### Chapter 681 - 681 I Still Have Many Hidden Things

#### 681 I Still Have Many Hidden Things

“Happy birthday to you, happy birthday to you...”

The couple gave their daughter their birthday wishes. Song Qianqian closed her eyes and made a wish before blowing out the candles.

“Qianqian, what wish did you make?”

Song Zeyang hugged his daughter dotingly.

“I hope that my parents and I will always be together and never be separated,” Song Qianqian said in a child-like, innocent tone.

Nie Ping couldn't help but laugh. “What kind of wish is this? Our family will definitely be together forever. Make another one.”

Song Qianqian tilted her head and thought for a moment. Then, she closed her eyes and made another wish.

“What wish did you make this time?” Nie Ping asked curiously.

Song Qianqian looked at her father outside. “When Qianqian grows up, she wants to be a good person like her father.”

Song Zeyang also laughed. “Then tell me, what’s so good about Daddy?”

Song Qianqian thought about it for a long time. In the end, she smiled sweetly and said, “Daddy is good in every way.”

Song Zeyang immediately burst into laughter. “You’re really Daddy’s good daughter. I hope that you can grow up happily and become a useful person to the country and the people.”

Although Song Qianqian did not understand what she meant by ‘useful to the people,’ she still nodded seriously.

Nie Ping looked at her husband with admiration. Although he was already in a high position, he had not been corrupted and still maintained his original heart. It was really rare.

She was very glad that she had made the right choice back then.

Song Zeyang noticed his wife's gaze and felt annoyed.

When he was pursuing her, her family was wealthy, her father held power, and she was very beautiful. She was the target of countless people's pursuit.

But now, her father had long retired from the second line, and she had long lost her charm because she had been doing housework all year round. Coupled with her age, her body was slightly fat, which made him hate her even more from the bottom of his heart.

If it wasn't for the fact that his divorce would affect his career, he would have kicked this woman a long time ago.

At the same time, he thought of Zheng Rujing's beautiful body, and his gaze gradually became hot.

Nie Ping saw him looking at her with such a gaze, and her heart became even sweeter. He was really the best gift that God had given her.

..

When Gao Junming returned to the Magnificent Villa, he was surprised to find that the guards, butlers, and nannies in the villa had all disappeared. This was a little abnormal.

Just as he was on guard, he suddenly heard the melodious sound of a guzheng.

When he followed the voice into the villa, he saw Zheng Rujing wearing a bright red Han costume and beautiful makeup. She was kneeling in front of the guzheng and playing.

Although he wasn't very interested in these classical things, he had to admit that Zheng Rujing was too beautiful at this moment.

When the song ended, he couldn't help but clap.

"I haven't heard you play for a while, but you're getting better and better."

Zheng Rujing slowly stood up and looked at him in a daze. "As long as it's something you like, I'll work hard to satisfy it. No matter how hard it is, I'll still feel very happy."

Gao Junming met the deep and affectionate gaze of the person in the room and turned his head away guiltily. "Where's Butler Li and the others? Why didn't I see them when I came in?"

Zheng Rujing walked over and closed the door behind her. "I wanted to be alone with you today. I didn't want to be disturbed by anyone, so I gave them a day off. You won't blame me for taking matters into my own hands, will you?"

Gao Junming waved his hand generously. "Why would I blame you? No matter what you do, I won't blame you because you're the woman I love the most."

Zheng Rujing slowly walked up to him and stared straight at him. "What if I want to kill you? Will you blame me?"

Gao Junming was stunned and didn't know how to react.

Zheng Rujing immediately laughed. "A man who doesn't mean what he says."

Gao Junming also came back to his senses and hurriedly held her hand. "Of course not. My life is yours. If you want it, you can take it anytime."

"Really?"

"Absolutely!"

Zheng Rujing smiled brightly when she received his confirmation. "I cooked for you today. How about you try my cooking?"

As she spoke, she led Gao Junming to the dining table.

Gao Junming looked at the sumptuous dinner on the table and couldn't help but exclaim, "You made all this? Then I have to have a good taste."

As he spoke, he picked up his chopsticks and put the food into his mouth. Then, he frowned.

"What's wrong?" Zheng Rujing asked hurriedly. "Isn't it delicious?"

Gao Junming's smile returned to his face. "No, it's delicious. I didn't expect your culinary skills to be so good. You're really hiding it well!"

Zheng Rujing smiled. "I still have a lot of things that I've hidden."

Gao Junming immediately pulled out a chair. "Sit down and eat together."

Zheng Rujing pressed him down on the chair. "You eat first. I'll dance for you. I've just learned this dance. You'll definitely like it."

Without waiting for his reply, she turned around and returned to the center of the hall and began to jump.

Gao Junming enjoyed her dance while tasting the dishes.

Although he didn't like classical dancing, the dishes were not delicious and there was a strange taste in them...

However, he still pretended to enjoy it. After all, this woman was related to his great future. As long as he could make her happy, there was no harm in making himself suffer.

As he ate, he suddenly felt a sharp pain in his stomach. It was so painful that he almost cried out.

Fortunately, the pain quickly disappeared, and he heaved a sigh of relief.

He probably didn't sleep well last night and caught a cold.

Chapter 682 - 682 The Ye Family is Really Finished This Time!

682 The Ye Family is Really Finished This Time!

In the main hall of the Ye family.

The leaders of the major forces who were summoned by Ye Tianhua were all excited.

"Oh my god, I didn't expect the person behind the Ye family to be Song Zeyang? No wonder the Ye family's strength had improved by leaps and bounds in the past few years."

“I heard that this time, Song Zeyang has a great chance to improve. When that time comes, the Ye family’s strength will definitely soar.”

“If that’s the case, then the Zhao family is really insignificant.”

“No wonder Ye family head dared to attack Zhao family and Ye Feng at the same time. So they were fearless.”

“That’s true. With Song Zeyang backing them up, wouldn’t the Ye family be able to do whatever they want in South Guangdong Province? A mere Zhao family and Ye Feng, what are they?”

“Our Liu family is willing to follow the Ye family’s lead. Please give the order.”

“Our Cao family is also willing to follow the Ye family’s lead.”

“Our Guo family is also willing...”

Everyone present immediately scrambled to express their stance, afraid that they would be one step slower.

Ye Tianhua was very satisfied with the result. He immediately stood up and swept his gaze across the crowd heroically.

“Alright, with everyone’s help, I believe we will definitely win. Don’t worry, I, Ye Tianhua, will never monopolize everything. Let’s discuss how to split the Zhao family and Ye Feng’s forces after this matter is settled.”

Everyone became even more enthusiastic and started a battle of words. They were fighting over a piece of the ‘cake’ until their faces were red and they even wanted to fight.

It was as if the Zhao family and Ye Feng’s assets were already in their hands.

Ye Tianhua’s lips curled into an undetectable smile when he saw this scene.

‘I’ll let you guys be happy for two days. When my Ye family has enough strength, I’ll take care of you one by one.’

At this moment, the Ye family’s butler suddenly walked in with a flustered expression. “Old Master, something bad has happened...”

The people who were arguing were all swept away by this person and looked over with furrowed brows.

Ye Tianhua’s expression was also a little ugly. “What’s the matter? How can you be so flustered?”

The butler had no choice but to calm down and prepare to whisper something into his ear.

Ye Tianhua pushed him away. "If you have something to say, say it out loud. Everyone here is not an outsider. There's nothing to hide."

The butler had no choice but to say in a clear voice, "Old Master, there are a few business officers outside. They said that they have something to ask you..."

As soon as he said this, the entire hall became chaotic.

Everyone looked at Ye Tianhua in bewilderment, not knowing what had happened.

Ye Tianhua was also panicking, but he still pretended to be calm and smiled. "It's not a big deal. It's probably just a small misunderstanding. I'll go and see them..."

Before he could finish his sentence, a group of fully-armed officers walked in.

"You are Ye Tianhua?"

The leader looked at him with a serious expression.

“I’m Ye Tianhua. What are you...”

Ye Tianhua saw this group of people walking in aggressively, and his heart started to feel uneasy.

“You are suspected to be involved in money laundering, smuggling, murder, bribery, and many other charges. You are under arrest.”

The officer took out an arrest warrant and waved it in front of him.

Ye Tianhua felt his legs go soft and almost fell down. “Comrade, is there any misunderstanding? Our Ye family has always been law-abiding. How could it be...”

The officer interrupted him again. “We’ll investigate whether it’s a misunderstanding or not. Come with us now.”

After saying that, he didn’t allow him to continue arguing and immediately waved his hand.

Immediately, a guard handcuffed him with a pair of cold handcuffs and pushed him out.

Everyone in the hall was shocked when they saw Ye Tianhua being taken away.

They knew very well that for a big family like the Ye family, due to the seriousness of the matter, if there was no conclusive evidence, the Official Department would not easily make a move.

Now that they had rushed to the Ye family to arrest them, it proved that they had strong evidence to prove that the Ye family was guilty.

Thinking of this, everyone felt a chill down their spines.

They were all very clear that the Ye family was really finished this time!

..

“Dad, I want to go to the amusement park tomorrow. Can you come with us?” Song Qianqian asked coquettishly as she lay in her father’s arms.

“But Daddy still has to work tomorrow.”

Song Zeyang pinched his daughter’s little nose lovingly.

“No, you’ve never accompanied Qianqian to the amusement park before. Can you go this time?”

Song Qianqian looked at him with her big, watery eyes.

Nie Ping immediately chimed in. "Qianqian has always wanted you to accompany her to the amusement park. Just go with her once."

Song Zeyang looked at her unhappily. "Qianqian doesn't know how to behave. Are you not sensible too? The education reform in South Guangdong cannot be delayed. The other comrades are all busy. How can I slack off and rest?"

Nie Ping retorted softly, "But you can't abandon your own child for someone else's child."

Song Zeyang snorted coldly. "Since I'm in this position, I should do my best and live up to the expectations of the people. Since you are my wife, you should support me with all your strength and not say such things."

Nie Ping looked at her husband's righteous appearance. Although she was reprimanded, her heart was sweet.

Wasn't his responsibility and integrity the reason why she had married him without hesitation?

After so many years, her husband was still able to remember his original intentions. What reason did she have to not support him?

Just as she was admiring her husband, the doorbell suddenly rang.

Nie Ping didn't think too much about it. She immediately walked over and opened the door. She saw a few men in black suits standing outside.

"You are..."

The man in the lead didn't say much and immediately led his men in.

When he saw that there was a child present, the man restrained himself a little. "Mr. Song, we're from the relevant department. We need to ask you something. Can you come with us?"

Song Zeyang's vision turned black as endless fear flooded him.

Nie Ping's face had already turned pale. She hurriedly brought her daughter into the room, then turned around and walked out.

"Hello, comrade. What happened? Is there a misunderstanding?"

The man looked at Song Zeyang and sneered. "Mr. Song should know best whether it's a misunderstanding or not, right?"

Song Zeyang's face was ashen, and his body was trembling.

Nie Ping rushed up and grabbed his clothes. "Old Song, what's going on? Did they misunderstand you? Hurry up and explain it to them."

"I..."

Song Zeyang wanted to say something, but found that his throat was choked. He couldn't say a single word.

"Alright, don't waste any more time. Come with us."

The man in the lead had lost his patience and immediately waved his hand. Immediately, two people walked over and detained Song Zeyang.

Chapter 683 - 683 Women's Madness

683 Women's Madness

"What are you doing? Quickly let him go..."

Nie Ping immediately turned pale with fright and wanted to protect her husband.

“Your daughter is still at home. Don’t make things too ugly.”

He immediately threatened her.

Nie Ping hurriedly stopped her actions and allowed them to take Song Zeyang away.

Song Zeyang, who had been acting so righteous in front of his wife and daughter just a moment ago, was now so frightened that he could not even walk. He was being carried out by the two of them, and yellow liquid was even flowing out of his pants.

Nie Ping slumped to the ground, staring blankly in the direction her husband had left.

Her father’s warning suddenly rang in her ears. “This man has evil intentions. He’s not someone worth trusting...”

She had once disdained these words and even thought that her father was pedantic. Now that his words were still ringing in her ears, it seemed to confirm that her father was right.

..

At the Magnificent Villa.

Zheng Rujing's classical dance had not finished yet, but Gao Junming's stomach was already hurting so much that he could not stand it. Bean-sized beads of sweat kept rolling down.

Zheng Rujing hurriedly stopped dancing and walked over. "Junming, what's wrong?"

Gao Junming forced himself to support himself and forced a smile. "I... I'm fine. I probably ate something bad at noon..."

Zheng Rujing helped him up worriedly. "Then let me help you to the bedroom to lie down for a while."

Gao Junming stood up with her help. It was just a simple action, but he was already grimacing in pain. After taking two steps, he could no longer hold on and fell to the ground.

"Rujing... I... I really can't stand the pain anymore. Hurry up and call the doctor..."

"It's just a small illness. Why are you looking for a doctor?" Zheng Rujing said with a smile. Then, she went to the kitchen and took out a sharp knife. "Why don't I treat you? I can also see what color your heart is."

Gao Junming looked at the cold knife and suddenly had a bad feeling. "Rujing... What kind of time is this... Don't open your heart. What a joke, quickly call the doctor... Be good..."

Zheng Rujing turned a deaf ear to him. She unbuttoned his pants and used the tip of the knife to cut his lower abdomen. "Where do you think I should start?"

Gao Junming was already scared out of his wits. No matter how stupid he was, he had already noticed the problem. He didn't eat anything bad, but was poisoned by this crazy woman.

He really wanted to struggle to get up, but his whole body was sore and he couldn't exert any strength at all.

"Rujing... are you... misunderstanding me... tell me... I'll explain it to you..."

Zheng Rujing sneered. "Explain? Alright, then explain it properly. Why do you have to get me drunk every time before you have s\*x with me?"

Gao Junming was stunned. He did not expect her to ask such a question. "Because... Because I'm a bit special. I'm afraid you'll laugh at me..."

Zheng Rujing acted as if she had suddenly realized something. "Oh, I see. I thought you were not good in that area and let other men do me."

Gao Junming's expression changed. "Rujing... These words... who told you that? You must... not believe him... He must be..."

"He must be trying to drive a wedge between us..."

"What if I tell you that I saw it with my own eyes?" Zheng Rujing sneered.

Gao Junming's stomach was already hurting. "Rujing... I'll explain these things to you in the future... Can you send me to the hospital first... I can't stand the pain anymore... Please..."

Zheng Rujing's smile gradually faded and was replaced by madness. "Does it hurt? Then I'll help you treat it."

As she spoke, the sharp knife in her hand immediately stabbed down.

Gao Junming was so scared that he forgot about the pain. He did not expect this woman to be so terrifying when she went crazy.

Gao Junming did not know where he got the strength to grab her wrist. "B\*tch, you won't live if you kill me!"

Zheng Rujing suddenly threw her head back and laughed loudly. In the end, tears began to flow out. "You really don't understand me. You're already dead. Do you think I'll still live on?"

As she spoke, she took out a remote control from her clothes. "I've already installed a lot of explosives in this house. As long as I press it, we can be together forever..."

"Stop..."

Gao Junming immediately struggled to snatch it. He did not want to die yet. He still had his grand ambition to achieve. He was unwilling to accept it.

Zheng Rujing easily avoided it, and a beautiful smile appeared on her face.

"I love you so much and treat you as my everything. Why did you let others defile me? Why did you destroy me? But I don't hate you. I just want to be with you forever. Junming, I love you..."

After saying that, she pressed the button resolutely.

Boom...

Flames soared into the sky like an evil dragon that wanted to devour everything.

The entire villa was razed to the ground.

Chapter 684 - 684 How Can I Calm Mr. Ye's Anger?

684 How Can I Calm Mr. Ye's Anger?

Tonight was definitely a sleepless night for many people in Yang Cheng.

Ye Tianhua was taken away by a police officer, Gao Junming died in an explosion, Song Zeyang was taken away...

Any one of these incidents could cause a huge commotion in Yang Cheng, let alone all of them happening at the same time.

Wei Changfeng was holding a thick stack of documents and reading them word by word.

This information was all about Ye Feng, and there was almost no detail missing from it. Even some of his stories in primary school were collected by him.

He had to carefully study this person, find his weaknesses, and exploit them.

He believed that with his relentless efforts, he would one day find an opportunity to give this kid a fatal blow and let him wash away his previous humiliation.

At this moment, his phone suddenly rang. It was a call from his most trusted subordinate.

Usually, if there was nothing particularly urgent, this subordinate would never call him.

Wei Changfeng didn't dare to delay and hurriedly picked up the phone. He heard the other party's voice sound a little flustered.

"Mr. Wei... Mr. Ye... The Ye family is finished..."

"Ye Feng is finished?"

He was very sensitive to the word 'Ye' now. He subconsciously thought that Ye Feng had an accident.

"It's not Ye Feng, it's the Ye family. The head of the Ye family, Ye Tianhua, was taken away by a police officer. They said that he was suspected of money laundering, smuggling, bribery, murder, and many other crimes..."

When Wei Changfeng heard this, he immediately stood up in shock. "Are you sure? Where did you get this information?"

His subordinate immediately replied: “Ye Tianhua gathered a lot of people today. He was preparing to attack the Zhao family and Ye Feng. They were just in the middle of their discussion when the officials arrived. Many people saw it.”

Wei Changfeng finally calmed himself down and was about to speak again.

The subordinate threw out another bombshell. “Song Zeyang has also been taken away for investigation...”

Wei Changfeng was stunned. “Song Zeyang? Why is he being investigated?”

“I heard that he is the backing of the Ye family. If something happens to the Ye family, he will probably be implicated...”

Wei Changfeng’s mind was in a mess. He had a feeling that these two things were not that simple. There must be more to it.

At this moment, he heard the subordinate say, “Gao Junming also committed suicide by detonating explosives in his own home. The outside world speculated that he might have committed suicide to avoid punishment.”

These three ‘heavy bombs’, each more explosive than the other, directly made Wei Changfeng dizzy.

“What the h\*ll... What happened?”

“I heard that someone handed over a piece of black material to the higher-ups. The higher-ups were very angry, so they issued a death order to investigate thoroughly.”

Hearing his subordinate’s words, a figure suddenly appeared in Wei Changfeng’s mind.

Ye Feng!

Other than Ye Feng, he could not think of anyone else who had a grudge against the Ye family and Gao Junming and had the ability to get their dirty materials.

It must be him. This series of events must be related to him.

Thinking of this, he immediately broke out in a cold sweat.

He was just thinking about how to take revenge on Ye Feng. He did not expect the other party to send him three ‘heavy bombs’.

Be it the Ye family, Gao Junming, or Song Zeyang, they were all much stronger than him.

Even these three were killed by Ye Feng, but he actually dared to overestimate himself and become enemies with the other party? Wasn't this courting death?

At this moment, his wife, Lei Chunfang, suddenly patted his shoulder from behind.

Wei Changfeng was shocked as if he had seen a ghost.

Lei Chunfang looked at him in confusion. "What's wrong with you?"

Wei Changfeng's lips turned a little green. "Ye Tianhua has been arrested, Gao Junming is dead, and Song Zeyang has been taken away for investigation..."

After Lei Chunfang heard this, although she was also shocked, she was more confused. "Then what does this have to do with you? Why do you look so pale?"

Wei Changfeng opened his mouth. "All of this... It's all Ye Feng's doing."

Lei Chunfang was really shocked. "Ye Feng did it? He... Where did such powerful strength come from?"

Be it Gao Junming or the Ye family, they were both very powerful, let alone Song Zeyang.

Now, these three people were in trouble because of Ye Feng? This was too scary.

After a long time, Lei Chunfang recovered. "Even if it's all Ye Feng's doing, you shouldn't be so scared right? Didn't you already beg for forgiveness from the top? He has already forgiven you."

Wei Changfeng pointed at the stack of documents on the table. "I was just thinking about how to deal with him."

Lei Chunfang immediately collapsed to the ground in fear. "Are you crazy? You actually dare to go against Ye Feng? Are you trying to kill us?"

Wei Changfeng also had a look of lingering fear on his face. "I didn't expect his strength to be so strong. I was still hoping for luck... Now, it seemed that there was no hope for revenge in this lifetime."

Lei Chunfang stared at him with a burning gaze. "If you don't want us to end up like Gao Junming and Ye Tianhua, you must never have such thoughts again."

Wei Changfeng hurriedly nodded. "I won't, I won't ever..."

...

Not only Wei Changfeng, even those who had bowed their heads and apologized to Ye Feng before, after hearing this news, they all felt extremely lucky.

These two days, they had been ridiculed by others, saying that they were spineless. They had actually run to a young man to lower their heads and apologize, cede territory, and pay compensation.

Looking at it now, this was a wise move. Otherwise, it was very likely that they would have the same bottom like as Gao Junming and Ye Tianhua.

After Chu Xiong and the others left the Ye family, they gathered together again.

“I’ve just received news that the Ye family’s backer, Song Zeyang, has also been taken away.”

“There’s also Gao Junming. There was an explosion in his house just now. I reckon he’s already buried in the sea of fire...”

When these two pieces of news came, everyone present exploded.

Chapter 685 - 685 Let's Go Apologize to Mr. Ye

685 Let's Go Apologize to Mr. Ye

“This... Could it be because of Ye Feng?”

“Is there a need to say that? Who in the entire Yang Cheng has such a huge grudge against Gao Junming and the Ye family? And has the strength to do it?”

“It’s over, it’s over! We went to the Ye family today and discussed how to deal with Ye Feng! If he finds out, we will definitely be finished.”

“What should we do now? I don’t want to ruin the foundation that I’ve painstakingly accumulated.”

“Hurry up and think of a way to calm Mr. Ye’s anger.”

“I heard that many people attended Ye Chengze’s banquet last time. After that, they apologized to Ye Feng and transferred some properties to him at a low price, and Ye Feng did not pursue the matter.”

“Then let’s follow their example and cede territory and pay compensation.”

“Although it’s a little humiliating, it’s the only way now.”

When Chu Xiong heard what everyone said, he immediately said disdainfully, “Weren’t you all quite impressive at the Ye family just now? You were still discussing how to divide his assets, and now you’re going to surrender?”

Someone immediately asked, “What else can we do if we don’t surrender?”

Chu Xiong immediately stood up, and his gaze was firm. "If you ask me, if we work together, we might be Ye Feng's match."

Everyone thought that he had some brilliant idea, so they rolled their eyes when they heard this.

"This is called overestimating yourself. Ye Feng is not even afraid of the Ye family and Gao Junming. Why would he be afraid of us, a mob?"

"Yes, if we surrender obediently, we will at most bleed a little. If we choose to fight head-on, we won't even know how we died."

"That's right, when Ye Feng receives the inheritance left behind by the Ye family and Gao Junming, his strength will soar. Even if we join forces, we might not be his match."

"Don't listen to his nonsense. We should just surrender and not resist."

"I agree. Everyone will go to Mr. Ye tomorrow to apologize."

"I also agree..."

Everyone responded. If it was not for the fact that it was a little late, they would have gone to Ye Feng to ask for forgiveness to prevent any more trouble.

Chu Xiong looked at everyone's sorry state and felt extremely disdainful. If they could really work together, even if they were not Ye Feng's match, they could at least protect themselves.

But now, everyone was scared out of their wits by Ye Feng. They did not even have the courage to resist. They were truly a mob.

"I agree too!"

..

Other than that, Ye Feng also received a call from Zhao Fulin.

"Brother Ye, you're a god. You killed three big bosses with a single bomb."

"Actually, I didn't do anything. They brought this upon themselves. They just received the punishment they deserved."

"That being said, if it wasn't for you sneaking into the Magnificent Villa and playing a spy game, we wouldn't have been able to take them down so easily."

“I was lucky.”

“There’s one more thing. I just found out that Ye Tianhua had gathered a large group of people today and was preparing to make a move on you and our Zhao family. Fortunately, he went on a business trip in time. Otherwise, we might have really encountered some trouble.”

“There’s such a thing? That’s really a lucky hit.”

“Yes, our Old Master hasn’t returned yet. Now, the Zhao family is all relying on me. If we really face the siege of these people, we might not be able to resist. You saved our Zhao family again. I owe you another big favor.”

“Brother Zhao, do we need to be so polite? You don’t treat me as your brother.”

“Yes, yes, yes. It’s my fault. Brother, don’t be angry.”

“That’s more like it...”

The two of them chatted for a while more before hanging up.

As soon as he hung up, Xu Changming called.

“Xiao Feng, Song Zeyang is done for.”

“Yes, I’ve already heard about it from Brother Zhao.”

“I really have to thank you this time. Your information is really timely.”

“Does that mean Big Brother Xu can take another step forward?”

“Originally, only Song Zeyang and I both had a chance. Now that he’s been eliminated early, my chances are higher. Of course, it’s still unknown now. I don’t dare to say it for sure, haha...”

Xu Changming’s identity was reasonable. This kind of words should not be said to Ye Feng. From this, it can be seen that he has not treated him as an outsider.

“Then I’ll congratulate Big Brother Xu in advance.”

“Xiao Feng, if you have any difficulties in the future, you must tell me. As long as it doesn’t go against my principles, I’ll definitely help if I can.”

“Alright...”

After that, Luo Jingyuan, Chen Qiushan, Hu Renyu, and the others also called to congratulate him.

Tonight was destined to be a sleepless night for the entire upper class of Yang Cheng.

Because from tonight onward, a young upstart would rise up!

Perhaps he was not the richest man in South Guangdong Province, he was definitely the person that could not be provoked. Niu Sidun, Gao Junming, the Ye family, and Song Zeyang all fell at his feet.

These glorious achievements were enough for him to look down on South Guangdong, and no one dared to look down on him.

..

However, Ye Feng was only happy for a short while before he threw this matter to the back of his mind, because there was another important matter waiting for him. That was the auction tomorrow.

His main purpose for coming to Yang Cheng this time was to participate in this auction. He just didn't expect so many things to happen in the middle.

Only by winning the bid for Niu Sidun's mansion and obtaining the remaining fragments of King Xiang's secret treasure map could he open the treasure left behind by Chu Bawang.

He was determined to get the King Xiang's treasure map because he thought that no one would pay attention to this thing.

Just as he was about to win, he suddenly received a call. The caller ID was 'Cheng Fei'er.'

He thought for a long time before he finally remembered. Wasn't this woman the female member of the security team who came to look for him when Niu Sidun died in an accident?

After this incident, the two of them had no contact with each other anymore. He had almost forgotten about this person. He wondered why she was calling him now.

After hesitating for a moment, he finally picked up the call.

Then, she heard a cold voice from the other end. "You're going to attend the auction of Niu Sidun tomorrow?"

Ye Feng leisurely sat on the sofa. "Yes, is there a problem?"

Cheng Fei'er didn't waste any more words and went straight to the point. "I advise you not to go tomorrow. Otherwise, it will be dangerous."

Ye Feng smiled disdainfully. "Isn't it just a little dangerous? What danger have I not seen?"

Cheng Fei'er's voice was a little cold. "I'm not trying to scare you. Those people are from a mysterious organization in Japan. They are determined to get King Xiang's treasure map. If you continue to participate, it will be very dangerous. That's all I have to say. You can do whatever you want."

Then, she hung up the phone.

Chapter 686 - 686 Dare to Call 'Ye Feng'? I'll Call You Mr. Ye in the Future

686 Dare to Call 'Ye Feng'? I'll Call You Mr. Ye in the Future

Ye Feng did not take Cheng Fei'er's warning to heart. If he gave up eating because of a little danger, then he would not be able to do anything.

After a night of rest, when he walked out of his room the next morning, he saw Lu Xiaoya sitting in the living room in a solemn white gown.

"You..."

Ye Feng's eyes lit up. This was the first time he saw her in a formal dress. She exuded a solemn beauty, and it was completely different from her usual personality.

Epecially her exposed shoulder, it was fair and smooth, like a piece of porcelain.

“I’ll accompany you to the auction. How about it? I won’t embarrass you, right?”

As Lu Xiaoya spoke, she spun around on the spot and revealed a mischievous smile.

Ye Feng could not help but smile bitterly: “We are just going to an auction. Do you have to dress so formally?”

Lu Xiaoya walked over and held his arm intimately. “After all, I’m attending with Mr. Ye. I can’t embarrass you.”

At this moment, she was holding his arm. A certain part of her body would rub against it from time to time, making him feel a little restless.

From his angle, the scenery was exceptionally beautiful.

Lu Xiaoya noticed his slightly invasive gaze and was happy with a hint of shyness. She hurriedly pushed him. “Hurry up and wash up.”

Ye Feng quickly retracted his gaze and smiled awkwardly. He turned around and walked into the washroom.

..

Today was the day of the auction of Niu Sidun's assets, which attracted the attention of many people in Yang Cheng.

However, due to the high entry requirements, not many people could participate in the auction this time.

The auction hall, which could originally accommodate thousands of people, was only sparsely filled with more than a hundred people. At this moment, they were enthusiastically discussing the big news that had happened in Yang Cheng yesterday.

"I didn't sleep the whole night after I heard the news. It was too shocking."

"That's right. The Ye family is the second-largest family in Yang Cheng. I didn't expect it to collapse so quickly."

"And that Gao Junming. He has always been lawless and arrogant. I didn't expect him to collapse so quickly."

“I heard that Ye Feng was the one who did it. I wonder if it’s true?”

“Is there a need to ask? Other than Ye Feng, who else had such a huge grudge against these two? Moreover, could they really get hold of the two families?”

“This reminds me of Niu Sidun back then. He seemed to have been caught by Ye Feng. That was why he committed suicide.”

“This Ye Feng is really too powerful. At such a young age, so many big shots had already been defeated by him.”

“That’s right. After this battle, I’m afraid that no one can stop his rise.”

“Yang Cheng is going to change. We have to eat according to his expression.”

“You still dare to call ‘Ye Feng’? In the future, he has to be called Mr. Ye.”

“Yes, yes, yes, Mr. Ye. We’ll have to rely on Mr. Ye for food in the future.”

Just as everyone was discussing, they suddenly saw Chen Qiushan, who had just been promoted to the general manager of Sotheby’s South Guangdong branch, walking in with a few people. Everyone was instantly curious.

Someone who could make Chen Qiushan accompany him personally must have a powerful background. However, everyone present had a blank expression on their faces. Clearly, no one knew him.

Chen Qiushan led them into the venue and pointed at the man in the lead. "Let me introduce him to everyone. This is Mr. Matsui Ishiichi from the Matsui Corporation in Japan."

The man was about forty years old. He wore a well-tailored suit and looked gentle and refined.

After Chen Qiushan finished his introduction, he bowed slightly to everyone and said in fluent Chinese, "I'm new here, so I hope you'll give me some pointers."

When everyone heard of the other party's background, they were first shocked and immediately started whispering.

"It's actually someone from the Matsui Corporation? No wonder Chen Qiushan could accompany him personally."

"That's right. The Matsui Corporation is ranked in the top ten in Japan. What are they doing in Yang Cheng?"

"The Matsui Corporation won't be participating in this auction, right? If they really participate, how can we have the strength to compete with them?"

“This is like an adult beating a child. They’re not on the same level.”

“We just don’t know what they’re after. We’ll just avoid them in advance. We can’t go head-on with them.”

“Yeah, going head-on with the Matsui Corporation is like hitting a rock with an egg.”

Just as everyone was discussing, Matsui Ishiichi’s gaze slowly swept across the crowd.

“Our Matsui Corporation is here for Mr. Niu Sidun’s residence. We must take it down at all costs. Therefore, we have already prepared sufficient funds. If you want to compete with us, you have to first see if your wallet is enough!”

Although these words were spoken in a calm tone, anyone could hear the tough stance in them.

Some people were instantly displeased. This was China. How could a Japanese be arrogant and despotic here? However, when they thought about the strength of the Matsui Corporation, they immediately felt dejected.

The Matsui Corporation had the right to be so arrogant.

Most of them heaved a sigh of relief. They were not here for the mansion.

Although Niu Sidun didn't die in the house, and it wasn't a haunted house, it was still a little unlucky, so not many people were interested.

It was also because of this reason that the auction house set the starting price of the house at 1 billion. According to the normal market price, that house was worth at least 1.5 billion yuan.

Since the Matsui Corporation was only here for the house, there was no need for them to have any conflict.

However, Chen Qiushan's expression changed slightly.

It was over, Brother Ye has met his match.

Chapter 687 - 687 Was This Considered a Toad Lusting After Swan Meat?

687 Was This Considered a Toad Lusting After Swan Meat?

Ye Feng should be the last to arrive. The venue was already filled with people.

Chen Qiushan had already stepped forward to welcome him. "Brother Ye, we haven't seen each other for a few days. You're really a famous person in Yang Cheng now."

He looked at Ye Feng with a complicated gaze. This guy had only been in Yang Cheng for a few days and he had already defeated the Ye family and Gao Junming. He had even overturned Song Zeyang.

Compared to this Younger Brother Ye, he was simply not even worthy of carrying his shoes.

Ye Feng exchanged a few pleasantries with him before walking into the venue.

Everyone present stood up in unison and greeted him respectfully. "Hello, Mr. Ye!"

Lu Xiaoya, who was beside him, was shocked.

She did not expect Ye Feng to have such a high prestige in Yang Cheng, to receive such a grand welcome.

Even though Ye Feng was slightly shocked, he quickly regained his composure. He waved his hand at everyone. "Everyone, there's no need to be so formal. Please take a seat."

There were also many women present, and they were all excited.

"Mr. Ye smiled at me just now. He smiled at me."

“Don’t flatter yourself. Mr. Ye was clearly smiling at me, okay?”

“Mr. Ye looks so good when he smiles. He’s so handsome and so powerful. He’s simply the best among men.”

“Who is that woman beside him? How dare she seduce Mr. Ye despite being so ugly?”

When Lu Xiaoya heard this, she almost cried. Wasn’t this too heartbreaking?

Although those men tried their best to remain calm due to their status, it was also difficult for them to calm down.

The young man in front of them had just gotten rid of the Ye family and Gao Junming. He had even indirectly toppled Song Zeyang. How could they not be in awe of him?

Of course, there were also those who did not know Ye Feng. They started to ask around.

“Who is this young man? Why was everyone so respectful to him? Could it be the crown prince of some big aristocratic family?”

Immediately, someone explained to him proudly.

“You don’t even know Mr. Ye? Are you from another city? Do you know the Ye family? The head of the family was just arrested by a business officer. Do you know Boss Gao of the Chaoxin Gang? He just committed suicide.”

“Do you know Song Zeyang? He was just arrested...”

“Wait, of course I know these people you’re talking about, but what do they have to do with Mr. Ye?”

“I should say that you’re ignorant, because the reason why these people have such an ending is all thanks to Mr. Ye.”

“What is it? Are you kidding me? These three are all super big shots. Is this Mr. Ye that powerful? Can he kill all three of them?”

“It’s good that you don’t believe it. I don’t dare to believe it either. But this was the truth, and it doesn’t matter if you don’t believe it.”

“If that’s the case, then this Mr. Ye is too powerful. We really can’t offend him easily.”

“You still dare to offend him? I’m afraid it’s not even your turn to bootlick...”

Lu Xiaoya had already heard about the Ye family, Gao Junming, and Song Zeyu from her best friend, but she did not know that Ye Feng was the one who did all these things.

Hearing everyone's discussion, she was instantly shocked.

No wonder they were so respectful to Ye Feng. This guy had actually caused such a huge commotion silently.

How many days had he been in Yang Cheng? He had actually defeated the two local tycoons and even brought down a powerful super big shot.

Was she really worthy of such a man? Was this considered a toad lusting after swan meat?

"Mr. Ye, what do you want to shoot this time? If you let us know in advance, we definitely won't dare to compete with you."

Immediately, someone asked, the others also looked at Ye Feng with concern.

Ye Feng smiled lightly: "Everyone, please don't say that. Since this is an auction, let's compete fairly. I won't get involved in other things, but I'm a little interested in the main residence of Niu Sidun."

When everyone heard his words, they first heaved a sigh of relief. Then, their expressions turned strange as they looked at Matsui Ishiichi, who was sitting in the front row.

Whether it was the Matsui Corporation or Ye Feng, they could not afford to offend them.

Now that these two families had taken a fancy to Niu Sidun's house, there was going to be a good show.

From the moment Ye Feng entered, Matsui Ishiichi had been observing this young man, especially Lu Xiaoya who was beside him. She was too charming.

As one of the successors of the Matsui Corporation, he was surrounded by many beautiful women, but he rarely saw such a beautiful woman. She immediately attracted his attention.

Although he had heard about Ye Feng's deeds from the discussions of others, he did not take it to heart.

The Matsui Corporation was one of the top ten financial groups in Japan. They treated the small squabbles in Yang Cheng as a joke.

As for everyone's flattery toward Ye Feng, he felt that it was childish and laughable.

When he heard Ye Feng say that he was interested in Niu Sidun's residence, he immediately laughed. "You overestimate yourself!"

He did not deliberately lower his voice, so everyone present could hear him clearly.

Everyone looked over in disbelief. They didn't know what was wrong with this guy.

For people in the business world, even if there was a conflict between the two sides, they would at least maintain a friendly appearance. Moreover, there was no conflict between the two sides at all. It was just a fair competition.

Matsui Ishiichi said this in front of so many people, he was clearly slapping Ye Feng in the face.

Everyone looked at Ye Feng carefully, afraid that he would explode on the spot.

Ye Feng glanced at Matsui Ishiichi, then turned to Chen Qiushan with a questioning gaze.

Chen Qiushan was afraid that he would get angry, so he hurriedly introduced, "Brother Ye, this is Mr. Matsui Ishiichi from the Matsui Corporation. He... It should be a joke."

Although he said that, he was cursing Matsui Ishiichi's ancestors in his heart. This guy was a r\*tard. Why did he provoke Ye Feng?

However, Matsui Ishiichi did not know what was good for him and immediately sneered.

“Who’s joking with him? Competing with our Matsui Corporation is like throwing an egg at a rock. If you know what’s good for you, you’d better quit now to avoid becoming a laughingstock.”

The entire venue immediately fell silent.

Chen Qiushan understood Ye Feng’s temper very well. He had never been able to tolerate anything. How could he allow a Japanese to ride on his head and sh\*t?

As expected, after hearing Matsui Ishiichi’s provocation, Ye Feng looked around. “Why is there a dog barking in this auction? From the sound of its bark, it seems to be a Japanese dog?”

When everyone heard his words, their expressions changed drastically.

They originally thought that Ye Feng would choose to endure for now. After all, the Matsui Corporation was too powerful. They could not afford to offend them.

Unexpectedly, not only did Mr. Ye not back down, he even scolded him back.

Not everyone possessed this domineering aura.

Chapter 688 - 688 Are You Sure You're a Normal Man?

688 Are You Sure You're a Normal Man?

Indeed, Matsui Ishiichi stood up with a 'swoosh' sound. He glared at Ye Feng: "Baka, you dare to scold me?"

When everyone heard his words, their expressions became a little ugly.

He was not only scolding Ye Feng, he was also scolding everyone present.

But anger was anger. They did not have the guts to fight back like Ye Feng.

Although Chen Qiushan was also a little angry, this was the first large-scale auction he had organized since he took over the South Guangdong branch. He did not want to mess it up.

Moreover, the head office had specially instructed him to receive this young master of the Matsui Corporation well. He did not want to make a big deal out of this. He could only look at Ye Feng.

"Brother Ye, give me some face and don't cause trouble here."

Ye Feng wanted to retaliate, but hearing his words, he suddenly had an idea.

“Since Big Brother Chen has said so, then I’ll give you face.”

After saying that, he turned around and walked to the front row. Immediately, someone tactfully gave up two seats.

Matsui Ishiichi had a disdainful smile on his face. “What a cowardly pig.”

As he spoke, he did not forget to look at Lu Xiaoya greedily.

Lu Xiaoya could see that Ye Feng was still angry, but because of Chen Qiushan, he could not show it for the time being.

When she noticed the disgusting look in Matsui’s eyes, she immediately revealed a sly smile.

“What are you looking at? Have you never seen a woman before? Pervert!”

She glared at him and sat down beside Ye Feng.

Matsui Ishiichi didn't hide his admiration. "I think any normal man would take a second look at a beautiful lady like you."

Lu Xiaoya smiled contemptuously. "A normal man? Are you sure you're a normal man? You look like you're good-looking but useless. Is there a problem with that aspect? Did you go to the hospital for a checkup?"

She was very clear about a man's weakness. Men were most afraid of being said that they were not good in that area, especially when a woman said it in public. No man would not be angry.

She was lucky that Matsui Ishiichi had a problem.

As he had been wandering around the flowers all year round, his body had long been hollowed out by wine and s\*x, and now he was getting more and more powerless. He tried all kinds of methods, but there wasn't much improvement.

Now that a woman had suddenly poked his sore spot in public, he immediately lost his mind.

"B\*tch, you're courting death!"

He strode forward and slapped Lu Xiaoya.

This sudden action stunned everyone present.

Although they also felt that Lu Xiaoya's words were a little too much, as a man, no matter what, you can't hit a woman.

However, they were quite far away. It was too late to stop them.

Fortunately, Ye Feng reacted quickly and pulled Lu Xiaoya away.

Matsui Ishiichi's slap missed, but he did not give up and continued to chase after her.

Ye Feng grabbed his wrist. "It seems like you are not a normal man. You actually hit a woman?:"

Matsui Ishiichi's eyes were filled with killing intent. "Baka, you stupid Chinese pig! Let go of me now!"

Ye Feng resisted the urge to do it himself. He turned to look at Chen Qiushan. "Brother Chen, why don't you throw this scum out and wait for the New Year?"

Chen Qiushan looked at him with a troubled expression. "Brother Ye, don't make things difficult for me. This Matsui Corporation..."

This time, before he could finish, Ye Feng's face turned gloomy. "Mr. Chen, you mean that you would rather offend me than this Matsui Corporation?"

His words were a little harsh, causing Chen Qiushan's heart to tighten.

The two of them had known each other for the longest time and had the closest relationship, and Ye Feng had always called him 'Brother Chen'.

However, he suddenly changed his words at this moment. It was obvious that he had the intention to draw a clear line with him.

If he did not deal with Matsui Ishiichi soon, they might not even be friends anymore.

And it was indeed this Matsui Ishiichi who provoked Ye Feng first, and now he wanted to attack Ye Feng's female companion. He had broken the rules of the auction house. He should be kicked out.

Although there were orders from the head office, he couldn't care less now.

"Mr. Matsui, you attacked our auction house and broke our rules. I have decided to disqualify you from participating in the auction. Please leave immediately."

Matsui Ishiichi looked at him in disbelief. "Chen Qiushan, how dare you speak to me in such a tone? Baka, you are courting death!"

Chen Qiushan couldn't be bothered to waste his breath on him. He immediately waved his hand. "Men, throw him out!"

A few security personnel in charge of maintaining order immediately rushed forward.

The few people who accompanied Matsui Ishiichi immediately stood up angrily. "Mr. Chen, what do you mean? Do you want to make an enemy of our Matsui Corporation?"

Everyone present looked at this scene in a daze. They didn't expect things to turn out this way.

The other party was the famous and famous Matsui Corporation. Was Chen Qiushan crazy?

At this moment, an executive from Sotheby's Auction House also ran over to persuade him. "President Chen, Mr. Matsui is a distinguished guest of our auction house. Please don't be impulsive."

Chen Qiushan looked at Ye Feng, then turned to look at the arrogant Matsui Ishiichi.

"I don't care about the Matsui Corporation. Anyone who dares to offend my brother is my enemy. Throw this b\*stard out immediately. If anything happens, I'll take full responsibility."

The security guards did not hesitate and immediately rushed toward Matsui Ishiichi.

Chapter 689 - 689 Do You Want to Go For the Kidneys or the Heart?

689 Do You Want to Go For the Kidneys or the Heart?

Matsui Ishiichi was still very arrogant. "Chen-san, you have to think carefully. Can you withstand the anger of the Matsui Corporation?"

Chen Qiushan had been tolerating this b\*stard for a long time. At this moment, he went all out and punched him in the face.

"I'll take your f\*cking sh\*t. What f\*cking era is this? You little Japanese still dare to act cool in front of us Chinese? Today, I will let you know where you are."

With that, he waved his hand. "Throw this dog out!"

The security guards immediately grabbed his arms and legs. They carried him out like a dead dog and threw him onto the road.

The people from the Matsui Corporation also fled in dejection.

"Well done, Mr. Chen!"

“I’ve long disliked this Japanese. We should have done this a long time ago.”

“We shouldn’t use the human method to deal with these Japanese dogs. We should use the method to deal with dogs.”

“Mr. Chen, we support you!”

Chen Qiushan seemed to have become a national hero, but he could not help but laugh bitterly in his heart.

He knew the strength of the Matsui Corporation very well. He had offended them so badly today, so he was afraid that they would suffer in the future.

Ye Feng walked over and patted his shoulder. “Brother Chen, there is nothing to be afraid of. If your superiors make things difficult for you, you can just follow me. Isn’t it better to be bullied here?”

Chen Qiushan also laughed and slapped his butt. “You brat, you called me Mr. Chen just now. I was so scared that I thought you were going to cut ties with me.”

Ye Feng also chuckled. “If I don’t provoke you, you won’t make a move.”

Chen Qiushan looked down at his watch. "Alright, I won't joke with you anymore. The auction is about to start."

Ye Feng did not say anything else and returned to his seat.

Lu Xiaoya immediately asked him for credit. "I helped you vent your anger. How are you going to thank me?"

Ye Feng had to admit that if she did not provoke Matsui Ishiichi on purpose, he might not be able to vent his anger today.

Moreover, Matsui Ishiichi was also here for that house. The two sides were bound to have a fierce competition. Even if he managed to bid for that house, he would probably have to pay a huge price.

It could be said that Lu Xiaoya had helped him reduce a lot of losses this time.

"If you see anything you like later, just tell me. I'll bid for it and give it to you as a thank you gift."

"Tsk, who cares?"

Lu Xiaoya pursed her lips. She was obviously not very satisfied with his gift of thanks.

“Then what do you want? You can’t make me marry you, right?”

Ye Feng shrugged helplessly.

“I just want you to marry me. Are you willing?”

Lu Xiaoya’s beautiful eyes stared straight at him, as if there were a thousand words in them.

Ye Feng immediately coughed dryly. “Kidney or heart?”

Lu Xiaoya was a little curious. “Is there a difference?”

Ye Feng gave a wicked smile. “If it’s a kidney, I don’t mind. However, if it’s the heart, then forget it. That thing was too tiring.”

Lu Xiaoya couldn’t help but curse ‘scumbag’ before turning her head away and ignoring him. It seemed like she was angry.

Ye Feng did not say anything else. He knew of Lu Xiaoya’s feelings for him, but he could only pretend to be confused now.

What he said just now was half true and half false. If the other party really just wanted to play with him without any emotions, he might still consider it.

After all, how could a normal man reject such a beautiful woman who took the initiative to throw herself into his arms?

But if he wanted to be sincere, then he had to think twice.

After all, dealing with this thing was too taxing. He did not have that much energy to waste on romance.

Just as the two of them were having their own thoughts, the auction finally began.

Niu Sidun had many properties under his name, including some real estate, cars, collectibles, and so on. They were all priceless.

The entire auction house immediately began a fierce battle.

But Ye Feng was not interested in these things. He only had one goal, and that was the main residence of Niu Sidun.

The auction house placed this house at the finale before taking it out.

“The next item up for auction is the main house under Niu Sidun’s name. This house covers an area of about 50,000 square meters. The house is designed in a Su-style courtyard. There is a small bridge in the courtyard, flowing water, and fish swimming in the pond. It’s beautiful...”

The host began to use the PowerPoint to introduce the details of the house.

Many of the people present were not very interested in this house, but after hearing the introduction, their eyes lit up.

Niu Sidun’s house was not only in an excellent location, but the interior design was also very meticulous. It was estimated that many top designers were hired back then, and every detail was pleasing to the eye.

If this house were to be traded normally, there would probably be people who would fight over it for 2 billion.

“The starting price of this house is 1 billion, and each increment must not be lower than 100,000. The auction will begin now!”

As soon as the host said this, many people in the venue subconsciously wanted to bid.

But they quickly reacted. This house was Ye Feng’s. Who would dare to bid? Do you want to die?

Those who were about to raise their placards kept their placards and turned to look at Ye Feng.

“1 billion!”

Ye Feng did not care about what the others thought. He immediately started bidding.

The entire auction hall was silent. No one followed the bid. This was the first time such a situation had occurred since the auction began tonight.

The host seemed to have expected this scene. Without pausing for too long, he asked, “1 billion, 100,000 going once. Anyone else?”

Everyone looked at each other. What kind of joke was this? Mr. Ye had already made his move, so who would dare to raise the price? Wouldn't that be going against his own life?

“1 billion, 100,000 going twice. Is there really no one else who wants to raise the bid?”

Everyone started to chat and discuss with each other. The auction would end, and when discussing where to go later, no one bothered with the host's words.

The host had no choice but to hit the small hammer. “1 billion 100k,000 going thrice. Sold! Congratulations to Mr. Ye for buying this house at a price of 1 billion.”

The crowd immediately burst into applause. Everyone looked happier than they were when they were filming.

Ye Feng was helpless. He could only stand up and bow to everyone.

Why did it feel like he had won the Best Actor Award?

They were all good actors!

Chapter 690 - 690 There's Really Treasure Here?

690 There's Really Treasure Here?

“Father, I’m sorry. I messed up.”

Matsui Ishiichi hugged his phone and apologized profusely.

He had already realized that the woman was deliberately provoking him, so that she could rightfully cancel his auction qualification.

Because of his anger, the corporation suffered such a huge loss. He could not absolve himself of the blame and could only call his father to apologize.

Matsui Yuan threw a tantrum over the phone. "You idiot, you were actually played by two Chinese pigs. You're really embarrassing me."

"Father, I know I was wrong. Please forgive me this time."

"I don't want to listen to this nonsense," Matsui Yuan said through gritted teeth. "I'll give you one more chance. You must get the three pieces of the King Xiang's secret treasure map by any means. Otherwise, you'll have to commit suicide and never come back to see me."

Matsui Ishiichi hurriedly wiped the sweat off his forehead. "Don't worry, Father. I will definitely get those three fragments. I will also personally kill that Chinese pig to vent my hatred."

"Alright, don't talk nonsense with me. I just want to see the results."

Matsui Yuan said and hung up.

Matsui Ishiichi's eyes were filled with killing intent. He had never suffered such humiliation before. He did not expect to be defeated by two Chinese people today. It was an extreme humiliation.

'Little b\*stard, I will kill you with my own hands.'

'As for that b\*tch... I'll make you wish you were dead.'

..

Ye Feng brought Lu Xiaoya backstage to do the handover. After paying 1 billion, he received the keys and all the documents of the house.

Although he had experienced so many things and his mind had been tempered to be very calm, he could not help but feel excited at this moment.

For more than 2,000 years, no one had ever managed to successfully collect the complete King Xiang's treasure map.

And he was about to make history.

The secret that had been buried for a thousand years was about to be revealed by him. This was really a wonderful experience.

After bidding farewell to Chen Qiushan, he immediately brought Lu Xiaoya to the house.

Niu Sidun's house was still under lockdown, and there were still a few officers guarding the door.

Ye Feng parked the car in the parking lot before walking over with his identification card.

"What do you want to do?"

One of the officers immediately blocked their way.

"Hello, I'm here to take over this house," Ye Feng said as he handed over the information in his hands.

The officer took it and examined it. He couldn't help but size him up curiously. "1 billion? A rich person!"

Ye Feng smiled lightly and did not say anything.

"There's no problem with the documents. I'll bring you to check the list of items. After confirming that there's nothing wrong, you can hand them over."

After that, he returned the documents to Ye Feng and entered the residence first.

Ye Feng and Lu Xiaoya immediately followed.

There were two large stone lions at the entrance of the house. They were as tall as a person and the carvings were lifelike. It was enough to show the skill of the sculptor.

The door was more than three meters tall, and the two doors were very heavy. Even a little strength might not be enough to push them open.

As soon as he stepped through the door, a huge granite wall stood at the door. It was completely formed naturally without any carvings.

A few large words were carved on the wall: "The sea reaches the boundless sky as the shore, and the mountain climbs to the top as the peak."

Ye Feng could not help but twitch his lips. What arrogance!

After going around the screen wall, they immediately entered a winding corridor. Below the corridor was a man-made lake. The fish in the lake were playing, and it was interesting.

Lu Xiaoya has been stunned by the beautiful scenery in front of her eyes. "I've been stunned by the beautiful scenery in front of me. Isn't this too beautiful?"

Ye Feng could not help but shake his head: "No wonder Niu Sidun is such trash. It turns out that this luxurious life has eroded his fighting spirit. I must take this as a warning and destroy all the beautiful scenery in this courtyard."

“How dare you!”

Lu Xiaoya immediately disagreed and started to glare at him.

“This is my courtyard. I can do whatever I want.”

“I don’t agree.”

“What’s the use if you don’t agree? This is not your home.”

“I don’t care. If you dare to tear down this scenery, I... I’ll fight you to the death.”

The two of them immediately quarreled.

At this moment, the worker in front of him was a little impatient. “Can you two stop arguing? After the inspection, we will leave. No one will care even if you break your heads.”

Lu Xiaoya’s pretty face blushed slightly. “Who’s a couple with him?”

Ye Feng did not say anything else. He immediately followed the official to check the goods.

After the inspection was completed, all the workers immediately left.

Ye Feng looked around. This house was too big. If he did not marry eight to ten wives, he would not be able to live up to this house.

After loitering around for a while, he immediately turned around and walked toward the main residence.

The King Xiang's secret treasure map was hidden in the third row of the main residence, under the seventh tile. This was what he had learned from Jiang Bingkun.

After finding the tile, he went to find the hoe and pried the tile out bit by bit.

Lu Xiaoya looked at him curiously. "What are you looking for? Is there a treasure inside?"

Ye Feng grinned at her. "Congratulations, you guessed right."

Lu Xiaoya immediately rolled her eyes. "Only a ghost would believe you."

She was not a three-year-old child. How could she believe that he could find the treasure so easily?

Right at this time, Ye Feng had already pried open the floor tile. There was indeed an exquisitely carved wooden box hidden underneath.

Lu Xiaoya's eyes widened. "There's really treasure here?"

Ye Feng did not bother with her this time. He took out the wooden box impatiently and blew off the dust on it before opening it.

At this moment, he suddenly became alert.

A dangerous aura was approaching him.
