You’re Going To Be Rich, You Know That?

On the other side.

On the Lykan supercar, Ye Feng was thinking about what happened earlier as he drove back.

Currently, the ones who would send people to investigate him, the biggest suspects could only be Mo Chaosheng and his son.

Other than that, he didn't seem to have offended any powerful enemies.

After thinking it through, Ye Feng immediately relaxed.

That stupid pair of father and son dared to be his enemy?

They had better give up on this idea as soon as possible, or else Zhonghai would be their burial ground!

When Ye Feng drove into the villa area, he saw Lin Junjun coming out of the property management building.

Lin Junjun had also seen Ye Feng.

However, she pretended not to see him and turned around to walk away.

Ye Feng sped up and stopped the sports car in front of Lin Junjun.

“You didn’t see me?” He leaned against the car window and looked at her with a smile.

“I saw you.” Lin Junjun shifted her gaze elsewhere.

“Why are you ignoring me?” Ye Feng was slightly puzzled.

“Why should I care about you?” Lin Junjun’s face was stern, and she had an unapproachable look on her face.

“Have I ever offended you?” Seeing this, Ye Feng was a little confused.

“I’m just a small property manager. You’re a distinguished property owner. We’re the only ones who don’t serve you well. When have you ever offended us?”

Lin Junjun’s words were laced with thorns, and she turned to leave.

Ye Feng immediately got out of the car and stopped in front of her. "Tell me clearly, what is the reason?"

Lin Qianqian took a step back to keep a distance from it. "Mr. Ye, I'm working now. If you don't have anything else to say, please don't disturb me."

Seeing that she was about to leave again, Ye Feng grabbed her arm. "Who said I'm fine? I'm talking to you as the owner of the property, so answer me honestly."

Lin Junjun had no choice but to stop in her tracks. "What do you want to ask?"

Ye Feng stared into her eyes. "How did I offend you? Why are you angry?"

Lin Junjun forced out a fake smile. "You didn't offend me, so I'm not angry."

Ye Feng nodded. "Okay, since you are not angry, then I have something I need your help with."

"Please speak!"

“I’m preparing to go back to my hometown for the Mid-Autumn Festival. It’s my grandfather’s birthday on that day. Help me think about what gift I should give him?”

Lin Qianqian pouted in displeasure. “Why don’t you ask your girlfriend about this?”

Ye Feng immediately understood. “Oh, you are jealous?”

Lin Junjun felt a little awkward after being seen through by him. “Who’s jealous? I’m not!”

Although she said that, her expression said it all.

This morning, she saw Shen Baitian bring a group of people into Ye Feng’s house.

She looked like the mistress of the house.

This immediately made her feel a little uncomfortable.

Ye Feng had told her before that he and Shen Baitian were just classmates.

However, it seemed that the relationship between the two was not that simple.

Lin Junjun suddenly felt as if she had been deceived.

Ye Feng was speechless. "I can't explain the relationship between us in a few words. Anyway, it's not the kind of relationship you think it is."

"Really?"

"It's fine if you don't believe me. I'll go ask someone else," Ye Feng said and was about to leave.

"I believe you, I believe you."

Lin Junjun hurriedly pulled him back and thought for a moment.

"I think that if we want to give gifts to the elderly, we should first start with their hobbies. Secondly, the elderly are more frugal, so don't buy expensive gifts. At the very least, don't let them think that it's expensive..."

As Ye Feng listened to her analysis, his thoughts gradually became clear.

“My grandfather has always liked mechanical watches, and my grandmother has always liked jade. In order to support my studies, she even sold a piece of jade that was passed down from her ancestors. I even saw her cry secretly at that time...”

Lin Junjun hurriedly nodded. “Then you can give Grandpa a mechanical watch and Grandma a piece of jade. I know a jade shop. It’s a national chain and they have a lot of good jade.”

Ye Feng nodded and sized her up. “The way you call ‘Grandpa’ and ‘Grandma’ is even more intimate than me, their grandson.”

Lin Junjun’s face reddened. “Who are you? I helped you come up with an idea, and you still tease me? I’m not going to talk to you anymore.”

After she finished speaking, she left in a hurry.

As she was walking too quickly, she twisted her foot and almost fell.

Ye Feng looked at her flustered look and could not help but laugh.

Lin Junjun turned around and glared at him in an extremely flirtatious manner.

Ye Feng sighed for a while, then returned to his sports car.

After returning to the Lykan supercar, Ye Feng was not in a hurry to go home. Instead, he headed straight to the jade shop that Lin Junjun had mentioned.

The jade shop named 'Yu Shengyan' was located in the most prosperous tidal street of Zhonghai.

It was only a few hundred meters away from the Taigu Shopping Center's Zhonghai branch. It was the most high-end jade shop in Zhonghai.

When Ye Feng walked into the shop, a few female shop assistants who were sitting and chatting stood up one after another.

However, when they saw what he was wearing, they all sat down again.

It was because the branded suit that Ye Feng was wearing in the morning was splashed with a basin of dirty water.

Therefore, he bought a set of clothes from a small clothing store on the street for 200 yuan. He looked uncouth and did not look like a rich man.

Now, Ye Feng was being ignored by these salesgirls, and he felt a little awkward.

At this moment, a female sales assistant who looked a little ill at ease walked over timidly.

“Sir, how may I be of service?”

Looking at her, she was clearly a newbie.

“May I ask, how much is your commission?”

Ye Feng was not in a hurry to answer her. Instead, he asked her a question.

“I’m new here, so my commission is very low, only a little more than 2%,” the girl answered honestly.

Ye Feng’s lips curled up into a beautiful smile.

“Beauty, you’re going to be rich, you know that?”

Chapter 196 - 196 A Hidden Big Fish

196 A Hidden Big Fish

Hearing Ye Feng's strange words, the new female sales assistant was a little dumbfounded, but she only nodded politely.

"Thank you for your kind words. I'm Assistant No. 81 of our shop. May I know how I can help you?"

However, she did not take Ye Feng's words seriously.

After all, even though she was just a newcomer, she still had a good eye for this.

From the clothes of the customer in front of her, he was obviously not a rich person.

Didn't she see that the few old foxes in the shop didn't come to receive him?

It was hard to say what other skills those old foxes had, but their judgment of people was very accurate.

One only needed to look at the customer's clothing and the way they talked to accurately judge the other party's value.

If they were rich customers, these people would never give them to newbies like her.

Only such low-end customers who could not get much from them would become their 'fish that escaped the net.'

After all, they would only get a commission of ten to twenty yuan for a low-end jade item that cost a few hundred yuan.

Moreover, these customers were usually slow because of their financial constraints.

These old foxes would not waste their time and effort on them for a few dozen yuan.

As expected...

While the Assistant No. 81 was lost in her thoughts, another customer happened to walk in from outside.

The clothes that the male customer was wearing were worth at least a few thousand yuan. He was definitely a high-quality customer.

The few female sales assistants who had been disdainful of Ye Feng just now were like a group of female wolves that had seen meat. They immediately swarmed toward him.

They surrounded the male customer and flattered him.

When Ye Feng saw this, he could not help but smile and shake his head. "Let's go?"

Female shop assistant No. 81 retracted her envious gaze. "Sir, please follow me."

The jade shop was huge, more than 2,000 square meters.

There were many counters in the shop, and each counter was filled with a dazzling array of jade artifacts.

Sales Assistant No. 81 brought Ye Feng to one of the counters.

"Sir, may I ask if you're buying jade to give away?"

"Yes."

"Who is it for?"

"My grandmother."

“Then I think you can take a look at these bracelets. The old woman will definitely like them.”

Ye Feng looked in the direction she was pointing at and smiled.

The bracelets she was talking about were generally between 100 to 5,00 yuan.

Who are you looking down on?

After all, he was one of the top ten richest people in Zhonghai City.

You’re only showing me a bracelet that’s worth a few hundred yuan?

If you have the guts, show me a thousand!

“I don’t think the quality of these bracelets is very good. Do you have a higher quality one?”

Ye Feng tried his best to maintain a polite smile.

“Oh, okay. Then please come with me.”

Sales Assistant No. 81 had no choice but to bring him to another counter. "The quality of the bracelets here is better than the jade over there, but the price might be slightly more expensive."

Ye Feng went to the counter and looked at the price of the bracelets.

Sure enough, it was 'slightly' more expensive than the counter over there.

Of course, it was only 'slightly' more expensive.

The price range was between 500 to 1,000 yuan.

Ye Feng almost laughed out of anger.

No wonder this girl could only get 'low-end' customers like him.

I gave you a chance, but you didn't use it!

"Are there any higher-end ones?"

Ye Feng might as well make things clear to her.

“Sir, the jade pieces in these two counters are already the most cost-effective ones. The others are all worth more than a thousand. I think this price is the most cost-effective gift for an old woman...”

The beautiful saleswoman, No. 81, was afraid that he would spend on impulse, so she began to persuade him.

Ye Feng had the urge to roll his eyes.

He was in a good mood today and wanted to give her a chance to make a fortune.

However, this kind of stubbornness couldn't be brought along by bronze.

“You don't have to worry about the price. Show me your best jade ware.”

Ye Feng was too lazy to continue speaking in riddles with her, so he told her the truth.

No. 81 scratched her head and looked troubled. “Sir, our most high-end jade ware can only be seen by special guests or with the store manager's consent...”

“Then help me get your manager out.”

Ye Feng felt that if he spoke a few more words to her, he would be so angry that he would vomit blood and die on the spot.

“Did I not serve you well? You can give me your suggestions and I’ll definitely correct them.”

No. 81 thought that he was going to complain to the store manager and was so scared that she almost cried.

“1...”

Ye Feng was a little mad.

Even when facing a ruthless person like Mo Chaosheng, he could still deal with him calmly.

However, he was so angry at this new sales assistant that he almost vomited blood.

At this moment, a man in a suit noticed the situation and hurried over.

“Hello, Sir. I’m the manager of Yu Shengyan. How can I help you?”

Ye Feng calmed his boiling blood. “I want to take a look at your best jade ware.”

The store manager looked at his clothes.

At first, he still looked down on him.

But out of the corner of his eye, he suddenly caught a glimpse of the watch he hid behind his cheap sleeve.

A glint of light flashed in his eyes.

If he was not mistaken, it was a watch exclusively custom-made by Cyrus Klepgys, with a market value of at least 1 million.

He didn’t expect that this plainly dressed customer was actually a hidden big fish.

He had almost missed it.

“Of course you can. Please follow me.”

The store manager made a gesture of invitation respectfully.

At the side, the beautiful Assistant No. 81 was stunned when she saw this scene.

She more or less understood their store manager’s character.

He had always served the dishes to everyone he saw.

He had always been subservient to those high-quality customers.

However, for those low-quality customers, they were often dismissed with a few words.

And the attitude he showed to Ye Feng now could no longer be described as ‘groveling’.

Looking at his posture, he was just short of kneeling on the ground and calling him “Grandpa.”

According to No. 81's understanding of the store manager, this was an exclusive gesture only for distinguished customers who were worth at least tens of millions.

Could it be that this gentleman...

While she was still in a daze, the store manager had already turned around and scolded her.

"What are you still doing? Hurry up and pour this distinguished guest a cup of coffee! You're so slow-witted, you don't even know how to cherish a great opportunity in front of you."

The sales assistant was shocked and quickly went to pour the coffee.

Chapter 197 - 197 This Is the Charm of Money

197 This Is the Charm of Money

The manager of the Zhonghai branch in Yu Shengyan brought Ye Feng to the VIP area of the shop.

Then, he carefully opened the safe.

"Sir, the jades here are the treasures of our shop. If you still don't like it, we can also accept custom orders. We guarantee that we'll make you a unique and exquisite product that will be passed down for generations."

Ye Feng automatically ignored his words.

Instead, he turned his gaze to the jade items.

One had to admit that the top-quality products in Yu Shengyan's jade ware shop were indeed extraordinary.

Those jade sculptures were definitely of the highest quality, be it in terms of quality or carving.

Ye Feng casually picked up a jade cabbage and started to examine it.

"Sir's eyes are indeed unique. This jade cabbage was made by Master Liu Baiyuan. The meaning is also very festive, Jade cabbage meets a hundred riches. If it's placed at home, it will definitely bring wealth from all directions..."

Ye Feng put down the jade cabbage and picked up a pair of elephant ornaments.

"Sir, you really have a unique vision. This jade elephant means auspicious and auspicious. If we put it at home, our whole family will be safe and sound..."

Ye Feng put down the jade elephant and picked up a jade Guanyin.

“Sir, you really have a unique vision. This jade Guanyin...”

“Can you shut up?”

Ye Feng had a headache from his argument, and he immediately scolded him.

The beautiful Shop Assistant No. 81, who was bringing in a cup of coffee, was so shocked that she almost dropped the cup on the ground.

Their store manager was usually high and mighty in front of them.

They usually didn't even dare to breathe loudly in front of him.

Now, someone actually dared to use such a tone to scold him?

Shop Assistant No. 81 immediately looked at her store manager nervously.

With the store manager's bad temper, he wouldn't get into a conflict with the customers, right?

However, what made her dumbfounded was...

Not only did the store manager not show any signs of making a move, but he also greeted him with a smile. "Sir, I'm sorry. I'll shut up immediately!"

In fact, not only was he not angry, but he was even happier.

The more temperamental the customer was, the more capable he was.

He couldn't be happier.

Why would he be angry?

No. 81 couldn't help but sigh in her heart.

Indeed, money talks.

The only thing that could make her manager not fight back was money.

This was the charm of money.

Ye Feng quickly picked a bracelet from the pile of jade.

The bangle was emerald green in color and crystal clear. It was very beautiful.

“Help me pack this bracelet.”

He picked out the bangle and turned his head to give it to the female sales assistant.

The saleswoman looked at the bracelet and was shocked. “Sir, this bracelet costs 1.68 million yuan. Do you want to consider it again?”

The store manager almost vomited blood.

How could he have such a stupid subordinate?

Other people would rack their brains to think of ways to scam their customers.

The customer didn't even think it was expensive, but she advised him not to buy it.

He really wanted to go up and strangle the beautiful Sales Assistant No. 81.

Ye Feng smiled indifferently. "As long as my grandma is happy, it's worth it no matter how much money I spend."

No. 81 wanted to continue.

The store manager hurriedly pushed her aside and greeted Ye Feng with a smile. "Sir, your filial piety is really touching. I'll take you to settle the bill now. This way, please."

Ye Feng followed him to the cashier and took out a bank card.

The store manager's hands trembled as he took the card and paid the bill personally.

He had been working in the jade shop for many years.

However, it was still extremely rare to see such a huge order with millions of dollars.

When Ye Feng entered the password, every time the card reader beeped, his heart would beat wildly.

He was afraid that the other party would go back on their word.

When Ye Feng finished entering the password, the computer notified that the payment was successful.

The store manager's heart, which had been in his throat, finally calmed down.

He didn't even bother to wipe the sweat off his forehead and hurriedly returned the bank card with both hands.

At the same time, he took out a golden card from his pocket. "Sir, this is our store's Gold VIP card. If you come here again in the future, you will get a 20% discount."

Until now, the beautiful Sales Assistant No. 81 was still dumbfounded.

She had never seen such a rich man who spent money like it was dirt.

That was 1.68 million!

An ordinary family might not be able to save so much money in their entire life.

However, to a rich person like him, it was so easy and casual.

Ye Feng kept the bank card and the Gold VIP card, and he turned around and glanced at her.

Seeing her expression, he suddenly found it funny.

Then, he turned to look at the store manager. "She's not bad. At the very least, she's very sincere. I hope you can train her well. If I come again, I'll look for her to serve me."

The store manager was stunned for a moment before he reacted.

He hurriedly pushed the girl. "What are you waiting for? Hurry up and thank this gentleman!"

In fact, he had been a little annoyed with the beautiful Shop Assistant No. 81.

If he hadn't appeared in time today, she would have almost let this big customer go.

He had even made up his mind to fire her when he got back.

But now, with Ye Feng's words, this thought was immediately dispelled.

He didn't expect that this stupid guy would be chosen by this god of tycoons.

It could only be said that her ancestors had accumulated good karma.

After the store manager's reminder, the beautiful Shop Assistant No. 81 finally reacted. "Thank... Thank you, Sir, I..."

Ye Feng smiled at her. "You are very kind. You must maintain it, don't be led astray."

No. 81 hurriedly nodded.

Ye Feng did not say anything else.

He picked up the bangle that had been wrapped up and turned to walk out.

The store manager quickly pulled the girl's sleeve and sent Ye Feng out of the jade shop.

The few female sales assistants who were indifferent to Ye Feng at the beginning were all shocked when they saw the store manager sending him off personally.

In the past, the store manager would ask them to send off the customers who spent tens of thousands of yuan.

For him to personally send them off, the cost would be at least 100 thousand.

Out of curiosity, the few of them followed.

Then, they saw Ye Feng sitting in an extremely cool sports car.

“Heavens! Isn’t that car too cool? I’ve never seen such a handsome sports car.”

“I think I’ve seen this car in a magazine my boyfriend bought. It’s called... I guess it’s Lykan?”

“Lykan? This car is probably not cheap, right? It’s at least 1 million?”

“I forgot. I guess... It must be a few million, right?”

“When I have money, I’ll definitely buy one.”

“Stop dreaming. When you earn a few million, that’ll be in your next life.”

“I regret it so much. If I had known that he was driving such a good car, I would have taken the initiative earlier.”

“Don’t say anymore, I’m about to cry to death. Who would have thought that he would be so rich while wearing such ordinary clothes!”

In the midst of the girls’ discussion.

Ye Feng’s sports car drew a beautiful arc in the air and left.

It was only then that the store manager returned with the new female sales assistant.

Then, he glared at the female shop assistants coldly.

“A bunch of idiots!”

Chapter 198 - 198 There Is Only One Chance

198 There Is Only One Chance

In Yu Shenyang's branch in Zhonghai, the female sales assistants were dumbfounded by the store manager's scolding.

"Manager, we know we were wrong. But there's no need for you to scold us, right? And you even scolded us so badly," a female sales assistant complained indignantly.

"Scold you? If killing was not illegal, I really want to stab you two now. You almost let such a good customer go."

The manager got angrier as he spoke, not caring that there were other customers in the store.

"Manager, when he came in just now, he was dressed so ordinarily. We thought he was just a low-end customer..."

A female sales assistant wanted to explain.

"Low-end customer? Do you guys have eyes to vent your anger? Although he's wearing ordinary clothes, the watch he's wearing is an exclusive custom-made watch from Cyrus Klepgys, which is worth at least a million yuan."

The store manager was so angry at these idiots that he almost had a brain hemorrhage.

“A watch costs millions? Oh my god, how is this possible?”

“And a watch worth millions? This is the first time I’ve heard of this.”

“I thought it was street store goods. If I had known it was worth a million, I would have been the first one to welcome him.”

The store manager heard their whispers and almost vomited blood to death.

“Street stall goods? Why would a person who drives a sports car worth tens of millions wear something that was bought from a street stall?”

Hearing his words, the female sales assistants were dumbfounded again.

“A sports car that’s worth tens of millions? Was that car worth tens of millions? Manager, did you make a mistake? How could there be such an expensive sports car?”

The manager patted his head. “That’s a Lykan supercar. It’s worth at least 70 million yuan in the market now, and there’s no market for it.”

When the female sales assistants heard this, they almost fell to the ground.

“Oh my god, a sports car that’s worth more than 70 million? How rich must his family be?”

“I’m afraid that his family fortune is at least a few billion, right? He’s a super rich second-generation!”

“Ah! I’m so regretful that I’ve missed out on a super-rich man with a net worth of several billion.”

“Don’t stop me, just let me die!”

The few female sales assistants really wanted to cry but had no tears.

The store manager’s anger subsided a lot, and then he turned to look at Sales Assistant No. 81.

No. 81 immediately lowered her head in fear.

The store manager stared at her for a moment, and suddenly, as if his expression had changed, he put on a kind smile.

“You should learn from Xiao Fang. She’s only been in the shop for less than half a month, and she’s already received such a big customer. She’s much better than you.”

A few female sales assistants felt a little indignant when they heard this.

“She was just lucky. If we didn’t give it to her, would she be able to get one?”

“That’s right. She can’t even speak properly when she’s with the guests. What’s there to learn from her?”

“Didn’t she just get one? What’s the big deal? It’s just a few thousand yuan commission at most, I don’t care!”

The store manager saw that they were still making sarcastic remarks and immediately sneered.

“A commission of a few thousand yuan? That’s why I said you guys are short-sighted. I’m not afraid to give you a blow, but Xiao Fang’s commission for this order is 100,000 yuan.”

“Pfft...”

The female sales assistants almost spat out blood when they heard that.

“How much? 100 thousand? Manager, did you make a mistake?”

“That’s right, how is that possible? How much would that be worth?”

“Her commission is only 2%, right? How much would that 100,000 yuan commission be worth?”

It wasn’t just them. Even the female sales assistant named Xiao Fang was a little dumbfounded.

“Manager, I don’t think there is that much?”

The store manager explained calmly, “That customer spent 1.68 million this time. If we follow your 2% commission from before, it’s only about 30,000...”

The female sales assistants’ eyes almost popped out when they heard this.

This was even more shocking than hearing that Ye Feng was wearing a million-dollar watch and driving a sports car that was worth tens of millions.

After all, whether it was the branded watch or the luxury car, they all belonged to him.

They were just a little surprised.

However, the amount of money a customer spent was directly related to their commission.

Even if it was only a 2% commission. That was still more than 30,000.

It was enough for several months of their salary.

A female sales assistant immediately asked, "Manager, that's not right. Even if the customer spent 1.68 million yuan, Xiao Fang shouldn't have received so much commission!"

The store manager nodded and continued to explain.

"Of course, it's not that much if we're only calculating it based on the an interning new assistants' commissions. But in view of Xiao Fang's excellent performance, I've decided to end her internship early. According to the 6% commission of a formal employee, wouldn't it be more than 100,000 yuan?"

After hearing his explanation, the female sales assistants felt their vision go dark and almost passed out.

A single mistake had actually caused them to miss out on 100 thousand commission.

That's 100 thousand!

Even if they worked hard for a year, they might not be able to earn so much money.

And Xiao Fang only used a little bit of effort to earn it.

They were so regretful that they wanted to bang their heads against the wall.

However, the store manager's blow was not over yet.

"That customer has already said that in the future, if he comes to our shop to spend, only Xiao Fang will serve him. In view of this, I've decided to let Xiao Fang be my assistant. I'll do my best to train her in the future. At the same time, I hope you can respect her. Who knows, one day, she might become your leader."

After the female sales assistants heard this, they couldn't hold it in anymore and sat on the ground one after another, wailing.

It was because they had underestimated Ye Feng.

Not only did they lose an opportunity to make friends with a high-quality customer, at the same time, they had also lost 100,000 yuan.

Most importantly, they had lost a chance to change their fate.

However, a small intern who they had always looked down on had climbed over their heads in less than a month.

They even wanted to die now.

However, there was only one chance.

She caught it.

She could change her fate.

They couldn't catch it.

They would regret it for the rest of their life!

Chapter 199 - 199 Have You Gotten My Permission?

199 Have You Gotten My Permission?

On the other side, on the Lykan supercar, Ye Feng had no idea what was happening at Yu Shengyan's side.

Now that he had bought a present for his grandmother, the only one left was his grandfather.

It just so happened that Taigu Shopping Center was just next door, Ye Feng was too lazy to go elsewhere.

The last time he visited Taigu Shopping Center, he remembered that there was a watch store that sold pretty good watches.

After parking the car, Ye Feng entered the shopping mall.

..

"Good afternoon, babies! Can everyone guess where I am now? That's right, it's the famous Taigu Shopping Center!"

Within Taigu Shopping Center.

A girl with her hair tied up in a cute bun was livestreaming on her phone with a microphone in her hand.

The live broadcast had just started.

The number of people in the live broadcast room soared rapidly.

Very quickly, it broke through 100,000 people.

The comments section was also rapidly scrolling through, dazzling the eyes.

[Yi Bao, you're finally live streaming. We've missed you so much.]

[Yi Bao is so pretty today. I love you!]

[What are you saying? Which day was Yi Bao not beautiful? You're even more beautiful than yesterday.]

[So this is Taigu Shopping Center? I've passed by a few times, but I didn't dare to go in.]

[I heard that the consumption here is extremely high. Those who can come here all have mines at home.]

[I can't let my girlfriend see this live broadcast. Otherwise, I'll have to eat dirt again next month.]

[...]

The girl with the bun smiled sweetly when she saw everyone's enthusiastic comments.

"There were a lot of comments from my friends saying that they wanted to see what kind of requirements people who came to such a high-end place like Taigu Shopping Center have for their partners."

"Today, Yi Bao will satisfy everyone's curiosity. We will randomly select some people from the venue and interview them."

"Let's follow our camera and interview them."

Then, she took out her phone and started to look for her target.

At this moment...

From afar, she saw a handsome boy in ordinary clothes walking toward them.

A lot of discussion immediately appeared in the live broadcast room.

[That guy is very handsome. I think we can interview him.]

[but looking at his clothes, he doesn't seem to be very rich. He actually dares to come to Taigu Shopping Center to shop?]

[I guess he's here to buy a gift for his girlfriend. He might have been eating instant noodles for months just to buy this gift.]

[If he can't afford it, then don't buy it. Why does he have to puff himself up at his own cost?]

[You don't understand. Girls these days are hard to please. If you don't buy for them, they'll go find a tall, rich, and handsome man in minutes.]

[Can materialistic love last?]

[But love without material things will immediately fall apart.]

[What you said makes sense...]

Seeing the comments section, the girl with the bun started to become interested in the boy.

She immediately went to meet them.

“Hello, handsome. We’re doing a live broadcast of a street interview. Can we interview you?”

She was very confident in her looks.

In the past, most people would gladly accept her interviews.

This was especially true for the boys. Up until now, no one had rejected her.

However, this interview gave her the first blow in her life.

When she handed the microphone over, the boy pushed the microphone away mercilessly and walked over with an expressionless face.

“I’m sorry, I’m not free.”

The girl with the bun was instantly stunned.

She couldn’t come back to her senses for a long time.

This was the first time she had been rejected by someone of the opposite s*x.

How was this possible?

Didn’t he see her godly good looks?

If he had seen it, why would he be so heartless?

It wasn’t just the girl with the bun.

Even the fans in her live broadcast room were boiling with excitement.

[Isn’t this boy a little too rude? Who’s that?]

[That's right. It's his honor to be interviewed by Yi Bao. How could he have such an attitude?]

[I wasn't at the scene. If I was, I would have stopped him and asked him why he didn't accept the interview with Yi Bao.]

[Our Yi Bao is a streamer with 100,000 fans. How can she suffer this kind of grievance?]

The girl with the bun was publicly rejected by a boy in front of her hundreds of thousands of fans.

Especially when she saw the comments in the live broadcast room, she felt even more embarrassed.

Immediately, her competitive spirit rose, and she continued to chase.

She blocked the boy's path.

"Handsome, I just want to interview you. I won't take up too much of your time..."

The boy was Ye Feng.

He saw the girl with the bun pass the microphone to him again and take pictures of him with her phone.

This immediately made him a little annoyed.

“What are you filming? Did you get my permission?”

As he spoke, he reached out to block the camera.

Unexpectedly, the girl didn't hold it firmly and dropped it to the ground.

The live broadcast was cut off immediately.

The girl with the bun stood there in a daze, not knowing what to do.

There were also many of her fans present.

They immediately started to criticize Ye Feng.

[How can you be like this? Is there anything that can't be said properly? Why did you do it?]

[You're destroying other people's property. Do you know that's illegal?]

[This is called the unreasonableness of the poor, right? He is poor and unreasonable. You don't have much money, but you have a big temper.]

[That's right. He's dressed so shabbily. One look and you can tell that he's poor. Why are you pretending?]

The girl with the bun also reacted at this time. She hurriedly picked up her phone and started the live broadcast again.

She then glared at Ye Feng angrily.

"You're too rough. How can you do this?"

Ye Feng also felt that his actions were a little too much.

Even though he didn't mean it, he still had to apologize.

"I'll say it again, I don't like people shooting without my permission. Of course, if your phone is broken, I can compensate you with a new one."

It would have been better if he didn't apologize.

The girl's eyes immediately welled up with tears.

She had never suffered such a great grievance before.

At this time, the people in the live broadcast room were all angry, and all kinds of nasty vulgarities erupted at the same time.

[Is this man an idiot? How dare you make our Yi Bao suffer such a grievance? Brothers and sisters here, slap him for me.]

[What's a poor b*stard doing? Go to the Zhonghai branch of Taigu Shopping Center. You're so awesome, you dare to lay a hand on our Yi Bao?]

[Brothers and sisters, whoever beats him up for me, I'll give him 10,000 yuan.]

[I'll also offer 10,000. Everyone, raise together. I don't believe we can't kill him.]

[That's right. Even if our Yi family army is rich, I'll pay 10,000!]

[I'll pay 3,000.]

[I'll offer 2,000...]

Chapter 200 - 200 Too Much Money, One Person Can't Spend It All

200 Too Much Money, One Person Can't Spend It All

Just as Ye Feng was thinking about how to resolve this matter...

Some of Yi Bao's fans had already called over two security guards at Taigu Shopping Center.

"It's this violent man. He just attacked our Yi Bao and even knocked her phone out. You guys, arrest him quickly."

The female fan pointed at Ye Feng and complained to the two security guards.

When the people in the live broadcast room saw this scene, they were instantly filled with joy.

[The brothers and sisters at the scene are too awesome. We should let the security guards throw such uncultured people out.]

[It's too easy on him to throw him out. Let him pay for Yi Bao's phone first.]

[Yi Bao is using an iPhone 12. Look at the clothes he's wearing. They're so ordinary. Can he afford to pay for them?]

[If he can't afford it, hand him over to the police. He'll be honest after a few days.]

[Hahaha, if you keep pretending, the security guards will drive him out...]

Just as all the fans were filled with anticipation...

The next scene left them completely dumbfounded.

The two security guards walked to Ye Feng and bowed respectfully.

"Mr. Ye, it's our fault for not being able to protect you in time. We're sorry to have startled you!"

Their faces were filled with fear.

Ye Feng looked at the two security guards in surprise. “You know me?”

One of the security guards hurriedly smiled and said, “Mr. Ye, the last time you came to the mall, we admired your peerless looks from afar. From then on, we will remember your great image in our hearts and never forget it.”

Ye Feng looked at him with admiration.

This flattery came one after another, and it was very well done.

Young man, you have a bright future.

When they saw this scene, everyone’s jaws dropped.

[What’s going on? Why are the two security guards apologizing to him instead?]

[Yeah, he was the one who used violence. Why didn’t you throw him out and apologize to him instead?]

[Could this kid be the son of a senior executive in Taigu Shopping Center?]

[Aren't the security guards of Taigu Shopping Center too much? They actually openly exercised favoritism?]

[I've really learned something new today. If Taigu Shopping Center doesn't give us an explanation, we'll all boycott the store together and never go shopping at Taigu Shopping Center again.]

[Yes, call their leader over and let them see what kind of people the security guards they hired are.]

[...]

Just as all the fans were feeling indignant, they saw a group of people in suits and leather shoes rushing over.

The middle-aged man in the lead was the president of Taigu Shopping Center, Guan Junsheng.

The crowd at the scene and the fans in the live broadcast room immediately exploded.

[Heavens! I didn't expect that the president of Taigu Shopping Center would be alerted.]

[From this point, we can see how influential Yi Bao is. Even the president of Taigu Shopping Center has to come out personally to solve the problem.]

[That's right. Our Yi Bao is a big V with more than 100,000 fans. If Taigu Shopping Center doesn't pay attention to it, it will have a huge negative impact on them.]

[Since the president of Taigu Shopping Center is here, he must give an explanation to Yi Bao. Otherwise, the Yi Family Army will not agree to this.]

[That's right. Fire the two security guards first, then let the violent man apologize to Yi Bao and compensate her.]

[If the president of Taigu Shopping Center is a smart person, he will definitely help Yi Bao get back at him.]

Just as they were all looking forward to Guan Junsheng's help to seek justice for them...

Then, he quickly walked to Ye Feng and said in fear, "Mr. Ye, why didn't you tell me you were coming? I could've prepared in advance to welcome you!"

The moment he said that...

The audience and the people in the live broadcast room were all dumbfounded.

[What's going on? Why is the president of Taigu Shopping Center so polite to this violent man?]

[That shouldn't be the case. That violent man is dressed so ordinarily. He doesn't look like someone of high status!]

[But judging from President Guan's expression, he seems to be afraid of this violent man.]

[Could it be that this kid is a hidden super-rich second-generation?]

[Even if he's a super-rich second-generation heir, he shouldn't be able to make the president of Taigu Shopping Center so respectful, right?]

[Could it be... What blackmail against the president of Taigu Shopping Center does this kid have?]

[I think it's possible...]

Even the girl with the bun looked at Ye Feng in disbelief.

The two security guards had been so respectful to him.

But now, even the president of Taigu Shopping Center valued him so much.

She couldn't help but be surprised.

What was this man's background?

Ye Feng only smiled at Guan Junsheng's enthusiasm. "I came here today to buy some gifts for the elders in my family. I didn't want to disturb you."

Guan Junsheng was a little displeased. "Mr. Ye, you're being too polite by saying such things. You're now the true owner of Taigu Shopping Center. I'm just your butler."

Hearing his words, the girl with the bun immediately covered her mouth in shock.

The true owner of Taigu Shopping Center?

What did he mean?

Why didn't she understand?

Could it be that this plainly dressed young man was actually the big boss behind the scenes of Taigu Shopping Center?

This was too unbelievable, right?

That was impossible.

Absolutely impossible!

Guan Junsheng turned around and glanced at her, then turned to Ye Feng. "Mr. Ye, do you need my help to deal with the things here?"

Ye Feng shook his head. "I can settle it myself."

After he finished speaking, he turned around and walked to the girl with the bun. "I'll still say the same thing. It's very rude to shoot without permission."

"However, I also scared you when I was about to block the camera."

"As compensation, I can answer three of your questions."

The girl with the bun came back to her senses and hurriedly organized her thoughts.

“Do you have a girlfriend?”

“No, I don’t,”

“If you’re looking for a girlfriend, what kind of ability do you want her to have?”

“The ability to spend money.”

“Why?”

“Because I have too much money, I can’t spend it all by myself.”

After Ye Feng answered, he did not say another word.

He turned around and walked to the Rolex counter.

Guan Junsheng and the other senior executives of Taigu Shopping Center followed.

The girl with the ball-shaped hair didn't have time to react.

The live broadcast room was already in full swing.

[Oh my god, his answer just now was too cool, right? Was it because there is too much money that one person cannot spend it all? So you want to find a girlfriend who can spend money?]

[This should be the boyfriend that every girl dreams of having, right? You only need to be in charge of being as beautiful as a flower, and he'll be in charge of supporting the family.]

[I think he's bragging. Too much money to spend? Isn't this too exaggerated?]

[Do you think that a man who can make the president of Taigu Shopping Center so respectful is bragging?]

[...It seems so?]

[Handsome, I don't know anything but how to spend money. Can I be your girlfriend?]

[Upstairs, line up behind...]
