

100 Million 491

Chapter 491 - 491 Sister-in-Law, Are You Sick?

491 Sister-in-Law, Are You Sick?

Tang Fushan saw this and immediately glared at Hua Zhiyong. "What do you want? Do you want to hit me?"

Hua Zhiyong's eyes were bloodshot. "Don't force me. I'm already at my wits' end. I can do anything."

Tang Fushan's face darkened. "Since you're so aggressive, I don't have any face to talk to you about. If you're heartless, don't blame me for being unjust."

As soon as he finished speaking, a group of bodyguards behind him rushed up.

A chaotic battle was about to erupt.

The two sides immediately began to fight.

These people were all outlaws, and their methods were also very cruel.

Soon, a life was lost.

The Office of General Affairs immediately moved out and took away all the people from both sides.

This incident caused quite a stir in the business world of Binhai.

Hu Renyu, as the general manager of the Hurun Rich List in South Guangdong Province, had been on vacation in Binhai.

Today, he attended a private gathering.

During the meal, he suddenly heard someone talking about what happened during the day.

“This Tang Fushan can be considered a person with a reputation. I didn’t expect him to fight with someone.”

“I heard that the other party is the manager of the Ark Casino. This time, because of Tang Fushan’s bad idea, they lost more than 1 billion yuan.”

“This Tang Fushan is really something. Why did he get involved in the casino’s business?”

“I heard that he wanted to trick Ye Feng, but he shot himself in the foot.”

“This matter tells us that we must be wary of others, but we must not have the heart to harm others...”

Hu Renyu was confused and immediately asked, “What are you guys talking about? What casino? What do you mean by shooting himself in the foot?”

The few of them immediately recounted what had happened during the day to him.

Hu Renyu was shocked when he heard that. “A bet of 1 billion? Isn’t this too exaggerated?”

The others nodded.

“Yeah, this Gambling King Tournament is really big.”

“I heard that just for the last round, Ye Feng versus Fang Xingjia, both of them bet more than 500 million each, adding on the 100 million prize money and that cruise ship, it was a huge gamble!”

“Fang Xingjia is quite famous in the gambling world. To think that he actually lost to Ye Feng.”

“In the beginning, no one expected Ye Feng’s gambling skills to be so powerful.”

“Ark Casino really failed to steal a chicken and suffered a loss this time!”

Hu Renyu was even more curious when he heard their conversation. “This Ye Feng you’re talking about, is he the one from Zhonghai?”

Those people nodded again.

“That’s right, it’s that Ye Feng from Zhonghai. I heard that he was quite powerful in the business world, but I didn’t expect him to be so good at gambling.”

Hu Renyu was shocked speechless.

As the person in charge of the Hurun Rich List, Kong Xianghui had reported Ye Feng’s situation to him before.

He didn’t pay much attention to it at that time.

He felt that the other party was just a lucky young man.

If he wanted to become an overlord, he still needed a long time to polish himself.

It was only then that he heard everyone chatting that he was so interested in this young man.

A person who could do well in the business world actually won the championship in a gambling competition and won more than 1 billion yuan?

This was really interesting.

If there was a chance, he would definitely get to know this young genius.

..

Ye Feng had just returned to the villa. He took a cold shower and was about to rest for a while when he received a call from Kong Xianghui.

“Brother Ye, I heard from President Chen that you’re on vacation in Binhai these two days?”

“Yeah, why?”

“My old leader, who is also the head of the Hurun Rich List in Guangdong Province, is also on vacation in Binhai these few days. Why don’t I help you guys get to know each other?”

“Is that necessary?”

“Having more friends means more opportunities. Your businesses are getting bigger and bigger, and sooner or later, you will need him.”

When Ye Feng heard Kong Xianghui’s words, he was somewhat touched.

He was paving the way for him.

At the thought of this, he immediately nodded in agreement. “Alright then.”

“Then it’s settled. I’ll rush to Binhai City tomorrow morning.”

“Alright.”

Ye Feng hung up the phone. He felt a little relieved.

He was lucky to have a friend like Kong Xianghui who always thought for him.

..

The next morning, Kong Xianghui rushed to the holiday villa.

A middle-aged woman came with him.

The woman had a pretty face and a natural demeanor.

But Ye Feng could tell at a glance that the other party was a little sick.

Although she had makeup on her face to hide her sickness, it still could not escape his eyes.

“And this is?”

He immediately looked at Kong Xianghui questioningly.

“This is my wife, Yang Manhua. She usually stays at home and rarely goes out,” Kong Xianghui hurriedly introduced him.

Yang Manhua reached out her hand. "You must be Ye Feng, right? I've often heard your Brother Kong mention you, saying that you're the most outstanding young man he's ever met."

Ye Feng shook her hand, "Sister-in-law, don't listen to Brother Kong's nonsense. He says that to everyone he meets."

Kong Xianghui immediately cried out, "Nonsense. I have very high standards for people. So far, you and I have seen the best."

Ye Feng waved his hand in disdain. "Don't make it sound so mushy, I can't take it anymore, come in quickly."

After saying that, he hurriedly invited the two of them into the room and made tea for them.

Only then did they sit down.

"May I ask if you're sick?"

Hearing Ye Feng's question, Kong Xianghui and his wife's expressions changed.

“How did you know?”

Chapter 492 - 492 Brother Ye, I Kneel for You

492 Brother Ye, I Kneel for You

“I see that Sister-in-law’s eyes are a little unfocused. When she walks, she looks a little weak...”

Ye Feng briefly explained his observations.

Kong Xianghui was dumbfounded. “You actually know medicine? Why didn’t I know?”

Ye Feng scratched his head. “Recently, I have read a few medical books and have done some research.”

Kong Xianghui was still holding on to some hope, but he was instantly disappointed after hearing what he said.

“Sigh, your sister-in-law hasn’t been in good health since she gave birth. She had gone to all the hospitals she could go to. She had taken a lot of Chinese and Western medicine, but she still did not get better.”

Kong Xianghui grabbed his wife’s hand, his face full of love.

Yang Manhua, on the other hand, was very open-minded. "It's fine. Aren't I doing fine? My body doesn't hurt or itch. I'm not sick at all. You're just scaring yourself."

Ye Feng stared at her expression for a long time. "Can I take Sister-in-law's pulse?"

Yang Manhua did not object and immediately extended her wrist.

Ye Feng placed his finger on her pulse and tapped it a few times before looking at her tongue.

"If I'm not wrong, Sister-in-law, every month when you have your period, it should be very painful. After your period, you will have a headache, dizziness, and nausea. It will last for about three to four days, and it will usually attack at 8 or 9 o'clock in the evening, right?"

Yang Manhua was a little shy when she first heard him talk about the private topic of her period.

But when she heard the last part, she immediately became shocked. "How did you know?"

Kong Xianghui was dumbfounded. "Is what he said true? Then why didn't you tell me?"

These things, even he, as her husband, did not know about it, but Ye Feng actually saw through it?

In that case, this kid really had some skills.

Yang Manhua looked at him apologetically. "Didn't I say that I was afraid that you would worry? I thought it was just a small matter, so I didn't tell you."

Ye Feng shook his head. "This is not a small matter. If we cannot resolve it as soon as possible, the consequences will be very serious."

"How serious is it?" Kong Xianghui hurriedly asked.

"Maybe... she won't be able to last five years," Ye Feng said his conclusion.

Kong Xianghui immediately stood up in shock, and his entire body began to tremble.

Yang Manhua's eyes widened as well. "Is it that serious?"

Ye Feng nodded with a serious expression. "Sister-in-law, you were injured when you gave birth. As a result, the loss of essence energy was so serious that it could not be replenished. Instead, it is still continuously being lost. When the essence energy was exhausted, it is the time when the oil was exhausted..."

Before he could finish, Kong Xianghui suddenly knelt in front of him. "Brother Ye, do you have any way to save your sister-in-law? As long as you can save her, I'll do anything you want."

Ye Feng was shocked, he immediately helped him up. "Brother Kong, what are you doing? Get up quickly."

Kong Xianghui was already crying. "Brother Ye, I beg you. I can't live without Manhua."

Ye Feng frowned and thought for a moment. "I can only try my best, but I cannot guarantee anything. You guys better not have too high of a hope."

Kong Xianghui and his wife hurriedly nodded.

Ye Feng was now their last hope.

As long as there was a glimmer of hope, they did not want to give up.

Ye Feng immediately returned to the bedroom and took out a bag of silver needles.

He had bought it on his way back yesterday.

He did not expect it to come in handy today.

“Sister-in-law, lie down on the sofa and lift up your clothes.”

Yang Manhua immediately lay down on the sofa and lifted her shirt, revealing her fair belly.

Ye Feng squatted down and pressed his finger on the guanyuan acupoint below her belly button.

Yang Manhua trembled and clenched her fists tightly.

“It hurts a little here, doesn’t it?”

Ye Feng turned around and looked at her.

“Yes.”

Yang Manhua nodded immediately.

Ye Feng already had a rough grasp of the situation. He immediately took out a silver needle and lightly pierced it into her Guanyuan acupoint.

Then, he lifted, pulled, and gently twisted it in.

After that, he used the same method to use needles on the acupoints of yinjiao, shenque, and qichong.

It took less than two minutes, but his forehead was already slightly sweaty.

“Brother Ye, is that all?”

Kong Xianghui was so nervous that his palms were covered in sweat.

Only after Ye Feng finished the needles did he dare to speak.

Ye Feng used a tissue to wipe his sweat. “Sister-in-law’s illness has been accumulating for a long time, of course it cannot be completely resolved in one go. Let’s see the effect of acupuncture first before making a decision.”

Kong Xianghui was at a loss now. He naturally had to follow Ye Feng’s lead.

Just as the two were talking, Yang Manhua suddenly snorted and reached out to scratch her stomach.

“Itchy...”

“Sister-in-law, bear with it for a while more. The qi in these acupuncture points is flowing, which proves that it’s still effective.”

Ye Feng quickly let Kong Xianghui grab her hand, not letting her move.

Twenty minutes passed.

Only then did Ye Feng take back all the silver needles.

“Honey, how do you feel now?” Kong Xianghui asked hurriedly.

Yang Manhua stood up and walked a few steps before looking at him in surprise. “It really seems to be working. I feel so much better than two days ago.”

Actually, even without her saying it, Kong Xianghui could already see that his wife’s gaze was indeed more spirited than before.

Moreover, when she spoke, she was not as weak as before.

“Brother Ye, you’re really too amazing. I’ll kneel for you..”

As he spoke, he wanted to kneel again.

Ye Feng immediately supported him. “Brother Kong, what are you doing? Why are you treating me like an outsider?”

Kong Xianghui looked at him with bloodshot eyes. “In the past few years, your sister-in-law and I have been to many hospitals, but none of those doctors combined are as effective as you. As long as I can cure your sister-in-law, I’ll do anything for you.”

Ye Feng was unhappy. “I treated you as a brother, that’s why I helped Sister-in-law. If it was someone else, even if they gave me more money, I wouldn’t be a busybody. If you say that again, I won’t be happy.”

Kong Xianghui looked at him excitedly. “Alright, I can’t thank you enough. You and I are brothers, so let’s not talk about formalities.”

He couldn’t help but secretly rejoice.

He had befriended Ye Feng before because he felt that Ye Feng had extraordinary talent in business, and they might be able to help each other in business.

He had never expected that his unintentional move would actually bring such a huge return.

This should be called doing good deeds, not asking about the future, right?

Chapter 493 - 493 Tell Me Honestly, Are You a Human Or a Ghost?

493 Tell Me Honestly, Are You a Human Or a Ghost?

“Brother Kong, go and get the medicine according to this prescription. Let Sister-in-law take it half an hour before meals every day. After a month, change the treatment plan according to the effect of the treatment...”

Ye Feng wrote a prescription and passed it to Kong Xianghui.

Kong Xianghui folded the recipe like it was a treasure and put it in his pocket.

“Hahaha, I came to Binhai City this time to introduce some connections to you. I didn’t expect to have an unexpected gain.”

There was hope for his wife’s condition, which made Kong Linghui’s mood great.

Ye Feng heard this and revealed a faint smile.

“I have a principle. When dealing with enemies, we must kill them all. However, I will also be honest with my friends.”

Kong Xianghui could not help but give him a thumbs up. “I’m very glad to be your friend and not your enemy. Otherwise, I wouldn’t even have a place to cry now. Hahaha.”

Just as the two of them were chatting and laughing, the doorbell suddenly rang.

“It should be the friend I introduced to you. I’ll go pick him up,” Kong Xianghui said and immediately walked out.

A moment later, he returned with a middle-aged man.

Ye Feng hurriedly went forward to welcome him.

“Old leader, let me introduce you. This is....”

Kong Xianghui brought the man to Ye Feng and was about to introduce him to the two of them.

But the man suddenly pushed him away. He grabbed Ye Feng’s hand with both hands. “Hello Mr. Ye, my name is Hu Renyu, nice to meet you.”

One should not hit a smiling person. Since the other party was so enthusiastic, Ye Feng naturally would not reject him.

“Hello Mr. Hu, I am Ye Feng.”

“Of course I know. I’ve been hearing Mr. Ye’s name so much recently that my ears are about to get calluses.”

“That would be my honor.”

The two of them soon started chatting enthusiastically.

Kong Xianghui shook his head helplessly. “I was going to introduce you two to each other, but it seems like I’ve been unnecessary.”

Hu Renyu glanced at him. “Of course. People who want to get to know Mr. Ye can’t even get in line. Do you need to introduce them?”

Of course, he was joking. From this, it could be seen that he had a close relationship with Kong Xianghui.

Hu Renyu chatted with Ye Feng for a while before turning to look at Yang Manhua.

“Sister-in-law, you look very good today. You look much better than the last time I saw you.”

His words came from the bottom of his heart, and he was not speaking out of courtesy.

Yang Manhua nodded immediately. “I have Xiao Feng to thank for this. He was the one who helped me recuperate.”

Hu Renyu thought that he had heard wrongly. He looked at Ye Feng in disbelief. “Mr. Ye is also proficient in medicine?”

Ye Feng humbly waved his hand. “I only know a little, I am not proficient in it.”

Hu Renyu heaved a sigh of relief. “You gave me a fright. If Mr. Ye is even proficient in medicine, I would really doubt whether you are human or not.”

A 20-year-old young man had not only achieved great success in business.

He had even defeated Fang Xingjia in the Gambling King Tournament and won 1 billion yuan.

This was already very inconceivable.

If even his medical skills were very powerful, that would be too exaggerated.

At this moment, the doorbell rang again.

Ye Feng and Kong Xianghui felt strange. They did not invite anyone else.

Hu Renyu suddenly said, "I happen to have a friend who lives nearby. He heard that I was coming to see you and wanted to get to know you. You don't mind, do you?"

What else could Ye Feng say? He waved his hand. "Of course not. Please invite your friend in."

Hu Renyu didn't say anything else and immediately went out to welcome them.

Soon, he returned with a man.

When Ye Feng saw that man, he did not know whether to laugh or cry.

"Brother Luo? What are you doing?"

That person was none other than Luo Jingyuan.

Hu Renyu, who was about to introduce the two of them, was stunned. "You know each other?"

Luo Jingyuan immediately laughed heartily. "Brother Ye and I are already brothers. Do I still need you to introduce us? Why are you pretending?"

Hu Renyu pointed at him with a face full of shame and anger. "Then, when I told you last night that I was coming to see Mr. Ye today, you still pretended to be ignorant and said that you didn't know him and wanted me to introduce him to you?"

Luo Jingyuan walked to Ye Feng's side and placed his hand on his shoulder. "I was just teasing you. Let's see what you can do."

Hu Renyu was completely speechless.

Kong Xianghui, on the other hand, was stunned.

He was naturally aware of Luo Jingyuan's background.

This person was definitely a super big shot in South Guangdong Province. He was definitely not someone that ordinary people could get to know.

And Ye Feng had only been in Binhai City for a few days, yet he was already acquainted with such a big shot?

Moreover, judging from the tone and behavior of the two of them when they were talking, their relationship was not just ordinary.

This made him even more puzzled.

He couldn't hold back his curiosity and immediately asked, "Brother Ye, how did you and Mr. Luo meet?"

Before Ye Feng could speak, Luo Jingyuan answered for him.

"Brother Ye can be said to be my father's savior."

Hu Renyu, Kong Xianghui, and Yang Manhua were all shocked by his words.

To be able to become Old Master Luo's savior, it was no wonder that their relationship was so close.

“Old Luo, tell me clearly. How did Mr. Ye save your father’s life?”

Hu Renyu also had the personality of a person who wanted to get to the bottom of things, so he immediately asked.

Luo Jingyuan recalled the scene at that time and still had lingering fear on his face.

“At that time, my father had a heart attack and was unconscious. The private doctor had already declared him dead...”

He immediately recounted what had happened that day in a concise manner.

When he heard from him that Ye Feng could actually ‘revive’ a dead person...

The three of them were dumbfounded.

Relatively speaking, Kong Xianghui and his wife were better off.

After all, they had already witnessed Ye Feng’s amazing medical skills.

They were more or less mentally prepared.

But Hu Renyu looked at Ye Feng blankly as if he had seen a ghost.

“Tell me honestly, are you a human or a ghost?”

Chapter 494 - 494 I Want to Lose Too, But My Strength Doesn't Allow Me

494 I Want to Lose Too, But My Strength Doesn't Allow Me

Ye Feng did not know whether to laugh or cry when he heard Hu Renyu's words.

“Then do you think I'm a human or a ghost?”

Hu Renyu sized him up. “He looks like a human, but his methods are more powerful than a ghost.”

He heard Kong Xianghui and his wife mention it earlier, he thought that Ye Feng only had some medical knowledge.

It was not until Luo Jingyuan explained in detail that he realized how terrifying his medical skills were.

It could actually revive the dead?

Of course, Ye Feng had already explained that it was not resurrection.

It was only because Old Master Luo's vitality was still there that he was not completely dead.

However, in the eyes of others, it was a resurrection.

Wasn't this too illogical?

A 20-year-old young man with impressive business achievements.

His achievements in gambling were also astonishing.

Now, even his medical skills were so terrifying?

That was why he asked if the other party was a human or a ghost.

If it was a human, wouldn't this talent be too abnormal?

If it was a ghost, then it made sense.

Kong Xianghui noticed Hu Renyu's expression and said proudly, "You really don't know much. As long as you interact with Brother Ye for a period of time, you will know that anything that happens to him is not surprising."

Hu Renyu turned to look at him. "Is it that exaggerated?"

Kong Xianghui looked proud. "I'm afraid you don't know this. Brother Ye once spent 2,000 yuan on a box of tea leaves in a teahouse and got a stamp from it. In the end, he exchanged it for an antique brand worth more than 100 million yuan."

"Hiss..."

Hu Renyu and Luo Jingyuan gasped at the same time.

This was the first time they had heard of this.

A stamp could be exchanged for an antique brand worth more than 100 million yuan?

Luo Jingyuan said after recovering from his shock.

“What is that? Brother Ye spent hundreds of thousands of yuan to buy a house two days ago. In the end, the house was built with yellow rosewood and sold for 350 million.”

It was Hu Renyu and Kong Xianghui’s turn to be shocked.

He bought a house for hundreds of thousands of yuan and sold it for 350 million?

Wasn’t this a little exaggerated?

Since the two of them had finished boasting, Hu Renyu felt that he should not show weakness.

“What you said is weak. I’m afraid you don’t know...”

He wanted to show off Ye Feng’s glorious achievement of winning billions of dollars with two thousand dollars at the casino.

But Ye Feng could not listen to it anymore. “Can you guys stop boasting? I’m almost blown to the sky by you guys.”

The three of them burst into laughter.

“You can’t blame us for this. You’re too heaven-defying.”

“Yeah, just based on what you’ve done, if it were anyone else, they could brag about it for the rest of their lives.”

“Only the few of us have strong mental endurance. If it were anyone else, they would have been defeated by you.”

“I really want to send you to the research institute to dissect you and see how your brain works.”

Even though Yang Manhua did not say anything, her eyes were filled with amazement.

No wonder her husband was always full of praise for this young man.

So he was actually so outstanding.

In front of such a peerless genius, all praise seemed powerless.

“Alright, it’s rare for everyone to gather together. Shall we organize some entertainment activities?”

Kong Xianghui's goal today was to help Ye Feng and Hu Renyu build a bridge. He naturally wanted the two of them to get closer.

Hu Renyu rolled his eyes. "Why don't we play a few rounds of mahjong?"

Kong Xianghui's eyes lit up. "Sure, I haven't played for a while, and my hands are itching. Brother Ye, do you have mahjong here?"

Ye Feng shook his head.

Luo Jingyuan waved his hand. "I'll get someone to send a pair over."

He immediately made a phone call.

Soon, someone delivered mahjong to their door.

Hu Renyu helped them settle down and then retreated to the side. "The four of you can sit at a table. I'll just watch from the side."

Kong Xianghui immediately disagreed. "How can that be? You're one of the main characters today. How can you just watch from the side?"

However, Hu Renyu refused to go to the table. "You guys go ahead and play. If anyone gets tired later, I'll take over."

As he spoke, he couldn't help but laugh in his heart.

With Ye Feng, the new King of Gambling present, who would dare to come to the table? Wouldn't that be suicide?

Kong Xianghui and the others didn't say anything else after hearing what he said.

"Old Kong, did you bring enough money? It would be too embarrassing if you lost and couldn't take out any money later."

Hu Renyu was still making sarcastic remarks.

Kong Xianghui laughed out loud. "It's not like you haven't seen my card skills. Do you think I'll lose? If I don't make you cry for your parents today, I'll call you Kong Xianghui."

As he said that, he did not forget to look at Ye Feng mockingly. "Brother Ye, I will not show you any mercy, I will let you experience what it means to be like the King of Gamblers."

His tone was very arrogant.

But soon, he could no longer smile.

“The ten thousand word plates are all the same. I’m sorry, I won...”

“It’s all a dragon. I won again. Hahaha, pay up...”

“I’ll still win if the flowers bloom on the bar. Pay up, pay up...”

It was as if Ye Feng was cheating. His luck was heaven-defying.

Soon, a thick stack of cash appeared in front of him.

He had won them from the other three.

Although this bit of money was nothing to the three of them, however, after losing so many rounds, no one was in a good mood.

“Brother Ye, isn’t your luck too ridiculously good? From the beginning until now, you have never lost a single round,” Kong Xianghui couldn’t help but complain.

He had originally thought that he would be able to beat Ye Feng in mahjong, which he was best at.

He did not expect to be abused by the other party again.

Luo Jingyuan couldn’t help but say, “I just want to know, is there anything you don’t know? Why can’t I beat you in mahjong?”

Although Yang Manhua did not say anything, she looked at Ye Feng with a hint of resentment in her eyes.

Ye Feng shrugged innocently. “I want to lose too, but my strength does not allow it.”

His words almost angered the three of them.

Was this human language? What did he mean by strength not allowing it?

Hu Renyu laughed gloatingly.

“I’m afraid you don’t know that this Brother Ye of yours is the newly risen King of Gambling, right?”

The three of them turned to look at him.

King of Gambling?

What the h*ll?

Ye Feng immediately rolled his eyes.

Chapter 495 - 495 No Matter How Outstanding You Are, You Won't Have Friends

495 No Matter How Outstanding You Are, You Won't Have Friends

Seeing Luo Jingyuan and Kong Xianghui’s doubtful eyes, Hu Renyu finally found a little confidence.

“Recently, there was a young man who bought 2,000 yuan worth of chips in the casino and won more than 20 million yuan in just over an hour...”

As he spoke, he took a sip of tea.

It was only when the two of them could not help but go berserk that they continued to explain.

“The casino was a little unconvinced. They want to hold a Gambling King Tournament to recover their losses and scam this young man at the same time. Who knew that this young man would kill everyone and easily win the championship? He won 600 million in cash and a priceless cruise ship...”

Luo Jingyuan, Kong Xianghui, and Yang Manhua were all shocked.

“He won more than 1 billion? Isn’t this too exaggerated?”

“And it was 2,000 yuan in the beginning, and he won more than 1 billion in the end? This is the God of Gambling!”

“Don’t tell me you’re talking about...”

The three of them thought of Hu Renyu’s words and looked at Ye Feng.

Could this guy be the new King of Gambling who won 1 billion?

Hu Renyu proudly pointed at Ye Feng, “That’s right, this is the new King of Gambling who won 1 billion yuan – Ye Feng.”

The atmosphere in the living room instantly froze.

After a long time, Kong Xianghui said in disbelief, "Brother Ye, is what he said true? Did you really win more than 1 billion?"

Ye Feng smiled awkwardly. "Luck, it was all luck."

The faces of the three of them could not help but twitch.

If he won 100,000 or even hundreds of thousands, he might have been lucky.

You f*cking won more than 1 billion, and you still dare to say that it was luck?

Do you really think we are fools?

"We're actually playing cards with a King of Gambling? Isn't this a rat being a bridesmaid for a cat?"

Luo Jingyuan immediately pushed the mahjong tiles in front of him and stood up to leave.

Kong Xianghui also had a resentful expression. "Alright, I'll read my name backward in the future. You can all call me Hui Xiangkong in the future."

Yang Manhua also looked at Ye Feng helplessly. "Xiao Feng, no matter how outstanding you are, you won't have any friends."

Ye Feng was depressed.

To be honest, he had been throwing the game non-stop just now, but these three people's standards were too poor. They could not win even if he threw the game.

What else could he do?

Hu Renyu looked at the three of them gloatingly. "You dare to play cards with the King of Gambling? If you don't lose, you'll go bankrupt."

Luo Jingyuan glared at him. "Ye Feng is the King of Gambling, what does it have to do with you? Those who didn't know better would think that you were the nephew of the King of Gambling."

Kong Xianghui was not to be outdone either. "That's right. If we really have to talk about it, aren't we closer to Xiao Feng than you? If we want to be smug, we should be the ones to be smug."

Yang Manhua nodded immediately. "I think so too."

Hu Renyu didn't expect that he would suddenly become the target of public criticism. He immediately looked depressed.

"Why are you all targeting me? I didn't win your money. Am I not innocent?"

The three of them immediately found an outlet to vent.

"Who asked you not to tell us in advance that Xiao Feng is the new King of Gambling? I think you're deliberately tricking us."

"That's right, your conscience is very bad. No wonder you didn't go on stage."

"You have to bear at least half of the money we lost."

"I agree."

"I agree too!"

"Then it's settled."

“Cut the crap, hurry up and pay...”

Hu Renyu faced the three of them. He quickly asked Ye Feng for help.

“Brother Ye, help!”

Ye Feng shrugged helplessly. “I think they are right.”

Who asked them to have the advantage in numbers?

Of course, the minority obeyed the majority.

Hu Renyu immediately let out a long sigh. “It’s not nice to meet people, it’s not nice to meet people!”

However, after this commotion, their relationship had improved a lot.

After lunch, Kong Xianghui and his wife were about to book a hotel.

Ye Feng suddenly stopped them. "I am going back to Zhonghai. The villa is empty. You guys can just stay here."

Kong Xianghui was stunned. "You're going back to Zhonghai? Why don't you play for a few more days?"

Ye Feng wiped his mouth with a tissue. "I came to Binhai City on the spur of the moment. I wanted to come out and relax. However, I didn't expect to be delayed for so long and have so many things happen. It's time to go back."

Kong Xianghui revealed a mocking expression. "I think you miss President Chen, right? When people came to Binhai, you followed her. When she went back, you followed her back."

Luo Jingyuan, who was standing at the side, suddenly became interested. "No way? So Brother Ye is also a sentimental person?"

Ye Feng glared at him. "Do you know how to speak? What do you mean by sentimental?"

Hu Renyu interrupted, "This is not love. This is career-minded. He can't stand it after leaving Zhonghai for a while."

Ye Feng pushed him. "You guys~"

"I really can't take it anymore. Let's go."

As he spoke, he immediately packed his things and walked out.

Luo Jingyuan and the others hurriedly stood up to send him off.

“Brother Ye, we are not outsiders. If you need my help in the future, just call me.”

Luo Jingyuan called his own car and sent Ye Feng back to Zhonghai.

Hu Renyu also said solemnly, “Brother Ye, I really regret not meeting you earlier today. I’ll visit you in Zhonghai one day, so please treat me well.”

Kong Xianghui also looked at him helplessly. “Why did you leave as soon as we arrived? You’re acting like we’ve kicked you out.”

Ye Feng patted their shoulders. “To be able to make friends with Brother Luo and Brother Hu, this trip to Binhai City was not in vain.”

Kong Xianghui hurriedly said, “What about me?”

Ye Feng glanced at Yang Manhua. “You... Take care of yourself.”

Yang Manhua's face reddened at his teasing.

Ye Feng did not say anything else. He waved at them and got into the car.

The four of them watched the car drive away before turning around and returning.

Without Ye Feng, it was as if there was suddenly a missing link.

The four of them had nothing in common to talk about.

Only then did they realize the importance of this young man.

Chapter 496 - 496 Who Isn't a Little Princess?

496 Who Isn't a Little Princess?

"Why didn't you stay in Binhai for a few more days?"

As Chen Xuan drove, she turned around and looked at Ye Feng who was in the passenger seat.

“It’s so boring for me to be alone without you around.”

Ye Feng tilted his head and looked at her.

“Am I that important to you?”

Chen Xuan had a look of disbelief on her face.

“What do you think?”

Ye Feng placed his hand on her thigh.

“Don’t mess around. I’m driving.”

Chen Xuan hurriedly pushed away his mischievous hand. “You must be hungry after sitting in the car for the whole afternoon, right? I’ve already booked a place at the Drunken Immortal Restaurant. I’ll go and have some food first.”

Ye Feng’s gaze was aggressive. “What about after dinner?”

Chen Xuan drove without looking sideways. “Then, go home and rest.”

“Just rest? Are there any other activities?”

Ye Feng stared at her perfect side profile. His words had a double meaning.

“You... can’t you be more serious? Why do you keep thinking about... dirty things?”

Chen Xuan’s pretty face blushed and she couldn’t help but glare at him.

“I mean, we can go watch a movie or go shopping together. How is that dirty? Oh, you’re not thinking about that, are you? What are you thinking about all day? Isn’t that too dirty?”

“You...”

Chen Xuan was instantly embarrassed and annoyed.

This guy’s tone just now was obviously deliberately making her think the wrong way.

But now, he was making a countercharge.

She had to suffer in silence.

Ye Feng did not tease her anymore. He did not trust her driving skills.

The two of them soon arrived at the Drunken Immortal Restaurant.

The Drunken Immortal Restaurant was also a very high-end Chinese restaurant in Zhonghai. It was full almost every day.

Moreover, there was a rule here that no matter who came to eat, they had to line up.

When the two of them arrived, there were already many people queuing at the door with their numbers.

“This shop is very popular. Fortunately, I was smart enough to book a place online in advance.”

Chen Xuan looked at Ye Feng with a proud expression.

“That’s awesome.”

Ye Feng immediately praised her perfunctorily.

However, Chen Xuan was still very happy.

She immediately brought him to find a location.

The location she booked was not too good. It was relatively remote and near the washroom.

However, in Chen Xuan's words, it was already very rare to be able to book a place like the Drunken Immortal Restaurant.

They didn't have to care about these details.

Just as the two of them sat down.

Suddenly, she saw a woman who looked like a manager walking over with a man and a woman.

"Excuse me, can I discuss this with you?" the female manager said politely.

“What’s the matter?”

Chen Xuan also looked at her politely.

The female manager pointed at the couple behind her. “These two have something to do later. Can you let them sit at the same table as you?”

Chen Xuan frowned slightly and wanted to reject her subconsciously.

However, when she saw the female manager’s pleading expression, her heart softened and she nodded.

“Then let them sit here.”

After saying that, she stood up and walked to the other side, sitting beside Ye Feng.

However, at this moment, the girl complained, “I don’t like to sit with strangers. Can you arrange a separate seat for us?”

The female manager looked troubled. “Miss Wu, I’m really sorry. It’s peak hour now, and there’s really no empty table.”

That girl pointed at Ye Feng and the other two. "Let them get up first. They will come over to eat after we finish eating."

The female manager hesitated for a moment. She could only look at Ye Feng and Chen Xuan awkwardly. "Can the two of you make an exception and let these two eat first? Wait for them to finish eating..."

She probably knew that this request was a little too much, so she couldn't continue.

Chen Xuan's pretty face immediately darkened. "Don't you think this request is too much? Allowing them to sit at the same table with us is already the greatest concession I can make. You're pushing your luck."

The female manager was on the verge of tears. She stood rooted to the ground, not knowing what to do.

At this moment, the girl pushed her away and walked directly to Chen Xuan and the other girl.

"Don't worry, I'm not an unreasonable person. I know that this will delay your meal time, so this money will be your compensation."

As she spoke, she took out a stack of cash from her bag and slapped it on the table.

It was estimated to be at least 10,000 yuan.

Chen Xuan felt that her blood pressure was rising. “Miss, please be clear. We’re here to eat, not to beg. I originally agreed to sit at the same table as you, but now, I’m sorry, I’ve changed my mind.”

After saying that, she sat back down in her original seat.

The dispute here had already attracted the attention of the guests at the nearby tables.

Seeing the stack of money on the table, someone from the neighboring table immediately spoke up.

“Miss, if you give us the money, we’re willing to give you the seat.”

“We’re also willing. Anyway, we’re almost done eating. We can also earn some extra money.”

“Come and sit with us. Just give us half.”

“This is malicious competition.”

“We’re willing. What do you have to do with it?”

When the customers at the other tables saw that there were benefits, they all began to fight over them.

The female manager heaved a sigh of relief and hurriedly looked at the girl. "Miss Wu, since the guests at those tables are willing to vacate their seats, why don't you sit over there?"

The girl stared straight at her. "I want this seat. You have to arrange it for me immediately."

The female manager had no choice but to look at Chen Xuan again. "Miss, can the two of you eat at that table?"

Chen Xuan also lost her temper. "I booked this seat. Why should we sit there?"

After saying that, she did not forget to glare at the girl provocatively.

Are you the only one with princess syndrome?

Who wasn't a little princess?

Chapter 497 - 497 How Dare You Bully My Daughter? I Can't Kill Him!

497 How Dare You Bully My Daughter? I Can't Kill Him!

“I order you to give me this position immediately.”

The girl had lost her patience and glared at Chen Xuan coldly.

“Orders? What right do you have to order me around?”

Chen Xuan didn't back down either and went against her.

“Because the owner of the Drunken Immortal Restaurant is my father. Drunken Immortal Restaurant is owned by my family. As the owner of this place, I have the right to order you to give up your seat to me.”

The girl put her hands on her hips and glared at Chen Xuan arrogantly.

“So what if your family owns the Drunken Immortal Restaurant? Since you're doing business, you have to follow some rules. I reserved the seat in advance. In other words, I have the right to use this seat at least during my meal. No matter who comes, it won't work.”

Chen Xuan's eloquence was trained from arguing with many old foxes in the business world. How could a little girl win?

The girl was rendered speechless and immediately started pestering her. "I won't follow the rules. What's wrong? Get up immediately, or I'll call security over and throw you out."

Chen Xuan was also so angry that her face turned pale. "What? Is your Drunken Immortal Restaurant bullying its customers? I've never seen such an unreasonable person like you. Go and call your boss over."

The female manager was completely flustered and didn't know what to do.

At this time, Ye Feng, who had been silent all this while, suddenly stood up and walked toward Chen Xuan.

"Sister Xuan, let's go out for a meal. There's no need to get angry over such a small matter. Since this Drunken Immortal Restaurant doesn't follow the rules, it's also smashing their own signboard. Let's change to another one."

Chen Xuan had always listened to Ye Feng.

Although she was a little angry now, since he had already said so, she couldn't say anything more.

She immediately stood up and left.

“Stop!”

The unruly girl suddenly opened her mouth and pointed at Chen Xuan. “You want to leave just like that?”

Chen Xuan suppressed her anger. “If you don’t let us eat here, we’ll leave, alright?”

The unruly girl continued, “You called me unreasonable just now, but you haven’t apologized to me yet.”

Chen Xuan was so angry that she laughed. “I think I’m just stating the truth. Why should I apologize?”

The girl immediately glared at her. “If you don’t apologize today, don’t even think about walking out of this door.”

Ye Feng did not want to argue with a brainless girl.

But now, he could not hold it in anymore. “I’ve already tolerated you for half a day. If you continue to pester me, don’t blame me for being rude.”

Before the girl could retaliate, the man behind her immediately walked forward.

“What’s wrong? You still want to fight with a woman? Try touching her if you have the guts?”

As he spoke, he turned to the girl and comforted her, “Siya, don’t be afraid. I’ll see if he dares to touch a hair on your head.”

The girl looked at him in admiration. She had thought that he was an embroidered pillow, but she did not expect him to be so manly.

Chen Xuan had already calmed down. She was afraid that Ye Feng would be rash. She quickly pulled his sleeve.

“Xiao Feng, let’s go.”

Ye Feng suppressed the anger in his heart. He was about to turn around and leave.

At this moment, the man grabbed him. “You haven’t apologized yet, and you want to leave?”

Ye Feng could no longer control his anger.

He grabbed his wrist, pulled him back, and kicked his butt.

The man was sent flying and crashed into the dining table beside him.

“Ah...”

The man immediately screamed like a pig being slaughtered and rolled on the ground.

Leftovers were scattered all over his body, and he looked extremely disheveled.

The customers who were eating didn't expect that they would suddenly make a move, so they all stood up and hid far away.

“You still dare to hit me? Where's the security? Hurry up and call security...”

The unruly girl immediately shouted at the top of her lungs.

..

At the same time, some hotel staff rushed into the boss' office.

“Boss, something bad has happened. Miss Wu is fighting with a customer in the lobby.”

The boss, Wu Qihao, stood up from his chair. “What did you say? Who dares to hit my daughter?”

The employee said incoherently, “That’s right... There was a table of guests... Miss Wu asked them to give up their seats, but they were unwilling... Then Miss Wu’s friend...”

The more Wu Qihao listened, the more confused he became. He immediately pushed him away. “Gather all the security guards immediately. I want to see who dares to bully my daughter in my Drunken Immortal Restaurant and if I can’t kill him.”

He jogged all the way to the hall on the first floor.

He could hear his daughter’s shouts from afar.

“Siya, are you alright?”

He hurriedly quickened his pace.

Wu Siya was baring her fangs and brandishing her claws at Ye Feng and the others, but when she saw her father rushing over, she immediately put on a pitiful expression.

“Daddy, you’re finally here. If you had come a little later, you might not have been able to see your daughter...”

Wu Qihao hugged his daughter and comforted her for a while. “Siya, tell Daddy, which b*stard bullied you? I’ll kill him today.”

Wu Siya immediately pointed at Ye Feng. “It’s him, he hit my friend and wants to hit me, Daddy, teach him a lesson for me.”

Wu Qihao’s eyes were filled with killing intent as he looked in the direction his daughter was pointing.

All the customers in the hall knew that this was the boss of Drunken Immortal Restaurant.

They all looked at Ye Feng gloatingly.

“This kid is in big trouble. He actually bullied the boss’ daughter in the Drunken Immortal Restaurant. Isn’t he courting death?”

“Actually, it can’t be called bullying, right? I saw it all, and I can’t blame him for hitting her. It’s this girl who’s too unreasonable. She wants to hit them when she sees them.”

“That’s right. They’ve already agreed to let them share the table, but this girl still wants an inch and won’t let go. She’s asking for a beating.”

“This kind of pampered and arrogant woman should be taught a lesson by society.”

“That’s true, but this is their territory after all. No matter how reasonable you are, it’s useless.”

“That’s true. Now that the boss is here, this kid is probably going to suffer.”

Just when everyone was worried about Ye Feng, Wu Qihao’s gaze suddenly froze.

The killing intent immediately dissipated.

What replaced it was shock.

“Ye... Mr. Ye?”

Chapter 498 - 498 Only the Strong Can Break the Rules. Are You Worthy?

498 Only the Strong Can Break the Rules. Are You Worthy?

Hearing Wu Qihao call him out, Ye Feng looked at him in confusion. “You know me?”

Wu Qihao covered his mouth in disbelief. "It's really Mr. Ye? I've seen you from afar at Wangjiang Pavilion. You actually came to our Drunken Immortal Restaurant for a meal? I... I'm really flattered."

Everyone was dumbfounded when they saw this scene.

This was different from what they had imagined.

Boss Wu's daughter was being bullied.

Shouldn't he be furious and get the security guards to beat this kid up and throw him out?

Why did it become a fan meeting?

Looking at Boss Wu's expression, it was as if he was looking at his idol.

Wu Siya hurriedly tugged at her father's clothes. "Dad, what are you still doing? This brat hit my friend. Please help me vent my anger..."

"Shut up!"

Wu Qihao immediately glared at her. "I'll be killed by you sooner or later!"

Wu Siya was frightened by her father's appearance.

She had grown up, but her father had never said anything harsh to her.

He was actually roaring at her now?

She was shocked silly.

Wu Qihao hurriedly turned to look at Ye Feng. "Mr. Ye, my daughter is not sensible, she actually offended you. I apologize on her behalf."

Ye Feng looked up at him. "It's fine if she bumped into me, but she ruined my girlfriend's mood and made her very unhappy. If she's unhappy, I'll be very angry too. Once I'm angry, the consequences will be very serious."

Wu Qihao's body trembled and he hurriedly pulled his daughter over. "What are you waiting for? Why aren't you apologizing to Mr. Ye and Miss Chen?"

Wu Siya didn't realize the seriousness of the matter and shook his hand away.

"Why should I apologize to them? He hit my friend and you want me to apologize to him? Stinky brat, just you wait. I'll get someone to deal with you..."

As she spoke, she took out her phone to make a call.

Wu Qihao couldn't take it anymore. He snatched her phone and smashed it on the ground.

"I told you to f*cking apologize to Mr. Ye. Are you deaf?"

As she spoke, she wiped her tears and walked out.

Wu Qihao pulled her back. "Come back here. If you don't apologize to Mr. Ye today, don't even think about going anywhere."

Wu Siya cried. "Dad, you said that you would protect me at all times. How could you do this to me?"

Wu Qihao's heart ached when he saw his daughter crying like this.

“Silly daughter, Daddy is protecting you. Who is Mr. Ye? How can you afford to provoke him? As long as Mr. Ye says the word, not only you, but the entire Wu family will no longer have a place in Zhonghai.”

Wu Siya was completely stunned.

She turned to look at the young man who was about the same age as her.

He... was he really that powerful?

With just one word from him, the Wu family would no longer have a place in Zhonghai.

She believed that her father would not lie to her.

But this was also... This was too unbelievable, right?

Including the crowd who were watching the show, they were all looking at Ye Feng in shock.

Drunken Immortal Restaurant was a famous high-end Chinese restaurant in Zhonghai.

The Wu family was also quite powerful in Zhonghai.

But now, they heard Wu Qihao say that this young man could make their Wu family lose their foothold with just a word.

Wasn't this too scary?

"Who is this young man? It sounds very terrifying."

"To be able to scare Boss Wu like this, he must be the crown prince of some big family, right?"

"Is there a big family surnamed Ye in Zhonghai? I've never heard of it."

"Who knows? He's so young. He can't be a rich man who started from scratch, right?"

"This level of circle is not something we can understand. Let's not talk about it."

Wu Siya was just a little unruly and willful, but she was not stupid.

She had already realized the seriousness of the matter.

She hurriedly walked in front of Ye Feng and bowed. "Mr. Ye, I am sorry, I was wrong, please forgive me."

Ye Feng hugged Chen Xuan's shoulder. "You should apologize to her, not me."

Wu Siya had no choice but to bow 90 degrees to Chen Xuan. "Miss Chen, I'm sorry. It was all my fault just now. Please forgive me."

When she said these words, it was needless to say how humiliating it was.

The main reason why she was pestering Chen Xuan was that she was too beautiful, which made her very jealous.

Later on, the more mature and calm she appeared, the more jealous she became.

In the end, she decided to use her power to pressure the other party and make her yield to her.

However, she never expected that she would lose so thoroughly in the last round.

Her boyfriend was not someone she could afford to provoke.

Chen Xuan saw that it was already very rare for her to apologize to her in front of so many people.

The anger in her heart immediately dissipated.

“Alright, I accept your apology.”

Wu Qihao’s heart, which had been hanging in his throat, finally calmed down and he hurriedly went up to greet him.

“Mr. Ye, Miss Chen, I’ll get someone to prepare the best private room for the two of you. All the expenses tonight will be on my tab.”

Ye Feng looked around. “Don’t you need to queue up in your restaurant? Wouldn’t this break the rules of your restaurant?”

“No!” Wu Qihao immediately smiled respectfully. “Rules are rigid. For a distinguished guest like you, any rule is worth breaking.”

Ye Feng heard his words and asked for Chen Xuan’s opinion. Seeing that she had no objections, he immediately agreed to his arrangement.

Wu Qihao was instantly flattered and hurriedly invited the two of them upstairs.

At the same time, he turned around and glared at the female manager. "You're fired. I don't want to see you again."

The female manager panicked. "Boss, what's wrong with me?"

"What's wrong?" Wu Qihao gritted his teeth. "Don't you know the rules of the restaurant? Who told you to cut the queue for Siya? Fortunately, Mr. Ye and Miss Chen didn't blame us. Otherwise, I would have f*cking killed you."

The female manager was still a little unconvinced. "Didn't you just say that rules are dead and that there are exceptions sometimes?"

Wu Qihao glanced at her disdainfully. "Only the strong can break the rules. Are you worthy?"

After saying that, he immediately chased after Ye Feng and the other two.

Many female customers in the restaurant were looking at the direction Ye Feng left.

Such a man was simply too charming.

Unfortunately, he did not belong to them.

Chapter 499 - 499 You're Courting Death!

499 You're Courting Death!

Wu Qihao personally arranged a private room for the two of them. He also busied himself with preparing the dishes.

Only then did he carefully retreat.

Chen Xuan held her chin and looked at Ye Feng in amusement.

“Mr. Ye’s influence in Zhonghai is growing day by day. No matter where you go, there are people waiting on you carefully. It seems that I have to be more careful in the future.”

Ye Feng had a helpless expression. “Sister Xuan, I didn’t offend you, right? There’s no need to insult me like this.”

Chen Xuan looked at him seriously. “I’m telling the truth. Ever since you defeated Niu Sidun, your businesses have rapidly merged and expanded, forming a powerful faction. As the core of this faction, you have become the local emperor of Zhonghai City.”

Ye Feng was stunned. "Is it that exaggerated?"

Chen Xuan looked at him with emotion. "It seems that even you don't know how powerful you are now. I'm afraid that the entire business world of Zhonghai knows your name, Mr. Ye. Going against you in Zhonghai would be suicide."

Ye Feng grabbed her hand and said lecherously. "If I am the local emperor of Zhonghai, then you are the local empress. I will rule the world with you."

Chen Xuan laughed self-deprecatingly. "How would I dare to call myself the empress? In the future, there should be too many women who want to climb onto your dragon bed. It's already very lucky for me to be able to mix in with people like Chang Zai and nobles."

Ye Feng did not know that danger was coming. He laughed delightedly. "Don't worry, no matter what happens, you'll always be the first wife."

Chen Xuan smiled sweetly. "From what you're saying, you really want concubines to serve you?"

As she spoke, her small hand reached toward Ye Feng's armpit.

Ye Feng realized the danger and quickly changed his words. "I was just joking, you are enough for me. But the prerequisite is that you have to satisfy me. It's been so long, but your strength in that area hasn't improved at all. You have to work harder."

Chen Xuan's pretty face immediately turned red. "Do you think everyone is like you? All day long, you have nothing to do but think about those bad things?"

When she thought of Ye Feng's unbelievable tricks and how he forced her to cooperate, she wished she could find a hole to hide in.

Ye Feng saw her shy expression, his heart skipped a beat as he looked around.

"Sister Xuan, why don't I give you an appetizer before we eat?"

As he spoke, he made a gesture of untying his belt.

Chen Xuan was immediately shocked. "Are you crazy? What is this place? If I were to be seen by others, would I still have the face to face others in the future?"

"Don't worry, no one will come in. Let's end this quickly..."

Chen Xuan could not stand his pestering. She bit her lip and was about to compromise.

"I'm going to take a call."

She immediately found an excuse, picked up her phone, and walked out in a panic.

Ye Feng's mood was dampened. He gritted his teeth in anger.

Which b*stard was calling?

You better not let him know. Otherwise, he would be fired immediately. There was no room for negotiation.

After a while, Chen Xuan returned to the private room, but her expression was clearly not good.

"What's wrong? What trouble did you encounter again?"

Ye Feng ate a mouthful of food and turned to look at her.

Chen Xuan sighed lightly. "The company called just now and said that our construction materials supplier raised the prices of many construction materials without authorization. It's obvious that they're deliberately making things difficult for us."

Ye Feng frowned. "Lingyun Real Estate is in its prime. These suppliers have no time to suck up to us. Why would they suddenly make trouble? Is someone behind this?"

Chen Xuan was very impressed by his keen observation and immediately nodded.

“We checked the background of these suppliers. They are more or less related to Fushan Building Materials. This time, it might be Tang Fushan who gave the order for them to deliberately make things difficult for us.”

Ye Feng’s lips curled into a cold smile. “This Tang Fushan finally lost his cool. Is he going to make a move?”

Chen Xuan held his hand. “But don’t worry. Tang Fushan’s influence isn’t that great. At most, we’ll change a few suppliers. At most, we’ll spend more time. There won’t be too much loss.”

Ye Feng nodded. “I understand. He is the kind of toad that does not bite but disgusts people.”

Chen Xuan burst out laughing. “Your metaphor is always so...”

As she spoke, she slowly stood up. “Although the loss this time isn’t big, it’s indeed a little troublesome to deal with. I have to rush back to the company to make arrangements now. I won’t be accompanying you tonight.”

Ye Feng put down his chopsticks and held her hand. “You have the heart to leave me alone in the empty room?”

Chen Xuan felt helpless when she saw how childish he was. "You're the respected Mr. Ye now. Can you not be so childish? If others knew, wouldn't they laugh at you to death?"

Ye Feng pursed his lips. "If they want to laugh at me, then go ahead. I am a child."

Only then did Chen Xuan remember that this guy was only twenty years old this year.

To be precise, he was indeed a child.

However, because his achievements were too eye-catching, people often ignored his age.

"Alright, stop fooling around. I really have to go. You can settle it yourself tonight. I'll accompany you tomorrow night."

Ye Feng was speechless when he heard her words. "Then kiss me before you leave."

Chen Xuan had no choice but to kiss his cheek.

However, she did not expect Ye Feng's sudden attack. He turned around and attacked.

“Little rascal!”

Chen Xuan, who had been attacked, patted his shoulder and turned to leave.

After she left, the gentleness on Ye Feng’s face gradually disappeared.

What replaced it was killing intent.

Tang Fushan?

You’re courting death!

He immediately took out his phone and made two calls.

He called the two companies that he had just acquired, Tanyue Building Materials and Zongheng Transportation.

He told them to come to Zhonghai immediately for the handover.

And by the way, kill Tang Fushan!

Chapter 500 - 500 A Poor Worm in the Same Trouble

500 A Poor Worm in the Same Trouble

As the chairman of Tanyue Building Materials Co., Ltd., He Qi was actually looking down on Ye Feng from the bottom of his heart.

Tanyue Building Materials was one of the three largest building materials companies in Yang Cheng. It was a shame that it was bought by a nouveau riche in a small place like Zhonghai.

Although there were rumors that Ye Feng had successfully defeated Niu Sidun, causing the latter to commit suicide, however, he and most people agreed that this kid was just lucky.

If Niu Sidun hadn't been careless and had been tricked by his stupid teammates, how could he have lost to a kid who was still wet behind the ears?

Therefore, when he received Ye Feng's call, asking him to head to Zhonghai immediately for the handover, he was very conflicted.

Did he really think of himself as the emperor?

He even wanted him to personally meet him?

However, the situation was stronger than the person. Who asked Tanyue Building Materials to be acquired by others?

Even if he was extremely unwilling, he could only come personally.

When the car stopped at the entrance of Zhongtian Lake-View Villa, coincidentally, a Mercedes-Benz MPV stopped beside them.

The car door opened and a middle-aged man with an extraordinary temperament stepped out.

He Qi was stunned when he saw the man.

Wasn't this the chairman of Yang Cheng Zongheng Transportation, Gao Yazhi?

What was he doing here?

At the thought of this, he hurriedly pushed open the door and got out of the car. "Chairman Gao, I didn't expect to see you here."

Gao Yazhi was surprised to see him. "Chairman He? Why are you here?"

He Qi smiled bitterly. "I'm here to meet someone. I didn't expect to meet you here. What are you doing here?"

Gao Yazhi frowned. "I'm also here to see someone."

He Qizheng was a little surprised. "Who's so arrogant? He actually made you, Chairman Gao, come all the way from Yang Cheng to meet him?"

Zongheng Transportation Co., Ltd. was the largest transportation company in Yang Cheng.

Gao Yazhi was also one of the most prestigious entrepreneurs in Yang Cheng.

Gao Yazhi shook his head and smiled bitterly. "Who else could it be? Of course it's Mr. Ye Feng."

"Who is it? Ye... Ye Feng?"

He Qizheng's eyes widened when he heard that.

"Yeah, why? Haven't you heard of Mr. Ye? During this period of time, his reputation in the business world had risen."

Gao Yazhi saw his expression and thought that he had never heard of Ye Feng's name, so he immediately explained.

He Qi coughed awkwardly. "To be honest, I am also here to see Ye Feng... Oh no, I'm here to see Mr. Ye."

This time, it was Gao Yazhi's turn to be dumbfounded. "Are you here to see Mr. Ye too? Why do you want to see him?"

He Qizheng was a little ashamed. "My Tanyue Building Materials have already been purchased by Mr. Ye. To be precise, I'm now his subordinate."

Gao Yazhi's jaw almost dropped. "He bought your company too?"

He Qi was staring at him blankly. "What do you mean by 'too'? Don't tell me that he bought over your company, Zongheng Transportation."

Gao Yazhi could only smile bitterly. "It seems that we're in the same boat."

He Qizheng felt his scalp go numb. "What is this Mr. Ye trying to do? He actually acquired both our companies at the same time? Isn't this too domineering?"

The combined value of the two companies was at least tens of billions.

What kind of strength did he have to be able to acquire two companies at the same time?

Gao Yazhi looked at him seriously. "This Mr. Ye's strength is probably far beyond our imagination."

He Qizheng also nodded. "Yeah, it seems that I underestimated him before."

As the two of them spoke, they arrived at the entrance of the villa complex.

The security guard immediately stepped forward to stop them. "What are you doing?"

He Qizheng immediately explained, "We're here to meet a friend. He lives here."

The security guard said righteously, "Our villa area is under strict management. Those who are not residents here are not allowed to enter and exit at will. Call your friend and ask him to pick you up personally. Or we can ask him to call the property management personally and get their approval before we can let them go."

He Qi looked at Gao Yazhi helplessly. "It seems that we have to call Mr. Ye Feng before we can enter."

Gao Yazhi nodded and was about to take out his phone to make a call.

When the security guard heard this, he was stunned. "Are you here to see Mr. Ye?"

The two nodded. "Yes."

The security guard's serious expression immediately changed and he greeted the two with a smile.

"If you said you were here to see Mr. Ye, how could I dare to stop you? Please come in."

As he spoke, he opened the door.

He Qizheng was confused when he saw the change in the security guard's attitude.

"Didn't you just say that you need the residents here to come out and pick you up personally or call the property management?"

The security guard explained respectfully, "That's for ordinary people. Is Mr. Ye an ordinary person?"

Gao Yazhi's interest was piqued. "How is Mr. Ye not an ordinary person?"

The security guard immediately showed a proud expression. "Mr. Ye is an incredible big shot. Even the richest man in a province was defeated by him. How can he not be amazing?"

Gao Yazhi and the other man looked at each other and found it funny.

"You even know about this?"

The security guard patted his chest and said, "Of course. I saw many big bosses in Zhonghai kneeling in front of Mr. Ye's villa for the whole night. Our boss said that Mr. Ye is the real king of Zhonghai. Anyone who dares to provoke Mr. Ye would be courting death."

He Qizheng and Gao Yazhi looked at each other, both seeing the surprise on each other's faces.

If these words came from the mouth of a business person, they might not be shocked.

But even a security guard had such respect for Ye Feng.

It was obvious how influential Mr. Ye was in Zhonghai.

“Looks like we’ve still underestimated Mr. Ye’s strength!”

“Yeah, and he’s still so young. His future is limitless!”

The two of them exclaimed as they entered the villa complex.
