

100 Million 381

Chapter 381 - 381 Can I Call You Invincible East in the Future?

381 Can I Call You Invincible East in the Future?

On the other side, in the meeting room of Longteng E-Commerce Group, Ye Feng and Qi Dongqiang signed the handover document.

From then on, Longteng E-Commerce was officially owned by him.

Ye Feng kept the documents and prepared to shake hands with the company's higher-ups.

However, he realized that everyone was frowning.

"The company has been injected with capital and is about to welcome new development opportunities. Shouldn't we be happy? Why is everyone so unhappy?" he said in a joking tone.

Everyone exchanged glances with each other, looking troubled.

At this moment, one of the executives spoke first. "Let me say it. I heard that you offended a big shot, Boss Ye?"

Ye Feng sniffed.

“If the richest man in South Guangdong Province, the true leader of the Fuli Corporation, and the famous business godfather are considered big shots, then I have indeed offended him.”

Although everyone had already received the news, they still gasped when they heard Ye Feng’s confirmation.

“Then, Mr. Ye, is there anything you want to say to us?”

“Yeah, who did we offend? Getting involved in a fight for no reason?”

“There are so many e-commerce companies on the market. Why did you choose to buy our Longteng?”

“I’m so unlucky. I was originally full of hope for the company’s development. Now that this matter has happened, it’s hard to say if we can survive for a month.”

“We built Longteng from scratch, just like our children. But for you guys, it might be... It’s just an ordinary business.”

“...”

Ye Feng listened to everyone's complaints. He had a smile on his face from beginning to end, until the surrounding voices gradually calmed down. He said calmly: "Is everyone done? Then let me say a few words."

Everyone shut their mouths and looked over, wanting to hear what he had to say.

Ye Feng's gaze swept across everyone present: "The river flows thirty years east, the river flows thirty years west, don't bully the poor!"

"Pfft"

His words caught everyone off guard, and many people present laughed out loud.

Ye Feng did not care about their attitude and continued, "Don't laugh. I have my reasons for saying this. Because I have ten wins and he has ten wins."

Hearing this, everyone's laughter became even more intense.

Even ten wins and ten losses? Wasn't this just picking up Guo Jia's teeth?

At this moment, Qi Dongqiang, who had been silent all this while, suddenly spoke, "Boss, I'd like to hear the details."

He was really curious about what Ye Feng meant by ten wins and ten losses.

At this moment, Ye Feng walked toward the middle of the meeting room without any regard for his family.

He said in a clear voice, "Niu Sidun is already the setting sun in the west, and I am the rising sun in the east. This is my victory!"

"Niu Sidun used his power to bully others, and I was forced to retaliate. This is a righteous victory!"

"Niu Sidun's subordinates are a motley crew, while mine are all elite soldiers. This is a victory!"

"Niu Sidun has nepotism and is suspicious of everything. And I'll give my subordinates the authority to do whatever they want. This is a victory!"

"Niu Sidun has been in a high position for a long time and is good at suppressing others with his power. And I planned before I acted, retaliating. This is a victory!"

"Niu Sidun has done bad things, but I am open and aboveboard. This is a victory of virtue!"

“Niu Sidun gathers people for profit, and I treat people with sincerity. This is the victory of benevolence!”

“Niu Sidun doesn’t tolerate unpleasant words, but I can let you speak freely. This is a clear victory!”

“Niu Sidun is capricious, but I forge ahead and never forget my original intentions. This is a victory!”

“Niu Sidun is fighting in a different location, and I have the home-ground advantage. This is a victory!”

The entire meeting room was silent, only Ye Feng stood in the middle and spoke with confidence.

That unrestrained appearance had a bit of a heroic bearing, a feather fan, and a scarf.

With every sentence he said, everyone’s enthusiasm increased.

In the end, everyone’s blood boiled.

The eyes of many female executives lit up.

They had to admit that this man was really charming.

Even Qi Dongqiang couldn't help but admire him.

He thought that he was already a little expert at brainwashing, but compared to the person in front of him, he was simply at the kindergarten level.

This person's brainwashing skills had already entered the realm of a drum washing machine.

Rub your brain back and forth until you can't see any 'stains' anymore.

Even he had unknowingly been cleansed.

Ye Feng saw that the brainwashing effect had been achieved, he immediately put an end to it.

"In summary, I have ten wins and Niu Sidun has ten wins. Do you think I have a reason to lose?"

Clap, clap, clap...

As soon as he finished speaking, the crowd immediately applauded.

Everyone had an excited expression on their faces.

Some of the emotional female executives were even moved to tears.

The new boss' speech was too provocative.

It made them unable to control their emotions.

Ye Feng knew that he should stop while he was ahead. He immediately waved at everyone.

"I, Ye Feng, have said all I have to say today, whether you want to stay or go, you can decide for yourselves. If you go, I'll clap and send you off. If you stay, I'll welcome you with both hands. After today, we will meet again in the martial world."

After saying that, he walked away with confident steps.

All the executives spontaneously sent him out of the door.

“Mr. Ye, come often when you have time!”

“Yeah, your speech was too charming. I’ll be your fan in the future.”

“Mr. Ye, if you have another speech in the future, remember to inform us. We’ll prepare a small notebook in advance.”

“Mr. Ye, if you have time, help us brainwash more. We’re willing to be brainwashed by you.”

“Niu Sidun has ten defeats, and you have ten undefeatable defeats. He is the setting sun in the west, and you are the morning sun in the east. Then can I call you Invincible East in the future?”

Plop

You are Invincible East.

Your whole family is Invincible East!

Chapter 382 - 382 I’m So Poor Now I Have Nothing but Money

382 I’m So Poor Now I Have Nothing but Money

After leaving Longteng E-commerce Group, when Ye Feng was driving towards Zhongtian Lake-View Villa, he suddenly received a call from Chen Xuan.

“Ye Feng, where are you now?”

“I just went out to do something. I’m on my way home.”

“Hurry up and come to the company. It’s very urgent.”

“What is it?”

“I can’t explain it over the phone. Let’s meet again when you arrive.”

“Alright.”

Ye Feng could hear the anxiety in her voice. He did not dare to delay.

After hanging up the phone, he immediately turned around and sped toward Lingyun Real Estate.

..

Soon, Ye Feng arrived at Lingyun Real Estate.

However, as soon as he stepped in, he immediately noticed the difference.

The last time he came to Lingyun Real Estate, it was still lively. Many employees were busy coming in and out, and there were many new employees who came for interviews. It was a thriving scene.

However, when he came back this time, he gave off a feeling of lethargy. There were many empty seats in the office area, and the remaining employees were all sitting there listlessly.

There was no hope on their faces.

Moreover, even when they saw the big boss Ye Feng, they did not stand up and greet him respectfully like before. Most of them chose to ignore him.

..

Seeing this, Ye Feng did not stay any longer and went straight to the meeting room.

At this moment, there were fewer higher-ups in the meeting room than before.

Everyone present lowered their heads like frosted eggplants.

“What happened? You’re already dozing off in the middle of the day?”

Ye Feng tried his best to make his voice louder. This way, he could raise everyone’s spirits.

However, the effect was not obvious.

Everyone still looked dejected.

Only Chen Xuan seemed to have reacted in an instant. She forced herself to stand up. “You’re here?”

Ye Feng nodded. “What is it? You called me over in a hurry?”

Chen Xuan did not say anything and turned on the television.

Ye Feng was suspicious.

At this moment, the announcer on the television reported clearly.

“We’ve just received news that Cinda Corporation and Fuli Corporation have reached a partnership. They will each invest 10 billion yuan, totaling 20 billion yuan, to jointly build a provincial benchmark old city reconstruction project in Zhonghai Ancient City...”

When Ye Feng heard this, he instantly understood.

It was here. What should be here was finally here.

This was the first big move that Niu Sidun and the others used.

Everyone could tell that this arrow was aimed at Lingyun Real Estate.

Chen Xuan turned off the television and looked at Ye Feng helplessly.

“It’s obvious that they’re here for Lingyun Real Estate. Originally, our project was positioned as a city-level benchmark old city reconstruction project. But now, they were talking about the provincial benchmark project. Not only did they directly attack us, but they also stole all the limelight.”

Ye Feng frowned. “Will it affect you greatly?”

Chen Xuan nodded solemnly.

“The few partners who were originally interested in working with us have begun to back out. Some even took the opportunity to lower the price and force us to make concessions,” Zhang Youting said indignantly.

“These people are all ingrates. They begged us to cooperate before. Now that the wind is not right, they immediately hit us when we’re down.”

Ye Feng smiled. “It’s human nature to take advantage of the situation.”

Chen Xuan sighed. “We have to think of a countermeasure as soon as possible. Otherwise, the consequences will be unimaginable.”

Ye Feng nodded in agreement. “Do you have any good ideas?”

Chen Xuan immediately smiled bitterly. “The best way is, of course, to make the cooperation between Fuli Corporation and Cinda Corporation fall through. Of course, this is impossible.”

Ye Feng’s lips curled up. “That might not be the case.”

Chen Xuan smiled faintly but did not take it seriously.

Whether it was Fuli Corporation or Cinda Corporation.

They were all powerful old business empires.

How terrifying was the strength of these two corporations when they joined forces?

They wanted to destroy the cooperation between the two corporations.

“The second method is to have sufficient funds. This way, we will have the confidence to start a tug-of-war with those partners. However, the funds we have now are not enough to support us in this war.”

After hearing her explanation, Ye Feng smiled.

“I was wondering what it was. Isn't it just money? If you want something else, I might not have it, but if you want money, I can have as much as you want. I'm so poor now that I have nothing but money.”

When everyone heard his words, they wanted to go up and beat him up.

Why did these words sound so infuriating?

So poor that he had nothing but money?

Was there a need for such a Versailles?

When Chen Xuan heard his words, she immediately felt much more at ease.

Her beautiful eyes stared at him in a daze. "I knew that as long as you were here, everything would be better."

Zhang Youting hurriedly rubbed her arms. "It's too mushy. I can't take it anymore. I'll take my leave first."

After saying that, she immediately stood up and left the meeting room.

The others were also very observant and left one after another.

In the huge meeting room, only Ye Feng and Chen Xuan were left.

“That”

Chen Xuan was a little uneasy and wanted to find a topic to ease the awkwardness.

“How many days have you not slept?”

Ye Feng spoke first.

“What? I... I forgot...”

Chen Xuan was like a child who had made a mistake and hurriedly lowered her head.

“Do you want to die? There are so many blood vessels in your eyes. If you continue to endure, your entire body will be crippled.”

Ye Feng’s tone was very strict.

“But I still have a lot of work to do. I have to push forward the old city reconstruction project, appease the employees, and argue with those partners”

Before she could finish, Ye Feng had already grabbed her and walked out.

“Ye Feng, what are you doing? Put me down quickly”

Chen Xuan was embarrassed and began to struggle.

Ye Feng freed one hand and patted her butt.

“Shut up!”

Chen Xuan immediately shut her mouth in fear and did not dare to speak again.

Ye Feng carried her as they walked through the corridor.

The employees who were originally lifeless saw this scene.

It was as if they had been injected with chicken blood and were resurrected with full health.

What was going on?

President Chen, who had always been known for being cold and aloof, actually did such an 'indecent' thing with a man in public?

Chen Xuan hurriedly pressed her face against Ye Feng's chest.

She was afraid that she would be too ashamed to face others in the future.

Ye Feng carried Chen Xuan and entered the CEO's office.

Bang!

The door closed.

This time, the entire company was in an uproar.

Obviously, the scandal of the beautiful president was far more attractive than the crisis the company was facing.

Chapter 383 - 383 There's Something Even More Tyrannical. Do You Want to Try It?

383 There's Something Even More Tyrannical. Do You Want to Try It?

"Oh my god, so President Chen and Mr. Ye have already developed to this stage?"

"You just found out? I could tell a long time ago. I've long noticed that the way President Chen looks at Mr. Ye is obviously different from when she looks at others."

"No wonder President Chen still stood by Mr. Ye when he was in danger. This is the power of love."

"This is too touching! For the sake of the man she loves, a woman is willing to offend a super big shot and bear all the pressure. I feel like crying."

"Isn't this too easy for a CP? One is handsome and unrestrained, while the other is a peerless beauty. One was a wealthy investor, and the other was a high-ranking CEO. They're simply a match made in heaven."

"I suddenly feel full of energy. For the sake of FengChen, I have to work hard and share the pressure with President Chen."

"I originally couldn't find a goal to fight for. Thank you, FengChen, for guiding me in the right direction."

"Comrades, we can do it! Together with FengChen, we'll tide over the difficulties and forge ahead!"

“Good luck!”

Ye Feng did not know that his unintentional action had brought a rare glimmer of hope to the lifeless Lingyun Real Estate.

This could be said to be a pleasant surprise.

He placed Chen Xuan on the single bed in the office for temporary rest.

Chen Xuan immediately struggled to get up.

He pressed her down again.

“Close your eyes and sleep.”

“But I still have work”

“Is work more important or is your life more important?”

“But”

“There are no buts. This is an order. You must obey it!”

“You... Too domineering”

“If you don’t listen to me, there are even more domineering things. Do you want to try?”

“I”

Chen Xuan had no choice but to close her eyes.

She was too sleepy.

Ever since the company won the bid for the project, she stayed up all night for a few consecutive nights.

Since last night, the company had been plagued with bad news. She did not even have the chance to sleep.

In the past few days, the total time she rested did not exceed four hours.

Therefore, as soon as she closed her eyes, she immediately fell into a deep sleep.

Ye Feng looked at her haggard face and sighed.

For a woman to bear the pressure for him, to a man, this was definitely a great humiliation.

'Peng Wannian, since you're in such a hurry to jump out.'

'Then I'll start with you!'

At this moment, he suddenly received a call.

It was an unknown number.

There was no note in the address book.

The call connected.

A woman's scream came from inside.

"Ye Feng, quickly come and save me"

"Please!"

"As long as you are willing to help, I promise to give you a big gift. The kind that will definitely be useful to you!"

..

On the other side, as the news of the cooperation between Fuli Corporation and Cinda Corporation spread.

The upper layer of Zhonghai instantly caused a tsunami of tremors.

At a high-class banquet in Wangjiang Pavilion, everyone could not help but discuss fervently.

"I just received news that Fuli Corporation and Cinda Corporation are working together on a renovation project for the Ancient City. The total investment is more than 20 billion."

“F*ck, this is obviously for Lingyun Real Estate. Lingyun Real Estate just won the bid for a big project. It’s also an old renovation project, and now all the limelight has been stolen.”

“And listen to their slogan. Lingyun Real Estate’s gimmick is Zhonghai City’s benchmark old renovation project. Fuli Corporation and Cinda Corporation are collaborating to create a provincial benchmark old renovation project”

“Tsk, tsk, Sima Zhao’s heart is known by everyone!”

“I’m afraid Lingyun Real Estate won’t have an easy time in the future.”

“However, they can only blame themselves for having a boss like Ye Feng. Why would they provoke Niu Sidun and Peng Wannian?”

“You can’t say that, as far as I know, that night, Niu Sidun and Peng Wannian attacked Ye Feng first, Ye Feng was forced to retaliate, right?”

“Is there a difference? Niu Sidun and Peng Wannian were much stronger than him. Why should he resist when others are making things difficult for him?”

“Yeah, if he had just admitted defeat and lowered his head, wouldn’t there have been nothing else? Why did it end up like this?”

“This is bandit logic! Someone had already put a knife to your neck, and you didn’t resist, but you still had to lower your head and admit your mistake? Where is your backbone? Where’s your dignity?”

“Do you know what the strong prey on the weak? Dignity belongs to the strong. The weak are only worthy of living an ignoble life.”

“You’re being unreasonable!”

“You’re pestering me!”

“You’re a spineless person!”

“You’re an idiot”

..

In the conference room of a steel factory in Zhonghai, the higher-ups gathered.

Seeing this, the chairman said, “Arrange for someone to double the price of Lingyun Real Estate.”

When the higher-ups heard the chairman's words, they immediately exploded.

"Chairman, isn't this price too ridiculous? Lingyun Real Estate will definitely not agree to it."

"That's right. This is double the market price. Lingyun Real Estate will never accept it."

"It's not up to them now. They have to accept this price no matter what."

"Why?"

"Fuli Corporation and Cinda Corporation have just announced that they have reached a partnership and will invest 20 billion to jointly develop an old city reconstruction project."

"What? There's actually such a thing? Then wouldn't Lingyun Real Estate be crazy?"

"Yeah, the reason why their project is so popular is because they are the benchmark project in Zhonghai City that the higher-ups support. If Fuli Corporation and Cinda Corporation directly build a provincial benchmark project, Lingyun Real Estate's gimmick will be meaningless and no longer valuable."

“In the past, Lingyun Real Estate was the dominant party. Now, with the two troublemakers, Fuli Corporation and Cinda Corporation, the situation has immediately reversed. Now, they have to come and beg us.”

“Chairman is wise!”

..

Similar things were happening in Zhonghai.

In the past, Lingyun Real Estate had the best projects in their hands, and the profits were huge. Many companies were desperate to cooperate with them, even at the expense of the lowest profits.

Now that the situation had suddenly changed, these companies began to take advantage of the situation. They immediately raised their prices and began to take advantage of Lingyun Real Estate.

At this moment, all eyes were on Lingyun Real Estate.

Or rather, they gathered on Ye Feng.

They all wanted to see how he would break out of this situation.

If Ye Feng could successfully break out of this situation.

His prestige and strength would definitely take a huge leap.

Those who had hit him when he was down today would also be punished.

If he couldn't break through...

Then his camp would soon collapse.

And those who were covetous would also swarm forward.

They would take all of his assets.

Chapter 384 - 384 Thank You, But Don't Take the Opportunity to Take Advantage of Me

384 Thank You, But Don't Take the Opportunity to Take Advantage of Me

In Lingyun Real Estate, Ye Feng was slightly surprised when he received the call.

He immediately recognized Liu Mei's voice.

However, he was very curious. "How did you get my number?"

"There is no time to explain this now, Ye Feng, I beg you, please save me. They are going to break in"

At the same time, he heard a few rough voices.

"B*tch, quickly open the door. Otherwise, we will smash the door"

"You won't have a good ending when we enter"

"Quickly open the door"

Ye Feng frowned. "Where are you now?"

"I... I'm at a small hotel in the west of the city. I'll send you the location now"

"Why didn't you call the police? Why did you call me?"

“I don’t trust anyone except you now.”

“Then what makes you think that I’ll save you?”

“Didn’t you want to know what I have that is harmful to the Peng family? As long as you save me this time, I’ll tell you everything I know.”

“Tell me what it is first.”

“Come and save me first. I’ll tell you everything I know. It’s definitely something that can kill Peng Wannian.”

Ye Feng wanted to tease her a little more.

However, when he heard this, he immediately became serious.

“Wait for me. I’ll be right there.”

After saying that, he immediately went downstairs and got into the car. He stepped on the accelerator.

Sou

The Lycan supercar turned into an afterimage and disappeared from the spot.

When he arrived at the small inn called Evergreen, he saw the hotel owner and his wife huddled in a corner on the first floor and kept looking at the second floor.

Upstairs, the sound of the door being smashed and all kinds of foul language could be heard from time to time.

This small hotel was very remote, and the internal facilities were very old.

It was the combination of chaos.

It was hard to imagine that a woman like Liu Mei would live in such a place.

He didn't expect Peng Wannian's men to find this place.

This showed how powerful this man was in Zhonghai.

Ye Feng walked into the hotel and looked upstairs.

Peng Wannian had about six or seven subordinates.

Each of them was tall and sturdy.

It was very intimidating.

No wonder the boss and his wife were so frightened.

At this moment, the broken wooden door had been smashed beyond recognition.

He was afraid that it would not be able to hold on for long before they could break in.

Ye Feng calculated.

With his strength, it was not difficult to deal with these few people.

However, his goal for this trip was to redeem Liu Mei and get information on Peng Wannian from her.

Therefore, it would be best if he could avoid unnecessary trouble and avoid being noticed by others.

Thinking of this, he immediately turned around and walked to the hotel couple.

“My friend is inside. You guys go and help me lure them away. I’ll go and save my friend.”

When the boss and his wife heard this, they shook their heads like rattles. “Sir, those people don’t look like good people. We don’t dare to get involved in this.”

Ye Feng’s expression darkened. “My friend is staying in your inn. If anything happens to her, you will not be able to escape responsibility.”

The boss and his wife looked at each other and were still a little hesitant.

Ye Feng could not be bothered to talk anymore. He took out a thick stack of cash from his pocket.

“As long as you help me lure them away, this money will be yours.”

“You should have said so earlier!” the boss mumbled and stuffed the money into his pocket.

Then, he walked up to the second floor with a heroic gait.

“Stop smashing, stop smashing. That woman has already escaped through the window”

“Bullsh*t! She was clearly inside just now. We all heard her asking for help.”

The man in the lead immediately glared at him.

“I didn’t lie to you. She hung herself from the second floor with a bedsheet. My wife and I saw it with our own eyes,” the boss promised.

Liu Mei clearly heard his words.

She immediately tied the bedsheet and blanket into a rope and threw them out of the window.

The few of them immediately went downstairs to check.

They realized that the window on the second floor was open.

A simple rope hung down from above.

It looked like Liu Mei really climbed down the rope.

“! Why didn’t you f*cking say so earlier? Which way did she run?”

The man in the lead grabbed the boss by the collar and questioned him.

“Over there” The hotel owner pointed in a direction.

The group of people immediately chased after.

Ye Feng gave the boss a thumbs up.

With his acting skills, it wouldn’t be an exaggeration to win an Oscar.

It was a waste of talent to open a small, broken hotel.

Without further ado, he went upstairs and kicked the door open.

“Ah” Liu Mei shrieked in the corner.

But when she saw that it was Ye Feng, it was as if she had seen her family. She immediately threw herself into his embrace.

Ye Feng pushed her away. “Thank you, don’t think about taking advantage of me.”

At her age, the number of men chasing her could form a line and circle around Zhonghai.

Why was she despised by this guy?

“Why aren’t you leaving? Wait for them to come back?”

Ye Feng had already walked to the door. When he saw Liu Mei still standing there sulking, he immediately spoke in a bad mood.

Liu Mei’s expression changed and she hurriedly followed.

Just as the two of them walked out of the hotel, they saw the group of people return.

“Stop!”

When the group of people saw Liu Mei, they immediately shouted and rushed over.

Ye Feng did not even turn his head, leaving behind a contemptuous smile as he immediately got into the car with Liu Mei.

Vroom!

The engine roared and the car immediately sped off.

In the blink of an eye, the Lycan supercar had already passed through the traffic.

After a few twists and turns, he disappeared.

“F*ck, have we seen a ghost? Where is he?”

That group of people chased after him while panting heavily. They had already lost track of Ye Feng.

“Captain, what should we do now?”

“Yeah, we lost him twice in a row. President Peng will definitely not let us off.”

“I just got married. I don’t want to die yet”

The captain glared at them.

“Look at you guys. Do you know whose car it is?”

Everyone shook their heads, indicating that they did not know.

The captain took a deep breath and said, “If I’m not mistaken, that’s a Lykan supercar. There’s only one of it in Zhonghai!”

“And that car is in Ye Feng’s hands.”

“Ye Feng saved Liu Mei, even if President Peng knows, he won’t do anything to us.”

“Why?”

“Because even he was angered by Ye Feng. What right does he have to scold us?”

“Hiss It seems to make sense.”

“...”

Chapter 385 - 385 I'm Different From Those Vulgar Men

385 I'm Different From Those Vulgar Men

On the Lykan supercar, Liu Mei could not help but heave a sigh of relief when she saw Ye Feng showing off his driving skills and escaping.

While she was relieved, she felt a lingering fear when she thought of the scene of those people smashing the door just now.

Subconsciously, she turned to look at Ye Feng again. “Ye Feng, I really have to thank you this time. If not for you”

Really, if Ye Feng did not arrive in time, the consequences would be unimaginable.

“No need to thank me. This is just a transaction.”

Ye Feng leaned against the driver’s seat and turned to look at her. “Now, you can tell me what you know.”

“That” Liu Mei hesitated.

“What? You want to go back on your word? Do you want me to send you back?”Ye Feng said as he started the car.

“No, no, no. No, I’ll say it, okay?”

Liu Mei was really defeated by this guy. He turned hostile just like that and didn’t show any mercy.

“Speak!”

“Actually, Cinda Corporation is already on the verge of bankruptcy”

“Nonsense.”

Ye Feng interrupted her and looked at her unhappily. "I advise you to be honest, don't try to fool me."

Liu Mei was anxious. "I'm really not spouting nonsense. The capital chain of the Cinda Corporation has already been broken. It can face bankruptcy at any time."

Ye Feng sneered.

"You still want to lie to me? Cinda Corporation has just announced that they are going to invest 10 billion yuan in a project with Fuli Corporation. Now you're telling me that they're on the verge of bankruptcy? Do you think I'll believe you?"

Liu Mei took out a pack of women's cigarettes from her bag and lit one for herself.

"They're just using a smokescreen. This is Peng Wannian's usual trick."

"He wants to use this as a gimmick to swindle the investors' money and make up for their losses."

"Actually, Cinda Corporation's capital chain has long been exhausted."

Ye Feng stared into her eyes. "Are you serious? Do you have any evidence?"

Liu Mei took out a USB flash drive from her bag. "This contains the top secret financial report of the Cinda Corporation and the recording of the conversation between the Peng family father and son. It's enough to kill them."

Liu Mei quickly retracted her hand. "In exchange, help me book a ticket to fly overseas and guarantee that I can board the plane safely."

Ye Feng did not say anything. He called Wen Tingguang directly.

Wen Tingguang had a lot of connections in Zhonghai. It was easy for him to send someone abroad.

Liu Mei waited for Ye Feng to finish the call and receive confirmation before handing the USB drive to him.

"I plan to go abroad and never come back again."

As she spoke, she looked at the lake in the distance with a hint of sadness on her face.

"It's not a bad choice to start over in a different environment." Ye Feng kept the USB drive. When he looked at her again, he felt that she was more pleasing to the eye. His tone was also much better.

“The scenery here is very good.”

“It’s pretty good.”

“It’s suitable for s*x.”

“Pfft”

Liu Mei turned her head and stared at him.

“Do you want to give it a try? I’m pretty good. Anyway, I’m leaving soon, and I don’t need you to be responsible. Isn’t it what you men like the most?”

Ye Feng’s gaze was clear. “Don’t always say ‘you men’, I am different from those vulgar men. I like to be clean.”

Liu Mei looked at him for a long time.

Finally, she took a puff of her cigarette to calm her emotions.

“I didn’t expect that this was the first time I took the initiative to offer myself to you. I didn’t expect you to despise me.”

At this moment, Wen Tingguang’s car slowly drove over from the opposite side.

Liu Mei knew that it was time to leave.

“If only I could have met you three years ago, how good would that be? At that time, I was still very clean. You should like it”

“At that time, I was still a minor,”Ye Feng said in disappointment.

Liu Mei couldn’t help but smile desolately. “This is called a freak combination of circumstances, right? We’re not fated to be together in this life. Let’s do it in the next life.”

After saying that, she waved at Ye Feng.

She pushed the door open and got out of the car.

Ye Feng did not watch her leave.

As soon as she got out of the car, he turned around and went back.

Liu Mei turned around and saw him leave so decisively.

She couldn't help but curse, "Heartless man, go to h*ll."

..

On the way back, Ye Feng contacted Nanfeng Entertainment.

Get them to find some reliable media outlets and be on standby at any time.

Ever since he acquired Nanfeng Entertainment, he had always consciously kept a distance from them.

Because he knew very well, this kind of entertainment company could play an unexpected role at a critical moment.

Therefore, Ye Feng had been trying to play down his relationship with this company, just in case.

Now, it was time to use it.

Then, he called Kong Xianghui.

He briefly explained the financial problems of the Cinda Corporation to him.

Kong Xianghui's voice trembled when he heard that.

"Brother Ye, this is no small matter. Do you have any evidence?"

"It's been so long. Don't you know me? Why would I say something without evidence?" Ye Feng said as he sent a copy of the information in Liu Mei's USB over.

"Brother Ye, don't worry. I'll get someone to check. Our Hurun Rich List values credibility the most. If Cinda Corporation really has financial fraud problems, we will definitely announce it in time and punish them."

"Then I'll wait for your good news."

Ye Feng hung up the phone.

After some thought, he dialed Director Huang Yuanshen's number.

After Huang Yuanshen picked up the call, he did not wait for Ye Feng to speak and said: “Mr. Ye, you’re calling me because of the project between Cinda Corporation and Fuli Corporation, right?”

“Uh”

Ye Feng did not know how to reply.

“Mr. Ye, I’m really sorry. You saved my son’s life, so I should do my best to help you. However, I really can’t help you with this matter.”

Huang Yuanshen thought that Ye Feng was calling him because he wanted him to destroy the cooperation between Fuli Corporation and Cinda Corporation.

Therefore, the moment he came up, he blocked his chance to speak.

Ye Feng could not help but shake his head and smile bitterly, “Director Huang, you’ve misunderstood. I won’t let you do anything that will bend the law for personal gain.”

“That’s good. As long as it’s not about this, everything else is negotiable.”

“I want to report to you about the fraud in the Cinda Corporation’s finances.”

“...”

Huang Yuanshen fell into a long silence. After a while, he asked hesitantly, “You... Do you have evidence?”

Ye Feng smiled.

“Don’t worry. I won’t slander them for a project. I’ll send the evidence to your email later. You can go ahead and verify it.”

Huang Yuanshen heaved a sigh of relief.

“Mr. Ye, don’t worry. I’ll immediately bring the economic investigation experts to check it personally. If we find out that this is really the case, our municipal center will definitely punish them severely!”

“...”

Chapter 386 - 386 I’ll Treat This Number as a Trash

386 I’ll Treat This Number as a Trash

It had to be said that Director Huang was very efficient.

When Ye Feng returned home, he received a call from him.

“Mr. Ye, after the appraisal of our economic investigation experts, Cinda Corporation does have a serious financial fraud problem.”

“There’s indeed a huge problem with their group’s capital chain!”

“If we really hand over the Ancient City renovation project to them, I’m afraid that our entire government will be greatly implicated and dealt a huge blow in the future”

Huang Yuanshen’s voice was trembling when he said this.

“Director Huang, are you alright?”Ye Feng asked worriedly.

“I’m fine. I’m just a little scared. I didn’t expect the financial problems of the Cinda Corporation to be so serious. Even our municipal center was deceived by them. If you hadn’t reminded me in time, the consequences would have been unimaginable!”

Huang Yuanshen sounded a little excited.

Actually, it was understandable.

He was mainly responsible for the approval of real estate projects.

If the project approved by him ended up failing because of financial fraud...

He was to blame.

If it was more serious, he might be sent to jail.

It could be said that Ye Feng had saved him once again.

“Mr.... Brother Ye, you saved my son last time and saved me this time. I really don't know how to thank you.”

The way he addressed Ye Feng had already changed.

From ‘Mr. Ye’ to ‘Brother Ye’.

Their relationship had become much closer.

“Brother Huang, please don’t say that. I’m just doing you a favor.”

“That’s true for you, but for me...”

“Sigh, I won’t say too much nonsense. I’ll immediately ask the higher-ups to stop the project and punish them severely.”

“...”

Ye Feng had just hung up Huang Yuanshen’s call.

Kong Xianghui’s call came in.

“Brother Ye, I’ve already received news that the city is about to stop the project of the Cinda Corporation.”

Ye Feng was stunned. “Aren’t you too well-informed? You got the news so quickly?”

Kong Xianghui laughed heartily. "In our line of work, information is our lifeblood. Can we not hurry?"

"You can't be too quick with your p*nis. Otherwise, Sister-in-law will despise you."

"Ah?"

Kong Xianghui was stunned for a long time before he finally reacted. "Hahaha, you brat, you were driving so fast that I was caught off guard."

Ye Feng stopped joking. "Then what are your plans?"

Kong Xianghui also became serious.

"I've already reported to the higher-ups. I'll immediately release an announcement on the official website and public platform of the Hurun Rich List, as well as the new media account matrix. I'll severely condemn Cinda Corporation's financial fraud as a warning to others!"

"No wonder you're the person in charge of the Hurun Rich List. You're really efficient."

"Alright, stop flattering me. You're the real expert, kid. You've quietly obtained such important evidence. Cinda Corporation is going to die in your hands this time."

“Don’t talk nonsense. They brought this upon themselves. I’m just reporting their lawlessness to you. This is the responsibility of a citizen.”

“Yes, yes, yes. You’re doing the people a favor!”

“Likewise!”

“I’m ashamed!”

“How dare I!”

“Let’s go, let’s go”

After arguing with Kong Xianghui for a while.

Ye Feng hung up the phone and called Nanfeng Entertainment.

“Begin the operation!”

..

Zhonghai First Hospital, in a high-class VIP ward.

Peng Wannian leaned on the hospital bed. When he heard that the operation to capture Liu Mei had failed again, he was so angry that his entire body trembled.

“A bunch of idiots. A few men went to catch a woman, and she ran away twice? You still have the face to come back?”

The security guards all lowered their heads.

Only the security captain raised his head in grievance. “President Peng, you really can’t blame us for this”

“I can’t blame you? Is it my fault?”

Peng Wannian’s eyes widened and he was about to flare up again.

“I can’t blame you. These two times, we were about to catch that b*tch, but each time at the last moment, she was saved by someone,” the security captain hurriedly explained.

“Saved by someone? Who was it? Who is that person?”

“This person You know him too.”

“Do I know him?”

“Ye Feng!”

The security captain reported the name and began to carefully examine Peng Wannian’s expression.

Then, his face turned green, then white, and finally red.

He seemed to be vomiting blood again.

He hurriedly handed over a basin and prepared to receive the blood.

Peng Wannian sent the basin flying. He gritted his teeth and roared: “Ye Feng, it’s Ye Feng again!”

“Why is this guy still haunting us?”

The few security guards were all silent out of fear, not even daring to breathe loudly.

At this moment.

The door of the ward was pushed open with a bang.

“Dad, something bad has happened!”

Peng Shaokun rushed in anxiously.

“What’s wrong? Has the sky fallen?”

Peng Wannian was in a fit of anger. When he saw his disappointing son, he became even angrier.

All this mess was caused by his son.

He had offended Ye Feng.

Not to mention Liu Mei.

He was the one who had pooped, but he wanted him to clean up his mess.

It was just that he was useless now.

Otherwise, he would definitely have to raise another one.

This account was considered useless.

Peng Shaokun pushed away the security guards and rushed to the hospital bed. "Dad, the sky is really collapsing."

As he spoke, he hurriedly handed his phone over.

Peng Wannian pushed the phone away with a look of disdain.

Peng Shaokun had no choice but to clear his throat.

“According to an insider, the famous company in our city, Cinda Corporation, has a serious financial fraud problem. The relevant departments have already launched an investigation, and we will further track the follow-up development...”

“Pfft”

When Peng Wannian heard this, he felt his chest tighten.

Then, he spat out another mouthful of blood.

“Dad, are you okay? Doctor... Quickly call the doctor”

Chapter 387 - 387 Cinda Corporation's Counterattack

387 Cinda Corporation's Counterattack

In the ward, there was a flurry of activity.

A few doctors rushed over to check.

Peng Wannian pushed them away and snatched his son's phone. He started to check it carefully.

The internet was filled with news about Cinda Corporation.

There were already many comments under the news.

[Evil capitalists and vampires, hurry up and die.]

[These capitalists are too arrogant. They're not satisfied with earning so much money, and they're actually making financial fraud?]

[I know about this Cinda Corporation. They have done a lot of bad things in Zhonghai. They have committed all kinds of crimes. I didn't expect them to fake their accounts.]

[Then why didn't you report it to the higher-ups? Why don't you let the higher-ups punish them?]

[You're still too young. Cinda Corporation can be so big. How could there not be people above? If you dare to react, they'll make you disappear from the face of the earth in minutes.]

[Oh my god, is it really that evil?]

[Of course. I'm not surprised at all that Cinda Corporation has revealed such a thing. It seems that there are finally some big shots who can't stand them and have begun to enforce justice for the heavens and eliminate evil for the people.]

[I wonder which big shot did it?]

[Cinda Corporation has offended many people. There will always be big shots who can't stand them.]

Of course, among these comments, there were also some comments from the 'Li Zhongke'.

[I feel that there's no evidence yet. It's just some media fanning the flames. As adults, we should maintain some rationality.]

As soon as this comment was posted, it was immediately attacked by everyone.

[Keep your rationality, you are a spiritual capitalist. He looks rational and objective, but in fact, his butt is tilted to the sky.]

[As a former employee of Cinda, I can tell you that the news is true.]

[Big shot above, is there any inside story?]

[I don't think you're interested in tax evasion. If I tell you that the son of Cinda Corporation slept with his father's woman, you should be interested.]

[D*mn, there's such a thing? This is too outrageous. He's worse than a beast!]

[The son cheated on the father? This is simply an ancient legend.]

[His father's woman, isn't that equivalent to him being a masochist? This is a mess!]

[Boss, is this true? I really can't believe that someone would be so evil.]

[I heard it from a former colleague. He said that this matter was exposed by a big shot at a high-end gathering. There's video evidence.]

[Oh my god, what a weird father and son pair. They're inhumane!]

[If this is true, then I won't find it strange that they do anything.]

[That's right. If he can do such a disgusting thing, what else would he not dare to do?]

[If one's faith does not fall, the heavens will not tolerate it]

Peng Wannian saw the comments online.

He felt his chest churning again.

“Ye Feng, I will burn your bones and scatter your ashes!”

This sentence was practically squeezed out from between his teeth.

It could be seen how deep his hatred toward Ye Feng was.

Peng Shaokun hurriedly walked over. “Dad, you must take care of yourself. A little Ye Feng is not worth your anger.”

Peng Wannian glared at him in disappointment. “If you had even one ten-thousandth of Ye Feng's methods, even if I die now, I can rest in peace.”

Although Peng Shaokun was unhappy with his father's praise of Ye Feng, he had to admit it.

Ye Feng could already arm wrestle with his father and Niu Sidun. He was indeed much stronger than him.

Peng Wannian let out a long sigh. "I underestimated him. I didn't expect him to be able to mobilize so many media outlets in such a short time. This kind of power is really terrifying."

Peng Shaokun said carefully, "Dad, what should we do now?"

Peng Wannian frowned and pondered for a moment.

"Contact the public relations company immediately and launch a public opinion counterattack. At the same time, contact the platform and deleted all those posts. And send a lawyer's letter to a few major media outlets to kill one as an example."

Peng Shaokun was a little hesitant. "The internet is full of negative news about us. Is it too late to retaliate now?"

Peng Wannian laughed coldly. "Do you think that Ye Feng has evidence of our financial fraud?"

Peng Shaokun immediately shook his head. "That's impossible. I destroyed the evidence myself. How could he have evidence?"

Peng Wannian patted his shoulder. "That's good, isn't it? If they don't have evidence, then they're just spreading rumors and slandering us."

Peng Shaokun's eyes lit up. "That's right. So far, these media outlets have not produced any evidence. We can sue them for defamation."

As he spoke, he hurriedly went to the side to contact the public relations company, the online platform, and the company's Legal Department.

Ten minutes later.

Cinda Corporation immediately launched a counterattack.

At the same time, they deleted a large number of negative posts about them.

At the same time, an announcement was made on the official media account.

[Recently, there have been a lot of rumors and defamation posts about our company on the internet. These unscrupulous media outlets maliciously slandered our company without any evidence, causing a very bad impact on our company]

[Our company has sent a lawyer's letter to the media that published the rumor and clarified it to the public]

[Our company has always been law-abiding and firmly uphold the law. We will never do anything that violates the law. We hereby inform those who have ulterior motives that using such inferior methods to attack and discredit competitors is purely vicious competition]

This announcement was brilliant.

Firstly, it was to intimidate the media who published negative news about them.

Secondly, they wanted to lead this incident to malicious competition and smear the reputation of their peers.

At the same time.

A large number of articles to clear Cinda Corporation's name began to spread on the internet.

However, the public relations companies that Peng Shaokun found were very smart. They didn't directly exonerate Cinda Corporation but secretly pointed the finger at Lingyun Real Estate.

[According to an insider, Lingyun Real Estate used despicable means to win the bid for the old city reconstruction project from the Cinda Corporation with an advantage of one yuan. The advantage of one yuan is simply unimaginable]

[The CEO of Lingyun Real Estate, Chen Xuan, has always been known for her beauty. She is a famous beauty in the business world of Zhonghai.]

[To be able to build Lingyun Real Estate to its current scale in just two years. It's unknown if there's a power and s*x deal behind this]

Chapter 388 - 388 High, Truly High!

388 High, Truly High!

As soon as the Cinda Corporation launched their counterattack, the trend on the internet immediately changed.

[So it's the slander of peers? No wonder. I was wondering why the Internet was suddenly filled with negative news about Cinda Corporation.]

[These people are too despicable. For the sake of competition, they can actually fabricate such lies to slander others!]

[I've seen the announcement from Cinda Corporation. It's very convincing and reasonable. It's indeed a big company.]

[Cinda Corporation is innocent. We wronged them.]

[Who is manipulating public opinion? Who is treating us like fools? Who is deceiving the public?]

[Is there a need to say that? The ins and outs of the matter are very clear. It must be Lingyun Real Estate.]

[That's right. The joint project between Cinda Corporation and Fuli Corporation has directly impacted Lingyun Real Estate. They must be furious.]

[That's right. Once Cinda Corporation collapses, the biggest beneficiary will be Lingyun Real Estate. They must be spreading rumors.]

[Like I said, Fuli Corporation is a conscientious enterprise in our South Guangdong Province. How could their partner be so despicable?]

[It's all Lingyun Real Estate's doing. This company is immoral and will do anything.]

[Didn't someone say that the CEO of Lingyun Real Estate is a beauty? They also said that Lingyun Real Estate's rapid development is likely related to the power and s*x trade.]

[A beauty? How beautiful? Do you have a picture?]

[I went to the Encyclopedia and searched. She's really a beauty. She's prettier than many big celebrities.]

[D*mn, so good-looking? If you didn't mention that she's the president of a real estate company, I would have thought that she was some big star.]

[Based on my many years of experience, beauty and intelligence are in inverse proportion. The more beautiful she is, the weaker she is. With this woman's looks, who dares to say that she relied on her strength to get to where she is today?]

[The s*x trade is real. I suggest we report it to the higher-ups and investigate Lingyun Real Estate thoroughly to see how they got that big project.]

[No problem. We must clear the name of Cinda Corporation.]

[If Ling Yun doesn't die, the heavens won't tolerate it!]

[...]

He couldn't help but laugh proudly.

"The trend on the internet has changed. Lingyun Real Estate has become the target of public criticism."

Peng Shaokun immediately flattered him. "Dad, you're really wise and mighty. Zhuge Liang is alive! When the situation was unfavorable to us, you were actually able to turn the tide. Brilliant, truly brilliant!"

Peng Wannian smiled smugly. "I've been in the business world for decades. What kind of situation have I not seen? How can a little Ye Feng defeat him?"

Peng Shaokun nodded repeatedly. "That's right, that kid Ye Feng dared to go against you, he is simply overestimating himself. He doesn't know his place, he doesn't want to be a son"

Peng Wannian looked at his son and admonished him in a sincere tone.

"Dad's experience tells you that no matter what you face, you have to be calm and collected. After settling down, you can be calm. After being calm, you can be at ease. After being at ease, you can think. After thinking, you can obtain"

Peng Shaokun was a little sleepy.

However, it was rare for his father to be so excited, so he could only force himself to listen patiently.

At this moment, the door of the ward was pushed open again.

Vice President Guo of Cinda Corporation walked in quickly.

“President, something bad has happened...”

Peng Wannian waved his hand to interrupt him, a calm smile on his face.

“You’re talking about the news on the internet about our company’s financial fraud, right? Don’t worry, I’ve already used a little trick to resolve this crisis.”

Vice President Guo came over with a tablet. “Things are not that simple now. The Hurun Rich List has just released an official announcement, confirming that our financial fraud”

Peng Wannian’s expression changed drastically.

He hurriedly grabbed the tablet and began to read it carefully.

The Hurun Rich List made an announcement on the official media.

[Regarding the fraud of the Cinda Corporation’s financial affairs, our company has conducted an in-depth investigation of the Cinda Corporation’s financial situation in recent years in the spirit of being responsible for the public. We have reached the following conclusions]

[Cinda Corporation does have a very bad financial fraud problem. In the first and second quarters of 2015, there were huge problems]

[At the same time, we also received a recording of Peng Wannian and his son, which is now available to the public]

Peng Wannian trembled as he opened the recording.

Then, he heard his son Peng Shaokun's voice coming from inside.

"Dad, Cinda's capital chain is about to break. Please think of a way quickly."

"What are you panicking about? It's not the first time, but you're still so impatient."

"This time is different from the previous times. Our debt ratio is frighteningly high this time. We're in danger of going bankrupt at any time."

"Don't worry, I've already negotiated with the Fuli Corporation. We'll be able to get a big project soon. At that time, wouldn't those partners rush to give us money? Isn't it nice to take their money and help us fill the hole?"

“If the Fuli Corporation finds out that we’re getting something for nothing, they’ll definitely not let us off.”

“What are you afraid of? If Fuli Corporation doesn’t want their investment to go down the drain, they’ll have to help us hide it.”

“That makes sense. You’re really thoughtful. High, truly high!”

“Don’t flatter me. Hurry up and get rid of those financial reports and get someone to make a new one. Remember, you have to be very careful. If there’s any mistake, we’ll all be doomed.”

“Dad, don’t worry”

The recording was very clear.

The content was also very explosive.

They directly hammered the problem of Cinda Corporation’s financial fraud.

Hurun officials also gave the final result:

[We strongly condemn Cinda Corporation's bad behavior. It has also been decided that from today onwards, Cinda Corporation and Peng Wannian and his son will be removed from the Hurun Rich List and will never be on the list again]

When Peng Wannian saw this, he could no longer hold on.

“Pfft”

A mouthful of blood spurted out once again.

It was over.

Cinda Corporation was completely finished!

Chapter 389 - 389 There's No Day to Turn Over!

389 There's No Day to Turn Over!

Peng Wannian had thought that this was the worst case scenario.

But soon, reality gave him another heavy blow.

The official account of the Zhonghai Municipal Center also posted a message.

[Recently, we received a report from the public that Cinda Corporation's finances were fake. The municipal center attached great importance to it and immediately set up an economic investigation team to conduct an in-depth investigation into the financial situation of the Cinda Corporation...]

[We have now obtained reliable evidence that Cinda Corporation has major financial risks such as concealment, concealment, and forgery, which has caused an extremely bad impact on all walks of life.]

[Now, the municipal center has decided to punish Cinda Corporation as follows: Put Cinda Corporation on the official list of untrustworthy enterprises and terminate all major projects that the company is carrying out...]

Peng Wannian felt his vision darken, and the entire world dimmed.

"Dad, you must hold on."

Seeing this, Peng Shaokun immediately became anxious.

If the old master died at this time...

With his ability, he could not solve the crisis in front of him.

“Give me my phone.”

Peng Wannian suppressed the surging blood in his chest and hurriedly extended his hand.

Peng Shaokun hurriedly took his father’s phone.

Peng Wannian took the phone and called the leaders who had been bribed by Cinda Corporation.

Now, as long as the municipal center withdrew this punishment order...

Cinda might still have a chance of survival.

But soon, Peng Wannian understood what it meant to be fickle.

The leaders who used to call him brother actually refused to answer his calls.

One of them still had some conscience and answered his call.

However, before he could plead for mercy...

“Peng Wannian, I’ve already done my best to answer your call. I hope you won’t call me again. I don’t want to be killed by you!”

Then, he hung up.

Pada

The phone fell to the ground.

Peng Wannian stared at the ceiling with a blank expression.

He was very clear.

This time, Cinda Corporation was really finished.

Although he had gone through countless storms in his life, and he had finally survived...

He knew very well that this time was different from the past.

If he fell this time, he would never have a chance to turn things around again.

..

With the appearance of these two announcements, the trend on the Internet changed again.

The netizens who were expressing sympathy for the Cinda Corporation and lashing out at Lingyun Real Estate turned their guns around and fired at the Cinda Corporation again.

[The evil Cinda Corporation just issued an announcement and made themselves sound like white lotuses. I didn't expect them to be lying again.]

[This company doesn't even have the slightest bit of ethics. It's fine if they falsified their finances, but they even issued an announcement to deceive the public. Do they really think we're fools?]

[Even I was fooled by them. I was even scolding Lingyun Real Estate just now. Now, I finally see their true colors.]

[I want to apologize to Lingyun Real Estate. I've wronged you just now.]

[And President Chen Xuan, we listened to the lies of Cinda Corporation and attacked you. We're sorry.]

[I just found out from the encyclopedia that the president of Cinda Corporation is called Peng Wannian. It was this old dog who tricked us.]

[Peng Wannian, you old dog, why don't you just die? No wonder your son cheated on you. You deserve it.]

[How can there be such a crazy person in this world? You're even worse than a beast.]

[Like father, like son. The whole family is beasts]

[...]

Many netizens saw Chen Xuan's stunning beauty.

At this moment, when they found out that Chen Xuan had been wronged, countless people immediately turned from haters to fans.

[President Chen has been very hardworking since she was young. Her academic results have always been ranked among the top few in the school. In the end, with a high score of 682 points, she won the top scholar of the liberal arts college entrance examination in Zhongshan Province]

[During my senior year, she founded Lingyun Real Estate. In just three years, it became a multi-billion dollar company]

[This is a goddess who has both beauty and talent. I've decided that from now on, I'll be a fan of Goddess Xuan Xuan.]

[If anyone dares to say anything bad about our Xuan Xuan again, we sisters will scold them to death together.]

[That's right, I agree with you.]

[...]

Chapter 390 - 390 This D*mned Charm That Can't Hide

390 This D*mned Charm That Can't Hide

On the other side, Chen Xuan did not know about this.

She only felt that she had a good sleep.

She rubbed her sleepy eyes and walked out of the office.

She realized that all the employees in the company were gathered at the door, looking at her with ecstatic expressions.

Chen Xuan looked at her watch. It was already 7 o'clock in the evening.

"It's already so late. What are you guys doing here instead of getting off work?"

Zhang Youting quickly walked over and grabbed her hand excitedly.

"Sister Xuan, we won"

When she said these few simple words, her voice trembled.

Chen Xuan looked at her in confusion. "What did we win?"

Zhang Youting suppressed the excitement in her heart. "Just as you were sleeping, the news of Cinda Corporation's financial fraud was suddenly exposed online"

Chen Xuan was shocked at first, but she immediately reacted. "Cinda Corporation will definitely not sit still and wait for death."

Zhang Youting nodded immediately.

“That’s for sure. They immediately organized a counterattack and began to target Lingyun Real Estate”

A bitter smile appeared on Chen Xuan’s face. “If they want to besiege us, so be it. We’ve already had enough dangers. We don’t mind one more.”

“But very soon, Hurun’s officials issued an official announcement,” Zhang Youting quickly said. “They confirmed that Cinda Corporation’s financial fraud and permanently removed Cinda Corporation’s name.”

When Chen Xuan heard this, her jaw dropped.

From the start, she knew that this was definitely planned by Ye Feng.

As for Cinda Corporation’s financial fraud, he must have deliberately fabricated it to lead public opinion.

But he didn’t expect it to be true.

“Cinda Corporation Is it really financial fraud?” She still couldn’t believe it.

“Hurun has already provided evidence. There’s also a recording of the Peng father and son. The evidence is irrefutable,” Zhang Youting continued to explain.

Chen Xuan was stunned.

Zhang Youting added, “And the municipal center’s official account has also released an announcement, adding Cinda Corporation to the list of dishonest enterprises and terminating all major projects they are carrying out!”

Chen Xuan was immediately dumbfounded. “Then In that case, Cinda Corporation Finished?”

Zhang Youting nodded excitedly.

“It’s over. Not only is the Cinda Corporation over, but even the stock price of the Fuli Corporation, which they’re working with, has fallen by the limit. We won!”

The surrounding employees immediately burst into thunderous applause.

Everyone’s faces were filled with uncontrollable joy.

The pressure they had endured for so many days was finally released at this moment.

Some people even shed tears of excitement.

When the company faced a crisis, many colleagues jumped ship.

They could still hold on.

This required a lot of courage.

Because they didn't know if the company could survive this crisis.

They were gambling with their futures.

Fortunately, they won.

Chen Xuan stood there in a daze, tears flowing down from the corner of her eyes.

Ever since she started her business, she rarely cried in front of others.

But now, she could no longer control herself.

Before she went to bed, Lingyun Real Estate was still facing a catastrophe.

It was as if a black cloud was pressing down on the city.

But when she woke up, all the dangers were solved.

Ye Feng had saved her once again at the critical moment.

Thinking of this

She could not control her emotions.

She took out her phone and dialed Ye Feng's number.

However, the system notified her that he was busy.

After a few consecutive calls, it was the same.

Chen Xuan had no choice but to suppress the urge to confide in him.

She looked at the employees again.

“It’s been hard on everyone during this period of time. Let’s have a meal later to celebrate the survival of Lingyun Real Estate.”

“Alright”

These employees all cheered.

At this moment, Zhang Youting walked forward again. “Sister Xuan, I have something to tell you.”

Chen Xuan looked at her curiously. “Is there anything else?”

Zhang Youting kept her in suspense. “Open your Weibo account.”

Chen Xuan didn’t understand, but she still opened her Weibo account.

Usually, she would share some of her insights on this account.

However, they did not invest too much energy into the operation.

Even the verified accounts weren't certified.

Therefore, they did not have many fans.

There were less than 10,000 people.

However, when she entered the account again.

She realized that her fans had already reached more than 100,000.

She looked at Zhang Youting blankly.

"I don't have the money to buy fake fans for you. These people are all following you on their own initiative, and they even see you as a role model for women in the new era."

Chen Xuan clicked on the comments under her Weibo.

There were at most a few dozen comments under her previous articles.

But now, each of them was worth thousands.

Chen Xuan was completely stunned.

She wanted to prove herself with her strength.

However, she was out of the circle because of her looks.

This d*mn charm that had nowhere to hide!
