

## **100 Million 321**

Chapter 321 - 321 Aren't You Thinking Too Much?

321 Aren't You Thinking Too Much?

Cinda Corporation's position in Zhonghai City.

It was equivalent to BAT's status in the country.

Its industries covered real estate, the internet, cars, medical care, pension, and almost all industries.

Chairman Peng Wannian's personal assets were as high as tens of billions. Even on the Hurun Rich List, he was ranked third.

Therefore, when Wang Lin heard Peng Shaokun turned out to be Peng Wannian's son and the only heir of Cinda, one could imagine how shocked she was.

The difference between a family like hers and a super wealthy family like the Peng family...

Just like Ye Feng who was born in an ordinary family, the difference between them was the same.

They were existences that could only be looked up to and could not be reached.

But now, Peng Wannian's son actually took the initiative to pursue her daughter. She felt that it was somewhat unbelievable.

Chen Xuan was fine.

Other than being slightly shocked when she first heard Peng Shaokun's true identity, she quickly returned to normal.

Even if he was Peng Wannian's son, even if he was the heir of the Cinda Corporation, what did it have to do with her?

She had also founded Lingyun Real Estate.

She could use her own ability to make herself live a good life.

Why did she have to suck up to Cinda Corporation?

However, Wang Lin did not think so.

It would be a great thing if she could really get close to the Cinda Corporation.

Not only would her and her daughter's company be protected, their connections in Zhonghai would also be further expanded.

Even her daughter's future children would receive unimaginable benefits.

No matter how one looked at it, it was all beneficial and harmless.

The disgust she had for Peng Shaokun immediately disappeared.

The little bit of good impression she had toward Ye Feng immediately disappeared.

In front of a super tycoon like the Peng family...

A bottle of Maotai with a golden cap was not worth mentioning at all.

At the thought of this, she immediately looked at Peng Shaokun enthusiastically. "Xiao Kun, does your family know that you're pursuing Xuan Xuan? What do they think?"

Peng Shaokun looked at Chen Xuan with admiration.

“Auntie, don’t worry. My parents are very open-minded. As long as it’s something I like, they’ll support it with all their might. As long as you agree, I can bring Xuan Xuan to see my parents at any time.”

Wang Lin was instantly overjoyed. “That’s good. Go back and discuss with your parents. See when it’s convenient for them. Our families can have a meal together and discuss your marriage at the same time.”

Chen Xuan was shocked and angry. “Mom, what nonsense are you talking about?”

Her mother had actually decided on her marriage with Peng Shaokun without her consent.

This was simply too absurd.

Wang Lin had an unquestionable expression on her face. “It’s settled then. Stop talking nonsense.”

Chen Xuan was so angry that she couldn’t speak.

Peng Shaokun, who was beside her, was already overjoyed. “Auntie, don’t worry. It’s a very wise choice for you to hand Xuan Xuan over to me. I will definitely treat Xuan Xuan well.”

Chen Xuan's pretty face turned cold. "Can you call me Xuan Xuan?"

Peng Shaokun put on his signature smirk. "Then what should I call you? Xuan'er? Xiao Xuan? Xiao Xuan Xuan?"

Chen Xuan was so angry that her face turned pale.

She was about to flare up.

Wang Lin interrupted again, "Alright, stop arguing. Aren't you afraid of being laughed at in front of outsiders?"

Her words were obviously hinting at something.

In other words, she seemed to be saying that the two of them were family.

As for who this 'outsider' referred to?

That was self-evident.

Peng Shaokun nodded repeatedly. "Auntie is right. We can't let outsiders laugh at us."

Chen Xuan was very unhappy with her mother's words. "Mom, Ye Feng is not an outsider, he is my boyfriend."

Wang Lin smiled faintly. "Young people, who hasn't had a few friends? I don't think Xiao Kun will care about this, right?"

Peng Shaokun immediately went along with the flow. "Auntie, you're right. I like Xuan Xuan, so I'll naturally tolerate her past."

Chen Xuan was so angry that she was about to cry. "Mom, I've always listened to your arrangements. Can you let me choose for myself once?"

Wang Lin had a determined expression on her face. "Mom has been through this before. The choice Mom made for you is the best choice."

Saying so, she turned to look at Ye Feng.

"Ye Feng, you should also understand that with your own conditions, you are not worthy of Xuan Xuan, You cannot give her happiness. If you really love her, please leave her."

Ye Feng looked at Wang Lin calmly. "Aunty, you can't judge a person by their looks. With money, are they a good person? Can money definitely give Xuan Xuan happiness?"

As he spoke, he reached into his pocket and touched the memory card.

When Wang Lin heard this, she revealed a confident smile.

"Money may not be able to give Xuan Xuan happiness, but can it be without money? I've been in the business world for many years and have seen countless people. I believe that I'm not wrong. Xiao Kun is the most suitable man for Xuan Xuan."

Peng Shaokun also took the opportunity to mock him. "Some people are really shameless. They have already said so much, but they still refuse to let go."

Wang Lin and Secretary Liu also looked at Ye Feng coldly.

The intention to chase him away was self-evident.

Ye Feng quietly put his hand into his pocket, and he was about to take out the memory card.

At this moment, there were two knocks on the door.

Then, two middle-aged men pushed open the door and entered.

When Ye Feng saw these two people, he was slightly surprised.

One was the chairman of the Zhonghai Tycoon Club, Wen Tingguang.

Because Ye Feng did not participate in the management, he continued to be the chairman of the club.

The other was Kong Xianghui, the head of the Hurun Rich List's Zhonghai branch.

The two of them had just met at the Jiuzhou company yesterday. They did not expect to meet again so soon.

Before he could say hello.

Peng Shaokun, who was sitting opposite him, immediately stood up.

“Boss Wen, Mr. Kong, you're too polite. I'm just chatting with a friend. Why did you guys come over to say hello?”

Wen Tingguang and Kong Xianghui who were about to greet Ye Feng were stunned.

Where did this guy come from?

Who the f\*ck wants to greet you?

Aren't you thinking too much?

Chapter 322 - 322 This Isn't Scientific

322 This Isn't Scientific

Although Wen Tingguang and Kong Xianghui were here for Ye Feng...

However, since Peng Shaokun had taken the initiative to greet them, they could not ignore him.

They could only nod perfunctorily.

However, Peng Shaokun continued to flatter himself and turned around to introduce Wang Lin.

“Auntie, let me introduce you. This is Mr. Wen Tingguang, the chairman of Zhonghai Tycoon Club, and this is Mr. Kong Xianghui, the person in charge of the Hurun Rich List.”

Wang Lin also hurriedly stood up and shook hands with Wen and Kong.

She had been in the business world for many years, so she had naturally heard of these two’s names.

Although Wen Tingguang only had a few billion yuan in assets, he was still in the capital.

He was not ranked among the richest people in Zhonghai.

However, with the help of the Zhonghai Tycoon Club, he had made countless connections and had a huge influence in the business world of Zhonghai.

Kong Xianghui was even more so.

Although his personal wealth was not as good as Wen Tingguang’s, as the person in charge of the Hurun Rich List, his connections were wider.

The connections and resources that these two people could leverage were absolutely unimaginable.

She didn't expect these two big shots to come to see Peng Shaokun at the same time. It was obvious how powerful he was.

This made her even more determined to recognize Peng Shaokun.

With such a son-in-law, she would be able to do whatever she wanted in Zhonghai.

Just as she was secretly calculating, Wen Tingguang and Kong Xianghui had already bypassed Peng Shaokun.

They walked straight to Ye Feng.

"Hello, Mr. Ye."

Seeing the actions of the two of them...

Because Chen Xuan had seen Wen Tingguang at Ye Feng's grandfather's birthday banquet, she did not find it strange.

However, Wang Lin, Peng Shaokun, and Secretary Liu were all stunned.

What was going on?

Weren't they here to see Peng Shaokun?

Why did they greet Ye Feng?

Moreover, their attitude was so respectful, as if they were meeting a leader.

Ye Feng was just an ordinary university student.

How could he be so respected by the two big shots of the business world?

Countless questions filled their minds. It made them doubt their lives.

“Mr. Ye, why didn't you tell me in advance that you were coming? How can I let you eat in this private room? I'll immediately ask them to vacate the heaven-class private room.”

Wen Tingguang looked at Ye Feng with shame.

His words shocked Wang Lin and the others even more.

They had heard that the VIP rooms of the club were rarely open to the public.

Only those guests with extremely noble statuses were qualified to enter.

Even a super-rich second-generation heir like Peng Shaokun was not qualified to enter.

And Wen Tingguang was actually inviting Ye Feng into a heaven-class room.

It could be seen how much he valued Ye Feng.

What was so special about this Ye Feng? How could it be so important to him?

Then, they thought of the Taigu Shopping Center's President Guan Junsheng, who gave Ye Feng a bottle of Maotai that was worth more than 4 million.

It was enough to prove that this young man was not as simple as he looked.

Facing Wen Tingguang's kind invitation, Ye Feng only waved his hand lightly: "No need, we can just eat casually. There's no need to make a big fuss."

Kong Xianghui also took the opportunity to speak. "Mr. Ye, if you encounter any trouble, feel free to ask. I, Old Kong, will definitely not shirk my responsibility."

As he spoke, he glanced at Peng Shaokun.

With his intelligence, he could tell that Peng Shaokun and Ye Feng were not on good terms. That was why he said that.

Peng Shaokun knew that his words were directed at him, and he was even more surprised.

Kong Xianghui was very clear about the Peng family's strength.

As one of the top families in Zhonghai City, the Peng family was extremely powerful.

Under such circumstances, he actually dared to stand on Ye Feng's side and show off to him.

What was the reason?

At the thought of this, he suppressed the anger in his heart. "Mr. Kong, are you saying this for me? Are you declaring war on my Peng family?"

Kong Xianghui looked at him calmly.

“I don’t want to declare war on anyone, but if you insist on thinking so, I can’t help it. If you dare to be Mr. Ye’s enemy, although I, Kong Xianghui, am weak, I am willing to cheer for Mr. Ye.”

Peng Shaokun was even more shocked when he heard that.

Kong Xianghui’s words were no longer hidden.

Instead, he openly declared that he wanted to fight Peng family for Ye Feng.

This made him even more curious about Ye Feng’s identity.

“As far as I know, Ye Feng is just a university student from an ordinary family, right? If I want to crush him like an ant, why would Teacher Kong make an enemy of my Peng family for such a person?”

Kong Xianghui immediately raised his head and laughed loudly after hearing what he had to say.

“Young Master Peng, you are so childish and cute. Even your father, Peng Wannian, wouldn’t dare to say that killing Mr. Ye would be as easy as killing an ant, right? Where did you get such a big tone from?”

Peng Shaokun glanced at Ye Feng who was still sitting there calmly. "Oh? Could it be that he has an unknown identity?"

Kong Xianghui's gaze slowly swept across everyone present.

"I've just finished the statistics on the Zhonghai Hurun Rich List today. Mr. Ye's personal assets are already on the Hurun Rich List. Fifth place!"

His words were like a heavy bomb.

Everyone present was dumbfounded.

Ye Feng was ranked fifth on the Hurun Rich List?

Wang Lin, Peng Shaokun, Secretary Liu, and even Chen Xuan looked at Ye Feng in shock.

Chen Xuan was relatively better off.

After all, Ye Feng was the big boss of Lingyun Real Estate, and she had seen some shocking things about Ye Feng before.

Thus, she knew that Ye Feng had a certain level of strength.

But even so, she did not expect it to be so powerful.

He was actually ranked fifth on the Hurun Rich List.

One had to know...

Those who could be on this list were all old foxes who had been in the business world for many years.

And how old was Ye Feng this year?

He was only twenty years old.

A 20-year-old could enter the Hurun Rich List.

Moreover, he was ranked in the top five.

This was simply inconceivable!

Peng Shaokun was even more shocked.

His father, Peng Wannian, was ranked third.

He was two places higher than Ye Feng.

However, this was the wealth accumulated by the Peng family for several generations.

But Ye Feng had climbed to the fifth place on the leaderboard by himself.

He was much more valuable than his father.

But wasn't this too ridiculous?

A twenty-year-old young man could enter the fifth place on the Hurun Rich List through hard work?

Could it be comparable to the struggles of several generations of others?

Was this scientific?

This didn't make sense.

This was absolutely illogical!

Chapter 323 - 323 Your Private Life Is Really Chaotic

323 Your Private Life Is Really Chaotic

Wang Lin's mind went blank.

She knew very well how difficult it was to enter the Hurun Rich List.

That would be as difficult as ascending to the heavens!

She believed that she was already very business-minded and hardworking.

Usually, she didn't even have time to rest.

Even so, after a few decades, she only had a net worth of a few billion.

She couldn't even enter the top 100, let alone the top five.

As for Ye Feng, he was still a freshman this year.

He was already ranked fifth on the Hurun Rich List.

He became a big shot in the business world that everyone looked up to.

How was this possible?

If these words didn't come from Kong Xianghui's mouth...

She would definitely think that the other party had gone crazy and was spouting nonsense.

But who was Kong Xianghui?

He was the person in charge of the Hurun Rich List of the Zhonghai branch.

No one knew more about the wealth of the rich in Zhonghai than he did.

He definitely wouldn't speak without thinking.

But if what he said was true, it was simply unbelievable.

He came from an ordinary family, was only 21 years old, and was still a first-year student.

No matter how one looked at it, these labels had nothing to do with wealth.

Not to mention becoming one of the top five tycoons on the Hurun Rich List?

This was simply a fantasy!

Wen Tingguang and Kong Xianghui also looked at Ye Feng with emotion.

The other party was almost the same age as their children.

However, the achievements he had achieved were something that even old fellows like them had to look up to.

Just thinking about it made them feel a little embarrassed.

However, a genius of this level could not be measured with common sense.

He could only be said to be a genius, right?

Chen Xuan had no choice but to lay her cards on the table. "Mom, I haven't told you yet. Actually, Ye Feng is now the major shareholder of Lingyun Real Estate. He owns 60% of the shares."

Wang Lin's eyes widened.

What was that?

Ye Feng was actually the biggest shareholder of Lingyun Real Estate?

In that case, he was still her daughter's boss?

This...

“My club is also under Mr. Ye’s management.” Wen Tingguang took the opportunity to speak.

Chen Xuan: “Taigu Shopping Center’s Zhonghai branch is also Ye Feng’s property.”

“The same goes for the Jiuzhou Company,” said Kong Xianghui.

“Yuanfang Wenchuang Real Estate is the same.”

“Silver Brilliance Building too.”

“The Zhonghai Hot Spring Resort is also...”

The three of them spoke one after another, cooperating very well.

The more Wang Lin listened, the wider her mouth opened.

In the end, she fell onto the chair.

She did not expect that Ye Feng's businesses were already spread across hotels, real estate, entertainment, tourism, shopping, advertising, and many other industries.

A huge business empire was already taking shape.

A super big shot in the business world was gradually rising.

And this person was actually her daughter's boyfriend?

Her mind was in a mess.

Ye Feng glared at Kong Xianghui and Wen Tingguang unhappily. "I already said that I don't want to disclose my financial situation. Did you guys ignore it?"

Kong Xianghui hurriedly smiled apologetically. "I was wrong this time. Mr. Ye, please calm down. I'll be more careful next time."

Wen Tingguang also scratched his head. "I couldn't help but say something."

Ye Feng waved his hand in disgust: "Get out, get out, I don't want to see you."

Kong Xianghui and Wen Tingguang didn't say anything else and immediately left dejectedly.

At this moment, the private room was silent.

Everyone looked at Ye Feng as if they were looking at a monster.

Ye Feng coughed dryly: "Why are you looking at me like that?"

Peng Shaokun was the first to come back to his senses and sneered. "Isn't it just the fifth place on the Hurun Rich List? What's there to be arrogant about? It won't be too late to be arrogant when you surpass my dad."

When he said this, his aura weakened a little.

Clearly, he knew that with his own ability, he could not be compared to Ye Feng.

He could only bring up his father.

Just thinking about it was embarrassing.

After all, no matter how powerful his father was, he was still his father. There was still a fundamental difference between him and himself!

Wang Lin immediately fell into a dilemma.

On one side was a super clan like the Peng family.

On one side was Ye Feng, a new business tycoon.

In terms of foundation, the Peng family was definitely slightly better.

But Ye Feng started from scratch, and he built his empire with his own strength.

Clearly, his individual strength was stronger.

Two big 'pies' fell from the sky.

She didn't know which one to eat.

If only she had two daughters.

Then, there was no need to be so conflicted.

Peng Shaokun could see that she was starting to waver, and he was extremely anxious.

The reason why he pursued Chen Xuan so crazily this time was actually to kill two birds with one stone.

On one hand, he was indeed attracted by Chen Xuan's beauty.

On the other hand, it was because Cinda Corporation and Lingyun Real Estate were competing for a piece of land.

Logically speaking...

A new company like Lingyun Real Estate couldn't pose a threat to a giant like Cinda Corporation.

However, Lingyun Real Estate's proposal was very novel.

It was said that a few city leaders attached great importance to this plan.

This put a lot of pressure on Cinda Corporation.

In terms of financial resources, Cinda Corporation could crush Lingyun Real Estate in seconds.

However, in terms of the bidding plan, it was slightly inferior.

There was still a lot of suspense as to who would win this piece of land.

If he could successfully woo Chen Xuan and even get engaged to her...

Then they were family.

He could easily get rid of a strong competitor.

It was the best of both worlds.

Everything was going according to his plan.

But he did not expect that Ye Feng would suddenly appear and disrupt the situation.

Now, Wang Lin was in a dilemma.

If he didn't turn the situation around, then his wishful thinking would fall through.

However, he really couldn't think of any solution at the moment.

Just as he was burning with anxiety...

Secretary Liu suddenly spoke again, "Ye Feng, right? I just got someone to check on you. I didn't expect your private life to be so chaotic."

As she spoke, she waved her phone.

Everyone's attention was drawn to her.

Ye Feng frowned: "What do you mean?"

“According to the information I received, you have a lot of women around you, and their relationships are ambiguous. Some time ago, he even brought two women with him and appeared on campus at the same time, causing a huge sensation.”

The more Secretary Liu spoke, the more pleased she became. “To put it nicely, you’re called a young playboy. To put it bluntly, this is called shameless and despicable!”

Hearing her words...

Wang Lin’s expression turned ugly as she turned to look at Ye Feng.

“Is what she said true?”

Chapter 324 - 324 What a Joke!

324 What a Joke!

Ye Feng could not help but look at Secretary Liu.

This woman was really not simple.

She had found so much dirt on him so quickly.

No wonder she could play with the Peng family father and son in the palm of her hand.

Hearing Wang Lin's question...

He could only nod helplessly. "That's true. I do have a lot of female friends, but I can guarantee that there's nothing between me and them. There's nothing dirty going on."

Secretary Liu immediately sneered. "Do you think we're three-year-olds? With so many beautiful women around you, can you really stay calm? Do you think you are Liu Xiahui?"

Ye Feng was speechless.

This kind of relationship between a man and a woman, even if he grinded his lips to death, he could not explain it clearly.

He couldn't possibly take off his pants on the spot and prove his innocence, right?

Seeing this, Wang Lin was immediately disappointed.

She was already secretly leaning toward Ye Feng.

After all, he could build such a huge business empire from scratch.

His future was limitless.

Obviously, he was more important to her than Peng Shaokun, the rich second-generation heir.

But now, she heard that the other party's private life was chaotic.

The good impression Wang Lin had just had disappeared again.

After all, no matter how outstanding he was, if he was indecent in his private life...

Her daughter's happiness would be ruined if she married him.

Thinking of this, Wang Lin immediately made up her mind and turned to look at Peng Shaokun.

"Xiao Kun, it seems that you are more suitable for Xuan Xuan. No matter how rich a man was, his character always came first. If your character is corrupted, no matter how rich or capable you are, you will still be a scum."

Her last words were obviously referring to Ye Feng.

Peng Shaokun was overjoyed.

He was already on the verge of despair, but he did not expect things to turn around.

“Auntie, don’t worry. I’ve always been an open and aboveboard person. I won’t mess around with men and women like a certain someone. I will definitely treat Xuan Xuan well. I will only treat her well in this life.”

Chen Xuan immediately became anxious. “Mom, Ye Feng is not that kind of person. How can you just listen to one side of the story?”

Wang Lin glared at her sternly. “The salt I eat is more than the rice you eat. I know a person’s character better than you do.”

Saying so, she turned to look at Ye Feng.

“Ye Feng, I admit that you are very outstanding, I can even say that you are the most outstanding young man I have ever seen. You will definitely have great achievements in the future. But you are not suitable for Xuan Xuan. I want you to leave her immediately.”

A smile appeared on Ye Feng's face: "I can leave, but before I leave, I want to give you a gift."

Peng Shaokun didn't want to cause any more trouble and hurriedly chased him away. "You're really thick-skinned. She already told you to get lost. Can't you hear her?"

Ye Feng ignored him.

Instead, he took out the memory card from his pocket and installed it into his phone.

He retrieved the video taken by the car recorder.

Then, he pushed the phone in front of Wang Lin.

"Didn't you say that you have a good eye for people? Then let's see how noble the person you like is."

Wang Lin didn't know what he was up to.

However, she still looked at it seriously.

Then, in the video, a man got out of a yellow Maserati.

The video was very clear.

She could tell at a glance that this man was Peng Shaokun.

Peng Shaokun's expression changed drastically when he saw the video.

He did not expect that his actions with Secretary Liu in the parking lot would be recorded by Ye Feng.

He was about to snatch it immediately.

Ye Feng grabbed a knife in front of him and threw it out lightly.

**Boom!**

The knife was nailed right in front of Peng Shaokun.

If his hand were to extend another centimeter forward, he would have been nailed to the table.

Peng Shaokun was so scared that his face turned pale.

Ye Feng looked at him coldly: "Didn't you say earlier that you were very open and aboveboard? If that's the case, then what are you afraid of?"

Not only Peng Shaokun...

Even Secretary Liu, who was standing at the side, was scared out of her wits.

But in front of Ye Feng, she did not dare to act rashly.

When Wang Lin saw their expressions, she became even more curious about the content of the video.

She continued watching.

At this moment, Secretary Liu got out of the passenger seat.

At the same time, she was tidying up her messy clothes.

She was someone who had been there before. How could she not know what had happened in the car just now?

A nameless anger immediately surged in her heart.

She glared at Peng Shaokun and Secretary Liu angrily.

It turned out that there was something going on between the two of them.

Peng Shaokun had just promised her that he wouldn't mess around.

Now, it seemed like a joke.

The video was still playing.

The following conversation between the two of them made her worldview explode.

"What a sl\*t. You're so promiscuous even in the car."

"Annoying~ Take it easy. Don't let anyone see you."

“So what if they see it? What’s there to be afraid of?”

“I’m your father’s woman. Aren’t you afraid that someone will take a photo of me and send it to your father?”

“What’s my father’s is mine. When he dies, everything he has will be mine.”

“Doesn’t that mean we have to wait for him to die? He’s alive and well now, and you still dare to be so impudent?”

“The problem is, can that old fart still satisfy you? It’s better for you to keep your fertile water to ourselves than to hook up with wild men outside, right?”

“If he can’t satisfy me, can you?”

“Looks like I have to teach you a lesson today. You don’t know how powerful your Brother Kun is...”

Listening to the vulgar conversation between the two...

Wang Lin and Chen Xuan were both embarrassed and angry.

From their conversation, they could tell that Secretary Liu not only had an affair with Peng Shaokun, but also with his father, Peng Wannian.

The father and son actually...

Just thinking about it made them feel disgusted.

Such a person could not even be described as a human.

He was even worse than a beast!

Especially Wang Lin, who felt waves of fear in her heart.

Such a beastly man almost became her son-in-law.

If her daughter really married him.

Her life would really be ruined.

The funny thing was...

She had just praised him for having a good character and being worthy of entrusting her life to him.

Looking at it now, it was simply a huge joke!

Chapter 325 - 325 You're a Sl\*t, I'm a Playboy

325 You're a Sl\*t, I'm a Playboy

When Chen Xuan heard those dirty conversations, she was also furious.

She had thought that Peng Shaokun was just an arrogant rich second-generation.

Although his pestering method was very disgusting, his character was probably not too bad.

However, it was only now that she realized that she was too naïve.

The degree of this person's character was simply outrageous.

He knew that Secretary Liu was his father's woman.

He actually had an improper relationship with the other party.

It was not an exaggeration to say that he was worse than a beast!

However, what Chen Xuan did not expect was that this was only the appetizer!

There was even more shocking content in the video and conversation captured by the car recorder!

"Are you crazy? It's almost time. Aren't you going to see your mother-in-law?"

"What mother-in-law? If it weren't for that piece of land, people of their level wouldn't even be worthy of my attention."

"Really? I heard that President Chen Xuan is a great beauty. Aren't you tempted at all?"

"Don't worry. Even if I really take her down, I won't abandon you. Help me put in a few good words today. I won't forget your benefits..."

Chen Xuan's worldview was shattered!

When Wang Lin heard this conversation, her face turned pale with anger.

She had been in the business world for decades and was used to the deception of the business world. She was also used to the ugliness of human nature.

However, this time, it had once again refreshed her bottom line.

This Peng Shaokun was young, but his heart was so vicious.

To achieve his goal, he would do anything.

If Ye Feng did not take out this video.

It was very likely that she was still in the dark and thought of him as a perfect man in all aspects.

She would even hand her daughter over to him...

Thinking of this, Wang Lin didn't dare to think about the consequences.

Chen Xuan sneered. " So you're pestering me because of that piece of land in Laocheng District?"

Peng Shaokun's disguise was exposed, so he decided to go all out.

He immediately revealed his true nature. "That's right, I did it for that piece of land. Of course, if I can play with a beautiful CEO like you, it'll be the best of both worlds!"

Chen Xuan's face turned pale from anger at his shamelessness. "You're really shameless!"

"Chen Xuan, if you know what's good for you, you'd better withdraw from the bidding immediately. You're not qualified to be an enemy of my Cinda Corporation," Peng Shaokun said with a smirk.

"If you want to marry into our Peng family, it's not impossible. As long as you're obedient and don't care how many women I have outside, I can give you a status."

Chen Xuan was extremely furious. "Peng Shaokun, I can tell you clearly that I will not withdraw from the bidding. Lingyun Real Estate will fight to the death with your Cinda Corporation."

Peng Shaokun's face immediately turned dark. "You shameless b\*tch, I'm giving you face, but you don't want it. Watch how I'll play you to death then..."

Before he could finish, a black shadow suddenly flashed in front of him.

In the next second, there was a loud bang.

He had already been slapped in the mouth.

He spat out a mouthful of blood, along with two front teeth.

Peng Shaokun hurriedly covered his mouth, and blood continued to flow out from between his fingers.

Turning around, he saw Ye Feng smiling mockingly: "You have a cheap mouth, I have cheap hands. You like to shoot your mouth off, but I prefer to fight."

Peng Shaokun pointed at him angrily. "Little b\*stard, how dare you make an enemy of my Peng family? Watch how I'll kill you..."

Before he could finish, Ye Feng slapped him again.

Pa!

This time, it was even louder.

Peng Shaokun's mouth was swollen, looking like he was holding a sausage.

Ye Feng smiled: "There is nothing that cannot be solved with one slap, if there is, then two slaps. If you don't like it, you can continue scolding."

Peng Shaokun immediately shut up.

A wise man would not fight when the odds were against him. He still understood the principle.

Ye Feng could not be bothered to look at him. He waved his hand like he was chasing away a fly: "Since you have nothing to say, then get lost."

Peng Shaokun glared at him. "I won't let you off."

Ye Feng laughed lightly and raised his hand.

Peng Shaokun was scared out of his wits and fled in panic.

He didn't even care about Secretary Liu anymore.

Ye Feng raised his hand to scratch his head: "I was just scratching my head. Is there a need to be so scared?"

At this moment, Secretary Liu walked over and looked at Ye Feng pleadingly, "Ye... Sir, can you delete that video?"

If this video was sent to Peng Wannian...

Of course, Peng Wannian wouldn't do anything to his son.

However, she might not be able to bear the consequences.

Ye Feng sneered: "It depends on my mood, if I'm in a good mood, I might delete it. If I'm in a bad mood, I might just post it online."

Secretary Liu hurriedly came forward.

She rubbed her body against Ye Feng's arm and said in a seductive voice: "Then... How can I make you feel better? No matter what method it is, I'm willing to give it a try."

To be honest...

Secretary Liu was indeed good-looking and had a good figure.

What was even rarer was the seductive aura on her body.

A single look could make a man's blood boil.

Otherwise, the Peng father and son would not have been so mesmerized.

If it was not in front of Wang Lin and her daughter, Ye Feng would really... He would also flatly refuse!

What kind of person did this woman take him for?

Did she think that she could make him fall for her by using a little honey trap?

It was simply wishful thinking.

Was he, Ye Feng, such a lecherous man?

Definitely not.

Yes!

Chapter 326 - 326 I Have My Dignity Too!

326 I Have My Dignity Too!

After shaking off Secretary Liu's hand, Ye Feng did not say anything.

Secretary Liu was obviously terrified when she saw this. She was in a daze when she left.

After she walked far away, Wang Lin walked over with an apologetic expression.

"Ye Feng, I'm really sorry for what happened just now, I didn't expect that Peng Shaokun was a complete scumbag."

Ye Feng waved his hand generously: "You don't have to be so polite, I am doing all this for Xuan Xuan."

Wang Lin looked at him with admiration.

“Xuan Xuan’s taste is better than mine. You’re indeed an outstanding man. I’m very relieved to hand Xuan Xuan over to you. Then, let’s talk about your marriage now.”

Ye Feng was shocked when he heard this.

He was here to help disrupt the situation. Why was she talking about marriage?

Was he going to smash it in her hands?

Thinking of this, he immediately shook his head. “No need.”

Wang Lin was stunned. “What do you mean?”

Ye Feng turned around and glanced at Chen Xuan.

“I love Xuan Xuan very much and want to grow old with her, but I also have my dignity. Being picked around like a commodity is a great humiliation to me!”

How smart was Chen Xuan?

Seeing Ye Feng's gaze, she immediately understood.

He seemed to be saying, 'I've been acting with you for the whole night, and now it's your turn to cooperate with me.'

Helplessly, she could only pretend to be on the verge of tears. "Ye Feng, I'm sorry..."

Ye Feng interrupted her decisively.

"You don't have to apologize. It's not your fault. It could only be said that we were not fated to be together. In the future, I'll treat you like a sister. I hope you won't pester me again."

After saying that, he walked out resolutely.

Chen Xuan hurriedly chased after him and begged, "Ye Feng, I beg you, don't abandon me..."

"You're a good girl. I'm not worthy of you. Forget about me!"

Ye Feng left this sentence and walked away with firm steps.

After he left, he did not forget to secretly wink at her.

Chen Xuan winked at him in response.

Wang Lin was completely dumbfounded.

Before this, Peng Shaokun and Ye Feng were still fighting over her daughter.

Now, they had actually withdrawn one after another.

Peng Shaokun's true colors were revealed, so it was not worth pitying.

But Ye Feng's withdrawal was something she did not expect.

But thinking about it carefully...

Ye Feng's words were reasonable.

Tonight, from beginning to end.

Ye Feng had always been ignored, ridiculed, despised, and treated as an enemy by her and Peng Shaokun...

He was even treated as a commodity.

This was a huge humiliation for a 20-year-old man with a net worth of 10 billion.

This immediately made Wang Lin regret it.

She looked at her daughter, Chen Xuan, with a face full of shame. "Xuan Xuan, I'm sorry. It's all my fault. If not for my unnecessary actions, you and Ye Feng would not have ended up like this..."

Chen Xuan's face revealed a look of despair. "Mom, I hope that you won't meddle in my affairs in the future."

"I'm not a child anymore. I can handle my own matters."

Wang Lin hurriedly nodded. "Mom won't care about it anymore. You have to think about it!"

Chen Xuan didn't say anything else and walked out in a daze.

When she turned her back to her mother, she couldn't help but smile.

After tonight's ruckus...

Her mother would not interfere in her relationship anymore.

Today's mission had been successfully completed!

..

Ye Feng was driving the Ferrari Enzo toward Zhongtian Lake-View Villa.

Halfway there, he received a message from Chen Xuan.

[Thank you so much for today. After this lesson, my mother probably won't interfere in my affairs anymore.]

[You're welcome. It's just a piece of cake. Treat me to a meal tomorrow as a thank-you gift.]

[I'm afraid I can't do it tomorrow. I have to go to the municipal office tomorrow to submit some bidding materials.]

[Is it the piece of land that the Cinda Corporation bid for?]

[Yes, this piece of land is very important to Lingyun Real Estate. As long as we can get it, our company's strength will be greatly improved.]

[Then I wish you success.]

[How about... Come with me tomorrow?]

[Why should I go?]

[You're the big boss of the company. You should also contribute to the company. You can't always be a hands-off manager.]

[It seems to make sense.]

[See you tomorrow then.]

[Alright.]

When he thought of Wang Lin's regretful expression, he felt comfortable.

This woman had been bossing him around the entire night, which made him very unhappy.

If not for Chen Xuan, he would have slammed the door and left long ago.

Now, he was only giving her a small punishment.

It was estimated that for a long time, Wang Lin would feel that she had personally destroyed her daughter's happiness.

Her heart would be filled with guilt toward her daughter.

She would not interfere in Chen Xuan's relationship anymore.

Just thinking about it made him laugh.

Just as he was feeling smug, the sound of a system notification suddenly rang in his ear.

[A new navigation system has been discovered. Please go straight along the current road for 50 meters and turn left...]

Chapter 327 - 327 Chat History Exposed by Female Internet Celebrity!

327 Chat History Exposed by Female Internet Celebrity!

[Turn right at the intersection ahead...]

Ye Feng followed the system navigation and drove for about ten minutes.

Soon, they arrived at a residential building.

At this moment, there were already many people looking up to watch from downstairs.

Ye Feng followed their gaze and looked up.

He saw a young man in his twenties standing at the edge of the rooftop on the sixth floor.

That person had a determined look on his face, as if he would jump down at any moment.

Behind him was a middle-aged couple who were trying to persuade him.

Ye Feng pushed open the door and got off.

He heard the crowd discussing.

“This child is really silly. Is he really going to die for a female internet celebrity?”

“It’s mainly because he’s been sucking up to that female internet celebrity for more than three years. He spent millions on her, but he didn’t even touch her hand.”

“That’s fine. But that internet celebrity actually posted their chat history online. Now, the entire internet is laughing at his bootlicking behavior. He’s dead.”

“Yeah, if it were me, I wouldn’t be able to face anyone.”

“That doesn’t mean he should seek death. Young people nowadays are too fragile. ”

“ ... ”

Ye Feng listened to everyone's discussion and roughly understood what had happened.

It was probably that this man was a bootlicker for a female internet celebrity, and in the end, his chat history was exposed.

Many people were mocking him online.

For a moment, he couldn't think straight and wanted to commit suicide by jumping off a building.

Ye Feng could not help but shake his head and smile.

Young people nowadays were too fragile.

He had forgotten that he was only twenty years old this year.

However, after experiencing so many things, he actually had the illusion that he had been through it.

Looking at these childish actions, it was really ridiculous.

Although he thought so, this was a mission given by the system. Ye Feng had to complete it.

Who asked the system to give him so much?

..

Thinking of this, Ye Feng immediately rushed into the residential building.

There were six floors in this residential building and there were no elevators installed.

He could only climb the stairs.

Fortunately, he was physically strong and climbed to the fourth floor in one breath.

His face was not red, his heart was not beating fast, and he looked as if nothing had happened.

He was about to climb up to the rooftop in one go.

At this moment, a burst of exclamations could be heard from the crowd below.

“Young man, don’t jump. Think about your parents. If you die, what will happen to them?”

“Hurry up... Stop him, he’s going to jump.”

“Ah, I don’t even dare to look anymore...”

Ye Feng did not have the time to climb up. He kicked open a door and rushed in.

The family was leaning on the balcony and looking around.

Seeing Ye Feng enter, the male owner was a little shocked. “You... Why did you barge into someone else’s house?”

Ye Feng ignored him.

He walked to the balcony and stuck his head out to look up.

At this moment, one of the man's legs was already in the air.

The situation was extremely critical.

At the same time, on the rooftop.

A middle-aged woman was already crying her heart out. "Xiao Yuan, don't jump. If you jump, I won't live anymore. I'll kneel down before you..."

As she spoke, she actually knelt on the ground.

The middle-aged man beside her was also begging, "Xiao Yuan, come down first. If there's anything, we can slowly discuss it."

However, no matter how the two tried to persuade him, the young man's gaze was still determined.

"Dad, Mom, I've embarrassed you. Now that I've become the joke of the world, I have no face to live anymore. Take care of yourself. I'll take my leave first..."

After saying that, he jumped down.

“Ah...”

The woman blacked out and fainted.

The man rushed forward frantically, trying to grab his son’s hand.

However, he was still a step too late.

“Xiao Yuan...”

The man’s eyes were about to pop out, and he wished he could jump down with him.

Even the people below who were watching the show exclaimed in unison.

“F\*ck, he really jumped down.”

“Poor child, he died at such a young age.”

“His parents are the pitiful ones. How are they going to live the rest of their lives?”

“Ugh, what a pity...”

Many people even closed their eyes urgently, not daring to look again.

The middle-aged man on the rooftop was already dead.

He didn't even have the desire to live.

He only wanted to die with his son.

But at this moment, a miracle happened.

A hand suddenly reached out from the balcony on the fourth floor.

He grabbed his son's arm.

He had caught him.

However, if a person weighing more than 100 pounds jumped down from above, how great was the inertia?

The young man who had reached out in time was taken by his son and rushed out of the balcony.

Fortunately, the young man's other arm grabbed the railing on the balcony in time, thus avoiding the danger of falling to their deaths.

The two of them hung on the balcony in a very dangerous situation.

Seeing this, the man hurriedly rushed to the fourth floor.

When he rushed to the fourth floor, panting heavily. The family was also helping to pull him up.

The man hurriedly went up to help.

He quickly pulled the two of them up.

His son's face was pale with fright.

The man hurriedly hugged his son. “Xiao Yuan, my son, you scared Daddy to death.”

Only then did the young man come back to his senses. He immediately hugged his father and cried bitterly.

At this moment, the mother of the victim had also woken up and rushed in.

The family of three immediately hugged each other and cried.

“Dad, Mom, I regretted it the moment I jumped down. I thought I was dead for sure. I thought I would never see you again...”

The young man was obviously frightened and was incoherent.

The middle-aged man was the first to react. He quickly turned around and looked at Ye Feng.

“Little brother, I really have to thank you this time. If it weren’t for you, our family would have been ruined...”

Saying so, he wanted to kneel down toward Ye Feng.

The woman also had to kneel down and thank him.

Ye Feng quickly helped the two of them up: "Please don't do this, it was nothing to me."

Although he said so, who couldn't tell how dangerous it was just now?

If he hadn't grabbed the railing of the balcony in time, he might have been taken down and smashed into pieces.

The middle-aged man hurriedly took out a business card.

"Little brother, I can't thank you enough. My name is Huang Yuanshen, and I work in the Municipal Department. If you need my help in the future, just let me know. I'll do my best to help you."

Ye Feng took the name card and looked at it.

Huang Yuanshen.

Deputy Director of the Municipal Office.

Hiss, this was really a leader!

Chapter 328 - 328 Reverse the Car!

328 Reverse the Car!

Ye Feng kept the name card and turned around to glance at Huang Yuanshen's son.

This guy could be considered the son of a high-ranking official.

Logically speaking, he did not even need to take the initiative. There would be many girls who would take the initiative to throw themselves into his arms.

He did not expect that such a person would actually become a bootlicker for a female internet celebrity.

It seemed that bootlickers were not divided into classes.

..

The Huang family then thanked Ye Feng.

From the looks of it, they wanted Huang Xiaoyuan to kneel down and acknowledge him as his godfather.

Now that Ye Feng had completed his mission, he did not want to be entangled with them anymore.

He immediately bid them farewell and left.

When the crowd outside saw him walk out, they immediately gave him a warm applause.

It was like sending off a hero.

Ye Feng stepped forward at the critical moment and saved a life.

It could even be said that he had saved a family.

He was definitely worthy of the word 'hero'.

There were even some reporters who rushed over and were about to interview him.

Seeing this, Ye Feng hurriedly drove away.

He didn't want to become a hero that everyone praised.

After all, people were afraid of being famous, pigs were afraid of being strong. Only by keeping a low profile could he live a long life.

At this moment, the system notification rang in his ear again. [Congratulations to the host for completing the opportunity navigation. The reward is super god-level driving skill – Mount Haruna Driving Skill.]

Next, Ye Feng felt a strange feeling in his subconscious.

Then, the car that was already quite convenient seemed to have fused with his hands and feet.

It was a different feeling!

Just as Ye Feng wanted to feel the changes, a few modified cars suddenly sped past him.

The engines of these cars had been modified, and the noise was deafening.

One of the people in the cars even showed Ye Feng his middle finger when it brushed past him.

It was obvious that he despised him for driving such a good car like a turtle.

Ye Feng's lips curled into a beautiful smile.

He stepped on the accelerator.

..

"God Qiang, did you see that Ferrari Enzo just now? That car is too flashy."

"The car is indeed not bad, but the driver is too bad. It's a waste of such a good car."

"Yeah, that kind of car is wasted in the hands of that kind of person."

"The Red Hare Horse will only be immortalized in Lu Bu's hands. In the hands of a farmer, it will only be able to pull carriages for the rest of its life."

"Sigh, if I had such a good car, I would go to Crab Bay immediately to compete."

“With your skills, you still dare to go to Crab Bay? I reckon that the car will crash and die within two turns.”

“I heard that there’s a female racing god in Crab Bay recently. Not only is she beautiful, but she’s also very skilled. Even God Mu lost his car to her.”

“D\*mn, is your skill that awesome? God Mu has been undefeated for three years in Crab Bay, and he actually lost to a woman?”

“Don’t underestimate that woman. I heard that she only needed thirteen minutes to finish a race track like Crab Bay.”

“D\*mn, this technique is awesome. The previous record should be 24 minutes, right? She improved by ten minutes?”

“I really want to see with my own eyes how awesome her skills are.”

“Let’s go together...”

Just as the people in the convoy were chatting over the walkie-talkie.

Suddenly, a red ‘lightning’ flashed before their eyes.

“D\*mn, what was that? It scared me.”

“It seems... Is it a car?”

“Are you kidding me? If it was a car, it would be at least 200 km/h, right? This is the city.”

“That’s right. We’re driving 120. I feel that it’s a little dangerous. Who dares to drive more than 200 in the city?”

“Let’s follow and take a look.”

“Good!”

Everyone immediately sped up.

A few modified cars immediately turned into arrows and rushed out.

Fortunately, it was already late at night, and there were very few cars on the streets.

Everyone chased after each other for a full five minutes.

Then, they saw a red Ferrari Enzo parked in the distance.

The front of the car was facing them.

“It seems... It’s that Ferrari Enzo I saw just now.”

“Didn’t we leave it behind just now? When did it run to the front?”

“Could it be that this is the car that flashed past our eyes just now?”

“D\* mn, isn’t his skill too terrifying?”

“Who was the one who said that he pulled his crotch?”

Just as everyone’s car was approaching the Ferrari Enzo...

They could already see the driver inside.

He was not old, around twenty years old.

He looked quite handsome.

Just as they were wondering what he was doing with the car parked there...

Ye Feng slowly raised two middle fingers.

Were they despised?

“D\*mn, what does he mean by this? Is he provoking us?”

“This kid is too arrogant. If we don’t teach him a lesson, it looks like we can’t do it.”

“Uncle can endure it, but Auntie can’t either. F\*ck him.”

“Do you really think you’re the god of racing? Today, Grandpa will teach you what it means to race.”

Everyone immediately clamored.

They were about to teach the other party a lesson.

However, what they saw next was an unforgettable scene.

The Ferrari Enzo's engine roared.

It spun rapidly on the spot, emitting black smoke.

Then, there was a buzzing sound.

The Ferrari Enzo was like an arrow that had left the bow as it retreated rapidly.

His speed was getting faster and faster.

In a moment, he disappeared into the night.

The walkie-talkie was silent for a long time.

Everyone looked as if they had seen a ghost as they stared blankly in the direction where the Ferrari Enzo disappeared.

“Brothers, was I hallucinating just now? He... I think it’s reversing the car, right?”

“It’s reversing. You didn’t see wrongly. The speed seems to have reached more than 100.”

“Reverse the car... More than 100... Have you seen this kind of technology?”

“I’ve never f\*cking heard of him before. This person’s skills are so powerful that it’s infuriating.”

“My scalp is tingling now, and I’m covered in goosebumps. He’s simply a god!”

“I almost peed my pants just now. Luckily, I had to wait for a long time to pee.”

“You guys say... Between his skills and that female racing god from Crab Bay, who is better?”

“If that female racing god is better than this person, then she’s really a god.”

“If the two of them could compete, that would be too exciting.”

“If there really is such a competition, I will definitely watch it even if the sky is raining knives on me.”

“I look forward to this day.”

“...”

Chapter 329 - 329 A Thunderbolt Out of the Blue!

329 A Thunderbolt Out of the Blue!

The next day, Ye Feng went to the municipal office building according to Chen Xuan’s appointment.

As soon as he walked into the reception area, he saw Chen Xuan surrounded by a group of men in suits.

These people should also be the CEOs of various companies who were here to do business.

At this moment, they were all fighting to pass their business cards to Chen Xuan and strike up a conversation.

In the business world, there were very few female entrepreneurs.

Anyone who looked slightly human could be called a beautiful entrepreneur.

And Chen Xuan's looks would make her look good even in the entertainment industry, which was filled with beautiful women, not to mention in the business world?

Naturally, she became the target of these successful people.

However, Chen Xuan obviously did not like these conversations. At this moment, her eyes revealed an impatient expression.

Ye Feng saw this and immediately went forward to push everyone away, placing his hand on her shoulder.

At the same time, he said in a reproachful tone, "I'm not trying to criticize you. You're pregnant. You should have just rested at home. Why did you have to come over?"

Chen Xuan looked at him in confusion.

Pregnant?

Why didn't she know?

Ye Feng helped her to a chair and sat down.

"In the future, just let me handle this kind of thing. You're going to be a mother soon. Don't run around like a little girl every day."

As he spoke, he even touched her flat stomach.

He had a fatherly smile on his face.

Those who were originally drooling over Chen Xuan immediately scattered like birds and beasts.

So she was already a married woman?

And she was about to be the mother of a child.

Then what was the point of flirting?

At the same time, they were filled with envy and jealousy toward Ye Feng.

To be able to marry such a beautiful woman as his wife...

This kid's luck with women was not shallow.

Chen Xuan quickly slapped Ye Feng's hand away, and she glared at him. "Who wants to be a mother?"

Her gaze was extremely charming.

Ye Feng's heart skipped a beat.

However, Chen Xuan did not continue to dwell on this topic.

Instead, she talked to him about the land that was being auctioned.

"The city is planning to turn the Laocheng District into a new urban project that combines tourism, leisure, shopping, and living. The surrounding area will be equipped with the best medical, education, transportation, and other resources..."

She opened the bidding plan of Lingyun Real Estate and explained it to Ye Feng patiently.

Her soft long hair was emitting the fragrance of shampoo.

Ye Feng could not help but feel a little restless.

“The land we are bidding for is located in the core area Laocheng District. The city hopes that it can be used as a benchmark project to serve as a demonstration for other renovation projects. Therefore, the higher-ups attach great importance to this project...”

Ye Feng was sleepy from listening. He could only interrupt her. “Then how confident are you now?”

Chen Xuan hesitated for a moment and gave an estimate. “I’m 70% confident.”

Ye Feng was slightly surprised: “So confident?”

There were many companies participating in this kind of public bidding.

Among them were some super large real estate companies.

Under such circumstances, it would be good enough to have a 30% chance of success.

And Chen Xuan actually said that she was 70% confident.

It could be seen that she was very confident in this bid.

Chen Xuan smiled confidently.

“The planning and design proposal we provided this time is the most creative and futuristic. I heard that many of the higher-ups are very satisfied with it. I believe that we will definitely have the last laugh.”

Ye Feng immediately poured cold water on her.

“The bidding doesn’t just look at the design plan, but also the company’s strength. After all, Lingyun Real Estate is a new company. It can’t compete with those established real estate companies yet. You’d better be mentally prepared.”

Chen Xuan looked at him with some dissatisfaction. “Why are you boosting others’ morale and reducing your own? Our strength is not weak either.”

Ye Feng smiled bitterly: “I am just reminding you out of goodwill, don’t have too high of an expectation, otherwise, the greater the expectation, the greater the disappointment.”

Chen Xuan was a little angry. "If I had known that you would be so dejected, I wouldn't have asked you to come."

Ye Feng was completely speechless.

High morale was a good thing.

But if the morale was too high, it was easy to fall.

However, no matter what he said to her now, she wouldn't listen.

He couldn't be bothered to talk nonsense.

At this moment, the door of the bidding office was pushed open.

Peng Shaokun and Secretary Liu walked out together.

This was really a narrow road for enemies.

Ye Feng and Chen Xuan also stood up.

“Yo, what a coincidence?”

When Peng Shaokun saw the two of them, his face immediately revealed a bone-deep hatred.

What happened last night could be said to be the greatest humiliation he had ever suffered.

Thus, when he saw Ye Feng, it was as if he was looking at his father’s murderer.

Ye Feng smiled: “Don’t look at me like that, I’m so scared!”

Although Peng Shaokun hated Ye Feng to the core, considering the other party’s abnormal combat strength, he really did not dare to confront him head-on.

He could only turn to look at Chen Xuan. “I don’t think you need to go in. That piece of land is mine.”

Chen Xuan sneered, “It all depends on strength. The proposal that Lingyun Real Estate came up with is better than yours. What do you have to compete with us?”

“Don’t be happy too early,” said Peng Shaokun meaningfully. “You might not be able to laugh later.”

After saying that, he left with Secretary Liu proudly.

Chen Xuan didn’t know what he meant.

But when she and Ye Feng entered the office...

When she was informed by the staff that the bidding rules had been changed at the last minute.

Only then did she know why Peng Shaokun was so confident.

According to the staff, the higher-ups wanted to ensure that this project was foolproof.

Changes the bidding rules.

Other than considering the planning and design proposals proposed by the various companies, at the same time, they had to consider the financial strength and construction ability of the bidding company.

Therefore, the companies that participated in the bidding had to have at least 70% of the funds before participating in the bidding.

Moreover, the bidding time was brought forward and would end the day after tomorrow.

At that time, the company that won the bid would be announced.

This news was like a bolt from the blue, and it immediately confused Chen Xuan.

This was because Chen Xuan and the others had done an evaluation beforehand.

This project would cost at least tens of billions of yuan.

Seventy percent of the capital needed to be prepared before the bidding, which would cost at least 7 to 8 billion yuan.

Not to mention Lingyun Real Estate, even among the top real estate companies in the country, there were probably not many who could fulfill this request.

Moreover, the bidding would end the day after tomorrow.

There were only two days or one and a half days to gather the funds.

Where was she going to get so much money in such a short time?

Chapter 330 - 330 Are You Trying to Trap Me?

330 Are You Trying to Trap Me?

Before that, Chen Xuan originally wanted to use the excellent planning and design plan to get the land.

After she won the bid, she would proceed with the financing.

But now, the rules had changed.

They had to first take out 70% of the funds needed for the project to prove their financial strength.

This would undoubtedly wipe out their chances of bidding!

“No wonder Peng Shaokun looked so determined when he went out just now,” Chen Xuan couldn’t help but mutter, her expression powerless.

Zhang Youting arrived just in time and looked a little anxious. "Sister Xuan, I heard from their staff that the bidding rules have changed?"

Chen Xuan nodded solemnly. "According to the current rules, Lingyun Real Estate has already been eliminated."

Zhang Youting was a little stunned. "Is there no hope at all? We've invested so much energy into this project. Are we going to give up so easily?"

Chen Xuan let out a long sigh. "Our company only has around 300 million yuan available. It's impossible to raise the amount of funds needed for the bidding in a short period of time. What else can we do if we don't give up?"

Zhang Youting was also in despair.

She sat on a chair in the corridor with Chen Xuan, looking depressed.

During this period of time, they had been busy with this project.

They often worked overtime until 2 or 3 o'clock at night.

They had already seen hope.

They did not expect that in the end, they would still fail.

This blow was too great.

It was not something the two girls could bear.

At this time, Ye Feng spoke slowly: "Isn't the bidding not over yet? Are you giving up just like that?"

"It's almost over," Chen Xuan said with a sad face. "I'm afraid that there's not a single real estate company in the entire Zhonghai that can reach this standard."

Ye Feng smiled.

"This is where the problem lies."

"Let alone Lingyun Real Estate, it's impossible for Cinda Corporation to raise 7 to 8 billion yuan in such a short time."

Chen Xuan and Zhang Youting felt that his analysis made sense.

Even a large corporation like Cinda would find it difficult to fork out 7 to 8 billion yuan in a short period of time.

“But Peng Shaokun was so confident just now. Obviously, he was very confident.”

Chen Xuan immediately raised her question.

“Then there are only two possibilities. Either they received notice of the rule change in advance, so they started raising funds long ago. However, this possibility is very small.”

“Why?”

Chen Xuan and Zhang Youting were like two elementary school students. They raised their heads and looked at Ye Feng.

“Because Peng Shaokun tried to use some dirty tricks to eliminate you as a competitor yesterday.”

Ye Feng gave an explanation.

Chen Xuan felt that it made sense.

If Peng Shaokun had been notified of the rule change in advance...

Then there was no need to fear the Lingyun Real Estate anymore.

There was no need for him to go through all the trouble to pretend to pursue her or even curry favor with her mother.

“What about the second possibility?” Chen Xuan continued to ask.

“The second possibility is that he has the confidence to obtain a large investment within three days. He might even have reached an agreement to cooperate...” Ye Feng continued to analyze.

“But even if we know that someone is investing in him, what’s the use?” Zhang Youting asked.

“Of course it’s useful. As long as we can find out which investment institution it is, there’s still room for negotiation,” Ye Feng answered confidently.

Chen Xuan and Zhang Youting looked at each other in surprise and joy.

What was shocking was that Ye Feng was able to calm down so quickly and analyze the core of the problem.

This rationality and strong analytical ability were truly admirable.

They were happy because they had thought that this project was completely hopeless.

Now, they saw the light of hope again.

“However, this kind of business cooperation is confidential. How can we find out which investment institution it is?”

Chen Xuan calmed down and frowned again.

“Section Chief Yao Bin, who received us previously, is the person in charge of this bidding. He should know, right?” Zhang Youting suddenly mentioned someone.

“But... Will he tell us?”

Chen Xuan hesitated.

“Let’s give it a try. We can only try our best now.”

Zhang Youting had no other choice.

“Alright, let’s go and try.”

Chen Xuan nodded.

The three of them then went up to the second floor and came to the door of an office.

They knocked twice.

Then, they heard a lazy man’s voice from inside. “Please come in.”

The three of them walked into the office.

They saw a man in his fifties wearing a pair of black-rimmed glasses.

He was rubbing his sleepy eyes.

He was sleepy early in the morning.

This Section Chief Yao was really a talent.

“Hello, Section Chief Yao. I’m Chen Xuan from Lingyun Real Estate. We met last time.”

Chen Xuan took the initiative to greet him.

“Hello, what’s the matter?”

Section Chief Yao only nodded slightly and did not stand up to welcome her.

“It’s like this. We heard that the bidding rules have been changed at the last minute. We have some questions and would like to ask Section Chief Yao.”

“Any questions?”

“According to the revised rules, the reserve funds that the bidding companies need to prepare are very large. I’m afraid most companies won’t be able to meet the requirements, right?”

“That’s right. Since it’s a bid, of course we have to choose the strongest company. Just because you can’t meet the requirements doesn’t mean that others can’t either.”

“From what you’re saying, there are already companies that have met the bidding requirements?”

“Of course...”

Section Chief Yao suddenly reacted. “You little girl, are you trying to get information out of me?”
