

Chapter 2

The System Is Giving Me Too Much For Completing the Navigation!

A few minutes later.

Ye Feng calmed down a little, he looked at the red notes on the ground and started to think about where the money came from.

He had heard the landlord mention that the previous tenant of this house was a fugitive.

The fugitive was shot dead while escaping, and it was said that the whereabouts of the stolen money were unknown...

This matter had caused quite a stir here.

This was also the reason why he was able to rent this house at an extremely low price.

In that case, the money was likely to be the stolen money?

The fugitive was dead.

The money had no owner.

Then it didn't seem like there was any problem with him accepting it.

However, how should he deal with the money?

Continue to leave it here?

Definitely not!

The landlord might come over at any time, and it would be terrible if he was discovered.

Bank?

No!

He was a poor student from an average family. If he suddenly had such a large sum of money in his hands, anyone would suspect that the money had come from an improper source and might even call the police...

Then what should he do?

Rent a new house?

Ye Feng nodded. This was not a problem, but the house was not his, he felt unsafe.

Just as he was thinking, a system notification suddenly sounded in his mind.

[Congratulations, Host. For completing the treasure-hunting navigation, you are rewarded with a Zhongtian Lake-View Villa.]

[The reward has been issued. Host, please check and receive it.]

At the same time, a kraft paper bag appeared on the table in the living room.

‘There’s a house already?’

Ye Feng had an excited expression, he quickly walked toward the table.

He picked up the paper bag and opened it. There were only two things inside. The title deed of the Zhongtian Lake View-Villa and the villa key.

Zhongtian Lake View-Villa, he had heard of it before.

It was said that it was the most high-end villa area in the entire Zhonghai City.

It shouldn’t be cheap.

Even so, when he saw the price on the contract was 95 million, he couldn't help but shake his hands.

The reward...

It was too awesome!

He was now a person with assets of over a hundred million!

Cool!

After that, Ye Feng put the deed and key back into the paper bag and prepared to lay the floor, then go out to get a car and secretly transfer the 8 million yuan to his villa.

As soon as he finished, a system notification rang in his mind.

[A new opportunity has been discovered. In half an hour, a fuel tank truck on Zhongshan Road will explode, and Xia Qiu will die in the explosion...]

Apart from treasure hunting, the system could also give out opportunities?

Ye Feng was slightly surprised.

However, Xia Qiu...

Could it be the Xia Qiu that he knew?

Xia Qiu was one of Dragon Kingdom's top singers. She had a sweet voice, a pure appearance, and was clean. She was one of the most popular stars in Dragon Kingdom.

Ye Feng also liked her very much.

Could it be that she was the one who was about to be in trouble?

Suddenly, Ye Feng thought of the report he had read before, it said that Xia Qiu would hold a concert in Zhonghai City in a few days...

It was really her?

He had to save her!

Even if the other party was not a female star, now that Ye Feng knew about this, he could not just leave her in the lurch.

After all, the system had given him a lot of rewards for completing the navigation.

According to the system's generosity, the rewards this time would definitely be valuable.

Ye Feng was filled with anticipation.

Then, he picked up the kraft paper bag on the table, locked the door, and ran downstairs.

Zhongshan Road wasn't too far from his rental house. If he took a taxi, he would be able to get there in about ten minutes.

But...

This was an old and dilapidated neighborhood, and it was almost impossible to get a taxi.

'Forget it, I'll just ride my bike over.'

Ye Feng glanced at a public bike, and immediately after, a system notification sounded in his mind.

[The Treasure Hunting System is about to guide you. Route planning has been activated for you. Please set off along the current road and ride forward for 500 meters. You will pass by Yongkang Road, Xinghua Highway... The whole journey is 8.3 kilometers, and the estimated time is 25 minutes.]

Riding a bicycle actually took so long?

Ye Feng looked at his phone, there were only 28 minutes left until the incident.

Time was of the essence!

Ye Feng got on the bicycle, his legs moving very fast.

The temperature in Zhonghai was still very high in October.

Although it was only nine in the morning, the sun was already scorching, and there was almost no one on the road.

Occasionally, he would meet one or two, but they were all holding parasols.

They looked at Ye Feng, who was sweating profusely on the bicycle, and were all confused.

Ye Feng did not have the time to care about their gazes. He only wanted to rush to Zhongshan Road to save the person.

Xia Qiu was very influential in the music industry. She came to Zhonghai City to hold a concert and received strong support from the officials.

Along the way, Ye Feng found many banners and posters promoting Xia Qiu's concert.

On the poster, Xia Qiu was wearing a long red dress, her black hair flying in the wind, and she was extremely beautiful.

As expected of the nation's goddess!

He was excited just thinking about how he would be able to see her in person soon.

He remembered that his roommate was also a fan of Xia Qiu. Well, he would ask for an autograph from Xia Qiu so that he could go back and let that guy covet...

While his thoughts ran wild, he rode hard.

24 minutes later, Ye Feng arrived at Zhongshan Road.

[The Treasure Hunting System will continue to guide you. Please follow the current path and reach the destination after 100 meters.]

100 meters ahead?

Ye Feng wiped the sweat from his forehead and looked up.

There was a traffic light there.

Under the traffic light was a fuel tank car, and behind it was a Mercedes-Benz RV.
