

## **100 Million 421**

### Chapter 421 - 421 What's Your Face

#### 421 What's Your Face

While Ruifeng Technology was in a joyous mood, Ma Wanjiang of Wanjiang Real Estate Company was sitting in his office.

He had been sitting there for the entire afternoon.

Although after the investigation by the Criminal Investigation Unit and the Economic Investigation Unit, Wanjiang Real Estate and the Fuli Group did not have any improper cooperation, and they had temporarily escaped disaster, however, he knew very well that they could hide for a while, but they could not hide for a long time.

Even if the Criminal Investigation Unit and the Economic Investigation Unit let them off, Ye Feng would not let them off either.

At this moment, the office door was suddenly pushed open.

The door slammed against the wall.

The entire office shook.

With Ma Wanjiang's prestige in the company, who would dare to barge into his office?

However, that was then and that was now.

Because of Ma Wanjiang's mistake, he had completely offended Ye Feng and caused the entire Wanjiang Real Estate to fall into a crisis. He had already become the sinner of the company. Who would still indulge him?

Then, he saw a few major shareholders of the company walking into the office angrily.

"Ma Wanjiang, the company is about to be dragged into the abyss by you, and you still have the face to sit here?"

"Yeah, I received hundreds of resignation letters this afternoon. The company is about to collapse, but you can still sit still?"

"Those partners also want to terminate their contracts with us. Some even want to sue us and ask us to compensate them for their losses."

"You have to give us an explanation. Otherwise, we won't let this go!"

“I must give you an explanation...”

Ma Wanjiang’s gaze slowly swept across these people, and he couldn’t help but sneer in his heart.

When he had chosen to side with Niu Sidun previously, this group of people did not have such a look on their faces.

Now that the situation had taken a turn for the worse, Niu Sidun’s corpse was gone, and Ye Feng rose up against the tide, these people actually turned their guns around and attacked him.

This was too ironic.

“I know what you’re talking about, but what can I do now?”

The difference in strength between him and Ye Feng was too great.

Even Niu Sidun couldn’t beat that kid.

What else could Ma Wanjiang do?

He could only wait to be captured.

“Hmph, no choice? I don’t think you’ve thought of a way at all, right?”

“I have an idea. You can go to Ye Feng’s house and kneel there. When he agrees to let us go, you can come back.”

“I think this method is feasible, Ye Feng is a young man after all. What he is fighting for now is to vent his anger. As long as you let him vent his anger, he might really let us go.”

“Let’s do it this way. Quickly go to Ye Feng’s house and beg for forgiveness.”

Ma Wanjiang couldn’t believe his ears.

“You want me, the chairman of Wanjiang Real Estate, to go to Ye Feng’s house and beg for forgiveness? Don’t you have any dignity? Even if he lets us go, can we still hold our heads high in Zhonghai?”

Everyone was disdainful of his words

“It’s still a question whether you can survive now. Are you still thinking about your dignity?”

“How much is dignity worth? When the company goes bankrupt, you will have no dignity if you go to sweep the streets.”

“The company has come to this point, and you have an unavoidable responsibility. If you don’t go and apologize, who should?”

“Besides, compared to the life and death of the company, what’s that bit of face of yours?”

As he spoke, someone even pretended to make a move and help him ‘apologize’.

Seeing this, Ma Wanjiang had no choice but to stand up. He bent his back and smiled. “The happiness and sorrow in the world come too quickly!”

..

Ma Wanjiang thought that he was the only one who had put down his dignity.

However, when he arrived at the Zhongtian Lake-View Villa, he realized that he was wrong.

In front of Zhongtian Villa No. 1, there was already a large group of people kneeling.

They were all people who had chosen to side with Niu Sidun and were preparing to join the Autumn Wind Alliance. They were all big shots in the business world of Zhonghai.

Moreover, there were still many people rushing over.

These people were usually the kings of their respective companies. Within their companies, they were existences that were worshipped by others.

At this moment, they were all kneeling in front of Ye Feng's house.

This scene was too shocking!

The residents of the Zhongtian Lake-View Villa also rushed over to watch the show.

Those who could live in Zhongtian Lake-View Villa were either rich or noble.

Among this group of people who were carrying thorns to beg for forgiveness, there were quite a few people whom they knew.

There were even a few who were big shots that they usually wanted to curry favor with but could not.

At this moment, they were all kneeling in front of Zhongtian Lake-View Villa No. 1. It was simply flabbergasting.

“That seems to be Chairman Chang of the Fire Bee Corporation, right? He’s the 50th richest person on the Hurun Rich Rankings in Zhonghai, and he’s kneeling here?”

“That person over there is President Liu from Changan Communication. Our company has worked with them before. He is a very arrogant person. I didn’t expect him to kneel here.”

“Isn’t that Chairman Ma Wanjiang of Wanjiang Real Estate? Wanjiang Real Estate is the new rich in Zhonghai Real Estate, and he’s actually kneeling here?”

“What exactly happened? Which big shot lives in Zhongtian Lake-View Villa No. 1? Why did they come here to kneel?”

“This matter can’t be explained in a few sentences. In short, they offended a super big shot. If they don’t seek forgiveness as soon as possible, they will be destroyed.”

“I think you’re talking nonsense. Can’t I tell that they’ve offended a super big shot? I’m asking which big shot lives in Zhongtian Lake-View Villa No. 1?”

“Ye Feng!”

“Ye Feng? I’ve never heard of him. Is he very powerful?”

“Mr. Ye is a newly risen big shot in the business world. Even Niu Sidun lost to him.”

“Hiss!”

“...”

Chapter 422 - 422 I Only Have One Purpose When Dealing With My Enemies

422 I Only Have One Purpose When Dealing With My Enemies

Inside Zhongtian Lake-View Villa No. 1, Ye Feng did not know what was happening outside.

He was currently in the bedroom, pleading with Chen Xuan.

“Sister Xuan, just take it that I’m begging you.”

Chen Xuan’s pretty face turned cold. “Impossible, absolutely impossible!”

Ye Feng looked at her with a serious expression. "I have never asked you for anything. Just this once, you won't agree to it?"

Chen Xuan still shook her head coldly. "I can promise you anything except this one!"

Ye Feng stared at her. "As long as you promise me, I will listen to you in everything in the future."

Chen Xuan crossed her arms and walked to the side. "It's about dignity. There's no possibility of compromise!"

Ye Feng rolled his eyes. He hugged his head and squatted down. "Sigh, I'm sorry, my request was too much, I apologize to you."

Chen Xuan's attitude immediately softened when she saw him like this. "You... Your request is really too much."

As she spoke, she glanced at the extremely simple sexy lingerie on the table.

This guy said in the morning that he wanted to test the logistics speed of Longteng E-Commerce.

Therefore, he placed an order early in the morning.

She thought that it was just ordinary daily necessities, but when she received it at night, she realized that it was full of such things.

She felt ashamed just by looking at such indecent clothes, let alone wearing them.

Ye Feng revealed a bitter smile. "I originally thought that our relationship had already reached this stage, we could do anything without holding back, I didn't expect..."

Chen Xuan saw the disappointment on his face and immediately became nervous.

"But I..."

She looked at the sexy lingerie and clenched her fists tightly, as if she was making a final struggle.

"Forget it, don't force yourself."

Ye Feng waved his hand magnanimously.

"Then... I'm only wearing it this time."

Chen Xuan finally made a compromise. She mustered up her courage to pick up the sexy lingerie and went into the bathroom.

To be able to make the 'old-fashioned' Chen Xuan accept this new thing...

It had to be said that it was a great victory.

However, he waited and waited, but she did not come out.

In the end, he got impatient and went to open the bathroom door.

"Changing your clothes, do you have to..."

Halfway through his sentence, he immediately sucked in a breath of cold air, and his eyes were almost staring straight.

Chen Xuan's tall, fair, and graceful figure was paired with seductive lingerie.

The impact of this scene was simply incomparable.

He had never thought that his one attempt at sudden inspiration would actually produce such an astonishing effect.

“Ah...”

Chen Xuan was like a panic-stricken little rabbit, hurriedly looking for something to cover herself.

This made Ye Feng’s blood boil.

Bang!

He immediately closed the bathroom door.

“You... don’t come over, don’t come over...”

..

Ye Feng woke up very late the next day.

Because he was emotionally aroused last night, he had been 'working overtime' until three or four in the morning.

He felt as if his body had been hollowed out.

He turned to look at the beauty beside him.

She was still sleeping soundly.

Last night, Chen Xuan was also tormented.

Let her sleep a little longer.

Ye Feng stood up first and went to clean up the traces of the battle last night.

The bedroom, bathroom, living room, and the kitchen were all filled with traces of their battle.

One could imagine how intense the battle last night was.

When he finished cleaning and walked out of the villa, it was already past ten in the morning.

Ye Feng was preparing to practice boxing as usual.

However, when he opened the door, he found that there were people kneeling outside.

He was shocked.

“What are you guys doing?”

Everyone who had been kneeling for the entire night felt as if they had seen their savior when they saw him walk out.

“Mr. Ye, we were bewitched before. Please give us a way out.”

“Yes, we were all threatened by Niu Sidun at that time. In fact, we respect you very much in our hearts.”

“As long as Mr. Ye lets us go, we’ll follow your lead in the future.”

“Mr. Ye, there are hundreds of people in my company waiting to eat. Please be magnanimous and give us a way out.”

Ye Feng heard their pleas and immediately understood their intentions.

Now, Niu Sidun's life and death were unknown, and the Fuli Group was also under investigation.

That ship was obviously about to sink.

They were afraid that he would settle scores with them later, so they came to plead for mercy.

But Ye Feng would not show mercy so easily.

As the saying goes, kindness does not control soldiers, righteousness does not control wealth.

Overflowing sympathy was taboo in the business world.

"Then I'll ask you a question. Answer me honestly. If the person who lost today was me, would you let me go?"

Hearing his question, everyone was immediately speechless.

The answer was obvious.

Anyone who said 'yes' would be lying.

If the winner today was Niu Sidun and the loser was Ye Feng...

They would not hesitate to swarm forward and divide up all the companies under the other party's banner, gnawing until not even bones were left.

Ye Feng saw everyone's expressions and immediately revealed a mocking smile.

"You're all old foxes in the business world. You should understand the principle that the winner takes all. You lost in the business world, but you're using this kind of method to morally kidnap me? I can tell you clearly that I won't let any of you off!"

As he spoke, his gaze slowly swept across everyone present.

"From the moment you chose to side with Niu Sidun, you were already my enemies. I only have one principle when dealing with my enemies – kill them without mercy!"

His last three words carried a heavy killing intent.

Everyone present shuddered.

Everyone wanted to continue begging for mercy.

Ye Feng waved his hand.

“You only have two options now. You can either sit still and wait for my harvest, or go back and think of a way to make a final struggle. There is no third option.”

Hearing his words, everyone knew that there was no room for negotiation and began to leave unwillingly.

They originally thought that since the other party was young, they would say a few good words and give him enough face to make him soft-hearted.

Now, it seemed that their imagination was too beautiful.

But Ye Feng was not fooled by their flowery words.

What they would face next...

Would be a storm of revenge.

Chapter 423 - 423 Ancient Treasure Workshop's Challenge

423 Ancient Treasure Workshop's Challenge

Ye Feng chased those people away and returned to Zhongtian Lake-View Villa No. 1.

He found Chen Xuan busy making breakfast in the kitchen.

As a CEO, she was a professional.

However, her cooking was really too amateur.

He shook his head and walked into the kitchen with a smile. He hugged her from behind. "Are you making breakfast with love?"

A sweet smile appeared on Chen Xuan's face. "Yes, it contains my deep love."

As she spoke, she shook her hand and poured half a bag of salt into it.

Ye Feng's smile was a little stiff. "Isn't your love a little too strong?"

Chen Xuan blushed awkwardly. "I... This is my first time doing it. You can't laugh at me."

Ye Feng rested his chin on her shoulder. "I understand, it's the first time, it's inevitable that it's a little awkward."

Chen Xuan's pretty face turned even redder. She turned around and glared at him. "What nonsense are you talking about?"

Ye Feng felt his blood boil again because of her peerless charm.

A hand sneaked under her T-shirt.

"Don't cook anymore. Let's do something we love."

"Ah!" Chen Xuan exclaimed and hurriedly grabbed his demonic claws. "Last night, I was tormented until midnight. Aren't you tired?"

Ye Feng hugged her slender waist.

“Now I finally understand the meaning of ‘spring nights are short and the sun rises high, from now on the king will not go to court early’. Facing such a peerless beauty like you, even if I die of exhaustion, it’s still a blessing.”

Chen Xuan looked at him solemnly. “Xiao Feng, your career has just started and you have a bright future ahead of you. You can’t be addicted to women. You must-”

“Yes, yes, yes. Sister Xuan is right.”

Ye Feng immediately nodded his head, then he leaned over stubbornly. “One last time.. This is the last time today.”

As he spoke, he kicked the kitchen door shut.

..

After lunch, Chen Xuan went straight to the company.

Ye Feng suddenly thought of something.

The last time he went to Nanliu Village, he obtained a wooden box.

He still had no idea what was inside.

Fortunately, Niu Sidun's matter had been temporarily resolved, so he was rarely free today.

He could make a trip to Maple Leaf Pavilion and get Old Sun to find someone to take a look to see what was going on.

When he arrived at Maple Leaf Pavilion.

He found Old Man Sun and Lin Qianqian sitting in the hall with a worried look on their faces.

Two days ago, Lin Qianqian had resigned from her position as the manager of Zhongtian Lake-View Real Estate and started to focus on managing Maple Leaf Pavilion with Old Sun.

According to Old Man Sun, her learning ability was very strong.

In just a few days, she had already figured out the situation in the shop and was doing well.

“What’s wrong? Is business bad? Why do you look so sad?”

He placed the package on the table and turned to look at Lin Qianqian.

“Business is as good as usual, but there’s something that gives me a headache.”

Lin Qianqian hurriedly stood up and made him a cup of tea.

Ye Feng sat at the side, he asked while drinking tea, “Something that can give you such a headache must be something big, right?”

Old Sun smiled bitterly. “It’s not a big deal. I wonder if you’ve heard of the famous Ancient Treasure Workshop, Boss?”

Ye Feng shook his head. “Never heard of it. What does it do?”

Old Sun rolled his eyes.

“Boss, you’re really a weirdo. You’re clearly a master at antiques. However, you don’t know anything about antique stores. You haven’t even heard of this antique store?”

Ye Feng rubbed his nose awkwardly. "I haven't heard of the Ancient Treasure Workshop. Is it very embarrassing?"

Lin Qianqian immediately nodded. "It's quite embarrassing."

Ye Feng was a little unhappy. "Are you being arrogant? I'm your boss now. How dare you speak to your boss in such a tone?"

Lin Qianqian immediately gave up and lowered her head, unwilling to say anything else.

Ye Feng was extremely proud.

Can't I deal with you?

Old Sun coughed dryly. "The Ancient Treasure Workshop is a well-known antique chain brand in the country. It has been established for more than 50 years and has many masters in the antique world. Ancient Treasure Workshop is even more so..."

Ye Feng interrupted his flattery, "Alright, just tell me what happened."

Old Sun then started to get into the main topic. "The Ancient Treasure Workshop is going to move into Zhonghai recently, so they sent someone to send a visiting card. They said that they would send someone to visit today."

Ye Feng did not think much of it. "So what if I'm visiting, what's there to frown about?"

Old Sun couldn't help but smile bitterly. "A visit from the Ancient Treasure Workshop isn't just to drink tea and chat. It's to fight."

Ye Feng was even more curious. "Why fight? How?"

Lin Qianqian, who was beside him, hurriedly helped him with his literacy work.

"According to the rules of an antique store, if a foreign competitor wants to open a shop here, they must be recognized by the biggest local brands. The rule is that we need to take out three rare treasures for them to appraise."

Ye Feng nodded lightly. "What if they can't appraise it?"

"If they can't appraise even one of the items, they will automatically leave Zhonghai," Lin Qianqian continued. "And they won't be able to re-enter for three years."

"This Ancient Treasure Workshop is too powerful," Sun Shouyi added. "Once they successfully enter Zhonghai, we will definitely be greatly impacted."

Ye Feng still did not understand. “Then why don’t we just take out three rare treasures? What’s there to worry about? Can’t we even take out three antiques?”

Sun Shouyi couldn’t help but sigh when he heard this.

“There are too many experts in the Ancient Treasure Workshop. Ordinary antiques won’t be a problem for them. I’ve only picked out two pieces now. I’m still missing one.”

Ye Feng glanced at the wooden box he brought. “Don’t worry, I will settle the last one.”

Sun Shouyi was stunned when he heard that. “You... Do you have any rare treasures?”

Ye Feng smiled lightly and did not answer.

Before this wooden box was cracked, even his deep scanning function could not find any clues.

He didn’t believe that the people from Ancient Treasure Workshop had better eyesight than his in-depth scanning ability.

Maple Leaf Pavilion had to win this round!

## Chapter 424 - 424 Another Big Dipper?

### 424 Another Big Dipper?

Right when Ye Feng, Sun Shouyi, and Lin Qianqian were chatting...

Suddenly, a few people walked in from outside the door.

“Hello, Manager Sun. We just met yesterday and are here again today. Please enlighten us.”

The leader was a man in his fifties who always had a smile on his face.

It was easy to give off a sense of affinity.

Sun Shouyi quickly stood up to welcome him, then introduced him to Ye Feng, “Boss, this is the person in charge of the Ancient Treasure Workshop’s expansion into Zhonghai, Yan Hongcai, Boss Yan.”

As he spoke, he introduced the man, “This is the owner of our Maple Leaf Pavilion, Mr. Ye Feng.”

Yan Hongcai immediately shook hands with Ye Feng. “Hello Mister Ye, I did not expect the famous Maple Leaf Pavilion owner to be so young and promising, haha.”

Although he said that, he felt a little disdainful in his heart.

The other party was so young, yet he was able to become the owner of Maple Leaf Pavilion.

He was most likely a rich kid who had taken his family's money out to play.

With such a person at the helm, it was only a matter of time before Maple Leaf Pavilion was destroyed.

The disdain that flashed in his eyes was captured by Ye Feng.

But Ye Feng did not mind.

Most people would look down on him because of his age.

This was his disadvantage, but it was also his advantage.

It was precisely because the other party had underestimated him that he had been given the chance to counterattack.

Yan Hongcai didn't look at him again and turned to look at Sun Shouyi.

“Manager Sun, let's not talk about the pleasantries. We have a long time ahead of us and plenty of opportunities in the future. Let's follow the rules first. Take out the three antiques you've prepared.”

When Sun Shouyi heard his words, he couldn't help but sneer coldly in his heart.

What did he mean by there was still a long way to go?

From the meaning of his words, it seemed as if he had already won.

Even though he was cursing in his heart, he still asked Lin Qianqian to bring the two antiques that he had prepared.

“Mr. Yan, please.”

Sun Shouyi made a 'please' gesture before moving to the side.

He was very confident in the two antiques he had chosen.

These two antiques were very difficult to identify.

When he had received it, he had studied it for a long time before finally confirming it.

He didn't believe that the other party would be able to see through it in such a short period of time.

Yang Hongcai only glanced at it twice before looking respectfully at a white-bearded old man in his seventies.

“Grand Master Zhu, please.”

The old man stroked his goatee and immediately stepped forward.

He stared at the porcelain bottle and carefully examined it.

When Sun Shouyi heard Yan Hong call out ‘Grand Master Zhu’, his expression instantly changed.

The surname ‘Zhu’ was rare, especially in the antique circle.

Could it be...

He seemed to have thought of something and hurriedly asked, "Could this be Grand Master Zhu Wenkai, who is known as the Eye of Heaven Opening?"

Yan Hongcai immediately nodded. "That's right. This is Grand Master Zhu."

Master Zhu nodded at Sun Shouren before turning his attention to the two antiques.

When Sun Shouyi received confirmation, his face instantly turned pale.

Lin Qianqian noticed that something was wrong with his expression and hurriedly asked, "Uncle Sun, is this Grand Master Zhu very powerful?"

Sun Shouyi couldn't help but smile bitterly. "Grand Master Zhu is a big shot in the antique world. Don't you think he's amazing?"

Lin Qianqian was a little tongue-tied. "How about compared to Grand Master Mei Donghai?"

Sun Shouyi sighed and said, "Grand Master Mei is indeed a famous figure in Zhonghai, while Grand Master Zhu is a famous figure in the whole province."

Lin Qianqian's jaw dropped in shock. "More powerful than Master Mei? Then can we still win?"

Sun Shouyi revealed a helpless and bitter smile.

"Grand Master Zhu has already made his move. We no longer have any hope of winning. I never thought that the Ancient Treasure Workshop would actually spend so much money this time, even inviting Grand Master Zhu."

Ye Feng heard his introduction.

He couldn't help but take a few more glances at Grand Master Zhu.

Another Grand Master?

Was he really as powerful as he said?

Just as he was skeptical...

Zhu Wenkai slowly put down the two antiques and nodded at Yan Hongcai.

Yan Hongcai immediately walked forward. "Grand Master Zhu has already seen these two pieces. What about the third one?"

When Sun Shouyi heard this, he was instantly startled.

He had spent more than a week trying to determine the origins of these two antiques.

After looking through countless historical materials and consulting many peers, he finally obtained the final confirmation.

He did not expect Grand Master Zhu to finish reading it in less than ten minutes.

This was the difference!

"We only prepared two..."

He was about to speak.

At this time, Ye Feng suddenly interrupted him: "Grand Master Zhu, please appraise these two first. Our third antique is too rare. I have to see your strength first to determine if you are qualified to see it."

As soon as he said this, everyone's expression changed drastically.

Sun Shouyi and Lin Qianqian stared at him blankly.

Was this guy crazy?

He was an antique master who was even more famous than Grand Master Mei Donghai.

He was highly respected in the antique world.

He actually used such a tone to talk to him?

Yan Hongcai's expression was also a little ugly.

Grand Master Zhu was someone that their Ancient Treasure Workshop had spent a lot of effort to invite.

Ye Feng's words were like slapping their Ancient Treasure Workshop's face.

How could such an arrogant person become the owner of Maple Leaf Pavilion?

Due to the influence of Maple Leaf Pavilion, he did not speak.

However, the young men behind him did not have so many scruples.

They all attacked Ye Feng.

“Ignorant junior, how dare you speak to Grand Master Zhu like this? You’re too arrogant!”

“This kind of person can actually become the owner of Maple Leaf Pavilion? It seems that Maple Leaf Pavilion really does not live up to its reputation.”

“If word gets out, your Maple Leaf Pavilion will become the public enemy of the antique world!”

“...”

Chapter 425 - 425 Tremble in Front of Grand Master Zhu!

425 Tremble in Front of Grand Master Zhu!

Ye Feng turned a deaf ear to the shouts of those young men. He only stared at Zhu Wenkai.

Zhu Wenkai was not angry at all. He only nodded lightly. "Then I'll show my embarrassment."

As he spoke, he picked up the painting.

"Although this painting is not signed, there is no seal that can prove its origin. However, judging from the style and charm of the brush, it should be a work of practice by Fu Baoshi.."

Old Sun's eyes immediately widened.

He revealed a look of disbelief.

He originally thought that although the other party could obtain the final answer in such a short period of time.

Just because time was fast did not mean that he could get it right.

However, he never expected that the answer given by the other party would be exactly the same as his conclusion.

Furthermore, Sun Shouyi had used all sorts of methods to find the seller. After a long period of investigation, he finally confirmed that this painting was Fu Baoshi's work of practicing his brush strokes in his spare time.

At that time, Fu Baoshi had thrown it into the dustbin after he finished drawing it, so there was no signature on it. It was just that he did not know how it had spread.

Zhu Wenkai only took a few glances and gave the final correct answer.

This insight and experience were truly shocking!

Yan Hongcai knew the result from his expression, but he still asked the obvious.

"How is it, Manager Sun? Did Grand Master Zhu get it right?"

Sun Shouyi smiled bitterly and nodded. "That's right. Grand Master Zhu is right."

After receiving his confirmation, the group of young people from Ancient Treasure Workshop immediately burst into enthusiastic applause.

At the same time, they looked at Ye Feng proudly.

“Did you see that? This is a true master.”

“Grand Master Zhu only took two looks and got the correct answer. This is strength.”

“Are you dumbfounded? Have you ever seen such ability? You probably haven’t even heard of it, right?”

“You dare to question Grand Master Zhu’s strength? Who gave you the guts?”

“Your Maple Leaf Pavilion’s strength is too weak. To Grand Master Zhu, this isn’t a challenge at all.”

She didn’t expect Master Zhu to be so powerful.

With just a few glances, he saw through the difficult problem that Old Sun had carefully prepared.

Thinking of this, she quickly looked at Ye Feng.

However, he was still calm and had a good attitude.

Lin Qianqian was stunned. Was she making a fuss over nothing?

Ye Feng said calmly: "Continue."

Zhu Wenkai put down the landscape painting, picked up the porcelain bottle beside him, and flipped it to the bottom.

"From the inscription below this porcelain bottle, it should be the official kiln of Xuande..."

When he said this, the corners of Old Sun's mouth inadvertently curled into a faint smile.

It seemed that this Grand Master Zhu was going to be eye-catching.

But before he could be happy...

Grand Master Zhu continued, "But from the mouth, shape, glaze, and decorative patterns of this porcelain bottle, it's obviously a modern imitation."

Lin Qianqian suddenly interjected, "You just said that the signature was undoubtedly from the official kiln of Xuande years. Now you're saying that it's a modern replica? Isn't this self-contradictory?"

Zhu Wenkai stroked his goatee and smiled faintly.

“Because this porcelain bottle itself is contradictory. If this old man’s guess is correct, this porcelain bottle originally only had a bottle bottom left, and this part is indeed the authentic product of the Ming Xuande official kiln...”

As he spoke up to this point, he shot a glance at Sun Shouyi. “However, the bottle was made by the later generations. That’s why such a contradictory phenomenon appeared.”

After he finished speaking, Sun Shouyi looked as though he had seen a ghost, and an expression of disbelief appeared on his face.

Yan Hongcai seized the opportunity and asked again, “Manager Sun, I wonder if Grand Master Zhu is right this time?”

Sun Shouyi couldn’t help but smile bitterly.

“I bought this porcelain bottle at a low price last year. I was proud of it for a long time. However, someone later reminded him that this porcelain bottle was a little strange. To be on the safe side, I borrowed modern instruments to conduct a test on it..”

“The final result is that the bottom of this porcelain bottle is authentic, but the upper part of the bottle is indeed a replica. It’s just that the craftsmanship is too exquisite, so even I was deceived...”

At this point, he looked at Zhu Wenkai blankly.

“I didn’t expect Grand Master Zhu to be able to see the true origin of this porcelain bottle with just a pair of naked eyes. I, Old Sun, am truly convinced.”

Hearing his words, the young men of the Ancient Treasure Workshop cheered again.

“Hahaha, I knew that Grand Master Zhu would definitely be extraordinary when he attacked, but I didn’t expect him to be so powerful. Is he still human? This is a god!”

“Just now, there was actually someone who doubted Grand Master Zhu’s strength.”

“A frog in a well cannot speak of the sea, and a summer insect cannot speak of ice. How could such a person know Grand Master Zhu’s ability?”

“He’s really blinded his dog eyes. Let him see what a true antique master is!”

“Kid, are you scared? Hurry up and tremble in front of Grand Master Zhu!”

Yan Hongcai did not mock Ye Feng because of his status, but he was still filled with disdain for Ye Feng.

A brat who didn't know the immensity of heaven and earth actually dared to question Grand Master Zhu?

The ignorant were truly fearless!

When Lin Qianqian heard Ye Feng being mocked, she wanted to defend him.

However, she really could not find a reason to explain.

After all, Ye Feng had spoken rudely to Grand Master Zhu earlier.

Now that he had solved two difficult questions in a row and displayed the true strength of an antique master, he was slapped in the face.

What was there to explain?

Yan Hongcai turned his head and looked at Sun Shouyi.

“Manager Sun, did you only prepare these two antiques? If there isn't a third item, then our Ancient Treasure Workshop will win this competition.”

When Sun Shouyi heard this, he immediately let out a long sigh.

He knew that once the Ancient Treasure Workshop moved into Zhonghai, it would pose a huge threat to Maple Leaf Pavilion.

But he had no choice.

Who would have thought that the other party would invite Grand Master Zhu Wenkai?

He was not qualified to fight with a master of this level.

“In this competition, the Ancient Treasure Workshop is indeed better...”

He was about to admit defeat.

At this time, Ye Feng, who had been silent, suddenly spoke.

“I have an antique here that I would like to ask Grand Master Zhu to help me look at.”

Chapter 426 - 426 An Antique Master Stumped by a Broken Wooden Box

## 426 An Antique Master Stumped by a Broken Wooden Box

Ye Feng spoke as he opened the package on the table.

Then, the true appearance of the wooden box was revealed.

When everyone heard his words, they were filled with anticipation.

They thought that he would be able to take out some decent antique.

When they saw the wooden box, everyone was immediately disappointed.

The wooden box was dull, and its surface was black. It did not look good.

Moreover, they could not see any value in it.

Yan Hongcai's expression immediately turned ugly. "Boss Ye, you brought a broken wooden box for Grand Master Zhu to appraise? Is he playing with us?"

An awkward expression appeared on Sun Shouyi's face.

He originally saw that Ye Fan was so confident and thought that he could take out some treasure.

He did not expect it to be an ordinary wooden box.

With his eyesight, he could not see anything special at all.

He immediately apologized to everyone in the Ancient Treasure Workshop, "Everyone, don't be angry. Boss Ye was just joking with everyone. This competition will be considered the Ancient Treasure Workshop's victory."

Hearing his words, the group of young men from Ancient Treasure Workshop became even more unhappy.

"Manager Sun, what are you talking about? What do you mean by 'consider it'? Didn't we win with our own strength?"

"That's right. I gave you a chance, but you're useless. What kind of crappy things did you take out?"

"I heard that Maple Leaf Pavilion is one of the top three antique stores in Zhonghai."

“Especially their boss. He’s really too much of a bully. He’s been teasing Grand Master Zhu time and time again.”

“Only Grand Master Zhu has a good temper. If it were anyone else, they would have fallen out with them long ago.”

“How dare they offend Grand Master Zhu? Will Maple Leaf Pavilion still have a place in the antique world in the future?”

“Boss Ye, quickly put away your broken wooden box. Don’t embarrass yourself.”

“That’s right. If word gets out, it’ll be a joke. The dignified Maple Leaf Pavilion actually used a broken wooden box to fight. Hahaha..”

Ye Feng turned a deaf ear to their voices, he only stared at Zhu Wenkai.

As he said that, he glanced at Yan Hongcai and the others. “If you can’t solve it, you can go somewhere else!”

When the people from the Ancient Treasure Workshop heard him being so arrogant, they were all furious.

“This kid is too arrogant. Even now, he’s still stubborn.”

“I think he won’t shed tears until he sees the coffin. Grand Master Zhu, show him what’s good for him.”

“That’s right. Since he’s asking for humiliation, we’ll fulfill his wish.”

“What’s so special about a broken wooden box? Grand Master Zhu can solve it with just a glance.”

“Today, we will make your Maple Leaf Pavilion lose all face...”

Yan Hongcai did not retort Ye Feng directly. He turned to look at Zhu Wenkai.

“Grand Master Zhu, then I’ll have to ask you to solve this last question.”

Zhu Wenkai glanced at Ye Feng and immediately went forward to check.

He had been provoked by Ye Feng several times, and he was already furious. He wanted to suppress this brat’s arrogance.

Wasn’t it just a broken wooden box? What was so difficult about that?

With him taking action, was he not at ease?

However, when he looked at the wooden box, the contempt in his heart immediately disappeared.

What replaced it was a solemn expression.

He hurriedly picked up the wooden box and examined it carefully.

One minute.

Two minutes later.

Three minutes...

Ten minutes passed.

Zhu Wenkai seemed to have been immobilized as he kept looking at the wooden box.

His expression became more and more solemn.

In the end, beads of sweat appeared on his forehead.

“This... This box is a little strange...” he muttered to himself.

He was like a primary school student who was faced with a complicated advanced math problem. The confusion in his eyes became more and more intense.

Yan Hongcai, who was at the side, was a little anxious.

When Grand Master Zhu solved those two questions just now, he did it with ease.

Why was he stumped by a broken wooden box?

Thinking of this, he hurriedly asked, “Grand Master Zhu, is there something strange about this box?”

Zhu Wenkai ignored his words.

He tried all kinds of methods to open the box.

But in the end, they all ended in failure.

In the end, he fell onto the chair.

He wiped the sweat off his forehead with his sleeve.

“This old man... He tried his best, but he really can’t tell the origin of this box!”

There was bitterness in his words.

To make a great antique master like him admit that his eyesight was bad was worse than killing him.

The moment he said this, it was as if he had dropped a heavy bomb in the hall.

Everyone was charred on the outside and tender on the inside.

“What is it? Even Grand Master Zhu... He couldn’t even tell the origin of this box? How is this possible?”

“That’s right. We’ve all witnessed Grand Master Zhu’s strength. He solved two difficult questions with ease. How did he stumble on a broken wooden box?”

“Grand Master Zhu, please take a closer look. We believe that you will definitely be able to crack it.”

“That’s right, Grand Master Zhu. We believe in your strength. What’s so difficult about a broken wooden box?”

The young people of the Ancient Treasure Workshop couldn’t accept this reality and spoke up one after another.

Sun Shouyi and Lin Qianqian also revealed expressions of disbelief.

When Zhu Wenkai solved the two questions just now, it was easy. It was enough to prove that this antique master definitely lived up to his reputation.

At this moment, the antique master was stumped by a broken wooden box.

This was definitely an ancient legend!

No wonder Ye Feng said that he would give the third antique to him. It turned out that he came prepared.

He really didn't know where this guy got this strange thing from.

Yan Hongcai was also anxious.

If Zhu Wenkai admitted defeat, Ancient Treasure Workshop would not be able to enter Zhonghai for the next three years.

This was definitely an unbearable loss.

"Grand Master Zhu, is this kid behind this? This wooden box is not an antique at all, so you can't tell?" he hurriedly hinted to Zhu Wenkai.

As long as Zhu Wenkai was willing to play along with him and refuse to admit Ye Feng's problem...

With Zhu Wenkai's status in the antique world, no one would dare to question him.

This way, not only would he be able to preserve Ancient Treasure Workshop's profits, he would also be able to preserve his reputation. It was the best of both worlds.

Zhu Wenkai was also a veteran.

How could he not hear the hidden meaning behind his words?

But he still shook his head.

“This time, this old man has indeed lost!”

Chapter 427 - 427 This Woman Is Always Looking for Various Opportunities to Take advantage of Me

427 This Woman Is Always Looking for Various Opportunities to Take advantage of Me

“This mechanism box is indeed an ancient antique. But I can’t find a way to open it, so I don’t know what’s inside. Therefore, this old man has lost this battle wholeheartedly,” Zhu Wenkai said as he turned to look at Ye Feng.

“Boss Ye is really young and promising. Maple Leaf Pavilion also lives up to its reputation.”

With that, he stood up and walked out.

Sun Shouyi hadn’t recovered from his shock.

However, he still looked at Yan Hongcai immediately.

“Mr. Yan, Grand Master Zhu has already admitted defeat. If there is no one else from your Ancient Treasure Workshop who will accept the challenge, then our Maple Leaf Pavilion will concede this match.”

Yan Hongcai’s face twitched violently.

Their Ancient Treasure Workshop had placed all their hopes on Zhu Wenkai.

How could there be others?

Moreover, even Zhu Wenkai couldn’t crack it.

He really couldn’t think of anyone else in the antique world of South Guangdong Province who could crack this thing.

“For this match, our Ancient Treasure Workshop admits defeat. At the same time, we will fulfill our promise and not move into Zhonghai for three years.”

His words were extremely bitter.

The Ancient Treasure Workshop had sent him to Zhonghai with great expectations.

He had not let down the crowd and had defeated the other two antique brands in Zhonghai.

As long as they won Maple Leaf Pavilion, their plan would succeed.

In the end, at the last moment, he was defeated by a young man.

He really did not have the face to face the elders.

How was he going to explain it to them?

But no matter what, a loss was a loss.

There was no room for negotiation.

“Boss Ye, Manager Sun, we’ll meet again.”

He looked deeply at Ye Feng.

Then, he led the group of young people and left dejectedly.

“We won!”

After they left, Lin Qianqian could no longer control her joy.

She hugged Ye Feng who was beside her, jumping and cheering.

Two parts of her body were shockingly gentle. The friction made Ye Feng’s heart itch.

But Ye Feng could not push her away.

That seemed a little too obvious.

This woman was always looking for opportunities to take advantage of him.

He felt so bitter in his heart!

Sun Shouyi, who was standing at the side, coughed awkwardly. "It's fortunate that Boss is here today. Otherwise, we really wouldn't be able to stop the Ancient Treasure Workshop from entering."

Lin Qianqian only reacted when she heard him speak.

Her actions earlier seemed to be a little too extreme. She hurriedly let go of Ye Feng.

Her pretty face flushed red.

She wished she could find a hole to hide in.

Ye Feng did not bother about her. He smiled bitterly at Sun Shouyi.

"Actually, I don't want to make things difficult for them. I also wanted to borrow Grand Master Zhu's hands to crack this wooden box. However, I did not expect that even Grand Master Zhu could not crack it."

Sun Shouyi stared at the wooden box for a long time. "Why don't you ask Mr. Chen Qiushan for help? He has a lot of connections and might be able to help."

After his reminder, Ye Feng felt that it made sense.

At present, it was very difficult to crack it with only the antique masters.

As for Chen Qiushan, he knew many people from all walks of life.

Maybe he could really help.

Thinking of this, he hurriedly called Chen Qiushan.

“Brother Chen, where are you now? I’ll go find you.”

“I’m playing golf with Kong Linghui now. What’s the matter, Brother Ye?”

“It’s like this. I have a strange object in my hand. Grand Master Zhu Wenkai looked at it just now, but he couldn’t tell the origin of this object, so I wanted to show it to you.”

“Brother Ye, aren’t you scolding me? Even Grand Master Zhu couldn’t tell, how could I?”

“Aren’t you well-connected? If you can’t tell, you can get someone to help take a look.”

“So that’s what you’re planning? Alright, you can come to the golf course to find us and relax.”

Ye Feng hung up the phone.

Just as he was about to pack his things and leave...

Lin Qianqian hurriedly said, “I want to go too.”

Ye Feng frowned. “I’m going to talk business. What are you going to do?”

Lin Qianqian was a little unhappy. “I’m going to see my master. Can’t I?”

Only then did Ye Feng remember that this woman had already acknowledged Chen Qiushan as her master.

To be precise, the two of them were their own people, while he was an outsider.

What reason did he have to stop her from going to see her master?

“Then let’s go together.”

He stuffed the wooden box into Lin Qianqian's arms and walked out first.

Lin Qianqian waved her little fist at his back.

Was he treating her like a sidekick?

Although she was a little dissatisfied, she still quickly followed him out.

Sun Shouyi, who was guarding the empty temple, couldn't help but shake his head and sigh as he looked in the direction the two of them left.

It seemed that he had to treat this little girl better in the future.

Perhaps one day, this little girl would become his mistress.

..

The news that the Antique Treasure Workshop had failed to challenge Maple Leaf Pavilion spread throughout Zhonghai's antique industry.

It immediately caused a huge commotion.

For the local forces in Zhonghai, they did not want an outsider like the Ancient Treasure Workshop to interfere.

Therefore, the three major antique brands had put in all their effort to resist.

However, they never expected that the Antique Treasure Workshop would actually invite the antique master, Zhu Wenkai.

With an unstoppable momentum, he successively defeated the two major brands, Golden Cauldron Pavilion and Ink Fragrance Pavilion.

Everyone was already in despair.

This was because Maple Leaf Pavilion was the weakest among the three antique brands.

Now that even the two strongest brands had lost, Maple Leaf Pavilion probably had no suspense.

However, they never expected that Maple Leaf Pavilion would suddenly display its might and actually block the Ancient Treasure Workshop's challenge.

This was simply turning the tide!

For a time, Maple Leaf Pavilion had become the savior of Zhonghai's antique industry.

Their influence had increased greatly.

And the legends about Ye Feng also became more and more mysterious...

Chapter 428 - 428 This Young Man Is Simply Divine!

428 This Young Man Is Simply Divine!

Golden Cauldron Pavilion.

As one of the top three antique brands in Zhonghai, it had always been regarded as the leader of the antique industry in Zhonghai.

When the news of Ancient Treasure Workshop's failure to challenge Maple Leaf Pavilion spread, the boss of Golden Cauldron Pavilion, Xiao Hongyun, gathered all the higher-ups under him.

“What do you think about the failure of Ancient Treasure Workshop to challenge Maple Leaf Pavilion?”

He raised his head and then looked at everyone present.

Everyone looked at each other and spoke one after another.

“This is unexpected. I didn’t expect Maple Leaf Pavilion to have such strength.”

“That’s right, the Ancient Treasure Workshop has really invested a lot to invite Zhu Wenkai this time.”

“If Maple Leaf Pavilion fails to defend this time and Ancient Treasure Workshop successfully enters Zhonghai, then our Golden Cauldron Pavilion will definitely be affected.”

Xiao Hongyun listened to everyone’s discussion for a long time, but none of them touched his heart, and his expression turned ugly.

“I didn’t ask you to boast about Maple Leaf Pavilion’s contribution. Maple Leaf Pavilion’s efforts to turn the tide this time have indeed made the local antique world heave a sigh of relief...”

“But at the same time, Maple Leaf Pavilion’s influence is expanding rapidly,” he said after a pause. “It will definitely affect our Golden Cauldron Pavilion. How do you think we should deal with it?”

Only then did everyone understand what the boss meant.

Indeed, after this incident, Maple Leaf Pavilion was in the limelight.

The big boss of Zhonghai City's antique industry, Golden Cauldron Pavilion, and the second boss, Ink Fragrance Pavilion, had both been defeated.

However, the third-ranked turned the tide.

Now, many people even said that Maple Leaf Pavilion was the true anchor of Zhonghai's antique industry.

In the long run, where would Golden Cauldron Pavilion put its face?

"Boss is in trouble. I thought you would make things difficult for Maple Leaf Pavilion at this time? This... That's not good, right?"

"Yeah, Maple Leaf Pavilion has just stopped the Antique Treasure Workshop and become the hero of Zhonghai's antique industry. If we attack them now, I'm afraid people will gossip."

“That’s right, Maple Leaf Pavilion blocked Ancient Treasure Workshop and indirectly helped our Golden Cauldron Pavilion out of trouble. If we make a move now, we will be scolded to death.”

“Anyway, I don’t agree to attack Maple Leaf Pavilion now. Even if I want to attack, I have to wait until the storm passes.”

“I agree...”

Xiao Hongyun nodded deeply when he heard what everyone said.

“I think so too. However, everyone had to be careful. This Maple Leaf Pavilion will definitely become our biggest threat in the future.”

Everyone nodded.

..

On the other side, everyone in Ink Fragrance Pavilion was similarly on guard against a great enemy.

The owner of the Ink Fragrance Pavilion, Xu Mowen, looked at the group of higher-ups with a solemn expression.

“Although Zhonghai has successfully defended against Ancient Treasure Workshop, Maple Leaf Pavilion has emerged. We must not let our guard down.”

The higher-ups nodded.

“That’s right, and I feel that Maple Leaf Pavilion is a bigger threat than Ancient Treasure Workshop.”

“After all, the Ancient Treasure Workshop is an external force. It will take a long time for it to gain a foothold in Zhonghai. However, Maple Leaf Pavilion is a local power with a very deep foundation.”

“Yes. If it’s the Ancient Treasure Workshop, all the local forces in Zhonghai can join in. However, they couldn’t do the same to Maple Leaf Pavilion.”

“In that case, it would be better to let the Ancient Treasure Workshop in. Now that it’s Maple Leaf Pavilion, it’s even more troublesome.”

“Who would have thought that the obscure Maple Leaf Pavilion would shock the world with a single brilliant feat? They actually blocked Ancient Treasure Workshop with their own strength.”

“That’s right. Even Zhu Wenkai from the Ancient Treasure Workshop failed. This time, Maple Leaf Pavilion can be said to have become famous.”

Xu Mowen raised his hand to silence everyone.

“Maple Leaf Pavilion is in the limelight right now. Let’s not provoke them for now. We’ll think about it after this matter blows over.”

“Yes, sir!”

..

It was not just the two big brands.

Many people who knew the trend of the antique world were talking about this.

It was a small gathering attended by many antique collectors.

“This time, Maple Leaf Pavilion has really gotten into the limelight. Even Grand Master Zhu was defeated.”

“How did Maple Leaf Pavilion suddenly become so powerful? Even Golden Cauldron Pavilion and Ink Fragrance Pavilion couldn’t stop them, but they did?”

“I heard that the two antiques that Maple Leaf Pavilion originally picked were easily solved by Grand Master Zhu. But at that time, the owner of Maple Leaf Pavilion, Ye Feng, suddenly took out a broken wooden box. Even Grand Master Zhu could not tell where it came from.”

“Even Grand Master Zhu can’t tell where it came from? What kind of thing is that?”

“I don’t know about that, but this time, Grand Master Zhu suffered a huge loss at Ye Feng’s hands.”

“Where did this Ye Feng come from? Why haven’t I heard of him before? Wasn’t the owner of Maple Leaf Pavilion Hu Dong? When did he acquire it?”

“This matter is another legend. It is said that Ye Feng’s attainments in the field of antiques are outstanding, he found a Black Pence stamp in a teahouse, it caught the eye of the owner of Maple Leaf Pavilion, Hu Dong, and he immediately used Maple Leaf Pavilion to exchange for it...”

“There’s such a thing? Isn’t that too miraculous? How could such a precious stamp be found in a teahouse? And it was a big brand in the antique world?”

“Who is this Ye Feng? Which master is his master?”

“It is said that this Ye Feng has no sect, and he is self-taught. What is even more frightening is that he is only twenty years old this year.”

“Twenty years old? Isn’t this too ridiculous?”

“Whether you believe it or not, I don’t believe it.”

..

The antique world had formed a small circle.

Even though Ye Feng was already at the peak of his career in the business world...

However, only a few people in the antique world had heard of his name.

Even if they knew, not many people would care.

After all, in the antique world, regardless of your identity, everything was respected by your antique attainments.

If your antique skills were bad, even the president of the United States would be useless.

Thus, when they heard about Ye Feng’s legendary experience in antiques, they were truly shocked.

This young man was simply divine!

Chapter 429 - 429 Accidentally Becoming the Richest Man

429 Accidentally Becoming the Richest Man

On the other side, in the Zhonghai golf course.

“Brother Ye, where did you get this box?”

Chen Qiushan held the wooden box and studied it for a long time before looking at Ye Feng with a strange expression.

Although he could see that it was indeed an old object...

However, he still couldn't get in.

“Wasn't I chased by Niu Sidun's men? I found it by chance in a village in the suburbs.”

Ye Feng could not say that it was the system's guidance. He could only make it up.

“Your luck is really...”

Chen Qiushan looked at him with a face full of emotion.

He could actually pick up a treasure while being chased?

This luck was too heaven-defying!

“How is it? Can you tell the origin of this box?”

Ye Feng did not want to be entangled with him on this topic. He immediately changed the topic.

Chen Qiushan shook his head. “Forgive my poor eyesight, but I really can’t tell.”

Lin Qianqian immediately interrupted, “Why don’t we just pry it open and see what’s hidden inside?”

Chen Qiushan was instantly amused. “This box is also called a mechanism box. There is a mechanism inside. Once it is forcefully opened, it is very likely to trigger the gunpowder inside and cause it to self-destruct.”

Lin Qianqian was dumbfounded. "Then what should we do? Can it never be opened?"

Chen Qiushan shook his head. "You can't say that. I do know a few experts who study mechanism boxes. I invited them over to help with the research."

After saying that, he walked to the side and made a few calls.

Then, he walked back.

"Alright, they're coming this way. Let's wait for a while."

Only then did Kong Xianghui walk over.

"Brother Ye, your reputation in Zhonghai's business world is growing by the day after you defeated Niu Sidun. Moreover, after this 'training,' your companies are becoming more and more closely linked. Whether it was the valuation of each family or the future development space, it will increase greatly."

"Speaking of which, I really have to thank the two of you this time. To be able to support me in my most dangerous time, I will remember this favor in my heart."

Chen Qiushan rolled his eyes. “Why are you being so polite with us? Aren’t you treating me as an outsider?”

Kong Xianghui also nodded. “Yes, don’t say such things again.”

Ye Feng smiled. “Yes yes yes, it’s my fault, tonight it’s my treat, you can choose the place.”

Kong Xianghui immediately applauded.

“Then we’ll have to rip you off. After this incident, your net worth has skyrocketed again. It’s estimated that you’re now worth 50 billion yuan.”

“What did you say? This kid is now the richest man in Zhonghai?”

Chen Qiushan looked at Ye Feng in disbelief.

Lin Qianqian was also dumbstruck.

Kong Xianghui nodded.

“Because of the skyrocketing valuation of his companies, this kid’s wealth has also expanded rapidly. We’ve been doing statistics for the past two days and were shocked.”

When Ye Feng heard this, he was also very surprised. “I didn’t expect that I would become the richest person by accident...”

The three of them rolled their eyes at him.

Why did these words sound so annoying?

What did he mean by accidentally becoming the richest man?

He said it as if it was easy.

Kong Xianghui looked at him expectantly. “Brother Ye, I wonder if you’re interested in entering the rankings now?”

If Ye Feng was willing to enter the rankings, he would directly jump to the top.

It would probably cause a tsunami in Zhonghai again.

He was the richest man in Zhonghai at the age of 20.

This was absolutely shocking.

Ye Feng heard this and immediately shook his head. “No, I still have to keep a low profile.”

When the three of them heard this, they rolled their eyes again.

This guy had caused a lot of trouble in Zhonghai recently.

Not only did he overturn the old business empire, Cinda Corporation.

Now, even the business legend of South Guangdong Province, Niu Sidun, had been defeated by him.

You’re telling me you’re keeping a low profile now?

Was he joking?

Ye Feng smiled but did not say anything.

In fact, he still had a lot of cash, antiques, jade, and many other assets. This was not a small amount.

If all of them were counted, it would be far more than 50 billion.

However, he really needed to keep a low profile now.

It was not a good thing to be in the limelight recently.

Kong Xianghui had no choice but to respect his decision.

He immediately changed the topic. "Anyway, those experts will be here later. Let's play first."

Saying so, he passed a cue stick to Ye Feng.

Ye Feng quickly waved his hand. "I really don't know how to play this."

Kong Xianghui stuffed the gold club into his hand without any explanation. "If you don't know how to play, you need to practice more. If you know how to play, it's boring."

At the same time, he hurriedly gave Chen Qiushan a look.

Chen Qiushan understood and immediately chimed in. "That's right, Brother Ye. Since we're here anyway, just treat it as entertainment."

Ye Feng was helpless. He could only walk over with the golf club. "If I don't play well, you guys can't laugh."

Chen Qiushan and Kong Xianghui quickly nodded. "No, no, absolutely not."

Only then did Ye Feng relax. He grabbed the golf club and hit the ball with all his might.

However, due to his poor control of the angle and strength, he missed.

The golf ball was still in place.

"Hahaha..."

Chen Qiushan and Kong Xianghui, who had promised not to laugh at him, immediately laughed their heads off.

In the end, they even laughed until tears came out.

Ye Feng could not help but roll his eyes. “You two said earlier that you would not laugh at me.”

Chen Qiushan wiped his tears. “Brother Ye, if you can even play golf well, I really want to send you to the research institute to be dissected to see if you’re an alien.”

Kong Xianghui immediately nodded.

“Yeah, let’s not talk about your business skills. You’re also very skilled, and your antique skills are top-notch. I heard that you’re also very good at racing. If you can even play golf well, then there is really no justice.”

Ye Feng smiled foolishly. “Don’t say that, I am just an ordinary person.”

With that, he swung his club.

The golf ball drew a perfect parabola in the air.

Clang!

It fell into a hole dozens of meters away.

Hole-in-one.

Chen Qiushan, Kong Xianghui, and Lin Qianqian were all dumbfounded.

Ye Feng's words echoed in their ears.

I'm just an ordinary person...

Chapter 430 - 430 A Unique Female Professor

430 A Unique Female Professor

Chen Qiushan and Kong Xianghui could only call him a pervert when they saw this scene.

"Brother Ye, did you practice golf before?"

Kong Xianghui looked at him with his last bit of hope.

"No, this is my first time playing too."

Ye Feng had a strong point. He did not lie.

He immediately told the truth.

“You can get a hole-in-one on your first try? Are you kidding me?”

Chen Qiushan’s face was also twitching.

He had never heard of such a perverted learning ability.

Ye Feng scratched his head and asked, “This... is it very difficult?”

“This is no different from the glass balls we used to play with when we were young. As long as you controlled your strength and accuracy, there will be no problem.”

His body had been modified by the system.

After that, he learned the orthodox Wing Chun Fist.

After that, his cultivation increased by ten years.

His control over his strength had already reached the level of doing as he pleased.

His eyesight was even more shocking.

In his eyes, the small hole that was dozens of meters away was no different from being close at hand.

Therefore, after experiencing the feeling of the first swing...

He immediately figured out the required force and angle.

A hole-in-one was within expectations.

In his opinion, this was a very normal thing.

However, he had overlooked one point.

Others did not have such an experience.

And Ye Feng managed to do it on his first try.

This was simply appalling.

“Old Chen, let’s go. Don’t play with this pervert.”

Kong Xianghui quickly pulled Chen Qiushan to the side. He stared at Ye Feng with deep resentment.

Chen Qiushan also kept shaking his head and sighing.

After being with this guy for a long time, it was easy to be defeated.

Fortunately, his and Kong Xianghui’s mental endurance was relatively strong.

If it were anyone else, they would have long felt inferior and could not live on.

This guy’s learning ability could only be described as abnormal.

Was this the difference between an ordinary person and a genius?

It was too much of a blow.

Lin Qianqian ran over excitedly. "It looks so easy. I want to learn too. Teach me."

"Sure."

Ye Feng passed the rod to her.

Then, he hugged her from behind, grabbed her hand, and began to guide her on her swing.

Chen Qiushan and Kong Xianghui looked at each other.

There was a bitter smile on their faces.

This was the first time this guy was playing golf, and he was actually acting as a coach.

One dared to teach and the other dared to learn.

After a while, the experts that Chen Qiushan had invited finally arrived.

“It’s not fun at all. I’m not playing anymore.”

Lin Qianqian could not take the blow anymore and gave up on her studies.

When she saw Ye Feng score a hole-in-one as soon as he started playing, she thought that golf was easy.

But after playing for a while, she realized that when Ye Feng grabbed her hand, she played very well, but when he let go, she could not even hit the golf ball.

Obviously, it was not easy to play golf.

But for a freak like Ye Feng, it was very easy.

For her, it was as difficult as ascending to the heavens.

It was too much of a blow.

Moreover, when Ye Feng gave her pointers, he would hug her from behind.

She didn't think much of it at first.

However, she gradually realized that this position was a little ambiguous.

Especially when their bodies touched, she felt even more awkward.

Once her attention was distracted, the fight became even worse.

Fortunately, the arrival of these experts gave her an excuse to escape.

Ye Feng was not in the mood to play golf with her.

He immediately welcomed the experts.

Chen Qiushan immediately introduced them to each other.

The ancestors of these experts were either carpenters or experts in the restoration of cultural relics.

The one who caught his attention the most was a female expert in her thirties, Cao Xinrui.

She was actually an associate professor in the Archeology Department at Zhonghai University.

She could be considered Ye Feng's teacher.

But because they were from different faculties, and Ye Feng rarely went to school, they had never met.

This woman was very beautiful.

Even though she was not as powerful as Chen Xuan and Lin Qianqian, among the female professors, she was definitely an existence with heaven-defying looks.

Especially when she wore a pair of black-rimmed glasses, she naturally exuded a scholarly aura.

It had a different flavor.

Of course, these were not Ye Feng's main focus.

He listened to Chen Qiushan's introduction.

This Teacher Cao Xinrui actually had a deep understanding of ancient mechanisms.

Previously, she had followed the expedition team down to a few large tombs.

Many of the traps were broken by her.

It reduced many unnecessary casualties for the expedition team.

"Mr. Chen, let's take a look first," Cao Xinrui interrupted impatiently before Chen Qiushan could finish his introduction.

Obviously, she felt that studying the mechanism box was more important than socializing.

Chen Qiushan hurriedly smiled bitterly and took out the mechanism box.

A few experts immediately came over to check.

However, the other experts studied it for a while and then retreated helplessly.

Obviously, they couldn't find any clues.

Only Teacher Cao Xinrui was still deep in thought.

After a moment, she suddenly looked up at Ye Feng. "Where did you get this mechanism box?"

There was a hint of dignity in her eyes.

Her tone sounded more like she was interrogating a criminal.

Ye Feng felt a little uncomfortable, but he still answered honestly: "I bought it from an old farmer."

"Really?" Cao Xinrui didn't believe him.

Ye Feng finally could not hold back his anger and retorted, "Is this something you should be concerned about? I just asked you to help me open it. If you can open it, please do it. I have my own thanks. If you can't open it, please leave."

Chen Qiushan saw that the two of them were a little angry and hurriedly came out to be the peacemaker.

“Teacher Cao, Ye Feng really bought this by accident. He did not get it through any illegal means, don’t worry.”

Cao Xinrui seemed to trust Chen Qiushan.

Without saying anything else, she lowered her head and began to knock on the wooden box.

Then, she continued to knock on the other side.

Ye Feng was a little dissatisfied, “Be careful, don’t break it.”

Before he could finish speaking, Cao Xinrui fiddled with it for some reason.

Pa da!

The wooden box that had troubled him for a long time was actually opened.
