Chapter 401 - 401 A Storm in Zhonghai!

401 A Storm in Zhonghai!

“B\*stard, you stirred up such a big mess and you want to die?”

Niu Sidun became even angrier when he saw Jiang Bingkun’s extreme actions.

Jiang Bingkun paused and looked up at Niu Sidun.

“Boss, what do you mean?”

Niu Sidun looked at him with a dark expression. “Surrender yourself to the Office of Personnel immediately and cooperate with the police investigation.”

Jiang Bingkun nodded quickly. “I’ll listen to Boss’s arrangements.”

Niu Sidun’s expression improved.

“I’ve already consulted a lawyer. Your actions can be considered intentional murder, but it can also be considered provocation. If it worked properly, you will at most be locked up for a few days.”

Jiang Bingkun was already prepared to die, but when he heard Niu Sidun’s words, he was delighted.

“Really? That’s even less of a problem. I’ll turn myself in now.”

As he spoke, he was about to leave happily.

“Come back.”

“Boss, do you have any other orders?”

“Do you know what you have to do in the detention center?” Niu Sidun asked a strange question.

Jiang Bingkun was dumbfounded. “What else can I do if I’m in the detention center?”

Niu Sidun rolled his eyes and was too lazy to argue with him.

“Mo Chaosheng’s son, Mo Cong, is still locked up in the detention center, waiting for the final verdict..”

Jiang Bingkun rolled his eyes and immediately understood. "You want me to go in and silence him?"

Niu Sidun was so angry that he almost fainted. "I wanted you to take the opportunity to get in touch with him and sound him out."

"For what?"

"Ask him if Mo Chaosheng said anything to him before he died. Or, left any evidence for him to save his life."

Jiang Bingkun immediately understood.

"Boss, don't worry. I'll definitely complete the task."

With that, he strode out.

Niu Sidun slowly sat down on the chair.

His eyes revealed a hint of killing intent.

“Ye Feng, don’t be too complacent. Our battle has just begun!”

..

“I, Jiang Bingkun, acted on my own initiative today. It has nothing to do with anyone else..”

“I’ll go to the Office of Personnel and surrender myself now. I’m willing to accept any punishment...”

“At the same time, I sincerely apologize to Mr. Ye. I brought this on myself. Please don’t involve others...”

Jiang Bingkun posted a video on his WeChat Moments.

On one hand, he explained the cause of the incident.

On the other hand, he apologized to Ye Feng.

The moment the video was released, it was widely spread in all the major WeChat groups in the business world of Zhonghai.

It caused quite a stir.

..

Ruifeng Technology was a technology company specializing in artificial intelligence.

He was quite famous in Zhonghai City.

Li Ruifeng, the chairman of Ruifeng Technology, had also attended the banquet at Wangjiang Pavilion.

However, he chose to remain neutral.

At this moment, he saw Jiang Bingkun's apology video.

His heart skipped a beat and he instructed his secretary, "Ask Director Qian to come to my office."

Soon, a balding middle-aged man knocked on the door and walked in.

“Chairman Li, you were looking for me?”

The middle-aged man didn't stand on ceremony. He pulled out a chair and sat opposite him.

This person's name was Qian Wenxuan. He had transferred over from Jiuzhou Design Company two days ago and was now the director of the Operations Department.

“It's alright. I adapted quite quickly, but the people below are still not used to my style,” Qian Wenxuan couldn't help but complain.

Li Ruifeng raised his eyebrows and asked, “Oh? Tell me what you are dissatisfied with.”

“First of all, Ruifeng's efficiency is too low. What our Jiuzhou Design Company can do in a day, you can't do it in a week...”

“Also, your food is too bad. It can't be compared to our Jiuzhou Design Company at all. At least three dishes and one soup...”

“Lastly, my salary is too low. When I was at Jiuzhou Design Company, my salary was higher than my boss, Dai Qiang..”

Qian Wenxuan made a lot of suggestions in one breath.

Li Ruifeng had been listening with a smile. Suddenly, he interrupted, "Since Director Qian can't forget Jiuzhou Design Company, why don't you go back?"

"Uh..."

Qian Wenxuan was immediately stunned. "Chairman Li, that's not what I meant. I just made some small suggestions. I'm not dissatisfied with the company."

What kind of joke was this?

He had just betrayed Jiuzhou Design Company. How could he still have the face to go back now?

The smile on Li Ruifeng's face disappeared.

"I'm not joking with you. After a few days of observation, I don't think you're suitable for Ruifeng Technology."

Qian Wenxuan immediately became anxious. "Chairman Li, what did I do wrong? Just tell me and I will definitely change."

Li Ruifeng sneered. "Can a dog change its ways?"

Qian Wenxuan was a little angry. "Chairman Li, I don't understand what you mean."

"Hmph!" Li Ruifeng snorted. "Traitors are always traitors. You betrayed Ye Feng before. How do I know that you will not betray me in the future?"

Qian Wenxuan opened his mouth. "Chairman Li, I"

Li Ruifeng waved his hand. "Alright, no more nonsense. Pack your things and leave quickly."

Qian Wenxuan had no choice but to leave.

He really wanted to cry now.

Previously, when Jiuzhou Design Company was facing a crisis, he did not hesitate to choose to jump ship.

He thought that he had jumped out of the fire pit.

Who knew that Jiuzhou Design Company would quickly get out of the crisis and even achieve greater development?

And now, he had been kicked out of the house.

Li Ruifeng's words echoed in his mind.

Traitors, people will always betray them!

Chapter 402 - 402 Our Small Temple Can't Hold a Big Buddha Like You

402 Our Small Temple Can't Hold a Big Buddha Like You

Changhong Security.

As the leader of the Zhonghai stock market, he had a huge influence in the industry.

"Chairman, Mr. Lai is here to sign the contract and is preparing to officially start work tomorrow."

The secretary walked into the office and spoke respectfully.

Chairman Fang Hongsheng put down his phone and frowned. "Invite him in."

The Mr. Lai that the secretary was talking about was the former marketing manager of Dong'an Security. His name was Lai Chunsheng.

After leaving Dong'an Security, he came to Changhong Security to apply for a job.

This person was indeed capable, and Fang Hongsheng had admired him before.

Both parties had already reached an agreement and were just short of signing the contract.

But when Fang Hongsheng saw the news about Ye Feng and Niu Sidun, he did not know why, he suddenly lost interest in this person.

At this moment, the door was pushed open again.

Lai Chunsheng strode in and extended his hand to him. "Hello, Chairman Fang. We meet again."

Fang Hongsheng shook hands with him and sat back in his chair: "What do you think of Ye Feng, Mr. Lai?"

Lai Chunsheng had yet to sit properly when he heard the other party ask such a baffling question.

He replied without thinking, "...To be honest, I have a bad impression of this person."

Fang Hongsheng raised his eyebrows. "Why do you say that?"

Lai Chunsheng smiled disdainfully.

"This person is ambitious but talented, nepotism, short-sighted, and has a promiscuous private life... In short, he is a complete scoundrel."

Fang Hongsheng's expression turned even uglier. "I heard that he started from scratch. If he's really as bad as you say, how did he get to where he is today?"

Lai Chunsheng chuckled. "I admit that he does have some tricks up his sleeves. He was able to rise up in a short period of time. However, this kind of person will definitely not last long."

Fang Hongsheng sneered. "It sounds like Mr. Lai is very angry with him."

Lai Chunsheng didn't notice his expression and continued to talk.

“I just want to say one thing. Some time ago, he bought Dong’an Security and wanted to promote a vice president. Logically speaking, be it in terms of qualifications or work ability, I should be the best candidate.”

“Whether it’s age, experience, or ability, which aspect of Xu Man is better than me?”

As he finished speaking, he was so excited that he slammed his desk loudly.

Fang Hongsheng’s frown deepened. “I’ve dealt with Xu Man before. She’s quite capable. Aren’t you being a little biased?”

Lai Chunsheng immediately sneered. “You’ve been bewitched by her appearance. This woman will do anything to get ahead.”

“If she didn’t climb into Ye Feng’s bed, how could she be qualified to be the vice president?”

Fang Hongsheng slowly leaned back on the chair. “You said that she had an improper relationship with Ye Feng? Do you have evidence?”

Lai Chunsheng spread his hands. “Isn’t it obvious? Do you still need evidence? Many people in our company say that in private, and I’m not the only one.”

Fang Hongsheng's face darkened. "Mr. Lai, I've thought about it carefully. You might not be suitable to work in our company. I think you should find another job."

Lai Chunsheng's originally high-spirited expression suddenly froze. "Chairman Fang, did I say something wrong?"

Fang Hongsheng sneered.

"I think it's understandable that you chose to jump ship. However, you accused the former boss of his private life without any evidence. I don't dare to compliment someone like you."

Lai Chunsheng immediately panicked. "Chairman Fang, I'm sorry! I take back what I said just now. Please don't take offense..."

Fang Hongsheng interrupted him. "You don't have to apologize, and you don't have to apologize to me. Our small temple can't accommodate a big Buddha like you. You'd better find another place."

Lai Chunsheng was on the verge of tears.

"Chairman Fang, we've already discussed this. I've already resigned from my job at Dong'an Security. If you stand me up now, what should I do?"

Fang Hongsheng sneered.

“I didn’t stand you up. Before the contract is signed, both of us have the right to choose.”

“Now, I think there’s something wrong with your character. I’m not at ease handing the client to someone like you.”

“Chairman Fang...”

“Please!”

Fang Hongsheng didn’t give him a chance to talk nonsense and directly ordered him to leave.

Lai Chunsheng walked out of the office in a daze.

He could not understand even if he racked his brain.

Why did Chairman Fang, who had praised him a few days ago, suddenly become a different person?

What worried him the most was that he couldn’t go back to Dong’an Security.

Changhong Security didn't want him anymore.

Where should he go?

..

At the same time, at Thunderbolt Real Estate's headquarters.

As an established real estate company in Zhonghai, it was unparalleled in both scale and background.

The head of the Human Resources Department excitedly pushed open the door of the president's office.

"President Nie, I just contacted a group of employees who jumped ship from Lingyun Real Estate. As long as you agree, they can join at any time.."

Halfway through his sentence, he realized that President Nie Kangping did not have any joy on his face.

He suddenly felt a little strange.

Previously, President Nie had even said that he wanted as many employees as Lingyun Real Estate had.

This was because the employees of Lingyun Real Estate were famous for their quality in the real estate industry.

Not only were they capable of working, but they were also hardworking and disciplined.

However, looking at President Nie's expression now, it seemed that something was wrong.

Nie Kangping rubbed his phone and frowned. "I've thought about it. I can't hire the employees of Lingyun Real Estate."

The HR manager was stunned. "President Nie, aren't we going to open a branch company? Now was the time to hire people, and the people from Lingyun Real Estate were definitely the best choice."

Nie Kangping smiled lightly: "It is not wise to offend Ye Feng for a group of shrimp soldiers."

The HR manager looked at each other in confusion.

What did this have to do with Ye Feng?

Chapter 403 - 403 How to Repay Kindness With Kindness?

#### 403 How to Repay Kindness With Kindness?

Nie Kangping saw his subordinate's confusion and immediately explained with a smile.

"In the battle with Niu Sidun, Ye Feng first toppled Cinda Corporation, and today, he made Niu Sidun suffer a huge loss. Can't you see?"

The HR manager was still confused. "See what?"

Nie Kangping sighed.

"This young man is not simple. It was simply appalling to have such methods at such a young age."

"If he's given more time to develop, he'll definitely become a big shot in the future."

"We should try our best not to offend such a person."

The HR manager was still a little worried. "But the people from Lingyun Real Estate are all outstanding talents. If we don't want it, it's hard to guarantee that other real estate companies won't want them."

Nie Kangping smiled faintly. "Don't worry. If Thunderbolt Real Estate doesn't dare to take it, they won't dare to take it either. These traitors had already been abandoned."

Seeing that he was so insistent, the head of the Human Resources Department could only nod in agreement, but in his heart, he did not agree with his words.

He did not believe that Ye Feng had such a great deterrence.

Was there not a single company in Zhonghai that dared to challenge him?

At the very least, the companies that had joined Niu Sidun would open their doors to these people.

But in the end, it turned out that President Nie was right.

The entire company in Zhonghai had formed an unspoken rule without any communication.

Anyone who betrayed Ye Feng's company was rejected.

Even some of the people who had already joined the new company were persuaded to leave for different reasons.

Even the companies that had sided with Niu Sidun had made the same choice.

This was shocking.

Obviously, they were starting to retreat now.

They did not want to offend Ye Feng too much.

Could it be that Ye Feng was really going to rule the martial world for thousands of years?

..

This was all within his expectations.

It was human nature to add icing on the cake and add insult to injury.

If he was defeated in the battle with Niu Sidun.

Then what he was facing now would be being divided up completely.

But once he won, these people would try their best to please him.

“Ye Feng, you don’t know, the people in the company are very motivated now, and they are all very lucky, luckily they didn’t defect at that time...”

Chen Xuan called him immediately.

During this period of time, she had been under unimaginable pressure. It was rare to hear her laugh.

“The facts have proven that traitors do not have a good ending.”

Ye Feng was in a good mood now.

“There are many people who have left their jobs and are contacting me, wanting to come back. These people are quite capable. I’m a little hesitant now. What do you think of this?” Chen Xuan asked again, clearly hesitant.

“I only have one sentence. Repaying evil with kindness, how can you repay kindness?”

Ye Feng’s voice was filled with killing intent.

Chen Xuan immediately understood. "I understand! Indeed, if I forgive them now, it would be too unfair to the employees who stayed."

Ye Feng smiled in satisfaction.

"Traitors must be punished. However, those who were loyal have to be rewarded. The employees who stay will have their bonuses doubled this month. This money will be put into my personal account."

Chen Xuan also laughed. "Since your big boss is so generous, then I'll be generous too. I'll give them three times the bonus and the other one will be on me. Hahaha."

After hanging up the phone with Chen Xuan.

The other companies also expressed their intentions to him.

Those who had previously defected all wanted to return.

And the answer Ye Feng gave was exactly the same as what he told Chen Xuan.

How can we repay kindness with evil?

Anyone who betrayed him would never be allowed to step into any of his companies again.

And those employees who insisted on staying during the crisis would be rewarded handsomely.

At once, all the companies under Ye Feng had an unprecedented cohesion.

Morale was unprecedentedly high.

..

When Niu Sidun received the news, he locked himself in his study for an entire day.

No one knew what he was doing inside.

However, he was definitely not sleeping. He was brewing a big plan.

The next day, he finally walked out of the study and gathered all the core members.

“During this period of time, I have underestimated Ye Feng. He is much stronger than I imagined.”

This was the first thing he said.

Everyone was dumbfounded.

There were probably not many people who could make Niu Sidun admit that they were powerful, right?

Now, he actually admitted that he had underestimated Ye Feng’s strength?

This was undoubtedly the greatest reward for Ye Feng.

Niu Sidun’s gaze slowly swept across the crowd.

“I made a mistake earlier, I kept thinking about fighting Ye Feng head-on, but I neglected a problem. We are fighting in a different place. This is not our main battlefield. We won’t be able to gain any advantage in a head-on confrontation with him...”

Everyone listened to his analysis of the situation and nodded in agreement.

“So, we need to change our strategy. Since Ye Feng is a tough nut to crack, then we will specifically target the companies under him and destroy them one by one...”

Hearing this, everyone expressed their stance.

“Mr. Niu, give the order. What do you want to do? We’ll listen to you.”

“That’s right. We were too careless the first two times, which was why he took advantage of us. We definitely can’t give him any more chances.”

“We should attack them one by one, Ye Feng is not easy to deal with, but his subordinates are easy to deal with.”

“Ye Feng, this brat, just luckily took advantage of us. Now he is cocky again.”

“It’s time to teach him a lesson...”

Niu Sidun was very satisfied with everyone’s attitude.

“Since everyone agrees, let me first express my opinion...”

Chapter 404 - 404 The Autumn Wind Alliance Was Set Up

#### 404 The Autumn Wind Alliance Was Set Up

“As the saying goes, the enemy of my enemy is my friend. Next, we have to support more companies that are in a competitive relationship with Ye Feng’s companies and make them work for us...”

Niu Sidun took out a stack of papers as he explained.

“I spent the entire day studying Ye Feng’s businesses yesterday, I listed out all the major and minor competitors they are facing, take a look first.”

As he spoke, he sent the name list to everyone.

Everyone took the name list and looked at it.

They found that not only were the names of the companies listed, but the core businesses and advantages of these companies were also included. It even included the core leaders. Everyone’s personality, hobbies, shortcomings, and even social relations were written in great detail.

Everyone couldn’t help but respect Niu Sidun.

As expected, he had his own merits for being able to become the business godfather of South Guangdong Province.

Just this information alone was worth thousands of gold.

Niu Sidun waited for everyone to finish reading the information before speaking again.

“Your current mission is to try your best to contact these companies and try to establish an alliance against Ye Feng.”

“Then what should we call this alliance?” someone asked.

Niu Sidun pondered for a moment, “As the saying goes, the autumn wind sweeps away the fallen leaves. Since it is an alliance against Ye Feng, let’s just call it the Autumn Wind Alliance.”

Everyone nodded in agreement.

“What a good Autumn Wind Alliance. The leader of this alliance is none other than Mr. Niu.”

“When our Autumn Wind Alliance is established, it will be Ye Feng’s doomsday.”

“This time, we must not give him any chance to catch his breath. We must kill him in one blow.”

“In the previous two times, Mr. Niu was tricked by his stupid teammates. This time, he personally came out. A mere Ye Feng is not worth mentioning.”

“I’m willing to be a pioneer for Mr. Niu...”

Niu Sidun was very satisfied with everyone’s attitude. “Alright, then everyone should plan carefully and try to make sure that nothing goes wrong.”

With that, he turned around and walked out.

Niu Sidun’s eyes lit up. “What did he say?”

The subordinate immediately replied, “Master Kun said that he has already gotten information from Mo Cong. That Mo Chaosheng indeed left evidence for his son to save his life. It is extremely disadvantageous to our Fuli Group.”

Niu Sidun’s expression turned cold. “I’ve treated this Mo Chaosheng well. I didn’t expect him to play this trick on me. Did he say what evidence it was?”

The subordinate immediately shook his head. "Master Kun said that Mo Cong refused to say what evidence it was no matter what. He only said that once this evidence was taken out, Fuli Group would definitely suffer."

Niu Sidun's expression turned uglier. "Since he refuses to tell me, then let him rot in his stomach."

The subordinate immediately understood. "I'll pass your order to Master Kun."

Niu Sidun nodded. "Make sure he does it cleanly. Don't leave any evidence."

"Yes, Sir!"

The subordinate replied and left.

Niu Sidun looked at the lake in the distance, his eyes filled with endless killing intent.

'Ye Feng, you won't be able to survive for a few days.'

'Wait until I get rid of Mo Cong.'

'You're next.'

..

"Brother Mo Cong, what are you thinking about?"

In the field of Zhonghai detention center.

The prisoners imprisoned here had an hour of free time every afternoon.

Jiang Bingkun walked to Mo Cong who was sitting at the edge of the field and patted him on the shoulder.

Mo Cong turned around and smiled. "Nothing much. I'll be serving my sentence in prison in a few days. I'm afraid it won't be so easy for us to meet again."

Yesterday, when Jiang Bingkun entered the detention center, he was still somewhat wary of this person.

But last night, he was dragged to a corner by a strong man inside, ready to be humiliated.

During the time he was locked up in the detention center, he had been humiliated countless times because of his handsome appearance. He could not resist and could only accept his fate.

However, Jiang Bingkun appeared at this moment.

After beating up the brawny man, he even said, "Mo Cong is my brother. If anyone bullies him again, ask my fist first."

He was so touched that he almost cried.

This was the first time he had felt warmth during this period of time.

Therefore, in a moment of excitement, Mo Cong revealed many secrets to him.

Moreover, he treated Jiang Bingkun as a friend that he could rely on and trust.

Now that he saw him, he naturally spoke nicely to him.

Jiang Bingkun was indeed a good friend. After looking around, he suddenly lowered his voice, "Actually, I have a way to help you escape."

Mo Cong's eyes lit up. "Really?"

Jiang Bingkun chuckled. "You don't believe me, but don't you believe Mr. Niu? Is there anything he can't do in this world?"

Mo Cong hurriedly grabbed his hand. "Brother Kun, as long as you can help me escape, I'll do anything."

Jiang Bingkun glanced at his butt. "Anything?"

Mo Cong subconsciously moved his butt away. "You... What do you want?"

Jiang Bingkun immediately laughed heartily. "You're thinking too much. I don't have that kind of hobby. I only want one thing."

Mo Cong nodded his head hurriedly. "Tell me, as long as I have it, I'll definitely give it to you."

Jiang Bingkun rolled his eyes. "Give me the information on Fuli Group that your father gave you. I'll help you escape immediately."

Mo Cong's expression changed, and his gaze shifted. "What evidence? I was just joking."

Jiang Bingkun put his arm around his shoulder.

“I didn’t mean anything else. You also know that Niu Sidun is very suspicious. Those of us who work for him can be silenced at any time. So I want to have an amulet to ensure my safety. Brother, you have to help me. ”

Mo Cong remained unmoved and continued to shake his head.

“I really don’t have anything on Fuli Group. Brother Kun, I really can’t help you with this.”

Jiang Bingkun narrowed his eyes. A cold light suddenly appeared.

Chapter 405 - 405 Even Empress Dowager Cixi Isn't as Overbearing as You

405 Even Empress Dowager Cixi Isn't as Overbearing as You

Killing intent flashed in Jiang Bingkun’s eyes.

“Hahaha, since Brother Mo Cong doesn’t want to tell me, then pretend I never asked.”

As he spoke, he secretly stuffed something into his hand.

“I secretly brought this in. Find a place with no one to eat and don’t let anyone see it.”

Mo Cong opened his hand and saw a sausage.

If it was in the past, he wouldn’t even care about this kind of junk food.

However, the food in the detention center was as bad as pig feed.

Ever since he came in, he had not seen any meat.

To him, this sausage was simply more tempting than any delicacy in the world.

“Thank you, Brother Kun.”

Mo Cong thanked Jiang Bingkun gratefully.

Then, he ran to an empty corner.

Jiang Bingkun looked at his back, and the corners of his mouth gradually curled into a cold smile.

Since you don't want to tell me, then go to h\*ll with your secret.

He immediately turned around and walked away.

..

On the other side, Mo Cong found a remote corner.

He first looked around.

When he realized that no one was paying attention, he couldn't wait to open the sausage.

Halfway through the dismantling, drool began to flow from the corner of his mouth.

The gratitude he felt toward Jiang Bingkun was indescribable.

If it wasn't for his father's repeated warnings before his death that he wasn't allowed to reveal that secret, he really wanted to tell Jiang Bingkun about it.

“Just treat it as owing Jiang Bingkun a favor.”

Mo Cong was thinking about it.

“Meow...”

At this moment, a black shadow suddenly flashed in front of him.

Mo Cong was shocked.

When he came back to his senses, he suddenly realized that the sausage in his hand had disappeared.

He turned around and saw a wild cat with a sausage in its mouth. It jumped onto the roof with a whoosh.

Mo Cong was enraged.

However, he did not dare to make a sound.

He was afraid that he would alarm the others.

He could only curse silently in his heart.

Just as he cursed...

Then, an unbelievable scene appeared.

The wild cat suddenly fell straight down from the roof.

Pa da!

The corpse fell right in front of him. Its body was still twitching slightly, and white foam kept coming out of its mouth.

Amidst the white foam, there were also fine sausages.

“F\*ck!”

Mo Cong was dumbfounded.

This sausage was poisonous!

When this thought appeared, he was scared silly.

Jiang Bingkun wanted to kill him!

If it wasn't for the wild cat taking his sausage, he would be the one lying on the ground foaming at the mouth!

After thinking through all this, he actually calmed down.

Jiang Bingkun wanted to kill him, it must be Niu Sidun's order.

In this detention center, he couldn't stay any longer.

..

On the other side, Ye Feng was reading some revision materials at home.

He could choose not to go to school, but he still had to revise his lessons.

The system had rewarded him with ten years of cultivation.

It also greatly improved his mental state.

His memory had even reached the level of photographic memory.

Therefore, his revision progress was very fast.

With his current speed, if he was given two days, he would be able to review the entire semester's curriculum.

If he was given a week, he would be able to finish reading the entire university course.

Learning was no longer challenging for him.

Thinking of this, Ye Feng suddenly felt that this world was not challenging at all!

At this moment, he suddenly received a call from Chen Xuan.

“Are you free tonight? Let’s have a meal together.”

“I might not have the time for others, but for Sister Xuan, of course I’ll be on call.”

“You have a glib tongue! Then I’ll book the restaurant and send you the address later.”

“Okay, remember to dress prettier.”

“Are you saying that I don’t usually dress well?”

“Beautiful, of course it’s beautiful. You look beautiful even if you don’t wear it.”

“You... don’t play hooligan with me.”

“Then I’ll go play with someone else.”

“How dare you!”

“You’re too overbearing. I played with you, but you didn’t let me. Then I’ll go play with someone else, and you won’t let me. Even Empress Dowager Cixi isn’t as domineering as you.”

“Why do you have to be a hooligan? Can’t you be more gentlemanly?”

“Don’t gentlemen watch adult movies? That’s right. They all acted by themselves.”

“You... You’re really playing the lute to a cow. I’m ignoring you.”

Chen Xuan was probably really angry and hung up the phone.

Ye Feng pursed his lips.

This woman really didn’t know how to be funny at all.

What an old-fashioned pedant.

People like Shen Baitian were more fun.

He could make any kind of joke.

Speaking of which, it had been a while since he last saw Shen Baitian.

He wondered how she was doing at the Jiuzhou Design Company.

He would find a chance to ask her.

..

In the evening, Ye Feng drove to the place where he had agreed to meet Chen Xuan.

He didn't want to be too ostentatious, so he didn't drive the Lykan supercar or the Ferrari Enzo. Instead, he drove the Mercedes-Benz MPV that cost more than 700,000 yuan.

The restaurant that Chen Xuan booked was a high-end Western restaurant called 'Love'.

She sat by the window.

She was still wearing a black professional suit.

Black stockings wrapped around her slender long legs.

She was wearing a pair of black high heels.

Sitting there quietly was also a beautiful scenery.

Pedestrians passing by the restaurant couldn't help but slow down.

They walked past her in slow motion.

A few of his buddies even walked back and forth several times, pretending to glance at her unintentionally every time.

When Chen Xuan looked at them, they hurriedly pretended to be serious and walked away without looking sideways.

Ye Feng could not help but laugh at their comical actions.

However, on second thought...

If the system had not appeared.

A woman like Chen Xuan was also an existence that he could not reach.

It could be said that fate was playing tricks on people!

Chapter 406 - 406 Why Am I Not That Pig?

406 Why Am I Not That Pig?

When Ye Feng sat opposite Chen Xuan.

Immediately, he felt countless hostile gazes piercing over like sharp swords.

Ye Feng was immune to this.

He didn't take it to heart at all.

"Did you put on perfume today?"

As soon as he sat down, he smelled a very fragrant smell.

Chen Xuan usually did not use perfume.

Most of the time, she was even too lazy to put on makeup.

It was because she was born beautiful.

If it were any other woman, she probably wouldn't even dare to leave the house.

Chen Xuan's pretty face blushed. "Yes... Youting sprayed it on me."

Ye Feng could not help but shake his head and sigh, "You should learn more from Zhang Youting, dress up more when you have nothing to do, you are a goddess. Why do you have to live like a crazy woman?"

Chen Xuan glared at him. "I'm happy to do so. What do you have to do with it?"

Ye Feng nodded. "That's true, we are just ordinary friends. I really can't control you."

When Chen Xuan heard the words 'ordinary friends,' the smile on her face froze.

"As a normal friend, I thank you for helping me get through this crisis."

As she spoke, she raised the glass of red wine in front of her.

"You're welcome. I wasn't helping you. I was saving myself."

Ye Feng also raised his wine glass and clinked it with hers.

Chen Xuan did not say anything else. She raised her white goose neck and drank the red wine in her glass.

Ye Feng was a little dumbfounded. "Aren't you not allowed to drink?"

"Actually, I was just pretending. Previously, many clients wanted me to drink with them. I had to say that I was allergic to alcohol and couldn't drink. Actually, I was lying to them."

Ye Feng smiled and nodded. "Understood."

“The second toast is to you. I haven’t thanked you for getting that project for Lingyun Real Estate,” Chen Xuan said as she drank the wine in her glass.

“Don’t say that. Lingyun Real Estate is my company too. This is what I should do.”

Ye Feng saw that she drank so much and frowned.

Chen Xuan poured herself another glass.

“The third toast is to you. If you didn’t buy my company, Lingyun Real Estate might have gone bankrupt long ago.”

After saying that, she drank it all in one gulp.

“Lingyun Real Estate is a good company. Even without me, there will be someone else...”

Ye Feng explained seriously.

Chen Xuan suddenly interrupted him. “Did you not do anything for me?”

Her beautiful eyes stared straight at him.

The affection inside could no longer be concealed.

Ye Feng was a little embarrassed. "Sister Xuan, you drank too much."

Chen Xuan stood up and walked over with a wine glass in her hand.

She had indeed drunk too much and was staggering when she walked.

Then, she sat down beside him.

Ye Feng subconsciously moved inwards.

Chen Xuan looked up with her blushing face. "Are you that afraid of me? I won't eat you."

Ye Feng coughed awkwardly. "Sister Xuan, you really drank too much, I should send you back."

As he spoke, he was about to get up.

However, Chen Xuan pushed him back.

“No, I’m happy today. I want to drink. I want to drink to my heart’s content..”

Ye Feng had no choice but to nod, “Alright, let’s drink, let’s drink.”

As he spoke, he was about to pick up the cup.

Chen Xuan held his hand and seductively said, “Let me do it.”

Then, she put the wine in her mouth.

She slowly approached Ye Feng.

The customers who were eating in the restaurant were all stunned.

Chen Xuan had always been a goddess.

And because she drank too much, she showed a beautiful and charming appearance.

In addition to her seductive actions...

The lethality was simply off the charts!

Ye Feng looked at her cherry lips. She was getting closer and closer.

Vaguely, he was actually looking forward to it.

Come closer.

Just a little closer.

He surrendered.

At the last critical moment, Chen Xuan suddenly stopped.

She tilted her head and lay on his shoulder.

She actually fell asleep.

Ye Feng almost died on the spot.

I'm ready to sacrifice myself.

But you suddenly stopped.

It was too disappointing.

"Sister Xuan, wake up. Where do you live? I'll send you home."

Ye Feng pushed her awkwardly.

After knowing her for so long, he really didn't know her home address.

It could be seen how pure their relationship was.

"Not going home... Go to your house..." Chen Xuan mumbled in a daze.

It also made Ye Feng's heart beat wildly.

This was also a solution?

He immediately called the waiter to pay the bill.

Then, he supported Chen Xuan and walked out.

The group of old men in the restaurant were heartbroken.

She was such a goddess-like beauty.

Was she going to be eaten by a pig just like that?

Why were they not that pig?

..

"Sister Xuan, get in the car."

Ye Feng opened the car door, wanting to help Chen Xuan up.

However, Chen Xuan suddenly hooked her arms around his neck and fell backward.

Ye Feng lost his balance and fell into the backseat with her.

He felt the soft body beneath him.

His breathing became heavier and heavier.

Facing a stunner like Chen Xuan, if he said that he did not have any ill intentions, perhaps even a ghost would not believe it.

However, Chen Xuan was drunk now.

Ye Feng really did not want to do such a thing.

Thinking of this, he could only grit his teeth and push her away.

He closed the car door, turned around, got into the driver's seat, and started the car.

At this moment, Chen Xuan, who was lying in the backseat, slowly opened her eyes.

There was no hint of drunkenness in her eyes.

Instead, she felt a little depressed.

Zhang Youting gave her an idea to launch a fierce attack.

She would try her best to take down Ye Feng in one go.

However, was her attack not fierce enough?

Did she have to strip naked and stand in front of him?

This guy usually looked quite smart.

Why did he become a muddle-headed worm at this time?

Could it be that he... was not interested in women?

Chapter 407 - 407 Mo Cong's Help

407 Mo Cong's Help

Ye Feng drove toward the villa in Chaotian Lake.

They were almost home.

At this moment, a system notification suddenly sounded in his ear.

[A new opportunity navigation has been detected. Host, please go straight along the current road for 50 meters...]

Ye Feng was stunned.

Wouldn't they be home if they went straight for another 50 meters?

Could it be that this navigation was at his house?

Just as he was wondering, he suddenly saw someone standing at the entrance of the villa.

When he got closer, he could see the person's face clearly.

Mo Cong?

He thought he was seeing things.

Wasn't this guy in the detention center?

He immediately stopped the car, pushed the door open, and got out.

Mo Cong's body was dirty, as if he had just crawled out of a smelly ditch.

As he got closer, the stench on his body assailed his nostrils.

"Why are you here?"

Ye Feng pinched his nose and took a step back.

“I... I escaped from prison. I hid in the car that was used to carry the feces and escaped.”

Mo Cong looked pitiful.

Ye Feng looked at him with disdain. “If you want to escape from prison, then so be it, why did you come to my house? Do you want to take revenge?”

Mo Cong hurriedly shook his head. “No, Niu Sidun wanted to kill me. He sent Jiang Bingkun into the detention center to kill me...”

His voice was trembling non-stop. It was obvious that he was quite frightened.

Ye Feng frowned. “He wants to kill you, what’s the point of coming to me?”

“The only one who can save me now, the only one who dares to save me, is you. Because you and Niu Sidun are sworn enemies, you’re not afraid of his revenge. Mr. Ye, please save me...”

This scene was too comical.

An irreconcilable enemy.

He actually begged him.

Ye Feng thought of Mo Cong's high-spirited appearance back then.

He saw his miserable state now.

He couldn't help but sigh.

"How do you want me to save you?"

"I've already contacted my father's trusted aide. He'll pick me up at the Zhonghai dock tonight. Mr. Ye just needs to send me to the dock safely."

Ye Feng glanced at Chen Xuan who was 'sleeping soundly' in the car. "Why should I help you? What good will it do me?"

Mo Cong gritted his teeth.

“I have a copy of Niu Sidun and the Fuli Group’s black materials in my hands. There are many pieces of evidence of his crimes. As long as you send me to the dock safely, I can give you all these materials.”

Ye Feng’s pupils constricted.

However, he immediately sneered.

“Why should I believe you? If you really have dirt on Niu Sidun, why don’t you just give it to him? He might spare your life.”

Mo Cong sneered.

“I know Niu Sidun. This person is ruthless and will do anything. I have something on him, so he might still be afraid to act. But if I hand it over, I will die without a doubt.”

There was a pause.

“I can tell you something first. Niu Sidun has secretly set up an investment company in Zhonghai, called Sky High Investment. This matter is very secretive. You can get someone to investigate and see if what I said is true.”

Ye Feng immediately called Kong Xianghui and asked him to investigate the background of this company.

Kong Xianghui replied very quickly.

The equity structure of this company was very complicated.

However, with the joint efforts of the powerful intelligence network and analysis team of the Hurun Rich List.

Soon, it was confirmed.

The real controller behind this company was indeed Niu Sidun.

Moreover, he had already acquired many high-quality companies.

His strength could not be underestimated.

Ye Feng broke out in cold sweat.

It turned out that Niu Sidun, this old fellow, was playing the strategy of building a plank road in the open and secretly moving forward.

If not for Mo Cong's prompt reminder...

He might be caught off guard.

"Alright, I believe you. Get in the car."

After Ye Feng finished speaking, he got into the driver's seat.

Mo Cong quickly got into the passenger seat.

At the same time, he caught a glimpse of Chen Xuan, who was sleeping soundly behind him.

He had mixed feelings.

He was now reduced to a stray dog.

But Ye Feng was living such a carefree life.

Comparing people was infuriating.

However, now was not the time to be jealous. It was more important to stay alive.

Ye Feng once again displayed his god-like driving skills.

They traveled through the city at high speed.

It was supposed to take more than an hour by car, but they arrived at the dock in less than 20 minutes.

Mo Cong looked at him blankly.

After a long while, he gave a trembling thumbs up.

“Awesome!”

Ye Feng could not be bothered to talk nonsense with him. “Where is the thing I want?”

Mo Cong shrugged. “I didn’t bring it with me.”

Ye Feng's eyes flashed with killing intent. "Are you playing with me?"

Mo Cong was so frightened that he hurriedly waved his hands. "I definitely wouldn't dare to bring such an important thing with me. Otherwise, it would have fallen into Niu Sidun's hands long ago."

Ye Feng suppressed his anger. "Where is that thing?"

Mo Cong quickly answered, "In my dad's study, under the sixth tile from the left."

Ye Feng looked at him coldly. "How do I know if you are telling the truth?"

Mo Cong could not help but smile bitterly. "Do I still need to lie to you now? Niu Sidun wants to kill me, and I can't wait for someone to help me kill him. And this person is none other than you."

Ye Feng stared at him, analyzing the truth of his words.

Mo Cong sighed. "If you don't believe me, you can kill me now or hand me over to Niu Sidun. You might be able to shake hands and make peace."

The killing intent on Ye Feng's face disappeared. "If you dare to lie to me, even if Niu Sidun lets you go, I will chase you to the ends of the earth."

Mo Cong smiled bitterly. "It's an honor to be hunted down by the two of you. Goodbye... I might not see you again in this lifetime. I hope you can get rid of Niu Sidun soon."

With that, he jumped out of the car and walked toward the dock.

There was a small boat on the sea, and its lights flashed a few times.

Mo Cong also flashed his flashlight a few times.

The small boat immediately approached the dock.

Mo Cong jumped up.

He then turned around and waved at Ye Feng.

The small boat gradually left.

Ye Feng immediately changed direction and rushed toward Mo family's residence.

## Chapter 408 - 408 Who Asked You To Come To Me?

### 408 Who Asked You To Come To Me?

Mo Cong was not lying.

Ye Feng actually found a USB drive in Mo Chaosheng's study room.

He inserted it into the notebook that he carried with him.

He found that it was full of evidence about Niu Sidun and the Fuli Group's crimes.

In total, it was about 10GB.

One had to admit that Mo Chaosheng was really an old fox.

He actually collected so much evidence.

Since the day he joined Niu Sidun, he was probably already collecting them, right?

“That’s great. With these materials, we can completely topple Niu Sidun!”

Just as Ye Feng was looking at the materials, Chen Xuan’s voice suddenly sounded behind him.

He turned around in a daze. “You.... are you awake?”

Chen Xuan’s pretty face instantly turned red.

She heard that Ye Feng had obtained some dirt on Niu Sidun.

For a moment, she could not control her emotions and forgot to continue acting.

Ye Feng saw her embarrassed expression and suddenly realized. “You were pretending to be drunk just now?”

Chen Xuan hurriedly changed the subject. “This Mo family’s residence seems pretty good!”

Ye Feng stared at her. “Why did you pretend to be drunk to seduce me?”

Chen Xuan immediately became anxious. “Who... Who seduced you? I... I didn’t!”

Ye Feng's gaze wandered around her body wantonly. "Now, do you still want to go home with me?"

Chen Xuan lowered her head.

Her pretty face had already turned red to her ears.

After a long while, she let out a soft "mm" from her nose.

Ye Feng's blood boiled.

At this moment, the system notification sounded in his ear again.

[Congratulations to the host for completing the opportunity navigation! System Reward: Seventy-Two Styles of the Secret Technique in the Room!]

Ye Feng smiled evilly.

This system was really good at understanding people's thoughts!

..

The next day, when Ye Feng opened his eyes.

He realized that the beauty in his arms was still sleeping soundly.

Last night was her last night.

The system had given him a supreme book, the Seventy-Two Styles of the Secret Technique in the Room...

In the end, he could only die without any problems.

Just as he was sizing her up with pity, suddenly, he realized that her long eyelashes fluttered twice.

Her breathing was also clearly disordered.

Clearly, she had woken up.

“You’re awake?” he asked gently.

However, Chen Xuan was still pretending to be asleep and did not answer.

Ye Feng smiled evilly.

He looked her slender legs over.

He was about to get up and get out of bed.

Halfway down, he suddenly turned around.

He found Chen Xuan staring at him with her big eyes.

“Hahaha, I caught you, right?”

Chen Xuan hurriedly closed her eyes again. Her pretty face was already red to the neck.

Ye Feng whispered into her ear, “Last night, I did not have the time to entertain you. Do you want to make it up to me?”

“No!”

Chen Xuan hurriedly covered her face, wishing she could find a hole to hide in.

How could she be the president of Lingyun Real Estate when she was so shy?

The more she acted like this, the more Ye Feng felt an itch in his heart.

“This is my house. I have the final say. Who asked you to come knocking on my door? Take this!”

As he spoke, he directly used the Hungry Tiger Pouncing on the Sheep.

When the two of them walked out of the bedroom, it was already close to noon.

Chen Xuan was wearing a white men’s shirt.

Her professional suit and stockings was torn apart by a beast last night.

She could only make do with it.

Ye Feng looked at her limping and could not help but laugh: "You should rest at home today."

Chen Xuan shook her head. "I still have a lot of things to deal with at the company. I have to rush back in a while."

Ye Feng smiled and looked at her. "Will you be alright like this?"

Chen Xuan rolled her eyes. "Isn't it all your fault? It was my first time, and you didn't even know how to take pity on me."

Ye Feng complained, "It's my first time too, I have no experience."

Chen Xuan snorted lightly. "Only a ghost would believe you. You..." He had so many tricks up his sleeve. It was obvious that he had deceived many young ladies.

When she thought of Ye Feng's various moves, she was so embarrassed that she couldn't face anyone.

He really did not know what this fellow was thinking about all day.

Ye Feng really wanted to cry.

Heaven and earth were honest.

It was really his first time.

Those dirty moves were taught to him by the evil system.

He was not going to take the blame.

At this moment, a mechanical “Achoo” sounded in his mind.

Obviously, the system was protesting against him.

The system was not convinced!

Just as Ye Feng and Chen Xuan were having breakfast... having lunch.

Suddenly, she received a call from Kong Xianghui.

“Brother Ye, Mo Cong is dead!”

When he heard the news, Ye Feng was stunned.

“Dead? How did he die? I sent him to the dock last night and saw him leave with my own eyes. How could he suddenly die?”

“He died on that ship. Presumably, his father’s trusted aide had long been bribed by Niu Sidun...”

After Ye Feng hung up the phone, he did not speak for a long time.

He thought of Mo Cong’s panicked expression when he came to beg him last night.

His heart was filled with mixed feelings.

“This Niu Sidun is really ruthless!”

Through this incident, he had a clear understanding of Niu Sidun’s ruthlessness.

“This person is really unscrupulous in order to achieve his goal!”

Chen Xuan’s face turned pale with fright.

Ever since she started doing business, she was used to the deception of the business world.

However, that was all based on commercial means.

It was the first time she had encountered such a bloody method of killing people to silence them.

How could she not feel fear?

Ye Feng held her hand lightly. “Sister Xuan, don’t worry, I will not give him the chance to hurt the people around me.”

Chen Xuan slowly leaned her head into his arms. “Xiao Feng, this person is too scary. We... Why don’t you admit defeat?”

Ye Feng lifted her chin. “Do you think that your man will lose to him?”

Chen Xuan hurriedly shook her head. "I didn't mean that. But this person has no bottom line. I'm worried about you..."

Ye Feng used his index finger to block her mouth.

"There are ways to deal with gentlemen. There were ways to deal with villains. If he doesn't have a bottom line, I don't have a bottom line either."

As he spoke, he shifted his gaze to the two fair and slender long legs under her shirt.

"I don't know if you... have a bottom line now?"

Chen Xuan's face changed drastically and she immediately tried to escape.

But Ye Feng grabbed her and carried her up.

He walked toward the bedroom.

Chen Xuan could not help but wail.

“Again?”

Chapter 409 - 409 Who Agrees, Who Disagrees?

409 Who Agrees, Who Disagrees?

When the news of Mo Cong’s death reached Zhonghai...

It immediately caused a huge commotion.

The entire business world of Zhonghai City was talking about this.

“Why do you think Mo Cong suddenly broke out of prison?”

“I don’t know, but the timing is very strange.”

“What do you mean?”

“Jiang Bingkun had just entered the detention center when Mo Cong suddenly escaped. Is this just a coincidence?”

“You mean... Jiang Bingkun helped him escape?”

“No, if Jiang Bingkun or Niu Sidun helped him escape, he wouldn't have died.”

“Then what do you mean?”

“What I mean is that his life might have been threatened, so he fled in a panic.”

“You mean... Jiang Bingkun wants to kill him?”

“No, it's Niu Sidun.”

“Why do you say that?”

“With Mo Chaosheng's foresight, he would definitely have left some life-saving items for his son before he died. These things were very likely to be very disadvantageous to Niu Sidun.”

“So, Mo Cong's death is related to Niu Sidun?”

“Is there a need to ask? It's obvious.”

“If that’s the case, then this Niu Sidun is too terrifying.”

“How did Niu Sidun start? Everyone is well aware that he will do anything. It was just that he has slowly cleared his name over the years, causing everyone to forget his ruthless methods back then.”

“Encountering such an enemy who has no bottom line, Ye Feng has kicked an iron plate this time.”

“Ye Feng this brat doesn’t know the immensity of heaven and earth. He thinks he can do whatever he wants just because he is a little smart. Little does he know that in Niu Sidun’s eyes, these are all small tricks.”

“I originally thought highly of Ye Feng, but after hearing your words, I’m afraid this kid won’t be able to last for a few days.”

“I heard that Niu Sidun is raising an Autumn Wind Alliance. I’m afraid there will be a big move this time.”

..

Zhonghai’s business community had different opinions about Niu Sidun’s ruthless methods.

Some people scolded him for using unscrupulous means to achieve his goal.

There were also people who praised him for being vicious and unmanly.

Meanwhile, in the Niu Sidun camp.

However, everyone was rejoicing.

“Hahaha, I was wondering why Mr. Niu was so restrained this time. He was not as ruthless as the rumors said. It turned out that he was brewing something big.”

“It’s really shocking. From this incident, one could see Mr. Niu’s thunderbolt methods.”

“I was still hesitating whether it was right or wrong to choose Mr. Niu. After this incident, it seems that my choice was correct.”

“Me too. After the previous two defeats, I had already lost hope in Mr. Niu. I didn’t expect to be pleasantly surprised so soon.”

“It seems that our taste is not bad. Mr. Niu did not disappoint us.”

“This time, Mr. Niu is serious. That brat Ye Feng is dead.”

“I’ve been eyeing his Dong’an Security for a long time.”

“Lingyun Real Estate is also a hot topic. Whoever can get their hands on it will earn a lot of money every day.”

“I heard that he recently acquired Longteng E-Commerce. This is another high-quality asset. Don’t snatch it from me...”

..

Initially, Niu Sidun had sent people to contact those companies that were competing with Ye Feng’s company.

He wanted to form the Autumn Wind Alliance.

However, these companies were still hesitant.

They wanted to wait and see for a while longer before making a decision.

However, after Mo Cong's incident...

Many people who were watching agreed to this suggestion.

A powerful and ruthless person.

Was there anything that couldn't be done?

For a moment, everyone gathered in Niu Sidun's villa.

Niu Sidun looked at the business elites gathered together and suddenly felt heroic.

"For everyone to come to the hillside villa today and join our Autumn Wind Alliance, it can be seen that you all have extraordinary courage and wisdom.."

Everyone was a little smug after receiving his flattery.

Even though they knew that there was a lot of exaggeration in his words, they automatically ignored it.

Niu Sidun's gaze slowly swept across the crowd.

“Your company is in direct competition with Ye Feng’s company. Once Ye Feng’s company collapses, you will be the biggest beneficiary.”

Everyone was eager to try.

“Mr. Niu, there’s no need to say anything else. Just tell us what to do next.”

“That’s right. We’ll listen to Mr. Niu. We’ll do whatever you want us to do.”

“We came with the greatest sincerity this time. Just give the order directly.”

“We all follow Mr. Niu’s lead..”

Niu Sidun smiled in satisfaction when he heard their expressions.

“Then I’ll announce two things.”

“First, we will hold the establishment ceremony of the Autumn Wind Alliance in the city center tomorrow. When the time comes, many media outlets will be invited to conduct live broadcasts and interviews. Everyone must be there to cheer.”

Everyone nodded.

“Of course. Since we’ve decided to participate, we’re not afraid to announce it to the world.”

“I want to use the power of the media to declare war on Ye Feng.”

“Make it bigger, let everyone know that the fat meat under Ye Feng’s banner is ours.”

“If that brat Ye Feng sees that our alliance is formed, he would be so scared that he would wet his pants!”

“Hahaha...”

Niu Sidun also had a faint smile on his face.

“Second, everyone prepare sufficient funds to fight a price war with Ye Feng’s companies. As long as we work together and lower the price to the lowest, his companies won’t be able to hold on for long.”

When everyone heard this, they fell silent.

If it was just for them to cheer, then there was no problem.

But if they really had to take out real money to fight a price war with Ye Feng...

That would be a little difficult for them.

Niu Sidun saw everyone's expressions and couldn't help but curse at the mob.

However, his face remained expressionless.

“Considering everyone's financial difficulties, our Fuli Group is willing to provide financial support to everyone. Of course, as collateral, you will need to temporarily sell a portion of your shares...”

“Who is in favor of this proposal?”

Only then did everyone understand what the other party was up to.

They were using the opportunity of forming an alliance to annex them.

Once this plan was successful, half of Zhonghai's business world would go into Niu Sidun's pocket.

What a good plan!

Regardless of whether they were willing or not, they had already boarded the pirate ship.

However, it was not up to them.

Whoever dared to back out now would be slapping Niu Sidun in the face.

Most likely, before dealing with Ye Feng, he would have to deal with them first.

Therefore, after a short period of silence, everyone chose to agree.

Chapter 410 - 410 This Woman Is Already in a Tight Hand

410 This Woman Is Already in a Tight Hand

On the other side, that afternoon, at Lingyun Real Estate.

"Today's meeting ends here. Everyone, go and get busy."

Chen Xuan announced the end of the meeting. After the executives of Lingyun Real Estate packed their things and left, Zhang Youting immediately got up sneakily and closed the door of the meeting room. Then, she quickly ran back to Chen Xuan's side.

"Hurry up and report the battle situation."

Chen Xuan was a little embarrassed and pretended not to understand. "What battle situation?"

Zhang Youting immediately panicked. "What battle situation? I asked you to launch a general attack yesterday. Don't tell me you ran away again?"

Chen Xuan's face immediately turned red. "I don't understand what you're saying. I can't be bothered with you."

As she spoke, she hurriedly got up and prepared to escape.

However, Zhang Youting blocked her way. "Hurry up and tell me the truth. What step did you reach?"

Chen Xuan wanted to escape a few times, but she was stopped by her. She instantly flew into a rage out of humiliation. "What needs to be done has been done. Are you satisfied now?"

Zhang Youting covered her mouth in disbelief. "So you two have already... Isn't this too fast?"

Chen Xuan glared at her angrily. "Didn't you tell me to seize the time and launch a general attack?"

"But I didn't ask you to follow him so quickly... Aiya, it's over, it's all over."

Zhang Youting sat on her desk helplessly.

"What do you mean finished?"

Chen Xuan looked at her in confusion.

"If a woman is too easy to get, men often don't know how to cherish her," Zhang Youting said in an experienced tone.

"Then... What do we do now?"

Chen Xuan suddenly felt a little nervous.

Zhang Youting sighed. "Since we've already entered the tiger's den, we can only mend the fold after the sheep is lost."

Chen Xuan subconsciously glanced down... "Is there still time?"

Zhang Youting tapped her forehead. "What are you thinking? What I mean is that you must pay attention to your strategy next."

"What strategy?"

"I don't understand!"

"..."

Zhang Youting was speechless and sat cross-legged on the desk.

"What I mean is, when you're with him, seduce him when you have nothing to do. Before he goes to bed, call to say 'goodnight' or remind him to bring an umbrella when it's windy or rainy..."

"And then?"

“Then, when he has gotten used to your existence, you will start to alienate him.”

“What? Why?”

“Stupid! It’s to give him a feeling that he can see it but can’t touch it, so that his heart will suffer.”

“And then?”

“And then, when he’s angry with you, you’ll suddenly appear in front of him. He will definitely cherish you.”

After Chen Xuan heard this, she felt shocked.

After pondering for a while, she suddenly raised her head and asked, “You’ve never been in a relationship before. How do you know so much?”

Zhang Youting’s smug expression froze. “Uh.... I read it in a book.”

“What book?”

“It’s that book... The 36 Stratagems of Love...”

“Pfft, haha...”

Chen Xuan immediately laughed. “So you’re just talking on paper? Then you still dare to teach me?”

Zhang Youting was anxious. “This is what the books teach. If you follow the strategy in the books, it’s definitely not wrong.”

Chen Xuan was about to say something else.

At this moment, she suddenly received a call from Ye Feng.

ρ

“Hello, Sister Xuan, what time do you get off work? I’ll go pick you up.”

“I...”

Chen Xuan was about to answer.

Zhang Youting suddenly snatched the phone away. "President Chen is treating a very important client to dinner tonight. She's not free."

After saying that, she immediately hung up the phone.

Chen Xuan immediately panicked. "What are you doing? What client? This was a call from Xiao Feng. Why did you hang up?"

"That's the strategy," Zhang Youting said with a smug smile. "We want him to be unable to get what he wants. It'll be like a hundred claws scratching at his heart."

Chen Xuan was a little worried. "Will he be angry?"

Zhang Youting snorted. "Angry? Why should he be angry? Didn't you hear what he called you just now?"

Chen Xuan scratched her head. "Sister Xuan. What's wrong? He always calls me that."

"Sister Xuan? If he really treats you as his girlfriend, would he call you that? Other boyfriends and girlfriends would call each other Bao'er, darling, husband, wife, and so on. Who would call each other sister?"

“It seems... That makes sense.”

“Just listen to me. Let him be for a few days and let him reflect on himself,” Zhang Youting said and returned the phone to her.

“Alright, I’ll listen to you. Let’s go eat.”

Chen Xuan gladly accepted her suggestion.

She immediately held her arm and prepared to go out for dinner.

At this moment, she suddenly noticed that Ye Feng had posted a post on his Moments.

“I have nothing to do tonight. Which beauty is willing to have dinner with me?”

Moreover, she found that many of their mutual friends had liked this message.

Among them were beauties like Xu Man, Qiu Min, and Lin Qianqian.

“Youting, go eat by yourself. I have something to do and I’ll be leaving first,” Chen Xuan said as she ran out in a panic.

Zhang Youting was stunned.

What was going on?

Was the house on fire?

But when she opened her Moments, she saw the post that Ye Feng had sent.

She immediately understood.

She was probably afraid that Ye Feng would have dinner with another woman.

Therefore, she rushed to protect the food.

She had wasted so much saliva just now to teach Chen Xuan how to subdue a man.

It was not easy for her to see the results.

She did not expect Ye Feng to simply post on his Moments, and all her previous efforts were in vain.

It seemed that this woman was already being held in a tight grip.

In this lifetime, she would never be able to escape from that stinky man's palm.
