

100 Million 471

Chapter 471 - 471 You Must Use a Sledgehammer to Kill a Chicken

471 You Must Use a Sledgehammer to Kill a Chicken

“Manager, why don’t I go and meet him? Elder Qi is the treasure of our casino. We can’t act rashly.”

“Yeah, Manager, isn’t it too flattering to let Elder Qi do it?”

“I think this kid is just lucky. He can just send anyone out to settle it. Why bother Elder Qi?”

“Why use a sledgehammer to kill a chicken? Elder Qi has not fought for a long time, so why waste time on this kid?”

The casino manager immediately reached out to interrupt everyone. “You have to use a sledgehammer to kill a chicken. Only then can you guarantee that nothing will go wrong! In short, we can’t let this kid continue to win.”

Seeing his firm attitude, the crowd didn’t refute him.

“Since Elder Qi has stepped out, then this kid’s luck has come to an end.”

“Elder Qi has been in charge of our casino for so many years, but he has never lost once.”

“To be honest, I really want to admire Elder Qi’s methods again.”

“Yeah, Elder Qi is the real God of Gamblers!”

..

Just as Ye Feng and the others were waiting for the next round to start.

Suddenly, someone came over and whispered a few words into the dealer’s ear.

The dealer’s expression suddenly became shocked, but he quickly returned to normal.

He turned around and smiled apologetically at Ye Feng and the rest. “I’m really sorry, I’m a little tired. Next, I’ll let another dealer in our arena help us host the gambling session.”

After saying that, he retreated to the side.

At this moment, an old man in his seventies walked over.

The old man was dressed in a gray robe and looked like an old scholar.

Although he was already in his seventies, his steps were vigorous and not inferior to that of a middle-aged man.

Especially that pair of bright eyes. It was as if they could see through people's hearts.

Ye Feng sharply observed that the people in the casino were very respectful to this old man.

From this, it could be seen that this old man's identity and status were extraordinary.

He couldn't help but laugh in his heart.

Weren't they too petty?

The old man walked over and cupped his fists at everyone. "I'm Qi Shuangxi. I'll be hosting the next bet for everyone."

When the people at the gambling table heard him introduce himself, their expressions changed drastically.

They all looked at the old man with fear in their eyes.

Ye Feng was curious. He turned to look at Zhuang Xiaojiao.

“Is this old man very famous?”

Zhuang Xiaojiao nodded immediately. “It’s not just famous. It’s too famous. Elder Qi was very famous in the gambling world back then.”

The few people beside him also chimed in.

“Elder Qi was known as the ‘God of Gambling in South Guangdong’, and his skills were superb.”

“I heard that Elder Qi went to the Aomen Casino and won several hundred million. He was very domineering.”

“Unfortunately, because he won too ruthlessly, he angered the enemy and caused his wife and daughter to be harmed by his enemy.”

“I heard that Elder Qi is in charge of this casino, but he rarely makes a move. We are really honored today.”

“Yeah, to be able to see Elder Qi fight with my own eyes, even if I lose everything, it’s still worth it.”

“To be able to admire Elder Qi’s elegance is enough for me to brag for the rest of my life.”

Ye Feng heard everyone’s praise for Qi Shuangxi, he could not help but size him up.

Coincidentally, Qi Shuangxi was also sizing him up at this moment.

The two of them looked at each other and smiled faintly.

However, Zhuang Xiaojiao, who was sitting next to him, could smell the smell of gunpowder.

It seemed that there would be a showdown between Mars and Earth.

At this moment, Qi Shuangxi grabbed the dice cup and started shaking it.

However, his technique was very strange, clearly different from the previous dealer.

Ye Feng's expression also changed slightly.

His previously unfailing hearing was actually hindered, making it difficult for him to judge the points inside.

Elder Qi was indeed capable.

Bang!

Qi Shuangxi smashed the dice cup on the table. "Everyone, place your bets!"

Although he said this to everyone, his gaze was fixed on Ye Feng. He was clearly hinting at something.

Ye Feng looked at Qi Shuangxi and then at the dice cup.

In the end, he took out 100,000 chips and bet on small.

Zhuang Xiaojiao was about to bet all her chips when she saw this.

She had already made up her mind. No matter what Ye Feng bet on, she would follow suit.

However, at this moment, Ye Feng shook his head at her subtly.

Zhuang Xiaojiao could not help but feel suspicious.

What did he mean by that?

Was he not confident in this?

Or did he not want her to win money with him?

These two possibilities were very likely.

Zhuang Xiaojiao hesitated for a moment before finally placing half of her bet.

The others at the table also followed Ye Feng and placed their bets.

In fact, they looked down on Ye Feng at the start. They thought that he was just lucky.

But Ye Feng's performance in the previous round was truly impressive. Everyone immediately followed suit.

Some even bet all their assets.

Until everyone had placed their bets.

Qi Shuangxi smiled faintly. "It seems that everyone trusts this little brother very much. Let us reveal the answer."

Saying so, he glanced at Ye Feng meaningfully before slowly opening the dice cup.

3, 5, 6 points, big!

Lost?

Everyone widened their eyes in disbelief.

They thought that Ye Feng would continue his undefeated record, but he did not expect that he would lose!

Those who bet with Ye Feng started to criticize him.

“How unlucky, we actually lost? Wasn’t this kid quite powerful before? This time, I bet with him, and he actually lost?”

“Why don’t you look at who he’s facing? The person sitting opposite him is Elder Qi. He’s still too inexperienced to win money in front of Elder Qi.”

“I’m so angry. I bet all my assets on it and lost everything in one go.”

“This kid is just an embroidered pillow. He looks good but is useless.”

“F*ck, I suddenly suspect that he’s the casino’s stooge. They’re conspiring to scam us of our money.”

“Kid, return us the money we lost.”

“Yes, return the money. You caused us to lose money, so you have to compensate us.”

“Compensate!”

“Compensate...”

Chapter 472 - 472 I've Really Encountered an Expert This Time

472 I've Really Encountered an Expert This Time

Those who lost money did not dare to vent their anger on Qi Shuangxi. They could only settle the score with Ye Feng.

They all shouted for him to compensate them for their losses.

Ye Feng sneered at them.

“Did I ask you to bet with me? Didn't you all see that I had won a lot and bet with me? Now that you've lost, you're blaming it on me? If I win, will you give me the money?”

When everyone heard that he actually dared to refute, they were even more furious.

“Brat, you lost and you still have reason? Who asked you to lose? Why didn't you lose before? Why did you lose when we bet with you?”

“That’s right. I think you conspired with the casino to deliberately scam us of our money! Return the money we lost to us.”

“If you don’t compensate us today, don’t even think about leaving this casino.”

“Yes, don’t talk nonsense. Hurry up and pay up..”

Everyone was excited. Some of them even wanted to rush up and snatch Ye Feng’s chips.

At this moment, Zhuang Xiaojiao suddenly stood up angrily.

“What the f*ck are you all arguing about? What he said is right. You guys were the ones who wanted to bet. He didn’t beg you, so why should he compensate you? A bunch of rascals, bullying the weak and fearing the strong, right? Since you suspect that he colluded with the casino, why don’t you ask the casino for money?”

She was probably the only one who knew that Ye Feng had already known that he would lose this match. He had even hinted to her.

She withdrew half of her funds at the last minute to avoid being wiped out.

The group of people who were still clamoring wanted to retort after being reprimanded by her.

However, when they saw the group of fiendish followers behind her, they finally sat back down obediently.

They really bullied the weak and feared the strong.

Because they saw that Ye Feng was alone, they dared to gang up on him.

They didn't dare to argue with the casino, let alone a gangster like Zhuang Xiaojiao.

They could only admit defeat.

Qi Shuangxi glanced at Ye Feng. Disdain flashed in his eyes.

When the manager went to beg him to help, he made it sound like this young man had three heads and six arms.

However, after his probing just now, the other party seemed to be only so-so.

He immediately picked up the dice cup and shook it again.

Bang!

“The bet is set!”

Ye Feng glanced at the dice cup, the corners of his lips curled up.

He directly pushed all the 500,000 chips in front of him to ‘small’.

“Stud!”

Everyone present gasped when they saw his generosity.

Playing this again?

This guy was really crazy.

He dared to play poker in front of Elder Qi?

He would probably lose everything.

Zhuang Xiaojiao hesitated for a moment, but in the end, she chose to believe Ye Feng.

She directly placed the remaining 250,000 chips in front of her on small.

“Stud!”

When everyone saw this scene, they were even more dumbfounded.

“Is this little girl crazy too? She actually dared to bet with this kid?”

“Yeah, wasn’t she scammed enough just now? She’s really possessed.”

“I think this little girl is interested in this kid. Otherwise, why would she protect him just now?”

“I heard that once a woman falls in love, her IQ will go offline. It seems that it’s true, haha...”

The crowd mocked Zhuang Xiaojiao’s actions and then all bet on ‘big’.

They could already tell that the reason why Elder Qi had stepped out was for this kid.

With Elder Qi here, it was impossible for this kid to win.

Therefore, as long as they followed his opponent, they would definitely win.

Qi Shuangxi glanced at Ye Feng again, his lips curled into a sneer.

'Kid, I'll make you spit out all your winning chips this time.'

Thinking of this, he reached out to open the dice cup.

Right at this time, Ye Feng suddenly picked up a chip and quickly threw it out.

The chip hit Qi Shuangxi's elbow and bounced off.

This action was very subtle, and almost no one around could discover it.

Qi Shuangxi felt his hand go numb, and the dice cup was opened.

1, 2, 5, a total of 8 points, small!

“Hiss...”

Everyone gasped.

He had actually been betted by this kid?

With 500,000 yuan in chips, the odds were 1:2, and he directly earned 1 million yuan.

Zhuang Xiaojiao also doubled the price.

Apart from the two of them, everyone else had lost this round.

Those people stared blankly at the three dice, unable to come back to their senses for a long time.

This didn't make sense!

With Elder Qi stepping out, how could this kid win?

Not only them, even Qi Shuangxi looked at Ye Feng in fear.

The technique that he had tried a hundred times was actually broken by this kid.

In fact, after the first round of testing, Ye Feng had already seen through the opponent's method.

It was not strange at all.

The moment Qi Shuangxi opened the dice cup, he would use his little finger to roll the dice.

It was just that his speed was extremely fast and he was extremely hidden. Unless a high-powered camera was used to shoot, it was impossible to detect him.

This technique was not strange, but to reach this level, one needed a long time of hard training.

It was only because Ye Feng was already proficient in the Thousand Techniques that he could sense it acutely.

The moment he opened the dice cup, a chip popped out, destroying the opponent's technique.

Only then did he successfully win the next round.

At the same time, the monitoring room was in an uproar.

"What is it? Elder Qi actually lost? How is this possible?"

"Elder Qi has been in the gambling world for so many years and has never lost."

"Did you see clearly what demonic arts this kid used? How could he defeat Elder Qi?"

"Hurry up and replay the surveillance footage from earlier. Remember to play it in slow motion so that we can take a closer look."

When the crowd slowed down the surveillance footage by fifty times, they finally found the reason.

Ye Feng actually threw out a chip the moment Qi Shuangxi opened the dice cup, destroying his opponent's technique.

Everyone immediately looked at each other in disbelief.

They only had one thought in mind.

This time, they had really encountered an expert.

Chapter 473 - 473 The Myth From 2,000 to 20 Million

“Continue!”

Ye Feng had a faint smile on his face as he urged Qi Shuangxi.

At this moment, there was a pile of chips in front of him, a total of 1 million.

It had been less than an hour since he entered the casino.

In just a short while, he had won from 2,000 yuan to 1 million yuan.

Shen Baitian, who was standing behind him, felt that her brain was not working well enough.

She had known Ye Feng for such a long time, and she really did not know that he was so good at gambling.

She really didn't know what this guy didn't know.

Qi Shuangxi's forehead was already sweating. He knew that he had met an expert this time, so he had to be 120% alert.

Hualala...

The dice cup shook strangely.

This time, Qi Shuangxi simply used his signature skill, the Ghost Technique.

This method could ensure that the other party could not use their hearing to judge the number of points.

Bang!

"Place your bets!"

Ye Feng waited for him to finish shaking the dice and directly pushed all the chips in front of him to 'small'.

Zhuang Xiaojiao had become his diehard fan and placed her bet without hesitation.

"Open!"

2, 4, 1, small!

The banker lost!

Qi Shuangxi gritted his teeth. Again!

..

Next, he used almost all of his skills.

He won almost every round.

In less than half an hour, the other party had won 20 million in chips.

And because Zhuang Xiaojiao had been betting like Ye Feng, and had been playing frequently, she had also won close to 10 million in chips.

Together, the two of them won more than 30 million yuan.

If they continued to win, the casino would not be able to operate anymore.

The casino manager could not sit still anymore. He rushed out of the surveillance room and came to Ye Feng.

“Hello, Sir. I’m the manager of the casino. My name is Hua Zhiyong.”

“Hello, what’s the matter?”

Ye Feng nodded at the manager.

“Forgive me for being blind, but I wonder when an expert like you appeared in the gambling world?”

Hua Zhiyong looked at Ye Feng with a smile.

"I'm not from the gambling world. This is my first time coming to a casino," Ye Feng said honestly.

But in Hua Zhiyong's ears, it was a little ear-piercing.

It was his first time at the casino, and he could already defeat their Elder Qi? Who was he lying to?

However, since the other party was unwilling to reveal his true identity, he did not dare to force it.

For the other party to have such terrifying technology, it was likely that they had a very powerful background.

As long as he wasn't sent to cause trouble, it wouldn't be a big problem.

"Sir, you've already won a lot today. Why don't you... Stop for today? Let me treat you to a drink?"

Ye Feng immediately understood what he meant. He was afraid that if he continued to win, he would win the entire casino?

However, he was indeed tired of it.

He felt that this thing was meaningless.

He immediately stood up. "That's all for now. Help me exchange these chips."

Hua Zhiyong looked at the pile of chips, his heart bleeding.

However, he could not deny it in front of so many players.

He could only ask his subordinates to help him exchange the chips.

The 20 million was definitely not in cash. It was directly transferred to Ye Feng's account.

Everyone looked at him enviously.

This young man had personally written a legend that went from 2,000 yuan to 20 million yuan tonight.

Truly breathtaking!

Zhuang Xiaojiao also went to exchange her chips happily.

..

As the two of them left, Qi Shuangxi felt his legs go weak and he fell onto the chair.

The battle just now was simply torture for him.

No matter what tricks he played, the other party would be able to quickly crack them.

Only then did he know that there was always someone better than him.

What was even rarer was that the other party was so young, and his future was simply limitless.

He could even see a new star rising in the gambling world.

The players who had been watching the show were reluctant to part.

It had to be said that watching such a battle between experts was definitely a kind of enjoyment.

For gamblers like them, it was even more exciting than watching a porno.

..

On the other side, after Hua Zhiyong helped to exchange the chips, he sent Ye Feng, Shen Baitian, and Zhuang Xiaojiao out of the cabin before quickly returning.

“Check that kid’s account and see who he is.”

When he returned to the ship, he immediately ordered the subordinate who transferred the money to Ye Feng.

The subordinate looked at him with a sad face. “Manager, that kid’s account is a private bank account. The level of confidentiality is very high. We can’t find out at all.”

Hua Zhiyong immediately smashed the counter.

Let this kid win 20 million in one night... No, it was 30 million.

This was equivalent to a week’s worth of profit in the casino.

This time, he had really suffered a huge setback.

Just thinking about it made him want to vomit blood.

..

Outside the cabin, at Ye Feng's side.

"Hello, let me introduce myself. My name is Zhuang Xiaojiao."

"I am Ye Feng."

"My name is Shen Baitian."

Ye Feng and the other two walked out of the cabin and reported their names to each other.

"I really have to thank you for today. I've earned a lot by following you."

Zhuang Xiaojiao had lost for the entire night, and in the end, she won more than 10 million with Ye Feng. She was in a very good mood.

“No need to thank me. You earned this yourself.”

Ye Feng also admired this girl’s boldness.

Every time he placed a bet, the other party would play with him.

Although he had proven himself with his strength, he had to admit that this girl was full of courage.

Once she decided on something, she would go all out.

“Can we add a contact number? If you participate in such gambling games in the future, you can bring me along.”

Zhuang Xiaojiao immediately took out her phone and asked for his contact information.

Ye Feng did not think too much about it. He exchanged phone numbers with her.

“Then I’ll go first. Remember to call me.”

Zhuang Xiaojiao winked at him before turning to leave.

At this moment, Shen Baitian said sourly, “You’re still looking? Your eyes are about to fall out.”

Ye Feng quickly retracted his gaze and explained, “What are you thinking? I just think that this girl is quite interesting.”

“Are you saying that I’m boring? I knew you despised me, you stinky fellow who likes the new and hates the old.”

Miss Shen pouted her lips in a fit of pique.

Ye Feng felt a headache.

“When did I say you were boring? Besides, what do you mean by liking the new and despising the old? When did I say I like you?”

Chapter 474 - 474 Then Should I Leave?

474 Then Should I Leave?

When Shen Baitian heard this, she became even angrier.

“Then should I leave?”

Ye Feng hurriedly pulled her back. “I was just joking with you. Did you take it seriously?”

Shen Baitian turned around and looked at him. “Then swear that you don’t like her.”

Ye Feng’s expression darkened. “Do you think I’m a stallion? Liking every beautiful woman I see? I’ve only met her once and I already like her? Who do you think I am?”

After saying that, he was about to leave.

Seeing that he was angry, Shen Baitian hurriedly grabbed him and apologized, “I’m sorry. I was wrong. Don’t be angry.”

Ye Feng glanced at her. “What did you do wrong?”

Shen Baitian pouted. “I shouldn’t have been jealous, and I shouldn’t have lost my temper at you. I won’t do it again.”

Ye Feng smiled.

You think I can't cure you?

Shen Baitian was relieved to see him smile. "By the way, how did you know that my best friend was cheated by the casino?"

This time, it was Ye Feng's turn to be surprised. "Your best friend?"

Shen Baitian nodded. "That's right. My best friend was scammed by this casino. She still owes more than 10 million yuan. I'm sad because of this. You must have heard about this, so you wanted to help me vent my anger, right?"

Ye Feng looked at her big eyes that were filled with anticipation, he could not bear to tell her: "Miss, you're thinking too much."

He could only nod perfunctorily. "If you say so, then so be it.:"

Shen Baitian jumped up happily. "I knew you were the best to me."

As she spoke, she couldn't help but plant a kiss on his cheek.

Ye Feng looked at her in shock. "You can thank me, but why did you kiss me? Who did you learn this bad habit from?"

Only then did Shen Baitian realize that she had been too happy and had actually done such an 'extreme' action.

She immediately dug her toes into the ground awkwardly.

"I... I'm sorry. That..."

Ye Feng looked at her cute appearance and smiled evilly.

When Shen Baitian heard this, she was instantly embarrassed and angry. "You... You're talking nonsense. Who wants to do anything to you? I... I didn't think that much at that time."

"You didn't think so much at that time? Does that mean that you're thinking a lot now?"

"Nonsense, I'm not thinking about it now either..."

"If you don't think about it now, who knows if you'll think about it at night? We boys have to protect ourselves when we're outside. There are so many female hooligans nowadays. We have to be careful."

Ye Feng's unreasonable actions were displayed to the fullest.

"You... I'm ignoring you, hmph!"

Shen Baitian's pretty face was already red to the ears. She hurriedly covered her face and ran away.

At this time, a system notification sounded in Ye Feng's ears.

[Congratulations to the host for completing the opportunity navigation! System reward: Yang Cheng Zongheng Transportation Co., Ltd., valued at 6 billion!]

"Hiss..."

When Ye Feng heard the system's reward, he gasped.

He immediately opened a search app and searched for this company.

Through public information, he learned that this Zongheng Transportation Company was the largest transportation group in Yang Cheng.

It almost accounted for half of the value of the transportation market in Yang Cheng.

With this company, it was enough for him to successfully enter the business world of Yang Cheng.

South Guangdong Province, I, Ye Feng, am here!

..

Meanwhile, late at night.

Hua Zhiyong asked his good friend Tang Fushan out for a drink.

The two of them had been good friends for many years and knew each other very well.

Tang Fushan saw that his expression was not right, so he immediately asked, "Flowery Monk, what's wrong with you today? Did your wife run off with someone else?"

Hua Zhiyong's nickname was Flowery Monk. Only those who were very close to him dared to call him that.

Hearing Tang Fushan's question, his face turned even uglier. "If my wife ran away with someone else, I'd be more than happy to do so. I've wanted to kick her out for a long time."

Tang Fushan was even more curious. "Then what is it? There aren't many things that can make you frown, right?"

Hua Zhiyong sighed. "Sigh, it's just some things in the casino. Forget it, let's not talk about it. Let's drink."

The more he acted like this, the more curious Tang Fushan became. "Tell me, I'll treat it as a story."

Hua Zhiyong saw that he kept asking, so he could only briefly explain what happened tonight.

"A kid came to our casino today. When he entered, he only bought 2,000 yuan worth of chips. When he left, do you know how much he won?"

"How much? 20,000?"

"F*ck you. If he only won 20,000 yuan, would I have to be so sad?"

“So it’s 200,000?”

“You’re a big boss after all. Can’t you be a little bolder? Guess again.”

“It can’t be 2 million, right? Then this kid is really awesome. He actually won 2 million in your place?”

“Tsk, 2 million? Let me tell you, that kid won 20 million... No, it’s 30 million!”

“Pfft... How much? 30 million? This kid is the God of Gamblers! Don’t you have Qi Shuangxi in your place?”

“He didn’t make a move?”

“That’s what’s even more depressing. That kid won the money from Qi Shuangxi.”

“D*mn, is he really that powerful?”

Tang Fushan couldn’t help but feel surprised.

As far as he knew, Qi Shuangxi was a very famous figure in the gambling world of South Guangdong.

Even such an expert was defeated?

It seemed that the kid that Hua Zhiyong was talking about was really a top-notch expert.

“You don’t believe me, do you? Come, let me show you the surveillance footage. You’ll know how powerful this kid is,” Hua Zhiyong said as he pulled out a video from his phone.

Tang Fushan took the phone and checked it.

When he saw the young man on the screen, his eyes widened.

Ye Feng?

He thought that his eyes were playing tricks on him and rubbed his eyes in a hurry.

That’s right, it was Ye Feng!

Chapter 475 - 475 The Enemy of My Enemy Is My Friend

475 The Enemy of My Enemy Is My Friend

Hua Zhiyong saw Tang Fushan's shocked expression and thought that he was also shocked by Ye Feng's gambling skills.

"How is it? Am I wrong? This kid's gambling skills are simply superb, and can only be described as breathtaking."

Tang Fushan immediately raised his head and looked at him. "I know this kid."

Hua Zhiyong was stunned. "Where did you meet him? At another casino?"

Tang Fushan shook his head. "No, it's on the Dragon Country Real Estate Forum."

"The Dragon Country... Real Estate Forum? Why was he going to the Dragon Country Real Estate Forum?"

Hua Zhiyong felt that his brain was not enough.

What did this kid have to do with real estate?

Tang Fushan took a sip of beer and stared at him. "You should have heard of Ye Feng, right?"

Hua Zhiyong shook his head. "No."

"Cough, cough..."

Tang Fushan almost choked. "You haven't heard of the earthquake in Zhonghai's business world?"

Hua Zhiyong pouted nonchalantly. "I don't work in the business world. How would I know? I'm only interested in my casino."

Tang Fushan felt like he was playing the lute to a cow. "You've heard of Niu Sidun, right?"

Hua Zhiyong rolled his eyes. "Nonsense. The richest man in South Guangdong Province. How could I not have heard of him?"

Tang Fushan stared at him mysteriously. "You must have heard that Niu Sidun died in Zhonghai a while ago, right?"

Hua Zhiyong heard him beating around the bush and was a little unhappy. "What are you trying to say? Don't tell me that Niu Sidun was killed by this kid."

Tang Fushan nodded and said, "Almost. Niu Sidun fought with the kid in Zhonghai and lost three times. In the end, he was killed."

Hua Zhiyong was stunned. "You... Are you kidding me? Niu Sidun... He actually lost to this kid?"

Tang Fushan spread his hands. "It's not a secret. If you don't believe me, go ahead and ask around to see if I'm telling the truth."

Hua Zhiyong immediately collapsed on the chair. "I wanted to teach this kid a lesson, but hearing what you said, even Niu Sidun died in his hands. Am I not courting death?"

Hua Zhiyong laughed self-deprecatingly. "I'm very clear about my own capabilities. I can't even defeat Niu Sidun. In his eyes, I'm nothing."

Tang Fushan couldn't help but laugh. "That kid isn't that scary. Niu Sidun lost to him because he didn't show his true strength in the battle. Secondly, he was tricked by his stupid teammates, which was why he ended up like this."

Hua Zhiyong shook his head repeatedly. "No matter what, he defeated Niu Sidun before. It's better not to provoke such a person."

Tang Fushan revealed a mocking expression. "So, you don't want the 30 million? How are you going to explain this to your boss?"

When Hua Zhiyong heard him mention this matter, he immediately fell silent.

Tang Fushan seized this opportunity and immediately put forward his own idea. "Actually, it's not difficult for you to get back the 30 million yuan."

"In fact, if you do as I say, you might even make a fortune."

Hua Zhiyong hurriedly asked, "What do you have in mind?"

Tang Fushan hooked his finger at him. "I know a Master of Thousand Arts. He's in charge of an international casino in Aomen. He's very capable. Go find that brat Ye Feng and arrange a match, I guarantee that he will lose until he cries for his parents."

Hua Zhiyong was still a little hesitant. "Who is this expert you're talking about? Is it reliable?"

Tang Fushan slowly picked up his glass and took two sips.

Hua Zhiyong could not help but flare up.

"Fang Xingjia."

When Hua Zhiyong heard this name, he immediately revealed a look of disbelief. "Are you sure you can invite him?"

Tang Fushan revealed a confident smile. "As long as we have enough money, who can't we hire?"

Hua Zhiyong knew that if he wanted to invite this master, he would have to pay a high price. He immediately looked at him in confusion. "Why are you helping me like this?"

A trace of hatred flashed across Tang Fushan's face. "Because I also have a grudge with this kid. The enemy of my enemy is my friend. Besides, we are friends."

Hua Zhiyong raised his glass without hesitation. "I understand. Then, let's hope that we can work together to eliminate our common enemy."

Tang Fushan raised his glass and clinked it with his. "That's what I wanted to say."

The two of them smiled at each other and drank the wine in their cups in one gulp.

Both of them were immersed in the beautiful dream of destroying the enemy.

They didn't notice that the man sitting next to them had quickly paid the bill and left after listening to their conversation.

..

Ye Feng woke up early the next morning. He went to the living room to drink some water and prepared to go out to train.

At this moment, he suddenly received a call from Zhuang Xiaojiao.

“Hey, why are you calling me?”

He picked up the call, sat down on the sofa, and put his legs on the coffee table.

“Ye Feng, I have bad news for you.”

“Are you a crow? Bringing bad news early in the morning? What bad news?”

“Hua Zhiyong wants to deal with you.”

“Who is Hua Zhiyong?”

“He... The casino manager who sent us away last night.”

“Oh, I know.”

“Can’t you take it seriously? I heard that he is preparing to set up a trap and find a gambling king from the Aomen to fight with you. You have to be on guard.”

“How did you get this information?”

“I often go to the casino to play, so I’m very familiar with their tricks. If you lose, perhaps nothing will happen to you. But if you win, and you win so much money, they will definitely not let you go.”

“You can only lose and not win? What kind of ridiculous rule is this?”

“That’s right. That’s why I kept an eye out before I left yesterday. I sent someone to secretly watch Hua Zhiyong to see if he would do anything.”

“And then?”

“Then, he went to see a friend at night. It was that friend who gave him a bad idea to set up a trap for you...”

“Who is his friend?”

“I’m not too sure about that. The person I sent only knows Hua Zhiyong.”

“Hehe, they want to set me up? I just don’t know if their intelligence is enough.”

“Ye Feng, this Hua Zhiyong has always been insidious. Don’t be careless!”

Ye Feng heard her serious tone. Her concern was obvious.

“Why are you so concerned about me? Is it...”

Chapter 477 - 477 Gambling King Tournament Invitation

477 Gambling King Tournament Invitation

“How did you get my number?”

Ye Feng heard Hua Zhiyong’s voice and frowned.

“You’re the famous Mr. Ye in the business world. It’s not difficult to find out your phone number. I didn’t know your true identity before. I’m sorry for my disrespect.”

The moment Hua Zhiyong came up, he licked his lips.

Ye Feng smiled coldly. “Why did you call me? Don’t tell me you want the 20 million yuan back? Then I can only say that it’s impossible!”

Hua Zhiyong hurriedly denied it. “How is that possible? Our Ark Casino has always done things in an upright manner. We would never do such a thing.”

Ye Feng revealed a mocking expression, but he did not expose him. “Since you don’t want money, why are you looking for me?”

Hua Zhiyong hurriedly explained his intentions. “It’s like this. Our Ark Casino is preparing to hold a Gambling King Tournament for Binhai City. We would like to invite all the masters in Binhai City to participate. I thought of you immediately. I wonder if you’re interested?”

Ye Feng leaned against the sofa. “Gambling King Tournament? I’m not interested. I’m hanging up.”

“Wait...”

Hua Zhiyong hurriedly continued, "The prize money for this competition is 100 million. Are you really not going to consider it?"

Ye Feng sneered. "Since you know my true identity, do you think I would care about 100 or 200 million?"

Hua Zhiyong, who was sitting opposite him, broke out in cold sweat. "I know Mr. Ye doesn't care about the 100 million yuan prize money. Don't you want to meet all the experts? This kind of opportunity for experts to exchange blows is very rare. If you win, you can also obtain the title of King of Gambling. There are only benefits for you and no disadvantages."

Ye Feng scoffed even more, "I don't plan to work in the gambling world of Binhai City. What's the use of this title?"

Hua Zhiyong saw that flattery was useless, so he immediately changed his strategy. "Ye Feng, I think you're just afraid."

"People say that you defeated Niu Sidun and that you're so awesome. But in my opinion, you're a coward."

"Are you still a man?"

Ye Feng was not angry. He had a playful expression on his face. "Provoking me is useless. I am just curious. Do you really want me to participate in this competition?"

“Do you dare?”

“It’s fine if you want me to participate, but the 100 million yuan prize money isn’t very attractive to me. Do you dare to increase the price?”

“How do you want to add it?”

“Impossible. This cruise ship is worth more than 1 billion yuan. I can’t make the decision.”

“Then find someone who can make the decision to talk to me. I’m hanging up.”

“Wait a minute... Are you sure you will participate in the competition as long as you use the cruise ship as a reward?”

“Of course.”

“There’s something I have to tell you in advance. The entrance fee for this competition is at least 20 million. If you can get first place, the money will be returned. If they couldn’t get it, the money would automatically belong to the organizer, which was the casino.”

“No problem.”

“Alright, then it’s settled. I’ll be waiting for you on the cruise at 10 o’clock tomorrow morning.”

“See you tomorrow!”

Ye Feng hung up the phone. The corners of his lips curled up.

This Hua Zhiyong had agreed to his conditions so readily. It seemed that he was very confident in this competition.

Then he would give him a quick death and let him lose everything in one go.

Just as he was thinking, he suddenly saw Shen Baitian pulling her suitcase out of the room.

“Where are you going?”

He hurriedly got up and walked over.

“I’m going back to Zhonghai.”

Shen Baitian pouted.

“Are you still angry? I didn’t do that on purpose.”

Ye Feng apologized to her awkwardly.

“You... You’re not allowed to mention this matter again, or I’ll...”

Shen Baitian was like a little tiger as she threatened him.

Ye Feng hurriedly nodded. “I will never mention it again.”

Shen Baitian snorted. “Then I’ll forgive you this time. Don’t treat me like this again.”

Ye Feng hurriedly made an oath to the sky. “I promise, there will not be a next time, otherwise, I will be struck by lightning.”

Coincidentally, the sky outside was originally clear for thousands of miles, but suddenly there was a thunderclap.

Kacha! A loud sound was heard, and Ye Feng almost peed his pants.

The heavens were not giving him any face, right?

Shen Baitian couldn't help but laugh. "See? What you've done has already angered the heavens and the people."

Ye Feng pursed his lips awkwardly. "It's good that you go back to Zhonghai first. If you stay any longer, you might be in danger."

Shen Baitian suddenly became nervous. "Are you in danger? Why don't you come back to Zhonghai with me?"

Ye Feng smiled. "As long as you don't hold me back, I will not be in any danger."

"You... I won't talk to you anymore, stinky fellow, hmph!"

After Shen Baitian finished speaking, she left without looking back.

Ye Feng sent her out of the villa. Watching her car leave, he was about to return to the villa.

At this moment, he suddenly noticed a few people around the villa looking over in his direction sneakily.

He did not need to think to know that Hua Zhiyong must have sent someone to monitor him.

Was he afraid that he would run away?

Ye Feng was amused.

He immediately shouted at the few of them, "It's been hard on you outside. Do you want to come in and have a cup of tea?"

The few people were so frightened that they scattered in all directions.

Ye Feng's lips curled up as he returned to the villa.

At the same time, he called Zhuang Xiaojiao and told her about the competition.

As expected, Zhuang Xiaojiao agreed excitedly and promised to pick him up the next morning.

At the same time.

Hua Zhiyong was being questioned by the major shareholders of the casino.

“Hua Zhiyong, what are you doing? Not only did you cause us to suffer such a huge loss, but you also want to start a bullsh*t tournament? What do you want?”

“A 100 million bonus? You really dare to open it. Have you discussed it with us? Do you think that you have the final say in this casino?”

“Looks like we gave you too much power, making you a little arrogant and unable to find your place.”

“Don’t forget that you’re just a dog we raised. Now, you want to ride on our heads and do whatever you want? It’s simply wishful thinking.”

Hua Zhiyong’s forehead was drenched in sweat as he faced the repeated bombardment of the few of them.

“Bosses, calm down and listen to my plan first...”

Chapter 478 - 478 Hua Zhiyong's Wish

478 Hua Zhiyong’s Wish

In the meeting room of the Ark Casino, the major shareholders stared at Hua Zhiyong condescendingly.

“Say it. If you can’t give us a satisfactory explanation today, then your position as manager will end.”

The biggest shareholder of the casino raised his hand to ask him to explain.

Hua Zhiyong wiped the sweat off his forehead.

“This time, it happened too suddenly. We did not expect that Ye Feng would suddenly appear. This kid’s skills are too amazing. We’ve already sent out Elder Qi, but we still couldn’t stop him. That’s why the casino suffered such a huge loss...”

When the shareholders heard this, they could not help but interrupt.

“These are all excuses. We don’t want to hear these. We just want to know your solution.”

“As the manager of the casino, you should have thought of this situation in advance. You didn’t make the right response, so you can’t escape the blame.”

“That Qi Shuangxi should have been replaced a long time ago. His technology is decades old and can’t keep up with the times. We still spend so much money to support him every year. Does he really think we’re fools?”

“Manager Hua, go and arrange it immediately. We don’t want to see him in the casino again.”

Hua Zhiyong quickly nodded. “I will fire him as soon as possible, but what we need to do now is to recover the casino’s losses.”

“What method do you have? Hurry up and say it.”

The big boss was running out of patience.

Seeing this, Hua Zhiyong hurriedly revealed his plan.

“For this competition, the entrance fee is at least 20 million yuan. As long as everyone enters, they will definitely bring us more than 20 million yuan in income...”

At this time, a shareholder mocked, “Such an obvious trap, why would Ye Feng jump into it?”

Hua Zhiyong was waiting for him to say this. “I just called Ye Feng, he has agreed to participate in this competition.”

The shareholders looked at each other.

However, someone immediately grasped the main point and asked, "Ye Feng is a little fox. He must have made other requests, right?"

Hua Zhiyong immediately nodded. "That's right. He thinks that our 100 million yuan bonus is too little and wants us to use this cruise ship as a reward."

When the shareholders heard this, they immediately exploded.

"What is it? Use the cruise ship as a reward? This is impossible."

"I think your brain must be flooded. How could you agree to such an outrageous request?"

"Hua Zhiyong, I suspect that you are colluding with Ye Feng to seize our Ark Casino."

The reactions of the major shareholders were all within Hua Zhiyong's expectations.

After all, this cruise ship was the lifeline of the casino. Once it was lost, the casino would no longer exist.

He immediately smiled at them with confidence.

“Bosses, please calm down. I can guarantee you that he won’t win.”

The few major shareholders gradually calmed down and looked at him doubtfully.

“What guarantee do you have?”

Hua Zhiyong immediately handed the information he had prepared in advance to the shareholders.

“These people are all invited to participate in this competition. They are all experts in the gambling world. This Fang Xingjia, in particular, was the master of the Grand Casino of Orlando, and his strength was enough to rank within the top ten in the world.”

As he spoke, his gaze slowly swept across everyone present.

“With Mr. Fang in charge, our title of King of Gambling is almost guaranteed. And the gambling capital of the contestants will most likely become ours...”

When the major shareholders heard his words, they fell into deep thought.

Indeed, it was just as Hua Zhiyong had said.

Ye Feng might be famous in the business world, and there were rumors that he was also skilled in antiques and martial arts.

However, they had never heard of his gambling skills.

According to normal logic, after all, a person's energy was limited. It was already very rare to be able to do the best in a professional field.

Even if Ye Feng was a genius, he could only dabble in two or three domains at most.

At his age, how could he be at the top of every field?

Thinking about it this way, Hua Zhiyong's plan was likely to succeed.

No, to be precise, it was 100% successful.

Fang Xingjia, who was in charge of the Aomen Casino, was enough to kill him in an instant.

Hua Zhiyong saw that the major shareholders were still hesitating, so he spoke again.

“Bosses, when I said that he would lose 20 million, that was just the most conservative number. Once a person is on the gambling table, who can control themselves? There are plenty of people who have lost everything.”

As he spoke, he revealed a sinister smile. “I heard that this Ye Feng’s assets are at least tens of billions, right? Even if he lost half of his assets, the bosses would still be able to eat their fill. What do you think?”

His words undoubtedly hit the soft spot of the shareholders.

Double the profit was enough to make people take risks.

Triple the profit was enough to drive people crazy.

And now, what was in front of them was five or even ten times the profit.

If they could really force Ye Feng to go crazy and bet all of his assets, that would be a return of tens of billions.

What was a mere cruise ship?

At the thought of this, their faces revealed an impatient expression.

“We can let you use the cruise ship as bait, but you have to promise us that we will earn money in the end. At the very least, we cannot lose money. If we lose money, you have to compensate us for our losses.”

The big boss made the final decision.

When Hua Zhiyong heard this, he almost cursed.

This bunch of misers was really too shrewd.

They only wanted to make a lot of money, but they didn't want to take any risks.

He almost flipped the table.

However, on second thought, he had a super expert like Fang Xingjia with him, so he could be sure that nothing would go wrong.

Ye Feng would definitely lose this time!

Then what was there to be afraid of?

He immediately looked up at the major shareholders.

“Alright, it’s a deal!”

Chapter 479 - 479 Isn't This Way of Appearing Too Awesome?

479 Isn't This Way of Appearing Too Awesome?

The next morning, Ye Feng was woken up by Zhuang Xiaojiao’s phone call.

“Hurry up and get up. The game is about to start.”

Zhuang Xiaojiao’s mischievous voice came from the phone.

Ye Feng looked at the time, it was only 7 o’clock. “The competition starts at ten. Sleep a little more.”

“You lazy worm, I’m already outside your villa. Hurry up and come out.”

When Zhuang Xiaojiao heard that he still wanted to sleep, she immediately disagreed.

Ye Feng walked to the window with sleepy eyes. He opened the curtains and looked outside.

He saw Zhuang Xiaojiao leaning against a red Lamborghini and waving at him.

She was wearing a white shirt today. The hem of the shirt was tied around her waist, revealing her slender and fair waist.

She was wearing a pair of denim shorts, a pair of white mesh shoes, and a pair of sunglasses.

The aura of youth assaulted his senses.

Ye Feng immediately sobered up. "I'll come out immediately."

After hanging up, he immediately changed into a pair of beach shorts, a black singlet, and a pair of flip-flops.

Then, he walked out of the villa.

Zhuang Xiaojiao had a lollipop in her mouth as she sized him up. "No way? You... You aren't planning to wear this to participate in the competition, are you?"

Ye Feng opened his hand and showed it to her. "Is there a problem?"

Zhuang Xiaojiao pursed her lips. "This is a big competition after all. Can't you dress more formally?"

Ye Feng placed his hand on her shoulder and smiled nonchalantly. "The competition is about strength, not dressing up. Of course, the most important thing is to dress comfortably."

Zhuang Xiaojiao pushed his hand away and shook her head. "I can't win against you. You can do whatever you want. Look, what do you think of my new car? I just bought it yesterday. It's worth more than 5 million yuan."

Ye Feng immediately rolled his eyes. "What a prodigal old woman. You spend money like that."

Zhuang Xiaojiao snorted. "What an antique. Why keep the money if you don't spend it? Burial? Why are you so old-fashioned at such a young age?"

Ye Feng almost choked on his breath.

He realized that he couldn't talk too much to this woman. Otherwise, he might have a cerebral hemorrhage.

Ye Feng asked for the keys and sat in the driver's seat.

Zhuang Xiaojiao grumbled unhappily, but she still sat in the front passenger seat obediently.

"Old antique, can you do it? Do you know how to drive a sports car?"

"Sit tight."

Ye Feng's lips curled up, and he stepped on the accelerator.

Sou...

The sports car shot out like an arrow.

"Ah... Are you crazy? Drive slower..."

Zhuang Xiaojiao was so frightened that her face turned pale.

Ye Feng did not slow down. He turned around and asked, "Don't you want to get rid of those followers behind you?"

When he went out just now, he discovered two groups of people hiding in the dark.

One group was definitely sent by Hua Zhiyong to monitor him.

The other group was probably protecting Zhuang Xiaojiao in secret.

He had placed his hand on Zhuang Xiaojiao's shoulder just to test them.

As expected, that group of people all reached for their waists.

Looking at their posture, if he did anything more outrageous, he would probably be killed.

This made him curious about Zhuang Xiaojiao's identity.

This girl's background was probably not small!

When Zhuang Xiaojiao heard his explanation, her pretty face immediately revealed a sly expression.

“Can you shake them off? Their driving skills are very good. I’ve tried to shake them off many times, but I couldn’t shake them off. They’re like dog skin plaster.”

Ye Feng’s lips curled up slightly. His hands and feet coordinated with each other and made a series of dazzling movements.

The sports car was like a fish, diving into the rolling traffic.

“Ah...” Zhuang Xiaojiao screamed.

She felt her adrenaline surge and her heart was about to jump out of her chest.

There were a few times when the car almost brushed past the car next to it.

If they were careless, the car might crash at such a fast speed.

Looking at Ye Feng again, his expression did not change at all. He was still as calm as ever.

Zhuang Xiaojiao was bewildered. Did this guy have a heart? Did he not know fear?

When she calmed down a little, she realized that there was a problem with the direction they were heading in.

“This doesn’t seem to be the direction to the Ark Casino. Where are you going?”

Ye Feng blinked at her.

“You’ll know when we get there.”

..

At this moment, the deck of the Ark Casino cruise ship was already bustling with noise.

They were all gambling experts from all over the world.

Everyone was enthusiastic and wanted to take advantage of this opportunity to make a name for themselves and earn a fortune.

Especially when they thought that Ye Feng, this fat sheep, was also participating in the bet, many people could not help but feel restless.

It was almost 10 o'clock.

Ye Feng had not appeared in the casino yet.

Everyone who was chatting with each other was confused.

“Why is this Ye Feng not here yet? Could it be that he is afraid and doesn't dare to come?”

“It shouldn't be that bad, right? Since he agreed to participate in the competition, if he withdraws at the last minute, he will probably become a joke.”

“Explain the situation?”

When Hua Zhiyong heard what everyone said, he became even more frustrated.

He had just received a call from his subordinate who was sent to monitor Ye Feng.

He said that Ye Feng had disappeared with a woman.

This immediately made him anxious.

If Ye Feng really stood him up, then this plan would be in vain.

Just as he was panicking like an ant on a hot pan, he suddenly heard someone exclaim.

“What’s that?”

Everyone looked in the direction of the person’s finger.

In the distance, where the sea and sky met, a white dot was rapidly approaching.

Hua Zhiyong hurriedly took the binoculars from his subordinate.

When he saw the white dot clearly, he was dumbstruck.

It was a jet ski.

At this moment, there were two people sitting on the jet ski.

Ye Feng was riding in the front while Zhuang Xiaojiao was sitting behind him, hugging his waist tightly.

The two of them traveled through the sea without any restraint. The waves behind them were monstrous, and they looked extremely carefree.

Hua Zhiyong couldn't help but curse.

Wasn't this way of appearing too flirtatious?

Did this kid really think of himself as the male lead?

Chapter 480 - 480 You're Bigger Than Me? Who Is It?

480 You're Bigger Than Me? Who Is It?

Everyone on the cruise ship was also shocked speechless by Ye Feng's unique appearance.

How was he here to participate in the competition? Was he here to shoot a movie?

The Gambling Saint: Stormy Coast?

Ye Feng rode the jet ski to the shore and brought Zhuang Xiaojiao to the deck.

“Yo, so many people? Are they all here for me?”

He did not hold back at all and directly exposed the purpose of this group of people.

Everyone did not expect him to be so direct, and their faces were a little awkward.

Hua Zhiyong hurriedly came forward. “Mr. Ye, you must be joking. Our competition this time is absolutely fair and just. There’s no targeting.”

Ye Feng immediately turned to look at Zhuang Xiaojiao. “Whether you believe it or not, I believe it.”

Zhuang Xiaojiao nodded cooperatively. “I believe you too.”

Hua Zhiyong hurriedly coughed dryly. “Mr. Ye is really humorous. Please take a seat.”

Ye Feng looked around. “Can the competition start?”

“There’s still one more contestant who hasn’t arrived yet,” Hua Zhiyong hurriedly explained.

Ye Feng was a little surprised. "They're even more arrogant than me? Who is it?"

Hua Zhiyong was about to answer when he suddenly saw a group of people walking over from the shore. "They're here."

With that, he hurriedly walked down the escalator to welcome them.

Ye Feng turned around.

There were a total of six people in the group.

The one walking in front was an old man in his sixties.

Dressed in a black Tang suit, he looked energetic.

A subordinate beside him held an umbrella for him.

Behind him were two women in light clothes. One of them was holding a tobacco pipe, and the other was holding a teapot.

Behind them were two bodyguards in black suits and sunglasses.

Zhuang Xiaojiao immediately leaned into his ear. "This person's way of making an entrance is even more exaggerated than yours!"

Ye Feng could not help but glare at her. "Do you know how to speak? This is called being exaggerated, but I'm being unrestrained, alright?"

Zhuang Xiaojiao nodded. "Got it, handsome brother."

Ye Feng did not want to talk to her anymore.

Talking to this girl would cause high blood pressure. He still wanted to live a few more years.

Just as the two of them were bickering, Hua Zhiyong had already helped the old man onto the deck.

"Let me introduce you all. This is Fang Xingjia from the Grand Casino of Aomen, Elder Fang."

As soon as he said this, thunderous applause immediately sounded on the deck.

Everyone was so excited that they couldn't control themselves.

Ye Feng even noticed that a few of them had tears flowing out of their eyes.

He couldn't help but twitch his lips and whisper, "Aren't you acting too much? Is it that exaggerated?"

Although his voice wasn't loud, the applause had just stopped, which made his voice seem a little abrupt.

Everyone glared at him.

"What an ignorant junior. You haven't even heard of Elder Fang's name? You dare to participate in the Gambling King Tournament?"

"Elder Fang's status in the world of gambling is so revered. How can you slander him?"

"When Elder Fang stepped into the gambling arena, your father was playing with urine. What right do you have to speak in such a tone in front of Elder Fang?"

"Hurry up and kowtow to Elder Fang and apologize! Otherwise, you won't be able to do anything in the gambling world."

Ye Feng did not expect that his casual comment would stir up a hornet's nest. He felt that it was funny.

"I don't know any old man or old woman. If you want my respect, you have to defeat me with your strength first."

Fang Xingjia walked up to Ye Feng and slowly raised his right hand.

A graceful woman behind him immediately handed him a purple clay teapot.

"Slurp..."

Fang Xingjia took a sip from the teapot before looking up at Ye Feng. "You're that Ye Feng who doesn't know the immensity of heaven and earth and treats all the heroes in the world as nothing?"

Ye Feng nodded. "It's me. What's wrong?"

Fang Xingjia's lips curled into a cold smile. "Young man, as someone who has been through this before, I'll give you a piece of advice. The heavens will take care of the crazed, and only by keeping a low profile can you live a long life."

Ye Feng immediately nodded humbly. "Yes, yes. Then for someone of your age, it shouldn't make any difference whether you keep a low profile or not, right?"

In other words, you old thing can't live for more than a few days anyway. Say whatever you want.

"You..."

Fang Xingjia almost went berserk.

He had a high reputation in the gambling world. No matter where he went, he was treated with respect. Who dared to speak to him in such a tone?

Hua Zhiyong, who was standing at the side, hurriedly stepped forward to smooth things over. "Elder Fang, calm down. Our competition is about to begin. If there's any grudge, let's settle it on the gambling table."

Fang Xingjia stared at Ye Feng and snorted coldly. "I hope your strength is worthy of your tone. I will wait for you in the finals, provided that you can enter the finals."

With that, he turned around and walked away.

The others also glared at Ye Feng.

It was like a brainless fan protecting their idol.

Ye Feng pursed his lips. He could not be bothered with them.

At this moment, Hua Zhiyong raised his voice and said loudly, "Now that everyone is here, the Gambling King Tournament is about to begin. Let me first explain the rules of the competition."

As he said that, he even glanced at Ye Feng. He was obviously saying it for him to hear.

"There are a total of sixty-four experts participating in this competition. We will draw lots and fight in pairs. The winner will enter the next round of the competition until the final round..."

"The prize for the competition is 100 million yuan in cash and this cruise ship under our feet. The competition required that each participant must pay no less than 20 million yuan as an entrance fee..."

"If everyone has no objections, we will sign the competition agreement first."

Everyone was already clear about the rules, so no one expressed any objections. They all went forward to sign the contract.

After Ye Feng signed, Hua Zhiyong could not help but smile.

“Mr. Ye, I hope you can have the last laugh.”

Ye Feng also smiled and replied: “Tell them to be careful when moving things, don’t damage my cruise ship.”

Hua Zhiyong’s face darkened. “Let’s wait until you enter the finals.”

Anyway, the other party had already signed the contract. Even if he regretted it now, it was too late.

There was no need for him to be polite to him.

Ye Feng saw that he was ruthless. He only smiled lightly and turned around to participate in the drawing of lots.
