Chapter 411 - 411 We Are Very Pure

411 We Are Very Pure

The next day.

“Brother Ye, we’ve all received an invitation from Niu Sidun to attend his Autumn Wind Alliance’s founding ceremony today.”

Early in the morning, Chen Qiushan, Wen Tingguang, Guan Junsheng, Xu Man, and the others all rushed to the Zhongtian Lakeview-Villa.

All kinds of luxury cars blocked Villa No. 1.

The other residents of Zhongtian Lake-Villa were all shocked.

Although they had long known that the person who could live in Villa No. 1 was definitely not an ordinary person, they did not expect him to be so influential. He had attracted so many ‘worshippers’ from the business world in Zhonghai early in the morning. He was simply the godfather of business.

When Ye Feng heard Chen Qiushan’s words, he immediately took out an invitation card from under the coffee table.

“He invited me too.”

Chen Qiushan frowned. “What does he mean? Do you want to declare war on us?”

Ye Feng’s lips curled up. “Isn’t it obvious? This was originally a trap.”

Wen Tingguang also spoke up, “Then what should we do now? Are we going or not?”

The others expressed their opinions one after another.

Guan Junsheng: “I don’t think we should go. Who knows what he’ll do?”

“The autumn wind sweeps away the fallen leaves. Isn’t this so-called Autumn Wind Alliance clearly targeting us? Why should we go and support them?”

Dai Qiang: “But if we don’t go, they will definitely think that we are afraid of them. I think we should go.”

Xu Man: “I think we should go too. There are so many of us. Why should we be afraid that they will eat us?”

Kong Xianghui: "Let's listen to Ye Feng, let's see what he says?"

Everyone looked at Ye Feng, ready to hear his final decision.

Ye Feng's fingers knocked on the coffee table twice before he slammed the table with a loud bang.

"Yes, of course. I'd like to see what he's up to."

As he spoke, he turned around and instructed Chen Xuan, "Go and get my coat for me."

Everyone was stunned.

When they came over this morning, Chen Xuan was already here.

If she hadn't arrived earlier than them...

That was... She stayed at Ye Feng's house last night.

Could it be that these two had already...

Everyone had a strange look on their faces.

“Brother Ye, are you hiding something from us?”

“Yeah, we’re not outsiders. Hurry up and tell us the truth.”

“If my guess is correct, Chen Xuan should have come last night, right?”

“I really have to hand it to you, kid. You took down the goddess of our Zhonghai business world without saying anything?”

“This matter must be kept a secret. If word gets out at this time, I’m afraid that even more people will fight you to the death, and that Autumn Wind Alliance will become even stronger.”

“I’m so envious, jealous, and hateful...”

Everyone teased.

When Chen Xuan, who was taking the coat back, heard these words, her face immediately turned red with embarrassment. She wished she could find a hole to hide in.

Ye Feng had thick skin. He leaned on the sofa and crossed his legs.

“Don’t talk nonsense. Our relationship is very pure.”

Chen Qiushan and the others rolled their eyes. “You’re too pure. You’ve been pure for the entire night, haven’t you?”

“I believe that you are innocent. Even if you lie together, nothing will happen.”

“I’ve seen shameless people, but I’ve never seen such shameless people.”

“You’re already eating a wave of dog food early in the morning. Are you going to let us single dogs live?”

“Whether you believe it or not, I believe it anyway..”

The few men started to tease Ye Feng.

Only Xu Man's expression did not look too good.

Her gaze toward Chen Xuan was filled with hostility.

Ye Feng sharply caught her expression.

He hurriedly got up and clapped his hands. "Alright, stop joking. We should set off."

Everyone did not say anything else and followed him out.

..

Tianhe Hotel.

Everyone in Zhonghai's business world knew that this was Ye Feng's business.

However, Niu Sidun had set the establishment ceremony of the Autumn Wind Alliance here.

The smell of gunpowder was self-evident.

This was clearly a slap to Ye Feng's face.

I'll hold a ceremony to encircle you in your house. What can you do to me?

And today's invited guests.

Other than the CEOs of the major companies who wanted to join the Autumn Wind Alliance.

There were also many business leaders who remained neutral.

It could be said that almost half of the business world in Zhonghai had gathered here.

This was destined to be a major event in Zhonghai's business history.

Around eleven in the morning, countless luxury cars had already gathered in front of the Tianhe Hotel.

A group of business leaders from Zhonghai were chatting with each other.

There were still many media outlets at the scene who were reporting on the scene.

“The Autumn Wind Alliance is a large-scale business alliance initiated by the Fuli Group. They all have a common mission, which is to drive local economic development and solve the employment problem..”

“The establishment ceremony will be held at noon today. We will continue to follow and report...”

Wanjiang Real Estate, like Lingyun Real Estate, was a new rising star in the Zhonghai real estate industry.

It was often used for comparison.

The two companies had also formed a competitive relationship in many projects.

However, after Lingyun Real Estate took over the old city reconstruction project, the old city was in a mess.

The two companies were no longer comparable.

In time, Wanjiang Real Estate would be left far behind.

Therefore, when he received Niu Sidun’s invitation, Ma Wanjiang, the president of Wanjiang Real Estate, agreed without hesitation.

At the same time, he was also the most active person in the Autumn Wind Alliance.

At this moment, he had become the host of this event.

“Everyone, calm down. Mr. Niu will be here soon. If you have any questions, you can ask me. I will tell you everything I know...”

Chapter 412 - 412 How Dare a Lapdog Bark In Front of Me?

412 How Dare a Lapdog Bark In Front of Me?

“Boss Ma, I heard that this Autumn Wind Alliance is here to deal with Ye Feng, is that true?” someone immediately asked.

“If I say no, will you believe me?” Ma Wanjiang immediately asked.

Everyone burst into laughter.

Ma Wanjiang looked at everyone in high spirits. “Actually, everyone knows that this alliance was formed to deal with Ye Feng. There is nothing to deny.”

At this time, someone asked: “I wonder if you guys invited Ye Feng this time?”

Everyone looked at Ma Wanjiang curiously.

Ma Wanjiang nodded. "I did invite him, but I don't know if he dares to come."

Everyone looked at each other in surprise.

"If Ye Feng really comes, then there will be something to watch."

"It would be interesting if the two top business leaders fought head-on."

"I'm just afraid that Ye Feng won't dare to come."

"It can't be, right? Wouldn't that be the same as announcing to everyone that he's a coward?"

"If it were me, I wouldn't come."

Just as everyone was discussing, suddenly, they heard the sound of a motor.

Everyone turned around to look.

They saw a huge convoy slowly approaching.

The car in the lead was a black Lincoln.

Following closely behind were Rolls-Royce, Maybach, and a series of other luxury cars.

Such a luxurious lineup was comparable to a head of state's trip.

It immediately attracted everyone's attention.

Just as everyone was curious about the origins of these people, the doors of these luxury cars opened in unison.

Elite men and women got out of the cars one after another.

These people all had extraordinary temperaments. Their every move carried the aura of a superior.

The young man at the front.

There was even a hint of childishness on his face.

It was the business upstart who dared to fight against the godfather of business, Niu Sidun – Ye Feng.

It was the first time many people had seen him.

They were more or less shocked.

Wasn't this guy too young?

He was younger than many of their children.

They heard that the other party was a first-year student.

He was actually able to compete head-on with the business legend, Niu Sidun.

Even if he failed in the end, it was already a glorious defeat.

“President Chen, we meet again.”

When Ma Wanjiang saw Chen Xuan, he immediately greeted her.

A group of people followed behind him.

He looked like a big shot in the business world.

“Ma Wanjiang, I heard that you also joined this so-called Autumn Wind Alliance?”

When Chen Xuan faced outsiders, she once again restored her image as a cold and aloof female CEO.

Ma Wanjiang didn't evade. He immediately nodded and admitted, “That's right. If President Chen doesn't give me a way out, then I can only follow Mr. Niu for a living.”

Chen Xuan immediately sneered.

“You really know how to make a countercharge. When we were bidding, I took the initiative to look for you to work with me, but you rejected me. After we win the bid, you want a share of the profits? Is there such a good thing in the world?”

Ma Wanjiang was embarrassed by her public rebuke.

Chen Xuan had indeed come to look for him at that time.

She also made it clear that she wanted to cooperate with Wanjiang Real Estate to bid.

However, he didn't want to offend the Cinda Corporation at that time. On the other hand, he despised Lingyun Real Estate for being too weak.

However, he never expected Lingyun Real Estate to be a dark horse and break out of the tight encirclement.

He immediately regretted it.

He immediately found Chen Xuan again, wanting to get a share of the pie.

However, Chen Xuan rejected him mercilessly.

In a fit of anger, he turned to join Niu Sidun's camp.

Ma Wanjiang's expression turned ugly when the other party brought up the past.

"Alright, cut the crap. I'm sure you know the original intention of our Autumn Wind Alliance. That's right, it's to deal with you. Are you scared now?"

Everyone's expression changed drastically.

This Ma Wanjiang was really arrogant. He actually dared to challenge Ye Feng?

Did he really think that he had nothing to fear just because he had Niu Sidun backing him up?

Everyone looked at Ye Feng, afraid that he would go crazy on the spot.

But Ye Feng did not show any anger on his face, he only smiled. "A lapdog dares to bark in front of me?"

Ma Wanjiang's expression turned ugly.

After all, he was a nouveau riche in Zhonghai's real estate industry. Now, he was being called a lapdog. This was simply a great humiliation.

Before he could retort, Ye Feng interrupted him and continued: "Niu Sidun is really old and muddle-headed. He actually wants to use a mob like you to fight against me?"

"Just you guys, a bunch of clay chickens and pottery dogs, are you worthy of being my enemy?"

His words were extremely domineering, faintly revealing an aura of arrogance.

Those who were prepared to join the Autumn Wind Alliance were all angered by his words.

"Ye Feng, you are too arrogant. Others are afraid of you, but we are not."

"Young man, you've already incurred the wrath of the public. Aren't you going to apologize to us?"

"You're too arrogant. The heavens will punish you. We're enforcing justice on behalf of the heavens."

"..."

Ma Wanjiang raised his hand and pressed down, causing the clamoring voices to immediately disappear.

“Ye Feng, you might not know our plan, I am not afraid to tell you. After our alliance is established, all the upstream and downstream industries will be connected and resources will be shared...”

“In short, there is only one goal, and that is to encircle and annihilate all the industries under your banner.”

Ma Wanjiang spoke proudly. He looked at Ye Feng again. “Even if we are a mob, you are not Nezha, and you do not have three heads and six arms.”

“Even if we have to waste our energy, we will exhaust you to death, hahaha...”

When everyone heard their plan, their expressions changed drastically.

It seemed like Niu Sidun was serious this time.

It actually allowed these companies to access all their resources.

If that were the case, then Ye Feng’s entire enterprise would be in danger.

After all, his companies were still independent and could not share resources.

They were easily defeated one by one.

Even Chen Xuan, Xu Man, Dai Qiang, and the others were faintly worried.

If this Autumn Wind Alliance was really formed successfully...

Then they would definitely face an attack like the autumn wind and rain.

Whether they could survive or not was still unknown.

Chapter 413 - 413 I Won't Let Any of You Off!

413 I Won't Let Any of You Off!

When the people from the Autumn Wind Alliance saw their expressions, they became even more proud.

“Hahaha, if you're scared, it's not too late to surrender.”

“We are magnanimous and can spare your lives, but you have to give us a portion of the benefits.”

“Surrendering is a wise choice. At least you can save your life.”

“Since you dare to make an enemy of Mr. Niu, sparing your lives is already very lenient for you.”

“Surnamed Ye, let’s see how many days you can last, haha..”

They looked at Ye Feng and the others like they were lambs waiting to be slaughtered. They were extremely pleased with themselves.

Ye Feng’s gaze slowly swept across these people, and a smile appeared on his face.

“You’d better pray that Niu Sidun will have the last laugh. Otherwise, once I win, I won’t let any of you off!”

Ma Wanjiang and the others laughed even louder.

“Hahaha, I’m so scared. Mr. Ye, please don’t let me go. I’m begging you.”

“It’s our honor to be hated by you, Mr. Ye. Hahaha.”

“Refusing a toast only to drink a forfeit, Ye Feng, if you continue to be so arrogant, your ending will definitely be very miserable.”

“The more arrogant you are now, the more miserable you will be when the time comes.”

“Once you win? Did you win? Stop daydreaming.”

“Come on, hit me...”

Everyone was extremely confident in Autumn Wind Alliance. They did not care about Ye Feng’s threat at all.

Ye Feng had a cold smile.

He walked to the side and found a chair to sit on.

Chen Qiushan and the others also sat behind him.

Now, the scene was divided into three camps.

One of them was led by Ye Feng.

The other was the Autumn Wind Alliance led by Ma Wanjiang.

The three parties were clearly divided.

They didn't communicate much.

At this moment, everything was ready.

They were just waiting for Niu Sidun to arrive.

As long as he came, he would announce the establishment of the Autumn Wind Alliance.

They could launch a storm of attacks.

It was almost midnight.

Everyone's hearts were also on tenterhooks.

Ye Feng's side was more worried.

They were all secretly thinking of countermeasures.

As for Ma Wanjiang, he was eager to reap the rewards.

He couldn't wait for Niu Sidun to show up immediately.

The neutral side, on the other hand, had the mentality of watching a show.

Anyway, they didn't mind watching the show.

It would be best if both sides fought until their heads were bleeding, and they could sit back and reap the benefits.

Just as everyone was looking forward to it...

It was finally midnight.

But strangely, Niu Sidun's car did not appear as expected.

The discussions at the scene grew louder and louder.

“What happened? It’s already twelve o’clock. Why isn’t Niu Sidun here yet?”

“Yeah, logically speaking, he shouldn’t be late for such an important founding ceremony.”

“Did he encounter an accident?”

“Isn’t this too much of a coincidence? The Autumn Wind Alliance is about to be established, but he had to encounter an accident at this time?”

“I don’t think so. He must have been delayed by something, right? Let’s wait and see...”

While everyone was puzzled, it was already 12:30 pm.

Niu Sidun still did not show up.

At this moment, everyone present could no longer sit still.

If it was said that he was late by ten or eight minutes, it was still excusable.

However, he was already late for more than half an hour. That didn't make sense.

Uneasiness began to spread in the hearts of the Autumn Wind Alliance members.

"Why isn't Mr. Niu here yet?"

"Yeah, so many people are waiting here. Isn't this a joke?"

"If he can't even be on time for the alliance's founding ceremony, then wouldn't it be true that we're a bunch of mobs?"

"Boss Ma, why don't you call and urge him?"

Ma Wanjiang's expression was not too good. "I've been calling for a long time, but no one picked up."

When everyone heard this, they became even more anxious.

However, there was no other way.

The atmosphere on Ye Feng's side was different.

Everyone looked at Ye Feng curiously.

"Brother Ye, what do you think Niu Sidun is playing at? Why isn't he here yet?"

"That's right. Logically speaking, such a situation shouldn't have happened since he made such a big fuss."

"Could it be that Niu Sidun is old and muddle-headed and remembered the wrong date, haha?."

"That shouldn't be the case. Maybe the car drove in the wrong direction."

Ye Feng listened to everyone's teasing, a smile appeared on his face. "What if he fell into the water and drowned?"

Everyone pursed their lips when they heard this.

"Brother Ye, you're a little too much. You shouldn't curse others like this."

“That’s right. We’re competing, but how can you say that about him?”

“If he really drowned, that would be good, but how is that possible?”

“Ye Feng was joking, don’t take it too seriously..”

Just as everyone was chatting and laughing...

Suddenly, they saw a black Mercedes-Benz speeding toward them.

“He’s here!” someone exclaimed.

Everyone stood up and stared at the car.

The people from the Autumn Wind Alliance were so excited that they almost jumped up.

They were so nervous just now.

They were afraid that Niu Sidun would get into an accident and stand them up.

Now, it seemed that this worry was unnecessary.

As for Ye Feng and the others, their expressions darkened.

What was supposed to come had come.

Since they couldn't hide, they could only fight.

Just as everyone was waiting for Niu Sidun to get out of the car...

At this moment, the car door opened and a person jumped out.

But it wasn't Niu Sidun.

It was one of his trusted aides.

As soon as he got out of the car, he knelt on the ground with a thud.

He wailed with snot and tears.

“Mr. Niu’s car lost control... Rushing into the river... There’s no corpse left!”

Chapter 414 - 414 Could This Guy Be The Male Lead Of A Fictional Story?

414 Could This Guy Be The Male Lead Of A Fictional Story?

Everyone present felt as if they had been struck by lightning.

Everyone widened their eyes in disbelief.

They thought that they had heard wrongly.

Niu Sidun’s car rushed into the river... There was no corpse left?

“How is this possible?”

Ma Wanjiang rushed forward and grabbed the man by the collar. “F*cking say that again? What happened to Mr. Niu?”

He had already tied his future and destiny to Niu Sidun’s chariot.

If anything happened to Niu Sidun at this time...

He did not dare to imagine what kind of consequences he would face.

The trusted aide cried until he was out of breath.

“Mr. Niu... The car rushed down the bridge. The people from the Patrol Office and the Emergency Center had already rushed to the scene and started to salvage the car...”

Ma Wanjiang felt his vision darken and he almost fell to the ground.

The other members of the Autumn Wind Alliance weren't any better than him.

Their faces were ashen and extremely ugly.

If something really happened to Niu Sidun...

Then their Autumn Wind Alliance would collapse on its own.

And what they were about to face would be Ye Feng's great cleansing.

This was definitely a nightmare for them.

Now, they could only hope that Niu Sidun would miraculously survive.

Even if the possibility of this was very small, this was their last hope.

Those who remained neutral found it hard to believe.

Niu Sidun was the godfather of business in South Guangdong Province.

He had been in the business world for decades and had never lost.

How could he have met with such a mishap so easily?

This was absolutely impossible.

As for Ye Feng and the others, it was a different story.

Everyone looked at Ye Feng with a strange expression.

Ye Feng had just said that Niu Sidun might have fallen into the water and drowned.

They didn't expect him to really fall into the water.

Was this a coincidence, or...

"Brother Ye, how did you know Niu Sidun would fall into the water? It can't be you..."

Chen Qiushan looked at Ye Feng nervously.

If it was really Ye Feng who did it...

He had caused the accidental death of a big shot in the business world.

Even if he could escape the punishment of the law, he would also inevitably be boycotted and suppressed by the entire business world.

After all, no one would like a person who couldn't compete in business and plotted to assassinate.

Ye Feng looked at him innocently. "I was just talking nonsense. Who knew that it would be such a coincidence?"

Everyone trusted him very much.

Seeing that he had already said so, they did not ask any more questions.

They just felt that this guy's mouth was really blessed. Whatever he said came true.

Ma Wanjiang looked at the chaotic scene.

If the morale of the army was not stabilized, the consequences could be very serious.

He immediately stood up and waved at everyone.

"Everyone, please calm down. I believe that Mr. Niu will definitely turn the situation around. Today's alliance establishment ceremony will continue as usual."

When everyone heard his words, although the shock in their hearts could not be calmed, the situation was slightly under control.

Everyone sent out their trusted aides to find out the latest situation.

Time passed slowly.

The sun above their head was also becoming more and more poisonous.

Everyone was sweating profusely, and their clothes were drenched.

However, no one left. Everyone was waiting for the final news.

..

At around 1 o'clock, the first car that went out to scout for information returned.

As soon as the man got out of the car, he shouted in a trembling voice, "The rescue team has just salvaged two pieces of clothing. After preliminary DNA testing, it is confirmed that they are Mr. Niu's clothes.."

Ma Wanjiang pulled him over. "What about Mr. Niu? Where is he?"

The man was suffocated by him, but he still replied hurriedly, "The rescue team said... As the river was too rapid, Mr. Niu... The hope of survival is very small..."

When Ma Wanjiang heard this, he felt like the world was spinning and he was about to fall.

The people beside him reacted quickly and hurriedly supported him.

"It's over, it's over, it's all over.."

Ma Wanjiang's face was as pale as paper as he muttered.

As for the people from the Niu Sidun camp, they were in complete despair.

Everyone stood rooted to the ground in a daze, unable to come back to their senses for a long time.

Who the f*ck would have thought that the situation would be reversed so abruptly?

Their alliance was about to be established.

They were about to annex Ye Feng's businesses.

Victory was right in front of them...

However, at this critical moment, something unexpected happened to Niu Sidun.

The entire alliance would collapse without a fight.

The tragic fate that they were about to face was also foreseeable.

On the side, those who had remained neutral all this while were secretly praising their luck.

"Fortunately, we didn't choose to side with Niu Sidun. Otherwise, we would be the ones facing the purge."

"Yeah, I still can't believe that Niu Sidun is dead. This... It's too unbelievable."

“A top-notch big shot in the business world with immense power actually died in such a bizarre way? Isn't this too ridiculous?”

“This is even more sci-fi than a sci-fi movie!”

As for Ye Feng, he was surprised and delighted.

An accident that happened to a top-notch big shot like Niu Sidun was definitely an earth-shattering event.

It was enough to shock anyone.

However, at the same time, the alliance that surrounded them also collapsed.

Next, they could launch a counterattack and share the fruits of victory.

At that time, their strength would be further expanded.

Why wouldn't they be overjoyed?

After thinking about this, everyone looked at Ye Feng.

Wasn't this guy's luck too heaven-defying?

Originally, when faced with Niu Sidun's army, the black clouds were already pressing down on the city.

In the end, even the heavens were helping him.

In an instant, the clouds and mist parted and the sun appeared.

Could this guy be the male lead of a novel?

Chapter 415 - 415 I'll Call Three, Your Alliance Will Collapse Without Fighting

415 I'll Call Three, Your Alliance Will Collapse Without Fighting

Now, almost everyone thought that Ye Feng's luck was heaven-defying.

Even the heavens were helping him.

It was expected that once Niu Sidun died, no one in Zhonghai would be able to suppress him.

Next, he would definitely soar into the sky.

Ma Wanjiang gritted his teeth and stood up again. “No matter what happens to Mr. Niu, this alliance must be established. Do you agree?”

The current situation was clear.

Once Ye Feng completely ascended the throne, what awaited them would be a cruel purge.

He didn't want to sit still and wait for death. He wanted to make a final struggle.

Once the Autumn Wind Alliance was successfully established, even without Niu Sidun, they could still form a certain amount of self-defense strength.

At least, Ye Feng would not dare to act rashly.

The others naturally thought of this and nodded in agreement.

“I agree. Although Mr. Niu is no longer around, there's still President Ma. We'll listen to President Ma in the future.”

“I agree too. In the future, Boss Ma will be our alliance leader. We will listen to you.”

“Ye Feng, don’t be too happy. Even without Niu Sidun, we are not afraid of you.”

“Isn’t he just a little lucky? What was the big deal? Do you really think you’re so awesome?”

“It’s useless to just have good luck. Everything depends on strength.”

“Ye Feng, do you dare to accept the battle? If you lose, you will be permanently out of the business world..”

Those who remained neutral looked at Ye Feng.

Although the Autumn Wind Alliance lost Niu Sidun and their strength was greatly reduced, they were still a force that could not be underestimated.

How would Ye Feng face this?

Everyone, including Chen Qiushan, turned to look at him.

They were waiting for his final order.

Ye Feng glanced at Ma Wanjiang and the rest, a disdainful smile appeared on his face.

“A bunch of motley crew is worthy of challenging me? You overestimate yourself!”

“Hahaha!” Ma Wanjiang immediately burst into laughter. “Are you scared? You don’t dare to accept our challenge?”

The group of people behind him also laughed along.

However, there was a hint of guilt in their laughter.

Ye Feng smiled: “Do I need to do it myself to destroy you? If I count to three, your bullsh*t alliance will collapse without a fight.”

Ma Wanjiang and the others immediately retorted.

“Ye Feng, if you dare to look down on us, you will definitely pay the price.”

“Do you think you’re Niu Sidun? Do you have that kind of strength?”

“There’s a limit to how much you can show off. Do you think we’ll collapse without fighting just by shouting three numbers? Who gave you the courage?”

“If you call out three numbers and our alliance doesn’t collapse, then you’ll leave the business world. Do you dare?”

Ye Feng did not care about their clamor. He slowly shouted out a number.

“One.”

At this moment, including those who were neutral, they all felt that Ye Feng was too arrogant.

“This Ye Feng is too arrogant. He actually said that he would call three and make the Autumn Wind Alliance collapse without a fight?”

“Even if the Autumn Wind Alliance doesn’t have Niu Sidun, it’s still a force that can’t be underestimated.”

“Does he think he is invincible in Zhonghai without Niu Sidun?”

“When young people have some achievements, it’s easy for them to become cocky. Sooner or later, they will suffer a great loss.”

Ye Feng also ignored the whispers of these people.

“Two.”

Even Chen Qiushan and the others felt that he had gone a little overboard.

No matter how strong you are...

Even if their alliance was made of paper, it would not be so fragile.

“Three!”

When Ye Feng shouted the third number, suddenly, the sound of two engines could be heard from afar.

Soon, a few official cars with white license plates and red heads were seen speeding over.

Everyone did not care about Ye Feng's words. They thought that he was just boasting.

However, when they saw this scene, everyone widened their eyes in disbelief.

This... What was going on?

Just as everyone was puzzled, the doors of the official cars opened, and a group of uniformed personnel stepped out.

"Take control of these people. Don't let any of them go."

The middle-aged man in the lead pointed at Ma Wanjiang's group and gave an order.

The uniformed personnel immediately swarmed forward and surrounded the Autumn Wind Alliance.

Ma Wanjiang hurried forward to ask, "Who are you? What crime have we committed? What right do you have to arrest us?"

"The Economic Investigation Unit and the Criminal Investigation Unit are working together. I'm the criminal investigation team leader, Qin Ce. This is the economic investigation team leader, Liang Yuan. Please cooperate and don't act rashly."

The middle-aged man showed his ID to Ma Wanjiang and the others.

Then, he ignored him.

Instead, he walked toward Ye Feng with a middle-aged man beside him.

When everyone heard the identities of the two, they were even more shocked.

It was actually a joint operation between the Criminal Investigation Unit and the Economic Investigation Unit?

These two organizations were the most difficult law enforcement departments in the province that targeted the economic field or enterprises.

They would only be alerted when there was a particularly serious case.

And this time, they were actually able to get two departments to work together.

It could be seen how big this matter was.

Criminal Investigation Team Leader Qin Ce walked in front of Ye Feng. "You must be Mr. Ye Feng?"

Ye Feng nodded lightly: "It's me."

He did not look at the two of them.

Instead, he looked at a woman behind the two of them.

That woman was the only one in the group who was not wearing a uniform.

Instead, she was wearing a set of jeans.

Her short hair, coupled with her androgynous looks, gave people a cool feeling.

If one didn't look carefully, one would think that she was a handsome man.

At this moment, she had her hands in her pockets as she followed behind the two of them.

Although she didn't say anything, Ye Feng was very sensitive to the fact that the two leaders of the Criminal Investigation Unit and the Economic Investigation Unit were looking at her from time to time.

If they were not greedy for her beauty, there was only one explanation.

This woman was the commander of this operation.

Chapter 416 - 416 Witnessing the Birth of a Legend

416 Witnessing the Birth of a Legend

"Hello, Mr. Ye. We have received your report. After preliminary investigation, Niu Sidun and the Fuli Group are indeed suspected of major crimes," the leader of the Criminal Investigation Unit said firmly.

Liang Yuan, the leader of the Economic Investigation Unit, also said, "We want to confirm with you again. Is the original evidence of Niu Sidun's crime still in your hands?"

Ye Feng immediately nodded. "Yes!"

As early as last night, he had already sent those documents and evidence to Xu Jingxin and asked her to help him submit them.

Therefore, everything that happened today was within his expectations.

Only Niu Sidun's 'accident' was something he did not expect.

When they heard the conversation between the three of them, everyone present was completely shocked.

They originally thought that Ye Feng had won this time because he was lucky.

However, after hearing the conversation between the three of them, it was obvious that this was not the case.

This surprised them greatly.

What kind of evidence could cause such a huge reaction?

The Criminal Investigation Unit and the Economic Investigation Unit were working together?

Ma Wanjiang and the others from the Autumn Wind Alliance were in despair.

They were originally disdainful of Ye Feng.

They thought that the other party had won by luck.

Just now, the other party said that shouting three numbers would make their alliance collapse without fighting. They even mocked the other party for being too arrogant.

Now that they looked at it again, it turned out that the clown was themselves.

Ye Feng's people were also looking at him in shock.

No wonder he was always so calm.

It turned out that all of this was within his calculations.

This intelligence and courage were too shocking.

Only now did they realize that their horizons were too shallow.

They did not understand the other party's plan at all.

As for those who had remained neutral, because they were an outsider, they could see it more clearly.

They thought about the series of events that happened today.

It allowed them to make a preliminary judgment.

Perhaps Niu Sidun already knew about Ye Feng's plan.

That was why the 'accident' had suddenly happened, leaving him a way to leave with dignity.

In short, no matter what, everyone present had a consensus.

After today, Ye Feng would definitely rise up.

No one in Zhonghai would be able to stop him.

They might witness the birth of a legend.

Perhaps this was also a form of luck!

..

“Mr. Ye, I hope you can come with us and cooperate with us for an investigation.”

Qin Ce got the answer from Ye Feng and immediately spoke excitedly.

When Ye Feng heard this, he frowned. “Team Leader Qin, I hope that you can make things clear. Otherwise, everyone will think that I was captured by you.”

He didn’t want to repeat Niu Sidun’s mistake and have rumors that he had been taken away by the police for investigation.

Qin Ce couldn’t help but smile bitterly, but he still raised his voice.

“Mr. Ye, as a legal citizen, has reported the illegal activities of Niu Sidun and Fuli Group to us. We now solemnly invite you to cooperate with us for an investigation. After the investigation is over, you can leave at any time.”

Ye Feng was satisfied. “Sure.”

Then, he turned around and instructed his subordinates, “You guys go back first. I’ll be back soon.”

Chen Xuan, Xu Man, Wen Tingguang, and the others all nodded.

After this incident, their admiration toward Ye Feng could not be described with words.

Therefore, there was no objection to his arrangement.

..

Half an hour later, Ye Feng followed him to the Criminal Investigation Team Leader's office.

"Mr. Ye, please take a seat," Qin Ce said as he brought him a cup of tea.

Now, in the entire office, only he and Ye Feng were left.

There was only the head of the Economic Investigation Unit, Liang Yuan, and the girl in jeans.

Ye Feng took the cup and slowly took a sip. "If you have any questions, feel free to ask."

Qin Ce took out a recording pen. "Mr. Ye, do you mind if we record our conversation?"

Ye Feng nodded. "Sure."

Qin Ce turned on the recording pen and asked, "Where did Mr. Ye get all the evidence?"

"Mo Cong gave it to me."

"Mo Cong? The son of Mo Chaosheng, the one who broke out of prison two days ago?"

"Yes."

"Why did he give you such important evidence?"

"He came to me and asked me to send him safely to the dock. In return, he gave me this evidence."

"I heard that the two of you had a conflict before. Why did he look for you immediately after he escaped from prison?"

"Because Niu Sidun wanted to kill him. I'm the only one who isn't afraid of offending Niu Sidun."

“Niu Sidun wants to kill him? Do you have evidence?”

“He told me himself. I have no evidence.”

“Mr. Ye, this matter is related to the suspicious point of Mo Cong’s death. Can you take responsibility for your words?”

“My conversation with him should have been recorded by the car recorder. I can provide you with the video at that time.”

“Alright, next question...”

Qin Ce and Liang Yuan asked many questions.

Only when Ye Feng told them everything he knew and handed over the USB that contained the evidence of Niu Sidun and Fuli Group’s crimes did the two of them leave in satisfaction.

..

At this moment, in the office.

Only Ye Feng and the girl in jeans were left.

“You...”

Ye Feng wanted to ask her if she had any other questions.

At this moment, the girl suddenly kicked.

She sneakily attacked him.

Chapter 417 - 417 Perhaps Niu Sidun Is Still Alive

417 Perhaps Niu Sidun Is Still Alive

Ye Feng was currently sitting on the sofa.

The girl’s kick was aimed at his head.

The kick was sharp and fierce. It was obvious that she was an expert.

However, Ye Feng did not care about this.

He slowly picked up the teacup and brought it to his mouth.

At the same time, he reached out his other hand to intercept.

His movements looked elegant, but they were actually as fast as lightning.

Bang!

The girl's fierce kick immediately stopped.

Shocked, she immediately retracted her leg and changed her move.

But Ye Feng did not give her this chance.

He grabbed her ankle and pulled her toward him.

The girl's reaction speed was fast enough.

One of her legs was caught.

The other leg immediately flew into the air and kicked the other side of his head.

Ye Feng put down his teacup.

His other hand quickly reached out.

He accurately grabbed her other ankle.

Then, he swung it down.

He threw her onto the sofa.

The girl was shocked and immediately wanted to get up.

But Ye Feng was already on it.

He pressed her down directly.

The girl's hands and feet were restrained by him and she could not move at all.

His heavy body pressed down on her, making it even harder for her to breathe.

"You... Pervert, get lost!"

At this moment, she was filled with shame and anger.

Their current posture was really too unsightly.

Ye Feng observed her closely.

To be honest, this girl's looks were too good.

Even when compared to Chen Xuan and Xu Man's peerless beauty, she was not inferior.

Moreover, she had a rare androgynous beauty.

Cold and shy, these two incompatible temperaments, actually blended perfectly on her body.

It had a unique charm.

“You were the one who attacked me first. I was only forced to counterattack. How am I a hooligan?”

Ye Feng revealed a wicked smile.

“I... I was just testing your skills. I didn't want to hurt you,” the girl hurriedly explained.

At the same time, he body kept twisting and struggling.

“You... don't move around.”

Ye Feng was a little embarrassed as her body continued to twist.

The girl immediately reacted.

Her face was so red that it was about to drip blood.

She pushed him away.

She quickly got up and fled.

“Stinking hooligan!”

She glared at him with her beautiful eyes.

If it wasn't for the fact that she really couldn't beat him... she really wanted to go up and beat this guy into a pig's head.

How dare he treat her like that?

How despicable!

However, at the same time, the girl was secretly shocked. How could the other party be so powerful?

He was even better than Boss.

How old was he?

If he was given a few more years, how powerful would he become?

Ye Feng crossed his legs awkwardly. "That.... may I ask, who are you? Why are you testing me?"

The girl immediately took out her ID and waved it in front of him.

"Cheng Fei'er, member of the Security Unit. The information we received shows that you once defeated the Japanese karate expert, Duan Jiangliu, so I want to test your true strength."

When Ye Feng heard the words 'Security Unit', he was shocked.

As far as he knew, this was a very mysterious department directly within the red wall.

They dealt with important matters such as counter-intelligence and protecting state secrets.

He didn't expect that they would appear in Zhonghai.

However, he was only slightly surprised.

He didn't sell any state secrets, so he naturally wasn't afraid of them.

"You want to test my true strength? Did you find out?"

He slowly leaned back on the sofa and picked up his teacup to take a sip.

Cheng Fei'er felt that she had been greatly humiliated.

Wasn't he asking the obvious?

She had been subdued in just one round. How could she test his true strength?

"Alright, let's get down to business. I want to ask you a few more questions."

She put her hands in her pockets and leaned against the desk, staring at Ye Feng.

"Didn't you ask just now?"

Ye Feng was a little impatient.

“That’s the interrogation from the Criminal Investigation Unit and the Economical Investigation Unit. The following is the interrogation from the Security Unit. You have no right to refuse and must cooperate,” Cheng Fei’er said arrogantly.

“Alright, go ahead.”

Ye Feng shrugged and nodded helplessly.

“How much do you know about Niu Sidun?”

“He’s the behind-the-scenes helmsman of the Fuli Group and a legendary figure in the business world...”

“What else?”

“This person is ruthless and unscrupulous in order to achieve his goal...”

“What else?”

“Then, according to the evidence, this person has done a lot of bad things. He has committed crimes, murder, and robbery...”

“No more?”

“No more.”

Cheng Fei'er saw that he didn't seem to be lying, so she immediately chuckled. “Your understanding of Niu Sidun is only superficial. This person... It's even more terrifying than you think.”

Ye Feng pursed his lips indifferently. “So what if it's terrifying? Isn't he already dead?”

Cheng Fei'er shook her head. “But we didn't manage to find his body. For the Security Unit, we can't conclude that he's dead without seeing his body.”

Ye Feng frowned slightly. “You are saying that Niu Sidun might not be dead?”

Cheng Fei'er nodded. “We can't rule out this possibility. It's also possible that he was tipped off in advance and knew that we were going to take action today, so he deliberately played this trick.”

Ye Feng was a little angry. “How did you keep it a secret? I provided you with the evidence, so why did you leak the news?”

Cheng Fei'er helplessly spread her hands. "No action can be 100% confidential. Niu Sidun has a very strong background, and no one can guarantee that it won't be leaked."

As she spoke, she smiled again. "And I've already said that it's just a possibility. Perhaps Niu Sidun is really dead, and you can really rest easy."

Although she said so, Ye Feng had a faint feeling of unease.

Perhaps Niu Sidun was still alive.

He was watching his every move in the dark.

He could give him a fatal blow at any time.

This was definitely a huge hidden danger!

Chapter 418 - 418 Master Won't Let You Off

418 Master Won't Let You Off

"This is my contact information.. I mean, if you find any traces of Niu Sidun, you can contact me at any time."

Chen Fei'er wrote a phone number on the paper and handed it over.

Ye Feng glanced at it and threw it into the trash can.

"You... This matter concerns your safety. I hope you can take it seriously."

Cheng Fei'er frowned when she saw his actions.

"I've already memorized it. Do you want me to repeat it to you?" Ye Feng asked with a smile.

With his current memory, it was easy for him to remember a phone number.

"Alright, that's all I have to say."

Cheng Fei'er didn't say anything else.

Ye Feng immediately stood up and was about to leave.

At this moment, his phone suddenly rang.

The caller ID showed that it was an unfamiliar number.

He frowned, but still picked up.

At the same time, he pressed the recording button.

“Ye Feng, how dare you hand that document to the Criminal Investigation Unit? Master will not let you off. Just wait for the storm of revenge.”

A mechanical voice came from the phone.

It was obvious that a voice changer was used.

After saying that, he immediately hung up the phone.

Ye Feng immediately turned to look at Cheng Fei'er.

Without waiting for him to speak, Cheng Fei'er had already picked up the walkie-talkie.

“Ye Feng just received a threatening phone call. Immediately track and locate this number...”

Ye Feng could not help but have a clearer understanding of this girl's actions.

Sure enough, she was swift.

Cheng Fei'er gave the order and looked at Ye Feng again.

“Don't worry, we will do our best to protect the informant's safety. At the same time, you have to be more vigilant. If Niu Sidun isn't dead, he could threaten your safety at any time.”

Ye Feng could not help but smile when he heard this.

“I don't take him seriously when he's on the surface. Now that he was hiding in the shadows, there was nothing to worry about. It's fine if he doesn't come looking for trouble with me. If he does, I'll definitely send him to hell.”

When Cheng Fei'er heard his words, she could not help but be secretly speechless.

Niu Sidun was a headache for the Security Unit.

If it wasn't for the conclusive evidence this time, they wouldn't have dared to act rashly.

But Ye Feng did not care about him.

The first thing she felt was that the other party was too arrogant.

However, when she thought about this incident.

It could be said that Ye Feng had forced Niu Sidun into a desperate situation by himself.

In addition to the other party's abnormal skills, it seemed so reasonable.

"No matter what, it's easy to dodge an open spear but difficult to guard against an arrow in the dark. You're in the open while he's in the dark. If you need any help, just contact me immediately."

Ye Feng received her reminder and suddenly thought of something. "Oh right, I have something that I need your help with."

Cheng Fei'er couldn't help but smile. "You really know how to take advantage of the situation. Tell me, what's the matter?"

“I want to see Jiang Bingkun.”

“Jiang Bingkun? Why do you want to see him?”

When Cheng Fei'er heard this, she was a little surprised.

Ye Feng saw her hesitation and asked, “There's something I want to ask him. Why? Is it inconvenient?”

“Because he is involved in the Niu Sidun case, he is now under close surveillance.. It will be a little troublesome.”

Cheng Fei'er was a little troubled.

“If it's not troublesome, I won't look for you. This is the first time I'm asking you for help. You can't even do such a small thing, right?”

“I... I'll think of a way.”

“That's more like it.”

“ ... ”

Cheng Fei'er did not disappoint him and quickly arranged everything for him.

Around three in the afternoon.

Ye Feng met Jiang Bingkun at the secret place.

The reason why he was not kept in the detention center was mainly to prevent Niu Sidun and the others from assassinating him.

After all, Jiang Bingkun knew a lot of their secrets.

When Jiang Bingkun saw Ye Feng, he was also shocked.

He was now a key target of custody. Ordinary people would definitely not be able to see him.

He did not expect Ye Feng to enter so quickly.

This kind of energy was really not ordinary.

“I finally know why Mr. Niu lost to you.”

He sat opposite Ye Feng and smiled bitterly.

His hands and feet were heavily shackled, making it difficult for him to move.

He wasn't afraid that he would suddenly attack him.

Of course, even if he did not wear shackles, Ye Feng would not be worried.

With his current strength, he was not worried about the other party's sneak attack at all.

“He didn't lose to me, he lost to himself. He had done too much evil in the past, and this is karma.”

Ye Feng sat opposite him. He had a victorious expression on his face.

Jiang Bingkun sighed in his heart.

Thinking back to the first time he saw Ye Feng at Wangjiang Pavilion...

At that time, Niu Sidun was the absolute dominant party.

As for Ye Feng, he was just an unknown character.

At that time, if someone had said that he would win the battle against Niu Sidun, he would have been defeated.

He would probably be treated as a fool by everyone, right?

In just a few days, the situation had undergone a huge reversal.

Mr. Niu, who was once insufferably arrogant, was now unknown whether he was dead or alive.

And that minor character became the final victor.

It could be predicted that in the near future, the other party's strength would advance by leaps and bounds.

He would become the true overlord of the business world.

This was really a joke!

“Why did you come to see me? If you want me to betray Mr. Niu, then I advise you to give up on this idea as soon as possible. It’s impossible!”

Jiang Bingkun blocked his words right away, not giving the other party any chance to speak.

Ye Feng heard this and smiled lightly. “You are really loyal to Niu Sidun.”

Jiang Bingkun smiled proudly. “Of course, Mr. Niu saved my life. Of course, I have to repay him with my life.”

Ye Feng raised his head and stared at him. “Then do you know that Niu Sidun is already dead?”

The smile on Jiang Bingkun’s face froze, and his eyes widened in disbelief.

“What did you say? Mr. Niu is dead? You’re talking nonsense. This is impossible...”

In the end, he even stood up and roared.

Chapter 419 - 419 The Location of King Xiang's Secret Treasure Map Fragment

419 The Location of King Xiang's Secret Treasure Map Fragment

Ye Feng originally wanted to test Jiang Bingkun, to see if he knew about Niu Sidun's death in advance.

Seeing how agitated he was, he probably didn't know.

At this moment, two armed guards immediately came over and held him down.

"Behave yourself!"

Jiang Bingkun finally calmed down, but he still stared at Ye Feng.

"Is what you said true? Mr. Niu, he..."

Ye Feng's expression was calm. "Do you think I need to lie to you? This morning, Niu Sidun's car flipped off the bridge. Of course, his body had not been found yet. He might still have a chance of survival."

Jiang Bingkun laughed bitterly. "Do you think there's a chance of survival after jumping off the bridge?"

Ye Feng kept staring at his expression. Any fleeting emotion could not escape his eyes.

However, he did not see anything unusual on the other party's face.

It seemed that Niu Sidun had many secrets that he didn't tell him.

Jiang Bingkun could be said to be his most trusted aide, but he was not informed.

This Niu Sidun was really an old fox.

"I came here today mainly to ask you something."

"What is it?"

"I heard that Niu Sidun has three pieces of King Xiang's treasure map. Where are they now?"

Ye Feng explained his intentions.

When Jiang Bingkun heard his question, he immediately became nervous. “Why are you looking for King Xiang’s treasure map?”

Ye Feng’s lips curled up. “You don’t have to worry about it. You only need to tell me the location of the three fragments.”

Jiang Bingkun avoided his gaze. “I don’t know.”

Ye Feng narrowed his eyes. “Really?”

Jiang Bingkun turned his head away, unwilling to speak again.

Ye Feng snorted coldly. He suddenly stood up and walked over.

His strength was so great that Jiang Bingkun’s head was smashed open and blood flowed out.

“Murder! Help! Save me!”

Jiang Bingkun screamed as he pleaded for help from the two armed guards.

However, the two of them did not look sideways, as if they did not hear the commotion.

Jiang Bingkun was dumbfounded when he saw this.

He was now an important member of the custody. It was impossible for others to get close to him.

And not only could Ye Feng enter, he could do whatever he wanted.

He had already been beaten to such a state, yet no one came out to stop him?

Ye Feng pressed his head against the wall.

“I advise you to be honest. Niu Sidun is already dead. No one is worthy of your loyalty. If you don’t tell me the truth, then you can go to hell and keep your secret.”

Jiang Bingkun was stunned.

Yes, Niu Sidun was already dead.

What was the use of keeping these secrets?

He might as well exchange it for some benefits.

After thinking about this, he raised his head and looked at Ye Feng.

“I can tell you, but you have to promise me one thing.”

Ye Feng sat back opposite him. “Tell me.”

Jiang Bingkun stared at him.

“You have to protect my life and guarantee that I can get out of here alive. Don’t worry, as long as I can get out, I’ll go abroad immediately and never appear in front of you again.”

Ye Feng sneered.

“I don’t have that much power. Whether you can keep your life depends on how serious your crimes are. If you cooperate with the investigation, you might be given a lighter sentence.”

He paused for a moment before continuing, "If your circumstances aren't serious, I can give you a sum of money when you get out of prison. It's enough for you to squander abroad for the rest of your life."

Jiang Bingkun lowered his head and weighed the pros and cons before raising his head again. "Okay!"

"Tell me."

"The three pieces of King Xiang's treasure map are in the safe in Niu Sidun's residence in South Guangdong Province..."

Ye Feng obtained the location of the three pieces of the secret treasure map, he did not stay any longer. He stood up and left.

"You have to keep your word. When I get out, you have to give me a large sum of money."

Jiang Bingkun's voice came from afar.

..

On the way back, Ye Feng gave Xu Jingxin a call.

After exchanging a few pleasantries, they went straight to the main topic.

“Do you know what will happen to Niu Sidun’s residence in South Guangdong Province?”

“Niu Sidun’s case is very big. All his assets have been seized. Only after the case is thoroughly investigated can it be unsealed.”

“What happens after the seal is lifted?”

“There should be an auction.”

“How long will it take?”

“I estimate that it will take at least half a month.”

“Alright then, you must inform me when the time comes. I want to participate in the auction of his residence.”

“Why are you so interested in his house?”

“Because there are three pieces of King Xiang’s treasure map in his house.”

“Really? If you get these three fragments, won’t you have the complete King Xiang’s treasure map? Then we can open King Xiang’s secret treasure?”

“We’ll have to wait until we get those three fragments before we can get an accurate answer.”

“Alright, don’t worry. I’ll definitely inform you when the time comes. I’ll go prepare the equipment for the expedition first. Once we get those three fragments, we can set off for the expedition.”

Xu Jingxin usually looked calm.

However, when she heard that he could go on an adventure, she was as happy as a child who weighed more than 90 pounds.

Ye Feng could not help but shake his head and smile bitterly.

He did not expect that under this woman’s calm appearance, there was actually an adventurer’s heart.

However, when he thought about how he would get the three maps of the secret treasure soon, he felt that he had to be careful.

At that time, he would be able to take a look at this ancient secret.

He couldn't help but look forward to it.

However, the premise was that he had to bid for that house.

Otherwise, everything would be empty talk.

Chapter 420 - 420 This Young Man Is Too Terrifying!

420 This Young Man Is Too Terrifying!

On the other side, just as Ye Feng was planning the treasure map of King Xiang's secret treasure.

The news that Niu Sidun's car had accidentally crashed off the bridge across the river and was likely to have died caused a magnitude 12 earthquake in the business world of Zhonghai.

With Niu Sidun's status and influence in the business world, even a minor injury was enough to cause a stir in the entire business world.

At first, everyone thought that it was an unreliable rumor.

It wasn't until news from all channels confirmed this that everyone accepted the truth.

At a high-end cocktail party in Zhonghai.

"Even now, I still can't believe that this is true. That's Niu Sidun, a legend in the business world of South Guangdong!"

"I don't believe it either, but it's the truth. There was also a surveillance camera at the scene of his car flipping off the bridge. This cannot be faked."

"Yeah, falling from a bridge that is over a hundred meters high, and the river below is so turbulent. There is absolutely no chance of survival."

"It's too sudden. I really didn't expect a super big shot like Niu Sidun to suddenly pass away."

"In this way, the business world of South Guangdong will definitely be reshuffled."

"And the first to benefit is Ye Feng and his companies."

"You guys say... Could Niu Sidun's death be related to Ye Feng?"

“You are saying that this matter might be related to Ye Feng?”

“Of course it’s Ye Feng.”

“Think about it, who would benefit the most from Niu Sidun’s death?”

“Shh, if you want to die, don’t drag us down. Once Niu Sidun died, Zhonghai will be Ye Feng’s territory. If your words reach his ears, be careful...”

As the man spoke, he made a throat-cutting gesture.

The person opposite him was so frightened that his face turned pale and he hurriedly shut up.

..

Ruifeng Technology conference room.

“That’s right, who would have thought that something would happen to Niu Sidun, Ye Feng’s power will expand rapidly, Zhonghai will be his territory in the future.”

“Fortunately, Chairman Li chased Qian Wenxuan away, which allowed us to form a good relationship with Ye Feng. I believe Ye Feng will not attack us.”

“I remember that you were complaining about Chairman Li, saying that he was the chairman of Ruifeng Technology, why would he be afraid of Ye Feng?”

“I... I admit that I was indeed a little short-sighted back then, but I didn’t expect Niu Sidun to collapse so quickly.”

“Yeah, Ye Feng’s luck is too good, right? Even the heavens are helping him.

Li Ruifeng listened to their conversation and smiled lightly. “Do you really think that Ye Feng was just lucky?”

Everyone turned around to look.

“What does Chairman Li mean?”

Li Ruifeng sat up straight. “Didn’t you see the joint operation of the Criminal Investigation Unit and the Economical Investigation Unit today? Obviously, this incident is not that simple.”

“Now, not only are the companies involved in the Autumn Wind Alliance being investigated, even the Fuli Group has people from the Economic Investigation Unit stationed there. All of this is definitely within Ye Feng’s plan.”

“I am sure that Ye Feng must have obtained evidence that is very unfavorable to Niu Sidun. Even if Niu Sidun didn’t die today, he would still fail completely.”

Everyone felt that his analysis made sense.

“I think Chairman Li’s analysis is very correct.”

“But what kind of evidence is it? He could actually make Niu Sidun commit suicide?”

“That must be evidence that can determine his life or death. It might even be more serious than this. That’s why he went to such an extreme.”

“This Ye Feng is really resourceful. He even managed to get such evidence?”

“We underestimated him in the past. This young man is too terrifying!”

“After this incident, Ye Feng will rise up and no one in Zhonghai will be able to stop him.”

Li Ruifeng slapped the table. "I remember that our company has a partnership with Jiuzhou Design, right?"

Someone immediately replied, "That's right. We asked their company to design an advertisement last year. The effect was quite good, but the contract will expire in a few months."

Li Ruifeng nodded. "I'll go to Jiuzhou Design Company tomorrow to negotiate with them personally. We'll sign all our advertisements for the next ten years to them. The design fee will be the highest price on the market."

Everyone was shocked when they heard this.

Usually, when their company selected advertising companies to work with, they would let several advertising companies participate in the bidding, and then choose the best plan and the lowest price.

Moreover, it was usually signed once a year.

Now, Li Ruifeng had decided to hand over the design of the advertisements for the next ten years to Jiuzhou, and even directly offered the highest price in the market.

This was a huge gift.

If it was any other time, they would definitely object strongly.

But now, they felt that it was only natural.

Ruifeng Technology had already established a good relationship with Ye Feng. It would not be too abrupt to show goodwill now.

Presumably, Ye Feng would also appreciate this favor.
