

## **100 Million 601**

### Chapter 601 - 601 Became an Abandoned Child

Xu Changming's words were very clear.

No matter how powerful the Ye family was, it was not as powerful as the law.

Since he had already seriously violated the law, he would not tolerate it.

These words were in line with Yi Jianye's style of doing things. Now that he had instructions from his superiors, it was like giving him a sword, giving him the confidence to kill in all directions.

"Immediately give the order to arrest Ye Chengze!"

Hearing his order, everyone stood up straight.

They didn't believe that this ambitious leader would just catch Ye Chengze and settle the matter.

Apart from the Ye family, the other evil forces in Yang Cheng would also be dealt with.

There would probably be a huge earthquake in Yang Cheng.

..

The mission that Ye Feng gave to Zhao Fulin and the others last night was very simple.

He wanted them to stall Ye Chengze no matter what.

As long as they could hold him back and prevent him from escaping in advance, their mission would be completed.

That was why they pretended to surrender today and turned a blind eye to Lu Xiaoya and the others' pleas for help.

It was only at this moment that their 'true colors' were revealed.

Both sides were at daggers drawn, and a chaotic battle could erupt at any moment.

Everyone held their breath and watched the situation nervously.

Ye Chengze had lost his mind and was like a wild beast staring at Zhao Fulin and the others.

“Since you want to die, I’ll fulfill your wish.”

As he spoke, he waved his hand to signal for the bodyguards to rush forward and clear the way.

At this moment, a dignified voice suddenly sounded.

“Chengze, what are you doing?”

This voice was like a bucket of cold water, immediately waking Ye Chengze up.

Everyone looked up and saw a white-haired old man walking over with a dragon-headed walking stick.

This person was the current head of the Ye family, Ye Tianhua, and also Ye Chengze’s father.

When Ye Chengze saw his father, he seemed to have found his backbone. “Dad, save me...”

Ye Tianhua walked slowly to him and slapped him. “B\*stard, how many despicable things have you done behind my back?”

Ye Chengze hurriedly grabbed his arm as if he was holding onto a life-saving straw. "Dad, there's no time to explain now. I have to go abroad now. Please help me arrange it quickly."

When Ye Tianhua heard this, he immediately raised his walking stick and slapped him in the face. "What nonsense are you talking about?"

Ye Chengze's cheeks swelled up and blood flowed out of his mouth. "Dad, I don't want to die. If I stay, I'll die. Please help me escape."

Ye Tianhua wished he could give him another crutch.

His son was usually quite smart, but now he actually said such stupid words.

If it was a few days ago, he might have had a chance to escape.

But now, even Xu Changming, the higher-up, had said that they would deal with this matter seriously.

How could he escape?

Even if he could escape, could the Ye family still escape?

At that time, the entire Ye family would probably be buried with him.

Ye Tianhua let out a long sigh. "Chengze, stop struggling. Surrender yourself."

Ye Chengze was so frightened that he knelt on the ground and cried bitterly. "Dad, please save me. If I turn myself in, I'll only die..."

Tianhua Ye's expression was cold. "I'm the head of the Ye family. I have to consider the entire Ye family. If you don't turn yourself in, our Ye family will be implicated by you."

Ye Chengze's heart turned cold and he sat on the ground.

He knew that he had already become an abandoned child of the Ye family.

All the grand ambitions he had previously fantasized about had become a dream.

Now that he was awake, he had to face the cruel reality.

All of this was because he was jealous and wanted to kill Ye Feng.

In the end, not only did the other party not die, but he also sacrificed himself.

What he was about to face was legal punishment.

At this moment, a group of fully-armed officers rushed into the hall.

“Ye Chengze, you are suspected of participating in a murder case.”

When Ye Chengze was handcuffed, many people still could not believe it.

Young Master Ye, who was in high spirits just a moment ago, had become a prisoner in the blink of an eye?

Wasn't this turn of events too sudden?

“What is going on? Do any of you understand?”

“Don't you understand? Ye Chengze wanted to frame Ye Feng, but in the end, he threw himself into it. He shot himself in the foot.”

“This Ye Feng is really a cockroach that can’t be killed, Niu Sidun died because of him, and now even Ye Chengze died in his hands. He is simply a killer.”

“The Ye family will probably suffer a huge blow this time.”

“In that case, wouldn’t Ye Feng be stepping on the Ye family to get to the top? Then, by attending Ye Chengze’s banquet today, wouldn’t we have indirectly offended him?”

After this person’s reminder, everyone present finally reacted, and their expressions changed drastically.

The Ye family’s decline was already a foregone conclusion.

And Ye Feng would be the direct beneficiary of this reshuffle. He would definitely rise up in Yang Cheng.

They came to Ye Chengze’s ‘celebration banquet’ today. Wasn’t it obvious that they were going against Ye Feng?

After Ye Feng dealt with Ye family, would he let them off?

Thinking of this, everyone was in a constant state of panic.

Ye Chengze had already been taken away by the police, and Ye Tianhua had also been taken away to assist in the investigation.

As for Wei Changfeng, he had already slipped away before the official came.

The Ye family was like a bomb now, and everyone was avoiding them.

As for Liu Yunpeng, his feelings were extremely complicated.

Just now, he had tried every means to stop his daughter from participating in this matter. He had never expected that his daughter would actually benefit from this disaster after participating.

If his daughter had such a relationship with Ye Feng, the Liu family would definitely benefit from it.

Zhao Fulin and the others smiled and started chatting.

At this moment, Lu Xiaoya walked over angrily. "You guys are so annoying. You even acted so heartless just now. I thought you were really going to leave us in the lurch."

Zhao Fulin held back his laughter. "Don't blame us, if you want to blame someone, blame Ye Feng. He was the one who told us to act more realistically and not give ourselves away."

Luo Jingyuan also nodded, "I can testify that it was all Ye Feng's arrangement. Even if you want to settle the score, you should go to him."

Chen Qiushan wiped his hair. "That's right. I'm such a handsome man, yet you want me to play the villain? Isn't this forcing me?"

Hu Renyu couldn't help but mock him. "I think you're quite good at acting as a traitor. You should be acting as yourself, right?"

Chen Qiushan gave him a punch. "F\*ck you. You're the one who's acting."

The few of them immediately burst into laughter. The atmosphere was extremely relaxed.

Chapter 602 - 602 Maybe This Is Another Way

With the development of modern communication, the speed at which news spread was extremely fast.

The news that Ye Chengze had just been taken away by the people from the office of a conscription immediately caused a sensation in the upper-class circles of Yang Cheng.

Far away in Yanjing.

Old Master Zhao was drinking tea with an old comrade who used to live in the red wall and had now retired.

When he heard this news, he immediately raised his head and laughed loudly.

The old comrade who used to be in a high position looked at him in confusion. "Old Zhao, what's wrong with you all of a sudden?"

Old Master Zhao still had a smile on his face. "A junior was framed just now..."

When the old comrade heard this, he was a little stunned. "He was framed, and you're still smiling? Do you need my help?"

Old Master Zhao shook his head. "There's no need. He's already freed himself and sent the person who framed him to prison."

The old comrade's interest was piqued. "What exactly happened? Tell me about it."

Old Master Zhao calmly told his old comrade how Ye Chengze framed Ye Feng, and how Ye Feng escaped step by step and killed him.

After the old man heard this, he couldn't help but clap his hands and laugh. "What a sly little guy. It's rare for him to have such wisdom at such a young age!"

Old Master Zhao nodded. "This young man is the most outstanding one I've ever seen among the younger generation."

The old man looked at him enviously. "It's really enviable that the Zhao family can produce such a young talent."

When Old Master Zhao heard his words, he immediately revealed a trace of bitterness. "If my Zhao family can produce such a genius, even if I die immediately, it will be worth it."

The old man was stunned. "Isn't this young man from your Zhao family?"

Old Master Zhao couldn't help but sigh. "This kid's family is poor. He built his family business from scratch."

The old man was completely stunned. "Old Zhao, are you joking? A young man who started from scratch can actually have such achievements?"

Old Master Zhao couldn't help but laugh. "I had the same expression when I first heard about it. This kid... He is simply a monster and cannot be measured with common sense."

The old man had a strong interest on his face. "If there's a chance, I really want to meet this young man."

Old Master Zhao did not say anything else. He was happy for Ye Feng.

If he could really enter the eyes of his old comrade, it would only be good for him.

..

Meanwhile, in a luxurious villa in Yang Cheng.

After Wei Changfeng returned home, he immediately began to pack his luggage.

His wife, Lei Chunfang, followed him in. "Changfeng, didn't you go to Ye Chengze's banquet? What's going on?"

She and her husband had been married for so many years, but she had never seen him so flustered.

Wei Changfeng said without turning his head, "Don't ask so many questions. Hurry up and pack your things. We'll go abroad immediately."

Lei Chunfang was shocked by his words. "Going abroad? Why are we leaving the country for no reason? What happened?"

Wei Changfeng looked at her solemnly. "The Ye family is finished. Ye Chengze has also been arrested. If we don't want to be implicated, we have to leave immediately."

Lei Chunfang was even more confused. "The Ye family is finished? What does it have to do with us?"

Wei Changfeng patiently explained, "Because the one who killed the Ye family was Ye Feng. I offended him before. When he gains power, will he spare me?"

When Lei Chunfang heard his explanation, she panicked. "Then... Even if we want to escape, we have to transfer our assets first, right? Otherwise, how are we going to survive overseas?"

Wei Changfeng was a little anxious. "It's too late. When Ye Feng is free, we won't be able to leave even if we want to."

"Fortunately, I've invested in some industries overseas. Although they can't compare to those in China, they won't starve us to death."

Lei Chunfang looked at her luxurious villa and sat on the ground. "I'm not leaving. I can't take such a good life. I don't want to go abroad and live a life of exile."

Wei Changfeng was instantly enraged. "It's not up to you whether you want to or not. If you don't leave, staying here will only lead to death."

Lei Chunfang hurriedly hugged his leg, "Changfeng, let's go and beg Ye Feng. As long as we show enough sincerity, maybe he won't kill us?"

Wei Changfeng lowered his head and glared at her unhappily.

But then, his eyes stared straight ahead.

His wife was wearing a white nightgown with ice silk straps.

Under the pajamas, her two round peaks were also white and eye-catching.

Although he was outside with colorful flags fluttering, he had to admit that this wife of his was very charming.

At the same time, he thought about how Zhao Fulin and the others teased him at the banquet, saying that he was hugging Ye Chengze's thigh because of his wife.

This... Perhaps it was also a path.

The scene of Xia Qiu, Lu Xiaoya, Liu Ling, and Chen Xuan pleading for Ye Feng's life was still vivid in his mind.

These few girls were definitely worthy of being called national beauties.

From this, it could be seen that Ye Feng was a lecherous person.

Especially his wife, who was a middle-aged woman. She was extremely attractive to young people like him.

If he allowed his wife to climb into his bed, he might really let him live.

For a person like Wei Changfeng, he would do anything to achieve his goals.

As long as he could protect his own business, sacrificing a woman was nothing to him.

It was only his mother who died early. Otherwise, even his mother would have gone out.

Thinking of this, he immediately helped his wife up. "Actually, it is not impossible to calm Ye Feng's anger. However... I might need your help."

Lei Chunfang hurriedly looked at him. "What can I do to help? Hurry up and say it. I'll definitely help if I can."

Wei Changfeng immediately leaned close to her ear and whispered a few words.

After Lei Chunfang heard this, she was immediately embarrassed and angry. She swung her hand and slapped him.

"Wei Changfeng, are you still human? You want your wife to do that with another man?!"

"You're simply an animal."

Chapter 603 - 603 You're Not A Man

Wei Changfeng touched his burning cheeks and stared at his wife.

"Then do you want to be a beast or a homeless wild dog?"

"If we don't do this, Ye Feng won't let us go. We can only wander around like a stray dog."

Lei Chunfang looked at him blankly and was speechless for a moment.

After a long while, she spoke again. "Is there no other way? You have to let me and him..."

Wei Changfeng shook his head. "If you want to please a person, you have to grasp his weakness and use it for yourself."

"I have studied Ye Feng carefully. Other than being a little lecherous, he has no weaknesses."

"Therefore, we have no other choice but to use a honey trap."

"But..."

Lei Chunfang was very conflicted now.

She was already used to living a life of luxury, so she naturally could not let go of this glory and wealth.

However, as Wei Changfeng's wife, she had a certain status in the circle of madams in the upper class of Yang Cheng.

Now, if she were to sell her body like a prostitute to please a man, she would not be able to pass the barrier in her heart.

Seeing that she was still hesitating, Wei Changfeng could only sigh. "Since you don't agree, then forget it."

"I've already booked the plane tickets. Let's hurry up and pack our things and leave the country immediately."

Lei Chunfang's last bit of bottom line finally collapsed. "I agree, okay? I don't want any dignity anymore. I'll go accompany him... Are you satisfied now?"

Wei Changfeng immediately beamed. "That's right. Didn't you always say that I'm useless?"

"Now that I'm looking for a young and handsome man for you, what are you hesitating about?"

Lei Chunfang glared at him hatefully. "You're not a man!"

"Mr. Wei, you actually let your wife sleep with another man and cuckolded yourself. I feel disgusted for you."

Although Wei Changfeng heard her harsh words, he was finally relieved.

With his wife's looks and temperament, as long as she was willing to lower her status to seduce a man...

He did not believe that any man could resist it.

As long as he could successfully pass this tribulation, he would slowly accumulate his strength and wait for the right opportunity.

One day, he would wash away all this humiliation.

..

The Liu family of Yang Cheng.

After Liu Ling was brought back by her father, she was treated like a little ancestor.

The core members of the Liu family surrounded her with fawning expressions.

Liu Ling had never suffered such treatment before. She felt as if she was sitting on pins and needles. "Why are you guys looking at me like that?"

Liu Yunpeng rubbed his hands. "Daughter, the future and fate of our Liu family depends on you."

The others nodded in agreement.

Liu Ling suddenly felt her heart thump. “Dad, are you joking? How can I bear such a heavy burden? You’d better find someone else.”

With that, she got up and was about to leave.

But Liu Yunpeng pushed her back to her seat. “Daughter, Dad almost chose the wrong side this time. Luckily you stood up for Ye Feng today. You saved our Liu family’s life.”

Liu Ling scratched her head. “Is it that exaggerated?”

Liu Yunpeng saw that she had not realized the seriousness of the matter and hurriedly explained to her.

“After this incident, Ye family’s strength will definitely suffer a huge blow, and Ye Feng will rise up. At that time, do you think he will settle the score with those who sided with Ye Chengze today?”

Liu Ling heard her father’s analysis and seemed to understand a little, but she also didn’t quite understand. “What does that have to do with me?”

Liu Yunpeng hurriedly grabbed her shoulder. "Of course it has something to do with you. You chose to stand on Ye Feng's side today. That means you have formed a good relationship with him."

"Even if he wants to settle accounts in the future, he will let our Liu family off on account of you."

Liu Ling was still confused. "But I'm not helping him. I just don't want to see Xiao Ya sad..."

Liu Yunpeng interrupted her, "It's all the same, Lu Xiaoya is Ye Feng's woman, and you are helping Ye Feng by helping her."

The more Liu Ling listened, the more confused she became. "Then... What should I do next?"

Liu Yunpeng rolled his eyes and said something that left Liu Ling dumbfounded.

"From now on, you can rely on your relationship with Lu Xiaoya to interact more with Ye Feng."

"If possible... You can sacrifice your looks appropriately."

"As long as you can become Ye Feng's woman, our Liu family will definitely..."

The more Liu Ling listened, the more she felt that something was wrong. She hurriedly asked loudly, "What do you mean by sacrifice? What do you mean by becoming his woman? You want me to..."

She really couldn't bring herself to say the nasty words that followed.

She couldn't believe that these words came from her father's mouth.

He actually relied on his daughter's beauty to maintain his relationship with Ye Feng?

Liu Yunpeng didn't feel ashamed. "You have to think about the big picture. Sacrificing you to save our entire family is a good deal."

"Besides, this isn't considered a sacrifice, right?"

"A young, handsome, and powerful man like Ye Feng, which woman would not like him?"

Before Liu Ling could retort, the others also spoke up.

"Yes, such an excellent man is simply the prince charming that every woman dreams of."

“It’s just that I’m older. If I were a few years younger, it wouldn’t be your turn.”

“Ling Ling, don’t be too selfish. You have to think about our entire family.”

“If you ask me, you can’t wait for Mr. Ye to take the initiative. You have to work hard to seduce him yourself. Otherwise, he might not like you.”

“How many women in Yang Cheng want to climb into Mr. Ye’s bed now? You have such a good opportunity. You must cherish it.”

“The future of our Liu family will be entrusted to you. You must not drop the ball. Otherwise, you will be a sinner of our Liu family...”

Liu Ling felt like her head was about to explode as she listened to them talk one after another.

According to these people, if she did not seduce Ye Feng, she would become the sinner of the family.

Wasn’t this too much of a hat?

Chapter 604 - 604 I'm a Materialist

At the same time, the entire Yang Cheng was talking about Ye Feng and Ye Chengze.

Most people treated it as a topic of conversation after dinner.

But those who attended Ye Chengze's banquet were all in a state of panic. They were worried that Ye Feng would settle the score with them.

However, Ye Feng himself did not know about the undercurrent in Yang Cheng.

At this moment, he was being accompanied by Yi Jianye and a group of leaders as they walked out of the office.

"Mr. Ye, I'm really sorry. This is all a misunderstanding. I hope you don't take it to heart."

Yi Jianye walked beside Ye Feng with a trace of shame on his face.

The first big case he handled after taking office almost turned into a false case, which made him very ashamed.

However, Ye Feng waved his hand generously. "Mr. Yi, please don't say that. I am extremely grateful that you were able to enforce the law impartially and clear my name."

When Yi Jianye heard his words, he couldn't help but reevaluate the young man in front of him.

Generally speaking, a young man like Ye Feng, who had achieved success at a young age and suffered such grievances, would definitely not forgive him and would unleash a thunderous attack.

Unexpectedly, he only waved his hand generously and did not take it to heart at all.

No wonder he could build such a foundation at such a young age.

Yi Jianye couldn't help but think more highly of this young man. "Mr. Ye, Shu Mingcheng and the others took the initiative to turn themselves in today. It should be your doing, right?"

Ye Feng immediately laughed. "You said it yourself, I will not admit it."

Seeing his expression, Yi Jianye became even more determined in his thoughts.

He was still puzzled. Why did those people take the initiative to surrender?

Now, it seemed that it was all Mr. Ye's doing.

However, he couldn't be bothered to delve into this matter. No matter what methods the other party used, the result was good.

This also allowed him to have a better evaluation of Ye Feng's strength.

It seemed that it was not a coincidence that Mr. Xiao Ye could succeed!

Just as they walked out of the office, they saw Ye Chengze being escorted over by a few officers.

When he saw Ye Feng, he immediately went mad, and he was about to rush over. "Ye Feng, I will kill you..."

Fortunately, a few officials at the side immediately controlled him. "Be obedient."

Ye Feng faced Ye Chengze's madness, and he was still very calm, like he was looking at a mad dog.

"Justice may be late, but it will never be absent. Those who harm others will eventually harm themselves..."

Ye Chengze gritted his teeth. "Even if I become a ghost, I won't let you off."

Ye Feng's lips curled up. "I am a materialist. Your threat is meaningless to me."

Without giving Ye Chengze a chance to speak again, a few guards had already escorted him in.

Ye Feng stretched lazily and took a deep breath, “The air outside is so sweet, but some people can no longer smell it.”

Ye Chengze, who had already been taken in, almost turned around and rushed out.

This b\*stard’s words were too infuriating.

However, when he thought of the misfortune he was about to face, he fell into despair again.

One welcomed the light, while the other walked toward the darkness. This was the fate of the two people.

At the same time, a few luxury cars quickly drove over and stopped at the entrance of the office.

The car door opened, and Zhao Fulin, Chen Xuan, and the others quickly got out of the car.

“Xiao Feng!”

When Chen Xuan saw Ye Feng, she quickly threw herself into her boyfriend's embrace like a little woman. She no longer had the queen's aura that she had at the banquet.

Lu Xiaoya and Xia Qiu were about to rush up, but they could only awkwardly stop.

Ye Feng hugged Chen Xuan and comforted her in a low voice: "Why are you crying? Aren't I fine now?"

Chen Xuan raised her head, tears already flowing down her face. "Promise me that you won't make me worry anymore."

Ye Feng wiped away her tears. "Alright, I promise you."

Chen Xuan pressed her face against his chest and hugged his waist tightly with both hands, as if she was afraid that he would leave her if she let go.

Zhao Fulin couldn't help but cough, "I said that you two are almost there. Can't you see that there are people here? There's a limit to how much dog food you can show."

Chen Xuan blushed. She quickly released Ye Feng and hid behind him.

Ye Feng looked at him calmly. "It's been hard on you for today."

“You still have the nerve to say that?” Zhao Fulin said angrily. “This stupid idea of yours caused me to be scolded by Xiao Ya.”

Ye Feng glanced at Lu Xiaoya beside him, “Really? You know how to scold people?”

Lu Xiaoya was a little embarrassed. “I was in a hurry, so... Who asked them not to tell me in advance? I thought they would really leave me in the lurch...”

Zhao Fulin immediately cried out: “It was Ye Feng who told us to make it look real and not to leak the news in advance. How can you blame us?”

Luo Jingyuan, Chen Qiushan, and Hu Renyu also nodded as witnesses.

Ye Feng quickly apologized: “Alright, it’s my fault, alright? I’ll treat you to a meal later as an apology.”

Zhao Fulin was satisfied. “That’s more like it. I’ll definitely rip you off today...”

Before he could finish, Luo Jingyuan suddenly interrupted, “I’m afraid I can’t today. I have something to do at home, so I have to rush back.”

Chen Qiushan nodded as well. "Niu Sidun's assets are about to be auctioned off. I have to go back to work."

Hu Renyu also smiled. "The Ye family has suffered a blow this time. It seems that the Hurun Rich List needs to be re-calculated. You know it."

Zhao Fulin looked at them. "What do you mean? It isn't easy for us to seize this opportunity. Why are you leaving if we don't kill this kid?"

Luo Jingyuan glared at him. "You really don't have any sense of judgment."

Saying so, he nodded in the direction of Ye Feng and Chen Xuan.

Zhao Fulin finally understood. The couple was still young and he was a third wheel.

"Haha, it suddenly rang for me too. My toilet seems to be clogged. I have to go back and clear the toilet."

He was a little too deliberate, causing Chen Xuan to blush again.

Disappointment flashed across Lu Xiaoya and Xia Qiu's faces.

“Let’s go too?”

“Yes, alright.”

The two of them didn’t say anything and left with Zhao Fulin.

Chapter 605 - 605 I Like Being Eaten by You

Ye Feng and Chen Xuan found a Western restaurant called ‘Sima’. They chose a table by the window and sat down, ordering a few simple dishes.

The people who were eating in the dining room kept looking over.

Of course, these gazes were mainly focused on Chen Xuan.

She was beautiful to begin with. Coupled with the experience she had gained during this period of time, she already had the aura of a strong woman, which was fatally attractive to men.

As for Ye Feng, when he was taken away by the official in the morning, he was wearing a set of grey home clothes.

After staying in the office for a day, his hair was messy.

His current image was really a little unpresentable.

Moreover, sitting next to a beauty like Chen Xuan, under the contrast of the two sides, it was even more like a toad eating swan meat.

“Sister Xuan, I haven’t seen you for a few days. You seem to have become more beautiful.”

Ye Feng held Chen Xuan’s small hand and praised her sincerely.

Chen Xuan was naturally very happy to be praised by her boyfriend, but she still had an unhappy expression on her face.

“I realized that your mouth has become sweeter after not seeing you for a few days. You must have said this to many other girls, right?”

When she thought of Lu Xiaoya, Xia Qiu, and Miss Liu who stood up for Ye Feng at the banquet, she felt sour in her heart.

Although she knew that her boyfriend was too outstanding, and that there would definitely be girls chasing after him, but when she saw those girls who were as beautiful as her and were also loyal to Ye Feng, she felt an unprecedented sense of danger.

Ye Feng immediately cried out in injustice: "I have only ever said such words to you, if I were to lie, I would be in deep trouble..."

Before he could say the word 'die', he was blocked by Chen Xuan's slender fingers.

"If there's nothing, then there's nothing. Why did you make such a vow?"

"I was afraid that you wouldn't believe me."

Ye Feng revealed a wicked smile. He sucked on her finger.

Chen Xuan hurriedly retracted her hand and looked around guiltily. "Do you want to die? There are so many people, you..."

Ye Feng did not mind. "So what if there are too many people? I'm flirting with my girlfriend. What can others do?"

However, he still felt countless sharp gazes on him.

Obviously, that ambiguous action just now had angered everyone.

If looks could kill, he would probably have been cut into pieces by now.

Just as the two of them were eating, Ye Feng suddenly noticed that there was a man not far away, holding a camera in his hand and taking pictures of them.

His expression immediately darkened and he was about to stand up to stop him.

Before he could make a move, the man had already taken the initiative to walk over.

“Hello, Miss. Can I get to know you?”

The man ignored his existence and walked straight to Chen Xuan, taking the initiative to reach out his hand.

Chen Xuan was stunned for a moment, but she did not shake his hand. “What’s the matter?”

The man hurriedly took out a business card. “Hello, I’m a talent scout from Xing Hai Pictures. My name is Song Kang.”

“When I came in just now, I was immediately attracted by your temperament. I wonder if you’re interested in developing into the film and television industry?”

Chen Xuan didn't accept the business card. She shook her head and refused, "I'm sorry, I'm not interested."

When Song Kang heard this, he was stunned.

According to his past experience, most girls would be very interested after hearing his words. At the very least, they would exchange contact information.

After all, the film and television industry was so glamorous and beautiful. It was a place that many girls yearned for.

However, it was rare to see someone reject him so directly like Chen Xuan.

"Miss, are you really not going to consider it? With my many years of experience, I can judge that your potential is extremely great. As long as you are packaged a little, you will definitely become famous..."

Before he could finish, Ye Feng could not stand it anymore. "Don't you understand human language? My girlfriend has already rejected you. Are you done?"

Song Kang looked at him suspiciously. "Are you her boyfriend?"

His expression seemed to be saying, 'Do you think you're worthy?'

Ye Feng could not be bothered to waste his breath on him. "You can go somewhere else. Don't disturb our meal."

Song Kang was still unwilling to give up. "If you're really this lady's boyfriend, I think you should persuade her. This is a once-in-a-lifetime opportunity."

"As long as it is operated properly, money, fame, and fortune will be at your fingertips..."

"Get lost!"

Ye Feng could not listen to it anymore. He immediately roared.

Song Kang was shocked. "Why are you so rude? I..."

He was about to say something more, but when he met Ye Feng's cold gaze, he swallowed his words.

He didn't dare to say anything else and immediately left dejectedly.

When the guests at the nearby tables saw this scene, they began to talk to each other.

“What a great opportunity to become a big star! This man actually disagreed?”

“I think it’s just his inferiority complex. If his girlfriend became a celebrity, she would definitely dump him.”

“Isn’t this person too selfish? For his own possessiveness, he actually sacrificed his girlfriend’s future?”

“That’s why when you find a boyfriend in the future, you must keep your eyes open. Otherwise, it’s very scary to find a man with such low self-esteem.”

“Sigh, why did such a beautiful girl find such a man...”

Everyone did not lower their voices, so these words were clearly heard by Ye Feng and Chen Xuan.

“Sister Xuan, looks like I’ve really become a toad eating swan meat in their eyes.”

Ye Feng could not help but smile bitterly at Chen Xuan.

Chen Xuan couldn't help but laugh. "Even if you're really a toad, I still like to be eaten by you."

These words were a little ambiguous. It was hard to imagine that it came from Chen Xuan.

Ye Feng's heart skipped a beat and he immediately grabbed her soft little hand. "Sister Xuan, can you stay with me tonight?"

Chen Xuan blushed and hurriedly lowered her head.

However, she still heard a soft 'hmm' from her nostrils.

This made Ye Feng extremely excited. He wanted to kill her right now.

This little girl had grown more interesting after not seeing her for a few days!

Chapter 606 - 606 A Chance to Change Fate

After Song Kang left Sima Restaurant, he didn't go too far.

He immediately took out his phone and sent the photo of Chen Xuan he had just taken to his boss, Zhou Zhaoping.

With his understanding of his boss's taste, the other party would definitely be tempted.

At the same time, Zhou Zhaoping was in a hotel interviewing two girls who were interested in the entertainment industry.

These two girls were obviously not ignorant newbies. They naturally knew what they were going to face next, but they were still very cooperative.

Zhou Zhaoping asked them to take off their clothes, and they immediately stripped themselves naked.

When they were asked to pose seductively, they immediately began to flirt.

Zhou Zhaoping's mood immediately rose. Just as he was about to take the last step...

The phone suddenly rang with a few beeps.

He turned on his phone and realized that it was a message from one of his scouts. This made him very unhappy and he was about to scold him.

However, when he opened the message, he was stunned.

The girl in the photo sent by the other party was too eye-catching.

Although he was used to seeing all kinds of beautiful women in the entertainment industry, most of them were too ordinary, as if they were carved out of the same mold. There were very few distinct characteristics.

However, this girl's facial features made people's eyes light up.

What attracted him even more was the rare queen-like aura she had. If she were in the entertainment industry, she would definitely be a unique existence.

At the thought of this, he immediately typed a message. [Where did you take it? Did you sign her?]

Song Kang quickly responded, [I took it at Sima Restaurant, but the girl didn't want to enter the entertainment industry.]

When Zhou Zhaoping saw this, he immediately panicked. [Then what are you waiting for? Hurry up and think of a way to sign her. She can name any conditions she wants.]

Song Kang sent over an emoji that didn't know whether to laugh or cry, and then continued, [My lips are about to break, but she just doesn't agree.]

[And her boyfriend swore. If I didn't leave just now, I might have gotten beaten up.]

Zhou Zhaoping couldn't help but curse, [You stay there. If they want to leave, you must stop them. I'll be there soon.]

After saying that, he hurriedly put back on the clothes he had just taken off.

The two naked girls were surprised. "CEO Zhou, aren't you going to watch our performance?"

After Zhou Zhaoping saw Chen Xuan's photo, he was no longer interested in these two mediocre fans. "Let's talk about it when we have time in the future."

With that, he hurriedly pushed open the door and left.

The reason why he was so anxious was because the girl in the photo could very well change his fate.

On the surface, his film and television company was digging and nurturing new stars in the film and television industry. However, they were actually pimping for the big shots in Yang Cheng in exchange for some resources and connections.

He had just found out that Wei Changfeng of Changfeng Real Estate liked cold and elegant women the most.

In the past, he could not even curry favor with a big shot of that level.

However, things were different now. With the girl in the photo, he had a stepping stone and had a high chance of breaking Mr. Wei's door.

With this thought in mind, he could no longer hold back his excitement and had to personally go and lobby.

..

Song Kang waited for more than ten minutes, but Boss Zhou still hadn't arrived.

At this time, he suddenly saw Ye Feng and Chen Xuan standing up to pay the bill, as if they were about to leave. He was anxious.

Boss Zhou had told him not to let the two of them leave no matter what.

He did not have time to think. He immediately rushed into the dining room and snatched the money from Ye Feng.

Ye Feng hugged Chen Xuan's slender waist, planning to go to the hotel after paying the bill.

He did not expect this so-called 'talent scout' to suddenly appear again.

"What do you want?"

He hurriedly shielded Chen Xuan behind him and glared at Song Kang.

Many people in the restaurant had been secretly observing the two of them.

Now that they saw the conflict, they no longer hid it and looked over openly.

Song Kang looked around and hurriedly revealed a smile. "That.." I was a little rash just now, so to apologize, I'll settle the bill for the two of you."

Saying so, he handed Ye Feng's money back.

"No need."

Ye Feng did not appreciate his kindness. After taking the money, he handed it back to the waiter.

Song Kang snatched the bill before the waiter could. "Let me treat you, or I'll feel bad."

As he spoke, he looked outside. Why wasn't Boss Zhou here yet?

Ye Feng had been blocked by him twice. He was already furious.

Chen Xuan hurriedly pulled him back and shook her head slightly, signaling him not to be impulsive.

Ye Feng could only temporarily suppress the anger in his heart. "Alright, then you can pay."

Song Kang returned the money to him and then slowly put his hand into his pocket.

"Let me look for it. Where did I put my money? It doesn't seem to be in this pocket, so it should be in his pants pocket... It's not in the pocket either, so it should be..."

After a full two to three minutes, this guy still hadn't found the money.

Ye Feng could not hold it in anymore, he grabbed his collar. "Are you f\*cking kidding me?"

Song Kang hurriedly put on a fawning expression, “Sir, please calm down and listen to my explanation...”

At this moment, a man’s voice came from behind. “Stop!”

When Song Kang heard this voice, he was instantly delighted. Boss Zhou was finally here.

Zhou Zhaoping rushed over and pulled the two of them apart. “Sir, I’m really sorry. I apologize on his behalf.”

Although he was talking to Ye Feng, his eyes were looking at Chen Xuan who was behind him.

When he saw the other party’s exquisite facial features and cold and noble temperament, he felt a chill coming from the top of his head.

This woman was far more charming than the photo.

It was simply the best of the best!

Chapter 607 - 607 A Million Dollar Sign

Ye Feng saw this middle-aged man who suddenly appeared and asked with a frown, “And who are you?”

Zhou Zhaoping hurriedly took out two business cards and handed them to them.

“I’m the general manager of Xing Hai Pictures Co., Ltd. My name is Zhou Zhaoping. As Song Kang’s leader, I apologize to the two of you for his rude work style.”

His words were very sincere. The anger in Ye Feng’s heart dissipated.

“Alright, we accept your apology. You can leave now.”

However, Zhou Zhaoping obviously did not want to leave just like that. He turned his head and glanced at Chen Xuan.

“This young miss is really charming.”

“It’s not an exaggeration to say that she’s the most unique beauty I’ve ever seen in my life. Tsk, tsk, tsk, she’s really amazing.”

Chen Xuan immediately had goosebumps when she heard his mushy praise. She pulled Ye Feng’s arm.  
“Xiao Feng, let’s go.”

Before Ye Feng could agree, Zhou Zhaoping suddenly stopped them, “Please wait a moment.”

Ye Feng's expression immediately darkened. "Is there anything else?"

It was true that the boss was like the employee. After the employee stopped him, it was now the boss' turn to stop him.

Zhou Zhaoping hurriedly explained.

"Sir, please don't misunderstand. I just love this young lady after seeing her."

"With her looks and temperament, if she enters the entertainment industry, she will definitely become a diva of a generation and even go down in the history of film and television."

"It's just like Marilyn and Scarlet in the West, Zhang Manyu and Gong Lili in our country..."

Ye Feng did not wait for him to finish his sentence before interrupting, "We have already rejected you a few times. We don't want to talk nonsense with you anymore, move aside!"

Zhou Zhaoping did not move aside. Instead, he sized up Ye Feng.

Seeing that he was wearing ordinary clothes and his hair was messy, he was probably a poor man.

He had dealt with this kind of person countless times in the past. He only needed to lure them with benefits, and he would always be successful.

Thinking of this, he spoke again.

“If you sign with Xing Hai Pictures, you will receive a signing fee.”

“For an average rookie, it’s about tens of thousands to hundreds of thousands.”

“If this lady is willing to sign with our company, I’m willing to pay 1 million yuan as a signing fee. How is it? Think about it?”

Even though taking out 1 million dollars made his heart bleed.

However, on second thought, if he could rely on this woman to successfully build a relationship with Wei Changfeng, he would definitely be able to get ten times or even a hundred times the return.

What was this bit of effort?

He believed that the other party would definitely not refuse. This was 1 million yuan. To an ordinary person, it was definitely an astronomical figure.

But to his surprise, Ye Feng only showed a disdainful smile: "1 million?"

He raised his wrist and looked at his watch.

"The second I paused, I made at least a million. And you two b\*stards have already wasted many of my seconds. Can you afford to compensate me?"

When Song Kang heard his words, he immediately laughed mockingly, "You're acting a little too big. You can earn a million in a second? Do you think you're the richest man in Yang Cheng?"

Many people who were eating in the restaurant also laughed.

"Isn't this guy too good at pretending? Earning a million in a second? He's blowing his own trumpet."

"Hahaha, if you could really earn a million yuan in a second, would you come to this place to eat?"

"Does he know what a million yuan means? Bragging."

But there were still some people in the crowd who knew what was good. They stared at the watch that Ye Feng was wearing.

“I don’t think he’s bragging. Look at the watch he’s wearing. Isn’t it Roger Dubuis Excalibur Quintuor? The price of this watch was at least 10 million.”

“What is it? A watch that costs more than 10 million? Isn’t this too exaggerated?”

“Yeah, I’ve never heard of such an expensive watch. Even a Rolex isn’t that expensive, right?”

“Then you are ignorant. This Excalibur Quintuor was polished by Roger Dubuis for seven years before it was invented. It is definitely the crown of watches.”

“Isn’t that a little too exaggerated? Could it be fake?”

“I also think it’s fake. If it’s really a watch worth tens of millions, who would bear to wear it? He must keep it at home.”

“That’s true. Maybe he’s wearing a fake...”

Zhou Zhaoping was also a knowledgeable person. When Ye Feng raised his wrist, he had already noticed the watch.

Because he was very close, he saw it the most clearly.

He was almost certain that this watch was the real Roger Dubius Excalibur Quatu, a watch worth tens of millions.

This discovery made him break out in cold sweat.

He could afford to wear a watch worth tens of millions. Why would he care about his mere 1 million signature fee?

At the very least, as the big boss of a film company, he could not afford to wear such an expensive watch.

This young man was probably the crown prince of some family, right?

He probably couldn't afford to offend such a person.

Thinking of this, he immediately wanted to retreat.

Right at this time, Chen Xuan brushed her hair and smiled at Ye Feng. "Alright, let's not waste time with them. We should leave."

When Zhou Zhaoping saw her every frown and smile, he felt as if his entire soul was being moved.

If he missed this opportunity today, it would not be so easy to find such a peerless beauty again.

As long as he could successfully cling onto Wei Changfeng's thigh, why would he need to fear a scion from an aristocratic family?

At the thought of this, his wavering determination became firm once again.

"You have to sign the contract today, no matter what. If you don't sign it, you won't be able to walk out of this door!"

After Zhou Zhaoping finished speaking, he once again blocked the two of them.

Chapter 608 - 608 I'm Forcing a Good Woman to Become a Prostitution Today (1)

Ye Feng saw that he was still pestering him, his expression immediately darkened. "What? In broad daylight, you still plan to force a good girl to become a prostitute?"

Zhou Zhaoping had no way out at this time. He immediately bared his fangs. "I'm going to force a good girl to become a prostitute today. She has to sign with my company today. Otherwise, you can forget about leaving this place."

He was indeed the boss of the film company. He was still smiling just now, but now, his voice and expression had become fierce. The speed at which he changed his expression was shocking.

Moreover, the fierce aura on his body was very intimidating. If it were some inexperienced young people, they would definitely be scared to death.

No one in the restaurant came up to stop them.

They could tell that Boss Zhou must have a powerful background, so they naturally wouldn't get involved in this mess.

Everyone was indifferent and hung up high.

They even felt that Ye Feng was not flattering him.

He signed your girlfriend and made her a big star, but you still tried to stop him. You don't know what's good for you.

Ye Feng faced Zhou Zhaoping's aggressiveness and smiled disdainfully. "If you want to make us stay, we will have to see if you have the ability."

With that, he held Chen Xuan's hand and walked out.

Song Kang knew that his chance to show off in front of his boss had come, so he immediately rushed to the two of them. "You want to leave? Get past me first..."

Saying so, he reached out to push Ye Feng.

Facing this kind of trash, Ye Feng was too lazy to even make a move. When Song Kang's hand touched his shoulder, his muscles immediately trembled.

An explosive force like a mountain torrent directly shook Song Kang back a few steps and directly hit the door frame. He grimaced in pain.

Zhou Zhaoping finally found an excuse. He pointed at Ye Feng angrily. "You dare to hit others? If you don't give me an explanation today, don't even think about leaving."

Ye Feng looked at him coldly. "If you don't scram, I will beat you up too."

Zhou Zhaoping immediately took a step back in fear.

At this moment, those who had been watching coldly from the side came over to act as good people.

“Young man, this is your fault. No matter what, you can’t hit people.”

“Yeah, what can’t we talk about it properly? Did you have to make a move? Young people are just impulsive.”

“I don’t think this boss has any ill intentions. He just wants to sign your girlfriend to be a celebrity. Aren’t you a little too ungrateful?”

“Everyone, sit down and talk calmly. Why do you have to fight?”

Ye Feng heard these people’s sarcastic remarks and looked over coldly.

“Just now, they harassed me and my girlfriend and even forced us to sign a contract. Why didn’t you come out and say anything? Are you all blind?”

“You’re pretending to be a good person now? Do you think I’m easy to bully?”

“All of you, get lost. Otherwise, I’ll beat you up too.”

Those people were intimidated by his aura and retreated one after another.

“Who is it? We tried to persuade him out of goodwill, but he actually treated us like a donkey’s liver and lungs?”

“Yeah, this person doesn’t know what’s good for him. We’re all doing this out of goodwill.”

“Miss, why did you follow such a violent man? I advise you to leave him as soon as possible.”

“Look at this Boss Zhou. One look and you can tell that he’s well-educated and reasonable. He definitely won’t be as rude as this kind of person.”

Just as everyone was criticizing Ye Feng, Zhou Zhaoping was also staring at Ye Feng with a ferocious expression.

“Brat, you dare to hit my people. You’re dead today.”

As he spoke, he immediately took out his mobile phone and made a call.

After hanging up the phone, he turned to look at Ye Feng and the other man. “I have already called my friends from the Chaoxin Gang, they will be here soon, you can just wait to die.”

When everyone heard the words ‘Chaoxin Gang’, they immediately returned to their seats in fear.

They had just accused Ye Feng of being too rude.

Now that they met someone who was truly 'rude', they immediately fled in all directions in fear.

At this moment, Chen Xuan was also panicking, she quickly pulled Ye Feng's arm. "Xiao Feng, we can't afford to offend this Chaoxin Gang, let's leave quickly."

She had been discussing business in Yang Cheng for the past few days and had heard the name of Chaoxin Gang more than once.

When everyone mentioned this name, they all paled.

She knew that these people were a group of extremely vicious people, so it was better not to provoke them.

Before Ye Feng could speak, Zhou Zhaoping sneered: "Leave? How could it be that easy? If you don't sign with our company today, don't even think about leaving."

Chen Xuan looked at him angrily. "You guys are too overbearing. I've already rejected you, so why are you still forcing me?"

At this time, the entire situation had been completely torn apart, and Zhou Zhaoping was too lazy to pretend.

“I’m going to force you today. Either you sign a contract with me, and I’ll make you a big star.”

“Otherwise, when the people from the Chaoxin Gang come, they won’t be as easy to talk to as me.”

Although Chen Xuan had been in the business world for so long, she was only dealing with business people. Even if they were playing dirty behind their backs, at least they had to follow some rules on the surface.

However, she was really helpless when faced with this kind of person who was persistent, threatening, and enticing.

As the CEO of Lingyun Real Estate, she definitely wouldn’t sign with any film company.

However, if she did not sign, the other party would not let her off easily.

This immediately put her in a dilemma.

At this time, Ye Feng suddenly reached out and held her small hand. “Don’t worry, I’m here.”

Chen Xuan met his calm gaze and her heart calmed down for no reason.

She was already used to him standing in front of her every time she faced a crisis, sheltering her from the wind and rain.

He was like an omnipotent superman, as if nothing in the world could stop him.

As for her, she only needed to hand her hand over to him without worry, and he would naturally bring her out of danger successfully.

She believed that this time would be no exception.

Ye Feng held Chen Xuan's little hand and turned to look at Zhou Zhaoping.

"Are you from the Chaoxin Gang? Coincidentally, I have a debt to settle with Boss Gao. I'll settle it today."

Chapter 609 - 609 Good Knife, Where Did You Buy It?

When Zhou Zhaoping heard Ye Feng's words, it was as if he had heard a joke. He immediately laughed out loud.

“What did you just say? You want to settle scores with Boss Gao? Hahaha, I’m dying of laughter. Who do you think you are?”

Not only him, but even the people who were dining at the scene could not help but laugh.

“This guy is bragging to the heavens. He actually said that he wants to settle scores with Boss Gao?”

“I now realize that this kid is a lunatic.”

“He dares to look for Boss Gao to settle accounts? I think this kid is tired of living.”

“You actually believe his words? It was probably to brag and scare Boss Zhou, right?”

“I don’t believe a single word of this kid’s.”

Everyone was clearly very suspicious of Ye Feng’s words.

Find someone to settle scores with?

He was hanging himself. He was tired of living!

In their eyes, Ye Feng was just a lunatic who was not in his right mind.

How could a normal person say something like that?

Ye Feng did not explain much. He did not have any intention of escaping. He pulled Chen Xuan to a seat and started to joke.

The entire restaurant was quiet, except for the occasional laughter from the two of them.

Zhou Zhaoping looked at his fearless appearance and could not help but sneer in his heart.

I'll let you be arrogant for a while first, and then I'll make you cry until you can't even cry.

He didn't have to wait too long. Soon, he saw a group of arrogant ruffians walking over from the opposite street with sticks in their hands.

The pedestrians on the road dodged in all directions, afraid of causing trouble.

Zhou Zhaoping rushed forward and pushed the door open. "Brother Hu, I'm here."

When the group of people saw him, they immediately walked into the shop.

The leader was a man with a strong appearance.

The man was nearly 1.9 meters tall. Just by standing there, he was enough to intimidate many people.

Many people at the scene had already recognized him.

Because of the wrinkles on his forehead, it looked like the word '王', so he was called Brother Hu.

This person had always had a fierce reputation.

In the end, before the man could be sent to the hospital, he bled to death.

Brother Hu was arrested and was supposed to be charged with intentional homicide.

However, Boss Gao somehow managed to turn it into a brawl and he was released after half a month.

And this Brother Hu also became famous in one battle.

Therefore, when they saw this person arrive, everyone did not even dare to breathe loudly.

Zhou Zhaoping immediately went up to him, trying to curry favor with him. “Brother Hu, you’re finally here. I’ve been bullied. You must help me get back at him.”

Looking at his age, he was obviously much older than Brother Hu, but he kept calling himself ‘younger brother’, which made people feel nauseous.

Brother Hu glanced at him indifferently. “No problem. As long as you pay the right price, I’ll help you chop the God of Heaven into meat paste even if he offends you.”

In front of him, Zhou Zhaoping was like a pug.

“Brother Hu, don’t worry. After this is done, I’ll transfer 1 million to your account immediately.”

“Also, Xiao Ying, who was recently promoted to fame by our company, told me yesterday that she was conquered by your dominance when she saw Brother Hu from afar at the KTV. She really wants to have a meal with you tonight...”

Brother Hu immediately beamed with joy and patted his face twice. “Boss Zhou, you really know how to come. Don’t worry, I’ll definitely make that kid kneel in front of you and call you grandpa today.”

As he spoke, he looked around coldly. "Which blind person dared to provoke my brother? If you're a man, stand out yourself."

Everyone in the restaurant met his gaze and could not help but shiver.

They all looked at Ye Feng, as if they were guiding this Brother Hu.

Ye Feng's back was facing them. He was using a toothpick to stab an apple into Chen Xuan's mouth, as if he did not hear the commotion.

Zhou Zhaoping immediately laughed arrogantly. "Kid, you know fear now? Weren't you quite arrogant just now? Didn't you say that you were going to settle scores with Boss Gao?"

"Now that Brother Hu is here, why are you pretending to be dead?"

When Brother Hu heard this, a murderous look appeared on his face. "What did you say? You want to settle scores with our boss?"

Zhou Zhaoping hurriedly explained, "It was this kid who said it. He said that he had a debt to settle with Boss Gao."

Brother Hu laughed angrily. “Hahaha, you want to settle scores with our boss? I have never seen such an arrogant person. Alright, then grandpa will settle the score with you today.”

Saying so, he immediately walked to Ye Feng’s table and smashed the machete in his hand down with a bang.

The blade of the machete immediately cut into the table, causing everyone present to shiver.

They looked at Ye Feng with pity, worry, and gloating.

This kid was so arrogant just now. Would he pee his pants now?

At this time, Ye Feng slowly raised his head. He had a faint smile on his face.

“Good knife. Where did you buy it?”

Brother Hu had an arrogant expression on his face, but when he saw Ye Feng’s face, his expression froze.

“You... Why is it you?”

As he said that, he staggered backward as if he had seen a ghost.

Zhou Zhaoping and the other customers were all stunned by this scene.

This... What kind of situation was this?

Chapter 610 - 610 Turn the Gun

Brother Hu was terrified.

He had a very good relationship with Zhou Tiejun. Yesterday, Zhou Tiejun came to borrow someone from him, saying that he was beaten up by an ignorant kid in an antique shop.

At that time, he lent him more than ten people without saying anything.

He even asked casually, "Do you need me to go with you?"

Zhou Tiejun had a confident look on his face. "No need. He's just a brat from another city. There's no need to mobilize so many people. Just these people alone are enough to scare him to the point of peeing his pants."

Then, he led the people away.

At that time, he didn't care about it and thought it was just a trivial matter.

However, not long after, someone came to report that Zhou Tiejun and his group had been crippled.

When he rushed over, he saw Zhou Tiejun and his gang lying on the ground. Each of them had broken limbs and wailed in pain.

He had experienced many bloody scenes, but when he saw that scene, he felt his stomach cramping and almost vomited.

Later on, he found out that these people were crippled by one person, and this person's name was Ye Feng.

He even specially checked Ye Feng's information and remembered his appearance.

Later, Zhou Tiejun was sent to the hospital. Not long after, bad news came that he had died.

This morning, he received news that Ye Feng, who killed Zhou Tiejun, had been arrested.

He had thought that this matter was already over.

However, he never expected to meet this great demon here.

Wasn't Ye Feng captured?

Why was he released so quickly?

And he was sitting here eating with a woman as if nothing had happened?

A series of questions immediately popped up in his mind.

He was just a small leader and did not know the ins and outs behind these things.

He would only think that the reason why Ye Feng was able to come out so quickly was definitely because of his remarkable abilities and deep background.

He could still be safe after killing someone?

He was probably at least as strong as Boss Gao!

Such a person really had the right to say that he wanted to settle scores with Boss Gao.

Zhou Zhaoping, who was standing at the side, saw him standing there without moving for a long time. He immediately went up to him. "Brother Hu, this kid is disrespectful to Boss Gao. Hurry up and let our brothers do it."

Brother Hu turned to look at him. "Is this the young man you were talking about on the phone?"

Zhou Zhaoping didn't understand, but he still nodded immediately.

"That's right, that's the brat. Brother Hu, you must help me get my revenge. Don't worry, you'll definitely benefit from this..."

Before he could nag, he was kicked in the abdomen by Brother Hu, and he immediately arched his body like a shrimp.

"Brother Hu... Why did you hit me? It's this kid..."

Before he could finish his sentence, Brother Hu kicked him again. This time, he kicked him in the mouth.

Zhou Zhaoping's mouth was immediately filled with blood, looking very terrifying.

“B\*stard, how dare you offend our Brother Feng? Brothers, give him a shot...”

Brother Hu cursed as he called out to his stunned subordinates.

Although his subordinates had not figured out why they suddenly turned their guns, since Brother Hu had spoken, they naturally had to obey.

A group of people immediately rushed forward and punched and kicked Zhou Zhaoping.

Everyone in the restaurant was scared silly.

What was going on? Didn't you want to beat that kid up? Why did he suddenly hit Boss Zhou?

Even Chen Xuan was stunned.

When Brother Hu and his gang came in with a murderous aura, she was still very nervous.

She had even made up her mind that if they really fought, she would protect Ye Feng with her life and let him escape first.

But this Brother Hu looked at Ye Feng as if he had seen a ghost. He started beating up Boss Zhou without any warning.

Although she had a very high IQ, she could not understand at this moment.

As for Zhou Zhaoping's subordinate, Song Kang, he had long seen that the situation was not good and had run away.

Zhou Zhaoping was already beaten beyond recognition. He hurriedly begged for mercy, "Brother Hu, please spare my life. I don't know what I did wrong. Please tell me..."

Brother Hu waved his hand to stop his lackey and grabbed his hair. "Open your dog eyes and look clearly. You just offended Mr. Ye. If you want to die, don't bring me along."

Zhou Zhaoping looked at Ye Feng in a daze, "Ye... Mr. Ye? Which Mr. Ye..."

Before he could finish speaking, Brother Hu's foot had already stepped on his face.

"You don't even know Mr. Ye. You deserve to die without knowing how. Even our Boss Gao has nothing but praise for Mr. Ye. How dare a little punk like you offend him?"

While he scolding Zhou Zhaoping, he did not forget to help his boss express goodwill to Ye Feng.

But Ye Feng knew very well that he had beaten up a member of the Chaoxin Gang in public. He had completely offended this Mr. Gao.

It was already good enough that the other party did not hate him to the core. Why would he say good things about him?

Brother Hu grabbed Zhou Zhaoping's hair. He looked up at Ye Feng. "Mr. Ye, say the word. Do you want him alive or dead? As long as you say the word, I promise to help you clean it up."

Zhou Zhaoping was shocked and shouted in a panic, "You can't kill me, or else... You'll regret this."

Brother Hu heard that he still dared to threaten him and slapped him again. "F\*ck, you still dare to scare me? I'll kill you right now."

At this moment, Zhou Zhaoping suddenly shouted again, "I'm Mr. Wei's man. Try touching me again!"

Brother Hu's raised hand suddenly stopped and he frowned. "Mr. Wei? Which Mr. Wei?"

Zhou Zhaoping pushed him away and struggled to stand up from the ground. He said in a clear voice, "Of course it's Wei Changfeng, Mr. Wei!"

Brother Hu was stunned. "You're Wei Changfeng's man?"

All the customers looked at him in surprise.

Wei Changfeng had a lot of influence in the business world of Yang Cheng.

Those who could come to a Western restaurant like Sima's were basically elites in the business world. Naturally, they had heard of Mr. Wei's name.

They did not expect Boss Zhou to be Wei Changfeng's man.

It seemed that today's matter was not over yet.
