### Chapter 571 - 571 Are You Trying to Kill Ye Feng?

#### 571 Are You Trying to Kill Ye Feng?

Dihao KTV was one of the most upscale entertainment venues in Yang Cheng.

In a top-class private room, Ye Chengze was hugging two people and screaming at the top of his lungs.

A group of men and women were cheering.

At this moment, a man hurriedly pushed open the door of the private room and walked in.

“Young Master Ye, this is big news!”

Ye Chengze was a little unhappy to be interrupted. “Can’t you see that I’m singing? Drink a glass of wine as punishment before you speak.”

The man could only pick up the beer on the table and drink it in one gulp.

Ye Chengze was satisfied and threw the microphone to the side. “Tell me, what’s the big news?”

The man hurriedly wiped his mouth. "I just received news that Ye Feng is fighting with the people from the Chaoxin Gang."

Ye Chengze was stunned for a moment before he could not help but laugh out loud. "What's wrong with this kid? How dare he provoke Gao Junming? He must have been beaten up badly this time, right?"

That person hurriedly shook his head. "No, it's the people from the Chaoxin Gang who were beaten up badly."

Ye Chengze was even more surprised. "How many people did this kid bring?"

"Just him."

"What about the Chaoxin Gang?"

"More than ten."

"Are you kidding me?"

Ye Chengze and everyone present revealed expressions of disbelief.

A dozen people against one, and in the end, they were actually killed?

Did they think this was a movie?

That person hurriedly explained: "It's absolutely true, many people saw it at that time. Ye Feng is too fierce. Those people from the Chaoxin Gang had either broken their arms or legs. It was really too tragic."

When everyone heard this, they couldn't help but look at each other.

"What kind of monster is this kid? Not only was his business talent heaven-defying, but his medical skills are also very strong. Even Divine Doctor Han was in a hurry to acknowledge him as his master. Now, even his fighting skills are so strong. Is he still human?"

"You're giving me goosebumps. It's already abnormal enough to have just one of these abilities, let alone one person."

"This kind of person should be the kind of genius, right? He's simply a genius among geniuses. His talent was too abnormal."

"To be enemies with such a person, just thinking about it makes me afraid..."

Ye Chengze was originally very shocked, but when he heard his subordinates praising Ye Feng so much, he was displeased.

He had always been called the number one genius of the Ye family.

He thought so too.

But now, someone even more talented than him had appeared.

Moreover, he was not just a little stronger.

How could he not be furious?

“Hmph, Ye Feng alone scared you to this extent? A bunch of ball-less things.”

Hearing Ye Chengze’s reprimand, everyone shut up.

They all knew that Ye Chengze had grown up in praise.

Therefore, he was very narcissistic.

Once he met someone better than him, he would be jealous.

Therefore, even if they were well aware of something, they would choose to pretend to be confused in front of him.

They tried their best not to appear smarter than the other party.

They had been too shocked just now, so they had overlooked this point.

Ye Chengze no longer paid attention to these people. Instead, he frowned and pondered.

Ye Feng had a conflict with Gao Junming today.

Then he would definitely investigate Gao Junming's background.

If he were to dig deeper, there would be a risk of exposing many secrets of the Ye family that should not be spread.

It seemed that he had to get rid of this kid as soon as possible to nip the risk in the bud.

Even if the family knew, they would support him.

Thinking of this, he immediately hooked his finger at the subordinate who reported the news. "I'll give you a mission. You must do it cleanly."

The subordinate immediately nodded respectfully. "Please instruct me, Young Master Ye. I'll definitely go through fire and water without hesitation."

Ye Chengze immediately leaned close to his ear and whispered a few words.

The subordinate looked at Ye Chengze in bewilderment. "Young Master Ye, isn't this too ruthless? You are trying to kill Ye Feng."

Ye Chengze sneered. "From the moment he became my enemy, he was already a dead man."

"Now that he has offended Gao Junming, he deserves to die even more. I am only sending him on his way."

The subordinate immediately nodded. "Alright, I'll arrange it now. Wait for my good news."

With that, he turned around and left the private room.

Ye Chengze picked up the wine glass on the table and took a sip.

Then, he revealed a cold smile.

Ye Feng, you are dead this time!

Even the heavens can't save you.

Chapter 572 - 572 I'm Not Here To Cause Trouble. I'm Here To Pick Up the Car

572 I'm Not Here To Cause Trouble. I'm Here To Pick Up the Car

Ye Feng did not know what was going on.

He was currently at the International Exhibition Center.

The Lamborghini Blue Charm Night that the system had rewarded him with was in the exhibition center, so he needed to pick it up personally.

The exhibition center was especially large, and almost all the major brands of car companies had booths.

On the exhibition stand, the scantily dressed car models were all leaning against the car and posing coquettishly.

The exhibition center was already packed with people. Some came to see cars, but more came to see car models.

Ye Feng was not interested in this.

He was surrounded by beauties like Chen Xuan, Xia Qiu, Shen Baitian, and Lu Xiaoya. How could he be interested in such mediocre women?

He searched the exhibition hall for more than half an hour before finally finding the Lamborghini booth.

This booth wasn't too big. There were a few new Lamborghini supercars on display, and every one of them was very cool.

At the center of the booth was a purple sports car.

This supercar was like the king of cars, and the other sports cars could only serve as a foil.

This was the two Blue Charm Nights that the system had rewarded him with.

Exaggerated lines and cool shapes simply exaggerated the beauty of machinery to the extreme.

Every little detail showed the genius creativity of the designer.

One could imagine how much of a sensation this supercar would cause on the streets.

Even at this moment, there were already many people surrounding the car.

Ye Feng tried to squeeze in a few times, but he could not squeeze in.

He could only look at his mount from afar.

It was too torturous to watch from afar and not to play with.

Ye Feng finally managed to squeeze through the crowd and reach the front.

He realized that the Blue Charm Night was surrounded by police tape.

Inside the cordon, there were a few staff members guarding it, not allowing anyone to approach.

The crowd could only watch from outside the cordon.

Although this car was already his, Ye Feng did not want to break the rules. He only wanted to take a few photos with his phone and send them to Lu Xiaoya to show off.

However, when he took out his phone, he found that his line of sight was blocked by a staff member. He could only say in a negotiating tone, "Hello, I want to take a few photos. Can you let me through?"

He felt that his tone was already very friendly, but he did not expect that the staff member would walk over and slap his phone away.

"What are you filming? You can't afford it even if you bid for it."

Fortunately, Ye Feng was quick and caught the phone. It did not fall to the ground.

He could not help but frown and looked up at the staff. "I just wanted to take a photo. What kind of work attitude is this?"

As he spoke, he glanced at the staff member's ID and knew that his name was Su Yucheng.

Su Yucheng glanced at him contemptuously. "This Blue Charm Night is handmade. There's only one of it in the world, and it costs 500 million yuan. Can a poor b\*stard like you afford it?"

He was probably a little annoyed by the crowd, so he was a little emotional at work.

These words were not just scolding Ye Feng, they were also scolding the surrounding people.

After all, it was a supercar worth 500 million yuan. None of them could afford it.

Therefore, they could all be considered as 'poor b\*stards', including himself.

Everyone immediately became excited.

"What are you talking about? Didn't you show this car for people to take pictures?"

"That's right. Who said that only those who can afford it can take photos? You're discriminating against consumers."

“There are so many car companies at the auto show, but I’ve never seen a car company that dares to insult consumers.”

“Which one of you recorded his words just now? Post it online to let everyone see their faces.”

Su Yucheng ignored everyone’s questions. “Am I wrong? Do you have one here that you can afford it? Are you pretending to be a master here? Are you even worthy? If you want to look, then look. If you don’t want to look, then scram.”

Everyone was speechless.

In the face of this kind of car company that bullied customers, they really had no choice.

Even if the video was posted online, it would probably be quickly taken down by the other party.

After all, consumers were the disadvantaged group when facing such car companies.

Ye Feng spoke again. “Friend, aren’t your words too harsh?”

Su Yucheng glanced at him disdainfully. “Do you think it’s unpleasant? Then get lost. Our Lamborghini takes the high-end route. We don’t need a bunch of poor people like you.”

Ye Feng was also a little angry. "Do you know what it means to look down on others?"

Su Yucheng also argued with him. "I just think you're lowly. What's wrong? If you have the guts, take out your money and buy this car. You are my ancestor. I will even kneel down and kowtow to you. If you don't have money, then go to a cool place in the casino. You don't even deserve to be a grandson."

Ye Feng held back his laughter. "So, you admit that you are a dog?"

Su Yucheng had said it casually and did not notice the loophole in his words. Now that he had pointed it out, he instantly flew into a rage out of humiliation.

"Brat, are you here to cause trouble? If you don't get lost, I'm going to call security."

Ye Feng had a smile on his face. He removed the police tape and walked in. "I'm not here to cause trouble. I'm here to pick up the car. I've already bought this car. I'm the owner of this car now."

Su Yucheng couldn't help but laugh. He stared at him as if he was looking at a fool. "Is there something wrong with my ears, or is there something wrong with your brain? You said you bought this car? Are you crazy?"

Those onlookers who were glaring at Su Yucheng started to laugh at Ye Feng.

“Where did this guy come from? He actually said that he bought the Blue Charm Night?”

“I think he’s not in his right mind. This car is worth 500 million. How many people in the country can afford it?”

“I was quite supportive of him just now. I thought he was speaking up for us consumers. I didn’t expect him to be a psychopath.”

“This time, the staff, although what he spoke was very hard to hear, it was not without reason.”

“I guess this guy was sent by a friendly merchant to cause trouble, right?”

Ye Feng ignored everyone’s comments. He only looked at Su Yucheng. “How many of these Blue Charm Night are there?”

Su Yucheng sneered. “How many are there? This car is handmade, and every component has been repeatedly polished. It is the only one in the world.”

Ye Feng nodded. “That’s right, this car is mine. Since it’s still on display, I don’t plan to drive it away now, but you have to let me take two close-up photos, right? This request isn’t too much, right?”

As he spoke, he was about to walk toward the Blue Charm Night.

Su Yucheng saw that he was still stubborn and immediately reached out to push him. "I say, are you really sick? If you continue to be so unreasonable, I won't hold back anymore."

Ye Feng's expression darkened. "I just want to take a few photos, can't I do that?"

Su Yucheng refused without hesitation. "No way. If you want to take photos, get out and take photos. Other than the staff, no one is allowed to come in."

Although Ye Feng was angry, he was concerned that there were many people around who wanted to take photos.

He could only temporarily suppress his anger and prepare to walk out of the cordon.

At that moment, a female internet celebrity who was livestreaming on her phone suddenly walked up to Su Yucheng.

"Hello, mister. I want to go inside and take a close-up photo for my fans to see. Can you make an exception?"

Chapter 573 - 573 I've Already Received the Owner's Agreement

573 I've Already Received the Owner's Agreement

Faced with the female internet celebrity's request, Su Yucheng, who was still cold to Ye Feng earlier, immediately put on a kind expression.

"Miss Mumu, I'm really sorry. Our company has a rule that everyone can only watch from outside the cordon..."

Mumu immediately walked forward and pulled his arm, acting coquettishly. "Please make an exception. I have so many fans waiting for me. I beg you..."

Su Yucheng's bones immediately melted at her coquettishness. "You can only shoot for five minutes. Otherwise, people will have objections."

Mumu immediately beamed with joy. "Thank you, Manager Su. You're really too handsome."

Su Yucheng immediately brushed his hair narcissistically. Was he really that handsome?

Mumu was about to take her phone and enter the cordon to broadcast.

Ye Feng could not help but speak again. "Manager Su, are you abusing your power? I went in just now and you tried to stop me, so how did she get in?"

Mumu immediately stopped and looked at him unhappily.

She had fought for this opportunity with great difficulty, but this guy had to ruin it?

Facing Ye Feng's question, Su Yucheng's expression turned ugly. "Because... She's a big streamer with millions of fans. Can you compare to her?"

Ye Feng could not help but laugh coldly. "Aren't you being a little too double-standard? I think you should at least treat everyone equally. Either everyone can enter, or no one can. Is this how a big car company does things?"

Su Yucheng was speechless and immediately flew into a rage out of humiliation. "I'm treating you differently. So what? You have a way to think about it, but you can't die."

At this time, Mumu was also a little unhappy. "I say, why are you like this? You can't see it, but you won't let me see it? What mentality? Are you still a man?"

Not only these two, even the crowd outside started to curse at Ye Feng.

"Are you crazy? You've been dawdling for so long. Are you still going to let us look at the car?"

"That's right. If you had the time to dawdle, they would have finished filming."

“Why is a man so petty with a woman? Isn’t that too tasteless?”

“Hurry up and get down. Don’t delay us from looking at the car.”

“I’m a fan of Mumu, so I agree to let her go in and shoot.”

“I agree.”

“We all agree...”

At once, Ye Feng became the target of everyone.

Su Yucheng looked at Ye Feng proudly. “Did you hear that? You’re the only one who objected. Who do you think you are? Just because you don’t want us to shoot it, we won’t shoot it?”

As he spoke, he turned his head and looked at Mumu ingratiatingly. “Miss Mumu, go ahead and shoot. I’ll see who dares to stop you today.”

Mumu gave Ye Feng a disdainful smile. She was about to walk in.

Ye Feng also lost his temper. “Stop, without my permission, no one can enter.”

Mumu was also furious at this time. She immediately pointed her phone at him. “Babies, watch carefully. It’s not that I don’t want to help you take photos, but this guy keeps stopping me. I’ve never seen such a tasteless man...”

In the live broadcast room, the screen was scrolling rapidly, almost everyone was scolding Ye Feng.

[What does this guy do? What a waste of my time.]

[Hurry up and ask the security guards to throw him out. We want to see the Lamborghini Blue Charm Night.]

[You look like a dog, but you’re so narrow-minded. Are you a man?]

[Hurry up and crawl for me. Don’t disturb me from looking at the car...]

Mumu’s phone was almost in Ye Feng’s face. This was the rhythm of his death.

Ye Feng waved his hand and slapped her phone to the ground.

Mumu's eyes reddened, and tears immediately fell.

When the crowd saw this, they turned their attention to Ye Feng once again.

"Aren't you too disgusting? You actually hit a woman?"

"I've really broadened my horizons today. There are all kinds of weirdos in this world, but there's actually such a tasteless man?"

"Whose mad dog is this? Why didn't they tie the rope properly and let it out to bite people?"

"Where's the security? Hurry up and throw this person out. He'll affect our view of the auto show."

In fact, Su Yucheng had already called two security guards over. "There's a troublemaker here. Hurry up and throw him out."

The two security guards immediately walked toward Ye Feng. "Sir, come with us to the security room."

As he said that, they wanted to grab Ye Feng's arm.

Ye Feng's expression darkened, and his arms shook.

The two security guards lost their balance and immediately took two steps back.

Then, they looked at Ye Feng in fear, as if they were facing a great enemy, but they did not dare to take another step forward.

Ye Feng coldly glanced at everyone. "I was afraid that it would affect everyone's view of the car, so I was prepared to leave this car here and display it for two more days. But I've changed my mind now. I have to drive this car away immediately. Because you're not worthy, a bunch of poor b\*stards."

With that, he crossed the cordon and was about to open the door of Blue Charm Night.

Su Yucheng immediately rushed forward. "Stop, what are you doing?"

Ye Feng could not tolerate this guy anymore. Seeing him rushing up to stop him again, he was about to attack.

At this moment, a man's voice was heard from behind. "Stop!"

Everyone turned around and saw a man in his fifties walking quickly toward them.

Someone immediately recognized this person. He was the boss of Lamborghini in China, Bao Siyuan.

Bao Siyuan quickly walked over and separated the two of them. Then, he turned to look at Su Yucheng.  
“Manager Su, what’s going on?”

Su Yucheng’s attitude immediately became respectful, and then he described it with embellishment.

It mainly described Ye Feng’s unreasonable and barbaric behavior.

He had also mentioned that he looked down on others and treated them differently.

After Bao Siyuan heard this, he immediately turned to look at Ye Feng.

“Sir, I’m really sorry. Our car has been reserved. Without the owner’s permission, you can only watch from the outside and cannot get close to the car.”

Ye Feng had a strange smile on his face. “I have already gotten the owner’s approval.”

When Bao Siyuan heard this, he was instantly dumbfounded. "Sir, you're not joking, right?"

Even he hadn't met the owner of the car yet, so how did the other party get the owner's approval?

Ye Feng looked at him calmly. "Because I am the car owner."

Bao Siyuan was even more shocked. "What? You... May I know your name?"

"Your surname is Ye."

"Ye..."

Bao Siyuan was completely stunned. He hurriedly reached out his hands to hold the other party. "Mr. Ye, you're already here? I was just about to call you."

Su Yucheng was stunned. "President Bao, do you know... this gentleman?"

Bao Siyuan glanced at him coldly. "This gentleman is the honorable owner of this Blue Charm Night."

Su Yucheng looked at Ye Feng in disbelief. "Car... owner?"

This Blue Charm Night was priced at 500 million yuan, and a rich man could actually afford it?

Moreover, he had just offended this tycoon.

When he thought of the consequences, he immediately trembled in fear.

Mumu, who was standing at the side, was also stunned.

This annoying guy was actually the owner of this super sports car?

To be able to afford this kind of supercar, what kind of family did he have?

He probably had at least tens of billions in assets, right? Chapter 574 - 574 This Is a Private Car, No Photographs

574 This Is a Private Car, No Photographs

The surrounding crowd was also stunned on the spot.

“Oh my god, I didn’t expect this young man to be the owner of this Blue Charm Night?”

“To be able to afford such a car, how rich must his family be? Could he be the richest man in Yang Cheng?”

“And he’s so handsome. If I can be his girlfriend and sit in that Blue Charm Night, I’ll be so happy.”

“Wake up, why would someone like him like you fall for a mediocre fan?”

“Can’t I imagine it?”

Ye Feng did not care about the comments of the crowd. He slowly withdrew his hand and looked at Bao Siyuan expressionlessly. “Then can I take the car away now?”

Bao Siyuan hurriedly put on a fawning expression. “Mr. Ye, can we discuss this? We hope to deliver the car to you after the auto show ends. Don’t worry, we’ll treat it as renting your car for the next few days. We’ll pay the rent.”

Ye Feng did not even think and shook his head, “No, I have to drive the car away now.”

Bao Siyuan didn’t expect the other party to be so unreasonable. He smiled awkwardly. “Mr. Ye, give me some face. Look at so many car friends. They are all here for this car. We can’t let them come for nothing, right?”

Ye Feng sneered, "I didn't plan to drive the car away today, I just wanted to take two photos. However, you all tried to stop me and even humiliated me."

As he spoke, he pointed at the crowd. "And these people, not only did they not speak up for me, they even mocked me. If you were in their shoes and suffered such treatment, would you still care about their feelings?"

Bao Siyuan was immediately speechless after being rebuked by him.

Ye Feng had indeed done his best. He only wanted to take two photos at first, but Su Yucheng stopped him and even asked the security guards to chase him away.

No matter who it was, they wouldn't be able to take it lying down.

"But Mr. Ye..."

"You don't have to say anymore. If you don't let me drive the car away now, then return the money to me. I don't want this car anymore."

Ye Feng did not wait for him to finish his words and gave him an ultimatum.

Bao Siyuan had no choice but to nod. “Then, Mr. Ye, follow me to handle the procedures.”

Ye Feng did not say anything else. He immediately went to handle the handover procedures.

It took less than half an hour.

Then, he walked back and pressed the key.

The gull-wing door of the Blue Charm Night slowly opened, and everyone’s eyes widened.

Ye Feng sat in the driver’s seat and was about to start the car.

Mumu quickly walked over and leaned against the window. “Sir, can you let me take a few photos first? My fans are still waiting. If they can’t get a shot of this car, they’ll shut me down.”

As she said that, she even pouted at Ye Feng, trying to gain sympathy.

However, Ye Feng did not care about this.

Putting aside the fact that this woman's looks were nothing compared to Lu Xiaoya, Chen Xuan, Xia Qiu, and the other girls.

Just her attitude toward him just now made him very disgusted.

"Sorry, this is a private car."

With that, he stepped on the accelerator and the car drove through the crowd.

"You..."

Mumu looked at the supercar's decisive departure and suddenly stomped her feet. She was so angry that her face turned pale.

Many onlookers also began to complain sourly.

"What's so great about it? Isn't it just a few stinking money? Who are you looking down on?"

"That's right. Let's not look at this car. Let's look at other cars. What's the big deal?"

“What are you pretending for? Isn’t it just a broken Blue Charm Night? What qualifications do you have to act cool in front of us?”

“Uh... However, he does have the capital to pretend. That could be a super sports car worth 500 million.”

“If you don’t speak, no one will treat you as a mute...”

The crowd dispersed as they spoke.

Bao Siyuan looked at the empty booth and coldly looked at Su Yucheng.

Su Yucheng knew that he had made a big mistake when he had lost his ability, so he quickly put on a fawning expression. “President Bao, please listen to my explanation...”

“What else do you have to explain?”

Bao Siyuan interrupted him. “Because of you, our exhibition is ruined. What are you going to explain? I am now officially informing you that you are fired. Pack your things and scram.”

Su Yucheng immediately begged, “President Bao, I know I was wrong. Please give me another chance.”

Bao Siyuan revealed a cold smile. "Alright, I'll give you a chance. As long as you beg Mr. Ye to change his mind and lend us the car for a few days, I'll forgive you this time."

Su Yucheng revealed a smile that was uglier than crying. "President Bao, aren't you making things difficult for me..."

Bao Siyuan couldn't be bothered to listen to his nonsense. "Since you can't do it, then what's the use of keeping you? Get out of my sight immediately. I don't want to see you again."

Su Yucheng saw that the other party had already made up his mind and knew that it was useless to say anything else.

He could only walk out like a lost dog.

He wished he could give himself two slaps.

He should have let Mr. Ye in at that time. Wasn't it just to take a few photos? How many minutes could it take?

But now, the car had been driven away.

He was also completely unemployed.

This was really a mistake that would cause eternal regret!

Chapter 575 - 575 There Are Always Unruly People Who Want to Harm Me

575 There Are Always Unruly People Who Want to Harm Me

Ye Feng's strong driving skills, coupled with this hand-made supercar, was like a tiger with wings.

The Blue Charm Night turned into a purple lightning bolt and sped through the streets of Yang Cheng.

The drivers who passed by looked in the direction where the supercar disappeared in disbelief. They could not come back to their senses for a long time.

This kind of super sports car was simply every man's dream car.

Many of the women sitting in the front passenger seat also looked at the man beside them with disdain.

What kind of car was he driving? What kind of car was her man driving?

This was the difference!

Ye Feng knew the performance of this car like the back of his hand. It was much stronger than his previous two supercars.

In the city, it was impossible to fully utilize the performance of this car.

If he were to go to Crab Bay now, he would probably be able to break the record again.

Just as he was enjoying the thrill of the supercar, his phone suddenly rang.

He hurriedly slowed down and took out his phone to take a look.

The caller ID showed that it was Zhuang Xiaojiao.

Ever since they separated from Binhai City, the two of them had not contacted each other much.

Why did she suddenly call him?

Although he was puzzled, he still answered the call.

Zhuang Xiaojiao's sweet voice immediately came from the other end. "You're really a blockhead."

Ye Feng was stunned when he heard her say this. "What about me?"

"If I didn't call you, would you never contact me?"

Zhuang Xiaojiao sounded like she was acting cute with her boyfriend.

Ye Feng could not help but smile bitterly. "I have nothing to do with you, why would I contact you?"

"You..."

Zhuang Xiaojiao was so angry that she could not speak. After a long time, she continued, "Did you come to Yang Cheng?"

"Yeah, how did you know?"

"Hmph, what can escape my eyes?"

“So powerful?”

“Of course. Besides, you didn’t keep a low profile when you came to Yang Cheng. You punched Wei Changfeng, kicked Ye Chengze, and now you’re provoking Gao Junming. You’re either courting death or on the road to death. Even if I didn’t want to hear about you, I couldn’t.”

“Cough, cough... Don’t say that. They were the ones who provoked me. I was just forced to retaliate.”

“Hmph, I heard that you alone defeated more than ten people from the Chaoxin Gang today? Why didn’t you bring me along when there was such a fun thing?”

“Why would I bring you along? Chased by someone with a knife?”

“Anyway, if you don’t bring me along, it means that you don’t treat me as a friend. To think that I’ve always been so concerned about your movements, but you don’t care about me at all.”

“Okay, okay, okay. I’m sorry this time. I’ll definitely bring you along next time, okay?”

“That’s more like it. Since you admit your mistake so sincerely, I’ll tell you a piece of news.”

“What news?”

“Someone wants to harm you.”

“Oh.”

Aren’t you surprised?”

“What’s there to be surprised about? There are always unruly people who want to harm me. It can’t be helped. Outstanding people are always easily envied.”

“Tsk, you’re so smug. I can’t see where you’re outstanding. I only see that you’re glib and don’t look like a good person.”

“That’s right. Good people don’t have a way out. Only by being worse than bad people can they survive.”

“Heresy!”

“Alright, are you going to tell me or not? If you don’t say anything, I’m hanging up.”

“You... Who is begging who? Alright, I’ll tell you directly. It’s Ye Chengze who wants to harm you.”

In the end, Zhuang Xiaojiao revealed the news.

When Ye Feng heard this name, he smiled disdainfully. “Ye Chengze? A spoiled spoiled second-generation heir wants to harm me?”

Zhuang Xiaojiao panicked when she heard that he did not take it seriously at all.

“You’re really in trouble this time. Just now, a person who was injured by you died in the hospital. The forensic doctor said that you hit his vital parts. The preliminary conclusion is that you killed someone on purpose. I’m afraid the police will find you very soon.”

When Ye Feng heard this, his expression turned serious. “Impossible, I know what to do. Those people’s injuries are not fatal at all.”

Zhuang Xiaojiao nodded immediately. “Of course I know, because this is Ye Chengze’s scheme. He was the one who sent people to the hospital to tamper with it, and then he bribed the forensic doctor to frame you.”

Ye Feng was slightly shocked. “How did you know about this?”

Zhuang Xiaojiao giggled. “I know a lot of things, but I can’t tell you. I only know about his conspiracy, but I don’t have any evidence of his crime. I can’t help you much either. You have to think of a way to solve everything yourself.”

Ye Feng frowned and pondered for a moment, then a smile appeared on his face. "Alright, I understand. Since he wants to frame me, I will give him a taste of his own medicine."

Zhuang Xiaojiao's curiosity was piqued. "What do you plan to do?"

"Keep it a secret for now."

"You still want to keep it a secret from me?"

"It's meaningless to say it out loud. Just wait and see."

"Since you don't want to tell me, then bring me along. Where are you now? I'll go find you now."

"You'd better not come over. There are some things that are inconvenient to bring you along."

"You despise me? I don't care. If you don't bring me along to play, I... I'll deal with you together with Ye Chengze."

"Miss, can you not be so childish? This is a matter of life and death, not a child's play."

“I’m a kid anyway. I’ll ask you one last time. Are you going to play with me?”

“I... Alright, I’ll wait for you at the intersection of Longquan Road and Guoxing Road.”

“Alright, I’ll be there in ten minutes. You have to wait for me.”

Zhuang Xiaojiao hung up the phone in a hurry.

Ye Feng helplessly leaned against the seat.

What a torturous little vixen!

Chapter 576 - 576 Who Instructed You To Frame Me?

576 Who Instructed You To Frame Me?

Zhuang Xiaojiao was a man of her word. In less than ten minutes, she arrived at the place they had agreed on.

When she saw Ye Feng’s Blue Charm Night, she was shocked and opened her mouth wide.

“Oh my god, is this your new car? Isn't this too cool? How much did you buy it for?”

“It's not expensive. It's only 500 million.”

Ye Feng leaned against the sports car and made a pose that he thought was very handsome.

Zhuang Xiaojiao stared at him for a long time before she said, “What a heartless tycoon!”

Spending 500 million to buy a car was no ordinary prodigal.

Ye Feng opened the car door and made a 'please' gesture.

“You're the first person to sit in the passenger seat of this car. Do you feel honored?”

Zhuang Xiaojiao's eyes immediately turned into crescents as she smiled and hurriedly sat down. “Mmm, not bad.”

Ye Feng also turned around and sat in the driver's seat, then he helped her fasten her seatbelt.

Zhuang Xiaojiao's body came into contact with his and she could feel his aura. She felt a strange feeling in her heart and her face turned red.

Ye Feng glanced at her. "Why is your face as red as a monkey's butt?"

Zhuang Xiaojiao's strange feeling disappeared immediately. She glared at him. "Don't you know how to use adjectives? At the very least, you should have said something like 'red apple', 'burning cloud', and so on. What is a monkey's butt?"

Ye Feng had no choice but to change his words. "Why is your monkey butt like a red apple?"

Zhuang Xiaojiao was so angry that she almost vomited blood. "You... What a straight man!"

Ye Feng smiled, he did not joke with her anymore and started the car.

Zhuang Xiaojiao looked at him curiously. "Where are we going now?"

Ye Feng smiled. "Hospital."

..

Xue Cong had been a forensic doctor for more than 30 years.

This job was very hard. Dealing with a pile of corpses every day would make one's mood very depressed.

This was fine, but the main thing was that this job offered very little profit.

He was not like the doctors from the serious surgeries and emergency departments who would receive big red packets from time to time.

Who would give a red packet to someone who dissected a corpse?

Could it be that they were begging him to dissect the corpse more beautifully?

But today, he really did receive a red packet, and the amount was frighteningly large.

It was a total of 1 million yuan.

The other party's request was also very simple. They wanted him to write a fake appraisal report.

They pointed the cause of death of the deceased to a person called Ye Feng.

He had wanted to reject it subconsciously from the start because it was against his professional ethics as a doctor.

However, when the other party placed the big box of banknotes in front of him, he did not even hold on for two seconds before nodding in agreement.

It was easy for him to write a fake report.

And that 1 million was enough to offset his shame.

He whistled as he walked briskly toward his office.

The doctors and nurses who passed by looked at him in surprise.

“What do you think happened to Doctor Xue today? I’ve never seen him so happy before.”

“Yeah, he usually has a long face, as if someone owes him a million dollars. Today, it looks like he picked up a million dollars.”

“Did he win the lottery? He’s so happy that the corners of his mouth almost reach his ears.”

“I used to think that he looked ugly when he pulled a long face. I didn’t expect him to look even uglier when he smiled.”

“Hahaha...”

Xue Cong ignored everyone’s comments and quickly returned to his office, locking the door.

Still feeling worried, he pulled over a chair to block it before heaving a sigh of relief.

Then, he pulled out a secret safe from under the bed.

“Congratulations on getting rich, congratulations on being wonderful. Please invite the best over, please leave the bad ones...”

Doctor Xue hummed a tune as he opened the passcode box impatiently, wanting to count his ‘red packets’ again.

However, when the passcode box was opened, the originally full pile of banknotes actually disappeared.

What replaced it was a pair of broken sneakers.

This shock was no small matter.

On one hand, it was because of the loss of 1 million yuan.

On the other hand, since someone could steal his 1 million yuan, it was very likely that they knew about his bribery.

The latter was even more terrifying than the former.

His mind went blank, not knowing what to do now.

Call the police? Don't joke around. This was all stolen money. Wouldn't calling the police be walking into a trap?

What else could he do?

Could it be that he was going to pretend that nothing had happened?

If the other party reported him for bribery and issued a fake appraisal report, his future would be ruined.

“What should I do? What should I do...”

He was so anxious that he was about to cry.

Just as he was burning with anxiety, he suddenly heard a voice behind him. “Doctor Xue, are you looking for this?”

Xue Cong was shocked. There was someone else in the room?

He hurriedly turned around.

A man and a woman walked out from behind the curtains, each holding a large amount of cash.

“You... Who are you? Who let you into my office?” Xue Cong hurriedly shouted.

Ye Feng had a smile on his face. “You can speak louder, let everyone outside hear it. You actually hid so much cash under your bed. Everyone can’t help but wonder where the money came from. Did it fall from the sky?”

Xue Cong's expression changed instantly. He hurriedly lowered his voice. "Who are you? What do you want?"

Ye Feng threw the cash in his hand on the desk, then slowly sat down on the chair and placed his legs on the desk.

"Doctor Xue, don't be afraid. We don't want to know where you got the money, and we're not going to rob you of your money. I just want to ask you a few questions. If you answer well, I might give you more money."

Xue Cong looked at him in bewilderment. "What question do you want to ask?"

Ye Feng stared at him. "Who instructed you to frame me?"

Chapter 577 - 577 What Kind of Demonic Art is This?

577 What Kind of Demonic Art is This?

When Xue Cong heard this, he was shocked. "You are..."

"Ye Feng!"

Ye Feng immediately reported his name.

When Xue Cong heard this name, he immediately turned around and ran.

Before he could run two steps, he was pulled back by Ye Feng.

“Why are you running? Do you have a guilty conscience?”

Ye Feng had a mocking smile on his face.

“What guilty conscience? I don’t understand what you’re saying.”

Xue Cong avoided his gaze and denied it.

“You don’t understand, or you don’t want to understand? Do you need me to remind you?”

Ye Feng stared at him.

“I really don’t know anything. You’ve got the wrong person, haven’t you?”

Xue Cong revealed an innocent expression.

He himself looked quite righteous. If he had not received accurate information in advance, it was very likely that he would have been bewitched by him.

Ye Feng was unmoved. He snorted coldly. "Did someone come to look for you today?"

Xue Cong continued to play dumb. "I'm a forensic doctor. I have to examine many corpses every day. Of course, many people come to me."

Ye Feng sneered: "This person came to find you to forge a test report. And this 1 million is your reward for forging the test report."

Xue Cong looked as if he had been humiliated by the big boss. He immediately glared at the big boss and said, "You're talking nonsense. I've been a forensic doctor for decades, but I've never forged a report before. This is slander. I'll sue you."

Ye Feng's expression darkened. "It seems like you won't cry until you see the coffin."

Xue Cong looked as if he was unafraid of death. "I, Xue Cong, am upright and righteous. What I have done is what I have done, and what I haven't done is what I haven't done. Even if you beat me to death, I won't give in."

Looking at his righteous expression, Ye Feng suspected that there was something wrong with his information. Did he really find the wrong person?

Even Zhuang Xiaojiao was at a loss.

She had received accurate information that it was this Xue Cong who had forged the test report. This was without a doubt.

However, this guy refused to admit it no matter what, and they did not have any evidence in their hands. There was really nothing they could do.

“Ye Feng, what should we do now?”

Ye Feng gave her a reassuring smile and continued to stare at Xue Cong. “Doctor Xue, as long as you tell me the truth, I can give you 5 million, enough for you to live happily for the rest of your life. How about it?”

Xue Cong glared at him as if he had been insulted. “Are you trying to bribe me? I, Xue Cong, have always been upright and righteous. Why would I yield for money? A despicable person like you is not worthy of talking to me. Please leave immediately.”

Ye Feng completely lost his patience. “It seems like you are going to do this the hard way.”

As he spoke, he stood up and approached him step by step.

Xue Cong immediately retreated in fear. "You... What do you want to do? I'm warning you, don't do anything rash. I'm going to call the police..."

Zhuang Xiaojiao quickly pulled Ye Feng back. "Don't be rash."

They were here to find evidence of him framing him.

Now that the evidence had not been found, if they beat him up first, then it would be yellow mud smeared on his crotch. If it was not sh\*t, then it would be sh\*t.

But then again, this Xue Cong was indeed a little tricky.

It could be seen that Ye Feng was also helpless.

Who knew that Ye Feng had a sly look on his face. "Who said I was going to hit him? I'm not that stupid."

Zhuang Xiaojiao was taken aback. "Then what else do you have?"

Ye Feng put on an unfathomable expression. "Do you believe that I can make him speak in a minute?"

Zhuang Xiaojiao did not believe him.

They had already wasted more than ten minutes just now, and they had not even gotten any useful information.

But now, Ye Feng was saying that he could make the other party speak in one minute?

How was this possible?

Even Xue Cong, who was beside him, revealed a mocking smile.

As long as he gritted his teeth and did not let go...

He did not believe that the other party could do anything to him.

Ye Feng turned around and looked at him. He suddenly asked a strange question. "Doctor Xue, have you done acupuncture before?"

Xue Cong was stunned. "What acupuncture?"

Ye Feng had a bag of silver needles in his hand. "I've been learning acupuncture recently. I can see that you have a weak spleen and kidney, and your heart is also a little weak. Why don't I help you recuperate?"

Xue Cong's expression changed and he hurriedly retreated. "You... Don't do anything rash. I'm warning you..."

Ye Feng did not wait for him to finish. He grabbed him and tied him to the chair.

Then, he took out a silver needle and waved it in front of his eyes.

"I'll ask you one last time. Who asked you to frame me?"

Xue Cong was still putting up a stubborn resistance. "I, Xue Cong, have a clear conscience. If you want to force a confession out of me, then go ahead and try. I will never bow down to evil forces."

Ye Feng could not be bothered to talk nonsense with him.

He directly inserted the silver needles into his xiaoyao, shenshu, and tonggu acupoints.

Zhuang Xiaojiao was confused by his actions.

Didn't this guy want to interrogate him for the mastermind?

Why did he suddenly start to insert the needles into his body?

Did he really think that he could make the other party speak with this method?

Did he really think that he was Granny Rong?

Just as he was puzzled...

Xue Cong's body began to twist as if there were lice on his body.

His face was no longer as calm as before. Instead, it was replaced by a deep fear.

"Ye... Ye Feng, quickly let go of me, I'm so itchy..."

Ye Feng looked at him calmly. "As long as you tell me honestly who instigated you to frame me, I will let you go."

Xue Cong pleaded, "I really don't know what you're talking about. Are you mistaken?"

Ye Feng smiled coldly. He could not be bothered to talk nonsense with him.

At this moment, Xue Cong couldn't help but chuckle.

Then, it got out of hand, and the laughter grew louder and louder.

"Ahahaha... You're tickling me to death, hahaha... I beg you, let go of me. Hahahahaha..."

Zhuang Xiaojiao felt her hair stand on end.

What kind of demonic art was this?

"Ahahahaha..."

Xue Cong's laughter became crazier and crazier. In the end, he laughed until tears and snot flowed down his face.

This scene was both funny and strange.

Zhuang Xiaojiao was infected by his emotions and could not help but laugh.

At this moment, Xue Cong's laughter gradually weakened, and the smile on his face also gradually disappeared.

What replaced it was sadness.

"Wuwuwu... I'm not human, sob, sob, sob... I'm already in my fifties. My wife has divorced me, and my children don't recognize me. What's the point of me living?"

The more he cried, the sadder he became. In the end, he cried until his heart was torn apart.

It was really heartbreaking to hear it and tears to see it.

Zhuang Xiaojiao was speechless.

What was going on?

Just now, he was laughing so hard that he was rolling back and forth. Why was he crying so hard now?

Wasn't this scene too strange?

She quickly turned to look at Ye Feng. What did this guy do? It could actually make a person so neurotic?

However, Ye Feng was currently sitting leisurely on his desk, flipping through an anatomy book.

It was as if he had forgotten that there was another person being interrogated next to him.

Chapter 578 - 578 Confession

578 Confession

Xue Cong burst into laughter again after crying bitterly.

Just like that, he was repeatedly tortured between great sorrow and great joy.

After a few times, he finally broke down.

"I said, hahahaha... Can't I say it? Hahaha... Please, spare me, hahahaha..."

Zhuang Xiaojiao was delighted and looked at Ye Feng hurriedly.

She didn't expect this guy's method to actually work.

Looking at the time, it was indeed less than a minute.

This guy always brought her unexpected surprises.

This time, she was not disappointed.

Only then did Ye Feng put down his book. He turned to look at Xue Cong. "Why didn't you cooperate earlier? Why do you have to suffer this?"

As he spoke, he removed the silver needles.

Xue Cong's face was covered in snot and tears, and he looked extremely miserable.

Due to his emotional fluctuations, he took a long time to calm down.

Ye Feng looked at the time and urged impatiently. "Alright, stop wasting time, tell me everything you know."

At the same time, he gave Zhuang Xiaojiao a look.

Zhuang Xiaojiao immediately took out her phone and started recording.

Xue Cong's psychological defense had completely collapsed, so he could only confess honestly.

"This afternoon, the emergency room did send a corpse. They said that he was in a fight and died from serious injuries. But after checking, I found that the wounds on this person's body are very strange."

Ye Feng immediately asked: "What's strange?"

As Xue Cong recalled, he answered, "There are two main types of injuries on this person's body. The first is the injury on his right wrist and right thigh. It seems to have been broken by someone with great force. The fracture is uneven, but it's not fatal..."

Ye Feng raised his eyebrows. "What about the second option?"

Xue Cong sorted out his words and continued, "The second one is from the left leg. From the looks of it, the leg bone was broken by something like a baseball bat, but that's not the fatal cause..."

When Ye Feng heard this, he started to suspect something.

When he was dealing with the people from the Chaoxin Gang, he was barehanded. Where did he get a baseball bat?

However, when he heard Xue Cong say that this was not a fatal reason, he became even more curious.

“Continue.”

“What really killed him was suffocation. I checked his eyes and lungs and found that he died of suffocation.”

Xue Cong revealed a hint of fear as he said this. “Also, we found blood from other people on the victim’s teeth. The victim’s mouth and nose should have been covered. When he struggled, he bit through the other party’s finger...”

Zhuang Xiaojiao was so excited that her hands started to shake.

This was enough to prove that Ye Feng had nothing to do with the cause of death.

The murderer was obviously someone else.

Ye Feng was not agitated. He looked at him expressionlessly. "Continue."

Xue Cong did not dare to hide anything and could only continue. "I was about to write these doubts into the appraisal report when someone suddenly found me. He asked me to produce a fake appraisal report and gave me 1 million yuan as a reward. I rejected it at first..."

Ye Feng interrupted his explanation. "What kind of report did he ask you to produce?"

Xue Cong could only answer, "He... He wanted me to point the cause of death to a person called Ye Feng. Actually, I knew that it wasn't a fatal injury. But he gave me 1 million and even threatened me that if I didn't do as he said, he would take my life..."

Ye Feng interrupted him again. "Who are you referring to when you say 'him'?"

Xue Cong hesitated for a moment before finally saying a name. "Wang Hongda."

Ye Feng turned to look at Zhuang Xiaojiao. "Have you heard of this name?"

Zhuang Xiaojiao shook her head. "No."

Xue Cong spoke again, "This Wang Hongda is a small leader of the Chaoxin Gang. He is very trusted by Mr. Gao..."

Ye Feng heard this and came to a realization.

So he was a lackey of the Chaoxin Gang?

No wonder.

Xue Cong spoke again, "That's all I know. Can you let me go? I can give you all that money. Please don't report me. I don't want to lose my job or go to jail."

Ye Feng patted his shoulder. "Don't worry, I am very satisfied with your answer. As long as you can testify for me, I will not make things difficult for you."

Xue Cong nodded hurriedly. "Of course, of course."

However, he was sneering in his heart. What an idiot.

Did he really think that he would offend the Chaoxin Gang for him?

When the time comes, he would just bite back and say that he was coerced by him to say those words.

When the time came, he wouldn't even have a place to cry.

Haha, he wanted to fight him? He was still too inexperienced!

Chapter 579 - 579 Your Poison Hasn't Expired Yet, Right?

579 Your Poison Hasn't Expired Yet, Right?

Zhuang Xiaojiao also realized this, she quickly whispered into Ye Feng's ear, "What if he turns around and bites us?"

Ye Feng looked at Xue Cong and said loudly: "Are you afraid that Doctor Xue will bite back? But I believe in Doctor Xue's character. He definitely won't do that. Right, Doctor Xue?"

Xue Cong quickly nodded. "That's right. Since I've already admitted it, why would I bite back? Definitely not."

Zhuang Xiaojiao looked at Ye Feng speechlessly. Was this guy really stupid, or was he just playing dumb?

If Xue Cong could betray her once, he could betray them a second time. How could he believe his words?

At this time, Ye Feng said slowly: "Although I believe in Doctor Xue's character, I don't believe in his heart, so it's better to be on guard."

As he spoke, he took out a white pill from his pocket and walked over to Xue Cong.

Xue Cong's expression changed. "What is this? You... What are you doing?"

Ye Feng did not give him the chance to talk nonsense. He opened his mouth and threw the pill in.

When the pill entered his mouth, it had a hint of sweetness and was quite delicious.

Xue Cong did not have the time to savor the taste and quickly looked at Ye Feng. "What did you feed me?"

Ye Feng had an annoying smile on his face. "This is my exclusive Seven Day Soul Severing Pill. If you do not get the antidote after seven days, you will bleed to death."

Zhuang Xiaojiao widened her eyes in shock. "There's such a miraculous poison?"

After Xue Cong heard this, he sneered. "It's fine if you're trying to scare people who don't know medicine with such a small trick? I've been a doctor for decades, but I've never heard of this poison. Are you trying to scare me? Dream on."

The corner of Ye Feng's mouth curled up slightly. "You haven't heard of it, it only means that you are ignorant. If you don't believe me, you can try holding your breath."

Xue Cong saw how mysterious his words were and immediately held his breath.

Immediately after, he felt a piercing pain in his abdomen as if he was being pricked by needles. A layer of cold sweat immediately appeared on his back.

"This... What's going on?"

He looked at Ye Feng blankly as if he had seen a ghost.

Ye Feng had a sinister smile on his face. "Do you feel an unbearable pain in your abdomen? This was the effect of the Seven Day Soul Severing Pill. If you do not get the antidote after seven days, the pain will be ten thousand times worse than this."

Xue Cong's face was pale with fright. "What do you want? I've already told you everything I know. Please give me the antidote."

Ye Feng put his hands in his pockets. "Don't worry, what good will it do me if you die? As long as you testify for me and prove that I'm innocent, I'll naturally give you the antidote."

Xue Cong didn't dare to play any tricks at this moment. He nodded hurriedly. "I'll testify for you. I'll definitely testify for you."

Ye Feng's smile returned. "That's right, our lives are tied together now. If I die, you will die too. With Doctor Xue's intelligence, he will be able to figure it out."

He nodded at Zhuang Xiaojiao. "Let's go."

The two of them had already walked to the door when they heard Xue Cong asking worriedly, "Your poison hasn't expired, right? Can it really last for seven days? Don't act up early..."

"Don't worry, seven days is seven days. Not a day more, not a day less."

Ye Feng waved at him without looking back, pushing the door open and leaving.

..

After leaving the hospital, Zhuang Xiaojiao called someone and got the exact location of Wang Hongda five minutes later.

Ye Feng could not help but have a new understanding of the power behind this girl.

After Wang Hongda did this, he would definitely find an extremely secluded place to hide. He would only come out after the storm died down.

However, Zhuang Xiaojiao managed to dig out the other party's hiding spot in less than five minutes.

This amount of energy was truly frightening.

Even if he asked Zhao Fulin for help, he wouldn't be able to do it in such a short time.

However, he did not ask about her background. Everyone had their own secrets.

Since the other party did not take the initiative to tell him, it was definitely not convenient for him to know. There was no need to get to the bottom of the matter.

After Zhuang Xiaojiao told him Wang Hongda's address, she looked at him with a fawning expression. "That... Can you give me one of that Seven Days Pill you gave me just now?"

Ye Feng immediately looked at her warily. "What do you want to do?"

Zhuang Xiaojiao giggled. "I just thought it was fun, so I decided to study it."

Ye Feng rolled his eyes at her. "Why are you researching poison for no reason? Who do you want to harm?"

Zhuang Xiaojiao's eyes flashed with a crafty look. "I want to give my grandfather one to make him agree to a request of mine."

Ye Feng could not help but shiver. "What a crazy woman. You won't even let your grandfather off?"

Zhuang Xiaojiao tugged at his arm and shook him. "Just give me one pill. You have the antidote anyway. It won't kill him. I helped you so much today, can't you show some gratitude?"

Ye Feng had no choice but to take out a snow-white pill from his pocket.

Zhuang Xiaojiao immediately snatched it away. She pinched it and sniffed it. "Why does it seem like... Candy pills?"

Ye Feng held back his laughter. "Won't you know once you try it?"

Zhuang Xiaojiao shook her head in a panic. "I don't want to eat it. What if you don't give me the antidote and force me to do some dirty things..."

Ye Feng immediately rolled his eyes. "Your imagination is really big. Am I that evil?"

Zhuang Xiaojiao glanced at him in disdain. "It seems like you don't know yourself well enough."

Ye Feng revealed a wicked smile. "Since you said that I am evil, then I will show you how evil I am."

As he spoke, he snatched the pill from her hand and threw it into her mouth.

The pill melted in her mouth.

Before Zhuang Xiaojiao could spit it out, she had already swallowed it. She was so scared that her face turned pale.

"Ye Feng, are you crazy? Quickly give me the antidote..."

Ye Feng saw her embarrassed expression. He was immediately tickled until he staggered back and forth.

Zhuang Xiaojiao was so angry that she was about to cry. "You're still laughing? Hurry up and give me the antidote."

Ye Feng shrugged. "I don't have the antidote."

Zhuang Xiaojiao glared at him with red eyes. "How can you not have the antidote? You clearly told Xue Cong that you have the antidote."

Ye Feng touched his nose. "I lied to him."

Zhuang Xiaojiao was stunned. "What do you mean?"

Ye Feng could only tell the truth. "Actually, it's not poison, it's just an ordinary sugar pill."

Zhuang Xiaojiao was stunned. "Candy pills? But... Why did he feel pain when he held his breath?"

Ye Feng smiled and explained, "Because when I used the silver needles to pierce his acupuncture points, I did something to it. As long as he holds his breath, those two acupuncture points will hurt. It will last for a few days before dissipating."

Chapter 580 - 580 Come, I'll Help You Pinch

580 Come, I'll Help You Pinch

Zhuang Xiaojiao stared at him blankly. "Aren't you afraid that Xue Cong will see through your tricks?"

Ye Feng smiled confidently. "Different professions are like different mountains. How can forensic doctors like them who specialize in anatomy know these things? Not to mention him, even an old Chinese doctor might not be able to see through my technique."

Zhuang Xiaojiao was completely speechless and did not know what to say.

She didn't expect that even her smart brain would be fooled by this guy.

That Xue Cong was so stupid that he definitely wouldn't be able to see through him.

"Alright, let's not dwell on this anymore. It's time for us to find Wang Hongda."

Ye Feng did not say anything else and started the car.

According to Zhuang Xiaojiao's information, Wang Hongda was currently hiding in one of Gao Junming's villas in the suburbs.

When the two of them arrived at the villa, the sky was already dark.

The two of them sneaked to the front of the villa and found that the door was tightly shut. They could not see what was going on inside.

Zhuang Xiaojiao hurriedly lowered her voice and asked, "What do we do now?"

Ye Feng pointed at the wall beside them. "Let's climb over the wall."

Zhuang Xiaojiao looked in the direction of his finger and saw that the wall was three meters tall. She was dumbfounded. "It's so high. How can we get in?"

Ye Feng did not say anything else. He took a few steps back, then quickly rushed forward. His toes tapped on the wall twice, and he jumped onto the three-meter tall wall.

Zhuang Xiaojiao's mouth was so wide open that she could almost swallow an egg.

"Jumping on roofs and walls?"

Ye Feng did not have the time to talk to her. He took off his coat and hung it down toward her. "Hold on tight."

Zhuang Xiaojiao grabbed her coat tightly.

Ye Feng pulled her up forcefully.

Zhuang Xiaojiao sat on top of the wall and was extremely excited. "Wahaha, this is so fun."

Ye Feng hurriedly covered her mouth. "Young miss, we are thieves, we are not here to play."

Then, he jumped down first.

He landed lightly without making a sound.

Then, he opened his arms and looked up at Zhuang Xiaojiao. "Jump down. I'll catch you."

Zhuang Xiaojiao was a little scared. "I don't dare..."

Ye Feng could not help but roll his eyes. "Aren't you quite bold? Why are you afraid now?"

Zhuang Xiaojiao flinched. "It's so high. How am I supposed to jump?"

Ye Feng waited for a long time. He was getting impatient. "Then you can stay up there, I'll leave first."

With that, he turned around and walked away.

"I'll jump, okay?"

After Zhuang Xiaojiao finished speaking, she jumped down.

Ye Feng did not expect that she, who was scared to death just now, would suddenly jump down.

In his haste, he hurriedly reached out to receive her.

As he was not sure of her position, he only felt his vision turn black and the two of them fell straight to the ground.

"Ah, it hurts..."

Ye Feng quickly covered her mouth. "Lower your voice, don't let the people inside hear you."

Zhuang Xiaojiao pried his hands away from her chest in disgust. "I already said I'm not going to jump, but you insisted. I jumped, but you couldn't catch me. Liar, it hurts..."

Zhuang Xiaojiao grabbed his hand and immediately bit it.

Ye Feng grimaced in pain, but he did not dare to make a sound.

He knew that he had made a fatal mistake. He should not have agreed to bring her here.

Women were troublesome!

At this moment, they suddenly heard a man's voice from inside. "What's that sound outside?"

Ye Feng was shocked. He quickly covered Zhuang Xiaojiao's mouth again.

She was obviously aware of the danger and did not dare to make any more noise.

Then, they heard a woman's coquettish voice. "What sound? Aren't you being too sensitive?"

"Only sensitive people can live a long life. I'll go out and take a look."

Soon, a bare-chested man in big pants walked out with a flashlight.

Ye Feng hurriedly pressed Zhuang Xiaojiao into the grass. His body also naturally pressed onto her.

Zhuang Xiaojiao instinctively wanted to push him away.

At this moment, the beam of the flashlight shone in their direction.

She was so frightened that she quickly stopped resisting.

The two of them looked at each other and could feel each other's breathing.

Zhuang Xiaojiao had never experienced such a wonderful feeling before.

Her heart immediately began to beat wildly.

The man patrolled outside for a long time. In the end, he didn't see anything unusual, so he turned around and walked back.

Ye Feng heaved a sigh of relief. "It's fine."

He looked down at Zhuang Xiaojiao.

Although it was already late, he could still see her shy face through the light from the window.

Feeling the softness of her body, his heart began to beat faster, and his breathing became heavy.

He lowered his head involuntarily.

Zhuang Xiaojiao widened her eyes as she watched the man approach her.

In addition to panic, there was actually a faint trace of anticipation in her heart.

However, she felt that something was wrong.

Weren't they here to be thieves? Why did they suddenly become ambiguous?
