

100 Million 281

Chapter 281 - 281 How Can You Be Like This?

281 How Can You Be Like This?

Hearing the navigation, Ye Feng was instantly invigorated, he started to signal Xu Jingxin to change the direction-

“Where are we going?”

Xu Jingxin followed Ye Feng’s instructions and changed the direction of the car.

She did not know what Ye Feng was up to this time.

They were about to reach the private restaurant, but he suddenly said that he had something to do and insisted on changing the route.

“Just follow my instructions. Right, right, right...”

Ye Feng guided Xu Jingxin according to the system prompt.

The two of them soon arrived at a villa.

The villa occupied a very large area.

The outer wall was more than three meters high and looked magnificent.

However, there was a security perimeter around the villa.

There were also police officers coming in and out.

They did not know what had happened.

“Tianyue Residence? Isn’t this Mo Chaosheng’s residence?”

Xu Jingxin saw the sign on the door and looked at Ye Feng curiously.

“How do you know about Mo Chaosheng?”

Ye Feng was also very surprised when he heard her say Mo Chaosheng’s name.

He didn't seem to have mentioned Mo Chaosheng in front of Xu Jingxin.

How did she know?

Xu Jingxin's expression was a little unnatural. "I... I accidentally heard it from someone."

Ye Feng stared into her eyes. "Tell me the truth."

Xu Jingxin felt a little scared under his gaze. She had no choice but to tell him the truth, "I heard that Mo Chaosheng has a conflict with you, so I sent someone to investigate his background..."

The more she spoke, the softer her voice became until it was almost inaudible.

Ye Feng was speechless.

However, he was still a little touched.

She must have heard about the grudges between him and Mo Chaosheng.

Therefore, she wanted to investigate his background and help him get rid of him.

“Why are you so good to me? Do you have any improper thoughts about me?”

Ye Feng revealed an evil smile.

“You... What nonsense are you spouting? Who has improper thoughts about you?”

Xu Jingxin immediately denied it.

“It’s for the best. It’s impossible between us.”

Ye Feng patted his chest. He had a shocked expression.

“Why?”

Xu Jingxin was a little curious.

“Because your family background is too terrifying. I’m afraid that I’ll be cut into eight pieces if we have a conflict one day.”

Ye Feng gave a ridiculous reason.

“It’s not as scary as you said. My parents and brother are cultured people. Even if we have a conflict, they won’t do anything to you,” Xu Jingxin hurriedly explained on behalf of her family.

“From what you’re saying, you’re really interested in me?”

Ye Feng revealed a strange expression.

“You... How could you be like this... I’m not going to talk to you anymore.”

Xu Jingxin blushed and quickly turned her head away.

Ye Feng did not continue to tease her. He pushed the door open and got out of the car.

Seeing this, Xu Jingxin hurriedly followed him.

“What are you doing at Mo Chaosheng’s residence? Didn’t he already commit suicide? Are you here to see the fruits of your victory?”

When Ye Feng heard this, he was anxious. "Don't talk nonsense. Why do you make it sound as if his death has something to do with me? I... I just came over to take a look."

Xu Jingxin was a little speechless. "What's there to see in a dead man's house?"

Ye Feng did not know how to explain it to her.

To be honest, he didn't know why the system would bring him to such a place.

At this moment, the system's navigation prompt continued: [Go straight along the current road and enter Tianyue Residence. Go straight for 23 meters and turn right...]

This made things difficult for him, because there were still quite a number of police officers entering and leaving Mo Chaosheng's villa.

If he wanted to enter, it would not be easy.

Xu Jingxin, who was standing beside him, seemed to have read his mind. She immediately asked, "Do you want to go in?"

Ye Feng nodded. "But official business probably doesn't allow me to enter, right?"

Xu Jingxin hesitated for a moment and then walked over.

Ye Feng hurriedly followed.

Seeing the two of them coming over, a police officer immediately stepped forward to stop them.

But Xu Jingxin whispered something to him.

The police officer's expression changed immediately. "Please wait a moment, I'll go and ask for instructions."

After that, he quickly entered the villa.

After a while, a middle-aged man with a lieutenant badge on his shoulder walked out quickly.

"Hello, Miss Xu. I heard that you want to enter this villa? Is there something wrong?"

Xu Jingxin smiled faintly. "My friend wants to buy a house, so he wanted to come here in advance to take a look. Is it convenient?"

The middle-aged official glanced at Ye Feng.

"It's convenient. The evidence has been collected inside, and the expensive items have been sealed. However, someone just died in this house, after all, and your friend... You're quite bold."

Generally, it was a taboo for people who wanted to buy a house to buy a haunted house where someone had died, especially when the person who died was Mo Chaosheng, a person with shocking luck.

This was the first time he had seen someone come to see the house right after its master died.

Xu Jingxin just said perfunctorily, "He's just trying to get a bargain. Then... Can we go in now?"

The middle-aged official immediately nodded. "Of course. Please."

After he finished speaking, he made way for her.

Xu Jingxin immediately led Ye Feng in.

Looking at the back of the two, a police officer immediately asked curiously, "Captain, I'm afraid this is against the rules? After all, Mo Chaosheng's case hasn't been closed yet. To let them enter the crime scene just like that..."

The middle-aged official immediately glared at him. "Do you know who that young lady is?"

"Who?" the police officer asked curiously.

"That's..."

The middle-aged official stopped in the middle of his sentence. "You only need to know that if you make that lady unhappy, our boss will not be able to bear the consequences."

The police officer was shocked.

He had always felt that the boss of their captain was an extraordinary big shot.

But now, hearing the captain's words, if the girl was not happy, even that person would be in trouble...

This background was probably terrifying!

At the thought of this, he immediately shut his mouth and did not dare to ask any more questions!

Chapter 282 - 282 This Luck Is Simply Heaven-Defying

282 This Luck Is Simply Heaven-Defying

On the other side, in Mo Chaosheng's villa.

"What are you doing here?"

After entering Mo Chaosheng's villa, Xu Jingxin asked Ye Feng again.

"Do you think Mo Chaosheng would leave some inheritance for his son before he died?"

Ye Feng looked around as he spoke without thinking.

"You're thinking too much. Mo Chaosheng and his son did so many bad things. Their assets will be used to compensate the victims first. I reckon that after the compensation, there won't be much left."

Xu Jingxin immediately poured a basin of 'cold water' on him to wake him up.

“What if he still has some anonymous assets in his family? For example, gold, antiques, cash, and the like?”

Ye Feng still did not want to give up.

“If they really had these assets, they would have already been searched clean by the bailiffs. Do you think you would have a chance?” Xu Jingxin said in an unpleasant tone.

This guy was really into money.

He was already so rich, yet he still had the idea a dead person’s belongings?

“That’s not for sure.”

Ye Feng revealed an unfathomable smile on his face. He then continued to follow the system’s navigation into the villa.

But on the surface, he still pretended to be searching carefully.

He knocked on the wall, flipped over the sofa, mattress...

Xu Jingxin was speechless.

Fortunately, there was no one else in the villa.

Otherwise, she would definitely pretend not to know this guy.

It was too embarrassing.

The two of them soon arrived at the study on the second floor.

At this time, all the valuable calligraphy and paintings in the study had been seized by the police.

All that was left were books and decorations of little value.

Seeing this, Xu Jingxin could not help but sigh. "This incident tells us that we must never do evil. Otherwise, no matter how rich you are, it will all be for nothing."

Ye Feng could not help but pout, "That's because he is too stupid. The real evil people always pretend to be loyal, filial, and kind, no one will be able to see through them."

Xu Jingxin tilted her head and looked at him. "You mean, like you?"

Ye Feng immediately rolled his eyes.

Zi said, "Only women and villains are difficult to raise, but they are not inferior to those close to them."

Zi said it right!

This woman used to be quite well-mannered in front of him.

Why was her mouth so vicious now?

He cursed in his heart.

Ye Feng continued to follow the system's guidance and came to the bookshelf.

He pretended to pull out a few books and flipped through them.

Xu Jingxin saw this and urged him, "Aren't you hungry? You're still in the mood to read?"

Ye Feng pretended to be profound. "As the saying goes, there is beauty in the book, and there is a house of gold in the book. What if there is a check or something in the book?"

"If you can find a check in there, I'll change my surname to yours," Xu Jingxin said immediately.

Ye Feng put down the book silently.

He then took out a 'xinhua dictionary' from the bookshelf and 'casually' flipped through it.

At this moment, a piece of white paper suddenly slipped out from inside.

Ye Feng pretended to be surprised and asked, "Ya, what's this?"

Xu Jingxin was also surprised, and she quickly bent down to pick it up.

When she opened it, she was instantly stunned.

It was an anonymous large amount of money deposit from a Switzerland bank.

Ye Feng glanced at the inventory and asked despite knowing the answer, "What is this? Why is it all in English?"

Xu Jingxin raised her head and looked at him in a daze. "This... It's a large deposit."

At the same time, she was extremely shocked.

This guy actually found the fish that had escaped the net, and it was really the deposit that the two of them had just made a bet on?

This luck was simply heaven-defying!

Ye Feng pretended to be surprised, "Deposit? And in large quantities? How big is it?"

Xu Jingxin lowered her head and carefully counted the numbers on the deposit slip.

The expression on her face became more and more shocked.

"Ten... 1 billion Chinese dollars?"

Even though she had always been calm...

However, her voice was trembling uncontrollably.

Although a family like hers was respected, however, it was obviously impossible for them to have seen such a large amount of savings like a businessman's family.

Ye Feng was also shocked by this number.

Although he knew that the system would be extraordinary once it made a move, and he was still very confident, he didn't expect that he would be given such a large sum of wealth.

"Since we found it together, then let's split it 500 million each," he said immediately.

Xu Jingxin's eyes widened. "500 hundred million?"

Ye Feng looked at her shocked expression. "You don't think it's too little, do you? Then we'll split it four to six. You can take 600 million, okay?"

"6... 600 million?"

“No way? Aren’t you being too greedy? Do you want 700 million?”

“I’m not...”

“What? You want 800 million? There was no justice! Forget it, 800 million it is. Can’t you give me more?”

“I...”

Xu Jingxin was speechless. “That’s not what I meant. I won’t take a single cent of the money.”

Ye Feng looked at her in surprise. “You don’t want a single cent? Don’t you like money?”

Xu Jingxin’s face regained its calmness once again. “A gentleman loves money, but he must obtain it in the right way. This is Mo Chaosheng’s black-hearted money. I don’t want it.”

Ye Feng immediately gave her a thumbs up. “You have a backbone!”

Xu Jingxin glanced at the check again. “How about... We’ll hand it over to the country?”

“Cough, cough...”

Ye Feng almost choked on his own saliva. “This... It’s good to hand it over to the country, but I think this money can go to better places.”

“For example?” Xu Jingxin continued to ask.

“For example... We can set up a charity fund and use the money to help the poor and sick. Isn’t that a good deed?”

Facing such a kind girl, Ye Feng was too embarrassed to say that he wanted to pocket the money.

He could only find an excuse for the time being.

“I didn’t expect you to be so kind. You’re really a good person.”

Xu Jingxin looked at his face, and a strange look suddenly appeared in her eyes. “Alright, I’ll help you with the necessary procedures for the foundation.”

“...”

Ye Feng's expression turned dull.

This woman was a little stubborn!

Chapter 283 - 283 You're Really Too Bad

283 You're Really Too Bad

"I really didn't expect that Mo Chaosheng would really leave so much money."

However, Xu Jingxin did not notice Ye Feng's emotional fluctuation. She looked at the large deposit slip and sighed again.

"This deposit slip is anonymous, so the police can't find it. Clearly, this old man, Mo Chaosheng, had already anticipated that there would be such a day. Thus, he had made preparations in advance."

Ye Feng could not help but admire Mo Chaosheng for his foresight.

"Speaking of Mo Chaosheng, you better be careful. Even though Mo Chaosheng is dead, there's still someone else behind him. Furthermore, this person's strength is extremely terrifying," Xu Jingxin reminded him.

"You're talking about Niu Dun from the Fuli Corporation in Southern Guangdong Province, right?"

Ye Feng immediately pointed it out.

“You actually know about Fuli Corporation and Niu Dun?”

It was Xu Jingxin’s turn to be surprised.

She had obtained the information about the Fuli Corporation and Niu Dun through special means.

It would be hard for ordinary people to find out the relationship between Mo Chaosheng and Fuli Corporation.

To think that Ye Feng already knew about it.

This guy’s methods were really unfathomable!

“Mo Chaosheng is just a dog of Niu Dun. Niu Dun might not go to war for him. However, I have indeed ruined Niu Dun’s plans. I’m afraid he won’t let me off so easily.”

Ye Feng could not help but smile bitterly.

“You must be careful. This Niu Dun is far more terrifying than he looks.”

Xu Jingxin was a little worried about his safety.

“Don’t worry, I’ve never underestimated any enemy, let alone an enemy of Niu Dun’s level.”

Ye Feng also nodded his head solemnly.

“If there’s a need, I can go to my brother for help...”

Before Xu Jingxin could finish her sentence...

Ye Feng stretched out his hand and interrupted, “Don’t worry, I can handle it myself. There’s no need to trouble that person in your family. Why would you need a butcher’s knife to kill a chicken?”

Xu Jingxin did not say anything else after he refused.

Ye Feng did not want to continue on this topic, so he changed the topic.

“By the way, didn’t you just say that if I find a check, you’ll have to take my surname? Should I call you Ye Jingxin now? Or the Ye family?”

Xu Jingxin blushed. “What Ye family? You’re not serious again.”

Ye Feng’s heart skipped a beat when he saw her bashful expression.

Rolling his eyes, his voice suddenly turned gloomy, “Mo Chaosheng seems to have committed suicide by swallowing a gun in this study room, right? Do you smell blood?”

Xu Jingxin’s pretty face suddenly turned pale. “I can’t smell it...”

As she said that, she hurriedly looked around.

She didn’t know if it was just a psychological effect.

Looking at the study now, she always felt that it was gloomy.

At this time, Ye Feng suddenly pointed behind her and exclaimed, “Mo Chaosheng...”

“Ah!”

Xu Jingxin was shocked and hurriedly got into his arms.

At the same time, under the influence of curiosity, she subconsciously turned around to look.

However, she did not find anything.

Immediately, Ye Feng's voice returned to normal. “Mo Chaosheng... He's reading quite a variety of books, there's even 'The Plum in the Golden Lotus'?”

Xu Jingxin immediately reacted.

This guy was trying to scare her.

She hurriedly got out of his arms and punched his chest angrily. “You... You're really too evil.”

Ye Feng held back his laughter. “With such guts, you still dare to say that you want to go with me to find King Xiang's secret treasure?”

Hearing him mention King Xiang's secret treasure, Xu Jingxin suddenly remembered. "By the way, do you have any news about King Xiang's secret treasure map?"

Ye Feng sighed helplessly, "Speaking of which, it's quite a coincidence. King Xiang's secret treasure map fragments have a total of six pieces. Three of them are in my hands, the other three are in Niu Dun's hands."

Xu Jingxin's mouth was wide open in shock. "Niu Dun again?"

Ye Feng could not help but smile bitterly: "That's right, we became enemies because of King Xiang's secret treasure map. This person is simply my destined enemy."

Xu Jingxin did not know what to say.

She really didn't expect that Niu Dun was also collecting King Xiang's secret treasure map.

If Niu Dun knew that the other three pieces of King Xiang's secret treasure map were in Ye Feng's hands, Ye Feng would be in even more danger.

This made Xu Jingxin a little worried.

But Ye Feng smiled calmly.

“Don’t worry, he hasn’t figured out my background yet, so he won’t dare to do anything to me for the time being.”

“Since there’s no danger for the time being, let’s just eat and drink.”

To be honest, he pulled Xu Jingxin out naturally. “Let’s go. It’s my treat today.”

At the same time...

A system notification sounded in Ye Feng’s mind: [Congratulations to the host for completing the treasure navigation. Reward: ownership of Zhonghai Jiuzhou Design Company is worth 3.5 billion yuan.]

..

At the same time.

At the headquarters of the Jiuzhou Design Company in Zhonghai.

All the senior executives suddenly received a message from the chairman, Dai Qiang, asking them to all go to the conference room for a meeting.

When everyone arrived at the meeting room, they began to whisper to each other.

What major event had happened?

He had actually gathered all the higher-ups in the company.

However, everyone was dumbfounded.

Before this, they had not received any inside information.

At this moment, they saw Chairman Dai Qiang leading a group of board members into the meeting room.

Everyone stood up to welcome him.

Dai Qiang gestured to the crowd. "Sit down. I've gathered everyone here today to make an announcement."

Everyone sat down and looked over curiously.

They were waiting for him to give an answer.

“I now announce to everyone that our Jiuzhou Design Co., Ltd. has been fully acquired. I no longer hold any shares of the company...”

Dai Qiang’s words immediately dropped a bombshell in the conference room.

“What? I didn’t hear wrong, did I? Our company has been fully acquired?”

“I didn’t hear anything about it before. How did it suddenly get acquired?”

“It’s not April Fool’s Day today, right? You can’t joke about such a big matter.”

“Who bought our company? The other party should also be a large consortium, right?”

“I think so? Our company’s value is over 3.5 billion, and most people don’t have the ability to fully acquire it.”

“Do you guys think the new boss will lay off staff?”

“I think so. Every emperor has his own courtiers!”

“It seems like I have to hug the new boss’s thigh as soon as possible.”

“That makes sense...”

Chapter 284 - 284 Isn't He Too Arrogant?

284 Isn't He Too Arrogant?

In the main seat of the meeting room at Jiuzhou Design Company, Dai Qiang saw the worry of everyone and spoke again.

“Don’t worry, everyone. I’ll make a suggestion to the new boss to try to keep your jobs. As long as you work hard, you won’t be laid off.”

Hearing his promise, everyone was relieved.

Although the emperor had changed, and Dai Qiang’s words might not be effective now that the company had changed the emperor, they had no choice but to believe in him.

Dai Qiang also knew that he couldn't completely eliminate everyone's concerns.

He could only smile helplessly. "Everyone, go and get ready. In a while, come with me to welcome this new boss."

The higher-ups received the order.

They all stood up and left the office.

As soon as they left, the smile on Dai Qiang's face immediately disappeared.

What replaced it was deep worry.

The president's assistant immediately asked in a low voice, "President Dai, is there anything else that you're worried about?"

Dai Qiang frowned. "I just saw the buyer's information. That Mr. Ye is only 20 years old. Isn't he a little too young?"

The president's assistant immediately understood his concern. "You're worried that the company will be in a mess if it falls into his hands?"

Dai Qiang nodded. “He has the strength to acquire our Jiuzhou at such a young age. He must be a super rich second-generation, right?”

“I’m really worried about letting such a person manage the company.”

The president’s assistant immediately laughed. “Anyway, the company has already been sold. It has nothing to do with you anymore. He can do whatever he wants.”

Dai Qiang sighed.

“After all, I founded Jiuzhou Design Company by myself. It’s like my own child.”

“And the people in the company are all my brothers and sisters who have followed me all the way here.”

“If this new boss isn’t reliable, wouldn’t they be scammed?”

The president’s assistant also knew his character, so he helplessly consoled him, “But now that the acquisition has been completed, it’s useless to talk about this anymore.”

Dai Qiang frowned and thought for a moment. "Contact Mr. Ye first and see when he has time to come and take over. I'll make a decision after I see him personally."

The president's assistant was confused. "What decision do you want to make?"

Dai Qiang's face revealed a determined expression.

"If he's someone worth assisting, I can stay at Jiuzhou Design Company and continue to work for him."

"If he's just a playboy, I'll leave the company with all the executives. At most, I'll start a new one."

The president's assistant tried to persuade him again.

But seeing his firm expression, he could only shut up.

He knew that his boss was honest and responsible.

Once he set his mind on something, even nine bulls would not be able to pull him back.

If the Mr. Ye who had bought their company was not reliable...

It was really possible that he would leave with the company's top management.

Even though that would definitely offend Mr. Ye, Dai Qiang probably didn't care.

Now, he could only hope that Mr. Ye would be as reliable as possible.

However, he was not confident.

After all, that Mr. Ye was only about 20 years old.

A young man in his twenties.

To manage a company worth more than 3 billion...

It didn't sound reliable.

Now, he could only leave it to fate.

..

Ye Feng received a call from Jiuzhou Design Company when he was having dinner with Xu Jingxin.

He had nothing to do in the afternoon.

He then made an appointment with the other party to hand over the goods in the afternoon.

After the meal, Ye Feng asked Xu Jingxin to leave first.

He took a taxi and went straight to the headquarters of Jiuzhou Design Company.

As soon as he got out of the car, he saw a group of people standing in front of the magnificent office building.

The one standing in front was a middle-aged man with a righteous face.

He should be the president of Jiuzhou Design Company, Dai Qiang.

And Dai Qiang also saw Ye Feng.

Her heart, which had been hanging in the air, immediately fell to the bottom.

His childish face did not look very reliable.

As the saying goes, a hairless mouth can't handle things properly.

It was hard to imagine how a young man like him could manage a big company.

Moreover, Ye Feng was wearing a set of sportswear today.

His clothes were crumpled, and there were bloodstains in some places.

It looked like he had just fought with someone.

Such a young and aggressive person who was still addicted to fighting...

How could he manage a large design company?

However, Dai Qiang didn't want to judge a book by its cover.

He still needed to get to know Mr. Ye more through contact and conversation before he could make a final decision.

Thinking of this, Dai Qiang immediately took the initiative to greet him.

"You must be Mr. Ye? I'm the former president of Jiuzhou Design Company, Dai Qiang."

"Hello, I am Ye Feng." Ye Feng nodded at him, but he did not extend his hand.

It was mainly because he had interrupted Duan Jiangliu too ruthlessly.

His hand was a little red and swollen now.

It was really not convenient to shake hands.

But in Dai Qiang's eyes, his behavior was somewhat unruly.

Wasn't this new boss a little too arrogant?

He didn't even have the most basic etiquette.

He had no choice but to withdraw his hand resentfully.

He didn't even bother to exchange pleasantries. "The handover procedures have been prepared. Mr. Ye, please follow me."

After he finished speaking, he took the initiative to lead the way.

Ye Feng could tell that he was unhappy.

He was still a little puzzled.

Shouldn't he be happy that his company had been acquired?

But why was this President Dai pulling a long face?

Was it because he couldn't bear to part with the Jiuzhou Design Company?

He didn't ask him to leave, did he?

Although he was suspicious, Ye Feng still followed.

When the two of them passed by, the senior executives of Jiuzhou Design Company immediately burst into an uproar.

Many of the female upper echelons, in particular, could not suppress the shock in their hearts.

"Oh my god, this is our new boss? Isn't he too young? Is he even twenty?"

"And he's so handsome too. He's definitely a young hunk. I love him."

"I'm guessing he's a super rich second-generation of some family, right? Otherwise, where did he get the strength to acquire our Jiuzhou Design Company?"

"He's a typical tall, rich, and handsome man. This kind of man is the perfect boyfriend. But as a boss... Is he reliable?"

"Who cares if he's reliable or not? Isn't it enough as long as he's young and handsome?"

“Aren’t you a little too infatuated? What’s the use of being handsome? If he’s not capable enough, he’ll make a mess of the company’s management, which will definitely affect our future.”

“Sigh, what can we do? The company is his now, so we can only leave it to fate.”

“Yeah, I’m not asking for much. I just hope that other than being a little taller, a little more handsome, and a little younger, he can also be a little more capable. Even if he can’t compare to President Dai, he can’t be too far off.”

“Your request is not high? Talented and beautiful, virtuous and talented, is there such a perfect person in the world?”

“This, it seems... Isn’t that a little too much?”

Chapter 285 - 285 The Unreliable Mr. Ye

285 The Unreliable Mr. Ye

Dai Qiang brought Ye Feng to the meeting room of Jiuzhou Design Company.

They sat at both ends of the conference table.

The other company executives didn't need him to say anything. They immediately took the initiative to stand on both sides.

Seeing this, Dai Qiang handed over the documents he had prepared.

Ye Feng had complete trust in the system.

He didn't even look at the documents and signed his name on them.

Seeing this scene, Dai Qiang and the other higher-ups shook their heads.

He signed such an important document without even looking at it.

Could he be any less reliable?

Dai Qiang waited for him to finish signing and suddenly asked, "If you don't mind me asking, why did Mr. Ye want to acquire our Jiuzhou Design Company?"

Ye Feng was stunned when he heard this. "This..."

This question was very difficult for him to answer.

After all, the system had helped him acquire this company.

He didn't know about this beforehand.

Dai Qiang's heart sank when he saw him hesitating.

“Do you have any prior knowledge of our Jiuzhou Design Company?”

“This...”

“What are your thoughts on the future development plan of Jiuzhou Design Company?”

“This...”

Ye Feng was left speechless by his three questions.

He couldn't answer any of them.

Dai Qiang's heart sank with every question he asked.

At this time, his heart had completely sunk to the bottom of the valley.

It could be seen that this Mr. Ye had no understanding of Jiuzhou Design Company before this.

He probably wanted to buy a company on a whim to play with.

Dai Qiang had seen too many rich second-generations like this.

Most of the time, it was to show their abilities to the family by spending money to buy a company with good performance and just for show.

Most of these companies wouldn't last more than a year before they were destroyed.

It seemed that Mr. Ye had the same purpose.

Ye Feng was about to speak.

At this moment, his stomach suddenly ached.

Maybe it was because the Sichuan restaurant he had lunch with Xu Jingxin at noon was a little too spicy.

He had an upset stomach.

“I’m sorry, I need to go to the toilet first,” Ye Feng said to the crowd.

He didn’t bring any toilet paper with him.

He simply tore two pieces of the handover document and rushed out of the door.

In his opinion, there was nothing wrong with this kind of behavior.

After all, these documents would be useless after the handover.

There were a few boxes in his house, and they were all eating dust in the corner.

Therefore, it was not a problem to tear two.

However, in the eyes of Dai Qiang and all the higher-ups present, especially in such an occasion, it seemed too frivolous.

Even the handover documents had been taken away to clean up his mess.

It was clear that he did not value this company.

The expression on Dai Qiang's face gradually became firm as he raised his head to look at the crowd.

"Let's all talk about what you think of Mr. Ye."

Everyone looked at each other and revealed an awkward expression.

But no one spoke first.

After all, Ye Feng was their boss now.

They were talking bad about their boss behind his back.

What if the boss heard about it one day?

They wouldn't be able to bear the consequences.

Dai Qiang could see their worry, so he had to take the initiative to speak.

“Since you don't dare to say, then I'll say it first. I feel that this Mr. Ye is very unreliable and doesn't have the ability to manage a company.”

Although no one spoke, they all nodded.

Clearly, they agreed with his evaluation.

Dai Qiang's expression was serious as he continued, “The company won't have any good development under the management of such a person. I'm afraid it won't be long before it closes down.”

Hearing his assertion, everyone's heart sank.

Even though they didn't want to admit it, they knew that Dai Qiang was telling the truth.

Based on Ye Feng's performance just now...

He was really not very reliable.

It was hard to imagine that the company would develop well under his management.

If the company didn't develop well, it might even face bankruptcy.

Their futures would be greatly affected.

Immediately, someone turned to Dai Qiang for help. "President Dai, what should we do now?"

Dai Qiang's gaze slowly swept across the crowd. "I plan to start from scratch and start a new company. Whoever is willing to follow me, please raise your hand."

Everyone looked at each other. Obviously, they did not expect that the company had just been acquired, and President Dai was planning to start from scratch.

However, they were only slightly surprised.

Without any hesitation, they raised their hands.

Compared to that unreliable Mr. Ye...

They were more willing to believe in Dai Qiang, who they had worked with for many years.

Dai Qiang was very satisfied with everyone's attitude and immediately nodded. "Okay, then after the handover is completed, we will all resign."

All the higher-ups were a little excited.

They could even imagine the expression on Mr. Ye's face later.

The higher-ups of the newly acquired company all left.

His face would probably turn green from anger, right?

However, they could not be blamed for this.

He could only blame himself for not being reliable.

They couldn't possibly follow him and treat their own future as a game, right?

The rich second-generation could afford to play, but they couldn't.

Just as everyone was rubbing their fists...

Just as they were about to lay their cards on the table with their new boss.

There was a sudden knock on the door of the meeting room of Jiuzhou Design Company.

Following which, a middle-aged man leaned half of his body in.

"President Dai, may I come in?"

When Dai Qiang saw this person, he hurriedly stood up to welcome him. "So it's Director Kong. Please come in."

This man was Kong Xianghui, the person in charge of the Huran Rich List in Zhonghai City. They were old acquaintances.

Kong Xianghui pushed the door open and entered. He shook hands with Dai Qiang. "President Dai, I'm here uninvited. I hope I'm not disturbing you?"

Dai Qiang hurriedly shook his head. "I'm not disturbing you. The handover will be completed very soon. I wonder what business you have in our company today, Director Kong?"

"I heard that your Jiuzhou Design Company has been acquired by someone, so I'm here to collect some information," Kong Xianghui quickly explained.

Then, he looked around. "Which president bought your company?"

When Dai Qiang heard him mention this, he immediately sighed. "Don't mention it. I'm having a headache over this."

From his tone, Kong Xianghui could tell that there was more to it. He was immediately interested. "What exactly happened?"

Dai Qiang smiled bitterly. "This Mr. Ye, who bought over our Jiuzhou Design Company is really unreliable..."

Immediately, he described Ye Feng's actions and actions to Kong Xianghui.

Kong Xianghui immediately nodded in agreement.

“From what you’ve said, this Mr. Ye is indeed a little unreliable!”

Chapter 286 - 286 The Business Big Boss Still Wet Behind the Ears

286 The Business Big Boss Still Wet Behind the Ears

Kong Xianghui felt a deep sense of sympathy for his old friend, Dai Qiang.

He patted Dai Qiang’s shoulder. “This time, your luck seems to be really bad.”

“I’ve seen a lot of rich second-generation kids like him.”

“These people just want to get the approval of their parents or families by randomly buying a company. When they’re tired of it, they’ll throw it aside. As for the company’s life and death, they don’t care at all.”

Dai Qiang sighed deeply. “That’s right, so I’ve already decided. I’ll have a showdown with him later. I’m planning to start a new one with my brothers.”

Kong Xianghui expressed his support for his idea.

“Although it’s risky to start a new company, it’s indeed much better than following a stupid boss. I think you’re doing the right thing.”

Dai Qiang was still a little hesitant at first.

At this moment, Kong Xianghui agreed with his thoughts.

There were no more doubts in his heart.

Now, they just had to wait for Mr. Ye to come back.

He was prepared to lay his cards on the table.

Right at this time, Ye Feng finally returned.

“I’m really sorry. I ate something bad at noon...”

Dai Qiang made up his mind and walked over immediately. “Mr. Ye, I...”

Before he could even voice his resignation...

He heard Kong Xianghui exclaim, "Mr. Ye? What are you doing here?"

Dai Qiang was stunned.

He turned around and looked at his old friend.

What was going on?

When Ye Feng saw Kong Xianghui, he was also stunned, "Mr. Kong? What are you doing here?"

Kong Xianghui hurriedly walked up to him and held his hand. "I heard that Jiuzhou Design Company will be taken over today, so I came to check on the situation. I didn't expect to see you here."

Ye Feng could not help but tease: "Your intelligence work is very good. You got the news so quickly?"

Kong Xianghui was overjoyed to receive Ye Feng's praise.

However, he immediately reacted.

“Could it be... The Mr. Ye who bought over Jiuzhou Design Company, it’s you?”

Ye Feng was confused by his question. “Is there another Mr. Ye besides me?”

Kong Xianghui immediately looked at Dai Qiang awkwardly.

What was going on?

Could it be that the unreliable Mr. Ye that Dai Qiang had just described was this Mr. Ye?

Could it be that the Mr. Ye they knew was not the same Mr. Ye?

Last time, when he saw Ye Feng at the Zhonghai Tycoon Club.

Ye Feng was confronting Mo Chaosheng.

At that time, Mo Chaosheng’s gun was pointed at his head.

But this Mr. Ye was still calm and composed.

He had the demeanor of a great general who would not change his expression even if Mount Tai collapsed in front of him.

And what made Kong Xianghui's back turn cold was...

He heard that Mo Chaosheng committed suicide these two days.

He couldn't think about this matter in detail, because it was extremely terrifying.

Mo Chaosheng and Ye Feng had enmity.

It had even reached the point of using guns.

After that...

Mo Chaosheng was dead.

If Mo Chaosheng's death was related to Ye Feng...

Then this young man's methods were too terrifying.

This kind of intelligence, this kind of method, even those old foxes who had been in business for a long time would feel scared.

Such a person...

He was actually described as 'unreliable' by Dai Qiang?

WTF...

When he thought of how he had agreed with Dai Qiang just now, and how disrespectful he was to Ye Feng...

It made him feel a wave of fear.

He hoped that Ye Feng did not hear his words.

Or else...

Kong Xianghui did not even dare to think about the consequences.

Meanwhile, Dai Qiang was also dumbfounded.

This old friend of his could be considered to be used to all kinds of big scenes.

Even in front of the big bosses of the business world, he could still talk and laugh.

Why was he behaving so badly when he saw Mr. Ye?

There was even a faint intention of kneeling and licking his boots.

Ye Feng, wasn't he just a frivolous rich second-generation?

Was there a need to be so frightened?

Dai Qiang's heart was filled with doubts. He immediately asked, "Director Kong, did you know Mr. Ye before?"

When Kong Xianghui heard his question, he laughed at himself.

“I’m the person in charge of the Zhonghai Huran Rich List. If I don’t even know Mr. Ye, then I’ve really wasted my life.”

Everyone was shocked by his words.

The meaning of his words.

It was as if he was saying that if he didn’t know Mr. Ye, he would be worse than a dog?

Wasn’t this a little too exaggerated?

Dai Qiang was shocked at first, but he quickly asked, “Forgive me for my ignorance, but is Mr. Ye very famous?”

Kong Xianghui shook his head. “Mr. Ye is usually very low-key. Most people don’t even know of his existence.”

“But if I tell you Mr. Ye’s assets, you should have heard of them.”

“I’d like to hear more!”

“Yuanfang Wenchang Real Estate Co., Ltd.!”

“I know, that’s Huang Zhiyuan’s company, President Huang’s company. Could it be that Mr. Ye has already acquired it?”

“Lingyun Real Estate Corporation!”

“This is a new local real estate company, but it’s been doing very well recently. It’s a good company.”

“The Silver Brilliance Building!”

“That’s one of the landmarks of China. Many large companies have their headquarters there.”

“Taigu Shopping Center, Zhonghai branch!”

“What? The Zhonghai branch of Taigu Shopping Center is also Mr. Ye’s? That’s the biggest high-end shopping center in Zhonghai!”

“Dong’an Securities!”

“I... I heard that Dong’an Securities was acquired two days ago. I didn’t expect it to be Mr. Ye. This...”

“Other assets such as Zhonghai Hot Spring Resort, Zhonghai Tycoon Club, Nanfeng Entertainment, Tian He Hotel, and so on, are even more numerous.”

Kong Xianghui paused for a moment.

“Let me put it this way. Mr. Ye’s businesses are in real estate, finance, hotels, real estate, tourism, shopping, and many other fields. His personal assets can at least be ranked seventh on the list of the richest people in Zhonghai. Do you still think that Mr. Ye is not reliable?”

Kong Xianghui’s words were sonorous and powerful.

Everyone, including Dai Qiang, felt as if they had been struck by lightning.

They had never expected this.

This new boss that they thought was very unreliable...

His strength was so terrifying.

It was heaven-defying!

What was more terrifying was...

Ye Feng was only twenty years old this year.

A business big shot who was still wet behind the ears.

It had appeared out of nowhere!

Chapter 287 - 287 The Hidden Super Big Boss

287 The Hidden Super Big Boss

On the other hand, after hearing Kong Xianghui's words, Ye Feng's expression was calm.

He was the only one who knew that Kong Xianghui had missed out on some of his businesses.

Other than these properties, he also had many other assets.

For example, the Imperial Green jade that was worth hundreds of millions at home and the huge amount of savings in his bank account.

He even just got an anonymous deposit slip of 1 billion from Mo Chaosheng's house.

All these zeros added up, his wealth was at least among the top five richest people in Zhonghai.

But even so...

The senior executives of Jiuzhou Design Company were also shocked beyond words.

All those well-known companies were actually Mr. Ye's assets?

How terrifying was the other party's strength?

Such a super big shot, they actually thought that he was unreliable?

Who was the one who was not reliable?

Kong Xianghui still felt that he was not satisfied, so he added, "Oh right, Mr. Ye started from scratch!"

Plop...

In the conference room of Jiuzhou Design Company, everyone felt their legs go soft and fell into their chairs.

When they heard Kong Xianghui reveal the names of the companies, they were stunned.

Although they were very surprised, it was still within the acceptable range.

It was because they had the impression that Ye Feng was a super-rich second-generation.

His family's power should be extremely terrifying.

It was the family that helped Ye Feng acquire these businesses.

Even though it was already very impressive to own all these companies at the same time, it was not enough to make them submit.

Until now.

They heard Kong Xianghui say that Ye Feng started from scratch.

The shock that this sentence brought was incomparably powerful.

It was to the extent that everyone instantly submitted.

They even had the urge to prostrate themselves in worship.

“A 20-year-old young man actually started from scratch and has such a huge amount of assets? This... is that even possible?”

“Kong Xianghui is the person in charge of Zhonghai’s Huran Rich List. He shouldn’t be talking nonsense, right?”

“If what he said is true, then it’s too terrifying, right? At the age of twenty, he started from nothing and entered the seventh place on the Huran Rich List in Zhonghai? You can’t even use the word ‘business genius’ to describe him, right?”

“I can only use the word ‘monstrous’ to describe him! He’s definitely the most monstrous business genius in history!”

“With such a demonic genius leading us, our Jiuzhou Design Company will definitely become stronger and stronger. Our future will be bright!”

“Fortunately, we haven’t resigned yet. Otherwise, we’d regret it to death!”

“Yeah, yeah. Thank god we didn’t resign!”

Everyone was in a heated discussion.

At the same time, they felt a wave of fear.

If not for Kong Xianghui’s timely appearance revealing Ye Feng’s identity...

They might have resigned on impulse and missed such a great opportunity.

At this time, Dai Qiang was also shocked to the point that he couldn’t speak for a long time.

He didn't expect that he had misjudged this time.

This seemingly 'unreliable' young man was actually a hidden super big shot.

At the age of 20, he had already built a business empire.

This strength was too fierce!

It was the company's honor that he was able to acquire it.

The funny thing was that he had just been clamoring about starting a new business.

Thinking of this, Dai Qiang immediately looked at Ye Feng with shame. "Mr. Ye, I'm really sorry. I judged you by your appearance just now, and I thought you..."

"You think I'm hairless and can't do things properly, right?"

Ye Feng finished his sentence for him.

“1...”

Dai Qiang lowered his head in shame and did not dare to look at him directly.

“Hahaha, I can understand. I came in too much of a hurry today and didn’t have time to change my clothes. I don’t look like someone who’s doing anything serious, so I can’t blame you.”

Ye Feng immediately waved his hand.

Everyone heaved a sigh of relief when they heard his words.

It seemed that this Mr. Ye did not hear their words about changing jobs collectively.

Otherwise, he wouldn’t have been so easy to talk to.

But then, they heard Ye Feng’s words change. “Since you already know my strength, do you still plan to start from scratch?”

Upon hearing this...

Everyone, including Dai Qiang, almost fell to the ground.

It turned out that he had already heard their conversation.

This was bad!

Dai Qiang immediately became anxious.

“Mr. Ye, I had eyes but didn’t recognize Mount Tai. That’s why I said those ignorant words under impulse. Moreover, this matter was caused by me alone, so you can just punish me. I hope you don’t involve others.”

Ye Feng looked at him with a funny face. “I didn’t say I was going to punish you, it’s not a crime for not knowing. I’m asking if you still want to leave now?”

When Dai Qiang heard this, he quickly waved his hands.

“With a business genius like Mr. Ye leading the company, I believe that Jiuzhou Design Company will get better and better. If you don’t chase us away, we’ll definitely do anything for you.”

Ye Feng nodded his head in satisfaction.

“That’s good. As long as you don’t let me down, I won’t let you down either.”

“I can promise you now that if the company goes public in the future, each of you will have financial freedom.”

Hearing this, the crowd started to dance.

Even though it was just an empty promise, he gave them a calming pill.

From the sound of it, Ye Feng was not angered by their words.

They couldn’t help but admire him.

No wonder he was able to achieve such a great cause at such a young age.

Just this breadth of mind, it wasn’t something an ordinary person could have.

With such a boss as the leader, the company’s future would definitely be better.

Maybe it would really be like what Ye Feng said, to let each of them achieve financial freedom.

For a moment, everyone seemed to be on steroids.

They couldn't wait to get back to work.

They would serve Ye Feng like a dog.

Kong Xianghui, who was at the side, saw this and once again admired Ye Feng's methods.

It was a simple sentence, but he could make everyone submit sincerely.

Even he wanted to jump ship to Jiuzhou Design Company and follow this boss to create a great cause.

This brainwashing ability...

It could be said to be first-class!

Chapter 288 - 288 Don't Be a Son!

288 Don't Be a Son!

After completing the handover of Jiuzhou Design Company, Dai Qiang immediately proposed to have dinner together.

Ye Feng considered for a moment.

He had just acquired Jiuzhou Design Company.

He really needed to get closer to these higher-ups.

He immediately agreed.

Just then, he suddenly received a call from Shen Baitian.

He could only smile at Dai Qiang and the others apologetically.

Then, he walked to the side and answered the phone.

“Ye Feng, where are you?”

As soon as the phone was connected, Shen Baitian's slightly depressed voice came through.

"I'm working. What's the matter?"

When Ye Feng heard that she was not in a good mood, he immediately asked curiously.

"Even you have a job?"

"What are you saying? Who are you looking down on?"

"Ai, I'm not in a good mood. Can you come and accompany me?"

"Of course I can, but my fee is very high."

"This young lady is looking for you to give you face, and you still have the nerve to ask me for a fee? Do you know how many people are lining up to treat me to a meal?"

"Then you go find them. I'm hanging up."

“You... Alright, tell me, how much do you want?”

“I don’t want money.”

“You don’t want money? Don’t tell me you want people?”

“I can’t?”

“Alright, as long as you can get me drunk today, I’ll let you do whatever you want to me.”

Hearing Shen Baitian’s words, Ye Feng’s little heart immediately thumped twice.

“Alright, where should I go to find you?”

“I’ll go find you. Find a barbecue stall and send me the address.”

“Alright, I know.”

After Ye Feng finished speaking, he hung up the phone.

Then, he smiled apologetically at Dai Qiang and the others. "I still have something to do here. I'm afraid I can't have dinner with you today."

From Ye Feng's tone on the phone, Dai Qiang could tell that the person on the other side might be a girl.

She was probably Mr. Ye's girlfriend.

They immediately nodded in understanding. "Mr. Ye, if you have something to do, go ahead. We'll have a meal together when we have time."

Ye Feng tidied up the documents. "Boss Dai, do you know if there's any good barbecue places nearby?"

Dai Qiang was stunned for a moment before he hurriedly replied.

"Mr. Ye, do you want to eat barbecue? I know a barbecue restaurant that I go to a lot, but it's a little remote. Do you want me to send you there?"

Ye Feng refused immediately, "You still have a lot of work to do here, I won't bother you. Tell me the location and I'll go there myself."

Dai Qiang heard what he said and could not insist.

The company had just completed the acquisition today, and there was indeed a lot of follow-up work to be done.

After that, he gave the address of the barbecue restaurant to Ye Feng.

..

When Ye Feng arrived at the barbecue restaurant, it was already packed with people.

There were still many people waiting in line outside.

This showed how popular this shop was.

He had no choice but to get a number and follow everyone to line up outside.

The weather in Zhonghai was still hot in October.

Ye Feng sat outside for a while, and his clothes were already wet.

He simply followed the others and took off the outer layer.

Immediately, his muscles were revealed.

His muscles were not exaggeratedly large.

But the outline and lines were very beautiful, the kind that made people feel very comfortable at first glance.

Many women at the barbecue stall saw this and immediately looked over.

If it wasn't for the male partners sitting next to them, someone would have probably come up to him and asked for his phone number.

After waiting for nearly an hour, when Shen Baitian arrived in her McLaren supercar...

It was his turn.

Ye Feng could not help but criticize in his heart.

This woman's luck was too good, wasn't it?

He had been waiting here for a full hour.

And once she arrived, she could enter the store to cool down.

This was called coming early was not as good as coming at the right time!

When they saw the supercar parked outside, they were stunned.

The barbeque shop was in an uproar.

Usually, those who could come to this kind of place to eat barbecue were not rich people.

Luxury cars of this level were even rarer.

Everyone stuck their heads out curiously.

When the car door opened, a young and beautiful woman got out.

Ye Feng could even hear all the men taking in a deep breath.

Their eyes were about to pop out.

A girl with good looks like Shen Baitian, even in the entertainment industry, where there were many beautiful women, she would be considered a top existence, not to mention this kind of remote barbecue stall.

It was an even rarer species.

Coupled with that priceless supercar...

It was a visual impact.

It could be said to be unparalleled.

“I’m sorry, I’m sorry. There was a traffic jam on the road, so I’m late.”

Just as everyone was staring at this super beauty in a daze, they saw her running toward Ye Feng and apologizing profusely.

Ye Feng was already a little annoyed by the heat and his tone was not very good. "Young miss, you were the one who asked me out. How dare you be late? Can't you be more reliable?"

Hearing his words...

The people in the barbeque shop almost choked to death on their beer.

This guy really didn't know how blessed he was.

If it was them, to have such a beautiful woman invite them to dinner, even if they had to wait for three days and three nights, they would gladly endure it.

This guy was actually full of complaints?

He really didn't want to be a son!

A few hot-tempered people wanted to go up and give him two slaps.

How can you talk to my goddess like that?

Shen Baitian quickly held his arm and looked at him pitifully. "I've already apologized to you. Why are you so fierce?"

Ye Feng was just complaining casually.

He wasn't really angry.

At this time, Shen Baitian's attitude was good.

He immediately forgave her.

The two of them immediately walked into the barbecue shop.

Of the two, one was tall and handsome.

One of them was as beautiful as a fairy.

Such a handsome man and beautiful woman should go to those high-end hotels.

It was a little out of place in the messy barbeque restaurant.

It felt like a crane standing among a flock of chickens.

The surrounding 'chickens' were no longer in the mood to eat skewers.

From time to time, they would glance over.

At this moment, they finally understood what a feast for the eyes was.

Chapter 289 - 289 Speak of the Devil

289 Speak of the Devil

Ye Feng didn't care about these people's gazes. After sitting down with Shen Baitian, he quickly ordered the food.

The two didn't have to wait too long before the boss served the skewers.

After eating it in one mouthful, his mouth was full of saliva, and the aftertaste was endless.

Ye Feng was very satisfied with the barbecue restaurant that Dai Qiang recommended.

He didn't wait here for more than an hour in vain.

He ate a few skewers in one go, still feeling a little unsatisfied.

However, he realized that Shen Baitian did not even take a bite.

There seemed to be some worry between her brows.

“Why are you not eating? Is there something on your mind?”

Ye Feng picked up a skewer and placed it in front of her.

Shen Baitian took the skewers, but she still didn't eat them. She only sighed.

“Isn't it because of work? I'm currently doing my internship at this company, but I've encountered a bottleneck in my development, so I'd like to do my internship in another company.”

Ye Feng was stunned. "Aren't you interning at a world-famous design company? Why would you suddenly want to jump ship?"

Shen Baitian nodded.

"This company is indeed a world-renowned company."

"But for foreign companies like this, the hidden rules are exclusive, and the opportunities given to Chinese people are very few."

"You'll have to put in ten times more effort than a foreign designer to get the same opportunity. So, I want to change to a local design company."

When Ye Feng heard this, he could not help but laugh, "You're worried about such a small matter? It can't be that bad, right?"

Shen Baitian saw him laughing at her and hurriedly explained, "It's mainly because the company I want to work for is the number one design company in Zhonghai City. It's very difficult to get in."

Ye Feng smiled disapprovingly, "You are the young lady of the Shen family, the granddaughter of Shen Guanlin. Is there a company in Zhonghai that you want to go to but can't?"

Shen Bai took a bite of the skewers without tasting the sweet food. "Didn't I tell you before? At this stage, I still want to rely on my own abilities."

"So, I don't want to use my family's connections. I want to enter with my own ability."

Ye Feng immediately gave her a thumbs up. "You have a backbone. I believe that with your ability, you'll be able to enter this company successfully."

Shen Baitian laughed at herself. "What power do I have? I've already been rejected three times."

Ye Feng was in disbelief. "You've been rejected three times? That's an exaggeration."

Shen Baitian's small face revealed a worried expression.

"Yes, this company has very high requirements. Not only does it require academic qualifications, professional skills, and communication skills, but it also requires one to have participated in an international A-level design competition and be in the top three. I'm stuck at this last item."

Ye Feng clicked his tongue when he heard this.

"Which company is this? Isn't this request a little too perverted?"

“You might not have heard of it before. It’s Jiuzhou Design Company.” Shen Baitian very naturally said a name.

Then, she lowered her head and continued eating.

“Jiu... Jiuzhou Design Company?”

Hearing this, Ye Feng showed a strange expression.

“Have you heard of this company before?”

Shen Baitian was a little surprised.

Jiuzhou Design Company was the top design company in Zhonghai City.

However, its popularity was limited to people in the design profession.

To think that Ye Feng, a layman, would have heard of it.

This guy was really well-informed!

Ye Feng slowly leaned back in his chair and crossed his legs. "Isn't it just Jiuzhou Design Company? I only need to say the word and you can go in."

Shen Baitian heard his arrogant words.

She couldn't help but curl her lips.

"I know you're quite capable, but it's not that easy to get into Jiuzhou Design Company. Especially their President Dai, who was absolutely impartial and incorruptible. I have a classmate whose father works in the government. He wanted to get him in through his connections, but he was personally eliminated by President Dai in the end."

A confident smile appeared on Ye Feng's face. "If I can let you enter Jiuzhou Design Company, how will you thank me?"

Shen Baitian shook her head firmly. "Impossible. Unless you are the boss of Jiuzhou Design Company, it is absolutely impossible."

Ye Feng held back his laughter. "I'm saying if, if I can let you enter successfully, how will you thank me?"

Shen Baitian's fighting spirit was also aroused by him. "If you can really get me to join Jiuzhou Design Company, then I'll kiss you as a reward."

Ye Feng immediately retreated, "Is this a reward or a punishment?"

Shen Baitian blushed and glared at him shyly. "Forget it then. I knew you were just bragging. How could you possibly have a way to get me into Jiuzhou Design Company?"

Ye Feng smiled. "Alright, it's a deal."

Hearing that he actually agreed, Shen Baitian was a little stunned.

"What if you can't do it?" she asked.

Ye Feng licked his lips, "If I can't do it, then I will kiss you as an apology."

Shen Baitian immediately rolled her eyes. "Then I'm still the one at a disadvantage."

Ye Feng was speechless. "Since you don't believe me, then forget it."

Shen Baitian was a little hesitant. “Do you really have a way to get me into Jiuzhou Design Company?”

Ye Feng deliberately kept her in suspense. “Let’s eat first. We’ll talk after eating.”

Shen Baitian was a little anxious.

However, she had no choice but to eat the skewers first.

Her alcohol tolerance was really not that good.

After a few glasses of beer, her pretty face had already turned red.

There was a hint of drunkenness in her eyes.

Seeing this, Ye Feng hurriedly stopped her, “If you can’t drink it, then don’t.”

Shen Baitian looked at him eagerly. “Can you tell me now how I can enter Jiuzhou Design Company?”

Ye Feng hesitated for a moment.

He was thinking about whether he should call Dai Qiang.

At this moment, they suddenly saw a black Mercedes-Benz S-Class stop outside the barbecue shop.

Even though this car wasn't as high-end as Shen Baitian's McLaren, when the customers in the shop saw the car, they all stood up to greet it.

Everyone's face revealed an extremely respectful expression.

"Who is this guy? Such a big show?"

Shen Baitian was suddenly curious.

Ye Feng was also confused.

Following that, he looked outside.

Then, the door of the Mercedes-Benz opened and a middle-aged man slowly got out of the car.

When Ye Feng saw that person, he revealed a strange expression.

Dai Qiang?

This was really... Speaking of the devil!

Chapter 290 - 290 What the H*ll Is Going On?

290 What the H*ll Is Going On?

When Ye Feng saw that the person who came out of the Mercedes-Benz was actually the president of Jiuzhou Design Company, Dai Qiang, he was a little surprised.

In addition, the people in the barbecue shop were so respectful to Dai Qiang, which made him even more surprised.

Shen Baitian was also stunned.

She had gone to Jiuzhou Design Company for three interviews.

Even though she was always eliminated during the initial test, and she didn't get the chance to interview Dai Qiang in person, she was no stranger to this President Dai.

She had never thought that she would meet him here.

“Ye Feng, this is the boss of Jiuzhou Design Company...”

She grabbed Ye Feng’s hand excitedly, her palm was full of sweat.

Ye Feng could not help but roll his eyes.

Wasn’t he the boss of Jiuzhou Design Company?

Was there a need to do this?

At this time, Dai Qiang had already walked into the barbecue shop.

He was immediately surrounded by a group of people.

“President Dai, you’re here so early today? I’ve already reserved a seat for you. Come and sit here.”

“President Dai, I followed your instructions and changed the signboard of my breakfast shop. The business is much better now. I have to thank you for this.”

“President Dai, you really have divine foresight. The stock you asked me to buy last week has indeed gone up like crazy.”

“President Dai, my daughter-in-law just gave birth to a chubby little boy. You’re a big shot, and you’re also cultured and knowledgeable. Can you give the child a name?”

“President Dai...”

Ye Feng saw that everyone was surrounding Dai Qiang so enthusiastically.

They seemed to be even more excited than seeing an idol.

He couldn’t help but secretly click his tongue.

He immediately pulled a man who had not squeezed in and asked in a low voice, “Why are you guys so enthusiastic about this President Dai?”

When the man heard his question, he immediately replied with a smile, “President Dai is a big shot. I heard that he often has meals with the leaders of the city.”

Ye Feng smiled, "That's why you are so respectful to him?"

The man shook his head. "Of course not. The reason we respect Mr. Dai is that he often comes here to eat skewers..."

"You guys respect him so much just for a kebab?"

Shen Baitian couldn't help but interject.

The man glared at her unhappily. "Let me finish. President Dai often comes here to eat skewers. At the same time, he has helped us solve many problems, so we are very respectful to him."

Ye Feng's curiosity was piqued, "Solve the problem? For example?"

"For example, some time ago, Old Wang was scammed of more than 100,000 yuan. He's almost going crazy," the man said while counting his fingers. "It was President Dai who helped him find a way to get back the money that he was cheated of."

"Old Zhang's grandson wanted to go to a primary school in the city, but because he wasn't registered in Zhonghai, he couldn't get into school. It was also settled with a phone call from President Dai."

“Also, Old Liu’s breakfast shop’s business isn’t doing well, but it was President Dai’s idea to make his business better...”

This man said a lot of things about Dai Qiang in one breath.

As he spoke, he didn’t even try to hide the look of admiration on his face.

It was clear that this was a kind of respect he had for Dai Qiang from the bottom of his heart.

After listening to his story, Shen Baitian couldn’t help but sigh.

“This President Dai is really a warm-hearted person, he actually helped so many people. With such a kind and upright president, Jiuzhou Design Company will definitely not be bad.”

As she spoke, her face revealed a look of longing.

Obviously, she was looking forward to Jiuzhou Design Company.

Ye Feng looked at Dai Qiang, who was being held in high regard by everyone, and shook his head with a smile. “It’s really good, but it’s a little too high-profile.”

He had only casually commented.

However, the owner of the barbecue restaurant heard it.

The brawny man who weighed more than 100 kilograms immediately walked over unhappily.

“What right do you have to say that about President Dai? Do you know how many good things he has done for us?”

Ye Feng did not want to argue with him, and he smiled. “Don’t mind me, I was just saying it casually.”

As he spoke, he picked up a skewer and was about to put it into his mouth.

However, the owner of the barbecue shop snatched it away. “If you dare to speak ill of President Dai, don’t eat my barbecue skewers. Even if I feed it to the dogs, I won’t let you eat it.”

Ye Feng frowned. He raised his head and stared at him.

The owner of the barbecue shop stared at him. “What are you looking at? Don’t you understand human language? Do you really want me to do it myself? Do you dare to leave?”

Seeing this, Shen Baitian hurriedly pulled Ye Feng. "Ye Feng, let's go?"

Before Ye Feng could speak, at this time, Dai Qiang had already squeezed out of the crowd and quickly walked over.

"Mr. Ye, you forgot to take a document just now. I've personally brought it over."

As he said that, he passed a folder to Ye Feng respectfully.

Seeing his action, everyone present was instantly petrified.

The President Dai that they respected so much was actually so respectful to this young man?

In fact, there was even a faint hint of flattery.

This was simply inconceivable!

Who was this young man?

Shen Baitian was also dumbfounded.

This was the boss of Jiuzhou Design Company.

He had a very important position in the design industry of Zhonghai.

At this moment, he was actually so respectful to Ye Feng?

What was going on?

The owner of the barbecue shop was also stunned.

He looked at his idol, Dai Qiang.

Then, he looked at Ye Feng, whom he had spoken to rudely earlier.

He immediately felt the wind blowing.

“Thank you, President Dai.”

Ye Feng took the document with a calm expression.

Dai Qiang could see that his expression was strange.

He also noticed the skewers in the hands of the owner of the barbecue shop.

“What’s going on?” he asked, puzzled.

The owner of the barbecue shop hurriedly explained, “Just now, this little... This gentleman spoke rudely to you and said that you were too high-profile. I couldn’t control my anger, so I wanted to drive them out.”

“Nonsense!”

When Dai Qiang heard this, his face immediately changed. “It’s a great honor for Mr. Ye to come to your barbecue shop. How can you not know how to appreciate it? You still want to chase him out?”

The owner of the barbecue shop was dumbfounded.

When Dai Qiang came to his barbecue restaurant, he was very humble.

He greeted everyone with a smile.

He was actually angry at him because of a young man.

It was enough to see the weight of this young man in his heart.

This immediately made him realize the seriousness of the matter.

He immediately broke out in a cold sweat.

After Dai Qiang lost his temper, he hurriedly turned around and apologized to Ye Feng.

“Mr. Ye, I’m really sorry! I was the one who recommended this shop to you. I deserve to die for letting you suffer this kind of treatment. Please punish me.”

The moment he said that, everyone present was dumbfounded.

He should die?

Please punish me?

Was it that serious?
