

100 Million 651

Chapter 651 - 651 Look at the Situation

651 Look at the Situation

When they heard that Ye Feng had defeated the Chaoxin Gang with just one sword, the women were all stunned.

“I didn’t expect Ye Feng’s martial arts to be so powerful? I actually didn’t know about it before.”

“Yeah, I only know that he’s a business genius. I didn’t expect his martial arts to be so good. He was able to fight his way out of a siege of hundreds of people.”

“He can force Gao Junming to kneel? There’s probably no other person in Yang Cheng, right?”

“Of course. What else can’t our Feng Feng do?”

The women’s faces turned red and their eyes lit up.

They were also people who had seen the world. What kind of young talents had they not seen? But a young, handsome man like Ye Feng who had the ability to earn money was very rare.

Now, coupled with this super strong sense of security, it was even more precious.

Especially when he heard that Ye Feng had brought Zhuang Xiaojiao and managed to break through the siege of hundreds of people, and even forced Gao Junming to kneel and admit his mistake, he was like a general in ancient times.

Which woman wouldn't love such a man?

"And then?"

A few women immediately asked impatiently.

The whistle-blowing woman recovered her emotions and continued to explain.

"Then, Ye Feng made two requests to Gao Junming. First, he had to donate all his assets to the charity organization. Second, he had to disband the Chaoxin Gang..."

"Tsk, tsk, tsk. Look at his situation. No wonder his path is getting wider and wider."

"Yes, Gao Junming's money is very dirty. Donating it to a charity organization can be considered a great deed. Chaoxin Gang is so evil, it should have been disbanded long ago! Ye Feng did well!"

"I really like this young man more and more. Not only is he extremely powerful, but he also has such a sense of justice."

"So what if you like it? With your looks, would Ye Feng like you?"

"What's wrong with my looks? I just went to Korea last month. It's very expensive, okay?"

"With your face, it's like a magnitude 12 earthquake. No matter how much money is spent on disaster relief, it's still a drop in the bucket."

"You speak as if you are so beautiful that Ye Feng would like you even if he does not like me?"

"That's hard to say. What if Ye Feng likes my type? When the time comes, I'll blind your dog eyes."

"Stop dreaming, Ye Feng is mine!"

"You're the one who's dreaming..."

Lei Chunfang, who was listening to these women fighting for Ye Feng's affection, could not help but want to laugh.

These women were really bored. They quarreled endlessly over such trivial matters. Their intelligence was really worrying.

Did they not think that with Ye Feng's strength, what kind of woman could he not get? Why would he fall for a bunch of lazy old women like them?

Even if he liked women who were older than him, it wasn't their turn. If it was anyone's turn, it should be hers.

..

The difference between them and these women was that at a men's party, everyone's mood was much more complicated.

After listening to the whole process of the conflict between Ye Feng and Gao Junming, everyone fell silent.

After a long time, someone finally spoke sourly.

"This Ye Feng is too arrogant. Ever since he came to Yang Cheng, he has not stopped for a day. He just sent Ye Chengze to prison, and now he actually provoked Gao Junming?"

The other people who took the lead also started to talk to him.

“But he does have the right to be arrogant. In the entire Yang Cheng, who can force Gao Junming to kneel?”

“Yeah, to be able to send Ye Chengze to prison and force Gao Junming to kneel, just these two things are enough to prove his strength.”

“I always thought that he didn’t have any foundation in Yang Cheng and wouldn’t be able to be arrogant for a few days. Now it seems that I was wrong.”

“Mr. Wei is still the most sensible one. Seeing that the situation was not right, he immediately went to Ye Feng to beg for forgiveness. This is how one can bend and stretch.”

Everyone looked at Wei Changfeng, who was sitting in the corner.

Ever since he publicly pleaded for forgiveness from Ye Feng, he had become the laughingstock of the entire Yang Cheng.

Everyone laughed at him for being a softie. The great Mr. Wei actually knelt down and apologized to a young man.

But at this moment, these people suddenly understood him.

Ye Feng could even force a gangster like Gao Junming to kneel, let alone others.

Wei Changfeng was extremely shocked.

Although he knew that Ye Feng was very strong and bold, and he was not afraid of anything, however, he did not expect it to be so big that it even dared to provoke Gao Junming.

What was even more shocking was that not only did he provoke him, but he was also able to escape unscathed.

This made him reevaluate the strength of this young man.

It was impossible for him to not hate Ye Feng at all.

He was just waiting for an opportunity, waiting for Ye Feng to fall.

As long as Ye Feng was defeated, he would be the first to jump up and retaliate. He would avenge his previous humiliation.

But now, it seemed that this hope was getting slimmer and slimmer.

If even Gao Junming of the Chaoxin Gang could not defeat him, who else in Yang Cheng could?

“Of course Mr. Ye is amazing. I can even predict that in less than two years, he will definitely become the top big shot in Yang Cheng.”

He suppressed the complicated emotions in his heart and immediately praised Ye Feng.

Hearing this, the others nodded in agreement.

“Mr. Ye is indeed a rare genius. It’s our honor to be in the same era as such a genius.”

“After this incident, who else can stop his rise? It’s as if I can already see a dazzling star rising slowly.”

“It seems that in the future, we old fellows will have to act according to this Mr. Xiao Ye’s expression.”

“Next time, we’ll hold a banquet and invite Mr. Ye over to bond.”

“This idea is good. I agree with it with both hands...”

Everyone praised Ye Feng, but no one knew what they were thinking.

Chapter 652 - 652 Ye Family's Illegitimate Son

652 Ye Family's Illegitimate Son

On the other side.

On the way back to the hotel, Ye Feng received congratulatory calls from Luo Jingyuan, Chen Qiushan, Hu Renyu, and the others.

They were also full of praise for Ye Feng's performance today.

After all, Gao Junming was notorious in the city, and not many people dared to challenge him.

Ye Feng was the first, and he had the absolute advantage. Sending the mother and son into the detention center, this was unbelievable.

However, Ye Feng was very calm about this. He did not put Gao Junming, this gangster leader, in his eyes at all.

This kind of person was bound to die if he did anything unjust. Even if he did not make a move today, this person would sooner or later be trapped in his own cocoon.

This could be seen from Mr. Yi's attitude in the office. He had probably been watching Gao Junming for a long time, waiting to catch him and kill him in one blow.

By the time he hung up, he had already rushed back to the hotel and was about to enter the hotel lobby.

At this time, he suddenly received a call from Zhao Fulin.

He had thought that Fulin was here to congratulate him, but he was shocked.

"Brother Ye, Gao Junming has been released again."

Zhao Fulin sounded helpless.

"What is it? He has just been caught and is already released?"

Ye Feng stopped in shock.

Of course, he did not expect Gao Junming to be unable to recover because of this matter, but he should be fine so soon, right?

Zhao Fulin smiled bitterly. "What's there to be surprised about? It's not just once or twice."

Ye Feng frowned. "But that Mr. Yi seems to be very dissatisfied with him. He shouldn't release him so quickly, right?"

Zhao Fulin smiled. "Gao Junming has the protection of the Ye family, so he has been able to turn the situation around. It was said that the Ye Family had used their trump card for him this time, and even Mr. Yi would not be able to stop them."

When Ye Feng heard this, he was even more shocked. "Ye family? Why would the Ye family bail Gao Junming out?"

"Brother Ye, you still don't know the relationship between the Ye family and Gao Junming, right?"

"What relationship can the Ye family have with Gao Junming?"

"Let me put it this way. Gao Junming's mother, Gao Xianglan, used to be the lover of Ye Tianhua, the head of the Ye family..."

"Gao Xianglan is Ye Tianhua's lover? In other words... Gao Junming is the illegitimate son of the Ye family's patriarch?"

Ye Feng thought about it and immediately widened his eyes in disbelief. “No wonder when I called him Ye Junming, he suddenly went berserk. So there was such a relationship.”

Zhao Fulin was amused. “You hit the nail on the head.”

“Since this Gao Junming is a member of the Ye family, why doesn’t the Ye family dare to admit it?”

“This matter is complicated. Back then, when Ye Tianhua wanted to compete for the position of the family head, he had to compete with the Feng family... It was because of Ye Chengze’s mother’s family marriage, so he did not dare to admit that he had a lover outside. Gao Xianglan and her son have always been raised outside...”

“In other words, Gao Junming was able to act tyrannically in Yang Cheng for so long because of the Ye family’s support?”

“Of course. In order to make up for the guilt he felt for the mother and son, Ye Tianhua has been secretly supporting Gao Junming. Otherwise, how could he have the capital to make such a mess?”

“Isn’t he just an illegitimate child? This shouldn’t be considered a secret, right? Why hadn’t anyone mentioned it before?”

“I don’t know what secrets Gao Junming is hiding. If anyone wants to investigate his background, the Ye family will use all kinds of methods to stop them. I heard about it by chance and was shocked.”

“It seems that if we want to deal with Gao Junming, we have to get past the Ye family first.”

“That’s right. First, you sent Ye Chengze to prison. Now, you have a conflict with Gao Junming. I’m afraid the Ye family won’t let you off easily.”

“Don’t worry, I’ll keep my eyes open even when I’m sleeping. I guarantee that I won’t let them succeed.”

“Brat, I’m not joking with you. You have to be careful.”

“Brother Zhao, don’t worry. I have many enemies. Those people’s graves are almost three feet tall, right? If the Ye family doesn’t come to find trouble with me, I’ll let them live on for a few more days. If they really dare to come and find trouble, they will have to ask themselves if their heads are tough enough.”

Zhao Fulin heard his words and couldn’t help but be speechless. His calm words revealed a domineering aura.

In his eyes, the Ye family was like a lamb waiting to be slaughtered.

In the entire Yang Cheng, including their Zhao family, who would dare to say such a thing?

If it was someone else, he might think that the other party was overestimating himself, but since Ye Feng said it, he felt that it was logical.

After all, this Little Brother Ye of his was always able to bring him surprises. Many things that he thought were impossible in the beginning were confirmed in the end.

Thus, he had a blind trust in Ye Feng now. No matter what he said, he did not feel that there was anything wrong with it.

The two of them chatted for a while longer before hanging up.

Ye Feng put his hands in his pockets and walked into the elevator. He saw a couple eating each other as if no one was around. They did not stop when they saw someone walking in.

The man even put his hand into the woman's collar.

The woman's charming eyes were like silk as she let out a few soft grunts from time to time.

This made Ye Feng feel extremely awkward. He could not help but curse in his heart. These two were too thirsty? They actually started to go into heat in the elevator.

"What are you looking at? You've never seen anyone kiss, country bumpkin?"

The man saw that he kept sizing up the two of them and was instantly annoyed. He turned around and cursed.

Ye Feng did not want to cause trouble, but when he heard him say this, he immediately greeted him warmly: "Isn't this Old Fang? I haven't seen you for a long time. Is this your new girlfriend?"

His words were enough to make the man lose his cool.

"I... Do I know you?"

Ye Feng patted the man's shoulder passionately. "I am Xiao Chen. We were drinking two days ago, have you forgotten?"

The man looked at him in confusion. "Two days ago? Oh... Was it at Boss Wang's banquet?"

Ye Feng immediately nodded: "Yes yes yes, you remember now? After we finish drinking, we'll go look for Miss..."

The man immediately panicked. "Nonsense, when did I..."

Ye Feng glanced at the woman beside him and quickly covered his mouth: "I'm sorry, I let it slip. But I have to remind you, I heard that the shop we went to had a lady diagnosed with AIDS. I just went to the hospital for a check-up today."

The man was so angry that he almost had a cerebral hemorrhage. "What the f*ck are you talking about? What AIDS..."

Before he could finish, the woman panicked and spat in a hurry. She slapped him. "You b*stard, how dare you come to me with AIDS?"

The man hurriedly explained, "Xiao Yan, don't listen to this kid's nonsense. I don't have AIDS. I didn't even look for a prostitute. I don't know him..."

Chapter 653 - 653 What Should I Do? Do I Go With the Flow?

653 What Should I Do? Do I Go With the Flow?

The woman's eyes were about to spew fire. "You said you knew him just now, and now you're saying you don't? No, how did he know your surname was Fang?"

That man was instantly unable to explain himself, and he turned to look at Ye Feng. "I don't even know you, how did you know that my surname is Fang?"

Ye Feng seemed to have suddenly realized something, and he hurriedly nodded: "Yes, yes, yes, we don't even know each other. I didn't know that your name is Fang Bin.""

The woman was completely furious. She grabbed the man's hair and beat him up. "B*stard, he even knows your name. How dare you say you don't know him? If I'm infected with AIDS by you, I'll kill you..."

Ye Feng held back his laughter. He glanced at the man's butt pocket. Half of his ID card was exposed, and his name could be seen.

At this moment, the elevator arrived at his floor and he immediately swaggered out.

The two of them probably had no chance tonight. As for whether they would have any more chances in the future, they would probably have to go to the hospital to check...

He hummed a tune and swiped his card into the room.

There were two pairs of women's, Lu Xiaoya's and Liu Ling's women's, and a few bags of packaging beside them. It seemed that the two of them had gone shopping today.

He changed his shoes and went to Lu Xiaoya's room, preparing to greet her.

At this moment, he suddenly realized that the door was ajar. From this angle, he could see the scene on the bed.

Lu Xiaoya and Liu Ling were leaning against the bed and chatting. Since they were at home and in the bedroom, they were dressed very lightly. The four long, fair legs made him lose his mind for a moment...

“Xiaoya, do you have any feelings for him?” Liu Ling suddenly asked.

“Who... Who?”

Lu Xiaoya was stunned for a moment before she pretended to be confused.

Liu Ling was a little unhappy. “Don’t play dumb with me. You know who I’m talking about.”

Lu Xiaoya could not help but sigh. “Even if I’m interested in him, what’s the use of that? He already has a girlfriend.”

Ye Feng, who was outside the door, was stunned. They were not talking about him, right?

Liu Ling turned her head and looked at her seriously. “So what if he has a girlfriend? As long as you like it, you have to pursue it bravely. Even if you can’t catch up in the end, at least you tried. It’s better than regretting it in the future.”

Lu Xiaoya looked at her body and said dejectedly, “But compared to Chen Xuan, I really don’t have any advantage. I’m not as beautiful as her, and my figure is not as good as hers, let alone my career...”

Liu Ling hurriedly tapped her forehead. "What's wrong with you? Where is the sunny and confident Lu Xiaoya from before? I don't think you're worse than that Chen Xuan at all. You're the one who's belittling yourself, okay?"

Lu Xiaoya smiled foolishly. "I can't help it. He's so outstanding. I always feel inferior in front of him. It's hard not to feel inferior..."

Liu Ling rolled her eyes. "Then let's just cook the rice first."

Lu Xiaoya blushed when she heard that. "What nonsense are you talking about?"

"I'm not joking with you," Liu Ling said seriously. "When he comes back, go to his room and put on the lingerie you just bought today. No normal man can resist your temptation..."

Lu Xiaoya's pretty face was already red. "What kind of stupid idea is this? I..."

Liu Ling stared at her. "This might be your only chance. You can only use this method to make him interested in you. Otherwise, you can only be prepared to lose him."

Lu Xiaoya seemed to be moved. "But... What should I say when I enter his room? How awkward would that be?"

Liu Ling immediately lifted the blanket and jumped off the bed. She walked toward Lu Xiaoya with extremely sexy steps.

“After you go in, just walk to his bed like this. Then, don’t say anything. Just lift the blanket and crawl in...”

Lu Xiaoya was a little dumbfounded. “Isn’t this too direct?”

Liu Ling revealed a confident smile. “You just have to be direct. If you’re hesitant, you’ll only miss the opportunity.”

Then, she continued, “At this time, he will definitely be a little flustered and ask you what’s wrong? Just say that you’re afraid of sleeping alone, then you take the initiative to crawl into his arms and caress him with your hands...”

As she spoke, she even demonstrated it with her own hands. She lay on Lu Xiaoya’s body and touched her up and down, causing Lu Xiaoya to giggle and push her away in a hurry.

“Liu Ling, do you want to die? The way you looked just now was too... You’re too reckless, aren’t you?”

However, Liu Ling did not mind. Instead, her eyes became even more seductive as she bit her lower lip seductively. “You have to lower your status and seduce him like this. Only then will he take the bait. Come, learn from me.”

Lu Xiaoya hesitated for a moment, but eventually followed suit.

She had a cheerful and lively personality. It would be difficult for her to learn the charm of a mature woman now.

However, she was beautiful after all. Even if she did such a lame move, there was still an indescribable charm.

Ye Feng, who was outside the door, was stunned when he saw the two beauties acting so flirtatiously.

These two women were actually studying how to seduce him at home?

This really broadened his horizons.

What should he do? Should he go with the flow? Directly accept it with a smile?

Chapter 654 - 654 Chen Xuan's Help

654 Chen Xuan's Help

Seeing that the two of them were almost done rehearsing, Ye Feng hurriedly walked out of the room and pressed the doorbell.

The door was quickly opened and Lu Xiaoya and Liu Ling were standing gracefully at the door.

“You’re back?” Lu Xiaoya asked. Her eyes were a little flustered.

“Yes.”

Ye Feng nodded, trying his best to act natural.

“That... Do you want to take a shower first?”

Lu Xiaoya tried to start a conversation.

“Uh... No need. I’m a little tired today and want to rest early.”

After Ye Feng finished speaking, he quickly returned to his room.

As soon as he entered, he took off his clothes impatiently and waited for the beauty to come to him.

After a while, he heard the sound of two people pushing each other from outside the door, and their footsteps were slowly approaching.

Ye Feng's heart was almost in his throat. He had forgotten how long it had been since he was so nervous.

His heart raced at the thought of the exciting scene that was about to happen.

Lu Xiaoya had already walked out of the door and seemed to be hesitating whether she should come in.

At this moment, Ye Feng's phone suddenly rang. Lu Xiaoya was like a frightened rabbit, and she immediately ran away.

Ye Feng was disappointed. He took his phone and saw that it was Chen Xuan calling.

He immediately sobered up and cleared his messy thoughts before answering the call.

"Sister Xuan..."

Before he could speak, he suddenly heard Chen Xuan's deliberately lowered voice from the other end.
"Xiao Feng, come and save me..."

Ye Feng was shocked. He hurriedly jumped off the bed.

“Sister Xuan, don’t be anxious. What happened?”

“Xiao Feng, I went out to talk about something. I’m on my way back to the hotel now, but two people have been following me...”

Chen Xuan’s voice was trembling. She was obviously frightened.

Ye Feng hurriedly put on his clothes and walked out quickly. “They didn’t do anything to you, right?”

Chen Xuan immediately replied, “No, they didn’t do anything. They just kept following me and kept whistling at me...”

Ye Feng heaved a sigh of relief. “Alright, don’t go back to the hotel first. Go to a crowded place first, I’ll be there soon.”

As he spoke, he walked out of the room.

Bang! Lu Xiaoya’s door closed. She had obviously just entered her room.

Ye Feng only glanced at it, and he did not stay any longer. He hurriedly ran downstairs to the parking lot and drove the Blue Charm Night out.

The car sped up to its maximum speed, and like a bolt of purple lightning, it sped through the streets of the city.

The drivers on the road only had time to see a flash of purple light, and they all looked as if they had seen a ghost.

If not for the thunderous sound of the engine, they would have thought that they had encountered a ghost.

They couldn't believe that someone could drive so fast on a city road. They were really risking their lives!

..

On the way to Chen Xuan's hotel, Ye Feng called Zhao Fulin and asked him to help investigate all the information about the Ye family and Gao Junming, including some criminal evidence.

He suspected that the people following Chen Xuan were most likely the Ye family or Gao Junming.

No matter who it was, if they dared to have designs on Chen Xuan, they would definitely die!

Zhao Fulin's efficiency couldn't be said. When his car was about to reach the hotel where Chen Xuan was staying, he sent the information he had found.

"Xiao Feng, this Gao Junming has always been cautious in his actions. Don't think that the Chaoxin Gang is evil, but we really can't find any evidence that he has committed a crime. However, I've helped you find information on a few of his capable subordinates. Perhaps you can pry out something useful from them..."

After hearing Zhao Fulin's explanation, Ye Feng started to look at the information.

According to this information, Gao Junming was a suspicious person. There were very few people who could gain his trust. There were only four people.

The first one was Gao Hu. This person had acknowledged Gao Xianglan as his godmother and had made great contributions to the Chaoxin Gang, earning Gao Junming's trust.

The second person was a person called Old Ning. No one knew his exact name, but he specialized in intelligence gathering and assassinations for Gao Junming. He could be considered one of Gao Junming's trump cards.

The third person was called Xu Haibo, who specialized in managing the gravel factory and the blasting factory for Gao Junming. This person was also the person who committed the most crimes. Who knew how many lives he had taken? It could be said that he was filled with evil.

The fourth person was Gao Junming's child bride, Zheng Rujing. She was responsible for managing the investment group's business and was also the largest source of funds for the Chaoxin Gang.

From this, it could be seen that this woman should be his most trusted person.

Ye Feng filtered through the information in his mind and immediately filtered out the most important parts.

At this moment, he had also arrived at the Glimmer Hotel.

Chen Xuan followed his instructions and waited in the hotel lobby instead of returning to her room.

There were people coming and going here. At least she didn't have to worry about the two stalkers doing anything to her.

When she saw Ye Feng walk in from outside, she immediately stood up in surprise. "Xiao Feng, I'm here."

Seeing that she was safe and sound, Ye Feng heaved a sigh of relief. He quickened his pace and walked over. "Sister Xuan, where are the people who followed you?"

Chen Xuan hurriedly pointed to a place not far away.

Ye Feng turned around to look at the seat by the window. There was a man in a black suit, sitting in the seat by the window.

These two people actually dared to sit here openly. How was this stalking? It was simply surveillance in disguise. They were too arrogant.

When these two saw Ye Feng's arrival, they immediately showed a panicked expression.

Ye Feng did not say anything. He immediately walked toward the two of them. "Who sent you?"

The two of them pretended not to understand. "What do you mean by who sent us? We don't understand what you're saying."

Ye Feng sneered, "You don't understand? There must be something wrong with your ears. Let me treat it."

As he spoke, he immediately took out two silver needles from his body and pierced them into the major acupoints on their waists.

"Ah..."

The two men immediately screamed and fell to the ground.

Chapter 655 - 655 Brother Hu, We Meet Again

655 Brother Hu, We Meet Again

The commotion here alerted many people in the hall.

These people looked over in shock, not knowing what had happened.

A few of them wanted to stop him, but they retreated after being glared at by Ye Feng.

The two men kept twitching and screaming on the ground. Their faces were extremely pale, and it was obvious what kind of pain they were suffering.

Ye Feng looked at the two of them coldly. "Why aren't you telling me the truth?"

The two of them were quite tough. Although they were already in so much pain that their eyes rolled back and they were foaming at the mouth, they still refused to say a word.

Ye Feng smiled lightly. He was not in a hurry. He pulled Chen Xuan to sit at the side.

One minute.

Two minutes passed.

Three minutes...

Finally, someone couldn't hold on any longer. He said with a trembling voice, "I... I'll speak, I'll speak."

The other man immediately glared at him. "You dare? Do you want to die?"

The person from before shook his head in pain. "I can't hold on any longer..."

Ye Feng immediately stood up and walked over. He pulled out the silver needles and patted them a few times.

That man heaved a sigh of relief, and he looked at Ye Feng with lingering fear. "Then, he..."

Ye Feng crossed his legs and sat down. "Since he is so stubborn, then let him hold on for a while longer. Tell me honestly, who sent you here?"

The man's eyes were filled with fear. "Ma San asked us to come."

Ye Feng frowned. "Who is Ma San?"

The man hurriedly explained, "Ma San is a gangster from Chaoan District. He gave us 20,000 yuan each to follow this lady..."

Ye Feng stared at him with a burning gaze. "Just asking you to follow? Didn't he ask you to do anything else?"

The man shook his head hurriedly. "No, he just said that no matter where this lady goes, we'll follow her. She won't be able to sleep peacefully..."

Ye Feng's gaze immediately turned sharp. "You better not lie to me, otherwise the consequences will be very serious."

The man immediately shivered. "If I lie, I'll die a horrible death."

Ye Feng continued to ask, "Did Ma San tell you why he wanted you to follow this lady? Does he have some kind of grudge against her?"

The man shook his head. "He didn't say, but I guess... It must have been the people from the Chaoxin Gang who asked him to do it."

Ye Feng's eyes lit up. "Why do you say that?"

The man hurriedly explained, "Because he was drinking with us a few days ago and bragging. He said that he recognized a big brother. That person is from the Chaoxin Gang. He will bring him to eat and drink well in the future..."

After Ye Feng heard this, he could not help but snort coldly. "It is indeed the Chaoxin Gang."

Chen Xuan immediately pulled his hand nervously. "Xiao Feng, what should we do now?"

She had also heard about the conflict between Ye Feng and the Chaoxin Gang, but she did not have the time to ask about it. Now that she heard that it was related to the new Chaoxin Gang, she was immediately worried.

Ye Feng patted her small hand. "Don't worry, I know what to do."

Then, he got up and helped the other person unlock his acupuncture point. Then, he brought Chen Xuan out of the hotel.

Since Gao Junming dared to target Chen Xuan, he was prepared to suffer his anger.

..

Yueshang KTV, in a luxurious private room.

The lights were dim, and a group of men and women were drinking, singing, and groping each other.

Gao Hu sat there quietly, allowing the two scantily dressed women to rub against him, but there was no response.

What happened to Zhou Tiejun a few days ago had affected him greatly.

That Zhou Tiejun was just like him. He was loyal to Gao Junming, but he didn't expect that he would die for no reason.

He now knew that it was Ye Chengze who sent people to kill him.

However, before Ye Chengze made his move, it was impossible for him not to inform Gao Junming in advance. Clearly, he only dared to do so after obtaining the latter's approval.

This made him feel even more disappointed. He did not expect that these people, who had worked so hard for Gao Junming, would end up like this.

Since Boss was unreliable, it seemed that he had to think more about himself.

Just as he was thinking, the door of the private room was suddenly kicked open. The two lackeys who were in charge of guarding outside suddenly flew in.

Gao Hu was shocked. His first reaction was that his enemy had come for revenge.

The men in the room grabbed the bottles on the coffee table and looked in the direction of the door.

At this moment, a man and a woman walked in from outside. "Brother Hu, we meet again."

Gao Hu recognized him under the dim light. "Ye Feng? What are you doing here?"

He did not expect that it was Ye Feng.

Ye Feng pulled Chen Xuan over. "I'm here to ask you something."

Gao Hu snorted coldly. "You just had a conflict with our boss in the day, and now you still dare to come knocking on our door? Do you really think that our Chaoxin Gang is easy to bully?"

As soon as he finished speaking, the few men in the room immediately surrounded Ye Feng and the woman.

As long as he gave the order, they would rush up and attack.

However, Ye Feng ignored it and sat down beside Gao Hu. "Don't be so agitated. If you were really so loyal to your boss, you wouldn't have avoided me when I rushed toward that old lady today."

Gao Hu's expression changed slightly, and he waved his hand to signal for the others in the private room to leave.

After everyone left, there were only three people left in the room. He turned to look at Ye Feng. "What do you want to know?"

Ye Feng placed his hand on his shoulder. "My matter is not important, let's talk about your matter first. Do you want to be the boss of Chaoxin Gang?"

Gao Hu was shocked. He quickly stood up and looked outside. Seeing that no one was eavesdropping, he heaved a sigh of relief. He turned around and glared at Ye Feng. "What nonsense are you talking about?"

Ye Feng crossed his legs and looked at him leisurely. "A hooligan who doesn't want to be a boss is not a good hooligan. Are you willing to be Gao Junming's dog forever?"

Gao Hu was unsure of his intentions and continued to play dumb. "Boss Gao's kindness to me is as heavy as a mountain, and my loyalty to him can be seen by heaven and earth. If you want me to betray him, then you're dreaming."

Ye Feng pursed his lips. "Loyalty is only because the bargaining chip for betrayal is not enough. If you were really so loyal to him, then you should have fallen out with me when I said that just now, instead of explaining how loyal you are to him."

Gao Hu's expression changed again and again, but he finally relaxed. "You have a way to get rid of him?"

Ye Feng immediately shook his head. "I have no way."

Gao Hu was furious again. "Are you kidding me?"

First, he asked him if he wanted to be the boss of the Chaoxin Gang. When he said he wanted to, the other party said he had no way. Was he playing with him like a three-year-old child?

Ye Feng quickly comforted him, "Calm down, although I have no way now, I am here to find you a solution."

Gao Hu looked at him in confusion. "You want me to think of a way? What can I do?"

Ye Feng placed his hand on his shoulder again. "You should have a lot of evidence of Gao Junming's crimes, right? Leave it to me so that I can think of a way to get rid of him."

Chapter 656 - 656 How Can a Real Man Live Under Others For a Long Time?

656 How Can a Real Man Live Under Others For a Long Time?

After Gao Hu heard this, he couldn't help but laugh at himself. "I don't have evidence of his crime."

Ye Feng was a little unhappy. "Aren't you Gao Junming's capable subordinate? You're also Gao Xianglan's godson. You should be the closest person to him. Do you have no evidence of his crime?"

Gao Hu felt the sting of his words. He immediately grabbed the bottle on the coffee table and smashed it on the ground. "What capable person? I'm just a dog in their eyes. Would their master tell the real secret to a dog?"

The people outside heard the commotion and immediately rushed in to check.

"Get out!"

Gao Hu immediately vented his anger on them. Those people hurriedly fled with their tails between their legs.

Ye Feng could tell that his anger was not faked. "Could it be that Gao Junming's actions are so flawless? You've been with him for so many years, and you haven't found any evidence?"

Gao Hu gulped down a mouthful of wine. "Firstly, I used to be loyal to him and never thought about this. Secondly, he was indeed very cautious in doing things. He basically did not leave any evidence behind. Otherwise, even if he had the protection of the Ye family, he would not be completely fine."

After hearing his words, Ye Feng immediately fell silent.

It seemed that this Gao Junming was much more cunning than the lawless hooligan leader he had thought.

Even a trusted aide who had followed him for so many years couldn't catch anything.

He thought for a moment and turned to look at Gao Hu again. "Then do you think Xu Haibo has evidence of his crime?"

Gao Hu looked at him in surprise. "You actually know Xu Haibo?"

Xu Haibo was Gao Junming's man. Although it was not a top secret, only the core members of the Chaoxin Gang knew about it.

He did not expect Ye Feng to be so resourceful. He actually knew about Xu Haibo.

Ye Feng revealed an unfathomable smile. "I know more than you can imagine, you only need to answer my questions honestly."

Gao Hu stared blankly into his eyes. A thought suddenly popped up in his mind. Perhaps this kid really had a chance to get rid of Gao Junming.

"Xu Haibo manages a lot of business for Boss Gao. Maybe he has some dirt on him?" he deliberated and replied.

"Where does Xu Haibo live?"

Ye Feng wanted to continue asking.

"Unit 1, Block 3, Silvermoon Estate..."

Gao Hu answered almost every question.

"What about Old Ning? Where does he live?"

“You even know Old Ning?”

When Gao Hu heard his question, he was even more surprised.

This Old Ning specialized in intelligence gathering and assassination work for Gao Junming, so he was extremely mysterious.

Even the core members of the Chaoxin Gang might not know of his existence.

Ye Feng’s information was really comprehensive.

“You only need to tell me where he lives. You don’t need to ask about anything else.”

Ye Feng did not waste time on him. He asked again.

“This Old Ning has always been elusive. I’m afraid that other than Gao Junming, no one knows where he lives.”

Gao Hu helplessly spread his hands.

Ye Feng saw that he did not seem to be lying. He slowly stood up and patted his shoulder.

“A real man lives in the world. How can he live under others for a long time? I think you’re more suitable to sit in his position than Gao Junming.”

After saying that, he held Chen Xuan’s hand and walked out.

Gao Hu sat there in a daze, unable to come back to his senses for a long time.

How can a real man live under others for a long time?

This sentence finally broke his defense.

Yes, they had been Gao Junming’s dogs for so many years. What did he get in return? In exchange, he ended up like Zhou Tiejun.

Moreover, he knew very well that because he did not stand up for Gao Xianglan during the day, Gao Junming had already developed a grudge against him.

If he did not make a plan earlier, he would probably be at the mercy of others when the time came.

He grabbed a glass of beer from the coffee table and downed it all. “D*mn it, it’s over!”

..

Ye Feng and Chen Xuan followed the address provided by Gao Hu and arrived at Silvermoon Estate.

Silvermoon Estate was considered a high-end estate in Yang Cheng. The security at the entrance was tight, and it was difficult for foreign vehicles to enter.

When the two of them arrived, they saw the security guards stopping an external vehicle for questioning.

The driver explained for a long time, handed over cigarettes and stuffed money, but the security guard still refused to budge. In the end, he had no choice but to drive away.

Chen Xuan, who was sitting in the passenger seat, looked at Ye Feng. “What should we do now?”

Ye Feng smiled lightly. “It’s a small matter.”

After saying that, he drove straight ahead.

Chen Xuan looked at him in confusion, not knowing what he could do.

When the car reached the door, the security guard immediately reached out and stopped the two of them. "Please show me your access cards..."

Before he could finish, Ye Feng's expression turned dark. "Are you blind, don't you know who I am? Are you new here?"

The security guard was stunned. "I... I've been here for a week. You are?"

Ye Feng snorted coldly. "No wonder you have no eyes. You don't even recognize me? Alright, I don't want to talk nonsense with you. Open the door for me."

The security guard panicked when he saw how arrogant he was.

Hearing the other party's arrogant tone, could it be that he had encountered some important figure? However, the captain had repeatedly ordered that the community must strictly check the people entering and leaving. Without an access card, they must not enter.

"I'm sorry. Our captain said that no one can enter without an access card..."

“Did that old b*stard Liu Gensheng say that? Didn’t he tell you to let me go when you see my car? Call him over and let him tell me personally.”

Ye Feng directly interrupted him and berated him angrily.

The security guard immediately shivered. “You... You know our Captain Liu?”

Chapter 657 - 657 I'm a Little Nervous, I Need to Relax

657 I'm a Little Nervous, I Need to Relax

Ye Feng smiled disdainfully. “Captain Liu? This old b*stard still owes me 100,000 yuan. He has been hiding from me and doesn’t dare to show his face. Just in time, call him out and see how I deal with him.”

The security guard was completely dumbfounded.

He actually met Captain Liu’s debt collector? What should he do?

Captain Liu was probably making out with his wife right now. If he called now, wouldn’t he be asking for a scolding?

Moreover, since the other party was Captain Liu’s guarantor, Captain Liu had no time to hide. If he really called him over, wouldn’t Captain Liu strangle him to death?

Anyway, it was just letting one person go. It should be fine, right?

Moreover, the car that the other party was driving was obviously expensive. Moreover, there was such a beautiful woman sitting in the front passenger seat. No matter how he looked at it, it did not seem like he was here to cause trouble.

“Then... I’ll let you pass.”

As he spoke, he hurriedly raised the railing.

“Hmph, at least you know what’s good for you. If you see your Captain Liu, remember to ask him to call me. This old b*stard, let’s see how long he can hide.”

Ye Feng cursed as he drove in.

The security guard stared at the taillights of his car and sneered.

He would never say such a thing. Wouldn’t that be asking for trouble? Did he really think he was stupid?

“How do you know that the captain is called Liu Gensheng?”

After entering the residential area, Chen Xuan asked curiously.

Ye Feng's verbal battle with the security guard had stunned her.

This guy was really good at fooling people. If she didn't know the inside story in advance, she would really think that this guy knew Captain Liu.

Ye Feng smiled and explained, "There is a job list on the wall of the security room. The first one is called Liu Gensheng. There is nothing to be surprised about."

Chen Xuan recalled that there was indeed a form on the wall of the security room, but it was only the size of an A4 paper, and it was very far away.

This guy could actually see the words clearly? Wasn't his vision a little too abnormal?

But after spending so much time with Ye Feng, she had gradually gotten used to some of his almost magical abilities.

Sometimes, she even wondered if her boyfriend was an alien, because many of the things he had done were simply unbelievable from a human's point of view.

Ye Feng parked the car in the parking lot and saw her staring at him with a burning gaze. “Why are you looking at me with such a lecherous expression?”

Chen Xuan glared at him. “Who’s being lecherous?”

Her slightly coquettish look of a white eye was really charming, it made Ye Feng’s heart surge.

“Sister Xuan...”

“Hmm?”

“I want...”

“What do you want?”

“What do you think?”

Ye Feng had an evil smile as he raised his eyebrows at her.

With Chen Xuan's intelligence, how could she not understand the meaning behind his words? Her pretty face immediately turned red. "Aren't we here to look for Xu Haibo? You..."

Ye Feng held her soft little hand. "That Xu Haibo is an extremely evil person. I am a little nervous. I need to relax first."

Chen Xuan would not believe his words. What kind of situation had this guy not seen before? Would he be nervous because of Xu Haibo? Who was he lying to?

"But..."

"No buts."

Chen Xuan really couldn't do anything to this guy. She could only lift her hair and slowly bend down...

..

"Master Xu, please spare my life!"

Xu Haibo sat on the sofa with his legs crossed and stared at the man opposite him gloomily.

The man was kneeling on the ground, trembling. His face had been beaten beyond recognition.

Behind him stood a few men in black, each holding a baseball bat covered in blood.

Xu Haibo took out a cigarette from the box of cigarettes, and the men behind him immediately lit it for him.

“Old Yu, how many years have you been with me?”

He exhaled a column of smoke and stared at the man with burning eyes.

The man trembled as he said, “It’s already... It’s already been seven years...”

Xu Haibo’s eyes revealed a sense of sadness. “Seven years is not a short time. How many seven years are there in a person’s life?”

The man hurriedly nodded. “Yes, I’ve been following you since you took over the gravel factory...”

Xu Haibo’s face suddenly became ferocious. “You’ve been with me for seven years, and you still dare to do such a thing? How dare you embezzle public funds? Do you know that the money belongs to Mr. Gao? How dare you take bribes?”

The man was so scared that tears were streaming down his face. “Master Xu, my wife has liver cancer and needs money to save her life. I really can’t think of any other way, so...”

“If you can’t think of any other way, you can embezzle Mr. Gao’s money? Why didn’t you come and borrow it from me?”

Xu Haibo’s voice suddenly raised a few times and became a little sharp.

“You... Will you lend it to me?”

The man mustered up his courage and looked at him.

“You’ve been my brother for seven years. Since you’re in trouble, if I have the money, I would definitely lend it to you. But you also know that I don’t have any money.”

Xu Haibo helplessly spread his hands.

The man raised his head shakily. “Master Xu, on account of the many years I’ve been with you, please give me some more time. When I sell the house, I’ll definitely make up for the money in my account.”

Xu Haibo grabbed the ashtray on the coffee table and walked over slowly.

“You don’t have to worry about selling the house to pay off the debt. I’ll handle it for you. Now that Mr. Gao knows about you and wants me to give him an explanation, what can I do?”

When the man saw him walking over, he immediately crawled back in fear. “Master Xu, spare me, Master Xu...”

Xu Haibo shook his head and sighed. “It’s not that I don’t want to spare you. If I spare you, Mr. Gao won’t spare me. Brother, I’m sorry.”

With that said, he smashed the ashtray in his hand.

Bang, bang, bang...

After a few consecutive hits, the man’s head exploded.

Xu Haibo took a baseball bat from one of his men and hit him on the head a few times.

He only stopped when his head was completely smashed and his brains splattered all over the ground.

“Brother, don’t blame me, I’m also being forced.”

He threw down the baseball bat in his hand and waved at his two subordinates. "Pull it out and chop it up to feed the dogs."

Chapter 658 - 658 Do You Think You're Here For a Vacation?

658 Do You Think You're Here For a Vacation?

Xu Haibo sat back down on the sofa and lowered his head to think about something.

A few of his subordinates were dealing with the corpse.

At this moment, the doorbell suddenly rang.

The subordinates were shocked and looked up at him.

Xu Haibo's eyes narrowed slightly. He grabbed the bloody baseball bat and walked to the door.

"Who is it?"

"I'm from the Property Management Department. I'm here to check the electricity meter."

A man's voice immediately came from outside.

Xu Haibo frowned. "It's so late. We're already asleep. Come back tomorrow."

The person outside immediately replied, "No, we still have to file the documents later. We have to finish the work today. Open the door. It won't take up a few minutes of your time."

Xu Haibo rolled his eyes. "I'm very familiar with your property manager, Manager Qian. If you tell him, he should be able to accommodate you."

The man outside continued to say, "Manager Qian asked me to come. The other houses have been checked, and only your house is left."

Xu Haibo immediately sneered. There was no Manager Qian in property management. The other party was obviously not from property management.

"Alright, since you want to come in, then come in."

As he spoke, he winked at his subordinate.

The subordinate immediately understood and walked over to open the door.

Then, a young man walked in. "Hello..."

Before he could speak, Xu Haibo swung his baseball bat at the back of his head.

His rod was powerful and heavy, and it was a sneak attack. Once it was hit, it would either die or be injured.

However, the young man's reaction was extremely fast. When he heard the wind behind him, he immediately lowered his head to dodge and then jumped away.

"F*ck, you're going to kill me right away? As expected of Gao Junming's capable general."

The man had a mischievous smile on his face, and there was no trace of panic at all.

A few people in the room immediately grabbed their weapons and rushed up, surrounding him.

Xu Haibo's gaze was like a hawk as he sized up the young man. "Who exactly are you?"

When the man heard his words, he immediately laughed. "There's actually someone in the Chaoxin Gang who doesn't know me? Looks like I'm still not famous enough."

When Xu Haibo heard his words, he seemed to have suddenly thought of something.

Since the other party knew the name of the 'Chaoxin Gang' and called 'Gao Junming' by his full name just now, it was obvious that he knew his background.

Since he knew that he was from the Chaoxin Gang, he still looked fearless. There were probably not many people like him in Yang Cheng.

Connecting it to the other party's age, a name immediately came to mind.

"You are Ye Feng?"

He was usually only in charge of the gravel factory and the blasting factory, he was not in charge of the internal affairs of the Chaoxin Gang, but he had heard of Ye Feng's name. He knew that Gao Junming had suffered a huge loss today.

However, he did not expect that this kid would actually be able to find him.

Ye Feng smiled in a relaxed manner. "It seems that Mr. Xu has heard of my name. It saves me the trouble of introducing myself."

Xu Haibo's eyes narrowed slightly. "Why are you looking for me?"

Ye Feng had a harmless smile on his face. "Let me discuss with you how to kill Gao Junming."

Xu Haibo's eyes immediately shot out a killing intent. "What did you say?"

The few men beside him also glared at him angrily. As long as Xu Haibo gave the order, they would rush forward.

Ye Feng ignored their anger and continued to speak.

"You said that you worked so hard for Gao Junming, but in the end, you live in such a small place? Why is this so? If I were Gao Junming, I would definitely be more generous to my brother..."

"Shut up!"

Xu Haibo immediately roared, "How dare you speak ill of Mr. Gao in front of me? How can I forgive you? Brothers, attack!"

Those few people received the order. They immediately waved their cudgels and smashed at Ye Feng.

Ye Feng sighed lightly. "You should have heard of my strength. Why do you have to do this?"

Although he said that, his hands didn't slow down.

His movements were as fast as lightning. He dodged, snatched the staff, and retaliated in one go.

With a few punches and kicks, the subordinates were all lying on the ground.

Ye Feng threw away the few baseball bats in his hands. He clapped his hands and continued to look at Xu Haibo. "Where were we?"

Xu Haibo's old face twitched, and sweat seeped out of his forehead. Looking at this guy's indifferent expression, it was as if he had just dealt with a trivial matter.

No wonder he dared to come alone. It turned out that he was fearless.

To be honest, he was a little scared.

"You... What do you want?"

Ye Feng raised his hand slightly. He immediately retreated in fear.

“I’m really here to discuss business with you. Why don’t you believe me?”

He smiled and patted him on the shoulder.

Xu Haibo laughed dryly. “Talk? I’ll talk, alright? How do you want to negotiate?”

Ye Feng glanced around the living room. “You just killed someone? Let them deal with it first, or else they will scare my girlfriend.”

Xu Haibo’s face twitched twice again. Why did he feel like he was asking him ‘just ate’? He didn’t seem surprised at all that he had killed someone.

However, thinking about it, it made sense. The other party was able to charge left and right under the siege of hundreds of people from the Chaoxin Gang today. What kind of scene had he not seen before? How could he be scared by such a small scene?

Thinking of this, he hurriedly urged his subordinates to clean up the scene.

The bloodstains in the living room were quickly wiped clean, and the corpse was dragged away.

Only then did Ye Feng call Chen Xuan in.

When Xu Haibo saw Chen Xuan, he was completely speechless.

This guy came looking for trouble and actually brought a woman with him?

Do you think you're here for a vacation?

Ye Feng did not care about what he thought, He held Chen Xuan's hand and walked in, sitting on the sofa.

"Give me a cup of coffee and a cup of lemonade for my girlfriend."

Looking at his casual appearance, he really did not treat him as an outsider.

Xu Haibo cursed in his heart, but he still obediently brought the drinks for the two of them.

"Tell me, what do you want?"

“I’ve already said what I wanted to say just now. I just feel that it’s not worth it for you.”

Ye Feng looked around. “How big is your house? A hundred square meters? You’re managing such a big business for Gao Junming, and he’s letting you live in such a place?”

Xu Haibo waved his hand to dismiss his subordinates, then slowly sat opposite the two of them. “I’m just a part-time worker. Mr. Gao has already treated me very well. I don’t dare to ask for too much.”

Ye Feng could not help but laugh: “You say one thing but mean another. With your ability, no matter where you go, you will be better off than you are now. Don’t you have any complaints about Gao Junming treating you so badly?”

Even though Xu Haibo knew that Ye Feng was trying to sow discord, he still felt a trace of resentment in his heart.

He had been with Gao Junming for so many years and helped him manage such a big business, but the benefits he received were only a drop in the ocean.

Many people who joined the gang later than him had already lived in luxury houses and drove luxury cars.

How could he not have any resentment?

Chapter 659 - 659 Your Mouth Is Really Awesome

“You said you wanted to talk business with me. What business do you want to talk about?”

He didn’t want to dwell on this issue any longer, so he changed the topic.

Ye Feng took a sip of his coffee. “It’s actually very simple, we will take down Gao Junming together. Aren’t all the businesses that you control now yours?”

Xu Haibo was immediately shocked by his words and stood up. “Are you joking? How could Gao Junming be taken down so easily?”

Ye Feng immediately revealed a smile. The other party did not say that he should not be taken down, but that it would not be easy to take down. This had already exposed his intentions.

“Everything depends on one’s efforts. Actually, it’s easy to take him down. As long as you have enough evidence of his crimes, leave the rest to me.”

Xu Haibo slowly sat back in his chair and grinned. “I’m afraid I’ll have to disappoint you. How can I have evidence of his crime?”

Ye Feng frowned. "You have followed him for so many years, and you are his trusted aide. It is impossible that you have no evidence at all, right?"

Xu Haibo seemed to be stung, and his expression became somewhat ugly.

"Gao Junming has always been suspicious. Other than himself, he has never trusted anyone, nor will he leave any evidence behind. I think your plan is wrong."

Ye Feng smiled nonchalantly. "It's fine even if you don't have evidence. Since you know him so well, you should know how to kill him, right?"

Xu Haibo shook his head. "I'm sorry. I can't help you. You'd better think of other ways."

Ye Feng saw his resistance and stood up slowly. Chen Xuan also stood up.

"Before I leave, I want to give you a sentence. Every man for himself. It is better to live a life for yourself than to be a dog for a lifetime."

After saying that, he pulled Chen Xuan out.

Just as the two of them walked to the door, they suddenly heard Xu Haibo say, "You can try looking for Old Ning."

Ye Feng immediately stopped walking and turned around to look at him. "But I heard that Old Ning is elusive. Where should I go to find him?"

Xu Haibo rubbed his face. "I don't know where he lives, but I heard that he often goes to a small clinic called Huizhi Hall to see a doctor. Today is the day he goes for a follow-up visit."

Ye Feng smiled in satisfaction. "Mr. Xu, you are indeed a wise man who understands the times. Then you can wish that I can get rid of Gao Junming as soon as possible."

After saying that, he led Chen Xuan out of the room.

Xu Haibo slowly leaned back on the sofa with a complicated look in his eyes.

Actually, he had already thought about what Ye Feng said today countless times.

It was just that Gao Junming was too strong. Even if he had the heart, he did not have the strength.

If he could borrow Ye Feng's hands to get rid of him, he would naturally be more than happy to do so.

At this moment, he was even praying in his heart, hoping that Ye Feng would get what he wanted, then he would be able to jump into the sea like a fish, and fly into the sky like a bird.

..

“Xiao Feng, your mouth is really amazing. With just a few words, you made Gao Junming’s trusted aide betray him.”

On the way to Huizhi Hall, Chen Xuan could not help but praise.

She did not speak earlier. She was just watching Ye Feng’s performance, and she realized that this guy was getting more and more powerful.

Just from the place where Xu Haibo lived, it could be seen that he was dissatisfied with Gao Junming and used this as an excuse to make the other party reveal the whereabouts of Old Ning.

Although she had been working in the business world for so long, her grasp of the human heart was far inferior to his.

As Ye Feng drove, he turned around and glanced at her. “No, no, no matter how good my mouth is, I can’t beat you.”

Chen Xuan did not react at first, but when she saw the smirk on his face, she immediately understood what he was talking about.

Her pretty face turned hot at the thought of the scene in the parking lot.

“Bad guy!”

When Ye Feng saw her shy expression, he wished he could stop the car and do things again.

Chen Xuan sorted out her emotions and looked at him seriously. “Xiao Feng, do you think we can really find evidence of Gao Junming’s crime?”

Ye Feng shook his head. “I don’t know, Gao Junming is very cautious, and he did not leave any flaws. Otherwise, the officials would not have allowed him to run around for so long. If even the officials can’t find evidence, it’ll be even more difficult for us to rely on ourselves.”

Chen Xuan also knew that he was telling the truth. “Why don’t... We forget it? We shouldn’t provoke such a gangster, right?”

Ye Feng turned around to look at her and said seriously. “If he’s only targeting me, I can play with him slowly. However, since he has set his sights on you, I must get rid of him immediately. I will not allow you to be in any danger.”

Chen Xuan rarely heard him say such affectionate words, and she was extremely touched. "But this Gao Junming is not to be trifled with. If we continue to investigate, you might be in danger."

Ye Feng looked ahead with a burning gaze. "For you, even if I have to go through a mountain of blades and a sea of flames, I will not hesitate!"

Chapter 660 - 660 I Want To Ask, Have You Chosen a Grave?

660 I Want To Ask, Have You Chosen a Grave?

"Cough, cough, cough..."

In the Huizhi Hall, a skinny man was coughing non-stop. His face was flushed red.

After a long time, when he took his hand back, he saw a pool of blood on his palm. As if he was used to it, he took out a tissue to wipe it and threw it into the dustbin.

Sitting opposite him was a doctor in his sixties. He frowned and looked at him. "Mr. Ning, have you taken the medicine I prescribed for you?"

The skinny man wanted to cough again, but he quickly held it back. "I ate it, but it didn't work. Cough, cough..."

The doctor looked puzzled. "That shouldn't be the case. Logically speaking, in your situation, you should see an effect after taking a few pills. Why is it getting heavier and heavier?"

The skinny man laughed bitterly twice. "I don't blame you. When I was young, I was injured. I'm sick. I've lived until now. It's already a miracle."

The doctor sighed. "How about this. I'll increase the dosage for you this time. You can go back and eat it first. It should have some effect this time."

The skinny man nodded. "Alright."

The doctor immediately stood up to help him get the medicine.

At this moment, a man and a woman suddenly walked in from outside.

The doctor immediately stopped and frowned at the two of them. "I'm sorry, we're closing soon. Please come back tomorrow."

Those two were Ye Feng and Chen Xuan.

Ye Feng ignored him. He glanced at the skinny man and walked over slowly. "We are not here to see a doctor."

The doctor's face darkened. "You're not here to see a doctor? Then what are you here for?"

Ye Feng did not even look at him. He only stared at the skinny man. "I'm here to look for him."

The skinny man turned around and glanced at him. "Looking for me? Why are you looking for me?"

Ye Feng pulled a chair over and sat beside him. "I want to ask, have you chosen your grave?"

The skinny man stood up with a whoosh and glared at him. "What did you say? Say it again."

The doctor's face immediately darkened. "Are you sick? Who would come to the clinic to sell graves? Isn't this cursing people to death? Hurry up and get out!"

Even Chen Xuan couldn't help but laugh.

He came to the clinic to ask if the grave had been chosen? This guy really deserved a beating.

Ye Feng faced the anger of the two, but he still sat still. He pointed at the prescription on the table. "You took the medicine according to his prescription, didn't you do it because you wanted to die earlier?"

The doctor's expression immediately changed. Bang! He slammed the table. "Are you here to cause trouble? Are you going to get lost or not? If you don't get lost, I'm going to call the police."

Ye Feng heard his threat and smiled nonchalantly.

"Call the police? Then hurry up and report it. The medicine on your prescription completely violates the eighteen evils and nineteen fears of traditional Chinese medicine. Many medicinal properties are conflicting. How can this be a good medicine? It's poison. Are you saving people or harming people?"

His words were reasonable and powerful. The doctor's expression immediately changed. "You know medicine?"

He had almost confessed without being forced. The skinny man's gaze immediately became sharp and he grabbed his collar. "Is what he said true? Is there really a problem with the medicine you prescribed?"

The doctor panicked. "Mr. Ning, please don't listen to his nonsense. Huizhi Hall is a century-old name. How can a brat like him understand the prescription I prescribe?"

Ye Feng heard him quibbling, he could not help but laugh coldly, "Whether this medicine is effective or not, the patient knows best. If he continues to take it, he will die in a few days."

That skinny man believed Ye Feng's words without a doubt.

When he came to this clinic for treatment, he only had a dull pain from his old injury and no other symptoms.

However, after being treated here for a while, his body did not get better. Instead, it got worse.

Since this clinic was recommended by his most trusted person, he did not suspect the other party. He thought that it was caused by his old injury.

Now, after Ye Feng's reminder, he realized that something was wrong.

Before anyone could see how he flipped his right hand, a short blade appeared and stabbed into the doctor's palm.

"You better tell me the truth!"

The doctor screamed and his face turned pale. "I really don't know what to say. Don't listen to his nonsense..."

Before he could finish, the skinny man twisted the dagger in his hand.

"Ah... I'll tell you, I'll tell you..."

The doctor could no longer hold on and hurriedly begged for mercy.

The skinny man stopped talking and said, "If you dare to lie, I'll kill you."

The doctor's lips had already turned blue. He said in a trembling voice, "This medicine... There is indeed a problem..."

The skinny man's eyes were about to pop out. He grabbed his throat and said, "What grudge do I have with you? Why do you want to harm me?"

The doctor's eyes rolled back and he was about to die.

Ye Feng hurriedly pulled the skinny man's arm. "Even if you want to kill him, you have to ask him first."

The skinny man's emotions calmed down a little.

Ye Feng turned to look at the doctor. "Even with your guts, you wouldn't dare to do such a thing. Tell me, who instructed you?"

The doctor glared at him as if he was blaming him for being a busybody.

However, the skinny man did not have much patience. Seeing that he did not speak, he twisted the dagger again. "Who instructed you to harm me?"

The doctor screamed again, "I'll tell you, I'll tell you. Yes... Mr. Gao asked me to do it..."

When the skinny man heard the words 'Mr. Gao', he was instantly struck by lightning and stood rooted to the spot.

"Gao... Mr. Gao? Which Mr. Gao?"

The doctor's face was already pale as he looked at him in horror. "Mr. Gao Junming from the Chaoxin Gang."

The skinny man staggered and looked at him with a dull gaze. "Gao Junming? Impossible, this is impossible! Are you lying to me? Are you lying to me..."

He gripped the doctor's neck with a ferocious expression and increased the strength of his hand.

Kacha...

The doctor's neck was finally broken by him and drooped down.

However, he did not stop and continued to pinch hard.

It was obvious how angry he was.

Seeing the originally honest and skinny man suddenly become so ruthless, Chen Xuan was so scared that she hid behind Ye Feng and trembled.

Even Ye Feng himself did not expect this. No wonder this person could become Gao Junming's number one assassin. He was indeed ruthless!

The skinny man did not stop until the doctor's neck was completely broken and his head was completely pulled down.

When he turned back to look at Ye Feng and the other man, he returned to his honest appearance. "I'm sorry, I was just too angry, I didn't expect that the person I trusted so much actually wanted to harm me."

Looking at his harmless appearance, if he had not seen the other party's abnormal side with his own eyes, he might have really been bewitched by him.

Ye Feng, on the other hand, was very generous. "Mr. Ning, what are your plans?"
